Chapter 1901

The spirit's eyes suddenly focused on Ye Chen. At the next moment, ye Chen's whole body white light came together, and with Yin Ming, he entered the white cave together!

People see this, the face can not help but become strange!

Ye Chen, what evil is it?

Not only was his strength so strong that he was chosen as the inheritor in this strange situation?

As if, heaven is looking after him in general.

Even the disciples of these first-class forces can not help but envy Ye Chen.

But ye Chen is confused!

Didn't he let the spirit not choose himself?

Why?

Ye Chen had no choice but to say, "well, when I accepted the inheritance, I gave up and let Yin Ming accept it."

Soon, they went through the white light hole and came to an altar.

In the center of the altar, there is a stone platform. In front of the stone platform, there is a futon. They know that as long as they sit on the Futuan, they can start to accept the inheritance!

In front of the stone platform, there is a long black sword. Although the body of the sword is mottled and dilapidated, it still exudes a very ancient flavor. Ye Chen's eyebrow tip picks up. This long black sword is extraordinary!

Ye Chen said to Yin Ming, "let's worship first."

Yin Ming nodded, and the two people bowed respectfully to the position of the stone platform.

After getting up, Yin Ming suddenly said to Ye Chen, "Ye Chen, this inheritance, you go to accept it! With your qualifications, you are more suitable than me! "

Now, Yin Ming has been convinced of Ye Chen. When ye Chen blocks Lin Jue Long's attack for her, and when ye Chen is close to death under Lin Jue Long's attack, Yin Ming already knows that ye Chen is worth following!

She even, even her own life, can be handed over to Ye Chen, a mere inheritance, what is it?

Ye Chen was stunned. He didn't expect Yin Ming to say so. However, he shook his head and said with a smile: "no, this inheritance is of little use to me. Go and accept the inheritance. It's also you that Jieling chooses at the beginning, isn't it?"

When Yin Ming heard the speech, she was stunned, and meimou began to fluctuate violently. She thought that ye Chen was just saying this in order to let herself inherit. Although Jieling chose her at the beginning, she could clearly feel that she was more eager to inherit Shitai than she.

As for what ye Chen said, inheritance is of no use to him, and Yin Mingli naturally takes it as an excuse. After all, even the strong star orifices, or even the existence above the star orifices, dare not say that such inheritance is useless for him.

Her beautiful eyes showed a trace of anxiety and said to Ye Chen, "Ye Chen, you don't have to worry about me. If it wasn't for you, I would have died. What is an inheritance?"

And it's not an ordinary inheritance. Even the super first-class talents will fight for the inheritance, right?

If we didn't have friendship with Ji Xuan and they were seriously injured, maybe they would all fight for it.

How can you say that this inheritance is useless to you? Don't you know what this inheritance means? If you get it, you will definitely become one of the most powerful in Lingwu land with your qualification and 100 years of cultivation! "

Ye Chen shrugged his shoulders and said, "if you don't want to accept it, then you don't accept it. As for me, I won't accept it anyway."

His eyes suddenly turned to the black sword and said to Yin Ming with a smile:

"if you feel bad about it, just give me this long sword. My blood demon sword has some cracks and has not been repaired. I need a weapon in a short time. This sword is of high grade. Although I can't control it now, I vaguely feel that this sword is very suitable for me Yes. "

Although the blood demon sword is powerful, it has been relegated to the war of time and space because of the passage of time.

Now there are cracks.

Ye Chen really lacks a weapon.

What else does Yin Ming want to say? She thinks that it's unfair to Ye Chen. A long sword is really valuable, but it seems a little insignificant compared with inheritance.

With this heritage, what kind of weapons will we need in the future?

However, ye Chen did not wait for Yin Ming to speak, so he directly took the sword to his hand. When ye Chen touched the handle of the sword, the mottled and dilapidated sword suddenly gave out a clear cry, as if expressing joy!

At the next moment, a piercing cold light flowed over the body of the sword. The original mottled trace disappeared in an instant, revealing the extremely sharp sword body!

Ye chenmu was overjoyed and couldn't help but praise: "good sword!"

He suddenly turned around and said to Yin Ming, "well, I'm going to start refining this sword. There is a time limit for accepting the inheritance. As soon as the time comes, we will be automatically transferred out of here. If you don't want this inheritance to be wasted, please start to accept it quickly." Having said that, regardless of Yin Ming, he directly crossed his knees to the ground and began to refine his sword. Yin Ming was silent. Her big eyes gratefully looked at Ye Chen's back. Suddenly, her eyes flashed and she said to Ye Chen, "if you promise me a request, I will accept the inheritance obediently."

Ye Chen smell speech, some curiously return to head way: "what request?"

Some don't dare to talk to Yin Zhichen.

Ye Chen saw this and deliberately teased and said, "if you don't say it, I'll start refining it."

Hearing this, Yin Ming said in a hurry: "I hope you don't call me Yin Ming..."

"Oh?" Ye Chen looked at her with a smile: "don't call you Yin Ming, what do you call?"

"Call me..." Yin Ming seemed a little shy, hesitated for a moment, and finally summoned up the courage to say: "call me Minger!"

Ye Chen looks puzzled, looks at Yin Ming that coquettish appearance, or ordered a little way: "know, Minger."

Yin Ming heard the speech, like a little girl who had been rewarded. She said happily and walked towards the stone platform.

Finally, the girl sat on the futon in front of the stone platform and began to accept the inheritance.

At the moment when Yin Ming sat on the stone platform, a strong breath burst out from the stone platform, covering Yin Ming's whole body. Yin Ming's breath gradually integrated with this extremely strong breath, and began to strengthen gradually!

Ye Chen looked at Yin Ming, nodded with a smile, and then began to refine the black sword.

As soon as the spiritual power poured into the sword, ye Chen immediately felt that the sword actually contained a spirit!

This is a artifact with powerful sword spirit!

The sword contains the spirit of the sword. For ye Chen, it is obviously an unexpected joy.

Generally speaking, the higher the level of the magic weapon, the higher the consumption of spiritual power and mind will increase. Once you use too many magic weapons beyond your own realm, even ye Chen can't control it freely.

And this spirit, obviously, likes Ye Chen very much!

Chapter 1902

Soon, ye Chen's face showed a trace of joy. Through communication with the spirit, ye Chen learned that the long sword was called animal decaying sword.

It is most suitable for those warriors who have the blood of demons and spirit beasts. It is because ye Chen has a strong blood essence in his body that he has such a strong attraction to the sword spirit of beast decaying sword!

With this beast decaying sword, ye Chen's strength can be improved again!

Moreover, with the help of the beast rotten sword, ye Chen feels that he may be able to use the beast rotten sword to try to display the true immortal sword meaning soon!

Thinking of this, ye Chen can't help but look forward to it.

He took a look at Yin Ming and could not help blinking. Yin Ming's accomplishments at this time were climbing up in a straight line!

What's more, inheritance is not about to end!

Then the power of inheritance, Yin Ming's accomplishments, do not know what level will be upgraded.

However, seeing that Yin Ming inherits and inherits, there is no big obstacle. Ye Chen takes back his eyes and turns the magic samsara formula.

The breath of two people, in this way, gradually increased.

Soon, an hour passed. Ye Chen and Yin Ming opened their eyes at the same time. At this time, there was no breath on the stone platform. Yin Ming completely inherited the inheritance of the demon spirit son!

Yin Ming opened her eyes again. Her eyes were originally beautiful, with a trace of delicate big eyes. At this time, she had a kind of aloofness and indifference. The whole person also exuded the temperament of not eating people's fireworks.

What's more, what's more, although Yin Ming's accomplishments have not entered the realm of star orifices! It's approaching the astral realm, but it's already near the orifices!

Just one step!

You know, the more behind, the harder it is to break through!

How terrible!

Ye Chen shows a gratifying smile. Obviously, Yin Ming's promotion is not only on cultivation, but also on spirit. The harvest can't be said to be small.

Yin Ming can get such a big harvest, ye Chen, naturally happy.

If it is accepted by him, because of the particularity of reincarnation, I'm afraid it will not do much.

He looked at Yin Ming softly and said with a smile, "ming'er, congratulations."

Yin Ming took a deep look at Ye Chen and wanted to say something, but she swallowed it back and just nodded: "well."

"I will remember this moment."

"Ye Chen, do you want to see my true face?"

Ye Chen stares at Yin Ming's mask without making a statement.

However, Yin Ming took off the mask directly.

The eyebrows are long and perfect, and the eyes ripple like tassels.

There is a cherry mouth under the bridge of my nose.

The lips are thin, the corners of the mouth slightly upward, with a little sad smile.

The whole face is delicate and beautiful, so refined that it doesn't have a trace of human fireworks.

Before ye Chen eased up, Yin Ming put on a mask.

"I have something else to deal with. Leave for a while. Don't look for me or follow me."

Yin Ming's tone is a little hasty.

Ye Chen didn't think much about it. Obviously, Yin Ming was a little shy.

After all, her face has been seen for the first time,

as to whether the so-called matter is an excuse or something, it doesn't matter.

Ye Chen said with a smile: "this little girl has such a beauty, why should she wear a mask?"

After that, he walked through the white light hole and returned to the top of the mountain.

And ye Chen left, the white light hole, also completely closed, disappeared.

Ye Chen looks around and sees Ji Xuan, Xing Zitang and others all around. While healing, they accept the inheritance and Dharma protection for ye Chen. At this time, they have not left.

However, the only thing missing is Yin Ming.

Ye Chen asked Ji Xuan, "Yin Ming, have you left?"

Ji Xuan nodded: "we wanted to ask her what, but she didn't pay any attention to us and left in a panic. It's like being afraid of something..."

Ye Chen didn't think much about it and laughed. "I'm afraid the other party is afraid of himself."

"By the way, brother ye, what are you going to do next?" Ji Xuan asked.

After all, the inheritance of the demon spirit son is over, but the Dragon climbing Dabi is not over, and the time for the secret place has not yet come.

Ye Chen pondered for a moment and said, "I have enough purple talisman. I plan to look around."

He got the purple rune that Lin Jue long devoured so many strong men.

Enough to be proud of others.

At present, the most important thing is to determine whether there is reincarnation xuanbei in this secret place!

If it's not inside, it must be outside!

Ji Xuan thought for a moment, and then said, "yes, brother Ye's purple rune is sure to win."

Suddenly, Ji Xuan found something!

How can ye Chen's cultivation become the two layers of heaven?

How many days?

We can understand and cross the road in one step.

Results Ye Chen directly two layers of sky? Is the vision of a few days ago caused by Ye Chen?

Thinking of this, Ji Xuan quickly shook his head.

The vision should be triggered by the strong star, not likely Ye Chen.

Otherwise, it would be too evil, too weird!

Xingzitang also found something, directly facing Ye Chen, murmured: "Ye Chen, you are not some old monster pretending to be? Are you still a human being

Ye Chen faint smile, also not nonsense, directly toward the distance!

And open the mind!

Search the whole secret place!

Only for reincarnation xuanbei!

For several days, ye Chen searched the whole secret place, but did not feel the reincarnation xuanbei.

According to the principle, their blood close to the reincarnation xuanbei, will change!

However, there is no such thing in the secret world.

It looks like it could only be out there.

Finally, the Dragon contest is coming to an end.

All the contestants who still stay in the secret place are wrapped in a bright purple light in an instant. At the next moment, the purple light flashes and disappears completely from the secret place!

With a flash of purple light, the crowd returned to the island where the contest was held. Ye Chen looked around and saw that there were ten thousand talents who had participated in the competition. Now, there are not even one tenth of them present!

And of these people, only 49 can make it.

The handsome young man who originally presided over the ceremony to help people carry out the transmission appeared.

His face was a little pale.

He even regretted coming here.

The price is too high.

Looking at all the talented people present, he still announced: "this year's Dragon contest is officially over. Please have a rest. We will announce the result later."

As soon as his voice fell, all the purple jade amulets in their storage bags flew out automatically, turning into purple lights and converging into the hands of the handsome youth.

But the night is in this gap to find Ye Chen, anxious way: "Ye Chen, Yin Ming?"

Ye Chen one Zheng, facial expression changes slightly: "Yin Ming did not come out?"

In principle, all the strong living should be sent out!

Why not meet Yin Ming?

He looked around, but he didn't find Yin Ming!

Dark night heart cluttered a moment, took out a jade card, above has Yin Ming's name.

"Just now, Yin Ming's jade plate is flashing red! Something's wrong

Chapter 1903

"I searched all over the island, but I didn't find Yin Ming! It's like Completely disappeared. "

"What's more strange is that Yin Ming should be alive. Why is there no trace? Something's wrong

At this moment, ye Chen is lost in thought.

Looking back on the pictures after the inheritance, it seems that something is wrong with Yin Ming.

There should be no problem with the inheritance of the demon spirit son. He has checked it.

So, what happened?

Is Yin Ming going to leave in such a hurry?

There must be something wrong with the middle link!

Just then, the former handsome young man said again, "well, now, we are about to announce the 49 winners! In order, it will be announced from the 49th place. All the talented people who have read their names will be invited to climb the magic fire ladder

With a wave of his hand, he saw a dazzling long ladder, which was flaming red, like red crystal. At the end of the ladder, there was a magnificent platform with 49 positions from high to low.

This fire ladder and its high platform send out the breath of artifact!

What's more, it's a top-notch tool!

Seeing this scene, the genius in the canyon, can not help but send out a burst of exclamation!

The handsome young man, looking at the public's performance, nodded with satisfaction, opened the scroll in his hand, and began to announce: "No.49, Wan Xuanzong, Liu Shengming!"

As soon as the voice fell, a white faced youth came out with his head high and his eyes full of excitement and pride!

The people who watched Liu Shengming go to the fire ladder showed a look of great admiration!

Soon, Liu Shengming stepped on the fire ladder!

As soon as he got to the fire ladder, Liu Shengming's face changed. Soon, he showed a color of ecstasy. This fire ladder has the effect of refining the body!

The handsome young man, seeing the situation, explained: "Shenhuo ladder can refine the body of the first boarder, and the higher the ranking, the higher the position of the platform, the better the quenching effect."

The crowd hears the speech, looks at that divine fire ladder, is about to shed saliva!

They are jealous! I'm so jealous!

This is just the beginning. I gave a big gift!

It's so extravagant and frightening!

Many people have secretly made up their minds to participate in the competition again next year, even if it is still dangerous!

With the handsome young people reciting their names, more and more contestants, including long Xuan, Ji Xuan, Xing Zitang, Tianling, Chixia, etc

Finally, the handsome young man finished reading 48 names.

The only thing left is that the genius who won the first prize in this competition has not been read!

The handsome young man deliberately stopped for a moment, and the hearts of the people gradually raised it!

They all want to know who is the genius in this genius!

Seeing this, the handsome young man laughed and said in a loud voice: "the first winner of the contest is a genius from xuanyuezong, ye Chen!"

At this time, a young man came from the crowd, all of them could not help but make way for him.

Ye Chen's face is light, no joy or sorrow, no pride or excitement.

So indifferent to walk on the high platform, over a crowd of genius, to the top of the high platform!

Silence, all the people on the island looked at the young man in silence.

They were surprised.

What surprised them was Ye Chen's accomplishments!

Ye Chen, did not even create the realm?

How can such a person be the first?

Many martial arts practitioners who have accomplished more than ye Chen feel dissatisfied and feel unfair and unwilling!

However, at this time, no one dares to ridicule Ye Chen, because to ridicule Ye Chen is to ridicule those competitors who rank lower than ye Chen!

Ye Chen looks down at these people and knows what they think, but he doesn't care.

Because these people and he are not on the same level.

He thought about the reason why Yin Ming left.

The handsome man, with a smile on his face, said with a smile, "well, this is the official end of the contest. Now, the 49 qualified people, Congratulations, you have the place that countless talents in Lingwu land dream of! You have the qualification of Shenhua Academy. Now, stand on the high platform and don't move. We will directly send you to Shenhua academy! "

Just as everyone felt that the contest was finally over. As they were preparing to leave, a faint voice suddenly sounded on the high platform.

"Wait a minute."

Wait?

Now all the qualified people can't wait to go to the Shenhua college. How can someone wait?

Let Shenhua academy wait?

How brave! And the speaker, it is before, people are some of the big than the first, xuanyuezhong, ye Chen!

After everyone stayed, they all showed an expression of displeasure. Originally, they thought that ye Chen was the first, and the water was too big!

Now, the first one full of water should wait?

Such a big show?

People are too crazy, too proud, it is very easy, let people uncomfortable!

However, ye Chen does not care whether these people are happy or not. He can't go to Shenhua college now.

Now that it's going to be transmitted immediately, of course he's going to make them wait.

The handsome young man was also stunned, but when he saw that it was Ye Chen, he still wore a smile on his face and asked Ye Chen:

"what's the matter? But is there anything else that has not been dealt with? "

This handsome young man, named Lou Yun, although he looks young and has worked in the Shenhua Academy for a long time, he is very aware that every one who is stronger than the first one seems to have extremely strong strength no matter how weird and weak he is!

If someone else told him to wait, he might have to directly yell, Shenhua academy, can you make him wait?

However, since it's Ye Chen, it's OK to let things go.

However, when people see Lou Yun's attitude towards Ye Chen, they can't help but start to talk about it. What's the matter with Shenhua college? How good is your attitude towards a first person with such a large amount of water?

Some people even began to shout: "Shenhua academy, teach this boy a lesson!"

Lou Yun sees this, can't help but slightly frown.

Ye Chen, however, did not change her complexion, and said faintly, "yes, I do have some things to deal with."

Lou Yun said: "you can entrust your teacher to deal with it first, or I can give you an hour to solve it."

When Lou Yun said this, everyone was shocked!

One hour!

This Shenhua college is willing to wait one more hour for ye Chen!

What a face!

Shenhua college, how can you pay so much attention to Ye Chen?

Now, not only the contestants on the island, but also some of the talents who have been successfully admitted to Shenhua college are shocked.

At the same time, many people, looking at Ye Chen's eyes, have revealed a thick jealousy!

They all roared in their hearts: "why, how can a waste without nature be treated like this by Shenhua college, but I can't even admit myself?"

The noise on the island is getting louder and louder.

However, after everyone thought that Ye Chen would accept the concession of Shenhua academy, he shook his head, looked at Lou Yun and said, "I have a question. Besides the eliminators and our promoters, is there anyone who has mysteriously disappeared?"

Lou Yun a Zheng, nodded: "this is also where I have doubts, there are indeed a few people."

"Who are they?" Ye Chen asked.

Lou Yun some don't understand Ye Chen. After all, it's normal to disappear for no reason. In the past, he would not ask.

However, as the first question raised by Ye Chen, he still said: "xuan yue zong, Yin ming, soul hall, Lin Jue long, Lingxian emperor palace, Xia Ruoxue..."

Sure enough!

It seems that there is still a problem with this Shenglong Dabi!

Yin Ming is not alone!

Lin Juelong has disappeared!

However, the next second, ye Chen eyes stare big!

What did he hear?

Xia Ruoxue in Lingxian palace?

How did Xia Ruoxue come??

And, like Yin Ming, mysteriously disappeared in this secret place?

Chapter 1904

For the first time, ye Chen felt that the Dragon climbing contest was not so simple!

Even from the expression of Lou Yun in the Shenhua academy, they are also confused in the drum.

This Shenglong Dabi is one of the prosperous times in Lingwu continent.

However, only a part of the first-class and top-level forces in Lingwu mainland came.

What's more strange is that ye Chen only saw a part of the first-class forces.

Those disciples of the top forces have disappeared?

the Lingxian palace behind Xia Ruoxue is very powerful.

If Xia Ruoxue knew that she was going to compete, she would come to her.

He made a lot of noise in the big match of Shenglong. Xia Ruoxue couldn't find himself.

Why did Xia Ruoxue not appear?

Lingyun is not qualified to step into the secret realm, and it is impossible to bind Xia Ruoxue!

Combined with many things in front of him, ye Chen seems to understand something.

The spirit God of the imperial beast told him that there was a stone tablet of reincarnation near here before it disappeared.

I'm afraid that the only thing that can make big forces so ready to move is this reincarnation monument.

Now, he has to figure out where these people have gone!

Not only for Xia Ruoxue and ming'er, but also for the piece of reincarnation xuanbei that he must get!

Lou Yun's voice keeps ringing, and ye Chen hears several acquaintances.

Sikong Feixing.

Once Ye Chen met this person, the man's words hope to meet in the immortal, however, the other party did not appear.

Where have Xia Ruoxue, Minger, Sikong Feixing, Lin Juelong, and others gone?

Are you fighting for the stone tablet of reincarnation?

After studying, Lou Yun of Shenhua college stared at Ye Chen with burning eyes: "Ye Chen, in the past, some people in Shenglong Dabi have disappeared. Maybe we have ignored it. They may have left long ago."

"Even the elders who brought them have left. Do you want to look for them? For example, the elders of the soul hall and Lingyun, the deputy head of the Lingxian palace, all left early. In my opinion, they may have something important to go back to. "

"After all, these forces are of noble status and have a lot of things in their families, so they can't stay outside."

"For them, the big contest for promotion to immortals is dispensable. For some first-class forces and the following sects, only through the contest can they get the chance of Shenhua college."

"But even if those top forces fail, their disciples are also eligible to enter the Shenhua academy, but generally not. There are many schools rated as top forces in Lingwu mainland, but only a few have come. It can be seen that their disciples have better choices than the Shenhua Academy."

"What's more, they can't fail if they participate."

Ye Chen looked at Lou Yun and continued: "master, are you sure those missing people have entered the secret place?"

"Sure." Louyun road.

Ye Chen continued: "according to the total number of purple runes, did any of them not get the purple talisman?"

Lou Yun was stunned, felt a trace of wrong strength, but still replied: "yes."

He didn't want to continue to talk with Ye Chen, so he asked, "Ye Chen, we can't delay for you. How about giving you an hour? If your business is not important, it doesn't matter if you go to Shenhua college to solve it."

However, ye Chen once again said faintly: "no, this matter, I must go, and, an hour, not enough."

Silence, originally also noisy people, all quiet down.

One by one, they all look at Ye Chen in disbelief, like looking at a madman, looking at Ye Chen!

Shenhua academy, willing to wait for you for an hour, you are not enough!?

Not willing to accept such a condition?

Do you really think you are an immortal?

Don't you know what's good or bad?

This is Shenhua college!

Not good, even if you are big than the first, in front of Shenhua college, so presumptuous, may also be directly cancelled, admission qualifications ah!

Is it true that ye Chen has no awe for Shenhua academy?

And Lou Yun's eyebrows also completely wrinkled up.

Shenhua academy can even represent the face of some people in Lingwu mainland. Those top forces dare not let Shenhua academy do so.

He is willing to wait for ye Chen for an hour, which is enough for ye Chen's face. However, ye Chen is not willing to accept it now?

What does he mean?

Lou Yun said again, "so, what do you want?"

At this time, his tone, already a little cold.

Ye Chen is still a light way: "I temporarily, first do not join the Shenhua college, after I deal with that matter, then join."

"I am willing to accept all punishment."

Although Shenhua college represents the opportunity of Lingwu mainland, ye Chen has more important things to do!

At this moment, people's expressions are petrified. Shocked, not only the contestants, qualified people, even Lou Yun, were shocked by Ye Chen!

You're the Shenhua academy, your home?

The location of Shenhua academy is a secret of Lingwu mainland. Naturally, it is impossible to disclose it at will. But ye Chen, you treat it so casually? After losing this opportunity to enter Shenhua college, do you think you can get it at will?

Being selected by Shenhua college is a great honor and a great fortune! You don't cherish it at all?

At this time, ye Chen added: "if it is not possible, I am willing to give up the qualification to enter Shenhua college."

Now, people are not shocked!

All the people, including Lou Yun, look at Ye Chen with a very difficult look.

This is the face of Shenhua academy!

All along, only Shenhua college is qualified to refuse other people's participation. When did someone give up entering Shenhua college?

Or did you give up after you won the first place in the competition?

Isn't it like saying that Shenhua academy is not worthy of me?

Roaring, a very strong momentum, soared to the sky. Even those who were at the peak of fortune were shocked by the breath and couldn't move!

That's the breath of the real star body!

And that breath, directly toward Ye Chen, shrouded and gone!

Ye Chen's face changed slightly. This breath is so strong!

In an instant, he subconsciously displayed the formula of reincarnation of gods and demons, blood of God, and formula of burning blood! The power of the six ways! The spirit of Gengjin!

Boom!

Ye Chen's breath, is also a crazy outbreak, and that star orifices later period, extremely terrible breath, collides together!

"Poof!"

Under the breath collision, ye Chen couldn't help but spit out a mouthful of blood. However, his waist was straight and looked at the direction of the breath coming!

"How could it be!" Countless pairs of eyes, are staring at Ye Chen, staring at his straight figure, as if, see something beyond understanding in general!

How can this guy, who has not even reached the realm of creation, be able to withstand the pressure of Xingqiao warrior's breath?

That is, the pressure that goes directly to Ye Chen!

Chapter 1905

Even if they are under the influence of the pressure, they are almost unable to bear and stand. This is still the case that they are gifted beyond the realm!

And ye Chen, in that oppressive center, I'm afraid, is a thousand times stronger than what they bear!

Shouldn't Ye Chen's accomplishments be directly crushed into pieces and emptiness?

But what?

Is Ye Chen smashed?

No!

Not only no!

Still stand straight, straight back! Even under this pressure, you can turn your head to the direction of breath!

It's not against the weather. What is it?

Now, where is there anyone who dares to look down on Ye Chen?

Originally those who thought Ye Chen was weak, thought he needed to learn a lesson, thought he was even inferior to himself, only felt a burst of heat on his face!

Completely, I was beaten in the face by Ye Chen!

Now, as long as there are some brain people, can see, ye Chen, not weak at all, and, can be said to be extremely adverse to the sky!

How much of the so-called "talent" can resist the so-called "hard body"?

Ye Chen, however, was not in the mood to take care of these things. He looked at the direction of the pressure. There, standing there was a long faced middle-aged man with a stern face. Like Lou Yun, he was wearing the white robe of Shenhua Academy.

Seeing this, Lou Yun couldn't help but smile bitterly. This man is Chen Jiu of Shenhua college, the Department of law and discipline. In Shenhua college, he has always been known for being strict.

Like Ye Chen, before he was officially admitted to school, he began to engage in special prickly headgear. When he met Chen Jiu, it could be said that it was a bad luck. According to Chen Jiu's character, he would beat him hard. Even if ye Chen did not die, he would have to take off his skin.

However, there is another thing about Chen Jiu, that is, he loves talents very much.

When we meet those talents who are really worth cultivating, we will help them greatly.

Now, let's see if ye Chen can get Chen Jiu's favor.

Chen Jiu saw Ye Chen so easily blocked his own pressure, can not help but flash a smile in his eyes, this boy, a little interesting.

However, on his face, he still had a cold look and said to Ye Chen without emotion:

"my Shenhua college is a place where you can join if you want to, or leave if you don't want to join?

Do you still take college seriously? Boy, don't think that if you have some talent, you can do whatever you want if you win the first place in this contest. This is not where you show off!

Even a genius needs to grow, you know? "

Ye Chen once bowed his head and said apologetically: "this elder, I'm sorry, I don't have any idea of showing off. I just have something to deal with. This matter is extremely important."

At last, ye Chen raised his head again. He even opposed the four eyes of the strong star orifices and refused to let him go!

Ye Chen is no match for the other party, but in terms of momentum and prestige, ye Chen does not lose at all!

After all, he stepped into Lingwu continent step by step from Jiangcheng in China. No one can shake his blood and killing intention, and his determination to be fearless of heaven and earth!

What's more, he has immortal body and reincarnation blood!

Between heaven and earth, what can make him surrender!

Many people present secretly ridiculed Ye Chen's stupidity. At this time, even if it was important, we should first be soft to the predecessors of the Shenhua academy, instead of refuting each other's face in public like Ye Chen!

Ye Chen has too little experience!

Although strong, but many people feel that ye Chen's future achievements are limited!

After all, in the world of practice, if you want to mix well and get more resources, you can't just have talent!

You also have to know how to be a man, who should make friends with, who can offend!

Now, ye Chen obviously offended people who shouldn't have offended, so he must pay the price!

However, Chen Jiu stares into Ye Chen's eyes, but does not show disgust or anger.

If ye Chen suddenly changes his attitude now, he will look down on Ye Chen instead!

He Chen Jiu, always one is one, two is two, never like any smooth person!

Therefore, ye Chen's attitude now, on the contrary, let him appreciate. To tell the truth, he now has no blame for ye Chen. He knows that ye Chen doesn't want to be innovative and show his own difference, but he really has something to do.

But! As a member of the law and Discipline Department of Shenhua college, he can't allow Ye Chen's behavior!

The law does not care!

The Ministry of law and discipline, we should be honest and selfless!

In this way, we can maintain the face of Shenhua college!

He can tolerate one hour, two hours, even twelve hours!

However, what ye Chen wants to do is obviously not something that can be done in a short time. No matter what reason ye Chen has, he will not allow him to do so! Now that ye Chen has been admitted to Shenhua college, he is already a member of Shenhua college and naturally subject to the discipline of Shenhua college.

How could he be easily allowed to disobey the arrangement of Shenhua college and leave on his own?

If it is really allowed, the face of Shenhua academy, do you want it?

Chen Jiu's face suddenly sank, and he said to Ye Chen, "no matter what you have, please go back to the high platform and obey the arrangement of the college."

With his words, the breath on his body, unexpectedly, instantly soared, more than ten times heavy!

Just now, Chen Jiu didn't give full play to his breath?

Now, Chen Jiu's breath is completely broken out, and his cultivation is terrible. He really shows it to the public. Just a trace of his breath can make most of the contestants on the island fall to the ground and can't even stand up!

Only a few people can stand!

However, most of the people, although they have been pressed down, but the heart is very happy, very happy!

Because, they know, as they expected, ye Chen, because he offended the strong one in public, this super strong person, will inevitably make him pay the price, let him taste the pain of offending the strong. They originally, extremely envious of Ye Chen, now, can't they be happy to see ye Chen being tortured?

We should know that every small state is a huge difference when we step into the star orifices!

Obviously, this Chen Jiu is not a general state of star orifices!

They believe that ye Chen, even if he is the reincarnation of a top-level monster, will be crushed to death in the face of the terrible pressure that makes the void tremble!

Even if you can't bear it directly, it's possible to be crushed to death!

And in the center of pressure Ye Chen, is a burst of blood mist all over the body in an instant!

At this time, ye Chen only felt that the spiritual power and flesh of his whole body were pressed to solidify and could not be used. Every inch of his body was suffering from unimaginable pain. If ye Chen's immortal will was not like steel, the pain alone would be enough to make people collapse!

Chapter 1906

He also found that in the secret realm, Lin Juelong absorbed the power to enter the Xingqiao realm for a short time, while Chen Jiu's Xingqiao state was quite different from Lin Juelong's!

This is the inside story of Shenhua college!

But ye Chen clenched his teeth tightly and said nothing. His waist was still straight!

I'm afraid that the average man of the highest level of fortune can't bear this pressure, right?

If it wasn't for his physical quality, he would have been completely crushed if he didn't have the extreme physical quality, which is far beyond everything, and has an incomparable horror force.

However, in this terrible pressure, ye Chen still gritted his teeth and insisted, and his eyes did not waver at all!

All of a sudden, the endless evil Qi gushed out.

Ye Chen's eyebrow heart twinkles slightly light.

It's so light that others can't find it.

The eye of the devil is sleeping, but it is angry when it senses the threat.

What's more strange is that ye Chen's pupil is covered with scarlet blood moon.

This is obviously going to be possessed!

Ye Chen, unexpectedly withstood, the powerful person's all-out pressure at the later stage of star orifices!??

Now, even Lou Yun has fallen into stagnation, which is Chen Jiu's pressure! He knows that, with Chen Jiu's character, since he has made full efforts to break out, he will not keep his hand, and ye Chen has resisted this way!?

There are many geniuses that Lou Yun has seen. Shenhua college is full of geniuses. However, genius is like a dog!

But, like Ye Chen such genius, actually very few!

What a pity!

They, even in the Shenhua academy, can stand out!

They are the real dragon! Is the real, can be proud of all the existence!

And such a genius, almost every one, can become the land of Lingwu, the real supreme existence, that transcends all existence!

Lou Yun's eyes flashed suddenly. He saw a smile from Chen Jiu's stern face?

Chen Jiu, why are you laughing?

Isn't he going to punish Ye Chen?

Now ye Chen has resisted his pressure. Why can he still laugh?

Suddenly, Chen Jiu accepted the pressure and sneered at Ye Chen and said, "good boy, can you bear my pressure? It's amazing, but, to make you obey the Academy, didn't you hear me? Now, your behavior like this belongs to disobeying the instructions of the Ministry of law and discipline in public. This is not something that can be solved by bearing pressure. "

When people heard this, they were happy again! They know that ye Chen is really dead this time!

Ye Chen is very strong, strong against the sky, so terrible pressure, can resist!

However, it is still that truth. If you disobey a strong man in public and sweep his face in front of so many people, can he let you go?

No matter how strong you are, you must die!

Now, this invincible strong, I'm afraid it's going to be a move?

With a wave of Chen Jiu's hand, an organ puppet appeared in front of the crowd.

Facing Ye Chen, Chen Jiu said coldly, "this is the puppet of the law enforcer of our Shenhua college and the Department of law and discipline. As a tutor of the college, I am already in the Xingqiao state. Even if you violate the law and discipline of the college, I can't punish you in person. Therefore, the puppet of the law enforcer will act for you!"

In the eyes of the mechanism puppet, two red lights suddenly shot out, and they were completely awakened. Suddenly, a breath that was no less than a layer of sky in the star orifices broke out in the heavy metal body!

This is actually a mechanism puppet equivalent to a layer of celestial warrior in the star hole!

Moreover, this kind of puppet fighting, there is no fear at all, their consciousness, only to complete the task! I don't care how much damage I cause to myself!

Even, it is much more terrifying than ordinary human warriors!

Those who were pressed on the ground, all of them got up, their eyes twinkled with cruelty, excitement and expectation!

That's the puppet of Xingqiao state!

Even if ye Chen is strong enough to resist this terrible pressure, he can't really overcome the existence of star orifices!

What's more, it's a more terrifying and fearless organ puppet than ordinary star orifices!

Now, they are waiting to see that ye Chen is beaten by the puppet of the organ!

At the next moment, the body of the puppet flashed suddenly, and rushed to Ye Chen at a very fast speed. At the same time, the steel arm turned into a long sword and cut hard at Ye Chen!

This blow is very powerful!

The powerful sword spirit even forced some onlookers to step back!

That terrible sword Qi directly split the void!

This organ puppet is so powerful! It's amazing!

Many qualified people couldn't help swallowing and salivating at the attack of the puppet. At the same time, they secretly vowed that they would never violate any law and discipline in Shenhua Academy!

If the puppet is killed by the puppet sword!

Seeing the horror of this move, those contestants almost want to cheer. Even, some people have already affirmed that Ye Chen will be destroyed by this sword! Star orifices and nature are totally the gap between heaven and earth. Even the super genius who can leap over the level crazily, it is very difficult for them to compete with the warriors of Xingqiao.

If we say that the realm of creation is the level that almost every genius can reach, then the star orifices are the real Fengshui mountains. In front of this realm, even the terrifying genius whose cultivation speed is far faster than others, may not be able to enter it after a lifetime.

However, the difficulty to break through the Xingqiao realm also proves that it is powerful!

Ye Chen, absolutely will die!

In the best case, it's a serious injury!

Even Lou Yun has changed color. Is Chen Jiu too cruel to do so?

Ye Chen, is not the general Shenhua college student, he is the real dragon level genius!

Chen Jiu, who has always loved talents, how could he be so cruel to Ye Chen?

At that time, everyone thought that ye Chen was finished.

Ye Chen's face is calm and indifferent.

A long black sword, falling into the hand, is just a beast decaying sword!

The black lines on Ye Chen's body are also spreading rapidly.

It's like a demonic manifesting and exerting!

The next moment, the evil spirit erupts!

The most dazzling black light illuminates the whole island!

Roar a, peerless explosion, sea water tumbling, earth concussion, wind howling!

In a moment, just like the end of the world, the general scene appeared in front of everyone!

Chen Jiu looked at the center of the light, and a smile appeared on his stern face.

With a wave of his hand, he suppressed all the visions, and then turned away.

At this time, people look at the place where ye Chen fights with the puppet of law enforcement.

I saw, there, standing a figure.

An inhuman figure.

A figure like a God and a devil.

Together, flesh and blood!

Ye Chen, he won!

How can this be possible!!!

Seeing this scene, almost all the genius and Tao's heart were shaken!

They used to be proud, once thought of the world, almost collapsed!

Chapter 1907

They have always been called geniuses, but now, in front of Ye Chen, what kind of bullshit genius are they?

They have always thought that they are the world's top talent, but in front of Ye Chen, what kind of bullshit talent is there?

How can they not waver in their spirit of Tao?

Not only that, ye Chen's feet, there are scattered pieces of broken iron residue!

Ye Chen not only won, but also destroyed the terrible puppet of law enforcement!

That's all that's left.

More incredible is, ye Chen, only one sword!

A sword, against the star hole, a layer of heaven exists!

What kind of horrible evil is this?

It's beyond the limit of imagination!

Ji Xuan and Xing Zitang and others looked at each other with a smile. Now, others have finally realized their shock at that time.

Ye Chen, is such a, extreme against the sky, even unimaginable existence!

At this time, Chen Jiu's cold voice reverberated across the island.

"Ye Chen, a student of Shenhua college, was punished by Chen Jiu, the supervisor of the law and Discipline Department, for violating the law and discipline of the college. During Chen Jiu's punishment, he was injured due to the failure of the puppet of the law enforcer, so he was not suitable for immediate College teaching. Therefore, Chen Jiu, the Department of law and discipline, specially approved Ye Chen to cultivate himself on an unlimited holiday!"

"Once the student Ye Chen recovers, he must immediately set foot on the Shenhua college, otherwise, he will bear the consequences!"

Chen Jiu said, turning his head slightly and glancing at Ye Chen, he said faintly: "boy, cultivate yourself well. After recovery, you must report to the college for me. Do you know?"

Lou Yun hears the speech to be surprised, Chen Jiu, this is a force for ye Chen, took the responsibility down!

Ye Chen looks at the wound on his forearm. He knows that the puppet of the law enforcement officer just now did not mean to take his own life.

and the power of the star hole is not as powerful as that of Lin Juelong.

After all, Chen's instructions at the beginning were just punishments.

Ye Chen is not a fool. He naturally knows that Chen Jiu has stopped. He is doing this to create a reason for ye Chen, so that ye Chen can have enough time to deal with his own affairs without violating the law and discipline of the college.

He looked at Chen Jiu, who was leaving slowly, with a trace of warmth in his eyes.

This feeling, he Ye Chen wrote down!

Ye Chen bowed respectfully to the departing Chen Jiu and replied, "student Ye Chen, I understand! Thank you for your advice

Guard at one side, ready to take action at any time in the dark night to see this scene, finally relieved, he looked at Ye Chen with a wry smile on his face, this boy, really can make trouble!

Lou Yun also had some helplessness to Ye Chen and said with a smile: "OK, ye Chen, then, you don't have to go to Shenhua College for the time being. Go back and heal yourself."

Ye Chen nodded and said with a smile, "thank you for your concern."

Lou Yun no longer said anything. With a seal in his hand, powerful spiritual power roared out and poured into the sacred fire ladder. The sacred fire ladder and the high platform burst out a dazzling red light in an instant. The next moment, the whole tower, with its talents, disappeared with Lou Yun.

At this time, suddenly, the wind and cloud move, in the void, suddenly opened a deep hole, there are three extremely strong breath, emerged from the hole, fell on the island out of thin air!

Not only the contestants who still stay on the island, but also the representatives of the schools cast suspicious eyes towards the direction of the three breath!

Because, these three breath, really too strong!

Even Chen Jiu, who just started the star hole, is far from being able to compare with him!

This is far beyond the existence of the star orifices!

But it was three old men who gave out that breath.

Yin Che, Bai Zhentang, he long Yitian, and three Taishang elders of xuanyuezhong appeared on this island together!

As soon as they appeared, they all looked at Ye Chen.

These three peerless strong, eyes suddenly bright explosion flash, unexpectedly at the same time, revealed the color of surprise!

Long Yitian murmured, "Laobai, am I right? You are a disciple... "

Bai Zhentang grabs Ye Chen and makes Ye Chen feel confused for a moment. He looks at Ye Chen carefully, and finally laughs wildly and says: "ha ha ha ha ha, the mark of fire is really the mark of divine fire! I haven't seen these guys in years! Ye Xiaozhi, you are really a teacher. My disciple has been selected by Shenhua academy! "

"The mark of fire?" Ye Chen smell speech, in the heart move, can't help but open mouth to ask a sentence.

Bai Zhentang just wanted to talk, but a hand fell on his shoulder.

At this time, Yin Che's eyes were deep. He patted Bai Zhentang on the shoulder and said, "OK, Lao Bai, I'll talk about it later. First, ask Ye Chen, how's Minger?"

Obviously, cangye has informed the three elders of xuanyuezong.

Bai Zhentang came back to himself, and with a smile of apology to Yin Che, he turned to Ye Chen and asked, "boy, tell me about the girl Yinming." After knowing that Yin Ming's accident happened, the three elders of the Supreme Master directly crossed the space with great powers and came to the island!

This island is blocked by the Dharma array of Shenhua academy! Even if you are the top martial artist of Xingqiao, you need keepsakes to enter. If you want to break through, it's impossible!

However, this seal was destroyed directly by the anxious Yin Che!

He really doesn't want to wait any longer!

Ye Chen repeats what will happen, and then tells Yin Chusan: "I don't know where ming'er is now, and the Shenhua academy should not know."

Bai Zhentang's eyes are dignified. He looks at Ye Chen deeply and says, "I'm afraid the disappearance of ming'er should be related to the tablet that the demon Lingzi got."

Monument!

Only a word, ye Chen is sure, this so-called monument is reincarnation xuanbei!

And from Bai Zhentang's strange eyes, we can see that the other party knew that he had entered xuanyuezong for the reincarnation xuanbei in zining's body!

Bai Zhentang's delay in contacting with himself or even mentioning this matter is a test of himself.

After all, the ten reincarnation xuanbei, in Lingwu mainland, are the existence of countless top forces who want to fight for and get at all costs!

As for why to seal in the body of zining, ye Chen is not clear.

Long Yitian and yinche looked at each other and saw the strong shock.

For a long time, the dragon also said: "that thing is a legendary thing, does it really exist?"

"Also, in ancient times, I heard that xuanyuezong had a piece of it. Unfortunately, I don't know when it started and disappeared. It's a pity."

Ye Chen a Zheng, surprised to see to Bai Zhentang.

What about the xuanbei of reincarnation? Do the other supreme elders not know about it?

That is to say, only Bai Zhentang, zining and himself know the whole xuanyue sect?

Why should Bai Zhentang be so cautious?

Chapter 1908

Bai Zhentang took a look at Ye Chen, apparently to remind Ye Chen not to let slip the beans. Then he continued: "we xuanyuezong had a deep foundation in ancient times, and naturally could keep the monument. But now, we are all demoted to the first-class forces. Even if the monument exists, we can't keep it now."

"Let's get down to business. Over the years, I have investigated the affairs of demons and even got some secrets."

"After that, the devil's heart fell to the devil's domain, but the devil's heart fell to the devil's heart."

"Later, the evil spirit son came to the secret place of Shenglong Dabi and left the inheritance."

"The evil spirit son practices unceasingly, only for one day to be able to give that evil domain evil emperor revenge."

"But after practicing all his life, he finally realized that no matter how strong his power is, he is not entitled to revenge."

"Since then, the devil has disappeared strangely."

"These secret stories have not mentioned a word about the tablet in the hands of the devil, and even there is no trace left in the cave."

"But - a monk once saw a demon with a demon into the valley of the nether world."

"And the valley of the nether world is near this island."

"What's more, when I came, I observed the array of Shenhua academy to open the secret place of Shenglong Dabi. The atmosphere of the secret place is similar to that of the netherworld canyon. It is possible that there is a path in the secret place leading to the outer netherworld Canyon!"

"Those people are mysteriously missing in Shenglong Dabi, I'm afraid, not for some Shenhua academy, but for the xuanbei of reincarnation!"

"It's just a cover up."

"As for Minger's disappearance, I'm afraid that in the process of accepting the inheritance of the demon spirit son, I'm afraid that I'll leave without saying goodbye."

Ye Chen's eyes are hot. Obviously, Bai Zhentang knows the xuanbei of reincarnation very well!

And all sorts of clues connect together, Bai Zhentang's guess is absolutely close to reality!

Xia Ruoxue is also in the Youming gorge!

And Lingyun and the elder of soul hall suddenly leave, must have gone to the Youming gorge in advance!

"Master, we should go to the Youming gorge as soon as possible."

Bai Zhentang said softly.

It's a big deal.

In fact, he didn't understand why Ye Chen was so excited about the xuanbei of reincarnation, but on second thought, could anyone not be excited about the xuanbei of reincarnation?

But the stele in zining's body can't be given to Ye Chen casually.

Yin Che nodded his head and said, "OK, Lao Bai, you take ye Chen to the Youming gorge first, and Lao long and I will separately go to other places to search for the trace of Minger. We can't put all the eggs in one basket, after all, this is related to the safety of Minger."

At the end of the day, Yin Che, who seemed to be quite amiable, suddenly sent out a torrent of murderous intent, and said in a cold voice: "if I know that someone else took Minger away, I swear with my heart that I will let this evil animal pay the price!"

Even if ye Chen's mood is almost shaken by Yin Che's killing intention, is this the supreme existence of xuanyuezong?

Terrible!

Bai Zhentang pulls Ye Chen, and with a flash of white light, he escapes into the void. In front of Bai Zhentang, the terrible space storm is like the breath of a baby, which has no impact on him!

And white, shake your hand and tear.

Ye Chen looked at his feet, at this time, they had come to a place, covered by fog over the canyon, that thick fog, give people a very cold feeling, it is a strong Yin evil spirit!

After a moment, Bai Zhentang said to Ye Chen, "this is the Youming gorge. Before entering, we should have a good talk."

Ye Chen is stunned. Just now Bai Zhentang didn't explain clearly because of those two people. Now it seems that Bai Zhentang is going to have a showdown with him!

Bai Zhentang eyes cold, staring at Ye Chen: "you come to xuanyuezong, should be for reincarnation xuanbei bar."

"Yes." Ye Chen cut the railway.

"Why do you want to reincarnate xuanbei? Do you know that my xuanyuezong has guarded the xuanbei of reincarnation from generation to generation, and it is impossible to give it to outsiders. " Bai Zhentang's words actually have a trace of killing intention.

Although he likes Ye Chen, ye Chen is keen on the xuanbei of reincarnation. If the answer doesn't conform to his will, he must kill him.

Ye Chen stares at Bai Zhentang's eyes, steps out, and just wants to tell the reason, the voice of the sword box man in the reincarnation cemetery rings out: "I don't care about your business, but you can't disclose it to outsiders about the samsara blood and the samsara cemetery."

Ye Chen was stunned and could only say to Bai Zhentang: "master, there is a reason for my disciple. I must get the xuanbei tablet of reincarnation. As for the reason, please forgive me. I can't tell you."

When Bai Zhentang heard this sentence, he didn't start. He continued: "everyone has secrets. I don't ask for it."

"I can't tell you the secret of xuanyuezong."

Ye Chen said again: "master, how can I hand over the Xuan stele of reincarnation to me?"

"I'll do whatever it takes." Bai Zhentang stares at Ye Chen for ten seconds.

Ye Chen does not have any dodge in the eyes, completely sincere.

For a long time, Bai Zhentang said, "I don't want to kill you, because I can't mistake people."

"You found the xuanbei of reincarnation in zining's body. Actually, I was nearby. I wanted to kill you, but when I saw that you respected zining and didn't snatch it, I stopped."

"I can see the importance of reincarnation xuanbei to you. Although I don't know why, I don't want to care."

"But don't you wonder why I sealed such an important thing in Zi Ning's body? Zining has no strength to protect. "

Ye Chen Mou son a congealed, probe a way: "is to hide people's ears and eyes? Other people have no idea that this reincarnation xuanbei will be in a woman's body? "

Bai Zhentang shook his head: "wrong, very wrong."

"Why is that?" Ye Chen is a little confused.

Bai Zhentang, with both hands behind him, looked at the Youming gorge and said, "because there is no reincarnation xuanbei, zining will die."

"Zi Ning is a person who is going to die. I protected her life with the xuanbei of reincarnation."

"In addition to its power, there is also a reason why the stone tablet of reincarnation has been contested by countless people. Its name is samsara."

"Xuanbei into the body, with the technique as the way, blood essence as the guide, can hold the reincarnation."

"In other words, the stone tablet of reincarnation is equal to a life."

"I didn't say anything about the devil."

"At the beginning, the devil emperor of the devil kingdom fell down, everyone argued about rights, and everyone wanted to control everything of the devil emperor, eager to dominate the land of Lingwu!"

"However, only the demon spirit son left the devil Kingdom and won a stone tablet of reincarnation at the cost of life and death."

"In order to reincarnation xuanbei, the evil spirit son killed countless strong, bloodbath."

"In order to reincarnate xuanbei, the evil spirit son starts taboo, at the cost of damaging Shou yuan and cultivation."

"For the sake of reincarnation, he even ignored his wife, son and grandson! I saw with my own eyes that the next of kin was killed. "

"In his heart, only the devil."

"The evil emperor fell, he wants to rely on the reincarnation xuanbei, resurrect the demon emperor!"

"This is the great righteousness."

Chapter 1909

Ye Chen is stunned.

He even felt the devil's eye touching his brow.

This is a history that even the devil's eye doesn't know!

For a long time, Bai Zhentang said to Ye Chen, "do you still want to get that reincarnation xuanbei? At the cost of your elder sister zining's life? "

Ye Chen is silent.

The xuanbei of reincarnation is important, but he can't let elder martial sister zining die.

"Master, is there no other way to deal with the illness of elder martial sister zining?" Ye Chen is still Tao.

Bai Zhentang shook his head: "no, the people of Lingwu mainland are helpless."

"Unless the kingdom of Lingwu..."

Ye Chen is confused again.

How come you've got another kingdom?

There are five regions in Lingwu, including East, West, north, South, and even devil's land, but he has never heard of it.

Bai Zhentang continued: "you came to Lingwu land soon, naturally did not know this existence."

"Most of the warriors, even if they are still sealed, do not know the existence of the kingdom of God for one reason, that is, they are not qualified enough!"

Ye Chen hears the speech, the face dew startles the face, the seal door existence, are not qualified to know the kingdom of God?

How terrible is the kingdom of God?

Bai Zhentang continued: "only the existence above Taixu can be qualified to know about the kingdom of God. As an old man like me, who has controlled the secret of xuan yue zong and lived for a long time, is only a little understanding of the kingdom of God."

"The only thing for sure is that the kingdom of God is very strong! Incredibly strong! The reason why he is called the kingdom of God is that the strong one in the kingdom of gods controls everything in the land of Lingwu. He is a real God like existence

"Gods!" Hearing Bai Zhentang say so, ye Chen can't help but be shocked.

Bai Zhentang is a well deserved peak strongman of xuanyuezong. Even he described the strongman of the kingdom of God. Then, the kingdom of God must be extremely terrible!

Bai Zhentang then said: "therefore, many strong people's dream is to enter the kingdom of God. Compared with the kingdom of God, our xuanyuezong, Lingxian emperor palace and soul hall are just a joke. However, Shenguo is not so easy to enter."

"What's more, I heard that the fall of the devil emperor and even the collapse of juechan emperor palace, the first force in Lingwu mainland, all have the shadow of the kingdom of God."

"It is said that every year, the envoys of the kingdom of God will search the land of Lingwu for talents with excellent aptitude and mark them with divine fire. The talents with such marks are on the waiting list of the kingdom of God."

Ye Chen is a little confused. Who is this mark?

Why doesn't he have any impression?

Ye Chen couldn't help but ask, "how can we really enter the kingdom of God?"

Bai Zhentang shook his head and said, "well, I don't know. At that time, if you really meet the standard of entering the kingdom of God, the messenger of the kingdom of God should contact you on his own initiative.

However, it is said that most of the owners of the sacred fire mark are the blood left by some powerful people in the kingdom of gods on the land of Lingwu.

Compared with the forces on the mainland, they can't have the kind of genius behind them

When ye Chen heard this, he could not help but frown. He came from the world of low martial arts. Naturally, he could not be the blood of some powerful man left in Lingwu land.

"Apprentice, I don't know one thing. It seems that your mark has been marked for a long time. Why did it show up in the Shenglong Dabi?"

"Is there a connection between the kingdom of God and the sacred fire academy?"

"Shenhuo mark, Shenhuo academy? It's possible. "

"After you go to Shenhuo college, you can pursue it slowly."

Ye Chen is lost in thought.

He seemed to have touched it.

Kunlun xuye family, extraterritorial meteorite, samsara cemetery, eternal king, devil's eye

All these things seem to have a lot to do with the so-called Lingwu land.

It seems that the xuye family in Kunlun is not so simple.

Otherwise, a boy born in Jiangcheng, how could he be involved in the overall situation?

How can you have that blood of reincarnation?

.....

Bai Zhentang said with a smile: "well, don't think so much. The affairs of the kingdom of God are still far away. I'm afraid that at least you need to consider it after you step into the astral orifices. Now, you still enter the Shenhuo academy according to the original arrangement to see if you can touch any secrets."

Ye Chen nods, the kingdom of God, is really too far away from him.

Bai Zhentang also said: "although the kingdom of God is strong and the people who become the kingdom of God have countless benefits, the dangers are also conceivable."

"If you do have a chance to enter one day, be careful."

"There's another thing you might be interested in."

Ye Chen was stunned and asked, "what?" Bai Zhentang laughed, his eyebrows moved and his words startled him: "it seems that The Shenhua academy also has a stele of reincarnation. "

"It's better to find a way to get the reincarnation stele of Shenhua than to pay attention to zining."

At this moment, Ye Chen held his breath completely.

Purple coagulation in the body of a piece, a piece of magic spirit, if you add the Shenhua academy that piece!

He has already known the whereabouts of the three reincarnation steles!

Ye Chengang wanted to ask what, Bai Zhentang said: "well, don't forget the purpose of this trip, you go down to find Minger."

Ye Chen one Leng, point to oneself way: "am I alone? Master, don't you go down with me

Bai Zhentang said faintly: "I'm not interested in the xuanbei of reincarnation, and we have been discovered by some amazing things. Naturally, I will deal with them here."

The words fell, and Bai Zhentang disappeared.

Helpless, ye Chen can only go alone.

Into the land of fog, endless cold hit.

I don't know how.

.....

At the same time, deep in the valley of the nether world.

In front of a dilapidated temple.

The outer part of the temple is surrounded by powerful array. Outside the array, there is no vitality!

At the gate of the temple, a bronze plaque is hung!

There are four words on it!

The devil's hometown!

Only because once, when the devil emperor was not growing up, he and the devil spirit son passed through here and had a cup of tea.

After the fall of the devil emperor, the demon spirit son built a temple here!

He didn't know where the devil's hometown was, so he could only regard this warm and warm place as his hometown!

And now, this is the hometown of the so-called devil emperor.

The atmosphere was dignified to the extreme.

The ground is covered with blood!

And above the blood is a corpse!

And a few of the existence of a strong sense of killing stand!

If ye Chen is here, one of them must be Lin Juelong!

Lin Jue long recovered from his injury. His eyes were very cold. Beside him stood an elder of soul hall with a strong breath!

From the identity jade card of the soul hall elder, this person is extremely noble in the soul hall.

The soul hall elder wiped off the red blood from the corners of his mouth and looked at the people in front of him and said, "Wanyao Valley, Lingxian emperor palace, do you really think that the tablet of the demon spirit son is so easy to take?"

"If you hurt me, do you think you can break the array set up by the devil at the cost of his life?"

Chapter 1910

Xia Ruoxue's cold eyes glanced at the words of the devil emperor's hometown. She didn't know why. She felt that there was some connection between her and here.

As for the specific reasons, I can't say.

She took a look at the aura beside her and sighed.

I don't know what happened to Ye Chen in the dragon race.

He should be the 49.

Xia Ruoxue entered the secret place of Shenglong Dabi, but he did not contact anyone. Instead, he went directly to the Youming gorge according to the requirements of Lingyun.

Arrived here, she just understood, ascends the dragon big ratio unexpectedly has Ye Chen to participate!

It's a pity that it's late.

She knows that Lingyun cares about that thing!

The so-called reincarnation xuanbei, Lingyun at all costs to win!

At the moment, Lingyun's eyes looked at the elder of the soul hall coldly and said with a smile: "the soul hall is really pervasive. I thought that few people knew this secret, but I didn't expect that you had arrived early."

"The value of that baby, you and I both know, who can laugh to the end is not sure."

"If I guess correctly, you soul hall is busy dealing with wanjiandi palace."

"It's been so long. The palace of wanjian emperor hasn't taken it. Your soul hall is really not good."

Hearing this, the soul hall elder's face is livid!

The matter of wanjiandi palace is an insult to them!

I thought I could take it in a few days! It's been months!

He was laughed at because of this!

The soul hall elder snorted coldly, looked at another foreigner, and said: "you Wanyao valley also intend to attack my soul hall? Lingxian palace is not easy to deal with... "

The old man of Wanyao Valley laughed and touched his beard: "everything in Wanyao Valley goes with fate. As for the things inside, I don't care much."

"However, since my young master has come here, he will take his things home."

Soul hall elder a Zheng: "your little Lord also came?"

The old man eyebrows a pick: "little Lord is outside now, solve some trouble."

"After all, the less people know about this place, the better, isn't it?"

Once this was said, the atmosphere was dignified again.

.....

At the moment, ye Chen is surging in the fog.

This time, he did feel the existence of reincarnation xuanbei!

Although he didn't know where ming'er and Ruoxue were, he felt that the direction was right!

He's getting faster and faster.

He didn't find that the devil's eye in the middle of his eyebrow actually emitted a trace of leisurely light.

It's like being half touched by something.

Suddenly, ye Chen stopped.

A strong stream of blood came.

And he found bodies all over his eyes.

In addition to the corpse, there is the smell of monster, extremely strange.

When ye Chen doubts, he feels something and goes to the north.

The closer he was, the more he felt the evil spirit.

The strength of those who send out such evil spirits is absolutely not weak.

What's more, what's more strange is that there is a strong and extremely evil spirit in this evil spirit!

The man who sent out evil spirit was a demon family with extremely strong blood!

Ye Chen slightly frowns, not only this evil spirit, behind him, there are dozens of strong evil spirits, each of which is no less than the later period of creation!

Besides, there is a breath that he is quite familiar with.

Sikong Feixing!

That day, the Dragon contest ended, Zi Ning took him and long Xuan to meet a group of strange people in a place.

One of them makes Ye Chen very clear.

That is Sikong Feixing!

Although Ye Chen's vision is very high, but we have to admit that Sikong Feixing is very strong!

And from long Xuan's words, Sikong Feixing's identity is extremely unusual!

It's very likely that they came from one of the five regions of Lingwu!

Originally, Sikong Feixing said that he hoped to meet Ye Chen in Shenglong Dabi!

Now it seems that the reason why they didn't meet was that the royal family behind Sikong Feixing was also interested in the xuanbei tablet of the reincarnation of the demon spirit son.

Ten miles away.

Blood was all over the place.

More bodies!

A green haired youth stepped on a young man covered with blood, with a funny smile on his mouth.

Zhou Wei, the young man with green hair, is the young master of Wanyao valley. He looks down upon the people with blue eyes and looks down upon them. He says coldly: "there are some things you can't touch. Do you understand?"

The young man spat out a mouthful of blood and looked at all the people he had brought down. He glared at Yao Cong with angry eyes!

"Do you know my identity? I advise you to let me go now and apologize on your knees, or I will make you regret it!"

Zhou Wei seemed to hear some funny joke and burst into laughter: "you are just a man of nature. What identity can you have? And let me kneel? ""Besides, can you be better than me in Wanyao Valley?"

As the words fell, Zhou Wei stepped on the youth's feet, and the sound of bone breaking sounded.

However, to Zhou Wei's surprise, the youth did not suffer, let alone beg for mercy.

Just as he was about to speak, a very cold voice rang out: "if I say, I come from the royal family."

"Are you sure that Wanyao Valley offended the royal family?"

As soon as he said this, Zhou Wei's face changed slightly.

The royal family does not belong to the top power, nor does it belong to the first-class force. However, in several regions of Lingwu mainland, it can not be ignored!

Born to be king, this is the group of people!

Zhou Wei grabs five fingers, and a jade card hanging from the youth's waist appears in his hand!

Sure enough, there are a few words on it!

Royal family! Sikong Feixing!

Seeing this scene, Sikong Feixing sneered: "now do you know if I am qualified?"

Zhou Wei was a little flustered, but soon, his confusion was replaced by a sneer: "Sikong Feixing, you say, I killed a royal man in the netherworld Canyon, who would know?"

Sikong Feixing's face turned pale in an instant!

Zhou Wei laughed and a sharp knife appeared in his hand: "to tell you the truth, if I kill a royal person, I'm afraid I can boast enough in Wanyao valley."

"Now, I'll take you on the road!"

The next second, the cold light flashed, and the sharp knife stabbed Sikong Feixing like a meteor.

At this moment, Sikong Feixing's eyes only have despair!

He had royal blood, and he fell like this!

He shouldn't have told that secret!

Seeing that the sharp knife was about to penetrate Sikong Feixing's body, a dark long sword suddenly appeared.

In the way of the sharp knife!

The strong air flow makes the blood on the ground surge away!

Everyone's face changed!

Zhou Weimeng raised his head, but found a strange youth!

The young man held a dark sword in his hand, and his mouth outlined a funny smile.

What's more, the young man's thin lips opened slightly, and his indifferent voice dropped slowly:

"you said just now, who knows who killed the royal family, right?"

"Sorry, I know now."

"By the way, my name is Ye Chen."
