

## Physician 1821

### Chapter 1821

"You know the monster well, what's the origin of this man?"

In Ye Chen's mind, the voice of the spirit God of the imperial beast rang out: "this man should be a part of the spirit ancient wolf blood. Among the real spirits and fierce beasts, the individual strength of wolf addicts is not strong. However, wolf loving is a minority who can live in groups and obey the orders of the wolf king. It is said that there is a long-standing feud between the wolf loving clan and the tiger clan."

Ye Chen glanced at the several people behind the grey robed woman. In addition to the wolf youth, the other two were not weak.

The warrior of the Terran clan is the highest cultivation of the nine layers of heaven. However, his breath has a mysterious feeling. Obviously, he is a warrior who deliberately suppresses cultivation and understands nature.

The other is also the highest level of cultivation in the realm of harmony.

Chi Yunhui looked at the woman in the gray robe and said coldly, "Li Qing, no matter how weak my blood tiger clan is, I can also raise my hand to kill you. Therefore, you'd better be careful to speak."

As he spoke, Chi Yunhui's golden light flashed, and a tremendous momentum surged toward the woman in the gray robe. The woman's face changed slightly and her whole body momentum blocked Chi Yunhui's pressure.

However, the complexion is slightly white, the two just breath collision, they have been separated from the high and low, it can be seen that the strength gap is quite large.

Ye Chen's eyes flicker slightly. The breath of the woman in the gray robe is also very strong. I don't know whether it's the half step star orifices or the star orifices. However, we can see how powerful Chi Yunhui is.

Li Qing looked at Chi Yunhui with some fear. She knew that after a year's absence, Chi Yunhui's strength has become stronger!

However, with a sneer on her face, she said in a sharp voice: "ha ha, the blood tiger clan is really amazing. I'm afraid of you, I don't say it can.

But, Chi Yunhui, you're not going to do it to the younger generation? "

As soon as her voice dropped, the young wolf Yi on the other side said with a strange smile:

"brother Tan, the experimenter of the blood tiger race in the opposite side, is actually only in Hunyuan.

When can this kind of rubbish participate in such prosperous times?

Although brother Tan's cultivation is only the highest level of harmony, we admire him very much.

The friend on the other side must also be a super demon who can fight over the steps? "

Tan Tian looked at Ye Chen and said, "brother Li, don't you say that? I don't dare to compare with that Taoist friend on the other side.

After all, I forced my cultivation to be suppressed in the nine layers of the Hedao heaven. If I want to break through, I will have enough aura of heaven and earth and the force of time and space in a short time, so I can get through to everything. Therefore, my strength is only a little stronger than that of the same level. "

He stopped, looked at the unresponsive Ye Chen, his contempt in his eyes was more intense, and continued: "however, this Taoist friend on the opposite side is not suppressing cultivation. It's a real

Hunyuan state. His breath can't be fake. If he can take part in the spiritual blood test with Hunyuan cultivation, he must be one of those rare Taoist friends who can really cross the level An absolute monster.

Otherwise, with this kind of waste cultivation, anyone on the road is better than him. Even if the talent of the blood tiger clan is withering, it will not let this kind of waste participate in the trial?

But this kind of legend only appears, does not know whether the existence of the super demon, how can I suppress the cultivation of the person to compare?

Maybe, the three of us, the Taoist friend, don't pay any attention to him. You can see his cool and cold look, like what we said. To him, it's just like farting. It's really handsome. Ha ha ha ha! "

Ridicule to the extreme.

In addition to tan Tian, Li Cheng and Li Hui all burst out laughing.

Li Cheng is staring at Ye Chen's eyes and provocatively says: "boy, we praise you so much, why don't you say a word? Or the cold look? Are you really taking what we say as farting? "

Then Li Hui also followed the coax: "I see, this friend, may not like to talk, like the kind of hands? Or, before the trial, we should have a discussion with him first? However, he is the Legendary Super genius. I'm so scared. Can I ask him to give me a hand? "

Seeing some people's crazy ridicule at Ye Chen, Chi Yunhui's pretty face flashed with anger. However, she couldn't really attack Ye Chen because of the sarcasm of several younger generations. When she was about to take ye Chen away, a indifferent voice sounded in her ear.

"Yes, I just think you're farting."

Chi Yunhui slightly a Leng, surprised to see to Ye Chen, some doubt whether he heard wrong.

Tan Tiansan and Li Qing look at Ye Chen with disbelief.

How dare you talk back to me? Do you really think that you are a monster for thousands of years?

She knew that ye Chen was very strong and could resist her pressure in the Hunyuan realm. There were not many Lingwu continents.

And if she is a strong body, she is not!

But what she really valued was Ye Chen's potential! Not his strength now!

Li Hun, Li Cheng and Tan Tian are not ordinary martial artists, but real super geniuses. The existence of the early stage of the war can be created!

Otherwise, how can you be qualified to participate in the spiritual blood test?

Chi Yunhui from their body slightly revealed the breath, you can feel, these three people, nine out of ten can exert the power above the creation!

Then, even if ye Chen is extremely outstanding, the outcome of these super geniuses with more than his accomplishments is unknown.

Besides, there are three people on the other side!

Before the beginning of the spiritual blood test, you should never accept the provocation of the other party.

Think of here, she can't help but some blame to see ye Chen one eye, this boy, how so impulsive?

Ye Chen winks at Chi Yunhui playfully, with an air of indifference.

Chi Yunhui whispered to Ye Chen: "Ye Chen, don't treat them as ordinary martial artists in the same way. They are demons, just like you. They are not easy to deal with."

Ye Chen light way: "rest assured, they are not my opponent."

Chi Yunhui shook her head and said nothing more.

Compared with Ye Chen's calmness, Tan Tian's three faces are gradually ugly. When have they been insulted by others so calmly? Or by a garbage that hasn't stepped into the same road yet!

Tan Tian sneered and looked at Ye Chen and said, "it's really a monster of all ages. It's so rare. I'm lucky to know a genius like this Taoist friend. I don't know if this Taoist friend can condescend and compete with us?"

Tan Tiansan looks at Ye Chen with a smile. They are all ready to look at Ye Chen, who is talking big. He looks flustered.

Now, if you want to make a real move, can you still pretend to go on?

Chapter 1822

However, out of all people's expectations, ye Chen's face is still calm, her eyes calmly looking at Tan Tian, light way: "can."

Three people slightly a Leng, really did not expect, ye Chen unexpectedly so accepted?

Then, their faces, showing a happy color, eyes flashing with cruel light.

This fool, even dare to accept, so, now is Chi Yunhui can not interfere with them, they teach Ye Chen!

Tan Tiantian step forward, is ready to speak, but at this time, ye Chen's voice, sounded again.

His voice was still flat and gentle.

Can fall in the ears of Tan Tian several people, but can't say the harsh ear!

"You, the three of you, will come together."

The air between several people suddenly died down. What did he say? Together?

How about the three of them?

In the eyes of the three, there was a burning fury.

They are all extremely proud of genius, ye Chen face them, such attitude and tone, to them, it is a great insult!

But what they never thought of was that ye Chen turned his head and looked at Chi Yunhui and said again, "can you kill people here?"

Murder? In his eyes, is he a mole ant that can be killed at will?

At this time, Tan Tian couldn't bear it any longer. He burst out all over his body and roared at Ye Chen and said, "waste, you really dare to say it! Go to hell

Tan Tian's body changed, and he had a powerful machete in his hand. At the same time, a wolf head shadow appeared behind him, emitting the breath of nature!

"Sirius way: extreme shadow kill!"

Tan Tian's body moves, turning into a fast to the extreme virtual shadow, quickly swept to Ye Chen, and the wolf head behind him, issued a very harsh howl, shaking the spirit.

But the most terrifying thing is that the machete in Tan Tian's hand is brewing a very terrible sense of the sword, which is like a hidden wolf attacking its prey and killing with one blow!

Ye Chen's eyebrows pick. Tan Tian has some strength. His extraordinary spirit and soul attack are combined with his extremely fast body method. In addition, he has a very strong sword which contains the power of the law. Even ordinary people who are in the level of heaven martial arts in the world of creation may be killed by this sword if they are not prevented!

But that's all.

The wolf howl, completely unable to shake Ye Chen's spirit, his face calm, in the moment of Tan Tian's action, also moved!

Ye Chen is still unable to fully use the body method given to him by the Supreme Master of xuanyuezhong. Therefore, he created a new body method by combining his own body method with his own!

Chase the wind!

Although its speed is far less than that of a hundred steps, it is also enough to be proud of in this group of warriors!

At this time, ye Chen's three cards together!

The power of the six gods and Kings is covered!

The spirit of Gengjin is sweeping!

A layer of condensed golden light, condensed on his other arm!

Tan Tian cut out a knife, the knife like thunder release, in front of Ye Chen instant broken, his face, floating a cruel smile, but, his smile, instantly solidified!

Because he found that what he had chopped up was only the shadow of Ye Chen!

Ye Chen unexpectedly has no time to hair, the body shape slightly shakes, evades his a knife!

At the same time, he faintly noticed that there was a violent force surging in his side!

"Go away!"

Fists roar like fire!

Tan Tian's face changed wildly, almost subconsciously urged his own body protection magic weapon, a lavender light, all of a sudden wrapped his whole body.

But at this time, a surging force, suddenly hit, the most dazzling golden light, all of a sudden will tan Tianyan!

There was a huge noise, and a figure was ejected like a shell.

Li Qing's eyes flashed and her hand waved, and the figure flying backwards and forwards fell lightly in front of her. It was Tan Tian!

Tan Tian is in a mess at this time. It seems that he is extremely miserable!

His left chest and abdomen were beaten to pieces, and his whole body was dyed red with blood. At this time, his eyes were closed and his face was very pale and dying.

Death, total silence!

Ye Chen even a fist, then Tan Tian is completely injured!?

Li Hun and Li Cheng took a look at Tan Tian on the ground. His face was full of shock. He raised his head stiffly and looked at Ye Chen.

The golden light converges and shows ye Chen's body shape. At this time, he still carries a hand on his back and maintains his fist posture. There is a bright red knife wound on his right rib.

Ye Chen glanced at the wound on his side. Although he had avoided Tan Tian's knife just now, his speed was still slightly slower by one minute, and was affected by the powerful Dao Qi.

However, as he has immortal body, he has only suffered a little skin trauma. Moreover, under the influence of his strong vitality, the wound has begun to heal rapidly, which has no impact on him. Ye Chen turns his head again and asks Chi Yunhui, "can you kill people here?"

At this time, Li Yunhui's face is calm, and she has recovered a lot

Ye Chen nodded, facing Li Qing and others. His indifferent eyes were on Li Hun. Li Cheng and Li Cheng had dull eyes and said coldly, "now, you can go together?"

Then, he gazed at Li Hui and said, "can you give me a hand? Yes, you are only worthy of my hand. "

Arrogant!

Extremely arrogant!

This is Ye Chen's return!

He came to Xia Ruoxue and Ji Siqing's territory, he will be arrogant for a while!

At least the more active they are, the easier they will be known.

Li Cheng's face is gloomy and cold, a pair of sinister eyes are staring at Ye Chen, and he murmurs: "do it!"

He and Li Hun are brothers, and they have a very good understanding!

Two roars sounded at the same time, two similar wolf shaped virtual shadow, in the back of the two people, fierce beast breath roared out.

"It's quiet!"

The two of them yelled at each other with one voice. They even used the same move!

Two wolf shaped shadows revolve around Ye Chen and form an angle with each other, blocking all the Dodge routes of Ye Chen!

Ye Chen at this time, still maintain one hand behind, one hand half in front of the posture unchanged.

And the wolf shaped shadow, for a moment, did not launch an attack, but brewing a more violent force.

Finally, their breath, at the same time, reached the peak!

Li Hun and Li Cheng are interlinked in their hearts, and their eyes are united. At the same time, they reach out to Ye Chen in the center!

Ye Chen took a deep breath, and his body method was driven by the wind. His body was shaking at a speed that could not be distinguished by the naked eye, shuttling through the sky's claw shadow!

But at this time, the boundless claw shadow suddenly lit up two cold lights!

Chapter 1823

Li Hun and Li Cheng, unexpectedly do not know when, flash to Ye Chen's side, one before the other, after another, attack Ye Chen!

Ye Chen's pupil shrinks and his figure twists. Li Hun's strength is stronger than that of Li Cheng.

In front of Ye Chen, Li Cheng shows a ferocious smile on his face. He knows that ye Chen can't hide his claw!

At the same time, facing me two people, so big, you will certainly pay a heavy price!

Li Cheng looks at Ye Chen. He wants to see ye Chen's panic and panic.

However, all he saw was his indifferent face.

In an instant, Li Cheng's smile solidified.

Ye Chen faced with his all-out strike, but he didn't mean to dodge at all. Instead, the golden light in Ye Chen's right hand was more and more dazzling!

Ye Chen should fight hard to resist all his attacks and attack him?

"Grass!" Li Cheng secretly scolded, but he knew that at this time, he would not tolerate any hesitation!

His face fierce color together, clench tooth, in the hand sharp claw toward Ye Chen body side that Dao knife wound, diligently grasps!

At the same time, Li Cheng sends out a wolf howl, and he says to Li Hui, "kill him!"

Li Hun's eyes were deep. He missed his claw. When he turned around, the wolf's shadow appeared again. He attacked Ye Chen again!

With a roar, Li Cheng grabs Ye Chen's knife mark on the side of his body. The wound, which was about to be closed, is torn in an instant!

"Something!"

Ye Chen has a dark drink. At the same time, his fist hits Li Hun's chest with a crackling sound. Li Cheng bursts out a blood mist in front of him. The whole person is also like Tan Tian, who is instantly hit and flies.

Li Qing swings in front of her body. She stops Li Cheng's body again. She takes a look at Li Cheng, and her complexion becomes extremely ugly. With a wave of her hand, a pill dissolves into Li Cheng's body.

Li Cheng's injury is even more serious than Tan Tian. It's almost impossible for Li Cheng to participate in this spiritual blood test.

With a flash of her eyes, she looks at Li Hun and ye Chen. Ye Chen is hit by Li Cheng. Although Li Cheng is seriously injured, she must not feel better?

In this way, it is impossible to escape Li Hun's claw attack. Even if ye Chen is alive, he will be seriously injured!

But soon, her originally confident eyes suddenly glared out.

Ye Chen is hit by Li Cheng. After he flies, he turns around almost without any influence and narrowly evades Li Hun's paw.

Ye Chen's eyes flashed. Sure enough, his judgment was right. Although Li Hui's strength was only a little stronger than Li Cheng's, his speed was a little weaker than that of Li Cheng. If this claw was issued by Li Cheng, it would be hard to escape with Ye Chen's wind chasing body method.

Then, ye Chen was in Li Hun's unbelievable eyes and hit Li Hun's hand with a fist!

"Break it for me!" he snapped

There was another loud noise. Li Hun's hand was twisted by Ye Chen, even his whole arm.

Juli poured into Li Hun's body along his arm. His mouth gave out a shrill howl. The ground under his feet was instantly broken, spitting out a large mouthful of blood, and fainted in the pit blasted out by Ye Chen.

Ye Chen looks at his bloody fist and Li Hun who has fallen to the ground. It seems that compared with Li Cheng, Li Hun's real strength lies not in his strength, but in his tenacity.

He thought that this blow could smash Li Hun's arm completely and blow him away. However, it just knocked him to the ground.

Li Qing takes out a pill and takes it. He looks at Li Cheng, Tan Tian, and the pit that ye Chen smashes out. His eyes are dull and his whole face collapses.

This spiritual blood test, their family, is no hope to participate.

At the same time, her eyes twinkled with an incredible color. You know, Tan Tian is a secret disciple of Tianjue sect, the first-class force in Lingwu mainland. She is extremely powerful and comparable to the creator of chemical weapons.

Li Cheng and Li Hun are also the most outstanding talents of their family for hundreds of years. With the strength of half step creation, they can even defeat the real three-tier nature warriors.

These three people, can be said to be almost equal to the three strong nature, ye Chen Lian Zhan's three great creations, unexpectedly won in this way?

What's more, it looks like it hasn't hurt much yet?

This is just too hard to imagine!

Chi Yunhui looked at Li Qing's appearance and said with a sneer: "Li Qing, I said you should be careful when you speak. This spiritual blood test ended up like this because you made it yourself.

Can you afford the responsibility? I'm afraid the elders of your family will not let you go so easily after you go back? Now, are you happy? "

Li Qing's face changed and her hand moved. She drew Li Hui's body to her side. She gave Chi Yunhui and ye Chen a vicious look, and left the canyon with the three seriously injured Tan Tianhui in silence. Think of the elder may punish her, at this time, she is really not in the mood to fight with Chi Yunhui.

Seeing Li Qing leave, Chi Yunhui looked at Ye Chen with concern and said, "how is your injury? Can you still take part in the spiritual blood test? "

Ye Chen said with a smile: "how long is it from the beginning of the spiritual blood test?"

Chi Yunhui said, "about two hours."

Ye Chen said: "enough, give me an hour, I can completely recover."

With that, he did not care about Chi Yunhui's surprised look and sat down on his knees to dissolve the medicine.

He just resisted Li Cheng's attack and fought against Li Hun. Although he used his strength to resolve part of the injury and had a strong body and vitality support, he still suffered internal injury. However, with his extremely abnormal body and strengthened by blood, it is enough to have an hour to recover.

Reincarnation blood has not awakened, this immortal god body is the most terrifying place of Ye Chen at present!

The key immortal body has not entered the later stage!

Ye Chen is suddenly curious about those people on the reincarnation ship.

What is given to you?

The eternal king has not moved for a long time, and I don't know when I can give myself the real answer.

After more than one hour, ye Chen opened his eyes, the purple light in his eyes flashed, and he stood up again. His breath was heavy. The whole person could hardly see the trace of injury!

Although Ye Chen's breath seems to have recovered to its peak, Chi Yunhui still looks at him suspiciously and says:

"have you really recovered? "

this is even more shocking than ye Chen's three defeats in a row. Even though she has such a strong blood of monsters, she is not as evil as ye Chen in the same realm.

Chapter 1824

Ye Chen pulled Chi Yunhui's hand and put it on his side where he was hit and said, "I don't need to cheat you."

Chi Yunhui's fingers touch Ye Chen's solid muscles, her eyes quiver for a moment, and her heart ripples with a strange ripple.

However, soon, she was shocked to find that ye Chen was really fully recovered, and even a trace of wound, did not leave!

Chi Yunhui took back her hand and looked at Ye Chen with a slight twinkle in her eyes. She said, "you're really evil enough. OK, we're going to start the trial soon. Let's go."

Under the leadership of Chi Yunhui, ye Chen finally comes to the place where the picture of beasts contains hundreds of kinds of true spirits and spirits.

Ye Chen feels the desolation in the picture of beasts, and he can't help but look shocked. His God demon reincarnation has been running, and at this time is constantly returning strong signals!

Is there any connection between the picture of beasts and the reincarnation of gods and demons?

Otherwise, how could there be such a big movement!

Ye Chen looked at the huge stone carving with countless images of birds and animals in front of him. He could not help but think that if he could get the picture of all animals in his hands, he would be able to raise the magic formula to a higher level!

At this time, the king beast spirit God's voice sounded in Ye Chen's mind: "boy, be calm and ready to try, this thing, even if it is the existence of the star body state, it can't be touched at all."

Ye Chen heard the speech, closed his eyes and adjusted his breath, maintaining his state at the peak.

Soon after, a loud voice echoed in the Canyon!

"Everyone, the spiritual blood test is about to start. I am Qi Tianzheng. I will preside over this trial on behalf of the Lingxian emperor palace and the hundred nationalities alliance. OK, everyone, go to the beast map in order to accept the trial."

As soon as his voice fell, several men with ox horns on their backs came to the picture of beasts. Qi Tianzheng looked at the young men with a gentle look in his eyes. He said in a loud voice:

"are you ready for the trial of Qilin people?"

The three kylin youths respectfully saluted Qi Tianzheng and said, "I'm ready."

Ye Chen's eyes flashed, and he asked Chi Yunhui, "why does the Qilin people seem to have no foreign competitors?"

Chi Yunhui said: "recommending xuanyuezong's disciples to participate is the means used by various alien clans to protect the people who have spiritual blood. Some stronger alien races have confidence. With their strength, no one dares to infringe on their dignity on the land of Lingwu. Therefore, they will not recommend other disciples to participate in the competition."

Ye Chen nodded and continued to watch the trial.

The three kylin geniuses are all in the highest level of cultivation in the realm of Taoism, and they have a faint aura of creation. Obviously, they have entered the realm of half step road.

The onlookers of all ethnic groups, looking at the three gifted Qilin people, all said with a smile:

"the Qilin people are indeed the most powerful beings among our alien races. The oldest of these three people is only 28-9 years old and less than 30 years old. They have achieved such accomplishments. It's amazing.

I don't know, what kind of spirit will they call? "

Ye Chen looked at Chi Yunhui with some doubts and asked again, "what do they mean by the level of spirit and spirit?"

Chi Yunhui said: "as I told you before, taking part in the spiritual blood test is equivalent to playing with the true spirit and spirit in the picture of beasts with your own blood essence. This spirit is the essence of the true spirit and soul, which can separate out a trace of blood essence in the body.

This is also the bargaining chip he used to fight with you. If you successfully pass the test, you can get the spiritual blood that turns into this spirit. According to the level of spiritual blood, it can be divided into different levels. "

Ye Chen did not understand: "what do you mean? This is a true spirit. Why not use all your spiritual blood to exert the most powerful power every time? In this way, is it not easier to get the spiritual blood of the experimenter? "

Chi Yunhui said with a smile: "that's impossible. If he uses all his spiritual blood to exert his power, how can any young generation resist it?

This picture of beasts has some restrictions on the true spirit and spirit. There is an upper limit to the spiritual blood he can use.

Moreover, every time the spirit blood is separated, it is a kind of damage to the true spirit and soul. Even if he finally wins, gets the spirit blood of the experimenter, and recovers the remaining spiritual blood after the trial, the damage is still irreparable.

If he uses the limit concentration that he can use every time to deal with the experimenters, even if all the competitors can't pass, in the end, the true spirit may lose more than the harvest. "

Ye Chen looks at several people of the Qilin clan again. At this time, they have sat down in front of the picture of beasts. On the map, a relief in the shape of a kylin suddenly shines.

A moment later, a huge ghost of Unicorn appeared on the top of the picture!

Ye Chen looks at the Qi Lin virtual shadow, his pupils shrink. The breath of the virtual shadow is so strong that he has a fear from the level of life, as if he saw a real ancient fierce beast!

The shadow of Qilin glances at the genius of the three Qilin people, and a trace of humanized thinking appears in his big eyes. Obviously, his wisdom is extremely high. A moment later, the kylin virtual shadow opened its mouth and let out a long cry. A half yellow and half orange and two yellow Mini kylin shadows flew out of the big mouth of the kylin and landed in front of the three kylin geniuses.

Qi Tianzheng, standing in the air, just nodded with a smile when he saw the two yellow shadows. When he saw the half yellow and half orange kylin shadow, his eyes flashed with surprise!

The youngest of the three, the genius of Qilin nationality, sits in the middle.

People see, many people are coincidentally issued a exclamation.

"Half yellow and half orange, half yellow and half orange, that's the spirit of half step orange step!"

"The future is daunting. The Qilin people are blessed with two yellow level talents and one half step orange level talent. If they can all pass the test, how strong the Qilin people will be in the future is unimaginable."

"It's really a top talent. It's really enviable. If our family has such a talent, even if it's only a yellow talent, or even a half step yellow talent, we'll be satisfied."

Ye Chen felt the pressure gap among the three empty shadows. Although half of the spirits were orange, their breath was not a bit stronger than the Yellow spirit. He could not help asking: "how much higher is the orange level than the yellow one?"? What a big gap? "

Chi Yunhui said: "the spirit level, from top to bottom, can be divided into seven colors, namely, red orange yellow green blue indigo purple. The orange level is only one level higher than the Yellow level."

"However, there is a great difference in the blood concentration of each layer in the first three layers! Therefore, even if it is a half step orange level, it is much better than the Yellow level. Moreover, the genius who can make the true spirit and soul use the Yellow level blood essence is already a very evil spirit.

Don't say it's red level or orange level. Even if it's half step orange level, it's likely to be the highest level spirit blood in this trial.

And the orange scale is basically once a hundred years old, and the real red scale is almost a legendary existence! "

Ye Chen nodded, but he didn't care. If he wanted to challenge, he would challenge the strongest red order spirit blood!

At this time, the trial began. The ghost of the unicorn was once again integrated into the picture of beasts. The three mini kylin spirits gave out a hostile roar to the experimenters in front of them. Their breath was brewing and they were ready to go.

All of a sudden, three powerful forces, facing the three members of the Qilin clan, stormed away!

The three kylin geniuses, who were still keeping a light confidence, changed their faces in an instant. Their spiritual power was in the extreme operation, and their spiritual blood was stimulated to the extreme. Their respective road congealed shapes emerged behind them to resist the boundless and overwhelming pressure on them like Tianshan Mountain.

Many of the talented people who had not yet participated in the trial had their faces changed wildly and their hearts began to beat.

Even ye Chen is frowning slightly. The pressure of this half step of the orange scale is indeed very strong, but he is confident that he can bear the pressure of the same level. He just doesn't know how much stronger the pressure of the orange scale and the red rank is than this.

Ye Chen looks at the several Qilin geniuses with blue veins all over his body and asks Chi Yunhui, "how long do you have to persist before you pass the test?"

Chi Yunhui said: "as I said before, if the true spirit spirit spirit spirit is separated from the spirit blood and exerts its influence on the experimenter, it will consume a lot of energy?"

Because exerting pressure needs to be used in their bodies. The more intense the spirit blood is driven, the more true spirit Qi is needed. Once the true spirit Qi is exhausted, the spiritual blood will return to ordinary spiritual blood.

At that time, the experimenter would have passed the trial. "

"I see."

Half an hour later, one of the pale yellow kylin shadows gave out a reluctant sob, and the breath on his body suddenly weakened.

soon, his figure was broken like a bubble and turned into a little yellow light, which left only a mass of strong blood.

At this time, the experimenter's face was extremely pale, blood flowed from his seven orifices, and his skin burst all over his body. It seemed that he was on the verge of collapse.

At this time, he was finally liberated from the terrible pressure. He could not help but look at the blood essence. His eyes were full of excitement. With a move of his hand, he collected the blood essence into a jade bottle, and then he could no longer support it and fainted on the ground.

Qi Tian was just seeing this, and he showed a very gratifying look. He personally took a pill and put it into the body of the genius of the Qilin clan under his spiritual power. With a wave of his hand, the genius's body flew to the direction of the strong one in the Qilin clan.

As the Qilin genius successfully passed the trial, cheers broke out in the canyon.

"Yes! Really passed! This talent of the Qilin nationality has an unlimited future! "

"Yes! It's possible that in hundreds of years, there will be a strong one among the Qilin people who have the power to reach the sky again! "

"God bless the Qilin people. If all three of them have passed the test, they will almost guarantee their prosperity in the next tens of thousands of years."

Ye Chen looked at another man who was still struggling to support him in front of the map of beasts. Seeing that he was more miserable than the genius who had just passed the trial, ye Chen couldn't help asking, "why did they all accept Huang Jie's soul test, but one person ended it in advance?"

Chi Yunhui said: "although they are all yellow scales, there are still differences in the concentration and the true spirit Qi used. The genius who just passed the test just now faced with pale yellow spirit.

Now, another genius in front of the painting of beasts is the color of deep yellow. The deeper the color is, the stronger the spirit blood will be. "

She looked at the genius who was covered in blood and was still gritting her teeth and said, "however, it's not that the higher the spirit level, the better. After all, that means the more difficult the trial is. If you look at the genius on the field, it is very likely that he will not be able to persist."

"Ah, ah, ah, ah, ah!"

The genius of the Kirin clan, facing the dark yellow spirit, suddenly let out a crazy roar. His whole body flashed with blood, his skin shriveled rapidly, and his hair quickly turned white and fell off. All of a sudden, he changed from a strong young man to a dying old man.

All the onlookers uttered a cry of surprise, thinking that his spiritual blood would be taken away.

But ye Chen looked at the man, but his eyes flashed. He found that although the vitality was low, the breath of this person suddenly did not fall, but rose, as if the light returned to light!

This genius, obviously, has used some secret method of burning Shouyuan!

If you are a normal person, even if the trial fails, you will lose your spiritual blood at most. If you are seriously injured, your cultivation will be greatly reduced.

But if he does this, even if he succeeds in passing the trial, a bad one will probably die! Chi Yunhui sighed: "among some of the alien races with demon blood, many people regard their spiritual blood as more important than their life. If they lose their spiritual blood, they will feel worse than death. Therefore, the genius of the Qilin clan is also fighting for their lives."

The genius of the Qilin clan stares at the Yellow kylin spirit in front of him. He has no idea of giving up the trial and keeping his life. If he wants to lose his spiritual blood, he should take his life first!

Qi Tian's face in mid air is dignified. Looking at the talent of Qilin nationality, the tiger's eyes are full of appreciation.

In the end, the dark yellow kylin spirit also sent out a cry of sadness, which disappeared in a bubble.

The genius of the Qilin nationality breathed out a breath and fell to the ground before he could be happy. He did not know whether he was alive or dead. He did not even have time to take back the blood.

At the moment that the genius fell to the ground, Qi Tian took his body in his hand with a forehand wave, and then put his sword finger on his body. Several pills were put into the genius's body.

The man's breath, which was like a candle in the wind, was gradually stabilized. However, his face did not recover. He still looked like an old man. It seems that although he passed the test, he lost a lot of life.

People can't help but feel sorry for this genius.

However, some people said, "in fact, this matter may not be bad. If he can use the remaining Shou yuan to break through the Xingqiao realm, the longevity yuan can be greatly increased, and then it will be OK."

Chapter 1826

"That's right. On the whole, it still makes money. After all, with his aptitude and the spiritual blood he has obtained, there is still hope for him to upgrade the star orifices with the remaining Shouyuan. Anyway, this is the second talent of the Qilin people to pass the trial. It is a great joy for the Qilin people."

Another humanitarian: "to say whether it is a happy event, the most important thing is to see the remaining genius."

Everyone's eyes are focused on the last genius of the Qilin clan. Although he is the youngest and has the most profound cultivation, he is the real and unique genius of the Qilin clan!

Even though the pressure he faced was much stronger than that faced by the two geniuses in front of him, at this time, although he was covered with blood, his face remained calm and his breath was not disordered.

The half orange and half yellow Qilin spirit was obviously much higher in intelligence. At this time, seeing that the genius of the Qilin nationality was so calm, he could not help but let out an impatient roar. The pressure exerted on him began to increase.

Their faces changed slightly, and they exclaimed: "it's a spirit of half step orange level. Intelligence is not comparable to the Yellow level. They even started to increase the pressure intensity at the cost of higher consumption of real spirit Qi!"

"In this way, in a short period of time, it is enough to play the same pressure as the orange scale. That super genius of the Qilin clan is dangerous!"

Sure enough, after the half step orange step of the kylin spirit's power rose to the peak, the super genius of the Qilin clan finally changed his face, and the pressure was greatly increased.

Ye Chen's eyes flashed. He didn't expect that the kylin spirit would make such a move. It seems that we should pay attention.

The sudden increase of pressure made some kylin geniuses who had adapted to Kirin's oppression feel uncomfortable. His eyes fixed and seemed to have made a decision. The shadow behind him was a pair of blood red vertical eyes. Although the vertical eyes exuded a similar breath of kylin, they were not so pure.

At this time, the pair of blood color vertical eyes suddenly exuded a layer of black light!

The genius of the Qilin clan murmured: "demon Lin way, gaze into the abyss!"

The thick black light suddenly fell on the genius of the Kirin clan. His appearance changed dramatically in an instant!

The skin, which had been ruptured, was completely torn. Under the skin, black scales were exposed, and his eyes turned red with blood.

After seeing this, they exclaimed: "is it the blood of the mutant unicorn? Is this the unicorn

"It is also possible that in addition to inheriting the blood of the kylin spirit, he also contains the blood of the demon clan."

"Generally speaking, because of the mutual exclusion between demon blood and demon blood, it is very difficult to inherit at the same time, and the probability is extremely low. If it can be done, it is undoubtedly the existence of extremely strong talent!"

At this time, the genius of the Qilin clan, his breath rose again, and he could bear the pressure of the orange level Kirin.

The dark aura from the gaze of the abyss was accumulated by him for several years. Originally, this move was intended to be used in the upcoming dragon competition.

However, he didn't expect that after breaking through the orange level, the kylin was so powerful that he could not resist the powerful body created by his blood and magic blood. He could only use the energy of the abyss gaze to completely demonize the body to enhance its strength.

He looks at some spirits that have been completely orange in front of him. Unlike other kylin geniuses, he doesn't want to burn Shouyuan and fight with each other for the sake of the blood of the Kirin. If necessary, he may give up the test and hand over the blood.

After all, although Kirin's spirit blood is strong, it conflicts with the magic blood. Otherwise, with his magic blood talent, he would not need to accumulate the power of the law for several years to display this extremely strong magic skill.

Although giving up Qilin spirit blood is not a small loss for him, it is not necessarily a bad thing if he has the intention to develop into the devil's road.

What's more, he knows that he has a high talent on the devil's road! Therefore, even if he lost his kylin spirit blood, his future achievements would never be bad!

As time goes by, even if the body is demonized by staring at the abyss, the genius of the Kirin clan is gradually reaching its limit.

It was just when the genius of the Qilin clan frowned and felt that the demonization was coming to an end. His body was overloaded and he was about to hurt the origin, which might lead to the retrogression of cultivation and prepare to give up.

On the other side, the faint orange Unicorn suddenly roared and turned into a half orange and half yellow color. Then, with a bang, it broke up and became a little light and dust to dissipate.

The genius of the Kirin clan, the demonized body, also returned to normal at this time.

He highlighted a large mouthful of blood, but his complexion became loose. After taking a pill to regulate his breath for a moment, he was able to collect the blood essence into his bag.

Qi Tianzheng in the sky is also looking at the genius of the Qilin nationality with a smile. This genius is the symbol of the real prosperity of the Qilin people. This spiritual blood test is also the best achievement of the Qilin people in the past 100 years.

At this time, the canyon erupted in the earth shaking bursts of applause!

"Qilin people, this is to be strong in Lingwu mainland, ah!" "Against the sky, too bad!"

"This is the real genius."

"It seems that the first position of Qilin's alien race will remain stable for tens of thousands of years."

Ye Chen frowned slightly. The spiritual blood test seems to be more difficult than he imagined. Although he has self-confidence to resist, he will not despise the power of the orange rank. So, what about the stronger red rank pressure? Can he really stop it?

Even ye Chen, after witnessing the trial process of the genius of the Qilin clan, is worried.

He asked the spirit God of the beast, "God of the beast, the red rank is so oppressive, do you think I can block it?"

In Ye Chen's mind, suddenly rang out the sound of laughter from the God of Royal beast spirit.

Ye Chen a Leng, don't understand a way: "Yu animal spirit God, what do you smile?"

The Royal beast Spirit said: "as early as that blood tiger family girl tried to test you, I would have guessed the content of the test. Don't worry. You can't say anything else. As long as I'm here, you can definitely pass the spirit blood test!"

"Don't forget my name, God of the beast! What is royal beast! What is the spirit of God

"Above all beasts, I am God!"

"Besides, I can't let you lose face when you get to your little girl's place."

"And the old lady of Lingyun, what you don't think is the best thing to do is to slap her hard in her territory?"

Hear this sentence, ye Chen Mou son is happy, the corner of the mouth is to outline a funny smile.

I'm afraid that in Lingyun's eyes, or that old mole ant.

If this mole ant he called has done something wrong in Lingxian mountain, I'm afraid that the aura will have to spit blood.

Chapter 1827

Ye Chen is not sure where the aura is.

However, since this is the preparation of Lingxian palace, Lingyun is bound to ask.

His eyes sank, he looked at the God of the Royal beast spirit and asked, "Yu beast spirit God, do you have any special method to deal with the real spirit pressure?"

The spirit of the Royal beast snorted: "what? Don't believe me? Although I dare to deal with other monsters, they are not as powerful as other monsters.

It's just a matter of fact. What is it? You should support as much as you can. When you reach the limit, give me your body. After all, my remaining energy is limited and I don't want to consume too much. Moreover, after this move, I may have to sleep for a while

Ye Chen said: "I know, I will try my best to support it. Maybe, it may not be necessary to use the Royal beast spirit."

.....

After all, even if it's the spirit of the Yellow terrace, the chances are not too high. Most of them are green level and blue level.

In terms of time, it is much faster than that of the Qilin people.

However, even if it is the green level, blue level, losers, there are not a few, even, up to a third!

At first, all the three talents of the Qilin family passed the test. It can only be said that the genius of the Qilin nationality is really against the heaven!

The trial lasted until the evening. Ye Chen frowned slightly and asked Chi Yunhui, "why hasn't it been the turn of the blood tiger clan?"

When Chi Yunhui heard this, she said with some embarrassment: "the order of trials is arranged according to the strength of each race. Because the strength of the blood tiger clan has not been as strong as before in recent years, so..."

Ye Chen said with a bitter smile: "I will not be the last one to participate in the trial?"

I thought Chi Yunhui would refute his jokes, but to yechen's surprise, Chi Yunhui was silent!

Ye Chen looked at Chi Yunhui and said, "Is it really the last one? "

Chi Yunhui did not speak and nodded in some embarrassment.

At this moment, ye Chen is completely speechless. He looks at several foreign geniuses in front of the picture of animals. If it goes on like this, he will have to tomorrow or even the day after tomorrow when it's his turn

Ye Chen immediately went to a secluded corner and sat down with his knees crossed. He waved to Chi Yunhui and said, "call me when I'm ready."

Chi Yunhui yawned and felt sleepy. However, she is the representative of the blood tiger clan. Even if it is to help the blood tiger people understand the strength of each race, she has to see the last.

Ye Chen, on the other side, immediately began to understand the hundred step pursuit of electricity. The previous battle with Tan Tian and others made him realize that even if he was able to cope with ordinary chemical weapons, he was still not enough when he met those demons with superior speed.

.....

"Ye Chen! Get up! It's almost you

Hearing Chi Yunhui's call, ye Chen opened his eyes, and a ray of purple light flashed in his eyes, showing a trace of satisfaction on his face. This time, he had some gains.

I believe that before long, he will be able to practice step by step.

Ye Chen stands up and looks at several alien geniuses in front of the picture of beasts. At this time, he is fighting against the pressure of spirit.

When the talent of this clan ends the trial, it should be the turn of the blood tiger clan.

Chi Yunhui suddenly said with a smile: "these two days you concentrate on practice, and you really miss many good plays. If you know, you will certainly regret that you did not watch the trial."

Ye Chen said, "Oh? What happened? "

Chi Yunhui pretended to look at Ye Chen and said, "first of all, this session of spiritual blood test can be said to be full of talents. The first half step of the orange level spirit is enough to shock.

But who could have thought that, next, among the Qinglong people, there was a super genius who really called in the orange level spirit to test!

What's more, this man is still a disciple of the clan

When ye Chen heard the speech, he suddenly remembered an acquaintance and said with a smile, "is his name long Xuan?"

Chi Yunhui is not from a Leng way: "how do you know?"

Ye Chen said, "master Chi, don't you know? This dragon Xuan is also a disciple of our xuanyue sect. Moreover, he is quite familiar with me when he enters the school together. "

Mentioning long Xuan, ye Chen is also a little curious about the result of his trial. He can't help but ask, "has he successfully passed the test?"

Chi Yunhui said: "speaking of it, his accomplishments are not too high, only the combination of Tao and the pressure of the spirit of the orange level. Although he has supported for a long time, he still reaches the limit in the end."

"At a time when everyone felt a little sorry for him, the blood of the dragon family of Longxuan seemed to be infected by the breath of green dragon. Even when the Dragon Xuan did not support it, it underwent mutation and evolution!

After the evolution of Longxuan's blood vessels, his own constitution has changed, and he has become a kind of constitution that is extremely compatible with the breath of green dragon. Finally, he successfully passed the trial! "

Ye Chen's eyes flash, but he knows how long Xuan's strength is. Obviously, this period of time, long Xuan has improved again! As for Longxuan's last blood change, I'm afraid, it's related to the power of the law he understood.

In the martial arts meeting in the land of seclusion, when facing the talent of the Tianying clan, long Xuan, who just understood the power of the law, seems to have evolved the ability to fight against the Tianying clan

In this way, the ability of long Xuan is worthy of the talent of evil spirits!

Every time you reach the limit, you may evolve the ability to break through the limit!

Chi Yunhui said again: "however, this is not the most sensational thing about this spiritual blood test."

Ye Chen said strangely: "is there anything more shocking than long Xuan's passing the orange level soul test? I remember you said that a real orange level soul test is extremely rare? "

Chi Yunhui said here, and her pretty face could not help showing a solemn color: "originally, it is like this, but this spiritual blood test, there are some accidents!"

"In this spiritual blood test, the legendary red step spirit test appeared, and the experimenter passed the test successfully!"

"What?" Ye Chen hears the speech, also can't keep calm.

Red order soul test! There was a challenge, and it passed!

Ye Chen had some regrets at this time. If he had known that the spirit of the red rank would appear, he would have a good experience of the pressure of the spirit of the red rank, and what degree it was.

He shook his head. Since it was over, there was nothing more to say. Anyway, there was the God of the Royal beast. He believed that even if he could not survive the test, as long as the spirit God of the beast gave his hand, he would be able to obtain blood essence successfully.

However, at the bottom of his heart, he still hopes to complete the trial through his own strength.

Chapter 1828

It's a pity to miss such a good opportunity to observe the spirit of the red order.

"Which alien genius is that man who has passed the red order spirit test?"

Even ye Chen had some interest in the man who could pass the red level spirit test.

Chi Yunhui said: "it is the genius of the rosefinch family, named Zhuyuan. The Zhuque family was originally among the hundred ethnic groups, and its ranking was not high. It belongs to a different race in the middle and lower reaches. However, if there is a genius like Zhu Yuan, as long as there is no accident, hundreds of years later, it should be able to lead the Zhuque family to rise."

.....

At the same time.

A training room made of dark stone in Lingxian emperor's palace.

The aura of a luxurious dress came quietly.

As soon as the aura steps on, the strong breath of the breakthrough is swept by the strong wind, and the door is opened directly and forcibly.

In the house, two beautiful girls are practicing, and the aura rushes into the two girls' bodies.

Ji Siqing did not pay any attention to the aura, as if immersed in practice.

Only Xia Ruoxue opened her eyes.

She knew that the presence of aura must be for the so-called Lingxian mountain blood test.

"Ruoshue, the trial has started for a long time. Although you are not required to participate in the trial, it has a great connection with you. You can go and have a look with me."

Lingyun said seriously.

Xia Ruoxue stood up and nodded: "good."

Lingyun took a look at Ji Siqing, who was still practicing and didn't say hello to herself. She shook her head helplessly, and continued to say to Xia Ruoxue: "this time, there are many favored children born in heaven. Of course, some of them are foreigners, but that is the real pride of heaven!"

"Among them, the most amazing thing for me is two people. One is the unique Tianjiao of Zhuque clan! This man's name is Zhu Yuan. He has passed the spirit test of red rank! This is the red step! Looking at the whole Lingwu continent, how many people can pass these steps? "

"Can kunlunxu's son do it? No matter how powerful he is, he can only look up to these people here! "

"These people will completely destroy that boy's confidence, and even, that boy will become a demon of his own!"

Xia Ruoxue heard Lingyun say so, ye Chen, a little angry, although she was shackled by Lingyun everywhere! But it doesn't mean there is no attitude!

She stopped and said in a cold voice, "master, if you speak ill of Ye Chen again, I will not go to the trial!"

When Lingyun heard this, her eyes were cold and she was not happy, but she still said: "if you don't say it, you don't know whether the boy is alive or not. Lingwu land is dangerous everywhere. People from a low martial world, who don't know how to converge, may have been turned into bones."

"By the way, there is another person who surprised me as a teacher from xuanyuezong."

Hearing xuanyuezong's three words, Xia Ruoxue's beautiful eyes immediately lit up and said excitedly, "master! Do you think xuanyuezong also has someone to try? What's his name? "

Lingyun frowned. She was puzzled about Xia Ruoxue's abnormality, but she didn't think much about it. She went on: "it's not a foreign race. The disciple of xuanyue sect, long Xuan, is not as evil as the rosefinch clan, but it is also the most dazzling existence this time! Since you are interested in him, I can introduce you.

After all, in the future, Lingxian emperor palace still wants you and Siqing to take charge of the overall situation. Now, you should make friends with some potential stocks. These potential stocks may be the future top powers of Lingwu mainland! "

Xia Ruoxue found that xuanyuezong disciple was not ye Chen, and her eyes were full of loss: "Oh."

Lingyun also ignored, a big hand, then with Xia Ruoxue came to a cliff.

At this time, before the picture of beasts, the penultimate genius, also ended the trial.

However, the genius did not succeed in the trial, but fell completely before the spirit dissipated.

Trial failed!

The yellow one legged Firebird, the virtual shadow of Zhenling Bifang, sent out a proud shriek, which turned into a yellow light and poured into the experimenter's body.

There was a flash of light on the picture of beasts, and Bi Fang's virtual shadow condensed. He took a cold look at the unconscious experimenter. His long white beak highlighted a white light, which was directed at the experimenter.

Then, the spirit of Huang Jie, who had been integrated into the experimenter's body, sent out a long cry of joy and flew out of the experimenter's body. In his mouth, there was also a group of blood with strong breath!

It's Bi Fangling blood!

Originally in a coma, the experimenter immediately gave out a very shrill scream. When he woke up from the coma, his eyes shed blood and tears, and looked at the group of spirit blood gradually disappearing, he yelled: "no!!! Give me back the spirit blood

However, at this time, he was seriously injured. Under the pressure of Bi Fang's virtual shadow, he was completely unable to move. He could only watch his spirit blood engulfed by Bi Fang's virtual shadow, and then returned to the picture of beasts contentedly.

The crowd looked at the genius of the Bifang clan and couldn't help sighing.

This spiritual blood test is so difficult and cruel that even if you were once the favored son of heaven, you may lose everything here! Lingyun on the cliff gave a cold smile and said to Xia Ruoxue beside him: "if snow, you can see, this is the cruelty of Lingwu land. There are always a few geniuses. "

"Most of the so-called geniuses are still vulnerable to a real test."

"Including the kunlunxu boy!"

"If he comes here, I'm afraid even the lowest can't bear it!"

"There's no place for them. There's no place for them. There's no place for them

Xia Ruoxue for the charm of chatter, the slightest listen to, she even turned over the body, indifferent to everything.

Lingyun saw this scene and said, "it's estimated that it's over. There won't be any surprise. The last one seems to be the blood tiger clan. It's at the bottom of the alien race. The estimated result is not good."

However, the aura discourse has not yet fallen completely. Qi Tian's right way in the sky: "blood tiger clan, the experimenter comes forward."

Finally, it's Ye Chen's turn to try.

With the voice of Qi Tianzheng's words, ye Chen slowly walked to the picture of animals and entered the public's vision.

Originally some noisy Valley, instantly quiet down.

Everyone looked at the last experimenter with strange eyes.

Finally, one of the experimenters stared at Ye Chen and said with disdain: "Hey, this Terran, is it funny? What kind of rubbish cultivation is worthy of the spiritual blood test? "

Another experimenter echoed: "I think his breath is not to suppress cultivation, but to be a real mixed state. The blood tiger clan is no longer rubbish and bottom, and should not find such a waste Terran to make up for it? Did he come to die? "

A foreign elder shook his head and said, "it's not so simple. This young man has the spirit of law. He can understand the power of law in the Hunyuan state. He is a genius with evil spirits. The martial arts under the general nature are not his opponents."

Chapter 1829

"The power of the law, almost all the talents who came to participate in the test have understood some, which is nothing. Even if he is a genius in the face of ordinary martial arts, he is still a waste at the bottom here!"

The elder who opened his mouth before didn't speak. Obviously, he didn't care about ye Chen.

Some people mocked: "you say, this waste, what level of spirit can be summoned?"

The other one laughed and said, "it's not the lowest purple spirit, is it? Ha ha ha, but purple level soul test is the safest.

Even if you don't pass the test, because the true spirit power of purple spirit is too weak, you may still leave a trace of spiritual blood for the experimenter.

If it's really a purple level soul test, he might be lucky! "

"Although the purple level soul test is safe, ah, even though it can hardly get much spiritual blood, it is meaningless.

What's more, almost all the people who call on the purple spirit to test are rubbish. On the contrary, the probability of passing the test is very low. This is why all ethnic groups sometimes prefer not to send people to participate in the spiritual blood test, rather than let a garbage make up the number. "

"I bet he called the purple spirit."

"After all, there is the power of law. I bet on the spirit of indigo."

At the time of people's constant ridicule, ye Chen suddenly said: "I bet, the highest level of trial."

Hearing this familiar voice, Xia Ruoxue and Lingyun eyes on the cliff stare together!

Lingyun step out of the air!

She looked down at a young man resolutely, eyes full of anger!

Because! She hated and despised the stinky boy even came!

She said in the previous sentence that the boy could not touch the spiritual blood test!

The next second, as if ye Chen invisibly with the action mercilessly fan her a slap!

This slap is very painful!

Even the aura far above the Xingqiao state feels humiliated!

The key spirit rhyme can't imagine how this mole ant can appear on the trial held by Lingxian emperor palace and other races!

What qualifications does he have for a humble mole ant!

And summer if snow beautiful eyes thoroughly wet, she covered her mouth, looking at the youth under the cliff!

She didn't know how she was feeling!

She has been waiting for this young man too long!

She even thought that, within a hundred years, if she wanted to see this young man, the chance would be slim!

She thought of the pictures she once had!

Think of in Jiangcheng bit by bit!

Think of that youth in the lake for her to create ten thousand Zhang stars!

That picture is so beautiful that she will never forget it!

Her cold heart was quietly melted by a young man.

The young man is called Ye Chen.

Right under the cliff.

There can be no mistake.

Xia Ruoxue can't help calling Ye Chen out loud, but she finds that she has formed a strong barrier all over her body!

Cut off everything!

Then, the voice of Lingyun's exasperated voice rang out: "if snow, don't be happy too early."

"Although he came here unexpectedly, he represents the most rubbish blood tiger clan."

"Mole ants are mole ants after all, and only humble blood tigers can accept him."

"Well, this trial may become his heart demon, and let this arrogant boy understand what is the real heaven! And he was destined to be a frog in the well all his life. "

Lingyun has this confidence, because the reaction below is the same as that of him.

Ye Chen that indifferent voice spread, as if a cold wind general, will freeze the air in the canyon.

A moment later, bursts of deafening laughter broke out.

"Did I hear you right? The highest order? Red step trial? "

"Ha ha ha ha, funny, so funny!"

"The clown is just sensationalism."

"Good, good, I bet, I bet!"

Suddenly, a cold voice said: "want to bet? What do you gamble with the hundred tribes in the Canyon? Are you qualified? "

Ye Chen looks at the speaker. He is the Qilin clan who has passed the half step orange step test before. He is a genius named Qi Xiu who has magic blood!

He looked at Ye Chen coldly. Originally, he was a new star in the spirit blood test, but he didn't know what was going on in this test. He inexplicably jumped out a demon who could limit the evolution, and even jumped out a ultimate demon who had passed the legendary red step test!

To cover up his light completely.

And now, the waste of a Hunyuan realm, dare to shout and rave here?

Even a waste wants to attract attention?

Qi Xiu was so angry that he finally made a mockery.

Ye Chen did not speak, but took a faint look at Chi Yunhui behind her. In an instant, Chi Yunhui understood Ye Chen's meaning, and she also saw the confidence in Ye Chen's eyes.

This kind of real and powerful self-confidence has a fatal attraction for any woman, even for a star like her.

However, Chi Yunhui is still hesitant. If it is just her own wealth, she is willing to believe her own feelings and put all her money on Ye Chen.

However, she knew that her own wealth was not enough to gamble with the hundred ethnic groups in the canyon. Although most of the talented people who wanted to gamble were only those who took part in the trial, she knew that the status of these people in the family was very important. If she wanted to guarantee Ye Chen

You need to bet on the resources of the whole blood tiger clan!

If ye Chen loses Then the blood tiger race, which was originally weak, may lose its chance to rise completely, or even be removed from the hundred ethnic groups

Of course, if ye Chen succeeded, it would be a great opportunity for the blood tiger clan!

What to do?

Chi Yunhui's breath is short for a minute. Her reason tells her that she refuses Ye Chen. Even if ye Chen is an immortal demon with strong strength, the chance of passing the red rank test is still very small!

After all, the spiritual blood test is not something that can be passed with strong combat power

However, Chi Yunhui doesn't want to let down the young man's trust in her eyes. She doesn't want to let his self-confidence and lose his brilliance!

At last, Chi Yunhui took a deep breath, and her beautiful eyes lit up with a bright light!

Chi Yunhui stepped forward, looked at Qi Xiu in the distance, and said calmly, "he is the experimenter of my blood tiger clan. Naturally, he has this qualification."

Silence, for a moment, all people's eyes, Shua, condensed on Chi Yunhui.

After a pause, she said again, "why? On the basis of my blood tiger clan, guarantee for him

Ye Chen's eyes show a touch of warm color, gently to Chi Yunhui said: "thank you."

He didn't say anything more, because he would never let Chi Yunhui down.

Chapter 1830

Everyone was shocked. Even Qi Tianzheng in the sky looked at Chi Yunhui in an incredible way.

What's going on?

Although the blood tiger clan is weak and small, Chi Yunhui is a strong star in the alien race. How can such a strong man treat a human waste so kindly?

Some people can't help but smile. They have already thought about the special relationship between Chi Yunhui and ye Chen

Qi Xiu looked at Chi Yunhui, his eyes twinkled, and finally he said with a smile: "OK, I'll bet."

"I'm a prisoner. I bet."

"I bet on it."

The voices of one alien genius after another resounded in the Canyon

Ye Chen at this time, but did not say any more, but quietly walked to the picture of beasts, sat down cross knees, facing the Qi Tian Zhengdao in the sky: "master, I'm ready."

Qi Tian was returning to his senses, took a look at Ye Chen, coughed and said, "OK, don't make a noise, blood tiger clan, trial begins!"

Xia Ruoxue, who is blocked by the barrier, is excited to the extreme, and his palms are sweating.

She found that for so long, ye Chen still did not change!

She also believes in Ye Chen!

One side of the Lingyun cold hum: "this mole ant not only hurt themselves, but also the blood tiger clan!"

"It seems that I don't need my hand later. The blood tiger's anger will be enough to swallow him up!"

She is waiting to see the unruly youth and make a fool of herself!

At the bottom of the cliff, with Qi Tianzheng's voice falling down, a majestic shadow of a white tiger descends in front of Ye Chen. The pale golden tiger's eyes gaze at Ye Chen. Unlike ordinary tigers, the eyes of white tigers are vertical eyes.

Ye Chen has a strange feeling that his soul is pierced by his eyes.

But this white tiger spirit, for a time, did not have any movement, so quietly and ye Chen looked at each other.

Some people can't help but wonder: "what's wrong with the real spirit? Is it because of his poor cultivation that he is not willing to release the spirit of purple rank? "

"Does this boy have no ancient white tiger blood?"

"No, it doesn't seem like that Without the blood of the white tiger, it is impossible to summon the spirit of the White Tiger... "

However, most of the experimenters did not notice that the complexion of many foreign elders had gradually changed.

At this time, the spirit of the white tiger finally raised its head and let out a roar that rang through the sky. A light of light fell in front of Ye Chen, and then turned into the picture of beasts again.

Everyone's eyes could not help but look at the light.

I saw the light landing, slowly turned into a dark purple giant tiger shadow.

"Purple spirit! It's the lowest spirit of purple rank! Ha ha ha

Looking at the giant tiger shadow, someone immediately laughed.

A word aroused thousands of waves, this person opened his mouth, countless ridicule, flooded to Ye Chen!

"What else do I bet on the highest level? How ridiculous

"Ha ha ha ha, the clown who can't help himself is just miserable, master Chi!"

"Master Chi, now you have the heart to kill him!"

"Well, waste is nothing. What can I do with nothing?"

The aura on the cliff is also sneering, to Xia Ruoxue: "see, in front of the picture of beasts, the potential of waste is exposed."

"Is this man worth your love? Ruoshue, everyone below is a hundred times better than this one named Ye! "

Xia Ruoxue's eyes are calm. She believes in Ye Chen although she is a little eccentric in her heart.

Ye Chen is no waste!

Qi Xiu under the cliff looks at Ye Chen and sneers.

Garbage, this is the end of your arrogance, now regret, too late.

Ye Chen's face changed, and he could hardly keep calm. He called out in his heart: "Yu beast spirit God, how is this going on?"

The spirit God of the Royal beast was silent for a moment, and suddenly said, "boy, don't worry, it's not so simple!"

At this time, the canyon, again quiet down, because, everyone found a very unusual place.

That purple giant tiger spirit, unexpectedly did not release the prestige to Ye Chen?

Just when everyone was strange, the spirit of the giant tiger suddenly changed.

Its color, from dark purple to deep indigo!

Everyone was in a daze, even Qi Tianzheng and Lingyun in the high air did not understand what happened.

Can spirit change color? This is the first time they have seen it.

However, what has changed? Indigo spirit is still rubbish

However, when this idea appeared in many people's hearts, it seemed as if they were going to hit them in the face. The indigo spirit changed color again

This time, it's blue

In that incredible sight, the color of the giant tiger is constantly changing

Qi Tianzheng in the sky, looking at this strange scene, frowned. Deep in his memory, he seemed to have some impression of this situation, but he could not remember it. He quickly looked at the distant aura, but he had long been aware that the Lingxian emperor palace had sent someone.

What's more, it's the spirit of the vice palace master!

This aura may know something.

However, when his eyes touch the Aura!

But found the other side's face black!

Black thoroughly!

Mou son is burst out more unbelievable!

Finally, the spirit of the giant tiger turned red

Everyone's faces have changed

Lingyun clenched her fist and felt hot on her face.

As if she was slapped by that young man!

This is the red step!

Red order, highest rank

She has always been regarded as a little boy ant how to do it!

How can it be!

Lingyun roars in the heart!

If ye Chen can pass the trial, then Potential is enough to threaten her!

Even threaten the palace of the Immortal Emperor!

Is it true that they have lost sight?

Now, she's afraid.

However, even if it turns into red, the spirit of the giant tiger still does not release its prestige.

Qi Tian is staring at the giant tiger spirit. Suddenly, his eyes flash. Then, in his eyes which have experienced many vicissitudes, he appears a very shocked look!

Can't it be!

No, it can't be! That's a real legend!

Although the red step test is rare, it has appeared many times in the past ten thousand years. However, the vision of the spirit in front of Ye Chen is a real ancient legend!

At this time, the white fog covering the canyon suddenly separated, a white light fell on Qi Tianzheng's side, showing the figure of an old man in white robe.

Qi Tian was looking at the white robed old man, and his face changed greatly and he said, "leader, how did you come?"

Suddenly, even the white robe in the distance.

In this trial, the two forces are the real power.

One is the Lingxian emperor palace, and the other is the white robed old man, the leader of the alliance.

She never thought, that mole ant trial actually disturbed the old man.
