

Physician 1861

Chapter 1861

At the same time, ye Chen's side.

Even if they take a space boat, it took them some time to come to lingxuan City, which is located in Lingwu land.

Several people had just stepped off the boat, and Yin Ming, wearing a mask, suddenly stood in front of Ye Chen and said, "OK, now that you're off the boat, you can compete with me! Don't say, you are a coward who is afraid of women

Ye Chen looks at Yin Ming, who is full of serious color, and can't help but show a wry smile.

These days in the boat, the girl has been pestering him to duel and duel every day, and has been prevaricated by him for various reasons. Now, even after getting off the boat, she still does not want to let him go.

He looked at the dark night as if he had asked for help, but what surprised Ye Chen was that the dark night, which had always been serious, did not seem to have heard Yin Ming's words, and turned his head elsewhere

Ye Chen sighs, it seems, even if it is the night, also take this special identity girl has no way.

"Hello See ye Chen silent, Yin Ming discontentedly called out, "are you ready?"

Ye Chen is naturally not afraid of Yin Ming. To be honest, if he had just returned from the martial arts meeting in the land of seclusion, Yin Ming might have threatened him.

But now, even if Yin Ming has already created nine layers of heaven, ye Chen only needs more effort to win her.

However, ye Chen did not have any intention to compete with her, because there was no need.

He has no interest in cooperating with such a girl, nor is he interested in proving what he is strong or weak in front of such a girl. When he gets to the dragon race, everything will naturally come to an end.

However, this girl is not so easy to kill

Ye Chen suddenly had a flash of intelligence and said with a smile to Yin Ming: "do you really want me to compete with you? I'm not sure I won't hurt you? If you are injured, how can I tell elder yin? "

Yin Ming's cold eyes appeared and sneered: "ha ha, if you can hurt me, even if you can do it, I Yin Ming is not that kind of greenhouse flower that needs the protection of my grandfather. You can rest assured that even if I die, I will never let my grandfather investigate your responsibility!"

"Oh?" Ye Chen faint smile: "that is good."

Yin Ming looks at Ye Chen that indifferent smile face, in the heart is not willing and angry then more and more thick.

She is a proud woman, so what she hates most is that others take her grandfather out to talk about things!

Ye Chenyue said that, the more she was not satisfied. Ye Chen's cultivation was obviously so low. Why even grandfather seemed to think that he was better than himself!

She won't accept it!

All along, she wanted to prove herself and catch up with her brother. However, the arrival of Ye Chen was like a big stone pressing on her heart.

Let her feel that she is more and more distant from her brother

Even, she has a kind of feeling that makes her have some fear, that is, even ye Chen, will slowly shake her off!

Therefore, she must defeat Ye Chen face-to-face. She must prove that she is stronger than ye Chen!

She looked at Ye Chen coldly and said, "now, can you compete with me?"

Ye Chen still chuckled and shook his head.

Yin Ming's eyes changed and her voice was completely cold. "What do you mean? Are you really so weak? You can be my secret disciple of xuanyue sect. You are not that kind of rubbish? "

Ye Chen frowns, Yin Ming's words, some harsh.

He looked at Yin Ming faintly and said, "what's the advantage for me to compete with you?"

"Good?" Yin Ming looks at Ye Chen's eyes more and more disdainful. What's the benefit of the duel?

Why is this man so snobbish?

I don't know how old man Bai and grandfather like him?

"What benefits do you want? Pills? The war of time and space? " Then Yin Ming suddenly turned her hand, took out a dagger and said, "my dagger is a war of time and space. If you win, how about I give it to you?"

Ye Chen shakes his head: "I don't need these things, what I want..."

He said with a playful smile: "what I want is to see your face. I'm not interested in fighting with people who dare not show their true appearance."

This speech, not only is Yin Ming, even the night, is a change in complexion.

After all, Yin Ming has been covering the mask, and the mask is extremely strange, can not see through.

This time, even ye Chen is a little strange, Yin Ming even if, why the night, is such a reaction?

He knew that since Yin Ming had been wearing a mask to show people, there must be some reason. Therefore, he wanted to pass this request and let Yin Ming retreat.

Yin Ming's eyes suddenly become complicated, angry, hesitant, at the same time, there is a trace of Shy?

All of a sudden, Yin Ming's eyes calmed down, and she said with a strange smile to Ye Chen: "OK, I promise you, but now even if you want to refuse to compete with me, you can't refuse."

"Cang'er's pupil shrinks at night."But suddenly thought of something, showing a wry smile, did not go on.

"What?" Ye Chen looks at the dark night.

Cangye shook her head and said, "Ye Chen, when Yin Ming was born, elder Yin Taishang asked a great master to tell her fortune. The great master said that Yin Ming had a destiny, and he must follow the man who saw her face for the first time after she was seven years old.

Therefore, since she was seven years old, she has been wearing a mask and has never shown her true face. "

"But even so, in order to prevent accidents, Yin Ming once swore with Dao Xin that if anyone saw her appearance, she must be willing to follow, even the servant girls and subordinates. Otherwise, even if the person saw her face, she would choose to kill him or commit suicide."

"And in order to eliminate the harassment of those favored by heaven from all major sects, Yin Ming once again vowed to anyone who asked to see her.

She will also treat them as if they are fighting against themselves. After all, if Yin Ming is seen, her life will be in danger according to her vow.

Ye Chen gave a bitter smile. He didn't expect that he wanted to get rid of the trouble, but it led to a bigger trouble.

But now, he has to accept Yin Ming's challenge. If he still refuses Yin Ming's request, he is against her Daoxin's oath. In order to protect Daoxin, Yin Ming can attack him recklessly.

He finally nodded and said, "OK, but after all, this is not a suitable place. Let's do it outside the city."

Yin Ming snorted coldly and went out of the city first.

The dark night suddenly and seriously said to Ye Chen, "Ye Chen, although Ming'er is capricious, her nature is not bad. You must not deliberately lose to her, or she will hate you..."

Chapter 1862

Cangye can also be regarded as watching Yin Ming grow up. In his heart, he has always loved this little girl, but he knows that Ye Chen will never lose to Yin Ming.

Then according to the mandate of heaven, Ye Chen is Yin Ming's follower. As for whether he is a servant girl or a subordinate, it doesn't matter.

In his opinion, ye Chen is a person worthy of trust.

Ye Chen brows a frown, after a moment, or to the dark night nodded.

On a stone mountain outside lingxuan City, three figures appeared.

When he stood at the top of his mouth, he began to feel the accident

With the fall of the night voice, Yin Ming's hand turned, two time and space army daggers fell into his hands, the shadow of the stone mountain, with the disappearance of Yin Ming, began to shake slightly.

With a flash of purple light in ye chenmu, Yin Ming's body method is extremely fast. Moreover, her spirit body seems to be related to shadow. With the rapid body method, ordinary people can't find her at all.

However, for ye Chen, it is nothing.

At the moment of Yin Ming's disappearance, ye Chen also moved. Unlike Yin Ming, ye Chen did not disappear

Instead, the incarnation became a golden thunder that covered the whole mountain on the mountain!

Even in the quiet night, when I saw this scene, I couldn't help but exclaim, "what's the point? How can you practice the body method of surveying against the sky

In Yin Ming's opinion, it is a complete shock!

She has always thought that her body method has no rival in the realm of nature, especially when she has successfully reached the nine levels of heaven in the realm of nature, and immediately begins to enter the state of half step star orifices.

But now! In the face of a half step in the face of the opponent, she is completely unable to keep up with each other!

Ye Chen's speed is even more terrifying than her!

How could that be possible?

She has a unique spirit of shadow. She acts like a shadow. She has learned strong body method since childhood. How could she lose to Ye Chen in speed?

She clenched her teeth and finally gave up catching up with Ye Chen.

But the whole body breath together, behind her, condenses a shadow general fuzzy figure!

Yin Ming's two swords of the war of time and space in her hands emit a faint light at the same time. The dim figure behind her seems to hold the two daggers. With Yin Ming's action, she slowly cuts towards the golden thunder of Ye Chen's incarnation!

As the dagger fell, Yin Mingjiao drank: "the way of shadow, divide the light blade!"

Ye Chen's body is stagnant, and his pupil shrinks. An invisible pressure suddenly covers his whole body. At the same time, there are two cracks in the space in front of him. This light splitting blade has the ability to tear the space and directly lock the target!

After Yin Ming used the light splitting blade, her chest fluctuated constantly. Obviously, the consumption of this move was not small.

However, she looked at Ye Chen, but in her eyes it was gratifying. Although speed is one of her strengths, her real bottom card lies in her attack!

No matter how fast you are, I can hit you!

And the power of this knife, she also has considerable confidence!

Ye, maybe you are better than me in speed, but you are not my opponent!

However, when she saw that ye Chen was still indifferent even though she was locked by her attack. When she turned her hand and held the blood magic sword, she somehow felt a bad feeling in her heart.

"I fight you with the two blood essence melted by Jiuyou today. It's really spiritual."

Ye Chen's body shape changes in an instant, and his momentum keeps rising. Behind him, he shows a majestic animal figure, like a white tiger, with the characteristics of a unicorn.

The shadow of the animal passed away in a flash, and at the same time, a virtual image emerged, containing infinite power in the arm!

"Break it for me." Ye Chen quietly whispered, the blood magic sword in his hand seemed to be cut out at will.

At the next moment, the boundless golden awn flooded the whole mountain, and the huge explosion spread to the surrounding areas. As soon as the dark night lifted its hand, it suppressed all the aftershocks of the attack.

The light dissipates in an instant, and ye Chen, at the center of the light, is even undamaged under Yin Ming's attack!

On the contrary, he walked slowly towards Yin Ming.

He broke one of Yin Ming's strongest attacks with one sword at will!

Yin Ming, though not in close combat with Ye Chen, has broken the light of her attack. Under the shock of attack, she also suffered internal injuries, with blood on her mouth and dripping along the mask.

She looked at Ye Chen in disbelief. How could it be?

How did he break his own attack?

He is just a half step road, how can he have such a strong strength!

Is it true that this disgusting man is better than himself?

No! impossible!

The perplexity in Yin Ming's eyes dissipates. Looking at Ye Chen, she doesn't retreat at all. On the contrary, in her beautiful eyes, a stronger sense of war is burning up! Ye Chen looks at the change of Yin Ming's eyes, showing a trace of appreciation. At the moment of Yin Ming's eye change, he appears with thunder all over his body, and suddenly appears behind Yin Ming and cuts her with a sword!

At the same time, the tiger god evil spirit and the Kirin evil spirit are launched together!

The power of the six gods and Kings also gather in the whole body!

Yin Ming's divinity is protected by Yin Che. Although the tiger spirit can't really hurt Yin Ming's spirit, with the cooperation of God's blood, it can temporarily suppress Yin Ming's mind.

At the same time, with Qilin Sha, the spiritual power in Yin Ming's body was banned!

This is one of his latest killing moves, which ye Chen named Lingsha combo.

Although, he can simply defeat Yin Ming, but in order to respect the other party, he still used this move to attack her. By the way, he also tried the effect of this move.

Yin Ming fell into a momentary loss of consciousness. However, Yin Ming is indeed a genius. In the aspect of combat, she has a talent beyond imagination. Just when she fell into a trance, her fighting instinct mobilized her body to fight back!

However, even so, it is still useless! Because even the spiritual power in her body was temporarily banned!

When ye Chen thinks that when this battle is over, there is a sudden change!

Yin Ming's mouth suddenly uttered a murmur of unknown significance. Her eyes glowed with red light, and countless shadows poured out of her body, wrapping herself and ye Chen together!

A kind of Yin cold feeling, suddenly diffuses in Ye Chen's body, he looks one Lin, this is how to return a responsibility!

He should have temporarily deprived Yin Ming of his divine power and spiritual power. How could this happen?

Body protector? If it is a holy weapon, it should only protect Yin Ming's ability, but not attack him.

Is it the hidden power in Yin Ming's spirit?

This power, even let him feel a trace of threat!

Chapter 1863

Feeling that the shadow is oppressed by himself, ye Chen no longer hesitates. The golden light on the blood demon sword breaks out, and he cuts his sword on the shadow!

There's a big bang!

The seemingly thin shadow persisted for several seconds in the sword light of Ye Chen. Finally, it was unbearable, and the cracks appeared, and then it was completely broken!

Yin Ming, however, fell to the ground powerlessly. However, a necklace on her chest flashed, and a faint light melted into her eyebrows, making her not completely unconscious.

Ye Chen puts the blood demon sword away and reaches out to help Yin Ming up.

While Yin Ming looks at Ye Chen with complicated eyes. Although she doesn't want to admit it, she knows that ye Chen's strength is far more than her own, and the loser is her.

"Are you all right?" Ye Chen sees Yin Ming look trance, ask suddenly.

Yin Ming shook off Ye Chen's hand and said coldly, "if you win, I will take off my mask according to the agreement.

However, do not think that I will follow you for this. Even if there is a destiny, as long as it is not the person I obey, even if it is death, I will not yield! "

Ye Chen showed a helpless smile on his face. He was too lazy to say anything more. He turned around and left, and said faintly, "you think too much. In fact, I don't care what you look like. I asked you to take off your mask before, but to get rid of your entanglement."

Hearing this, Yin Ming's hand stretched out to her mask was frozen in the air. She looked at Ye Chen, who was walking slowly down the stone mountain. Suddenly, she felt strange emotion in her heart.

Don't want to see yourself!

How dare he say that!

Yin Ming clenches her teeth and stares at Ye Chen's back. For the first time, she wants to take off her mask in front of the opposite sex. Unexpectedly, she is rejected!

She suddenly has an impulse, catch up with Ye Chen, take off the mask, and then hold his head, forcing him to look at himself!

However, just when her feet were just raised, Yin Ming's eyes trembled.

Is this not like forcing Ye Chen to look at his face and tell him that he wants to follow?

Damn it!

Yin Ming's pretty face under the mask was red, secretly scolded himself how could he have such a shameful idea, and said to Ye Chen, "don't be complacent! Sooner or later, I'll beat you! "

Ye Chen back to her, languidly waved his hand and said, "Oh, I'm waiting for you."

Seeing ye Chen's attitude, Yin Ming stamped her foot fiercely and went down the mountain from another direction.

Only the dark night shook her head helplessly and walked towards the direction of Yin Ming's departure. Although there was no danger in this lingxuan City, he was still worried about what the wayward girl would make when she was in a bad mood after being defeated by Ye Chen.

The next morning, cangye took Ye Chen and others to the outside of lingxuan City, a sea area shrouded in thick fog. He took Ye Chen and Yin Ming and flew deep into the sea. After a long time, cangye suddenly stopped.

Ye Chen glanced around, into a vast white fog, no discovery, can not help but slightly frown, do not understand why the night suddenly stopped.

Dark night looks a little dignified, he suddenly raised his hand, a red sword emitting terror waves appeared in front of him.

Ye Chen's eyes narrowed, and the sword was an artifact beyond time and space!

Even the level is close to the real artifact!

The weapon levels of Lingwu continent are spirit weapon, immortal weapon, divine king weapon, Hunyuan immortal weapon, Hedao immortal (divine) weapon, time and space weapon, artifact, true artifact, and even holy weapon!

What on earth is there that needs to let the sky like Cangye exist and sacrifice artifacts?

At the next moment, at night, he raised his sword finger, and at a little bit of the red sword, the sword made a clear sound and rose to the sky, turning into a red competition.

Towards a few people in front of the thick fog cut away.

With a slight click, this powerful blow is enough to destroy the space. It seems to break the invisible barrier. In the originally empty sea of fog, a colorful vortex suddenly appears.

The whole body of the dark night, with Ye Chen and Yin Ming, instantly rushed into the colorful whirlpool.

Ye Chen felt a dizziness in his brain. After a moment, he regained his consciousness. He raised his head and swept his eyes around him. He couldn't help but shrink his pupils!

Where is the fog in front of you?

Even, they have been out of the sea, to a piece of ground.

Ye Chen takes a look around. At this time, they are on a piece of sand. The sand under their feet is like the Golden Sands ground by gold, shining and emitting a high aura.

It seems to be sensing the arrival of several people. Soon, a middle-aged man with white robes fell from the sky and came to them with a laugh: "ha ha ha, brother Cang, you are here at last."

Ye Chen has always been seen. He is wearing a moon white Taoist robe with a flame like pattern embroidered at the neckline. At the same time, he exudes a deep breath, which is not under the dark night.

Ye Chen heart a Lin, this person is not the legendary Shenhua Academy of people?Dark night rare smile way: "Huang elder brother, long time no see."

Then he turned to Ye Chen and Yin Ming and said, "this is Huang Rushan of Shenhua Academy."

Ye Chen and Yin Ming saluted and said, "I've met master Huang."

Huang Rushan nodded with a smile, glanced at Ye Chen and said to cangye, "brother Cang, the disciple of xuanvezong in this competition is very good.

I hope some of them can successfully pass the Shenglong Dabi.

Well, you can come with me to the meeting

Under the leadership of Huang Rushan, ye Chen and his three men soon came to a valley. At this time, the valley was full of people. The strong men of various schools led the talented disciples of their families and were communicating with each other and measuring the strength of each other's disciples.

How many disciples of a sect who take part in the contest often indicates the future development of a sect.

Huang Rushan led Cangye and others through the crowd and walked toward the deep valley. The first-class forces and super first-class forces, as well as some hermit warriors who were detached and did not belong to any forces, were gathering there.

Even deeper, there are several top forces in Lingwu mainland.

However, the top forces have a special status and naturally keep a distance from others.

As the footsteps of several people gradually go deep into the valley, the noise gradually fades away. After they pass through a narrow corridor, they suddenly see a bright light in front of them. Ye Chen's eyes flash. In the deep valley, there is a beautiful place like a paradise!

Huang Rushan said with a smile: "The name here is Yinxianlin. The scenery is quite good. You can rest here first. I have something to do. I have to go first."

"Thank you for your guidance."

Huang Rushan, smiling and waving his hand, went out to the valley.

At this time, there are already several people in the leading fairy forest. Ye Chen's eyes are swept, but he is slightly stunned. Because, he finds that there are many acquaintances in the leading fairy forest!

Chapter 1864

Not only is Ye Chen looking at the people in the valley, in the moment Ye Chen several people appear, they have several eyes to them.

A red haired old Taoist suddenly gave out a hearty smile and said, "Lord Cang, I haven't seen you for a long time."

With that, he took two young men dressed in Taoist costume and walked towards the dark night.

Cangye said to Ye Chen and Yin Ming, "this is the leader of the Lingxiao school."

The two sides met each other. A young man behind the leader of Zhao suddenly said with a smile to Ye Chen: "long time no see, brother Ye."

This is Zhao Lingxiao!

Ye Chen looked at Zhao Lingxiao with a smile and said, "long time no see."

In his heart, he was also a little surprised. At this time, Zhao Lingxiao's cultivation made him unpredictable!

Just as ye Chen's voice just fell, the Taoist youth beside Zhao Lingxiao sent out a scornful sneer and said, "Zhao Lingxiao, this is Ye Chen?"

I heard from you that his talent is better than you. Originally, I still had some expectations. How could I expect that he could only achieve half step harmony in Taoism?

How could you lose to such a man? "

As soon as the young man said this, the headmaster Zhao was slightly heavy and said, "Zhao Linghuang, don't be rude!"

With the murmur of headmaster Zhao, many people looked to this side. Suddenly, a tall man with a long beard suddenly separated from the crowd and came to this side with a two meter tall bald young man with steel like ancient copper muscles.

He laughed and said, "Oh? Is it leader Zhao and leader Cang? What's the matter with you? "

As soon as this person appeared, Cangye and Zhao's pupils shrank. They looked at him with solemn eyes.

The dark night said to Ye Chen and Yin Ming, "this man's name is Xing Shan. He is a member of the Xing family in the ten deserts on the Lingwu continent."

When Ye Chen hears the speech, he looks at the Xingshan mountain, and gradually becomes more and more dignified. His breath is so vast that he feels extremely oppressed. His cultivation is still on the dark night!

Then Xing Shan came to Zhao and asked, "master Zhao, what's the matter?"

Headmaster Zhao frowned. He was obviously disgusted with Xing Shan's nosy attitude. However, after a moment of silence, he replied: "nothing. I'm young and frivolous. I'm crazy about xuan yue zong's disciples. Zhao taught him a lesson."

"Oh?" On hearing this, Xing Shan looked at Zhao Linghuang with interest and asked, "boy, why are you rude to the disciples of xuan yue zong?"

Even in front of the Xingshan mountain, Zhao Linghuang was very arrogant and unconventional. He looked at Ye Chen and said with a sneer:

"it's nothing. It's just that my younger brother Zhao Lingxiao had some festivals with the disciple of xuan yue zong called Ye Chen. He also made up his mind to challenge him, which made me look forward to him.

As a result, when I saw such a product, I was inevitably disappointed, so I said what I said in my heart. However, I don't think it's rude. To tell the truth, is it also disrespectful? "

Zhao Linghuang's attitude of not paying attention to Ye Chen at all, not to mention his master, Zhao's face became more and more ugly. Even Zhao Lingxiao looked at him with anger when he heard his words like this.

However, this Zhao Linghuang, or a pair of indifferent appearance.

Ye Chen looked at Zhao Linghuang in a funny way, but his eyes were cold.

After listening to Zhao Linghuang's words, Xing Shan burst out laughing. He patted Zhao Linghuang on the shoulder and said, "OK! Young people have personalities!

As a matter of fact, every time we gather here in Yinxian forest, we will play some colorful things before the formal start of the Dragon ascending contest. Since there is a grudge between the disciples of both sides, it is better to start with Lingxiao sect and xuanyue sect? "

With that, he looked at Ye Chen with a pair of cow's eyes, flickering with curiosity.

To everyone's surprise, dark night, the leader of xuanyue, nodded his head without hesitation: "it's absolutely necessary."

Seeing this, leader Zhao glared at empress Zhaoling and nodded slowly. Since the dark night has agreed, it is impossible for him to show weakness in front of these forces.

With a smile, Xing Shan was very happy and said, "well, our first lottery is about to start! I'm going to be the judge. Do you have any objection? "

The people present were not higher than those of Xingshan. However, no one raised any objection. After all, behind the Xingshan mountain, there were ten barren Xing families.

Seeing that there was no objection, Xing Shan immediately went to an open space in the fairy forest. With a wave of his hand, four array disks flying out with strong fluctuations formed a semicircular light curtain on the open space, covering an area.

He said with a smile to Ye Chen and others: "OK, you come in. With me, the Four Saints' array, you can fight as much as you like."

Just as ye Chen was about to go forward, he suddenly felt a little sluggish. A white and slender plain hand grabbed the corner of Ye Chen's coat. Ye Chen was slightly stunned and looked back at Yin Ming behind him.

Yin Mingmei's eyes twinkled slightly and said, "you Don't lose, or I will lose face with you... ""And Be careful. I don't want you out before the game starts... "

Although she knows Ye Chen's strength is very strong, she is hardly a human being.

However, I don't know why, I still feel worried about him. Even Yin Ming feels strange. How can she worry about ye Chen?

Don't you hate this man?

He must have been worried that he would lose his face!

Ye Chen looks strange and looks at Yin Ming. Is this wayward girl concerned about herself?

Yin Ming is so looked at by Ye Chen. Mei Mou dodges. She loosens the corner of Ye Chen's clothes, turns her head and says angrily, "what are you looking at! Don't beat that arrogant guy! Otherwise, others think we xuanyuezong is afraid! "

Ye Chen said with a faint smile: "don't worry, soon, you will get the result."

Go to the array.

All of a sudden, ye Chen stopped, he felt something, his eyes toward a direction to see.

But it's empty.

This feeling is very familiar

It even reminds him of a man.

Lin Juelong.

Ye Chen shakes his head: "it seems that I have practiced too much. How can I have this illusion?"

With that, he was completely out of the array.

However, after ye Chen enters the array.

In the dark, a figure emerged, that is a young man with a cold meaning.

His eyes, very strange and dark.

Even the people around me dare not touch it.

Once touched, the face seems to be an endless abyss.

Young people wear masks and can't see their faces. The only thing that can tell their identity is a jade card hanging on their waist.

There are only two words on the jade card.

The hall of the soul.

"Ye Chen, long time no see."

Chapter 1865

"Ye Chen, long time no see."

At this moment, the man's eyes are full of cold and bloodthirsty.

For him, it's all caused by that kid that people don't have people and ghosts.

At that time, he just took away Jiang Peirong and ye Tianzheng at a small banquet in Jiangcheng, China.

They were ants to him.

He didn't pay too much attention to the waste falling into the lake.

But I didn't expect that the trash came back, and deprived him of everything.

His lofty life was lost.

At this time, an old man in black quietly came to Lin Juelong's side, took a look at Ye Chen's direction and said, "Jue long, don't expose your killing intention here. It will be very dangerous, understand?"

Lin Jue long was stunned and finally nodded: "elder, I know."

The black robed old man nodded and said in a low voice, "this time we come to the Dragon contest, there are more important things. Many forces are staring at that piece, but this thing must be taken down by our soul hall."

"No one is entitled to touch it!"

"Between the things you contributed to the soul hall, we will not treat you badly."

"The soul hall has already sent some people to the heaven and earth to try the plan. Before long, our soul hall will become the real first force in Lingwu land!"

"Ten thousand years later, even if the palace of juechan emperor, which is a flash in the pan in history, can't compare with our soul hall!"

With that, the old man in black disappeared.

However, Lin Juelong's eyes, only disgust.

Deep disgust.

In his eyes, the soul hall is certainly powerful.

But in the end it was just a springboard for him.

He is the only one who can enjoy the real secret he holds in Kunlun xuxue League!

.....

When ye Chen stepped into the Four Saints' array, Zhao Linghuang seemed to be impatient. He held his arms and sneered at Ye Chen and said, "if you are afraid, admit defeat directly. Why go so slowly and delay time?"

"Delay time?" Ye Chen smelled the speech and said with a slight smile: "have you made a mistake? I just want you to stand a little longer. After all, you are going to kneel soon. "

Originally some noisy crowd, suddenly quiet down.

Many of the disciples who took part in the contest were not optimistic about ye Chen. At this time, ye Chen even threatened to make Zhao Linghuang kneel down?

It really shocked them.

Even Zhao Lingxiao is a little nervous. Although he is a disciple of Lingxiao sect, he doesn't want Ye Chen to lose.

Because ye Chen has always been the goal he wants to surpass in his mind. He thinks that if ye Chen wants to lose, he can only lose to himself.

However, even if he knew Ye Chen's strength, it could not be as simple as it seemed. However, he did not think it was a good choice to challenge Zhao Linghuang now. The angry Zhao Linghuang was extremely terrible.

When Zhao Linghuang heard the speech, the blue veins on his forehead exploded instantly, and his eyes were staring at Ye Chen. When would anyone dare to talk to him like this?

What's more, ye Chen is still a piece of garbage in Daojing!

How dare you insult yourself in front of many forces in the Lingwu continent!?

Unforgivable, unforgivable!

"You." Zhao Linghuang said to Ye Chen coldly: "do you know what a stupid thing you did just now?"

"Stupid?" Ye Chen absentmindedly took out the ear way: "you mean, to now, still let you stand this matter?"

"You! meeting! Die

When he was insulted again, Zhao Linghuang couldn't help it any longer, and the genius who sensed his breath changed slightly.

Strong, very strong.

Even in the eyes of these geniuses, Zhao Linghuang is also an opponent that can not be underestimated. On the contrary, ye Chen has only half a step in the realm of Taoism

They looked at Ye Chen and even felt sympathy. Even if ye Chen had something special, he could not be Zhao Linghuang's opponent. In addition, he had humiliated Zhao Linghuang before, so the end would never be better.

And ye Chen, but still pale, even without a trace of fluctuation.

Zhao Ling Huang's back, emerged a road of virtual shadow, and in the moment of this virtual image, Zhao Linghuang's body, actually sent out a kind of King's breath!

He held a clean white jade sword in his hand and murmured, "the sword of breaking sin!"

With the words, he held the jade sword, cold front pointed to Ye Chen, the powerful sword idea burst out, and rushed towards Ye Chen!

Even Xing Shan, who had a high vision, showed his admiration for this blow. This sword can be traced back to ancient martial arts.

Although it is less than the charm of ancient times, it is not equal to the general martial arts.

In the hands of Zhao Linghuang, he has almost reached perfection. With his age, it can be said that he has enough proud capital to be able to use such sword techniques. At the same time, ye Chen finally moved. At the same time, he also had the blood demon sword in his hand!

For these geniuses, ordinary weapons obviously suffer a lot.

Blood magic sword is the most powerful weapon that ye Chen controls.

Moreover, he found that the Dragon ascending competition was all inclusive. Many people used magic swords, which was not a big problem!

Ye Chen moved, like thunder suddenly appeared, tearing the sky!

Ye Chen's body shape is twisted and turns into a golden thunder. With the intention of no match sword, he rushes towards Zhao Linghuang!

Looking at Ye Chen's action, Xing Shan's eyes changed and he called out in disbelief: "this body method..."

How could that be possible!

How old is Ye Chen? How old is Ye Chen? How can he have a chance to understand such profound martial arts?

Although it's hard to believe, Xing Shan knows that he will never be wrong.

Ye Chen's high-level body method is true and sincere!

A smile rose from his mouth. Sure enough, ye Chen did not disappoint him. How could it be so simple to join in the dragon race contest with half a step?

Seeing ye Chen's quick body method, Zhao Linghuang couldn't believe what he had seen. How could such a terrible speed be achieved by this humble waste?

This speed, even on their own!

Although Zhao Linghuang is not good at speed, as a rare genius of Lingxiao school, Zhao Linghuang's speed is not slow, even comparable to the general elders!

But even so, it can't compare with Ye Chen's speed!

However, Zhao Linghuang's reaction is extremely fast, the instant move a turn, Wupi sword intention Ye Chen incarnation of the thunder, swept away!

Although he is not as fast as ye Chen, it is quite easy to capture Ye Chen's figure.

At this time, ye Chen is tall, and the Qi of Geng Jin and evil Qi surround his whole body. Facing Zhao Linghuang's sword Qi, he cuts off with his sword, and the dazzling golden awn breaks out in an instant!

The whole ground vibrated strangely!

Chapter 1866

Although he can use Lingsha combo to win more easily, as one of his cards, Lingsha combo, as one of his cards, doesn't want to be exposed in front of other competitors of shenglongdabi.

"Kneel down for me!"

Ye Chen, to crush Zhao Linghuang with strength!

There's a big bang!

Even the protective light curtain under the array plate cloth of the best artifact level flickered slightly under the attack.

Zhao Linghuang, who was full of confidence, had a dramatic change in his face when the jade sword and the blood demon sword crossed in his hand!

He felt the great power of terror contained in the blood demon sword!

How could that be possible!

How can a half step Taoist martial artist have such a powerful force? It's impossible!

Zhao Linghuang roared wildly in his heart. His spiritual power was extremely working and his Dharma was shining behind him. However, he still could not resist Ye Chen's astonishing ultimate power!

Zhao Linghuang, as a whole, was kneeling on the ground under the power of blood magic sword!

Chen's, and not only continue to press down the leaf!

And Zhao Linghuang was trembling at this time, and it was obviously difficult to support him any more

Xing Shan stares at them. Suddenly, his eyes flash slightly. With a wave of his hand, ye Chen and Zhao Linghuang's bodies appear outside the array.

At this time, Zhao Lingchen kneels down to see the reason why he is too quick to see the enemy.

However, we can also see how powerful Ye Chen is!

Is this a half step road?

Leapfrogging is very common in Lingwu.

But there are very few people like Ye Chen.

The reason why he separated them directly was that he knew that Zhao Linghuang was almost to the limit.

And ye Chen, has not reached the limit!

Therefore, in this contest, it can be said that Zhao Linghuang will surely lose!

At this time, Zhao Linghuang still kept his kneeling posture, his eyes were confused. Up to now, he couldn't accept it. He was forced to kneel on the ground by Ye Chen's sword.

For the proud Zhao Linghuang, this is simply, more painful than death!

Seeing ye Chen win so easily, Yin Ming breathes a sigh of relief. At the same time, looking at Ye Chen's back full of pride and self-confidence, the strange feeling in her heart seems to be a little deeper.

Zhao Lingxiao, however, is a wry smile on his face. Originally, he also wanted to take advantage of this opportunity to challenge Ye Chen.

In fact, although he didn't show it, when he saw that ye Chen had only half a step in the Taoist realm, he was also secretly glad that he had surpassed his former opponent.

However, now he found that he not only did not surpass Ye Chen, as if, but also was cast farther and farther away!

Ye Chen looked at Zhao Linghuang, who was extremely arrogant, but seemed to have lost his soul. He said coldly:

"now, do you know why I walk so slowly? Stupid? It's just that you're too weak to make me serious enough! "

Now, no one thinks Ye Chen is a weak man any more!

One sword subdues Zhao Linghuang!

For them, most of them can't do it at all!

Ye Chen's ridicule infuriated Zhao Linghuang again. He roared that he was going to fight against Ye Chen recklessly. Xing Shan was a little bit easy. The young strong man of Lingxiao sect fainted so simply.

When the headmaster Zhao moved, he immediately held Zhao Linghuang in his arms. After confirming that he was not in a big way, he was slightly relieved and took him to the deeper part of the fairyland.

Zhao Linghuang was not seriously injured, but his hand bones and meridians were still damaged under Ye Chen's great strength.

He must heal his wounds as soon as possible, so as not to affect the formal start of the Dragon contest tomorrow.

Looking at Ye Chen, Xing Shan said with a smile: "yes, it's really good. Xuanyuezong really has a good disciple."

Ye Chen arched his hand to the Xingshan arch and said, "I'm flattered."

And the bald youth around Xing Shan, looking at Ye Chen, his face is full of eager expression, looking at Ye Chen's eyes, full of fighting spirit!

However, ye Chen obviously didn't mean to fight with others at will. Although the bald young man wanted to challenge Ye Chen, he didn't seem to be able to get the permission of Xing Shan. He was a little annoyed.

Then, after a few talented people from different sects exchanged views, they left the party one after another, and went to the depths of yinxianlin. There, there were several separate pavilions, which were the residences for the powerful forces.

On the way to xuanyuezong's residence, cangye suddenly says to Ye Chen: "Ye Chen, when you go to the Dragon contest, you should be careful of the bald head near Xingshan. As far as I know, the people of the Xingjia family in Shihuang are full of warmongers.

Although Xing Shan stopped him today, he will probably make trouble for you again in the big contestYe Chen does not care to smile, ask him trouble? Well, it's just asking for trouble!

.....

Late at night, outside an independent attic in the forest of immortals.

This is the resting place of the Xing family.

Suddenly, two figures in black robes and hoods appeared outside.

One of the extremely gloomy figures stood behind a slightly bent figure and said respectfully, "elder, those guys you want me to deal with this time seem to be stronger..."

The rickety figure, with a piercing smile, said, "Jue long, don't worry. Your blood was originally transformed in Kunlun, and our soul hall has been infused with other blood, even the blood of the Xings of Shihuang.

Now, some of the blood of the Xing family has just been activated. You don't know how powerful you are. When the dragon race begins, you will let them know what is really powerful. "

"What's more, you and ye Chen's personal enmity should be put aside first. Don't forget our biggest purpose this time!" The old man warned.

"Yes

That dark figure, hidden in the dark, his face, floating a very excited bloodthirsty smile.

"The nightmare is just beginning..."

The words seem to contain infinite hate, making the shadows in the attic seem more and more deep, cold and terrible.

.....

At the same time, in another loft.

A beautiful figure sitting cross legged, the aura around the crazy rush into the girl's body.

On the top of the girl's head is a plum blossom, beautiful and fragrant.

For a long time, the girl noticed something, opened her eyes, looked at the aura in front of her, and said, "master, how did you come?"

Lingyun looked at Xia Ruoxue and handed out a jade Cup: "this is what you need to take today."

Xia ruoshue deeply stares at the cup, or reaches out the hand to take over, takes directly.

From the beginning, she doubted what the aura required her to take every day.

But she had no choice.

She knows that she may be a talented apprentice of Lingxian Palace on the surface, but in fact, she is just an experiment.

Chapter 1867

Fortunately, she did not feel strange after taking it for a long time. Even, she was in excellent condition.

Her speed of absorbing Aura will greatly increase!

If it is known by the strong outside, it will surely vibrate.

Lingyun nodded with satisfaction: "master is also for you. You can feel the effect of this thing. Practice holy water."

"Also, in recent days, you don't have to go out. It's very important for you to go to the Dragon kingdom. However, the starting line of the people in Lingxian palace is different from those of the ancestral clan. You can practice and comprehend with peace of mind."

"Yes." Xia Ruoxue closed her eyes and her eyelashes trembled. She soon entered the state of cultivation.

.....

The next morning, under the leadership of Huang Rushan, Ye Chen and others returned to the canyon. At this time, talents from all walks of life gathered together. Everyone exuded a sense of self-confidence, and their eyes were full of pride.

A handsome young man in a white Taoist robe said in a loud voice: "ladies and gentlemen, this year's Dragon contest is about to start. This time, the number of participants is more than ever before. It symbolizes the future prosperity and prosperity of our Lingwu continent. I hope you can become the pillars of Lingwu continent in the future."

With the young man's words, the people in the canyon gave out deafening cheers.

At this time, Yin Ming, standing by Ye Chen's side, frowned slightly, because, just now, she had found that she had cast several eyes on her side, to be exact, to the Ye Chen beside her!

What's more, his eyes are dim and cold, which is obviously not good for you!

Presumably, these people are because of Ye Chen's cultivation. They first take ye Chen as their goal!

Although he knows Ye Chen's strength is excellent, Yin Ming can't help but pull the corner of Ye Chen's clothes, and whispers to him, "be careful. It seems that many people in the Canyon have already been staring at you..."

Ye Chen naturally felt these people's eyes, but he didn't care at all. When he heard Yin Ming's words, he shrugged his shoulders indifferently. Instead, he showed a trace of teasing and said, "why, do you care so much about me?"

Yin Ming's eyes flashed for a moment, and her ears outside the mask were slightly red. However, she snorted coldly: "are you still in the mood to joke? I know you are strong, but in this canyon, there are all the talents of Lingwu continent.

You know what it means to be followed by them? If you fall into the siege, even you, it will never be easy! You'd better be serious! "

Ye Chen was silent for a moment and nodded: "don't worry, I have my own discretion."

At the same time, his eyes twinkle, if these people are really so arrogant, take themselves as the goal, he will definitely let them regret for their choice!

At this time, a whole body hidden in the black robe of a tall man, also faintly to Ye Chen side cast a look.

After the cheers stopped, the handsome young man continued: "we only have one round of competition this time. The competition time is three days. The venue of the competition is a separate area we opened up, and the rules of the competition are very simple."

With a wave of his hand, countless purple light spots burst out of his hands and fell in front of all the participants.

Ye Chen's eyes flashed and took the purple light flying to himself. The light converged, showing a purple jade amulet.

The handsome young man said with a smile: "after I send you inside, you can start to collect the purple jade amulets in the hands of other competitors.

The purity of the purple jade Rune can be improved by integrating the opponent's Purple Jade Rune into his own.

Three days later, the contestant with the highest purity of lingfu is the last survivor! "

As soon as this was said, all the contestants began to look at the people around them and secretly estimate the strength of the other party. The two people who were still talking and laughing at each other began to be on guard. In the canyon, they suddenly fell into a tense atmosphere.

At this time, ye Chen also felt that there were many eyes shooting at him, and, compared with before, the hostility was obviously increased a lot.

Obviously, these people are hunting for themselves.

The handsome young man then said, "after being sent inside, your positions are random, and all means of communication are blocked inside.

Therefore, it is not so easy to find your companions.

It is worth mentioning that there are many rare natural materials, rare materials, and exotic animals.

There are even great power caves waiting for you to explore. If you have spare power after the competition, you may as well explore it.

At the same time, if you want to give up the game, you can directly remove the connection between you and the purple jade rune.

In that case, you can be transmitted directly. However, what I want to remind you is that it will take some time to break the link with the rune. "

"Finally..." Originally with a gentle smile, the handsome young man suddenly showed a faint color and said: "the Dragon climbing competition only depends on the results. No matter the process, whether you are colluding before the competition, or temporary cooperation, or being restrained by forces, or designed to deceive, as long as the purity of your Purple Jade order is in the top 49, you are entitled to smile to the last!" Ye Chen eyes a Lin, handsome youth said, let him a little surprised, not to see talent?

In this way, can we win even if we cheat?

One side of Yin Ming saw Ye Chen show a trace of puzzled color, opened his mouth: "Ye Chen, you do not understand some things behind the Lingwu mainland, Shenglong Dabi is not as simple as you think."

"Do you think there is no connection between those forces?"

"Where there are people, there are rivers and lakes. In Lingwu mainland, some powerful forces have to make concessions to some top forces. Before the competition, the forces where those top forces belong will select some vassals of other forces and some family trained guards for him to participate in the competition with them.

The purpose is to help the children of these forces win successfully. Therefore, to a certain extent, they can be considered as eligible for escort. "

"What's more, there's a saying in Lingwu that is called political balance. Once Lingwu is born with a special existence that threatens many top forces, the balance will be broken, and those top forces will jointly erase that power."

"I heard that the palace of juechan emperor disappeared overnight in the land of Lingwu. It may be because of this."

"Emperor Han?" Ye Chen frowns slightly. In his impression, the ancestral gate of Xuwei Ying in Kunlun was juehan sect.

However, it is obvious that Wei Ying's juechan sect could not have any connection with Jue Han Emperor's palace.

After all, one is the low force plane and the other is the high force plane.

"Well, be careful." Yin Ming said seriously.

Chapter 1868

When the handsome young man finished, he suddenly closed his eyes and opened his eyes again. When he opened his eyes again, his whole body exuded a strong breath, and the Dharma of a towering giant tree integrated with the youth.

At this moment, all the talents participating in the contest felt as if they had fallen into another world, a world formed under the support of the giant tree.

A trace of sweat appeared on the forehead of the handsome young man, and he suddenly cried out, "open!"

Its sound is ethereal, like the decree of God!

The world in which the contestants are living is turbulent with the opening of a word in the mouth of the youth!

The next moment, all people feel that they have lost contact with the space around them, and a strong vertigo strikes their minds. When they open their eyes again, they can't help but look surprised.

Now, where are you still in the valley?

The scenery in front of them is different, but everyone is sure that they have arrived at the place where the handsome young man referred to as Shenglong Dabi!

What's more, they were surprised to find that in this secret place, the aura of heaven and earth is extremely rich!

Anywhere, its aura concentration has been close to the degree of fog!

Not only that, they swept around at random, and were surprised to find many rare miraculous drugs and materials from the outside world!

A monk dressed as a man with a happy face looked at not far away, like a pure jade like Lake, blooming a golden lotus, which is a kind of spirit called arhat Golden Lotus.

For some Buddhists and martial artists, it is extremely useful and rare to cultivate the arhat Dharma body. However, this arhat Golden Lotus has almost disappeared in Lingwu land.

I didn't expect that the monk, who was just practicing the arhat Dharma, was so lucky that he found the arhat Golden Lotus just after entering this secret place.

In this way, even if, in the end, he failed to qualify, it was a great benefit.

The monk could not wait to wave his hand, and his whole body was filled with gold. The arhat Golden Lotus, under the control of the monk, flew towards him immediately.

But just as the golden lotus was about to fly into the hands of monks, there was a sudden change!

A sharp weapon, as light as nothing, suddenly came from the side, and the speed was incomparable. The monk's eyes were wide open, and his face was frightened. It was too late to escape!

The transparent sharp weapon hit the monk's chest hard to do harm, and made a loud noise! The earth trembles!

From this we can see the power of this blow!

A figure appeared not far away from the monk. It was a young man in a black robe with a pale face. He gasped slightly. It was obvious that the move just now cost a lot.

However, after a successful attack, he was happy. He believed that even ordinary warriors in the later period of fortune would be seriously injured under his own attack!

However, the smile on his face soon solidified, because he clearly saw that the monk who was successfully attacked by him did not fall down at this time!

At this time, the monk's whole body glittered with gold, and he looked extremely majestic. A blood hole was opened in his chest.

In the blood hole, there was the invisible weapon that the black robed man had just sent out. Although the monk was seriously injured, he seemed to be unaware of the wound on his chest. First, he carefully put away the golden lotus flower in his hand, then pulled out the concealed weapon on his chest, and grinned at the black robed man not far away.

The man in black felt a chill all over his body. He didn't even intend to take back the concealed weapon he had shot. He just hid himself and fled to the distance.

.....

And at this time ye Chen, positive color indifferent to look at the body in front of the two people.

The two men are in a tight encirclement, blocking Ye Chen's way.

The breath of these two people, ye Chen has the impression, it is before in the canyon, cast bad intentions to oneself of two of them.

Now, the two men looked at Ye Chen with a scornful smile on their faces, as if they were looking at a lamb to be slaughtered!

One of them, a short man, said with a smile to another man with a pockmarked face: "brother Qi, I didn't expect that we met again in this secret place. Why don't we two join hands temporarily?"

The man with a pockmarked face replied, "brother Fang, I have the same intention. But what's more, we and this trash have been transported together. Before the competition, I have been staring at him for a long time.

I didn't expect that my luck is so good. Brother Fang, you can't compete with me? "

Listening to his words, it seems that ye Chen has been regarded as something in the bag.

The little man frowned slightly. Obviously, he didn't want to give ye Chen to the pockmarked man. After a moment's silence, he seemed to think of something, and suddenly said with a smile:

"that's OK. Then, I'll give him to brother Qi as my sincerity of alliance with you. How about that?"

The pockmarked man said with great joy: "it's so good! That's great! "

Say, he then to Ye Chen showed the black and cruel color of wolf general. Seeing this, the short man sneered in his heart. He and the pockmarked man had already known each other before the competition. Originally, their strength should be between Bozhong. However, just a few days before the start of the competition, the short man suddenly got a chance and made great progress. Now he is confident to defeat the pockmarked man.

However, it is not the time to let the pockmarked man work hard and make the best of it.

In any case, in the end, the energy in his command will fall into his own hands.

However, in order to avoid the suspicion of the pockmarked man, he still pretended to ask, "brother Qi, do you want me to fight with you?"

The man with a pockmarked face laughed and said, "do you need someone else to do something to deal with a half step rubbish in Daojing? Brother Fang, you look down on me too much, don't you? "

After all, Qi Fei's momentum soared, and behind his back appeared the shadow of a colorful blood tiger. The whole man began to quickly become a beast, and there were some methods similar to ye chenzhen's spiritual transformation.

Ye Chen saw this, but he was also surprised by his eyes. The genius who took part in the Dragon ascent test was really outstanding.

However, ye Chen's eyes soon recovered.

Even if, this flying together, is far beyond the top talent of the same level, he still does not pay attention to.

Because, if these people, can be called the top, ye Chen, is heaven!

After Qifei's transformation, his momentum soared, and his whole body was full of terrible power. Fang Huo, who was on the side of Rao, was quite confident of his own strength. After seeing Qi Fei's transformation, his eyes flickered slightly, showing a trace of fear.

Those who can participate in the competition can not have the same strength and realm!

Can cross the border to kill the enemy!

Chapter 1869

He looked at Ye Chen coldly and said with a grim smile:

"waste, hand over your purple jade token and storage bag, and kneel down to kowtow three times to grandfather. Then he would be merciful and spare you a humble life. What do you think

Hearing this, ye Chen asked the other party happily: "really? Are you willing to let me go? "

Qi Fei seemed very satisfied with Ye Chen's appearance of muddling along in front of him. He looked down upon Ye Chen even more, and said, "what's the cost? Is your grandfather a man of his word

Fang gets on one side but slightly frowns, this flies together, also too arrogant, don't you see ye Chen is faking, deliberately making fun of him?

And let them go?

Those who can come to participate in the dragon race competition, even if they are vulnerable wastes, must have a certain background. If they just let the other party leave, are they not afraid of retaliation?

However, soon Fang got a sneer at the corner of his mouth. Well, just let the boy relax his vigilance. After a while, he can be easily solved.

He has secretly decided that if Qi Fei really so foolishly let the other party leave, he will kill Ye Chen when necessary.

Although Fang Huo did not intend to let Qi Fei live, naturally he would not care if Qi Fei would be retaliated by Ye Chen, but he did not want to be implicated in the slightest.

At the same time, Fang Huo is also a little strange. Why does Ye Chen still have the mind to make fun of Qi Fei?

Qi Fei is the cultivation of the seven layers of heaven. He has touched a trace of law and can use the power of a law.

In addition, he was born to awaken the blood of tiger demons. His physical strength was far superior to that of ordinary warriors, and his comprehensive strength was still above that of ordinary chemical warriors.

Although he is not his own opponent, ye Chen is just a half step Taoist martial arts man. It is impossible for ye Chen to defeat Qi Fei

Fang Huo's pupil shrinks suddenly. Is it that the other side has any means of life saving and escaping, so fearless?

Thinking of this, Fang Huo couldn't help but urge him to say: "brother Qi, this boy seems to be a little strange. You'd better do it as soon as possible, so as not to..."

Qi Fei heard the words, impatiently waved his tiger's paw and roared: "I know, this little thing, you don't interfere!"

Fang got a sharp look in his eyes and scolded Qi Fei. How dare he ignore his advice?

However, it is not the time to turn over his face. Fang gets his eyes flashing a few times, and then he doesn't say anything more.

Qi Fei glared at Ye Chen and said, "little boy, grandfather's patience is limited. Kneel down or die!"

After that, he sent out a startling tiger roar, extremely fierce breath, and came out of his body, rolling towards Ye Chen!

Fang Huo couldn't help shaking his head. What was the stupidity of Qi Fei?

Now there are dangers everywhere, and there are other strong people nearby. He is not afraid to lead others in like this?

But anyway, the boy should not be able to bear the force of this flying tiger. After killing him, he left immediately

However, let Qi Fei and Fang Huo, both dumbfounded, appeared.

Ye Chen, in that terrible tiger evil spirit, actually does not change color, calmly to the pole stands in place.

Ye Chen, with his hands on his back, looked at the two men who were startled. He said faintly, "why don't you two hand over the purple jade order and the storage bag and kowtow to me 30000 sound heads on your knees. How about leaving you a cheap life?"

Fang got a bad voice in the dark. Although the breath of Ye Chen in front of him had not changed, he felt extremely dangerous!

Without waiting for him to act, the side of Qi Fei has already roared: "son of a bitch, what do you say to grandfather?"

The shadow of the tiger behind flashed, and the power of the law was released faintly. The whole person seemed to turn into a startling tiger and rushed towards Ye Chen!

Fang Huo turned his hand and held a crystal sword in his hand. He was on alert and ready to escape.

That Qi Fei flies toward Ye Chen, and in a twinkling comes to Ye Chen's body. With a pair of tiger claws moving, he grabs Ye Chen with enough strength to tear the heaven and earth!

However, when the tiger's claws were only an inch away from ye Chen's face, they stopped abruptly!

Fang Huo behind Qi Fei thought that Qi Fei would not kill Ye Chen immediately, but also played with his opponent. He could not help but get angry and scolded: "you are waiting for a fart! Kill him

But soon, Fang Huo found something wrong. It seemed that Qi Fei didn't mean to kill Ye Chen, because he saw that Qi Fei's muscular body was shaking slightly in front of Ye Chen!

At this time, ye Chen was looking at his eyes with a smile. His pupils trembled violently, and his teeth trembled. He looked extremely frightened and said with a smile: "what? I just let out a breath, just let you, so afraid?"

Do you deserve to be called a Decepticon? It's better to call you a bully. "

The Qi Fei looks struggling. He wants to roar, refute and tear up Ye Chen. However, at this time, he is covered by the fear that erupts from instinct. He shivers all over and can't control his body at all. Don't say it's refuting and scolding. He can keep standing posture now, and he doesn't kneel down and submit to Ye Chen. He has been fighting for his life to insist.

He doesn't know what's going on. It's just a mole ant in the Taoist realm!

How can you be afraid of him?

Ye Chen suddenly looks cold, and the Qi of Geng Jin and the evil spirit sweep over!

The power of the six divine Kings!

The shadow of the ancient tiger!

The strong breath is blooming. Now, not only are we flying together, but also Fang Huo's body is shaking slightly. It is a kind of oppression from the upper life.

Ye Chen, at this time as if the incarnation is higher than their existence, people can not help but have a heart of worship.

And originally in the struggle to adhere to fly together, at this time finally can not help, actually kneel down in front of Ye Chen's body, began to kowtow crazily, kowtow full of blood dripping!

Qi Fei has the blood of tiger demon. This kind of low-level tiger blood, under the breath of Ye Chen white tiger spirit blood, only surrender!

Fang Huo was finally afraid. The strange scene in front of him completely shocked his soul. Now, he finally realized that the young man in front of him, who was half walking in the Taoist realm, was a worthless young man who relied on his family background to compete for luck

This man is a real super monster!

Fang Huo gave a sharp drink. His sword trembled and his blood essence was sacrificed. His own strength broke out completely. A flaming sword swept toward Ye Chen. He didn't care about the flying together. He and ye Chen were all cut off!

It's time to kill!

Chapter 1870

At the same time, Fang Huo flashed the shadow of the flame behind him, instantly integrated with himself, turned into a flash of fire, and flew away in the opposite direction of the sword. The speed was incomparable!

Ye Chen saw this, his eyes twinkled, and he sneered slightly. He didn't care about the sword that swept to him.

At the time of life and death crisis, he broke through the limit, broke free of the shackles of Ye Chen's pressure, gathered all his evil spirit, and blasted off the sword that he had chopped at himself!

When the fists pass by, the sound of whistling faintly rings, and the power is infinite!

Ye Chen's eyes flashed, but he didn't expect that Qi Fei could break free from the pressure. It seems that all the talents who can come to join in the contest are not ordinary people.

With a loud bang, the fist of Qi Fei smashed on the sword awn, and the figure shook violently. One arm was blown to pieces by Shengsheng. However, this blow completely offset the sword awn.

Qi Fei's face showed hatred, which was extremely ugly. From Fang Huo's sword, he could see that Fang Huo had no intention of joining hands with him. I'm afraid that in the end, he would attack himself.

However, in Qi Fei's own mind, it can't be said that there is no similar idea.

Although Qi Fei was injured, he didn't care much about it. When he stopped the blood, he looked at Ye Chen fearfully.

Although, he just broke through the constraint of coercion under the stimulation of Fang Huo's sword, he was still extremely afraid in the face of Ye Chen.

If you fight with Ye Chen now, and you are seriously injured, you may only have 30% of your original strength.

Although Ye Chen seems to have only half a step in the realm of Tao, and his strength is still unknown, but now he dare not underestimate Ye Chen.

After all, if ye Chen's strength is not strong, he will immediately seize the opportunity to seriously injure or kill himself when he suppressed himself with coercion, instead of being as calm as before.

Ye Chen lightly swept Qi Fei one eye, said to him: "you, just said, what are you?"

Qi Fei's face changed. Thinking of his irreverence to Ye Chen, he could not help but change his face. He lowered his head timidly and said, "I said I am grandson, you are grandfather. Please spare me a humble life

After that, he was also decisive. He knelt down again and put his storage bag and purple jade order on the ground.

Ye Chen looks at Qi Fei with a smile on his face. He seems to be reckless and arrogant. In fact, he knows how to advance and retreat. Now he can't judge his own strength, but he is willing to show his weakness and kneel down to admit his advice. He is not a stupid man, but some extraordinary.

Ye Chen said with a smile, "can you remember me?"

Qi Fei said frankly: "I don't know what's good or bad. I have no eyes. I offended my grandfather. Now I have to bear the responsibility. Because I think my grandfather is stronger than me. Strong defecation is the truth. Do I have the courage to hate my grandfather?"

Of course, in the future, I will be stronger than my grandfather... "

Speaking of this, he grinned: "I admit, I may have trouble with my grandfather."

Ye Chen burst out laughing: "you pour also calculate magnanimous, you say so, do not fear I kill you?"

Qi Fei lowered his head and said, "I'm afraid, but I don't think it's necessary to lie. If my grandfather would kill me for this reason, you won't let me go, even if I hide it?"

Ye Chen nodded: "you seem rude, but also rough and fine, but you are also magnanimous. OK, I'll spare you a life."

He naturally has self-confidence, flying together will never be stronger than himself, which is the pride of Ye Chen.

Qi Fei hears the speech, and his face shows joy. He is ready to kowtow and give thanks. However, ye Chen's voice rings out again: "as long as you give me the things hidden in your arms."

Qi Fei's face was stiff, his eyes twinkled, and he hesitated. But soon, his eyes gathered again. He stretched out his hand and took out a piece of animal skin from his arms and put it on the ground.

He understood a truth, no matter how good things are, they must have life to have value.

Ye Chen nodded with a smile: "go away."

With a wave of his hand, he collected all the things on the ground, and then turned into a golden thunderbolt. He ran away in the direction of Fang Huo's escape. In a flash, he disappeared.

Qi Fei's face was startled. I'm afraid it's hard to find a speed that can surpass Ye Chen's, let alone the martial arts of Taoism?

At the same time, the dark channel fluke, fortunately did not use what life-saving means to attack Ye Chen's escape idea.

At the same time, Qi Fei also showed a smile of schadenfreude and said to himself, "Fang Huo, Fang Huo, do you think you are smart? In a moment, you will pay for your cleverness. "

After that, he concentrated on pinching the Jue. After half a column of incense, he finally succeeded in cutting off the contact with the purple jade order Rune and left the secret place.

At this time, Fang Huo finally stopped escaping light after flying away for a long time. He looked back and saw that ye Chen didn't show any sign of chasing him. He was a little relieved. He gritted his teeth bitterly. How could he be so unlucky that he met such a monster just after he arrived at this secret place. It seems that the command Rune obtained by that party could not be obtained.

Just as he was going to find a hidden place to take pills and recover his spiritual power, a faint voice sounded in his ear: "what? Can't run so fast? "

Fang Huo's face changed greatly, and without looking back, he cut out a flame and sword behind him. At the same time, the fire all over his body rose again and flew away in the opposite direction of the sound.

However, at the moment of his escape light rising, the golden light flashed in front of his eyes, and then he saw a figure standing with a negative hand, and his face was indifferent and blocked in front of him.

Fang Huo's face changed wildly and roared: "how can it be! How can you catch up with me if you are only half step ahead of me? "

However, although he was flustered, he didn't stop at all on his hands. He poured out his whole body's spiritual power without leaving a drop, and cut him mad toward Ye Chen.

Countless fiery lights rise up and become a red dragon full of bursting sword meaning, roaring to kill Ye Chen!

Ye Chen's eyes did not fluctuate at all. The Qi of Geng Jin and Qilin Sha started together. A strange breath rose up and rushed to the flying dragon.

Fang Huo gasped and swayed slightly. The move just now had exhausted all his spiritual power. When he saw Ye Chen standing still in his place, he also showed a glimmer of joy. In the dark, he said that the fool was so big that he would surely die under his powerful shock.

He is confident that his sword is enough to kill ordinary chemical warriors!

However, at the next moment, the joy on his face was completely solidified. His incomparably powerful spiritual power combined with the charm of the way of fire and condensed into a startling fire dragon. After ye Chen's white light flashed all over his body, he was so born and disappeared into nothingness?
