

Physician 1701

Chapter 1701

At present, this battle has just begun!

"Ye Chen, your thousand soldiers are exploding. Can you take us out?"

At this time, one of the top gods spoke.

They have seen the power of Ye Chen's thousand soldiers.

Around the martial arts looking at Ye Chen, eyes inside flashing light.

Now if there is the best chance to escape here, only Ye Chen can let them leave.

Ye Chen shakes his head slightly. If he can use the thousand soldiers to leave, will he still stay here?

A thousand weapons explosion is not omnipotent. It needs to consume the power of his spirit.

At present, it is not clear how many monsters there are. Once the power of spirits is exhausted, ye Chen will be a lamb to be slaughtered.

Seeing ye Chen shaking his head, the bright eyes of everyone become dim down.

This is a hopeless battle!

"Bloodthirsty prince, you should know what will happen if the seal is broken!"

At this time, the red flame Unicorn stands on the ground and roars!

"Ha ha! consequence? I don't care! "

The bloodthirsty Prince grinned ferociously, and a big hand turned into a towering blood and slapped it in the past.

Boom!

The red flame unicorn was seriously injured and could not resist it at all.

This slap will leave its body scarred. Let alone fighting, I'm afraid it has no strength to speak.

Liang XueYue broke out a terrible toxin, so that once the surrounding monster came, it was immediately eroded by the toxin.

As for Ji Lin, ye Chen didn't let her fight at all. The congenital poison can't be exposed.

"Bloodthirsty prince, you are ambitious

At this time, a mechanical voice came, and a green bull stood in the void.

Qingniu's huge body is wrapped with a snake!

Tianmang qingniu!

Tianmang qingniu, the third layer of heaven in the realm of nature, is also the strongest guardian in the secret realm of demon saint!

When people see Tianman qingniu, they ignite the fire of hope. The strong man of the three layers of heaven in the realm of nature has been able to change everything!

"You're a dead cow, you're willing to come out at last!"

You corpse demon Jun's hoarse voice opened his mouth. They had known about Tianman qingniu for a long time.

Ye Chen's face does not have any change, since you corpse demon Jun, they know the existence of Tianman qingniu and dare to fight, there must be a way to deal with it.

Otherwise, we won't choose to have a war!

"When the master suppressed you, I hope you can understand that the seal can't be opened, and I hope you repent. Who knows you will not change your mind!"

Tianman qingniu spoke in a cold voice.

The bloodthirsty Prince sneered and didn't say much. What he said now is nonsense.

Only the winner can decide everything!

"Ghost, you old man, are you ok?"

At this time, the corpse Demon King opened his mouth and a figure appeared in the void.

"Well, it's already done, just wait for this dead cow to show up!"

Ghost ghost King wrapped around ghost gas, took out a token, directly crushed!

Hum! Hum! Hum!

At this time, there was a buzzing sound on the ground of the palace.

Click!

On the ground of the palace, there are many dark green lines.

Array?

Ye Chen saw the dark green line under his feet, and his eyebrows wrinkled.

When did the ghost Lord arrange the array? He didn't know. He could arrange the array quietly.

His talent in the battle is absolutely a master level!

"Ghost and ghost array, specially prepared for your dead cow!"

They have been waiting for a long time for the evil king!

"Ah

At this time, a strong man in the six layers of heaven in the world of Taoism suddenly burst out a scream.

An illusory ghost, an arm through his body, holding his whole heart!

Ghost everywhere, the original difficult situation, become more difficult!

What should we do now?

Their heart inside a burst of confusion, so go on, death is only a matter of time.

"I think we can be trapped by a single array!"

Tianman qingniu disdains to smile, and his two horns on the top of his head are shining with blue light.

In this moment, the light made a great deal, broke out the breath of terror, suddenly burst out between!

Countless monsters died instantly, and the ghost made a sad cry. However, Tianman qingniu didn't notice that, behind him, a figure suddenly appeared.

"Master, be careful, behind you!"

At this time ye Chen roars, Tianman qingniu hears Ye Chen's words and turns and kicks out. However, it's too late, and the Devil King attacks his body with a fist!

Bang!

A fist broke out with a dull sound, and Tianman qingniu fell to the ground.

Thanks to Ye Chen's reminding, otherwise, this fist will be enough to kill Tianman qingniu when he is unprepared!

"Tiansha demon king, you have been the strong one of the three layers of heaven in the realm of nature."

At this time, Tianman qingniu's body stood up and glared at the Tiansha demon king with one eye!

No one thought that the Tiansha demon king had already recovered to the three levels of heaven in the realm of nature.

If the Tiansha demon king had made a move, I'm afraid no one was his opponent.

The stronger the realm, the difference between each small realm is totally different.

Although there are warriors on the scene, there are strong ones who can create one layer of heaven. However, in front of the three layers of heaven, you can kill at will!

"If you don't have some strength, how can you open the seal?"

A wisp of disdain appeared in the corner of the mouth of the evil spirit king. For this moment, they waited too long.

This time you can only succeed, not fail!

"Tianman qingniu, you are not my opponent. Let the demon Saint come out!"

With a word from the evil spirit king, all the people present were shocked!

Is the demon Saint still alive?

If the demon saint is still alive, it is not easy to solve everything. They also have hope to live.

Tianman qingniu did not speak, but his eyes had expressed everything!

He is not an opponent of the devil!

The four demons were strong at the same level as the demon Saint tens of thousands of years ago.

Even if the strength drops, they don't know how many means they have.

Ye Chen looks at the scene in front of his eyes, his strength is not enough to participate in the top battle.

Whether we can win at present depends on the backhand of demon saint.

Since the demon saint is not dead, he may have known all this.

But ye Chen has guessed that the strength of the demon saint is not in its heyday.

Otherwise, at the moment when the four demons broke the seal, the demon Saint would have directly suppressed it. Why wait until now!

He came to the coffin and knelt down in front of the coffin.

"Master, the four demons still want to break the seal, please suppress it!"

Tianman qingniu finished and waited quietly, not only for him, but also for everyone.

In their hearts, they can only think of the demon Saint coming out to suppress everything.

At this time, the coffin suddenly opened, and a terrible breath burst out!

Chapter 1702

Four demons frown, this breath is absolutely demon Saint level.

Is the strength of the demon saint, or in its heyday?

If it is, the four of them can only die here.

There was a strong vibration from the sarcophagus.

This time a great figure, slowly stood up.

At the moment, ye Chen also saw the face of the demon saint, which was not so handsome, but gave people a sense of dignity.

At the moment, the demon saint's eyes slowly open, a pair of eternal eyes, staring at the four demons.

"I suppress you, hope to let you repent, who knows you still embarked on this road of no return!"

The demon Saint spoke slowly.

The four demons didn't speak and felt the spirit of demon saint. They had been preparing for tens of thousands of years. How could they give up?

"Demon saint, you should know that the seal will break sooner or later! Let's just open the seal. "

Tiansha demon Jun cold mouth, he can detect that the spirit of the demon saint is not strong.

Like him, he is only a strong man in the three layers of heaven.

Demon saint is also like them, that peak strength, has long been gone!

Demon saint has been dead for a long time. Now he can stand up and speak, but only depends on secret arts.

"We can keep it day by day, and we can also keep a glimmer of life for the creatures in Lingwu land."

There was a trace of pain in the eyes of the demon saint.

"Bloodthirsty demon king, you corpse demon king, ghost ghost demon king, you three also need not hide strength!"

Demon Saint a word, bloodthirsty Demon King three people also no longer hide strength, the whole body breath directly erupts.

The three of them are actually the strong ones of the three layers of heaven in the realm of creation.

Endless evil Qi surrounds everything!

Even if the demon saint is more powerful, his strength is also three layers of heaven in the realm of creation. How can one defeat four of them?

"Four inheritors, on the challenge arena!"

With a wave of the demon saint's hand, ye Chen and the other three inheritors, unable to control their bodies, came to the arena.

"Take out your heritage treasures and fight with me today!"

Ye Chen heard the demon saint's words, no longer hesitated, directly took the bleeding magic sword!

The other three inheritors took out three treasures, a spear, a tripod and a compass, and put them on the challenge arena!

Demon Saint see this scene, fingers pinch Jue, let the power of the four things thoroughly stimulate!

Buzz!

Four treasures, suddenly burst out bright light, a soft energy, constantly into their bodies.

Ye Chen's state of mind, crazy growth, directly from the Hunyuan state of a brief rise to the creation of a level of genius stopped.

Ye Chen clenched his fist and felt a huge force.

But now obviously can't use the blood magic sword!

"If you want to untie the seal, why don't I have a second hand?"

The demon Saint opened his mouth indifferently. In these inherited weapons, there is his previous energy.

Just in case, one day the four demons still want to untie the seal and make preparations.

There was no change in the face of the four demons. The Tiansha demon king said with a smile, "what if you let them break through the realm of nature? These forces are not theirs. There is always a limit. "

Although Ye Chen and their strength soared in a short time, they must not persist for long.

As long as they hold on, the victory will be theirs.

The demon saint can't stop them from breaking the seal!

"Fight with me!"

The demon saint's face was expressionless, and he opened his mouth directly. The whole figure flew to the four demons and rushed over.

Ye Chen stands tall in the sky, facing the bloodthirsty king!

"Baby, I can kill you in one move!"

The bloodthirsty Prince looks at Ye Chen, the corner of his mouth flashed a sarcastic look.

What about ye Chen's breakthrough into the realm of nature? He is a strong man in the three layers of heaven in the world of nature. He can kill Ye Chen with one move.

"War!"

Ye Chen takes out the magic tool of he Dao. There is no unnecessary nonsense at all. He comes to the bloodthirsty demon king at the speed of lightning.

Stab!

Ye Chen clenched his magic weapon and chopped it out with a sword. The bloodthirsty Prince laughed but did not speak. Then he raised his hand and slapped him in the past.

The whole hands of the bloodthirsty prince are like scarlet blood, with a slap of towering power.

Ye Chen this moment, as if diffuse in the endless sea of blood inside.

Cut!

Ye Chen suddenly cut out a sword. In an instant, he raised another arm and clenched his five fingers into a fist.

Boom!

At the moment when he and bloodthirsty Prince slapped hands, ye Chen stepped back five steps.

"It's just ants. How about a short promotion?"

The bloodthirsty Prince's sarcastic voice opened his mouth. Then he took out an array flag and waved it with a big hand. Endless blood gushed from the flag. "Cold ice sword is determined!"

Ye Chen murmured at the corner of his mouth, then suddenly cut out with a sword.

The law of ice broke out around him.

In an instant, ye Chen breaks through to the realm of creation. Naturally, his strength doesn't need words.

Stab!

A sword is cut on the blood. The naked eye can see that the blood moisture is in two!

It's just that the blood did not disappear. Instead, it swept from the left and right sides.

At the bottom of the crowd, while resisting the monster, while paying attention to the battle above.

In this battle, the victory or defeat below them has become unimportant. Only the battle in the void can really determine the victory or defeat.

Ye Chen's figure constantly retreats, but this time the bloodthirsty Prince's body suddenly comes to his back.

Bang!

The bloodthirsty Prince hit Ye Chen directly on his back!

Hiss!

Ye Chen forced to endure the hot pain of the back, turned and cut out with a sword!

Click!

The whole sky was buzzing with a sword, but the figure of the bloodthirsty prince had already disappeared.

"Dirty, little beast, you are not qualified to hit me!"

The bloodthirsty Prince didn't know where he was hiding in the void, and there was arrogant laughter.

Ye Chen's whole brow is locked, and the bloodthirsty Prince's method is too weird. If he goes on like this, he is not the way.

At present, he doesn't even know where the bloodthirsty Prince is hiding!

At the moment, the bloodthirsty Prince suddenly appears on the right side of Ye Chen and kills him with a fist.

Ye Chen is acutely aware of the danger. With one hand, he grabs the fist of the bloodthirsty prince, and then he slaps him.

Just now, the bloodthirsty Prince sneaked in, and ye Chen had already taken precautions against it.

"Pa!"

This slap didn't bring too much damage, but it made the bloodthirsty Prince furious.

This is to hit his face, how to make him not angry!

"Little beast, I think you want to die!"

In the hands of the bloodthirsty prince, there was a gun with a cold light on its head.

A shot to Ye Chen's body.

When the demon king's face is constantly retreating, there is no change in the shape of the blood thorn.

"Time flies!"

In the moment of blocking the lattice, the law of time in Ye Chen's body erupts wildly.

This is an opportunity for him to destroy the bloodthirsty prince, and he must not lose it!

Chapter 1703

Ye Chen's fingers burst out bright light, this time the bloodthirsty Prince suddenly felt a sense of crisis!

Go!

Originally, the bloodthirsty Prince still wanted to continue to attack, but felt this sense of crisis without hesitation, and went back directly.

Boom!

The strength of the years suddenly fell, directly hit the chest of the bloodthirsty prince!

"Pooh."

The bloodthirsty Prince gushed out with a mouthful of blood. The power of the law of time constantly disrupted his vitality.

Fortunately, the bloodthirsty Prince retreated quickly, otherwise this blow would be enough to make him seriously injured.

Ye Chen secretly regretted that if you give him a rest time, the bloodthirsty Prince is afraid that he has no strength to fight again.

The law of time is the top law, and its power is self-evident!

The bloodthirsty prince held out a finger, and the blood in his body surged and burst out a terrible breath.

"Little doll, since you can understand the law of time, you can't stay!"

Although Ye Chen's own realm is not high, but give him a certain time, sooner or later, will reach their same height!

"Blood god finger!"

The finger of the bloodthirsty demon king mobilized the Qi and blood in his body. At this moment, the whole world seemed to be left with boundless blood color.

Ye Chen's whole face is dignified. He makes strange gestures in his hands. Behind him is a mysterious monster, constantly condensing!

This is Ye Chen's four God formula from the strong in the realm of nature!

And he found that combined with the spirit of Gengjin, it would be more powerful!

"Xuanwu beast, suppress all sides!"

Roar!

Xuanwu dragged a huge body directly to the front of Ye Chen.

The huge body blocks Ye Chen, and the Xuanwu beast is called the strongest defense in the world!

At this moment, the blood god finger suddenly erupted!

Boom!

At the moment of explosion, the Xuanwu beast roared with anger.

Click!

There are some cracks in the body of the Xuanwu god beast. Not only that, these cracks continue to expand.

The breath of terror makes all warriors take a breath.

If we go on like this, I'm afraid it won't be long before the Xuanwu beast will explode completely.

Ye Chen is in the back, clenching the magic tool of the road, and the spiritual power in the body is pouring out crazily.

"Years kill the sword!"

The law of time breaks out. At this moment, it seems that the whole world stops, and only Ye Chen's sword is left!

"Chop!"

Ye Chen roars, a sword suddenly cuts out!

In the moment of chopping out, ye Chen's figure moves like a ghost.

"You're not qualified to attack me, baby!"

Bloodthirsty demon gentleman disdains a sneer, when ye Chen comes to his back, already aware.

Then a slap out, the moment the two touch each other, ye Chen back two steps.

But the bloodthirsty prince was no better. A mouthful of blood gushed out.

The bloodthirsty Prince looks ferocious. He never thought that he would be injured by a heaven in a natural state!

And it's rubbish for a short time!

"Bloodthirsty king, quick battle and quick decision!"

At this time, the Tiansha Demon King opened his mouth. At present, the Tiansha demon king alone is against the demon saint, and the pressure on him is very big.

Can't help, demon saint's strength, too strong!

After all, the demon saint was able to suppress their four demons at the beginning, but now he is not the opponent of the demon saint.

Ye Chen takes a look, the battle in the void is very delicate to maintain balance, but once someone is defeated, this balance will be broken in an instant.

On the scene, ye Chen's strength is the lowest. Even if he relies on the strength of weapons, he can only break through the realm of nature.

At present, the only gap is the bloodthirsty king here.

Bloodthirsty Prince mouth reveals a trace of bitter smile, he does not want to defeat Ye Chen.

The strength of the main Ye Chen is a little too evil. If he had been in the ordinary state of fortune, he would have been suppressed with one hand. How could he have remained so far.

Ye Chen directly put away his magic weapon and felt that the blood magic sword on the challenge arena could be used. He grasped it with five fingers. Then the blood magic sword flew into his hand in an instant, staring at the bloodthirsty demon king with a pair of cold eyes.

He has to fight hard now, because the bloodthirsty king is ready to do his best to solve him as soon as possible.

Blood magic sword killing breath, full of Ye Chen's mind, less than a moment, ye Chen a pair of eyes become scarlet, the whole person has become strange.

Endless evil Qi is like a huge beast, devouring Ye Chen!

The sky changes!

Blood moon outlines!

The four demons felt the familiar evil Qi and changed their expression slightly.

They never thought that a human being could inspire such a powerful evil spirit?

Is this the way of the devil? Since it is the devil way, why not help them, but help the demon saint?

Even the quiet face of the demon saint is slightly changed by Ye Chen's enchantment.

For a long time, he is not suitable for blood magic sword.

Blood magic sword is also his accident.

But now it seems that the boy in front of him is obviously more suitable for the blood demon sword than he is.

He even had an illusion that the blood magic sword was born for this boy.

It's just, this kid can really control this magic sword?

"Kill!"

Ye Chen is all over the body, full of killing intention, and keeps a trace of pure brightness in his heart.

The bloodthirsty prince saw Ye Chen's appearance, and his face was more and more serious.

They have dealt with the demon saint, and the blood demon sword is clear to them naturally.

Fortunately, ye Chen's current strength is a layer of heaven in the realm of creation. Otherwise, the whole person would have been controlled by the blood demon sword and turned into a demon who only knew how to kill.

With the outbreak of murderous madness, ye Chen's mouth reveals a sneer. The whole figure is like a ghost, and suddenly comes to the bloody demon king!

Die!

Ye Chen clenched the blood demon sword in both hands and flew straight up. He chopped the head of the bloodthirsty demon king with a sword.

At the moment, ye Chen, who has the blood demon sword, becomes extremely fast. At this moment, the bloodthirsty Prince has no reaction.

Boom!

The blood demon sword penetrates the head of the bloodthirsty Prince and directly splits his body into two parts!

The people below, seeing this scene, showed a happy expression on their faces. As soon as the bloodthirsty Prince died, their chances of winning on this side naturally became very big.

Ye Chen's face did not have any joyful expression, because he felt wrong.

How can the bloodthirsty Prince say that he is also a strong man tens of thousands of years ago? How can he solve it easily?

All this is too relaxed in Ye Chen's eyes, so something is wrong!

At the moment, a drop of blood water, continuous condensation, even less than five rest time, turned into a bloodthirsty demon king appearance.

"Ha ha ha, I'm the immortal blood Sutra. As long as my blood is still there, I'm immortal."

The bloodthirsty Prince laughed wildly. The strong man tens of thousands of years ago, how could he have no ability at all!

Ye Chen can't see any expression on his face. He doesn't believe that the bloodthirsty Prince is immortal.

No matter how powerful the skills are, there must be weaknesses.

If the bloodthirsty king can really live forever, isn't it the invincible existence of the whole Lingwu continent?

Chapter 1704

"Ye Chen, your strength is really good, but it's a pity that it's over!"

The bloodthirsty Prince raised his hand, and a bloody palm print appeared in the void, mixed with the smell of destruction.

"Bloody palm!"

The bloodthirsty Prince roared, and then the slap fell instantly.

At the moment of falling, ye Chen raised his arms and the blue veins on his arms burst up.

Fight this slap directly with his flesh!

"Ah

Ye Chen looks ferocious, in this moment, the figure of bloodthirsty prince came to him.

Bloodthirsty demon Jun holds a war gun, a gun goes down to stab Ye Chen!

Ye Chen showed a look of pain, and then released an arm, a fist directly shot out!

Bang! Bang! Bang!

The figure of bloodthirsty demon king disappears, ye Chen's fist hits in the void above.

At this moment, ye Chen's two arms are released directly, and the figure moves rapidly, and the palm print falls down.

The breath of terror, directly suppress everything, a mouthful of blood from the mouth.

"Gods and Demons change!"

Ye Chen murmured at the corner of his mouth. At present, although he has broken through the realm of fortune, there is still a certain gap between his strength and the bloodthirsty prince.

At the speed visible to the naked eye, a blood shadow in Ye Chen's body rushes out and changes into Linghuang!

Sing!

A pair of eyes glared at the bloodthirsty prince!

"You've got the essence of Linghuang clan!"

The bloodthirsty Prince murmured at the corners of his mouth. He survived for tens of thousands of years, and naturally he had seen all kinds of secret arts.

Magic change was originally a powerful secret, and then disappeared in the long river of years, did not expect to flow into the hands of Ye Chen.

Linghuang's figure flew out, fast as lightning, and came to the bloodthirsty prince in the blink of an eye.

The speed of Linghuang is said to be comparable to the sun and the moon. Although there are some exaggerated elements, we can also imagine how fast the speed of the Linghuang clan is!

Linghuang opened her mouth and directly tore and bit the flesh and blood of the bloodthirsty prince, and grabbed his chest with one claw.

Stab!

A bloodstain broke out on the bloodthirsty Prince's body, and the blood flowed straight!

Linghuang's speed has reached the extreme. Every time when the bloodthirsty Prince is about to seize Linghuang, he flashes by in his hand.

"The prison of blood!"

The bloodthirsty Prince roared and forced out a drop of blood essence.

This blood essence condenses in the void, constantly becomes a prison, directly trapping Linghuang and ye Chen.

Linghuang is suppressed in the prison, ye Chen Mou son a congealed, directly a sword cut in the prison above.

Bang! Bang! Bang!

The prison is indestructible. Ye Chen's current strength is not enough.

"Little beast, I'll let you die this time!"

The bloodthirsty Prince grinned ferociously and made strange gestures in his hand. In the void, a bloody spear suddenly appeared.

The head of the gun points to Ye Chen's body, and the breath of terror pervades the void.

Ye Chen's face changed slightly. The power of this gun is enough to make him seriously injured!

If you are not careful, you may die here!

"Ye Chen, catch it!"

At this time, Liang XueYue below suddenly roared and threw a jade bottle at Ye Chen.

Ye Chen held it in his hand and opened the jade bottle to have a look. A drop of blood was in the jade bottle.

In a flash, ye Chen thought of killing the immortal with guns and fire. Liang XueYue's meaning is obviously to let him repeat his old skills.

This blood essence must be Ji Lin's!

A drop of blood essence from the inborn poison body!

At present, ye Chen must find a way to resist the bloodthirsty Prince's bloody spear!

Ye Chen clenched the blood magic sword, and then the breath on his body burst out in an all-round way.

"Cold ice sword is determined!"

Around the ice law crazy burst out, momentum reached the peak!

All over the body, the momentum is like a dragon, the battle spirit is soaring, to cut the sky!

"Little beast, die for me!"

At this moment, the bloody spear, like a sharp blade, rushes madly to Ye Chen's body.

The breath of terror erupted wildly.

At this moment, ye Chen holds the blood magic sword, and a sword cuts out at this moment!

Stab!

At the moment of contact between the two, the breath of destroying the heaven and the earth broke out.

At the moment, the prison of blood is directly shattered. Ye Chen's whole body flies out, and a mouthful of blood gushes out.

The whole man's face was white, and his bones seemed to be falling apart.

The bloodthirsty prince came to Ye Chen with a grim smile on his face. Then he said in a cold voice, "how about breaking through to the realm of creation by relying on external forces? Ants can never turn over."
"

Ye Chen did not speak, coldly looking at the bloodthirsty prince.

At the moment, the demon king takes out the blood gun to prepare for the blood gun. Ye Chen is forced to endure the intense pain, and then the blood magic sword blocks the gun, but the huge force of this gun makes the bones on his arm almost shatter!

He held the jade bottle in his hand and threw it out directly.

The bloodthirsty Prince instinctively responded and stabbed the jade bottle directly with one shot. At the moment when he stabbed the jade bottle, he immediately stabbed the jade bottle.

Ye Chen has already retreated, the jade vase is broken, and a drop of blood drops into the body of the bloodthirsty prince.

The blood of the inborn poison body breaks out directly in the blood thirsty king.

The bloodthirsty Prince directly spurted out blood, but the blood was black.

"Ye Chen, you have the essence of the inborn poison body!"

The bloodthirsty Prince's face changed greatly. He could feel that the blood of the inborn poison was constantly destroying his vitality.

"You know now, but it's too late!"

Ye Chen has no perfect place all over his body, but his face is ferocious smile.

At the beginning, Ji Lin was able to poison the gunfire immortal statue of the heaven in the realm of God.

Now Ji Lin has broken through. Her body is full of toxins, which has already reached a terrible level.

It's just that the strong will guard against foreign things.

And the bloodthirsty Prince is too confident, confident to have no preparation!

Although the bloodthirsty devil can't eliminate the blood classic and can be reborn by dropping blood, the blood in his body is a toxin. How can he be reborn?

This time, the bloodthirsty king will surely die.

The bloodthirsty Prince didn't expect that he would capsize in the gutter. He didn't care when he saw Liang XueYue give ye Chen a jade bottle just now.

Liang XueYue's poison is acquired. The bloodthirsty king can see it at a glance. It's definitely not this woman!

If it's a congenital poison, I'm afraid only the little girl around Liang XueYue!

The bloodthirsty Prince guessed it in an instant, but it's too late to say anything now!

The toxin of the congenital poison had already penetrated his body, and death was only a matter of time.

"Ye Chen really didn't expect that you still have a congenital side..."

The bloodthirsty Prince's words have not finished, the whole figure of Ye Chen shoots out directly, a sword cuts in his mouth above.

The thing of inborn poison body, certainly can't expose!

Tens of thousands of years ago, a generation of bloodthirsty king died!

This time, it is impossible for the bloodthirsty king to rebirth by dropping blood!

Chapter 1705

Whoa!

Ye Chen exhaled a breath and took the treasure from the bloodthirsty Prince directly!

"Bloodthirsty king!"

At this time, the ghost demon king roared, and the four demons had always depended on each other for their lives. Now the bloodthirsty demon king is dead!

At the moment of death, the bloodthirsty devil king and his inner anger were burning, and they wanted to directly rush to kill Ye Chen.

Only they have been dragged, there is no chance!

Although he has killed the bloodthirsty prince, ye Chen's state is not much better.

At present, there is no perfect place in his whole body, and he has been seriously injured by defeating the bloodthirsty prince.

Ye Chen takes a look at the battle of the demon saint and finds that the Tiansha demon king has been dragging the demon saint and never takes the initiative to attack.

Tiansha demon king also knows that he is not the opponent of the demon saint, as long as drag can.

I thought that after killing Ye Chen, he asked the bloodthirsty prince to help the ghost demon king and kill others.

In the end, the four will kill the demon saint, and then their plan will be successful.

However, the evil Lord of heaven didn't expect that ye Chen would kill the bloodthirsty demon king!

Ye Chen took out the healing pill and put it into his mouth. Then the whole figure came to the ghost demon king.

The inheritance of this sanxiu is a tripod. Relying on the defensive power of the tripod, it can make a tie with the ghost demon king.

He can't do anything but the ghost demon king, and the ghost demon king can't defeat him.

However, the ghost demon king is not in a hurry. After all, these people only gain the power of inheritance, as long as it is delayed for a period of time.

These forces will naturally disappear.

When ye Chen joined the battlefield, he held the blood magic sword and suddenly cut it out!

Boom!

The ghost demon king was unprepared. The whole figure flew out, and a trace of blood spilled from the corner of his mouth.

"Let's both fight together and kill him!"

At this time ye Chen came to San Xiu's side and said slowly.

Sanxiu looked at Ye Chen and nodded slightly.

Now ye Chen has opened the gap. At present, we only need to enlarge the gap infinitely.

Only in this war will they have a chance to win!

"Little beast, you killed the bloodthirsty Lord. I can't keep you today!"

The ghost ghost demon Jun laughs. The sword just now can't cause too much damage to Ye Chen.

"Eternal evil spirit, melt into my body!"

Boom!

At this moment, in the secret place of demon saint, the dead soul has been constantly integrated into the body of the ghost demon king.

At this moment, the ghost demon king intends to fight hard!

He can't help it. He must make a quick decision to get rid of Ye Chen and them.

If not, they will become a complete disadvantage. If they want to untie the seal, it is impossible!

Ye Chen brows lock, at the moment in the ghost ghost behind the demon king, condensed do not know how many evil spirits.

These souls are with strong resentment and towering evil spirit, if it goes on like this.

"Years kill the sword!"

Ye Chen roared, and the blood magic sword in his hand made a buzzing sound.

If we continue to drag on, I'm afraid that the strength of the ghost demon king will reach a terrible level.

"Cut through the mountains and rivers!"

Sanxiu was holding a simple sword in his hand. The momentum of the whole person broke out suddenly at this moment!

A sword, a knife, as if to cut through the endless years!

Boom!

The light of the sword and the sword rushed past in an instant. There was a trace of ironic smile in the corner of the ghost demon king's mouth.

The evil spirit behind the ghost demon king rushed to kill in a flash.

Crying and howling of ghosts and wolves are like corpses all over the field, which frightens people's heart and soul.

It can not only threaten the body of the warrior, but also the soul.

In the soul of Ye Chen and sanxiu, I don't know how many negative emotions appear in their minds.

"Ah

Sanshu's face was ferocious and he held his head tightly with both hands. The intense pain in his mind almost made him faint.

"Little mole ant, I don't know my strength. If it wasn't for the bloodthirsty Lord to despise the enemy, I wouldn't die!"

Ghost ghost King ghost like figure suddenly came to Ye Chen side, endless pressure shrouded.

Ye Chen looks at the ghost ghost ghost, and feels that he can't breathe.

"You killed the bloodthirsty Lord, I will avenge him today!"

With a slight effort on the finger of the ghost demon king, the loose repair behind him suddenly rushed over and slashed at his back.

The ghost demon king quickly turns around and grabs Sanshu's sword with one hand!

"The pathetic of the weak, I will temper you two into evil spirits and never be able to live beyond life."

Ghost demon Jun sharp laughter extremely harsh, wish to kill Ye Chen and their two.

Ye Chen stands up, raises the blood devil sword in his hand, and cuts it from the head of the ghost ghost demon king. At this time, the evil spirit behind the ghost demon king took the initiative to protect the Lord, and the evil spirit poured into the head of the ghost demon king, and instantly blocked it.

Bang!

A sword down, all let the evil spirit to block, ye Chen face can not see any expression, and then a fist to kill out!

When their fists hit the back of the ghost demon king, these evil spirits even grabbed Ye Chen's arm with their fingers.

"Go away!"

Ye Chen angrily scolded, and then with another arm, clenched his fist, and beat the evil spirit behind the ghost demon king!

Boom!

With one fist, the evil spirits were split and finally reunited.

The ghost demon king doesn't care about ye Chen behind him, and grabs the collar of loose repair with the other hand.

At the moment of seizing the collar, the other hand releases his sword and grabs Sanshu's arm with a slight twist.

In the twinkling of an eye, a scream came from sanxiu's mouth, and the sword fell to the ground!

"Kill you first, then deal with Ye Chen!"

The ghost demon king murmured in his mouth, and then one hand held loose repair's neck.

There is evil spirit protecting his body behind him. Even if ye Chen can break it, it will take a certain time. He has enough time to kill this monk.

Ye Chen in the back, eyebrows a wrinkle, if loose repair once death, at present his state is not the ghost ghost demon king's opponent.

But the evil spirit behind is a thorny existence!

Ye Chen's brain quickly turns, and suddenly thinks that since it is the evil spirit, even if it is more powerful, there are certain ways to restrain it.

Ghosts, these things, the most afraid is fire!

"Four gods formula!"

Ye Chen murmured in his mouth and made a strange gesture in his hand.

At this time, a vivid Phoenix appears behind Ye Chen.

At present, the flame and ye Chen have no good means of restraint. Now they can only rely on the Phoenix beast in the four gods formula!

Sing!

Phoenix beast in the back of Ye Chen issued a cry, the whole body of the Phoenix is full of fire.

The blazing flame, as if to burn everything in the world!

At the moment when the Phoenix was born, the evil spirit behind the ghost demon king showed a timid look.

Ye Chen sees this scene, in the eye exudes a trace of joy look.

It's really useful to condense the flame of Phoenix beast!

"Go!"

The lifelike Phoenix behind Ye Chen rushes to the evil spirit. At the moment when the Phoenix rushes past, it directly erupts into a blazing flame.

The burning of extermination broke out directly at this moment, and the breath of terror swept over!

The evil spirit behind the ghost and the devil king sends out the hoarse voice of fear!

Fire suppresses all evil spirits!

Chapter 1706

The ghost demon king felt the fear of the evil spirit behind him. The whole man frowned and could only give up the idea of killing sanxiu.

When he turns around, he wants to block Ye Chen's attack, but the speed of Phoenix is too fast.

It's too late to turn around!

Boom!

At the moment when the Phoenix and the evil spirit come into contact, a terrible sound breaks out.

Inside these noises, came the cry of evil spirits suffering, which was extremely harsh!

"Ah

Ghost ghost Lord ferocious roar, these evil spirits are closely related to him, both prosperity, loss!

The death of the evil spirit is to drive the strength of the ghost demon king to weaken!

There is something special about the inheritable monk who can persist in the challenge arena for such a long time!

A hot lotus flower appeared in the hands of sanxiu!

The lotus produces holy and blazing breath, which is specially used to restrain evil spirits!

This holy lotus flower floats from the hands of sanxiu to the void. In the void, the lotus is split.

One after another petals fall in the void, and rush to the ghost demon king.

Ye Chen can see at a glance that the flame of this lotus flower is much stronger than his condensed Phoenix!

The Phoenix that ye Chen condenses mainly relies on secret arts, which can't be compared with the real Phoenix beast.

If the Phoenix beast comes into the world, I'm afraid the flame will be able to kill the ghost demon king!

These petals can track the same, no matter how the ghost demon king evades, they are always chasing after!

Ye Chen is clear in his heart that now is the best chance to hit the ghost demon king!

"The Phoenix is born, it's burning to destroy the world!"

Ye Chen murmured at the corner of his mouth. At this moment, the Phoenix behind him suddenly rushed out.

The Phoenix pounced on the ghost and the demon king. He could not escape from it.

Around the formation of a circle around the ghost ghost ghost King completely wrapped!

Boom!

This moment explodes directly on the body of the ghost demon king!

Ye Chen comes to San Xiu and looks at the explosion area with a pair of eyes.

Now what kind of injury did the ghost demon king suffer? They did not know.

It's just that they have to prepare for the worst!

"Ah, you two little animals!"

At this time, the ghost demon king roared angrily and rushed out of the explosion range.

At this time, ye Chen and San Xiu saw the state of the ghost demon king.

At the moment, the ghost demon king was miserable and his clothes were in tatters. Not only that, his body was bloody, and the evil spirit behind him had already disappeared!

The ghost ghost demon king's whole face is very white, like a beggar coming out of the slum!

He a pair of sharp claws, crazy rush to Ye Chen.

There is a sneer in the corner of Ye Chen's mouth. There is no difference between the ghost demon king and the death fighting.

"Time flies!"

The spirit power in Ye Chen's body erupts wildly and condenses in his fingers.

Fingertips burst out a bright light, this moment suddenly erupted out!

The law of time at this moment, crazy flow, as if no money erupted.

Stab!

A finger down, the power of the law of time directly into the body of the ghost demon king.

The law of time constantly destroys his vitality in his body. With the speed visible to the naked eye, the ghost demon king's body is constantly drying up.

When he rushed over, the ghost demon Jun's eyes sank down. Not only that, his arms were like a dry old man.

Now the ghost demon king does not even have the strength to speak.

Ye Chen mouth a ray of sarcasm look, and then a hand directly grasp the ghost ghost demon Jun's arm, does not need much strength, a slight twist!

"Click!"

The ghost ghost demon king's arm directly explodes, his mouth opens slightly, wants to say something, but finally did not say.

Ye Chen raised his hand and slapped directly on the head of the ghost demon king.

Ghost ghost King's head in this moment of direct explosion, a moment no bones exist!

"Ah! The devil and the devil

You corpse demon Jun in one side, eyes blood red, no one thought, a mole ant Ye Chen, even killed two people!

Now only the corpse demon king and the Tiansha demon king are left. The possibility of them to untie the seal is almost zero.

After two successive wars, ye Chen's spiritual power in his body was very little.

If ye Chen did not have the ability of leapfrog combat, he would not have been an opponent when the bloodthirsty demon king shot at him.

"Ye Chen, my name is yuan long. I want to join you in the killing clan!"

At the moment, the monk came to Ye Chen and said earnestly.

Although Ye Chen's real cultivation is not as good as him. But just now in the first World War, he seemed to see the birth of a top power in Lingwu!

At present, the only thing that can make friends with Ye Chen is this killing clan.

Ye Chen's eyes flashed a little surprised look, but also did not ask more, finally gently nodded.

In the killing clan, Yuan Long is definitely adding a senior general!

"Shazong, welcome to join us!"

Ye Chen can harvest a great general. He is full of joy in his heart. If a force wants to develop, he must have a potential warrior.

Yuan long can get the inheritance of the demon saint, itself is extraordinary!

Ye Chen takes a look at you corpse demon Jun, so far they only need to kill you corpse demon Jun.

When the time comes, they will work together to deal with the evil spirit, and their plot will not succeed!

Ye Chen can feel that the spiritual power in his body is losing slightly, although the speed of the loss is not fast.

But they don't have much time. They have to solve the last two people in a certain period of time.

Ye Chen takes out two pieces of time and space soldiers and five handles of combined Dao artifact. He has no time to spend with you corpse demon king.

At this time, we must make a quick decision!

When ye Chen took out the weapon of time and space and the artifact of combining Tao, the corners of Yuan Long's mouth twitched slightly.

Everyone in the western regions has seen the power of a thousand weapons explosion!

It can be said that ye Chen has a thousand soldiers exploding, which is a big killing tool for walking. Anyone who sees it will be frightened.

"You corpse demon king, your plot is completely smashed, and you will surely die!"

At the moment, ye Chen rushes into the void and stares at the corpse demon king with a pair of eyes. Beside him, Yuan Long stands there!

Three dozen one, you corpse demon king is unable to return to heaven!

"Ha ha, I have lived through endless years. How can I fear death?"

You corpse demon Jun stands in the void and laughs wildly. It has a feeling of hero's twilight.

"Tiansha demon king, I will take a step first, and I will take revenge for us!"

At this time, a roar came from the corpse demon king. The evil Qi in his body flowed wildly at this moment.

Ye Chen's face changed slightly, and now you corpse demon Jun even intends to blow himself up.

This is the self explosion of the strong man in the three layers of heaven in the realm of nature. No one knows how terrible the power can be.

No one thought that the ghost king would be so crazy.

You corpse demon Jun's practice can also be seen, if he does not blow himself up, there is no way to return to heaven.

If it explodes, it can also bring a ray of life to the Tiansha demon king.

Chapter 1707

If he blew himself up and killed Ye Chen directly, the evil Lord only needed to face the demon saint, and he could have a chance.

If the three people do not die, the evil spirit will not be able to return to heaven!

"A thousand soldiers explode!"

Ye Chen whole person sends out angry roar, must stop you corpse demon king from exploding now.

Once you let the corpse demon king explode successfully, they will not die and have no ability to fight again.

Ye Chen directly throws out the weapon of time and space and the artifact of harmony.

The soldiers of time and space and the artifact of harmony make a buzzing sound in the void.

At this moment, the breath of terror diffuses. In the void, there is not only the smell of weapons, but also the breath of the ghost king about to explode.

At this moment, all eyes are fixed on Ye Chen, hoping that he can prevent the ghost king from exploding.

You should know that the power of Youshi demon Jun's self explosion not only makes Ye Chen three people under threat, even the martial arts people below will be killed and injured.

"Little Lord, are you sure?"

At the moment, Yuan Long has changed his mind. Since he has agreed to join Ye Chen's power, he can't be called Ye Chen.

As far as he knew, the people who killed Zong were called Ye Chen Shaozhu!

"I'm not sure now!"

The corner of Ye Chen's mouth shows a trace of bitter smile. This is the self explosion of the strong man in the natural environment. He has no complete assurance.

Now he can only listen to fate, only hope to stop the ghost king.

You corpse demon Jun ferocious laugh, now he has not cared about life and death, some are just endless resentment.

This is the biggest resentment for ye Chen. If it was not for ye Chen, how could they be so miserable.

You corpse demon Jun's figure madly rushes to Ye Chen.

Ye Chen stood beside him motionless, not that he didn't want to, but couldn't!

Once he leaves now, it is impossible for the explosion to break out.

The war of time and space and the artifact of the unity of Tao emit the breath of terror in the void.

Not only that, but also the breath of the ghost King's self explosion has reached a critical point.

At this moment, almost all people are praying that ye Chen can stop the ghost king!

Ye Chen whole person looks ferocious, immediately roars a voice: "give me burst!"

At this moment, the weapon of harmony of Tao and the weapon of time and space exploded instantly.

Boom!

The scope of the explosion rocked like the end of the world.

There is a question in everyone's heart, what is the situation of the ghost King now.

This battle is about their lives!

"Oh, you little scumbag!"

At this time, the corpse demon king rushed out from the scope of the explosion, with a white face, like a lion in a desperate situation.

See you corpse demon Jun rushed over, all the martial arts face a white, no one thought, such a terrible explosion, you corpse demon Jun is still alive.

But now you corpse demon king's appearance is not much better, the body's flesh and blood fall.

"Boom

You corpse demon king's breath reached a peak, in this moment instant explosion!

The breath of terror swept by, ye Chen fled in a hurry.

Even if you are seriously injured, the power of self explosion can not be underestimated.

At the moment of the ghost King exploding, I don't know how many warriors scream.

Ye Chen was lying on the ground and stood up hard. Although at the last moment, you corpse demon king was weak, but the power of the explosion was too strong!

Ye Chen turned his head and took a look. Yuan Long was no better. I'm afraid he had no way to continue fighting.

If he wants to fight, his state is also extremely difficult, as long as a slight move, the whole body will send severe pain.

No matter what, you corpse demon king in the last moment or achieved their own goal.

The warrior below did not know how many died. Ye Chen took a look and found that Liang XueYue and Ji Lin were not in any big trouble, so he was relieved.

"Little Lord, what should we do now?"

Yuan long stood up and came to Ye Chen's side.

"Now you can only see the demon saint!"

Ye Chen still believes in the strength of the demon saint. If facing the Tiansha demon king alone, the demon saint should be able to deal with it.

"Tiansha demon king, if you look back now, you still have a chance!"

At this time, the demon Saint stood in the void and opened his mouth.

The evil Lord's face was ferocious, and a sneer appeared at the corners of his mouth!

Looking back? How could he turn back now!

Ghost ghost, bloodthirsty and corpse demon have all died in battle. How can he turn back now?

Tiansha demon Jun angry smile, and then even ignore the direct rush to Ye Chen.

At present, ye Chen is seriously injured, and he is totally helpless. It's easy to deal with him!

Ye Chen's face changed greatly. He didn't expect that the Tiansha demon king rushed to him at the critical moment. The speed of Tiansha demon king is too fast, ye Chen has no way to resist.

Ye Chen forced to bear the pain and stood up directly, holding the blood magic sword in his hand!

At the moment, he has no way but to respond passively!

Even the master who calls the reincarnation graveyard has no chance!

Boom!

Tiansha demon king hit down, ye Chen directly block with blood magic sword.

The huge anti shock force makes Ye Chen's whole figure fly backward.

In the moment of flying out, ye Chen spits out a mouthful of blood from his mouth.

All he wanted to do was stand up like a bone.

If you move slightly, you can feel severe pain.

Now he has no way, I'm afraid that once others start, he can't resist.

At the moment, Yuan Long comes to Ye Chen and looks around with vigilance.

At present, the figure of Tiansha demon king does not know where to hide, who knows when it will come out.

Since he has joined in the killing of Zong, ye Chen is in danger now, so he can't ignore it.

"Ye Chen, you killed my brother. No matter what, today you are doomed to die!"

The evil spirit king hid in the void and said with a sneer.

Ye Chen's eyebrows wrinkled. At present, he has no strength to resist.

Even if Yuan Long was by his side, he was no match at all.

And ye Chen doesn't want to give his life to others.

Ye Chen takes out a pile of healing pills and puts them into his mouth, hoping to recover as soon as possible.

But at present his injury is really too serious, even if there are healing pills, it will not be able to be good for a while.

At this time, the figure of the demon Saint falls beside Ye Chen and takes out a dark green pill.

"This is the ancient Luo Shengdan, which can make you recover instantly. This is the only one in the world."

Ye Chen took the elixir in the demon saint's hand and swallowed it into the abdomen.

At this time, pills in his body, crazy explosion, visible speed of the naked eye, his injury continued to recover.

Less than ten rest time, ye Chen has been intact!

"I'm not sure how to deal with the Tiansha demon king alone. He should have hidden means. Ye Chen, how about you and me

"I also want to see what you can do."

Chapter 1708

At this time, the demon Saint said directly.

Ye Chen nodded slightly. Now that he has recovered from the injury, he can continue to fight, and he must fight to the end with the evil spirit.

Just now, the evil Lord nearly killed him!

"Tiansha devil, do you still want to change it?"

The demon Saint stands in the void, and suddenly blows out his fist.

Go down with this fist, and find out the demon king in the dark.

The figure of the Demon King appeared in the void with a dirty smile.

"Demon saint, tens of thousands of years ago, our four demons were defeated by you. Today's seal will be untied!"

At the moment, a strange mark was made in the hands of the Tiansha demon king. In this moment, the whole palace was shaking continuously.

Boom!

A silent sound broke out, and the whole palace rose to the sky.

"Demon saint, mistakes made ten thousand years ago will never be made again. In case of emergency, we have already arranged the array in secret."

For this moment, they have been waiting for tens of thousands of years. They will be able to achieve it immediately. They want to laugh at the sky!

At this time, the coffin of the demon Saint exploded in an instant, and a six pointed star seal appeared at the bottom of the coffin.

"I guess so. The seal is under your coffin."

As soon as the voice of the demon king fell, the figure rushed over crazily.

The demon saint's face changed and he said in a hurry: "Ye Chen, you can't let him break the seal!"

Although Ye Chen doesn't know what the seal is, it is absolutely terrible to see the demon saint's eyes.

At the moment, ye Chen rushes directly into the void with a lunge, grabs the blood demon sword in his hand, and suddenly kills out with a sword.

Demon Saint lightning speed, came to the Tiansha demon king in front of a fist to kill out.

The two terrible forces suddenly fell on the body of the demon king.

"Boom

The power of terror broke out in an instant. However, the Tiansha demon king did not change at all.

There was not even a trace of pain on his face!

"This is a treasure armor made of Xuanwu. It is indestructible. If you want to kill me, you are not qualified."

Ye Chen's eyebrows wrinkled. The armor made by Xuanwu is like the defense of Xuanwu beast, which is extremely terrifying.

It's very difficult to break the defense of Tiansha demon king in a short time!

Now the Tiansha demon king is a human flesh shield, not afraid of Ye Chen's attack.

"Years kill the sword!"

The spirit power in Ye Chen's body was released without hesitation, and the blood magic sword burst out with bright light.

The power of the law of time, constantly burst out, a sword crazy kill out!

Boom!

A sword down, burst out of the breath of terror, however, the devil king did not have any resistance, the ghost figure came to Ye Chen.

A palm directly to Ye Chen's chest!

Ye Chen Mou son a congealing, fast retreat!

"The reaction speed is quite fast, not bad."

The language falls, the evil spirit king appears again in Ye Chen's side, finger pinches Jue, also at this time, ye Chen unexpectedly rushed up directly!

Hold the foot of the devil!

Click!

"Your strength is too weak!"

Boom!

Endless evil Qi hits Ye Chen's chest, but he doesn't let go, instead, he holds it more tightly.

"Now!"

At the moment, ye Chen roared, behind the Tiansha demon king, the demon Saint condensed a finger.

This finger seems to change the color of heaven and earth, and the spiritual power in the void is crazily condensed on the fingers of the demon saint.

Boom!

A finger in this moment, suddenly fell, the whole palace appeared dense cracks.

The whole palace is crumbling, as if it can collapse at any time!

Pooh!

Tiansha demon Jun spits out blood from his mouth, and his eyes are full of blood red.

This blow is enough to hurt the demon king.

Tiansha demon Jun wiped off the blood on the corner of his mouth with his fingers. At the moment, ye Chen has already released his legs and opened a distance from him.

The Qi and blood in Ye Chen's body is surging. At the moment, he is not well. He has the strength to resist the Tiansha demon king. Ordinary people have already fallen.

Fortunately, ye Chen's physical strength is good, otherwise the bones would have been scattered.

The whole figure of Tiansha demon king flew out and ran to the seal.

At the moment his speed is at its peak, and now he has to fight for every minute and second.

Ye Chen does not hesitate, the figure flies out, clenches the blood demon sword in the hand, suddenly cuts out!

Boom!

A sword cut in the back of the evil Lord did not cause any damage!"Gods and Demons change!"

Ye Chen murmured at the corner of his mouth. Although his speed is fast now, there is still a certain gap between him and the Tiansha demon king!

In an instant, the head of Ye Chen changes a spirit Huang, the speed speeds up a few minutes again!

Sing!

Linghuang a pair of Eagle claws directly grasp the clothes of Tiansha demon.

"Go away!"

Tiansha demon Jun rebuked and slapped in the past!

Click!

Linghuang is weak a little bit!

At the moment, however, it did not let go.

Once you let go, the monster inside the seal will come out completely.

I'm afraid everyone will be finished by then!

The demon Saint came to the front of the Tiansha demon king. He slapped his hands into the sky and fell down suddenly.

Boom!

The sky giant hand fell in an instant, and the whole figure of Tiansha demon king fell on the ground.

Now he was scarred all over, but his eyes were full of determination.

The demon Saint fell on the side of the Tiansha demon king, with a pair of eternal and boundless eyes, staring at him.

"Is it worth it? I suppressed them for tens of thousands of years. Now the three demons are dead, and you are the only one left. "

There was a sneer at the corner of his mouth.

"Is it worth it? We were the best brothers, but you suppressed us for tens of thousands of years

"At the beginning, our four demons just wanted to get powerful power. What's wrong?"

Ye Chen did not speak at one side, how did not think, demon saint and four demons have this layer of relationship.

I'm afraid that the suppression of the four demons of the Tiansha demon king is also due to the old love of the demon saint. Otherwise, it would have been completely destroyed and would never be affected again!

"Ah

The demon Saint sighed slightly and then said, "you should know that once it is lifted, it may cause indelible damage to the whole land of Lingwu."

The evil Lord laughed but didn't speak. The sarcastic look in the corner of his mouth became more and more intense.

"I'm good to all living beings, but how can they treat our four demons well?"

The devil of heaven laughed ferociously.

Ten thousand years ago, they practiced magic in the land of Lingwu, where everyone yelled and beat, just like a rat crossing the street.

Can someone be nice to them? Some just want to kill them!

Ye Chen is silent beside him. Maybe the mood of the evil spirit king can only be felt by him.

When he came to Lingwu land, he was treated as a mean person.

"Demon saint, do you think you can successfully guard the seal?"

At the moment, the corner of the mouth of the Tiansha devil shows a strange smile. At this moment, ye Chen looks up to the seal, and there is a Tiansha demon king!

What's the situation?

Ye Chen feels dizzy inside his brain, how can appear two people!

"Ha ha ha ha, demon saint, how powerful are you? I have been suppressed by you for tens of thousands of years, and have been practicing the incarnation of heaven!"

This is the last way for the devil to prepare.

He has already practiced the secret art of incarnation in the outer world. He can cultivate a second self, but only half the strength of the noumenon.

Even if only half of the strength of the Tiansha demon king, but opening the seal is enough!

"Go

At this moment, the second body of Tiansha demon Jun, slapped at the six mans seal!

Boom!

Seal opened, the breath of terror erupted madly!

Chapter 1709

Ye Chen has never felt such a depressing moment.

An ominous premonition came to his mind.

Stab!

The second body of Tiansha demon Jun was crushed by the smell of terror.

The whole palace collapsed in an instant, like the end of the world!

"We can't stay here any longer. Let's go!"

Now, even if the devil's hand has no power to open, even if the demon's hand has no power!

The breath of terror soared into the sky. Above the sky of the demon saint's secret place, came the oppressive breath.

Boom!

The palace began to collapse, and the warriors scattered everywhere. Ye Chen hugged Ji Lin and took Liang XueYue and Chen Feng away.

Originally Ye Chen planned to fly away with the crowd, and the voice of demon Saint came from his ear.

"Ye Chen, follow me, I will take you to a place!"

Demon Saint words, let Ye Chen without any hesitation, directly follow up.

At the moment, the scene has already been disorderly, and the fighters fled everywhere and became completely chaotic.

Ye Chen has been following behind the demon saint, and now comes to xiadi, which is the crater where the fire dragon is located!

The demon Saint stood in the void, and a handprint was shot out.

The lava inside the volcano erupted, and a fire dragon burst into the sky.

Originally the fire dragon's angry look, saw the demon saint's first eye, the eye actually became gradually wet.

Roar!

The fire dragon made a hoarse voice. The demon Saint came to the fire dragon and stroked its head slightly.

"Open the border!"

As soon as the demon saint's voice fell, the fire dragon soared into the sky, and a blazing flame erupted in the crater.

Ye Chen can see that an ancient and simple gate appears in front of them!

The demon Saint opens the gate and goes in. Ye Chen follows and rushes into it.

One into the inside, ye Chen found that there was a hole in it!

There is a wooden house and a waterfall beside it.

It seems that this is the place where the demon saint was closed before!

"Ye Chen, you come with me. I want to tell you something!"

The demon Saint walked into the wooden house and asked Liang XueYue to wait outside first.

Ye Chen followed in and found that there was only a bed and two bamboo chairs inside.

At the moment, the demon Saint sat on the bamboo chair and motioned Ye Chen to sit down.

"Ye Chen, I'm in a state that can't last long. I need to talk to you about something."

At this time, ye Chen looked up and found that there was no blood color on the demon saint's face.

Originally his body was full of Qi and blood. Now he is like an old man who is going to the end.

Dry arm, as if at any time will be broken.

Seeing this scene, ye Chen didn't say much. I'm afraid there are some reasons why the strong man of the demon saint for tens of thousands of years can survive now.

Being able to survive is not a real resurrection, but the use of one's last trace of soul.

"In fact, those guys sealed below are not threatening me, but the whole land of Lingwu."

"Even the Kunlun void behind you."

Ye Chen is slightly stunned. He can't believe that the demon Saint still knows Kunlun Xu!

But what is the so-called threat?

"Now that the seal is broken, it won't be long before those guys come out."

"Damn it! If I had known this, I would have destroyed the soul hall and the blood spirit clan! "

Ye Chen hears the soul hall and the blood spirit clan, the expression is extremely strange.

His greatest enemies in Lingwu are probably these two forces.

Now these two forces are not good. Why are they sealed below?

However, this demon Saint obviously does not allow Ye Chen to interrupt.

"I have been guarding the seal for hundreds of thousands of years, but I didn't expect that I would not protect it after all, and then I would die!"

"Ye Chen, I can tell you for sure that the soul hall and blood spirit clan in Lingwu land are not as simple as you think!"

"These two forces are dormant all the time, and their conspiracy is far more than anything else!"

"And what is sealed in the secret place is the existence of a blood soul clan!"

When ye Chen heard the blood soul clan frown, he couldn't help but wonder: "you don't want to say that the blood soul family is the soul hall and the blood spirit family..."

Before he finished his words, the demon Saint said, "it is!"

"In ancient times, when the leaders of the soul hall and the blood spirit clan did not contradict, the blood soul clan was extremely powerful."

"Now the blood spirit clan and the soul hall are not as strong as one percent of the blood soul clan."

"You can also understand that the blood soul clan has nurtured the present blood spirit family and soul hall!"

"If one day the two forces unite again, it will be a nightmare for the whole Lingwu continent!""But if the seal is lifted, the most powerful person of the blood soul clan will not come out immediately! You still have time

With a slight sigh, the demon Saint spent his whole life to protect things, and finally broke open. His mood can be imagined.

Ye Chen does not have any expression on his face, but he has already been shocked in his heart.

Originally, he thought that what was sealed was a monster or a terrible monster, but who knows it was the blood soul clan!

Ye Chen doesn't know how strong the strong of the blood soul clan is. However, looking at the cautious appearance of the demon saint, I'm afraid that the overall strength is far beyond what he understands.

"Master, you know, my strength is so low that I can't afford the heavy responsibility!"

Although the demon Saint did not say anything, but ye Chen has guessed about it.

His strength is only a small Hunyuan state, so that he can deal with the blood soul clan, it is a complete fantasy.

When the sky falls down and a tall man stands on it, he doesn't believe that the top forces will turn a blind eye to it.

Why did the blood soul clan come into being? Nothing but resources and interests!

Ye Chen sees all this thoroughly!

He doesn't want to be a hero or a savior. He just wants to protect the people around him!

"Ye Chen, I asked you to come here. I don't want you to fight those strong people now. I just hope that when you have the ability, I will fight against one or two."

"If there is evil in this world, there is good."

The demon Saint stood up and even bent down to Ye Chen with an expression of supplication.

His time is running out and he has no ability to continue to guard.

Ye Chen's face was slightly moved. A demon saint was not worshiping him, but the common people in Lingwu land.

"I'll help if I can!"

Ye Chen sighs helplessly. The blood magic sword in his hand is equivalent to the inheritance of the demon saint.

Now the demon saint's request, he has no way to refuse!

"Ye Chen, I know that you have complaints against the warriors in the land of Lingwu, but the good and evil are between your thoughts."

"My four brothers at that time were not

The demon Saint flashed a bitter smile. At the beginning, five people turned against each other, and the four chose to become demons. The demon Saint suppressed the four brothers by himself, and his inner pain can be imagined.

"No more time in this part of me!"

Chapter 1710

At the moment, a light ball appears in the demon saint's hand, and runs to Ye Chen's mind actively, and merges into one.

There are countless memories in Ye Chen's mind. These memories have the skills of demon saint and secret arts!

But some of them he couldn't understand, extremely obscure.

"Ye Chen, the next thing can only depend on you. If you want to go out, the fire dragon will take you away naturally."

At this time, the demon saint's body was broken, and his body could not last long.

Ye Chen looks at the demon saint is about to break the body, quite moved.

A generation of peerless strong people, at the last moment, do not forget their mission.

Such a strong person deserves Ye Chen's respect!

Boom!

At this moment, the body of the demon saint was broken, and there was not even a trace of vitality.

Ye Chen stood up and walked out of the wooden house. At this time, Liang XueYue came to him and said, "Ye Chen, what is the seal on earth? What's the situation now? I don't always feel right. "

Liang XueYue inquires, Ji Lin and Chen Feng are also curious.

"The land of Lingwu will not be peaceful soon. The blood soul clan that was once sealed will be swept by, and the demon saint has left!"

These things, they will know sooner or later.

However, several people do not know the eternal past, and even more do not know what the so-called blood soul family is.

But from ye Chen's tone, I can feel how troublesome the so-called blood soul clan is!

At the moment, the fire dragon comes to Ye Chen's side, and his eyes are full of tears.

Want to come to demon holy body death, it already felt.

Ye Chen follows the fire dragon to the exit and comes out from inside. Ye Chen takes a look and finds that the air is filled with a bloody smell.

"It seems that some blood soul clansmen have already run out of the void passage."

Ye Chen murmured at the corner of his mouth, killing is essential!

.....

Ye Chen and Liang XueYue walked wantonly in xiadi and found the bodies of many warriors.

These bodies, without exception, have all their hearts excavated!

All the blood is gone!

Death is ferocious.

"This What the hell is going on! "

Even if the so-called blood soul clan, also can't dig out the heart?

Chen Feng looks at a gust of cold, can dig out the heart, how abnormal these people are!

"Let's go on!"

Ye Chen's eyebrows are locked and he doesn't say anything more. He wants to find shazong as soon as possible.

At present, in the secret place of demon saint, people are in danger. I don't know how many strong people have fallen.

However, ye Chen found that Liang XueYue and Ji Lin did not act.

"What's the matter?" Ye Chen stopped and asked.

Liang XueYue hesitated for a few seconds and then said, "Ye Chen, you should know the biggest reason why Ji Lin and I came to the demon saint's secret place..."

"We don't come here for the sake of demon Saint inheritance, but for poison..."

Liang XueYue didn't go on because of killing his disciples.

Ye Chen slaps the forehead, suddenly!

Ji Lin's inborn poison and Liang XueYue's postnatal poison all need a heritage in the secret realm!

Not from the demon saint!

Someone else!

He took a look at several people behind him and asked Chen Feng to take them to gather with the disciples of shazong.

The purpose of this visit is not only for the inheritance of the demon saint, but also for the inheritance of Ji Lin.

The inheritance of QianDu Shenjun has not been inherited by Jilin. How could ye Chen be willing to leave.

Soon after Chen Feng and his wife left, only Ye Chen, Liang XueYue and Ji Lin were left.

"Ye Chen, I have found a clue that the inheritance of the thousand poison God King is in the winter."

Hearing Liang XueYue's words, ye Chen nods slightly.

If it was not for the inheritance of demon saints, Liang XueYue and Ji Lin would have gone to search for the inheritance of QianDu Shenjun.

They are less interested in the inheritance of the demon saint.

"Well, let's check it out in winter."

Now that they had found their way, they went straight to the winter.

Now, the three personal mysteries in the holy land have disappeared.

It won't take long for the three of them to arrive.

Half an hour later, ye Chen saw the poison gas walking in front of the whole mountain.

A towering mountain peak, all of which are poisonous gases of terror, not only that, but also vaguely some poison cultivation, constantly moving forward.

Ye Chen three people fall from the air, the poisonous gas all over the sky, let him frown.

As for Liang XueYue and Ji Lin, they didn't have any feeling at all, and even felt comfortable all over.

For poison cultivation, these poisonous gases are the best place to practice.

"Ye Chen, I have a hunch that this is the place where the thousand poisons are inherited." Liang XueYue has an excited look on her face, her pretty face is ruddy, and her heart rate is constantly accelerating.

"Well, let's go in, and don't let anyone else get ahead."

At present, ye Chen's body and the poisonous gas outside have no effect on him at all.

The three men went into the mountain and found some poisonous insects flying around, and even some poisonous snakes hovering on the branches waiting for their prey.

Along the way, ye Chen saw a lot of corpses, these bodies are poison repair, some were killed by human beings, some died under the poison.

The road ahead is covered by poison gas, which makes it hard to see clearly.

Ye Chen and they can only move forward cautiously, but he feels the difference of Ji Lin.

He found that these poisonous gases could not help entering Ji Lin's body.

Be a part of her.

It's extremely weird.

Ye Chen saw this scene and was shocked. If Ji Lin practiced in this scene for a period of time, his strength would certainly soar.

From the foot of the mountain to the middle of the mountain, ye Chen did not know how many poisons he solved.

After reaching the middle of the mountain, the terrible poison gas makes Ye Chen feel a little uncomfortable.

The vision ahead has been completely invisible. At this time, a sword light suddenly appears in front of Ye Chen.

"Looking for death!"

Ye Chen's eyes flashed a trace of cold look, then a slap to go.

Boom!

The sword light disappeared, and there was a shaking on the ground.

"Be careful, you two. There's an ambush."

I can't see clearly the sight around. The mind doesn't work here.

Liang XueYue and Ji Lin nodded slightly and looked around carefully.

The ghostly figure shuttles around Ye Chen and them at a very fast speed.

Ye Chen stood still in place, his ears heard the sound of whistling.

At the moment, he stretched out an arm, bent his fingers, and blew out a fist.

Bang!

"Ah

A scream came and a man fell to the ground.

Ye Chen takes a look and finds that he is only the peak of Hunyuan realm and grabs his neck directly.

His face with a grimace mask, ye Chen directly tore off.

Stab!

A face without any blood color appears in front of Ye Chen, with black pus on his cheek, looking at the abnormal terror.

"If you want to kill people and seize treasure, why not stand up?"

Ye Chen grabs his neck and roars loudly.
