

Physician 1931

Chapter 1931

Once the dog is killed, it will not attack itself.

Now Lengyan is still in a state of muddle force, a pair of beautiful eyes staring at the front, full of unbelievable eyes.

What's going on here?

She felt that the amount of information was a little large, and she couldn't figure out the situation at present.

A warrior in the seven layers of heaven in the realm of Taoism killed the monster at the top of the realm of creation!

Is that true?

Lengyan only feels that he has already appeared hallucinations, a mouth open boss.

Li Ting was the first to wake up and patted Lengyan on the shoulder.

Cold face this time just react to come over, they are really OK!

Now Lengyan looks at Ye Chen's appearance, completely changed.

She felt that ye Chen was playing the role of a pig eating a tiger. He deliberately revealed the realm of harmony, which might be the existence of the peak of the realm of creation or the power of the Xingqiao realm.

Lengyan some ideas, ye Chen simply did not put in the heart.

Now that he has entered the realm of heaven and earth, ye Chen doesn't want to continue with Lengyan.

After all, it's very important to look for the ice sword immortal, and there should be no mistakes.

Li Ting came to Ye Chen and said, "thank you. If it wasn't for you, we would die here."

Ye Chen nodded slightly as an answer, and then came to Lengyan's side step by step, and then directly opened his mouth and said, "since we have entered the realm of heaven and earth, let's go our separate ways."

The killing area of heaven and earth is too threatening. Ye Chen and Gu Jilin have already been extremely difficult. If you add Lengyan and Li Ting together, it will not be easy to get out of the killing area alive.

Lengyan did not speak, her personality is this way, ye Chen's meaning she has heard.

Li Ting's face becomes slightly ugly. If ye Chen leaves, she and Lengyan may not even have the chance to walk out of the universe.

What do you want them to do?

Ye Chen did not discuss the meaning, after finishing with Ji Lin, directly left.

Li Ting came to Lengyan's side, looking at the back of Ye Chen and their leaving, whispered: "elder martial sister, what should we do now?"

Lengyan ponders for a while, and decides to follow Ye Chen secretly, so that they have a great chance to live in the world.

Otherwise, depending on the two of them, there is no way to continue walking.

Li Ting's injury has no way to continue to drag on.

Make up their minds, two people secretly follow Ye Chen.

An hour later, ye Chen walked aimlessly and couldn't find the God of frost sword.

Ye Chen also found cold Yan two people following behind, but also did not stop.

At this time, ye Chen also met some broken arrays and monsters, but they were all solved by his own strength.

In this way, Lengyan two talents can always come.

Ye Chen takes out a token, which is given to him by the green sword immortal.

This token belongs to the God of frost sword, which has the breath of frost sword God.

Ye Chen decides to use the secret arts to find the position of the frost sword God, which is better than aimless search.

After a quarter of an hour, I finally realized the direction of frost sword God.

Ye Chen changes direction with Ji Lin and goes directly to the East, and soon stops.

He looked up and saw a palace in front of him.

The whole palace is floating around, the breath of blue, abnormal strange.

Have been following Ye Chen's cold face two people, facial expression changes thoroughly.

Ye Chen carries Ji Lin on his back and frowns tightly. He also knows something about the killing of heaven and earth.

This should be the legendary ghost array hall.

There is a legend in the heaven and earth killing area. There are a lot of old and young people living in the hall of ghost array spirit. The array is extremely cruel with human blood as the array.

Along the way, ye Chen didn't know how many arrays he broke. I'm afraid it was the old and the young who arranged them.

The breath of frost sword God is in front of us. In any case, we should make a breakthrough.

Ye Chen takes a look at the comatose Ji Lin and walks toward the hall of Ming array spirit.

When approaching the temple of ghost array, a young man suddenly appeared.

The young man looked at Ye Chen and Ji Lin, and there was no expression on his face.

Ye Chen doesn't know what's going on in the hall of the spirit of the nether array. He doesn't want to have a conflict now.

"No one is allowed to enter here. Get out of here. You are not qualified to enter here."

The young man's haughty look on his face made Ye Chen slightly upset. He suppressed the anger in his heart and continued: "I have an elder missing. I hope it will be convenient for me to enter it and never touch anything inside."

"I said that you are not qualified to step in here. If you don't leave, don't blame me for being rude."

Ye Chen can see that the young man looks contemptuous, but the breath of frost sword God is in it. How could he leave. The sword of the decaying beast was held in his hand, and his breath emanated from his whole body. Since he did not agree to enter, he could only force his way into it.

When the young man saw this scene, he did not have any timid look on his face. Instead, he waved his hand and suddenly the formation moved.

When the array works, ye Chen finds that the energy in his body is constantly suppressed.

The breath of the original harmony realm was instantly suppressed to a mortal.

Ye Chen's brows are locked. This array can obviously imprison the strength of all.

In the array, you can't even use a trace of strength, just like a mortal.

Ye Chen also wants to crack the array, but the array he learned in Kunlun is a little weak here.

If you want to break this array, it's just a dream.

"You can't use force here. If you want to go in, unless you can defeat me in the array way!"

The young man's voice dropped, let Ye Chen's face gradually become ugly.

It can be seen at a glance that this young man is specialized in cultivating array skills. However, if he wants to win, it is not realistic at all.

Arrow on the string has to send, ye Chen want to leave also impossible, can only fight with him.

A smile flashed in the corner of the young man's mouth, and then the whole person's fingers touched on the ground with dazzling speed, which made Ye Chen unable to see clearly.

"Up

The young man roared. Beside him, a golden dragon rose into the air.

This is not a real dragon, but a virtual shadow condensed by the array.

"Jinlong Temple sky array, would you like to enter it and find out

The young man looks at Ye Chen with provocative eyes.

Ye Chen takes a look at the depth, and the message of frost sword God is in it.

Anyway, he's going to get in.

He has activated part of his blood. Can't he break an array?

The next second, ye Chen no longer hesitates, step out, shaking his head: "why do I have to move?"

Chapter 1932

The youth looks at Ye Chen to come in really, sneer repeatedly.

He was born in the heaven and earth killing area and cultivated the array skills.

In terms of array, he has never been afraid of anyone.

Fighting is also divided into two kinds of rules: death fight and life fight. Young men obviously want to fight ye Chen.

However, the young man wondered why the boy brought a comatose girl in.

With a little girl on his back, is that contemptuous of him?

Or is it broken?

"Stinky boy, the strength in the array is enough to destroy the girl. It seems that you have to pull a cushion when you die."

The young man said with a smile.

However, ye Chen holds Princess Jilin in his arms, and then walks on the edge of the array. He inserts the beast decayed sword aside and pinches the formula with his fingers. The beast decayed sword forms a sword meaning barrier, and then gently puts down Ji Lin to protect Ji Lin with this sword.

He was naturally uneasy to leave Ji Lin outside.

Only in the array can he have confidence to protect.

However, he really did not understand why fengqingyang wanted him to take Ji Lin to the heaven and earth.

A comatose person, in such a dangerous place, life and death are difficult to control.

What's more, he has to protect Ji Lin everywhere.

On the contrary, it is difficult to use it.

"Jilin, Jilin, when are you going to sleep?"

Ye Chen shook his head helplessly and finally looked at the youth.

All of a sudden, the power of the array condenses.

Everything around him became blurred.

Although Ye Chen has not done much research on the array of Lingwu continent, he knows something about it.

The so-called array channel is divided into two types: the array arranged by treasure, and the array arranged by using the potential of heaven and earth.

When ye Chen looked at the young man just now, he felt that there was no treasure in it. Obviously, it was the Golden Dragon Temple sky array arranged by the power of heaven and earth.

When ye Chen was thinking, he suddenly felt a dangerous breath. The dark place suddenly became bright.

The dazzling light makes Ye Chen unable to open his eyes at all, and suddenly comes a monster's roar.

The unreal Golden Dragon roared from above, and the whole ground was shaking.

Ye Chen didn't have time to hesitate and went back directly.

Now the only way is to find the eye, and then find a way to crack it.

It's easy to say, but it's very difficult to do it.

It's more difficult to find the eye of the array by borrowing the array of heaven and earth, which is not so easy.

Jinlong is chasing after him. Fortunately, ye Chen's body is strong and activates part of his blood. Otherwise, the consequences would be unimaginable.

However, until the critical moment, he will never use that blood force.

Ye Chen dodges while observing the array with naked eyes.

If we continue to drag on like this, the situation will only get worse and worse.

At the thought of this, ye Chen showed a wry smile.

The corner of the young man's mouth rose slightly. How could his formation be broken easily.

Ye Chen in the end of only death!

In the array, ye Chen's situation is getting worse and worse. During this period, he destroys three places, but the array is still circulating.

It's only possible to find the array eye. It's just that the array eye is too secretive. Even ye Chen feels that this array eye is a living array.

Every time you are close to the array eye, you can automatically escape and hide. It is not a fixed array eye.

Relying on Ye Chen's array attainments, there is no way to break through, and his action is more and more slow.

The youth laughed: "boy, in this world, the power of array is far better than force. What do you fight me with?"

At this time, ye Chen's eyes flashed a trace of ruthless look, took out two arms of time and space and ten pieces of Hedao artifact.

"Today I'd like to see whether your array is powerful or my thousand soldiers are powerful!"

He decided to break the battle with force. Although the energy in his body was confined, the power of the spirit in his mind could still be used.

With the help of the power of the spirit, the power of a thousand weapons explosion is enough to break this array.

The soldiers of time and space and Hedao artifact gather together. Ye Chen turns his head to face the Golden Dragon behind him and murmurs in his mouth: "a thousand soldiers explode!"

When ye Chen's voice dropped, the terror of the soldiers of time and space and the artifact of he Dao exploded in an instant.

The young man's face changed greatly!

The boy exploded with the force of time and space!

This is a fuckin 'nut!

How can there be such a fight!

It's totally nonsense!

However, he can't help reacting!

Boom!

Endless power to swallow!

The air is surging!

Ye Chen is to display a hundred steps for electricity, to Ji Lin in front of the body to block the explosion of the aftereffect! The deafening noise made the young man's face change greatly, and the whole array was suddenly broken, and there was a click sound.

The moment the array was broken, ye Chen's figure appeared.

The young man did not dare to think much, suppressed the shock in his heart and released his killing intention.

As long as you continue to arrange an array, ye Chen will not have a chance to live.

The young man did not continue to hand, waiting for ye Chen.

Next, it's Ye Chen's turn to arrange the array, and the young man will break the array!

Ye Chen's face gradually becomes dignified. His array method is top-notch in Kunlun Xu, but it is a little weak to deal with young men.

But the frost sword God of wanjiandi palace is in it.

He has to go in.

It has been many days since the God of frost sword came to search for the immortal blue snow moon.

Maybe, the other party controlled the whereabouts of blue snow moon!

In any case, ye Chen himself should try his best.

It doesn't matter if he dies, but Jilin is still around and can't do anything.

Ye Chen takes out the spirit stone and the array plate according to the array method passed on to him by Da Neng in his memory, and forces out the essence and blood to coagulate the array directly!

When the young man saw this scene, he was even more disdainful. He could easily break through the array arranged by spirit stone and array plate.

In a quarter of an hour, ye Chen's array arrangement is completed. This is a trapped array, and the elements of the magic array are added.

If you want to kill a young man with a killing array, ye Chen doesn't have this idea at all. It's unrealistic at all.

The only hope is to be able to trap the young man for a moment, then with the help of the opportunity, with Ji Lin rushed in.

The trapped array is well arranged, and the young man steps into it directly.

When the young man step into the inside of the moment, ye Chen is ready to take Ji Lin to rush in. However, at this time, the whole array is crumbling, and there is a trace of broken appearance.

Ye Chen brows lock, young man just just entered inside, less than three rest time.

If the power in the body is not sealed, ye Chen can leave directly with the help of three rest time, but now it is impossible.

The wind is clear and there is no movement. I'm afraid the opponent's array is extremely against the sky.

Seeing ye Chen's expression, the youth suddenly laughed: "boy, is there nothing to do?"

Chapter 1933

"I have been training here for so many years. Looking at the whole area, there are few people who can fight against me."

"Today, even if the heavenly king and Laozi come, you will surely die!"

Ye Chen raises his head, just want to say what, a crisp voice suddenly rings in the ear.

"It's really noisy I can't sleep at ease

Hearing this sound, ye Chen is excited to the extreme!

Ji Lin Ji Lin is waking up!

Ji Lin lazily stretched out a stretch, looked around, and then noticed Ye Chen, eyes surprise: "Ye Chen, where is this?"

"I'm hungry. Do you have any snacks?"

"Ye Chen, we haven't been to China for a long time. Could you go and get me some snacks?"

"I want Leshi potato chips, I want marshmallow, I want pickled pepper chicken feet I want a lot of things. I've hidden several storage rings. When can we install them? "

"Did I sleep a long time? I'm really hungry. "

"Ye Chen, have you listened to me? You, a dog man, cheated me here and didn't give me food. I want to tell my sister that I want to report in real name..."

Ye Chen:

Let Ye Chen's surprise is that the first thing the girl wakes up is thinking about Chinese snacks.

However, he vaguely felt something wrong with Ji Lin.

He can't even check Ji Lin's accomplishments!

It's like being protected by a force!

Is this because of the awakening of the innate poison?

Young men listen to Ji Lin chatter endlessly, expression some solidification, endless anger surging!

I was ignored by these two ants!

He roared, "look for death!"

"In that case, I will personally send you and that smelly girl to hell!"

The next second, the young man pinched the formula with his fingers, and a strong array light flowed around his body.

Ye Chen just wanted to protect Ji Lin, but Jilin broke away from ye Chen and walked towards the youth step by step.

Her mouth is pouting and her big eyes are full of displeasure!

Ji Lin is very angry, the consequence is very serious!

When standing five meters away from the youth, Ji Lin stopped: "who do you call stinky girl?"

The young man was stunned. He found that the ripple of the girl's body was strange.

You can even step into the array at will.

However, he didn't think much about it. He sneered: "you are the smelly girl, i..."

The sound stopped suddenly.

Ji Lin forced out a drop of blood essence.

As soon as the blood essence came out, the breath was extremely cold.

An invisible sense of killing covers everything!

Moreover, all the surrounding arrays are directly broken.

That's weird!

"You are the smelly girl, your whole family is a smelly girl!"

"I have a lot of blood essence. I'll give you a drop!"

"Go away!"

With the sound of Ji Lin, the essence of blood is floating in the air.

The strength of blood essence is extremely terrible.

At the moment when blood essence is not in the array, the whole array suddenly changes its shape.

The array was buzzing, and the originally white light curtain became extremely dark.

The black pattern condenses on the light curtain. Ye Chen can see that when Ji Lin's blood essence drips into it, the whole array becomes a killing array.

These black breath is the poison gas of the inborn poison.

These poisonous gases are full of the whole array.

Originally, the young men were about to break the array, but suddenly, the array became extremely terrible.

He was caught off guard and inhaled some poison gas.

He thought it was just ordinary gas, who knew that the poison gas quickly spread to his whole body.

There is no way. He can only suppress the poison gas in his body for the time being. However, the poison gas in the array is becoming more and more rich.

He has to break the battle as soon as possible before he can go out, or he will die here sooner or later.

Time bit by bit in the past, the situation inside, ye Chen himself has not seen clearly.

The array is full of poisonous gas. The naked eye can't see the situation inside.

The sound of fear continued, shocking.

Click!

At this time, the array is broken. Ye Chen pulls Jilin and lets her stand behind him.

He did not know what the young man was doing now.

When the figure of the young man appeared at that moment, ye Chen completely put his heart down.

Now he was black all over, with a look of pain on his face. He let out a scream, and his body rolled on the ground.

It's a different matter whether young men can survive or not, let alone arrange the formation.

"You are a poison! How is that possible? How can blood essence break the battle! "

The youth's vitality is passing away. He looks at the little girl not far away in horror. But Ji Lin actually stretched a waist, touched the nose: "I haven't thought well what this move is called."

After that, she looked at Ye Chen and asked, "Ye Chen, what kind of moves do you think will sound very powerful?"

Ye Chen just wanted to talk, Ji Lin patted the forehead: "Hey, I thought of it. This move is called super invincible blood essence technique!"

"Well, I'm really smart."

Language down, the youth turned into a black smoke on the spot, even the right to struggle.

Ye Chen is confused.

Is this the power of the innate poison

It's horrible!

Before ye Chen reacted, Ji Lin took Ye Chen's hand and went to the hall of Ming array spirit: "Ye Chen, don't think about my super invincible blood essence skill."

"I will be that kind of mysterious master of TV drama, can't do it casually."

"From then on, I'm not the same as you."

"Of course I can do it. A box of snacks. "

"The old and the young are not deceived, hee hee!"

Ye Chen:

Ji Lin's eyes showed a light: "forget it, don't tell you, let's go in and have a look."

.....

At the gate of the Ming array spirit hall, ye Chen opens the gate directly and goes in.

As soon as he came in, the dark room suddenly lit up. Ye Chen took a look around him and found many corpses of monsters lying on the ground.

Ye Chen came to a demon beast's body in front of a look, the whole person's eyebrows locked.

All the internal organs of these monsters disappeared. Besides, there were no scars on their appearance.

It's obviously what's going on in the body.

When ye Chen is thinking, Ji Lin's voice is startled and roared.

"Ye Chen, be careful!"

Hearing Ji Lin's words, ye Chen looked up and found that he didn't know when these dead monsters stood up one by one.

When these monsters stand up, there is no light in their eyes.

Seeing this scene, ye Chen retreats to Ji Lin's side.

These monsters have no breath of life and are obviously dead. As for why they can still stand up, I'm afraid there is something in their bodies that controls them.

Roar!

The number of monsters, at least 500, varies in strength.

There are also demons in the realm of harmony and the realm of creation. One by one, these monsters pounce on Ye Chen.

Ye Chen takes out the beast decayed sword, a sword directly cuts out, the sharp sword light flies to kill past.

Click!

Chapter 1934

A sword light directly crushed the limbs of a demon beast, but these monsters could not feel any pain. Although they were unable to move, they kept roaring.

The monster came from all directions. Ji Lin snorted coldly and waved his hand. The poisonous gas in his hand was sent out.

The existence of congenital poisons can't be tolerated by heaven. You can imagine how terrible a body's strength is.

For Ji Lin, there was no pressure at all, and it was extremely relaxed.

Two people continue to clean up the monster, ye Chen's speed is not as good as Ji Lin.

To deal with a group of enemies, poison is the best way to kill a large area. Ye Chen specially suppresses the powerful monsters. As for the monsters in the Hedao realm, they are all handed over to Ji Lin.

Ye Chen wields his sword, and the monster who creates the realm falls down, but he also consumes the energy in his body all the time.

With his sword up and down, ye Chen cuts open the belly of a demon beast at the peak of the creation world and finds a small array in operation.

Ye Chen saw this scene and had to admit that the person who arranged the array was a ghost.

Only ghosts can think of using the array to make these dead monsters continue to fight.

Although there are a lot of 500 monsters, it is relatively easy for ye Chen and Ji Lin to solve the problem. It only takes some time.

Soon, all the monsters on the ground have been cleared.

Ye Chen takes out some pills and puts them into his mouth. The two men instantly return to their full state and continue to go to the second floor.

Next do not know what will face, ye Chen must be fully prepared.

After coming to the second floor, there is nothing. Ye Chen and Ji Lin can only continue to walk.

From the second floor to the fifth floor, he didn't see anything. When he came to the sixth floor, ye Chen felt a trace of dead air.

Although only a slight wisp, but also let Ye Chen a heart become vigilant up, no one knows what in the end.

When ye Chen opened the sixth floor gate, he saw a man standing not far away.

The man has no breath of life, but ye Chen can see that the strength of his life has reached half step star orifices.

Ye Chen asks Ji Lin to step back a little. Although the man is already a dead man, if he has not guessed wrong, there must be an array in it.

He didn't expect that someone would do an experiment with a strong man with half step star orifices.

The man holds a sledgehammer in his hand. Beside him, there are more than 100 dead people, all of them are the existence of the peak of the state of nature.

These people have completely died, ye Chen can detect with the power of spirit, there is no array in it.

It's obviously a failure.

Between the eyes of the man standing on the ground suddenly closed.

In the moment of opening, the figure suddenly rushed to Ye Chen.

At the moment of rushing to Ye Chen, the sledgehammer in his hand was lifted directly and smashed to his head.

Ye Chen directly took out the decaying beast sword, the power of the six gods and the Qi of Geng Jin, and burst out.

Although a half step star orifices, but ye Chen did not put in the heart.

The half step star orifices are dead, so they can't use their skills before they die. They can only use the sledgehammer blindly.

In the face of a half step star without a brain, ye Chen doesn't care at all.

The decaying beast sword in the hand is lifted directly, and one sword is waved out.

Boom!

Buzz!

There was a faint noise in the void, and the dead bodies around were directly frozen into ice sculptures.

A sword came to his face, and the man used a sledgehammer to block it.

Boom!

The whole figure of the man shot out like a shell.

In the moment when the man flies out, the whole figure of Ye Chen follows directly.

Along with it, one after another sword flowers rushed to the face.

With a stab, the sword flower fell on the man's body and did not cause substantial damage to the body.

Ye Chen eyebrows a frown, also did not expect to appear such a situation.

According to the law, the man's body has been unable to carry Ye Chen several swords, but the situation is completely different now.

The other side is very defensive.

Although so, but ye Chen also did not think much, stretch out a finger, murmured in the mouth: "time flies like a shuttle!"

For a long time, I haven't exerted the power of the law, and I'm just familiar with it.

The power of the law of time erupted, and a finger suddenly fell, as if on a sunny day.

Falling on the man, there was a dull explosion.

All of a sudden, the figure of this man mysteriously disappeared.

The speed of the roaring blade, the speed of the flying dagger in his hand, the flying hammer, reaches the limit.

"Go away!"

At this moment, a sword suddenly cut out, where the sword light goes, the dust of the whole ground is flying. A sword to the extreme, like a dazzling light.

Zheng! Zheng! Zheng!

Click!

The hammer is broken and the sword Qi is unstoppable. It penetrates directly from the abdomen of the strong man with half step star orifices to the back.

The body of the strong man with half step star orifices becomes two parts, and the array inside has been broken.

Ye Chen took a look, I'm afraid for this strong man, this is the best ending.

Even if the body is incomplete, it will not be manipulated by others.

Ji Lin came to Ye Chen's side, frowned and said, "Ye Chen, there is something mysterious here."

"I'm afraid."

Ye Chen takes back the beast decaying sword, looks at Ji Lin and smiles.

Inborn poison, there are times to be afraid.

He took Jilin's hand and went on to the seventh floor.

He could feel that the breath of frost sword God was getting stronger and stronger. I'm afraid it's here.

The God of frost sword falls here. Ye Chen doesn't know what kind of terror exists in the hall of ghost array spirit. He can only move on.

After arriving at the seventh floor, ye Chen opens the door of the room and finds an old man sitting on one side.

The old man's breath of life is very rich. When ye Chen takes a look, the whole person's anger can no longer be controlled.

The blood in the old man's hand belongs to frost sword God.

Now he even uses the blood of frost sword God to create a big array.

Ye Chen only felt his anger was almost uncontrollable.

He could detect that the old man was at least a strong star.

This is not the most terrifying. This old man is obviously a master of array.

The old man slightly opened his eyes and stood up directly. A pair of seeping eyes were staring at Ye Chen.

Ye Chen looks at the old man directly take out the beast rotten sword, the momentum of the body erupts out, ready to start at any time.

"I'm afraid there is something extraordinary about you being able to walk here."

There is a red light in the eyes of the old man. For him, the human body is the best treasure for studying array.

In particular, the stronger the warrior, the more able to stimulate his interest.

Obviously, ye Chen is in line with this.

It must be extraordinary for a warrior who can defeat the puppet of half step Xingqiao.

This made him interested and wanted to trap Ye Chen and study it.

Chapter 1935

Ye Chen saw that the old man didn't make a move, and the whole figure suddenly rushed over.

In the moment he rushed past, suddenly his feet, a burst of green light.

"Formation?"

Ye Chen's brows are locked. He didn't realize the existence of the array just now.

The array of the old man is much better than that of the young man.

When the array is shrouded in that moment, ye Chen suddenly sees countless bodies rushing over.

There are at least tens of thousands of these bodies, and there are different states in the bodies.

There are all kinds of things from Shenwang state to Xingqiao state. It is obvious that these corpses are not illusory array, but the old man deliberately put them in the array.

The old man squints at the situation in the array.

When ye Chen can't do it, he will close the array and explore Ye Chen's body.

At the thought of this, the old man's heart could not help becoming excited.

In the array, these corpses constantly charge towards Ye Chen, and they don't know the pain at all.

"Ji Lin, blood essence!" Ye Chen Dao.

Ji Lin nods his head cleverly, and instantly forces out the essence of blood and casts the method of congenital poisonous gas!

The endless corpse seems to be trapped by an invisible force, unable to move!

And ye Chen also rushed in!

Geng Jin Qi and martial arts magic Qi package!

"The spirit of Geng Jin, the strength of six ways, the immortal sword idea, open, Lingsha attack together!
Broken

Sword, full of strength!

The explosion was like a huge wave burning.

The breath of terror permeates the whole array from around Ye Chen.

Stab!

At this time, ye Chen lifted his sword and suddenly cut it out.

When cutting out, the whole array is constantly shaking.

The old man outside the array looked at a scene and was slightly surprised.

He seems to have overlooked one thing.

Both the little girl and the mysterious youth are worth studying.

He has been in the heaven and earth killing domain for a long time. Has the genius outside become so evil?

Ye Chen can feel the energy in his body, in the continuous loss, I'm afraid it won't take too much time, it will all be consumed.

Boom! Boom!

Ye Chen didn't know that he was tired of waving the animal decaying sword in his hand. One by one, the corpses fell down, but soon another corpse would rush over.

In this case, problems will arise sooner or later.

Ye Chen takes out the soldiers of time and space and the artifact of the Dao and throws them into these corpses.

"A thousand soldiers explode!"

At this moment, the weapon of time and space and the artifact of the unity of Tao explode directly.

When it explodes, there is a crack in the whole array.

The combination of the essence blood of the inborn poison body and the thousand soldiers exploding is some miraculous effect!

When the array breaks, ye Chen rushes out directly.

The old man's eyebrows wrinkled, did not expect that ye Chen would break through the battle.

When ye Chen's figure more and more close to the old man, only see the old man's fingers slightly.

When the finger points out, ye Chen finds that he is covered by the array again.

Seeing this scene, ye Chen almost spits out blood from an old man. The old man can arrange an array at will.

The knowledge of array is too powerful.

Now entering the array, ye Chen has no time to think.

He found that all the scenery around him had changed. He could not see the edge of the forest.

When ye Chen was ready to move, he found that his legs could not move.

Ye Chen looked down and found that he did not know when the rattan had wrapped around his legs.

He tried hard to break away, but the vines did not respond, or tightly wrapped around his legs. Not only that, the branches of the surrounding trees, one by one, seemed to come alive, and the branches twined around Ye Chen's whole body in an instant.

These branches, even if ye Chen tried his best, could not tear them off.

The rattan and branches, constantly exerting force, want to crush Ye Chen's body.

In front of Ye Chen, a sharp sword rushed to him, and the sword radiated cold light.

Now ye Chen's whole body can not move, there is no way to resist.

The sharp sword stabs into Ye Chen's body, which makes Ye Chen's whole face pale.

Tick, tick, tick!

Drops of blood on the ground, ye Chen a pair of eyes inside the black breath.

In his hands, the beast decayed sword, out of evil spirit.

"From the demons?"

The old man was outside the array, and his face changed slightly.

Now ye Chen has entered the state of enchantment.

Ye Chen came to the cold voice, the evil spirit fell on the top of the vine and branches, instantly a root fracture. Although there was a slight change in the old man's face, he did not pay attention to it.

Even if he was possessed, he could not escape his palm.

He is absolutely sure, playing Ye Chen in the palm of his hand.

Branches and vines are disconnected, ye Chen's body can move.

Now the most important thing is to solve this array before we can rush out.

Around the sky trees, a crazy rush to Ye Chen.

There is no change in Ye Chen's face. He wants to break through the array. It's impossible. He can only use brute force. But if he goes on like this, he will be dragged to death here sooner or later.

This is the situation Ye Chen does not want to see, but there is no way.

In a short time, he couldn't think of a way to crack it.

The corner of Ye Chen's mouth reveals a wry smile.

When ye Chen didn't think of cracking the dead circle, suddenly a red and blue light rushed out of his body!

The red and blue light seems to turn into the shadow of a giant beast!

See this virtual shadow rush out of the moment, ye Chen surprise extremely.

This is Xiao Huang!

Isn't it just Ji Lin who wakes up, and Xiaohuang also thoroughly refines his ribs and wakes up?

Soon, ye Chen's surprise was completely dim.

In the samsara cemetery, the red and blue light balls are not broken.

It's just obvious that Xiao Huang can sense the danger outside.

With such a dead circle array, Xiao Huang is willing to do anything!

The red and blue virtual shadow roared, opened its mouth, and even swallowed the array directly.

The old man outside the array frowned. He didn't think of the sudden change.

When the old man saw the red and blue shadow, something suddenly came to his mind.

"This This is... "

The old man looked shocked. He never thought that this species was still in Lingwu.

The moment the array broke open, ye Chen rushed directly to the old man.

The old man knew that if he continued to arrange the array, it would not have any effect. After all, with the existence of the red and blue virtual shadow, any array would be useless.

When ye Chen rushed over, there was no change in the old man's face.

Although he knew Ye Chen was a little weird, he didn't put it in his heart. After all, he had the strength of four layers of heaven in Xingqiao state.

The breath of beast decaying sword filled the whole hall, and ye Chen suddenly cut out his sword.

Chapter 1936

When the sword was cut out, the old man laughed and a black flag appeared in his hand.

I saw the old man's big hand waving, a wind blowing, one by one, a moth to the fire like rush to Ye Chen.

Ye Chen sees this scene, the anger inside the heart more can't help but burst out.

All of them are dead souls of warriors.

Originally thought these warriors had died, but who knew that the soul was still imprisoned by this old man.

"A sword to cut the sky!"

Ye Chen's hand of the beast decayed sword, burst out a bright light, a sword at this time instantly cut out.

In the moment of chopping out, these wronged souls one by one sent out a sad cry.

When the ghost is broken, the whole figure of Ye Chen rushes directly.

The figure of the old man slightly dodged the past, and a figure suddenly appeared with a wave of the flag in his hand.

When you see the figure in a moment, ye Chen's eyes become blood red.

This is the soul of frost sword God.

At the moment, the God of ice frost sword looks at Ye Chen, without any expression on his face, just like a doll.

The spirit of frost sword God holds a sword in his hand, which is his sword.

Ye Chen did not expect that the spirit of frost sword God was also imprisoned in the array flag.

According to the principle, frost sword God should be stronger than the old man!

Why trapped?

But on second thought, there are too many dangers in heaven and earth. I'm afraid frost sword God has been injured.

In addition, the old man's array is extremely strange, and it is impossible to defend against it. It is also possible to be bound.

Not too bad, not bad.

From the appearance, frost sword God has fallen, after all, the body has lost its vitality.

But the soul is not destroyed, find the noumenon, there is still a chance!

Of course, ye Chen's heart still set off all kinds of anger!

All this is due to the old man.

There is no excuse for sin!

Ye Chen's anger in the whole human body is towering, and the beast decaying sword in his hand bursts out a terrible evil spirit.

The immortal sword idea erupts madly from ye Chen's body.

Stagger the frost sword God and rush directly to the old man.

At this time, the spirit of frost sword God flashed a trace of soberness, and turned to the old man.

When he blows out, there is a crack in the soul of frost sword God.

When ye Chen saw this scene, a trace of heartache.

Even if frost sword God's body is dead, his soul will be imprisoned. I still want to help him!

In his eyes, the old man is already a must die existence, absolutely can't let him live.

With a sword, the palace is crumbling.

Although the old man is strong in Xingqiao state, he has been studying arrays all his life.

Their own strength is not strong, just forced to upgrade with pills, how can ye Chen's opponent.

Faced with this sword, the old man has no way to resist it.

Pooh!

The old man spits out blood and water directly and looks at Ye Chen with his eyes.

At the moment, ye Chen's decaying sword fell on his neck.

"Don't Don't kill me. I know the secret of the universe. "

"I can still revive that fellow!"

The cold sword idea filled the eyes of the old man with panic.

He had no idea that a boy who lived in the seven layers of the Tao realm had the power to surpass the realm of star orifices!

What the hell is this!

Ye Chen Mou son one joy, the beast rotten sword slightly cut the old man's neck, the blood overflows:
"immediately, immediately!"

"Yes, yes, yes!"

The old man pinched the formula with his fingers, and the ground suddenly cracked, and a sarcophagus floated out: "this man was picked up by me in the heaven and earth killing area."

"At that time, the breath was already weak, so I had the idea of practicing array with human body..."

Speaking of this, the sarcophagus opens, and the body of frost sword God full of scars appears in front of Ye Chen.

His clothes were soaked in blood, so you can imagine what happened inside!

"My Lord, you only need the remnant soul to enter the body and take the jiu zhuan ling ming pill, then you will have a chance to wake up! However, the strength has been greatly reduced. It is very difficult to recover to its peak period... "

Ye Chen's killing intention broke out: "don't talk nonsense. Since you say so, you must have nine turn Lingming pill!"

The old man was stunned and looked at Ye Chen: "I hope you will swear by the way of heaven. If I provide the nine turn Lingming pill, you will not kill me."

Ye Chen nodded: "as long as you provide pills, I will not kill you. Heaven is the proof."

Hearing this, the old man took a long breath and carefully took out a nine turn Lingming pill from his arms and integrated it into the body of the frost sword God, and used the technique to let the remnant soul of the frost sword God into the body.

Ye Chen Mou Zi congeals, this Dan medicine level is extremely high, also is the supreme treasure.

It seems that the universe is really not simple. Time goes by minute by second.

I don't know how long it took, frost sword god suddenly opened his eyes!

He struggled to get up, only to find it impossible.

When he found Ye Chen, he was very surprised: "Ye Chen, you are really here!"

"I'm still alive?"

"My accomplishments..."

Ye Chen exhaled a breath: "as long as you live, as for cultivation, you can come back again."

At this time, the old man said excitedly to Ye Chen: "I have let your friend recover. His cultivation has nothing to do with me. He himself is injured."

"Should you let me go? You swore to heaven just now."

Ye Chen has not yet said, Ji Lin has come out, the hands of a drop of blood essence, endless toxic convergence.

The old man's eyes shrunk: "what do you want to do?"

Ji Lin coldly smile: "Ye Chen swears, and I Ji Lin what relationship?"

The old man was completely flustered: "you can't be so mean!"

Ji Lin just wanted to use blood essence, but ye Chen stopped: "Ji Lin, you don't have to do it."

Ji Lin's eyes widened and he couldn't believe: "Ye Chen, you can't really let go of this bad old man. He's dead and killed so many people! I will poison him

Ye Chen said directly: "take back the essence and blood, listen to me."

Seeing this scene, the old man laughed and was extremely excited: "boy, you are right in this way. I swear that no matter what, I will not move you, and we will think that nothing has been made -"

the voice suddenly stops!

The old man's eyes are wide open!

Because he found that the sword in Ye Chen's hand was cut down directly!

This son, kill him!

He reached out his hand in disbelief and pointed to Ye Chen: "why do you want to kill me? You are swearing to heaven!"

Ye Chen takes back his sword, and his eyes exude a strong sense of coldness, and a voice like nine days rings out:

"what is the way of heaven in my eyes?"

"What qualifications does he have to testify for me ye Chen?"

"Bang!"

The old man's body fell to the ground and his head rolled down.

The eyes are extremely ferocious, with blood everywhere.

Ye Chen didn't intend to let go of the old man from the beginning!

Such a despicable person, fighting with other people's lives, damn it!

As for the oath of heaven, ridiculous!

His life, from the beginning, the way of heaven was not qualified to view!

What can this so-called oath restrain him!

Even if the way of heaven really comes, he Ye Chen wants to compete with heaven and earth!

Chapter 1937

After solving all the problems, ye Chen helped the frost sword God up and asked, "frost sword God, what happened in the heaven and earth killing area? Didn't you come to find ice sword master? Why... "

"And why do you want to burn blood essence and cultivation, let me come here?"

The frost sword God took a deep look at Ye Chen. Shaking his hands, he took out a jade pendant stained with blood from his arms and said, "Ye Chen, this jade pendant was found in the heaven and earth killing area. He belongs to the ice sword immortal zunlan XueYue."

"This jade pendant is full of strong breath of life and the power fluctuation of blue snow moon of ice sword immortal He's still alive. He's here to kill! "

"It's just that, no matter what, I can't contact the ice sword immortal.

It seems that he is trapped in a very strong ban.

This prohibition With the power of the kingdom of God

When ye Chen heard the kingdom of God, his expression was solemn.

Why do you always hear these two words recently?

Is it that the people of the kingdom of God want to trap the ice sword immortal and respect the blue snow moon?

But why?

Tens of thousands of years ago, the ice sword immortal worshiped the blue snow moon, but it was only the realm of nature.

Why do people in the kingdom of God be trapped in a state of creation when they are powerful and start to seal doors?

And not directly kill?

All sorts of doubts make ye Chen extremely puzzled.

Frost sword God continued: "however, this jade pendant is obviously not the ice sword immortal Zun blue snow moon accidentally lost, but he deliberately left it!"

Ji Lin interposed: "deliberately stay, why? Master, how do you know it was intentional? "

Frost sword God smiles and points on the jade pendant. In an instant, the light flashes!

A line of text appears!

"Heaven and earth kill domain, ye Chen, samsara!"

Frost sword God looked at Ye Chen and said, "this is the reason. I wanted to leave the heaven and earth to find you, but I met the people in the soul hall."

"The hall of the soul has already dealt with my palace of wanjian emperor. How can it let me go?"

"I'm seriously injured."

"I thought I was going to die, so when I died, there were rumors of esoteric art. Unexpectedly, just when the soul hall was about to erase me, bone eating ants appeared. The soul hall thought that I would be devoured by bone eating ants, but unexpectedly, I fell into the old man's array by chance, and then I recovered my life. "

All clues connected, ye Chen suddenly.

"Master, since you are injured, I will take you back to the wanjiandi palace now!"

Ye Chen said earnestly.

However, the ice frost sword God shook his head: "Ye Chen, you go to find the ice sword immortal Zun, the crisis of wanjian emperor palace can be completely solved only by the return of ice sword."

"The heaven and earth killing realm is a place where chance and death coexist. He has been trapped for thousands of years. His cultivation is definitely not the realm of creation, let alone the realm of star orifices He is the greatest hope of wanjiandi palace! I can't find it. I have to ask you. "

"I don't know what the word reincarnation means, but I think you should understand it."

Ye Chen nods. I'm afraid that the word reincarnation of ice sword immortal Zun refers to the reincarnation cemetery.

"What do you do, master?"

The frost sword God sat cross legged and operated the skill: "the old man is dead. There is no threat here. It's a good place for cultivation. I'll restore some accomplishments here. When I'm almost there, I'll leave the heaven and earth killing area and go to wanjian emperor's palace."

"The light in the jade pendant points to a direction, which is probably the clue left by the ice sword immortal."

"Ye Chen, please!"

With that, his eyes were closed and the cold air flowed.

Ye Chen takes a look at Ji Lin and nods and says goodbye directly.

Two people came out of the temple of ghost array spirit.

When he came out, ye Chen happened to see Lengyan and Li Ting.

"Master ye, can you take us with you?"

At the moment, Li Ting comes over, a pair of beautiful eyes, looking at Ye Chen.

In the side of the cold face, but also a look of prayer, her face has not any arrogant look.

This killing area of heaven and earth is even more terrible than they imagined. If no one protects them, I'm afraid they will become a corpse before finding the seven sided exquisite grass.

Ye Chen originally wanted to refuse, after all, they were enough, with Li Ting and Lengyan, but also distracted.

When he was ready to refuse, Ji Lin opened his mouth and said, "Ye Chen, you can leave them two."

"They took care of me when I was asleep."

Ye Chen mouth reveals a trace of helplessness, since Ji Lin has opened his mouth, he is also embarrassed to refuse.

"OK, but you must listen to me all the way. If you meet me, I can help you."

Hearing Ye Chen agree, Li Ting nods cleverly.

Originally, ye Chen and Ji Lin entered the temple of Ming array spirit. Lengyan and she thought that they would die, but their curiosity drove them to wait outside for a while. I didn't expect Ye Chen and Ji Lin to come out.

This also makes Lengyan and Li Ting decide to follow Ye Chen.

With such a strong shelter, their journey will be easier.

After ye Chen agrees, Li Ting takes Ji Lin's hand to chat. As for Lengyan's words, she still walks along silently, without saying a word.

Ye Chen glanced at the jade pendant and went in accordance with the direction pointed by the jade pendant.

This is the only chance right now.

Moreover, the closer he got, he found that there was still a tombstone in the samsara cemetery, and it was obvious that there was a great power trapped in the heaven and earth killing area.

If they can all be rescued, it is once and for all.

For the next half day, ye Chen searched aimlessly. After all, the ice sword immortal statue only left a general position, no specific position, and could only take a look at one step.

Lengyan and Li Ting did not find seven side Linglong grass, not only a little anxious.

Li Ting's body can no longer continue to drag too long.

During this half day, ye Chen met some troubles, but they were easily solved.

Li Ting and Lengyan are also glad to follow Ye Chen, otherwise they would have died.

"Look, how can there be so many warriors in front of you?"

At this time, Li Ting takes a look in front of her and opens her mouth directly.

Hearing Li Ting's voice, ye Chen looks up and sees that there are many martial artists in an open space. Even if Da Neng on the second floor of Xingqiao realm, he can see five.

Can have so many strong person to gather, is nothing but the treasure, since meets, ye Chen also wants to see.

Four people walk to the open space, ye Chen looked up and found a stone gate tightly closed.

The stone gate is indestructible, even if the strong star body boundary bombardment is still.

Surrounded by hustle and bustle, some whispers, ye Chen also heard about how the matter.

This is a cemetery of ancient strongmen. It is said that there are all kinds of treasures in it, attracting many warriors.

In ancient times, it is very difficult to meet a strong cemetery. Once met, the powerful people who sealed the door would fight for it.

Just now, the strong star portal territory launched a move, but the stone gate could not be bombarded. The graveyard inside was at least sealed.

Chapter 1938

The tombs of the ancient strongmen have existed for many thousands of years. The powerful ones in the Xingqiao area bombard each other and take turns. As for whether they can be opened, they have to obey the fate of heaven.

It is also possible that only those with strong star orifices will be able to blow them off. The bombardment will not be able to break through for thousands of years.

Ye Chen heard that they had been waiting here for ten days, but there was no change in Shimen.

Some martial arts people are frustrated and intend to leave, but those with strong Xingqiao state do not intend to give up.

It's hard to meet the graveyard of the ancient strongmen. How can you leave easily.

Ye Chen decides to wait here for an hour. If one hour, the stone gate has not been opened, he will leave.

After all, he doesn't have time to spend here all the time.

An hour flashed away, ye Chen stood up from the ground, found that the stone gate had not moved, ready to take Ji Lin and they left.

As he was about to leave, there was a dull noise.

The whole stone gate suddenly opened!

Originally, the Xingqiao state that bombarded Shimen was a little silly. If they had known that it could open automatically, they would not waste their energy.

When the stone gate opened, countless bloody bats flew out. There was no light inside, only a faint breath and a strange sound.

Let the body of the warrior on the spot couldn't help shivering.

On the spot, some low-level warriors wanted to leave. Who knows what kind of terrible existence will be met in it.

Although the treasure is attractive, it can only be taken if you have a life.

There are only a few warriors who have this idea, but many more are confused by interests.

Ye Chen is considering whether to go in or not.

He does not lack any treasures. When ye Chen is thinking, Ji Lin comes to him and says in a low voice: "brother Ye Chen, let's go in and have a look."

See the appearance of Ji Lin, ye Chenchong drowned a smile, which was obviously bought by Li Ting.

During this period, the relationship between Li Ting and Ji Lin rose sharply.

The key is that Li Ting's family has a lot of delicious food. For Ji Lin, he has no resistance at all.

I must go inside and want to see if there are seven side exquisite grass.

"Let's go in and have a look."

It's not a way to look for the master aimlessly. It's impossible that the ice sword immortal is trapped in it.

Although there is little hope, we should try it.

A group of warriors have already rushed over. Lengyan comes over and looks at Ye Chen. The meaning is self-evident.

Ye Chen shakes his head. He is not in a hurry now. After these warriors enter, he will follow in.

Who knows what danger is inside, let these people explore the way first.

Ye Chen saw that these people had already rushed into almost, a wave of hand, with Ji Lin three people directly walked in.

As soon as I stepped into it, I found that the land was very soft and the surrounding area was particularly humid.

It's dark all around. Ye Chen wants to use his mind to check, but he finds that the mind can't be used at all here. He can only rely on the naked eye.

With the naked eye, ye Chen can only see the three meters ahead, and there is no difference between them and the blind.

There is no sound around, the silence is terrible, Ji Lin is a little timid, holding Ye Chen's finger tightly.

No monster was found along the way, but it has been walking for half an hour and still hasn't gone out.

This makes Ye Chen frown. Although their speed is not fast, it is not slow. They haven't gone out for half an hour. Who knows how long this road is?

They don't know, they can only continue to walk, time has passed another hour, suddenly came the rustling sound.

Ye Chen waved his hand to let three people stop and looked around with vigilance.

There must be something around here.

Click!

At this time, Ji Lin stepped down, heard the crisp sound, looked down and found a dead body.

There was no flesh and blood all over the body, only a pile of white bones.

Ye Chen looked down and found the bones of some warriors. It was obvious that they had just died.

Sand and sand!

The sound constantly rings, like a life-threatening bell, makes everyone's heart shake.

Ye Chen looks at the left side of the stone wall, suddenly found a group of ants are quickly climbing over.

"Bone eating ants!"

"The bone eating ant met by frost sword God!"

"Let's go quickly!"

Ye Chen roared, how did not expect, so soon will meet.

It is said that Lingwu had suffered a catastrophe before because of the existence of bone eating ants.

In their eyes, any warrior is flesh and blood, not afraid at all.

Even if the strong people meet, if they are not careful, they may fall down.

At the beginning, the bone eating ants did not know how many soldiers were slaughtered. Every time they devoured flesh and blood, they could grow rapidly. Lengyan obviously knew the existence of bone eating ants, and they were all pale with fear.

This is just the beginning, we met the existence of bone eating ants. Who knows what else is inside?

Now they have no time to think about it, they can only escape crazily.

If they don't escape, only death is waiting for them.

Along the way crazy retreat, in their back, bone eating ants follow.

"Ah

Li Ting uttered a scream. At least ten bone eating ants were gnawing at her flesh and blood.

Her speed gradually slows down, if there is no one to rescue, only death.

Cold Yan saw this scene, a bite teeth directly rushed past.

She couldn't leave Li Ting alone, and the bone eating ants came after them.

Lengyan cuts out with a sword, and the sword Qi sweeps across, but obviously, it doesn't have any effect.

Ji Lin wanted to use blood essence, but ye Chen refused.

Blood essence is powerful, but Ji Lin can't control it!

When the time comes, Li Ting and Lengyan will die!

Anyway, in Ye Chen's eyes, Lengyan and they are also teammates. In his mind, there are no such words as abandoning teammates.

Suddenly, ye Chen thought of what!

Hand a coagulation, a bright flame appears!

Xuanyan!

Ordinary methods can't deal with bone eating ants, only special fire!

After Xuanyan refining, ye Chen has not been used!

I don't know how powerful it is. I can only try it!

The dark flame erupted continuously.

When the fire burned on the bone eating ants, there was a thunderclap.

The whole body of bone eating ants is directly burned. When the dark flame comes out, these bone eating ants keep retreating, obviously very afraid.

Ye Chen and Ji Lin come to Li Ting's side, and take a look at the bone eating ants on her body, prompting Xuanyan!

When the fire was close to Li Ting's body, those bone eating ants came out of her body one by one and fled.

Li Ting's forehead is covered with sweat, and her pretty face is pale.

Thank you

Li Ting looks at Ye Chen gratefully.

If not for ye Chen's hand, just waiting for her only death.

Ye Chen shook his head slightly, did not say anything, let Lengyan help Li Ting up and continue on his way.

Because of the existence of the dark flame, the bone eating ants do not dare to get close, only can follow far behind, looking for opportunities.

Ye Chen didn't put it in his heart. He didn't worry about these bone eating ants.

Chapter 1939

Continue to walk all the way, finally, ye Chen in front of, see a silk of light.

When seeing these lights, ye Chen breathed out a breath.

If it has been so dark go on, I am afraid that people's psychological aspects will have problems.

When the four approached the light, they found a snow peak standing tall.

Snow peak can not see the end, as if it has broken through the sky, surrounded by endless ice.

Achoo!

Ji Lin couldn't help sneezing. It was too cold around.

Lengyan and Li Ting can barely support, but I'm afraid they can't last long.

Ye Chen doesn't have much feeling. He practices the law of ice himself.

For cold weather, have a certain immunity.

In this, he did not use Xuan Yan, Ji Lin can not help but close to Ye Chen.

Find Ye Chen around like a stove as warm, suddenly feel cold.

Seeing Ji Lin's comfortable appearance, Li Ting can't help walking to Ye Chen's side.

At the time of Ye Chen's side, Li Ting felt the unprecedented warmth, and then took a look at Lengyan in her eyes.

Lengyan took a look, but there is no past, after all, men and women are not compatible.

Seeing this scene, Li Ting is also embarrassed to say something.

Lengyan is not weak, but can barely resist.

The whole ice field can not see the edge, ye Chen four people decided to go to Xuefeng.

I can't say that things are on the top of the snow peak. I didn't meet anything, but saw some bodies of warriors.

These bodies have long been frozen into ice sculptures, they have no breath.

Their strength is too low to withstand the cold.

If it was not for ye Chen's sake, Ji Lin and Li Ting would not have been able to hold on to the present.

Hiss!

When ye Chen and the four of them were walking, they suddenly heard some voices.

In front of them, there is a thousand feet of ice snake, the smell of terror pervaded around, let Ji Lin and Li Ting two people, can't help but retreat.

Ye Chen did not move, Lengyan can barely resist.

Holding the sword in his hand, ye Chen's whole brow is locked. This is a cold ghost snake in the three layers of sky in Xingqiao.

There is a breath of ice all around, which can increase the fighting power of ice ghost snake invisibly.

Ji Lin and Li Ting have been far away from each other. Lengyan takes out a long flaming sword and takes a look at Ye Chen.

"You step down, this demon * * give me."

Ye Chen said coldly.

If Lengyan hands, ye Chen has to be distracted.

Lengyan looked at Ye Chen, but could only retreat in the back.

She also knows how much she weighs. The next thing can only be handed over to Ye Chen.

Cold ice ghost snake spits out the letter son, looking at Ye Chen, in the eye already already regarded him as a prey.

Ye Chen beast decaying sword is in the hand, the whole person with the help of the ground strength directly rushes over.

At the moment of rushing past, the arm slightly raised, and the beast decayed sword fell down at this moment.

When the beast decayed sword fell, the ice ghost snake opened its mouth and bit down.

"Click!"

There was a clear sound, but it had no effect.

Ice ghost snake's defense is too strong, coupled with the surrounding is full of rich ice law, for the monster has a certain natural advantage.

When biting the beast's decaying sword, the tail behind the cold ice ghost snake suddenly pulls out.

Ye Chen grabs its tail in an instant with his left hand and directly exerts force on his waist.

Up!

Ye Chen's right hand releases the beast rotten sword, grabs his tail with both hands, and swings it directly.

In the swing, suddenly let go and throw it out.

Boom!

The body of the cold ice ghost snake falls on a small mountain. Ye Chen takes this opportunity to hold the decaying beast sword, and the immortal sword idea bursts out of his body.

When the immortal sword comes out, the evil spirit of the beast rotten sword rushes out of the sky.

A strange light flashed through the rotten beast sword, and a sword waved out.

Boom!

The sword spirit swept around, and the ice and snow condensed into a small storm and swept away.

At the moment, the cold ice ghost snake has already stood up, and the whole monster's figure flies out.

Its mouth opened, spit out a handle of ice cone, rushed to the sword of Ye Chen.

Stab!

As soon as the sword spirit and the ice cone contacted, there was a loud noise.

After the big bang, the figure of the ice ghost snake has come to Ye Chen's side.

At the moment when he came to Ye Chen's side, the whole monster's huge body entangled his body.

The cold ice ghost snake's body directly exerts force, ye Chen only feels his whole human body is tightened."Immortal spirit body, ten methods of blood Qi, open!"

Ye Chen murmured in his mouth, and the strength of his body broke out more than 20 times of his own.

With all his strength, he clenched the beast decaying sword and stabbed it into the body of the ice ghost snake.

Click!

The body of the ice ghost snake was stabbed in, but it didn't shed scarlet blood. Instead, it was like an ice sculpture exploding.

Want to open a mouth, a huge snake bite.

Body injury, completely infuriated the ice ghost snake.

In the distance looking at Lengyan three people, scared, for ye Chen's strength, more admiration.

Sure enough, the right decision followed Ye.

When the ice ghost snake is ready to swallow Ye Chen's body.

Ye Chen's evil Qi and Geng Jin's Qi burst out directly.

When the evil Qi and Gengjin Qi touch the ice ghost snake's body, these two kinds of energy permeate into its body.

The cold ice ghost snake is aware of the evil Qi and the Gengjin Qi invading its body. It has no time to hesitate and quickly releases Ye Chen's body.

If it goes on like this all the time, the ice ghost snake is very clear that it will definitely be invaded by evil Qi and will die completely at that time.

When the ice ghost snake and ye Chen open the distance, ye Chen finally relaxed a lot.

In the moment when the body can move, ye Chen moves!

The rule of the flow of breath, let the sky originally flutter snowflake, instantaneous stay.

It was as if the whole world was forbidden to turn.

"A sword to cut the sky!"

The whole figure of Ye Chen rushes directly past, and suddenly cuts out with a sword.

Boom!

Everywhere the sword went, countless cracks appeared on the whole ground.

These cracks are constantly broken, and the frozen water under the ground rises to the sky.

Stab!

The whole figure of the ice ghost snake was cut in half, and the head of the snake was still roaring. However, the monster could clearly feel that his vitality was constantly losing.

I'm afraid it won't last long.

The ice ghost snake felt that its breath of life was constantly losing, and only half of its body was left.

This time it did not rush to Ye Chen, but to Ji Lin several people fly away.

Seeing this scene, ye Chen's whole face changed greatly. He wanted to rescue him, but it was too late.

Ji Lin is very calm and reaches out her hand. Her hand emits black poison gas.

Ice ghost snake only half of the body, not into the gas inside, quietly between death.

Originally, the cold ice ghost snake wanted to attack the weakest Ji Lin, but who knows that stealing chicken doesn't make rice.

When Ji Lin saw this, he stood up in front of the second daughter with his hands behind him. He imitated an expert and said, "just a mole ant, how dare you behave in front of my aunt. If it wasn't for me Pooh, Pooh If aunt Ben didn't want to move, you might have died

Close your eyes.

But secretly squint open an eye, peep at Li Ting and Lengyan, when found two people shocked appearance, satisfied.

How can Li Ting and Lengyan not be shocked!

They never thought that the children around Ye Chen were so terrible!

Two people have been standing beside Ji Lin, to now there are still some lingering fear.

Just when Ji Lin used poison, she felt a sense of crisis.

If you aim at her, you can't really be poisoned.

Now there is only one idea in Li Ting's heart. This man and a woman are really terrible.

It can't be described by common sense.

However, before they could recover from their shock, a ray of light rose from the top of the snow mountain!

Ye Chen's face changed greatly!

Because the jade pendant of the ice sword immortal in his hand was bright!

Chapter 1940

Ye Chen looked at the jade pendant in his hand, looked serious and murmured: "from the change of the jade pendant, the top of the snow mountain should be related to the ice sword immortal Zun."

"In other words, the ice sword immortal is guiding me."

Ji Lin's eyes are also full of curiosity: "Ye Chen, let's go and have a look."

"Well."

Four people crazy Road, before long, finally came to the foot of the mountain.

At the foot of the mountain, ye Chen found a lot of martial artists, all staying in place.

These warriors whispered one by one and did not intend to go up.

Ye Chen looked at Lengyan and asked her to ask what happened.

Now I don't even know the situation. I have to find out.

In less than ten minutes, Leng Yan had already inquired.

It turns out that once you step into the mountains, you will enter the rules here, and your whole strength will be confined.

Even if you can't use the power of the spirit, you can only rely on your own body.

If so, it's no big deal. It's just that the more you go to the top of the mountain, the smell of the law of ice is getting more and more serious.

These warriors can't resist it. They can only wait at the foot of the mountain.

Ye Chen sees the great energy of the second layer sky of a star's orifices waiting at the foot of the mountain, obviously waiting for the warrior to come down and take advantage of the fire.

Knowing the probable reason, ye Chen lets Ji Lin and Lengyan wait at the foot of the mountain.

Ji Lin some unhappy: "Ye Chen, you look down on me, I can go up."

Ye Chen shakes his head: "the danger above is unpredictable."

"Besides, Ji Lin, you are my secret weapon. As a secret weapon, shouldn't you hand it at a critical moment? Just leave it to me

Ji Lin was satisfied with this. He took out a chair from the storage ring, sat on it, and deliberately lowered his voice. Then he said to Ye Chen, "Xiao Ye, your awareness is good. In this case, I will wait for you here."

Lobule?

God?

Leng Yan and Li Ting:

Ye Chen also smiles and ignores. He gives Ji Lin a note to pass on. If he encounters any danger, he will be able to feel it.

After getting everything ready, ye Chen stepped on the top of the mountain.

Just went up, ye Chen found his aura and cultivation were forced to imprison.

"What a tyrannical restriction."

"It seems that the top of the mountain guided by the immortal statue of ice sword is not as simple as you think."

"Fortunately, I have immortality and activate the red dust spirit pulse of the main defense. Such restriction should not be a problem for me."

The people at the foot of the mountain look like a joke. They can't persist for half an hour if they rely on the physical body.

Now, there is a warrior who wants to climb the mountain. He can't help himself.

They believe that ye Chen absolutely can not adhere to the ten rest time.

However, the ten rest time passed, ye Chen's face did not have any painful look.

At the beginning, ye Chen could still vaguely hear the sound at the foot of the mountain.

Only for a long time, we can no longer hear any sound at the foot of the mountain, only the sound of the cold wind whistling in our ears.

Step by step, the deep snow did not pass Ye Chen's knee. In front of him, there was only a vast expanse of white.

The closer you get to it, the colder it gets. Even ye Chen feels a slight chill.

I don't know how long it takes to see black leaves.

These black spots are warriors. Ye Chen rushes forward quickly and finds these warriors fighting.

Beside these warriors, a grass with colorful light fluttered in the wind.

"Seven side Linglong grass!"

Ye Chen murmured in the mouth, did not expect to meet at this time.

He knew that Li Ting was injured and needed a seven sided Linglong grass to recover from her injury.

Now that I see you, I'll help Li Ting once.

Ye Chen took a look and found that there were at least 20 fighters fighting around.

Each warrior can only fight with the force of the body, and can not find out what realm.

Although there are more than 20 warriors, ye Chen is confident enough to get rid of them.

When ye Chen appeared, these warriors took a look of vigilance.

After all, the more people come, the less chance they have to fight for the seven sided exquisite grass.

You know, there is only one seven sided Linglong grass, everyone wants it.

Ye Chen does not have any nonsense, the whole person's figure directly rushes past.

In the moment when he rushed past, a warrior came to Ye Chen, raised his arm and hit him with a fist.

Ye Chen's face did not have any change, and then a fist came out. At the moment of contact between the two, the warrior made a sad cry. There was a click sound from the whole arm, and the blood vessels in the body burst directly.

One shot, second kill!

Ye Chen's side of the wave, so that many martial eyes are staring at him.

The scene that ye Chen brought just now is too shocking. They have no suppression between the realms, they only use the physical strength, and the gap between them is not particularly large.

To be able to reach this point, the physical strength of cultivation is good, but compared with Ye Chen There is no comparability between the two.

"I need this seven sided exquisite grass, either roll or die!"

Ye Chen looked up and saw that if he didn't use force to solve everything, he didn't want to use the Qi and blood in his body.

The whole snow peak, now only a third of the way, who knows what will happen in it?

The rest of the warriors looked at each other, and the seven sided Linglong grass was in front of them. They didn't want to give up.

The murder was exposed.

Ye Chen feels people's eyes and a trace of radian in the corners of his mouth.

Since you want to die, you can't blame him!

When ye Chen's figure rushes past, one of the martial arts men, a bite teeth open mouth to say: "everybody hands together, solve him first."

All the soldiers present can see that ye Chen's threat is the greatest to them.

First deal with Ye Chen, and then who can get the seven side exquisite grass, and then rely on their own skills.

Twenty warriors rushed over, endless opportunities to kill, like a fierce beast out of the cage, rushed to Ye Chen!!

How can a warrior who can walk here be weak!

There are even many practitioners!

In their eyes, the boy must die!

However, ye Chen's eyes are flat and stretch.

He's not in a hurry.

"I've always been curious about the role of the red dust God pulse. Now I'll give you a little test."

Language down, ye Chen closed his eyes.

The blood in the body seems to be boiling.

All of a sudden, the whole snow mountain trembled!

Ye Chen is surprised to find that his skin is flowing with Ancient Runes.

Even he couldn't understand.

At the same time, there seems to be a barrier in front of him.

It's like a golden bell under the barrier!

The spiritual power in the body is rapidly disappearing!

Ye Chen's face changed slightly. He only used a part of the red dust God pulse. How could he consume so much!

If you are facing the powerful one, does it mean that you want to gather all your spiritual power on the red dust God pulse?
