Chapter 1841

Not far away, a lazy voice suddenly rang out: "father, I heard that there is a younger martial sister trapped in the secret place can not come out?"

Looking back, Zhao Lei saw a young man in black coming with a smile and a thick breath.

Zhao Lei's eyes narrowed slightly, and a wisp of cold light flashed. Unexpectedly, there were such excellent disciples in this small cloud Ming sect.

Liu Yunfei said: "father, let me go into the secret place and save my younger martial sister."

The master of Yunming clan nodded and said with a smile to Zhao Lei: "since Yunfei has come back, then, don't bother Mr. Zhao to make a move."

Zhao Lei is silent for a moment. Liu Yunfei seems to be the son of the master of Yunming sect. If Chen Feiying is asked to deal with him, the leader of Yunming sect will not stand by.

All of a sudden, he showed a trace of smile, and said to the master of Yunming sect: "just now, the secret place is full of danger. If there are more people, there will always be more security. It would be safer for me and this liudaoyou to enter the secret place together."

Liu Yunfei, the leader of Yunming sect, has just passed on the whole story to Liu Yunfei. Now, when Liu Yunfei heard Zhao Lei say this, he couldn't help but pick his eyebrows and sneer:

"no, brother Zhao. After all, you are not my Yunming clan. According to the tradition, only the people of Yunming sect are qualified to enter the secret place. It has nothing to do with you.

What's more, I'm far more familiar with this secret place than you do. I don't need any help at all. "

Zhao Lei said with a smile: "it seems that brother Liu is very confident in his own strength? However, if you fail, not only you, but also Xinger girl will be in danger. Since it is related to Xinger girl, how can we say that it has nothing to do with Zhao? You know, apricot and I have different feelings, isn't it, elder Liu? "

Liu Xiu flattered and said with a smile: "it's just like this. Xing'er, the girl, is in love with Mr. Zhao. Even, she is about to get married soon. How can you say that it has nothing to do with Mr. Zhao?"

When they heard this, they looked at them with disdain. If Zhao Lei had not forced her to marry, how could Wu Xinger enter the secret place? Now, in their mouth, it became something of a love affair.

"Why don't you have a fight with me? If you win me, Zhao naturally has nothing to say

"A duel?" Liu Yunfei squinted at Zhao Lei and said, "brother Zhao, I see that you have just advanced to create the seven layers of heaven. The realm is not very stable. Do you think you can win me if your cultivation is half higher than me?"

Although Liu Yunfei is still a disciple of Yunming sect, in fact, his real practice is not here. By chance, he was accepted as a disciple by an elder of first-class forces.

Although he didn't join the sect in name, there was no difference between the real disciples of the first-class forces and their actual strength was far beyond the realm. Therefore, he was not so afraid of Zhao Lei.

"Win?" Zhao Lei burst out laughing: "ha ha ha, brother Liu, are you wrong?"

Liu Yunfei's eyes were cold and frowned: "what are you laughing at?"

Zhao Lei finally stops smiling, and suddenly reaches out three fingers and shakes in front of Liu Yunfei.

Liu Yunfei was stunned and said, "what do you mean?"

Zhao Lei said with a playful smile, "three moves."

He shook those three fingers again: "if you can hold up three moves in my hand, I will give up entering the secret place."

As soon as this statement was made, all the people present were in an uproar!

Three moves to defeat Liu Yunfei? What Zhao Lei means is that he doesn't regard Liu Yunfei as his opponent at all!

When Liu Yunfei heard this, he could not control his anger at all. As the most beloved disciple of the first-class power elders, when was he looked down upon like this.

He immediately stepped out of the crowd and stood in front of Zhao Lei and said, "good! Then I'll see if you have this ability or not! "

His pride should not be insulted!

Zhao Lei's eyes flashed. The fool was really hooked.

Soon, they came to the martial arts arena of Yunmingzong.

The leader of Yunming sect, a little worried, looked at Liu Yunfei, but he said helplessly, "are you ready?"

The two nodded, and the leader of Yunming sect preached: "the competition begins!"

As soon as the words fall, behind Zhao Lei, there is a flickering shadow of thunder. The way of thunder is the unique skill of Zhao family to become famous! As soon as the thunderbolt appeared, the air seemed to be filled with an angry energy!

Zhao Lei looks at Liu Yunfei a little farther away, and says in his mouth: "the way of thunder, thunder appears!"

The thunder shadow, suddenly the light is big, in an instant, as if it turned into a sea of lightning composed of countless electric lights, rushing towards Liu Yunfei with the momentum of breaking the sky!

Liu Yunfei's face changed slightly when he saw Zhao Lei's gesture. At this time, there was a shadow behind him, but it was not a cloud, but a white dragon!

The whole body of Jiaolong is still surrounded by wisps of cloud!

Liu Yunfei had a long sword in his hand. The sword formula suddenly rose, and the sharp cold light flashed wildly. He also yelled: "cloud dragon road, dragon rises to the sky!"The boundless sword spirit suddenly condenses and turns into a white dragon shadow, which is surrounded by clouds.

The cloud seems light and loose, but it is condensed by the extremely pure sword Qi!

Every trace of cloud contains countless killing opportunities!

White dragon and electric light collide, dazzling light burst out!

But at this time, Zhao Lei's voice rang out again: "thunder way, thunder gather!"

His attack is not over yet!

Under the control of Zhao Lei, the pangran electric sea condenses in an instant and changes into an electric light gun, which penetrates through the body of the white dragon!

However, the explosion of sword Qi in Bai Long's body also weakened the electric light spear!

Rao is so, still have an electric light to shoot to Liu Yunfei!

Liu Yunfei's face changed greatly. The sword had been used just now. At this time, he was unable to launch an attack. However, at the speed of lightning, it was too late to dodge.

At that moment, Liu Yunfei inspired his body's protective holy instrument, a white light curtain, covering it!

As long as he has carried this move, he will be able to revive!

With a roar, the thunder and lightning spear hit the light curtain fiercely. The light curtain shook several times, but it didn't collapse. Liu Yunfei's face was slightly loose. Just as he was preparing to fight back, Zhao Lei's voice rang out again!

"The way of thunder, thunder!"

The thunder gun, suddenly condensed into a small ball of electric light, with a loud and earth shaking sound. The small electric light ball, unexpectedly, exploded and burst out with tremendous energy!

A dark figure flew backward, bumping into the forbidden area of the martial arts arena, half kneeling on the ground, supporting his body with great reluctance, but he did not fall down completely!

Zhao Lei looks at Liu Yunfei's miserable situation and smiles at the corners of his mouth. These three thunder moves are the secrets of the Zhao family. However, after they are used, they can't be used again in a short time. Therefore, he uses three moves to stimulate Liu Yunfei.

Liu Yunfei's face is dull. He can't believe that he was really defeated by Zhao Lei's three moves.

"I'm afraid you don't have the strength to enter the secret realm? Or, let me do it for you, Lord Liu. Now, you should be able to open the transmission array for me? "

Most of the people on the scene sighed helplessly and said nothing more. Just as they were ready to promise Zhao Lei to open the transmission array, a cool voice from a young man suddenly rang out outside the martial arts performance arena!

"I, too, want to compete with you."

People looked in the direction of the sound, and saw a figure from far to near, in an instant, came to the martial arts arena.

It's Ye Chen!

At the corner of his arm, there is also a girl, who took Song Zhen to heal.

Chapter 1842

As soon as the female disciple landed, she excitedly called to the leader of Yunming sect:

"master, sister Wu is saved! His name is Ye Chen. I heard elder sister Wu mention it. Sister Wu said that ye Chen is very powerful and can fight over the stairs. With him, sister Wu can safely take sister Wu out of the secret place! "

When they heard the speech, their eyes lit up, and their eyes, Shua, fell on Ye Chen. However, when they found that ye Chen had only half a step in the path of cultivation, they could not help shaking their heads in secret.

Even if you can cross the steps and fight, what if you can only do half step and combine the Tao?

No matter how strong it is, can it be Zhao Lei's opponent?

Zhao Lei has seven levels of heaven in the realm of nature. But within three moves, he has defeated Liu Yunfei, who is extremely powerful. What can he do with Ye Chen's cultivation?

Zhao Lei turns around and stares at Ye Chen. His eyes are more and more gloomy. At the beginning, when he proposed to Wu Xinger, Wu Xinger refused her own reason, because she had already had a lover.

And that person's name, is Ye Chen!

"Half step road?"

Looking at Ye Chen, Zhao Lei couldn't help but sneer: "well, at your age, it's good to have such accomplishments. It's enough to be the best of the inner disciples in general forces.

But you won't give you the illusion that you are invincible because of this? "

Seeing ye Chen's pale face, he did not speak, and his contempt on his face was aggravated by a point. He continued:

"if you really want to compete with me, I can't guarantee that you won't be killed. Do you understand? That is to say, you are not qualified to compete with me. "

The master of Yunming Sect on one side thought that ye Chen was forced to make a move for Wu Xinger after he knew that ye Chen and Wu Xinger had met each other. He also sighed and said:

"young man, you'd better forget about it. Don't be angry."

Even his son, Liu Yunfei, the real disciple of the first-class forces, was defeated by Zhao Lei in three moves. How could ye Chen be Zhao Lei's opponent? It's just self humiliation.

Ye Chen looks at Zhao Lei and says, "are you afraid? Or is it that when the three moves are used up, they have not yet recovered their physical strength and are unable to start with others?"

It doesn't matter, I will give you time to recover. "

As soon as this speech is said, everyone's face changes slightly. How dare Ye Chen continue to challenge Zhao Lei?

Does he really think he can win Zhao Lei? If that's true, would that be stupid?

These elders didn't see that Zhao Lei's three moves cost a lot, but they thought that even so, ye Chen was not Zhao Lei's opponent. Now, ye Chen is still talking like crazy, waiting for Zhao Lei to recover completely?

It's not about death. What is it?

Zhao Lei is pointed out by Ye Chen in public that his spare power is not good, and his eyes are even more gloomy. He sneers and says:

"originally, if you go away obediently, I don't want to hurt you. In this case, come and die!"

In fact, he didn't want to take advantage of this opportunity to seriously injure Ye Chen, but he had just consumed too much. Although Ye Chen's cultivation was low, he somehow gave him a strange feeling. In order to avoid capsizing in the sewer, he was just ridiculed for a moment and did not really discuss with Ye Chen.

However, at this time, ye Chen said that if he pushed back, it would be a little weak.

Ye Chen slowly steps into the martial arts arena. Zhao Lei looks at him and sneers in his heart. I don't believe you are such a half step junkie. What's so amazing about you.

Zhao Lei takes a deep breath and lifts up the spiritual power in his body. As soon as a thunderbolt appears behind him, his body disappears in an instant. The next moment, he appears behind Ye Chen as if in a flash.

He raises his hand and blows at the back of Ye Chen's heart with a rumble of thunder. The crowd is surprised to see that Zhao Lei's three moves to defeat Liu Yunfei just now are incomparably fierce. Unexpectedly, his body method is so good!

With this body method and fierce attack, it's enough to kill most of the same level warriors in seconds!

What's more, ye Chen, who is half a step in the road!

Seeing here, people's eyes are dim, because in their view, ye Chen, who is half step in the road, is absolutely impossible to block this move.

Even, they think, ye Chen may not be able to react.

Looking at Ye Chen's back, Zhao Lei has a ferocious smile on his mouth. Sure enough, his worries are unnecessary. This is just an ordinary waste!

There's a big bang!

There was a slight shake in the arena.

In front of Zhao Lei, he smashed a small hole in the specially reinforced ground.

However, all the people who saw this scene froze in a moment and smashed out a small pit. What surprised them was that the small pit was empty and could not see ye Chen's figure at all!

Zhao Lei is also stunned. He looks at the hole in front of him. Is this trash, his body so fragile, is blown into nothingness by his own blow?

At this time, ye Chen's faint voice rings out behind Zhao Lei: "are you the only strength of this degree?" When Zhao Lei hears the speech, he suddenly turns his head. Ye Chen doesn't know when he's behind him!

How could that be possible?

Even he did not notice Ye Chen's action at all!

However, Zhao Lei is not an ordinary warrior after all. As a child of a big sect and a big family, his fighting quality is also very high. He immediately realized that this is the result of Ye Chen's extremely fast body method. At the moment of his attack, he used his blind spot of vision and consciousness to avoid his attack.

Zhao Lei is frightened. This move is similar to some body skills and martial arts of the Zhao family. However, the Zhao family is proud of their speed. Ye Chen is able to surpass himself in speed with half step?

This talent, even in the Feihan sect, is absolutely a super monster.

Thinking of this, in Zhao Lei's eyes, the killing intention is dignified. The better Ye Chen's talent is, the more he can't let him grow up. Although his speed is fast, it's not that there is no way to deal with it!

All of a sudden, there is a flash of thunder behind Zhao Lei. The whole person is in a state of God. He punches Ye Chen several times. Ye Chen sees this and his face does not change at all.

His body seems to be shaking a little slowly, but he dodges all of Zhao Lei's attacks. The intention of Zhao Lei's fists is not to attack Ye Chen, but a feint move. He quickly retreats and draws a distance from ye Chen.

This time, the martial arts arena, finally sounded one after another of exclamations!

Is Ye Chen so easy to avoid Zhao Lei's thunder?

This is really surprising enough, but even so, the people present still don't think much of Ye Chen. After all, speed alone is useless. It's hard to break through the defense of the warriors in the later period of the formation.

Chapter 1843

Zhao Lei instantly opens a distance from ye Chen, and then takes a pill. He sees that ye Chen is still standing in the same place with a cool look on his face. He does not mean to pursue him. His sneer is more intense. He is more sure that ye Chen is not able to threaten his attack power, but simply fast.

After all, if the speed is so adverse and there is a super strong attack power, it is too hard to imagine. Even if such people appear, they are only among those super first-class forces, right?

At the same time, Zhao Lei uses pills to replenish his spiritual power, and he attacks Ye Chen again and again. In this way, he gains time for his recovery, so as to prevent Ye Chen from attacking himself, forcing him to defend and slow down his recovery speed.

At this time, ye Chen just keeps dodging Zhao Lei's attack. Those elders who originally had some expectations in their hearts could not help sighing.

Liu Xiu sneered and said, "do you think you have some talent and start to be arrogant? Now, it is not only under the attack of Mr. Zhao that you can dodge in confusion? "

But Zhao Lei's face is more and more relaxed. His spiritual power and physical state are almost restored. When dealing with Ye Chen, he is no different from catching a turtle in a jar!

Looking at Ye Chen, Zhao Lei scoffed: "it's really good to hide, just like cockroaches. Do you think that you can avoid all attacks if you are fast enough?"

As he said this, he was running the spiritual power in his body. The thunder loomed behind him. He would use the three forms of thunder to launch a powerful attack.

"However, you may not know that the attack of the warrior in the later period of fortune is strong to a certain extent. No matter how fast you are, there is no possibility of avoiding it!

Now, I've had enough, and it's time for the game to end. "

Ye Chen looked at him one eye, light way: "you, finally recovered?"

"What?" Zhao Lei, who is preparing to make a move, is Ye Chen aware that he is recovering his strength?

Ye Chen said with a playful smile, "didn't I say that I would give you a chance to recover your spiritual power?"

In fact, you will recover slowly. Why do you stop me in vain? I have no intention of attacking you at all

Zhao Lei's face changed slightly, and he looked at Ye Chen in disbelief. How crazy a person is that when facing an opponent who is higher than himself, close to two great realms and so powerful, is this attitude still?

It's like a game.

However, he was a little nervous, and soon relaxed. He could even defeat the warrior at the top of the natural world. Could ye Chen resist it?

Soon, he will pay a heavy price because of his attitude. Today, he will let Ye Chen understand that fighting is not a joke, and he is not an opponent he can despise!

At this time, the thunder appeared behind Zhao Lei, and a strong force of thunder rose up. It was a little stronger than that of Liu Yunfei!

Zhao thunderstorm drinks: "thunder way, thunder appears!"

Boundless electric light, overwhelming rush to Ye Chen, unexpectedly Ye Chen dodge space completely sealed, can only meet in front!

Some elders look away. Even Liu Yunfei has not held on to three moves. If ye Chen makes the first move, he will be blasted to ashes.

At this time, there is only one person who is still full of confidence in Ye Chen.

The female disciple, who brought Ye Chen to the martial arts arena, was still staring at Ye Chen with her eyes full of hope!

She believes Ye Chen can win. When she hears Ye Chen's deeds from Wu Xinger's mouth, she has a longing for this God like teenager. Especially after she really sees Ye Chen, she trusts Ye Chen inexplicably!

Even now, it's still the case!

However, even she clenched her small hand secretly and worried about ye Chen. After all, the momentum of Zhao Lei's move was too amazing!

Ye Chen is still the same color, indifferent to look at that as the waves of the general electric light, even to avoid the meaning.

Seeing this, Zhao Lei gives out a happy laugh. In his opinion, ye Chen gives up resistance completely.

In an instant, countless electric light, ye Chen's body, completely submerged.

However, this is not over. In the depths of Zhao Lei's eyes, there is an explosion of killing opportunities. Relying on the thunder, he may not be able to kill Ye Chen completely. He turns his spiritual power far away and shouts: "the way of thunder, thunder gathers!"

The electric light suddenly condenses, turns into a thunder and lightning spear, fiercely stabs to Ye Chen's heart!

And at this time ye Chen motionless, that thunder and lightning spear, without hindrance hit his vital point, will ye Chen's body drive fast retreat!

Zhao Lei's face is more and more ferocious. At this time, he can almost conclude that ye Chen has died under his attack. However, he does not intend to stop!

He wants to completely annihilate Ye Chen into nothingness in front of the people of Yunming sect!

Let them know, this is the end of provoking Zhao Lei!

"Thunder, thunder! Smash it

That thunder and lightning spear instantaneously condenses a bit, a roar completely explodes, the destructive force completely envelops Ye Chen's body! When the dust and smoke were flying, the female disciple looked at the scene, suddenly her big eyes turned red, tears appeared, and she murmured to herself:

"how could this happen? Ye Chen is unlikely to lose... "

At this time, the dust and smoke seemed to be driven away by some force, and a tall and straight figure fell into people's sight again.

Ye Chen's face color did not have a trace of fluctuation, flicked the dust on the shoulder, light way: "do you only have this degree of strength? I'm really disappointed that I've been waiting for you so long in vain

The silence, even the sound of breathing, disappeared.

All people are in this strange silence, looking at the figure that should have completely disappeared.

Everybody's asking, why? Why does Ye Chen seem to have nothing to do with Zhao Lei's thunder?

They can see clearly that ye Chen didn't use any body protection magic weapon at all. Even Liu Yunfei, who was on the half foot Road, was hurt a lot when using the body protecting magic weapon. Why did ye Chen have nothing to do with it?

It's puzzling.

Only that female disciple broke tears to smile, looked at Ye Chen happily, and said excitedly with a smile: "great! He's OK! What sister apricot said is true! "

Zhao Lei yelled: "no way! It's impossible! "

At this time, he has fallen into the edge of confusion, staring at Ye Chen as if staring at some monster.

"Impossible?" Ye Chen smile, "you think it is impossible, just because you are not only a waste, but also a stupid waste."

At the next moment, ye Chen's figure flickers. If Zhao Lei's body method is the embodiment of thunder, ye Chen is beyond the thunder at this time!

Chapter 1844

Ye Chen appears in front of Zhao Lei's body and says lightly: "it's just seven layers of heaven in the realm of nature."

He raised his head and punched.

It's like a light punch without any energy.

However, in the moment of Ye Chen's hand, six gods and kings appeared!

Ye Chen is surrounded by endless evil Qi and Geng Jin Qi!

All the elders on the scene changed their faces, because they felt that the whole space for performing martial arts was trembling because of Ye Chen's fist!

"No! No

Facing Ye Chen's fist, Zhao Lei finally feels the ultimate fear. He burns his spiritual power and inspires the magic weapon of body protection. However, even so, he still knows that ye Chen's blow is not something he can resist!

"Chen Feiyong, save me Just in time to shout out this sentence, Zhao Lei is instantly drowned by Ye Chen's fist power!

A figure suddenly appears in the martial arts arena. However, Chen Feiyong's wooden face shows a trace of anxiety. If Zhao Lei is killed by Ye Chen here, he will certainly not escape the responsibility. Maybe he will be pursued by the Zhao family.

There was a tremendous bang.

The shield that protects Zhao Lei is suddenly shattered by Ye Chen. Although Ye Chen's body method is too fast, Zhao Lei has just launched the three thunder moves, and he has little spare power, so he can only use the holy weapon of body protection reluctantly.

But the main reason is that ye Chen's attack is too strong. Otherwise, even if he uses it in a hurry, the magic weapon for protecting the body in the hands of the creator of the seven layers of heaven is not so easy to break.

Just as ye Chen's fist force is about to tear Zhao Lei's body to pieces, a colorful light suddenly rises from Zhao Lei's body, blocking Ye Chen's power. With a slight tremor, the light breaks and dissipates. Zhao Lei's body bursts into a thick blood mist and flies upside down.

Ye Chen sees this and says softly. The colorful light on Zhao Lei seems to be a good thing to protect his life. Although it is only one-time and can not completely offset his own strength, he feels clearly that most of his boxing power has been absorbed by the colorful Guanghua, and therefore, he has saved Zhao Lei's life.

At this time, Chen Feiying immediately takes Zhao Lei's body and looks at Zhao Lei's dying body. He can't help but blink his eyes. One punch breaks Zhao Lei's two layers of defense, but can't he hurt like this?

How can this be something that a half step Taoist warrior can do?

However, at this time, he did not have the mind to think about that much. He fed several pills into Zhao Lei's mouth, and watched Ye Chen warily.

Originally, Chen Feiying also wanted to attack Ye Chen. However, after seeing ye Chen's strong strength in resisting thunder, he finally gave up. After all, it is important to rescue Zhao Lei first. Even if Chen Fei is half a step ahead of the star and is conceited to be superior in strength, he is not sure that he can easily kill Ye Chen.

Ye Chen feels strange and dangerous to him.

However, ye Chen also lost interest in Zhao Lei and went to the stagnant Yunming patriarch and said: "master, I know that the Yunming sect does not allow outsiders to enter the secret place of this sect, but xing'er is a friend of my younger generation. I once promised his father to take care of him. Now, Liu elder brother is also seriously injured. I hope that the patriarch can let me enter the secret place and make apricot Bring it back. "

Liu Yunfei looks at Ye Chen with complicated eyes. In fact, when ye Chen challenged Zhao Lei just now, he also looked down on Ye Chen and thought Ye Chen was just a clown who made a fuss.

Now, he knows that ye Chen is not a clown, but he has a low vision. He can't understand how powerful a real genius is. In vain, he has always called himself a genius, thinking that he is the existence of extraordinary talent. However, compared with Ye Chen, he knows that he is nothing.

After seeing ye Chen's super strength, and the female disciple's proof for ye Chen, the leader of Yunming sect naturally would not refuse, but even now, he is still a little unable to accept. The more profound his cultivation is, the more clear he is about the power of Ye Chen's just hit!

He nodded stupidly. After a while, he coughed. He calmed his mind and said, "of course. It's not too late. We'll start the transmission array and let you in."

Liu Xiu frowned, but at this time Zhao Lei was seriously injured. Even if Zhao Lei could recover, he was not sure whether Zhao Lei would be angry with him after such a humiliation. He did not dare to disobey the Yunming patriarch for a moment, so he had to keep silent.

A group of people came to the transmission array and opened it under the leadership of Yunming sect.

A light blue transmission door opens, and the master of Yunming sect gives a jade Rune to Ye Chen and says, "take this one. After you enter the secret place, activate the jade charm, and it will lead you to find apricot."

Ye Chen took the jade Fu, said thank you, then quickly entered the portal.

If it was not for the purpose of showing strength and deterring Chen Feiying, he would not have wasted so much time on Zhao Lei. Although Ye Chen is not afraid of Chen Feiying, he is not an opponent who can crush him. If Zhao Lei is simply crushed, Chen Feiying may choose to attack himself after misjudging his own strength. In that case, he will delay Ye Chen to save Wu Xinger.

.....

At the same time, Lingxian palace.

The array is closed.

The deepest red hall.

Ancient Runes circulate in it.

In the hall, the spirit gas liquefies, and the injured aura is cultivated in this way.

Barely recovered from the injury.

However, the cultivation fell to the six layers of sky in Xingqiao state.

It's permanent damage.

She never thought that she would be seriously injured by a mole ant who has always looked down upon and came from a low martial world.

She despised Ye Chen, which is the price she paid.

It is not long before one year, one of the most prosperous times in Lingwu continent, Shenglong Dabi will be opened.

I'm afraid after that, ye Chen will set foot on the Lingxian emperor palace and complete the year's agreement.

Before, Lingyun was determined to win.

But now, she's not sure.

Even though she has six layers of sky, it is enough to crush the chemical realm and the harmony realm.

Not to mention Hunyuan.

But ye Chen, it's too evil.

She didn't even know how ye Chen practiced it, and how ye Chen blocked it.

Anyway, one year's appointment, she must crush Ye Chen!

Suddenly, Lingyun thought of something, opened her eyes and came to a mysterious boulder.

It's very old on the stone.

Hesitating for a few seconds, aura forces out a drop of blood essence.

The essence of blood just fell on the boulder, an extremely violent force swept over, and the blood essence returned to the body of aura again.

Chapter 1845

Then, an indifferent voice sounded behind the aura: "aura, what are you doing, do you know the cost of this thing?"

"I let you live in a high position, I give you a chance. I even let you become the Deputy palace master of Lingxian emperor palace before you enter the Xingqiao realm. Aren't you satisfied?"

Lingyun body a Zheng, hard to turn his head, eyes fell on a shadow covering his face.

The master of the figure has a faint breath and is extremely powerful.

It is Xia Lingqiu, the master of Lingxian palace.

Lingxian emperor palace is the only one to cross the boundary of Fengmen!

It's also a symbol of the power of Lingxian palace!

It's because of this man that Lingxian emperor palace can make xuanyuezong and other forces fear!

Aura eyes flash a trace of complex emotions, after all, the person in front of her and her blood.

But why is her blood and talent so much lower than this man!

Even if you become the vice palace master, you can't rely on your own strength, you can only rely on the alms of the other side!

This honor, too hot!

"Palace master." Lingyun or respectful way, but the unwilling eyes, is a flash.

Xia Lingqiu nodded, with her hands behind her, staring at the mysterious boulder and saying, "do you know why our gap is getting bigger and bigger?"

"Talent." Lingyun Dao.

Xia Lingqiu shakes her head: "because your heart is too impetuous, you value strength and power too much."

"I'm also at fault. I should have given you the name of vice chief when you were half way sealed. However, I still violated my own rules. When you were not worthy of the vice leader, I gave you the name because of the relationship between you and me."

"Power and anger have made you lost, and blood ties have made me lost."

"It's because you are lost that you have lost the picture of beasts."

"It's because you're lost that your strength has fallen."

"It's because you're lost that you've got a bad idea about it."

Lingyun face suddenly ferocious: "if not that little beast! How could this have happened! "

"Although the beast map was not found on that boy, and I don't know how to disappear, it is absolutely related to the boy."

Xia Lingqiu shakes her head, finds a place to sit down and pours a cup of tea.

I don't know how long after that, she put down her tea cup and said, "the picture of beasts was not taken by that boy. What took it was a dragon shadow, a very special dragon shadow."

"I really can't think of anything that can swallow such a rebellious thing?"

"Unless the blood is against the sky."

"There are a lot of dragon clan and blood inheritance forces in Lingwu land, but I don't think they are qualified to devour the beast map."

"But I can't capture where the Dragon shadow went by all means. It's so strange."

"You say that the Dragon shadow has something to do with that boy. It's not unreasonable."

"So, I hope you can bring him here before I find out."

"There's a secret in that boy. It's a big secret. Not only the Dragon shadow. "

"There are others. "

with her eyes wide open, Xia Lingqiu handed out a pill of colorful light.

"Your injury is very serious. This pill can relieve some points."

"This pill is very valuable. You should know it."

Lingyun was excited to the extreme when she saw the pill: "thank you Palace master! "

after taking the pills, Lingyun continued:" palace master, do you need to bring that boy in advance? I'm injured, but if I fight against each other, it's easy to win him. "

Xia Lingqiu shook her head: "no hurry, this son is in xuanyuezong. Although xuanyuezong's status is weaker than ours now, it was once quite different."

"Never underestimate a power, especially xuanyuezong."

Lingyun's face changed slightly, but still nodded: "yes."

Xia Lingqiu didn't want to talk nonsense. He walked towards the gate. Suddenly, he thought of something and stopped: "who do you want to go to Shenglong Dabi this time?"

"Summer is like snow." Lingyun Dao.

"Oh." Xia Lingqiu naturally had an impression on Xia Ruoxue, "you ask Ji Siqing to come to me. I have something important to discuss with her.

" Now that the picture of beasts is gone, the palace of Lingxian can only bet on Ji Siqing. "

"If you become the vice master of the palace, the greatest contribution to the palace is probably these two talented disciples."

"If you fail again next time, the vice palace master will be finished."

Aura a shock, looking at the disappearing figure, fell into meditation.

"Ye Chen, about a year, I will let you live forever, only despair."

.....

The screen rotates.

After passing through the portal, ye Chen felt a slight dizziness. At the next moment, he was in a bloody land in the sky.

Ye Chen looks back at the entrance and exit of the space that should have existed. For some reason, he can't feel it at all. In this way, he can only find a weak point where the two boundaries intersect, and break it with a strong force to return to the outside world. Wu Xinger can't do this all the time.

Moreover, as soon as he entered this secret place, he felt that the aura of heaven and earth here was not suitable for ordinary martial artists to absorb. After staying in this place for a long time, his spiritual power would gradually run out.

In addition, there are several powerful breath within a thousand miles. Obviously, there are many powerful animals in this secret place. The longer Wu Xinger stays here, the more dangerous it will be. We must find her as soon as possible!

Ye Chen inspires the jade rune. The light on the jade symbol flashes and points out a vague direction. Ye Chen frowns. The jade symbol can't lock the exact position. It seems that Wu Xinger is still a certain distance away from herself.

Immediately, ye Chen took a deep breath, and the spiritual power in his body ran wild!

An empty shadow appears behind Ye Chen.

The animal looks like a huge white tiger, but on the white tiger's neck, there is a cluster of golden mane. Moreover, under the hair, there are emerald scales. The white tiger has the characteristics of some Unicorn!

This is Ye Chen absorbed two kinds of spiritual blood, enhanced the true spirit imaging!

Ye Chen's purple lines appear on his body, and his body moves. He uses the body method of "step by step" to increase his speed to the extreme. In an instant, he turns into a streamer and flies away in the direction specified by the jade symbol!

He said silently in his heart: "apricot, you must be safe and sound! Or I can't tell your father

At the same time, the cold light in his eyes flashed. Just now, he did not kill Zhao Lei completely, but he would never let this person go!

Let Wu Xinger encounter such danger, how can ye Chen give up so easily?

After he rescued Wu Xinger, he must be killed!

Under the red curtain of the sky, a startling sword flashed, followed by a inhuman howl.

Blood gushed like a flood, and a huge beast fell to the ground. On the dust, there was a tall and straight figure. It was Ye Chen.

Chapter 1846

Ye Chen coldly glanced at the corpse of the giant beast in front of his body, and frowned. The giant beast in the secret place seemed to be somewhat abnormal, and even repeatedly attacked himself like crazy.

At the beginning, ye Chen also with a very high speed to get rid of it and ignore it. After being attacked by a giant beast again, ye Chen, who is not tired of taking the trouble, finally puts forward his hand to kill it.

But even so, still did not frighten the surrounding herds of animals, ye Chen's mind keenly aware that many giant monsters were still close to him.

These monsters are nothing to Ye Chen, but he is worried when he thinks that Wu Xinger is in such a crazy herd.

"Is it because of the change of the secret place?"

Ye Chen murmured to himself, suddenly a wave of hand, a transparent gauze covered his body, a body of breath gradually become ethereal.

It's the moon dust.

At the beginning, zining gave it to herself, which was of great use.

Later Ye Chen didn't need much, so he didn't use it.

The herd lost the sense of Ye Chen's breath and stopped. Ye Chen moved and shot forward again.

At the same time, in a cave in the secret place, a burly man was sitting on a stone chair on a high platform.

And the other two men stood on his left and right. Not far in front of him, there was a prison like existence. In the prison, there was a weak woman. It looked like Wu Xinger!

The burly man on the stone chair was drinking the scarlet liquid in his glass. The liquid gave off a strong smell of blood, which seemed to be the blood of some kind of creature.

After drinking all the liquid, he raised his head, looked at Wu Xinger with a pair of ferocious eyes, and sneered: "you still don't want to submit to be my woman?"

That big man's breath is very strange!!

In prison, Wu Xinger tightly pursed her mouth. Her face was pale, but she didn't say a word. But she looked as if she was suffering a lot.

The ghost humanity beside the burly man: "little Lord, simply direct..."

The burly man shook his head and said, "her spirit is useful for me to practice ghost fog. Unless she gives her life voluntarily, it is very difficult for me to absorb the spirit Qi in her body."

The man's eyes suddenly twinkled, coldly said: "however, if she does not live from the words, only with other means, that although the effect is very poor, but always better than nothing."

He turned to another blood clan and said, "how are the preparations for the herd?"

The man respectfully said: "now, the herds are still resisting our control and are in a violent state. However, I believe that before long, these low-energy monsters will completely yield to our Dementors. Their flesh, blood and spirit will be used by the young master."

The little master of the blood clan nodded: "well, we have been sealed here for so many years, and our strength has declined too much. If it wasn't for someone who destroyed the stability of this secret place this time, we might not have a chance to get out of the predicament."

The blood clan who spoke before said something worried and said, "little Lord, this woman seems to be a disciple of a certain sect. She is trapped here now. Will someone come to look for her? With our present strength, I'm afraid... "

The burly man sneered: "only people under 30 years old can enter this secret place. If you want to enter it by force, it is possible to do it unless you practice the Xingqiao realm. There is also the danger of space collapse.

What can a weak Terran have under the age of 30? If one comes in, I'll kill one! On the contrary, they can use their flesh and blood to restore my strength. The flesh and blood of those warriors is more suitable for our blood clan to absorb than those monsters. "

The burly man turned his eyes to Wu Xinger again. When he came to her, he suddenly waved his hand. The prison disappeared, and the invisible force no longer tormented Wu xing'er. As soon as she was loose, she collapsed powerlessly on the ground.

The blood clan lifted Wu Xinger's slender arm and gazed at her pale and beautiful face and said:

"my patience is almost to the limit. Woman, do you choose to be my woman of your own accord, or are you going to be refined into your body by me

He looked at Wu Xinger's beautiful body and suddenly said with a wicked smile, "however, before you lose your soul, this pair of body is worth having a good time."

Wu Xinger's delicate body trembled for a moment. At this time, her spiritual power, including spirits, was almost exhausted. Let alone counterattack, she could not even self explode.

Wu Xinger's beautiful eyes leave two lines of clear tears, dehydrated lips gently open, whispering something.

"What do you say?" With a frown on his brow, the burly kinsman put his ear close to Wu Xinger's lips and listened attentively to Wu Xinger's whispering.

"Ye Chen?" The burly blood clan repeats in a puzzled way. I don't know the meaning of these two words read by Wu Xinger.

"I'm here." At this time, a faint voice sounded out of thin air, followed by a strong sword light!

The blood clan's face changed greatly, and his whole body was covered with fog, and he quickly retreated.

The fog was cut half by the sword light, but it still protected the little master's body. His figure appeared beside the other two blood clans, staring at the unexpected visitor with a dignified face. It is Ye Chen who is coming!

Ye Chen, holding a sword in one hand, points to the three blood clans. With the other hand, he takes Wu Xinger's Willow waist and looks at the woman in his arms with pity. His eyes do not seem to fluctuate at all.

However, if you are familiar with him, you will know that in Ye Chen's eyes, crazy anger and cold killing intention are rapidly condensing!

Wu Xinger's eyelashes trembled for a while, slowly opened his eyes, looked at the youth in front of him, and said in an incredible way: "brother ye? I I'm not dreaming, am I? "

Ye Chen took Wu Xinger in her arms, tightly put her hands around her waist, and said with a gentle smile, "no, I'm here to take you out, apricot."

"I promised your father that no one would touch you."

At this time, Wu Xinger's consciousness seemed clear. Her body struggled weakly and said weakly, "Ye Chen, go quickly. These three blood clans are the strong ones who have been left in this secret place. Even if their strength drops sharply, they are extremely dangerous. Don't worry about me. Go quickly..."

Ye Chen looks at her gently and exhales a breath to her gently. Wu Xinger's body is stagnant, and then goes to a deep sleep.

Ye Chen turned around, his face suddenly cold down, staring at the three blood clans, replied: "I don't like to leave the threat."

At this time, the little master of blood clan couldn't help laughing and said: "boy, I admit that your sword is very strong, but with your half step and Taoist cultivation, do you really think that you can defeat the three of us?"

I'll give you a chance to leave that woman out of here, and I can spare your life! "

Chapter 1847

The other two blood clans looked at the little master and said, "little Lord? Why let him go. "

The little Lord of the blood clan did not answer, but stared at Ye Chen's eyes.

"Spare my life?" Ye Chen sneered, "I want to go, can you stop it?"

As soon as the voice fell, his body suddenly and quickly shot out of the cave. The two blood family servants saw this, their faces changed slightly. Ye Chen's speed was too fast, even they could hardly catch up with him.

However, the little master of blood clan was relieved. Ye Chen's sword was very strong, although he didn't think they would lose to Ye Chen.

However, I'm afraid it will cost him some money. In his present situation, he should try his best to preserve the little power left. When he refines the demon beast in this secret realm, he will not be allowed to knead the mole ants like Ye Chen.

However, before long, a figure suddenly reappeared at the entrance of the cave, and attacked the cave at a very fast speed. The sword was powerful and the cold front pointed at one of the attendants.

The Chamberlain's face changed wildly. He yelled. His whole body was agitated. He got up with all his strength. His hands were covered with blood, and the blood shadow appeared behind him. He met this strong sword!

With a roar, the aftershock of their attack and collision instantly destroyed the cave and completely razed it to the ground. Under the bloody sky, ye Chen stood with his sword and went back and forth!

The reason why he left just now was to settle down Wu Xinger. He found a place where she was absolutely safe. He hid Wu Xinger, fed her healing pills, set up an array, and put on the moon dust gauze and the sky scale armor for her to protect her body.

After all, if you take her with you, it will inevitably affect her in the battle.

His eyes flashed slightly and looked at the blood clan he attacked just now. At this time, one arm of the blood clan was completely broken, and the blood gushed wildly. His face was extremely ugly and staring at Ye Chen.

His sword, this blood clan unexpectedly uses the price of one arm, on the next.

And this blood clan is just an entourage.

It seems that we can't keep our hands.

And the little master of the blood clan was also shocked. Although he knew Ye Chen's power was very strong, he didn't expect to be so strong. The strength of the blood clan's body was still above the monster.

His entourage is one of the best. With a full blow, he was even cut off by Ye Chen?

However, he looked at Ye Chen, but gradually ferocious, hoarse said:

"fool, do you dare to come back? Your attack is good, but it is different from the Terran in fighting with our blood clan. If you are among the Terrans, your attack power is really enough to sweep everything and fight over the steps.

However, our blood clan's body, may not be so fragile, and you? I'm afraid you will be seriously injured if you are hit by us once?

Immediately, you will pay the price for your ignorance! Kill him

At this time, the wounded blood clan, the wound has stopped bleeding, actually seems to be completely unaffected in general, ferocious face to Ye Chen.

Ye Chen said coldly: "ignorance? You will soon know who is ignorant. "

Behind him, there are six ways of God and king. The power of Tao works!

Not only that, but also tiger shaped shadow with Kirin scale and mane appears. The purple gold divine pattern appears, and the blood vessels bulge. In a moment, you can start all your cards!

However, the little master of the blood clan kept a certain distance from ye Chen. The gray Qi on his body turned and condensed into blood shadow, and rushed to Ye Chen. The other two blood family servants rushed to Ye Chen and fought with him!

Ye Chen took a deep breath. Suddenly, his body flashed, and the sword light tore the world apart!

This sword is immortal!

The two blood clans, with blood shining all over their bodies, are full of ghosts and shadows behind them. They break out with the ghost images released by the little master of the blood clan and kill Ye Chen.

Although they can't catch up with Ye Chen, their strength is still not enough.

For a time, blood light, gray shadow, and golden sword light collide together, and burst out dazzling halo!

The little master of the blood clan stares at the halo and his eyes are red with blood. He ignores the strong light and sees clearly the situation of the fight between the two sides. At the next moment, his ferocious face shows a color of great joy. He can see clearly that although Ye Chen's attack is very strong, even so, in the face of so many strong encirclement, he still got two moves!

One move, it's yourself, one move, is the fist of the blood clan with broken arms!

These two moves, knot solid ground bumps into Ye Chen's flesh body above!

The little master of the blood clan laughed and mocked: "ha ha ha ha, boy, now you know how weak you are?"

Your sword can really hurt us a lot, but once you are hit by us, will your weak body be broken like glass?

Weak human, tremble in pain, repent for your stupidity! I will not let you die so easily. Ye Chen and the bodies of the two blood clans fly backward one after another under the attack. Ye Chen's body hits the ground, while the two blood clans smash the mountains behind them.

The little master of the blood clan looked at the two blood clans, and his heart was filled with awe. One of his two subordinates was cut off with his chest, and the upper half of his body was almost cut in two. At this time, he was dying. The other had a broken hand, but now he also had a big opening in his abdomen.

They fight for serious injuries to create a chance to hit Ye Chen.

However, all this is worth it.

In the flesh of the human race, he was beaten by his men and by himself. He would not die or be disabled.

But at this time, the dust on the ground suddenly twisted for a moment. A black shadow attacked the little master of the blood clan, and the sword flashed!

"What?" How can this be possible? Ye Chen is still alive, and has the power to attack?

At this time, however, he could not help thinking calmly. He immediately turned his whole body into the shape of a Yin dragon and used his best means to meet Ye Chen.

There's a big bang!

When the fog collided with the golden light, the Qi of Geng Jin had a strong power to restrain the evil spirits. Under this attack, the little blood clan was shocked to find that he had fallen behind!

What he couldn't accept was that although Ye Chen in front of him was covered with blood and had a deep fist print and blood claw scratch on his chest, he didn't look seriously injured at all!

How is this possible? Isn't Ye Chen a vulnerable Terran?

Obviously, I was attacked by the blood clan. Why, as if nothing happened?

Even the blood clan itself, in such a fierce attack, can not be like Ye Chen, just left a little blood to smoothly bear down.

Chapter 1848

So, is Ye Chen's body more powerful than the blood clan?

The little Lord of blood clan looks at Ye Chen in disbelief, is this still a person? Are not Terrans all vulnerable?

But now he has no time to think, because ye Chen's attack comes again.

"Cold ice sword is determined!" Ye Chen murmured, the sword light exploded, and his body moved with the golden light, like thunder in the golden light!

Not only that, everything is covered with frost!

That's the ultimate coldness!

The sword, which contains the extreme spirit of Geng gold and cold ice, is like the blade of a demon God that cuts across the heaven and earth. It exudes incomparable power!

The little master of the blood clan roared, his whole body was full of blood, and the gray gas was boiling. The Yin dragon was condensed and the blood color Rune was shining on the body surface. Driven by the little master of the blood clan, he hit Ye Chen fiercely!

With a few loud noises, golden swords bombarded the body surface of the Yin dragon. The Yin dragon, which seemed to be able to destroy the heaven and the earth, quickly melted in the golden light, and boundless power poured into the little Lord of the blood clan!

"Ah, ah, ah, ah, ah!" The little master of the blood clan roared, struggling to bear the pressure of this huge force, his eyes protruded, and he was about to be squeezed out of his body.

His meridians burst, his skin was smashed, his bones were broken, and the extremely rich blood light lingered on his body surface. He had already burned the essence blood in his body, but even so, he was still in danger under the impact of Ye Chen's great power!

"How could that be possible!" The little master of blood clan roared wildly, unwilling to believe that the seemingly weak Terran in front of him had such terrible power!

Behind his back, there is a blood red virtual image of the blood clan, which is the symbol of his high blood. However, after countless years of seal, his power of high blood clan has been little left.

Originally, this was the last means he reserved to protect his life, but at this time, he had to stimulate it completely!

Otherwise, he can't resist Ye Chen's continuous cutting!

The blood light burst out, and the little master of the blood clan was full of blue smoke and gasping violently. He used the power of the higher blood clan to resist Ye Chen's attack. At this time, however, his eyes at Ye Chen were no longer contemptuous and mocking, but full of fear. Ye Chen finally awakened his fear of death in his heart!!

At this time, ye Chen's chest also fluctuated violently and could not be pursued for a moment. The attack just now consumed him too much. Seeing that the little master of the blood clan blocked his own attack, even he showed a startled look on his face. But now he has inspired all means, and his strongest attack is still blocked?

The little master of blood clan is just the cultivation of eight layers of heaven!

However, ye Chen's look is still the same. The blood demon sword moves, and he will attack again.

Since there is no one to kill, cut him to death!

Ye Chen's eyes are full of cold killing intention. No matter what kind of blood clan you are, if you dare to fight his friends, you must pay with your life!

He sneered at the little master of the blood clan and said, "now, do you understand who is stupid? "Powerful" - blood clan? "

The little master of blood clan's face changed wildly, and he called out: "stop him for me!"

Then, the whole body blood light together, under the fog package toward the distance to quickly flee!

However, the two consanguineous attendants were hesitant. They were seriously injured, and ye Chen showed enough strength to make them tremble. If they tried to stop Ye Chen, they would surely die!

Ye Chen's body moved and used a hundred steps to attract electricity, which instantly turned into a golden thunder light and chased after the little master of the blood clan. He said in a cold voice:

"why? Powerful blood clan, to deal with a wounded Terran, still need help?

However, your helper seems to be very afraid of death. In the face of this weak Terran, he doesn't even have the courage to stand up?

And you, how did you start to run away? Shouldn't you just crush me? "

In the face of Ye Chen's ridicule, where does the little master of the blood clan care about it? Seeing that the two attendants are indifferent, secretly scolding a waste, they suddenly face a cruel color.

He looked at the position where the two attendants were. His eyes flashed with blood, and he said in a low voice: "Heaven blood forbidding curse!"

"Ah, ah, ah!" The two attendants roared in pain. From the time they were loyal to the family of the little master of the blood clan, powerful prohibitions were engraved in their bodies, so that they could not disobey the master's orders.

Now, because of a moment's hesitation, the little master of the blood clan launched the forbidden curse without hesitation!

They looked at the little master of the blood clan and growled: "you are cruel! We won't let you go, even if we are out of our wits! "

This day, the ghost forbidden mantra is launched, which can enhance the ability of those who are forbidden by planting for a short time.

However, this cost is to burn their spirits. Once the incantation is launched, there is no room for reversion. The spirit of the cursed will burn out in pain. Even if they succeed in defeating the enemy, in the end, they will only end up in a desperate situation, leaving a body that can only be manipulated by others. It is extremely cruel!

They had already decided to fight for the chance to escape temporarily even if they sacrificed themselves. But I didn't expect that the little master of the blood clan had no mercy to directly stimulate the blood forbidden mantra in their bodies!

The two attendants stood up in the pain of the roar, rushed to Ye Chen, the body surface that shocking scars, even visible to the naked eye quickly healed!

Moreover, the speed has also greatly improved, in the face of the two fierce breath towards himself, ye Chen frowns and stops.

Even he couldn't completely ignore the two attendants who launched the attack under the heaven blood forbidden spell, and could not continue to pursue the escaped young Lord.

And the blood clan little Lord, in this moment, has turned into a gray shadow, toward the end of the line of sight.

Ye Chen takes a pill and stands with his sword. Now, he has almost suppressed the power of the powerful attack.

The two consanguineous attendants have completely lost their senses, leaving only the idea of destroying Ye Chen, and they attack Ye Chen directly regardless!

Ye Chen's eyes congealed. The golden awn and magic Qi on the blood demon sword flashed. His body was like thunder, and he was charged with electricity!

"The ultimate golden evil spirit three companies!"

Ye Chen's low drink reverberates everywhere. The power of the six divine Kings is accompanied by Ye Chen's action. The sword breaks the heaven and earth and annihilates the wind and cloud!

Ye Chen's body shape flickers, and his sword is crazy. Even though the strength, speed and physical strength of two irrational blood clans are unable to cooperate with each other due to their unconsciousness, they are completely suppressed by Ye Chen.

At the same time, the little master of the blood clan was flying in the secret place, and suddenly fell on a hill, in which there was a bloody array.

The little master of the blood clan fell into the array, and a trace of hesitation appeared on his face.

Chapter 1849

In fact, after he was trapped, all kinds of monsters in the secret realm were born out of his blood and cultivation.

Now that he is out of trouble, he can communicate the energy in these monsters with the help of the mysterious array, and refine the blood and spirit of the monsters together and feed themselves.

In this way, his cultivation may be completely restored.

However, the spirit of the monster is still in a violent state. In this state, if it is refined and absorbed, it can be done, but only a small part of its strength can be tolerated. Moreover, affected by the violent soul, the absorbed power will not remain in its body for a long time.

This is undoubtedly a great loss to him.

However, at the thought of Ye Chen's ridicule, the little master of blood clan finally made a decision.

"It's better to refine one tenth first. As long as the cultivation level is raised to the level of half step star orifices temporarily, it should be enough to kill the Terran mole ant."

His ferocious face showed a trace of sneer, soon, he will let Ye Chen experience what is real fear.

When Wu's body is in danger of death, he is forced to defend himself from the sky. He is forced to defend himself from the death of Xingren.

Ye Chen takes several pills of pills to restore his spiritual power into his mouth. He sits on the ground and refines the medicine in a hurry. After a moment, when the strength recovers a little, he stands up and looks at the escape direction of the little master of the blood clan. He will continue to pursue the little master of the blood clan.

But all of a sudden, ye Chen seems to have sensed something and his face changed.

After the death of the two consanguineous people, a strong blood gas burst out around them.

If the blood gas is put in the past, it will be absorbed by the blood dragon deficiency shadow.

But since the blood dragon disappeared in Lingxian mountain, there was no news.

The blood gas should not be absorbed.

But this time, it is crazy to rush into the body, into his sea of knowledge.

In knowing the sea, he faintly heard the voice of the blood dragon's virtual shadow.

Gradually, he found that the sea of knowledge has become a part of the incomplete picture!

"Is this the message that the blood dragon left before it left?"

"Only by absorbing strong blood can we gather a complete picture, and the blood of blood clan is just right for it!"

"If I kill the little master of the blood clan, does it mean that I can get the information left by the blood dragon?"

"But why did the blood dragon do this? Why don't you just tell yourself? Are you afraid that the master of Lingxian palace will notice it

Before ye Chen clears his mind, the sound of countless monsters' pain roars in his ear, and the rivers of blood hang upside down in the air, converging in a certain direction.

"Not good!" Ye Chen murmured and flew to the place where the blood River converged!

Soon, he saw a figure floating over a small hill. There was a bloody array on the hill, which was emitting strange blood light. Countless blood gathered among them, and turned into a very pure energy to infuse into the blood clan young master's body!

He felt that his strength was gradually recovering. Suddenly, he opened his eyes, looked at the direction of Ye Chen's flying, and sneered, "it's good. I don't have to look for you again."

Feeling the breath that the little master of the blood clan is climbing rapidly, ye Chen's face suddenly becomes extremely ugly. If the other party breaks through the boundary of the star body, he may not have a chance to win. After all, the king beast spirit God has fallen into a deep sleep and can't use his power.

The blood color array under the little master of the blood clan suddenly dimmed and stopped absorbing the spirit of the demon blood. The little master of the blood clan suddenly stretched out his finger and pointed at Ye Chen a little farther away.

A suffocating force condenses around Ye Chen, and a little blood light emerges, turning Ye Chen into a blood color boundary!

"The power of boundaries?" Ye Chen looked around the rich blood light, heart suddenly sink to the bottom.

The force of the boundary is the symbol of the star orifices.

At least half a step into the starhole.

The little master of the blood clan trapped Ye Chen with the blood color boundary, but he did not immediately launch an attack. Instead, he slowly flew to Ye Chen with a look of contempt on his face. He sneered at Ye Chen and said, "do you know who is stupid before you asked me? Now, what do you think? "

Ye Chen stares at the little master of the blood clan in front of him, and suddenly his face moves. His powerful mind faintly perceives the power of this realm. There is a trace of vibration, which is not very stable. The breath of the little master of blood clan is constantly fluctuating. It seems that the power in his body can not be completely controlled by him and is breaking away from his bondage!

Seeing ye Chen's silence, the smile on the young master's face was deeper, and he continued: "why don't you speak, waste? Didn't you just be arrogant? Continue to be arrogant? Why, can't you say it? "

Ye Chen gazed at the little master of the blood clan, and suddenly uttered a sneer: "Tiao Liang clown, how did he forget how he ignored the curse of his subordinates, and let them stop me and run away like a dog?I just barely raised my accomplishments to half step star orifices. I really think you can crush me

"It's just that I lost contact with the blood dragon. I need your blood."

The blood clan little Lord's eyes were congested, and he was furious in an instant. He didn't expect that ye Chen would not yield when he arrived at this time?

Dare to speak to ridicule himself, shouldn't you kneel down and beg for his forgiveness?

Thinking that he had sacrificed two of his men to escape from this half step human mole ant, the little master of the blood clan seemed to be trampled on his tail, and he was very angry.

But soon, he calmed down and sneered at Ye Chen and said, "good, very good. Even now, you dare to speak hard. If you can crush you, you will soon know!"

He suddenly raised his hand and patted Ye Chen with his palm. This palm, in the blood color boundary, seemed to be the whole sky, pressing directly towards Ye Chen!

Ye Chen pupil contraction, this palm, really like a whole sky in general, let life out of a kind of irresistible sense of powerlessness.

Is this the terror of the other side?

Looking at Ye Chen's appearance, the little master of the blood clan laughs wildly: "you are not strong in flesh, can you resist it? You keep fighting? How can you resist my almost starhole strike

Ye Chen's muscles are bulging, burning blood formula and God demon reincarnation determine the limit far, the blood in the body, as if to boil in general.

The blood devil sword in his hand moved, and the golden light broke out. With one sword, he chopped at the bloody palm!

There's a big bang!

The whole realm trembled slightly under this sword. Rao was full of confidence in his palm, but he was shocked.

Chapter 1850

Ye Chen's sword is so amazing that it shakes his blood boundary. This is the real power of the boundary!

It can be said that there is a qualitative gap between the attack and the attack of the creator. The ordinary creator of chemical weapons is simply wishful thinking to shake this realm!

However, his state is not stable, and the actual giant palm should be in the half step star orifices.

But half step star orifices and half step syncretism are two big realms!

However, now his power of boundary was shaken by a half step Taoist martial artist!

However, even so, ye Chen's knife did not break the bloody giant palm. The terrible giant palm slapped on Ye Chen's body!

"Immortal body!" Ye Chen has a sharp pain all over his body and gnaws his teeth to resist in order to dissolve the power of the attack.

Even so, just for a moment, ye Chen's whole body was patted on the ground by the giant palm.

Roaring huge noise, the ground was suddenly Ye Chen's body hit a very deep hole.

Ye Chen's body is inlaid in the bottom of the hole, and his whole body is bloody and fleshy. He is actually in the attack of the little master of the blood clan and falls into the brink of death!

Looking at Ye Chen's tragedy, the little master of blood clan finally breathed a sigh of relief. At the same time, his heart was extremely happy!

He looked at Ye Chen and knew that ye Chen was not dead. He continued to sneer: "what? Can't you carry it? Mole ants are mole ants. I haven't started to exert myself!

Sure enough, the lower Terrans are vulnerable

Seeing ye Chen didn't respond, he slowly raised his hand and said with a smile: "garbage, I'll find that Terran woman. When I'm tired of playing, I won't let her go. Instead, I'll torture her with the most cruel means!

It's all your fault! It's because of you that she's suffering like that! "

Hearing the words of the little master of the blood clan, ye Chen at the bottom of the cave moved for a moment, as if responding to the words of the little master of the blood clan.

The little master of the blood clan looked at the proud son of heaven who had just made great achievements. At this time, he came to such an end, and his face was full of evil smile.

The blood light began to condense slowly in his palm. The little master of the blood clan thought regretfully that if the energy he absorbed was not stable enough, he would soon fall back to the original state. He really wanted to find Wu Xinger and humiliate Ye Chen in front of him, so as to torture Ye Chen for pleasure.

Boom, another big bang.

Once again, the bloody giant palm slapped on Ye Chen's body. The originally deep hole was twice as deep, and the smoke and dust were rolling up!

Blood clan little Lord eyebrow tip a pick, ye Chen suffered his half step star orifices state two attacks, unexpectedly has not died?

This physical strength is really against the heaven. Even with the knowledge of the little master of blood clan, I have never seen such a strong body in Ye Chen's realm.

However, he believes that ye Chen's current state has not threatened him. Even if he falls back to his original state, he can easily kill Ye Chen.

But for the sake of safety, or directly crush Ye Chen into nothingness.

The blood light in his hand condenses again. At the same time, the breath on his body also begins to weaken. With one after another, the unstable energy will begin to dissipate.

Boom, another palm, dust.

When the dust disappears.

A figure actually slowly stood up!

Unyielding!

Immortal!

What is divine body, immortal!

The little Lord of the blood clan was stunned. In this state, he suffered another attack, but he didn't die?

Is this really human? Can be compared with those legends of the real spirit!

At this moment, the cultivation of the blood clan young master has fallen by half. However, he doesn't care much. After killing Ye Chen, there is nothing in this secret place that can threaten his existence.

Moreover, soon, he will be able to absorb all the remaining monsters and recover their strength.

The blood light in the blood clan young master's palm condenses again. He believes that this strike can definitely kill Ye Chen.

But when he was ready to start, not far away, suddenly sounded a shrill female voice!

Wu Xinger looked at the injured Ye Chen and cried: "brother Ye!"

When she woke up, she waited for ye Chen in the cave where ye Chen hid her. However, ye Chen didn't come back for a long time, which made her worried. Just now, after feeling the terrible attack of the little master of the blood clan, she could not help but rush to the direction of the attack.

Hearing Wu Xinger's cry, ye Chen at the bottom of the cave raised his head slightly.

Laughing.

The little Lord of the blood clan slowly put down his hand, and a very evil smile appeared on his face. This is the chance that heaven has given to torture Ye Chen. He can't let go of it.

All of a sudden, the little Lord of the blood clan waved to Wu Xinger not far away. Immediately, Wu Xinger turned crazy and turned into spiritual resistance. She was still bound by powerful forces in an instant and could not even self explode.

The little master of the blood clan took Wu Xinger's body in front of him and mocked Ye Chen: "Ye Chen, I'm going to fight your woman now. Why are you still lying on the ground and pretending to be dead? Are you still not a man? You see, how sad and frightened this human woman is crying?"

How disappointed your woman is to be a shrinking turtle? Ha ha ha ha ha

The remnant body at the bottom of the hole suddenly and violently vibrates and creeps slowly along the hole, as if it is really about to climb out of the hole.

Looking at Ye Chen's embarrassed appearance, the little master of blood clan laughs again. He embraces Wu Xinger's delicate body and flies to Ye Chen's body.

At this time, the cultivation of the little master of blood clan finally fell.

Bang a light sound, at the same time that the little major of blood clan falls, ye Chen suddenly disappears.

It's like nothingness.

Seeing this, Wu xing'er suddenly looks pale, her eyes are lost, and she is completely desperate.

The little master of the blood clan was stunned. He snorted bitterly and said, "waste, are you dead so soon? What a disappointment

He hasn't, insulting Ye Chen enough!

But at this time, the land behind the little master of blood clan suddenly sent out a strange sound! As if something was breaking through the ground!

The voice of a young man with extreme cold reverberates behind the little master of blood clan.

"Oh? What if I'm still alive? "

It's Ye Chen's voice!

Wu Xinger's eyes, all of a sudden, ye Chen is not dead!

The little master of the blood clan turned back with an unbelievable look on his face. He looked at Ye Chen, who was holding a blood magic sword behind him, and had no trace of scar on his whole body. He yelled in horror: "impossible! You can't be alive! It's impossible to have no injury at all! "

The blood demon sword moves. At such a close distance, ye Chen uses the electric body method of one hundred steps. Under the great trembling of the blood clan's little master, he doesn't respond for a moment.
