

## Physician 1791

### Chapter 1791

However, this is not over. Next, long Xuan is like a sandbag, bearing Zhong You's attack unilaterally!

Zhong you laughed wildly while playing: "how about it? Xuanyuezong beast, am I a man or a mad dog

"You garbage from outside, you are lucky to fight with us of noble blood."

"Don't give up so soon? I haven't had enough

Xuanyuezong has a part of the blood of the dragon's peerless genius long Xuan, unexpectedly by this Zhong you hit no strength!

Ye Chen eyes a congealed, he knows, if Zhong you is doing his best, long Xuan now, has been defeated.

But Zhong you seems to have a mind to play with his prey. He controls his power and consumes everything of Longxuan. Moreover, if he doesn't feel wrong, the breath from Zhong you is the power of law!

Ye Chen mastered part of the law in the Hunyuan realm, and knew the power of the law better than anyone present!

If he's right, it's the law of shadow!

Zhong You's ancestors were the ancient strongmen of Lingwu continent. It seems that they left a lot of things, descendants of fuze.

Is this the greatest genius of the spirit shadow clan?

It's not easy to deal with.

No matter how strong long Xuan is, if he can not understand the power of the law, there will be no chance of winning the battle.

Long Xuan's light curtain at this time has begun to flicker, obviously, he is about to reach the limit!

In the constant ridicule and strange smile of Zhong you, the protective light curtain of Longxuan finally, flashed out!

"Hee hee hee."

Zhong you looked at long Xuan, and her face twisted slightly because of excitement: "it's fun. It's time to start now."

Then, his figure, once again, disappeared.

Poop! Blood splashes!

Zhong you, with a penetrating smile, appears in front of long Xuan. However, his smile soon solidified.

That blood is not Longxuan's blood!

It's his own!

Long Xuan slowly took back his hand with blood and said coldly, "yes, it's fun. Now it's time to start."

The tall old man in the sky shook his head slightly. If Zhong youruo used all his strength at the beginning, he would not have been like this. Now, on the contrary, he is a cheap opponent.

Zhong You's talent is very strong, not weaker than Sun Yang. However, he can hardly control the emotion of tormenting his prey.

Finally, with the sound of the tsunami, the audience was silent.

Not only because of the counterattack of Longxuan, but also because of the change of his appearance!

At this time, the Dragon Xuan was taller and taller. His body was covered with scales. He was more profound and dark. His image was closer to the legendary dragon.

Ye Chen looks at the changes in long Xuan's body, revealing a faint smile. Long Xuan succeeded.

I'm afraid long Xuan activated the power of blood.

In the land of Lingwu, the terror of blood can make the warrior powerful many times!

If it was not for his reincarnation that he had not awakened, ye Chen would have tried.

Even ye Chen is very curious, how rebellious is the reincarnation blood in his body praised by the reincarnation graveyard, the eternal holy king and others?

Only when the stele of reincarnation is activated can we know.

.....

On the court.

Zhong You turns around and stares at Longxuan. He naturally finds the change of Longxuan's image. However, this is not what he cares about. What he cares about is the breath of Longxuan!

Long Xuan's breath changed, faintly, with a trace of blood force, he even in the battle with Zhong you, touched the blood thing!

Feeling the hazy power, long Xuan whispered: "you forced me..."

The dragon race is not only one of the most powerful races in the world, but also a symbol of a road!

The dragon can dive, soar and enter the fire. No matter what kind of environment, depending on its strong vitality, it can adapt and become more powerful. This is the power of the dragon!

The dragon family and the holy dragon family can become the top families in Lingwu continent because of the dragon blood in their bodies!

Zhong You stares at long Xuan. He doesn't laugh.

Seems to calm down, but, in the eyes of madness, but brewing more thick, as if before the dawn of the dark, before the storm of peace.

Their own prey, even counter attack?

Is it to spoil your fun?

How dare he?

In this way, isn't it fun?

It seems that we should teach this animal a good lesson.

Once again, the shadow disappeared.

At the same time, a golden pattern appeared in the center of each black scale on long Xuan, as if it had turned into eyes.

Long Xuan's eyes, suddenly looked to a place, where the ground, a faint shadow, is flashing fast. "Tongtian Quan, Hualong!"

If sun Ting's Manlong fist is powerful, and long Xuan's fist is strong in blood!

Longxuan's fist seal turns into a dragon shadow, which is more real than sun Ting's man dragon!

This is really the shape of a dragon!

With a roar, a small hole was made by long Xuan in the blue stone arena. At the moment when the shadow was hit, Zhong you finally appeared on the arena. His hands were folded in front of his chest, and the shadow condensed to block long Xuan's fist, but he also stepped back several steps.

Zhong You's face looks ugly at last.

Zhong you is actually hiding in his own shadow, and quickly approaching Longxuan, for a time, it will give people an illusion of blinking!

At this time, he is seen through by long Xuan. Zhong You's shadow escapes very fast, and his mind is extremely difficult to perceive. Obviously, after the change of scales on long Xuan's body, his perception is greatly enhanced.

Long Xuan takes a pill given to him by the elder Taishang and stares at Zhong you. Although he knows the truth of sun Ting's disappearance, his eyes are more dignified.

Zhong you, it is so easy to block his blow!

At this time, Zhong you looked at long Xuan, and the madness in his eyes finally faded away.

Under the field, his whole body was wrapped like zongzi. Looking at Zhong You's appearance, Sun Yang, who was watching the battle, suddenly trembled with excitement and said in disbelief: "clan leader, Zhong you, this is..."

The head of the Lingying clan looked very excited and nodded: "Zhong you he It seems to be serious! "

Zhong you, since childhood, is the most outstanding genius in the shadow clan. However, he is also a strange genius. Because he has too much strength, Zhong you has hardly fought hard.

For him, fighting gradually became a kind of fun. Because of the cruelty in the spirit shadow clan's blood, fighting became a process of tormenting opponents for fun.

Zhong you he has hardly fought seriously!

At this time, in the face of long Xuan, Zhong you finally found a sense of fighting, not fun.

Zhong you looked at Longxuan and said faintly, "the law of shadow."

Chapter 1792

With the sound of Zhong you, the shadow at his feet actually climbed up to his body!

On top of his body, a shadow barrier was formed. His body moved and rushed to Longxuan in an instant!

Long Xuan took a deep breath, wearing a pair of bony tiger fingers on his hand, and suddenly burst out a very strong breath. The fist meaning broke out, the angry dragon roared, and the Dragon chanted to the sky!

Boom!

Long Xuan and the body shape of Zhong you covered by shadow collide with each other instantly!

In a flash, both of them didn't know how many times they had made their moves. The powerful energy collided, and the afterwaves radiated around. The venue vibrated and countless cracks appeared on the arena.

Boom, is a sound, that continuous roar sound, finally stopped.

The figure of one person flies backward rapidly and flies straight under the challenge arena.

But all of a sudden, the speed of another figure is faster than that of the person who flies backward!

Before he falls under the stage, appears behind him, blocks his body!

The corner of his mouth, with a trace of blood, on his cold face, gradually floating a twisted smile, overlooking the body of long Xuan, who was seriously injured and unconscious, and showed a look of great desire.

Eager to tear it up!

The two face each other, and the winner is Zhong You!

When Zhong You's hand moves, he will fall to the Dragon Xuan on the ground, but at this time, a dignified old man's voice rings out: "winner, Zhong you."

The voice, with an invisible prestige, instantly resounded through the audience. At the moment of the sound, Zhong you could not even move again.

The big old man glanced at Zhong You faintly. The disciple of xuanyuezong at Longxuan's level could not be killed by Zhong you.

Different from ye Chen's killing Zhou Yan, it's a matter of xuanyue Zong. If the people in their seclusion place hurt the opponent's life in the martial arts meeting when they lose the resistance ability, they will have great trouble.

Although xuanyuezong is not the top power in Lingwu mainland.

But xuanyuezong is not weak in ancient times. Even the founder of xuanyue sect, even the top power, should be afraid.

When Zhong you heard the speech, he bit his teeth and took a look at the Dragon Xuan on the ground. He still walked down the arena in silence. While stepping down, he couldn't help but shout and highlight a mouthful of blood. Obviously, he was also hurt.

Ye Chen looked at long Xuan, who was taken off the field, and sighed. Zhong you obviously felt the power of law for a long time. His understanding of the power of law was much deeper than that of long Xuan, who used his blood secret method in a hurry during the battle.

What's more, the physical body, spiritual power, blood control and so on are excellent.

Long Xuan's defeat was also in his expectation.

With the end of the competition between Zhong you and long Xuan, the second game, announced by the big old man, began.

In the second competition, Sun Yang, the genius of the holy clan, stepped onto the arena and swept Ye Chen and Liu Ming. He was much better than the top three, which was related to the qualification of entering the Tianchi Lake. Naturally, he would not challenge the people in the reclusive world, but eliminated Ye Chen, the disciples of xuanyuezong, as far as possible.

At this point, there is no point in retaining the hidden strength.

Finally, Sun Yang's eyes were fixed on Liu Ming. He said to Liu Ming with a smile: "Liu Daoyou, please give me your advice!"

Liu Ming still looks expressionless and quietly walks onto the Qingshi arena. However, his eyes are very dignified.

Two people on the stage, Sun Yang showed a refined smile and said: "Liu Daoyou, you go first."

As soon as Sun Yang said this, the audience at the scene all gave a burst of exclamation. This is the final battle of the top three!

Every contestant who can still stay at present has a very strong strength, and at this time, Sun Yang can calmly let the other side first?

What courage and pride is this?

This is the first time that they are worthy of applause!

The bell you see the situation under the field, can't help but send out a cold hum.

When Liu Ming heard the speech, his face sank and became colder. However, he still said, "good."

Liu Ming, the first true biography of xuanyuezhong, actually agrees that Sun Yang is better than himself!

Liu Ming held the pale gold sword and gazed at Sun Yang. His breath was hidden but not hair. It was like a sword hidden in the sword box!

He slowly raised his long sword in his hand and said, "Sun penetrating sword technique."

At the same time, the audience felt a sharp change in the sword!

Liu Ming's sword sense is not weaker than ye Chen's immortal sword sense now.

Of course, if the same level, immortal sword will be invincible.

However, ye Chengang soon understood the meaning of immortal sword, while Liu Ming understood the meaning of sword for decades!

At that moment, his whole body seemed to be integrated with the sword in his hand, emitting a breath of incomparable sharpness, like a sharp sword out of the body! At the same time, there is a boundless breath, breath is broad, far-reaching, it is a strong law breath!

The next moment, Liu Ming stabbed out a sword, and in the center of his forehead, a sword shaped pattern emerged.

At the same time, behind him, a strange sword shadow flashed away. With Liu Ming's stabbing action, his body shape seemed to be driven by the pale gold sword in his hand, and instantly appeared in front of Sun Yang!

Looking at the sword shadow emerging behind Liu Ming, ye Chen's pupil shrinks. Is that Kendo condensation?

The spirit God of the reincarnation cemetery was also aware of something. He could not help but say, "it can only be regarded as half step condensation. This boy can do it by using his own spirit sword.

However, with the blessing of his heavenly spirit sword body, its power is not weaker than that of the ordinary Kendo condensation shape attack. Moreover, the power of counteracting the body is not as powerful as the real Kendo condensation shape. "

Sun Yang's face at this time has also changed, and there is no longer the calm and calm at the beginning. Looking at Liu Ming's eyes, he is very dignified. Almost at the same time of Liu Ming's hand, he burst out: "my ancestors' blood gives me strength! The wheel of heaven

Behind Sun Yang, there is a burning shadow of the sun. The light is shining. In front of him, there is a barrier formed by light!

Seeing here, the burning Tiangang beside Ye Chen can't help but cry out: "Sun Yang even used the power of our ancestors at the beginning!"

Can his body withstand the bite of strength?

To be exact, as long as the blood concentration of God blood reaches a certain level, it will awaken something left by the ancestors.

The ancestor of the holy family had the body of Shengyang, while that of the Lingying clan was the body of shadow.

This blood and spirit will be more or less understood by future generations.

With these two kinds of spirit bodies, just like Liu Ming's Tianling sword body, when you use Yang system and shadow system skills, you will get bonus.

Chapter 1793

At this time, the spirit God said, "it's strange that even if you have a special spirit body, you can reduce the power of counterattack. The boy in this secluded world should not be able to exert this power with such a heavy weight as if it were light?"

Even with Ye Chen's immortal body, it is difficult to do so.

Sun Yang's physical body is definitely not stronger than ye Chen. But why can he use such power without looking worried about the reverse?

However, Sun Yang's strength is strong, but when he appears, he fluctuates slightly. He is faintly suppressed by Liu Ming's sword sense!

The sun penetrating sword technique used by Liu Ming was originally to achieve the meaning of penetrating the sky and sun!

It can be said that it is a special move to restrain Sun Yang!

Boom, earth shaking noise!

The bluestone arena was shattered by the explosion, countless pieces of debris floating, dust all over the sky, and the protective shield fluctuated violently.

The next moment, a big drink, in the martial arts assembly hall reverberated: "sky fire! Get up

Obviously, all of his body's swords were crushed by the dust on his shoulder!

However, he looked solemn and did not feel weak at all, just like a big sun on the sky. Behind him, the sun was shining brightly and suddenly turned into a huge fireball and fell towards Liu Ming in the blue stone arena!

The burning breath from the face is suffocating!

Ye Chen eyebrows slightly a wrinkle, it seems from the beginning, Sun Yang hidden strength.

Now, he has been directly forced to create the second or even the third heaven of the chemical realm!

The same age, can be so, put in Lingwu mainland is absolutely Tianjiao!

Ye Chen even wondered why the ancestors of these people were the most powerful people in Lingwu land. Why did they hide in this secluded land and only established contact with xuanyuezhong.

What is it to avoid?

The blood soul clan hiding from the seal?

Ye Chen seems to have caught some clues, but he is not sure.

At the moment, Liu Ming of xuanyuezong is scarred all over, and his skin is dark in many places. He looks at his left hand holding the sword.

His left hand was shaking and bloody. Although he had broken Sun Yang's wheel just now, he didn't hit the key.

But the power of this move's counterattack and collision made his left hand completely useless.

However, Liu Ming's eyes are firm, staring at himself, as if the fireball can burn all things, without any fear!

He handed his pale gold sword to his right hand.

Right hand is his favorite hand! However, he only uses his left hand to fight the enemy.

Only at the critical moment of life and death can Liu Ming use his right hand to use his sword!

Liu Ming holds the sword in his right hand. His eyes are slightly closed. He is brewing the strength of his whole body. Behind him, a shadow of sword shape is looming.

Finally, the moment before the fireball came, Liu Ming suddenly opened his eyes, and the sword shadow behind him was completely solidified in this moment!

Liu Ming gazed at the falling sun and said coldly: "the way of sword: through the sun!"

With a loud noise, the dazzling white light bloomed, ye Chen's eyes narrowed, and the spirit of Geng Jin was condensed in his eyes against the white light. Even he was full of expectation for the result of this attack.

He knew that at that moment, Liu Ming broke through the realm of fortune!

There was a tremendous shock from the venue, and countless deep cracks appeared on the ground outside the bluestone arena!

The whole blue stone arena looks like lava, showing a red color. The only area in front of Liu Ming is still blue!

At this time, Liu Ming was smoking, but he didn't fall down. His sword pointed directly at Sun Yang in the air!

Sun Yang had a pair of gloves burning crimson flame in his right hand. His hand was dripping blood. However, Sun Yang didn't feel general and did not respond. All this was because he held a sword in his hand!

Liu Ming's sword!

Sun Yang's forehead on a drop of cold sweat, dead staring at the sword in his hand, let the sun in his hand burn, but still does not disperse, and this sword, only an inch away from his throat!

Although he didn't really stab into his throat, his throat has been stabbed by the sharpness of his sword. He can't speak now. Once he speaks, he will spit out blood all over his mouth!

He firmly clenched the sword in his hand, and the sharp pain came from his hand. However, Sun Yang did not have the slightest sense of relaxation. He wanted to use the pain to make himself remember that he almost paid the price of his life because of his arrogance!

Sun Yang behind the shadow of the sun, the flame in his hands, also turned into a pale gold color, that transparent sword, soon sent out bursts of green smoke, was burned into nothingness.

Sun Yang took a deep breath and used it twice in succession. His spiritual power has reached the limit, but

He took a look at Liu Ming on the challenge arena. You should have done the same, didn't you?

Now, he has no slightest contempt for Liu Ming. He knows that if it was not for the ancient blood protection, he would have lost now! Sun Yang's hands were burning with pale gold flame. He pointed to Liu Ming, who was holding the sword posture on the challenge arena. The light gathered in his hands. He looked at the flame in his hands with great dignity and said in a deep voice: "the way of Yang, break the void!"

Even with ancient blood protection, Sun Yang's right hand, wearing gloves, was shaking slightly.

This move is his most powerful move. Even he can not completely control himself when he has additional protection. However, the power of this move is no doubt!

The way of Yang breaks the void, condenses the sun's true fire into a divine light, which is enough to penetrate the void!

However, just as Sun Yang was about to do this to Liu Ming, Liu Ming's body collapsed without warning.

Sun Yang was stunned. At the same time, he also breathed a sigh of relief. He scattered the magic power in his hands and fell slowly from the air.

Just now, although Liu Ming broke his strength again, the impact damage and the power of counterattack that he suffered had brought him down completely.

Although Liu Ming was still standing just now, he was totally relying on his will power and his mind, which had already fallen into a coma.

The burly old man took a deep look at Liu Ming. Xuanyuezhong, there were several monsters out there.

After a moment's silence, he announced, "Sun Yang, victory."

After that, someone came to the stage immediately and lifted Liu Ming down from the arena. Ye Chen's body moved and immediately appeared beside Liu Ming, who was lifted down from the arena. He put a pill into Liu Ming's mouth. This pill is the most effective of the remaining pills. However, ye Chen did not hesitate to give it to Liu Ming.

After all, he is a disciple of xuanyuezhong.

And Liu Ming's strength is worth it.

Liu Ming barely opened his eyes and looked at Ye Chen in front of him. He felt the surging power of the medicine in his body. His cold face softened. He reluctantly said, "thank you."

Ye Chen said with a smile: "you are all from the same door. You are welcome. You are good at healing. I should be on the stage."

Ye Chen became the only hope of xuanyuezhong.

Only.

Chapter 1794

Ye Chen finished and turned to prepare for the stage, but Liu Ming's voice suddenly sounded behind him.

"Ye Chen."

"Well?" Ye Chen looks back and looks at Liu Ming.

Liu Ming showed a wry smile and said, "I've been disgraced by zongmen. You must win."

"Certainly!"

Ye Chen turned his head and walked to the arena. His eyes were deep and he said in a deep voice, "I will not only win, but also win the first prize for xuan yue zong."

Looking at Ye Chen's back, Liu Ming has no reason to believe Ye Chen's words.

He laughs at himself, originally, still regard Ye Chen as an opponent, did not expect, lose the qualification that challenges him, it is oneself.

As ye Chen walked, he said in his heart to the God of the Royal beast spirit: "the God of the Royal beast spirit, just now, that Sun Yang, is not some strange?"

The spirit God of the Royal beast nodded his head and said: "it is true. If I see it right, there is a protection that does not belong to his strength on this person!"

"Does not belong to his protection?"

Ye Chen's face changed slightly. Obviously, it's cheating.

But he had no evidence.

This world has something to do with the ancient power of Lingwu, which is absolutely mysterious.

We can imagine the strength of its protection.

In this way, I have no chance to defeat Sun Yang?

The spirit God continued: "this protection should only be the perceptual protection left by the ancestors. It can strengthen the protected's sense of martial arts, blood vessels and laws, and reduce the reverse effect of using the law beyond the realm. Even if there is a bonus on physical ability, it will not be too high."

Ye Chen frowned and said, "even so, if you want to defeat him, you have no hope."

Facing an opponent who can use the power of the law to attack is almost equivalent to facing a warrior in the early or middle stage of the creation environment. Although Ye Chen is strong, he has not really been able to resist such a strong one.

Unless you're possessed.

But the devil's eye sleeps for a short time. It's very difficult for him to get into the devil with the help of the devil's eye.

Therefore, we must rely on ourselves in this war.

"No, you're wrong," he said with a strange smile

"What?"

"Hum, only a strong man like me from ancient times can see this matter. Even the old man who presided over Dabi's highest cultivation can't see it!"

Ye Chen said: "Yu animal spirit God, you don't betray the truth, say it quickly!"

The spirit of the Royal beast said: "the boy's protection should be opened with the help of the power of that Tianchi. Originally, during the opening of Tianchi, he should be able to use the power of protection completely, but!

I don't know why. The connection between this boy and Tianchi is gradually weakening. In a short time, his strength of reinforcement will be exhausted!

However, you must fight him when the protection is about to disappear, so that in the process of fighting, he will not have the opportunity to re-establish contact with that pool. This is your chance to win

Ye Chen was glad to hear the speech and asked, "Yu beast spirit God, can you measure the time when Sun Yang and Tianchi are weakest?"

The spirit God of the imperial beast said with a smile: "it's not too specific. However, it's possible. The error is not more than a stick of incense. As long as you can ensure that you stick to a stick of incense in his hand for a long time, you will win!

Now, you can delay the fight with this Lingfeng boy. When I ask you to finish, you can finish the game again! "

Ye Chen said with a smile, "don't worry, no problem."

With that, ye Chen has already been on the green stone arena, which is really magical. It has been almost destroyed just now. Under the powerful old man's casting, he has recovered so quickly.

The burly old man glanced at the two people on the challenge arena and said, "Lingxiao of Lingfeng clan, yes, ye Chen of burning sky clan, the competition begins!"

His eyes are somewhat helpless, because, according to his judgment, although Ling Xiao is very strong, ye Chen's strength is more than Lingxiao.

Of course, Liu Ming is the same. Even long Xuan has a chance to beat Ling Xiao.

Therefore, no matter who Sun Yang challenges, there will be a disciple of xuanyuezhong who will get the chance to enter the Tianchi. Although it is helpless, the two evils should be taken as light as possible to ensure that Sun Yang enters the Shenxue area.

Therefore, he let Sun Yang advance directly before, instead of challenging xuanyuezhong's disciples.

Facts have proved that he is right. Although Sun Yang can't see it now, he has already suffered a lot of injuries and won a thrilling victory. It shows that even if there is ancient blood protection, Sun Yang may lose!

In such a case, of course, there will be less than one match. These talents of xuanyuezhong are really not simple.

At this time, the king beast spirit God again said: "boy, for a while, there will be some flaws on purpose, which will not affect the next slight injury of the game. According to the rules of the game, for a while, you will have the opportunity to challenge Sun Yang. You should paralyze them and make them think that you are looking for death. In the end, they will die!"Ye Chen said with a wry smile: "Yu beast spirit God, what do you think of my opponent? He is at least a genius of Lingfeng clan, touching the power of law. In this way, are you not afraid of me overturning?"

Besides, there is no immortal law in your hand?

Even if he doesn't kill you, I'll kill you. "

Ling Xiao of the Lingfeng clan is very dignified in the face of Ye Chen. He looks carefully at the strength and moves used by Ye Chen. He knows that ye Chen is absolutely a terrible enemy!

"The law of wind is invisible!"

At the beginning, Ling Xiao used all her strength. It can be said that among all the major tribes, spirits similar to those possessed when the blood concentration of God descendants reaches a certain level may be born.

This is also the origin of the names of the major tribes. However, compared with the two tribes of God origin, the probability of the birth of spiritual bodies of all ethnic groups is much less than that of other tribes, and the power is not as strong as that of the two tribes.

However, the other tribal geniuses who gave birth to this kind of spirit are also very powerful. They are called demigods, and Ling Xiao is the demigods who have the spirit of Tianfeng!

The law of wind is more effective under his spirit body bonus of Tianfeng.

At this time, Ling Xiao's body shape, like the breeze, can not be caught, fast to the extreme!

Ye Chen saw the situation, also frowned, speed is one of his weaknesses now, speed is more than ordinary opponent, is his most hated type.

Immediately, he thought of something, and at the same time, he used the body method of imitating the wind and stepping on the dust step. His body shape became ethereal for a moment.

Ling Xiao sneers at the situation. Ye Chen, although you have great strength, you are not as good as me in terms of speed.

At the same time, his palm wind is like a knife. At the same time, his palm wind blows on the green stone arena!

Chapter 1795

Ye Chen tries to avoid part of Ling Xiao's palm strength, and draws out a sword to dance with her to defuse the unavoidable attack. For a while, she seems to be suppressed by Ling Xiao!

Ling Xiao sees a Leng, ye Chen how to return a responsibility?

Although his speed is not as fast as himself, ye Chen should be able to rely on his advantage in attack power to counter attack his opponent. Now, how can he just barely cope with it?

Suddenly, Ling Xiao's eyes lit up and seemed to think of something. On that day, when ye Chen walked out of the evil spirit of the alien world, he was obviously injured by extremely fatal injuries!

Although do not know, ye Chen is how to recover, can participate in the competition, but, ye Chen, is likely not fully recovered, the body, still left a dark injury!

Yesterday, he and sun Ting's confrontation may not be deliberately suppress their own strength, but simply can not exert their full strength!

It's just bluffing!

Thinking of this, Ling Xiao looks ecstatic. As long as he wins Ye Chen, he also has the qualification to enter Tianchi!

At present, immediately strengthened the offensive, crazy to Ye Chen, actually a pair of completely regardless of the injury to play desperately!

And ye Chen, unexpectedly in Ling Xiao's attack, gradually not up!

Ling Xiao see this, more determined their own ideas!

The offensive is more and more crazy!

Looking at Ye Chen's embarrassed appearance, even the audience began to discuss.

"Isn't this xuanyuezhong disciple very strong? How can he behave so badly?"

"I see, ye Chen is not as strong as we thought?"

"Yes, after all, it's just the three-level cultivation of Hunyuan state. It was so eye-catching before. Maybe it's just that his opponent is too weak."

"Ling Xiao is also a demigod, or has the spirit of the kind, meet this level of opponents, ye Chen can not be as strong as before."

People seem to think that ye Chen's strength is only so.

The spirit God of the Royal beast said with a smile: "boy, the acting skill is good."

Ye Chen is secretly complaining that he can't use all his strength to fight against the enemy. It's more difficult to deal with this way than to meet an opponent who is one point stronger than himself. At present, this situation is not completely pretended.

The two of them fought thousands of moves in this way. At this time, ye Chen was already scarred, but all of them were just skin injuries. With his immortal spirit and reincarnation, he could soon recover.

However, seeing that ye Chen has been beaten, the audience has almost determined that ye Chen's strength is under Ling Xiao.

At this time, the spirit God of the imperial beast suddenly said: "almost! Boy, it's over"

Ye Chen looks at Ling Xiao again, and his eyes are fixed. In fact, he has already seen through Ling Xiao's body method for so many times. He has not fought back, but is just delaying time.

Be pressed to hit for so long, even with Ye Chen's heart, is full of fire, now, finally can fight back!

Lingxiao see ye Chen suddenly body a stagnation, eyes big bright, ye Chen finally to the limit!

He is ready for a palm, mercilessly toward Ye Chen's chest print!

See ye Chen and did not avoid the potential, Ling Xiao face great joy, this palm, must hit!

When Ling Xiao's palm is about to be printed on Ye Chen's chest, ye Chen suddenly slightly adjusts his body shape, and the immortal sword is surging to the position Lingxiao is about to move!

The sword will roar out, the Qi of Geng Jin will be released, the golden light will explode and flash, and the wind will shake the sky!

The sword, immortal!

"Not good!"

Ling Xiao's face changes, ye Chen is not willing to bear his own attack, in exchange for the opportunity to fight back!

However, he just attacked blindly. How could he think that ye Chen still had the strength to fight back?

I haven't left any retreat for myself. It's too late to escape now!

For a while, Ling Xiao has a feeling of prey falling into a trap.

However, Ling Xiao is also a veteran of war. At this time, the attack is not disordered at all, but his face is fierce and fierce, and his body is accelerated. That palm still bombards Ye Chen's chest.

Since you can't hide, then spell!

There's a big bang!

Ye Chen takes a step back.

And Ling Xiao was instantly engulfed by the immortal sword!

His body spins quickly and reverses, in a mess, intending to dissolve Ye Chen's sword!

At the moment of being hit, ye Chen murmured: "Gengjin immortal, fall!"

Ye Chen wants to combine immortal sword with Geng Jin Qi!

Gengjin is the highest Yang in the world!

And immortality is indelible!

It's easy to say, but it's really hard to do it!

However, ye Chen has many masters, and he has learned a lot of skills. In addition, he has the magic formula and reincarnation blood!

Master the skill and everything far more than everyone!

Gold is shining.

No one knows what's going on inside. At this time, Ling Xiao finally stopped. His whole body was dyed red with blood, and his side was cut out by Ye Chen, a huge scar from his armpit to his abdomen.

He stood unsteadily, staring at Ye Chen, who was half kneeling on the ground not far away, gripping his teeth and sticking to it.

However, after three breaths, Ling Xiao fell on the ground with unwilling eyes and lost consciousness completely.

He was hurt, too much.

Seeing Ling Xiao fall, the audience all sighed with regret. In their opinion, if Ling Xiao was not too anxious and attacked blindly, ye Chen caught the flaw. In this battle, Ling Xiao must have won!

At this time, ye Chen wiped the bloodstain in the corner of his mouth and stood up slowly.

But it's just trauma. The power of entering the body is dissolved by Ye Chen's immortal spirit.

At the same time, he couldn't help but smile bitterly.

Acting is so hard!

When he comes back to China as a star, he may not win the Oscar.

The burly old man took a look at Ling Xiao, who was in a coma. He took a slight puff from his mouth and announced: "Ye Chen, win."

Later, after Ling Xiao was led down from the arena by the Lingfeng people, the big old man went on to say, "the top three players have been decided in this contest. Now, since all the three contestants have been injured, I will make a tentative ranking. Now, please compete with the top three contestants to enter the arena!"

Sun Yang and Zhong you walk on the ring and stand with Ye Chen.

The burly old man said: "now, from the sixth place of Dabi, I begin to announce that the sixth place is long Xuan, the fifth is Ling Xiao, the fourth is Liu Ming, the third is Ye Chen, the second is Zhong you, the first is Sun Yang."

After that, he looked at the patriarchs and said, "do you have any comments?"

Naturally, the clan leaders of all ethnic groups would not have any objection. They immediately nodded their heads and said, "elder elder, we have no objection."

The audience also nodded their heads. Judging from the performance of the battle, Liu Ming may be better than ye Chen. However, Liu Ming lost to Sun Yang ahead of time and did not advance to the top three.

Seeing that the patriarchs agreed, the burly old man looked into the field and said to Ye Chen, "the contestants who have won the big match, do you have any opinions on your ranking? If so, you have a chance to challenge. "

The audience looked at Zhong you. In their opinion, Zhong you and long Xuan had not fully demonstrated their strength, but they might have challenged Sun Yang. However, at this time, although Zhong you was unwilling, he did not speak.

Zhong you knows the existence of ancient blood protection. Without this ancient blood protection, he can fight with Sun Yang.

However, in the case of Sun Yang's ancient blood protection, he was almost equal to xianzun in the realm of nature. To challenge him on his own was to seek abuse.

The audience were disappointed at Zhong's humorous silence.

Originally, I wanted to witness the battle between the two most powerful geniuses of the God tribe.

This kind of battle is also known as the war between the gods and the descendants. In the past years, if there was a war between the gods and the descendants, it was quite wonderful.

At the time when everyone thought that Dabie was coming to an end, even the burly old man shook his head helplessly and was ready to announce the final result.

A young man's indifferent voice echoed in the Martial Arts Conference Hall:

"I don't accept the result, I want to challenge Sun Yang."

Chapter 1796

Silence!

Everyone looked at the speaker in disbelief.

CHEN Ye is!

The bloodstain on his chest is still there. Now, he wants to challenge Sun Yang?

How many times has this been unexpected?

Ye Chen this guy, is really not surprising, die endlessly?

You are even a big man? You have to know that if the challenge fails, you will lose your place.

Your place will be replaced by Ling Xiao, who is fighting against you! "

He gazed at Ye Chen. Although Ye Chen's suicidal behavior was almost desirable to him, after all, none of these xuanyuezhong disciples could enter Tianchi!

However, I don't know why, looking at Ye Chen's indifferent expression, he has a kind of ominous premonition.

Ye Chen nodded and said, "I'm sure."

As soon as this speech was said, it immediately caused a great stir in the venue. Even though the audience had a certain recognition of Ye Chen's strength, now, they can't accept Ye Chen's arrogance!

In their hearts, with Ye Chen's strength, if the challenge is the second ranked Zhong you, there is a glimmer of possibility.

After all, although Zhong You showed strong strength against long Xuan, it was much worse than Liu Ming's and Sun Yang's. although Zhong you may not have fully demonstrated his strength, ye Chen still has a chance to attack.

But now, ye Chen wants to challenge Sun Yang? What is arrogance, isn't it?

If a person is too crazy, he is unreasonable. If he is crazy beyond his own strength, he will easily be looked down upon by others. Now, all the audience are not satisfied with Ye Chen, a disciple of xuan Yue sect.

"What did he say? He wants to challenge Sun Yang? Is your brain watt? "

"Ha ha, if you have a little strength, you can't recognize the reality?"

"To deal with a Ling Xiao, who has already spent so much energy and risk to win, now, how dare you dare to challenge Sun Yang?"

"Let him seek death, our Tianchi should not have been touched by xuan Yue's disciples!"

Listening to the taunts of the audience, and looking at the silent, burly old man, ye Chen suddenly stepped forward, raised his head to face the countless audience, and said with a light smile, "do you think the God you admire is very strong?"

As soon as ye Chen said this, the audience was quiet for a moment, but when they looked at him, they were all angry. They were proud of their place of seclusion. How could they be insulted casually by a disciple of xuan Yue sect?

Ye Chen didn't seem to see the anger in their eyes. He continued calmly: "do you think I challenge Sun Yang just because I'm arrogant? Don't recognize me? Ridiculous

"You frogs from the bottom of the well, how can you know the size of the world? How can you see the Dragon leaping over the nine heavens

"I will prove with facts that I am better than your gods!"

Ye Chen this speech, immediately detonated the audience's mood, innumerable roars, angry curses, reverberated in the venue.

"Kill this arrogant man, Sun Yang!"

"It turns out? Sun Yang, it has been proved by facts that he is just a wild dog barking! "

"What a frog at the bottom of a well and a leaping dragon, Sun Yang, let's see who is the frog and who is the dragon!"

At this time, it is not Sun Yang who is more angry than the audience, but the Zhong you beside Sun Yang.

He stares at Ye Chen, his face is still hanging that unnatural smile, but his eyes are gradually cold, because he feels his dignity, has been insulted!

How dare Ye Chen challenge Sun Yang?

Isn't that what he doesn't dare to do?

Even if ye Chen did it because of his stupidity and ignorance, Zhong you still couldn't let go!

Zhong you looked at Ye Chen and said in a sharp tone: "what a dragon? The courage is praiseworthy. It's really admirable. However, it's just because of your stupidity. Can Sun Yang have other secrets? If you know it, you will understand where your stupidity is. "

Ye Chen glanced at Zhong you and said, "are you? Maybe I know more than you do? "

"Ha ha ha ha." Zhong you laughed: "you know? You know what? You know this guy has... "

Zhong You's words have not finished, the burly old man then one voice Li to drink a way: "Zhong you, what are you talking about!"

He glared at Zhong You fiercely and scolded secretly. The boy with abnormal spirit is really open-minded and embarrassing.

Zhong you coldly looked at Ye Chen, full of sarcasm, but still closed his mouth.

Ye Chen turned to the burly old man and said with a smile, "elder, what's the problem?"

The burly old man pondered, ye Chen's challenge, according to the rules, he could not refuse.

However, he had the right to postpone the competition for a day on the ground that the contestants of both sides adjusted their state. He cast a glance at Sun Yang, intending to ask him about his injury.

Sun Yang motionlessly nodded, indicating that his injury was no longer in the way. The burly old man gazed at Ye Chen for a moment, and finally nodded his head and said, "well, Zhong you, step back first, Sun Yang, ye Chen, prepare for the competition!"

Ye Chen just received Ling Xiao's all-out blow just now, which hit Ye Chen in the chest, but he couldn't hide his eyes.

Ye Chen should still be injured in his body. No matter how strong his vitality and body are, he can not recover so quickly. Now, it is the best time for Sun Yang to fight ye Chen.

When ye Chen hears the speech, a glimmer of joy flashed through his eyes. Soon, only Sun Yang and ye Chen were left behind in the blue stone arena. Their eyes were opposite, and they almost had to rub sparks.

And the audience on the scene, also for an instant boiling up!

Sun Yang said with a smile: "Ye Chen, you are really proud, very crazy, but if you are too arrogant, you will fall very miserably, and even, you will never get up again."

Ye Chen also said with a smile, "is it? I don't deny that my pride is that I don't know if you have that "strength" that I can't get up He specially accentuated his tone in the words of strength.

When the burly old man heard the speech and raised his eyebrows, his bad premonition became stronger and stronger.

However, the words have already been spoken, and at this time they can't go back and say in a loud voice: "Ye Chen, yes, Sun Yang, the competition begins!"

.....

At the same time.

In front of the gate of xuan yue zong.

A graceful girl came quietly, her face dusty, even a trace of complaint.

"Ye Chen is too good at running. I've been chasing him for many days."

"If it wasn't for me, I would have gone back to the palace as early as possible

"I really don't know where this boy named Ye Chen is good. Elder martial sister wants to give him that valuable thing!"

"The point is, how many days have I been delayed in order to deliver this thing."

"I'd like to see where ye Chen is."

It was Xiao Yun of the Lingxian palace who spoke.

Ji Siqing's junior sister.

Ji Siqing and Xia Ruoxue couldn't leave Lingxian palace because of the existence of Lingyun xianzun. They had to ask the younger martial sister to send something to Ye Chen.

Ji Siqing is worried about ye Chen's accident. When he knows the news of Ye Chen, he immediately asks Xiao Yun to send that thing.

It's so precious.

But Ji Siqing knows that this is the best thing for ye Chen!

Xiao Yun came to xuanyuezhong's gatekeeper and asked, "Hello, is there a person named Ye Chen in your sect?"

The gatekeepers turned pale when they heard Ye Chen.

Others don't know ye Chen's power, but they do!

Not long ago, the strong man of wanjiandi palace came to see him!

It's for ye Chen!

Fortunately, the strength of the women in front of them is not very high. They gently exhaled a breath: "xuan yue zong has a disciple named Ye Chen. Do you have anything to do with him?"

Xiao Yun breathed a sigh of relief and took out a jade pendant and said, "this is the token of Lingxian emperor palace. Let Ye Chen come out to see me quickly!"

Those disciples were still relaxed, but when they saw the jade pendant, they were shocked!

Lingxian palace!

Walk a wanjian emperor palace, how come a Lingxian emperor palace again!

What's the origin of Ye Chen who has just entered the zongmen!

Chapter 1797

The two xuan yue zong gatekeepers did not dare to say much, so Xiao Yun in front of him said respectfully, "wait a moment."

Xiao Yun nodded and sat waiting for a seat beside him.

Half a minute later, a sexy girl in red came out.

It's zining!

Zining came to Xiao Yun and looked at Xiao Yun with interest and said, "is that you are looking for ye Chen?"

Xiao Yun frowned: "who are you?"

Zining smile: "I am Ye Chen's elder martial sister, also take ye Chen to step into the xuanyuezong's Guide."

"Ye Chen is now practicing in the secret place. If you have anything you can tell me, I will tell it to you."

Although Xiao Yun wants to go back to the Immortal Emperor Palace immediately, he still shakes his head when he thinks of the importance of that thing: "I'll wait for him to come out here."

"There's something I have to give him myself."

Zining is not forced to show a genial smile: "since you are ye Chen's friend, I will take you to xuanyuezong to have a look. It is estimated that he will come out in a few days."

"Good."

Xiao Yun also does not refute, follow Zi Ning into Xuan Yue Zong.

.....

At the same time, the land of seclusion.

On the martial arts arena.

It's a hair trigger.

Sun Yang learned a lesson from the battle against Liu Ming. Although Sun Yang didn't believe Ye Chen was as powerful as Liu Ming, he still didn't trust him.

He rose directly into the air, and a round of shadow of the sun appeared behind him, which made Sun Yang look like a God.

He looked down at Ye Chen and said, "sky fire! Open it

A huge shadow of fireball agglomerates in front of Sun Yang, baking and distorting the surrounding space, emitting extremely terrible energy fluctuations!

Sun Yang showed a confident expression on his face. This time, he was no longer in a hurry.

Now this move is stronger than when he faced Liu Ming.

Moreover, even if ye Chen also touches the power of the law, he can't just suppress himself like Liu Ming's move. He believes that ye Chen will definitely be defeated by this move!

Ye Chen turns his wrist and pulls out a cold sword. Although the six ways of God and king are not revealed, all the powers are blessed on his immortal spirit body!

Endless evil Qi and blood Qi surround!

His whole body exudes a sense of immortality!

Not only that, but also the spirit of Geng Jin!

It seems to form a golden barrier!

He gazed at the fireball in the air. His face was dignified, his spiritual power was working at full strength, and his whole body was full of breath. He did not dare to be slighted. Sun Yang's strike was really strong!

The spirit of the imperial beast in the reincarnation cemetery said in a deep voice: "boy, hold on, as long as one incense stick at most, his protection will be invalid!"

Ye Chen took a deep breath and said in a low voice: "the ice sword formula is immortal! With the spirit of Gengjin, cut the sky

Ye Chen raised his head and looked at the fireball that was about to arrive in front of him, and fought to cut out a sword!

Evil spirit! The spirit of Gengjin! Immortal sword! The power of law! All together!

This sword, ye Chen is serious!

Sun Yang with ancient blood protection, ye Chen dare not take it lightly!

Originally, Sun Yang, full of self-confidence, suddenly changed his face. How could it be! How can ye Chen's sword have such terrible power?

This power has surpassed Liu Ming's sun penetrating sword technique!

Even, it brings him a sense of crisis in the face of life and death. This move can kill him!

Sun Yang almost roared wildly: "the way of Yang: the wheel of heaven!"

A light wheel suddenly appeared in front of Sun Yang.

At this time, ye Chen almost collapsed after cutting out the sword, and all the strength seemed to disappear from his body.

However, he still tried his best to mobilize his mind and spiritual power to form a barrier with the fastest speed!

At the same time, he yelled: "stop me!"

Boom!

The sword idea collides with fireball, the world vibrates, the space tears, and the strong light bursts in an instant, almost blinding the audience's eyes!

The green stone arena turns to scorched earth in an instant, and most of it melts.

As the light fades away, the audience looks at the arena

All of them held their breath, their minds were shaking, their mouths were wide open, and they could hardly hold on to themselves!

What they saw was unbelievable, unexpected, dizzy and confusing.

Originally they looked down on him and ridiculed him as a arrogant and ignorant Ye Chen. In the face of Sun Yang's overwhelming attack against Liu Ming, he did not fall down!

Ye Chen holds the sword, the complexion is extremely pale, the seven orifices gush out the blood, is panting violently.

But he didn't fall! No loss of mind!

Liu Ming, looking at Ye Chen's figure, flashed his eyes wildly. Finally, he sighed. He knew that he had been defeated by Ye Chen.

However, this is not what shocked the audience most. What shocked them most was Sun Yang! At this time, Sun Yang, mouth with blood! Ye Chen's one hit, unexpectedly let Sun Yang hurt!

Although Sun Yang and Liu Ming were injured in the fight, they did not show it. Therefore, this is the first time that the audience has seen Sun Yang injured in the martial arts competition.

And the person who hurt him is Ye Chen!

Where is this or that ye Chen who is equal to Ling Xiao?

With Ye Chen just that knife, enough to kill Ling Xiao!

Now, the audience know that they are wrong, and have been wrong all the time. Ye Chen's strength is not what they imagined!

Sun Yang stares at Ye Chen and takes a pill with healing effect and a pill for restoring spiritual power. The power of Ye Chengang's knife is too strong. Even if he is blocked by the heavenly wheel, the anti shock force still makes him hurt.

The spiritual power in Sun Yang's body has been disordered. Although he still has a calm face, he is actually frantically suppressing the spiritual power in his body.

At this time, he looked at Ye Chen's eyes, had changed, because he knew that ye Chen was not some arrogant and ignorant fool, but a terrible opponent!

Ye Chen is also taking medicine, but what he takes is not two, but a dozen!

Some healed the wound, some restored the elixir field, and some recovered the spirit. At this time, he was covered with blood, and there were a lot of charred places. Obviously, it was not good

Looking at Ye Chen's action, Sun Yang can't help being speechless. Does this guy also have ancient blood to protect?

At the same time taking such pills will not be the force of the drug bite?

He did not know that ye Chen had the immortal deity that countless people in the land of Lingwu had dreamed of!

Then, the next moment, the two almost at the same time, again!

"The way of Yang: sky fire!"

"This sword is immortal!"

This time, because of their injuries and the power of their attacks, both of them have dropped a lot, but they are still extremely terrifying!

Attack collision, Sun Yang spit out a big mouthful of blood, and ye Chen body, directly burst out of blood fog, the body's dark, also more.

Ye Chen's body is full of blood, breathing more and more heavily, he stares at Sun Yang's face.

Chapter 1798

The counterattack of the power of the law is too strong. If Sun Yang can continue to attack with such a strong force, it will kill him.

Sun Yang looked at as if reached the limit of Ye Chen, finally showed a smile, ye Chen, the law of the force of the reverse, not good?

Now, do you understand who is the frog in the well?

I admit, you are very strong, but you can't win me!

He raised his hand, the pale gold flame condensed in his hand, and he wanted to use his strongest blow to completely result in Ye Chen!

But at this time, Sun Yang's face suddenly changed wildly and he yelled: "how can it be! How could it be so! "

His breath, in a moment of confusion, condensation of the golden flame of the right hand, crazy shaking, behind that round of sun shadow, also began to flash.

Ancient blood protection, disappeared!

Without the protection of ancient blood, Sun Yang's control of the power of the law was twice as weak. The power of the golden flame in his hand was almost going to explode in his body. If the power of the reverse attack broke out, he would undoubtedly die!

"Ah, ah, ah, ah, ah!"

Sun Yang roared like a wild animal, his breath rose in an instant, and his body was red with blood.

At the time of life and death, Sun Yang, like Zhong Hanming, burned his blood to improve his cultivation. Moreover, his actual realm was even higher than that of Zhong Hanming. In a moment, Sun Yang stepped into the four layers of heaven in the realm of creation!

Finally, he managed to control the golden flame in his hand and condensed it!

"The way of Yang: breaking the void!"

A golden light, the moment to Ye Chen shot, the place, all into nothingness!

Seeing this, the spirit God of the imperial beast yelled in Ye Chen's mind: "boy, do your best! The son of the holy family still has the power to strike

"Do you need my help?"

To his surprise, ye Chen refused directly!

The violent air pressure directly shakes everything!

Even the cold sword in Ye Chen's hand is broken!

"Mole ants of xuanyuezhong, you have no sword, you are dead!" Sun Yang's voice of ridicule suddenly rang out.

At this time, ye Chen raised his head and laughed.

"That sword is not for me."

"I have a sword, named blood devil!"

"Blood magic sword, come out!"

Ye Chen doesn't care about everything!

Only with the bloody magic sword, can we have the power to fight!

As for the power of reincarnation cemetery power, he does not want to rely on!

Only to the real life and death situation, will use!

Blood magic sword burst out in an instant!

Magic swept!

Ye Chen holds the sword in both hands. The sword idea startles the sky. Endless evil Qi is brewing in his body!

The sky is discolored!

"This sword, for the devil!"

"What is the devil? It is the devil who breaks the injustice between heaven and earth."

Ye Chen suddenly drinks, a sword cuts down!

All power is blessed under this sword!

The burly old man on the stage even burned Tiangang's face. They never thought Ye Chen had a magic sword!

The grade is extremely high!

Of course, weapons are also part of the strength!

Of course they can't say anything!

After all, this arena depends on our own strength!

Boom!

The collision of the two powerful forces has made a space crack directly. The light curtain that covers the bluestone arena has even appeared silk cracks!

The burly old man frowned and finally made a move!

With a wave of his big hand, the light dissipated and the cracks closed.

The audience immediately looked at the green stone arena!

At this time, the green stone arena has completely disappeared.

Ye Chen stands on the ground, and the blood demon sword falls in front of him. Obviously, he can't hold the sword any more.

He is too tired.

The audience looked at Ye Chen's appearance, can't help but feel shocked!

Ye Chen at this time, almost the same as the last time when he walked out of the evil Qi, shocking!

Although Ye Chen's appearance is very sad, but his eyes, but still very bright!

At this time, Sun Yang, slightly lowered his head, suspended in the sky, it seems, did not suffer any injury!

When the audience saw this scene, they were all happy. It seems that Sun Yang won in the end!

However, the next moment, their smile, on the solidification.

Sun Yang burst all over his body in an instant, pouring out a strong blood mist, and his body fell from the high altitude.

In the end, although he broke through by force, the strong force of counterattack caused extremely serious damage to his body.

Ye Chen finally breathes a sigh of relief. Sun Yang's last move to break the void is extremely powerful. If he had not lost the ancient blood protection, the power of breaking the void would have dropped a lot. Unless ye Chen used the power of the beast spirit God and the devil's eye, he might not have been able to take it. The burly old man caught Sun Yang's body in an instant, and fed a pill into Sun Yang's mouth. Ye Chen's eyes flashed. The pill sent out a very powerful medicine. It was an ancient pill!

The face of the burly old man was uncertain. Now, he finally felt that the ancient blood on Sun Yang disappeared!

How could that be possible? How can ancient blood disappear?

He glanced at Ye Chen, who became like a blood man. Did ye Chen not only know that Sun Yang had ancient blood protection, but also knew that Jiahu was about to disappear, so he challenged Sun Yang?

However, even he did not feel, ye Chen, how to know?

He suddenly felt that he could not see through the young man

"Elder, can you announce the result?" Ye Chen said hoarsely.

The burly old man was silent for a moment and sighed. The strong old man seemed to be aging several times in a moment, but he still said, "Ye Chen, win."

Dead, all people are staring at Ye Chen, no one speaks.

Their ears, but also echoed Ye Chen and their words

Ye Chen raised his head, eyes, is incomparable pride!

Facing the audience, he said in a loud voice: "I said, I will prove to you with facts that I, ye Chen, is the strongest one."

Finally, there is no one else who can ridicule and refute Ye Chen.

All of them lowered their heads and did not dare to face Ye Chen's eyes.

Pa Pa Pa Pa Pa

I don't know where, there was a weak applause

Then, more and more applause, until, deafening applause!

All of us, at this time, have admitted that ye Chen is stronger than the God origin they revere!

All people are convinced by Ye Chen's strength and arrogance!

In the applause of the mountain, ye Chen's bloody face showed a smile. Then, in the thunderous applause, he fell to the ground!

Finally, he's at the limit.

When ye Chen wakes up, he finds that he has returned to his room. Beside him, there are still three people standing, namely, burning Tiangang, long Xuan, and Liu Ming.

Burning Tiangang said with a smile: "Ye Chen, your physical recovery ability is really against the sky. If you are so seriously injured, you will have to die half a life if you change to someone else, even if you are the God of fortune. You have recovered so quickly."

Chapter 1799

Ye Chen looked at the plaster all over his body, showed a smile, reluctantly sat up and said: "thanks to the plaster of the patriarch, I can recover so fast."

Long Xuan also said with a smile: "brother ye, congratulations."

Long Xuan's smile is bitter, but ye Chen can see that he is really happy for himself.

Immediately patted on the shoulder of long Xuan and said with a smile, "I will cover you in xuan yue zong."

Then he turned his head and looked at Liu Ming on one side and said with a smile, "elder martial brother Liu, I didn't disgrace the zongmen, did I?"

Liu Ming still looked expressionless, nodded his head and said, "I'll give you the seat of the secret disciple first."

"But it won't be long before I overtake you!"

Ye Chen some speechless ground shakes head a way: "I wait for you."

Liu Ming's character is really proud, but ye Chen doesn't hate people like him.

Burning Tiangang interrupted their conversation and said with a smile to Ye Chen: "OK, don't say that. Ye Chen, if you can go now, go with me to see the elder. It's time to enter Tianchi.

Originally, I was really worried that if you were hurt too much, you would miss the chance to enter the Tianchi Lake. In that case, you would be very angry and seriously injured again. "

Ye Chen smell speech, also can't help but show the color of expectation, finally, want to enter this Tianchi! Hope you don't let yourself down.

The mysterious woman helped him and let him enter the Tianchi Lake for a reason!

He reluctantly propped up his body and walked out with the burning Tiangang.

Ye Chen's physical condition is very bad now, even if the immortal spirit body, can't recover immediately.

In the last war, he still had some internal injuries. Now, after the first battle with Sun Yang, he obviously can't cross the level again.

I hope that the legendary blood area of Tianchi can recover the injury in the body Ye Chen clenched his teeth and tried to endure the sharp pain and followed by the burning Tiangang.

Soon, ye Chen and Fen Tiangang came to the elder's residence.

When ye Chen's eyes swept, he saw Sun Yang and Zhong you all here. His eyes were on Sun Yang. Sun Yang is now a man of nature, but he is wrapped up like zongzi, which is obviously more miserable than ye Chen.

Sun Yang's vision of Shangye Chen is somewhat complicated.

"OK, everyone is here," said the elder

He glanced at Ye Chen and said, "Ye Chen, I have to remind you in advance that it is not as easy as you think to enter the blood area of Tianchi Lake. With your physical state, you may die. Even so, do you decide to enter it?"

If you give up this qualification, I can make the decision and give you compensation beyond imagination. Moreover, you can still enter the light red zone. "

Ye Chen said with a smile: "thank you for your concern. I have made up my mind to enter the blood area."

The elder sighed and said no more. He nodded and said, "OK, let's go."

Several people came to the stone house, the elder suddenly let out a long cry, and suddenly a dark shadow appeared in the sky, approaching here at a very fast speed.

Ye Chen looked up and couldn't help but shrink his pupils. What came was a green dragon with a whole body of green Lin, a hundred Zhang long body and a single horn!

This land of seclusion, what a big pen!

No loss is the land of the descendants of the ancient strong!

With a wave of the elder hand, ye Chen and the other three figures instantly appeared on the back of qingjiao. He stood on the head of qingjiao and said, "go

After hearing the speech, the green Jiao moved, and the clouds around him rose. The next moment, he left at night, much faster than the big eagle who burned Tiangang.

Soon, ye Chen and others came to a huge lake. When ye Chen looked under him, he saw that the water of the lake was bright red, like blood.

And the whole lake is surrounded by layers of prohibitions, which send out extremely terrible fluctuations. If ye Chen is close enough, he can't help but look at the Tianchi underground in horror.

This prohibition, even if it's all powerful, dare not break through

The elder drove away qingjiao and rose into the air. There was a piece of bright red ore in his hand. There was a simple symbol on the ore. The elder pinched the formula in his hand, and a blood light was emitted from the ore, which fell on the boundless prohibition.

Suddenly, a bloody whirlpool appeared above the ban. The elder said to Sun Yang, "this is the entrance of the light red area. Hurry in."

Sun Yang nodded, barely supporting the body, toward the bloody whirlpool.

Looking at Sun Yang's leaving, Zhong you is a bit gloating. He thought that with the ancient blood protection, he would be able to enter the divine blood area.

As a result, he killed Ye Chen on the way. Now, he can only enter the light red area. He is even worse than himself. I don't know how unwilling he will be in his heart.

The elder looked at Sun Yang and sighed: "Sun Yang, maybe it's a good thing for you. Every time you go deep into the Tianchi Lake, it's dangerous. Even in the blood area, there are often talented people who can't come out. This light red area is the most stable." Then, the elder sent Zhong you into the crimson area. Finally, he took Ye Chen to a central area where the prohibition was most intensive.

The big elder opened the entrance and said to Ye Chen, "boy, I can remind you that the God blood area can not stay for a long time. Don't be too greedy. If you can't bear it, you can't die in it."

He didn't really care about ye Chen's life and death. However, these words still need to be said, lest ye Chen really die, and xuanyezong would come to trouble at that time.

Ye Chen nods, body shape moves, then entered that blood color whirlpool.

The next moment, ye Chen only felt the earth and the sky spinning, as if he had not fallen into the lake under his feet, but had crossed into another space.

Originally some drowsy head, suddenly received a burst of violent stimulation, bursts of sharp pain gushed from the body.

Ye Chen couldn't help but roar. He fixed his eyes on it. At this time, he had fallen into a boundless blood red liquid, and his body was immersed in it, which produced incomparable pain!

at this time, the voice of the beast spirit is heard in the mind of Ye Chen: "I thought that those guys called the blood zone were exaggeration, but I did not think that there was a real blood essence. This is a good thing!

Boy, this is God's blood washing marrow for you! Although it's good for you, it's also very dangerous!

Run the magic reincarnation formula with all your strength. Don't let your body collapse because of the power of God's blood! "

Ye Chen clenched his teeth and concentrated his mind to run the magic samsara formula with all his strength!

The boundless sea of blood had been eroding Ye Chen's body, destroying and reorganizing his body. However, when ye Chen began to operate the magic formula, the sea of blood began to revolve around Ye Chen. Ye Chen, in the practice of the sea of blood, had a little stronger breath

We can see the horror of the magic samsara formula!

Chapter 1800

I don't know how long, that blood whirlpool, gradually condensed out a little purple light, slowly moving towards Ye Chen.

Ye Chen eyebrows slightly a wrinkle, the sense of tearing on the body is extremely strong.

Even his immortal body is like this. I'm afraid that ordinary people will be mercilessly torn up!

What should I do?

just then, ye Chen heard the sound of a dragon chant!

Blood dragon empty shadow!

Blood dragon is the Dragon God of ancient blood demon!

I'm afraid the blood of God has miraculous effect on blood dragon!

Ye Chen no longer hesitates, directly let the blood dragon rush out of the body!

The Dragon chant resounds above the Tianchi Lake, blood surging, as if in fear of something!

The next second, the blood dragon directly into the God blood pool!

A huge whirlpool is forming!

Blood dragon in crazy absorption!

Ye Chen Mou son one Xi, thought of Xiao Huang again!

Xiao Huang's real body is the ancient lion demon war god!

Although there is no ultimate evolution, this divine blood area must have a wonderful effect on Xiaohuang's evolution!

And Xiaohuang, like the blood dragon, must be able to withstand the power of the God blood area!

"Xiao Huang, come out! There is something good

A roar of beast trembles, and Xiao Huang turns into his real body and appears beside Ye Chen.

God's blood submerged Xiao Huang's body.

After a long time, Xiao Huang put out her head and took a look at Ye Chen with great enjoyment:  
"master, this divine blood has a wonderful effect on my blood! If I absorb all the energy in this, I might be able to inspire my next evolution. "

Ye Chen Mou son a joy, nod, close eyes, also began to absorb the power inside!

All three of them are demons!

A demon may not be able to bear the power of the blood area!

But what can the three demons shake them!

.....

At this time, outside the Tianchi Lake, Fen Tiangang and the burly old man stood side by side. With a slight frown on his brow, he looked at the prohibition not far away and said to the elder, "why has Ye Chen not come out after so long?"

"Besides, I seem to have heard the sounds of two monsters just now?"

The elder's face at this time, however, looked relaxed. He shook his head at the burning sky gang and said with a smile, "no one can persist in the divine blood area for such a long time. The boy of xuanyuezong, I'm afraid, has fallen into this Tianchi."

"As for the sound of monsters you hear, it's probably a fairyland in the blood area."

"I told him long ago how dangerous it was to enter the divine blood area, and reminded him to do what he could, but what about him?"

Arrogance and ignorance, but a little talent, you really regard yourself as a God? If I had accepted my advice, I would not have come to this end. Unfortunately, it is too late to regret now. "

Time is going crazy!

Ye Chen, has been in this divine blood area for seven days!

This has been, close to the highest record in history!

If ye Chen is still alive, it is undoubtedly a miracle, but the reason why miracles are miracles is that miracles are not so easy to happen!

This xuanyuezhong disciple must have died in the Shenxue district. Although he died in the Shenxue area, it was also a stain on the divine blood of Tianchi.

However, it is better than letting this boy go out alive. He has already explained what should be explained clearly. If ye Chen is dead, it is completely because of his incapacity!

.....

At this time, ye Chen is completely immersed in a wonderful state. The numerous purple red light spots are gradually integrated into Ye Chen's body. When each light spot is integrated into Ye Chen's body, ye Chen's breath will rise a bit. At the same time, a strange Rune will flash across his forehead.

Runes cover the devil's eye and dare not get close to it.

XUELONG and Xiaohuang sometimes open their eyes to see ye Chen.

After all, ye Chen is their master. They can't absorb all the resources, but let the master have no resources.

Fortunately, ye Chen's state is more and more prosperous, and Xiaohuang and Xuelong do not hesitate to continue to absorb crazily!

No one knows how much Xiaohuang and Xuelong absorbed!

And ye Chen!

The countless purple and red light spots have gradually formed a wonderful skill!

In the sea of blood, ye Chen's body is now flowing with a layer of purple gold light, and the purple red light spots around Ye Chen are almost absorbed by Ye Chen.

.....

Two days later, outside the Tianchi Lake, Fen Tiangang looks at the Tianchi Lake, and gradually has no hope. He is very fond of Ye Chen.

Moreover, he also thinks Ye Chen is a demon with strong talent, but now, even he has to admit that ye Chen, almost certainly, fell in the Tianchi.

He came this time, but he wanted to introduce his daughter to Ye Chen after ye Chen came out of Tianchi! This kid can't just die like this! In those days, he had entered Tianchi, but he was only in the light red area. However, even so, he knew how terrible the Tianchi blood was!

Although the effect is very strong, it can strengthen the foundation and improve the constitution, but it is also extremely dangerous. If it is not good, it will be torn by the divine power in the blood and water!

Ye Chen has now spent nine days in the blood area of Tianchi and has broken the record of the place of seclusion. Of course, if he is still alive.

Sun Yang is still standing by the side of burning Tiangang. At this time, Sun Yang's body is not only half injured, but also his breath is much stronger than before!

The whole person faintly sends out as if on the sky the sun general formidable spirit, lets the human dare not look closely!

At this time, Sun Yang's cultivation was even further advanced. He was very close to the realm of creation. He must be able to break through soon.

What's more, his spirit is obviously much stronger than before!

Now he has no pressure to control the way of yang to break the void. The power of the way of yang to break through the void is several times stronger. It can be said that he is completely confident to kill Ye Chen in the arena.

Sun Yang looked at the blood area of Tianchi, and on his face, he regained his confident smile.

Although he only entered the light red area, he stayed in the light red area for nine days!

This is also a very amazing record. In terms of benefits, it is definitely not worse than Zhong you, who just stayed in the dark red area for three days and then forced to come out. Zhong you, who is still in a coma, is even better!

With a sneer on his face, Sun Yang secretly said: "Ye Chen, you really have amazing talent. Even I feel inferior to myself. However, you are too arrogant and arrogant!"

What's the use of talent?

People like you are doomed to be swallowed up by their own arrogance! As now, sleep in this sea of blood

The burly old man looked at Sun Yang and nodded with satisfaction. Sun Yang did not let him down.

If you can stay in the light red area for nine days, the benefits you get are almost equivalent to one day in the blood area. Don't underestimate this day. If you can stay in the blood area for one day, you can still leave alive. Then, the benefits you get are unimaginable!
