

## Physician 1801

### Chapter 1801

His eyes moved away from Sun Yang and looked at the sea of blood in front of him and said with a smile:

"in another day, Tianchi will be closed. Even if the boy is still alive, he can't get out. Next time, it will be next year. If you stay in the Shenxue area for a year, you can only end up with a dead body and a dead body. I think, Tiangang, you can go back to the clan It is. "

Burning sky Gang sighs a way: "since have waited so many days, also not bad last day."

His heart still does not believe that ye Chen will die like this.

On the tenth day, burning Tiangang's eyes on the lake were covered with blood. One hour, two hours, three hours

Finally, from the closure of Tianchi, there is only one incense stick left.

Burning sky Gang sighs, turn around to leave.

The big old man laughed and said, "ha ha, stupid boy, now, do you regret that you refused my suggestion and insisted on entering the blood of God area? I didn't get anything, and I lost my life, but it's too late! "

Sun Yang echoed: "it seems that this nine day dragon has drowned in the lake. But isn't the Dragon good at water? Is this not a dragon, but a worm? "

Hearing the speech, the burly old man burst into laughter with Sun Yang.

But at this time, a bloody whirlpool suddenly appeared above the heads of several burly old people, and a figure fell from it!

Burning the sky Gang, Sun Yang and the burly old man saw this, they were very shocked.

These two have lived for many years and have awed the strong men of the whole hermit land and the most outstanding talents of the young generation in the hermit land. At this time, they look like three headed wooden chickens and look at the figures falling from the air.

That figure is Ye Chen!

At this time, ye Chen's breath is very strong, the strange purple and gold lines flow around his body, and there is a faint purple light looming between his eyes.

Kui Yang and I said, "do you look at the elder with a smile?"

The elder was shocked and speechless at this time, not only because ye Chen appeared, but also because of Ye Chen's breath!

At this time, the elder felt a trace of it from ye Chen Similar to the breath of ancient blood protection!

How could that be possible!

After a long time, the elder faltered and said, "er This Of course not, but how did you stay in the blood area for such a long time

In the past, the longest record of staying in the blood area of Tianchi was seven days. He was the most outstanding genius in the history of the land of seclusion.

The seven days in the God blood area brought him great benefits that ordinary people can't imagine. After he came out of the God blood area, his accomplishments went thousands of miles in a day, and he was respected as the true God!

Finally, it became a place to suppress the seclusion for tens of thousands of years!

Ancient blood protection and other magical skills were created by this man.

And ye Chen, unexpectedly stay longer than him, full stay nine days time!

Is it not to say that ye Chen's benefits from the divine blood area are greater than the strongest in history?

Sun Yang felt Ye Chen's breath. His face, which was full of confidence, collapsed by the way. He looked at Ye Chen in horror as if he had seen a ghost. At this time, ye Chen glanced at him with blood flashing in his eyes.

Just one look!

Sun Yang was forced to step back!

Ye Chen light way: "now, you see clearly?"

His eyes were burning at Sun Yang.

"Am I a dragon or a worm?"

What's going on!

His eyes, how can give people such a huge pressure!

Sun Yang clenched his teeth. In his eyes, there was also a pale golden light. The breath of the whole person changed, sending out extremely hot waves. He used the spirit strengthened by Tianchi. At this time, he was able to withstand Ye Chen's eyes.

He took a deep breath and was just about to open his mouth when Ye Chen in front of him suddenly opened his eyes. In his eyes, there was a purple golden light shining like substance.

For a moment, Ye Chen's figure, actually in Sun Yang's eyes, constantly enlarged, into the top of his head, foot on the ground of the grand God general! I can't help but worship!

At the same time, a strong drink reverberated in Sun Yang's mind: "say! I'm a dragon! Or worms? "

"How can it be! How could this happen? You are not Ye Chen, who are you? "

Sun Yang completely lost his temper. His face was white and his whole body was shaking. His spiritual power could hardly work! How can Ye Chen become so terrible? Even worse than the elder?

The boundless pressure surges towards Sun Yang. He feels that as long as he doesn't answer Ye Chen's question, the next second, he will be torn to pieces by this divine power!

With a puff, Sun Yang could not help kneeling on his knees and growled: "yes It's the dragon! You are the dragon! I am a worm

Voice just fell, that boundless pressure, in vain, as if never appeared in general!

Ye Chen looked at Sun Yang and said, "Sun Yang, what are you doing? I'm only joking with you. Do you need to kneel down? "At this time, the elder looked at Sun Yang's behavior, and his face was very ugly. However, what shocked him most was not Sun Yang kneeling down to Ye Chen, but the breath that Ye Chen just showed

It was Shenwei? Real power?

This What's going on? What happened to Ye Chen in the blood area?

Sun Yang stood up slowly with his head down. No one could see his face clearly. After he was silent for a moment, he turned away without saying a word. His figure was like the sun, but at this time, it was just like the earth and stone rolling down the road.

The elder looked at Sun Yang's back and sighed. The sun, which had been rising slowly, had fallen completely at this time. His pride had been crushed by Ye Chen.

He turned his head and looked at Ye Chen's eyes, faintly emitting a chill.

Seeing that there was something wrong with the atmosphere, huotiangang quickly came out and said with a smile: "brother ye, I'm really scared to death. I thought you really fell in the blood area. You know, the person who stayed in the blood area for the longest time in history only stayed for seven days.

That's a miracle, and you've been here for nine days. It's a miracle

Ye Chen said with a light smile: "it's just a fluke."

, in fact, if he wants to, he can stay in this blood zone for a longer time. However, the essence of the divine nature in the blood sea has been absorbed by Ye Chen and blood dragon and Xiao Huang. It is useless to wait until next time to recover and not to know what time to stay.

"Well, since you have already come out, please go back to the burning sky clan with me. Tonight, you can have a rest here for one night. Tomorrow morning, you can return to xuanyuezong."

Chapter 1802

With that, he called the eagle with a long cry. Then he turned to the big old man and said, "elder, we'll go back first."

The elder stares at Ye Chen. He is very worried. If the elder really strikes Ye Chen, he may have to stop him. Now, he has regarded Ye Chen as his own.

In the end, the elder said in a low voice, "let's go."

Burning the sky Gang, as if relieved, immediately controlled the black eagle, rose from the sky and disappeared in the sky.

Sun Gang was so arrogant that he threw up his face? You know, just now the great elder, all planned to attack you? "

Ye Chen a smile: "as long as this Tianchi has not been closed, even the great elder, can't kill me."

Burning the sky Gang smell speech, eyes a congealed, however, did not pursue what.

Soon, they returned to the burning sky clan.

In the room, ye Chen is sitting on the bed, frowning slightly, and his purple and gold lines are shining. This is not his intention, but he can't fully refine the performance of his just acquired strength.

The pressure on Sun Yang just now is also due to his clever use of this power.

This power seems to be similar to the thunder robbery of heaven.

However, Tianchi brought him other benefits.

The first is the realm. He has already stepped from the third tier of the Hunyuan realm to the fifth tier of the Hunyuan realm, and it is very close to the sixth tier.

The second is the immortal body. He always feels that there are more things in the immortal body.

But without fighting, he couldn't feel what it was.

Finally, it is their own reincarnation.

He was in the God blood area, unexpectedly had such a moment, let the blood wake up for three seconds!

That three seconds, Tianchi surging! It's like the end of the day!

It seems that we must speed up to get the reincarnation xuanbei of xuanyuezhong.

Yu animal spirit God said with a smile: "boy, now, what you have is the real ancient blood protection. It's not like Sun Yang's imitation. How about the feeling of being integrated with Tianchi?

Isn't it cool? Tut Tut, what is the taste of this power

Ye Chen said: "cool! Of course! However, this power, after all, is not my own, no matter how cool, I will not lose myself because of this power! "

"Well said, once Tianchi is closed, or you leave the land of seclusion, this power will not exist.

However, it is not completely disappeared. You have the inheritance of the ancient strong. In your body, you have a trace of real divine blood. It is much stronger than the blessing given to you by the founder of xuanyue, which is of great benefit to you. "

Ye Chen opened his eyes and clenched his fists. In the space, there were black electric lines!

His eyes, the emergence of ecstasy color, even if not with the help of the power of Tianchi, ye Chen now grasp, almost have the power to break everything!

Without the help of reincarnation graveyard and devil's eye, he should be able to fight to build the strong one under five levels of heaven!

I don't know what realm Lingyun is!

It's not long since the year.

the divine essence is too strong for the world. Even the body of Ye Chen is only absorbed. There is still a trace of it. He can not digest it completely to strengthen the foundation. Therefore, the purple veins on Ye Chen can not be hidden.

In addition, ye Chen also got the inheritance of the ancestors of this hermit world!

At this time, ye Chen's door, suddenly sounded a knock on the door.

Ye Chen swept a gate, direct way: "come in."

When the door opened, a girl walked into the room with her head down and a plate of food.

Ye Chen's eyes swept over the girl's face and couldn't help but feel a little stunned. Most of the women in the seclusion place have rough looks. However, the girl in front of her is extremely delicate. Her face is no worse than zining, Xia Ruoxue and Ji Si.

Even the temperament of the body shows a trace of ancient feeling.

The girl blushed and said, "my father asked me to bring you the food."

Ye Chen smiles, the girl not only does not look like a woman in the land of seclusion, but also does not like her character. She is so reserved and shy. Feel the other side and burn Tiangang some similar breath, ye Chen heart clear.

He nodded to the girl and said, "thank you. Put it here."

The girl put the plate on the table, but she did not leave. She stood in the room nervously. She was at a loss, but her pretty face became more and more red.

Ye Chen looked at her strangely and said, "what's the matter? Is there anything else? "

The girl was silent for a moment and hesitated. Finally, she raised her head as if she had plucked up her courage. With a red face, she called out to Ye Chen, "I I My father asked me to be here with you tonight!"

Ye Chen is surprised. Unexpectedly, this reserved girl will say such a thing. Then she shows a wry smile. The idea of the head of the burning sky clan is really unexpected. I will leave tomorrow, but let my daughter accompany me tonight.

Ye Chen shakes his head a way: "do not need, you go back."

Hearing the speech, the girl stood in the same place. In her beautiful eyes, however, there was a layer of water mist. She said in a small voice: "yes Don't you think I look good? "

She knew that she was not as cheerful and bold as the other women in the tribe. She had always admired other women and could talk and laugh with men unscrupulously.

However, she was always a little timid, she thought, the men in the family would not like a girl like her, would they? So there has been some inferiority.

Ye Chen looked at the girl and said with a bitter smile: "no, you are beautiful, just..."

For a while, he didn't know how to explain it. He held it for a long time and only said, "I have someone I like."

To yechen's surprise, the girl said directly, "I don't mind. My father said that since ancient times, women have been the vassals of the strong. I'm..."

Ye Chen has some helplessness, casually said: "is this your voluntary, or is your father forced?"

This burning Tiangang is really disrespectful to the old man! What's going on here!

The girl secretly glanced at Ye Chen. Although Ye Chen was not as strong as the other men in the tribe, his appearance made the girl feel very beautiful. Compared with those tribal men with muscles, the girl preferred a clean boy like Ye Chen and nodded gently.

Seeing the girl nodding, ye Chen's mouth opened slightly. The girl even nodded. What can I do now

For a moment, both of them were silent in the room, and the atmosphere was somewhat strange.

All of a sudden, let Ye Chen unexpected things appear, the girl even directly untie the clothes.

The perfect body is thus revealed in front of Ye Chen.

See this scene, ye Chen can't help but be a little thirsty.

He is a man after all.

The girl so with the most perfect body to come to Ye Chen side, that warm embrace, directly fell into the arms.

Ye Chen forced to suppress the hot and dry heart, suddenly raised his hand and said, "wait a minute!"

As soon as the girl moved, her tears almost burst out of her eyes. Her lips trembled and choked: "I'm sorry, I'm going out..."

Just as she turned around, ye Chen's voice sounded behind her, "what's your name?"

The girl's action is sluggish, murmured: "my name is burning cherry..."

[six today, tomorrow, and the official account will be pushed to see the

Chapter 1803

Ye Chen took off his clothes and put it directly on the body of burning cherry and said, "I know what you mean, but you don't know me."

"If one day you get to know me and still want to give it to me, I won't refuse it."

"But not now."

The girl pupil enlarges, looks at Ye Chen in surprise.

For a moment, she had a heartache for this man.

If ye Chen forcibly takes away her first time tonight, she may hate her father and ye Chen all her life.

But at the moment, she found that the man named Ye Chen was different from others.

For a long time, burning cherry eyes such as water to see ye Chen: "that tonight you can let me stay here, otherwise my father..."

Ye Chen hesitated for a few seconds, or nodded: "good."

Ye Chen so let burn Ying sleep on the bed, and he is on the side of the magic reincarnation Jue.

.....

In the early morning of the next day, ye Chen went into the transmission altar outside the tribe in the farewell of burning Tiangang and burning Yingying. After a whirl of the earth, he returned to the transmission place outside the xuanyue sect.

Ye Chen shook his head and looked up. There were two figures in front of him. It was the dark night and Zi Ning. They had been waiting here.

He saluted them and said, "elder martial sister, headmaster."

Seeing ye Chen in the dark night, his cold face had a trace of relaxation, and he said, "I already know about the whole matter. You don't need to care. Now, go back to the sect. From today on, you are my secret disciple of xuanyue sect. You should rest for a few days, and then follow me to meet the three supreme elders."

Purple Ning hums a way: "unexpectedly stayed in the God blood area nine days, is really a monster, do you know, we are all worried to death?"

Yachen feel shy and laugh. "Sorry, I could have come out earlier, but the divine essence of God's blood zone is too strong. In order to consolidate them, I stayed there for some time."

Zining is a little speechless. For others, the deadly blood area of Tianchi Lake is just like an ordinary lake to Ye Chen

All of a sudden, zining thought of something and said, "by the way, younger martial brother, before you entered xuanyuezong, could you have been promiscuous?"

Ye Chen eyebrows a frown, surprised way: "elder martial sister this is what meaning?"

Zining beautiful eyes tassel: "other girls have come to the door, are you sure you don't talk to elder martial sister?"

Ye Chen is more and more confused.

He didn't know many girls in Lingwu. Who would come to him?

Seeing ye Chen pretending not to know, Zi Ning continued: "don't tell me that you don't know the girl in the Lingxian palace!"

Hearing Lingxian emperor palace, ye Chen breathes a little.

He does know the girl of Lingxian palace!

Xia Ruoxue and Ji Siqing!

If Lingyun xianzun had not brought them to Lingwu, he would not have come to Lingwu by force.

Is Do they know where they are and come to find themselves?

But, how did the old lady of Lingyun allow it?

In other words, one of Ji Siqing and Xia Ruoxue escaped?

Ye Chen repressed the doubts in his heart and said excitedly, "elder martial sister, where are the people! I'm about to see her. "

Purple Ning white one eye leaf Chen: "duplicity of the man, just pretended not to know, now this exciting force than who are fierce."

"Since you want to see you, come with me. The girl has been waiting for you for some time. I would have left long ago

.....

Ten minutes later, Zi Ning and ye Chen came to a yard.

This is the area where xuanyuezong entertains guests.

A young girl is playing with flowers and plants in boredom.

I'm not happy.

Ye Chen stops, and his smile becomes stiff.

The girl's back is not Ji Siqing, nor Xia Ruoxue.

Very strange.

Ye Chen certainly doesn't know this person.

"Xiao Yun, I brought Ye Chen." Zi Ning opens her mouth to Xiao Yun.

These days, it has been zining to entertain Xiao Yun, two people naturally know each other.

Xiao Yun heard the voice, quickly turned around, when he saw Ye Chen, the expression on his face was hard to see the acme!

She quickly came to Ye Chen: "are you ye Chen? It's not so much. It's just Hunyuan. I don't know why the two elder martial sisters miss you so much. "

Ye Chen calmed down and said seriously: "is Ji Siqing and Xia Ruoxue asked you to come?"

"Nonsense!" Xiao Yun some displeasure, turned to walk toward the room, "you come with me, I finished the task is ready to go back."

Ye Chen looked at the purple coagulation, then honestly followed Xiao Yun into a room.

He has not been Ji Siqing and Xia Ruoxue for a long time. This woman may be the best breakthrough.

The gate closes.

Xiao Yun takes out an array plate to put in the door, is to force out a drop of blood essence. In an instant, an array barrier is covered.

Cut off everything.

Xiao Yun knows that xuanyuezong is not simple. It's extremely critical. Naturally, it can't be found by those old guys.

Ye Chen just wanted to speak, Xiao Yun interposed: "Ye Chen, although I know you have some fierce reputation in the western regions, but your present state is far from that kind of genius after all!"

"Elder martial sister asked me to come to you for fear that you would fall. I hope you can cherish your life."

"Don't offend other forces! Do you understand me? "

Ye Chen ignored, waiting for Xiao Yun's remaining words.

The so-called master Jinchen let me take out a picture of Changye

"She told me to give it to you personally."

"What's in this is extremely critical. Don't tell a second person!"

Ye Chen takes over the box vaguely, and instantly feels an extremely mysterious power coming from the box.

This power even made his blood boil.

The absolute value is remarkable.

"You can open it, so I can finish the task completely." Xiao Yun said impatiently.

Ye Chen Mou son a sink, open the box directly.

In an instant, a strong aura filled the whole room.

In the box, there was a jade pendant and a drop of blood essence.

The jade pendant is carved with the shape of a monster.

And blood essence, full of extremely terrible power!

Even the spirit God of the reincarnation cemetery was startled: "boy, your little girl friend is really willing. This jade pendant can save your life at a critical moment. As for the blood essence, it is the essence of ancient white tiger, which is good for your reincarnation blood."

"You have refined a drop of ancient white tiger blood essence before. If you refine a few more drops, your immortal spirit body and reincarnation blood vessels can go further!"

Ye Chen put the box away and said to Xiao Yun, "thank you very much."

Xiao Yun shook his head: "you don't want to thank me. If you want to thank you, you can thank my two elder martial sisters."

Ye Chen Mou son a congeals, again way: "Ji Siqing and Xia Ruoxue all right?"

Chapter 1804

Xiao Yun wanted to leave, but her pace soon stopped: "elder martial sister Ji and elder martial sister Xia are very good. They are both the most gifted demons in the Lingxian emperor palace. Now, the gap between them and you is like a natural moat!"

"It's going to get bigger and bigger."

"Maybe, in the future, they will become the most dazzling stars in Lingwu land, and you can only look up from the bottom."

"Finally, I'll tell you another bad news."

"You and your master should have a one-year agreement. However, the master got the chance a few days ago and broke through again. Your chance is almost zero."

"If I were you, I would not go to Lingxian palace."

With that, Xiao Yun left.

In situ only leaves the contemplative Ye Chen.

Has Lingyun broken through again?

What is it now?

Xingqiao realm?

Or higher?

.....

After Xiao Yun leaves, Cangye and Zining take Ye Chen to the sky of a Lingmai cave.

Cangye said to Ye Chen, "you will live on this spiritual vein. The specific cave will be selected for you by elder purple. When you are free, come to Xuanyue hall to see me. I will go first."

Zining landed on the top of the mountain with Ye Chen, and said with a smile: "otherwise, you will move to my sister's cave, how about living with my sister?"

Originally thought that Ye Chen would be teased by her blush, but unexpectedly, Ye Chen chuckled and said, "that would be better."

Make purple Ning pretty face slightly red, some do not know what to do, don't open sight way: "hum, just a joke, what do you think? I'm your senior sister! Well, this cave is good. You can live here. I'll go first. "

Ye Chen smiles and looks at Zining's back in a hurry. After being protected by the ancient blood, he finds that as long as she doesn't deliberately use her spirit body, he can completely resist her charm.

Even with psychological preparation, ye Chen can't help moving when he enters the cave. The aura here is strong enough to liquefy and turns into a little rain and dew. When he touches Ye Chen's body, he rushes into it and turns into a powerful spiritual power, which is full of all parts.

It seems that there is some truth in the mysterious woman's suggestion. Xuanyuezong and Tianchi are both great opportunities.

The aura has broken through.

Lingwu mainland is not as simple as it thinks.

What he has to do now must settle down and accelerate the breakthrough of his strength.

Unfortunately, because of the existence of reincarnation, his breakthrough speed is slower than anyone else.

But once the breakthrough, the greater the power span can be generated!

Ye Chen sits on the Pu Tuan, breathes out a breath, closes his eyes slightly, and sneaks into the sea of knowledge. In his sea of knowledge, there are hundreds of purple red words, which constitute a piece of Kung Fu!

This is the biggest treasure he got in Tianchi!

Ye Chen, who was in the sea of knowledge, gazed at this piece of martial arts with a solemn expression and whispered in a soft voice: "the true formula of burning heaven."

However, ye Chen didn't understand it, but quickly withdrew from knowing the sea. This skill was too obscure to fully understand for a while, and only a few could be learned from it.

Therefore, he did not worry, but began to sum up the harvest of this trip to Tianchi.

First of all, his cultivation was promoted to the five layers of heaven due to the relationship between the God blood area of Tianchi Lake.

This is just the result of Ye Chen's transformation of the essence into cultivation. It is expected that the cultivation of Tianchi will increase. The night and the purple coagulation are not too strange.

Then, his immortal spirit, which was originally extremely terrible vitality and physical toughness, has been greatly improved.

Then there is the mastery of the law of the road, far beyond the previous.

In the end, I got the ancient blood protection and Tianfen real formula.

However, ye Chen frowned and said that now his cultivation can't keep up with his strength. It seems necessary to improve and enter the realm of harmony as soon as possible.

Thinking of this, ye Chen takes out the flesh of the exotic devil snake that was tried in Zhenji island. Remembering the delicious meat of the devil crocodile, ye Chen swallows.

What's more, if you devour the corpse of the devil snake, in addition to improving your accomplishments, you may also get some other benefits.

Immediately, ye Chen is in this cave, cooking the devil snake meat.

A few days later, ye Chen finally opened his eyes and his face was full of joy. He devoured the blood and flesh of the devil snake, and the benefits he got were beyond imagination!

At this time, his cultivation has been promoted to the six levels of Hunyuan realm!

He held out a finger, the fingertip, lit a light purple flame, emitting a rather terrible breath!

The spirit of the Royal beast said: "I don't know what kind of bad luck your boy is. You even got a trace of fire with the power of evolution."

Ye Chen doesn't understand: "what is the fire with the power of evolution?"

He vaguely felt the power of the fire, but he did not know what the power of evolution was.

"Do you know that the way of dragon understood by Longxuan can use the power of evolution? This is also a kind of magic power. The little snake has also returned to the ancestral blood of the dragon. In his life's thunder and fire, he has the power of evolution. The fire with the power of evolution can improve his own level by swallowing other fires. This purple fire is the product of the change after the blue lightning devours your blood flame. "

Ye Chen was overjoyed, so to say, this fire has infinite possibilities in the future.

"How are you going to use this fire?" said the spirit

Ye Chen pondered for a moment and then said, "I want to practice burning blood formula!"

Burning blood formula is one of the skills he got from the inheritance of the ancient strong.

There are two kinds of fire Cultivation: one is external fire, which can attack the enemy by releasing the fire outside; the other is internal fire, which burns blood with the power of fire to enhance physical ability!

This burning blood formula is the top internal fire cultivation method.

However, after practicing the burning blood formula, ye Chen's fire can't be released. However, ye Chen is not worried. Instead of attacking with the fire that has not yet grown up, it is better to use it to strengthen his already abnormal physical ability.

At that time, when combined with the immortal spirit body, it will surely work wonders.

However, although the current fire is strong, it is not enough to practice the formula of burning blood. Ye Chen puts the fire away. This time, his biggest harvest is another magic power from the magic snake!

The art of divine transformation!

However, it is only a degenerate version of the art of divine transformation. Now, ye Chen can use this magic power once a month. Through this magic power, ye Chen can recover from dying state to non injury state. However, using this magic power costs cultivation as the cost. The specific amount of cultivation cost depends on the injury condition.

The more serious the injury, the more accomplishments consumed.

Even so, it is enough to make ye Chen happy, which is almost equal to one more life. Originally, ye chenqiang is strong in the physical foundation, not in the cultivation.

However, even so, if you break your accomplishments too often, you will hurt your foundation.

Chapter 1805

Ye Chen moved his body and walked out of the cave. Now, it's time to see the dark night.

And I became a secret disciple. Does that mean that I can mention the xuanbei of samsara with him?

He needs it too much.

Although he knew that the reincarnation xuanbei was not willing to give it to him immediately, after all, he had only entered xuanyuezong for such a short time.

But in any case, no matter what price the person has to pay, he is willing to exchange.

.....

Ye Chen comes to xuanyue hall, and Meng Xingyun and cangye are in the hall.

"Elder martial brother Meng, headmaster."

Meng Xingyun said with a smile: "Congratulations, younger martial brother ye, you won the first place in the martial arts meeting. The feeling of the blood area is not bad."

Ye Chen also said with a smile: "benefit a lot."

Dark night way: "well, ye Chen, follow me to see three Taishang elders."

With the dark night, ye Chen soon came to a remote loft, went to the attic, and saw three old people sitting on the main seat, each drinking tea. In addition to Bai Zhentang and long Yitian, there was an old man with gray hair, extraordinary breath and heroic appearance.

To Ye Chen's surprise, long Xuan is also in the building.

Dark night way: "have seen three foreign Taishang elder, this is Ye Chen, this secret disciple."

The gray haired old man said with a smile to Ye Chen, "Oh? It's the disciple who won the first place in the martial arts meeting. It's good, good... "

The old man with grey hair is trying to say something, but at this moment, a dark shadow suddenly darts out from the back of the old man with black hair and attacks Ye Chen very quickly!

Ye Chen sees the pupil shrinks, is there anyone else here?

He had not found this shadow before!

However, ye Chen did not have the slightest panic, in the face of visitors, five fingers a grip, a knife standing on the side of the moment appeared in the hand.

Ye Chen turns into a virtual shadow in situ, and cuts out a knife at the black shadow!

The grey haired old man's eyes flashed with admiration. He was obviously satisfied with Ye Chen's Dao.

There's a big bang!

The strong fluctuation dissipates, but vanishes in the invisible moment, is suppressed by the dark night.

And the three old people are still leisurely drinking tea, as if nothing has happened.

A knife hit the opponent, but ye Chen retreated half step, can't help but look startled, this man is so strong!

The knife just now, though not the strongest one of Ye Chen's, was never considered to be the best one. Rao was so, or did he retreat half a step?

Now, he finally saw his opponent. He was wearing a black robe and a black mask, only showing his eyes.

However, ye Chen still found that this man was actually a woman!

That pair of exposed eyes, also extremely moving!

The gray haired old man then said with a smile, "ming'er! You are so ridiculous. How can you act rashly on younger martial brother? "

Ye Chen looked at the old man with grey hair. With his cultivation, it was easy to stop the woman, but obviously the old man had no plan.

What's more, although he reproached the woman in his words, he was totally spoiled.

The old man seemed to see what ye Chen meant, but he didn't like it. He said with a smile: "ha ha, my name is Yin Che. This is my granddaughter and my apprentice Yin Ming. I apologize for her impoliteness to you."

Ye Chen said: "it turns out to be a senior sister

Yin Che ha ha ha a smile, and turn to white Zhentang way: "old white, you received a good apprentice."

Then he touched Yin Ming's head and said, "ming'er, how about it? Are you good at your younger brother ye? "

Yin Ming glanced at her left hand, which was shaking slightly. She put her left hand behind her and snorted coldly: "hum, it's not so bad. Can you win the first place in the martial arts meeting?"

"I tell you, don't be too proud. If my brother didn't help you, you wouldn't have won the first place in the big match."

Say, unexpectedly seem to be some angry to have to walk down the attic, that elder Yin Che repeatedly dissuade, but she even does not return a head.

Ye Chen slightly frowns, this woman is also too overbearing, however, she said someone helped me?

What is this?

Does Sun Yang have something to do with the ancient blood protection that disappeared before?

Yin Che shook his head helplessly. Before he could speak, Bai Zhentang's teacup was put aside, and then he said:

"Stinky girl, my apprentice is really not good, and my strength is just average. It's only under the attack of your natural environment that he has stepped back half a step. Of course, you can't look up to it. Even if you can't, don't go so fast?

Is the hand ache, hand ache words, white grandfather this side has medicine, you run outside why? "

Bai Zhentang's voice turned into a rolling sound wave and spread out to the attic. I'm afraid it will spread all over the xuanyuezong. It doesn't mean to lower the volume at all.

Ye Chen was stunned. He didn't expect that Bai Zhentang, as the supreme elder, would fight with a younger generation like a child. However, he was still warm in his heart. It seems that Bai Zhentang is very protective. He was bullied as his apprentice, and he naturally wanted to find the place.

Yin Che wry smile way: "old white, you let this girl go, you will make her angry to death."

Then he turned to Ye Chen and said, "let's laugh. In fact, we xuanyuezong made some preparations for the martial arts meeting to make the ancient blood protection ineffective. This method is also what we can do recently."

"That's why I haven't used it before. Ming'er, who was in Dabi before, won the second place because of the ancient blood protection. She's always worried about this, so she has this attitude towards you."

Bai Zhentang snorted coldly: "Lao Yin, if you get used to this girl again, sooner or later you will make a big trouble."

Yin Che smell speech is also eyebrow micro Cu, this is also quite worried.

The dragon on one side also smiles heartily and says: "ha ha, old Yin, it's time to find a man to discipline Minger."

Hearing this, yinche's smile disappeared and said seriously: "no! The tea is still small

Several people look at Yin Che's appearance is quite speechless, this Yin Che, really dotes on granddaughter

Long Yitian said to long Xuan: "OK, xuan'er, you should go back first, improve your cultivation as soon as possible, and be ready to participate in the spiritual blood test in Lingxian mountain one month later."

After long Xuan said yes, he withdrew from the attic.

Ye Chen hears the speech, the look moves.

Lingxian mountain?

What's the connection between Nancheng and Lingxian palace?

If it is really near the Lingxian emperor palace, does it mean that he can see Ji Siqing and Xia Ruoxue?

Even in case of such a trial, Ji Siqing and Xia Ruoxue will also participate in it?

That would be the best!

Ye Chen suppressed the excitement in his heart and asked the dragon the way of heaven: "Long Chang, is this Lingxian mountain near the Lingxian emperor palace?"

Dragon also day surprised to see a leaf Chen, way: "right."

"Ye Chen, you may not know that this is a test jointly organized by the Lingxian emperor palace and other forces. My disciple did not qualify as a secret disciple this year. I contacted an old friend and recommended him to participate in the spiritual blood test."

## Chapter 1806

"After all, he has a trace of dragon blood in his body, and he is qualified to participate. If he successfully passes the trial, he will be recommended by a strong man with dragon blood to participate in the dragon competition. Moreover, he may get a trace of special blood essence."

Ye Chen's expression moved: "special blood essence? Can I also take part in this trial? "

He is very clear that this is his current, to see Xia Ruoxue and Ji Siqing's biggest opportunity!

Bai Zhentang on one side said, "do you want to participate? By the way, you also have a trace of ancient demon blood, and you are eligible to participate. "

"In fact, the purpose of calling you this time is to help you improve your strength, so that you can face up to the big competition of the rising dragon after more than four months. The secret disciple is a disciple who is devoted to all the cultivation of his sect.

If you want to go, you will naturally be allowed to go. The condition for participating in the spiritual blood test is to have a trace of special blood essence or strong blood vessels. Moreover, if you are under 25 years old, your cultivation will reach the state of harmony. The time is one month later, that is to say, you have one month to improve your accomplishments and step into the realm of harmony. "

Ye Chen said: "of course, this is no problem."

Based on his foundation, there are many ways to improve his accomplishments. Naturally, there is no need to worry.

Yinche asked, "do you need that blood essence?"

Ye Chen smile: "blood essence is important, but I have a bigger reason!"

Yin Che nodded and didn't ask more questions. He said, "well, in that case, ye Chen, you should prepare for the spiritual blood test in a month. After all, special blood essence Basically, they are controlled by those with strong blood ties. Even if we can't get them, we will try to collect them for you

Ye Chen hears speech surprise way: "any ancient monster essence blood can!"

The three elders were all fretting, but they didn't ask any questions. Yinche threw a gold card to Ye Chen and said, "OK, give it to us. You can take time to improve your accomplishments. You can get what you need freely in the sect."

Ye Chen took the card and asked, "how many elders do you have high-level body skills?"

At present, he has no immortal body.

The strongest reincarnation graveyard is the king beast spirit God.

But the spirit God of the imperial beast is not powerful to the body method.

Before the next tombstone is triggered, ye Chen is best able to control a door to strengthen the body method!

And xuanyuezong, as a strong sect in Lingwu land, has its own treasure naturally!

Bai Zhentang pondered for a moment, took out a jade slip and threw it to Ye Chen. He said, "here you are. This is the most suitable skill for you to use now. You can't control the higher level of martial arts for the time being. Let's wait until you reach the realm of creation."

Yin Che and long Yi Tian were moved and said, "Lao Bai, do you want to give ye Chen that martial art? We know that ye Chen's talent and understanding are extremely evil, but is that too high? "

It's not that they are stingy. They are just worried that ye Chen can't control it, but it's not suitable for him to use.

"Can my eyesight go wrong?" said Bai Zhentang? Go back, boy. You can't chew more than you can chew. You can improve your body method first. "

"What's more, zining told me something today. If you really want me to promise you that thing, you must at least step into the realm of harmony, and I will consider it."

"A man without absolute strength can't guard that thing!"

Ye Chen is slightly stunned. Unexpectedly, the elder martial sister mentioned the xuanbei of reincarnation to the master.

However, looking at the other side's reaction, the master did not reject too much.

He nodded and said, "thank you! Thank you, ye Chen

With that, he put away the skill and left the attic.

Out of the attic, ye Chen did not directly return to the cave, but came to the beast Pavilion in the clan. He wanted to exchange some monster corpses with the magic power of fire to devour them!

Based on his current foundation, it is not impossible to upgrade to the Hedao realm by these external forces. These monster corpses and strange fire levels don't need to be too high-level. Otherwise, neither he nor the fire can devour them. Therefore, he did not ask the supreme elder.

Ye Chen asked Yu animal spirit God, "Yu animal spirit God, what strange fire should I absorb to strengthen my fire?"

"Boy, you'd better go to exchange for the fire. My skill can improve my cultivation by swallowing the monster. The chance of getting magical power is not high..."

Ye Chen said with a smile: "although it is so, but I am inexplicably confident, the previous two times, did not also succeed? Moreover, if it is to improve cultivation and refine strange fire, before the spiritual blood test, we can't make the current blue fire evolve into a fire enough to cultivate the blood burning formula. "

The spirit God of the imperial beast was silent for a moment and said: "well, you boy's physique is really special. After all, you are not a human being. Maybe you can. Your fire evolution is also regular. You need to swallow the appropriate flame. It is not that the higher the level, the better.

It depends on the compatibility with the origin of your fire. Otherwise, the level of the fire may not rise but fall. You can exchange for the cangyan beast in the five layers of heaven in the Hedao environment, the blood Yang tiger in the six layers of the heaven in the Hedao environment, and the carcass of the black bone flaming ox at the peak of the Hedao realm. Then I will exchange it for a red moon fire, a cold orchid fire, and a nine spirit fire. In this way, the fire seeds cultivated should be enough to perform the blood burning formula. "

Ye Chen nodded and came to the beast Pavilion. At this time, ye Chen was already a secret disciple. Therefore, he changed his purple robe.

"Boy, there seems to be a special smell in the beast Pavilion. Go and have a look!"

The king beast spirit God suddenly said.

Ye Chen naturally agreed, after all, the spirit God of the Royal beast knew too much about the monster.

Can be described as special by him, absolutely extraordinary!

In the ten thousand beasts Pavilion of xuanyuezhong, in addition to the corpses and materials of various monsters, it can also be exchanged for various spiritual pets.

Ye Chen's eyes swept from a monster, but he didn't find what interested him.

All of a sudden, the God of the Royal beast spirit whispered in Ye Chen's mind: "boy, you are close to the fourth forbidden cage on the left in front of you. Let me have a look."

Ye Chen hears the speech, close to the cage that the God of the imperial beast said. In the cage, there is a strange animal. Its body is only the size of a human's little finger. The whole body is crystal clear green. There are a pair of small horns on its head. It looks like a dragon that is countless times smaller and is flying in the cage.

Ye Chen takes a look at the introduction label outside the cage, which reads: "ningcuijiao juveniles, at present, in the early stage of cultivation as the divine king state, it still needs 300 years to grow up. When he is adult, he can have the strength of the harmonious world, the possibility of blood evolution, the power of thunder and the ability to cure."

A strange color flashed in Ye Chen's eyes. It seems that there is nothing special about Ning Cui Jiao?

Chapter 1807

Being an adult is just the strength of hodo, which is the bottom of the Jiaos. Moreover, even if you can feed him all kinds of natural materials and earth treasures to accelerate its growth, it will take two or three years to become an adult, right?

At that time, this kind of fighting power will be nothing to him. Why is the king beast spirit interested in this little dragon?

The spirit God of the imperial beast said with a smile: "the spirit animal is really the spirit animal. It's a good thing, boy. Your luck is so bad. You found a spirit animal in xuanyuezong. It's not a piece of shit. Take it away. It will be useful to you in the future."

"It's not only good for you, but also good for your blood dragon!"

"The blood dragon is virtual after all, and there is no entity. If there is such a spirit beast, the strength of the blood dragon can be increased at least dozens of times!"

"Come on

Brother Li Lingchen suddenly finds a tag next to her. It's not a good place for you to take it? I want that!  
"

Then a male voice should say: "ha ha, OK, elder martial brother, buy it for you. Hello, younger martial brother, take your hand away."

Ye Chen glanced at the direction of the voice, and saw a little girl with white skin and pure appearance was holding the arm of a handsome man, and the other hand was pointing to the forbidden cage of Ning Cui Jiao in front of him.

Both of them are in black robes. It seems that they are the inner disciples of xuanyue sect. The Jiaoxiao woman is a five layer heaven cultivation, and the handsome man is not weak.

Although Ye Chen's eyes swept toward them, his action did not stop. He took the label off directly, then took back his eyes and turned away.

The little woman looked aggrieved and looked at the handsome man with big eyes and said:

"what a pity, elder martial brother Li, was taken away by the elder martial brother first. In fact, I fell in love with this little dragon a year ago. How does this Ning Cui Jiao match my name?

I have been thinking, if one day, my beloved man can give it to me as a gift, how romantic it would be.

Alas, but since the elder martial brother took it first, there is no way.

What's more, seeing that senior brother doesn't even want to pay attention to elder martial brother Li's words, it seems that he is not a very good speaker. I'm afraid of him. Let's go. "

That handsome man hears speech, complexion is gloomy, looking at Ye Chen's eyes, full of anger!

His cultivation of Li Yi is quite famous among his inner disciples. Who doesn't sell him a little face?

Ye Chen didn't even wear the robes and clothes of the inner disciples. He looked like a disciple who had just entered the inner gate and had not yet had time to distribute the robes and clothes. Moreover, he was only the cultivation of the Hunyuan realm. Did he dare to ignore himself?

Hearing Lin Cuiming's words, the handsome man was even more angry. He said in a cold voice: "Cuiming, don't call him senior brother! How dare he be so rude to the elder martial brother? Don't worry. I will give it to you! By the way, teach the boy the rules

A sly smile flashed in Lin Cuiming's eyes. However, she soon looked worried and took Li Yi's hand and said, "well, I know. However, it's better to forget about Ning Cui Jiao. What should I do if my elder martial brother is hurt by ten thousand conflicts? No matter how much I like Ning Cui Jiao, I don't want to hurt my senior brother because of this. "

Hearing this, Li Yi's face sank. Feeling that his self-esteem had been greatly insulted, Li Yi sneered: "will I be hurt? Ha ha ha ha, can he hurt me? Cui Ming, you are still worried about whether the boy will be killed by me

Li Yi yelled at Ye Chen, who was leaving. "I asked you to give me the things on my hands. Do you still take them and leave? Are you fuckin 'deaf

He burst out with the momentum of Daojing, leaning on Ye Chen!

Ye Chen's step, Li Yi mouth a Yang, in the heart sneer way: "boy, by my breath pressure can't move? He Dao and Hunyuan are the differences between heaven and earth. "

The next moment, ye Chen turned around lazily, glanced at Li Yi and said indifferently, "are you talking to me?"

When Li Yi sees Ye Chen turning around so easily, he is also slightly surprised. However, he doesn't pay attention to him. What if he is not influenced by his own breath, can he still be his opponent?

As an inner disciple of xuanyuezhong, Li Yi's strength is not comparable to that of ordinary Hunyuan martial arts practitioners.

What's more, it is almost impossible for the inner disciples of xuanyuezhong to cross the border.

Li Yi disdainfully looked at Ye Chen and said, "so, you are not deaf? So I told you to put down that tag, didn't you hear me? Turn around and go? Elder martial brother is talking to you. What's your attitude? "

At this time, many disciples of xuanyuezhong looked at this side. Lin Cuiming lowered her head and pulled Li Yi's sleeve and said, "brother Li, forget it..."

However, she stealthily swept to Ye Chen's eyes, but there was a faint sense of satisfaction.

Ye Chen light way: "I ask you again, you are talking to me?"He didn't want to crush an ordinary inner disciple just as he became a secret disciple.

After all, the status of a secret disciple in xuanyuezhong is almost equal to that of the elder of half step Xingqiao, because the secret disciples of xuanyue sect are almost destined to step into Xingqiao state in the future, and they grow up very fast.

Of course, this is when the other party does not take the initiative to seek death.

At this time, Li Yi's forehead has been burst with blue veins, clenching his teeth and staring at Ye Chen. What's the matter with this boy? So far, are you still willing to be soft? To yourself or this attitude?

Many people around him have recognized him. Li Yi is silent for a moment. He feels that the time is almost right. He wants to hurt Ye Chen in one fell swoop and build up his prestige for himself!

He slowly raised a hand, the hand surging spiritual power cohesion, he staring at Ye Chen that pair of indifferent eyes, a word way: "I'm not talking to you, is it talking to the dog?"

Finish saying, a palm toward Ye Chen mercilessly pats!

A towering palm print, like a huge mountain toppling down, towards Ye Chen!

Lin Cuiming covered her mouth in panic and said, "no!"

However, in her eyes, it was full of happiness. Does Ye Chen dare to take what she wants? Hehe, please break your leg first.

At this time, ye Chen finally moved. However, ye Chen's action made everyone present startled. Even Lin Cuiming and Li Yi were all in a daze.

Ye Chen did not dodge, nor did he sacrifice any magic weapon to defend himself. Even though he did not mobilize his spiritual power, he walked slowly towards Li Yi step by step. It seemed that the palm print containing terror energy was paper paste!

Chapter 1808

Li Yi woke up and said, "fool, defend quickly! Are you going to die? "

If ye Chen is really killed, even if ye Chen is just a new disciple with no background, he will probably be expelled from the school or even abandoned to cultivation!

Lin Cuiming, on the other hand, is trying to resist laughing. She has been with Li Yi for nearly three months. She has been tired of it and wants to get rid of each other, but she is afraid of Li Yi's revenge. If Li Yi really killed Ye Chen and was expelled from xuanyuezhong, the happiest thing would be her Lin Cuiming. Even if Li Yi did this to help her get the ningcuijiao.

In Lin Cuiming's eyes, Li Yi should be nice to her. If he is expelled from the school, he is just stupid.

Many disciples have turned their heads and don't want to see ye Chen turning into flesh foam.

With a roar, the beast Pavilion seemed to shake slightly, and the palm knot firmly hit Ye Chen.

Li Yi closed his eyes, his face was covered with cold sweat, and he thought quickly what to do next

But at this time, ye Chen's faint voice rang out: "today, you will remember a word, called disaster from the mouth, from now on, you will be a waste man."

All the disciples around him exclaimed, and ye Chen appeared intact in front of Li Yi!

That extremely terrible palm, even the corner of Ye Chen's clothes did not lift!

Li Yi suddenly opens his eyes and looks at Ye Chen in front of him. His face is full of disbelief. For a moment, he seems a little unable to understand what happened.

And Lin Cuiming, in a flash, let go of Li Yi's hand. She was ten meters away, panting violently. She looked at Ye Chen with big eyes, and her face was full of panic.

Ye Chen glances at Lin Cuiming. This woman's intuition is quite good.

He glanced at Li Yi, who was still shocked. In comparison, although Li Yi was strong in cultivation, his fighting talent was really poor.

He light way: "defend with your strongest defense means, you want to escape, also can."

When Li Yi hears the words, he subconsciously sacrifices a protective tortoise shell according to Ye Chen's order. His body is full of spiritual power and pours into the tortoise shell without reservation.

All of a sudden, the tortoise shell gave out a vast breath, which magnified in an instant, and protected Li Yi's whole body under the tortoise shell. At the same time, the whole person quickly retreated, and the turtle shell protected him like a shadow.

At this time, all the surrounding disciples are staring at Ye Chen. They can be sure that this guy with only Hunyuan state is a pervert with extremely strong strength, and even surpasses Li Yi of Hedao realm!

They want to see how ye Chen will use the most powerful defense of Li Yi!

However, what they see is that ye Chen slowly reaches out a finger and points to the tortoise shell in front of Li Yi's body!

All the people are dull and confused. Is Ye Chen just pretending?

There is no way to break through Li Yi's defense? Now just a casual finger and perfunctory?

Moreover, Li Yi's speed is so fast that ye Chen's slow and leisurely finger can't even touch the turtle shell.

At the next moment, everyone only felt a flower in front of their eyes. Ye Chen's figure had already appeared in front of Li Yi. The ordinary finger fell slowly and leisurely on the turtle shell with terrible breath!

That finger falls on the tortoise shell soundlessly. The protective mask of the tortoise shell is pierced by Ye Chen's finger as if there is nothing. One finger lightly touches Li Yi's tortoise shell.

With a click, the tortoise shell with a very high grade has a crack in an instant!

And Li Yi's body shape of flying back suddenly stops!

People's Chins are going to fall to the ground. What kind of magic fingers are they?

How could it be so easily pierced through the tortoise shell defense?

Even, left a crack!

Li Yi stands in the same place, as if frozen. The next moment, a canopy of blood mist bursts out from Li Yi's back. The blood mist is also mixed with white powder!

Ye Chen's finger instantly smashed all the bones except the skull of Li Yi, as well as the meridians and Dantian of his whole body.

What's more shocking is that although the power of Ye Chen's finger smashes all Li Yi's meridians, bones and elixir fields, it's so well controlled that it doesn't hurt his flesh and blood organs at all!

Li Yi, as if he had melted, was paralyzed on the ground, forced to turn his head and looked at Ye Chen with great fear.

Ye Chen glanced at him and said coldly, "now, have you learned that word? Don't be too unscrupulous, especially in front of me. "

Li Yi is simply stupid, but ye Chen's words continue to echo in his mind.

He said stupidly: "I learned, I was wrong, I dare not again."

Ye Chen nodded his head and said, "if you have a chance to stand up again, learn how to be a man before you practice."

Finish saying, want to turn to leave."Wait!"

At this time, there was a delicate voice behind her. A pure and delicate girl, like a frightened rabbit, came to Ye Chen's side trembling.

Li Yi regained his mind and yelled at the girl: "Cuiming! Get out of here! Leave me alone

But his eyes were still trembling, and his eyes were still trembling I'm fine. He's not your match. Go away

Lin Cuiming, however, glances at Li Yi in disgust. Seeing Lin Cuiming's eyes, Li Yi is momentarily dull.

Why does Cuiming look at me like that? Am I wrong?

Ye Chen glanced at Li Yi, who was full of bewilderment. Then he looked at Lin Cuiming with great interest and said, "why? Do you want to avenge him? "

Just when everyone thought that Lin Cuiming was going to fight ye Chen for Li Yi, Lin Cuiming suddenly hugged Ye Chen and sobbed:

"Wuwu, thank you for your brother! Thank you for saving me! This dog thief, always relying on his own cultivation, forced me to be with him! In order to deal with him, I just forced to smile every day, but when I came back to my room every night, I cried. I hated him

Lin Cuiming buried her small face in Ye Chen's chest. Seeing that ye Chen had no action, she showed a trace of smile, and then said:

"before he was disrespectful to his elder martial brother and provoked him, I had dissuaded him. I didn't want any congcuijiao, and I didn't like bullying and unreasonable people. However, he was determined to teach you a lesson and fight Die you! It is entirely his own fault that he has come to such an end now

Li Yi is now pale and cold hearted. He really likes Lin Cuiming. Now Lin Cuiming's words are even more unacceptable than ye Chen's abandonment. His lips trembled and said:

"Cuiming, what's the matter with you? Are you stimulated? There is a pill to stabilize the spirit in my storage bag. Take it and get back to normal soon, OK

Lin Cuiming ignored Li Yi, looked up at Ye Chen, broke her tears and said with a smile: "now, I'm finally free, elder martial brother, my name is Lin Cuiming, what's your name? In the future, Cuiming will surely repay you for your kindness. "

Ye Chen put a hand around Lin Cuiming's waist and said with a smile, "my name is Ye Chen."

Chapter 1809

Lin Cuiming blushed and said shyly, "elder martial brother ye, don't do this..."

However, her body is more close to Ye Chen, tightly adheres to Ye Chen's body, her waist and limbs twist like struggling, rubbing against Ye Chen's body.

Looking at Lin Cuiming's actions, Li Yi left two lines of blood and tears. He was unwilling to believe what he saw in front of him, and said in a trembling voice: "Cuiming! Cuiming! Are you okay? Is it the spirit attack? How could you do that? "

Ye Chen released Lin Cuiming and said faintly, "your elder martial brother is calling you. I'll go first."

Lin Cuiming's face changed. Ye Chen's strength was so strong. How could he be a new disciple? Even if he is really a new disciple, he will definitely soar into the sky in the future. Can Li Yi, such as a waste, be comparable?

I must try my best to stay with Ye Chen.

At the thought that Li Yi's rubbish was still there, full of nonsense and bad for her own good, Lin Cuiming really wished that Li Yi would explode in situ now!

Her hand hugged Ye Chen harder, turned her head, looked at Li Yi on the floor with disgust and coldness on her face, and said in a sharp voice, "you garbage, can you stop pretending! Still loading? Is that interesting?

I'm just forced to be with you and nothing happened to you. Don't make us look like we're on good terms, OK? Please shut up!

I feel sick when I see you. Do you know? A pill to stabilize the soul? Are you mentally ill? Can you eat two more brains? I beg you, let me go

Li Yi's heart was completely broken. It was only at this moment that he realized what kind of woman Lin Cuiming he once loved deeply. He practiced hard for her, in order to exchange resources for her.

I humbly flatter the inner disciples who are experienced in fighting and let them form a team with themselves to complete those extremely dangerous tasks.

Although he has good cultivation talent, he is a rookie in combat. Therefore, he will face life danger on almost every mission. If it was not for the help of his teammates, he would have died a long time ago, because he was saved by powerful teammates every time.

As a result, Li Yi's status in the team has been extremely low, and he has almost become the subordinate of other team-mates. He is not without pride. However, for the sake of Lin Cuiming, he has always tolerated it, because he believes that Lin Cuiming, who also loves him, will be willing to do so for himself.

But now, he found that he was wrong, very wrong!

In Lin Cuiming's eyes, he is a cash machine and a tool. Lin Cuiming has no feelings for herself!

After Lin Cuiming finished, she put her head close to Ye Chen again. Her soft body rubbed gently on Ye Chen and said softly:

"elder martial brother ye, don't listen to this villain's nonsense. He and I have never had anything, and we have no feelings. He is just a pervert who covets my body.

Fortunately Fortunately, I have been sticking to the bottom line, so I didn't let him succeed. Elder martial brother ye, do you believe me? I don't care if anyone misunderstands me, but But I just don't want to be misunderstood by you... "

Ye Chen said with a smile, "OK, but there is one thing I want to ask you."

Lin Cuiming nodded her head cleverly and said, "elder martial brother ye, I will answer you truthfully."

At the same time, the plump, out of proportion to her petite body, pressed hard on Ye Chen's body,

Ye Chen still kept that indifferent smile and said, "who let you touch me?"

Lin Cuiming a stay, subconsciously stopped the body's small movements, puzzled at Ye Chen said: "Ye elder martial brother, what do you say?"

"Who let you touch me?"

Ye Chen is still smiling. He looks good when he smiles, but his smile falls in Lin Cuiming's eyes, but he is inexplicably terrible.

Lin Cuiming's body trembled slightly. She released her hand holding Ye Chen and carefully backed away. She squeezed a smile on her pretty face and said, "I'm sorry, elder martial brother ye, it's my gaffe and offended you."

"Ha ha ha ha ha ha ha ha ha!" The paralyzed Li Yi suddenly burst into a crazy laugh: "what a Lin Cuiming, a good Lin Cuiming, ha ha ha ha ha!"

Lin Cuiming turns her head and stares at Li Yi. She had already planned to get rid of Li Yi, who is a waste man. But hearing Li Yi speak again, she almost wants to rush to Li Yi's face and tell him to shut up.

She told herself to calm down, not for a waste, in front of Ye Chen.

Li Yi's laughter stopped abruptly, staring at Lin Cuiming grimly and saying, "bitch! I want you dead

Suddenly, a wave of extremely manic spirits came out of Li Yi. Some of the disciples around changed their looks and exclaimed, "no! He wants to blow himself up

Lin Cuiming's face changed wildly. She didn't expect that this rubbish Li Yi would die with herself at this time?

Just at the moment when the manic wave was just released, Lin Cuiming immediately wanted to avoid it. However, she was shocked to find that she could not move! She couldn't move at all! Is Li Yi's spirit so strong? Under the lock of Li Yi's spirit, she has no resistance!

Lin Cuiming uttered a scream of fear: "elder martial brother ye, help me! Help me

Ye Chen looks at Li Yi unexpectedly. Li Yi still has some talent in spirit.

Seeing ye Chen look indifferent and indifferent, Li Yi's face becomes more and more ferocious. Lin Cuiming finally collapses. Tears surge in her beautiful eyes, and the sound of water is also ringing from her lower body.

I was scared out of control!

Seeing that ye Chen seemed to ignore herself, Lin Cuiming quickly turned to Li Yi and said, "elder martial brother Li, don't be impulsive! I just said angry words. Calm down. I still remember us... "

Just before Li Yi's face is crazy, the air is agitated to the extreme, and the spirit is about to explode, ye Chen suddenly looks at Li Yi with a purple light in his eyes.

At the next moment, Li Yi's face solidified, and his spirit, even for a moment, seemed to be sealed, and was completely out of his control.

Lin Cuiming saw the situation, suddenly paralyzed on the ground, looking at Ye Chen, the beautiful eyes are full of excited color, ye Chen he saved himself!

"Elder martial brother ye, my life will be yours in the future!"

Li Yi yelled at Ye Chen: "why! Why stop me! Why? Let me kill her! Let me kill this bitch

Ye Chen did not pay attention to him, but squatted down, pinched Lin Cuiming's chin and said, "you say, your life is mine?"

"Yes," Lin Cuiming said in a soft voice

She knows that men like Ye Chen, who are extremely powerful, like the opposite sex to be absolutely submissive to themselves. In order to tie themselves together with Ye Chen, she will give up her dignity at all costs!

"Then you die." Ye Chen pulls his hand away, takes out his handkerchief, wipes his fingers, and throws it on Lin Cuiming's head. He stands up and leaves Lin Cuiming, who looks at him in disbelief, and goes to Li Yi, who is roaring wildly.

Watching Ye Chen come to him, Li Yi is quiet.

Ye Chen looked down at Li Yi and said to him, "why should I stop you?"

Li Yi nods hard.

Ye Chen said, "it's not worth it."

"It's not worth dying for such a bitch."

Then he turned and left.

Chapter 1810

"Wait a minute!"

Ye Chen stops and turns his head.

This time, it was Li Yi who opened his mouth. Li Yi looked at Ye Chen sincerely, took a deep breath, and said in a deep voice:

"I'm sorry, I offended you. You let me recognize the true face of this woman today, and taught me the truth of being a man. All these are my own blame.

I will not resent you, but I am very grateful to you. If I have a chance to resume my cultivation in the future, I will certainly repay you for your kindness. "

With that, he turned his head and prepared to leave with difficulty.

Lin Cuiming looked at Li Yi scornfully and said with a sneer, "ha ha, didn't you see it before? You know how to pretend?

I just want to follow elder martial brother Ye. Do you think it's true?

Hypocrisy! Do you think elder martial brother Ye is so gullible? Elder martial brother ye, you must not believe his words

Ye Chen looks at Lin Cuiming and is really convinced. What degree can this woman not face? I just finished scolding her, but now she put it up as if she didn't hear it

Ye Chen is also too lazy to pay attention to her. He goes to Li Yi, lifts Li Yi's body and says to him, "open your mouth."

Li Yi is stunned, but he still opens his mouth according to his words. The golden light in front of Ye Chen's body flashes. In an instant, Li Yi's tongue is stirred to pieces!

Li Yi's face changed, and a sharp pain hit him. Although he was seriously injured just now, he didn't feel much pain because his spine was completely smashed. Now his tongue is broken, but he almost faints with pain.

However, there was no trace of resentment in his eyes.

Lin Cuiming looks at Li Yi's miserable situation. Her face is full of joy, and her eyes are full of excitement. This is the end of this waste. It's better for ye Chen to torture him to death now!

She still thinks that if it wasn't for this rubbish, ye Chen might not treat her like this.

Ye Chen stares at Li Yi's eyes and says, "this is the price you insult me."

Then, he put a pill into Li Yi's mouth, and the powerful medicine filled Li Yi's body instantly.

Li Yi was stunned, and then his face was beaming with joy. The level of the pill was not low. The wound in his mouth immediately stopped. Moreover, granulation grew slowly at the base of his tongue, and there was a faint sign of recovery.

He does not understand to look at Ye Chen, ye Chen this is what? Why help yourself?

Ye Chen took Li Yi's body and walked out, saying: "you are not incurable. You have learned how to be a man so quickly. Since you have paid the price of insulting me, then, your body, I will help you recover."

When Li Yi hears the speech, his eyes are getting moist. He didn't blame Ye Chen at all. He knew that his palm was intended to hurt Ye Chen seriously.

Ye Chen treated him with his own way. He also had no complaints. Moreover, his actions after ye Chen clearly made him recognize Lin Cuiming's character. Therefore, he was grateful to Ye Chen.

Now, ye Chen is willing to help himself recover, that is to his kindness!

Although he is also a proud man, but at this time, the heart is secretly vowing that his life, from now on, is Ye Chen's!

This life, is willing to work for it, the effect of dog and horse!

Lin Cuiming looks at Ye Chen's actions in disbelief. She doesn't understand why Ye Chen helped the rubbish. However, looking at the figure of Ye Chen's leaving, she is inexplicably sure that ye Chen will never take a fancy to herself, even if she is a thousand times more beautiful

She, like the handkerchief that ye Chen lost, is the real garbage in Ye Chen's eyes

Walking to the counter, ye Chen put the label of Ning Cui Jiao on the stage and said to the disciples behind the counter, "please change this for me."

The disciple looked at Ye Chen's clothes and wanted to say something else, but when he saw Li Yi in Ye Chen's hand, he shivered and swallowed all the words to his mouth.

He immediately went to get the Ning Cui Jiao and gave it to Ye Chen.

After that, ye Chen gave the names of several demon corpses and took out the exchange card of zhenzhuan disciple. The story of Li Yi being seriously injured by him would soon be spread in the clan. He didn't want to show off his secret disciple's identity so quickly. Anyway, zhenzhuan disciple's exchange card points were enough.

When the disciple in charge of the counter saw Ye Chen's card, his face changed. Fortunately, he didn't say anything to Ye Chen. Who could have thought that the cultivation of Hunyuan state could be the true disciple of xuanyue sect?

He collected the materials respectfully and handed them to Ye Chen.

Then, ye Chen directly took Li Yi back to his cave, took Li Yi to an independent small room, and settled Li Yi on a jade bed.

It's enough for Li Yi to be unforgettable.

Killing Zong needs people. Xuanyuezong Li Yi is a good candidate for nirvana.

At this time, Li Yi, lying on the jade bed, was completely dull!

This is Ye Chen's cave? Liquefied spirit gas? Is this still xuanyuezong!?Ye Chen forces a drop of blood and points it on a pill. Then, he puts the pill into Li Yi's mouth. The power of the pill and ye Chen's blood instantly melt into Li Yi's body.

Ye Chen pressed his hand on Li Yi's pulse and felt the changes of the medicine and blood in Li Yi's body. He said to Li Yi:

"you don't have to worry. In such an environment, you can recover completely with the nourishment of the best pills. One month later, I'll comb the meridians for you. You just need to calm down and heal 。”

Li Yi can't speak at this time. He can only nod to Ye Chen with tears in his eyes. His face is full of gratitude.

Said, ye Chen then returned to his room, took out that just bought the Ning Cui Jiao.

He looked at it carefully, but he didn't find anything special about the Ning Cui Jiao. He asked the king beast spirit God, "Yu beast spirit God, do you think this small Jiao is a spirit animal? Why can't I see anything special? What is the ability of this spirit animal? "

The spirit God of the imperial beast said with a smile: "of course you can't see that the spirit animal has completely occupied the body of this ningcui Jiao. It can invade into the body of most living creatures and gradually assimilate with it. It is extremely rare in Lingwu land."

"This spirit dividing beast can breed entities for your blood dragon."

"Of course, you can also sacrifice your incarnation for yourself!"

"It's a simple way to sacrifice and refine the body's external incarnation. It's a simple way to divide the young into spirit animals and seal them into their own bodies according to special methods. After success, the incarnation has part of the strength of the noumenon. Moreover, it can grow with the noumenon and can also be brought into the body at any time."

"Don't you think it's similar to the shadow of blood dragon in your body?"
