Chapter 1881

.....

A very high mountain, straight into the sky.

Ji Xuan and Tianling stood on the top of the mountain, surrounded by wisps of clouds.

The beautiful eyes of the heavenly spirit flashed: "shaozun, do you really want to do this? If we do this now, will it affect the big ratio of dragon rising? "

Ji Xuan shook his head and looked up into the misty cloud above, showing a trace of confusion. He said, "the opening time of this secret place is exactly the same as that of the ascending dragon contest. If the contest is over, it will take me a long time to enter the secret place next time."

After a pause, he said, "but if I can get the real treasure left by the demon spirit son in this secret place, its value is far more than that of the Dragon ascending contest. I have ordered those vassals to try their best to collect the energy of the purple jade rune. At that time, I will let it go to heaven."

With that, he sat down on his knees, took out a jewel with strange aura from his arms, and said to the heavenly spirit, "well, since I can't find that thing in the inheritance cave, I can only do it in another way. I'll start to untie the seal of the spirit in this secret place and call in the treasures left by the devil. During this period, you protect the Dharma for me."

The heavenly spirit respectfully places the head way: "receives the legal order."

Ji Xuan face a Su, hands of the gem into a streamer flying, not into the clouds, invisible, seems to have something in the melting.

.....

In a deep forest, a figure flickers rapidly. Although the figure is human, it shows scales, dragon patterns and other features!

This man is the Dragon Xuan!

However, at this time long Xuan, actually broke an arm, the injury is not light!

But he didn't stop to heal, but galloped in a certain direction, as if something was chasing him!

Behind long Xuan, several strange black shadows flashed and followed.

Long Xuan secretly clenched his teeth. If he was not hurt too much at this time, and because the previous war used a kind of secret arts, which made his strength less than one hundred, how could he be so embarrassed by these monsters?

Not long ago, long Xuan met with a black robed warrior with abnormal breath. There was a big war between them. Although he had the blood of the Dragon nationality and his strength was excellent, he was still defeated by the black robed warrior who had a kind of extremely domineering and devouring power.

He struggled to get seriously injured, but he could barely escape.

Fortunately, the black robed warrior seems to have been affected by his use of secret arts and a strong attack, so he can't continue to pursue him.

But the warrior in black is not alone!

Three black scales, like human and non-human things, were chasing him.

These three things seem to have a lot of intelligence. Each of them has the strength to create a world. In the current state of Longxuan, it's very dangerous to attack these three monsters at the same time!

Helpless, can only constantly flee, but, how can't throw away the tracking of these three monsters.

After a long time of chasing, long Xuan's seriously injured body became more and more serious, and his speed slowed down unconsciously.

The three monsters seemed to notice the state of Longxuan, and they could not help but roar with excitement and approached Longxuan gradually.

But long Xuan sees the appearance, the facial expression becomes more and more ugly.

Among the three monsters, the biggest one, a pair of blood red eyes, twinkled with venomous light like a poisonous snake, and even spat people at the mouth of Longxuan:

"you rubbish, can't run at last? Even let me wait for such a long time, after you fall into our hands, but to pay the price.

First of all, first of all, beat your dog legs that like to run away into meat sauce. What do you say? Ha ha ha

Jie Jie, the monster next to him, said with a strange smile: "yes, it's not bad. You know, even if you break two legs like this kind of rubbish, you will wriggle and run away like a worm."

The other one also gave out a strange smile and said, "it's not safe. I think the spine will be broken together. After all, you can see this rubbish. Maybe it can climb without limbs."

At the beginning of the speech, the one who started to speak laughed loudly. A pair of horror eyes were full of sarcasm, staring at Longxuan's back and saying: "it's reasonable. It's very reasonable. Hey, waste. If you stop now, we may be able to treat you gently."

Long Xuan was constantly ridiculed by these ugly monsters. His eyes were angry, his forehead was blue and his veins were jumping. The remaining hand was holding tightly, and his nails were stabbed into the flesh palm under the scales because of his anger.

In the rush, the Dragon Xuan suddenly turned around and uttered a thundering dragon chant in his mouth. He yelled: "a group of ugly and disgusting demons are going to die for me!"

After that, he grabbed the monster with one hand, and a kind of special prestige of the dragon people filled the air.

A huge, powerful shadow of the dragon claw emerged, towards the dark horror monster, roared down!

The monster was ferocious and had a strange eye. Obviously, he didn't expect that the coward who kept running away had the courage to fight back?

The dragon's claws radiate the power of terror, and it seems that even the air will be turned into nothingness. In the invisible, even the space trembled slightly, as if it was a real dragon. It was angry and opened its claws to strike. For a time, it was a little flustered!

There's a big bang!

The powerful aftershock of the attack swept around, turning the surrounding trees into nothingness and covering the sky with dust.

After sending out the blow, long Xuan gasped slightly. Just as he was about to leave again to escape, there was a very twisted laugh in the dust, which made people shiver!

A dark shadow came out of the dust quickly. In a flash, he came to the position where Longxuan was. He was so stiff that he could not help but turn to meet him and grab him with his claws!

There was another roar, a cry of pain from long Xuan's "ah". His body flew backwards, smashing dozens of thick trees, and then he could stop.

Where he had just stood, there was a tall, strong, dark, wrinkled skin.

There were three deep scratches on the monster's chest, and deep purple blood flowed from the wound. However, he seemed not to care. He lowered his head and looked coldly at long Xuan, who was wounded by him. His eyes were full of sarcasm.

Two dark shadows flashed to the monster's side, one of them said grimly: "this guy, even launched an attack on us?"

The other said, "but waste is waste. How can you hurt your brother? However, we still have to punish him well to let him know what kind of consequences the waste will have on our noble soul hall! "

At this time, not far from the dense forest in a cave, out of a tall figure, it is Ye Chen!

Chapter 1882

Ye Chen moved his body for a while, and the injury in his body has completely recovered.

All of a sudden, his eyes flashed, looked at the direction of the dense forest, and frowned slightly. After pondering for a moment, the whole body of golden light together, incarnated a bright thunder, and flew towards the direction of the dense forest!

At this time, long Xuan had recovered his human form, his face was extremely painful, and his whole body was covered with blood, and his only hand had been hit with blood by the monster's power.

A deep blood hole was opened in the chest, and the heart beat faintly in it, but the heart, now appears weak and weak, left a ferocious wound on the heart!

I'm afraid that I can't die any more when I'm a common warrior!

Fortunately, Longxuan has the blood of the dragon clan. His vitality and physical body are far more than ordinary people. However, he is also injured!

He didn't expect that even a single monster has such a strong strength!

Long Xuan struggled to get up, but just as he was barely able to support his body, a large, inhuman foot with long nails had already trampled on the wound in front of his chest and stepped on the ground again.

At the same time, the big foot is still rolling back and forth, extremely cruel!

The blood splashed wildly. Under the sharp pain, long Xuan's face turned pale, his whole body was sweating, and his mouth was full of anguish!

The monster's ugly face showed a look of great enjoyment, a pair of blood eyes slightly narrowed, appreciating the pain and constant struggle of long Xuan at his feet.

"Ants, do you understand?"

The monster laughs and sneers: "this is the end of you lowly human beings. You can rest assured that you are the master's important food. We will not kill you like this, but..."

His strange feet forced hard, and squeezed into the wound in front of Longxuan's chest!

"As long as we don't kill you, we'll punish you a little. The master won't blame you, ha ha ha ha!"

Long Xuan opened his mouth. The pain was so severe that he couldn't even scream. The whole person's breath also rapidly declined and became vague.

His eyes also began to dim, at this time, in that godless eyes, a flash of gold!

"Well?" As soon as the monster stepped on the Dragon Xuan turned its head, a pair of blood eyes looked towards a certain direction. There, a golden thunder was flying towards their position!

The golden light came in a flash, and the light converged, showing a slender shape.

It's Ye Chen!

Ye Chen glances at the Dragon Xuan who is trampled on by the monster at the foot. His brow is wrinkled, and his eyes are filled with cold.

But long Xuan, who was about to faint, raised his head with all his strength. When he saw the master of the figure, he was about to fall into the dark eyes and shine again.

He saw hope!

When the monster saw a touch of gold approaching, he was still a little nervous, but when he saw Ye Chen appear, he not only completely disappeared the tension in his eyes, but also laughed wildly.

When he noticed the change of Longxuan's look, he was even more unscrupulous and sneered: "Oh? Looks like you know this guy? A half step road?"

Waste is always with waste. You don't think that this half step waste can save you, do you? You're not really so stupid, are you? "

Then, he turned his head and looked at Ye Chen with disdain and said, "half step in the road? It's rubbish to disgust people, even if the owner is not willing to eat you this disgusting thing, right?"

Humble scum, immediately roll over and lead to death in front of me. If I wait for my hand, you will understand what the real hell is

Another monster nearby said with a grim smile: "a warrior who only half steps into the Taoist realm is the lowest level of existence even here. How can he de dare to stand in front of us?"

Get down on your knees, on the ground, and climb in front of us

Ye Chen smell speech, delicate face floating a helpless smile instantly, Sen cold said: "I, if not?"

Finally, a monster screamed, staring at Ye Chen fiercely and saying, "no? Do you think you have the right to refuse? By you? "

The smile on Ye Chen's face is more and more thick. He looks at the monster.

In a flash, purple light burst out in his eyes. At the same time, his body was tall and purple lines appeared on his body surface. His breath was infinitely enlarged. In an instant, it was like a real God coming from the nine days. In the eyes of the monster, it was incomparably tall!

Ye Chen double lips light open, cold way: "ignorant fool, kneel down."

Though he spoke softly, it fell to the monster's ears, but it rumbled like thunder, accompanied by an irresistible aura of majesty.

The seemingly violent monster was totally unable to resist, the body trembled, Shengsheng knelt down under Ye Chen's eyes!

The other two monsters saw this, their pupils shrank, and looked at Ye Chen, who seemed like a God coming down, and gave out a breath of disgust and fear. For a moment, they didn't understand what happened!How could that be possible? This guy is just a half step road. How can the garbage that can't be garbage emit such a terrible smell, and let his fellow citizens kneel down with just one word?

They are noble beings born from the great power of their masters!

Under the stimulation of Ye Chen's divine breath, one of the monsters was almost crazy. His eyes were bloodshot. On the edge of losing his mind, he gave a very harsh roar to Ye Chen and said, "humble human beings! Die for me

After that, the monster's feet bent, and the muscles on his legs were frantically agitated. In the next moment, the whole body was like a rocket, shooting at Ye Chen at a high speed!

The monster who stepped on the Dragon Xuan sneered: "even if the breath is weird, how about some messy means? With your cultivation, under our attack, you will only be smashed into slag instantly! "

The monster who attacked Ye Chen was obviously extremely confident. His ugly face was bloodthirsty and cruel, as if he had seen the scene of Ye Chen's flesh and blood bursting!

At the next moment, ye Chen didn't even look at the monster, but slowly raised a hand, which made the monster's face more smiling. In his opinion, ye Chen's action was just funny. Even if the general Daowu master tried his best, he might not be able to block his attack. But ye Chen, casually raised a hand?

This is no different from the mantis to block the car! too big for her skin!

Just when these monsters think ye Chen will die under the sharp claws, ye Chen's fist is against the monster's long claw.

For a moment, time seemed to freeze. The bloody smile on the monster's face changed a little when he touched Ye Chen's fist.

There was a faint fear in his eyes

However, before the fear completely emerged, a loud noise broke out in the dense forest!

With this loud noise, the monster who attacked Ye Chen had no resistance at all. The whole body was like a water ball falling from the high air, and burst instantly!

Silence, silence like death!

The monsters kneeling on the ground and the monsters stepping on the Dragon Xuan are petrified to see this scene!

They can't understand what they see!

And ye Chen feels the breath of burst, frown slightly.

The smell is so familiar.

as like as two peas of Kunlun, the three inhuman monsters are just like the forest dragon that vanished in the sky.

Did Lin Juelong come to Lingwu?

At this moment, ye Chen's expression completely changed!

Chapter 1883

Ye Chen stares at the monster in front of him, and finally shakes his head.

There's nothing wrong with his feelings.

China World War I, Lin Juelong is completely missing, ye Chen let Han Yun and ye Lingtian investigate.

The final clue stops at the blood League.

However, the blood alliance was destroyed by him.

No one survived.

He felt that Lin Juelong was dead.

However, in the process of investigation, ye Chen found the blood League interesting place.

For a long time, the blood alliance in Kunlun Xu is extremely mysterious, as if studying something.

Moreover, in thousands of years, many geniuses have disappeared mysteriously.

In a dungeon of the blood League, countless bodies were found.

But Xuemeng has been studying what, ye Chen does not care.

Now, it seems that the research on Lingwu is really related to the dragon blood alliance in mainland China!

Ye Chen shook off the deep purple blood in his hands, and walked slowly towards the two monsters. He said softly, "I just want to know one thing. Who is your master?"

"And where is he now?"

That misty voice is like the cold wind blowing in the nether world, which makes two monsters shiver all over, like falling ice cave!

This time, when they feel the deep purple eyes of Shangye Chen, only the fear burst out from the soul!

"Ah The monster who stepped on the Dragon Xuan gave out a terrible roar. His body twisted quickly. He didn't care about long Xuan at all. In an instant, he flew away in a direction!

And the other monster kneeling on the ground obviously wants to escape, but the reaction is slow. When he gets up, ye Chen, who is cold on his face, has come to him!

The monster retreated in terror, as if ye Chen was the real devil.

And he, just a frightened child in general, his blood eyes revealed the meaning of begging, it seems that he wants to beg Ye Chen for mercy!

There's a big bang!

Don't wait for that monster speech, ye Chen will blow that monster to pieces with a fist, his face keeps Yin cold, cold way: "since you don't say, then only die."

He took a look at the monster that had appeared in the distance in this moment, and then looked back at Longxuan.

At this time, Longxuan has reluctantly taken out the healing pill, and nodded to Ye Chen: "don't let him run, I'm fine."

Ye Chen nods and looks at the monster's back. The coldness in his eyes is stronger. The friend who hurt him will surely repay him 100 times!

His body moved and the golden light flashed. In a flash, it turned into a thunderbolt and disappeared in the distance.

Long Xuan gently exhaled a breath and used his power to heal the wound.

And that fleeing monster sees Ye Chen did not chase after, long breath: "throw that guy finally!"

"The master must be informed immediately!"

The monster closed his eyes and began to pinch!

The whole body is full of yin and evil Qi!

However, just half of the exhibition, it seems like a thunderbolt in front of me!

"No more running?"

A voice of indifference resounded.

The monster's face stiffened instantly.

Its pupils dilate, staring at the figure in front of him, just want to continue running, but found a bloody sword full of endless evil Qi touched its body.

As long as the other side wants, it will die!

Ye Chen cold Mou swept each other, way: "you just want to inform the person behind you!"

"Answer my question, who are you going to inform?"

The monster knew that he couldn't live, and he laughed coldly: "little beast, do you know what kind of existence you have offended?"

"If you kill the three of us, you will accept the master's endless anger!"

"This anger is enough to devour you! Let you live in the shadow

"You can't afford to offend some forces!"

Ye Chen eyebrows a pick, try a way: "the person behind you, should be Lin Jue long."

Hear Lin Jue long three words, that monster pupil is full of blood, extremely excited!

Then, an extreme energy surge!

The other party is going to blow himself up!

Ye Chen quickly retreats, at the same time, the Qi of Geng Jin and the evil Qi wrap the whole body!

Stop all the damage.

The clue is still broken.

These three guys are dead waiters.

However, ye Chen from the last monster's expression, the person behind is really Lin Juelang.

The former enemy, unexpectedly returned.

Although Ye Chen is not afraid of Lin Juelong, he still has a deep sense of crisis.

He is in the light, Lin Jue long is in the dark.

And, Lin Juelong's men are so powerful, does that mean that Lin Juelong is stronger?

The realm of creation, or the realm of astral orifices?

Because I have reincarnation graveyard, talent and chance. What did Lin Jue long rely on to appear in Shenglong Dabi?

The secret of blood League?

"Well, this matter must be considered for a long time. Go to see long Xuan first."

.....

After a while, the golden light flashed, and ye Chen returned to Longxuan.

Glancing at long Xuan, he saw that the wound on his chest had begun to heal. It seemed that there was no big problem. He put down his heart slightly.

At the same time, his brow frowned slightly and his face showed a deep look. Just now, by examining the corpses of these monsters, he got some thought-provoking information.

First of all, the monster, originally, was the warrior of the human race who took part in the Dragon contest!

After being devoured by his "master", he was extremely lucky to leave a trace of wisdom in his body, and his master's spirit and blood should be very strong.

Even if his master's admiration is no longer satisfied, he has no hatred for his master's loyalty.

What's more, it's a great honor to die for the master!

And his twisted and horrible body was given by his master!

The light in Ye Chen's eyes twinkles, if this master is really Lin Jue.

How did Lin Jue long learn this terrible skill?

At this time, long Xuan also slowly opened his eyes and said with a bitter smile to Ye Chen: "brother ye, let you see."

Ye Chen shook his head and said, "if you were not seriously injured, how could you be your opponent with those ugly things? However, what happened in the end made you so embarrassed?"

Long Xuan's face was dignified and said, "brother ye, it's not good. In this trial, there is a mysterious man who can swallow up other martial arts and absorb their accomplishments to enhance himself.

He has devoured many contestants. Now, he is already a half step star hole cultivation!

Moreover, it is very powerful and has a strange swallowing skill. Even my attacks can be eliminated by swallowing.

It was he who injured me into this appearance. Fortunately, I finally escaped with the means of life protection left by my master, which made him unable to trace for a moment.

But to my surprise, this guy is not only one person, but also these disgusting monsters, tracking me

Chapter 1884

Ye Chen nodded, and his eyes were dignified. It seems that the most important thing at present is not to collect the purple jade Amulet of any contestant, but to eliminate the strange warrior who can devour others.

Otherwise, continue to let him swallow up the contestants like this, the consequence is unimaginable!

If he devoured enough contestants to achieve the real star state, even ye Chen would not have the confidence to kill him!

If things really evolve like this, then all the participants participating in the trial will be in a desperate situation!

Ye Chen said to Longxuan, "where is the position where the man and you fight?"

Long Xuan was stunned and frowned: "Ye Chen, do you want to deal with him? I know your strength is very strong, but that guy is really too weird. Moreover, now it is half step star cultivation. Even if you are afraid to face him, it is extremely dangerous! "

Ye Chen said: "I have no choice, and it is very likely that the person will know me."

"Do you know that guy?" Long Xuan was a little surprised.

Ye Chen shakes his head: "before seeing each other, I also cannot be sure."

"But I'm familiar with each other's breath."

"Now I have a chance to win against him. If I wait for him to reach the Xingqiao state..."

Ye Chen didn't go on, but he and long Xuan both understood that when the guy arrived at Xingqiao state, in this secret state, I'm afraid no one can eliminate him!

"Damn it!"

Long Xuan fiercely punched a big tree beside him, and finally said to Ye Chen:

"the place where I fight with him is in the northwest of this dense forest, near a stone mountain about 30000 miles away. The man is dressed in black robes, and his breath is very strange. If you find him, you should recognize him immediately."

Ye Chen nodded and helped up long Xuan: "I know a place suitable for healing. I'll take you there first. You can heal there and try to recover strength as soon as possible."

Said, the whole body golden light together, took the long Xuan to own previously healing cave.

Long Xuan knew that with his current strength, even if he followed Ye Chen to kill the black robed warrior, he could only drag Ye Chen's hind legs, and could only agree.

After settling down long Xuan, ye Chen is preparing to fly to the direction long Xuan said, but at this time, a very dazzling black light soared into the sky, straight into the sky!

And in the cloud sky, as if something in response to the call of the black light, is slowly unraveling the seal!

Ye Chen looks surprised and looks at the direction of the black light column.

From the top of the mountain, there is a light from the sky!

At this time, long Xuan also walked out of the cave, looked at the black light column, and was shocked: "what is that?"

Ye Chen stares at the black light and ponders slightly. In the black light, it seems that there is a kind of familiar breath

Suddenly, ye Chen had a flash of light in his mind. The breath in the black light was very similar to the breath he felt in the demon spirit cave that Zheng Yuan took him to!

He looked at the direction of the peak, which was the same as that of Jixuan and Tianling!

From that black light, ye Chen faintly feels that something is coming to this secret place.

Thinking of this, he could not help murmuring: "is What did Ji Xuan know from the devil's cave? Now, do you want to summon what he left behind? "

Ye Chen looks at the quiet box of reincarnation cemetery again.

The box is shaking violently.

It seems that the evil spirit son not only left this box, but also left other things.

Ye Chen wants to ask the devil's eye about the box, but finds that the devil's eye falls into a deep sleep again.

After all, in the cave, the devil's eye controlled his body, which inevitably caused great damage to him.

Now, it's up to him.

At this time, long Xuan also seems to find that there is a hidden treasure in the black light. It seems that there is some secret treasure to be unsealed and come into this secret place.

Immediately, his eyes brightened and he said to Ye Chen, "Ye Chen, this black light will surely attract many competitors of the dragon race competition to go and find out the truth! That is to say... "

Ye Chen nodded and said, "that is to say, there will be the best hunting ground for the black robed warrior! So he will probably go where the black light is

Long Xuan said: "if we can unite the strong men in this secret realm to fight the black robed warrior, even if he has the strange power of swallowing, it must not be our opponent."

Ye Chen's eyes congealed: "I should have seen the person who caused the black light. If those two people join hands with me to deal with the black robed warrior, the odds are not small!"

Najixuan and Tianling are the top talents of the first-class forces and absolutely belong to the top strong in this secret realm.

Thinking of this, he said to long Xuan: "it's not too late. Now I'm going to the peak at full speed, and you can heal in the cave!" Said, incarnate thunder, toward the white light, fly away.

On the way to the peak at full speed, ye Chen caught a glimpse of an exquisite flying boat with a strange shape and a very ancient flavor.

The boat, at a very fast speed, was also moving towards the peak.

Ye chenmu flashed a trace of surprise, that flying boat sent out the breath is extremely powerful, actually is a half step artifact, the value is remarkable!

Even in the first-class forces, artifacts are extremely valuable, almost all of which are in the hands of the patriarch and the supreme elder.

Each piece can be called the treasure of Zhenzong.

Although half step artifact is not a real artifact, its value is not comparable to that of time and space!

However, to be able to use the existence of this thing, is by no means an ordinary person!

You know, ye Chen is still using the blood devil sword of the soldiers of time and space in the battle.

The real level of blood demon sword is very high, but with the passage of time, it naturally drops several layers.

Only by continuously absorbing blood and magic Qi can you upgrade your level.

Use the blood magic sword, ye Chen feels the pressure is not small!

And the other party used artifact!

This person's strength, obviously cannot be underestimated!

When ye Chen's eyes swept toward the boat, the warrior who manipulated the boat seemed to have found his existence. The boat trembled and flew towards the direction where ye Chen was!

Ye Chen sees the form to slightly frown, but, still stopped in place.

Soon, the boat with half step artifact arrived in front of Ye Chen. At the bow of the boat, there stood a tall, muscular, bald man.

Ye Chen's eyes narrowed. He was a contestant of the Xingjia family who had seen him in the Xianlin before!

When the man saw Ye Chen, he actually showed a happy look on his face and said with a frank smile:

"it's really you! My name is Xing Zitang. I'm very interested in your strength. How about a duel with me?"

Chapter 1885

With that, he did not wait for ye Chen to answer. He jumped out of the boat and hit Ye Chen with a fist!

At the moment of xingzitang's boxing, a vague man's shadow appeared behind him. As soon as the shadow appeared, it seemed that the world where Xing Zitang lived was shaken by him.

Vaguely, even the invisible laws in heaven and earth are shaking under the fist of xingzitang!

This moment, as if everything in heaven and earth had disappeared.

The rest, only a fist, a fist that seems to be able to destroy heaven and earth!

That's Xing Zi Tang's fist!

Ye Chen is a little speechless!

I don't have any grudges with this guy. As a result, I just glanced at it, and I had to compete with him?

Is this a psychopath!

How could a famous family in Lingwu land give birth to such a war loving brain injury!

Xing Zitang's punch is very strong, and it has the power of law!

The power of the law in his fist is more profound than that used by others. I don't know how many times!

However, this does not mean that ye Chen can not take over!

"Roar!"

Behind Ye Chen, there is a flash of the shadow of the strange beast, and the formula of the reincarnation of the gods and Demons runs to the extreme in an instant. The lines of Taoism and divinity appear on the surface of the body, and there are blood vessels that emit red light and pulse constantly.

God blood and burning blood formula together!

The six forces of the arms gather together!

When ye Chen's wrist turns, the blood demon sword falls into his hand. Behind his back, there is a Golden Shadow. Countless golden mansions emanate from his body, and the sword's intention is turbulent. The powerful fist meaning that originally envelops Ye Chen in xingzitang turns into nothingness under this sword idea!

At this time, even though Xing Zi Tang was very confident about his fist, he could not help looking at Ye Chen in surprise.

Ye Chen's wrist moves, the sword's meaning condenses, and the golden light gathers. He refines a huge golden sword that connects the sky and ground. With the sound of tiger roar, he cuts the huge fist seal on his face!

This sword is immortal!

There's a big bang!

Swords and fists collide, as if heaven and earth split, all things fall into destruction!

The light converged. Ye Chen held the blood magic sword and stood in the air. While Xing Zitang was staring at his fist, which seemed to be extremely hard. At this time, it was bloody!

The fight between Xing Zi Tang and ye Chen was a downwind!

At this time, ye Chen looked at Xing Zitang, and his eyes flickered slightly. He took his ultimate sword. Xingzitang was only hurt by this. In fact, his strength seemed to be one point stronger than that of Naji Xuan.

At the moment, ye Chen could not help but say, "now, I can't share the victory with you, but I have one thing to discuss with you."

At this time, Xing Zi Tang came to his senses and took a look at the white light's location:

"are you eager to go to the place where the black light is and fight for the treasure, so you want to join hands with me?"

He touched his bald head. Although he didn't have the habit of cooperating with others, it would be another matter if he was a strong man like Ye Chen. The blow of Ye Chen just now has been recognized by Xing Zitang.

Ye Chen shook his head and said, "brother Xing, I don't know if you have found out. There is a huge threat in this secret place. Now, it is not the time to fight for treasures. The top priority is to eradicate the guy who threatens all the competitors!"

"Well?" Xing Zi Tang looked at Ye Chen with some doubts: "what threat? Who else can threaten us with our strength? "

At this time, a hot woman flew out of the boat and landed beside Xing Zitang. Looking at Ye Chen, she said, "is that person you are talking about has been hunting the contestants in the secret land?"

Ye Chen glanced at the woman, nodded his head and said: "it's not just hunting. It seems that this man has a strange way to devour other martial artists and absorb their accomplishments and blood vessels. Now, he is already in the cultivation of half step star orifices. If he is allowed to continue to devour the martial artists in the secret realm and advance to the star orifices, the consequences will be unimaginable!"

When Xing Zi Tang heard the speech, he was dignified. Even he was a tough guy who could swallow up the accomplishments of other martial artists.

Red Xia's pretty face is full of shock. She says to Xingzitang in a quick voice:

"Little Lord! We must unite all forces to kill that man as soon as possible!

If I'm right, the man should be an experiment in the legendary project. In Lingwu land, some people have studied the means of swallowing blood vessels and cultivating accomplishments since ancient times, but they have failed all the time. "

"Later, several strong men headed by the eternal holy king of Lingwu came forward and destroyed this evil way."

"In their opinion, this kind of method will only lead the warrior to go astray, and it will have great risk!"

Ye Chen heard the eternal king, but was slightly surprised.

From the girl's mouth, the eternal King's status in Lingwu land is extremely noble.

But what are such noble people and those people in the samsara ship hiding?

Xing Zi Tang curiously looked at the Cabernet Sauvignon and asked, "since it has been destroyed, how can anyone cultivate this kind of thing?" "Absorbing other people's blood and cultivation, such an incomparable thing, has really succeeded?"

Cabernet shook her head: "I don't know about the specific things, but I have heard a rumor that the most thorough forces in Lingwu mainland who studied this kind of thing got the news, and let their low achievers leave Lingwu land ahead of time. And, in order not to let the strong see, they chose a low level plane. "

"They have only one requirement for their offspring. They must study this skill!"

"When the technique is completed, it is the time when their descendants return to the land of Lingwu!"

"But there are too many low level planes. I don't know which one I went to."

The presence of three people, ye Chen's eyes to the extreme.

Does this so-called low martial plane refer to the void of Kunlun in China?

And this blood alliance is the offspring of this force?

The study of the reclusive life of children and grandchildren?

Cabernet Sauvignon continued: "little Lord, if we let him continue to devour the genius in the secret place, then we are likely to die in this secret place!"

After a long time of thinking, Xing Zi Tang raised his head and said, "what you said is just a rumor, not necessarily true."

Cabernet Sauvignon said: "I have seen in ancient books that this kind of experimental body appeared in ancient times.

The more talented the Terran warrior is, the more delicious it will be for the experimental body.

Not only that, they can also twist the warrior they devour into some kind of terrifying monster loyal to him.

Moreover, this experimental body is extremely cruel and inhumane. In order to enhance its strength, it will devour all the participants at all costs! "

Chapter 1886

Ye Chen's eyes sank a way: "yes, this person can make a kind of ugly monster, I also personally killed three heads."

Cabernet Sauvignon said: "young master, in the secret realm, the strong men who have confidence in their own strength must have gone to the position where the black light column is.

We must get there as soon as possible, unite with those strong and kill the devil together

At this time, even xingzitang, who was always careless, realized the seriousness of the problem and immediately said to Ye Chen, "brother ye, it seems that we are going to fight another day. Let's get on the boat first and get to the peak together!"

Ye Chen nodded and his figure flashed up on the boat.

Xingzitang said, "please join us to inject spiritual power to improve the speed of the boat."

At that time, the three people poured into the boat with all their spiritual power. The half step magic boat was injected with such powerful energy. The five colors of light around it flashed into a streamer, and flew away towards the peak at a high speed.

Its speed, actually compared to Ye Chen's hundred steps step by step, faster than one point!

After that, the mountain peak, which seems to be less than a few miles away, has been magnified in the eyes of a few people!

But at this time, three faces, but at the same time a change!

In their eyes, a thick black gas and blood gas appeared at the top of the peak, almost covering the whole mountain!

The black robed warrior arrived at this peak earlier than they did!

Moreover, even if they are so far apart, they can still feel the terrible smell in the black air!

Ye Chen and Xing Zitang look at each other, their faces are extremely ugly!

The black robed warrior has successfully advanced to the level of Xingqiao realm!

"Damn it!" Xing Zi Tang low scold a, look to Ye Chen way: "now how to do?"

Ye Chen's eyes flashed slightly, and after pondering for a moment, he showed a certain color:

"the past! Since he has advanced into the star hole, it is useless to continue to hide. If I guess well, it is Ji Xuan and Tianling of tianlingzong who attracted the black light.

With their strength, they should not be engulfed by the mysterious man for a while, but I'm afraid they will not last long. We can't let them be swallowed up, otherwise, our chances of winning will be even more remote. "

Immediately, the boat again burst out a group of five color halo, galloping toward the mountain.

At this time, on the top of the mountain, Ji Xuan was very pale and covered with blood. Sitting in a black light curtain, his eyes closed, he was obviously healing.

And outside the light curtain, it is full of horror of black gas, black gas, from time to time sounded a cry of heartrending!

At this time, a pair of beautiful eyes looked at Ji Xuan, full of worry.

And beside the spirit of heaven, there is a girl with a mask. She is Yin Ming!

And the black light curtain guarding the three of Ji Xuan, under the impact of the seemingly boundless black gas, also faintly began to appear cracks!

Yin Ming looked at the crack on the light curtain, and her eyes could not help but show anxious color. She asked the spirit, "sister Tian, how long can this light curtain last?"

The spirit of heaven looked at the white light curtain, and her beautiful eyes twinkled and said, "I'm afraid I can only persist for half an hour."

Originally, this light curtain was intended by Ji Xuan to resist the contestants who were going to rob the demon spirit son's things. Unexpectedly, now he can only rely on this light curtain and linger in the boundless evil spirit.

Moreover, as the black robed warrior continued to devour the warriors who came to the top of the mountain, the black spirit that trapped them was gradually strengthened. Under the ebb and flow, I'm afraid that it would not last for half an hour.

The heavenly spirit looks at Ji Xuan. At this time, he can only hope that Ji Xuan can recover as soon as possible. In this way, they still have a chance to escape.

In the black air, a feminine man is full of panic and flies with the help of escape light. However, for some reason, he has been flying for a long time, but he can't leave the shadow of black air!

Now he felt very regretful. Why did he want to run near the mountain in a whim?

He saw with his own eyes, a warrior in front of him, was devoured by a mysterious man in black!

Suddenly, the pupil of the warrior trembled. Vaguely, he felt that there was something terrible, and he was approaching himself at a very fast speed!

"No! Don't come here

The warrior uttered a scream of panic, and his whole body was working to the extreme. Two pieces of body protection magic weapons at the level of soldiers of time and space flew out and revolved around his body to form Taoist protection!

After all, he is a big genius, and his inside information is absolutely strong.

All of a sudden, a pair of dark and ferocious hands came out of the rolling black air and grabbed at the soft warrior. The light around him was like paper paste, which was smashed layer by layer, and could not resist the hand at all!

"Ah, ah, ah, ah, ah!" At the moment of desperation, the soft warrior's hand, which was about to touch him, stopped unexpectedly. And the strong black air that originally covered the whole mountain began to shrink rapidly!

Trapped in the black air, the Yin soft warrior's eyes lit up and suddenly opened up. Until then, he finally saw the direction to leave the mountain. He immediately ran away from the light and ran away in the distance.

Lin Juelong takes back his horrible hands and ignores the escaped warriors.

This time, the soul hall allowed him to enter the Shenglong Dabi mainly because he got such things.

But after entering the secret place.

He changed his mind.

How difficult it is to get such a thing in the hands of many geniuses!

Instead of waiting in silence, it is better to swallow up these strong people and strengthen themselves!

If he devours the cultivation and blood of all the strong, does it mean that the soul hall can only become his vassal!

Lingwu as like as two peas in Kunlun, strength is king.

His body has long been destroyed!

To be reborn in blood!

He wants to trample on the genius of the land of Lingwu!

He wants to torture the boy named Ye Chen and kneel down to beg for mercy!

Even if this devour wants him to pay the huge price, he also recognized!

At this moment, Lin Juelong is ferocious to the extreme!

Like a devil from hell!

Lin Juelong suddenly realizes something, smiles coldly and stares at a direction!

At the next moment, a startling sword and a huge fist seal hit the devil's Qi!

There was a tremendous roar!

the seemingly impregnable barrier of evil gas was also a surge of turbulence. Lin Juelong seemed to be slightly surprised at what he saw. Obviously, he did not expect that someone could launch such a powerful attack.

But the stronger he is, the more excited he is!

Chapter 1887

The strong wind caused by the attack roared on the top of the mountain and lifted the hood of the black robed warrior, revealing a ferocious face covered with terror and black spots.

At this time, the face appeared on the color of extremely infiltrating ecstasy, staring at Ye Chen in the sky and saying: "ha ha ha ha ha ha ha ha ha, good, very good, ye Chen, you finally come, also save me from looking for you again."

When xingzitang and others heard the speech, they were all shocked by their faces. The black robed warrior actually knew Ye Chen? Can't help but cast eyes to Ye Chen.

And at the moment Ye Chen, eyes extremely complex.

Of course, the man in front of him has been disfigured!

But he recognized it!

It's Lin Juelong!

The man who destroyed him in Yunhu mountain villa in China!

He thought this man was dead!

I didn't expect that this man should be reborn in the fire, and he was standing in front of him!

But at the moment, Lin Jue long has no breath of anyone.

Extremely eccentric.

Ye Chen stepped out, and finally said, "to tell you the truth, although I have guessed, I am really surprised to see you."

"I'm even forgetting you."

"I asked Han Yun and ye Lingtian to go to the blood League to investigate. Why didn't I find you? You can't even find your body. "

"What happened to you?"

If you remember the strength of Lingwu, you are not qualified to enter the mainland.

What happened, Lin Jue long, can get such terrible power?

How did he participate in the contest?

With what kind of forces?

Does it mean that this force also controls the secret of Lin Jue long?

That's really bad!

Lin Jue's blood eyes twinkled, and he seemed very satisfied with Ye Chen's surprise. He held out a dry and dark hand and waved it to Ye Chen.

At the next moment, ye Chen's face changes slightly. He moves with each step of the electrode. He turns into a thunderbolt and flies behind him. Almost at the moment when he leaves, a cold killing intention appears at the original position of Ye Chen!

This Lin Jue long, today's strength, even so terrible?

Can everything disappear with a wave?

How long has that been!

Even if it is the unique genius of Lingwu continent, it can't be so fast!

But now Lin Juelong has been out of the category of human beings.

Lin Jue long saw his own blow, was Ye Chen evaded, slightly frown, he thought he could easily kill Ye Chen.

Now it seems that ye Chen is the real evil spirit.

He has absorbed other people's cultivation and blood, and his body has changed for a long time!

This makes him able to bear the pain of absorption! And so powerful!

But ye Chen did not.

He's still human!

Why!

However, his brow soon spread out, how strong again?

However, it's just human, and can only scurry in front of yourself for a while at most, which is a good game.

To kill Ye Chen smoothly is better than to torture slowly.

Now that he has thoroughly realized the power of the secret, he is so proud that he doesn't pay attention to the human genius who participated in the contest!

At this time, Lin Jue looked at Ye Chen with a sarcastic look in his eyes and said with a sneer:

"you've been running away for such a long time, but your ability to escape is much stronger?"

However, this is also in line with your status as a waste. In the face of real power, you can only fight for a chance to breathe. It's interesting and interesting. "

He gazed at the motionless Ye Chen and said with a sneer, "you, why don't you run away? Waste, it should look like waste. Don't you die so soon? Let me see more of you running around in panic? "

Say, a pair of hands repeatedly wave, the whole space trembles under Lin Jue's hand, a giant claw net that will close the space will completely cover Ye Chen!

Ye Chen frowns, a hundred step electric, God blood, burning blood formula, God demon reincarnation Jue at the same time, forcibly break through the space barrier, toward the weakest point of attack, break away!

When Lin Jue long attacked Ye Chen, Xing Zi Tang, on one side, finally made a move!

At this time, his momentum seemed to reach the peak. His eyes suddenly opened and his essence flashed. On top of his fist, he appeared a simple and simple fist set, his muscles swelled wildly, and his bald head showed blue veins.

Xing Zitang roared: "people are not people, ghosts are not ghosts, give me death!"

With the sound, a blow came out!

Ye Chen, who has just avoided the net of the hand, is also flashing his eyes. This strike of xingzitang is very strong!

Even more than his immortal sword!

However, Xing Zi Tang's attack could not be used as freely as his immortal sword, but he had to accumulate strength for a period of time. If Lin Jue long had not put all his heart and mind on Ye Chen at this time, Xing Zi Tang might not even have the chance to attack Lin Jue long!

As soon as Lin Juelong's eyes congealed, his whole body was filled with black gas. In an instant, he formed a black ancient line barrier outside his body surface, protecting Lin Juelong's whole body.

At the next moment, the seal of Jingtian fist was completely bombarded on the black barrier!

There's a big bang!

At the foot of Lin Jue long, there are countless cracks in the land. Above the barrier, there are also sounds of cracking!

However, at this time, a deep and hoarse, as if from a different space light language, sounded from the black barrier.

"You are strong! But I'm not afraid of my secret

At the same time, a strange scene appeared in front of everyone!

On the surface of the dark barrier, bursts of evil Qi appeared. The seal with the general power of destroying the heaven and the earth was slowly melted under the erosion of the evil gas.

What's more, the dark light around the seal is more and more profound, as if to swallow up the power of the seal!

A moment later, the seal of xingzitang's fist was completely dissipated under the erosion of evil Qi!

With a flash of black light, the dark barrier turns into a rolling evil Qi and melts into Lin Jue Long's body. At this time, people's eyes at Lin Jue long begin to waver!

The mysterious power of swallowing can even completely swallow the attack. Isn't it invincible!

Ye Chen looks at Lin Jue long, which is more difficult than he imagined!

Xingzitang, on the other hand, was ugly and his best shot. Even in the face of the ordinary warrior who had stepped into the Xingqiao state for a long time, he was still threatened by this monster?

Lin Juelong took the attack from xingzitang, but he didn't rush to do it. He was like a hunter teasing his prey. He was enjoying the crowd with a smile on his face.

He enjoyed it so much.

Chapter 1888

Lin Juelong's eyes fall on Ye Chen again, and scornfully says to Ye Chen:

"Ye Chen, is this the helper you are looking for? Ha ha ha ha, it's very strong. His fist seal is quite delicious. That move just now is not his strongest attack, is it? "

"A few years ago, I was able to destroy your Jiangcheng Ye family with my own hands! Let you fall into Dongqian Lake! Feel despair

"Now, I can make your world full of despair again!"

"This time, you are not as lucky as you were in Jiangcheng!"

Ye Chen is holding the blood magic sword, and his breath is condensed. He is preparing to cooperate with Xing Zitang to fight with Lin Juelong. A distant and dignified voice rings out in his mind.

"Oh? Boy, you're on your way to the right place? Not bad, not bad! "

"The God of the beast?" When ye Chen heard the familiar voice, he not only showed his joy, but also woke up after a long sleep!

Still at this critical juncture!

Of course, there is not much power in the mind of the God!

But with him, maybe, this battle will turn around!

Yu beast Spirit said: "boy, that guy in the opposite side, if I read correctly, absorbed the blood and cultivation of many strong men?"

"It's a mess."

Ye Chen nodded his head and said: "this man and I came from China together. He also achieved a level of heavenly cultivation in the Xingqiao realm by swallowing the contestants in the dragon competition, and his strength was extremely strong.

What's more, he has a kind of extremely strange power of swallowing. He can not only devour other warriors to improve his cultivation, but also swallow up the power of martial arts. "

However, it seems that there is no general plan to eliminate the evil spirit by hearing the words of the warlord.

In your present situation, it is not impossible to seal his phagocytic power temporarily or even greatly weaken his strength. "

"What?" Ye Chen hears the speech big happy way: "what method?"

If they can seal the power of swallowing, their chances of winning will be greatly increased!

The spirit God of the Royal beast said with a smile: "boy, you are also reincarnation blood."

"The strongest blood in the world, only reincarnation blood, not one of them!"

"Compared with you, you are so afraid of this kind of heresy? I'm ashamed of you. "

"But the other side's means grow very fast, and the biggest drawback of your reincarnation is that it is difficult to grow. But once you wake up, it will be of great benefit."

Ye Chen white one eye imperial beast spirit God: "don't you praise me, say business!"

The spirit God of the imperial beast laughed: "boy, now I'm going to teach you the real way to use the power of sealing the town. Teaching the skills will consume my strength, but I don't have much left. I can only say it once. You should remember it carefully."

Lin Juelong saw Ye Chen's face did not show the color of panic. Instead, he showed a touch of joy, not from the fire in his heart!

Why?

Why is Ye Chen so calm after seeing his own strength?

Not only does not have the slightest fear color, even, there is a trace of joy?

Why?

Shouldn't he, like a dog, kneel on the ground and beg for his forgiveness?

Does he still want to defeat himself?

Thinking of this, Lin Juelong's blood eyes were filled with cruelty, and suddenly roared at Ye Chen:
"waste! Why don't you beg for mercy from me?"

You're not stupid enough to have the illusion of defeating Laozi?

Now, I'm going to wipe out your fantasy completely

At this time, ye Chen did not pay any attention to Lin Jue long at all. Instead, he concentrated all his mind and spirit on his understanding of Kung Fu!

Lin Juelong said that, seeing ye Chen, not only did not have any indication, but also closed his eyes and completely ignored himself. He could not help sending out a thunderous roar. He moved his body and rushed towards Ye Chen!

Seeing ye Chen standing still at the same time, Xing Zi Tang couldn't help shouting anxiously:

"Ye Chen, what are you doing!"

After that, he bit his teeth and fell in front of Ye Chen. He waved his fists and hit the black shadow!

Lin Juelong was obstructed and became more angry. He yelled: "get out of here!"

The hand moves, the extremely strong force of star body state erupts!

With a bang, Xing Zitang's body flew backward like a broken line kite, and his body was in a frenzy of blood. Under this blow, he was seriously injured!

Although Xing Zi Tang understood part of the power of the law, it was still difficult to contend with Lin Jue Long's real and complete power of swallowing and the extremely strong spirit of demons!

Not far away, Yin Ming, who was in the black light curtain, could not help but cry out: "Ye Chen! Get out of the way

Not only that, she wanted to leave the black light curtain and give a helping hand, but was blocked by the spirit. The spirit of heaven pressed Yin Ming's shoulder and said in a deep voice: "you go out, it's just death. Don't worry, that guy won't die so easily."

At this time, ye Chen finally opened his eyes and saw Lin Jue long, who was facing him.

Lin Juelong's face showed a cruel smile, but at the next moment, his smile was a little stiff.

In his imagination, ye Chen will show fear and despair when he sees himself coming to his body. However, what he sees in his bloody eyes

It is a cold smile, in the face of Ye Chen, silent bloom!

Lin Juelong roared: "you can still laugh!"

He wanted to use his just awakened demon blood to completely destroy Ye Chen's mind and spirit in the dragon race. However, ye Chen's performance was always beyond his expectation!

How can this not make him mad!

Ye Chen's feet moved, and he used a hundred steps to catch electricity, and said faintly: "smile? I can laugh, of course, because... "

Even if ye Chen displays this powerful body method, he still can't get rid of Lin Jue long because of the gap in cultivation.

Lin Juelong's figure, like a shadow, clings to Ye Chen.

"Because, of course..." The smile on Ye Chen's face is getting thicker and thicker.

"You are nothing more than that, or are you as invincible as when you were defeated in my hands

What?

All the people present looked at Ye Chen in disbelief, almost startled that his chin would fall to the ground.

Ye Chen even dare to challenge this powerful mysterious man who has stepped into the realm of star orifices at such a time?

Even the talented men like Xing Zitang are hurt by the mysterious man. Where is Ye Chen's confidence and courage?

It's just that I live too long!

Sure enough, Lin Jue long, under Ye Chen's ridicule, instantly lost his mind and launched a crazy attack on Ye Chen!

Ye Chen took a deep breath and suddenly stopped. His eyes were shining. He was going to confront Lin Juelong who was attacking him!

Chapter 1889

She knows that ye Chen is very strong, but even Xing Zitang is seriously injured by Lin Juelong's attack. Even if ye Chen is strong, he can't take the fierce attack, right?

She can almost imagine that the next moment, ye Chen's blood splashed on the spot.

But at this time, ye Chen's body suddenly burst out a strange breath!

Lin Juelong's pupil shrinks. The breath is familiar and strange. Somehow, his body instinctively stops attacking Ye Chen. Instead, he turns his body and quickly pulls away from ye Chen!

This time, everyone was stunned again, almost unable to believe their own eyes.

What did they see just now?

The black robed warrior of Xingqiao state, unexpectedly, retreated in front of Ye Chen, who was fighting in front of him?

What's more, is it under Ye Chen's extremely ironic provocation?

How could that be possible?

Ye Chen sneered and looked at Lin Jue long, who was far away from him. He said, "how, Lin Jue long, are you afraid?"

Lin Juelong panted slightly. Just now, for some reason, he suddenly felt a very dangerous feeling.

He looked at Ye Chen hesitantly, how could this be possible?

Ye Chen is only half step in the cultivation of Taoism. Even if there is any backhand, it is impossible to threaten himself?

What's more, the breath that just came out of Ye Chen's body, which made him feel very familiar with, was the existence he was most afraid of!

This breath, as if heralding reincarnation!

Ye Chen, isn't it rubbish without blood and spiritual roots?

Why, can send out this kind of blood breath?

Moreover, ye Chen's blood breath is very rich, even far more than his own. At the same time, in addition to the breath of reincarnation, there is a kind of existence that makes him more afraid.

Hearing Ye Chen's ridicule, Lin Jue Long's blood eyes, hate is more intense, almost to the edge of losing his sense, why is it always like this?

Why is this ye Chen always unexpected?

Is he really immortal?

Is he really not going to lose?

Is it true that his talent is so terrible that he can defeat Xingqiao state with the harmony of Tao?

No way! There is no such thing in the world!

Even if he is willing to swallow up the secret, he can't even swallow the essence!

At the same time, he couldn't understand why Ye Chen was so fearless?

Is he really afraid of death?

For a moment, although Lin Juelong fell into a rage, he stopped at the same place and roared at Ye Chen from afar.

Ye Chen holds the blood magic sword and stares at Lin Jue long, but his eyes flicker slightly, though seemingly calm on the surface.

In fact, the heart is quite urgent!

He hasn't mastered the skill of sealing demons taught by the God of Royal beasts!

The art of sealing demons should be guided by the essence of his reincarnation blood!

And the king beast spirit God in the samsara cemetery for a short time let him wake up part of the blood use!

Now, he is trying to digest the content of the magic sealing technique.

Not only that, ye Chen also with the help of a part of the reincarnation cemetery red and blue light ball power!

This is Xiaohuang's blood force!

These power blessing, just awed Lin Jue long who came to face!

When Lin Juelong retreats because of his intuition, ye Chen's mouth is mocking, but in fact, his heart is slightly relaxed.

However, with the passage of time, Lin Juelong will certainly attack him again. At that time, he could not force him back just by his blood and breath.

What he can do is to comprehend the magic skill as soon as possible every second!

Lin Juelong froze for a while, and suddenly raised his head to the sky and roared: "Ye Chen, why don't you yield?"!? Not enough! Not enough! I didn't eat enough! I want to eat more! "

With that, he suddenly cast his eyes on the side of Xingzi hall.

At this time, with the help of elixir and super physique, Xing Zitang's injury had almost completely recovered. However, when he saw Lin Juelong's eyes, he was still shocked!

Feel great danger!

Ye Chen's eyes are fixed. Even if he can seal most of Lin Juelong's strength, I'm afraid he still has the cultivation close to Xingqiao state. At that time, without the help of Xingzi hall, he might not be able to kill him.

When Lin Juelong was about to pounce on Xingzi hall, suddenly, a black halo came down from the sky, trapping Lin Juelong in a black light curtain.

The black light curtain, however, exudes a very strong breath, which is more extensive than the magic weapon of half step magic weapon of Xingzi hall!

It's a real artifact!

In addition, the black light curtain also exudes a strong power of boundary! Ye Chen and Xing Zitang are stunned and look in the direction of the halo. They see a handsome man with a pale face. His hands are pinched and his face is dignified. It is Ji Xuan!

Beside him, there is also the spirit of heaven.

And Yin Ming, this time has come to Ye Chen's side.

Seeing this, Lin Juelong's anger in his eyes kept rising, and he roared: "you lowly geniuses have blocked me one after another. Soon, I will let you taste the most terrible torture in the world!"

After that, his whole body was full of evil Qi, which completely submerged Lin Juelong's body shape. From the black air, he yelled: "the abyss comes!"

A force of terrifying boundaries was crashing wildly in the white light curtain. Jixuan and Tianling were sweating and shaking, obviously under great pressure.

Ji Xuan said, "we can't hold on for long! Brother ye, brother Xing, what else do you have to do? Prepare quickly, or we will all die here if we wait a little longer! "

Ye Chen and Xing Zitang look at each other, and both of them have bright eyes.

Ye Chen closed his eyes, sat down with his knees crossed, and concentrated on the art of sealing demons. While Xing Zitang held a purple ball in his hand, his face was dignified, and his whole body was full of spiritual power, which was constantly infused into the purple bead.

As time went by, the trembling of Tianling and Jixuan became more and more intense!

Finally, poof, the spirit spits blood! Fall from the air, actually because of excessive consumption, directly fainted in the past!

Without the help of the spirit of heaven, Ji Xuan's pressure suddenly increased. In his seven orifices, a large amount of blood gushed out in an instant. But in his eyes, there was a decisive color, which was supported by death.

After a stick of incense, Ji Xuan's face suddenly changed, and with a roar, a burst of blood mist burst out all over his body and fell to the ground!

At the same time, the black light curtain lost its owner's spiritual support, and with a cry, it turned into a white halo and flew back to Ji Xuan.

At this time, Lin Juelong's crazy laughter came out from the strong evil spirit.

"Today, in the name of blood alliance, I will tell the world that Lin Juelong is the real and unique genius!"

Chapter 1890

It's like the sound of the whole world.

An invisible nightmare engulfed all the strong men where shenglongdabi was located.

However, although Lin Juelong is arrogant, he still has a slight evil Qi convergence, and his face is even paler.

The treasure Ji Xuan used just now is really good. If Ji Xuangang could go further, he could be completely trapped as long as he reached the half step star hole.

Although Ji Xuan couldn't support it in the end, Lin Juelong also consumed a lot of strength.

But now, he also understood. Just now, ye Chen probably bluffed him by what means. Otherwise, where would he wait until Ji Xuan could not support him, and still not make a move?

Therefore, now that he has been out of trouble, then, ye Chen's death is coming!

His blood eyes look at Ye Chen, flashing a very evil light.

Mysterious power, can absorb part of others into the body, and even, can torture each other in the body. That feeling is definitely worse than life!

Even more painful than the cruelest torture in the world!

The humiliation of Huaxia wudaotai, the nightmare of Kunlun Xu, today he wants Ye Chen to return it completely!

Pay back a hundred times!

What's more, he can twist some people into his most loyal servants.

If ye Chen is absorbed by him, he can only become a monster who only lives from Lin Jue long!

Seeing ye Chen sitting on the ground with his eyes closed and knees crossed, Lin Juelong seemed to see a lamb to be slaughtered. With a ferocious smile on his face, he walked towards Ye Chen step by step.

"Punk, have you given up resistance? Just waiting to die?"

Don't worry, I won't let you die so easily.

I will let you have a good experience, what is the real hell, and then let you become the servant of the Lord, how, happy? Ha ha ha ha ha

But all of a sudden, Lin Juelong stopped, turned his head suddenly and looked in the direction where Xing Zitang was. There, an energy that made him tremble was rising slowly.

With a sneer on his face and holding a purple thunder light in his hand, Xing Zi Tang smiles at Lin Juelong and says, "you seem to have a special love for ye Chen? Did you forget me completely?"

I don't like to be ignored

After that, he suddenly smashed the thunder light to Lin Jue long.

Lin Jue's eyes were dignified, but there was no fear. On the contrary, he showed a ferocious look on his face. He said softly: "the abyss has come!"

The powerful power of the boundary is condensed in the hands of Lin Jue long. It seems that Lin Jue long has become the center of the world and is held by Lin Jue long!

This is the strength of Xingqiao realm!

Lin Jue Long's body moves, with this black air, to meet the purple light which contains the terrible power!

There is a big bang, as if two worlds collide!

Strong impact force, almost the entire mountain, half of the elimination!

Lin Juelong's dry palm was completely destroyed by the thunder, and the purple blood was splashing wildly. However, on his face, the ferocious color became more and more intense!

At this time, Xing Zi Tang was half kneeling on the ground, with a huge blood hole opened in his chest. He was fatally injured under the attack and the earthquake, and his appearance was extremely miserable.

Obviously, xingzitang is also at its peak in terms of physical training. Otherwise, ordinary people will not survive under this kind of injury.

However, Xing Zi Tang seemed to be totally indifferent to his injury. He looked at Lin Juelong in horror. In his eyes, a touch of fear gradually appeared in his eyes!

"How could it be!" Xing Zitang murmured: "that's the backhand that my father gave me. Shenglong is bigger than any genius. Why, you can only pay the price of one hand and take it over!"

Lin Juelong appreciates the despair on xingzitang's face. It's really wonderful. It's the feeling of crushing others!

Then, he said with a scornful smile:

"trash, don't compare me with you human trash. The existence behind me can't be defeated by powerful energy.

You gifted people don't understand. Energy is what I'm good at absorbing. "

Although Lin Jue long said so, he was obviously injured in the blow just now. The best way to recover from the injury is to swallow it up!

Devour all these human geniuses!

Of course, phagocytosis has its advantages and disadvantages.

He can't completely devour other people's accomplishments and blood, only a small part!

But the most important thing about this competition is genius!

Even a small part can be condensed into a giant!

He looked at Xing Zi Tang as if he were watching delicious food.

The eyes, even with xingzitang's steel like mind, couldn't help shivering!

Xing Zi Tang struggled backward and roared at Lin Jue long: "don't get close to me! Don't get close to me. If you dare to touch me, I will destroy everything you have! "Xingzitang, who has always been proud of himself, at this time, also felt the deep-seated fear!

Lin Juelong is a real monster and a more terrifying existence than death!

Lin Juelong looked at xingzitang's expression and was very satisfied. He walked slowly to xingzitang.

Even, some of them could not bear to swallow up xingzitang so quickly. He wanted to savor the taste that the pride of xingzitang was destroyed by the incomparable fear.

It's so tempting to see a genius collapse in front of him!

When Lin Juelong and xingzitang were only 10 meters away.

The void above Lin Juelong's head suddenly trembled. A colorful flying boat flew out of the void and hit Lin Juelong at a very fast speed!

"Cabernet Sauvignon?" There is a glimmer of hope in Xing Zi Tang's eyes. As long as the half step of the boat can stop Lin Jue long for a moment, maybe he will have a chance to escape!

However, the reality is often cruel.

Lin Juelong glanced at the colorful flying boat, waved it with one hand at will, and the red haze, which controls the boat, spits blood and faints on the ground.

Xing Zi Tang's face is extremely ugly. Where is there a little bit of the appearance of the talented young master of the Xing family?

However, at the next moment, a fierce smile suddenly appeared on Xing Zitang's face.

Lin Jue long saw the situation, slightly stunned, this guy's Dao Xin, not all tend to disappear?

Why, now it's like this?

No, should it collapse?

"You seem to enjoy it?" Xing Zitang suddenly said with a smile, "do you think my mood is going to collapse?"

In Lin Jue Long's blood eyes, there is a faint anger rising. He feels that he has been played with again!

Xing Zi Tang decidedly laughed: "my ten barren Xing family is not as fragile as you think. Since you like to absorb energy so much, you can taste the taste of Laozi's self explosion."
