

## Physician 181

### Chapter 181

This scene takes place between electric light and flint.

The Qin family master who hasn't made a move is a little confused! The pupil is enlarged! It's like hell!

He thought his companion could beat the boy down with one move!

But I didn't expect that it turned out to be the opposite!

With one move, the boy killed a strong member of the Qin family who entered the list of Chinese masters!

His body trembles slightly, stares at Ye Chen dead, is subconsciously retreats a few steps.

He is very clear that he is in the other party's hands, and he has no power to fight back!

At this time, ye Chen raised his head, eyes such as a sword, straight out, way: "come up to lead death!"

His voice seemed to come from the vast sky.

No doubt about it! No resistance!

What a bully!

At this moment, the eyes of the powerful Qin family are full of fear!

What else can he do? There is no choice but to move forward step by step!

When one meter away from ye Chen, "plop!" One sound! Get down on your knees!

Ready to die!

There are rules in the Qin family in Jiangnan province. As long as you are a member of the Qin family, you can't kneel down to anyone other than the Qin family!

But he didn't care.

Kneel down, may die later, do not kneel, must die now! And it was a terrible death!

"My lord..."

He didn't dare to look up at Ye Chen. He only knew that there was an evil spirit in front of him!

Can't offend evil spirit!

Ye Chen looked down at each other and asked, "where is your Qin family?"

The man blurted out: "the Qin family is a little far away from here. In the nanqin villa in Jiangnan Province, you can get on the winding mountain road in the south of Jiangnan province. You can walk 500 meters to get there."

He doesn't know what ye Chen is going to do. Is this guy going to kill the Qin family?

"Can you be in the Qin family?" Ye Chen asked.

The man shook his head: "my Lord, during this period, the Qin family has been mobilizing all forces to ask one person out of the mountain. We just came back from Emei Mountain a few days ago, but we didn't get any results. These days, we received news from the man. The master, several young masters and some key figures of the Qin family left for Kunlun mountain."

"There are dozens of people leaving this time, which also shows the sincerity of our Qin family. The master once said that as long as this person is invited to the Qin family, the Qin family will certainly become the first Wudao family in Jiangnan Province, and even may not be afraid of some families in the capital city!"

Ye Chen's eyes narrowed slightly.

Qin family went to Kunlun mountain? Do they invite people from Kunlun Xu?

His understanding of Kunlun Mountain is far better than anyone else.

It is impossible for Qin family to be qualified to enter Kunlun void.

The most likely one is the strong one on the Kunlun mountain. Of course, it is not Kunlun Xu, which is also very dangerous.

Because there are also some practitioners on Kunlun mountain!

These people are expelled from Kunlun for various reasons. They are powerful and may even surpass themselves!

However, these people are cold and arrogant, indifferent to fame and wealth.

Unless the Qin family offers enough attractive conditions, these people will not go down the mountain at all.

At present, it is useless for him to go to nanqin villa, and only some servants are killed.

"Do you know when all the Qin family will come back?" Ye Chen Dao.

The strong man of the Qin family shook his head like a rattle drum: "my Lord, I have a general position in the Qin family. How can I know this kind of thing? If we follow the progress of Emei mountain last time, it will take at least half a month It also depends on the attitude of the great man on the Kunlun Mountain... "

"I see. Now, do you commit suicide or do I do it myself?"

Ye Chen looks at each other coldly.

Qin thought that he would have saved his life when he told them.

Let the strong men of the Qin family go back to Jiangnan province to kill this son.

But I didn't expect that this young man was so cruel and cruel that he didn't intend to keep alive from the beginning.

A strong sense of survival broke out from his mind, no longer hesitated. He drew a dagger from his waist and stabbed directly at Ye Chen's chest!

Ye Chen sneered and held out a hand, holding the dagger directly.

In this way, five fingers held the sharpest place of the dagger.

But not a drop of blood came out.

The strong man of Qin family was stunned.

Not waiting for him to react. In ancient times, ye Chen's arm shook, and the man's wrist broke directly, and the dagger fell down.

Then, ye Chen steps on, the dagger seems to condense a sharp arc, directly into the neck of that person.

"Poof!"

Blood burst out like a fountain.

Frightened eyes fell in the pool of blood.

Ye Chen left the garden, let Xiao Deng deal with the body, and then went to Xia Ruoxue's room.

But soon, he stopped, because Xia Ruoxue appeared in the living room. Beside her stood a dignified middle-aged man.

Xia Hongye!

Xia Hongye received the news from the gatekeeper and naturally came back at the first time. When he saw Ye Chen, his eyes were extremely complicated.

"If snow, go back to your room."

Xia Hongye ordered.

"Dad! I will not return. "

Xia Ruoxue did not hesitate to stand by Ye Chen's side, dead in front of Ye Chen.

However, ye Chen laughed and relieved. She said to Xia Ruoxue in front of her body: "if snow, go back to your room. I promise you, I will come to you in five minutes."

Xia Hongye is nothing in his eyes.

What's more, Xia Hongye didn't show any hostility just now, but pity.

Xia Ruoxue took a look at Ye Chen, bit her lips, or nodded, and soon disappeared in the hall.

There are only two men left in the hall.

"Your name is Ye Chen, right? Sit down."

Xia Hongye made two cups of tea, one on the opposite side.

Ye Chen nodded and sat on the sofa.

Xia Hongye takes a look at Ye Chen, and finds that this boy has no inferiority and weakness in front of him. He is extraordinary.

If there was no Qin family, maybe he would really like to give ye Chen a chance.

Xia Hongye took a sip of tea and opened the door to see the mountain: "if snow and Qin Zhengyang's marriage, you should know it."

"Yes."

"The background of the Qin family should be known from all aspects."

"Well."

"I know your Tianzheng Group and your martial arts strength. You beat Yuan Jingfu. According to Yuan's real strength, your position in the list of Chinese masters should be about 350.

I have to say, you are a young man with great potential, but do you know the position of Qin Zhengyang in the list of Chinese masters? "

Ye Chen did not speak, Mou son is very indifferent.

Xia Hongye shook his head. He did not know why Ye Chen could be so fearless. He put down his tea cup and was extremely serious. He said:

"since I don't know, Qin Zhengyang is one of the top ten martial arts talents in Jiangnan province. Just a few days ago, he just killed a strong man, so now he ranks 199 in the list of Chinese masters! The gap between you and him is like heaven and earth

Chapter 182

199 Chinese masters?

Is the gap like heaven and earth?

Hearing this sentence, Ye Chen smiles, the smile is incomparably brilliant.

In other people's eyes, this Qin Zhengyang may really be the favored son of heaven!

At a young age, he entered the top 200 masters list of China.

Behind them stood the powerful Qin family.

The future is limitless!

But in Ye Chen's eyes, what does Qin Zhengyang count?

Apart from the samsara cemetery, it is impossible for Qin Zhengyang to kill him!

He is a cultivator from Kunlun!

What is a practitioner?

Heaven and earth! Kill ghosts! Kill the devil! Against heaven!

There is no samsara cemetery, he is not afraid, let alone he has a samsara cemetery.

Behind him stood a hundred top talents. The people he wanted to kill could not even stop the way of heaven!

Even if Qin Zhengyang is so talented and gorgeous, even if the Qin family is so powerful, how about it!

Even if the top one in the list of Chinese masters stands in front of him, what!

They are mortals after all!

It will turn to dust eventually!

After a hundred years, the world will surely forget.

And he Ye Chen, a thousand years later, China will still have his legend!

Xia Hongye, seeing ye Chen this time, was even more helpless and said, "Ye Chen, stop your hand. I will try my best to help you plead with the Qin family and let them let you go."

Ye Chen snorted coldly and interrupted, "uncle, your kindness is my heart! But I will handle the Qin family's affairs myself! There's no need for you to intervene. "

Refused?

Xia Hongye was stunned and thought for a second. He knew that what he had just said hurt Ye Chen's self-esteem unconsciously. The other party's refusal was just the last stubbornness. He said, "Ye Chen, uncle is from the past. I'll give you a piece of advice. If you can't bear it, you'll make a big plan. Don't regret it after you lose your life. Talk about the future."

"Don't you have a military background? It's better for the military to come to protect you. It's a good policy for both sides."

Ye Chen stood up, glanced at Xia Hongye and said, "uncle, you don't know me, please don't assert my future. Although the world is big, there is no force that is qualified to let me ye Chen condescend.

In your eyes, the Qin family may be terrible, but in my eyes, there is no difference between the Qin family and the ants. When they come back, they will kill them. "

At this moment, ye Chen released a strong temperament!

In Xia Hongye's eyes, it's just like the top of a mountain, overlooking all living beings!

"Five minutes later, I promised ruoshue to find her."

Finish saying, ye Chen whisks away.

Xia Hongye, who only left the living room shocked.

It took him a long time to react. His expression was very strange.

Is Qin family a mole ant?

Kill it?

"Hiss -"

Ye Chen has such a big tone! Although you are strong, but can you easily wipe out a top martial arts family in Jiangnan province?

Even if crazy is not such a crazy method.

Originally, Xia Hongye also had some affection for ye Chen, but now, ye Chen's impression in his heart has fallen to the bottom.

Don't think of making progress! to one 's eyes there is no other! arrogant!

Such people, even if they have talent and potential, will die soon!

It seems that next to do a good job if Snow's psychological work, such a person, not worthy of his daughter!

Half an hour later, ye Chen left Xia's home.

Before leaving, ye Chen also told Xia Ruoxue the address of the villa. Xia Ruoxue also promised Ye Chen that he would find a way to find him these days.

At the door, Xiao Deng met him.

"Has the body been disposed of?"

"Well, Mr. Ye, where are you going now? Back to the villa? "

Ye Chen shakes his head, cold Mou son a congeals, way: "go to Qianlong mansion."

Xiao Deng was stunned and his face became strange!

This is Qianlong mansion!

This man controls all the forces in the whole building!

This man controls the operation of the underground world in Jiangnan province!

This man has become a constraint on the existence of families in Jiangnan province!

Not only that, Nanjiang King's own martial power is extremely terrible, but also cultivates a mysterious and incomparable martial power.

It is said that it can fight against the Wudao family in Jiangnan province!

No one has seen this power.

No one is entitled to see this power!

What is Mr. Ye doing here?

As if aware of Deng's doubts, ye Chen said: "I heard that this Qianlong building is very powerful in Jiangnan province. I don't want to take a look at it."

Deng suddenly realized: "so it is, Mr. Ye, there is a sentence that Xiao Deng didn't know to say or not to say?"

"Say it." Xiaodeng Lian said: "in Jiangnan Province, three forces can not be provoked. First, the Wudao Association of Jiangnan province; second, the top Wudao family in Jiangnan province; third, Nanjiang king of Qianlong building."

Ye Chen directly on the car, ignored Xiao Deng.

He can't say that he has occupied all of the three things that can't be provoked. One of them is still his own force.

Twenty minutes later.

The car stops near Qianlong building. Ye Chen tells Xiao Deng to leave directly, and then walks towards Qianlong building.

Standing at the gate of Qianlong building, ye Chen finds that this building is incomparably magnificent, far from the Tianzheng building in Jiangcheng.

It is almost a landmark building in Jiangnan province.

Several people stationed at the key gate are not weak, and one of them is a strong master.

Not only that, ye Chen can clearly feel upstairs, there are several pairs of cold eyes staring at everything below.

Once the wind blows and the grass moves, it must be the first time to kill.

"Ye Lingtian has made some achievements." Ye Chen praises a way.

No longer think, ye Chen sure no one to follow, then toward the inside and go, soon several cold voice sounded!

"Stop!"

"Stop!"

Ye Chen just wanted to talk, a woman with a big figure quickly walked out of it. When she saw Ye Chen, her eyes were happy. She rushed to meet her and said respectfully, "Mr. Ye, you are here at last."

When the body tilts, the fullness of the chest looms.

"Well."

The woman got the reply and laughed, quite amorous feelings, twisting her fat buttocks and saying, "Mr. Ye, please follow me."

When passing by those strong gatekeepers, his expression became extremely serious and told him, "in the future, Mr. Ye can go in and out of Qianlong building at will, and no one is allowed to stop him."

The faces of those people changed greatly, nodded repeatedly, and even engraved the appearance of Ye Chen in their hearts.

Woman with Ye Chen through the hall, came to an elevator.

Fingerprint and iris recognition, elevator on.

"Mr. Ye, please."

Ye Chen walked in, and then the woman pressed a button and the door was closed.

The air is quiet.

The woman broke the tranquility and suddenly moved. She knelt down in front of Ye Chen and said respectfully, "see the hall leader. My name is ZHENG Ke. I'm a person around Nanjiang king. Just now, in order to protect the true identity of the temple master, I did this. "

Ye Chen nodded: "get up, I understand."

After all, the people outside are not the real core forces of Nanjiang king. In case of rebellion, the consequences will be unimaginable.

Nanjiang king and ZHENG Ke did this, completely in disguise to protect their own identity.

Chapter 183

Ye Chen knows that outside the gate must be the king of Nanjiang and his mysterious forces.

When this force was exposed, it was he, ye Chen, who became the medal of Jiangnan province. It was very strange that ye Chen was a bloodthirsty black dragon. It seemed that the black dragon was shrouded in the clouds and obscured the sun. He looked down at a young man on the top of the mountain!

And this young man is Ye Chen!

His ancestral survey family will disappear completely after 100 years. The only way is that he can break through the mystery and find an emperor with purple Qi and wolongge.

The ancestors used their remaining 20 years of life in exchange for this medal! Only hope that the fortune of the family can be changed completely!

The ancestral precepts of Ye family have been handed down for a hundred years!

The emperor in this medal is also surnamed Ye! Will meet ye Lingtian in a hundred years! Ye Lingtian must firmly grasp it, or he is the villain who destroys the family!

It's not ye Lingtian who chose Ye Chen, but this medal who chose Ye Chen!

At the moment, ye Chen has come to ye Lingtian, just want to ask, ye Lingtian moved!

Step out, but also appeared in front of Ye Chen.

At the same time, kneeling on one knee, the knee is smashed on the ground, and even makes the surrounding air burst.

This power is absolutely shocking to the outside world!

"Ye Lingtian in the dark hall, see the hall master!"

"Touch! Touch! Touch it

Those strong people behind him are the same as ye Lingtian.

All on your knees!

What a magnificent picture!

"See the Lord!"

"See the Lord!"

At this moment, almost all the people are shouting the word "temple master".

These years of practice day and night are waiting for this moment.

Waiting for the inspection of the hall master!

No one knows the price of their hard training!

Physically and mentally exhausted, they all gritted their teeth!

At the moment, they are almost roaring and shouting, which is to shout out all the repression now!

The power of voice makes people feel incomparable determination!

Their bodies are filled with bursts of blood, blood gas into the sky, forming a blood dragon virtual shadow.

Ye Chen beside ZHENG Ke is also kneeling down, her heart seems to be in front of this scene burst open!

She could feel her whole blood boiling!

All the strong in the dark hall are the same!

Ye Chen looks at these people with complicated eyes.

One hundred and two Qin pass eventually belongs to Chu, three thousand Yue Jia can swallow Wu!

It's about these people!

He could feel that these people were waiting for him.

Waiting for him to lead this group of people to fight the whole Chinese territory! Let the word "dark hall" shake the whole of China!

Ye Chen step out, negative behind the hands gently Yang, way: "everyone, get up!"

Words fall, the sound of the brush, each dark hall strong like javelin general stand.

All eyes direct at Ye Chen, waiting for ye Chen's afterwords.

Ye Chen takes a look at a stone pillar standing in the center. The stone pillar is four meters high and has the posture of holding the sky. He no longer hesitates. He steps out, and his true Qi is on his feet. The whole person jumps up and stands directly on the stone pillar!

Very relaxed.

Only this hand, let everyone's eyes slightly shrink, stepping on the stone pillar is not difficult, but so easily stepping on the stone pillar, no one can do it!

The image of Ye Chen is elevated in an instant.

On the stone pillar, ye Chen glanced at the crowd and said, "since you are willing to admit me as the master of the temple, I also recognize every one of you who are strong in the dark hall."

"You are not my subordinates, not to mention my servants. You are all my brothers of Ye Chen!"

"I promise you one thing. If any outsider dares to hurt the dark hall, I will kill all his family. If anyone from all over the world injures the dark hall, I will kill all the people in the world! Take this stone pillar as an oath

Words fall, ye Chen right foot fierce step down! An extremely terrifying force went towards the whole stone pillar!

There are cracks on the surface of the stone pillar! Like a spider web!

Subsequently, ye Chen body jumps, already came to below.

When his feet fell to the ground, a huge bang broke out, and the whole stone pillar was completely broken!

You know, this stone pillar is made of Zhenwu stone, and its function is similar to that of sandbags in boxing!

These dark hall strongmen smash their fists on this stone pillar every day to cultivate their muscles and bones and extract their bodies! But the stone pillar has never been broken!

However, the temple master collapsed with a slight foot!

What power does it take?

The power of ten thousand catties is not enough!

"Hiss!"

Those who are strong in the dark hall take a breath of cool air and stare at Ye Chen with his eyes fixed on him. His body seems to be completely petrified.

Don't move!

What a bully! How majestic this is!

There were some doubts about ye Chen's age in the crowd, but at this moment, they were convinced!The king of Nanjiang nodded in the distance.

Although he has been indoctrinating these people with the power of the temple master, as a warrior, he is more or less arrogant. Seeing that ye Chen is so young, he must not accept it.

Ye Chen showed his hand in this way and eliminated all his worries.

But it's a last step!

Chapter 184

All of a sudden, ye Lingtian, the king of Nanjiang, took a step forward, clasped his hands and said to Ye Chen, "master of the hall, I want to compete with you!"

He said it for a reason.

First, he wants to know how strong Ye Chen's real strength is and how much gap there is between them.

Second, because of the deep-rooted reasons, in the eyes of these dark hall strongmen, the three characters of Nanjiang king must be more important than the hall master. This is not good for the hall master, but if the hall master defeats him, it is the opposite!

Ye Chen didn't expect ye Lingtian to come out so suddenly and compete with himself?

However, for such a long time, he did not know about ye Lingtian's strength.

Everyone in Jiangnan province said that the power of Nanjiang king was terrible. How terrible was it?

"Ye Lingtian, what's your ranking in the list of Chinese masters?" Ye Chen asked.

At present, this is the most intuitive way to measure Chinese warriors.

Ye Lingtian shook his head and said seriously, "I'm not interested in this list of Chinese masters. However, a few months ago, I seem to have killed one of the top 200 strong men. I'm not very clear about the ranking of each other."

"In fact, the list of Chinese masters is not necessarily accurate, because the data of many powerful people are still in a few years ago. Their strength has already surpassed that place. There are some hidden masters in Jiangnan province who have never been on the list, but their strength is absolutely terrible!

However, if you are in the top 100 of the Chinese masters list, there will be special statistics, which will be quite accurate. "

Ye Chen nods, according to this statement, ye Lingtian's strength is certainly stronger than Qin Zhengyang, as for whether Tang Ao's opponent is not necessarily.

Also, today to see ye Lingtian's strength!

Ye Chen step out, serious way: "hand it."

Those who were strong in the dark hall scattered one after another, making room for the hall master and the king of Nanjiang.

Ye Lingtian Mou son a coagulation, incomparably serious!

He has seen Ye Chen's strength in wudaotai! Terrible!

Naturally, there is no need to drain water.

He bent his knees and burst out like an arrow, carrying a strong wind all over him!

Very fast!

In the blink of an eye came to Ye Chen.

One blow!

Ye Chen sidesteps away. Ye Lingtian drinks angrily, and goes to meet Ye Chen with both fists. He opens and closes the door. The tiger and the tiger generate power. He is incomparably powerful. He is walking on a completely fierce route.

More importantly, the surrounding air seems to be pierced by Ye Lingtian, bursts of air explosion sound.

In an instant, ye Lingtian's two fists overlapped back and forth, constantly forward, striding forward under his feet, deceiving himself to come, aggressive.

Ye Chen can feel ye Lingtian's hegemony.

If he did not break into the aerodynamic environment, it is estimated that ye Lingtian is not the opponent.

"Master of the temple, let's move

Ye Lingtian's voice rings out!

"Good!"

Ye Chen also does not hesitate, under the feet of Canglong phantom body will surge, a palm to shoot!

It's like tearing the strong wind!

"Good coming!"

Ye Lingtian body back, then, a fierce foot toward Ye Chen sweep!

Ye Chen didn't dodge. He changed his palms into claws and directly clasped the opponent's wrist. Then his strength broke out and he threw the other party out!

Ye Lingtian's face changed, in the moment when the body was about to hit the wall, he turned over fiercely and stepped on the wall, shooting towards Ye Chen!

A full three centimeter footprints are left on the wall!

So terrible!

"Jin Ying Quan!"

Ye Lingtian used a killing move.

After drinking furiously, I saw the shadow of fist all over the sky, as if all the Dodge routes of Ye Chen were blocked, and the fists were blowing in my ears!

Ye Chen Mou son tiny MI, incomparably calm.

Some of the martial arts masters killed him.

It seems that the 200 Chinese masters list is a watershed!

The top 200 can be called the real martial arts master!

At the moment when the shadow of man Tian Quan was about to fall, ye Chen moved and took a step to face the shadow of man Tian Quan!

In the shadow of fist, only one fist is real!

Boom

The two fists intersected, making a low voice like thunder.

The next second, ye Lingtian's face changed greatly and his blood rose. The whole person retreated ten meters and nearly fell to the ground.

Wow

See the dark scene!

Jinying boxing is the strongest blow of Nanjiang king. Looking at the whole Jiangnan Province, no one can find the most real one from the shadow of Mantian boxing!

But the temple master found it!

Not only did he find it, but also beat the king of Nanjiang back dozens of steps!

All people stare big eyes, unbelievable looking at all of a sudden.

Ye Lingtian smiles! He hasn't fought like this for a long time!"Come again!"

He rushed out like a tiger down the mountain!

The momentum is magnificent!

But just near Ye Chen's body, a powerful force burst out. His body was thrown high and flying, and the whole person flew back to the rear, and his head was smashed to the wall.

His eyes panic, this smash, absolutely accident!

At this time, a dark shadow appeared, directly clasped his shoulder, the strength burst, and his body fell steadily on the ground.

That dark shadow is Ye Chen!

Under the first World War, ye Lingtian was defeated completely.

Ye Chen slightly gasps, forehead has been covered with sweat, after coming to China, this war is the most difficult for him.

If it was not for his leading too much in martial arts and combat experience, maybe he could only draw with ye Lingtian.

Ye Lingtian suppressed the shock in his heart and knelt down fiercely: "thank you for your kindness!"

Chapter 185

"Get up. It's a contest in itself. I didn't take in too many hands. Your strength is very good. You are called the king of Nanjiang." Ye Chen praises a way.

Then, ye Chen took out a pill, handed it to ye Lingtian, and said, "take this pill, you should be more comfortable."

"Thank you, Lord."

Ye Lingtian took the pill and took it directly. The fragrance of the medicine overflowed. He felt that the injury not only reduced a lot, but also improved his strength.

He just wanted to talk, ye Chen said: "give me paper and pen, and then arrange a quiet place, I will give you some opportunities."

Ye Lingtian Mou son one Xi, even busy way: "is, the hall Lord."

For ye Chen, ye Lingtian is more concerned about the former than Wu Xiangming.

And the stronger the king of Nanjiang is, the more terrifying it will be when this strange soldier breaks out!

Therefore, what he wants to do now is to turn ye Lingtian's weakness into an advantage! Luo Yuntian, the strong man of the first tombstone, gave him many martial arts skills, which are very suitable for ye Lingtian's domineering style!

Ye Lingtian takes Ye Chen to a secret office. Ye Chen directly writes down two books of martial arts and one mental method, and then gives them to ye Lingtian.

"In the next few days, you can learn these three books as soon as possible. If you don't understand, you can call me." Ye Chen explained.

Ye Lingtian looked at three pamphlets, his arm trembled, and his eyes had a trace of blood.

He knows the value of these three things!

He is also very clear, once mastered these three things, his strength will reach what terrible degree!

"What's more, you will no longer be an ancient martial artist. Remember, you are a practitioner. As for the division of realm, I have already written it on it. There are six levels in each of the six realms: quenching body state, Kaiyuan state, Qi dynamic state, separation and separation state, Zhenyuan state and Shenyou state. Each of these six states is divided into nine levels!

there are some similarities between ancient martial arts and cultivation. You don't need to start from the beginning. At present, your state should be in the Around the peak of Kaiyuan state, strive to break through the aerodynamic environment as soon as possible! "

Ye Chen took out 20 pills and gave them to ye Lingtian.

"Master of the temple!" Ye Lingtian doesn't know what to say.

He deserves such a valuable thing!

Ye Chen laughed: "you are my right arm and ye Chen's brother. If you are strong, then the dark hall will be strong! Jiangnan province is too small, what you have to do is to strengthen yourself and lead the dark hall to the capital! If you want to conquer China, this strength is not enough now. "

"I understand!"

Ye Lingtian heard Ye Chen's words, clenched his fist, and his eyes twinkled with firmness.

After explaining everything, ye Chen left.

Out of Qianlong building, he wanted to call Xiao Deng, but found an unread wechat on his mobile phone.

Open a look, found that Xia Ruoxue half an hour ago sent a coordinate, coordinates show the first people's Hospital of Jiangnan province.

Just now in Xia's home, ye Chen mentioned that she wanted to see her grandmother and let Xia ruoshue send her a coordinate when she got to the hospital. The other party obviously did.

Xia ruoshue should be in the hospital now.

Ye Chen did not intend to find Xiao Deng, took a taxi directly to the hospital.

.....

Ten minutes later, the first people's Hospital of Jiangnan Province, VIP ward area.

Ye Chen came to the ward with some fruits, and saw Xia's mother and Xia Ruoxue.

Summer mother some haggard, did not have the arrogance of the past, black eye ring is very heavy, obviously some days did not sleep well.

"Mom, ye Chen comes to see grandma." Xia Ruoxue whispered, for fear that her mother would be angry.

But unexpectedly, the summer mother did not have the slightest fluctuation, looked at Ye Chen and nodded: "have a heart."

Ye Chen put down the fruit, the sight fell on the old man on the hospital bed.

At the beginning of the banquet, he paid attention to Xia Ruoxue's grandmother. She had no physical problems, so she could not have an accident in a short time.

But now, he found that the old man was hanging at one breath, and he might die at any time!

Ye Chen frowned and stretched out his hand, holding directly on the pulse of the old man.

See this scene, Xia Ruoxue and Xia's mother are stunned, what is this guy doing?

Pulse?

Although Xia Ruoxue gets along with Ye Chen for many days, she never knows that ye Chen can be a doctor.

"What are you doing?" There was something wrong with Xia's mother's face.

After all, the doctor told me that it was better not to move the old man's body, or something might happen.

Ye Chen did not pay attention to, Mou son gradually appeared a cold meaning.

He knows the problem!

The old man is not sick at all, but blocked by a special breath!

A living person into a living dead!

This kind of sorcery, no matter how good the detection equipment in the hospital can not be found out!

Ye Chen released his hand, looked at Xia's mother, and seriously said, "before Grandma's coma, who was the last contact?"

Xia's mother was stunned and her face was a little pale. Qin Zhengyang was the first time she thought of her mind! But once said, Xia Ruoxue will be more and more resistant to Qin Zhengyang.

According to Ruoxue's character, she will not agree with the engagement of Qin family! There is no possibility of shaking!

She could only shake her head and say, "ruoshue's grandmother I've been with her all the time She didn't touch anyone. "

Ye Chen sneered: "Auntie, at this time, do you still have to lie? She is not only Xia Ruoxue's grandmother, but also your mother

"If you tell me why, I can save her."

His tone is full of no doubt!

Xia's mother's eyes widened and Jiao's body trembled. She grabbed Ye Chen's hand: "you What do you mean, can you wake her up? "

Xia Ruoxue is also surprised.

She knows that ye Chen's martial arts strength is very strong, but she never knows that this guy can be a doctor!

"I Ye Chen is responsible for what I said, if you say the real reason!" Ye Chen Dao.

Xia ruoshue looked at her mother and asked, "Mom, is grandma really because of other things?"

She had felt something wrong for a long time, but her mother always said it was grandma's health problem, and she did not investigate it. After all, grandma was old.

At the moment, Xia's mother stares at Ye Chen, and she believes Ye Chen's words.

Because up to now, the boy has almost realized what he said. Besides, he can't make fun of grandma Ruoshue's life.

She hesitated for a few seconds, or said: "Qin Zhengyang hurt."

In front of Qin family's threat and mother's life, she chose the latter without hesitation.

Xia Ruoxue heard the three words behind her and was stunned. Her face turned pale! Even more mixed with a trace of anger!

Although the Xia family can not compete with the Qin family, she will not marry Qin Zhengyang even if she dies!

What kind of scum is worthy of her!

At this moment, Ye Chen is also burning with anger in his heart!

It's Qin Zhengyang again!

Does the beast torture an old man!

If Qin Zhengyang had not gone to Kunlun Mountain, he would have escaped a disaster.

He Ye Chen dares to promise that he will immediately leave for the Qin family and torture Qin Zhengyang to death!

He suppressed his anger, took out some silver needles from his pocket and shot them out directly!

Now, the most important thing is to save people!

Moreover, he not only wants to save people today, but also eats Qin Zhengyang from the empty space!

## Chapter 186

See silver needle shot in Xia Ruoxue grandmother's body above.

Shaking.

It is the sound of Zizi.

At the same time, ye Chen pinched his finger, and a faint genuine Qi flowed at his fingertips.

Xia Ruoxue and Xia's mother naturally can't see the true Qi, but from the moment Ye Chen shoots out the silver needle, they believe that ye Chen will be able to cure.

Whether a person has real talent or not, his temperament can be revealed.

As for Chen's, we can only see the result!

Ye Chen closed his eyes and let go of his spiritual consciousness, holding the silver needle in a subtle way.

The next second, the silver needle inserted in grandma Xia Ruoxue actually moved!

"How could it be?"

Seeing this strange scene, Xia's mother's eyes widened, and her heart was pounding. The senses of Ye Chen changed completely!

From surprise to disdain!

As like as two peas, she has heard of a magic acupuncture method before, which is just a legend. Now it looks exactly the same as before.

Her eyes fell on Ye Chen.

Who the hell is this guy?

Where did he learn this skill?

Ye Chen doesn't stop and takes out several silver needles again. The silver needles fall one after another, forming an array. At the same time, Ye Chen moves his true Qi around the direction of the silver needle fiercely!

"Control the needle with Qi?"

Xia's mother could no longer suppress the vibration in her heart and exclaimed.

Hearing the news, Xia Ruoxue looked at her mother curiously and said in a low voice, "Mom, what is the needle to resist Qi?"

Xia's mother thought for a while, but finally she didn't speak because she didn't know where to start.

In Chinese history, this is just a legend!

Ye Chen did not pay attention to the two people behind him, for him, this is just the beginning!

Human body, itself is a huge magnetic field!

Take the magnetic field as the core, build the array on the body!

Reinvigorate this array with genuine Qi!

This is the strongest technique Ye Chen has learned in recent years!

Even half a foot into the devil can pull back!

"Five 4 Three 2 1... "

Ye Chen is counting silently, when counting to one moment, his eye son a congealing, a point in the eyebrow heart of summer if snow grandmother!

Rolling Qi along the eyebrow toward the whole body surging!

Soon, ye Chen found a group of black gas on Xia Ruoxue's grandmother's chest!

His eyes are cold, directly surging all the real gas towards the black gas!

"Break it for me!"

Those black gas obviously felt something wrong and wanted to escape, but it was too late!

Ye Chen has already condensed the array on Xia Ruoxue's grandmother's body, waiting for this black air!

The moment when the black gas darts out of Xia Ruoxue's grandmother's body, those closely arranged silver needles and genuine Qi seem to form a large white net!

Trapped that black air!

There's no escape!

"If you want to go, take my gift to the beast in Kunlun mountain!"

A angry drink, ye Chen forced out a drop of blood essence, directly shoot on the black gas.

In an instant, the black gas seemed to meet something extremely terrible and burned up.

Incomparable pain!

In just a few seconds, the black gas is burned out!

A bad smell came from the ward.

Ye Chen exhaled his turbid breath, his hands behind him, looking at the direction of Kunlun mountain!

He laughed, and his mouth curved like death staring at its prey!

.....

At the same time, deep in the Kunlun Mountains.

Dozens of people of the Qin family stood outside an ancient courtyard, anxiously waiting for something.

It's packed and spectacular.

Everyone's face is full of sincerity.

In ancient times, there was Liu Bei, who was once a member of the Qin family!

Not far away, an evil youth was sitting cross legged and running his true Qi, apparently intending to practice while waiting.

He is Qin Zhengyang, one of the top ten talents in Jiangnan province!

All of a sudden, Qin Zhengyang noticed something, his eyes opened, and his face was filled with fright!

His blood was surging up and he wanted to suppress something, but he couldn't suppress it at all. He couldn't help it any more, "poof!" The sound, spit out a mouthful of blood!

Pale to the extreme! The body fell to the ground!

Weak to the extreme!

Several elders of the Qin family obviously found something and quickly surrounded them.

"Young master!"

"Young master, what's the matter with you?"

Just when they were ready to help Qin Zhengyang, they roared at the earth!

"Who is it! Who the hell broke my skills! Who the hell is it? "Qin Zhengyang's face is ferocious to the extreme. This technique only works on one person!

That's Xia Ruoxue's grandmother.

At that time, the master gave it to him to control some people. Even the master said that no one could break this skill in China!

But the skill was broken in front of him. Not only that, but he was also bitten back and his accomplishments fell!

His internal organs were attacked by a force, and could not be recovered in ten days and a half months.

The price is high!

Something happened in Jiangnan province!

Someone helped Xia Ruoxue's grandmother.

Damn it!

"Zhengyang, what happened?"

A middle-aged man came up, his face full of concern.

Qin Zhengyang stood up and wiped the blood stains on the corners of his mouth. He quickly took out his mobile phone and dialed two of his subordinates in the Xia family.

He wants to know what happened in Jiangnan province!

But after several phone calls, they were all blocked!

His heart pounded, and he knew that not only did someone destroy his own skills, but also killed his own men.

"Damn it, who is going to deal with Qin Zhengyang?"

There was a chill in his voice.

"Zhengyang, why are you hurt? Tell me." Qin Fu's face was solemn.

Qin Zhengyang took a look at his father in front of him, nodded and told him all this.

After hearing this, Qin's father's eyes were full of anger and said, "I'll send someone to investigate this matter. There are still several people stationed in nanqin villa. I'll let them investigate the Xia family's affairs! The Xia family should not have this ability. It is obviously the work of an expert. "

Qin Zhengyang shook his head and said, "although I don't know who the man is, I'm not weak enough to break my skills. It's useless for those Qin family members to check. All the core Qin family disciples are here Dad, the man must die at once, or he may have left Jiangnan province long before we go back to the Qin family! "

Qin's father's eyes narrowed slightly, and thought of something. He said, "in this case, we Qin's family will pay some price this time. We'll leave it to Xuemei hall."

Qin Zhengyang eyes a bright, he can know the blood plum hall ruthless, nodded: "good!"

Chapter 187

The first people's Hospital of Jiangnan Province, VIP ward.

Ye Chen exhaled a long breath of turbid air, and he did what he should have done.

He also found that the old man's face on the hospital bed had been ruddy. He wanted to give her pills, but he found that the pills in his pocket were too effective. The old man's body could not bear it, so he had to give up.

Summer if snow walked to Ye Chen's side, light voice way: "Ye Chen, grandmother really can wake up?"

Ye Chen laughed and said with a smile, "what I promised you, when didn't I do it?"

Summer if snow just want to talk, then found that the grandmother on the hospital bed cough a few, her eyes a joy, rushed to the past.

Xia's mother was also quite excited, and her voice trembled: "Mom, you Are you awake? "

The old man on the hospital bed opened his eyes, and a glimmer of light flashed through his turbid eyes and stretched out his hand: "water..."

Xia Ruoxue quickly poured a cup of warm water, carefully lifted the old man up: "grandmother, drink quickly, slow down."

After the old man finished drinking water, his eyes fell on Ye Chen's body.

Although she was in a coma just now, she knew something!

Even these days, she can clearly feel everything that happened in the ward.

She wanted to give feedback to others, wanted to move her body, but found it impossible!

It's like being imprisoned in the dark.

Ye Chen came over and just wanted to talk, the old man in the hospital bed planned to get up and kneel in front of Ye Chen.

This is a life-saving grace. I can't repay you!

"Doctor ye, please accept my worship..."

Ye Chen quickly held up the old man and did not let her kneel down. He said, "grandma, what are you doing here? I am a friend of ruoshue. Should I help you? You kneel down on me like this, but you are killing me

Xia Ruoxue also helped her grandmother and said, "grandma, ye Chen is one of her own. You don't have to do this. Besides, he still owes me a favor. He slept with me last time..."

The sound stopped suddenly.

It's a slip of the tongue!

Xia Ruoxue's body is stiff, not only so, Xia's mother and the old man are a little confused.

A few seconds later, the old man in the hospital bed reacted. With a smile in his eyes, he patted Ye Chen's hand and said excitedly, "doctor Ye is good. It's so much better than the animals of Qin family Ruoshue, grandma supports you and ye Chen's affairs. Grandma is old. It would be better if she could have a grandson... "

Xia Ruoxue's white face is crimson to the extreme.

"Grandma What did you say? Ye Chen is bad... "

Her voice is more and more light, even looked at Ye Chen, when found that the latter is smiling at her, her face is red to the root of the neck.

.....

Five o'clock in the evening.

Ye Chen comes out from the first people's Hospital of Jiangnan province. The old man just wakes up. Xia Ruoxue and Xia's mother naturally want to accompany him.

Xia Ruochen had planned to send snow to the old man.

Ye Chen also did not force, directly made a call to small Deng, let him pick up himself.

When on the bus, ye Chen has received a short message from Xia Ruoxue, saying that she will move to the villa tomorrow.

This time, no one dares to obstruct the Xia family. It is estimated that Xia Ruxue's grandmother gives full support behind her.

Twenty minutes later, ye Chen returned to the villa, just opened the door of the villa, his eyes pan cold, his hands condensed a blade, directly shot out!

The villa is occupied!

At present, only he lives alone, there is no other people!

At this time, a cold voice rang out: "yesterday, look at my body, so quickly turn over and do not recognize people? As expected, men are not good things

Ye Chen closed the door, naturally found that the sofa sitting a temperament indifferent beauty.

Lu Hanshuang!

To his surprise, Lu Hanshuang broke his blade easily.

It seems that the girl's strength is not weak.

Ye Chen sits on the sofa and looks at Lu Hanshuang with interest.

Today, Lu Hanshuang didn't wear a black suit. Instead, she was wearing a pair of white casual pants, a pair of sports shoes and a white sweater. Although she was ordinary, her temperament and figure were set off vividly and vividly by wearing them on each other's body.

"I remember saying you can't step into this villa again."

Ye Chen light way.

The other party breaks his rules. Even if he is a beautiful woman, ye Chen will not show pity on her.

Lu Hanshuang's mouth outlined a smile and stood up: "I don't like being ungrateful, but I owe you three, you can't escape."

"Today, I'm here to return my first love."

Finish saying, Lu Hanshuang opened the mobile phone recording.

In the recording, there was a dialogue soon.

Twenty seconds later, the recording is over.

Lu Hanshuang looked at Ye Chen and said, "I'm more and more interested in you. The Qin family paid such a high price to buy your life, so that you can't live tonight." "Originally I was curious about who had

the strength to make the Qin family so angry, but when I found out that the person in the VIP ward was you, I took the task on my own initiative and killed another person. When you were your scapegoat, I saved your life."

"Do you think it's human?"

Lu Hanshuang thought Ye Chen would thank him a little, but he found that ye Chen shook his head and said in a cold voice, "Lu Hanshan, you are too conceited. Please make sure that one thing is not that the Qin family wants to kill me, but that I want to destroy the Qin family.

If you take over the task of Xuemei hall and provoke me, I can guarantee that you will end up the same as the Qin family.

Then it will be the blood plum hall. You can't live tonight! "

Ye Chen's voice is full of incomparable coldness.

Lu Han frost is muddled, the expression is incomparably strange.

Who could have thought that this guy actually threatened the blood plum hall!

Blood plum hall is the first killer organization in Chinese martial arts!

There are countless strong!

As long as you can afford to pay enough price, all the strong men in China can kill!

Even if it fails, the blood plum hall will send stronger martial arts killers to deal with you!

The most important thing is that Xuemei hall has a top 30 Chinese masters!

If you get into the blood plum hall, there is only one way to die!

The Xu family leader she killed yesterday is a martial arts strong man with high status!

"Ye Chen, don't be arrogant. Please make sure that I am saving you!" Lu Hanshuang said.

"Help me?" Ye Chen's eyes suddenly fell on a door and said in a cold voice, "I'm sorry, I don't need it!"

At the end of the speech, ye Chen's body turned into a shadow and appeared directly in front of the door. The true Qi broke out and a fist exploded out!

The gate was broken and sawdust was flying all over the sky.

A man is hiding behind the door!

The man obviously didn't expect Ye Chen to find himself, no longer hesitated. He had a short knife in his hand. His strength was rolling, and he cut directly towards Ye Chen's chest!

Fast!

But ye Chen is faster!

His five fingers, like an eagle, were directly buckled on the man's neck. The blood spurted out and the force of a thousand catties broke out!

"Bang!"

A loud noise, the man was hard hit on the ground! badly mutilated!

"Lu Hanshuang, remember! There are exceptions. Against me, there is no life

Chapter 188

Lu Hanshuang's face changed greatly!

She stares at the man whose whole body is blood on the ground!

Because this man is also the blood plum hall!

This time, the Qin family made two preparations!

Not only did she take over the task, but someone also took the task of killing Ye Chen!

CHEN Ye, how to find out?

He has just entered the house!

The man on the ground groaned in pain. He felt that the bones behind him seemed to be scattered, and there was blood oozing out.

He stares at Ye Chen, the short knife turns, originally wants to wipe toward Ye Chen, a big foot falls down!

Just stepped on his arm!

"Click!"

The bone in the arm is broken!

"Ah

The man called again, but soon his voice stopped.

Because ye Chen's right hand has already clasped his neck, forcefully lifted each other up.

"Who sent you?"

Ye Chen's voice is like ice.

Let this man face the abyss, like falling into an ice cave.

The man's face turned white and turned green gradually. The feeling of suffocation made him feel extremely painful. He struggled desperately, but found that he could not get rid of it.

His eyes were bloodshot.

He wanted to talk, but he couldn't.

at that time as like as two peas, he noticed that there was a blood plum in the sea of men, and the same as that of Lu Han's brow.

He turned his hand and smashed the man on the ground again.

"Click, click."

There was another bone shattering sound.

"This man came with you? Is that what you call saving me Ye Chen said lightly to Lu Hanshuang.

Lu was pale. She took a look at the man and shook her head violently.

"I didn't know this guy existed! damn! This guy took the same task

The man on the ground breathed heavily and looked pale to the extreme.

Who could have thought that the man to be killed was so terrible!

He doesn't have the strength to be hostile at all!

Suddenly, his cold eyes looked at Lu Hanshuang and said angrily, "Lu Hanshan, do you know what you are doing? You broke the rules! If the organization knows you will die! "

"I advise you to kill this man at once, or you will not be able to protect yourself!"

The last word was almost growled out by him!

If you don't step on the other side's feet, you've killed too many people

Ye Chen suddenly sends out force, under a foot, this man must become the ghost!

At this time, Lu Hanshuang reacted and said, "don't kill him!"

"If you kill him, Xuemei hall must know that his mission has failed. Someone will come to investigate the matter thoroughly. If you know that you killed him, it will be troublesome. Xuemei hall will send stronger experts to pursue you, which is a nightmare to you! You can't escape the claws of Xuemei hall

This is Lu Hanshuang's biggest worry!

Otherwise, she would like to kill this man!

Ye Chen hesitated for a few seconds. If this is the case, there is no need for the blood plum hall to exist.

The man on the ground saw Ye Chen didn't start, so he thought Ye Chen was afraid of the crazy pursuit of blood plum hall.

He laughed coldly, rather ferocious, and said to Ye Chen: "boy, now you know who you have offended. Dare to provoke the blood plum hall, you are looking for death! Now kneel down in front of me and beg for mercy, I may think about... "

Words have not finished, ye Chen's foot stepped down! Man's chest instantly appeared a hole, he fiercely spit out a mouthful of blood, endless death wrapped him.

Before he died, a indifferent voice sounded in his ear:

"I said, if Xuemei hall still dares to provoke me, erase it!"

His pupils dilated, and he could not imagine that the blood plum hall, which made countless martial arts strong men scared, was so unbearable in front of this young man!

Erase?

Are you qualified to erase it!

Lu Hanshuang's beautiful eyes show deep fear.

She knew very well that the man on the ground was dead.

Under one foot, ye Chen and the beam of Xuemei hall are completely finished.

Is this guy crazy?

Not thinking about the consequences at all?

You have to pay the price of your life!

After all this, ye Chen returned to the sofa, took out a pack of cigarettes, pulled out one, and directly held it in his mouth.

Mars twinkled and smoke shrouded in an instant.

Lu Hanshuang just wanted to talk, ye Chen opened his mouth: "since you are the person of Xuemei hall, take this person's body away. Also, I don't want a drop of blood from your blood plum hall garbage in the villa." His voice is very flat, but with a sense of irrefutable.

Lu Hanshuang has a pretty face.

Who could have thought that ye Chen killed a man himself and asked her to clean up the corpse.

Is she her servant?

"Ye Chen, don't think you can order me like this after saving me. You have already sent yourself to a dead end in the matter of Xuemei hall."

"You have no idea how terrible the forces you have offended

"You'll live in the shadow all your life, and you won't know how ridiculous you are until you die!"

Lu Hanshuang said word by word.

It's a reminder. It's more of a threat.

If ye Chen had not saved her, she would not have said so much nonsense.

Ye Chen looked at Lu Hanshuang and said, "after handling the corpse, remember to close the door and not send it."

"You -" Lu Hanshuang was so angry!

Even so, she quietly cleaned up the body.

She knows the method of Xuemei hall. The man is dead. She must try her best to erase all the evidence.

At least let Ye Chen live a few more days.

She doesn't want to owe Ye Chen any favor.

Once she had finished the three favors, she left Jiangnan Province, and did not want to have any intersection with Ye Chen.

At the moment of closing the door of the villa, Lu Hanshan's hand stopped. She looked at Ye Chen sitting on the sofa and said, "I've helped you find a scapegoat and deal with the corpse. I'll hold on to the side of Xuemei hall. If you can't hold on, you can do it yourself. "

Then she disappeared into the night.

After Lu Hanshuang leaves, ye Chen dials ye Lingtian's phone.

"What can I do for you, Lord?" Ye Lingtian's respectful voice rang out.

"How much do you know about an organization called Xuemei hall?" Ye Chen asked.

After all, knowing yourself and knowing your enemy is invincible.

This blood plum hall is a time bomb after all, we must find a chance to solve it.

Ye Lingtian at the other end of the phone was stunned and asked in a hurry: "the Lord of the temple, has the blood plum Temple offended you?"

"Just killed a killer in Xuemei hall."

Ye Lingtian pondered for a moment, and then said: "Xuemei hall is the top killer organization in China. Because the characters fail, they will send stronger killers. This is also the headache of countless martial arts strongmen. It has 36 branches in China, and the Jiangnan Branch is under the control of Ling Feng.

My subordinates have met this person once. The other party is cruel and ruthless, and his martial arts strength is very strong. But compared with the hall master, he is like a mole ant. "

Chapter 189

"Don't be afraid of the master of the temple. If the blood plum temple is not long-sighted and offends the temple master, his subordinates are willing to take the strong man of the dark hall to destroy the Jiangnan Branch of his blood plum hall!"

Ye Chen nodded and continued to ask, "what if the people of the Jiangnan Branch of Xuemei hall failed? What would they do? "

Ye Lingtian was stunned, hesitated for a few seconds, and then said: "this is the most troublesome place. The real strength of Xuemei hall lies in the capital city, which is also the headquarters of Xuemei hall. Once the branch office is uncertain, the headquarters will send the top-level strong men to attack."

"I see."

"Temple master, do you need to do something in the dark hall?"

"No need."

The phone hung up.

Ye Chen Mou son is suffused with a trace of forest cold, see this blood plum temple can continue to come to him trouble.

If you don't have eyes, there is no need for the blood plum hall to exist.

"Beijing? Top strong? In front of me ye Chen, what's the matter? "

Ye Chen took out the black stone, sat cross legged, and entered the state of cultivation. Today, let's break through the third layer of pneumatic environment.

As long as there is absolute strength, no matter how difficult the person or thing, a sword split is!

The black stone is suspended in Ye Chen's body. At the beginning, it absorbs the aura of the jade pendant and releases it crazily!

In an instant, the whole villa is full of Aura!

Ye Chen took two pills, a very strong effect in the field of elixir burst open!

The innumerable aura of the outside world is coming towards his body!

Ye Chen runs nine days xuanyang Jue, a golden light rushed out of his body, like a dragon!

The top of the villa rings out the roar of dragons, and then the light goes towards the top of Ye Chen's head!

Time flows slowly, the momentum of Ye Chen's body is more and more terrifying.

When the energy of Dantian reaches the peak, ye Chen roars: "break!"

Innumerable true Qi rushes toward a bondage!

The first time, failure!

The second time, or failure!

Ye Chen's clothes are all wet!

The third time, "boom!"

His body is like a big wave surging, a strong breath, like breaking through all the shackles!

The bondage was torn apart in an instant!

Innumerable auras cover the whole body, so comfortable to the extreme!

Ye Chen opens his eyes, and his realm stays steadily in the third layer of pneumatic environment!

"A little faster than I thought."

He vomited out his turbid breath and found that it was already three o'clock in the morning. He came out and shot out a blade of wind from his fingertips!

One hundred meters away, a huge tree collapsed!

"It seems that the further back you go, the greater the improvement brought about by a small state."

Then, ye Chen returned to the room on the third floor, took a bath and lay on the bed.

Holding a black stone in his hand, he instantly appeared in the reincarnation cemetery.

The only bright tombstone has been completely revealed.

Obviously, it can be activated.

He also found that this time is no longer the three words of Chen Qingcang, but - fire, Chen Qingcang!

There is a line of small words below.

"I can burn all things with one hand!"

Ye Chen can feel the pressure of this tombstone is stronger than that of Luo Yuntian!

As for whether that remark was a boast, he did not know.

Although the heart of this Chen Qingcang is very curious, but ye Chen or hold back did not arouse.

He is very clear that every one of the great powers in the samsara cemetery has only one chance to be inspired.

Once triggered, it may disappear in a few hours and enter into reincarnation.

Such a strong player is his biggest card, and can never be used until he has to.

After all, he has seen Luo Yuntian's strength.

Ye Chen put away the mysterious stone, closed his eyes and fell into sleep.

.....

At eight o'clock the next morning, a beautiful image appeared at the door of the villa.

The woman dragged the suitcase and straddled the bag at the waist, just passing through the gully in front of her chest. She was extremely hot. It was Sun Yi!

In the next few days, Sun Yi will be responsible for the business of Tianzheng Group in Jiangnan province. Naturally, she will come to Jiangnan province to do the construction work earlier.

Tianzheng Group is undoubtedly a fire, but also a fire out of the sky!

Almost every day on the hot search list!

Not only that, from the sale of products to now, almost all of them are online and out of stock!

The price on the black market is even more fried dozens of times!

Tianzheng Group has become a star enterprise of Jiangnan province and even China!

Because ye Chen told Sun Yi the door code on wechat before, and Sun Yi went in directly with her suitcase.

She put the suitcase away and went upstairs carefully.

Soon, she came to Ye Chen's room, the door was open, she opened the door gently, just about to surprise Ye Chen, a pair of big hands directly touched her waist. Hold her in your arms.

Ye Chen body a turn, mercilessly will Sun Yi pressure in the body.

Sun Yi pouted her lips and said unhappily, "I was going to surprise you, but you already knew I was back. Hum!"

Ye Chen smiles, not to mention the whole villa, even outside the movement, he can clearly detect.

He had found Sun Yi downstairs for a long time, otherwise the door would not have been empty.

Ye Chen did not speak, directly and deeply kissing Sun Yi.

"Did you miss me?" Sun Yi broke away from ye Chen and said seriously.

"Of course."

Sun Yi's long eyelashes blinked, and her white arm slid to the root of Ye Chen's thigh, and then held it tightly: "where do you miss me most? Is it here? "

"Guess." Ye Chen is provoked by Sun Yi, and instantly has a trace of desire.

Soon, there was no trace of bondage on the two, and a physical battle began

.....

At noon, they got up.

Sun Yi was satisfied when she was dressed. She said to Ye Chen with a smile: "I found that you have lost weight in the past few days when I was away. This palace is going to make lunch for xiaochenzi. After all, xiaochenzi has made great contributions to the sports just now..."

Just as Sun Yi was about to leave, her eyes suddenly focused on the photo on the table.

The photo was taken five years ago.

In addition to Ye Chen, there is a handsome middle-aged man and a gentle young woman.

Obviously, they are ye Chen's parents.

"Xiaochenzi, is this your family photo?"

Ye Chen a Zheng, looked at the photo, complex nodded.

Chapter 190

This is a high-definition version of Ye Chentuo longhun restored by special means.

After all, the villa has lost some sense of home, so this photo can remind him of something.

Once the king of Nanjiang or the dragon soul finds out the specific whereabouts of the Dragon Lord in the capital, he will immediately set foot on the capital!

Sun Yi always felt something was wrong, frowned, picked up the photo and looked at it carefully.

Ye Chen stood up, came to Sun Yi's side and asked, "what's the matter? Am I not handsome in the picture? "

Sun Yi doesn't speak. After all, ye Chen's parents are dead. It may make ye Chen sad to be involved in this topic.

But this picture is so weird.

After hesitating for a long time, Sun Yi pointed to a position on the photo and said, "xiaochenzi, is there a hemorrhoid on your mother's neck? Or is it dirty? "

Ye Chen frowned, took a look, seriously said: "from small to large, there is a hemorrhoid on her neck, what's the matter?"

"Strange." Sun Yixiu frowned more and more tightly, "shouldn't be."

A few seconds later, Sun Yi looked at Ye Chen and said, "xiaochenzi, I feel something is wrong, because I handled the body of your parents five years ago, and I took it to cremate myself. But I clearly remember that there was no mole on her neck at that time..."

Ye Chen a Zheng, Sun Yi's words, like a thunderbolt from the blue!

"You Do you remember it wrong? " Ye Chen grabs Sun Yi's hand.

Sun Yi thought for a moment and shook her head like a rattle drum: "no, because I was afraid to die when I first came into close contact with a corpse. So for me, I was particularly impressed. For a period of time, I even dreamt everyday, which is the picture!"

"Did your mother get rid of it before you said something happened? Because it looks exactly the same as in the picture

Ye Chen did not speak, eyes have unprecedented dignified!

Cloud Lake Villa that day, mother's neck mole, still!

Sun Yi was the last person to touch their bodies!

At present, there are only two possibilities for Sun Yi's reply!

First, the parents' bodies have been replaced!

Second, parents may still be alive!

Ye Chen really can't figure out who will replace the body of his parents.

If the parents are still alive, they will know about Tianzheng Group. If they find that the legal person of Tianzheng Group is Ye Chen, they will naturally come to find themselves!

He felt cold on his back. What happened in Yunhu villa was not as simple as expected!

Sun Yi felt Ye Chen needed to be quiet, so she spat out her tongue and said, "xiaochenzi, I'll go to cook first. Don't think about it..."

After Sun Yi left, ye Chen called Lei Shuwei directly.

"Lei Shuwei, where are you now? I want to see you right away! What's more, I need all the details of Cloud Lake Villa in those days! "

Lei Shuwei at the other end of the phone was stunned. If someone else spoke to him in this tone, he would have hung up, but it was Ye Chen.

Although very strange, but hear ye Chen incomparably serious tone to know that something has happened.

No longer hesitating, he said directly, "I'll ask Xiao Deng to pick you up. I'll see you at the base in an hour."

"Good."

Ye Chen goes downstairs and tells Sun Yi about going out, and Sun Yi lays a bowl of delicious noodles.

She will also go out in the afternoon, because Shen Haihua will come to Jiangnan province to connect projects with the provincial government.

Soon, ye Chen received a call from Xiao Deng.

He was just about to go out when he found that Deng was blocking a girl from entering the villa area.

"What's the matter?" Ye Chen Dao.

The words fall, that woman then turns round, let Ye Chen surprise is, unexpectedly he knows!

Chu shuran!

What happened to this cheap woman?

The point is, how does she know here?

Xiao Deng quickly came over and said to Ye Chen, "Mr. Ye, this woman must see you. She also said that she knew you..."

Ye Chen snorted coldly: "do not know."

With that, he was ready to get on the bus.

Seeing that ye Chen was going to leave, Chu Shu ran rushed over and knelt down in front of Ye Chen. She hugged Ye Chen's legs and said, "Ye Chen, you How can you not know me? "

"We are classmates in high school. You once said that you like me. We have met several times this month. Although we are not happy, I know you must have me in your heart, right?"

Chu shuran has no choice.

His father offended the Meng family in Jiangcheng because of one thing.

Now both the Jin family and the Jiang family have disappeared. The authority of the Meng family in Jiangcheng is extremely terrifying!

The Meng family threatened to destroy the Chu family. The only thing that could stop the Meng family was Ye Chen!

What's more, the Chu family knew that the Meng family did it for ye Chen!

After all, two of the three Wudao families in Jiangcheng have disappeared. They are all related to Ye Chen!Meng family in order to protect themselves and show their love to Ye Chen, the first thought of nature is to take the Chu family for surgery!

She had no choice.

Ye Chen glanced at each other, lifted out his right foot and kicked him out directly.

Chu shuran fell directly to a few meters away, and the corners of her mouth overflowed with blood.

"If I see you in my villa again, kill me!"

.....

Two o'clock in the afternoon, dragon soul base.

Special meeting room.

Ye Chen meets Ying Qing and Lei Shuwei.

Ying Qing put a pile of secret files in front of Ye Chen.

"Mr. Ye, this is all the details that dragon soul has mastered about the original Cloud Lake Villa."

"Thank you." Ye Chen Dao.

Hearing these two words, Ying Qing and Lei Shuwei are stunned!

How could the evil spirit say these two words?

Sleeping trough!

It's harder than a comet hitting the earth!

Two people look at each other, both see the shock in each other's eyes!

Ye Chen completely ignored the two people, opened all the contents of the file, no matter how big or small.

Twenty minutes later, ye Chen raised his head, looked at Lei Shuwei and asked, "were you sure my parents were dead?"

Lei Shuwei's expression became extremely strange: "Mr. Ye, we've all given death reports. Is this still false?"

"But I found out that someone might have replaced the bodies of my parents!"

Ye Chen's cold voice rings out!

"What!"

Lei Shuwei and Ying Qing's faces changed greatly!

Although surprised, it is clear that this is not impossible.

For some special death penalty prisoners, if there is value for the military, they will use means to cover the sky and the sea!

Even give each other a new identity!

But the Ye family, too weird.

No one would do that! And in front of so many people, what means does it take?

Ye Chen tells Sun Yi's discovery again, and Lei Shuwei frowns more tightly.

A few seconds later, he thought of something. He looked at Ye Chen and said, "Mr. Ye, this matter was not handled by dragon soul. The content on the file is just online data. If Mr. Ye really wants to know some details of that year, he needs to find someone!"
