

## Physician 1871

### Chapter 1871

No, it's not nothingness. Fang Huo soon found that the giant fire dragon was compressed into a red ball by the light emitted from ye Chen's body.

How could that be possible?

Fang Huo looked at the bead in disbelief. His sword spirit and the power of his law were all on the road of bursting and ferocity. He could not even suppress it by himself.

How can ye Chen be compressed into such a situation by his half step power?

Ye Chen is quite satisfied with playing with this thumb sized red bead, although he does not have to work so hard to protect qilinsha and Ren Wang.

But there are limits.

He wanted to test the power of Qilin Sha because he was so vulnerable to the enemy's goods. Ye Chen was satisfied with his performance.

Fang Huo's face was full of horror at this time. He wanted to escape, but his mental power was exhausted. Moreover, ye Chen's escape speed was obviously much faster than that of himself. Even if he wanted to escape, he could not escape.

Immediately, his face showed a decisive color, and immediately began to cut off the contact with the purple jade order, intending to leave the secret place!

Ye Chen glances at him. Although Fang Huo didn't offend himself, he took himself as the target and obviously moved his killing heart. Ye Chen naturally couldn't let go of each other.

Ye Chen's wrist moves, and his whole body is under the control of the subtle force, which completely acts on the red bead. When the bead trembles, it has already shot at a very fast speed to the square!

That side obtains, certainly does not have time to react, then in the roar huge sound, was burned by own strength nihilism.

Ye Chen waved his hand, and from the thick smoke, he called out Fang's storage bag and purple jade amulet.

He takes out his own command rune, and his spiritual power surges. The other two command runes turn into pure energy and are absorbed by Ye Chen's command runes.

After all this, ye Chen is not in a hurry to look for other contestants. As time goes on, the energy of the runes in the hands of the contestants who are still in the secret place will become stronger and stronger. At that time, just grab their runes.

Now, it is possible to collect materials in this secret place. On the way of pursuing Fangcheng, he has collected several precious materials that he did not have even in xuanyue sect.

What's more, if you are lucky, you may find some powerful caves or mysterious relics, which will be more beneficial.

However, he suddenly thought of the handsome young man who opened the place.

He felt a threat from the youth.

It seems that the Lingwu continent also has a heaven and a human being.

At this time, in this vast secret place, similar scenes are constantly staged. The contestants either snatch the order of the weak, or explore the secret land leisurely, or seek allies to form cliques

In a mountain covered with ice and snow, a young man in black is facing three talents of various schools whose breath is at the peak of nature.

The three warriors are obviously not weak. Even at the level of creation, they are extremely shocking.

They should have had the upper hand, but at this time, when they faced the black robed warrior, they showed a faint fear!

The black robed warrior's whole body breath is strange, constantly changing, sometimes strong and weak, but people can't be sure how his cultivation is!

The black robed warrior's face was hidden under his hood. Facing the fierce wind and snow, he walked to the three warriors step by step.

Among the three warriors, a blue haired youth standing in the middle suddenly bit his teeth, as if he had made a decision, and said to the black robed warrior, "this Taoist friend! Please stop

The black robed warrior heard the words and stopped.

The blue haired young man felt a little relieved. It seemed that there was still a possibility of negotiation. He said to the black robed Warrior: "Taoist friend, is your purpose just a purple jade amulet? If we hand over the purple jade amulet, can we leave? "

A handsome man next to the blue haired youth heard the speech, his face changed slightly, and he said in a quick voice: "what do you say, senior brother Li? Just give up the Dragon contest?

It was discovered by the young master of the Xing family in Shihuang. Let alone us, maybe even our clan will be implicated! "

Before the blue haired youth started to speak, a black man on one side shook his head and said, "I agree with brother Li's opinion. If we come to join in this competition, we are just the dowry of xingzitang. Why take risks for him? It's better to hand over the token now. "

But you said, "you are so beautiful."

The black man said with a wry smile: "my younger brother is the strongest of the three of us, but he is killed by this man. Do you really think that if we join hands, we will win?"

After hearing the speech, the handsome man kept changing his complexion. Finally, he sighed and acquiesced in the blue haired youth's decision.

At this time, the black robed warrior finally said, "yes, hand over the purple jade order, and you will leave on your own."

When they heard the speech, they all felt a little loose in their hearts. They took out the purple jade and threw it at the black robed warrior.

With a wave of his hand, the black robed warrior took the purple jade amulet and turned to leave. Three people see the situation, exchange eyes with each other, escape light together, they will go in the opposite direction.

However, at the moment when the three people rose up, an overwhelming strong evil spirit swept towards them at a very fast speed!

The three warriors all changed their faces and roared, "despicable man, you betray yourself!"

At the same time, they display their strongest cards and attack the strange evil Qi in front of them!

The sound of roaring is endless!

However, before long, there was only the sound of cold wind whistling in the snow mountain range, and there was no other sound.

At this time, a very hot and tall beauty beside xingzitang, a contestant of the xingzitang family in Shihuang, who was once seen by Ye Chen in Yinxian forest, looked at a plate in her hand, frowned, and said to xingzitang:

"little Lord, since a vassal belonging to us just now fell, there are three more vassals, not far from the place where he fell, At the same time. "

If any contestant can form an alliance in the contest, the competition only opens the back door to the super first-class forces, which is the soul watching dish in the hands of the tall beauty.

In this secret place, all means of communication are shielded. Even if ordinary forces collude with each other, it is very difficult to find each other in the secret place. However, this spiritual observation plate is an exception. With the main plate of the observation table, the participants attached to the top or super first-class forces can roughly sense each other's position and accurately sense the main plate through the secondary plate of each hand Location.

Xing Zi Tang touched his bald head, as if he had found something interesting and said:

"Oh? Can you beat three of my vassals at the same time? He has some strength. "

Chapter 1872

It seems that he doesn't care about the loss of three vassals.

The fiery woman looked at Xing Zitang and said, "little Lord, this Shenglong Dabi is not more than usual. He is not simple. Although the four vassals are not too much loss to us.

However, we should not underestimate the enemy too much. We should first stay away from the place where the three men fell down. After the nearby vassals have made peace with us, we should march in that direction and pursue the man. "

Xing Zi Tang shook his head indifferently and said, "why is it so? Cabernet Sauvignon, I'm not the same as those who participated in the competition before. Originally, I didn't want any vassals at all. These were just imposed on me by the family.

Even if they are all dead, I will not care at all, because I have learned a truth since I was a child that I can only rely on myself in my life

After that, he glanced at the altar, and went directly to the direction of the three men. At the same time, he asked with great interest: "do you think that man will come towards our position if he gets the second plate?"

Red Xia stamped her feet in anger, but she could only sigh. She followed Xing Zitang in that direction and shook her head:

"if it was not the individual contestants who killed those people, but other super first-class forces, it would be possible. If it was a single contestant, it would be impossible, so it was just looking for death

However, even if he wants to, he can't do it. Only the vassal selected by us can use it. Other people get it, and it's useless. "

.....

And now, in the snow mountain range.

A black robed warrior looks at the array plate in his hand, and his mouth is filled with a chilling smile. On the array plate, there are some dim light spots around and a dazzling red spot in the distance.

This array plate is the secondary plate of the spirit watching plate. And, I don't know why, the black robed warrior can use it normally!

The black robed warrior's body moved, turned into a dark shadow, and rushed away in the direction of a dim light spot nearby.

In a dense forest, the sword light of blood demon sword in Ye Chen's hand flashed. A white lion with a pair of sharp horns sent out a howl and fell down.

Ye Chen waved his hand and put away the body of the white lion with a smile on his face. The white lion could use a powerful white flame.

Perhaps, after refining it, it is not necessary to use this flame to enhance the dark flame.

It's a pity that the God of the imperial animal spirit has not yet awakened. Otherwise, you can ask him about it.

And the reincarnation graveyard that can be moved has not been moved for the time being.

After the white lion was put away, ye Chen suddenly turned to one side of a certain direction, and said faintly: "have seen so long, can you come out?"

After a while, the original empty place suddenly twisted, and a figure appeared, which turned out to be a handsome man with blue eyes.

He said with a smile to Ye Chen: "the way is friendly and eye-catching. I dare to ask you how to call your friend?"

Ye Chen looks at Zheng Yuan, who appears to be the top cultivation of the nine layers of heaven.

However, his momentum is like an abyss. He is more powerful than Zhao Lei, who has seen him before. He also has an impression on the tianlingzong and ye Chen. He is a first-class force similar to xuanyuezong.

See that Zheng Yuan seems to have no malice, ye Chen light way: "Ye Chen."

After that, he didn't mean to fight with him. He turned around and left.

Now, even if he got Zheng Yuan's command rune, he could not increase much energy. Therefore, on the first day of entering the secret realm, ye Chen did not intend to take the initiative to snatch the amulet.

See ye Chen so indifferent, that Zheng Yuan also does not care, still smile to open a way: "road friend wait a minute."

Ye Chen turned and coldly looked at Zheng Yuan and said, "what? You want my Rune? "

Hearing the speech, Zheng Yuan shook his head and said, "I dare not. With the strength of a Taoist friend, Zheng has no confidence to fight with him. However, don't leave in a hurry. I want to ask you, are you interested in the things in this secret place?"

"Oh?" Ye Chen smell speech eyebrow tip a pick, "what meaning?"

Zheng Yuan said with a smile: "to tell you the truth, I found a cave in this secret place. However, with my own strength, I can't easily break through the forbidden system of this cave. Therefore, I have been looking for some strong competitors nearby and want to join hands temporarily to explore the cave."

Ye Chen pondered for a moment and said to Zheng Yuan, "so, are you looking for me to explore this great power cave? How many people are there besides me? "

Zheng Yuan said: "in addition to you and me, there are three Taoist friends, plus us, a total of five people, should be enough to break through, Taoist friends do not need to worry, I have no other intention, if really do not worry, I can swear with the heart of Tao."

Ye Chen subconsciously wants to refuse, however, at this time, the devil's eye in the center of the eyebrow spreads a tingling pain.

"Go."

A trace of cold and nine you sound in Ye Chen's mind!

Devil's eye wants him to go?Ye Chen gazed at Zheng Yuan for a while and then said, "it's not necessary to swear. In this case, I agree to explore the cave with you."

Although Zheng Yuan is strong, ye Chen doesn't think he can threaten himself.

Zheng Yuan said with great joy: "it's so good, ye Daoyou, please follow me."

After that, he turned into a dark light and flew in a certain direction. Ye Chen was also transformed into a golden thunderbolt, following Zheng Yuan.

Soon after, Zheng Yuan fell in front of an empty space. Ye Chen glanced at the empty space and felt a faint aura wave. Obviously, there was a hidden array.

At the same time when the two people fell down, there was a flash of light in the open space, showing three figures, two men and one woman.

With a smile on his face, Zheng Yuan said to the two men and a woman: "song Daoyou, Yu Daoyou, Xie Daoyou, this is Ye Chen, ye Daoyou. With ye Daoyou, we have gathered five people to explore the great power cave."

At the same time, he turned and pointed to three people to introduce Ye Chen one by one.

Ye Chen glances at these people and nods in secret. They are all later accomplishments of the state of nature. Although they are weaker than Zheng Yuan, they are not comparable to ordinary martial arts.

But at this time, a man with an inch head looked at Ye Chen and said with disdain: "brother Zheng, do you want to find a strong man to join us and find such a thing? A half step road? What do you mean? Do you want to lure him here and give me his purple jade amulet? "

Ye Chen's eyes narrowed slightly, looking at the man named song Yue, there was a flicker of cold light.

Hearing this, Zheng Yuan said to Song Yue, "Song Daoyou, why, are you questioning my decision? From our perspective, how can we judge the strength of others simply by the realm?"

I guarantee the strength of Ye Daoyou. Please apologize to him for your rudeness

Chapter 1873

When Zheng Yuan said this, Song Yue, Yu Yuan and Xie Pingping were all slightly stunned. They didn't expect that Zheng Yuan would value Ye Chen so much. In order to protect Ye Chen, he asked Song Yue to apologize to Ye Chen?

And Song Yue's forehead is blue and straight jump, which Zheng Yuan is just a little better than himself, so he has to apologize to such a half step in the path of waste? How can he stand it?

Immediately, both sides looked at each other coldly, and the atmosphere was a little dignified.

Ye Chen looked at Song Yue and said faintly, "you just said that you want my purple jade order?"

Everyone didn't expect that Ye Chen would open his mouth at this time and could not help turning to Ye Chen. Song Yue, looking at Ye Chen's still indifferent appearance, couldn't help sneering in his heart, glared at Ye Chen and said: "yes, you'd better leave the token and leave the secret place by yourself. I don't want to bring a burden into the great power cave with a burden."

Zheng Yuan's face sank completely, and he snapped:

"Song Yue! I found this cave. Without my guidance, none of you can enter. Naturally, I decide who to join hands with.

What qualifications do you have to decide whether Ye Daoyou will stay or not? Apologize to Ye Daoyou immediately, otherwise, please leave the team! "

Being refuted by Zheng Yuan so fiercely, Song Yue can't bear it any longer. His eyes are red, burning with the intention of killing, staring at Zheng Yuan and yelling:

"Zheng Yuan! You don't think that you have some strength, and you will be too proud of me! I am you want to call, want to drive away? If you defend this boy again, even you will die! "

Zheng Yuan's eyes were cold and he wanted to say something, but at this time, Ye Chen went to Song Yue and took out the purple jade lingfu and said, "OK, I'll give you a chance. Take it."

This time, not to mention the Song Yue three, is Zheng Yuan, are slightly a little, Ye Chen's strength, he is clear, should not be under his own is, how can so easily, his own Purple Jade order to Song Yue?

Is it true that I have lost sight of myself?

Ye Chen's actual strength is no more than this, so under the repeated threat of Song Yue, he confessed?

Song Yue saw this, but he laughed and looked at Zheng Yuan with sarcasm in his eyes and said, "this is the strong one you're looking for? It's really strong and proud!

How powerful and powerful is it to give me the command Rune on its own initiative? "

Zheng Yuan frowns, however, Ye Chen takes the initiative to do so, he is not good to say what.

Song Yue saw that Zheng Yuan did not speak, and his face was even more proud. As soon as he reached out and grasped the purple jade token in Ye Chen's hand, he was about to be put into his pocket. However, the next moment, his face changed slightly, and he was frozen in place for a moment.

And Ye Chen, or that pair of indifferent and self-contained appearance.

Seeing this, Yu Yuan and Xie Pingping also showed a strange look. Yu Yuan directly asked, "brother Song, what's the matter with you? Why didn't it move? "

That song never answered in the original, but extremely incredible looking at Ye Chen.

Zheng Yuan's eyes flashed suddenly. He found that song Jue was full of spiritual power, his muscles were bulging, his veins were jumping, and his face was slightly red.

This song Jue is not immobile at all, but can not move!

He has tried his best to take the purple jade order Rune from ye Chen's hand. However, the purple jade lingfu seems to be inlaid in Ye Chen's hand, motionless!

Song Jue was in complete chaos at this time. How could this be possible?

He has a lot of attainments in the art of body building, and his strength and physique are even stronger than most of the top martial artists. However, he is not as good as ye Chen, who is in the state of Tao?

Gradually, Yu Yuan and Xie Pingping also see the clue, can't help but look at Ye Chen calmly and calmly.

This man wrestled with song Jue, who was good at refining his body, but his face did not change. It seemed that his strength was so terrible?

Ye Chen said to song Jue, "what's the matter? Don't you want it? Why don't you take it? Can't you hold the purple jade amulet in front of you? "

When song Jue heard Ye Chen's sarcasm, he could not bear it any longer. He roared:

"let me go!"

As soon as the voice fell, he turned over his other hand and grasped a blue and purple axe with electric light. At the same time, a vague figure appeared behind his back. The force of the law surged out. He did not leave any hands, and cut to the front door of Ye Chen with all his strength!

Ye Chen's eyes twinkled with cold light, and his body was erect. The evil Qi and Geng Jin Qi swept over his body. His strength was increased several times at once, and he suddenly shook the purple jade amulet.

Huge force gushes out, unexpectedly before that spirit axe cuts to oneself, then smash song Jue mercilessly on the ground!

There's a big bang!

The earth shakes wildly. Countless deep cracks spread under Ye Chen's feet, and the earth and rock collapse. Yu Yuan and Xie Pingping, who are close to each other, immediately move and flash to one side. The place where ye Chen originally stood collapsed into a big pit.

Looking at the scene in front of you, not only Yu Yuan and Xie Pingping, but also Zheng Yuan are all shocked. Ye Chen's strength is so incredible? Is this still human?

Under the influence of that huge force, song Jue's axe was smashed to the ground, and he was smashed by Ye Chen with broken bones and muscles!

He held the hand of Ziyu lingfu and hung down powerlessly. Ye Chen took back his Ziyu lingfu coldly and looked down at Song Jue, which was like a pool of rotten meat.

This song Jue is not weak. He was not directly smashed into nothingness under his almost full swing. At this time, although he was seriously injured, he did not die. If he was given time, he must be able to recover as before.

The genius who can participate in the contest is much better than the ordinary martial arts of the same realm.

The power behind this song Jue is not ordinary. Although that force has prepared a lot of things to protect his life, it does not have the same level items that Zhao Lei used at the beginning.

Even so, his injury seems serious, but ye Chen knows that it is better than Zhao Lei at that time.

Zheng Yuan looked at Song Jue's tragedy, shook his head, and said to Ye Chen, "brother ye, although song Jue doesn't know what's good or bad, after all, he was invited by me. Can you please spare his life?"

Ye Chen sweeps Zheng Yuan a little. Seeing his sincere face, he nods slightly. With a move of his hand, he puts song Jue's storage bag and Ziyu lingfu away. On the spot, he absorbs the energy of Ziyu lingfu and loses the connection with Ziyu lingfu.

Song Jue's body was instantly transmitted out of the secret place.

Zheng Yuan arched to Ye Chen Gong and said, "thank you, brother Ye."

At this time, Yu Yuan and Xie Pingping also walked cautiously toward Ye Chen. When ye Chen just arrived, they actually despised Ye Chen a little. However, out of respect for Zheng Yuan, they didn't say so directly as song Jue did.

But now, where do they dare to look down on Ye Chen?

Not only that, on the contrary, they were deeply afraid of Ye Chen. If ye Chen hadn't let song Jue go at last, he didn't look like a bloodthirsty person. I'm afraid that they would all withdraw from Zheng Yuan's team on the spot.

Because of this, ye Chencai did not kill song Jue.

Chapter 1874

After all, it would take too much time for Zheng Yuan to look for others.

The reason why Zheng Yuan asked Ye Chen to let song Jue go was that he also had this consideration.

Immediately, Zheng Yuan said to Ye Chen and others:

"according to my estimation, to break the prohibition of the cave, five people are needed to attack at the five array eyes. Now there is no song Jue. Please wait here later, I will look for a Taoist friend who is willing to explore the great power cave together."

Ye Chen and others naturally have no objection. After Zheng Yuan leaves, ye Chen follows Yu Yuan and Xie Pingping into the hidden array.

About an hour later, Zheng Yuan will bring another warrior with him. He looks ordinary. He is twenty-five or six years old. His cultivation is also in the later stage of the state of fortune. It seems that his strength is similar to that of song Jue, who was seriously injured by Ye Chen.

After seeing ye Chen, the man said with a smile, "Hello, my name is Chen Xin."

After a few people introduced themselves to each other, Zheng Yuan began to say, "ladies and gentlemen, we have participated in the dragon race contest. Frankly speaking, although I think I have good strength.

However, if we want to talk about the final success of the passage, it is a slim chance.

The reason why there are so many people participating in this competition is that those people always take part in a secret place that has hardly been explored every time.

The main reason for my coming this time is that I want to get benefits from this secret place. In fact, in the past, there were also people who failed in the contest of dragon promotion. They got great benefits in the secret place. Their final achievements were not lower than those who passed through successfully! "

After taking a look at the faces of the people, he said:

"therefore, I hope that you will not have any other thoughts in this great power cave, and work together. In the end, all of you can get benefits. If someone has any plans against a partner in this team, I will never let him go easily."

After that, regardless of other people's reaction, he turned around and flew in a certain direction.

Under the leadership of Zheng Yuan, the Party met some competitors along the way. However, when they found out that there were five people in Zheng Yuan's team, they all avoided them far away.

Two hours later, they finally fell in front of a hidden cave.

Zheng Yuan took out an array plate and seemed to be measuring something. He suddenly raised his hand in a certain direction and hit a white light. The white light did not enter the stone wall.

The originally plain looking cave suddenly began to twist slightly, showing a long and narrow passage built by colorful Lingyu.

Zheng Yuan holds the array disk and enters it first.

The others looked at each other, and they all followed.

In the process of marching, ye Chen frowns and steps. He turns his head and looks behind him. Chen Xin walks at the end. He sees Ye Chen casting his eyes at himself and shows a kind smile.

Ye Chen looked at Chen Xin a few times and continued to move forward. He felt vaguely just now that Chen Xin seemed to gaze at his back, and his eyes were somewhat abnormal.

What's more, this Chen letter looks mediocre, but it gives him a strange feeling. However, ye Chen can't tell what the feeling really means, but he still adds some vigilance to the Chen letter secretly.

At this time, he could not help but sigh that if the God of the Royal beast did not sleep, he would certainly be able to help himself.

Soon, the crowd came to the end of the colorful channel. In front of them, there was a splendid gate. Outside the gate, all kinds of lights were shining. Obviously, there was a formation to guard.

Zheng Yuan gazed at the array plate in his hand and kept measuring. After a moment, he said to the crowd, "this is a five element array with five array eyes. Presumably, the prohibition in the cave is also of this type. As long as the five of us work together, we should be able to break through the ban. We should stand in the position I specify, and we will break the array!"

Under the instruction of Zheng Yuan, the crowd stood in different directions. Then, Zheng Yuan raised his hand and made an attack on the golden gate, which was covered by colorful light. With a loud noise, the light curtain swayed slightly and flashed with dazzling light. The force of prohibition surged towards the crowd. Zheng Yuan looked serious and immediately yelled: "break the array!"

The colorful light, which was divided into different colors of enlightenment, poured into the position where people stood. The powerful force of five elements broke out in an instant and swallowed them up. In a moment, people seemed to be in another world full of the power of certain elements.

Ye Chen is in a sea of fire. The flaming flame turns into various forms of beasts. It seems that ye Chen is going to be exhausted.

Ye Chen's face remained unchanged. He showed his true spirit. He chopped the bloody devil sword in his hand, and instantly chopped the world of flames into pieces.

The eye of this array was suddenly broken by Ye Chen.

He looked up at the others and saw that although they were still standing in the same place, they were all wrapped up in a light curtain formed by the force of an element, in which each method was used to attack the light curtain in front of him.

Ye Chen's eyes swept over several people one by one. Yu Yuan, Xie Pingping and Chen Xin all seemed to be struggling, while Zheng Yuan was much more relaxed. However, ye Chen's eyes suddenly turned back to Chen Xin's body, watching him clench his teeth, face dignified, holding a long gun, constantly impacting the brown light in front of his body. He couldn't help frowning again. Although Chen Xin

seemed to be trying his best to attack, he didn't know why, and always gave him a lingering sense of strangeness.

Finally, with Xie Pingping's hard work, five array eyes were broken one by one, and the colorful light curtain guarding the Golden Gate disappeared after a violent shaking.

Seeing this, Zheng Yuan's face showed a glimmer of joy. Then he led Ye Chen and others to the golden gate. Zheng Yuan looked at the golden gate, put his hand on the door panel and pushed it hard. However, the Golden Gate did not move and could not help frowning slightly.

Ye Chen asked: "what's the matter, brother Zheng?"

Zheng Yuan said with a wry smile: "this golden gate is a rare material, named heavy gold. It is extremely strong. If we bombard this gate by force, it may cause a counterattack behind the door.

Moreover, it will take a lot of time, but it is extremely difficult to push this gate open with force. "

Ye Chen stretched out his hand and pressed it on the gate with heavy gold. After a trial, he said to Zheng Yuan, "brother Zheng, you should step back."

Zheng Yuan looks at Ye Chen with some surprise. Does Ye Chen have to push open the door of heavy gold?

Although he knows Ye Chen's strength is excellent, he should not be strong enough to push open the door of this heavy gold, right?

Ye Chen takes a deep breath and gathers strength!

There is a shadow of Unicorn and tiger behind him. At the same time, ye Chen also uses the ten methods of blood, the formula of burning blood, and the power of spiritual blood. In a flash, a strong breath erupts, which makes everyone at present step back. His face is full of horror, and he is trying to push Ye Chen, who is the gate of gold.

Is this breath really emitted by the half step road?

Those present could not help but feel such doubts in their hearts. At the next moment, a more shocking scene appeared. I saw that the gate of gold in front of Ye Chen started to vibrate slightly with his action!

It's really a big push for Yejin!

And at this time, ye Chen's eyes of the devil in the eyebrows spread a tingling feeling.

And know the sea more than a sound!

A voice of great urgency!

This is the first time ye Chen found that the devil's eye will not calm down!

"Boy, you will follow my route later. The deep breath here is very similar to that of my men."

"If that guy does fall here! There's a way to reunite my body! "

"If you help me, I promise you that the heaven of Lingwu will be subject to you!"

Words fall, ye Chen's body slightly a Zheng.

The devil's eye is asking for itself?

And, on the condition of submission to heaven?

Chapter 1875

Is it the remains of the devil's eye?

Ye Chen doesn't know what the devil's eye came from, but one thing is certain!

The power of the eye of the devil is absolutely above the eternal king.

Moreover, the devil's eye has revealed that he has no body and can only exist in this situation.

From Kunlun Xu to Lingwu land, the devil's eye helped himself too much.

If I had a chance to reshape the body of the devil's eye, I should.

"Well, I'll help you!" Ye Chen said earnestly.

Soon, in the sea of knowledge came the voice of the devil's eye: "open this door first, and then you listen to me."

"I'm not sure, but I'll try it too!"

"Go Ye Chen murmured, the power burst, the door of heavy gold, issued a huge creaking sound, slowly opened back.

Chen Xin gazed at Ye Chen's back, and his eyes flickered slightly.

Finally, under everyone's incredible gaze, the gate of heavy gold was pushed open by Ye Chen!

Ye Chen breathed a breath and took the lead in stepping into the cave.

Since this place is related to the devil's eye, he must enter at the first time!

The rest of them came back from the shock and followed Ye Chen into the cave.

When Xie Pingping sees Ye Chen pushing open the door of heavy gold with her great strength, she can't help but lean towards Ye Chen, and her pretty face turns red.

After entering the cave, Zheng Yuan motioned to the crowd to stop. After looking at the array plate for a while, he said with joy: "gentlemen, the prohibition in the cave has ceased to operate because of the age. Now, you can rest assured to search."

Several people smell speech, all is the facial expression is happy.

Zheng Yuan said with a smile, "well, from now on, we will search separately."

Several people nodded, all tacitly chose a different direction to explore.

After looking at Ye Chen's chosen direction, Chen Xin chose another direction far away from ye Chen.

This cave is said to be a cave, but it looks like a huge palace, pavilions, pavilions and song terrace.

Ye Chen follows the hint of the devil's eye in the brow and walks into a separate attic.

"Here it is?"

Ye Chen has a wonderful way.

However, the devil's eye in the middle of the eyebrow did not respond.

It wasn't until a few seconds later that he said, "see that bookshelf? Go on

In this attic, there are several bookshelves. Ye Chen walks into one of the bookshelves according to the instructions. When he glances over the classics on the shelf, he suddenly condenses and pulls out an ancient book from it.

A moment later, ye Chen closes the book and smiles.

This book is actually a diary written here. It not only records the life of the strong man named "the devil", but also describes in detail the structure of the cave and the relics left over from everywhere.

This demon spirit son, is one of the most powerful existence of the demon clan. After entering this secret place by mistake, he also collected a lot of strange things and treasures.

At the end of the diary, he wrote that he was about to break through the nine levels of fengmenjing, take away most of the useful things, and look for a breakthrough, leaving this log.

The magic spirit son is not sure about this breakthrough, because he is worried that he will accidentally fall in the process of breakthrough.

Therefore, in this cave, he left his own heritage, as well as some treasures that he could not use for future generations.

In this way, even if he really fell, some people will still remember him, and his lifelong cultivation can be continued.

After ye Chen saw it, he also felt quite a lot. He immediately asked, "devil's eye, is your subordinate called the devil spirit son?"

"Yes."

A deep voice sounded.

Although Ye Chen has prepared in the heart, but also uncontrollably shocked.

The eyes of the devil's men sealed the door to nine levels of heaven, almost half a step into the Taixu realm.

How terrible is the power of the devil's eye??

At this time, the devil's eye seemed to be caught in the memory and said softly:

"at the beginning, the devil was just a waste that everyone despised."

"Zong has no family, and he has no parents."

"It's freezing. I found him in the ruins of an ancient battle. He shivers in the cold wind."

"I didn't want to have a cause and effect with this person. Unexpectedly, when I left, he put his hand around my leg and asked me to take him away."

"I can't forget his eyes that day."

"It's the look of a lowly struggling man at the bottom eager to grow stronger."

Why do you ask me the truth

"He told me that there is no truth in Lingwu land. If there is a devil in the heart, it is the truth."

"I took him in. I took him into Jiuyou. I taught him the magic way. Later I left. I had more important things to do..."Ye Chen fell into meditation for a long time, then asked: "why is there not a bit of your information in his diary? Even the name. "

This time, the devil's eye answered incomparably simply: "I'm not allowed by heaven, I can't leave any information in this world."

"Otherwise, the devil, he will die."

In Ye Chen's heart, there is a storm!

There's no information about the devil's eye in this world?

Why should the law of heaven forbid?

So heartless? What happened in ancient times?

"Boy, don't think about it. Go to the inheritance place left by the demon spirit son as soon as possible!"

Ye Chen suddenly, according to the record of this log, he moved his body and went to the place of the treasure and the inheritance left by the devil.

Soon, he reached the place where the devil left the inheritance.

However, during the flight, he suddenly looked and stopped to escape the light.

Also in the moment Ye Chen stopped, not far away, suddenly burst out a burst of loud noise.

There's a fight there!

Ye Chen slightly frowns, after pondering for a moment, or to that direction.

The two sides of the fight were Zheng Yuan and Chen Xin!

At this time, Zheng Yuan was covered with blood, and he seemed to be hurt. However, Chen Xin in the opposite side still kept a simple and honest smile on his face, and there was no trace of battle on his body.

A golden thunderbolt flashed, showing Ye Chen's figure. Zheng Yuan saw Ye Chen's arrival, and his face showed a trace of joy.

But that Chen letter, is the vision tiny twinkle, said to Ye Chen: "did not expect, you come so soon."

Ye Chen ignored Chen Xin and turned to Zheng Yuan and asked, "brother Zheng, what's going on?"

Zheng Yuan said: "brother ye, be careful. This Chen Xin is not a good kind of person. He suddenly attacks me. Moreover, he hides his strength. His real strength is extremely terrible. I am not an opponent at all!"

Chen Xin turned to look at Ye Chen. He looked so simple and honest. He said with a smile, "your strength is not bad. If you leave like this, I can spare your life."

Ye Chen said calmly, "spare me a life? Can you kill me

Chapter 1876

Chen Xin shook his head and said with a smile, "I'm afraid I can't do it alone, but..."

At this time, outside the cave, there was a loud noise. Ye Chen looked at the direction of the sound, and the purple light in his eyes flashed. At the entrance of the cave, several escape lights appeared at the same time!

When Chen Xin heard the noise, he burst out laughing and said to Ye Chen, "I told you to go just now. Now, if you want to go, it's not so easy."

Ye Chen looks at Chen Xin coldly, raises a sword to cut out!

The light of Jingtian sword is surging, and the immortal meaning is covered. The extremely cold and piercing sword meaning seems to freeze everything and kill Chen Xin with the momentum of destroying heaven and earth!

Chen Xin's eyes were dignified, but he did not panic. His hands formed a strange seal!

A piece of bone hung in front of the body, emitting a pale aura, with a loud noise, the bone piece vibrated violently.

Chen Xin also stepped back several steps, but after the light converged, Chen Xin completely blocked Ye Chen's sword without any injury!

Ye Chen raised his eyebrows, and obviously he was surprised that Chen Xin could block his sword so easily. At this time, several dodging lights fell on Chen Xin.

As soon as they appeared, they respectfully said to Chen Xin, "little respect."

After Chen Xin blocked the sword light of Ye Chen, his body was twisted and turned into a slender young man with a very beautiful appearance.

There is a strange tattoo on the man's forehead. When he shows his real body, his breath also rises in an instant, and even soars to the peak of the state of creation, even half step star body state!

However, the three men who fell in front of Chen Xin were also extremely excellent in their accomplishments. They were all the existence of the eight or nine layers of heaven in the realm of nature!

Seeing this scene, Zheng Yuan was completely pale and bloodless.

Obviously, when Chen Xin attacked himself just now, he didn't do his best because he was worried that the fluctuation would be too strong.

Otherwise, I should be a corpse by now.

Even ye Chen frowned slightly. The smell of Chen Xin was very strong.

In fact, it may still be on top of Chen Feiying, who ye Chen once defeated.

Seeing these people's attitude towards Chen Xin, ye Chen's eyes flashed and asked faintly, "are you a contestant of top or first-class forces?"

Before Chen Xin had said anything, a young man in the eight layers of heaven in the world of nature glanced at Ye Chen, cut out a sword, and said coldly:

"how dare you talk to Shao Zun so casually? I want to die. "

In Ye Chen's eyes, the cold light flashed, the blood demon sword moved, and the light of the startled Sky Sword rose. In an instant, the light of the sword disappeared, and the rest of his power was not eliminated. He went straight to the man who made the eight layers of heaven in the world of change!

The man's eyes were wide open, looking at the terrible sword, ignoring the shock, the sword in his hand was dancing wildly, and his spiritual power was in extreme operation.

Even the meridians have to be broken. Countless swords weave into a huge sword net to block the dazzling golden sword!

There's a big bang!

The man who made the eight layers of heaven in the world was pouring blood into his mouth. He withdrew for dozens of steps to stop his body and kneel on the ground!

When Chen Xin saw this scene, he seemed not surprised and said nothing with a smile.

The injured man, on the other hand, was extremely ugly.

The other two men laughed and sneered: "Huang Ling, is this your strength? Now, even a half step in the path of waste can seriously hurt you?

In my opinion, you'd better give the name of Huang Ling to others. What face do you have to stay with shaozun? "

When Huang Ling heard the speech, his face became more and more ugly, but he said nothing.

Ye Chen looks slightly dignified, these people, are not simple.

Is it the genius of the top?

However, Zheng Yuan saw that he was biting his teeth, pinching the formula with both hands directly, and began to cut off the connection with the purple jade order symbol!

Chen Xin did not care about him, but asked the man in front of him: "where is the spirit of heaven?"

The man met some troubles for the time being

Chen Xin nodded and turned to the place where the demon spirit son left the inheritance. He said faintly: "although this man has only half a step in the Taoist realm, I feel threatened by his strength. You should join hands to block him."

The Earth Spirit and the mysterious spirit look a su way: "lead the Dharma order!"

At this time, Huang Ling also stood up from the ground. The three men formed a kind of strange formation. Under the joint breath, the ground vibrated!

Xuanling looked at Ye Chen scornfully and said with a sneer:

"I don't know what's wrong with shaozun. He said that this half step of the rubbish in the Taoist realm can't be inferior to shaozun's strength?

Huang Ling, don't drag us. In the face of this kind of waste, we must completely crush it into slag.

Otherwise, what qualifications do we have to be the spiritual servants of Shao Zun? "

When ye Chen heard the speech, his eyes narrowed slightly. He vaguely remembered that there was a powerful sect named tianlingzong in Lingwu mainland, which was no less powerful than xuanyuezong.

Every disciple in the sect is a genius on the land of Lingwu. In tianlingzong, all the venerable masters were hereditary.

This mysterious blood is incomparably powerful. Every shaozun is a person with extremely strong talent, and those who accompany shaozun to become the next Lord are the four best disciples of Tianling sect, known as the four spirit servants of heaven and earth.

The disciples of tianlingzong regard serving shaozun as the supreme glory, and the four spirit ministers are also replaceable.

Therefore, every four spirit attendants will try their best to show their strength in front of Shao Zun, so as not to be replaced by others!

"Xuanling, do you think shaozun exaggerates the strength of this waste just because Huang Ling was cut back by this waste sword in order to protect his face?"

When Huang Ling and Xuan Ling heard the words, they both showed a sudden look on their faces. For them, Shao Zun was God. How could they be compared with a half step and a half step Taoist waste?

Huang Ling was even more grateful, and suddenly said, "wait, I'll take care of this waste!"

He has just been repulsed by Ye Chen's sword. If he can't defeat Ye Chen alone, I'm afraid Huang Ling's position will be changed after the Dragon contest is over.

Although he felt that he was not Ye Chen's opponent, even if he died, he would die as a spiritual servant of shaozun!

Ye Chen ponders for a moment, although, with his speed, these people may not be able to stop him.

However, if you enter the inheritance site and are attacked jointly by these three people and Chen Xin, I'm afraid even he will feel a little tricky. It's better to defeat them here first.

He took a deep breath, and the power of the six divine kings was bestowed on him. The blood burning formula worked extremely well. In an instant, he disappeared from the original place and appeared in front of Huang Ling. The shadow of the unicorn and tiger behind him flashed, and the ultimate sword flew out wildly!

Chapter 1877

At such a close distance, the spirit of the earth, Xuanling and Huangling finally felt Ye Chen's power of extreme terror.

Originally, as the disciples of tianlingzong, they were extremely arrogant and looked down on the martial arts outside the tianlingzong.

Even if Huang Ling was cut back by Ye Chen's sword, they didn't really pay attention to Ye Chen, but at this time, in front of the shadow of death, they finally shocked, even scared!

They have formed a four spirit formation!

Although one person is missing, the power is strong enough to fight against the strong.

Even so, he felt the breath of death in front of Ye Chen's sword!

How could that be possible?

This is just a half step into the realm of waste!?

At this time, however, they had no time to think about it. They had a tacit understanding when they shot at the same time. The integration of the three swords formed a giant sword dragon with a sharp breath to meet the sword light of Ye Chen!

There's a big bang!

Under the joint efforts of the three people of the Earth Spirit, they were even cut back several steps by Ye Chen. Moreover, they were bleeding from the corners of their mouths and were slightly injured.

Although Ye Chen was also affected by the impact of a certain amount of shock, but with the strength of his immortal spirit, this anti shock force is not enough to hurt him.

At this time, these people finally believe that shaozun said that this person's strength is not weaker than him, it is not empty words!

They are not enough to see!

The next moment, these several people escape light together, united into a long rainbow, actually is backward, and ye Chen opened a distance.

After all, shaozun just told them to block Ye Chen. So now, the main purpose is to delay Ye Chen and prevent him from influencing shaozun's actions, rather than fighting with him!

Ye Chen looked back and looked at his own people with cold sweat and sneered:

"the disciples of tianlingzong are just such stupid and arrogant fools. Aren't you going to crush me and fight against me?

Now, why do you retreat? Are you afraid of me if I make a sword? "

On that day, several people of lingzong heard the speech, and their eyes were about to crack. Tianlingzong was their pride, but now they were insulted by this inferior outsider?

They all wanted to tear Ye Chen into pieces. However, no one moved forward. First, it was because of shaozun's instructions. Second, it was because of

What a terrible sword Ye Chen just made!

Even if the three of them join hands, they have no confidence to block Ye Chen's all-out attack!

Ye Chen sneers and uses a hundred steps to catch the lightning. In a moment, he has come to tianlingzong's body. With one sword, he will kill again!

Immortal sword and the spirit of Geng Jin burst out!

Even this sword with the roar of two ancient fierce beasts!

Several people in tianlingzong were shocked. This guy who thought he was a waste was not only so strong in attacking, but also faster than he could imagine!

Their faces were dignified, they clenched their teeth, their swords moved again, their spiritual powers turned wildly, and they tried their best to display their sword skills!

Sword dragon roars, straight to penetrate the void!

However, such a powerful sword, in front of Ye Chen's immortal sword, which seems to be enough to create the world, is also faintly invincible!

Roar, great noise!

The whole cave was shaking violently. This powerful attack and collision almost destroyed the ancient cave!

The people of tianlingzong vomited blood and retreated again.

At this time, their eyes where there is a half proud, looking at the way from the smoke and dust slowly walking slender figure, full of color of horror!

Ye Chen's electric light all over the body together, does not give the opponent the slightest chance to breathe, is a sword to cut hard.

Several people of tianlingzong roared together, and their skin burst, and a burst of blood light appeared all over the body, apparently exerting some secret skill to stimulate potential.

After using the secret arts, several people's sword power is stronger, the sword dragon roars angrily, and ye Chen's sword light in the shape of white tiger fight to death!

Extremely dazzling aura broke out. The cave left by the devil spirit son was attacked by both sides and began to collapse!

And tianlingzong several people's fight to death, also finally in Ye Chen's body, left the wound!

A strong sword sense runs through Ye Chen's chest, leaving a blood hole two fingers wide!

However, on that day, several people of lingzong were even more miserable. Under the successive attacks of Ye Chen, their sword holding hands were twisted by the great force, their muscles were broken and their bones were smashed.

There are several deep visible bone scars all over the body. If it wasn't for the secret arts, they would have been unable to stand now!

However, when they saw the sword wound on Ye Chen's chest, they all showed their joy and finally made him hurt. With the strong sword spirit of tianlingzong, ordinary martial arts practitioners would suffer great damage to their meridians once they were involved in the sword.

Even if ye Chen again strong, at this time should also be injured is not light, a time is unable to carry on the attack again!

They even, started to fight again, may have the hope to kill Ye Chen thoroughly! However, the next moment, tianlingzong several people, completely fell into a sluggish, perplexed looking at what happened in front of them, totally unacceptable!

Ye Chen, who should have been fatally wounded, walked towards several people as if nothing had happened.

What's more, the blood hole in his chest was quickly closed!

This is the sword meaning of tianlingzong! It's the body training which is famous for its flesh body. It can't resist the strong sword sense at all!

How to arrive Ye Chen body, the wound that causes, so easily healed?

What the hell is this body!

At this time, the originally arrogant four spirit servants of tianlingzong finally fell into complete terror.

They looked at Ye Chen, who came step by step, as if they had seen the devil of hell. They screamed in horror and kept retreating. They knew that when ye Chen took out his sword again, it was the time of death!

How can this make them not afraid?

As four spirit servants, they are not afraid of death, but afraid of themselves, like a wild dog on the road, completely trampled on their feet!

But now, they have been completely crushed by Ye Chen!

At this critical juncture, a sudden change!

A startling sword shot from outside the cave. In a flash, it fell in front of the Earth Spirit.

The light of the sword converged, showing a graceful figure. Ye Chen's eyes flashed. This person was actually a woman with a white gauze skirt and a veil covering her face, showing only her bipolar beauty eyes!

After seeing this woman, the eyes of those who had already fallen into despair suddenly became bright, as if they had seen the Savior!

They cheered in surprise: "God! You're here at last

If one of the four spirits will not be replaced, it is the position of the heavenly spirit.

It is said that tianlingzong was originally established to select and serve the children of an ancient family. The founder of tianlingzong is another family that has served the ancient family for generations, and its name is "Tianling".

Chapter 1878

It takes the position of heaven and spirit. It is similar to shaozun and is hereditary.

Ye Chen looks at this woman, is also slightly frown, this woman unexpectedly also half step star hole cultivation, and the breath is extremely strong, actually is not weaker than that Chen Xin!

Although the woman's eyes are very beautiful, they are cold and piercing, without any feelings. Ye Chen is looking at her, and she is also looking at Ye Chen.

After a moment, the woman finally said faintly: "knot four spirit array."

The three men of the Earth Spirit, with a ferocious look on their faces, handed the sword to the uninjured hand and growled at Ye Chen: "ha ha ha ha! Your time is up! You think you're strong? Can you crush us?"

Now, let you see the power of the four spirit array in the complete state of tianlingzong!

In a moment, you will understand what the real terror is

The breath of the four tianlingzong people focused on the woman, and suddenly burst out the pressure of surpassing everything. Ye Chen's face sank. Although the four of tianlingzong also attacked in the form of formation, different from the sword array used by Chen Feiying, the attack of these four people was condensed into one, even if the Qilin evil spirit was used, it could not destroy the formation.

The cold woman slowly raised her sword. Under the agitation of the sword idea, she was more than several times stronger than when the three people of the earth and the spirit put it into practice!

But the Earth Spirit several people, feeling their own soaring power, can't help but be more arrogant, their faces twisted and yelled at Ye Chen:

"how about? Scared? Do you know how powerful I am? A mole ant, dare to be wild in front of us?"

It's better to kneel down and beg our forgiveness now, otherwise, it's time for you to pay the price right away

As if to use the irony of Ye Chen to wash away the humiliation just suffered!

Ye Chen looked at the talking Huang Ling and others, and showed a helpless smile on his face and said: "pay the price? With a few bereaved dogs, what is my right to pay the price? "

Huang Ling and others are slightly stunned. They can't think of it. Even at this time, ye Chen still doesn't waver in the slightest, and is still so arrogant!

Huang Ling and other people's faces, more crazy and angry, because they feel completely crushed by Ye Chen, whether in strength or in heart!

They are angry because they can't deny the fact that they are inferior to a lower class other than tianlingzong!

Even that cold woman, at this time looking at Ye Chen, beautiful eyes are showing a touch of color.

Ye Chen's performance, let her have some surprise.

However, it's just a surprise. A finger of the sword in the cold woman's hand looks soft and casual, but also quite beautiful, as if it doesn't have any lethality.

However, the next moment, it seems to be able to break Hongmeng Taichu's sense of matchless sword, then toward Ye Chen swept!

Ye Chen's eyes sank and congealed, and he murmured, "Lingsha combats!"

All over his body, he turned into golden thunder. Instead of dodging, he went up against the terrible sword!

Huang Ling and others saw that ye Chen was facing the sword, and his face was full of ecstasy and sarcasm.

Do you really think you are the immortal god of war?

The strength of the heavenly spirit is terrible enough. Through the four spirit array, the spiritual power of several of them is connected with the spirit of heaven. At this time, even the elders in the sect dare not defend the sword!

A simple half step road martial arts, even if the day, again evil, it is impossible to take this move and die!

Ye Chen is crazy, proud and strong!

But sometimes, arrogance will kill you!

For example, now, he is absolutely a dead man!

Think of Ye Chen's fate, in the eyes of Earth Spirit and others, are all happy!

The blood devil sword moves, cuts out the startling Sky Sword idea!

The sword light and sword Qi collided, and the breath of destroying the heaven and earth broke out. The ancient cave left by the devil was already in ruins, and finally it began to collapse under the damage of this blow!

Dust and smoke everywhere, and smoke, is a strong smell of blood!

Huang Ling looked at the thin blood mist floating in the smoke and dust, and couldn't help but smile with satisfaction. The hateful waste, now, has died to death, can't it?

Just when he was ready to speak sarcasm at Ye Chen again, a bloody figure suddenly appeared in front of Huang Ling's body!

Huang Ling's pupils trembled, as if he had seen the devil of hell. His face turned pale and matchless in an instant!

He raised the sword in his hand, and his spirit was stirring, and he was about to make a move!

However, the next moment, he breathed a little, and his face became whiter. Because, he found that his spiritual power seemed to be frozen and motionless!

What's more, his mind also felt a tingling pain and fell into chaos!

Before waiting for him to make any reaction, the sword light flashed. Huang Ling didn't even scream, so he was chopped and exploded by Ye Chen's sword and turned into a burst of blood mist!

As soon as the beautiful eyes of the heavenly spirit turn, the color of surprise appears. When the sword moves, it will strike Ye Chen. However, ye Chen's speed is too fast!

Even if the heavenly spirit reacts quickly and takes a hand in time, ye Chen still kills Xuanling together! Boom!

Although Ye Chen killed Huang Ling and Xuan Ling, leading to the decline of the power of the four spirit array, the sword of the heavenly spirit still struck Ye Chen firmly.

Just when the heavenly spirit thought Ye Chen was going to be seriously injured by this sword, ye Chen's body surface suddenly showed a rolling evil Qi, which completely blocked the sword!

This evil Qi is like connecting nine secluded places! Let them have a sense of fear!

For the four hands, the devil's eye is obviously a little unhappy.

After all, this is still a relic left by his men.

But he would not have killed them.

Only at the critical moment, cast a technique to block part of Ye Chen.

Although he resisted, the extremely powerful sword Qi still made Ye Chen's body shake a few times, and the blood flowing on his body surface was more rich!

However, ye Chen has no fear in his eyes. On the contrary, he burns some strange light, as if he is extremely excited and enjoys the pleasure of killing!

That frightening glance, condensed in the spirit of the body!

Rao is the spirit of the earth, the heart is not bad, is Ye Chen this blood sea Shura general eye lock, actually also subconsciously hit a shiver!

At this moment, the spirit felt a fear from the soul!

The spirit of the dark way is not good, she side store strength to attack again, while facing the Earth Spirit Jiao to drink a way: "the Earth Spirit! Run away

The spirit of the earth screamed wildly. Without the help of the spirit, he was running away from the cave that was collapsing!

But can you escape?

Ye Chen's body shape was strange and flashed, just like thunder. In an instant, he appeared behind the spirit of the earth. With one sword, another burst of blood mist exploded!

Ye Chen actually in this flash of electric light and flint, cut three late genius!

After killing the spirit of the earth, ye Chen gasps slightly.

Even for him, fighting at such a high intensity was a bit of a struggle.

## Chapter 1879

After all, even though his spiritual power is incomparably powerful, far surpassing that of the ordinary people who make chemical weapons by combining Taoism with Taoism, his spiritual power, though powerful, still has some roots.

Ye Chen's wrist moved, and more than a dozen pills for restoring spiritual power and healing were not in the mouth. That is to say, his immortal spirit body was so powerful that he could recover in such a way as to destroy his meridians!

At this time, the spirit of heaven, in the eyes of beauty, finally lost the indifference. She looked at Ye Chen with her sword in front of her chest.

The reason why she didn't do it was because she was accumulating strength, and her sword was intended to cohere continuously.

However, even so, she is still not confident that she can defeat Ye Chen with one sword. The sword formula she used to use the four spirit array just now could not defeat Ye Chen.

At this time, this has always been like frost and snow general cold and indifferent woman, can not help but some helpless.

Because, she did not know, in the face of this seemingly incomparable magic, as if he would never fall, what means can be used to knock him down?

Ye Chen looks at the heavenly spirit and raises the blood magic sword, and is ready to start. But at this moment, in the almost completely collapsed building, a hidden light suddenly rises and shoots towards the place where the spirit is.

Ye Chen frowned, and saw the little respect "Chen Xin" of tianlingzong had fallen beside Tianling.

Chen Xin glanced around and looked at Ye Chen. He was also slightly surprised. However, his face soon returned to calm. He said with a faint smile, "it seems that I can't really kill brother Ye."

He said and then turned to the spirit: "the information is wrong, that thing is not here, we must leave as soon as possible."

Tianling looked at Ye Chen, hesitated for a moment, and then said, "but this man killed the Earth Spirit, Xuan Ling and Huang Ling..."

Chen Xin said with indifference: "those people can be replaced. Why bother? What's more, even if you and I work together to defeat brother ye, you will surely pay a heavy price. "

When ye Chen heard the speech, he looked at Chen Xin's eyes, but it was a little strange. It seems that there is something extraordinary about the shaozun of lingzong that day.

Chen Xin then turned to Ye Chen and said with a smile: "brother ye, I have offended you before. If we are destined to meet in the future, we will make amends to you. By the way, I don't call Chen Xin. My real name is Zuo Jixuan."

"What's more, it's an apology for you! Take it, please

"See you later."

After that, he took the spirit of heaven and turned it into a escaping light. The earth and rock above the cave were smashed by the light.

Ye Chen looks at Ji Xuan's back, his eyes twinkle for a while, and finally he flashes thunder all over his body and leaves in the opposite direction.

The reason why he didn't move the killer was that he didn't have time to fight with these two men.

If two and a half talented people join hands, they may not win.

What's more, the cave is about to collapse. He must go to the direction described in the demon spirit's log to get something as soon as possible.

Eyes of the devil.

In the sea of knowledge, the voice of the devil's eye is constantly ringing.

.....

The ground shakes and the dust rolls.

Ye Chen's step finally stops, he came to a door in front of.

"Devil's eye, what are we going to do next?"

As soon as the words fell, ye Chen's eyebrow flashed a light, and the light fell on the gate. The ancient runes on the gate actually flowed!

The next second, the door opened!

Roll on, the evil gas overflows!

"Go in."

Ye Chen nods and enters directly.

To the inside, let Ye Chen surprise is that there is only a two meter high stone statue and that surging evil gas.

It's extremely cold inside. The temperature seems to be a knife that stabs into Ye Chen's body.

If it was not immortal, I'm afraid it would have been unbearable!

"Who dares to break into this place?"

All of a sudden, the statue opened its mouth!

Moreover, the spear in the stone statue's hand came to Ye Chen without any sign!

The power of this stab is even more than the peak of the nine layers sky in Xingqiao state!

It's tearing the void!

The surrounding magnetic field and air are disordered!

Ye Chen is not qualified to stop now!

In this critical moment, ye Chen eyebrow heart shot out a yell: "my people, you dare to move! Get down on your knees

With this remark, the spear hovered in the center of Ye Chen's eyebrows.

Not only that, ye Chen is surprised to find that the expression of the stone statue is extremely frightening! Even the body is shaking!

Next second!

"Bang!"

The stone statue knelt directly in front of Ye Chen's body, and the excited voice resounded: "the devil Emperor You are still alive! How could Lin Yuan has met the devil emperor

Ye Chen heard this sentence, shocked!

The devil?

What kind of existence can be called emperor!The devil's eye pondered for a few seconds and said to Ye Chen, "I know you doubt my identity. I have too many titles. It's just a title given to me by some people."

"But the only people who can call me the devil are the ones around me."

"It doesn't matter. What matters is whether you can use your body now. Five minutes is enough."

Ye Chen nodded and agreed.

The next second, ye Chen eyebrows surging with the ultimate light!

Ye Chen's whole body is flowing with Jiuyou devil Qi!

The power of Tongtian is rising!

Even if ye Chen's pupil is also suffused with cold red light!

The whole body exudes a kind of momentum of the nine heavenly emperors!

Ye Chen, with both hands behind him, gazed at the kneeling stone statue and said, "the devil's stuff, are you guarding it?"

The stone statue did not dare to look at Ye Chen and said respectfully, "the devil emperor, it is! The demon spirit son left here, I burn cultivation to the magic stone as a sacrifice, permanent protection! If no one dares to break in, I will even kill him and destroy this place. "

Speaking of this, the stone statue hesitated for a few seconds and then said, "demon emperor, since you are back, why don't you go to Jiuyou and the demon clan! Jiuyou and Demons need your master

"Even, we can fight those guys again with the power of opening the sky!"

"Those guys don't know that the devil is reborn! Ha ha

Ye Chen sighed: "The Revenge of destruction, I will revenge after all, but not now."

"After my fall, what happened to the demons and Jiuyou?"

Here, the statue is silent.

"I want the answer."

The stone statue raised his head and took a look at Ye Chen, and then said, "demon emperor, the reason why I want you to go to Jiuyou and the demon clan is that the place that was once a demon has been devastated."

"The ancient war shook the sky, the heaven was devastated, and the nightmare engulfed the land of Lingwu. For a full month, we finally waited for the news of the fall of the devil emperor. After that, the

devil kingdom in Lingwu was in chaos. Countless people wanted to control the demons and Jiuyou, but they found that they did not have the power of the devil Emperor..."

Chapter 1880

"The devil Kingdom disintegrates and splits constantly, and Jiuyou is completely closed and does not ask about the outside world."

"Many people of the demon clan left the devil Kingdom and became their own clan in the four regions of Lingwu land, East, West, North and South..."

"Even, many of your subordinates are mercilessly suppressed by the beast..."

"Even your daughter is trapped in the sea of demons..."

Hearing this, ye Chen's body is surging with the idea of killing the sky. The endless evil Qi has even formed a hundred demonic shadows!

It's like hell around you!

It's even more exciting than the whole dragon!

And the outside world opened this secret place of handsome young people is on the spot spit out a mouthful of blood!

Who can bear the anger of the devil emperor!

The outside world, countless strong people rush to the handsome youth.

They know that this young man is a noble man!

If you are injured here, it will be troublesome for the people behind the youth to pursue responsibility!

.....

"That beast is the devil's dust!" Ye Chen's voice is suddenly quiet.

The stone statue nodded: "demon emperor, it is!"

"I see." Ye Chen only spits out these four words.

But in the stone statue's eyes, these four words understand something.

The devil is angry.

Calm anger is destined to usher in a tempest in Lingwu land and devil kingdom!

"Where are the things left by the devil? Give it to me. " Ye Chen Dao.

Stone statue is not nonsense, stand up, fingers pinch Jue, the ground even split!

There is an old black box.

Time has come.

The devil's eye knows that he can no longer occupy Ye Chen's body, otherwise it will have an impact on Ye Chen.

Endless evil Qi poured into the eyebrows.

The devil's eye to slow over the God of Ye Chen said: "put the box well."

"And ye Chen, can I ask you something?"

Ye Chen naturally heard the conversation between the two people and said, "do you want me to go to the devil kingdom?"

"Yes, I don't ask you to go now, but I hope that one day, you can go."

"I'm willing to pay a price for that."

Ye Chen said with a bitter smile: "I know, with my present strength, I'm also looking for death. At least when I find some reincarnation xuanbei, there will be a trace of possibility."

"Well."

There was no sound from the eye of the devil.

Ye Chen took the box and found that the stone statue was full of cracks.

It seems that once the box appears, it is doomed to disappear.

Ye Chen just ready to leave, the stone statue then pleaded: "no matter how, please protect the devil emperor."

"Lingwu mainland is not as simple as you think. The so-called top power is not as good as the people who fall into the devil's way."

"They're brewing a game of control."

"Collude with the way of heaven to be the dog of heaven."

"The palace of Jue Han Emperor objected, and the palace disappeared overnight."

"The evil emperor objected and fell in the ancient war."

"I don't know your name, but I hope you must live on!"

Ye Chen nods, a hundred steps step by step, and disappears completely.

This place is about to collapse!

.....

A few seconds later.

A golden thunderbolt flew out of an inconspicuous cave. The light converged and showed Ye Chen's figure. At the moment when ye Chen flew out of the cave, the cave collapsed completely.

Ye Chen looked at the cave and sighed.

He had a rough idea of the identity of the devil's eye.

I'm afraid in ancient times, compared with the way of heaven.

With the eyes of the devil, he saved his life and death countless times.

But the more connected you are to the devil's eye, it means the way of cause and effect.

I have been involved in a shocking situation unconsciously.

I don't know if this bureau coincides with granddad's.

It seems that on the samsara ship, nine adults have said similar things.

How many unknown secrets were hidden in the ancient times of Lingwu continent?

What kind of identity does reincarnation graveyard and devil eye play?

Do you really want to break this game yourself?

Well, at the moment, there is still a lot to do.

Or as soon as possible in the dragon competition to enhance the strength.

Ye Chen looks around, ponders for a moment, then flies to a certain direction.

He also suffered some injuries in the first world war just now. To be on the safe side, it is better to find a shelter for the time being and recover from the injury.

.....

At the same time, in a barren stone field far away from ye Chen's location, several warriors were crying in fear, while opposite them, a black robed warrior came to them step by step with a twisted smile.

In their eyes, what is coming to them is not a man, but a real devil! These warriors are spiritually agitated and attack the approaching terror figure desperately.

The black robed warrior saw this, the smile on his face seemed to be more intense, and said in a low voice: "blood is swallowed!"

At the next moment, black magic Qi like a huge wave surged from his body. Those powerful attacks fell on the black air wave and broke out loud. However, they only blew up small waves, and could not hurt the black robed warrior at all!

As if, all these attacks were swallowed up by the rolling evil Qi!

The rolling black air swept forward suddenly, like a fierce beast that chose people and ate them. It bit those frightened warriors and pulled them to the side of the black robed warrior regardless of their struggle.

"No! No Those warriors seemed to know what would happen next, their pupils trembled violently, they were extremely afraid, and they struggled desperately.

At the next moment, a strange scene appeared. The black robed warrior pressed a pale palm on a warrior's head. Then, the warrior's skin quickly shriveled, and his flesh and blood spirit, even his spirit, were absorbed into the body along the arm of the black robed warrior!

But after swallowing up the warrior, his own breath suddenly rose!

The black robed warrior did the same, devouring the remaining warriors one by one, and a gust of wind swept over and lifted his hood.

There was a face with terrible facial features, which was even more somber and penetrating.

If ye Chen is here, he will recognize him!

This man is Lin Juelong!

What makes people feel strange is that the breath of Lin Jue long is extremely terrible!

Lin Juelong felt the surging power in his body, and his smile was even more distorted. His eyes, which had completely lost their humanity, flashed the flames of revenge.

"Not enough, not enough..." Lin Juelong whispered: "I have to swallow more, more! Although the blood alliance is not the most powerful in Kunlun, the secret they control may be shocking in Lingwu mainland. Moreover, the genius who participated in the contest is really delicious. "

He stretched out his tongue and licked his lips, but he was intoxicated. Soon, his face became grim and said to himself with a grim smile: "Ye Chen, wait for me, wait for me to devour more talents, and get what the soul hall wants.

I will find you and let you feel the real pain
