

Physician 1921

Chapter 1921

The more silent Ye Chen is, the more happy he will be!

It knows that ye Chen can't even refute himself!

Ye Chen is now, almost, a lamb to be slaughtered by himself!

The fierce beast emerged from the boundless evil spirit, and stamped Ye Chen under his feet with a cruel foot, and sneered:

"do you still want to refine the xuanbei of reincarnation now?"

When the old man saw this, he laughed and touched his beard. There was no anger in his eyes. Instead, he was calm.

There is even some expectation.

Ye Chen is really a genius. No one can determine the qualification of Ye Chen. However, no matter how talented he is, there is the ultimate

This extreme cannot be broken through by talent.

And the fierce beast was so overjoyed that it could not be overjoyed again!

Because, that proud to the extreme, that against the sky to the incredible Ye Chen, at this time, not moving to be trampled on their feet, so, bear their own insult!

This is simply, so refreshing!

In the fierce beast's eyes, suddenly flashed the cruel brilliance, facing Ye Chen: "now, do you still want to refine the reincarnation xuanbei?"

Said, it suddenly raised its own claws, toward a leg of Ye Chen, mercilessly grabbed!

This claw, very strong!

Strong to the horror!

Even if ye Chen's body, tough to incredible, in this claw, that thigh, there is no doubt, will be caught!

However, at this time, originally closed eyes, like a corpse general, motionless Ye Chen, suddenly opened his eyes.

And in his eyes, flashing, the ultimate killing!

At the same time when the fierce beast's paw falls, ye Chen's electric light explodes all over his body, and his body moves quickly!

The calm eyes of the old man also made waves at this moment!

Look at Ye Chen's action, where is the force of the boundary suppressed to be unable to speak?

There was a big bang, and the fierce beast's paw exploded in the space, and the incredible light flashed in the eyes!

Ye Chen, did you move?

How can you avoid your own attack?

How could it be?

Isn't it, like a dead dog, completely paralyzed by itself?

Even, under their own insult, can't even answer back?

What's going on now?

Not only did you move, but you dodged your own blow?

Then the fierce beast is furious!

What turned out to be a dead dog?

How can it be tolerated?

In its imagination, ye Chen should bear his own destruction and insult obediently!

At this time, ye Chen faint voice, in this realm, suddenly sounded.

"I hate to have my clothes dirty, not to mention a beast!"

"Whether you are from ancient times or ancient times!"

Refuting fierce beasts is like fighting against the whole world?

Against the whole world!

This has no effect on Ye Chen!

If the fierce beast is the heaven of this world, then, he is beheading the heaven, so what?

The sword of chopping the sky, originally, exists for cutting the sky!

From the beginning, he was not silenced by the force of the boundary.

The reason why he is silent is that he has exhausted all his heart and soul, and is understanding the sword of chopping the sky!

That's all!

"Humble human beings!" The fierce beast roared, and suddenly waved a claw, boom, countless loud sounds, sounded in this, with the fierce beast hit a claw, there were countless claw shadow, toward Ye Chen!

But ye Chen, wants to display the body shape, actually is like innumerable towering mountains, adds to the body general, extremely difficult!

But ye Chen did not mean to dodge!

It is a sword technique, a magic power to kill and kill the enemy.

How to kill the enemy if you just dodge? Kill the enemy?

How to hone this magic power?

Ye Chen, in the eye kills the intention crazy burning, he also does not believe!

He has reincarnation blood, even a xuanbei beast can not deal with!

That also awakens a fart reincarnation blood vessel!

The boundless killing intention of the fierce beast supported his body!

In his hands, the beast decayed sword danced wildly, and the tide of golden light flowed out. It was the spirit of Gengjin, which was extremely restrained against the evil spirit!

Moreover, there is immortality in the meaning of sword.

Ye Chen regardless of practice, but also try to integrate their own strength!

"Cut it for me!"

With Ye Chen's violent drinking, a shocking sword light suddenly appears in the boundary covered by the evil spirit, as if, really want to cut this piece of heaven and earth and split it!

With a loud bang, the golden sword and the boundless claw shadow collide. For a moment, it seems that water enters the oil pan, and a violent reaction occurs!The whole boundary is boiling!

The golden sword, though very strong, but!

But in the boundless claw shadow, gradually wear away!

This is the terror of the power of boundaries!

Under the cover of this realm, every blow is equivalent to the whole world launching an attack on you!

And not to mention, this is still the power of the realm exerted by the big demons and fierce beasts who do not know how long they have lived!

Although I don't know why the other side only has the Xingqiao state, but this fierce beast gas is enough to threaten!

Ye Chen's body shape, very soon, was that boundless claw shadow, submerged!

Ye Chen's body is torn, torn and broken.

Not only skin, flesh, bones, viscera, even spirits, are under attack!

Blood, instant splash out!

Just like a fountain, it's pouring out like crazy!

"Ants!"

Looking at the seriously injured Ye Chen, the fierce beast, he let out a wild laugh, "is that what you said, kill me? Look at you now! With you like this, I want to ask you, kill ants? It makes people laugh off their big teeth! Waste beyond our means

At this time, ye Chen is extremely embarrassed!

There are broken, broken marks everywhere!

It's so miserable that it can't be worse!

And ye Chen, wearing the sky scale armor, unexpectedly, were all caught and broken!

Even the body of the body protecting artifact is broken in this blow!

If ye Chen had not used various means to strengthen his immortal spirit's tenacity and vitality, I'm afraid this blow would have killed him.

However, although Ye Chen is badly hurt, his eyes are still bright, bright and cold, endless killing intention, in the eyes of cohesion!

He didn't fall because the fierce beast is not dead!

Die!

In Ye Chen's mind, the word of death reverberates, which supports him. Every insult of the fierce beast, falling into his ears, turns into a stronger killing intention!

"Ah, ah, ah!" Ye Chen looks up to the sky and sends out a roar. The blood that had been lost suddenly begins to flow against the sky, converging towards Ye Chen's body!

I can't help but laugh at the beast.

What is this?

He has never seen, which human can do such a thing!

The blood flows into Ye Chen's body, and ye Chen's flesh and blood are growing fast!

Chapter 1922

When the old man saw this, his pupils shrank!

Does this vitality really belong to the Terran?

Even if it's physical cultivation and great power, compared with vitality, I'm afraid, it's not so terrible?

Seeing this, the old man suddenly laughed. Sure enough, he didn't read it wrong. This boy named Ye Chen is interesting!

Ye Chen suddenly drank: "brute, come to die!"

That crazy, cold, just like the real killing intention, roared out again. Under the impact of such killing intention, even the fierce beast was slightly changed color, and there was a faint fear in his four eyes.

But the next moment, that trace of fear, turned into more intense anger!

I'm afraid!?

The fierce beast could not accept it. The noble blood of himself was afraid in front of the human beings in the second level heaven of the harmonious world?

"Roar!" The fierce beast roared. Once again, it waved a claw. This claw is stronger and more terrifying than the previous one!

It now, even don't want to play with Ye Chen, just want to kill this hateful human completely!

And ye Chen, another sword!

The strong golden light, shining again!

Ye Chen's sword out of the moment, fierce beast heart, but a burst of surprise!

Why?

Because ye Chen's sword is strong!

This sword, stronger than the previous one!

Ye Chen, you are making progress!?

In front of a strong enemy far beyond our own strength, progress?

It's the old people who are shocked by Ye Chen!

The doubts in the eyes began to beat wildly!

However, even if the sword is stronger, it is still, by the sky claw shadow, disappeared.

Bang, ye Chen's body, almost fell out!

A deep hole has been formed in the ground!

"Now, do you know the gap between yourself and me? Don't think you can do miracles by roaring like a mad dog

And ye Chen at this time, the broken body, that pair of eyes full of killing intention, also finally closed.

The old man's eyes, calm down, this son, really amazing, but, not enough.

The fierce beast stares at Ye Chen for a while, and finally breathes a sigh of relief. At the same time, he has some regrets. Let Ye Chen die like this. It's too cheap for him

But at this time, the original pair of closed eyes, suddenly burst open!

And in the eyes, burning with a stronger sense of killing!

A deep red flame, in the bones of Ye Chen, began to burn.

In Ye Chen's eyes, he began to burn.

Ye Chen that pair of eyes full of killing intention, staring at the fierce beast, in an instant, the fierce beast, unexpectedly produced a kind of, the impulse of escape!

It is in the heart, roaring wildly, why?

Why!?! Shouldn't this kid be dead long ago?

Why, can he open his eyes?

He already understood, and my strength gap?

Why, still can erupt, so intense kill intention?

Why, his Dao Xin, has not collapsed at all?

Too many questions, too many don't understand, ye Chen himself, almost to surpass the cognition of the fierce beast, become an unknown existence!

The fierce beast has lived for a long time, and has experienced many life and death crises. Even, it is almost killed by its current owner!

There's just a little bit of life, just a little bit longer.

At the time, it thought it had experienced the greatest fear in the world.

But now it knows, it's wrong!

In front of me, that young man who is like a devil from hell is a more terrible existence than death!

And from ye Chen's body, the intention of killing suddenly permeated the whole realm!

The more intense intention of killing was shrouded in the fierce beast. Suddenly, the fierce beast suddenly found that under the cover of this killing intention, his control over this realm was actually weakened!

This time, fierce beast, it's really frightening!

How can you resist the power of the boundary!?

It has lived for many years, but never heard of such a thing!

This killing intention is not ordinary killing intention!

And ye Chen's body at this time, has been extremely broken, even standing, can not do, his mouth, containing dozens of healing pills, but even so, that powerful medicine, but still not enough time to repair his body.

Is it so easy to dispel the force of the boundary of the astral body?

However, ye Chen's body, although unable to stand, his people, but did not fall!

The layer of blood flame on the body turned into an illusory body, supporting Ye Chen's broken body, step by step, towards the fierce beast!

Ye Chen broke through the blood burning formula to another level before practicing the sword of chopping the sky! This is the real power of burning blood formula!

Burn blood, burn body, forge shape with blood!

The burning blood formula is cultivated to the extreme. Even if the body is seriously injured, you can also burn the blood in the body and exercise it into the form of the body!

"Impossible, impossible, impossible, impossible!"

As ye Chen approaches, the fear in the fierce beast's eyes becomes more and more intense. What's the matter with Ye Chen?

Is it immortal?

Ye Chen's eyes, burning with blood flame, exuding the ultimate killing intention, that constantly approaching the broken body, but created unprecedented pressure.

Ye Chen at this time is just like the Shura coming from purgatory to the world!

Fierce beast began to worry, clearly it is it, occupied the absolute advantage, but at this time, facing Ye Chen, it unexpectedly, began to worry!

It's afraid!

It is afraid, the longer the battle drags on, the more fear ye Chen brings it!

Just now that sword, it feels very clear, ye Chen, strong again!

If you want to get stronger If you want to get stronger

The fierce beast's heart, trembling, because, in its view, it was just like the Arabian Night thing, at this time, as if in front of his eyes gradually realized!

Although reason told the fierce beast that it would never happen, it involuntarily fell into fear of the impossible!

It now, regret, good regret, at the beginning, why still with the mind of playing with Ye Chen?

If at the beginning of the full hand, crazy suppression, maybe, really can completely suppress Ye Chen?

And because, it's a little bit of contempt, a little bit of carelessness, it was Ye Chen, seize the turning point!

Such potential, even if the fierce beast with star orifices, will tremble for it!

But, in this battle, the fierce beast, can only face!

The whole body of his hair was erect, and the limit of ferocity broke out. The whole realm was trembling in the breath of its explosion. The mouth of the beast suddenly opened, and from its mouth, it vomited a gray light formed by the condensation of extremely pure evil spirit!

At the same time, ye Chen, is a sword cut out!

Boom!

This sword full of killing intention, but still, in the gray light, disappeared!

This gray light, solid and solid, hit Ye Chen's body!

Chapter 1923

The fierce beast panted fiercely. It was a great expense for him to perform the move just now. However, at this time, the fierce beast did not mean to stop. It moved. The huge animal body approached Ye Chen, and its two claws moved together. In an instant, I did not know how many claws it had caught!

And ye Chen, by the gray light hit, the body has gradually recovered, and instantly tends to collapse, almost completely relying on blood support.

However, it is frightening that, even so, in the face of the fierce beast, ye Chen's blood coagulated arm, unexpectedly, once again danced the beast's decaying sword!

In this way, the battle continued.

Time goes by, in a flash, ye Chen and fierce beast are already in the evil spirit realm, as if they have been fighting for a day and a night!

At this time, even the elderly, is not calm.

This day and night, ye Chen, has not known how many times, was attacked by the fierce beast, the body tends to collapse, but, strangely, ye Chen, never die the same!

Now, the original dominant fierce beast with star orifices, at this time, its body has been with a lot of scars!

In the eye, also exudes the tired color!

Ye Chen, on the contrary, although Ye Chen is still a broken virtual image wrapped by blood at this time, but the body with purple and gold runes is gradually beginning to produce flesh and blood!

The wound caused by the fierce beast's attack on Ye Chen has gradually failed to keep up with Ye Chen's recovery speed!

And!

What's more, the influence of this boundary on Ye Chen is getting smaller and smaller!

A layer of blood red murderous air, which seems to be the essence, surrounds Ye Chen's whole body, actually offsets most of the power of the boundary!

The old man's eyes narrowed slightly, and his eyes were vaguely watching the purple gold inscription on Ye Chen's skeleton.

He knew that ye Chen was still alive. Although it was shocking and frightening, it was not totally unreasonable.

Support him, is the power of God blood!

Yes, it's blood! He will never admit his mistake!

God blood is very strong, it has unimaginable potential, even, can let the owner, nearly immortal, but!

Ordinary people, how much God blood can play?

I'm afraid, not even one in ten thousand!

Ye Chen, however, is able to bring the blood of God into full play with the cultivation of Tao state. This is absolutely not simple!

If this samsara blood vessel is not activated, it has this power. If it is activated, what does it mean?

If there is no divine blood, even if there is a burning blood formula, how to rely on it?

At this time, although there is no winner or loser, the old man has made a decision.

But he didn't mean to stop the fight.

Because, he wants to see, where is the limit of Ye Chen?

At this time, the fierce beast is completely on the verge of collapse. If you face an enemy who is still growing stronger, will you collapse?

But what about collapse?

If the master doesn't stop, he can't stop!

It's eyes, locked Ye Chen, the perfect fierce beast body, now, is already scarred!

An ancient ferocious beast in Xingqiao state was injured in the hands of a Hedao state!

However, at this time, ye Chen, who was still facing the fierce beast, suddenly stood still.

The fierce beast was stunned. Then, in his eyes, he showed joy at the same time!

Ye Chen, is this exhausted?

Yes, I have been fighting with myself for a day and a night. Even myself, I can't bear it. Ye Chen, how can I hold on?

Moreover, ye Chen did not know how many fatal injuries he suffered!

However, at this time, the fierce beast did not rush to attack. It was calming down the disordered spiritual power in his body and slowly accumulating strength. It wanted to seize this opportunity to launch a fatal attack on Ye Chen!

It stares at Ye Chen with a sneer in his heart. No matter how tenacious the vitality is, the ant is still a mole ant. There is an irreparable gap between the realm of harmony and the realm of star orifices. Although Ye Chen is strange and difficult to deal with, the battle is finally coming to an end!

And myself, is the final winner!

The fierce beast doesn't believe that ye Chen, who has exhausted himself, still has the possibility to stand up with his own energy!

It, don't want to believe it!

Finally, the fierce beast's breath, ascended to the acme, its body moves, blinks generally appears in front of Ye Chen's body, seeing ye Chen at this time still closed his eyes, the joy in the fierce beast's eyes, more and more rich!

With a wave of its claws, the whole body of great force erupts, and this claw is enough to crush the heaven and earth!

The old man's eyes are dignified.

Did ye Chen finally reach the limit?

Even if we persist for such a long time, we still fall short of success and can't cross the mountain of Xingqiao?

But at this time, ye Chen's eyes opened slowly again.

In the eyes burning with blood flame, there is a color of enlightenment. The fierce beast was surprised at the appearance, but the joy in his eyes did not fade away!

It's too late. Even if ye Chen recovers his strength, it's too late to dodge!

At this time, he also vaguely sensed that ye Chen was really about to reach the limit.

So many attacks of Xingqiao were applied to Ye Chen, even if he had the means of recovery against the sky to support himself to continue fighting, but!

The power of the ultimate law of the star orifices keeps accumulating in Ye Chen's body. Now, it's on the verge of explosion!

If the power of the law breaks out, even if it is an almost immortal body, it should be transformed into nothingness!

While ye Chen opened his eyes, the fierce beast obviously felt that the power of the law in his body was on the verge of breaking out. The reason why Ye Chen didn't act just now must be to restrain the power of the law which was almost uncontrollable!

The joy in the fierce beast's eyes, not only did not decrease, on the contrary, more and more strong!

It is confident that if this claw goes down, the strong force of the boundary will pour into Ye Chen's body, and it will become the last straw to crush the camel!

Fierce beast, how can you not be happy?

It even said, "die!"

"Oh? Is it? " A faint voice reverberates in this realm.

The voice of Ye Chen.

Fierce beast's claw, faintly quickened a minute, on the face, showed the ferocious smile!

Waste, up to now, still want to speak hard, still want to be brave?

Now, give it to me. Turn it into nothingness!

And ye Chen, from the beginning to the end, just looked at the paw of the beast.

Indeed, he has almost reached the limit, and the strength in his body is almost about to explode.

However, facing the fierce beast's claws, he did not have the slightest fear.

Not even the idea of avoiding!

Just said a word indifferently.

"Those who offend me will be killed."

When the word "kill" blurted out, time seemed to have a moment of stillness. At the next moment, the ultimate killing intention originally surrounding Ye Chen's body actually spread out in an instant!

Chapter 1924

"What?" The fierce beast exclaimed, what did he feel in that murderous spirit?

Can't be?

It must be my own illusion, right?

The fierce beast looked at Ye Chen's murderous breath, but suddenly his pupils shrank and said: "that's
The power of boundaries! How can it be the force of boundaries

Ye Chen, only the cultivation of the realm of harmony!

It is very rare to be able to understand the power of the law by combining with the cultivation of Tao
state!

Already a genius of genius!

And the power of boundaries?

That's a dream!

If someone had told them that they had mastered the power of the realm, they would not hesitate to
slap that person!

But now, what the old people can't believe happens right in front of you. It happens to Ye Chen!

What's more terrifying is that ye Chen's boundary power is extremely high!

Even, faint will be superior to the evil spirit realm exerted by the ferocious beast in the Xingqiao realm!

How terrible!

The old man murmured: "ordinary martial arts people think that the ability of each realm can only be mastered when they reach that state. It is really extremely ignorant. In the kingdom of God, there is a saying that the state of star orifices is the real one and has stepped into the ranks of practice.

Under the realm of star orifices, it's just the realm that mortals divide according to their own standards. The real, transcendent genius naturally has the ability to transcend the realm and master higher power!"

That fierce beast, at this time is almost crazy!

But in madness, in disbelief, in anger, in horror, and in ecstasy!

Because, ye Chen to now, still did not hide!

Although he understands the power of the boundary, his strength will certainly soar, but he can completely annihilate it at this most critical moment before he can not give full play to the power of the boundary!

Victory, or their own!

That claw, knot solid ground hit Ye Chen's body.

In the eyes of the fierce beast, a scene appeared at the same time.

Ye Chen's body, in the explosion of the power of the law, instantly, into nothingness!

Won, finally won?

Fierce beast Leng a Leng, casually exhaled a breath, way: "finally ended?"

Around, still filled with a thick evil spirit, no response.

The fierce beast had a trace of tension in his heart. He completely relaxed. It seems that ye Chen is really dead, thorough and dead!

Just when it is ready to take back the power of the boundary.

A faint voice suddenly sounded around.

"It's my turn."

At this time, ye Chen coldly looks at the fierce beast hanging in front of him. The beast claw with strong strength, which is still an inch away from its head, stops.

Why?

Because, the fierce beast now, already under the impact of Ye Chen's strong murderous spirit, its spirit is completely confused!

Of course, ordinary murderous spirit, no matter how strong it is, can not have such an impact on a Xingqiao warrior, especially in his realm!

Xingqiao warrior, in his own realm, is close to God, and wants to influence it with killing intention?

It's impossible.

However, ye Chen's killing intention, of course, is not ordinary.

Cutting the sky with a sword is the famous sword meaning of the young swordsman.

The so-called chopping the sky is the ultimate of killing!

In the process of waving his sword again and again, ye Chen's understanding of the sword of cutting the sky is more and more profound.

Although he has not completely mastered the ultimate magic power of the sword, he has mastered another power through his understanding of the sword of chopping the sky!

In the understanding of killing and the tempering of killing, ye Chen has mastered the power of the realm that is impossible to possess!

That's the boundary of killing!

Although the fierce beast was not found, at the moment when the boundary of killing was unfolded, the spirit of the fierce beast was under unimaginable impact, so that, for a time, it fell into chaos!

Ye Chen stares at the fierce beast's eyes, which gradually show fear. He knows that the fierce beast is about to wake up from the chaos.

The reason why he hasn't made a move is that he is waiting!

Waiting for the moment when the fierce beast wakes up!

He wants to kill, but also when the fierce beast has consciousness!

Only in this way can the beast thoroughly understand the fear of death!

At this time, the fierce beast's eyes, showing a trace of clear color!

It finally wake up to come over, just now, their own kill Ye Chen that scene, unexpectedly is just their own fantasy!

Soon, its eyes, on the body in front of the Ye Chen!

Ye Chen, unexpectedly still stands in the spot, moves has not moved!

In an instant, a kind of fearless Sabre Qi with boundless killing intention blooms in Ye Chen's killing intention realm! It was a very short, very short moment, even less than a thousandth of a second.

However, this moment, in the fierce beast's thinking, became extremely slow!

It's slow!

Some say that when death comes, time slows down.

However, the fierce beast does not know, will become, so slow!

Moreover, it is not only slow, but also terrible!

At this time, it seems that it is not facing people, but a huge shadow!

The shadow of death!

After the shadow, the existence beyond imagination and horror can hardly be described by words.

If we have to use a word to describe the existence after the shadow.

Death!

The fierce beast's claws are smashed in an instant, but it itself is facing the coming and inevitable death!

It knows, it will die!

It fears, it trembles, it collapses, it doesn't know, originally, the certainty of death, will bring so much pressure!

For ordinary people, the pressure of death is just a moment.

However, the fierce beast at this time seems to be trapped in endless eternal terror!

It opened its mouth and wanted to howl and scream, but it couldn't make any sound!

Even, you can't open your mouth!

Its movement, also slow countless times!

In this endless, as if the next moment will come in the face of death, the fierce beast, completely collapsed!

"I just want you to die in fear." Ye Chen's voice rings.

"A sword to cut the sky!"

Although Ye Chen has not yet fully understood the peerless magic power of the young man in the sword box, he seems to have the power over everything in the realm constructed by the ultimate killing intention!

The real sword can imitate the heaven.

Although far less than the power of the sword, but!

Enough to cross the border!

This sword is enough to eliminate all the existence under the star body!

The power of killing is infused into this sword. At the moment the sword is cut out, everything in the boundary seems to have disappeared except ye Chen himself!

The fierce beast in front of Ye Chen's body, the immortal demon of the star hole, finally, under Ye Chen's knife, completely turns into nothingness.

Even the gods and spirits are completely killed under the boundless intention of killing!

Ye Chen won the war!

To achieve the goal of harmony of Tao and realm, win!

As the killing realm dissipates, ye Chen takes back the beast decaying sword, stares at the old man in the distance, and says coldly, "now whether I am qualified to refine the xuanbei of reincarnation."

The old man, who always seemed to be calm, jumped wildly in his eyes after ye Chen used his sword to cut the sky. He almost jumped out of his eyes and exclaimed:

"who are you after learning this evil sword in such a short time, boy?"

This makes him, how not to shock, how not to frighten!

The old man calmed down and laughed.

This harvest is too great.

"Pa Pa Pa Pa Pa Pa Pa Pa Pa..." That old man, unexpectedly for ye Chen, clapped up!

At this time, ye Chen's flesh and blood have not recovered. It looks like a virtual shadow wrapped in the blood. On the virtual shadow, there are many mysterious purple runes, which seem to be gods!

Hearing the applause, ye Chen turned around and coldly looked at the old man and said, "now whether I am qualified to refine the xuanbei of reincarnation."

"Or, you want to fight me, too."

Ye Chen can't be the old man's opponent, but his way is to kill the way.

Kill way, can't flinch, can't fear!

But the old man laughed at the moment: "no, you are qualified to refine this reincarnation xuanbei."

"You are also the first one in the endless years who is qualified to refine the existence of this reincarnation xuanbei!"

"This stone tablet of reincarnation is named dust!"

Chapter 1925

"This stone tablet of reincarnation is named dust!"

"Do you know that at the beginning of the opening up of the heaven and earth, the vast universe contains a piece of supreme god stone, which has the theory of controlling Yin and Yang and reincarnation. After endless years, the stone finally met a master, who divided the stone into ten pieces and scattered it on the earth

"Waiting for the right person."

"And named the reincarnation xuanbei"

"each samsara xuanbei contains supreme power, which is the power that God is qualified to control."

"Even the way of heaven in Lingwu is not qualified to control."

"Every time the reincarnation xuanbei comes into the world, there will be countless strong people competing for it."

"But after so many years, no one has thoroughly refined the xuanbei of reincarnation."

Ye Chen one Zheng, curiously way: "since cannot refine, then they compete for reincarnation xuanbei why?"

The old man touched his beard and said with a smile, "the magic of the xuanbei of reincarnation is that even if he does not refine it, he will practice it very quickly."

"What's more, all the martial arts in the world are arrogant. How can they think that they can't refine themselves?"

"The most important thing is that if you have the stele of reincarnation, you will have a second chance."

"This stone tablet of reincarnation was originally controlled by a family in the kingdom of God. The evil spirit son wanted to save the devil emperor, but he tried his best to seize it."

"The evil spirit son offends the natural anger, can only at the cost of his body and life, defend here forever."

"The fierce beast you just killed should have dissipated in the years. I gathered him with the mysterious power inside the reincarnation xuanbei and gave him strength."

"And that's your limit."

"Fortunately, you have exceeded the limit, otherwise, you may have to leave the world forever."

Ye Chen hears this sentence, the heart is slightly surprised.

He was still wondering why the ancient monster realm happened to be in the Xingqiao realm. Now he understands.

This fierce beast is the test of reincarnation xuanbei.

Ye Chen took a look at the old man and continued to ask, "master, why is this reincarnation xuanbei so famous? You just said that every stone tablet of samsara has an attribute. What does this stele stand for? "

The old man nodded and stretched his arm. The space in the xuanbei changed color.

The ground under Ye Chen's feet split instantly.

Endless dust surged.

"In this world, there is a pulse called the red dust God pulse."

"The stone of red dust is harder than that of Geng gold. This blood vessel is activated. It can gather the shield of red dust within the limit of cultivation. If you practice enough, no one in the world can break this shield."

"This stone tablet of reincarnation is the main guard."

Ye Chen probably understood the old man's meaning and said, "if I refine this reincarnation xuanbei and condense the shield of red dust, what effect will it have?"

The old man took a deep look at Ye Chen and said, "you are now in the second heaven of the Taoist realm. If your blood is activated, you can stop the attack of the strong one who has sealed the gate in the second layer of heaven at the cost of cultivation."

"You can only block one shot."

Ye Chen's heart set off a tempestuous wave, star orifices began, each small state is different.

At most, he can fight with the people in the early stage of stardom. If he meets the strong man in the middle stage of stardom, he will be in danger.

And now, the activation of this blood can block the attack of the strong in the sealing realm!

He is still in the realm of harmony!

That's too bad.

He is now facing too many enemies. What he needs most is to guard his own cards.

And this so-called red dust God pulse, no matter how good!

The old man took a look at Ye Chen and urged: "it should not be too late. You should refine it as soon as possible."

"What's more, there will be strange phenomena in refining and chemical industry, which may lead people to come. You should be prepared mentally."

Ye Chen can't care so much. He directly uses the magic formula of reincarnation to absorb the energy of reincarnation stele.

Endless dust!

Ye Chen seems to be surrounded by the dust of the whole world.

His blood is burning!

Crazy burning!

The old man looked at him deeply in the distance. His eyes had no previous color, but a touch of complexity.

"I'm afraid this is the boy who is waiting for the reincarnation xuanbei."

"Although this dust tablet is the weakest among the ten, it is the only one that the little guy can absorb now."

"What the boy needs most now."

"The red dust God pulse is about to reappear in the world. I'm afraid there will be a bloody storm again."

"I'm afraid that if you gather ten blood vessels, I'm afraid the ten blood vessels will be gathered together for the God's awakening."

Speaking of this, the old man's eyes narrowed into a point:

"Ye Chen, this person's surname is ye It is said that some members of the Ye family have fled to a low martial world and will stay dormant forever... "

"Is it time to fight back?"Thinking of this, the old man looked at Ye Chen's expression more and more strange.

.....

Time is running wild.

Outside.

Xia Ruoxue, Yin Ming, and xuanyuezong, the three supreme elders, look closely at the hometown of the evil emperor.

Ye Chen has been inside for too long. Why doesn't there be any movement.

Is something wrong?

Bai Zhentang thought of something, looked at Xia Ruoxue and asked, "Miss Xia, your breath is a little strange. Can I check your pulse for you..."

This is Bai Zhentang's doubts all along.

From the beginning, he found that Xia Ruoxue's breath was problematic, and although Xia Ruoxue's accomplishments were high, he felt a sense of forced promotion.

This is not a good thing for the warriors.

Summer if snow beautiful Mou some doubt, but still stretch out a hand to Bai Zhentang way: "if snow thanks elder."

Bai Zhentang nods, his fingers just want to touch the pulse of Xia Ruoxue. In the void, a crack appears.

A woman with a strong breath came out.

The woman has a black purple robe, a fan bone crown on her head, long thighs and cold face.

When it appears, the air is surging and the purple robe is flying.

It's powerful.

Seeing the woman appear, Bai Zhentang and other three elders of xuanyuezong all changed slightly and were ready for battle.

This woman, cultivation is terrible.

Key to her identity, more deterrent.

Xia Lingqiu, the master of Lingxian palace!

Xia Lingqiu is extremely mysterious in Lingwu land and seldom appears.

At the beginning, the power of Lingxian palace was not strong, but for some reason, Xia Lingqiu suddenly rose, and his means were connected with the sky, which made Lingxian palace a top power from a first-class sect.

This kind of woman can't be careless.

But Xia Ruoxue saw this woman, the expression was full of fear, bit red lips, a trace of purplish blood overflow.

What she was afraid of came.

Although I know that I still want to return to xuanyuezong in the end, I didn't expect it so soon.

Xia Lingqiu planted some forbidden techniques in her body, and she was doomed to be unable to escape.

Xia Lingqiu evil cold eyes swept a glance at the crowd, and a smile: "here is really lively."

With that, she looked at Xia Ruoxue and said, "ruoshue, the Dragon climbing contest is over. Since you haven't got what you want, should you go back with this palace?"

Chapter 1926

Bai Zhentang and other three Taishang elders block in front of Xia Ruoxue, and their breath breaks out.

"Miss Xia, you don't have to go," Bai Zhentang said

However, Xia Ruoxue is walking towards xialingqiu.

She had no choice.

If the three Taishang elders of xuanyuezong were in conflict with Xia Lingqiu for protecting themselves, she could not afford the cost.

Today, can see ye Chen, can kiss that familiar lip, she is satisfied.

Besides, not long after one year's appointment, she believed ye Chen would come to Lingxian palace.

Will take her hand and leave.

This is her confidence.

Xia Lingqiu nodded with satisfaction and lifted her arm, and the space cracks appeared.

When she left, she also took a look at the devil's hometown.

Because she didn't find Ye Chen.

Is that boy in?

But think of here, Xia Lingqiu still shakes his head, in her opinion, that boy's cultivation is too low, the devil can't admit it.

That reincarnation xuanbei is even more impossible to admit.

.....

After Xia Ruoxue left, Bai Zhentang just wanted to say something, and suddenly a light column rose from the hometown of the devil emperor!

So, no vibration around the ground!

Countless stones are suspended!

Dust appears!

The dust came upon them like a sandstorm!

It seems like a complete blockade of this place!

Bai Zhentang and long Yitian's face changed greatly, and they quickly pinched the formula with their fingers to destroy the sandstorm!

However, as soon as their strength touched the dust, they disappeared!

How could it be!

Yin Ming looked strange and asked, "what happened, grandfather?"

However, no one answered.

The three supreme elders of xuanyue sect looked at each other and finally landed in the hometown of the evil emperor.

Is that boy really ready to refine the xuanbei of reincarnation?

The key is that this vision is too big. If it is found out, the consequences will be unimaginable!

After pondering for a moment, Bai Zhentang made a decision and said, "we three unite to try to suppress this vision to the minimum."

"Otherwise, ye Chen is in danger!"

"Good!"

Three xuanyuezong Taishang elders cross legged and do, fingers pinch Jue, three drops of blood essence Qi gush out!

An ancient array is formed directly!

However, even their accomplishments could not hide the vision.

.....

And now, in the devil's hometown.

The devil emperor looked at Ye Chen and the change of the reincarnation xuanbei, slightly surprised.

"The boy has passed the test and is refining?"

"The key is that this vision can't be suppressed here."

"Bigger than I thought, damn it."

His whole body's evil Qi curls, forms a barrier to wrap Ye Chen.

Obviously, he wants to protect Ye Chen.

The evil emperor's face was pale, and he hurriedly said to the devil outside: "demon, is this array formed by your own destiny?"

The demon spirit son nods: "yes, demon emperor!"

In the hand of the demon emperor, a fire of Jiuyou was lit, and the flame devoured the whole barrier!

Ye Chen was covered by the fire of Jiuyou!

The vision of the whole body was subdued.

The evil emperor finished all this, and ordered: "start the strongest protection array, try to minimize the vision."

"Yes, the devil."

The outer netherworld Canyon is collapsing, and countless cracks have appeared in the whole canyon.

The plants withered.

The giant trees burned down.

Countless monsters in the netherworld gorge have been turned into powder.

No one knows what happened to the nether canyon.

And ye Chen at the moment is wrapped by the light of stars!

The cultivation is climbing rapidly!

Three layers of heaven in harmony with Tao!

He Dao Jing four layers of heaven!

The five layers of heaven!

He Dao Jing six layers of heaven!

Reincarnation blood vessel activated a part of it, red dust God pulse!

Unexpectedly, ye Chen was promoted to crazy!

This is the terror of the internal power of the reincarnation xuanbei!

Ye Chen's immortal body seems to have sensed something, integrated into the light of the stars, and is also rapidly changing.

.....

At the same time, a mysterious temple.

A man sits on top of a terrible dragon.

The scales of the Dragon shed countless auras and were absorbed by men.

Man's whole body's breath, strong to the extreme!

A golden robe, destined to be extraordinary!

All of a sudden, the man above the Dragon sensed something and opened his eyes fiercely!

The eyes seemed to have supreme authority and authority.

He left the dragon and said in a deep voice, "open your mouth!"The Dragon opens its mouth!

There is an old stone tablet in the dragon mouth!

The light of the stone tablet is radiant and extremely hot!

If ye Chen is here, he will surely find that this is also a reincarnation xuanbei!

The Dragon man's face sank and murmured: "it seems There is a stone tablet of reincarnation

"Unexpectedly, someone has refined the stone tablet of reincarnation!"

"Damn it!"

"Before the innate poison body awakens, now the reincarnation xuanbei changes. Is that guy's prediction coming true?"

Men have a sense of crisis for the first time.

The next second, the man took out an array plate, clapped his palm on the array plate, and quickly pinched the formula with his fingers.

The array disk rotates.

Then, the man's cold eyes and five fingers, the light of the reincarnation xuanbei in the mouth of the dragon was actually held in his hand.

"With the light of xuanbei, look for the person who made the tablet!"

"Blood essence as the guide, break open the void, strangle the threat, crave!"

Language down, a drop of blood essence to reincarnation xuanbei!

The void is torn!

Blood essence seems to span thousands of miles!

And the man above the dragon looks pale!

Obviously, the cost is too high!

.....

The hometown of the devil emperor.

Now, all of a sudden, the wind and clouds are surging!

Thunder explodes in the sky!

A void crack appears!

A drop of blood essence from the sky!

This blood, merciless.

This blood, divine power.

This blood, want to strangle the stone refining people!

What did Bai Zhentang and others find naturally? Their faces changed greatly!

"No, someone wants to fight ye Chen! Damn it

"Lao Yin, Lao long, you and I will block together!"

The next second, the three Taishang elders of xuanyuezong put out their swords, and the power of sealing the door was exerted.

The sword light is like a three headed beast, swallowing blood essence!

However, the power of blood essence is too terrible.

The virtual shadow of the three swords is torn directly.

They just slightly hindered the speed of blood essence.

"Bang!"

Three xuanyuezong elders fell on the ground and spat out a mouthful of red blood.

They cover the array for ye Chen, which consumes spiritual power. Now it is impossible to block this powerful blood essence!

The key is who wants to kill Ye Chen!

Bai Zhentang watched the blood essence shoot at the devil emperor's hometown.

The magic spirit son's array barrier slightly shakes, the essence blood actually hangs in the air.

It can be seen how powerful the magic spirit son's array is at the cost of life and cultivation.

Bai Zhentang exhaled a breath: "OK."

All of a sudden, suddenly, the blood essence turned out to be an arrow shadow.

With the power of heaven, it even penetrated the barrier!

Bai Zhentang's face changed greatly!

One side Yin Ming covered his mouth and said in a loud voice, "no!"

She doesn't want Ye Chen killed by blood essence!

However, the blood essence arrow still penetrated everything and went to the depths of the devil emperor's hometown.

The demon who guards the gate is a little weak.

When the array is penetrated, he is greatly attacked.

He wanted to stop it. He was powerless.

Chapter 1927

The demon spirit son looked into the deep of the house and said in a loud voice: "devil emperor! Be careful. "

At the moment, countless evil Qi swept over the devil emperor, his face appeared a trace of anger.

That person, or to Ye Chen hand.

Anyway, he has to block it.

If he recovers his physical body and all his strength, he can be destroyed with one look.

But now, he can't.

He is too weak.

Seeing that the blood essence was about to fall, the devil emperor's eyes were full of killing intention.

No matter what, he must block for ye Chen.

The next second, the magic emperor step out, the hand appeared a magic sword!

With a sword!

With this sword, the whole hall instantly turned into dust.

Big sword and blood essence touch.

Time seemed to stop.

Of course, the evil emperor's face is still very ugly.

He won't last long!

However, ye Chen is still refining.

"Ye Chen, wake up, stop refining!"

Devil way.

However, ye Chen, at the moment, can't hear the voice of the outside world.

There are cracks in the magic sword in the hand of the devil emperor.

"Bang!"

Direct fragmentation!

Don't give in, point out!

One finger gathers demons and burns all things.

Blood essence is like a meteorite, irresistible.

The devil's body is moving.

Damn it!

"I can't support any more. What should I do?"

"Is all this doomed to fail?"

"I must restore the noumenon as soon as possible."

"But if this boy dies, what chance do I have to come back again?"

When the shadow of the evil emperor couldn't support it, a lazy voice fell down: "opportunities are always won by people."

The evil emperor was stunned, and the rest of the light glanced.

A huge sword box suddenly appeared.

Behind the sword case stood a lazy man.

The man looked very casual with a piece of grass in his mouth.

But now, in the casual eyes, there is a trace of anger.

"Although I'm not the master of this boy, I don't need to help him."

"But I don't like that kind of high-ranking existence to attack a younger generation."

"Six sword boxes, open!"

In a flash, it's brilliant!

When the sword box is opened, six swords with strong breath come out!

Six swords in one, the supreme power converges!

The evil emperor showed a smile and did not hesitate. Both of them were virtual shadows, without the power of one thousandth of the power of noumenon, but they also had to use everything to help Ye Chen block them.

"The group of demons, I am the devil emperor. I have a long history. One finger breaks the sky!"

The man in the sword box also smiles. He looks at Ye Chen and turns around. His eyes are shooting like cold stars. His eyebrows are just like painting. His chest is broad. He has the power of being invincible!

Point your sword!

"What about the kingdom of gods in Lingwu land? Remember, my name is six sword gods!"

"The wind is clear!"

"Broken!"

The six extremely strong sword ideas and endless evil Qi are integrated into the power of heaven!

"Bang!"

Blood essence is broken on the spot!

All the thunder robberies in the sky are erased.

The fierce air wave lifted, ye chenmeng opened his eyes, a mouthful of blood spit out!

He knew that the external affairs, of course, were hurt by the air waves, but it was the best result.

He was just about to stand up when a heavy feeling hit him and he fell to the ground.

Too tired.

For a few seconds, everything is calm.

Because the array was broken, Bai Zhentang and others rushed in.

When he saw Ye Chen injured, his face changed greatly.

"Take ye Chen back to xuanyuezong."

The injured devil looked at the crowd and finally fell on Yin Ming's body:

"little girl, do you want to become stronger after accepting part of my inheritance?"

"I can't leave here. Would you like to practice here for a while?"

Yinche said directly: "no, I can't give her to you."

The demon spirit son sees the appearance that everybody is reckless to make a move, continue a way: this to this little girl, also is not a bad thing, I am willing, take her as my disciple

The crowd was stunned at the speech.

Disciple?

What is the devil talking about?

So suddenly, you want to take Yin Ming as a disciple?

The demon spirit son, continued: "the devil emperor's hometown does not need me to guard, the rest of my time, also should train a disciple."

In his opinion, he could not follow the devil.

But someone can!

Yin Ming!The evil emperor is born again in the youth, this youth needs to have the strong person to follow!

And Yin Ming is the best!

At the same time, Yin Ming stood up and said, "I will."

"Grandfather, white grandfather, dragon grandfather, I hope you respect me."

Yin Ming's eyes are full of perseverance.

Yinche sighed and nodded: "good."

"But devil, if you hurt my granddaughter, I swear, you will die."

.....

Two days later, xuanyuezong, deep in the spirit pulse.

Atomization, liquefying aura, diffuses between heaven and earth. Here is the source of the spirit pulse.

It is also the most pure and dense place of the whole spirit pulse.

In the source of the spiritual pulse, there is a clear pool.

The water in the pool is pure and pure, and at the edge of the pool, there are three figures sitting around.

These three are the three elders of xuanyue sect!

At this time, the three people of Bai Zhentang are all staring at the bottom of the pool.

In the clear water, there was a handsome young man.

It's Ye Chen!

Now, ye Chen's body has been completely recovered, even no scar left.

You know, ye Chen, but he suffered such a powerful blood essence that he launched an attack with all his strength!

This abnormal vitality is really embarrassing!

However, the three elders are still frowning.

Two days later, ye Chen's body recovered as before, but his mind was not awake!

That blood essence is terrible.

Ye Chen's body may be strong enough to bear the burden.

However, his spirit, though far beyond the existence of the same level, is still a little short.

So far, I haven't woken up yet.

This pool of water is the most pure aura, which has accumulated for countless years. It is not only of great benefit to the body, but also helpful to the spirit and soul, especially to people like Ye Chen who have been injured by spirits.

In addition, in the pool, there are also several pills and spiritual materials. These are the elixir level pills to cure the spirits, and the top-level spiritual materials that can help the spirits.

However, even with these help, ye Chen's eyes have not been opened up to now.

Bai Zhentang three people, can't help but worry.

When they were all thinking about whether or not to think of any other way, ye Chen, who was originally in the pool, suddenly opened his eyes.

With a roar, ye Chen jumped out from the bottom of the pool and fell in front of Bai Zhentang and others. He saluted and said, "I've seen master, I've seen two Taishang elders."

Yin Che and the dragon also day are waving hands, laughing: "Ye Chen, when there is no outsider, in front of us, there is no need to be so formal."

Chapter 1928

Only Bai Zhentang touched his beard and pretended to be majestic:

"the two of them can, but you still have to salute well in front of me."

However, although he said so, he could look at Ye Chen's eyes, but full of love.

Although, at the beginning, Bai Zhentang accepted Ye Chen as a disciple, most of which was due to Zi Ning. However, ye Chen is now his most satisfied disciple.

Ye Chen nodded with a smile: "I understand."

He knew that Bai Zhentang was really good to him, and it was natural to salute him.

Yin Che said: "Ye Chen, since your injury has been cured, go to see the tutor of Shenhuo college. He has been in Zong, waiting for you for several days."

Ye Chen a Leng, Shenhuo College Tutor, unexpectedly in order to take him to school, specially came to xuan yue zong?

In terms of the status of Shenhuo college, and the identity of the tutor in the college, this is simply, a little inconceivable.

However, it seems that in addition to this, there is no way to take ye Chen to Shenhuo college. After all, the position of the college can not be disclosed casually.

After ye Chen changed his clothes, he went to the courtyard where the tutor of Shenhuo college lived temporarily.

Before entering the courtyard, ye Chen heard a familiar voice.

That voice, at this time, was reprimanding: "Zi Ning, when you graduated, you were so accomplished. How many years have passed, how come you haven't made any progress at all? What have you been doing all these years? "

Ye Chen walked into the courtyard and saw that the speaker was a teacher of the law and Discipline Department of Shenhua college, Chen Jiu!

What surprised him was that beside Chen Jiu, there were still two people standing. They were Zi Ning and Meng Xingyun!

At this time, Zi Ning hears Chen Jiu's reprimand. Her pretty face is full of grievances, while Meng Xingyun on the side is laughing.

Both of them were students of Shenhua college!

Chen Jiu's sharp eyes shot at Meng Xingyun and said, "Meng Xingyun, do you still smile?"

Meng Xingyun was so busy that he was afraid.

Chen Jiuqing said: "Meng Xingyun, your talent is not at all under zining, but when you graduate, your accomplishments are not as expected.

In the college, you slack off in practice all day, except flirting with female students. I don't think you have learned anything, have you?

Although you graduated not long ago, you should be at the top of the star body at your age. You can still laugh like this? "

Meng Xingyun heard the speech, and his face became bitter.

When they were in Shenhua college, they both heard Chen Jiu's reprimand. They did not expect to be reprimanded by Chen Jiu even after they left the college.

However, they know in their hearts that Chen Jiu's words are entirely out of their good psychology.

Ye Chen sees this, can't help showing a trace of smile, to Chen Jiudao: "Tutor CHEN."

Chen nine nodded, looked up and down at Ye Chen, and suddenly his face changed: "Ye Chen, when did you break through the seven layers of heaven in the Hedao realm?"

On that day, ye Chen finally stayed in the seven layers of heaven in the Hedao realm.

Across five small areas!

You know, the more to the back, a small environment may take a lifetime to cross!

It is impossible for Lingwu to cross so many small areas in one breath!

However, the reincarnation xuanbei is the strongest thing in the world, so it naturally has this qualification.

However, if there is no blood essence, I am afraid Ye Chen can break through more.

Ye Chen smile: "some chance."

Chen Jiu didn't ask too much. He was a rare talent. Ye Chen was so. He cherished it more!

He said with a smile on his serious face: "it seems that you have been seriously injured. It seems that you are recovering well now. Let's start now."

Zi Ning and Meng Xingyun can't help but stay.

This legendary devil mentor, even smile?

What's more, is it still a student who violates the law and discipline of the college?

It's more incredible than seeing a real dragon flying by!

Ye Chen, it's really against the weather!

Chen Jiu did not care about them at all. When he raised his hand, he sent out a magic weapon to fly into it.

But ye Chen did not go up.

Feeling something wrong, Chen Jiu said, "boy, what do you mean, why don't you come up?"

Ye Chen arched his hand and said, "Tutor CHEN, I still have some things to deal with. Give me some time to rest."

As soon as this word comes out, zining and the three xuanyuezong elders' faces change greatly!

This is a good time!

Again and again, I'm not afraid to make Chen Jiu angry?

However, Chen Jiu hesitated for a few seconds and unexpectedly said, "how long do you want?"

"In fact, if you go to the Shenhua college, you can still come out. Shenhua college is not a prison." Ye Chen still said, "give me half a month."

Chen Jiu is no nonsense, nodding: "good."

In an instant, it disappeared into the public eye.

Meng Xingyun and Zi Ning are completely confused. When is this selfless guy so good to talk?

Shouldn't he be angry at Ye Chen?

They wanted to say something to Ye Chen, but ye Chen bowed to Bai Zhentang and said, "master, I have something important to do. I want to go out for a while."

On that day, ye Chen understood the crisis with the blood essence from the devil's hometown.

He didn't know if his identity was exposed.

He has to look for a strong presence.

Shelter him who has not yet fully grown up.

Now, it's time to try to save those powers.

When the spirit God of the imperial beast dissipates, tell him to seek strength, and it is better to rescue the ice sword immortal first.

Although the ice sword immortal Zun blue snow moon is the immortal statue, but trapped in the heaven and earth kill domain, so long, it is very likely to cultivate to the terrible level!

As for the horror, he didn't know.

The emergence of the blood essence, let Ye Chen feel the crisis.

The devil's eye is asleep for a while.

There was no movement in the man's sword case.

He has to do something on his own.

This is the first step behind shaking the blood essence!

After explaining everything, ye Chen did not immediately go to heaven and earth to kill the domain.

But to see Ji Lin on xuesha island.

He found that Ji Lin had a strong fluctuation these days.

I'm afraid I'll wake up.

.....

At the same time, wanjian emperor palace.

The God of fire sword stands at the top, while a group of elders below are worried.

The whole hall is extremely depressed, and some are dull.

"Frost sword God's life token, broken!"

As soon as the fire sword God opened his mouth, there was no sound in the hall.

The life token is broken, which means that he is dead. The strength of frost sword God is extremely terrible. Now it has fallen. I'm afraid there is a big killing chance in the heaven and earth killing area.

The God of fire sword saw that none of the elders below spoke, and continued to say slowly:

"at the moment when the God of frost sword died, he would not hesitate to burn blood essence and use his life as the price to send an important message that only Ye Chen is qualified to enter the killing area of heaven and earth."

Chapter 1929

A word arouses thousands of waves, such strong people as frost sword God have died in the heaven and earth killing domain.

Ye Chen, a martial artist in the Taoist realm, is really qualified to enter the realm of heaven and earth?

People are hesitant, but there must be some truth in the words of frost sword God.

"No matter what, we should also investigate clearly. Qingjianxian respects you to go to find Ye Chen and tell him the whole story of the matter and let him decide for himself."

Qingjianxian Zun took orders and left the hall.

This time, it is not only about saving the ice sword immortal, but also about investigating what fatal crisis the frost sword God met.

.....

Ye Chen returns to xuesha island and comes to Jilin's room.

However, Ji Lin is still sleeping.

Ye Chen brows a frown: "is this all illusion?"

At this time, ye Chen sensed something and came directly to the hall.

He found that he even saw an acquaintance: "qingjianxianzun, you are..."

At the moment, qingjianxian Zun looks extremely ugly. I'm afraid something has happened to wanjian emperor palace.

The uneasiness in his heart was more intense.

The green sword immortal Zun came over, bound under the cloth, and then opened his mouth and said, "Ye Chen, frost sword God, has fallen!"

"What!"

Ye Chen sits on the chair, and the whole person stands up directly. He is so powerful that he even dies in the heaven and earth killing area

Qingjianxianzun said the whole cause and effect again, and ye Chen probably understood it.

As for why the frost sword God said that only he can enter the heaven and earth killing area, I'm afraid he knows something.

Otherwise, I would never say such a thing.

Qingjianxian Zun is quietly waiting for ye Chen's reply.

Even if ye Chen doesn't go to heaven and earth to kill the domain, he won't be blamed. After all, so strong people fall down. Who doesn't care about his own life?

Ye Chen's current situation is only seven layers of heaven in the world of Taoism, and the probability of falling is too great.

If you're not careful, you're doomed.

"Even if you don't come, I'll go to the heaven and earth killing area."

Ye Chen doesn't have any hesitation to speak directly. If it wasn't for xianzun, he didn't know how many times he fell.

My master, I must save it!

Green sword immortal Zun looked at Ye Chen with pleasure. He was proud of having such an apprentice.

The next thing, qingjianxian Zun talked a few words, and left alone.

After all, there are a lot of things in the palace of wanjian emperor. After ye Chen has arranged everything, he is ready to go to the heaven and earth killing area.

As he was about to leave, a voice from the samsara cemetery rang out.

"Take Ji Lin with you!"

The source of the sound is the sleeping six swords, and the wind is clear!

Ye Chen some doubts, Ji Lin coma, how to take?

However, there must be a reason for this.

Ye Chen carries Ji Lin on his back, gets the map of the heaven and earth killing area, and goes directly.

Chen Jiuyi of Shenhua college is urging himself. He can't delay too long.

At the moment, he has too much to do.

All the way crazy flying, no stopping at all.

After a full day and a half, ye Chen and Ji Lin finally arrived at the entrance of the heaven and earth killing domain.

It's different from ye Chen. There are many people here!

Isn't it dangerous here?

Why are there so many warriors in Lingwu land?

A time of inquiry, ye Chen suddenly.

It turns out that danger and opportunity coexist in the heaven and earth killing domain. I don't know how many warriors come to search for treasure in the heaven and earth killing domain.

Next to them, some warriors were calling for people.

The whole heaven and earth killing area, under the Xingqiao state, must have four people to form a team to be able to enter.

Otherwise, it will be blocked out by the array of heaven and earth.

Ye Chen doesn't want to form a team, but there is no way to do it.

Only a few teams can be found, but basically all of them are rejected.

On the surface of Ye Chen, there are only seven layers of heaven in the realm of harmony and Taoism. In the realm of heaven and earth, ye Chen is a laggard.

As for Ji Lin, not to mention that he was comatose and weak, and even had no qualification to delay.

In this case, no one is willing to take two people to form a team.

Not only that, ye Chen's face is slightly dignified. He finds that when he comes to the killing area of heaven and earth, a tombstone inside the samsara cemetery vibrates.

In the realm of heaven and earth, it seems that there is not only one great power, but also another.

"Xiangxiao is still short of two people. Have you ever formed a team together?"

At this time came a gentle female voice, ye Chen Mou son a coagulation, decided to try.

As for Xiangxiao sect, ye Chen also has a certain understanding. He is the first-class sect in Lingwu mainland.

Lingwu is a vast land with numerous families, tens of thousands of times that of China! This also led to the emergence of hundreds of top sects and thousands of first-class sects in several regions of Lingwu mainland, and the number of other levels of sects was even more terrible.

Ye Chen came to xiangxiao and found two women. One woman was wearing a strong black dress. Her figure was concave and convex. She could not get rid of the arrogant look on her face.

Another woman was wearing a floral dress with a morbid look on her face, apparently suffering from some injuries.

"The strength of you two is too weak. You are also looking for death when you enter the realm of heaven and earth."

There is a trace of disdain in the eyes of the woman in black clothes. Any kind of cat and dog dare to come to the heaven and earth to kill you.

Ye Chen didn't speak. He took a look at the strength of the two men. The woman in the black costume probably made the later stage of the world. As for whether it was the eighth or ninth tier, I didn't know.

The strength of sick women is also above the realm of nature.

The strength of these two men is not strong in the heaven and earth killing area, but they have certain strength to protect themselves. Ye Chen himself is sure to defeat them in one move.

"Elder martial sister Lengyan, I can't do it. I'll take them both!"

"What's more, this guy has a sleeping child with him..."

Now there are not many warriors who can't find the team in the heaven and earth killing area.

Lengyan elder martial sister turned her head and looked at Li Ting with a helpless look in her eyes.

If it wasn't for Li Ting's injury, she would rather drag on.

"It's OK to take you two to form a team, but you have to be obedient, or don't blame me."

Lengyan looks at Ye Chen two people, flashed a trace of warning look, if it is not because of Li Ting, the two cumbersome, she simply disdain to take around.

Ye Chen nods slightly, do not want to have too much entanglement with these two people.

In any case, we can find a chance to go our separate ways.

He didn't want to follow Lengyan. Lengyan thought Ye Chen was a burden. He didn't think so.

The contempt for Lengyan is not put in the heart at all.

Next, four people enter the entrance of Qiankun killing area. During this period, Lengyan doesn't say a word, but Li Ting talks about it.

Ye Chen learns that because Li Ting is injured, she needs a seven sided exquisite grass to be able to treat her own injury, and can only come to the heaven and earth killing area.

The whole Lingwu land can only be found in the heaven and earth killing area.

Chapter 1930

Four people enter Qiankun killing area together and find that there are only faint light and abnormal darkness in the whole killing area. Ye Chen looks up and finds that there are countless intersections in the whole killing area, only crossing each other.

Ye Chen can feel that there are some terror in every intersection. It seems that it is not so easy to find the ice sword immortal Zun.

Lengyan observed carefully, but couldn't see at all. Every road was almost the same.

In this case, there is no particularly good way.

Lengyan casually points to a road and asks Li Ting.

As for ye Chen and Ji Lin, they automatically let her ignore.

Ye Chen didn't think much about it either way.

Now that it has been decided, the four men will take one of the roads on the left.

For an hour, the four men were careful. After all, no one knew what they would meet in heaven and earth.

Every step of the time to carefully check, ye Chen's face gradually appear dignified look.

Here, he does not dare to be careless. The God of frost sword can fall in the killing area of heaven and earth. You can imagine how terrible it is.

Click!

At this time, suddenly came a dull sound, a bloody barrier suddenly rose.

Boom! Boom!

All the people were shocked by the rumble and deafening sound from the whole ground.

"No, we have come across the incomplete killing array of ancient times!"

Cold face of the whole person's pretty face became abnormal ugly, did not expect just walk, there is danger.

Even one-third of the journey has not been completed. When we meet threats, we don't know what kind of terror exists behind us.

This makes Lengyan feel, think of the opportunity to find seven sides of exquisite grass, more and more slim.

The whole killing array rises, and a deadly sense of crisis emanates from Leng Yan's heart.

This sense of crisis, more and more intense, cold Yan turned to see ye Chen, and then laughed at himself.

At present, ye Chen can't help herself, let alone help her.

If I knew that, I would never agree to let Ye Chen and Ji Lin join the team.

It's a drag, it doesn't work.

But now Lengyan has no time to regret, the whole killing array has started, and there are wisps of red silk above their heads.

These red silk like snowflakes, constantly falling, each ray of red, can feel the breath of terror.

If it falls on their bodies, I'm afraid it will explode directly and blow them up seriously.

Lengyan can't count on Ye Chen and Ji Lin. he takes out a long red sword in his hand, and suddenly flies to the void with a sword.

Boom! Boom!

At the moment when the sword Qi contacted the red silk, a fierce explosion took place.

The explosion has not seen what happened inside, all of a sudden Ye Chen's eyebrows wrinkled.

At the top of the array, a suspended sword suddenly appears. The whole sword is painted black. Behind the sword, there are many small swords.

Every sword is full of terror. When the rain falls, ye Chen takes out the decaying beast sword to protect Ji Lin.

As for his own words, the sword rain did not pose any threat to him.

Because of the above Lengyan hand, Li Ting can easily resist.

At the top of the array, Lengyan has been struggling to resist most of the damage.

Roar!

All of a sudden, the sword rain disappeared, and there was a roar of monsters.

Ye Chen looks up and finds a ghost of a demon beast. The whole monster has three heads. The whole body is painted black. A pair of scarlet eyes are staring at Lengyan

at a glance, you can see that this is the spirit of the whole array, the hell three headed dog.

As long as you defeat the hellhounds, the array will not be broken.

When Lengyan saw this scene, there was a wry smile in the corner of his mouth.

The strength of the hellhound has reached the peak of the state of nature.

This is the reason why the ancient array is incomplete, otherwise it will only be more terrifying.

Even though Leng Yan tries his best, he may not be an opponent.

She didn't expect it. She just came in and was in a crisis.

Lengyan gritted her teeth and rushed directly with her sword in her hand. No matter whether she could defeat the hell three headed dogs, she would try her best.

Ye Chen looks at the upper part of the array and doesn't make a move. If Lengyan can't solve it, it's not too late to shoot again.

Li Ting's pretty face is full of worry. Although Lengyan is very cold to others and her appearance is scornful to anyone, she knows that she is only cold outside and hot inside.

At the top of the array, Lengyan tries her best to make every move. The hell's three headed dogs are full of humanized banter. In the face of the warriors in the middle and later stages of the state of nature, he had absolute confidence in killing them.

The battle basically lasted ten minutes. The black energy suddenly erupted from the mouth of the hellhound and hit Leng Yan's body.

Pooh!

Lengyan's whole face was pale, without any blood color. A mouthful of blood gushed out of his mouth, and his figure fell to the ground from the void.

Li Ting quickly ran over and helped Lengyan's body.

"It seems that the two of us are going to fall here."

There is a wry smile in the corner of cold face's mouth. Now, there is no one who can stop the hell's three headed dogs.

Roar!

Hell three dogs came to a roar, eyes inside the red light, the figure rushed to Lengyan two people.

Lengyan and Li Ting close their eyes in despair, and then they can only face death.

At the critical moment, a lazy voice sounded: "it seems that I have to do it."

The whole figure of Ye Chen rushes directly to him, and the decaying beast sword in his hand is raised instantly.

In the moment of lifting, burst out a dull sound.

Hell three dogs eat pain roar, eyes fixed on Ye Chen.

Lengyan and Li Ting open their eyes, did not think of the critical moment, ye Chen even hands.

See ye Chen hand, cold face and no change.

Even if you do, a warrior with seven levels of heaven in the realm of Tao is not the opponent of the hell's three headed dogs.

I'm afraid that one move of hell's three headed dog can kill Ye Chen in seconds, which is of no help at all and can't change any ending.

Now, the top of hell is not in the eyes of the dog.

The meaning of immortality in the body bursts out like a huge wave.

The breath of hell's three headed dogs came to his face. However, ye Chen was not moved and didn't pay attention to it at all.

It's just a beast!

Wave a sword to cut out, the power of the law of time, so that hellhounds have no time to escape.

The sword moves in the void and rushes directly.

Boom!

A loud noise, hell three dogs issued a sad cry, the entire illusory body, suddenly broken.

Click!

The hellhound is directly killed by seconds when the hellhounds are killed with one sword. The whole array is suddenly broken at this moment.
