Chapter 1951

There is no way to escape, the soul hall strong man, stop, his body around the winding black breath.

These black breath, agglomerate together, continuous winding, forming a armor virtual shadow.

Boom!

Ye Chen's sword attacks his armor.

Click!

The armor continued to crack. The strong man in the star's body space was under a huge impact, and the whole figure flew directly out.

Pooh!

A mouthful of blood gushed from his mouth, and his face gradually turned pale, but in any case, he saved his life.

Ye Chen's brows are locked, and it's not easy to kill the strong man in the six layers of sky in Xingqiao state.

One hit did not kill, he has lost the best opportunity, after all, behind, four powerful soul hall covetous.

Whoosh! Whoosh!

At this time, a series of darts broke through the sky and appeared behind Ye Chen.

When he turned his head, he stopped two or three darts, and his strength made him take two steps back.

In his back, four strong soul hall came to Ye Chen's side, one of them came to the wounded soul hall warrior.

All five of them did not expect that ye Chen was about to kill one just now.

Ye Chen now shows more and more rebellious talent, also let their kill heart, more and more rich.

If he is allowed to grow up, it is not impossible for the soul hall to be destroyed.

If you wait for ye Chen to break through the Xingqiao state, then who can kill him?

This kid has to be strangled in the cradle.

Boom! Boom! Boom!

One of the powerful soul hall guards the wounded warrior, and the other three soul hall strong men suddenly make a move.

This time, they have no reservation.

The sword spirit and the light of the sword gather above Ye Chen's head, mingled with the terrible pressure.

Everything around was torn to pieces by the sword spirit and the light of the sword.

The breath is constantly crushing, but on Ye Chen's body, the golden light of immortal god body disappears completely, leaving only endless evil Qi.

Ye Chen must die!

The corners of the mouth of those powerful souls revealed the joy of the winner.

"Little beast, at first you destroyed the branch helm of the soul hall in the divine kingdom. Now you are all in the nine layers of the Taoist realm. Your strength is so strange. If you step into the realm of creation, I'm afraid we can't kill you together."

"But if I guess right, you don't have much spiritual power in you."

"What secret should you have used just now?"

"But the secret method is the secret method after all. You still have to die!"

"Ha ha!"

Several extremely cold and killing blows are like an evil beast devouring Ye Chen!

Ye Chen Mou son a congeals, checked the spirit power of the elixir field, the face is cold and stern.

It's too much to turn on a part of the blood.

After all, he Dao state can not be combined with the red dust God pulse, and it must be broken through to the creation as soon as possible.

The divine pulse is too rebellious to the heaven, and the current cultivation is undoubtedly a violent thing, unable to play the real power of the red dust God pulse and reincarnation xuanbei!

But he can't wait to die!

The wind of the six swords is clear and clear, so it's impossible to make a move in such a short time.

You can only rely on yourself!

Ye Chen clenches the beast decaying sword, just ready to hand, he finds that there is more and more evil Qi all over his body.

Moreover, the tingling feeling in the center of the eyebrow is extremely strong.

Is this the devil's eye awake?

The devil?

"Eye of the devil, are you not asleep?"

Ye Chen was surprised.

"It's a deep sleep, but there's something here that wakes me up."

"This heaven and earth killing area is one of the most mysterious places in Lingwu land, but it has some meanings."

"Since the ancient times, the heaven and earth killing domain has existed. Over the years, the Lingwu land has changed greatly, but the Qiankun killing area is still the same."

"The master you are looking for is trapped here. I'm afraid there is something very intriguing behind it."

"Although you have stepped into the nine levels of the heyday realm, you are obviously unstable. In the face of the joint efforts of these people, your experience is not enough to cope with it."

Ye Chen Yi Xi: "you want to help me?"

The devil's eye shook his head: "I just woke up and didn't have much strength to help you. After all, I lost too much blood essence in the devil's hometown that day."

"However, the evil spirit here is so strong that I have thought of an interesting technique that can solve the crisis a little bit."

"This technique is based on the magic Qi, and is called Shura guiding magic formula!"

"You'd better watch it!"

The next second, the magic Qi of a hundred miles is gathered in front of Ye Chen.

The steps of those powerful people in the hall of souls stopped suddenly. They felt something wrong with so much evil Qi. Extremely depressing.

Suddenly!

Those strong demonic Qi gathered together an incomparably vast figure!

The figure is gloomy and terrifying. He is a hundred Zhang tall and full of evil spirit.

The whole ancient battlefield seems to be enveloped by endless evil Qi.

There is no light in the sky, only the terrible darkness.

Three soul hall strong people see this scene, scared out of color.

"Is this the Jiuyou Shura in the legend of the demon clan?"

"How can it appear here?"

Jiuyou Shura!

It is said that Jiuyou Shura has three heads and six arms, and has a violent nature.

It's not like God!

Like a devil but not a devil!

It's like a human being!

Jiuyou Shura is the master of Slava. Everything in his hands is destruction.

At this moment, the figures of the three powerful people in the soul hall are extremely small, as if the nine you Shura can destroy them with one foot.

San Shuang Sha's eyes were fixed on them, which made them feel the deep fear in their hearts.

One of them first responded: "this is not a real nine you Shura, but a technique. Quick, break this technique with all your strength!"

"This boy is really evil. The more we delay, the more we can't control it!"

But ye Chen will not give them time to think, when they are stunned.

The figure of Jiuyou Shura moves. Every step he takes, the earth shakes and the mountains shake, and a huge footprint appears on the whole ground.

He bent his thighs and raised his feet. The powerful soul hall only felt that the whole world was darkening.

If you don't see blood when you come to Jiuyou Shura! How is that possible?

This moment is like the twilight of doomsday, and the spring is blue.

Boom!

Once you go down, the reaction speed of those who are strong in Xingqiao is not slow, and they all feel a huge crisis in their hearts.

In this case, they have no time to think about it and use the fastest speed to escape the attack range of Jiuyou Shura.

With one foot in the air, Jiuyou Shura doesn't care.

If they are so simple as to kill the dog, they are also strong practitioners.

Behind the nine you Shura, six arms hold the soldiers of time and space, and one sword, one gun and one knife fall continuously.

Boom! Boom!

Around the atmosphere of violence, continuous spread, the ground appeared a huge crack.

The three powerful people in the hall of souls can only escape in a hurry, and they have no chance to fight back.

No one can tell who is the victim until the last moment!

Chapter 1952

Originally, the strong man who took care of the injured soul hall could only rush to see the scene in front of him.

If you don't help any more, it's impossible that all the three powerful people in the soul hall will die.

A thousand miles around, just like the end of the world, ye Chen was slightly shocked and said curiously, "is this technique so powerful?"

The devil's eye smiles: "the key to this technique is the strong evil Qi. With so much evil Qi, it's hard to meet such a good chance, unless you go to the devil kingdom."

"Besides, this technique can't last long."

"Don't you find that the breath of Jiuyou Shura is fading?"

"There's less and less evil spirit around."

"Your danger is not so easy to remove."

"I'm just trying to teach you."

"In the future, you will eventually go to the devil Kingdom and master some demon clan means, which is good for you."

The evil Qi that Jiuyou Shura wields spreads continuously and forms a magic wind.

These demonic winds, which have lasted for a long time, destroyed everything in the ancient battlefield.

The wind howls, as if there are ghosts wandering the world.

However, ye Chen also found that the breath was decaying.

All of them were strong in Xingqiao state and had rich experience in fighting. Obviously, they also found something wrong with the breath of Jiuyou Shura. They soon stabilized and began to counterattack one by one, and even attacked Ye Chen.

In this case, ye Chen's condition is getting worse and worse, but the strong people in the soul hall are no better, and they are all seriously injured.

The five strong men in the soul hall did not expect that a mole ant would make them so embarrassed.

But they don't have time to think about it now. They have to solve Ye Chen as soon as possible.

No one knows how long Ye Chen can persist.

But they have no time, and continue to waste, and if ye Chen has any other means, it is impossible to say that their five strong men may die in Ye Chen's hands.

At the thought of this, their cognition of Ye Chen rose to a certain level.

This time, we must kill Ye Chen. We must not let him leave alive.

Ye Chen deeply exhaled a breath, his body above, already did not know how many big and small wounds appeared.

It's very bad news for one of the five strong souls.

If he goes on like this, he may die!

After all, the longer the delay, the worse it will be for him.

Now he must think of a solution, ye Chen looked at the four strong soul hall, with cold light in his eyes.

At this time, he stepped forward, and the whole person rushed directly.

When he rushed over, he did not know how much time and space soldiers he took out.

When the soul hall strong see ye Chen rushed over, eyebrows locked, instinctively want to avoid, but time is too late.

At this moment, ye Chen murmured in his mouth: "thousand soldiers explode!"

The strong in the soul hall heard Ye Chen's voice, and his whole body was shaking.

Is Ye Chen crazy?

Detonating so many soldiers of time and space?

Not only will they be injured, but ye Chen will also have problems!

Now everyone's distance is within the explosion range of thousand soldiers.

Their thoughts were so fleeting that they could not hear anything from their whole ears.

Boom!

In their body as the center, around the instant explosion, any existence within a radius of ten miles, is destruction.

As time goes by, there comes a sound.

Cough, cough, cough!

"This madman."

A strong soul hall hard to stand up, at the moment he is seriously injured, all over the body are bleeding.

Looking around, I found that there was no grass and no breath.

On the other hand, the four powerful people in the hall of soul struggled to get up. They were all seriously injured. I'm afraid that without ten days and a half months of recuperation, their bodies could not recover.

"Ye Chen, that little bastard, is still alive?"

One of them, a strong man in the six layers of the sky, asked. They looked around and found that there was no Ye Chen.

"There's no ash left that should have been bombed?"

Another soul hall strong, mouth inside spread sneer.

They didn't hold on to the damage caused by the explosion just now.

Ye Chen's realm is always a harmonious realm. How can he live?

When he finished speaking, he was slapped in the face. In the distance, a figure stood up.

There was no place in his body that was in good condition. His sword was stuck in the ground.

Although the breath is weak, it is still alive.

"Damn it, ye Chen is not dead yet!"

See ye Chen's figure, they only feel their head is big!

Where on earth did this monster come from, withstand such an explosion and still be able to survive. Ye Chen looked up and found that the five powerful soul hall were still alive, showing a trace of ferocious smile.

His hair was dripping with blood on his forehead and down his cheek to the ground.

The mouth is full of blood, and the cheeks on both sides are covered with scars.

It has to be said that ye Chen can survive in such explosive damage, thanks to immortal deity.

He doesn't have enough spiritual power to activate the red dust pulse.

Ye Chen looks at the powerful soul hall, without any fear in his eyes.

He knew that he would not even have the strength to swing his sword, but he would not fall down easily if he had a breath left.

Even if you are afraid of death, you should wave the last sword.

The four powerful souls hall looked at each other. Their present state is not good. They are just better than ye Chen.

They can also detect that ye Chen is now seriously injured, but they dare not gamble.

Who knows if ye Chen has any other cards now?

They have to be careful now.

"I can't. let's use the secret arts."

One of the strongmen in the soul hall opens his mouth directly, and there is a joint attack array in their soul hall.

Only four people can form an array, with the help of the array power, kill Ye Chen!

The other three strong men nodded slightly. They didn't want to commit danger with their bodies. They could only use the array to kill Ye Chen.

Make up one's mind, four people rush to Ye Chen's side directly, finger pinches Jue!

Ye Chen saw this scene, difficult to lift the beast decaying sword, his body is crumbling, a bite of teeth, decided to wave the last sword!

However, the four powerful souls hall did not attack Ye Chen, but stood in four directions.

Ye Chen saw their cautious attitude, his mouth showed a trace of ironic smile.

When will a strong man in the six layers of the astral realm be afraid of a warrior in the realm of Tao?

The powerful men in the hall of souls stretched out their hands, and the black gas came out from their palms.

These black gas diffuses around Ye Chen, encircling his whole person.

To do all this, they cut their fingers and squeeze out a drop of blood essence.

A drop of blood essence from a strong Xingqiao state can kill Hunyuan state in seconds.

Four drops of blood essence stand in the air, and there are waves.

Chapter 1953

In this case, the whole surrounding space becomes a little unstable.

At the same time, four drops of blood burst out.

Ye Chen is standing still, he is thinking about how to escape.

It's impossible to give up until the last moment.

He looked up and saw an abyss a thousand meters away.

I don't know what's at the bottom of the cliff, but this is his only chance to survive.

The array of the strong in the soul hall has begun to form gradually. There are even thunderbolts above Ye Chen's head.

As long as the array is completed, the thunder will drop down.

Ye Chen clenched the beast decaying sword. Now the array has not been completed, and there are still some weak points.

He raised the beast rotten sword hard, immortal sword intention burst out, forced to bear the body intense pain.

His wound, which was about to heal slowly, broke open again.

Blood doesn't need money to flow out!

At the moment, ye Chen has become a bloody man, but now he can't manage so much.

Boom!

When a sword falls, there is a gap in the formation of the large array.

Ye Chen mouth inside a mouth of blood gushing out, originally pale cheek, more without blood color.

Seeing this scene, the strong man in the soul hall suddenly had a bad premonition.

Want to stop Ye Chen, but it's too late now!

Ye Chen wiped off the blood from the corner of his mouth and rushed out with a hard step.

At the moment when he rushed out, the four powerful soul hall chased after him.

At the moment, although his speed is a little slow, but the strong in the soul hall behind him is no better.

They already have injuries in the body, and forced blood essence, will only make their injuries, become more serious.

Ye Chen's eyes are more and more confused, but he can't fall, only 300 meters away from a kilometer.

For him, 300 meters is only three rest time.

Four soul hall strong see ye Chen escape direction, frown.

The bottom of that cliff is taboo!

Ye Chen doesn't know, but for him, there is still a ray of life when he jumps into the cliff. If he doesn't jump, he doesn't even have the last chance.

Come to the edge of the cliff, ye Chen staggered to jump down.

When he jumped down the moment, the whole person closed his eyes, completely unconscious in the past.

The next thing, everything can only be left to fate!

However, ye Chen did not hear, his eyebrow heart spread a voice: "interesting, I did not prompt you to go there, you yourself have gone."

"I forgot to tell you just now. That's why I was awakened."

"It seems that the relationship between you and the devil is not as simple as I thought."

The sound disappeared.

It was dark.

That is the abyss of heaven and earth.

The abyss that no one dares to touch.

.....

Several strong soul hall came to the edge of the cliff, looked at the bottom, eyes inside flashed deep fear.

"Since this little animal has already jumped into the sea of Jiuyou in the heaven and earth killing area, let's go!"

One of the strong soul hall, when talking about the nine you sea, his body couldn't help but shiver.

For them, Jiuyou sea is a taboo. As long as you jump down, no one can walk out alive.

Even if they jump into the astral realm, they are dead and have no chance to survive.

The other three strong soul hall nodded slightly, even if they looked at the bottom, they felt endless fear.

Ye Chen jumped into the sea of nine you, in their eyes is already a dead man.

Since ye Chen is dead, they don't care.

What is the effect of a warrior's talent against heaven? As long as the moment of death, everything disappears completely.

"Come on, go to the sarcophagus. The experiment is not finished yet."

"No more time for us, Lord."

.....

Ye Chen doesn't know how long it took to fall. He just feels intense pain coming from his body.

The pain brought him back to his senses for a while and looked around.

It is found that all of them are black magic Qi, which has been transformed into a vast ocean.

Around Ye Chen, from the moment he fell down, countless demonic Qi surged into his body.

These evil Qi seems to be ready to devour Ye Chen.

"Ah

Ye Chen's painful roar makes the whole person fall into a coma again.

When he was in a coma, there were twenty wild Warcraft next to him.

These Warcraft were originally demons, but they were infected by the evil spirit inside and turned into Warcraft completely. These Warcraft look at Ye Chen, inside one eye, emit the essence light.

One of the magic tigers came to the side of Ye Chen, and the saliva in his mouth was about to flow out.

They don't know how long they haven't eaten human flesh and blood.

Magic tiger raised its forelimbs, sharp claws, emitting a cold light, want to enjoy the delicious food, ye Chen's eyebrows suddenly appeared a light.

Devil's eye open!

The devil's eye began to absorb the evil spirit.

With Ye Chen as the center, the surrounding evil Qi forms a tornado and constantly enters the eyebrow.

When the evil spirit constantly rushes into Ye Chen's body, the energy from the devil's eye continuously forms a figure.

The gradual appearance of the figure reveals a virtual shadow.

Virtual shadow guards Ye Chen's side and takes a look at the evil Qi around him.

"Go away!"

Word spit out, these beasts spit out a mouthful of blood.

The power of a word, so terrible!

You know, these Warcraft are star orifices of strength, just spit out a word, can make these Warcraft vomit blood.

This is still a shadow. If it is a real ontology, how powerful will it be?

Warcraft difficult to stand up, looked at the virtual shadow, even pupil tightening, the whole body is constantly shaking.

This This is

These Warcraft kneel down beside the middle-aged shadow, one by one dare not look up.

Virtual shadow took a look at these beasts, and said slowly, "go to collect the magic water of the yellow spring, the magic grass of ten thousand years, and the burning magic stone."

As soon as the virtual shadow voice fell, these Warcraft left one by one. They had already turned on their intelligence and naturally knew these things.

After Warcraft left, Xu Ying took a look at the unconscious Ye Chen and looked up at the front of Jiuyou sea.

"Fortune and misfortune depend on each other, boy. It seems that you are destined to inherit the mantle of the devil emperor!"

When the devil finished speaking, he said nothing.

Two days later, the original disappeared Warcraft came back one by one. They had things in their hands, which happened to be the magic grass of ten thousand years.

Warcraft looked at him as if he were the most devout believer.

The devil emperor took these things in his hand and swept his eyes. The Warcraft that had stayed was afraid to leave.

These things are for ye Chen to build a magic body!

Although Ye Chen already has immortal deity, there will be no conflict between them.

If you want to really step into the devil's road, ye Chenguang can't have immortal spirit body!

Chapter 1954

The immortal body is mainly aimed at Ye Chen's blood, flesh and blood. However, the devil body is different from ye Chen's evil way.

Once the devil body is formed, ye Chen will become more powerful after being possessed by the devil.

It can be imagined that the two together, ye Chen's body will reach a height of terror.

The devil emperor looked at Ye Chen with complicated eyes and murmured: "boy, you and I meet is fate."

"When I got to the top, I didn't think I would have any problems with others."

"The cause and effect of this world is unpredictable."

"If you get the magic bead in Kunlun void, it represents the cause between you and me."

"In the end, it is the existence of our common struggle."

"The devil's way is destined to be a lonely way, a heartless way, and a killing way."

"However, there is warmth and righteousness in the evil way."

"I've been watching you all this time."

"I see my shadow in you."

"Good."

"Even, I think, you are more suitable for the devil than I am."

"For the devil, be free and easy, and go upstream against the current. I hope you won't let me down."

At this moment, the devil emperor was filled with emotion.

The past is constantly emerging.

"Let's go."

Finish saying that, the devil emperor finger pinches Jue, rolling evil Qi to wrap Ye Chen.

Like a blade, the evil Qi penetrates directly into Ye Chen's skin and bone marrow.

However, soon, ye Chen's body surface gushes out a ray of light, guarding Ye Chen.

Immortal spirit body is blocking the entry of evil Qi.

"Boy, I know you can hear it. Relax. That's the key."

It seems that the immortal body of the immortal is gone.

Let the evil Qi devour the whole body.

Ye Chen's whole body spread crackling sound, as if the root bone were broken in general.

This process is extremely painful, but fortunately Ye Chen has been unconscious, and did not feel too much pain.

Each time, the evil emperor will be just right, will not hurt the origin of Ye Chen.

This is an extremely test of the mind and a long process, even if the devil also spent a day.

Next, he needs to melt the burning magic stone into Ye Chen's body.

Let Ye Chen merge with the burning magic stone.

Then, add the juice of the ten thousand year magic grass.

Now ye Chen, the skin appeared on a black strange lines.

This is the legendary magic pattern.

This is the beginning of the magic road.

Moreover, ye Chen's whole body's evil spirit is more and more rich.

This nine secluded sea seems to accept Ye Chen very much.

Finally, the magic water of the netherworld drops into Ye Chen's internal organs.

Although this process is simple, but the pain is 10000 times.

The five viscera and six Fu organs want to merge with the netherworld magic water. There can be no mistakes in this process.

As long as there is a little problem, ye Chen will surely die.

With the devil in, this kind of thing can't happen.

After everything was ready, the devil emperor watched the change for three days.

Three days later, ye Chen finally woke up from the coma. When he woke up, he found the change of his body at a glance.

When he looked up to see the devil, his brow frowned: "devil's eye, how can you come out?"

The evil emperor laughed and said the things after ye Chen was in a coma.

When ye Chen knows his own devil body, he looks at the devil emperor gratefully, which is no different from the grace of reproduction.

"Is that what you said made you wake up?"

Ye Chen looked around and said curiously.

The magic emperor nodded: "this place is called Jiuyou sea."

"The nine secluded sea once belonged to the devil kingdom."

"As for why it appeared here, I'm afraid it was the disaster in the devil's land, and the space was turbulent."

"But it's not easy to kill heaven and earth."

When ye Chen heard this, he raised his eyebrows. Judging from the murals of the Qiankun people, he found that this place was unusual.

"Devil's eye, do you know where ice sword immortal is trapped?"

The devil's eye took a deep look around him and said, "it's not urgent. Since we have come to Jiuyou sea, there are some things we must do."

"The body is just the beginning."

"It's just a little chance. The real chance is not here. Follow me."

After the devil emperor finished, he took Ye Chen and flew forward.

Ye Chen followed.

I don't know how long after that, ye Chen feels that the evil spirit is more and more rich, and also becomes more and more terrible.

He found that everything around him had changed completely!

As if in a dreamland. And this environment is the bones of millions of people.

The bones are all over the place.

Blood was all over the sky.

It seems to be an endless abyss in the world.

The vigorous wind dances wildly, the blood color coagulates moves, the ghost cry wolf howl sound comes from the deepest place.

Not only that, he could feel the sense of a gun.

The gun idea is like a dragon, penetrating Ye Chen's body, trying to stop him from approaching.

Ye Chen didn't stop the gun from penetrating his body, instead, he used the surrounding gun intention to realize it.

Soon, ye Chen felt something, he swept toward the reincarnation cemetery.

Found a dust laden gun shaking for many years.

This gun was the secret of xuye Lingtian family in Kunlun!

Jiuyou sky killing gun!

It is in this gun that ye Chen sees a demon!

The devil is himself.

Where is the devil's eye going to take him?

Why did the Jiuyou sky killing gun shake at this time!

It's like, it's exciting!

"Look ahead!"

Ye Chen has been feeling the meaning of the gun, unconsciously has gone another hour.

If it wasn't for the devil, he would have continued to understand.

Ye Chen looks up, the whole person's eyes become hot.

On top of the wall, a long gun was inserted into the stone wall.

The body of the gun is black, and there is a fierce sense of the gun. The head of the gun has a cold light, which is like the soul of Jiuyou.

The body of the gun is about three meters long. Although the whole body is black, ye Chen can see his shadow from the gun body.

The atmosphere of destroying heaven and earth is coming from the spear.

Ye Chen stares at it carefully and finds that there are five small ancient characters written on the spear, Zhutian God and devil gun!

However, ye Chen vaguely feels that the gun and Jiuyou sky killing gun are very similar.

Even the breath is a little consistent.

"This is your real chance, but if you want to get it, you need to get it yourself."

As soon as the magic emperor's voice fell, he looked at Ye Chen.

Ye Chen has a firm look in his eyes. He must get the gun.

How can such an opportunity give up easily!

Ye Chen raised his feet, just walked five steps, suddenly countless gun intention, crazy swept.

Zhutian magic gun itself has a certain wisdom, its master must be matchless evil, in order to get his approval.

In the view of zhutianshen magic gun, ye Chen's strength is far from enough!

The strength of a martial arts man is too humble!

You don't deserve to control him!

The corner of the mouth of Ye Chen rises slightly, inside the eye does not have any timid look at all.

His step up to the top of the gun, continue to tear up the blood leaves.

Tick, tick!

A drop of blood drops from ye Chen's body. Even if he takes a step forward, it is extremely difficult.

Zhutian magic gun is resisting!

Chapter 1955

"How to submit to me, in the future, I will take you to the world and see the world's most brilliant fireworks."

Ye Chen's heart is very clear, Zhutian magic gun has its own intelligence, absolutely can hear his words.

His voice dropped for the past three minutes, but there was no response.

In the view of zhutianshen magic gun, ye Chen's strength is too weak.

He Dao Jing also wants to control him? How is that possible?

Ye Chen's brow is locked, since Zhu Tian God demon gun is not willing, he can only take it.

Step by step continue to move forward, although the gun can penetrate his flesh and blood, but for the moment, it will not cause too much threat.

When the sky leaves to kill a gun continuously, also infuriate God leaf.

Around the Zhutian magic gun, countless evil Qi gathered together. Not only that, the evil spirit is also mixed with gun meaning.

These gun intentions are more terrible than before!

Boom!

Impact on Ye Chen's body.

Pooh!

Ye Chen stepped back three steps and vomited out a mouthful of blood and water.

Even the immortal body pays such a price.

It seems that this gun is of high quality!

"You are so humble

At this time, finally came a voice, ye Chen heard the words of Zhutian magic gun, the eyes of the whole person became fierce.

"Although I am weak now, it does not mean that in the future, in the East and west of the river for 30 years, do not deceive the young people who are poor!"

As soon as ye Chen's voice fell, the blood demon sword was in his hand, and his eyes became scarlet.

All over the body, emitting black magic gas.

He knows that the gun is a demon, so must his weapon.

Blood magic sword is the best.

However, the blood demon sword has been damaged a few points in the last war, and can only barely support it.

At the moment, ye Chen enters into the state of enchantment. Since Zhu Tian Shenmo gun says he is too humble.

Then prove it to him!

Kick! Kick! Kick!

One step, two steps, three steps, ye Chen constantly forward, crazy gunshot.

Ye Chen's whole body's evil Qi protects his body, raises his hand, uses the blood evil sword to wave to cut out.

In the distance, the evil Emperor didn't intervene, just watched quietly.

He believed that ye Chen could succeed. After all Ye Chen is far more talented than he is.

This moment seems to be a confrontation between gun and sword. Ye Chen can't see any change on his cheek.

Every step was extremely difficult, but he did not give up, and there was no intention of retreat in his heart.

The confrontation between the two lasted for an hour, and ye Chen barely made a hundred steps.

However, he was getting closer and closer to the God killing magic gun. Every step was extremely difficult, but he was firm and incomparable.

Ye Chen can step by step to today, is completely dependent on indomitable will.

Kick! Kick! Kick!

Finally, getting closer and closer, he reached out his hand.

At the moment, ye Chen's hands, scarred, ready to hold Zhutian magic gun.

The ghost gun suddenly burst into a terrible atmosphere.

Ye Chen sees this scene, the blood demon sword's evil spirit and the sword idea burst out, fighting against the God and devil gun.

He stretched out his arm and opened his hand. Ye Chen held it directly on the body of Zhutian magic gun.

At this moment, the picture around him completely changes.

Ye Chen sees a man standing in the void. What he holds in his hand is the magic gun of Zhutian God.

However, I do not know why, ye Chen can not see each other's face.

This strong person faces too many enemies, and any of the enemy's breath can instantly kill Ye Chen.

However, the strong man with the gun of killing the gods and Demons had not a trace of timidity in his cheek, and even a trace of arrogance.

In his hand, the God and devil gun in his hand seems to have the momentum of destroying the heaven and the earth.

With one shot, a hole was punched through the sky.

Countless strong men fell down, and the strong ones holding Zhutian magic guns had great power with each gun.

I don't know how long the battle lasted, the whole world was dark, and I don't know how many enemies were stabbed and blasted by a gun.

The enemy continued to fall, but the strong man holding Zhutian magic gun could not hold on.

After all, there were so many enemies that it seemed that they could not be killed completely. He persisted to the last step.

When he was about to fall, he threw out the ghost gun in his hand.

.....

"Surrender to me, and in the future I will be able to avenge your former master!"

Ye Chen a double eye eye eye gaze at Zhu Tian GOD Devil gun.

The one who can stab and blast the door with one shot is absolutely the top existence in Lingwu mainland.

In spite of this, ye Chen also does not have any timidity, sooner or later he will surpass this person. "You are too weak!"

At this time came the voice of killing God and devil gun. In his eyes, ye Chen's realm was not even a mole ant.

Ye Chen's immortal spirit body, immortal sword spirit, demon body, divine blood, and the spirit of Geng Jin are displayed in six ways.

The breath around, straight and crisscross, as if in the dark.

"I am weak now, but who can tell me exactly in the future?"

Ye Chen looks at Zhutian magic gun and waits for his reply. He doesn't know how long it has been. A burning feeling spreads all over his hands.

It's like a thousand degrees.

Ye Chen's hands will melt!

Test?

Ye Chen snorted coldly, running the magic formula, and the whole body was full of evil Qi!

Not only that, ye Chen's red dust God pulse is fully activated!

Extremely strong defense is completely opened!

Fearless!

However, has not stopped, Zhutian magic gun out of the endless ghost towards Ye Chen swept!

Ye Chen's face changed slightly, and the red dust God pulse of reincarnation was extremely expensive!

And now, if you want to fight against these countless souls, it's obviously tough!

What to do?

When ye Chen thinks, a black awn rushes out of the body!

Jiuyou sky killing gun!

Nine you kill the sky gun unexpectedly absorbed all the evil spirit around, and then a shot into the killing God magic gun!

Two bright lights in the fusion!

"This is Do you want to merge Jiuyou sky killing gun with the God killing magic gun

Ye Chen is very surprised.

After leaving Kunlun Xu, ye Chen seldom used Jiuyou sky killing gun.

On the one hand, it is because the Jiuyou sky killing gun is too low to be used against the powerful in Lingwu continent.

On the other hand, Jiuyou sky killer gun is full of so many secrets that he still can't understand why he sees himself through the illusion in the gun.

And now, Jiuyou sky killing gun should be reborn with the help of the magic gun of Zhutian God?

The light is surging!

The whole world is like day!

It's like a time of yin and Yang!

Moreover, ye Chen found that part of the power gathered by the evil Qi poured into the blood magic sword!

How much has the blood magic sword been restored?

This How to explain it?

When the light dissipates!

"Click!"

From the wall came the buzzing sound of Zhutian magic gun.

Ye Chen saw this scene and was overjoyed. It was obvious that the devil gun had recognized him.

Or it won't come out of the wall.

Ye Chen holds the magic spear and the blood magic sword in his hand. The meaning of the gun and the sword are constantly gushing out.

The devil emperor looked at one side happily, and then the whole figure came to Ye Chen.

"Now that you have got the devil gun, it proves that you are qualified to control the evil way."

Chapter 1956

"This gun has an extraordinary origin."

"To my surprise, your gun can take away such a powerful gun of killing gods and demons."

"It seems that some things are not so simple."

"What's more, there are three guns in the gun. You have a good understanding."

"Besides, anyone who sees this demon gun will die. If someone finds out the secret, you will be killed. Do you understand?"

"It doesn't matter if you use it in the heaven and earth killing area, but if you go outside or go to the Shenhua academy, you can't use it until it reaches the key point."

"Finally, ye Chen, if you have a chance one day, you can go to the devil kingdom for me."

"The devil kingdom is dangerous, but after all, it's the place I'm in charge of. If you want to fight against the kingdom of God, the power of killing the domain is not enough. The devil's land is the best choice."

"Of course, I also have selfish intentions. There are my gratitude and resentment, my relatives, and some causes and effects. I should also ask."

"Well, I can't stay in the outside world for long. I'm afraid I can't help you if it's not for the sea demons of Jiuyou."

As soon as the magic emperor's voice fell, he converged into the rolling magic Qi and penetrated into Ye Chen's eyebrows.

Ye Chen nods slightly, eyes a little ruddy.

The devil was so kind to him.

He is not the great power of reincarnation cemetery, there is no need to help himself.

But every time, the devil emperor is extremely serious.

Ye Chen looked at the magic spear and blood magic sword, and murmured: "one day, I will lead you to a prosperous age!"

Belong to Ye Chen's prosperous age!

Get Zhutian magic gun, ye Chen ready to leave, continue to stay in the sea of nine you has no effect.

Now his body has become a devil, and there is a magic gun to kill heaven. Next thing, revenge!

At the beginning, the powerful soul hall let him jump into the cliff. Although he got a big chance, he had to settle the account of the soul hall.

Some things, should return, can't run away!

Ye Chen did not leave immediately, decided to comprehend the three guns in the mind!

This is the inheritance of Zhutian magic gun. Although there are only three guns, it destroys heaven and earth.

Relying on Ye Chen's current state of affairs, he can only barely play two shots.

And the second shot, ye Chen's spiritual power now, can only display a part of its power.

As for the real power of the second shot, I'm afraid it's not so easy.

At least it is possible to reach the realm of creation.

Another day later, ye Chen wakes up from the nine secluded sea and flies to the cliff.

He came to the cliff and had a look at the palace before the ancient battlefield.

I'm afraid the palace of the strong soul is still inside.

This group of people's body is not strong, it is impossible to recover so fast!

Now that he has a demon body and a magic gun to kill the heaven, these powerful people who have not yet recovered from the soul hall are enough for a war!

It's not too late for a gentleman to take revenge. Ye Chen takes revenge every day!

Now he's going to solve the strong man of the lost soul hall!

Fly to the palace immediately.

Only 300 meters away from the palace, five figures appeared.

These five figures happened to be the strong in the soul hall. They noticed the breath and came to check it. Who knows it was Ye Chen.

They are a pair of ghost's eyes, ye Chen unexpectedly came out of the sea of nine you alive.

What's the situation!

Their five powerful stars were forced to do so.

How did ye Chen come out alive?

Now the five of them still have some injuries, but if you look at Ye Chen, there is nothing.

How is this possible?

At the beginning, ye Chen's injury was more serious than them. Even if he didn't die, he could not recover in two years.

They're full of questions.

The only explanation can only show that ye Chen got the chance, otherwise, it is impossible.

At the thought of this, their eyes gradually became dignified.

At the beginning, ye Chen beat them seriously. Now he has the chance to revenge.

Although Ye Chen can be crazy sometimes, he is definitely not a reckless person. He must have some assurance.

At the thought of this, they were a little flustered inside!

Is it a fight or a run?

I'm afraid Ye Chen is the only one who can join Tao state and make Xingqiao state want to escape!

Five strong stars in the six layers of the sky, each with his weapons, decided to fight with all his might.

If they really see ye Chen and run away without fighting, what kind of face do they have to say that they are strong in Xingqiao?

What a shame to let others know!

They can't afford to lose this man!

Ye Chen's mouth reveals a trace of evil smile, blood demon sword and Zhutian magic gun are in their hands. When the soul hall strong see Zhutian magic gun, one can see, extraordinary!

Absolutely beyond the existence of time and space forces! It could even be a artifact!

Even if it's a real artifact, they believe it!

When they think of it, they are jealous inside!

How can ye Chen get such a treasure?

Kill!

The five stars with strong orifices are the first to attack, and the five ghostly figures suddenly rush past.

At the moment when they rush past, ye Chen stands at the same place, the blood demon sword and the Zhutian God magic gun are lifted directly, one gun, one sword, suddenly cut out!

Hum! Hum!

A shot down, everything in front of it seems to be poked a hole, Gun Crazy surging.

With a sword waving out, the immortal sword idea erupts crazily, and the ultimate sword light is like the world destroying thunder.

Boom!

Five strong soul hall, blocking a gun and a sword, rushed to Ye Chen's side.

When they rushed over, ye Chen swept out with a gun.

The cold light of the gun head surges, and the five powerful people in the soul hall feel the sharp meaning of the gun, so they can only retreat their sharp edges and open a distance with Ye Chen.

The five powerful soul hall looked at each other, and they had already had a fight with Ye Chen.

Go on like this, can't solve Ye Chen completely, can't let him break one by one.

The blood essence of the five powerful people in the soul hall dripped out, and there were some injuries.

Now continue to spend blood essence, so that they have recovered some good injuries, completely lost effect.

Five drops of blood essence fell into the void, and the sky was covered with dark clouds.

Five strong soul hall, make strange fingerprints, their bodies, emitting a black breath.

These black breath, continue to go around Ye Chen.

Ye Chen brandishes one gun and one sword, but these black gas can't be solved at all.

A pair of eyes looking at the five strong soul hall, ye Chen standing in situ motionless.

He decided to watch the change, but to see what kind of means the five powerful soul hall masters put forward.

It has to be said that ye Chenyi is a brave man!

If other fighters can't solve the problem, they will want to escape.

However, ye Chen has no action at all.

In Ye Chen's heart, these five powerful stars are already dead.

Get the Zhutian magic gun, just use the blood of the strong one to sacrifice the gun!

Chapter 1957

Above the sky, thunder flashes in the dark clouds, and a blue barrier appears around Ye Chen.

Five strong stars in the world of orifices, ye Chen did not make any resistance.

I couldn't help but show a sneer.

Ye Chen is really a arrogant guy. The array formed by their five stars with strong orifices.

How terrible?

It's not something that a little martial artist can bear.

No matter how evil Ye Chen is, but the realm is there!

"Ye Chen, let you know today, the power of thunder destroying array!"

"Ha ha, you little son of a bitch, you didn't die at the beginning. Now you come here and want to die!"

They are strong in soul hall. They know the terror of thunder destroying array. As long as the array works, the thunder will not die out!

The more powerful they are, the more terrifying the power of thunder.

Today, ye Chen will surely die without a burial place, and solve the future problems thoroughly.

When the time comes, his treasures and opportunities are not all theirs?

At the thought of being able to kill Ye Chen and snatch the chance, they have already been unable to bear it.

Ye Chen laughs but does not speak, whether can live on, they said does not calculate.

he wants to live, he has the final say.

The thunder extermination array has been completed. On top of the dark clouds, the huge thunder fell in an instant.

When the thunder fell, the hearts of the five powerful soul hall could not help but get excited.

In their opinion, ye Chen may not even be able to bear the first thunder!

Boom!

A thunder force mixed with the breath of destruction suddenly fell on Ye Chen's body.

Thunder dispersed, five soul hall strong see ye Chen's state, thoroughly scared a big jump!

Ye Chen did not have a thing at all, how could this be possible?

They rubbed their eyes, but found Ye Chen standing in place, no injuries.

Hiss!

The five powerful people in the soul hall take a breath. What's the situation? How can they be confused?

Ye Chen has a smile on his mouth. His body is indestructible because of his body and immortal spirit.

With the blessing of blood, what is the thunder?

What's more, the power of thunder, ye Chen has already suffered countless times.

At the beginning, it was because of the power of thunder, the understanding of the law of time, the power of time!

He is immune to thunder.

"I don't believe it. He must be playing tricks."

One of the powerful soul Hall said that he did not believe Ye Chen's body could be so terrible.

Boom! Boom!

One after another, the thunder falls continuously. Ye Chen doesn't do anything. He even closes his eyes and uses thunder to practice the law of time.

How could ye Chen give up such an opportunity.

Pooh!

A strong soul hall, a mouthful of blood spurted out, chest ups and downs, it is obvious that ye Chen Qi vomited blood.

Looking at Ye Chen's leisurely appearance, as if his own back garden.

"Can thunder be more powerful?"

This time ye Chen a word, let soul hall strong person almost be gas faint past!

What is this?

"Did you not eat? Why are you so weak? Is it true that the cultivation of Xingqiao state has been applied to dogs? "

Ye Chen opens his mouth with a smile, and he feels very comfortable when he is able to Qi these powerful people in the soul hall.

"Angry old man!"

A strong soul hall, would like to spit blood three liters, ye Chen's mouth is too bad to beat.

As an hour passed, ye Chen felt that it had no effect to continue to comprehend the law.

After all, it's not the thunderbolt from pure heaven. There is no comparability between the two.

"Two shots, break your formation!"

Ye Chen a word, can be said to be extremely arrogant!

"You really think you can come out! If you break through the battle with two guns, I will abandon my cultivation! "

A strong man in the soul hall spoke directly.

Thunder exterminating array not only attacks terror, but also is extremely powerful in defense.

Ye Chen tries his best to get out, but if two guns want to break the battle, how can it be possible?

Ye Chen did not answer, he put away the blood demon sword, Zhutian magic gun in his hand, suddenly raised.

In the moment that Zhutian magic gun is lifted up, the momentum around Ye Chen changes completely.

Ye Chen at this moment seems to be like a gun, a magic gun standing on the nine days!

"First shot, broken star!"

Ye Chen murmured in his mouth, the momentum of heaven and earth constantly surging into his body.

The strong man of the soul hall saw the heaven and earth pouring in, and his brows were locked.

With the help of the power of heaven and earth, it is not only a matter of strength, but also the recognition of heaven and earth. In the whole Lingwu continent, there are many strong star orifices, but not many who have broken through to Fengmen!

If you want to break through the boundary, you must get the recognition of heaven and earth.

This is also the reason why the sealing environment is powerful. Every move is in line with the trend of heaven and earth.

No matter how powerful fengmenjing is, it just uses the power of heaven and earth.

Now ye Chen is able to use the power of heaven and earth, isn't it that as long as he doesn't fall and breaks through to the realm of sealing doors, it's only a matter of time.

It was the first time that they met in the world of harmony.

Zhutian magic gun radiates a dazzling light, the gun is like a dragon, and a gun bombards the thunder extermination array.

Ye Chen understands that the first shot to break the star, when the strength reaches a level of terror, with the help of this gun, you can stab the star with one shot.

Boom!

At this moment, the thunder exterminating battle was crumbling, but it persisted.

The powerful people in the soul hall can't help but breathe a sigh of relief when they see this scene. They are really afraid that ye Chen will break the thunder extermination array with one shot.

Ye Chen's face did not change a bit, the arm raised again.

"Second shot, annihilate the whole army!"

With the help of the strength of the waist, Zhutian magic gun is thrown, and the gun head suddenly bombards the thunder extermination array.

Boom!

The strong man in the soul hall looked at the past with burning eyes, and found that the thunder extermination array was not destroyed. He immediately laughed.

"Two guns destroy thunder and destroy the world array. Do you really think you are a strong star body?"

One of the strong soul Hall said, but ye Chen's eyes, looking at him, extremely flat.

"What's the hurry?"

Words fall.

Click! Click!

At this time, all of a sudden, there was a sound from the whole thunderbolt.

Thunder extermination array, the blue barrier, began to crack continuously.

Ye Chen has already known that the power of the second shot is not only superficial.

Boom!

The thunder extermination array is completely broken. Ye Chen comes out of the array and looks at a strong man in the soul hall and says, "I hear you want to abolish your cultivation?"

The strong man in the hall of soul did not answer, but the whole human body kept shaking.

He said it just now, but he didn't expect it. Ye Chen broke the array with two shots.

Not only this strong soul hall so, the other four soul hall strong state, not much better.

It is not only the destruction of their faith, but also the destruction of thunder.

Chapter 1958

Now the five strong soul hall, looking at Ye Chen, only a strong look of fear.

They know that even if they enter it, they will die completely.

But now, ye Chen easily broke the battle, let them be completely scared!

What did ye Chen experience in the sea of Jiuyou? His strength has become so terrible.

No, what is really powerful is the extraordinary gun in Ye Chen's hand!

They always feel that they have seen it somewhere!

But no matter what, I can't think of it!

The five powerful people of the soul hall looked at each other, and in an instant they directly put out their hands.

They have no way, long ago and ye Chen is the situation, there is no room between the two.

In the moment when the five powerful soul hall hands, ye Chen's whole figure moves.

He came to one of the strong side, Zhutian magic gun raised, a gun suddenly fell.

At the moment of a shot falling, the powerful man in the hall of soul only felt that he was locked, and there was no way to escape the gun.

While he was thinking, the gun head of Zhutian magic gun fell down in an instant.

Stab!

A shot went straight through his shoulder and a stream of blood shot out.

At the back of Ye Chen, a strong man in Xingqiao state suddenly cuts down.

Boom!

He even found that there was no trace of the water star in the background of the famous star.

Now they are thinking in their mind, ye Chen in the end in the sea of nine you how much chance against the sky?

When they didn't enter the sea of nine you, they could easily break Ye Chen's body, but now, it seems that it is just in vain.

Ye Chen is not interested in their idea. He pulls out the gun of Zhutian and stabs him directly with a gun.

Seeing this scene, the star in a strong state of mind was so frightened that he retreated in a hurry and did not dare to delay at all.

When he retreated, ye Chen kept up with him!

All of a sudden, a strong soul hall appeared on his left, trying to rescue his companion.

Ye Chen mouth reveals a trace of sneer, and then take the bleeding magic sword, a sword to cut out.

An extreme sword light will fall in an instant.

Although this sword can not bring any substantial damage to the strong in the soul hall, for ye Chen, it is enough to hold two rest.

The rest time is enough for him to do something.

"Broken star!"

Ye Chen murmured in his mouth, and the gun of Zhutian God and devil stabbed out at the strong man in the state of escaping star orifices.

Boom!

After ye Chen broke the thunder and extermination array with two shots, he was scared to death.

When a shot came, there was no resistance.

A shot went through his abdomen and the blood flowed out.

When ye Chen pulls out the gun of killing the gods and demons, the one with strong Xingqiao state falls to the ground from the void.

The remaining four strong soul hall, forming a encircling momentum, rushed over, ye Chen's face unchanged, cold voice said: "annihilation of thousands of troops!"

The power of heaven and earth rushes into Ye Chen's body crazily and sweeps away with the gun of Zhutian.

Although the speed of the four powerful souls hall is fast enough, it is still slower than ye Chen.

Bang bang bang!

The head of the gun cut their flesh and blood, which made them scream.

When the end of the scream, they have not yet reacted, a dark force inside the body suddenly exploded.

Boom! Boom!

Pooh!

Blood gushed out one after another, and the four powerful people in the soul hall were pale and their bodies fell on the ground.

Originally, they and ye Chen can still entangle for a while, even have the opportunity to kill Ye Chen.

It's just that they themselves have some injuries, and when ye Chen rushes out of the thunder extermination array, they have no intention of fighting.

That's why I lost so fast, or I could hold on for a while.

Ye Chen fell from the void and looked at the five powerful figures of the soul hall. He said directly, "what are you planning for your soul hall in the ancient battlefield?"

After he entered the palace and saw the arrays and coffins, he knew that the soul hall must be preparing something.

This is the direct reason ye Chen didn't kill just now.

He wanted to know what the hall of souls was going to do.

What exactly are those arrays and coffins? These can only be found from them.

The five powerful souls hall looked at each other, but no one said.

This is the biggest secret related to the soul hall. Otherwise, they would not have been sent here. To be able to send out five star orifices, we can imagine how much the soul hall attaches importance to.

"No?"

The corner of Ye Chen's mouth rises slightly. As soon as his voice falls, the blood demon sword in his hand is directly aimed at a strong person in Xingqiao state, and is chopped down with one sword.

The arm is broken.

"Ah

The star's body was in a strong state and made a miserable cry. Just now he didn't respond to it. His arm had already landed, and then came severe pain.

Ye Chen looked at him and then said, "I have time to spend with you now. You can choose whether you want to die happily or to be tortured to death."

It's obviously impossible to let go of these powerful souls!

The star was in a strong state of mind, forced to endure the pain, but still did not say a word.

Ye Chen holds the blood magic sword in his hand, which is another sword!

Stab!

His arm fell on the ground, and the rest of the powerful soul hall took a look, showing a look of fear.

In their eyes, ye Chen is a devil.

Killing people is just nodding, so torturing people

The vitality of those with strong star orifices is extremely tenacious, not to mention breaking hands and feet, even if the heart is not extinguished, they can live on.

The famous star's body state strong person originally wanted to open his mouth. Who knows Ye Chen's speed is faster, and the blood magic sword directly cuts off his two thighs!

"Ah

It was a pity that only six of them could hear the scream of killing pigs in the ancient battlefield.

Ye Chen finished all this and came to the side of another powerful soul hall.

When that strong soul hall, see ye Chen, eyes endless horror.

"I said, I said! Please don't torture me

They have never thought about whether they can live or not.

It's certain that they won't let go.

"You see, that's what you're told!"

As soon as ye Chen's voice fell, the strong man with his legs cut off wanted to cry without tears. He also wanted to say it. Who knows, ye Chen doesn't give a chance at all!

There is no light in the eyes of the five stars. If you don't say it, you will die.

Just hope to have a happy death!

"This time, the hall of soul arranged for us to come here mainly because of an unexpected visitor, Lin Juelong. Lin Juelong came from Kunlun void, a low martial position. A clan of Kunlun Xu was once a terrifying force in Lingwu land in ancient times. This force has the secret of changing the pattern of Lingwu land."

Chapter 1959

"It is said that as long as you control this secret and succeed, you can stand on the top of Lingwu land.

Even against the kingdom of God.

Over the years, the kingdom of God has been pursuing the whereabouts of that force. We can't test all these things outside the hall of the soul. Only heaven and earth are safest. "

Ye Chen Mou son a congealing, he already in this array to detect the breath of Lin Jue long.

Sure enough, and Lin Juelong can not get rid of the relationship!

As for the Kunlun virtual force among these people, it should be the blood alliance.

Since the blood alliance has something to do with Lingwu, why is it so easy to die?

Or is there something deeper behind Kunlun Xu?

Ye Chen thought of what, continued to ask: "you should control a lot of information, can you know other things about Kunlun Xu?"

The powerful man in the hall of the soul knew that he was doomed to die. He did not want to be tortured again. He hesitated for a few seconds, and suddenly said, "I heard the Lord of the temple mention something by chance. It seems that Kunlun Xu has a lot to do with a family in the kingdom of God."

"It's a low martial world, but there's something behind it that you can't control."

"The Blood Sword gate founded by the blood spirit clan, and even our soul hall, are the vassals of the kingdom of gods in Lingwu land. An adult of the kingdom of God once let the Blood Sword gate invade Kunlun void, ostensibly seizing resources, but actually it seems to be looking for someone..."

Hearing this, ye Chen clenched his fist, and his endless killing intention surged.

Blood spirit clan! Blood Sword gate! How many years has Kunlun been suppressed!

Even imprisoned the great power of the samsara cemetery!

And behind all this, there is the shadow of the kingdom of God!

What does the kingdom of Lingwu do?

"What is the name of the Lord of God?"

Ye Chen suppressed the shock in his heart.

These soul hall strongmen said of course is hearsay, but also have certain reference qualifications.

It may even be accurate!

At present, the biggest clue is the so-called God!

That soul hall strong person looked at Ye Chen, mouth slightly open, just want to open mouth!

Heaven and earth kill the domain suddenly gush out an extreme breath!

Extremely cold and awesome!

That soul hall strong person's words have not finished, suddenly the body explodes.

Boom!

At the moment of the explosion, countless flesh and blood were flying in the void. Not only that, but also the remaining four powerful people in the soul hall opened their eyes, and the whole body exploded directly.

Ye Chen hastily retreats, is uses the red dust God vein to protect the body!

It's not hurt.

He gazed at everything in front of him with a frown.

It's clear that the strong in the hall of souls are aware of something.

These five strong souls hall must have something in their bodies, which will explode when they tell the secret.

Just at this time, the sudden change raised, and the blood in the air gradually gathered into a shadow of the old man.

Ye Chen took a look and was alert for a moment. This is definitely the strong one he can't touch, at least the existence above the seal door.

Even if it is too empty, it is possible!

Is this the master of the soul hall?

Or are they the people of the kingdom in the mouth of those who are powerful in the hall of souls?

The old man took a look at Ye Chen, his eyes were somewhat surprised and fluctuated, and finally returned to calm.

From the beginning to the end, there is no hand to Ye Chen.

Soon, it disappeared between heaven and earth.

The empty shadow of the strong in the soul hall disappears. Ye Chen looks at it, but he doesn't put it in his heart.

The hatred between him and the soul hall will be settled sooner or later.

Ye Chen came to the palace alone and took a look at the coffin and the array. He wanted to open it with brute force, but found that the coffin did not move.

Depending on his current strength, it is impossible to break through with brute force. It is obvious that the prohibition in this is not set by the five powerful soul hall masters.

Since he can't open it, ye Chen is not in the mood to check again, and then comes out of the palace.

He left the whirlpool and went outside to find Ji Lin.

.....

Outside the black whirlpool, there are three women beside Yan Kun. They are Ji Lin and Lengyan.

Yan Kun came to the place of the black whirlpool and noticed that the breath of Ye Chen disappeared.

Originally, he wanted to go in, but he felt too evil to check.

He does not have the courage of Ye Chen. All the hopes of the Qiankun clan lie in him.

Originally wanted to leave, but found another place still has the breath of Ye Chen.

He finally found the array of isolating breath under Ye chenbu and easily broke it.

And found Ji Lin and Lengyan.

These three women all have the breath of Ye Chen. Yan Kun holds the three women and waits for ye Chen.

"You'd better let us go, or Ye Chen will never let you go."

Ji Lin in the side of the threat of opening, looking at Yan Kun did not have the slightest look of fear. She is not a person from Lingwu mainland. She hasn't been here for a long time. She doesn't know the identity of Yan Kun.

Moreover, Yan Kun has no intention to hurt them.

However, Lengyan and Li Ting are different, and instantly they realize the identity of Yan Kun.

Heaven and earth!

They are warriors in the land of Lingwu and naturally know something.

The Qiankun clan has been gone for millions of years, but I didn't expect to live.

Yan Kun took a look at the three people, did not speak, continue to guard the hole.

"I'll wait for him."

Before the words fall, a voice full of anger rings out:

"Yan Kun, you have been injured, are you sure you want to move me! Dare you

Ye Chen is here!

When Ji Lin saw Ye Chen, he was ecstatic.

Ye Chen into the black vortex inside, she has been worried, but now finally safe back.

As for Yan Kun, Ji Lin is not worried at all. Ye Chen will surely save them.

Ye Chen can't beat Yan Kun, Ji Lin, this little girl in the mind, there is no such idea.

In her view, ye Chen is invincible, although some blind worship, but does not hinder.

"Ye Chen, if you can't, run away!"

At this time, Lengyan opens her mouth. She is not like Jilin. She knows the identity of Yan Kun.

Although Yan Kun had only the cultivation of Xingqiao territory, it was normal for the Qiankun people to fight beyond the level.

I'm afraid that in the face of half a step, there is still room for confrontation!

Moreover, the legend of the Qiankun clan makes them think that the Qiankun clan is the invincible existence.

Ye Chen shakes his head gently, some things, can't hide.

Suddenly, his killing intention was released!

Ye Chengang wants to sacrifice the God and devil gun to Yankun, and suddenly rises!

Yan Kun step out, directly came to Ye Chen's body!

This time there was no action!

It's on your knees!

What!

The only living existence of the Qiankun nationality in Lingwu land actually kneels down to Ye Chen?

Lengyan and Li Ting are totally confused!

The whole world seems to be suddenly quiet at this moment!

Ye Chen's expression is also extremely strange.

Is this the wrong way to open it?

Ye Chen suppressed the shock in his heart and said, "Yan Kun, what do you mean?"

Yan Kun raised his head, eyes decidedly: "I lost in the wind, I promise him, follow you."

"My life, born for you, died for you, does not belong to me."

Ye Chen suddenly realized.

Chapter 1960

He entered the sarcophagus, not knowing everything outside.

I'm afraid Yan Kun, who just woke up, is not the opponent of six swords.

Losers, the price of immortality is to follow themselves.

I'm afraid that if you know that the enemy you are facing in the future is strong, you need your right arm now, so you don't want to kill Yankun.

It's a move.

This is a chess piece given to you.

Ye Chen nodded and was just about to open his mouth. Yan Kun continued: "Ye Chen, you have refined the essence of my Qiankun family. You are also a member of my Qiankun clan. Can you and I not match each other with masters and servants?"

"I think you're big brother. That's the limit I can accept."

Finish saying, Yan Kun offered a drop of blood essence: "this is my blood essence, I can sign a contract with you, life does not betray."

Ye Chen smile: "you get up."

"There's no need for a contract, I trust you."

Ye Chen has heard of heaven and earth. Behind his strong blood, there is a firm belief.

As for cheating, it's impossible.

It can even be said that heaven and earth are powerful, but they are extremely honest.

At this moment, Yan Kun's eyes are full of surprise, even eyes gradually wet!

Ye Chen this trust, let him feel respect.

Ye Chen gently patted Yan Kun's shoulder: "you don't need this kind of reaction, you are free."

Yan Kun was stunned and stood up with firm eyes: "big brother, from now on, you and I will conquer the land of Lingwu. It's a pity that you are not a woman, or you can create the glory of Qiankun clan again."

Ye Chen hears Yan Kun's words, almost a mouthful of old blood spurts out, this what brain circuit.

He suddenly remembered a word from Huaxia, I regard you as a brother, you even want to sleep with me!

Ye Chen brings Yan Kun to Ji Lin and Lengyan.

"This is my sister Jilin! You can't let her suffer any injury. At the most critical moment, you should protect her

Ji Kunlin can protect a lot of people.

Yan Kun takes a look at Ji Lin and nods.

However, Ji Lin suddenly blinked his eyes and corrected: "you are Yan Kun, right? Ye Chen made a mistake just now. I'm not her sister, I'm Ye Chen's sister, so you'll call me elder sister later."

Ye Chen:

Lengyan: "I'm sorry

Yan Kun looked at Ji Lin thoughtfully, or opened his mouth: "yes, big sister."

Ji Lin was quite satisfied and turned his back.

I don't know if I'm laughing.

After introducing, Ji Lin inquired about ye Chen's black whirlpool.

Ye Chen also did not say anything, just told Ji Lin black whirlpool inside the soul hall strong, but he has solved.

As for the black whirlpool, it should be formed in the heaven and earth killing area the day after tomorrow. It can't be the layout of the powerful soul hall.

If it was not because he had not found his master, ye Chen would have wanted to leave heaven and earth.

This time, he has harvested enough, not only to obtain the devil body, but also to kill the God magic gun, and of course, Yan Kun.

These opportunities have been enough to make ye Chen wake up from his sleep with a smile. However, he has not found his master until now. There is always a thorn in his heart.

In particular, there was a tremor in the samsara cemetery. I'm afraid not only was the ice sword immortal statue trapped in it, but also a great power who was also killed in heaven and earth.

As long as you can save the master and another great energy, ye Chen's trip will be complete.

Just where is the ice sword immortal statue in heaven and earth?

This time, fengqingyang and the devil's eye did not give himself a hint, ye Chen can only rely on luck.

"Ye Chen, where are we going now? I found that there are many black whirlpools in the universe. " Gillin road.

Ye Chen nodded. He always felt something was wrong.

Just as he was about to speak, the black stone in his pocket flew out!

Rush in one direction quickly!

Ye Chen's face changed greatly!

Black stone can be related to the samsara cemetery, has been careful to stay in their own pocket!

How can this time suddenly change!

He no longer hesitated, using a hundred steps to catch up with electricity!

Speed to the limit!

"Yan Kun, protect Ji Lin and others, wait for me in the old place!"

With that, ye Chen disappeared.

Continue to chase, ye Chen found the wind howling sound, more and more big.

If only so, it is nothing, but these winds gradually let his body, almost unable to support.

What's up ahead?

Why did the black stone bring him here!

There are too many secrets hidden in the universe!

Ye Chen came to the interest, the closer, the wind resistance, more and more strong.

Insist on flying for three hours, ye Chen finally found the tuyere. Hesitating for a few seconds, step in directly! It was dark.

At the moment, ye Chen's body was cut by the wind, and the blood flowed out along his body.

This is also the basis of Ye Chen's possession of the magic body and immortal god body!

For a long time, the darkness disappeared.

Ye Chen stood up, looked up at all around, found that there was nothing around, only a piece of barren.

In the air, there is still a breath of ancient battlefield, but it is more intense.

Is it from this that the breath of the ancient battlefield passed?

This is just my guess. I don't know if it's right. I can only keep walking.

Soon, he was surprised to find two warriors here!

He took a look and found that the strength of the warrior was nothing more than the realm of creation!

Ye Chen comes to two people's bodies, and the two warriors take a watchful look.

"Brother, I have no malice, but I just want to ask, what is this place?"

The two warriors took a look at each other and found that ye Chen had only nine layers of heaven in the realm of Tao. He did not pay attention to it. He said in a cold voice, "we have just stepped into this place."

Ye Chen brows a frown, is entrance more than one?

Then ye Chen finally understood that there were black whirlpools of all sizes in the whole heaven and earth killing area.

Some of the warriors came in to check, and of course some were forced. They were sucked in by the strong wind and could not resist at all.

The two soldiers were in a bad mood, probably because they were forced to enter here.

The black whirlpool should also be formed recently, otherwise the strong in the soul hall would have been discovered.

Next, ye Chen said goodbye to the two men and continued to walk forward. He still found that there were many martial artists, and those with strong Xingqiao State met many.

After walking for a while, I found that there was a thick forest in front of me. There were fighting sounds and roaring of monsters.

Entering the forest, ye Chen sees three martial artists in the eight layers of the Xingqiao realm, and there are ten creative realms nearby.

When they see the target of their hand, ye Chen's eyes become instantly dignified.

It's a golden dragon!

There is a golden dragon in front of us. It is golden and the earth is shaking.

Powerful forelimb, a claw down, instantly can pinch the strong person who creates the chemical environment.

However, to Ye Chen's surprise, the Golden Dragon's strength is only in the six layers of the star's orifices. It is only a matter of time before the golden dragon is defeated in the face of the attack from the strong man in the eight layer sky of the star orifices.

Did the golden dragon have been injured and trapped in the heaven and earth?
