

Physician 1751

Chapter 1751

Does Ye Chen have any chance these days?

It seems that the most correct decision is to make friends with Ye Chen.

He can already imagine that, as long as ye Chen does not die young, he will definitely become a overlord in Lingwu mainland in the future, and even suppress an era!

His breath was heavy at the thought of it!

Suppress the strong men of an era!

It's been tens of thousands of years, and none of them have appeared.

There are many overlords in Lingwu mainland, but who dares to suppress an era?

None of them!

But qingjianxianzun sees hope in Ye Chen.

Now the Hunyuan realm can kill and create Huajing. If we break through the realm of saints, who will be ye Chen's opponent at that time?

All people in Lingwu mainland will be suppressed by Ye Chen!

At that time, it was really the era of Ye Chen!

"If you want to be the enemy of the hundred immortals palace, you have to think about the consequences!"

Yuan Kai stood up alone and glared at Ye Chen!

Seeing that ye Chen didn't speak, he continued to say: "this time, the palace of wanjian emperor can't live. If you are against the palace of hundred immortals, you are against the three top forces."

"You are so talented that you can be regarded as a demon. Why should you give your life to wanjian emperor palace for nothing?"

"It's better to join us in the hundred immortals palace and give you the best resources absolutely. It's not impossible to be the leader of the palace."

"What's more, you should make clear that we are weaker than you because of the suppression of the array. If you leave the array area, you will die!"

"The most important thing is that the array can't last too long. When the time comes, the star and gate level of our hundred immortals palace will come. Do you think you have the right to fight back?"

When Yuan Kai saw Ye Chen's talent, he felt a little excited. If he could win over Ye Chen, it would be worth dying.

Martial arts are easy to find, but how many monsters are there in the whole Lingwu continent?

Yuan Kai's words, let the green sword immortal respect inside is also tight.

If ye Chen really takes refuge in the palace of hundred immortals, what should we do?

Seeing that ye Chen did not open his mouth, Yuan Kai did not worry, but waited patiently.

He believes that ye Chen will definitely make the right choice.

No one does not want to join the top forces, let alone focus on training?

A moment and a half later, ye Chen suddenly laughed.

"What? What are you laughing at? Are you going to join the hundred immortals palace

Yuan Kai thinks Ye Chen has agreed, and even thinks in his heart how to let Ye Chen worship him as a teacher.

"I laugh at you, daydreaming! Is it right for me to enter the palace of hundred immortals? I hate it for nothing. "

Ye Chen didn't want to join the palace of hundred immortals from the beginning to the end. He was just delaying time and restoring some strength.

The name of the hundred immortals palace can't beat Ye Chen!

Yuan Kai's whole body was in a rage. Wasn't he teasing him?

It's his pleasure to join the palace of hundred immortals, and do not want to give it to him for free?

Qingjianxianzun showed a little relieved smile, which did not waste his original decision.

"Ha ha, your hundred immortals palace is just like rubbish in my eyes!"

"From today on, ye Chen will fight against the palace of hundred immortals!"

Ye Chen clenched the blood magic sword and pointed to Yuan Kai, indicating his attitude!

This is his attitude towards Ye Chen!

What about the top forces? If others are afraid, he will not be timid at all!

If ye Chen was afraid of these forces, he would not make a great fuss in the western regions.

"Ah! You little beast, I'm so angry

Yuan Kai's anger was burning, his eyes were bloodshot, and his anger could not help coming out.

Damn this little beast!

If you don't kill him, you will never be a man!

"All the nature world will take action to destroy this little beast."

As soon as Yuan Kai spoke, figures flashed out of the void.

Whoosh! Whoosh!

In the dark, five powerful people who create the realm come out in an instant!

They have been hiding in the dark, originally a Hunyuan garbage to save people, they did not care.

They thought that Cheng Du could solve the problem by himself. At the end of Cheng Du's death, a group of disciples decided that ye Chen would not survive. However, they had to pay attention to Ye Chen because of the successive shocks.

Ye Chen's brows are tight, and the momentum brought by the five strong people makes him feel a lot of pressure.

How could the forces left by the palace of hundred immortals only leave these powerful people in the realm of creation.

Five strong people in the natural environment, no unnecessary nonsense, let's go!

On the side, Yuan Kai looked on coldly, and ye Chen could not live for the five strong people.

The five strong people in the natural environment have not yet approached, but they have made Ye Chen feel the pressure of terror.

If it had not been for his immortal body, his present physical body would not have been able to hold on. Ye Chen took out ten handfuls of Hedao artifact and three weapons of time and space, and roared.

"A thousand soldiers explode!"

The whole void was humming, and there were even cracks.

The breath of terror spread out and made people afraid.

Boom!

The sound of the explosion made the disciples of the hundred immortals palace scream bitterly.

Even the warriors in the Hunyuan state were killed by the shock. Even if they were in the harmonious state, they tried their best to resist it. The eardrums were bleeding constantly.

"Pooh

Ye Chen a mouthful of blood and water spurted out, the whole person's face was extremely white, his spirit power, all of a sudden suffered heavy damage.

The sound of the explosion was endless, but ye Chen knew clearly that it was not realistic to kill five people with strong chemical environment.

"Blood dragon empty shadow, come out!"

A dragon song resounds through!

Above the sky, a blood dragon appears in an instant!

The blood dragon overlooks the mortals and conquers the world!

The blood dragon comes to Ye Chen's body in an instant, the guardian of death.

The body of the five creation realms is full of blood. When they see ye Chen, they can't help but rush to kill them.

"Die for me, little beast!"

Although the thousand soldiers explosion did not kill them, they were also seriously injured.

It's a shame to be injured by a Hunyuan territory!

Those who are strong in the realm of nature, regardless of it, hit Ye Chen's body one by one.

Blood dragon's strong blood gas covers everything! As if formed a shield, death shrouds in front of Ye Chen!

At this moment, ye Chen's physical body has been greatly enhanced, regardless of it, as if fighting for life momentum, crazy rush to kill the past.

One person, one dragon, with the momentum of the sky!

Boom!

Accompanied by a dragon chant, the blood dragon virtual shadow rushed to a strong man in the creation environment, opened his mouth and bit his arm.

"Beast, die for me!"

The strong man in the natural environment roared with pain and slapped on the body of Xuelong Xuying.

Stab!

It doesn't work at all!

Blood dragon empty shadow, dragon power swept, powerful!

Although the blood dragon's virtual shadow is powerful, it is also difficult to face so many suppressed strong people in the natural environment!

Boom! Boom!

The supernatural powers of several powerful people in the realm of creation directly hit Ye Chen's body, making Ye Chen constantly retreat.

If it was not immortal body, ye Chen would have been bloody.

One man, one dragon, against everything.

Chapter 1752

Blood dragon virtual shadow is a virtual shadow after all, its strength has not recovered to the peak state, it knows what to do!

Bear the strength of the creator, he directly tears the arm of a Creator!

Click!

At the moment of tearing it down, the blood dragon opened its mouth and spat out its scales!

With the potential of a prairie fire!

With the breath of terror, dragon scales fly away like a sharp blade.

Boom! Boom! Boom!

The strong man who created the world was injured by Ye Chen's thousand soldiers' explosion, and even lost an arm. Before he could react, these dragon scales had already fallen in an instant.

Each dragon scale is like a peerless artifact. It stabs into the body of the man who is strong in creation and has no life.

"This dragon shadow has something to do with this boy."

"If you kill this boy, it will disappear!"

At first glance, the four strong people in the natural environment launched their strongest attacks.

No one here will treat Ye Chen as a Hunyuan state.

The light of the sword and the shadow of the sword fall on Ye Chen's body, sending out a sad cry of pain.

Ye Chen can only keep fighting and killing, a pair of scarlet eyes, like the devil out of hell.

"Blood gas ten methods!"

He roared, and the whole human body was directly increased by 20 times, which came from the secret method of demon saint!

But it also brings a certain load to his body.

At present, his current state must be solved as soon as possible, or he will not be able to return to heaven when the sequelae of blood gas ten methods breaks out.

The blood demon sword was held in his hand, and endless evil Qi appeared behind him.

The blood ran down his body, on the ground.

The immortal sword will erupt for nine days, which can be felt by anyone present.

"Years kill the sword!"

The breath of immortal sword is completely integrated with the law of time, but it also brings great pain to his body.

Without the ten methods of blood and Qi, his body would never hold on!

Anyone can feel the horror of Ye Chen's sword.

There was a slight change in the faces of the four strong men.

The breath brought by Ye Chen has made them more and more depressed.

If it goes on like this, they can't live alone.

Kill!

Ye Chen raised his hand and fell in an instant!

The immortal sword idea and the law of time are condensed together, and the momentum burst out is too frightening.

The whole world even made a loud noise. This sword shocked everyone!

At the same time, the blood dragon's eyes are cold, and a roar of dragon directly rushes into the meaning of the sword!

Blood Dragon into sword!

Blood dragon empty shadow wants to bring ye Chen's sword into full play!

Only in this way can we have a chance!

He has already felt that ye Chen can't last long!

This sword contains too much!

Blood dragon empty shadow! Immortal sword! The law of time!

Stab!

A sword down, the sand around the sky flying, like ghosts in the roar.

Now the scene, has let anyone can not see clearly.

Can only wait quietly!

Ye Chen swings out his sword, and the four strong people in the creative world take out their defense treasures. But when the sword light strikes, these treasures are suddenly broken, and they can't resist a breath.

Ye Chen a mouthful of blood gushes out, spray in the air, the face has no blood color.

The whole person's body is crumbling, but he knows he can't fall down now.

He must insist!

Once down, he has no chance to live!

A tenacious will, let Ye Chen persist to now.

After all the smoke cleared up, several bodies fell directly from the void.

Those who are strong in the natural environment are in different places!

This scene shocked Yuan Kai and made him tremble all over. Not only he, but also the strong man of the natural environment who had been following him, had been paralyzed on the ground for a long time.

This Ye Chen is so terrible!

Ye Chen falls on the ground, a pair of blood red eyes, staring at Yuan Kai two people.

His clothes are red with blood, some enemies have him, and his face is slightly ferocious.

Now the situation, he has been about to support, Ye Chen's eyes are a little confused, about to faint in the past.

The blood demon sword in his hand stabbed on his chest and pulled out his hands directly.

Stab!

The blood gushed, but the intense pain stimulated his nerves so that he would not go into a coma.

Ye Chen treats others cruelly, treats oneself more ruthlessly!

Yuan Kai looks at Ye Chen and stares at him, and his body can't help shaking. He can see that Ye Chen is in a coma, but Yuan Kai doesn't dare to do it. He is afraid!

Ye Chen's image of killing five powerful people in the creative world is still vivid in his mind.

In case Ye Chen suddenly gives him a sword, what to do?

Damned sword emperor palace array!

If there is no formation, how could yuan Kai fall into the present situation!

He even wondered whether wanjiandi palace opened this array to meet this man!

"Boy, don't come here, or I will kill qingjianxianzun right now."

Yuan Kai spoke timidly. His right hand held up qingjianxianzun and hung a knife around his neck.

As long as ye Chen dares to make a move, he will immediately kill qingjianxianzun.

Ye Chen's eyebrows wrinkled, but did not immediately.

Yuan Kai felt a little relieved when he saw this scene. As long as there was a green sword immortal, it would be his life protecting talisman.

"Let go of him, I can spare your life!"

Ye Chen's indifferent voice came to Yuan Kai's ears.

If it was not for the consideration of qingjianxianzun, he would have rushed to it.

"Ye Chen, do you want me to let him go? Is it possible? "

Yuan Kai is not a fool. As long as you let go of qingjianxianzun, he will never survive.

It's sad and ridiculous that ye Chen can only save his life with his hostages.

Ye Chen doesn't speak any more. He is thinking about how to save the green sword immortal.

"Ye Chen, don't worry about me. Kill this bastard and avenge me!"

At this time, the Green Sword Fairy spoke with anger!

None of the people in the palace of wanjian emperor are cowards. How can they fear death?

The warrior goes against the heaven. He has long been indifferent to life and death.

Yuan Kai looked at qingjianxianzun with a pair of cold eyes, but he did not torture him. He was afraid that if he did, ye Chen would ignore it and his life would be gone.

Ye Chen smiles and doesn't say anything. If he can't save the green sword immortal.

There is no sense in his residence in the palace of hundred immortals.

Yuan Kai as long as let Ye Chen do not hand, as for him, has no courage.

Now he is looking for an opportunity to delay time, waiting for ye Chen to hold on, the moment of coma.

Ye Chen is the ant on his hand when he wants to knead it.

He believed that as long as he dragged on, he would definitely be able to save his life.

Chapter 1753

For a while, ye Chen is not absolutely sure that he can save qingjianxianzun.

His speed can't match yuan Kai!

After all, the other party is in the early stage of creation!

If there is no array suppression, it will be the later stage of the state of creation! Reaction and means are not ordinary martial arts can fight!

Do not feel like a drop of time in the past.

He has not much power in his body, not only that, but also the effect of the blood Qi ten square technique has disappeared.

In case yuan Kai saw it, he could only bear it now!

He was more and more anxious in his heart. Yuan Kai could drag on, but he could not.

When ye Chen is in a hurry, a sudden change occurs, and the green sword immortal Zun hits yuan Kai on the chest.

Yuan Kai was caught off guard, and his right hand released qingjianxianzun.

"How did you get rid of the prohibition?"

Yuan Kai's face changed greatly. He didn't expect that the green sword immortal Zun would suddenly attack at this time.

"Ha ha!"

Qingjianxian Zun laughed and didn't answer. Instead, he came to Ye Chen's side and grabbed Ye Chen's arm.

As early as he was arrested, the strong man of the hundred immortals palace had already planted the ban in the body of the green sword immortal.

However, qingjianxianzun had a chance to learn the skill of breaking the forbidden system.

Now the ban is broken, and when Yuan Kai doesn't pay attention, he runs out directly.

Yuan Kai's whole face changed completely. What should we do without the control of green sword immortal?

"Kill all my disciples!"

Yuan Kai couldn't roar directly.

However, these disciples are not moved, they have been scared by Ye Chen for a long time.

Let them kill Ye Chen? I really don't have the guts.

Who wants to die?

After all, the elite of the real hundred immortals palace have left because the array has been opened!

"Damn it, Xiao Ge, you go and kill that boy for me. Now that he has been seriously injured, he is definitely not your opponent."

Yuan Kai took a look at the Xiao Pavilion nearby.

Xiao Ge laughed bitterly. To tell the truth, he didn't want to go, but he couldn't just rush through.

Yuan Kai is dead, and he will not live at that time!

He only hoped that ye Chen really did not have the ability to resist.

"Ye Chen, you have a rest first. I'll take this man!"

Qingjianxianzun spoke directly. He was only slightly injured and had no much impact on his own combat power.

Ye Chen also knows that it's not the time to be conceited. He nods slightly and takes out a lot of healing pills from the samsara cemetery and puts them into his mouth.

Xiao Ge looked at the green sword immortal Zun rushed over, and the whole person was dumbfounded.

How did he forget that there were still strong men in the palace of wanjian emperor?

At this moment, Xiao Ge can't manage so much. In his mind, he just wants to run away.

However, qingjianxianzun had been abused for such a long time that he wanted to kill them.

How can Xiao Ge leave?

Yuan Kai, who was in the distance, saw that the situation was wrong and planned to leave secretly.

As for Xiao Ge, let him stand in front and die!

He and Xiao Ge are a clan, so how? Compared with their own lives, they are not worth a cent.

"Did I let you go?"

Ye Chen roared, dragging the exhausted body, directly rushed past.

Yuan Kai turned his head and saw that ye Chen had rushed over. He was shocked.

How can ye Chen linger!

Now, as soon as Yuan Kai sees Ye Chen, he feels that the black and white impermanence is coming.

In this situation, ye Chen will never let yuan Kai go and kill him with a sword.

The sword used up all the strength in his body and burst out without reservation in an instant.

"Years kill the sword!"

The power of the law of time entangled in his sword, and the immortal sword idea erupted madly.

Boom!

If yuan Kai didn't feel flustered, he would definitely be able to resist it.

However, Yuan Kai's heart had been in a mess for a long time. Seeing ye Chen waving a sword, he felt that the death of the strong in the natural environment was still vivid.

Stab!

A sword down, directly cut his body from the waist, like a waist cut.

With this sword, Yuan Kai's whole body fell to the ground and died completely.

At the moment of Yuan Kai's death, the battle on qingjianxianzun's side was also completely ended.

Originally, the strong man in the creative world could resist for a moment, but he was in the same state as Yuan Kai. He was scared out of control, only for a moment, he lost his head.

The disciples of the hundred immortals palace saw this scene and ran away. However, ye Chen did not give them a chance at all. Damn these people!

If you don't kill these people, their swords will be aimed at wanjian emperor palace sooner or later.

Ye Chen and qingjianxianzun rushed to kill them. They had no chance to escape. They were soon solved.

The whole residence of the hundred immortals palace is littered with corpses, and the smell of blood remains in the air.

Don't stay on the ground.

Qingjianxian Zun looked at it and quickly picked up Ye Chen and walked in the direction of wanjiandi palace.

He did not meet other powerful people along the way, and directly came to the palace of wanjian emperor.

The identity of qingjianxianzun is known to all the disciples, and there is no obstruction at all.

"Lord, help Ye Chen quickly!"

The fire sword God saw the green sword immortal Zun running over in a hurry, especially the leaf Chen behind him. The whole person's face changed slightly.

"What's the situation?"

Qingjianxian Zun quickly told the fire sword God what happened.

After hearing the report, the fire sword God raised his eyebrows, and ye Chen killed many strong people in the natural environment. How did he do it?

Fire sword God also knows that this is not the time to consider these, so he quickly put Ye Chen in a room and brought the best healing pills.

Ye Chen can be cured completely in less than three days.

Three days passed quietly.

A few people suddenly landed at the residence of the hundred immortals palace.

The breath of these people is very strong.

It's from the hundred immortals palace.

These days, they found that there was no news from the hundred immortals palace!

Absolutely something's wrong!

But even if the anti sky array of wanjiandi palace is suppressed, it is impossible for the palace of hundred immortals to be completely destroyed.

When they saw the scene in front of them, their bodies trembled and their hearts burned with rage!

No one could have imagined that the Hunyuan, Hedao, and even the realm of nature in which the palace of hundred immortals stayed at the station fell!

Merciless killing!

Such a scene full of corpses, even let an old man spit out blood on the spot!

"Lord Li Wen, the strong man of our hundred immortals palace, died miserably all his life."

A strong man opened his mouth and said that he was a strong man in the eight layers of heaven in the realm of creation, but in a thousand miles, he could only be suppressed in the early days of the state.

Not only that, Li's text is a strong one in Xingqiao state, and now it is also suppressed in the realm of creation.

Of course, Li Wen's strength is not the existence that ordinary people can contend with!

Chapter 1754

"Which little animal did it? Don't let me know, or I won't be a man if I don't kill him! "

Li Wen looked up to the sky and roared. This time, the loss of the strong is really a little serious.

If only the disciples were slaughtered, they would not have been so angry, but many strong people in the natural environment would have died.

These people don't know how much resources they spent in the hundred immortals palace to reach such a level. Now they are all dead.

How to keep him from getting angry!

"Check, I must find it out for me!"

Li Wen clenched his teeth and opened his mouth. His eyes had already been wrapped in anger.

"My Lord, I will use the secret arts to find out."

At this time, a strong man came out. He was proficient in deduction and could calculate everything.

At present, such a miserable picture, he naturally has the confidence to deduce.

He also wanted to know who killed so many strong men.

Li Wen nodded slightly. The strong man bit his finger, and a drop of essence flowed out. His face was slightly pale.

This secret skill is against the heaven, and it must pay some price.

The strong man's fingers made a strange movement, and his brow suddenly frowned and continued to deduce. However, half an hour later, his blood gushed out.

The whole person is dying, and it seems that there is only one breath left.

"How could it be!"

"My Lord, I am not qualified to view it!"

The strong man did not care about his own injury, and the whole person was still in shock.

What is disqualification? To put it bluntly, he doesn't deserve to know the identity of the one who started it.

You should know that he is a strong man at the top of the world of nature. He is not worthy to know.

Li Wen frowned, but said nothing more.

It seems that it is not the ordinary people who are doing it to them.

Yes, if ordinary people are suppressed by the array, how can they kill so many strong men?

.....

On the main hall of wanjian fairy palace, the God of fire sword sits at the first place, and ye Chen sits on one side.

Three days later, ye Chen woke up early, not only that, his injury has been completely recovered.

Although the pill of wanjiandi palace is powerful, it is Ye Chen's reincarnation formula and immortal spirit body that are really powerful.

Under the fire sword God, there are Huangpu sword God and kuohai sword God. As for the frost sword God, he has been alone to find the whereabouts of the ice sword master.

The strong in Lingmo Valley can't make a move. There are only people in wanjiandi palace who can take a risk to go to the heaven and earth killing area.

Under the sword God of kuohai, there are ten strong men of creation.

These people are now the strongest power of wanjian emperor palace after being suppressed by the array!

"Lord, what should we do now? Outside, the three top powers are covetous. "

Huangpu sword God speaks directly. Although the array is forbidden, the crisis can be solved temporarily, but the root cause can not be cured.

Once the source stone's energy is exhausted, none of them can escape from the palace.

"I suggest that when the God of frost sword comes back, I can't say that the immortal of ice sword will return. It has already broken through to the highest level. By then, relying on the details of the sect will not necessarily fail."

Then one of the old men with white hair spoke.

"I'm afraid the stone of origin will not last till then!"

Kuohai's sword body smiles bitterly. Indeed, the stone of origin has opened the array.

But since it's energy, it's going to run out one day.

And this day, it's not far away.

"It doesn't matter if we kill out, even if we die. It's better than being a shrinking turtle all the time."

In the hall, there is no perfect solution for every word you say.

Everyone knows that once the energy in the source stone is exhausted, it is the time for them to destroy their clan.

"Ye Chen, what do you think?"

Fire sword God Mou son a congealing, suddenly looked to Ye Chen.

Before that, no one believed that Hunyuan realm could kill and create Huajing.

But ye Chen did.

It is in the hands of countless powerful people to save the green sword immortal Zun.

Ye Chen's opinion is worth listening to.

Ye Chen pondered for a while, and finally stood up and said slowly, "now, it is obvious that wanjian emperor palace must look for allies."

At present, the palace of wanjian emperor is isolated and helpless. If there are allies or zongmen willing to attack, it is not impossible to resist.

When they were talking to each other, suddenly a disciple of wanjiandi palace came running over in a panic.

"Lord, no good, someone is trying to destroy the array!"

In a word, let all the people on the scene completely change color, and the God of the fire sword will be the first one to rush out directly.

Now the taboo formation is the root of them, and there must be no mistakes.

As soon as the fire sword God rushes out, where can the rest of the strong still sit?

Ye Chen also follows behind and finds a strong man in the creation environment, who even tears a hole in the array. Whoosh! Whoosh!

The palace of hundred immortals, the family of Shenglong and the clan of souls, all of which are strong enough to rush in.

The strength of these strong people, naturally needless to say, one by one strong.

"Feng Jie, you are rebellious

Fire sword God slapped the past, Feng Jie spit out blood and water, and his body fell back.

The strong men in the palace of the emperor of swords, regardless, came to the crack and bit their fingers one by one, dripping blood essence.

With the gap disappearing, the fire sword God, the broad sea sword God and the Huangpu sword God, all the strong ones, fell to the ground.

They already have injuries in the body, plus start taboo array, let them damage the source.

Although the array has been repaired this time, ten strong men have already rushed over. They can't fight at all.

"Feng Jie, you have done a good job. We will certainly not treat you badly at that time."

On this side of the Shenglong family, a strong man in the creation environment said directly.

This time, they bribed a strong man from the palace of wanjian emperor. Although there were only ten strong people in zaohuajing, it was enough for them.

In the taboo array, people like the God of fire and sword are also the realm of creation.

However, each of them has a strong breath of holy dragon family, which is also suppressed in the realm of creation.

But in the breath, has crushed the injured many creation environment strong person!

Ten of them, enough to kill the fire sword God and others.

At that time, the palace of wanjian emperor will be completely destroyed as soon as the strong one of the fire sword gods dies.

"Fire sword God, today your palace of ten thousand swords will be destroyed!"

A strong man who creates the world speaks.

Looking at the fiery sword gods with a wild look on their faces.

What if only ten of them came in?

Fire sword god they have no ability to continue the first war, only death is waiting for them.

"Lord, what should we do now?"

Huangpu sword God looked at the fire sword God with a look of despair.

He was not afraid, but did not think that the palace of wanjian emperor would be destroyed today.

They also want to maintain the array, and they can't fight any longer. Ten strong men in the creation of chemical environment can sweep them down.

The fire sword God's face looked as if he were ten years old.

Are they really going to perish in his hands?

The God of fire sword is not willing, but there is no room for recovery.

He looked at Feng Jie with hatred. If it was not for this traitor, how could he have come to such a state now.

"Ye Chen, find a chance, you escape!"

The fire sword God looked at Ye Chen beside him.

Ye Chen's strength is only Hunyuan state, and his strength is low. No one will pay attention to it. He should be able to escape when he has a chance.

The fire sword God is a little sorry for ye Chen. If it were not for him, ye Chen would not be in danger.

Ye Chen laughs but does not speak, instead takes the bleeding magic sword!

The moment of holding the blood magic sword, has represented his attitude!

Chapter 1755

I don't know how much he helped Ye Chen.

Now the master's family is in trouble. How he can leave will only upset his conscience.

He doesn't want to climb the top, but as a warrior, he only wants a clear conscience, which is enough!

Ye Chen a person directly step out, looking at many strong.

When ye Chen rushes past, the strong man's face changes greatly.

How can ye Chen rush up?

Is he not afraid of death?

At this moment, the eyes of the fire sword God are covered with a little fog.

A friend in need is a friend indeed. The palace of emperor wanjian did not help Ye Chen. However, ye Chen was the first to rush through.

At this moment, ye Chen's back became tall in the eyes of the disciples of wanjian emperor palace!

Ye Chen knows what the consequences are, but he has to do some things.

If it had not been for xianzun, he would have died many times.

"Well?"

The strong men of the three top forces frowned when they saw Ye Chen rush up.

Is this man crazy?

A mole ant in Hunyuan territory dares to point at them with a sword.

Although their strength has been suppressed, and the existence of the most powerful has left, but they also left the real strong man of nature.

What's the matter when a piece of garbage from Hunyuan district comes over?

Look down on them?

At the thought of this, the three top forces of the strong, furious, now wanjian emperor palace is about to be destroyed, dare to let people humiliate them.

"Feng Jie, give this mole ant to you!"

A humble man in the Hunyuan Kingdom, they disdain to hand, just let Feng Jie go, when the dog bites the dog, they watch a lively.

In the eyes of the three top forces, Feng Jie is just a dog.

Feng Jie gave a bitter smile and then said with a timid voice, "gentlemen, I dare not!"

He can know ye Chen's strength and kill him by himself. There is no difference between him and death.

The reason why he joined the three top forces was not because he wanted to live.

Now let him go to kill Ye Chen. Isn't this driving him to the fire pit?

"Pa!"

A clear and crisp sound, directly in Feng Jie's face.

"Waste like things, even a Hunyuan garbage do not dare to hand, what is the use of you?"

The strong man of the Shenglong family just finished saying that he did not give Feng Jie a chance to defend himself. He stabbed his heart with a sword.

Since they have rushed in, Feng Jie is of no use.

Kill and kill!

Feng Jie's eyes angrily denounced the strong men of the three top forces. His mouth was slightly open, and he didn't even say a word. The whole man fell to the ground and had no rest.

He didn't expect to be killed by the forces he joined in.

If he had known that, he would never collude with the three top forces.

Unfortunately, in this world, there is no regret medicine!

The strong man who killed Feng Jie took a look at him and felt his hands dirty.

Those who can betray the clan, even if they turn to them, will turn to other forces if they are in trouble one day?

"Wang Hui, you go to solve it!"

Said the strong man of Shenglong family.

The next second, a big figure stood out from the crowd!

Wang Hui disdained to look at Ye Chen, and then took out the sword in his hand.

A sword suddenly cut out.

He didn't use too much force to kill the garbage of Hunyuan. Why bother?

A helpless look flashed in the corner of Ye Chen's mouth, and then the blood demon sword was held in his hand, and the immortal sword idea gushed out.

With a wave of a big hand, a sword goes straight down.

Stab!

With one sword, Wang Hui's sword light was directly cut off. It was not as fast as his eyes and ears, and he was chopped to his head.

Wang Hui didn't care, but when he saw the sword light of Ye Chen rushing over, he felt a fatal crisis. He was just about to retreat, but it was too late.

Boom!

A sword down, Wang Hui's head directly split, a double eye eye eyes frightened looking at Ye Chen.

It is not ye Chen's strength that has been able to kill the one who is strong in nature.

But Wang Hui is too light on the enemy, if he is cautious, he will not end up in this situation.

When ye Chen killed Wang Hui with a sword, the whole scene suddenly became silent.

The three top powers, looking at Ye Chen, have a strange look.

They seriously suspected that ye Chen was hiding the realm. Otherwise, how could he kill the strong man in the state of creation with one sword.

They don't believe that a Hunyuan state can kill the strong one in a second.

The people in the palace of wanjian emperor below were also shocked. Although they heard the story of qingjianxianzun, ye Chen killed the strong man in the natural environment.

Talk to talk, but seeing it with my own eyes is another thing.

"His real state is definitely a strong one in the realm of nature. We need not hesitate to kill him together, and then we will kill the palace of wanjiandi."

The remaining nine strong people in the natural environment have already made their own brain tonic, imagining Ye Chen as a strong one in the same realm as Huangpu sword God.

It must be the strong man hidden in the palace of wanjian emperor. Otherwise, it would be impossible to kill Wang Hui easily.

Ye Chen holds the blood magic sword and immortal sword meaning, and his strength can really approach the early stage of creation, but their imagination is too rich.

When the five strong people in the early days of the lunar calendar, they had brought enough pressure to Ye Chen, not to mention the nine?

Ye Chen does not have any hesitation, directly displays the blood gas ten methods, increases own flesh body strength to 20 times.

There was no fear in his eyes, only a strong sense of war.

The fire sword God and all of them were worried about it. This was the action of nine powerful people who made the world.

Can ye Chen really resist it?

They are not clear in their hearts, but now they can only place their hope on Ye Chen.

Unconsciously, the only hope of these strong men is placed on Ye Chen.

"Cold ice sword is determined!"

Ye Chen all over the body of the ice law burst out, the breath of terror, originally sunny, now let people feel a trace of cold.

The killing intention of the nine strong people in the natural environment is more powerful!

Ye Chen must die!

The law of ice flows, ye Chen resists these terrible breath, raises the arm, holds the blood magic sword tightly.

At this time, one sword directly cut out.

A dark blue sword light was born in the sky. Everywhere the sword light went, the air around it was condensed into ice.

The ice spreads wildly, but the mouth corners of the nine strong people in the natural environment show a sneer.

This sword can't threaten them!

I saw a strong man who rushed to the front of Ye Chen, and fell down with a slap.

Bang!

With a dull sound, the faint blue sword Qi broke up in an instant.

They have been on guard for a long time. No one regards Ye Chen as Hunyuan.

You can't kill them with one sword!

In the blink of an eye, the most powerful man in the world of nature has come to Ye Chen's side.

Anger burns!

Chapter 1756

His hands condensed a strange light, a palm to Ye Chen's chest.

Originally Ye Chen can avoid the past, but he did not do so, but a desperate posture.

Even if they get hurt, they have to pay the price.

Otherwise, the crisis of wanjiandi palace will not be lifted today!

Pooh!

Ye Chen spits out a mouthful of blood from his mouth. His chest has been sunken, but his sword is also stabbed in the chest of the strong man in the natural environment.

Although the sword can't die, it also suffers some injuries.

Ye Chen doesn't want to kill with a single blow, but to exchange injury with injury!

Fortunately, he has the foundation of immortality, otherwise who dares to do so?

There is no difference between this and his own death, but now ye Chen can't manage so much.

For a moment, the nine powerful people who created the world were in a hurry.

It is true that ye Chen is not afraid of death, and it is true that they are afraid of death!

However, they were all strong in the natural environment, and soon recovered, and did not fight close to Ye Chen.

Now everyone can see that ye Chen is like a madman.

A series of terrible magical powers hit Ye Chen's body, making Ye Chen scarred.

Ye Chen hums, but doesn't send out a scream. Instead, he goes straight up, and the ghost's figure comes to a man who is strong in the world of creation.

The strong man who created the world is not a fool. You can see ye Chen's state.

Figure crazy retreat, ye Chen whole person grin, where to give him the opportunity to retreat.

"Time flies!"

Ye Chen directly roared, the law of time in his body crazy burst out.

He didn't ask for the law of time to kill the man who was strong in the creation environment, but only wanted to slow down the speed.

The fall of a finger does not kill the strong in the natural environment, but the law of time still plays a role.

Let his speed become a little slow, for ye Chen, this is enough.

Ye Chen's whole person directly pursues the past. The strong man in the natural environment sees Ye Chen rushing over, gritting his teeth and holding the sword in his hand, stabs him in the past.

Endless killing intention and sword light cover!

He thought he could scare off Ye Chen, but it turned out that he was too naive.

Ye Chen meets difficulties and goes up, but avoids the crucial point, a sword pierces his shoulder.

Stab!

A sword penetrates through his front shoulder, but ye Chen grits his teeth and doesn't care to rush past.

The blood magic sword in the hand suddenly raised, a trace of fierce look flashed in the eyes.

A sword went into the man's heart.

"!.."

The pupil of the strong man who created the world suddenly enlarged, and he wanted to say something, but it was too late! Completely lost life.

Ye Chen took a look at the sword inserted into his shoulder and cut off half of the body directly, but he didn't pull it out.

Once it's pulled out, he'll bleed faster, and he'll bleed to death before he's exhausted.

After all, the grade of this sword is not ordinary. It is more poisonous.

At Ye Chen's pause, a strong man in the creation environment comes quietly, and something similar to a spiritual rope appears in his hand, which suddenly twines around Ye Chen's body.

Ye Chen whole person roars, he a force, found the rope more and more tight.

Weird to the extreme.

At the moment, the sword and sword appeared in his eyes, and those who were strong in nature had already killed them.

If you can't get rid of the rope again, you will be stabbed to death by random sword.

These swords are getting closer and closer to Ye Chen.

Life and death are only in one thought.

Those who are strong in the palace of wanjiandi are extremely nervous.

They want to help Ye Chen, but they find they have no ability at all!

They have injuries!

More to maintain the array!

If the array leaves them, there will be more powerful people pouring in!

The consequences will be unimaginable!

In this critical moment, Ye Chen was burning with anger, and his whole body was covered with bursts of golden light!

Magic gas, golden light! Entangle everything!

The immortal body suddenly burst into a force of terror.

The power seems to go straight to the sky!

This terrible force directly let Ye Chen break away from the rope, in this moment, the figure of crazy retreat.

Although Ye Chen's speed is fast, it's still a little late. A man with a strong creative environment hits him directly on his body.

Boom!

A palm down, Ye Chen only feel a throat astringent, a sudden gush out of blood, the whole body from the void fell to the ground.

Boom!

There was a deep pit on the ground. When the fire sword God looked, his eyes showed anxiety.

He wants to go over and have a look, but now he has to maintain the array. He can't get away from it. Cough!

Ye Chen spits out a mouthful of blood in the pit. Now his mouth is full of bloody smell.

Above the void, the strong of the three top forces thought Ye Chen was dead.

Can see ye Chen's figure unexpectedly slowly stand up, the whole person's brow is locked.

At first, they thought Ye Chen was also a state of creation, but they saw the power in him.

Give up the idea completely!

This power can only be used by Hunyuan state!

So, this is really a Hunyuan realm!

How can a hunyuanjing play such a terrifying power? How can they not be shocked.

Where on earth is this monster coming from!

A man suddenly came to their mind! Blood butcher God King!

These strong people are all top forces. They also know that ye Chen has been making a lot of noise in the western regions recently.

These top forces have only heard of them and never paid attention to them.

After all, no matter how powerful Ye Chen is, it's just Hunyuan realm, but now we have to pay attention to it.

The soul hall is a face of killing intention, at first Ye Chen killed them, the soul hall did not know how many strong.

This account, can't resolve!

Ye Chen stands up from the deep pit and stares at the strong man above the void.

"Ye Chen, are you interested in joining our holy dragon family?"

At this moment, the strong men of the holy dragon family speak!

Although they know ye Chen all the time, they have never seen him. After all, they are all noble beings. They are closed in the clan all day long, only to receive some news.

They have to pay attention to the time of war, but they don't think they are.

This is a peerless heaven proud!

Hunyuan realm can fight to create chemical realm. If you step into it, can you fight against star orifices?

No matter what ye Chen's current state is, his talent has already explained everything!

Ye Chen deserves to be recruited by the dragon family.

It seems that the leaves of the sky are waiting.

Here in the palace of hundred immortals, Li Wenmei's head wrinkled. He felt that ye Chen's breath was familiar, but he could not say it.

Naturally, he did not know that ye Chen had killed many natural environments in the palace of hundred immortals!

"Ye Chen, how about joining us in the hundred immortals palace? As long as you are loyal, we will give you no chance, even give you an ancient Jin Zun Dan."

Chapter 1757

"The wanjian palace is not suitable for you, and the Shenglong family is not suitable for you. Only our hundred immortals palace is suitable for you, believe me."

Although Li Wen lost the opportunity, it did not hinder his export.

They are not fools, can see ye Chen's talent!

The temptation of the hundred immortals palace is much stronger than that of the dragon family!

An ancient into Zun Dan!

But it can shorten the time of entering the realm of creation!

Incomparably precious!

And the inside story of the hundred immortals palace is also extremely terrible!

I don't know how many warriors fear in Lingwu land, which is one of the peak of Lingwu.

Soul hall here did not open mouth to solicit, and even face some anxiety, they are very clear, ye Chen is the enemy!

If ye Chen really agrees with the recruitment of the hundred immortals palace and the Shenglong family, they want to kill Ye Chen, but it is even more difficult.

If you can't tell, it will lead to a war between the two top forces!

Ye Chen looks at the solicitation of two big forces, then grins.

He wiped off the blood from the corner of his mouth and looked at the strange horror.

"At that time, a guy named yuan Kai in the hundred immortals Palace also recruited me. I don't agree. He wants to erase me."

"Do you know what happened in the end?"

"He died by my sword."

Today, no matter what, they have offended the soul hall, the holy dragon family and even the hundred immortals palace.

Now that you have offended, you might as well offend thoroughly.

As for joining this force, it is impossible!

Ye Chen's words were astonishing, and Li Wen's face changed completely.

At the beginning, they used secret arts to check, but they didn't find out. They didn't expect it was Ye Chen!

Shenglong family here slightly happy, said: "Ye Chen, since you and the hundred immortals palace is already a death feud, then only join us to protect ourselves."

Ye Chen, regardless of the face of the hundred immortals palace, turned his head and looked at the side of the holy dragon family. Then he disdained to smile and said, "what is the holy dragon family?"

As soon as you say this, the atmosphere will solidify!

The strong of the three top forces, furious!

They think that soliciting Ye Chen has given him enough face, who knows not to drink or eat wine.

Although the strong of the three top forces are suppressed in the realm of nature! Strength is not as good as before, but they can absolutely kill Ye Chen!

Now ye Chen looks embarrassed and has no right to fight back!

As for the soul hall side, is full of smile, originally thought to want to deal with Ye Chen is not easy.

Who knows he killed himself.

To give up the recruitment of the two top forces is not a fool, but what is it?

Ye Chen's footprints are all blood and water. Stepping out one step, holding the blood magic sword, his legs slightly bent, and with the help of the strength of the ground, he directly rushed to the void.

At the moment of rushing to the void, immortal sword spirit erupted madly, killing God's kingcraft, destroying God's kingcraft, not destroying God's kingcraft, quieting and destroying God's kingcraft, Duhua's God's kingcraft, and time God's kingcraft.

The six great gods and kingly ways are buzzing behind him.

Zheng! Zheng! Zheng!

The horror of blood magic sword suddenly burst out!

As soon as the six gods and kings appeared, the faces of the three top powers changed instantly.

These gods and kings, each of them is the supreme existence!

Only peerless Tianjiao can understand one of them. However, ye Chen even understands six. How can they not be shocked.

They even thought in their heart, if ye Chen was their disciple!

Unfortunately, ye Chen has to fight against them, only to send him to hell!

The remaining eight strong people in the creative environment will not give ye Chen any chance to breathe.

The terrible breath of the eight kinds of supernatural powers is enough to frighten people. If the ordinary Hunyuan state martial arts person, they would have been crushed to death by the breath.

Ye Chen's face, can not see any change, a double eye inside, only calm!

Kill!

"Cold ice sword is determined!"

"Time and space sword!"

Ye Chen's left hand holds the Hedao artifact, the right hand holds the blood magic sword, holds the double sword!

The breath of the law of ice and the law of time and space, madly erupted, but there is still some gap in resisting the attack of eight strong man-made environment.

"Give me fusion!"

Ye Chen entire person roars a, now he, wants to put the ice law and the time and space law, fuses together.

It has to be said that ye Chen is bold and reckless. Even the strong man in seclusion dare not do such a thing, let alone that he is in danger.

He knew that if the two laws could be integrated together, it would be more than one plus one.

I'm afraid it can explode tens of times the damage!

"Ah

Ye Chen has a ferocious look on his face. It can be imagined that he is suffering a lot. The two laws are united. First of all, they are mutually exclusive. Only by resisting the exclusion can they merge.

I don't know how long it will take if we do it step by step.

Unfortunately, ye Chen doesn't have much time.

Now ye Chen can only force integration, he does not know whether he can succeed, but he must take a risk.

The attack of many powerful people in the creation of chemical environment is about to fall on Ye Chen's body.

A breath of death is getting closer and closer to Ye Chen.

Zizi!

At this time, the power of the law of time and space and the power of the law of ice finally gathered together, and there was an earth shaking explosion, and the breath of terror pervaded around.

Ye Chen at the moment a sword directly waved out, in the moment he cut out.

A sword light has disappeared strangely.

At this moment, the upper body of the attacker is about to fall.

Ye Chen's figure is crazy to avoid. If he resists positively, he will never live.

Although he is confident, he is not an arrogant person!

When ye Chen dodges, one of them, who is strong in the realm of creation, suddenly hears a scream.

At the moment, ye Chen's disappeared sword light, even unconsciously, tears the void from the void behind him.

The power of the law of time and space and the icy and frightful air directly injured the man who was strong in the creation of a chemical environment, and the whole person was dying.

When ye Chen is in hiding, he is unprepared to be attacked. His breath is weak, just like a bloody man.

His body is full of blood, black hair has been dyed blood red, only a pair of bright eyes, full of killing!

If this situation goes on, ye Chen is going to die soon!

The strong men of the three top forces look at Ye Chen's impending failure, showing a look of joy.

It's just like a little Chen who is not strong.

Fortunately, there is no one else. Otherwise, even the garbage of Hunyuan district needs to be solved for such a long time, which is also shameful enough!

Seeing ye Chen dying, how can they not be happy?

They don't know when to kill a Hunyuan place will make them excited.

In addition to the seriously injured man, the other seven people rushed to kill him.

Chapter 1758

Ye Chen is indifferent to them and even shows a strange look.

At this time, ye Chen took out 15 Hedao artifact and four weapons of time and space.

Fortunately, ye Chen robbed a lot of Hedao artifacts and soldiers of time and space in the secret place of demon saint. Otherwise, he could not help such profligacy.

In the moment of taking it out, ye Chen murmured in the corner of his mouth: "thousand soldiers explode!"

He Dao artifact and the soldiers of time and space were thrown directly, and the surrounding void began to hum.

When the seven powerful people in the creative world saw so many magic objects, their faces changed greatly.

Although they have not seen Ye Chen, they also know ye Chen's deeds.

Ye Chen's thousand weapons explosion is one of them. It's a walking weapon!

They wanted to escape, but it was obviously too late.

He Dao artifact and the weapon of time and space, explode between explosion!

Boom! Boom! Boom!

The deafening sound was like the explosion of a hundred atomic bombs.

Ye Chen's face turned pale, and all of a sudden his spirit power was almost exhausted.

The sound of the explosion is continuous, and ye Chen can't see clearly the situation inside, so he can only be careful to guard against it.

At the moment, a bloody figure rushed out, his five fingers turned claws, and a claw tore on Ye Chen's chest.

"Son of a bitch, I must kill you today!"

Unprepared, the whole figure of Ye Chen retreats wildly, and then slaps him.

Ye Chen falls on the ground, the breath is extremely weak, his eyes gradually blurred.

The fire sword God, the Huangpu sword God and the broad sea sword God really some cannot see down.

Tears flow from their eyes. When do they need a younger generation to protect them?

"Ye Chen, you run away quickly. You have done enough for wanjian emperor palace. You don't need to do anything more."

"You're still young. It's not too late for you to avenge us old guys when you break through the starhole realm."

Fire sword God, really can't bear Ye Chen to die like this.

Not only they, but also the disciples of wanjiandi palace, wanted to fight with Ye Chen.

However, they are very clear in their hearts that it is too simple to kill the strong of the three top forces.

Ye Chen lies on the ground, and he doesn't know whether he is alive or dead. All the warriors in the palace are praying.

Hope Ye Chen can stand up!

They don't want Ye Chen to stand up, they want him to run away!

Even if they use their lives to bring ye Chen the chance to escape, they will never say goodbye!

As long as ye Chen can grow up, he will definitely avenge them in wanjian imperial palace.

Blood for blood, tooth for tooth!

At the moment, the aftershock of the explosion has passed. There are only four strong people in the natural environment left, plus one seriously injured one.

At present, the strong men of the three top forces are in a state of confusion and have many scars.

But the rest of the strong ones in the world are enough to solve Ye Chen.

Now ye Chen is exhausted, what does he take out to resist?

In fact, ye Chen's current state is very bad. There is not much power left in his body. The price brought by the ten methods of blood and Qi has begun!

He was in great pain, even numb.

In this case, not to mention those who are strong in the realm of nature, even a warrior who is in harmony with the Taoist realm can easily kill Ye Chen.

"Ha ha, this little son of a bitch, killing so many powerful people in our forces, and finally dying!"

Li Wen has a broken arm, but he hates it in his heart!

Hate the forbidden array of wanjian emperor palace, even more hate Ye Chen!

If there is no taboo array, he is strong in Xingqiao state. He can crush Ye Chen with one finger.

Now not only lost an arm, but also all over the body with scars.

In this case, how can he not hate Ye Chen!

All this is caused by Ye Chen. Now he is finally dying. His inner depression is released!

The fire sword gods and their looks are dim. Can ye Chen really stand up?

Ye Chen has created countless miracles in the western regions, and this time it must be continued!

Must be able to stand up!

The warrior in wanjiandi palace prays in his heart!

The sword in Li Wen's hand erupts the breath of terror. Now he wants to solve Ye Chen himself.

Only in this way can we wash away his shame!

Ye Chen must die in his hands.

A terrible sword, crazy rush to Ye Chen, also at this moment, sudden changes.

Ye Chen even hard to stand up, although the speed of standing up is very slow!

Not only that, his eyes became blood red, as if it was a bloodthirsty Warcraft. All over his body, he exudes black magic spirit!

The monstrous evil spirit makes everyone can't help but retreat. Not only that, but the atmosphere of terror and depression around makes the void buzzing.

Boom!

Originally the sunny sky, suddenly covered with dark clouds, lightning and thunder, heard the wind roar.

At first glance, the three top forces of fortune were almost frightened. The oppressed atmosphere around them made them a little breathless.

Ye Chen stands up step by step, his feet are wrapped with black gas, and his eyes are like gods and demons.

His hair was originally black, dyed blood red, strange and enchanting.

Step out, the ground came to a click sound, cracks covered the square circle of ten miles, almost concave and convex.

The blood demon sword in his hand is like a devil's eye, which makes a strange sound.

There is a black pattern in the center of his eyebrow, which spreads to his cheek constantly.

All the people present were silent and frightened by the appearance of Ye Chen.

What's going on here?

Nobody knows!

Who also don't understand, what happened to Ye Chen's body.

None of the three top forces dare to move.

Ye Chen's appearance now, no one dares to test out!

A pair of eyes without any feelings, suddenly staring at the strong three top forces.

Let their hearts tremble!

Now ye Chen is not like a man at all, just like an ancient demon who wakes up.

The evil spirit is towering, like the spirit is like the devil!

He raised his bloody sword and pointed to the three top forces.

Hum!

The evil Qi was waving constantly, and the surrounding void was shattered, resulting in a terrible void turbulence.

Heaven and earth change color, the original high hanging sun, slowly set!

At sunset, the sky seems to be disconnected, and there is a bloody trace.

The whole palace is like the end of the world.

Ye Chen's sword points to the sky, who will fight against it!

Roar!

At this time came the roar of a fierce beast. Behind Ye Chen, a thousand meter blood dragon stood in the void, with a huge body and a terrible smell.

Blood dragon a pair of fierce eyes, staring at the three top forces of the strong, towering murderous spirit together.

The huge body, flashing in the void of bloody scales.

Chapter 1759

On the ground, came a breath of depression, a majestic lion king fierce beast, bared his teeth to send out bursts of roar.

The pupil of fierce beast is extremely strange, full of infinite mystery!

Xiao Huang!

Xiao Huang is out!

Xiaohuang stands in front of Ye Chen, a cloud of darkness, the terrible storm of flying sand and stone is gathering.

Xiao Huang hasn't come out for a long time, it knows the crisis of Ye Chen!

It's watching everything!

It's brewing! It grows in the samsara cemetery!

It hates that it can't evolve to the final state!

Otherwise, ye Chen how can hurt so heavy!

Xiaohuang's anger, let it can't help, directly rushed out!

It's cold pupil staring at the crowd, suddenly said: "I'm here, no one wants to move my master."

"Don't say that you are suppressed to the realm of creation, even if there is no array, you are the realm of star orifices! It's Taixu! If you want to move him, you should step on my body and my blood

Xiao Huang looked at Ye Chen, like a bloody man, and the spirit of killing the heaven and the spirit of the ancient times surging!

It used against the sky technique, blood essence for the lead!

"He gave me a new life! I will guard him all my life. "

"I am born for war, I bloom in killing!"

"I will take him to the dawn and break the darkness!"

Xiao Huang's roar is like thunder!

This moment, between heaven and earth, everything is contemptible!

As if only one person, one dragon, one beast!

At this moment, their figure is too high!

It's like a million feet!

"The breath of the blood dragon comes from ancient times

"My God, and that fierce beast, is also ancient!"

"The key is that these two guys haven't fully grown up yet! Once you grow up, who can stop this boy! "

"What's more, you can see how this boy looks like a changed man. His evil spirit seems to be a great devil in ancient times."

"If it wasn't for this boy's low cultivation, I'm afraid we would have been killed by the breath."

The strong men of the three top forces and those of the wanjiandi palace were all dumbfounded. They didn't expect Ye Chen to have two ancient species.

The breath of blood dragon and this fierce beast is too terrible!

Once leaked out, ye Chen will surely die!

That is to say, today, several people who enter the palace of wanjiandi must die!

And all the people in the palace must keep their mouth shut!

Everyone can see that Xuelong and Xiaohuang are extraordinary.

Around Ye Chen, no one dares to get close to these three figures. The strong men of the three top forces are a little flustered.

Ye Chen gave out a cold laugh, like a devil roaring, everything around began to break, endless waves began to rush into wanjian emperor palace crazily.

Boom! Boom!

At the top of wanjiandi palace, there is a black painted eye, and the evil spirit around it rushes into the eye.

Although this eye did not open, but everyone can feel the breath of terror.

The fire sword God looks at Ye Chen carefully, and he finds that ye Chen is in a state of being possessed by demons.

Ye Chen's blood demon sword aims at the top three forces without hesitation. His feet touch the ground, and the whole person flies directly into the sky.

At the moment when he flies high above the sky, Xiaohuang and Xuelong direct hand.

The strong of the three top forces have no way out, and now they have to fight.

Anyone can see that now ye Chen has entered the state of enchantment, and the strong one here of the three top forces bites his teeth.

The only chance can only drag on. They believe that ye Chen will not last long. As long as ye Chen is out of the possessed state, they can knead it at will.

The three top forces of fortune, unexpectedly crazy rushed to Ye Chen, endless killing moves revealed!

Ye Chen did not have any hesitation, arm raised the blood magic sword, the terrible evil gas suddenly spread to the void, causing a burst of sound.

At this moment, the immortal sword idea burst out from ye Chen's body, and the six gods and kings behind him radiated bright light.

The moment his arm was lifted up, the blood magic sword in his hand suddenly chopped to one of the lucky realms.

XUELONG and Xiaohuang follow closely, and send out a roar. Xiaohuang, with a terrifying intention of killing, directly grabs the chest of a man with a strong creative environment.

Stab!

The man with strong creative environment was unprepared and was directly caught out of three bloodstains by Xiao Huang.

Roar!

Xiao Huang growls and opens her mouth. Her sharp teeth are like a sword!

When Xiao Huang directly bit the head of the strong man, the strong man slapped out.

This slap hit Xiao Huang and let out a painful roar.

But the killing still covers everything!

This is the power of the ancient fierce beast! Even if Xiaohuang didn't grow up completely, it was enough to shake the world!

On the other side, the speed of the blood dragon reached its peak. Suddenly, his body wrapped around a strong man in the creation environment. His huge body directly exerted force, and the strong man of the creation environment gave out an unbearable roar of pain.

Click!

There was a crack in the body of the strong man of creation, and blood gushed out of his body.

On the battlefield, the breath of terror erupted madly, and the disciples of wanjiandi palace retreated.

At present, they are not even qualified to watch battles at this level.

In Ye Chen's body, the law of time, the law of ice, and the law of time and space are constantly breaking out. The blood magic sword in his hand bursts into a bright light, and a sword suddenly cuts to a man who is strong in creating a world.

The strong man in the creative environment was suddenly under great pressure, and his face showed a ferocious look.

Before, he took out a black lacquer token in his hand and crushed it directly in a moment. A yellow halo appeared in the moment of crushing.

This yellow halo forms a protective shield. It directly covers his whole body.

Ye Chen grinned, and the strange black patterns on his body were constantly condensed in the blood magic sword. The blood magic sword itself was a magic sword, and for a moment, the evil spirit was overwhelming.

He raised his hand, and with a sword, he suddenly chopped at the man who was a strong man in the creative world.

The sword light makes a buzzing sound, and in the blink of an eye, it rushes to the strong man in the natural environment. At the moment when the sword light contacts with the yellow halo, the protective cover on the strong man's body suddenly breaks.

Click.

A crisp sound pierced through his protective cover and cut into his body.

The blood flowed out of his body crazily and let out a painful roar.

These evil spirits constantly encroach on his body and act recklessly in his body.

Boom!

The strong man in the creative environment spat out his blood. His blood was black.

The evil Qi invaded his internal organs, and he had no chance to live.

I don't know when ye Chen has come to his side, raised the blood demon sword, put it on his neck and stabbed.

A head fell down in an instant.

Silence.

Darkness.

Bloodthirsty.

At this moment, the devil covers everything!

At this moment, the devil dominates the world!

For the devil, dare to fight with heaven and earth!

Chapter 1760

When ye Chen is going to look for another strong man, a terrible breath suddenly appears behind him!

An old man, holding a long gun, stabbed Ye Chen's abdomen.

Ferocious.

It's all too fast.

However, ye Chen's face did not have the slightest change, not even a trace of pain.

Instead, he gave a faint sneer. He grabbed the gun and with a click, the head of the gun pierced his body from the tail of his gun.

At this moment, the strong man in the creative world was stupid. Ye Chen didn't care about his injury, but turned his head and stabbed him in the chest.

The moment he stabbed into his chest, the moment he kicked out and then kicked out, the whole figure suddenly disappeared into the void.

The strong man's body retreated wildly. At the moment of retreat, the figure of Ye Chen suddenly appeared behind him. Ye Chen grabbed his collar and stabbed his heart with a sword.

All the disciples and strong men in the palace were shocked. All the people present could see that the battle in the void was a unilateral massacre.

Ye Chen's state of enchantment is too strong.

But can ye Chen bear the side effects of being possessed?

Is this secret method made by burning blood essence or cultivation?

If ye Chen falls into the devil's way, the whole land of Lingwu will be in danger.

Even their palaces of wanjian emperor will surely die!

Their hearts are filled with fear. Are they really warriors in Hunyuan?

Originally, the disciples of wanjiandi palace thought their strength was good, but compared with Ye Chen, they were rubbish.

Above the void, the originally closed eyes slowly opened their eyes. At the moment when the eyes opened, the terrible evil spirit rushed into his bloody eyes.

Pooh!

Three top strength of the strong, all spit out a mouthful of blood, a pair of shocking eyes staring at the void above.

These evil Qi continue to spread, they unconsciously have begun to appear in the body.

Originally, ye Chen's state has made them afraid, but they still have to suppress the evil Qi in the body at all times.

It makes them miserable.

Originally they thought Ye Chen would die. Who knows Ye Chen has turned into a possessed state. Not only that, but also more powerful than before.

Forbidden array of wanjiandi palace!

State suppression!

Life in the realm of nature!

But now the enchanted Ye Chen, obviously invincible!

They have no choice but to suppress the garbage of a Hunyuan mirror. It's a shame!

It could be a moment, it could be a few minutes.

The dust tends to settle down.

The dust fell slowly.

At this moment, the power of the two great beasts completely shook the hearts of the people.

However, this scene can only be seen by people in the palace of wanjian emperor.

The existence of the real strong men and the terror of cultivation in the land of Lingwu can not be seen.

If they knew, they would erase Ye Chen at all costs.

Now, there are only three people left in the strong environment of nature. They are all in despair.

Hum!

The eyes above the void, suddenly open the repressed breath, crazy diffusion.

A black light column slowly condenses, as if the end of the world.

At the moment, the three powerful men who created the realm have given up their resistance and have no intention of fighting for a long time, and they will not be able to fight back.

Boom!

The magic Qi of the sky condensed together and fell directly, covering the three strong people in the creation environment.

Ah!

The three powerful people in the creative world roared with anguish. They thought they could destroy the palace of wanjian Emperor today, but it was their own time to die.

They would never have come in.

In the moment when the evil spirit enveloped them, the devil's eye gave out a strange laugh. Ye Chen took a look and rushed directly into it without hesitation.

At the moment when he rushed in, the blood demon sword directly lifted up and cut madly at the body of a man who was strong in the creation of chemical environment.

The strong man's face was full of scars, and his face showed a ferocious look. The breath of terror came from his body.

Since he is about to die, he decides not to let Ye Chen live. He is ready to blow himself up.

When he was about to explode himself, ye Chen did not hesitate. He raised his arm, and the blood magic sword made a buzzing sound, and a sword pierced into the other's Dantian.

The strong man is like a balloon that has let out air.

He a pair of despairing eyes staring at Ye Chen, a trace of anger on his face, unwilling to close his eyes.

The other two creationists slowly closed their eyes and quietly waited for death.

It is very clear in their hearts that the evil Qi has entered their bodies, and death is only a matter of time. Originally, they were able to suppress some, but now, they can't suppress it completely. They can only let the evil Qi spread in his body.

The two powerful people who created the realm could not bear the pain of evil Qi. They even slowly opened their hands, stretched out their arms and patted them on their heads.

Above the void, a pair of dark eyes slowly disappeared.

XUELONG and Xiaohuang take a look at Ye Chen, showing a weak look, and instantly drill into Ye Chen's body.

In this war, they consumed too much power.

I'm afraid it will take time to recover.

On the side of wanjian emperor palace, the fire sword gods showed their shocking eyes. Originally, they thought that the palace of wanjian emperor was doomed to disappear. Who knows Ye Chen is trying to turn the tide back.

They had some good luck. Fortunately, the green sword immortal respected them and went to look for ye Chen. Otherwise, they would be doomed today.

Ye Chen slowly fell on the ground, and his whole body's magic Qi was constantly disappearing.

Ah!

Ye Chen issued a painful roar, and now the sequela left behind stimulates his body.

The disciples of wanjiandi palace cheered and looked at Ye Chen with a look of worship.

In their hearts, they knew that no one could live without Ye Chen.

All this is brought by Ye Chen.

Originally, the God of blazing fire sword was going to look at Ye Chen's present state, but suddenly, the space above the void was directly torn, and a drop of red blood essence erupted into a terrible breath.

How dare you kill me! Die

Fire sword God and kuohai sword God's faces changed greatly. This is definitely the ancestor of the top forces to kill Ye Chen.

Otherwise, it is impossible to break the array!

Such an ancestor, breaking the array is also a great price!

And it can only be broken temporarily!

The other party's crazy behavior is obviously angry!

After all, ye Chen killed a few people, several people, in the clan, the status is extremely noble!

Now!

At present, there is no way to resist the Chen.

Fire sword God and broad sea sword God two people no longer hesitated, crazy rushed to Ye Chen, want to save him.
