

Physician 1691

Chapter 1691

For the past three days, at this time, all the ground was shaking. Originally, all the places were merging.

"Little Lord, look, there is a palace in the middle."

At this time, Huangpu day came to Ye Chen, and the four plates were completely integrated.

In the middle of the four plates, there is a grand palace.

Ye Chen looks at the distance, brows locked, the Palace should be the real inheritance of the demon saint.

ChiYan huoqilin said that the four places left the demon saint's inheritance everywhere.

Ye Chen got the blood magic sword, but he didn't know about the others.

"All the martial arts of Hunyuan Kingdom, stay here. The strong people in the same Taoist realm can go with me if they want to go."

This time the real inheritance appears, everyone will be completely crazy.

Once the warlords of Hunyuan state pass by, they can only serve as cannon fodder, and only when they are in harmony with Taoism can they barely survive.

"Little Lord, my husband and wife want to go together."

At this time, Chen Feng and Wang Qian started to talk. Recently, the expansion of zazong has become more and more large, and their strength has been slightly insufficient.

If you want to follow Ye Chen all the time, you must have enough strength.

"Good!"

Ye Chen nods slightly, and finally only Chen Feng and Huang Pu Tian go together.

As for all the things about killing the clan, they were handed over to some other people.

"Send off the little Lord, I wish the little Lord a victory and obtain the supreme inheritance of the demon saint."

A group of disciples knelt in front of him.

At present, there has been a trace of scale to kill the clan, and ye Chen is their backbone.

As long as ye Chen is there, shazong will always exist.

Ye Chen slightly nods, also has no affectation, takes Chen Feng three people, turns to leave.

Along the way ye Chen three people did not stop, because of the fusion of four places, they three people, came to the spring!

The environment of this place is 100 times better than that of summer land. It is surrounded by dense forests, singing birds and fragrant flowers, just like a fairyland on earth.

.....

And deep down!

A big and a small two voices, but in a mess!

It is Liang XueYue and Ji Lin!

They never thought that they would be secretly shot by the strong!

It's so mean!

It was the influence of the hundred Li family that besieged them.

A top God King and two strong men in the five layers of heaven.

"Two little beauties, it's better to give up your treasures."

"Otherwise, we will not be pitiful."

Two of them, who are strong in the five layers of heaven, have a bad smile on their faces and stare at Liang XueYue and Ji Lin, showing a trace of greed.

"If you want our treasure, you should see if you have the life to take it!"

At this time, Liang XueYue sneered. If it were not for the top God King, she and Ji Lin would not have been so miserable.

"You two will kill them directly. We need to go to the place where the demon Saint really inherits as soon as possible."

At this time, the top God spoke directly.

He has no spare time to waste here.

"Yes, my Lord!"

Two people slightly nodded, a moment to kill Liang XueYue two people.

The two of them had already been scarred and seriously injured. At the moment, the two powerful men in the five layers of the world of Taoism, together, fought together. They were not rivals at all.

At this time, a strong man with five layers of heaven in the realm of Taoism directly slapped Liang XueYue's abdomen.

Endless waves of air surging!

Liang XueYue's blood spurted out, and his face turned pale.

"Sister XueYue, are you ok?"

At this time, Ji Lin ran to Liang XueYue in front of him with tears on his face.

"I have nothing to do now. I'm afraid I can't protect you next."

"Your poisons don't wake up completely. It's hard to fight them. Go now! I'll try to hold them down

"Find Ye Chen!"

Liang XueYue shows a sad smile. She has no resistance to two powerful people in the same way. What's more, there is a top God King standing beside her.

"Sister XueYue, you will be all right. Hold on!"

Ji Lin hates her own lack of strength. Although she breaks through to the divine Kingdom, her strength is not enough to see in the demon saint's Secret realm.

If she had the strength to create a strong one in the world, she would not be afraid of merging into the realm of Tao.

"Dame, look for death!"

At this time, a strong man in the Hedao realm jumped up directly, holding a sword of the Hedao artifact, trying to kill Liang XueYue in seconds.

Endless sword light wants to devour everything!

Ji Lin's eyes hesitated, thought of what, quickly blocked in front of Liang XueYue's body! It is to force out a drop of blood essence!

Finger pinching!

Just want to use the skill that needs to pay countless costs!

Liang XueYue's eyes widened: "Ji Lin, what do you do! If you use this technique, your innate poison will be completely destroyed! "

"Stop it!"

However, at the moment, Ji Lin's eyes are full of determination!

Just when the sword wants to swallow everything!

A startling voice resounded through the sky!

"If you dare to kill her, I will destroy your hundred Li people!"

In this sentence, there is a crazy intention to kill.

When Ji Lin hears the sound, the whole person's cheek, reveals the surprise smile.

The boy, finally come!

At the moment, a bright sword light came, which contains a terrible killing intention.

A sword to cut Fanghua!

At this moment, a sword is suddenly cut in front of the strong man of the five layers of heaven in the Hedao realm.

Boom!

When the sword goes down, he shouts with the strong man in the five layers of heaven.

Body in mid air, suddenly between explosion!

Blood fell on the ground, dripping on Liang XueYue's cheek.

One sword and second kill the five layers of heaven in the world of harmony!

"Ye Chen!"

At this time, Ji Lin can't help it any more. Tears flow out of the corner of his eyes. Seeing ye Chen's figure getting closer and closer, he pours directly at him!

Ye Chen hugs Ji Lin and smiles on his face.

"Don't worry. I'm here. No one can bully you."

Ye Chen did not expect to meet Liang XueYue and Ji Lin in spring.

"How about standing up?"

This time ye Chen came to Liang XueYue and gave her a healing pill.

"I'm fine, but I'm afraid we'll have to account for it if you don't come."

At this time, Liang XueYue's mouth showed a wry smile.

"Ye Chen, since you are here, you should die here together."

At this time, the top God of Baili family spoke directly.

When ye Chendu was robbed, the whole secret place of demon Saint knew it.

All the powerful people who create the world have given orders to kill Ye Chen at all costs as long as ye Chen appears!

"Do you deserve it?"

Ye Chen puts Ji Lin on the ground, showing a sneer at the corner of his mouth.

Top God King, although Ye Chen and he have a huge gap, but also will not be like before, unable to resist!

Chapter 1692

"You three, deal with the strong one of the five layers of heaven in the Hedao realm."

"It's the young master!"

At this time, Chen Feng and his colleagues spoke in unison.

Although the strength of the three of them can not kill the five layers of heaven strong in the Hedao realm, they can also stop them.

At that time, as long as ye Chen solves the battle, everything will be solved easily.

For ye Chen's strength, they did not worry at all. In their eyes, ye Chen is a god like existence.

"Ye Chen, a man of three layers of heaven, wants to fight with me, but I don't know where your courage comes from."

The top God King of Baili family sneered. Although he knew that ye Chen was powerful and could fight beyond the level, he did not believe that a Ye Chen was his opponent.

"You talk too much!"

Ye Chen holds the sword in his hand, raises his arm, and suddenly cuts out at this moment.

A sword directly burst out a dazzling light, and fell in this moment.

In the moment of hesitation, murmured the sword

The law of ice in Ye Chen's body flows constantly around him, and the trees around him are frozen directly.

Zheng! Zheng! Zheng!

The spirit of sword constantly erupted a terrible breath. The top God of Baili family changed his face slightly.

This breath can not be brought into play by the Hunyuan environment.

Ye Chen is really evil enough to stay!

At this moment, the top deity burst out with a spear in his hand.

With the help of the strength of the ground, at this moment directly jump up, raise the arm, a shot to Ye Chen's heart.

The top God doesn't want to waste time. He won't give ye Chen time to breathe.

Boom!

Ye Chen at this time, a sword suddenly cut out.

At the moment when the two touch each other, there is an explosion!

The surrounding trees were torn apart, and terrible waves of air flowed around.

At this time, the top God King suddenly rushed directly.

Ye Chen's face did not have any change, raised an arm, grasped the top God Jun's long gun.

The power of terror, let Ye Chen mouth overflow a trace of blood.

Ye Chen directly cuts out with one sword. At the moment of cutting, the top God King takes two steps backward.

Ye Chen has too many means. Even if it is his words, he should be careful to deal with it. Otherwise, he will die carelessly without knowing how to die.

"Your strength is very strong, but it is a pity that you are facing the top God King. I am the peak of harmony and the existence of half step creation."

The strong man of the Baili family spoke directly at this time. At the moment of the fight, he had already found out that ye Chen's strength was no less than that of the later period of the Hedao realm. Unfortunately, there was still some gap between Ye Chen and the top God King.

, "can I kill you? I has the final say."

At this time, ye Chen opened his mouth in a cold voice, put away his magic weapon and took the bleeding magic sword.

Now ye Chen must fight and decide quickly. Otherwise, the fighting around will surely attract other warriors.

Ye Chen's situation will be more difficult.

Also, at the moment when he saw Ji Lin and Liang XueYue in danger, ye Chen's mind was killing.

Blood magic sword seems to feel Ye Chen's killing intention, shaking constantly in the reincarnation cemetery!

Blood magic sword, need to drink blood!

When the top God of Baili family saw the blood devil sword in Ye Chen's hand, the whole person's face changed.

"The blood magic sword is in your hand. It seems that you have got the inheritance of xiadi."

The matter of inheritors has been known for a long time in the secret place of demon saint.

It is said that only the inheritor can get the real inheritance of the demon saint.

"What about me?"

Ye Chen disdains a sneer, when he clenched the blood demon sword moment, a magic idea constantly invades his mind.

In my mind, I was filled with a sense of killing!

At the moment, ye Chen's eyes are slightly blood red, all of which are the reasons for his restraint.

Otherwise ye Chen has already lost himself and become a demon who only knows how to kill.

Kill! Kill! Kill!

There is a voice in his mind, telling Ye Chen to kill constantly.

Whoa!

Ye Chen's momentum, in this moment crazy promotion.

Endless evil Qi surrounds Ye Chen's body.

Ye Chen's eyebrow heart is flashing the light of blue.

As if absorbing the power of the blood magic sword.

The top God King of Baili family, his face changed greatly. This breath has been infinitely close to them. Not only that, but now the breath of Ye Chen seems to have changed.

The sky seems to be red!

A scarlet blood moon slowly emerged.

Is this the legendary enchantment!

"Chop!"

Ye Chen roared angrily, holding the blood magic sword, and suddenly cut out a sword. In his sword cut out of the moment, the killing idea is full of around.

These murderous intentions pierce the body of the top God King.

This sword, as if to cut thousands of miles, to turn this ten thousand miles into nothingness!

On the ground, there are a lot of cracks, as if the mountain collapse, the end of the world in general.

In the sword light came to the top God King of the moment, he only felt the killing intention, full of mind!

The power of the blood demon sword seemed to devour him!

This moment is killing!

Just for the devil!

"Boom

A sword down, the top God King's body directly fly out, a mouthful of blood gushed out at this moment.

"I was born from Jiuyou! I drink blood from the netherworld! Kill the way, for the world's First Avenue

The blood demon sword seemed to make a heavy sound!

It seems to come from ye Chen's mouth.

Ye Chen is wrapped up by evil Qi, and his eyes are cold to the extreme. Regardless of it, he comes directly to the top God King with lightning speed.

The top God of Baili family, his face changed slightly, and he turned and left.

Now ye Chen's appearance is too strange. He dare not say that he has 100% confidence in killing Ye Chen.

Originally, on the side of the hundred Li family, a hard supported five layer heaven in the Hedao realm, saw that the top gods had run away, and the whole person's face changed greatly.

Now the top God King has let Ye Chen beat him away. How can he live with a five level heaven in a harmonious world?

Just now ye Chen killed five layers of heaven in the realm of Taoism with one sword, but he can still remember clearly.

"Give me this man!"

At this time, ye Chen is indifferent to open his mouth, and there is no look in his eyes.

Huangpu day and Chen Feng three people, see ye Chen's appearance, a slight change in face, turn back.

Now ye Chen's condition is obviously wrong.

At this time, they dare not touch Ye Chen's mold.

"My Lord, I am wrong. Please forgive me."

The strong man of the five layers of heaven in the world of Taoism has no courage to face Ye Chen.

Now ye Chen's appearance, is a devil completely, frightens him to dare not move at all.

Now he just wants to save his life!

"If you move the person you shouldn't, die!"

Ye Chen did not seem to hear his words, a sword into his body.

If you come a step later, Ji Lin and Liang XueYue will have an accident!

Ye Chen boasts that he is not a villain, even extremely kind!

But it's only for people around you!

If someone dares to hurt the people around him, there is only one way to die!

Chapter 1693

At this moment, the man turned into a blood mist, and the blood was directly sprayed out, dripping on Ye Chen's clothes.

At the moment, ye Chen's clothes are flowing with scarlet blood.

Even her eyes were scarlet.

Strange.

Killing.

Tyranny.

At this moment, ye Chen is extremely strange, as if affected by the blood demon sword.

He gradually turned to look at Chen Feng, subconsciously raised the blood demon sword on his arm.

At this time, Chen Feng's whole face changed. He didn't think of it. Ye Chen even wanted to fight him.

"Master, it's me, Chen!"

At this time, Chen Feng opened his mouth in a hurry. However, he could not resist the sword of Ye Chen.

"Kill!"

At the moment, ye Chen's cold mouth, as if nine you came out of the devil, without the slightest feeling.

An invisible force seemed to control him!

His whole body's evil spirit is more and more intense!

The sense of killing, in charge of everything!

At the moment when ye Chen's figure rushes past, Ji Lin directly blocks Chen Feng's side.

"Ye Chen, what's wrong with you? Wake up quickly."

Ye Chen's accident, so that all present, have no reaction.

No one knows, ye Chen just returned good, how suddenly changed.

The blood devil sword in Ye Chen's hand did not fall at this time, and his cheek showed a ferocious look.

If it had not been for Ji Lin's blocking, he would have cut the sword.

Ye Chen forced to hold back the killing intention of the heart and put away the blood magic sword.

At the moment when he put away the blood magic sword, the killing intention in his mind suddenly disappeared.

"Hoo!"

Ye Chen takes a deep breath. He almost killed Chen Feng just now.

Blood magic sword is not in the most critical moment, ye Chen decided not to use.

He can't control it now.

Now he has not completely controlled the blood demon sword. If he is forced to use it, he can only become a murderer.

And just now, he felt the devil's eyes coldly watching everything.

In principle, the devil's eye is far more powerful than the blood demon sword.

Why doesn't the eye of the devil stop it?

It's like looking forward to something?

Ye Chen shakes his head and does not intend to think about it more.

"I'm fine now!"

Ye Chen is in a cold sweat. If he had just cut down with a sword, Ji Lin would never have survived.

Fortunately, he did not do such a thing, otherwise he would never be able to forgive himself.

I'm afraid Ye Chen will feel guilty all his life.

"Don't feel guilty now. The problem is more serious. Some people have arrived at the inheritance palace. We must speed up the pace."

At this time, Liang XueYue spoke directly.

"Now let's get there."

Ye Chen several people all the way to gallop, soon came to the outside of the palace.

At this time, the gate of the palace was closed tightly, and the warriors were outside the gate, waiting for the moment when the palace opened.

When ye Chen's figure appears outside, a stream of killing intention locks Ye Chen.

"How dare you come out!"

Ye Chen is surrounded by many figures. All of these people are the top gods at the peak of the world of nature.

As for the top God King below, all have not come over, at present only the top God King can stop Ye Chen.

"What? Want to cheat the less with more! "

Ye Chen's face does not have any change at all, the hand takes out two time and space soldiers.

This scene, let the top God King who surround Ye Chen, can't help but retreat two steps.

They are too clear about the power of the thousand soldiers explosion. However, this time ye Chen breaks through, I'm afraid that the power of the spirit will be more powerful.

Thousand soldiers explosion has become extremely fierce!

"So

Ye Chen disdains to see everybody one eye, the corner of the mouth picks up a wisp of sarcastic look.

These people are the top gods, one is afraid of death, who would like to die if they could live.

"Ye Chen, even if you have a thousand soldiers exploding today, you will be killed!"

At this time, an old man who created the world appeared in front of everyone.

Ye Chen's face can not see any expression, the war is imminent.

As long as the strong people in the natural environment give an order, these people will not hesitate to rush over.

"Ye Chen, what shall we do?"

Ji Lin's face showed a flustered look. It was the first time she met so many strong people that she was inevitably flustered.

"It's OK!"

Ye Chen touched Ji Lin's head with a smile on his face.

Chen Feng and Huangpu Tian are ready to die in battle. It is Ye Chen who gives them dignity during this period of time!

They naturally want to live and die with Ye Chen!

"So many people, it's really good! If all of them can be killed, our strength will be even better. "At this time, four old people suddenly appeared, and each of them was above the realm of creation.

Ye Chen looks for his voice and finds that there is a bloodthirsty demon king among them. As for the other three, I'm afraid they are also the strong ones suppressed in the secret place of demon saint.

"Bloodthirsty prince, it is said that this young man has failed you."

At this time, a man in a green robe had a sombre face and a bell in his hand, and his body was full of corpse gas.

"You are no better than you, you have not solved the garbage in winter. It is not the same as the heaven of creation."

The bloodthirsty Prince roared, his face was very gloomy, and his eyes were full of greed.

When these four people appeared, the strong man in the secret state changed his face.

Although Ye Chen's potential is strong, it has not yet reached the point of threatening them. However, the bloodthirsty demon king, the ghost demon king, and the Tiansha demon king were once the top powers.

If they had not recovered, they would have been in hell for a long time.

The original intention of Ye Chen's move can only be postponed. For them, the four old men are the biggest threat.

This should be the days that have made him aware of the threat.

"What? Come on, I can't help it. I want to see the killing! "

As long as the more people die, he can absorb the soul and enhance his strength.

"Hum, ghost demon king, we know your inner abacus. Don't waste your energy."

All the top deities surrounding Ye Chen have been scattered. At present, the four strong ones are the most important.

In recent years, these four strong forces have not known how many of them have fallen.

"It's boring. You're just like this little brother. You're a bunch of eggheads."

The ghost ghost demon Jun smiles at Ye Chen strangely, and doesn't know what he is thinking.

"Is Ye Chen interested in joining us?"

At this time, the Tiansha demon king directly opened his mouth and wanted to attract Ye Chen.

Ye Chen's whole face sank, and now the Tiansha demon king beckons him. No one knows what idea he is playing inside.

However, these four people can't move themselves at all.

Even if you move yourself, as long as you take the bleeding magic sword and combine with the devil's eye, you will surely have the power to fight.

"Yes!"

And, as a saying goes, the enemy of the enemy is a friend. Now ye Chen is helpless and must find an alliance.

Ye Chen knows in his heart that cooperation with these four elders is tantamount to seeking skin with a tiger.

"Ha ha, my little brother, I will go into the palace and kill these ants directly."

Ye Chen did not say anything more, with Ji Lin they stood beside the four old men.

Many forces in the western regions saw Ye Chen pass by, and his face changed slightly.

Originally, ye Chen had a thousand soldiers exploding in his hand, and he had to pay a heavy price to kill him.

Now following the four demons, they want to kill Ye Chen again. It becomes more difficult.

Chapter 1694

"Little brother, do you think the demon saint is dead?"

At this time, Tiansha demon king came to Ye Chen and opened his mouth slightly in his ear.

Ye Chen's face slightly changed, what is the demon Saint dead?

The secret place of demon saint has existed for tens of thousands of years. Even if the demon saint is stronger, it has long been a white bone.

Isn't the demon Saint dead?

Ye Chen's heart is not clear, these four demons know more than the people here.

"Hey hey, demon Saint suppressed us, why not kill us, do you know?"

In a word, once again let Ye Chen fall into meditation, since the demon saint can suppress the four demons, it must also be able to kill, why was it sealed?

The Tiansha demon king laughed and did not manage Ye Chen any more. Looking at the closed gate of the palace, he showed a trace of memory and resentment!

After waiting outside for a day, the closed door suddenly opened.

The moment the door opened, all the strong people were completely excited.

This time, but the real demon Saint inheritance, no matter what!

The door is open, and no one can see everything inside, even with the mind.

At this moment, no one dares to go in first. After all, he doesn't know what danger is inside.

"A bunch of rats, let's go!"

The ghost demon king snorted coldly, turned to walk in, the other three followed closely, ye Chen also did not have any hesitation, followed directly in the past.

If they can go in directly, they must have a certain understanding of it, otherwise they will not bear the brunt.

"Ye Chen, I always feel something wrong with these four people. I must be careful."

At this time, Liang XueYue speaks in Ye Chen's ear.

Ye Chen nodded slightly. He didn't know what kind of tricks the four devils were playing. Now he can only take a look at one step at a time.

As soon as the four demons came in, Zhou Bao gave out a bright light, which made people unable to open their eyes.

When ye Chen opens his eyes, the surrounding scene changes instantly.

Ye Chen looked up and saw a long river on his head.

This bright long river, uncanny craftsmanship, just a moment, ye Chen thought he was really in it.

Ye Chen looked forward and found a river. The four demons did not move near the river.

"Little brother, do you know what river this is?"

It seems that the Tiansha demon king talks most in this, and his eyes are smiling.

Ye Chen shakes his head slightly. He doesn't know what the situation is now.

"Here is the river of forgetting the river!"

In hearing the words of Tiansha devil, ye Chen only feels like a joke, forgetting the river? How is that possible?

In Chinese mythology and legend, after death, people have to pass through Guimen pass through huangquan road. Between huangquan road and Hades, it is delimited by the river of forgetting.

It is said that the river can forget the past life, wash the soul!

At this time, the forces of all forces have also rushed to see ye Chen, they did not move, dignified looking around.

Although it is said to be the place where the demon Saint passed on, I don't know what danger there is in the palace.

"Enter the river and forget the past life. Go to the second floor!"

At this time, I don't know where, there comes a mechanical sound.

When the three words "forget River" appear in people's ears, they feel incredible.

How can the river forget Sichuan appear here?

Who does not know, the river is a God River, never appeared.

"Little brother, let's go first. Don't be timid."

The Tiansha demon king smiles, and then the four demons directly wade into the river.

"Ye Chen, what shall we do now?"

At this time, Liang XueYue opened her mouth. They didn't know whether it was the river of forgetting. However, if they wanted to enter the second floor, I'm afraid that was the only way.

"Wait!"

Ye Chen is not in a hurry. The four demons are not afraid and must know some secrets.

Forget the river, ye Chen does not believe, I am afraid no one will believe.

At this time, a monk rushes in directly and forgets the past life. He doesn't care at all.

Anyway, being alone, I don't care about everything in my previous life.

Ye Chen looked at him and saw the monk walking. Suddenly, he screamed and his body exploded.

All this made everyone take a breath. Just now they saw that the four demons had passed without any damage.

Now how can suddenly

Unknown things, more people fear, this moment, no one dares to act rashly.

Who knows what will happen when you step into the river.

No one can joke about his own life.

Ye Chen stood on the shore, saying nothing, sometimes frowning.

Since the four demons can pass, there must be a way."Damn it, waiting here for such a long time, I'm afraid the four demons have taken away the good things long ago. Life and death are life and death, and wealth is in heaven!"

A warrior gritted his teeth and resolutely stepped into the river. However, he had not walked a few meters before he heard a scream again.

"Ye Chen, I can't. let's go back."

Liang XueYue is a little afraid now. Even if she can't get the inheritance, it's better than throwing away her own life.

"I see!"

At this time, ye Chen suddenly opened his mouth and said slightly in the ears of all.

Just now he fell into the wrong thinking area. He thought that these people would be disillusioned because they could not forget the previous life.

Now he understood that he could not forget the past life when he stepped into the river. If he was lost, he would die.

The sound of the machine was said on purpose. It was specially sent to death.

"Let's go!"

Ye Chen pulls Ji Lin and directly steps into the river. When he steps into the river, the memory comes out of his mind crazily.

In the moment that comes out, unexpectedly in unceasing disappear, ye Chen is dead to bite a tooth.

These memories, absolutely can't disappear, otherwise he will die completely.

Step by step, ye Chen keeps walking in the river.

There is no doubt that Ben Chen, who is going to die, is already dead.

"What's going on here?"

A powerful man in the evil demon palace who created the realm, spoke in anger.

So far, he didn't know what was going on.

Is he a strong man who creates the world of change, he is not as good as ye Chen.

Whoa!

Ye Chen wipes off the cold sweat and takes a look. He finds that Ji Lin and Chen Feng pass safely.

"Go

The four demons don't know what to do in front of them. As for the people on the shore, ye Chen is not interested.

It's better for him to die in it!

Ye Chen six people continue to move forward, walking for half an hour, he finally saw the Tiansha demon Jun and them.

"Yo, little brother, are you here?"

Tiansha demon Jun looked at Ye Chen in surprise. He thought Ye Chen would die there. Unexpectedly, he came.

"It's just a forgetful river. How can I be trapped?"

Tiansha demon Jun heard Ye Chen's words, ha ha, a smile, also did not say much, a wave, let Ye Chen come over.

At this time ye Chen came to the Tiansha demon king and found that he pointed to a place.

Ye Chen looks and finds that they have come to the top of the cliff.

When his eyes fell under the cliff, his pupil suddenly enlarged!

A sense of extreme danger hung over me!

Chapter 1695

How can ye Chen not be shocked!

Under the cliff, endless blood spreads!

Countless monsters are full of strong killing intention!

Once you step in, the consequences are unimaginable!

What's more, these monsters are at least one layer of heaven in the realm of harmony.

Even ye Chen can feel the demons that create the realm.

How to get there?

"If you want to move on, you have to go through this route."

At this time, the evil king of heaven said.

Ye Chen frowns slightly, the monster below, it is not easy to rush past.

At the bottom, ye Chen can feel that there are six monsters in the realm of creation.

If they want to rush all the way, they will surely die.

Don't look at the bloodthirsty prince, they are powerful, even if they are not 100% sure, just stay here.

"It seems that if you want to rush through, you have to find some substitutes."

At the moment, the bloodthirsty demon king said that the four of them had never passed. If there were only six of them, it would be fine, but there were also monsters of Hunyuan and Hedao.

These can cause a lot of obstacles to them, and it's not so easy to rush through.

"Now we have to wait!"

Ghost ghost King sneers at him, he is a strong man waiting for the back.

Some people can be trapped in the river, but it does not mean that all people will be trapped.

At least those who are strong in nature can definitely come here.

Ye Chen said nothing at one side, he was thinking about whether to muddle through with the shadow of the spirit Huang.

Of course, he is not in a hurry. At least he will consider it when the war breaks out.

Now there is a spirit Phoenix, these monsters will definitely know, as long as you feel the breath, you will know that it is not the demon clan.

They had been waiting for an hour on the top of the cliff, and now at last there were people coming.

No one is a fool who can cultivate to the realm of nature. As long as it takes a long time to know.

At the moment, the Baili family, the evil demon palace and other major forces have come to the top of the cliff.

As soon as they saw the monsters below, their faces changed slightly. If there were so many monsters, they would lose a lot of warriors.

Which one is not the elite who can come to the secret land of monsters this time?

If the loss is too much, it will be a blow to their forces. Moreover, there are demons who create the realm. If you are not careful, the realm will also fall.

Now the cliff has broken, they can't fly in the sky, the only way to go is to kill!

"Ye Chen, you don't have a secret method that can explode your weapons. You might as well take us through."

At the moment, a strong man in the evil spirit palace opens his mouth, and many people have seen Ye Chen's secret arts.

Ye Chen turned his head to see a look, a ray of sarcasm in the corner of his mouth, and said with a smile, "I see if you are old and stupid. Even if I can go over, why should I take you?"

The strong man in the fierce devil palace has a gloomy face and wants to slap Ye Chen to death.

However, he also knows that he can only rely on Ye Chen if he wants to be free from damage.

If ye Chen didn't have some effect, and there were four demons nearby, he would have started on Ye Chen.

Because of the words of the strong man in the evil palace, ye Chen becomes the focus in an instant, and everyone looks at him.

Even if it is the four demons, they are also staring at Ye Chen.

Ye Chen saw this scene, a cold smile, now if he does not agree, I am afraid that all people will fight against him.

"You can do it if you want me to, but the price of this secret art is too large. Are you..."

Ye Chen said here has not continued to say, but the meaning is self-evident.

If we don't take advantage of the fire now, there will be no such opportunity in the future.

All people look at Ye Chen with a gloomy face. Those who are present can come here, and they are not fools.

Naturally, ye Chen's meaning is that they want treasures.

"Don't go too far. You still want to rob us."

At this time, the evil king said, the fierce God said.

When they were in the summer, they were robbed by Ye Chen.

If ye Chen robbed the most, they were the evil devil's palace.

"If you don't think of a treasure, you don't need me. I didn't ask you. But if you don't give it, I can't guarantee what will happen later."

Ye Chen opens his mouth with a smile. This sentence is a naked threat. If you want him to work in vain, how can it be possible?

If we don't let these people bleed, how can we be worthy of him?

"Ye Chen, we are allies, you know."

At this time, the Tiansha demon king came to Ye Chen and said directly that the two sides were allies. Naturally, the treasure could not be used. Ye Chen shook his head and opened his mouth to the Tiansha demon king: "there is no ally in Lingwu land. You are no exception."

At the time of forgetting the river, he knew that those people, such as the Tiansha demon king, did not tell him how to pass.

This ally, to put it bluntly, is a dispensable thing.

Tiansha demon Jun's face changed slightly. He thought Ye Chen would give them face.

After all, ye Chen needs their protection. Who knows that ye Chen even counts them.

"This is a fruit of Tiansha and demon king, which can cultivate the spirit of evil spirit! It's a match with your way. It's priceless. It's enough! "

Tiansha demon Jun was very angry and took out a fruit and threw it in Ye Chen's hand.

Ye Chen grinned and didn't say anything. He didn't care if he offended them. Sooner or later, they would be on the opposite side.

Tiansha demon king took out the treasure, and the other three old men also took out the treasure and gave it to Ye Chen.

They were gloomy and angry.

In the whole land of Lingwu, who dares to do this to them?

If it was not for the current limited strength, the boy in front of them could be destroyed by one thought.

Not only the four demons, the evil palace and even all forces have to show sincerity!

Ye Chen is the harvest of time and space weapons, he Dao artifact, Hunyuan immortal tool!

This is enough to attract the attention of this group of monsters.

After a few seconds, ye Chen Mou son a congealing, countless weapons fly out!

Out of a way!

The monster seems to feel something, extremely restless!

"A thousand soldiers explode!"

Ye Chen opened his eyes and roared!

In a flash, a sudden change!

Extreme energy surge! Out of a bloody road!

Dust rolling! Cover up the sight of monsters!

"Go

Ye Chen also does not hesitate, with Ji Lin and Liang XueYue quickly toward a direction in the past!

When a few people disappear, all the people will react and quickly follow up!

Ye Chen can feel the extreme agitation of the surrounding monsters!

Thousands of soldiers can only make a way out temporarily. If those monsters in the realm of creation are aware of it, they will surely rush towards this side!

Chapter 1696

Fortunately, what ye Chen was worried about didn't happen.

Ye Chen came to the opposite side, slightly exhaled a breath, these few minutes of time, every second is like a year.

He looked at the channel, the energy of the thousand soldiers explosion was about to dissipate!

The people in the evil Palace are still on the way, and there is still some distance from the end.

The evil spirit palace naturally also felt something wrong, and quickly sent a voice to Ye Chen: "Ye Chen, detonate a part again! Just part of it. Let's come here! "

However, ye Chen is not moved and looks at the fierce demon palace with a smile.

"You can see that I consume a lot. I'm afraid these treasures are not enough."

As soon as this word was said, the faces of the people in the fierce demon palace all changed!

"Ye Chen, don't deceive people too much!"

A fierce devil palace makes a strong man in the world. His chest rises and falls with Ye Chen Qi.

What is huge consumption? They are not idiots, who can not see, ye Chen has no nonsense at all.

He's very active. Nothing happened.

In the face of the clamor of the strong man of nature, ye Chen does not speak at all, but stares at them.

"You have to consider the fierce devil palace. Now some people have gone there. Compared with the inheritance of the demon saint, which one is more important? I believe you can judge."

Ye Chen's words made the people in the evil demon palace speechless. They came to the secret place of demon saint because of inheritance.

Now the inheritance of Mao did not see, is a lot of holes by Ye Chen.

"Hum, give him the treasure!"

Those who are strong in the realm of nature speak, and those who are strong in Taoism dare not refute them. They can only take out treasures one by one, with a painful look on their face.

"You, a man of eight levels in the realm of Taoism, gave me two Hunyuan immortals to send off beggars?"

Ye Chen threw two Hunyuan immortal utensils on the ground with disdain on his face.

Now ye Chen has gone with the wind. Hunyuan immortal can't see it at all!

"I You robbed me once, and now there is no treasure at all. "

The strong man in the harmonious world looks at Ye Chen sadly.

At the beginning, he didn't have any treasures, but he had already let Ye Chen rob him. What valuable treasures are there on his body.

"If there is no treasure, you can find your own way."

He and the evil palace have never died, and there is no morality between them.

Can pit them, ye Chen will never be soft hearted!

"Ye Chen, you son of a bitch!"

At this time, a strong man in the creative environment suddenly scolded, and nobody thought of it.

Ye Chen will pit them at the critical moment!

Roar, roar!

The deafening monster roars continuously, and the people in the fierce demon Palace are suddenly surrounded by monsters.

These monsters stare at these people with scarlet eyes.

As if ready to hunt!

"I hope you have a good time!"

One hour, he turned to leave.

"Ye Chen, wait for me. I will kill you!"

A strong man of creation environment was spurted out by a mouthful of blood and water from the mouth of Qi.

Said good take out the treasure, take them to the past, who knows half way will pit them.

However, the strong man in the state of creation will not speak up any more after all, even if he is in the state of nature, he will not be able to speak.

Chen, do you really like this

At this time, Liang XueYue opens her mouth next to Ye Chen.

Ye Chen laughs but doesn't say anything. Anyway, he and the evil devil's Palace are in a situation of never dying. It doesn't matter how much he dies. All the strong people who best create the world fall here.

Fierce evil Palace's death or life, ye Chen has no longer paid attention to, directly with Liang XueYue they leave.

As for others, for fear that the demon saint's inheritance would be snatched away, they rushed directly to the depths.

Along the way, ye Chen and others did not meet any warrior. After walking for more than half an hour, he stopped directly.

Looking forward, I found that some martial artists were limited to dying.

It's terrible.

"Ye Chen, what is the situation?"

Liang XueYue's face was puzzled, and all of them would die.

"There should be powerful monsters here. We should be careful."

Ye Chen with them carefully walked past, before long, suddenly heard the sound of sand.

"Be careful, everyone. The monster should be nearby!"

Hiss!

At this time, ye Chen Mou son suddenly shrinks, because he found that he actually saw a spider monster of the highest level.

Almost half a step into the realm of creation!

This spider face has six eyes, a pair of dark green eyes, staring at Ye Chen.

"You stand back, I'll deal with it!"

Chen Feng, one of the top gods, can't help at all.

Ye Chen takes a step forward, holding the artifact of the Dao in his hand, and the ghost's figure directly rushes past. In the moment of rushing past, with the help of the strength of the ground, directly jump up.

When he jumps up, Ye Chen holds the magic tool of the Dao in both hands and suddenly cuts out a sword.

At the moment of chopping out, the spider monster retreats slightly, opens its mouth and spits out spider silk directly.

There's mucus in the spider's silk, and there's a terrible toxin.

Ye Chen directly cut off a sword, came to the spider, and then raised his arm again, a sword directly cut down.

The sword was cut on the head of the spider.

Bang!

With a dull noise, the spider's skin is not damaged at all.

Ye Chen's eyebrows wrinkled. The beast's body is really a little strong.

"Ye Chen, you see, a lot of spiders come out."

At this time, Ji Lin suddenly opened his mouth, and there were countless spider monsters around them.

Fortunately, the strength of these spiders is uneven. There are both Hunyuan and Hedao environments.

"Let's fight together. When I solve the monster, we'll rush to it."

Now ye Chen must solve the spider of this top God King as soon as possible, so that they can have a chance to rush past.

Or they will be dragged to death by these monsters sooner or later.

"Three golden Buddhas, lend me strength!"

At present, ye Chen's strength is still too difficult to fight against the top God King. Only with the power of his master can he have a chance of survival.

"Good!"

At this time, the three golden Buddhas directly opened their mouths in the samsara cemetery. At this moment, the spiritual power in Ye Chen's body is soaring.

In less than three minutes, ye Chen briefly rose from the three levels of the Hunyuan realm to the fourth level of the Hedao realm.

At present, it is the limit to reach the three levels of heaven in the Hedao realm. If he continues to break through, his body will be broken.

War!

Ye Chen's eyes are full of fighting spirit, and then the figure flashes and rushes directly.

His speed to the extreme, ghost like figure, directly came to the spider's side.

Five fingers clenched his fist, then raised his arm, a fist suddenly shot out.

Boom!

This fist broke out directly, and the Qi of Geng Jin was surrounded by it! Hit the spider's body.

The spider's body flies straight out and screams.

Ye Chen's face did not change at all, and then he clenched the magic weapon.

Chapter 1697

"Time and space sword!"

The sword fell suddenly, at the moment of falling.

Ye Chen's fingers made strange fingerprints, and a white tiger appeared behind him.

The white tiger behind Ye Chen makes a roar. This is just the skill of robbing the strong man in the chemical world, the four God formula!

The white tiger roars, behind Ye Chen's figure, directly rushes to kill in the past, where it goes, the ground cracks.

Not only that, the breath of white tiger constantly soars, less than three interest time, directly soared to the strength of eight layers of heaven in the Hedao realm.

White tiger's huge body, open the blood basin big mouth, bite in the spider's body above.

The spider let out an angry roar, then spit out the spider silk madly.

Bang! Bang! Bang!

Spider on top of the body!

Soon the white tiger's figure disappeared. After it disappeared, ye Chen came to the spider with lightning speed.

"Time flies!"

Ye Chen stretched out a finger and hit the spider's body directly.

The power of time, in the spider's body, continuous invasion.

"Years kill the sword!"

Take advantage of your illness to kill you!

At this moment Ye Chen no longer hesitates, and the power of the law of time breaks out in his body.

At this moment, the speed of everything around becomes slow, and an extreme sword light suddenly falls down.

Boom!

A sword down, spider chest, outflow of dark green blood, and then fell on the ground.

"Hoo!"

Ye Chen stands up with difficulty, a trace of blood spills from his mouth.

"Well, are you all right?"

Ye Chen turned to take a look and found that Chen Feng's body was full of scars, but there was no big problem.

"Let's go!"

At the moment, ye Chen says directly, if you don't go now, there will be spiders in the creation world. If they want to go, there is no way.

The spiders came out of the cave for a period of time.

At this moment Ye Chen sees that there are four challenge arena in front of them, and there is a coffin above the four challenge arena.

Ye Chen came to the four demons and then asked, "what's the situation now?"

He's just come here and I don't know anything at the moment.

"Hey hey, did you see the top coffin? The corpse of the old demon saint is in it."

Ye Chen's face changed slightly with the words of the Tiansha demon king. He thought there was still a long way to go to the place where the demon Saint passed on. Who knows Even in front of you?

"Does it feel too easy?"

Tiansha demon Jun saw Ye Chen's mind and said with a smile.

"Do you think the old demon saint is really dead? I don't know if the demon saint will climb out of the coffin. "

Ye Chen heard the words of the evil Lord and laughed, but did not say anything more.

From the beginning, the Tiansha demon king told ye Chen that the demon saint was not dead at all.

As for the truth and falsehood of all this, I don't know, and ye Chen doesn't believe it.

After all, I haven't seen it with my own eyes!

If the demon saint can survive, it will not be so good. He is a Hunyuan state, and the demon saint will not pay attention to him at all.

While the crowd was talking, there was a roar from behind.

"Ye Chen, you little bastard, get out of here."

When they heard the reputation, they found that they were the powerful ones in the evil evil palace!

But at the moment, the other side is full of blood, but also a broken arm.

There are only three top gods left to survive.

This time, not only the demon saint's inheritance has not been obtained, but their evil demon palace has lost a lot. I'm afraid it's not so easy to compete for the chance of demon saint's inheritance.

People see the appearance of fierce demon palace, the face slightly changes, what did ye Chen do?

Ye Chen's strength, they know, rely on him alone, can't let the evil devil palace lose a lot, unless

At the thought of this, the corners of the mouth could not help twitching, but ye Chen was so cruel.

The strong man in the evil devil's palace who creates the realm of transformation can find Ye Chen's figure directly.

At this moment, he can't help it any longer. The whole man rushes to kill Ye Chen directly.

Ye Chen frowned and clenched the magic tool of he Dao, ready to let the master lend him strength at the moment when he rushed over.

Just at the moment when the powerful man in the fierce devil palace rushed over, a terrible force suddenly appeared!

"Ah

The powerful man in the evil devil palace who created the realm fell to the ground without any sign, and the whole person was dying.

People take a breath of cold air, how did not expect, the accident will suddenly appear at this time.

Just now, there was an inexplicable force. Everyone felt it for a moment, and then it disappeared completely. Just for a moment, the strong man who created the world was seriously injured.

"Don't be presumptuous in the fiend Saint cemetery!"

At this time, a mechanical voice suddenly opened.

Everyone's ears are shocked, this place is really the demon Saint cemetery!

Although everyone guessed that this was the tomb of the demon saint, there was no accurate answer at all.

Now that they have the right answer, how can they not be shocked?

Everyone's eyes, full of fiery look, want to rush past now.

"If you want to get the demon Saint inheritance, you must fight at all levels. Only one of you can get the demon Saint inheritance."

At this time, the mechanical voice spoke again.

If you want to inherit the demon saint, you must follow the rules.

Now there are four challenge arena on it. I'm afraid they are specially used for duel.

"All those who want to obtain the inheritance of demon saints must go to the challenge arena. In the arena, everyone's realm will be suppressed."

In a word, it makes people's faces change, especially those who are strong in nature.

If the realm is suppressed, their chances of death are no less than others.

Many martial artists look at Ye Chen strangely. If you say that the biggest beneficiary is Ye Chen alone.

After all, ye Chen's strength is only Hunyuan realm, but he Daojing is not his opponent.

If you are suppressed to Hunyuan, who is Ye Chen's opponent?

I'm afraid Ye Chen can kill anyone in seconds.

Now they all doubt that ye Chen is the illegitimate son of the demon saint.

From all that came, ye Chen was easy along the way, without any loss at all, and even made a lot of treasures.

Ye Chen beside a bitter smile, he did not expect this situation.

"The inheritors who hold some of the demon saints will go to the arena first. If they are defeated, they will pass on the inheritance to others."

At this time, the mechanical voice opens again, and ye Chen is suddenly shrouded by a beam of light.

In the shrouded moment, ye Chen's whole figure came to a challenge arena uncontrollably.

It is not only Ye Chen, but also the other three inheritors.

At this time, ye Chen takes a look at the other three people and finds one of them is a monk with a cold face. Although he has only two layers of heaven in the realm of harmony, his momentum is extremely strong.

Chapter 1698

The remaining two people, one is the top God King from Baili family, and a strong creator of the fire cult.

Among the four inheritors, the weakest is Hedao realm, only Ye Chen is Hunyuan state.

"Now everyone is free to challenge!"

The mechanical voice spoke again, but the four demons laughed strangely and disappeared in a twinkling of an eye. They didn't know where to go.

People's eyes, all staring at the demon saint's cemetery, did not care about the four demons.

No one noticed the disappearance of the four demons, but ye Chen frowned.

Just now he saw the four demons disappear, and he didn't know what kind of plot was brewing.

It's just that he is standing on the challenge arena and can only take a look at it.

Everyone's eyes are hot, and the hottest thing is that loose repair. The strength is in line with the two levels of the Taoist realm. It is absolutely the easiest to start.

As for ye Chen?

Now it has been completely ignored. Once suppressed to the Hunyuan state, ye Chen may be able to abuse them with one hand.

Soon the sound of fighting broke out. Looking at Ye Chen here, he was speechless.

He has been standing on the challenge arena for half an hour, and no one dares to challenge.

"Ye Chen, you bastard, I must kill you today anyway."

At this time, the fierce demon palace, a strong man who created the world, had a look of resentment.

As a strong man of fortune, when has he been so down and down?

The reason for all this is Ye Chen.

The strong man of the realm of nature comes directly to Ye Chen's challenge arena. At this time, he feels the pressure of a stream of rules.

The strength of the original creation of the chemical realm suddenly fell into the three levels of the Hunyuan realm.

Ye Chen seems to see the mentally retarded, looking at the strong man who creates the world.

I've seen people die. I've never seen anyone in such a hurry to die.

At this moment, ye Chen doesn't even want to take out the magic tool of the way, which is a bit of bullying.

The strong man in the fierce demon palace clenched his fist in an instant and rushed to kill him directly.

Leaf Chen whole person's facial expression, does not have any change at all, when he rushes over, he raises a foot, kicks out!

Boom!

One foot down, the fierce demon palace strong figure directly flies out, then issued a scream, mouth is spit out a mouthful of blood.

At the moment, ye Chen directly came to his side, grabbed his collar, and suddenly took out a slap.

"Pa!"

A clear sound, let everyone in the heart of a shock, this is a strong natural environment, even be hit in the face!

It was impossible before!

"Since you want to die, don't blame me for being rude!"

Ye Chen mouth corner shows a trace of sneer, then a few slaps directly draw in the past.

"Pa Pa Pa Pa Pa!"

These slaps go down, fierce evil palace strong cheek already already unbearable.

All people no longer want to continue to look at it. The strong man in the state of nature becomes the state of Hun yuan, which is to let Ye Chen abuse him at will, and can also abuse him in a fancy way!

I really don't know, the fierce devil palace strong, where the courage, dare to challenge Ye Chen in the same realm.

Isn't this your own death? You can't blame anyone else.

The strong man in the fierce demon palace was already dying, and ye Chen stepped on his chest.

Click!

This foot, his chest directly collapsed, blood gushing.

Bang! Bang! Bang!

All the people closed their eyes and did not dare to see the death of the strong in the evil palace.

Ye Chen is so cruel!

No one can provoke Ye Chen in this way!

Who dares to go up and fight ye Chen?

Ye Chen immediately kicked him off the challenge arena with a cold look in his eyes.

What he has to do is to make an example.

At this moment, no one dares to fight ye Chen any more. Once those who are strong in the natural environment go up, they can't take care of themselves.

They want to live a few more years, but they don't want to die.

Ye Chen did not dare to fight him, so he stood on the challenge arena and looked at other challenge arena.

It was a miracle that he found that he had not been defeated in the battle.

As for the top God King of the Baili family, he had already been defeated in the war, and was replaced by a man who was strong in creating the world.

It's OK to hold on to one or two rounds, but no one can hold on to the wheel fight.

Of course, the most relaxed one is Ye Chen.

There is no injury on the body, even bored almost to sleep.

There are two successive generations of people who have been defeated.

However, outside the palace, numerous demons and beasts came.

If ye Chen was there, he would be able to find out that these monsters were the monsters of the cliff.

There are also many warriors outside, but they are basically a layer of heaven between Hunyuan and Hedao. In the face of these monsters, there is no resistance.

Scream sound constantly, outside the broken body, I don't know how many, the whole demon Saint secret place, is the smell of blood.

At this moment, the warrior is a lamb to be slaughtered.

On top of the head of a monster in the realm of creation, there is a man, who happens to be the demon king of the corpse.

The corpse demon king closed his eyes and held a bell in his hand.

The martial arts in the palace don't know everything outside, because no one dares to challenge Ye Chen.

The rules here also find the extraordinary place of Ye Chen.

"Ye Chen is powerful, and no one is equal to him. In this challenge, ye Chen's arena will be changed to seven levels of heaven in the same level."

In a word, let everyone inside become excited.

Ye Chen's rules of the challenge arena are weakened. As long as you enter, you will have the strength of seven layers of heaven.

He Daojing seven layers of heaven, you are sure to kill Ye Chen!

Even if ye Chen is against the weather, he is just a Hunyuan environment.

Hearing the sound of the rules, ye Chen frowns.

He Dao Jing's seven layers of heaven's strength, although will not let him have no resistance strength, but want to solve the enemy, is not so easy.

The change of rules makes everyone's eyes hot.

This time is a great opportunity to kill Ye Chen. If you miss this village, there will be no next store.

"I'll do it first!"

One of the top gods in the fierce demon palace stood up, and there was no need to say much about the hatred between them.

Ye Chen kills those who are strong in the realm of nature and makes them lose face in the evil palace.

They have to get it back.

As soon as the top God King of the fierce demon palace stepped on the challenge arena, his strength fell to seven levels in the Hedao realm.

Ye Chen looks dignified. He takes out the artifact of the Dao and holds it tightly in his hand.

"You little scumbag, I will certainly kill you, let you realize what is pain."

The top God King in the fierce evil palace looks ferocious. Now he wants to tear Ye Chen apart.

"If you want to fight, you can fight. There's so much nonsense!"

Ye Chen's mouth inside reveals a mocking look, and then lightning speed, directly came to him.

Boom!

A sword at this moment, suddenly cut out!

On the challenge arena, all the warriors are watching the battle. They want to see how strong Ye Chen is.

Chapter 1699

Many people even want to let the strong man in the evil palace directly kill Ye Chen.

"Ants!"

The strong man in the fierce demon palace sneered, and the spirit power in his body broke out crazily.

"Real dragon boxing!"

The strong man in the evil palace roared, and his face was ferocious.

At the moment, there are two golden dragons around his fists.

The breath of terror tears Ye Chen's robes.

"Chop!"

Ye Chen's sword fell suddenly, and the sword broke out with a terrible force!

Click!

On the challenge arena, there are countless cracks. At the moment when the two touch each other, the huge anti shock force strikes!

"Time flies!"

Ye Chen held out a finger, the law of time broke out crazily. Facing the strong man of the seven layers of heaven in the Hedao realm, he could not take it lightly!

Bang!

The strength of time, burst out, so that the fierce devil palace strong, can not help but retreat two steps.

Then he took out a sword and resisted it.

In resisting a moment, he found that the shadow of Ye Chen has come to his side.

"Cold ice sword is determined!"

When the law of ice breaks out, the strong people in the evil demon Palace are unprepared and frozen by the power of the ice law.

When frozen, ye Chen's figure retreats and a lifelike rosefinch appears behind him.

The blazing breath makes the whole arena full of heat!

"The fire started the prairie fire!"

Sing!

Rosefinch illusory body, burst out of the breath of terror, quickly rushed past.

When the rosefinch was flying in the sky, a blazing flame came out.

Boom! Boom! Boom!

The body of the other party explodes in the moment.

The scope of the explosion, the explosion of terror, ye Chen did not hesitate to rush in.

Cut!

Ye Chen's crazy roar, sword light play to the extreme, a sword Fanghua!

Stab!

At this time, the strong man in the fierce demon palace, the whole figure of the person flew directly out, and a mouthful of blood spurted out.

"Ah

The strong man in the fierce demon palace forced himself to stand up, holding the sword in his hand, and rushed to kill him in a flash.

Ye Chen took a deep breath, his arm trembled slightly, and there was a trace of ferocity in his eyes.

"Cold ice sword is determined!"

"Time and space sword!"

This moment Ye Chen holds double sword, raises the arm, falls in an instant.

Two extreme sword light, crazy burst out, this moment, as if the whole world, only sword light.

Boom!

The two swords burst out suddenly, and the whole arena was full of the breath of destroying the heaven and the earth.

The scope of the explosion, so that people can not see the situation inside.

When the dust dispersed, ye Chen stood up with difficulty. As for the strong man in the evil spirit palace, his body was lying on the ground and had no breath for a long time.

Ye Chen a pair of fighting eyes, looking at the people below the challenge arena, said in a cold voice:
"who dares to fight, come straight up!"

Even if he is now some injuries, looking slightly miserable, but a battle like dragon, straight into the sky.

Seeing this, everyone took a breath. Now ye Chen's strength has reached the point of being able to kill the strong man in the seven layers of heaven in the Hedao realm.

If you give ye Chen some more time, even if you create a World War II!

Ye Chen's threat to them is too great!

"I believe you all know that there is more or less hatred between the various forces and ye Chen."

"Now ye Chen's strength is getting stronger and stronger. If we continue like this, how many of our western regions' forces will survive."

"Now is the best time to kill Ye Chen. If you miss it, it's not easy to kill Ye Chen again!"

At the moment, a strong man in the hundred Li family opened his mouth.

Even if ye Chen is more powerful, I'm afraid he can't bear the wheel battle. This is the best chance to kill him.

At this time, ye Chen squints his eyes and doesn't say a word. Instead, he reveals a trace of disdain in the corners of his mouth.

To put it bluntly, these people are already afraid of him, so they will try their best to kill him.

"I don't believe Ye Chen is able to deal with a strong man in the seven layers of heaven."

At this time, a top God King of Baili family came forward.

When standing out, ye Chen's eyes twinkle with killing intention. This man was the one who had beaten Liang XueYue seriously.

At the moment, he stood on the challenge arena, staring at Ye Chen with disdain in his eyes, and said slowly, "what killed you today is the Baili family, bailiyun!"

Bai Li Yun's voice fell, and then took out a sword, turned around and instantly came to Ye Chen.

Ye Chen a sword direct grid block, turn a foot kick out. Bang!

One foot down, ye Chen's figure continues to retreat and hundred Li cloud to open a distance.

"I don't think you can't wait to die!"

At the moment, ye Chen sneers at the corner of his mouth, and then takes out five handfuls of Hedao artifact and ten of Hunyuan immortal utensils!

"You should know what this is!"

When bailiyun saw these weapons, his face suddenly changed.

For ye Chen's unique skills, they are too clear!

"A thousand soldiers explode!"

At the moment, ye Chen murmured at the corner of his mouth, and these magic tools and Hunyuan immortals fell around the hundred Li cloud in an instant.

"No No, I don't want to die Please forgive me... "

Before Bai Liyun finished his last sentence, these tools exploded.

Bang!

For a moment, bailiyun didn't even call out a scream, and didn't even leave a good body.

At the moment, the corner of the mouth at the bottom of the challenge arena twitches fiercely.

Ye Chen's strength is strong, but they have forgotten the unique skill of "thousand soldiers exploding".

The power of a thousand weapons explosion, no one is not clear!

"Anyone else, will you continue to kill me?"

In a word, let the people on the scene dare not do it.

Ye Chen this period of time to search how many resources are not clear, they are clear about the power of a thousand soldiers explosion.

"Invincible loneliness!"

As soon as ye Chen's voice fell, the corner of his mouth showed a lonely look.

The battle continues to break out, ye Chen because of the explosion of thousands of soldiers, no one dares to start.

In the coffin above the challenge arena, a corpse exudes a terrible smell.

At the moment, no one found that his eyes and eyebrows moved slightly. Originally, there was a corpse, and his heart was shaking slightly.

No one knows all this!

No one challenges Ye Chen. Ye Chen simply sits cross legged and practices. He always has a bad feeling in his heart these two days.

Not only that, came to the demon Saint cemetery, his premonition is more and more intense.

He must seize the time and use every second to improve his strength.

After a series of battles, people died. No one found the blood on the challenge arena. The blood flowed down the arena into the coffin.

Push! Push!

At this time, heavy footsteps came from outside, and the whole ground was shaking.

"What's the situation?"

At this moment, the fighting stopped, and everyone could feel that something was coming.

Ye Chen suddenly opens his eyes and looks ahead.

Chapter 1700

Roar!

At this time, the Red Flame Fire Kirin suddenly appeared, and he was accompanied by the spirit of the earth, the wind, the ice Phoenix, and the evil tiger!

All of these four monsters are the strength of the first heaven in the realm of creation.

In spring, summer, autumn and winter, the inheritance of demon saints is guarded by them.

"Everyone, get ready for the first World War, they're coming!"

At this time, the red flame Unicorn opens his mouth and stares at the exit in front of him. They have already noticed that the ghost demon king and the army of monsters rush over.

But their four strength is not enough to see, as for the original cliff monster also only blocked for a period of time, all died!

Four demons, at present, only the corpse demon king appears alone. As for where the other three demons are, it is not clear at all.

"After waiting so long, the plan is finally going to work!"

At this time, you corpse demon Jun stood on the head of a demon beast and said with a smile.

Everyone can see that there are countless monsters behind the demon king.

Strangely, these monsters are quite different from other monsters!

These monsters are dead!

As if from hell!

These warriors take a breath. With so many monsters, it's hard for them to rush out.

These monsters are not only the Hunyuan realm, but also the top God King and the creation realm.

This is the place that they really fear. If Hunyuan comes, it doesn't matter how much, and the strong people here can kill them.

"What do you want to do? If we all die here, all forces will never let you go. "

At the moment, a strong man in the hundred Li family opened his mouth.

"Ha ha, what do you want to do? Nature breaks the seal

You corpse demon Jun opened his mouth with a smile. The plan could have been completed tens of thousands of years ago. If it wasn't for the demon saint, why should it be postponed to now.

"When the seal is broken, you should understand the consequences. We will never let you succeed in guarding here."

At this moment, the red flame Unicorn opens his mouth, and they know a little about the seal.

"Ha ha, you can't stop me today!"

As soon as the ghost King's voice fell, the bell in his hand was buzzing.

These dead monsters, crazy fight in the past, tens of thousands of monsters, the momentum of condensation is extremely terrifying.

At this moment, the battle broke out in an instant!

Ye Chen jumped off the challenge arena and joined the battlefield directly. Now everyone is a grasshopper on a rope.

Once something goes wrong, no one can survive.

Stab!

Ye Chen cuts a sword on the head of the monster. The headless monster can still rush over.

Bang! Bang!

Ye Chen chopped the sword in the past and stopped until the monster completely became blood mist.

These monsters, who don't know the pain at all, are just killing machines.

In their eyes, only killing.

Red flame unicorn and three head creation of the demon beast, straight to the corpse demon king!

You corpse demon Jun's whole body is full of evil Qi. I don't know when he has broken through to the second heaven of the nature realm.

It's impossible for them to kill you corpse demon king. The two are just restraining each other.

As for the realm of creation of various forces, it has been besieged by monsters for a long time. It is impossible for us to spare our hands to help!

"Ah

In less than a moment, a warrior in the Hedao realm was bitten by a monster. In less than a moment, he was surrounded by death, and unexpectedly, he killed the crowd crazily.

Ye Chen's whole face is dignified. If you keep dragging on like this, all of them will die here.

At present, the two restrict each other, but ye Chen knows clearly that once the bloodthirsty demon king and the Tiansha demon king come over.

The battlefield will change instantly!

Then for them, it will be a real disaster!

"Cold ice sword is determined!"

Ye Chen eyebrows pick, the whole person roars, in the hand the union way artifact, erupts the bright light.

Zheng! Zheng! Zheng!

His whole body, full of the breath of the ice law, besieged his monster, instantly turned into ice sculpture.

Boom!

Ye Chen raised his arm and fell in the blink of an eye!

Click!

The monster turned into pieces in an instant, and the monster besieging him was just a layer of heaven between Hunyuan and Hedao.

For ye Chen, it's easy to kill, but there are too many monsters, and there is a steady stream of them.

No one knows how many!

There is a look of despair on the faces of many warriors. If this goes on, they will be consumed sooner or later!

They have to find a way to get out!

But the road in the rear is obviously blocked. What are the chances to rush out?

They are now the turtles in a jar!"Hehe, so much wonderful blood, it's really tempting!"

At this time, the bloodthirsty Demon King appeared in the void. At the moment, his breath had already broken through to the second heaven of the realm of creation.

Ye Chen's face changed slightly. Both the bloodthirsty and the corpse demons broke through to the second layer of heaven in the realm of nature. I'm afraid it's the same with Tiansha and Guiming.

The bloodthirsty Prince joined the battlefield, and the red flame unicorn and the other three monsters could no longer hold on.

They are nothing but a layer of heaven in the realm of creation, and they are not rivals at all in the face of two powerful men.

"Boom

The bloodthirsty Prince hit the body of the red flame Unicorn with a fist!

The red flame Unicorn sends out a scream, and the whole figure flies out directly and falls on the ground.

On its body, there is a blood hole. The red flame unicorn is dying at the moment.

No more combat capability!

The red flame unicorn was seriously injured, and the other three monsters guarding the tomb of the demon Saint could not resist.

Defeat is only a matter of time!

Ye Chen's arm trembled slightly, and he was waving his sword every second.

These monsters, as if they can never be killed, every time a wave is finished.

Another wave of monsters, immediately rushed over!

At this time, ye Chen can only take out ten pieces of Hedao artifact and ten pieces of Hunyuan immortal utensils, and murmured in the corner of his mouth: "a thousand soldiers explode!"

Boom!

The scope of the explosion was earth shaking, and a hole was directly blown out under the palace.

"Everybody, get close to Ye Chen!"

At this time, one of the top gods spoke.

At present, only in the side of Ye Chen is the safest, with a thousand soldiers exploding Ye Chen, it is simply a walking big killer!

Some warriors began to move closer to Ye Chen. If they drag on like this, they can only become monsters.

Although most of them are in the five realms, they have the strength of God.

In the face of such a monster, there is nothing to do!

Liang XueYue and Ji Lin came to Ye Chen's side and said slowly, "Ye Chen, what should we do now?"

It's too small to rush out of the way.

"Wait!"

Ye Chen opened his mouth and said a word. At present, they can only wait.

He didn't believe that the demon Saint didn't leave behind, and the Tiansha demon king and the ghost demon king didn't appear. They must be waiting for something.
