Chapter 1761

Although they are fast, there is still a big gap between them and the ancestors of the top forces.

Ye Chen's potential has threatened their top forces. How can they let go.

This time, the ancestor of the top forces must kill Ye Chen. If he grows up, who can suppress him.

He will never allow the existence of forces that threaten him.

Ye Chen must die today!

The fire sword God's face showed a look of chagrin. If it wasn't for helping wanjiandi palace, ye Chen would never fall into crisis.

A drop of blood essence is enough to kill Ye Chen. However, he can only watch ye Chen, who has no strength all over his body. Even if he moves slightly, he can feel the intense pain.

A breath of death fills Ye Chen's heart.

Just as the drop of blood essence was about to fall on Ye Chen's body, the surrounding void suddenly began to scatter snowflakes, and a bridge of ice breaking appeared above the void.

On the ice bridge stood a beautiful girl with a veil on it.

The girl can't see her face clearly, but everyone can feel a sharp chill.

And, that high cold and disdainful eyes, just like the nine gods of the earth.

This Who is it!

When the girl looked at Ye Chen, Jue Han's eyes suddenly showed a trace of gentle expression.

Boom!

Ye Chen vaguely see this scene, trying to see the girl's appearance, but found that the brain is very heavy, the whole person can no longer insist on coma in the past.

The blood essence fell on the top of the frost, and there was a click.

Two forces are enveloped.

These frosts surround the blood essence and freeze instantly. The girl comes to Ye Chen's side.

The eye leaves of the eye shake not to see for a long time

"In China, I had countless crises, and you saved me."

"Now, it's up to me to save you."

"Too much has happened to me these days."

"I suffered, I tortured, between life and death, I thought I could not bear the power transmission of that one."

"But when I want to give up, you appear."

"I can't believe that I should care so much about a person."

"There are scenes of my life in Beijing Normal University. It was really beautiful. It was the happiest time of my life."

"How can I see the world without you?"

"Without you, I might still be an English teacher in a normal university."

"If there were no you, I might have died because of the outbreak of evil blood cold body."

"If it wasn't for you, I probably didn't know that I would have loved someone foolishly."

"Although I got the endless cultivation inheritance of juechan emperor palace, I became the Supreme Master of juehan palace."

"But, in your eyes, I will always be the English teacher who lives across from you, Wei Ying."

Wei Ying's body is covered with array.

All sounds are cut off.

And the breath on her is extremely ethereal.

It's totally different from when you stepped into Lingwu!

It seems to be the difference between heaven and earth!

Wanjian emperor palace can't hear, no one can hear.

Even ye Chen, who is in a coma now, can't hear him.

Finish everything.

Wei Ying raised her head and her gentle eyes disappeared completely!

Instead of killing!

Extremely cold to kill!

Snow in the sky! The ground is frozen!

Looking at the girl who suddenly appeared, the God of fire sword stopped.

He looked at the broad sea sword God on one side and frowned: "this woman's breath is so strange."

The broad sea sword God nodded: "I feel a breath of others from her body, it seems that Her accomplishments come from another person. "

"And the strength of the other side is absolutely terrible. It may even be the ancient Lingwu people."

The fire sword God Mou son one Ning: "this woman's origin has the question, but from the present situation, she knows Ye Chen."

"What's more, how can she break our array? Is this woman rebellious? Or is she proficient in array

"Well, let's wait and see."

Just then, in the void, there were oppressive voices.

"Who are you? Do you know what the price is for offending the hundred immortals palace?"

Wei Ying doesn't pay attention to it, and holds Ye Chen's body in her slender hands.

Some pity.

Suddenly, Wei Ying looked at the drop of blood essence in the sky!

The sky changes color!

It's cold!

At this moment, the voice of Qing Jue shakes nine days!"Hundred immortals palace? It's just rubbish! Tens of thousands of years ago, the ancestors of the hundred immortals palace would kneel down and kowtow to the masters of our sect! "

"After tens of thousands of years, do you really think you are in charge of everything?"

As soon as this word came out, not only the virtual shadow of the blood essence turned into a rage.

Even the people in the palace of wanjian emperor are confused!

What's the situation!

What is the origin of this woman?

In terms of seniority, the ancestors of the hundred immortals Palace should kowtow?

This is only the authority of the real top sect that existed in ancient times!

The blood essence glanced at Wei Ying, but found that she couldn't see anything at all!

"Who are you?" he said subconsciously

Wei Ying did not answer. She closed her eyes and suddenly a shadow of ice sword appeared on the ground!

Ice sword zooms in instantly!

It's like a million feet!

Directly carrying endless cold wind, towards the blood essence!

"If you move my people, should you pay some price?"

At this moment, between heaven and earth, only Wei Ying's voice!

The essence blood has realized the crisis, no longer hesitates, turns into a blood sword on the spot!

Blood Sword is also ten thousand feet!

This is the moment when two powerful forces collide!

This power, though suppressed by the array, is also shocking to the extreme!

"No matter who you are, since you have offended people who should not have offended, you will fall here today!"

The Blood Sword curls the sky flame, and the world seems to be a sea of fire.

More like a flame beast, open its mouth, want to devour everything!

I thought the flame could melt the ice sword!

However, it has no effect!

In a flash!

The world is frozen!

The flame freezes!

The blood essence and Blood Sword also hovered in the air.

"How could it be!"

The blood essence made a sound of horror.

He never thought that his power was frozen!

Suddenly, a voice dropped slowly.

"I said, if you move my people, you will pay the price."

"And this price, not only this drop of blood essence to bear! Your noumenon will bear it too

"I am the master of the imperial palace! Broken

Wei Ying holding Ye Chen appeared in front of the blood essence, pointing out!

Blood essence explodes in an instant!

It's all gone!

The endless air wave engulfs everything in the sky, but does not affect the girl's figure.

At this moment, the girl is like a cold plum, independent between heaven and earth!

She's telling the world!

Her palace of absolute cold will begin to rise today!

And she, Wei Ying, will be equal with the supreme one on that day!

Chapter 1762

Wei Ying's attack was too shocking!

And even whitened her face under her veil.

And the whole sky, all because of this blow and change color!

One second.

Two seconds.

Three seconds.

The smoke and dust dissipated and the clouds calmed down.

The world is suffused with snowflakes, as if composing the song of juechan emperor palace.

And the drop of blood essence sword above the sky, suddenly, "click!" With a sound, it broke directly.

The endless pieces are breaking apart!

Seeing this scene, the eyes of all the people here in the palace of the emperor of swords widened!

This is the strong one of the hundred immortals palace!

Although the power of essence and blood is less than 1% of the noumenon, it is not the ordinary state of creation, and the state of star orifices can be shaken!

But this sudden girl, it is easy to shake everything.

What's the origin of her!

How could ye Chen, who came up from the world of low martial arts, stand so far behind!

The fire sword God looked at qingjianxianzun, who also waved his hand and said helplessly, "I have never heard of such a strong man standing beside Ye Chen."

"Ye Chen is in disaster again and again, and this mysterious woman has not made a move."

"This is supposed to be the first time this mysterious woman has done it."

"The information I can learn is that ye Chen has a good relationship with xuanyuezhong. Xuanyuezhong's foundation in Lingwu is not weak. Although it is not as good as wanjiandi palace and baixianwang palace, it also existed on an equal footing in ancient times, but now it has declined a little bit."

"Is this woman from xuanyuezhong?"

On hearing this, the fire sword God shook his head: "this woman's breath is not xuanyuezhong's Kung Fu, but it's like the taboo of that spiritual land Absolutely cold Come on, it shouldn't be possible. "

"The palace of juechan emperor has long disappeared in history. No one can survive."

"Moreover, the inheritance of juechan emperor's palace has also disappeared."

"I think about it."

"Ye Chen said just now that to solve the crisis of wanjiandi palace, we must find allies. At present, our forbidden area array can not last long. If the forces behind this woman form an alliance with us, it would be a good choice."

"It's just that the other party has nothing to do with us. Why do you want to help us wanjian emperor palace?"

At this moment, people in the palace of wanjian emperor were silent.

Above the firmament, the blood essence is broken, and everything is calm.

Wei Ying looks at her face and smiles.

But soon, it was cold again.

She turned her head and gazed at many people in the palace of wanjiandi, and her red lips opened: "he, I want to take it away, how about it?"

"He has great talent and great potential. He should not interfere in the affairs of wanjiandi palace and other top forces now."

"He's hurt so badly that it's going to hurt."

"And, from the very beginning, you let a boy of Hunyuan state carry everything without shame?"

Speaking of this, all the people in the palace of emperor wanjian felt a chill.

Who would have thought that this mysterious woman was so protective!

But the other side said is also right, everyone present almost strength is stronger than ye Chen!

But they all stand behind Ye Chen!

Let Ye Chen carry the crisis alone!

Too much!

Of course, the biggest reason is that they have no choice.

Everyone's injured. Keep the formation.

Wei Ying glanced at the crowd and continued: "Ye Chen is very affectionate. I know that."

"Besides, you have difficulties, I know."

"Now, I don't like it."

Speaking of this, Wei Yingxiu stretched out his hand and a colorful stone flew out of the cuff and fell slowly.

The fire sword God sees this stone, breathes quickly!

This is the original stone!

And the energy is huge!

As long as they have this source stone, their array can last longer!

But what did the mysterious woman do to give them such valuable things?

As soon as the flaming sword God raised his head, Wei Ying's voice of Jue Han had already sounded:

"this stone of origin is enough to maintain your array for a long time. During this period of time, I hope that you and many forces will not interfere in your gratitude and resentment!"

"Give ye Chen enough time to grow up!"

"When he enters the realm of harmony, or into the realm of creation! It's not too late. "

"I want to know, can you hold on to that day?"

Although he didn't like the tone of the mysterious girl, he nodded seriously: "nature! With this unique continuous array and our return to the peak, we will not be in such a mess! "

"Good." Wei Ying threw out a jade bottle again and said, "it's called Jiuxuan Qiong liquid. You should have heard of it. It's more than enough to restore your strength."

"In the days to come, the splendor of Wanjiandi palace will no longer be brilliant, but I hope you can return to the peak."

With that, Wei Ying and Ye Chen disappeared in the palace of Wanjian emperor.

The people in the palace of Wanjian emperor were shocked again by the jade vase!

Jiuxuan Qiong liquid!

Top healing elixir!

Priceless!

What kind of door does this mysterious woman come from!

The details are so terrible!

Looking at the direction of Wei Ying's disappearance, the fire sword God couldn't calm down for a long time, and even sent out a long sigh:

"this girl's identity is absolutely unique, and she cares about Ye Chen so much, I'm afraid Ye Chen's future achievements will be more terrible."

"It's really hard to imagine that after many years in Lingwu mainland, this pair of men and women can let the rules of Lingwu land shuffle again!"

.....

At the same time, the palace of hundred immortals.

A magnificent palace in the sky.

In the palace, an old man in black sits on the high hall!

The whole body is surrounded by countless lights!

Under the hall, many disciples and elders sit cross legged!

Suddenly, the old man in Black opened his eyes!

It's horrible!

Then a mouthful of blood spit out!

The cultivation is falling in a straight line!

"Who in the end, who dares to destroy my blood essence and lower my accomplishments! Even if I dig three feet into the earth, I will find you out! "

Roaring sound, resounding through the hall, through the clouds.

.....

I don't know how long after that, xuanyue lived at the foot of the mountain.

Wearing a veil, Wei Ying slowly puts down Ye Chen in her arms.

A thin hand stretch, a pill to start.

She gently fed into Ye Chen's mouth.

Then, finger pinches Jue, a point in Ye Chen's chest.

Endless aura surrounds Ye Chen's body, and ye Chen's injury is recovering bit by bit.

Wei Ying gazed at Ye Chen's face. Jue Han's face showed a smile: "you are really a fool. You dare to fight against the top forces even though you are three layers of heaven in Hunyuan."

"Without the array of wanjiandi palace, even I can't save you."

"The more powerful the mainland is, the more powerful you are."

"You have more secrets than me. I believe you will stand at the top of Lingwu one day."

"But not now."

Chapter 1763

"What you need to do now is to accumulate. This xuanyuezong is the best choice."

"I got part of the memory of juechan emperor's palace and the origin of xuanyuezong. It's not so simple."

"After all, how can it be easy for a power to guard a reincarnation xuanbei?"

It seems that Wei Ying said these words to herself.

Wei Ying stares at Ye Chen's three-dimensional face portrayed by a knife. Suddenly, she bends down and approaches Ye Chen's face.

When the distance between red lips and ye Chen is less than one centimeter, a footstep suddenly rings out from behind!

"Palace master! It's time for us to start. "

It was Wei Ying's maid, Bai'er!

Hearing the news, Wei Ying quickly got up, her face flushed under her veil.

Even if she had worked hard, she couldn't get rid of it.

Wei Ying's eyes were flustered, her back to Bai'er and said in a cold voice, "when did you arrive?"

Bai'er obviously didn't find Wei Ying's abnormality, and replied: "palace master, didn't you let me wait for you in xuanyuezong?"

Bai'er looked at Ye Chen again, and his heart was full of curiosity: "palace master, is this man very important to you? Why do you help him over and over again? "

Wei Ying snorted coldly: "don't ask, Bai'er, do you understand?"

Bai'er spits out her tongue and looks wrong.

At this time, Wei Ying heard the news from xuanyuezong again, took a look at Ye Chen, and left a line of words on the giant tree beside Ye Chen!

After all this, he went in one direction: "Bai'er, let's go. Although I have been handed down, the palace of juechan emperor has not been built for a day, it will not be able to return to glory!"

"We have too much to do!"

"And those who destroyed the palace of juechan emperor in those years. This time, I, Wei Ying, have to uproot them one by one."

"Go

Language down, Wei Ying and Bai'er's figure then disappeared in the world, as if never existed.

A few seconds later, a sexy girl in red came from the mountain!

It's senior sister zining!

Zining sees the unconscious Ye Chen, slightly a Zheng, quickly comes, and then a point in Ye Chen's eyebrow heart.

Ye Chen opened his eyes. When he saw zining, ye Chen's pupils dilated: "elder martial sister, how can I be here?"

Zi Ning frowned: "I should ask you. If I didn't feel that the thing I sent you was at the foot of the mountain, I wouldn't come here."

"Are you done?"

Ye Chen shakes his head, he tries hard to recall the picture in wanjiandi palace!

But he only remembered everything before the coma, as for everything after the coma, a blank.

He took a look at his body, and there was no injury!

"Younger martial brother, there are words on the tree." Zi Ning was surprised.

Ye Chen follows the line of sight of Zi Ning, and her eyes also fall on the tree.

"In addition to the ten thousand sword crisis, there is no need to worry. What you have to do is to set foot on the road to heaven."

"The road to heaven should start from the Tianchi of xuanyuezong."

Ye Chen knows that it should be left by his rescuers.

As for who the other party is, his memory is a little fuzzy, seems to be a woman?

Now, I don't want to see Zichen any more? For so long, have I failed? "

"The zhenzhuan meeting should have ended long ago. Long Xuan should have become a zhenzhuan disciple."

Zining glanced at Ye Chen: "you're OK to say that, but I don't know why. The leader said that the timing was wrong, everything was delayed, the test results were not announced, and the zhenzhuan meeting was not held..."

" It seems that you still have a chance. "

"Strangely, just a few minutes ago, the headmaster said that today's zhenzhuan conference would be held It's a coincidence that you've come

Ye Chen is very surprised.

How can there be such a coincidence in the world?

How to see, it's like the night to delay everything for ye Chen?

.....

At the same time, the news of Ye Chen's return spread all over xuanyuezong.

In a loft of xuanyuezong.

Zhao Ping's face is black and her anger is burning!

She thought Ye Chen would not return to xuanyuezong!

But I didn't expect that the little beast who beat her offspring Zhao Feng came back again!

In front of her, stood a tall and handsome man, the man respectfully said: "master, calm down, did not expect Ye Chen will come back at this time, and the truth conference will start soon."

The zhenzhuan assembly is a ceremony to promote the inner disciples to zhenzhuan disciples, and accept the disciples from a certain sect elder or Taishang elder.

Zhao Ping looks gloomy like water. Her younger generation Zhao Feng is almost a disabled person. However, ye Chen, the culprit, wants to become a disciple of zhenzhuan How can she be reconciled.

However, she has already put pressure on the leader once. After ye Chen has completed the almost impossible trial task, she will hinder him. I'm afraid she will completely annoy the leader. In addition, on that day, wanjian emperor palace came to ask for someone!

The identity of Ye Chen's little beast has become confusing!

She even guessed that the delay of the zhenzhuan meeting was the face of wanjiandi palace sold at night!

Thinking of this, Zhao Ping can't help but sigh. She pulls the handsome man in front of her and says, "Yan'er, do you want to let go of this lowly and low martial world person like this? I don't like it. "

Zhao Ping was so coquettish to this handsome man that her affectable tone and pinched expression on her fat face made me want to vomit.

However, the handsome man in front of her still looked calm. He patted Zhao Ping on the back and said, "master, this man has taken such a great risk to pass the real biography examination. Is it because he wants to take part in the coming secret disciple test?"

Zhao Ping nodded: "should be so."

Suddenly, her eyes lit up and said, "Yan'er, you mean..."

Zhou Yan said with a smile: "last time, although I didn't pass the test of this secret disciple, I didn't participate in it for nothing. I have some ways."

Zhao Ping was overjoyed, hugged Zhou Yan and said, "great, I knew you had a way, Yan'er."

It's your honor to attend the meeting

Zhao Ping some reluctantly let go of Zhou Yan, threw an eyebrow at him and said, "master, in the evening, you should be rewarded well."

Zhou Yan smiles and doesn't speak.

Zhao Ping soon left the pavilion. At the moment of Zhao Ping's departure, Zhou Yan suddenly vomited. He looked at Zhao Ping's direction of departure with great resentment and said, "fatuous woman, one day I will kill you myself."

He has sacrificed a lot, even his own body, in order to climb up in xuanyuezong. Although he is respectful to Zhao Ping in front of Zhao Ping, Zhou Yan does not want to kill Zhao Ping all the time!

He pondered for a moment and said, "Ye Chen? Although I'm sorry for you, I have to sacrifice you to make this fat woman trust me more

Chapter 1764

Zhou Yan's face suddenly shows a crazy smile. Everything will become his stepping stone. One day, he will become the leader of xuanyuezong!

At this time, most of the elders of xuanyuezong, including Zhao Ping, were present in the hall where ye Chen had received the mission.

At this time, ye Chen and long Xuan both stood in the hall and looked at each other with a smile. Ye Chen was somewhat surprised to find that the realm of Longxuan had also broken through. At this time, it was the late stage of the combination of Taoism!

It seems that he is not the only one who has gained.

"Brother ye, if I hadn't heard elder martial sister zining say you were OK, I would have worried that you would have fallen to the place of trial." Longxuan road.

Ye Chen smiles but does not speak.

The dark night took a deep look at Ye Chen under the stage, then swept across the hall and said, "the auspicious time has come, the zhenzhuan meeting, start!"

At the moment of his voice falling, behind the dark night, a mural suddenly shines!

A breath towering, incomparable dignity, like the invincible figure between heaven and earth, magnified in the eyes of all, ye Chen stared at the back, and his mind was shocked!

The momentum of the back is so terrible! It makes people feel a sense of worship!

Cangye turned around and faced the towering figure, and said with great solemnity and reverence: "disciples of xuanyue sect, Longxuan, ye Chen, worship our ancestors!"

He knelt down in front of the figure.

This is the back of xuanyue ancestor!

Seeing this, ye Chen and long Xuan immediately bowed down to the figure. Now that ye Chen has a sense of belonging to xuanyue, ye Chen should worship the founder of kaipai as his own home.

Cangye once again said, "cangye, the 320th leader of xuanyue sect, sincerely upholds the founder and disciples of our clan, long Xuan and ye Chen. They have outstanding qualifications and excellent temperament.

Now, he will be my true disciple of xuanyue sect. He will be taught by the elder in the gate and the elder Taishang. Please protect him

With the words of the dark night, the figure turned his head slightly and glanced at Ye Chen and Longxuan. Both Longxuan and ye Chen felt a kind of inexplicable palpitation!

In the dark night, he raised his head and gazed at the back of the founder of xuanyue sect. Seeing the figure as if he nodded slightly, he was slightly relieved. He stood up and said in a loud voice, "long Xuan, ye Chen, have officially become my disciples of xuanyue sect!"

As the words of the dark night fall, the figure suddenly turns into wisps of green smoke, around Ye Chen and long Xuan. Suddenly, ye Chen and long Xuan both feel refreshed. It seems that there is something more in the sea. The next moment, the smoke will return to the mural again.

Ye Chen's heart is slightly startled, but no matter how he feels, he can't feel anything.

The spirit God of the reincarnation graveyard may also be shocked by the movement and feel something. He says to Ye Chen, "don't look for it. With your cultivation, you won't find anything.

You're lucky. The founder of xuanyue should have risen. Just now, he dropped a great blessing on you and Longxuan. This kind of blessing will let the blessed get a trace of protection from the dark, although it sounds a little vague.

But sometimes, it can work wonders. Moreover, a trace of his breath remains in the sea of knowledge, which is good for your spiritual cultivation and protection. "

When ye Chen hears the speech, he puts down his mind.

At this time, the night also turned around, facing Ye Chen and long Xuan, showing some smile and saying, "you also get up."

Ye Chen and long Xuanqi said, "yes!"

After they got up, the dark night said to the elder, "Ye Chen and long Xuan have become the true disciples of xuanyuezong. Do you have any objection?"

With that, his eyes stopped slightly on Zhao Ping.

Although Zhao Ping sat there with no expression, she didn't mean to open her mouth. She knew that Cangye didn't ask her questions until she informed her ancestors. That's what she meant.

In the field of vision of the dark night ring, seeing no one talking, he continued: "OK, then, Long Xuan, come to my side."

Long Xuan went to Cangye's side, and Cangye said, "which elder is interested in Longxuan?"

At this time, Rao is Long Xuan's heart is extraordinary, but also some uneasy looking at the elders present.

Dark night voice just fell, there is a crane hair childlike elder smile way: "I am willing to accept this child entry."

He stood up, his body faintly revealed a wonderful meaning. His cultivation was terrible. He was an elder of Xingqiao state!

There are also merits and demerits of Zhenzhuan disciples.

Generally, the elders of Xingqiao realm only accept super qualified disciples, while those who are a little worse can only be accepted by the elder of half step Xingqiao. Their status in Xuanyuezhong is worse than that of Xingqiao elder.

Long Xuan sees the appearance, the complexion is happy.

But when the elder was about to go to the hall, two voices suddenly rang out.

"Brother Qin, wait a minute."

A middle-aged man with blue eyes and black hair also stood up.

"I, Zhuge Yang, also want to teach this child."

"Lao Qin, wait a minute. It's better for the child to enter my door." What's more, he has a pair of golden eyes. What's more, his breath is similar to that of long Xuan. This elder seems to have a trace of dragon blood!

Elder Qin Leng Leng Leng way: "ZHUGE younger martial brother, old Jiao, you also like this child?"

Old Jiao is OK to say, after all, blood is similar, how even Zhuge Yang also interested in long Xuan?

However, Mr. Qin didn't sit down. He didn't intend to give up long Xuan. He sensed that the breath of Longxuan also had a little affinity with himself. It must be very suitable for inheriting his orthodoxy.

All of them looked at long Xuan, without the slightest concession!

And these three people are all elders of Xingqiao state!

The talent of long Xuan has attracted three elders of Xingqiao realm to fight for it!

Seeing this, elder Jiao hugged his arm and said in a cold voice, "it's not that I said you, I'm closest to this child. What do you want from me?"

Then he turned his eyes to long Xuan and said, "boy, do you know how to choose?"

Long Xuan looked at him stupidly. He just wanted to reply, but a hand in the dark night pressed on his shoulder and shook his head with a smile, indicating that he would wait first.

"Elder martial brother Jiao, similar blood does not mean that he is suitable for teaching. Moreover, from my dry blue eyes, regardless of the blood and the qualifications of Longxuan, the Yin and Yang Qi are extremely harmonious, which is very suitable for practicing my Taoism."

Elder Qin said with a smile: "younger martial brother Zhuge, in this way, long Xuan should be more suitable for my Daofa. In addition to the harmony of yin and Yang, the Dragon Qi in the blood is also very useful for my Daofa. This is the way that really suits him."

The dark night said, "long Xuan, which elder would you like to join? Don't worry if you think so

Chapter 1765

Long Xuan's eyes in front of the three elders for a while, finally, still fixed on the old Jiao, after all, he is most proud of his own blood!

Elder Jiao was glad to see this. For many years, he finally found a disciple with good aptitude and close blood relationship with himself!

He has decided to take long Xuan as his close disciple and train him with all his strength.

But at this time, a little old, but full of dignified voice, came from outside the hall: "Jiao boy, I'm also interested in this doll."

Ye Chen is startled at the smell of speech. Who is this man? How dare you call the elder of xingqiaojing of xuanyuezong as Jiao Xiaozi? Is it possible that

Not only was Jiao Changlao, but all the people present changed their faces and respectfully saluted the entrance of the hall: "I've met two Taishang elders,"

at this time, two voices came from the outside of the hall. It was the elder who was taller than Mr. Jiao. Although he had white hair, his appearance looked like he was only 40 or 50 years old, and he was very dignified and dignified.

Next to him, there was an old man bent over, with his hands on his back, thin and plain looking.

Although ordinary, but it is full of mystery!

Ye Chen stares at the Taishang elder who is talking. His pupil shrinks. The old man's forehead has dragon lines!

Besides, his breath is similar to that of Longxuan, but also to Ye Chen!

It is the breath of the supreme life between heaven and earth!

"This is..." Ye Chen looked at the old man in disbelief.

"This guy's blood is so rich that he can't be considered a human. One of his parents should be a demon, and he is a half demon."

Ye Chen said: "is his blood the Dragon God's blood?"

"It's a pity, it's not. However, the blood in his body is also very strong. What he inherited can be called dragon blood!

Although it's not a real dragon, it's far more powerful than other Jiaos. In other words, what he inherits is the highest blood among the Jiaos! "

"However, these people are not suitable to be your masters. You have reincarnation and they don't realize it."

"But in terms of potential and blood, no one in the whole land of Lingwu can compare with you."

"But although reincarnation is powerful, it is also the most difficult to activate."

"The stone tablet of reincarnation is hard to find."

.....

The half demon old man came to Longxuan, looked at him for a while, and then said with a smile: "my name is long Yitian. Your blood is good. Although the concentration is lower, you have great potential. How do you want to join me?"

Long Xuan's breath was stagnant. As long as he was not a fool, he knew how good it was to be a disciple of the Supreme Master. The status of the supreme elder of xuanyuezong may be higher than that of the leader!

However, long Xuan still took a look at elder Jiao. After all, he had planned to join elder Jiao's door just now, but now he has to change. Some of them are sorry for him.

Old Jiao's eyes were warm and he said with a smile, "silly boy, since the supreme elder has taken a fancy to you, do you want me to teach you how to choose?"

Lao Jiao, how can I be compared with elder Taishang? What's more, I was half of his disciples who had been instructed by elder Taishang

Long Xuan immediately no longer hesitated, to long Yitian respectfully salute way: "disciple is willing!"

Long Yitian laughed and said, "well, go back with me."

Then he left with long Xuan.

And the simple old man who had followed him once glanced at Ye Chen and said, "boy, are you willing to worship me as a teacher?"

The tone was rather impatient.

After all, long Xuan's blood can be found by the strong.

And ye Chen's reincarnation, even the most powerful, is not qualified to view!

Ye Chen a Leng, did not speak, listen to Zi Ning way: "master, of course he is willing, you take him."

After that, he whispered to Ye Chen: "during the period of your handling affairs, my master has gone out of the customs ahead of time. As for your thing, don't mention it here."

This thing naturally refers to the reincarnation xuanbei.

Ye Chen looks at zining and is speechless. He is zining's master. Moreover, it seems that he is not willing to accept Ye Chen as his disciple

The old man nodded without expression, then looked at Ye Chen and said, "my aptitude is OK. It's enough to be my disciple, but I'm afraid of trouble, so I didn't want to take my disciples. Here you are, the apprentice ceremony will be avoided. From now on, you will be a disciple of Bai Zhentang."

Finish saying, a raise hand to throw what thing to Ye Chen, then, suddenly put on a pair of kind smile face to go toward Zi Ning: "little girl, go, accompany master to go fishing."

The dark night saw this and said with a bitter smile: "well, the zhenzhuan ceremony is over, you can leave by yourself."

Then he patted Ye Chen on the shoulder and said, "elder Bai Taishang, his face is cold and his heart is warm, and he is extremely protective. Although he doesn't accept disciples easily, since he has accepted you as a disciple, he will never treat you unfairly." Ye Chen is in a daze, not because of Bai Zhentang's attitude, but because of what he gave himself!

Looking at the hand of a small piece of metal, ye Chen's eyes, also some crazy!

This is Gengjin!

Geng gold is the highest quality!

Even at the moment of getting Geng Jin, the devil's eye in the eyebrow almost burst out!

At this time, he put the Geng gold away and said with a smile at the dark night: "don't worry, master. I know it."

The dark night nodded his head and said, "OK, you can go back first. Someone will take you to your residence. Some items provided for zhenzhuan disciples in the door have been placed in your residence."

"Yes

Ye Chen goes out of the hall excitedly. He can't wait to absorb this Geng gold. At the same time, he has some doubts and says: "Yu animal spirit God, how is this old man..."

"The old man is not simple. Obviously, he has seen through some of your details. He gave you Gengjin because you have the spirit of Gengjin!

However, if you want to refine such high-quality Geng gold, you can only get it bit by bit, not so fast. "

Ye Chen had just gone to the hall when a young man in gold robe came to him with a smile. It was Meng Xingyun who had tried to save him on the island!

Ye Chen arched his hand and said, "senior brother Meng."

Meng Xingyun said with a smile, "younger martial brother ye, the elder Bai Taishang, who has never accepted disciples, unexpectedly accepted you as a disciple. It's really surprising. Let's go. I'll take you to your residence."

"Never accept students?"

Meng Xingyun said: "yes, I heard that since elder martial brother Luo died, elder Bai Taishang has never accepted any disciples. However, it was a long time ago, and I am not very clear about it."

Ye Chen nodded and did not ask.

Chapter 1766

Soon, under the leadership of Meng Xingyun, ye Chen came to a room with rich aura of heaven and earth.

Ye Chen's face is full of shock color, and he gently touches the colorful fog in the room. The aura of heaven and earth here has been full of atomization!

He doesn't know how many times faster to practice here than on other fields! Moreover, it is also very suitable for him to refine Gengjin.

I'm afraid the palace of wanjian emperor doesn't have such a big deal!

In principle, there is still a gap between xuanyuezong and wanjian emperor palace.

Why do you feel more terrible than wanjian palace?

Was the xuanyuezong not so common?

On second thought, ye Chen thought it was possible!

After all, xuanyuezong has a stele of reincarnation!

I became the apprentice of the elder Bai Taishang for no reason!

There is a chance to mention the xuanbei of samsara!

Ye Chen no longer thought much, looked at Meng Xingyun and said, "this is my room?"

Meng Xingyun said with a smile: "of course, younger martial brother Ye is also a true disciple of the first-class sect. He is also a true disciple of the supreme elder master. Of course, his treatment can't be too bad.

The younger martial brother long may have lived in the cave of the Dragon Temple. The aura there is much higher than that of you.

The Lingwu mainland spirit pulse is divided into four grades: the heaven and earth xuanhuang, and each product is divided into three grades. Our xuanyuezong has a superior spiritual pulse of heavenly quality. Compared with the outside world, aura is different.

Zhenzhuan disciple's cave either moved directly to the elder's cave, or chose a cave from the branch of this superior spiritual pulse. I specially selected one of the caves with the strongest aura for you. "

Ye Chen said with a smile, "thank you very much, elder martial brother Meng."

Meng Xingyun said with a smile: "well, maybe you will become a secret disciple soon, and then you will be able to move to the cave on the main vein, where the aura is really rich."

"Here you are. It's the item of xuanyuezong's zhenzhuan disciples. There is also a resource card specially used by zhenzhuan disciples. There is a list of various items on it. There are amounts at the back of the list, corresponding to the amount on the card.

Each exchange will reduce the corresponding amount. Zhenzhuan disciples have a certain amount every year, which can be used to exchange resources in the sect. "

Ye Chen nods. He doesn't lack resources, but the aura here is good for his cultivation.

He suddenly thought of the words left on the tree.

The man said that xuanyuezong was the beginning of the road to heaven.

Does it imply that he can get the Xuan stele of reincarnation in xuanyuezong, and there is no chance for him?

What's the chance?

I don't know when the eternal king will appear.

This kind of thing can only ask the eternal king this level to know!

Meng Xingyun said: "well, I'll go first. If the amount on the card is used up, you can also complete the task released in the door in exchange for the quota. The secret place trial will start the day after tomorrow. You should also prepare well."

Meng Xingyun walked well, ye Chen took a deep breath, and then took out two things. One was the treasure of the sea people, amethyst.

The other is the top grade Geng gold that Bai Zhentang gave him.

His eyes twinkled and said, "Yu animal spirit God, before the beginning of the secret land trial, I first refined the Amethyst pith? Or should we refine the Geng gold first? "

The king beast spirit God pondered: "it's better to refine the Geng gold first. The Amethyst pith is not ordinary. You're refining now. I'm afraid it's dangerous. "

Ye Chen's face changed slightly. It seems that the Amethyst pith is more terrible than Gengjin!

.....

One day and one night later, ye Chen, who was surrounded by golden light, suddenly opened his eyes. At the moment of opening his eyes, he actually had a strong golden light in his eyes. The golden light immediately converged, and ye Chen's eyes returned to normal, staring at a group of flames in front of him.

As soon as ye Chen's mind touched the flame, he immediately thought of a beautiful female voice, which was the voice of Zi Ning: "younger martial brother, it's time to participate in the secret place test."

"Is it time so soon?"

Ye Chen murmured and took a deep breath. As soon as the skill was collected, the golden light all over his body was stopped. The piece of Geng gold suspended in front of him also returned to the samsara cemetery.

Ye Chen stood up and moved a little, but on his indifferent face, there appeared an expression that didn't look like him, almost crazy joy color!

Now, he has the illusion of omnipotence, which is the feeling produced after his strength has been greatly improved!

"Boy, calm down a little bit."

Gengmo's breath, however, has not been absorbed again!

So that ye Chen's heart can not keep calm!

The spirit God of the imperial beast said with a smile: "how about it? How do you feel? "

After a moment of silence, ye Chen grinned and only answered two words: "very cool." Although the quality and quantity of Geng Jin absorbed by him this time is far higher than that of previous times, it is obvious that the greater the strength, the more difficult it is to improve. However, after ye Chen's breakthrough in his own power, he felt a slight qualitative change in his own power, vaguely, as if he had realized something.

Although Ye Chen has not yet understood the wonderful feeling, if he insists on it, it is similar to his immortal sword.

That's the mood of power!

The so-called artistic conception of force, more accurately, should be the rhyme of power, which is the law of force between heaven and earth!

Ye Chen even felt the power of the law!

In addition, another harvest of Ye Chen is his spirit of Gengjin. After absorbing this excellent Gengjin, ye Chen's gas of Gengjin has a qualitative leap!

In the crisis of wanjiandi palace and the inheritance of demon saint, Geng Jin Qi didn't use much.

Completely because it's not enough to fight against the strong.

And now, if we face the strong one in the palace of hundred immortals, he will use it!

At this time, ye Chen stares at a bluestone not far away, and his heart is moved. A wisp of golden awn comes out of his body. In an instant, he flashes over the bluestone. The next moment, the bluestone is divided into two!

The blue stone in the cave is not ordinary. It is very hard. It has been practiced in the cave for many years. Ye Chen took the Qi of Geng Jin and cut it into two parts. This shows the horror of the Qi of Geng Jin!

However, ye Chen's biggest harvest this time is his immortal spirit!

Ye Chen clenched his fist, and his face was filled with confidence. He didn't know how tough his body was now, but he was sure that it was not easy for him to bleed as he was one day ago!

He didn't know what level his body would be upgraded to when he absorbed the Geng gold completely. I'm afraid that in terms of physical body, he could be compared with xianzun?

Chapter 1767

The king beast Spirit said: "your harvest is really not small. When you touch the law, the spirit of Gengjin and immortal spirit have been greatly improved. Your talent is really terrible."

Originally, the God of imperial beast spirit would not say much to Ye Chen, but he was moved when he witnessed Ye Chen's affairs in the palace of wanjian emperor.

I've learned something.

Helping this kid may be the value of the samsara cemetery.

Even the potential of this kid is far more than the value of the storage ring!

Ye Chen smiles and walks to the door. There is a sexy girl standing outside. It is Zi Ning.

Zining looks at Ye Chen coming out. The momentum of her whole body makes her eyes move. In a short day, ye Chen is much stronger!

"Are you ready?" she said with a smile? Let's go to the place where the secret place is opened, and enter the secret place from there. "

"This is the place where zhenzhuan disciples must pass when they step into secret disciples."

"It's also the biggest capital for you and your master to talk about samsara cemetery!"

"Now you go to the master to ask for the reincarnation xuanbei. I'm afraid the master won't agree."

Ye Chen nodded and asked after zining got on the boat: "elder martial sister, what is the so-called secret state trial?"

Zining said: "the origin of this secret place trial should be traced back to a long time ago.

At that time, xuanyuezhong was also one of the top forces. It was an era when gods competed for hegemony!

We, the ancestor of xuanyuezhong, made an agreement with some descendants of powerful people hidden in Lingwu land.

Once a year, the tribe where the descendants of the strong people belong will hold a martial arts meeting. The condition is that several young strong people under the age of 30 will be selected from each tribe to compete. Our elders of xuanyue sect have made an agreement with them that every year, ten disciples of xuanyue sect will participate in the martial arts meeting. "

"This competition is not only a simple competition, but also determines the allocation of resources in this secret place. The higher the ranking power is, the more resources are allocated. At the same time, the top three competitors will get a reward!"

"Oh?" Ye Chen smell speech eye one bright, "what reward?"

"In that place, there is a Tianchi, which is said to be the blood left by an ancient great power in Lingwu land, and this Tianchi can be divided into three areas: light red area, deep red area and divine blood area!"

Hearing the word Tianchi, ye Chen suddenly thought of the word on the giant tree.

From xuanyuezong's Tianchi?

Did the man bring him to xuanyuezong for the sake of Tianchi?

Ye Chen suppressed his inner doubts and said, "in other words, the top three in the martial arts conference can enter the Tianchi? What's the advantage of entering the Tianchi Lake? "

Zi Ning said with a smile: "everyone can only enter the Tianchi for the first time. Therefore, a person can only enter the Tianchi once in his life. However, the Tianchi can only be activated once a year. There is no special effect at ordinary times. The day of activation is the time of Wudao assembly.

And each activation can only enter three people. The light red area can accommodate one person, the dark red area can accommodate one person, and the divine blood area can accommodate one person. "

"The effect of entering Tianchi is to activate blood! Strengthen the foundation! At the same time, there is a trace of the Legendary God left behind!

Of course, the three regions have different degrees of enhancement. The first place in the Congress will enter the Shenxue area with the best effect, the second place will enter the dark red area, and the third place will enter the light red area

Ye Chen said: "elder martial sister, is it possible that the condition for becoming a secret disciple is..."

Zining nodded her head and said, "yes, the condition for xuanyuezong to become a secret disciple is to enter Tianchi once!"

"Elder martial sister, once entered the Tianchi Lake?"

Zining's pretty face showed a trace of memory and said: "yes, but I was very reluctant to enter the light red area, but! Even in the light red area, my promotion is extremely huge!

In the past, I was able to control my own power of enchantment. However, after I entered the Tianchi Lake, my potential was fully stimulated. Even now, I can't completely control my own power with my half step cultivation of star orifices. "

Ye Chen smell speech, is also moving, to this Tianchi, is full of expectation!

With a confident smile on his face, he said, "it seems that I'm going to stay in the blood area."

At this time, zining and ye Chen finally came to the place where the secret place was opened.

At this time, the dark night has arrived at the place where the secret place is opened. There are also a group of disciples of xuanyue sect in purple robes, who are the true disciples of xuanyue sect!

At this time, a 23-4-year-old young man in purple robe and cold expression was listening to a real disciple in purple robe beside him.

The man, named Liu Ming, was staring at zining and ye Chen who were falling in the air and said, "he is one of the disciples of the supreme elder as you said?"

Liu Shaoyu said with a smile

Xuanyuezong's gifted disciples can be divided into two categories. One is the true disciples who rely on their talents to promote their accomplishments. The other is the genius who, like Sikong Feixing, suppresses his accomplishments at the peak of the Dao. He has a thorough understanding of the so-called harmonious realm of Taoism, and even understands a trace of Tao rhyme. Relying on his extraordinary talent, he leaps over the ranks to fight.

Obviously, the second kind of genius is the most outstanding disciple, because these people have higher potential!

They are all self-confident, fully understand the mysteries of Taoism, and even comprehend the power of the law of the road.

Liu Ming and Chen Shaoyu belong to this kind of genius.

Especially Liu Ming, his name is a myth in the hearts of many xuanyuezhong disciples!

Liu Ming's master is a great power in the later period of xuanyuezhong! Liu Ming is the first one among the true disciples of xuanyuezhong!

Even, many people say that Liu Ming has the strength to match some secret disciples!

"The true story of the supreme emperor?"

Liu Ming showed a smile: "a little bit interesting."

Liu Ming is very strong, in the xuanyuezhong, but Liu Ming is not satisfied!

At that time, when he became a disciple of zhenzhuang, Liu Ming always had a regret. Why didn't the Supreme Master choose him as his disciple?

Is it because he doesn't have enough talent?

However, over the years, there has been no real biography of the Supreme Master, and Liu Ming's regret has gradually faded away.

But! Just one day ago, xuanyuezhong, there appeared the true biography of the supreme emperor, or two!

Why?

Are they not as good as these two in the eyes of the supreme elder?

Liu Ming, the first person of xuanyuezong's true biography, felt insulted!

His eyes glanced at Ye Chen who fell from the sky and long Xuan who had already arrived. Although he still kept smiling, his face was even colder and said to himself:

"elder Taishang, I will prove to you that I, Liu Ming, is the first day that xuanyuezong deserves!"

Chapter 1768

After ye Chen was brought here, zining left, and the dark night glanced over the disciples of xuanyue sect. These ten people, which can be said to be the best disciples of xuanyuezong, immediately said:

"be ready, each of you will be sent to the tribes of the ten strong descendants of ancient times, and become the five contestants sent by each tribe One of them, I hope, is that the top three of this martial arts meeting are all my disciples of xuanyue sect! "

With the fall of the night voice, a strange little Pearl floating behind the dark night, boundless power burst out, that little pearl light, instantly turned into a blood red entrance!

"Well, you go in."

Ten disciples of xuanyuezong step into the entrance in turn.

Ye Chen entered the entrance of the moment, the brain is a burst of vertigo, when he recovered, has come to a place with rich aura.

Ye Chen moved his body. The gravity here is even stronger than that of the outside world.

Aura is also rich.

Is it true that people living in the land of Lingwu?

Does that mean that there are a large number of people born with the golden key in Lingwu mainland, who have mastered the opportunity from the beginning!

At this time, ye Chen is located in a cave, at the foot of which is a platform similar to an altar in the cave.

Ye Chen walked out of the cave, and saw a naked man standing outside the cave, with only a piece of animal skin wrapped between his waist and abdomen. He was over two meters tall and very strong.

The man glanced at Ye Chen and frowned carelessly. There seemed to be a faint look of contempt in his eyes, but he said politely:

"is this brother the emissary of xuanyuezong? I'm the burning stone of the burning sky clan. Thank you for coming here to fight on behalf of us. Please follow me. "

Ye Chen takes a look at this man. He is 30 years old. He has five levels of cultivation in the Taoist realm. His Qi and blood power is extremely surging. Obviously, his physical body is much stronger than the ordinary martial arts practitioners in the same realm.

This kind of qualification should be very good outside, but here, it can only meet an outsider here?

It seems that xuanyuezong was unusual in ancient times!

This martial arts meeting may be more difficult than I imagined.

With the burning stone, ye Chen came to a settlement not far away from the cave. The settlement looked very primitive, and the houses were built with some huge stones at random.

Most of the strongmen of the tribe, like the burning stone, were dressed in animal skins. When they saw Ye Chen, who was obviously different from the others, they all cast a curious look.

Obviously, their ancestors should be barbarians.

Some people argued: "who is this man? It looks different. Is it from the outside? "

Another said: "it should be a foreign contestant, right? This year's martial arts Congress is about to start. According to the Convention, there will be an outsider to attend every year. "

Previously, the man sneered, "outsider? No, it's so weak that I can come to participate in the martial arts meeting on behalf of our burning heaven clan? "

Another humanitarian: "you don't know. It's said that these outsiders are geniuses. They can fight beyond their ranks. They can't judge their combat effectiveness according to their state."

"I have seen a foreign contestant before. The man obviously suppressed the realm at the top of Hedao, but what about this boy? Three layers of heaven in Hunyuan? It can't be compared with the foreigners before. "

Another person also said with some doubts: "this I don't know. "

But behind them, suddenly came a tall figure, from the two people across, the height of the two more than two meters, a body of muscle.

It looks like a heavy sculpture of the people of the burning sky clan, but was easily knocked down by this tall figure!

The two men were angry, and they were about to do it together. But after seeing the faces of the people behind them, they became stiff and said with a smile: "it's you, burning crazy. I'm sorry to block you."

This is incredible!

The people of the burning sky clan should apologize to others like this!

Obviously, they were extremely frightened by this person.

The man who was called burning maniac was a man who looked about 20 years old, but was extremely strong and resolute. He didn't care about the two men who apologized, but looked at Ye Chen's back in a gloomy way and said:

"a three-tier waste in Hunyuan state has squeezed out my place in the martial arts convention?"

"He is sure to have the qualification!"

.....

Ye Chen followed the burning stone to a house much more exquisite than other stone houses. There was a seat covered with unknown animal skins. There was a strong middle-aged man sitting on the chair. Beside him, there were four tall and young people of the burning sky nationality.

The burning stone saluted the man and said, "patriarch, the contestant of xuanyuezong, I have brought it."

The head of the burning sky clan nodded and said, "OK, you go down."

At the same time, he swept his eyes to Ye Chen. Ye Chen's heart leaps suddenly, and his pupils shrink. He is very strong. After absorbing the best Geng gold, he can make himself tremble at a glance. Even if he is not a martial artist in Xingqiao state, he is not far away.

The middle-aged man said with a smile, "Hello, I'm the head of the burning sky clan, what's the name of this little brother?"

Ye Chen saluted: "younger Ye Chen, on behalf of xuanyuezhong, went to war for the burning heaven clan. I've met my predecessors."

And the four men beside burning Tiangang smell the words, they all look scornful and sarcastic. Is this xuanyuezhong no one can send?

It's a shame to send a waste of three layers of heaven in Hunyuan to represent the burning heaven clan together with others!

I don't know what the patriarch thought. He really wanted to take him to the martial arts meeting.

Burning Tiangang said with a smile: "very good, I hope you can get a good place for the burning sky clan. OK, we'll start now and go to the place where the martial arts meeting is held."

Ye Chen also saw the disdain of those contestants, but he didn't care. Anyway, immediately, he would prove to these people with his strength that he was the strongest person!

After all, he must step into Tianchi in this trip!

However, when burning the sky gang out of the stone house, a wild voice, but resounded throughout the whole sky thunder tribe!

"Why does this garbage represent my burning heaven clan to fight?" The figure of a man, appeared in front of the body of burning Tiangang and others, it is burning crazy!

The people of the burning sky clan look at the burning maniac in disbelief. This is the clan leader!

The strongest in the family!

How dare you make a noise in front of the patriarch?

Burning Tiangang coldly glanced at the burning maniac and said without emotion: "burning crazy, are you questioning my decision?"

At this moment, a cold sense of killing shrouded the whole family of burning heaven. Most of them began to tremble! Patriarch, angry!

Chapter 1769

The anger of the patriarch is not something that ordinary people can bear!

The four people behind him suddenly changed their faces and knelt down in front of him and said:

"please calm down. The little boy has had a problem with his brain since he was a child. Let the patriarch see that he made rude actions for the sake of the face of the burning heaven clan, and spare his life!"

These four people are the most outstanding of the younger generation of the burning sky people. Although they often exchange views with each other, their feelings are very good.

Especially between the strong and the strong!

Although the burning maniac is arrogant and irritable, its strength is unquestionable!

Compared with the four of them, the strength of the fourth person is only a little weaker, and even the burning maniac may defeat that person!

Therefore, compared with Ye Chen, they all think that burning mania is the fifth contestant who is really suitable to represent the burning sky clan!

At this time, although they criticized the burning maniac in their hearts for being too reckless and daring to block the patriarch in person, they cheered for him in their hearts!

Because burning crazy, said what they want to say!

This is the attitude of the proud burning sky clan!

How can a mole ant of Lingwu land represent the descendants of their ancient strongmen!

The burning maniac gave Ye Chen a fierce glance, and then knelt down and said: "offend the clan leader, you deserve to die, but even if you die, I also ask the clan leader to give me a chance to challenge the outsider!

Otherwise, even if I live like this, I will not be reconciled to it all my life! "

"We are the descendants of burning the sky, and we have the blood of the ancient strong!"

"I don't accept it! Don't accept this foreign mole ant! What qualifications do you have for a mere Hunyuan

As he said this, he raised his head. In his eyes, there was no sense of retreat.

The four contestants of the burning heaven clan were surprised and asked, "please give the burning maniac a chance

Burning the sky Gang see the situation, also can't help silence for a moment.

After all, this is the agreement between their clan and xuanyuezong.

But at this time, ye Chen suddenly said: "in this case, it's better to give him a chance. If I lose, I'll give up the position of the contestant of the burning sky clan, so the clan chief doesn't have to worry about xuanyuezong's investigation."

On hearing this, huotiangang glanced at Ye Chen unexpectedly, but more unexpectedly, it was other people of the burning sky clan!

The four contestants of the burning sky clan were even more ecstatic. The boy agreed!

It seems that he is not only weak, but also stupid!

The four of them were at the head of the clan, and it was hard to say anything, but the other people of the burning sky clan couldn't help talking about it.

"What? This waste alien has accepted the challenge of incinerator? Did I hear you right? "

"Ha ha ha ha, this boy, will certainly die very miserably. He never knows how to deal with it."

"With the protection of the patriarch, he could have participated in the martial arts meeting. How could he have killed himself? It seems that this rubbish has no self-knowledge. "

"Burn crazy, teach him a good lesson, let these outsiders see the strength of our burning heaven clan!"

Burning Tiangang helplessly shook his head, and finally said: "well, burning crazy, let you and ye Chen have a competition, the winner, can represent my burning sky clan to fight."

At the same time, he whispered in Ye Chen's ear: "little brother, please see in my face, leave this fool a life."

Ye Chen accidentally glanced at the burning sky Gang, the middle-aged man actually saw through his own strength? But still smile way: "patriarch need not worry."

Burning crazy smell speech, laugh and stand up, and ye Chen, also from the burning sky Gang behind.

The people of the burning sky clan consciously set aside a place for the two.

The burning maniac came to Ye Chen and looked at him with great disdain and said, "waste, don't worry. You can be regarded as a guest of the burning heaven clan. I won't kill you."

Ye Chen said with a smile: "just in time, since your patriarch asked, I will not kill you."

Burning crazy smell speech, the forehead blue veins suddenly burst, extremely cold said: "to this time, you still want to install it? I really admire your courage.

But there are some things that can't be said casually, do you know? The lie you spit out may not matter to you, but to me, it is an insult to me, to the burning heaven clan and to our patriarch. "

He pauses for a moment, stares at Ye Chen and says: "those who insult me burning heaven clan will taste it with blood!"

In an instant, the whole body's breath of burning madness erupted without reservation!

Burning crazy, 20 years old, cultivation for the seven layers of heaven! However, his breath is far more heavy than the ordinary seven layer tianwu in the Hedao realm, which is enough to match the nine layer tianwu of Hedao realm!

Ye Chen's face, showing a trace of indifference smile, this is, the strength of the talent of the burning sky clan?

At the same time, under the breath of burning madness, he calmly opened his mouth and said, "what I said is just the fact."

Burn laughed wildly. His eyes were bloodshot. He laughed angrily. He roared: "good, good, boy. You really make me look different. Do you want to save my life? I hope you can. Now, you do it. I'll make you regret every word you say. "

Ye Chen is not satisfied with the way: "or you first hand it."

As soon as ye Chen said this, except for burning Tiangang, all the people of the burning sky clan were stunned. Then, they were very angry. Let the burning maniac go first?

Is Ye Chen too pretentious?

A three layers of garbage in the Hunyuan Kingdom actually let the burning maniacs in the later stage of the Hedao realm take the initiative?

This is not to their burning the sky clan in the eye!

Burning crazy is crazy to laugh, all over the blue veins are beating, he was completely infuriated, the outsider should despise him? He vowed to tear down Ye Chen's limbs to vent his hatred!

We have more advanced weapons than the foreign ones! I have always looked down on you who are weak and useless with the help of external forces!

However, how many strength gaps can those external forces make up for? Now, I will let you understand, what is the impassable abyss!

What, despair

With the roar, the body of the burning maniac is filled with blood in an instant. The whole body explodes with great force, and the ground under his feet is broken. The burning maniac shoots at Ye Chen like a shell!

The muscles of his right hand were swollen wildly, and, contrary to the red and congested skin, presented a kind of rock like gray white color. He summoned up all his strength, and when the speed and momentum reached the peak, he hit Ye Chen with a fist!

This punch, the speed has reached the extreme, it is unimaginable!

At the same time, Ye Chen stood in the same place without any reaction, as if, there was no reaction at all!

The corner of his mouth cocked up and his face was ferocious. He said to himself, "boy, is this the capital you are clamoring for? I'm so disappointed. Don't die. Otherwise, I can't tell the clan leader. "

Chapter 1770

There's a big bang!

The fist, however, was solid and hit Ye Chen's chest. Ye Chen, as a whole, was so burned that he flew back and forth at a very fast speed and hit a mountain in the distance. It seemed that the whole mountain had shaken for a while!

Burning the sky Gang see this, in the eye flash a ray of strange color!

It's a good punch.

And in the burning crazy hit fly Ye Chen, burning the sky clan, broke out the earth shaking applause! All the people of the burning heaven clan are drinking the name of the burning maniac!

And burning maniac, then raised his fist high, face, with a very proud smile.

However, the next moment, burning crazy smile, solidified.

Because, a voice, reverberates in the burning sky clan, ye Chen's voice!

"Is that all your strength is?"

Silence, silence like death!

The people of the burning sky clan, instantly quiet down!

Ye Chen slowly walked back to his original position. With a slight disdainful smile on his face, he squinted at the burning maniac and said:

"do you think we are just wastes with the help of external forces? Just now, I didn't rely on martial arts, martial arts and weapons, and the power that you are proud of also let me down, isn't it?

I stand still, you can't hurt me, so I deserve to be proud? This is the dignity of the burning heaven clan? "

Why Ye Chen didn't do it!

It is because he wants to see the blood of the burning heaven clan, which is respected by his power, compared with his immortal deity! Who is better!

Obviously, his immortal spirit is far stronger than the blood of the burning heaven clan!

Now.

All the people of the burning sky clan, their eyes are bloodshot, staring at Ye Chen, humiliating!

They feel deeply humiliated from ye Chen's words!

But, they can't refute, because, ye Chen, really did not get hurt!

He even suffered the full blow of the burning maniac without any damage!

And at this time, the burning mania, completely lost their sense!

[illegible]

Burning crazy mouth, issued a non-human roar, then, his whole body appeared strange blood light, his eyes, then instantly blood red!

He stares at Ye Chen and says with difficulty, "you Don't Give me Dead..."

The breath of his whole body was strengthened again!

Ye Chen's eyes coagulate, the power of burning madness becomes stronger!

It gave out a breath that slightly surprised him.

However, manic obviously can not completely control this power, his action has slowed down.

The four contestants of the burning sky clan saw that all of them had sudden changes in their faces. This is a unique secret that only the burning maniac can use, "Tianqiu"!

However, pyromaniac can not completely control the body in the state of meteorite, resulting in slow movement.

Therefore, even if they use the meteorite state, they are not their opponents.

But!

They have no one, so they despise the burning maniac, because, compared with the speed of the burning maniac, his strength has been greatly improved!

All four of them have no confidence to face up to the next day, the state of burning crazy hit!

At this time, the burning maniac in the state of Tianqiu sends out a wild animal like roar and rushes to Ye Chen. He seems to be unable to control his body. His movements are extremely uncoordinated. However, there is only one part of his body that is still under the control of the burning maniac.

That's his fist!

Burn crazy fist, still so stable! There is not a trace of abnormality!

However, all people's eyes, all flashed a trace of gloom, burning crazy fist is very strong, incomparable strong, but, not fast enough! With Ye Chen's ability to fight against burning madness, his strength should not be weak. This fist must be hard to hit Ye Chen.

No matter how strong the fist is, it's useless if you can't hit it!

However, to everyone's surprise, ye Chen, as before, is still as still as before!

All the people of the burning sky clan are overjoyed!

Whether ye Chen is too slow to avoid, or he is too arrogant to avoid it, he has to pay the price!

As long as you hit it, don't mention Ye Chen, a warrior in Hunyuan state, is the peak of the nine layers of heaven in the general Hedao realm, and even the warrior with half a step of fortune can't resist it!

Boom!

This fist, again, the knot solid ground hit Ye Chen's body above!

This blow did not blow ye Chen away, but only made Ye Chen step back under one blow!

Under the explosion, the earth shakes and the dust rolls away!

Ye Chen is surrounded by a huge pit in the shape of a man!

It's too deep to see the bottom!

The burning maniac gasped heavily and fell to the ground. The blow exhausted all his strength. However, he managed to maintain a meteoric state, staring at the deep pit. In the field, there was another roar of applause, and the burning maniac was gradually relieved. Looking at the hole, he said with a sneer:

"boy, now, do you know the price of insulting me, burning the sky and insulting me?"

At the same time, he thought to himself, this blow will not kill the outsider, will he?

Even he did not expect that he could hit Ye Chen so easily with his fist, as if

It seems that ye Chen is willing to accept his attack

He shook his head. How could this be possible?

A blow in the state of meteor is so terrifying that even if he has a very high defense in the state of meteor, he dare not take his own attack!

The four contestants even yelled: "this boy! You deserve it! So arrogant before, but now? "

"Ha ha ha ha, it's OK. The burning maniac can also fight on behalf of the burning heaven clan, not the outsider!"

"He won't die, will he? I didn't say anything before, your power is like this, is it crazy? Can't say it now? "

But no one thought, at this time, the sound of Ye Chen sounded again in the pit!

"It's not bad to beat me, but it's the best strength to beat me?"

In a flash, everyone, smile solidified! Even breathing stopped.

How could it be?

This outsider ate a blow from the burning maniac in the state of meteorite. Unexpectedly, can he speak?

Is this a man?

Even the monstrous beast famous for its strong body doesn't have the defensive power of Ye Chen so terrible?

The next moment, ye Chen's figure appeared in front of the body of burning maniac, kick out!

Everyone in front of a flower, can hardly see ye Chen's action!

Ye Chen's speed is so fast!

Under the blessing of the law of time!

What is burning maniac!

Obviously, ye Chen was deliberately under the attack of burning maniac just now, and it is not inevitable!

And the next moment, boom, more than before a huge bang!

Burning crazy body, by Ye Chen seems to be a casual foot, actually directly kick fly, fly to the high place!

In the moment of being kicked, the body of burning maniac burst out a blood mist, obviously, he was seriously injured!
