

## Physician 1961

### Chapter 1961

At the moment, the eyes of the three powerful stars in the eight layers of the sky are full of greed.

The whole body of golden dragon is a treasure. Even a drop of blood is valuable.

Now let them meet, how can we let go?

Ye Chen has been watching in the distance, and the strong man of Xingqiao state has already found him.

It's just that he didn't put it in his heart. How could a man who combined with Taoism and martial arts also want to snatch the Golden Dragon from their hands?

After solving the golden dragon, they can shoot to death with one slap.

Ye Chen did not care, since he met the golden dragon, he did not want to let go.

Although he is not necessarily an opponent at present, he still has a certain degree of self-confidence when he leaves safely.

Three strong men in the eight layers of Xingqiao state attack frequently, and the rest of the top warriors of the natural world are on the side.

The Golden Dragon has not been able to support too much time. Ye Chen guesses that he can only persist for half an hour.

Time passed by quietly. Half an hour later, the golden dragon was no longer able to continue fighting.

Its eyes inside a piece of dead ash, breath if there is no, the huge body suddenly fell to the ground.

The three strong men in the eight layers of the sky of the star's orifices showed an excited look, and then arranged for their men to block the wounds of the Golden Dragon.

A drop of blood is worth a lot!

One of them, who is strong in Xingqiao, takes a look at Ye Chen's direction and finds out that a little martial artist in the realm of Tao has not left yet.

"Third, you arrange for your men to beat that mole ant to death!"

A mole ant in the Taoist realm is not even qualified to let them fight.

The third one nodded slightly, and then called a warrior who made the peak of Huajing.

He said two words in his ear, and soon the warrior who made the peak of the chemical realm nodded gently and ran towards Ye Chen's direction.

Ye Chen sees this scene, the corner of the mouth reveals a trace of smile.

Let a warrior at the top of the realm of nature come here, isn't it a death?

The blood demon sword is held in the hand. When you see the figure of the top warrior in the realm of fortune, you can chop it out with a sword.

The warrior who made the peak of Huajing sneered and laughed scornfully. How dare a mole ant in the Hedao environment dare to take the lead in attacking him?

He slapped down at will, then a huge hand print, at this moment, toward Ye Chen.

When he fell, he wanted to turn around and leave, and there was no need to look down.

However, Ye Chen's sword directly tears Everything and cuts his fingerprints in half, and the sword spirit rushes to the warrior who creates the peak of the chemical world.

The speed of sword Qi is extremely fast. The warrior at the peak of the state of fortune has no time to avoid it.

At this time, he felt a threat of death in his heart. Although the sword spirit had not reached his side, it had already cut his flesh.

How strong! Is this really a nine level heavenly warrior in the realm of the Tao?

The thoughts in his mind flashed away, and the whole human head flew into the void and landed on the ground.

One of the bodies went straight down.

The sound of fighting over here attracted the attention of three powerful stars. They found that their subordinates were killed by a sword.

"Is this man pretending to be a pig eating a tiger?"

One of them, a strong star, said in a cold voice.

In addition, he really can't think of why the martial arts in the same way can kill the peak of the creation state in seconds.

Ye Chen knows that it is meaningless to continue hiding like this.

The whole person flew directly to the crowd, and left for the body of the Golden Dragon.

"No, stop him!"

Ye Chen's speed is so fast that they are all confused. If they don't stop them, I'm afraid they can get to the Golden Dragon in ten rest time.

Whoosh! Whoosh!

The figure of a well-known man in the world rushes past, but ye Chen's mouth is filled with a faint irony.

The blood devil sword in your hand will be chopped directly.

In the moment of waving and chopping out, a sharp sword light suddenly rushed past.

Sword light tears the space, causing a gust of wind whistling, where ye Chen goes, the surrounding trees fall to the ground.

Stab!

A sword goes down, one of the strong man who creates the world, a sword directly penetrates his chest.

Those who are strong in the besieged environment will take a breath of cool air.

Seeing this, I was almost scared to pee!

Where are the martial arts people from Hokkaido, so terrible?

Killing the strong is like killing a dog.

One shot, directly suppress many warriors, so that they dare not move easily.

Ye Chen also took the opportunity to come to the body of the Golden Dragon.

His hand grabbed the body, and then the Golden Dragon disappeared in front of the crowd.

The three stars with strong orifices, with big eyes and small eyes, reacted in a moment of confusion. The prey they managed to kill is now in the hands of others.

Angry, they three brothers, the extreme speed suddenly rushed past.

Although Ye Chen has some evil sects that can kill those in the realm of Zaohua in seconds, they don't care about it.

Even if they make a move, they can also kill those who are strong in the natural environment.

They don't believe that ye Chen can kill them.

The breath of terror suddenly rushed over, and ye Chen frowned and ran away without any hesitation.

A strong star in the world of eight layers of heaven, he is not sure that they can not solve it, not to mention three.

At the moment of Ye Chen's escape, the three brothers directly chase after him.

When ye Chen fled, they knew in their hearts that this person was definitely not their three opponents.

Otherwise, it would not have escaped.

At the thought of this, their speed urges to the extreme. As long as they catch up with Ye Chen, the Golden Dragon's body will be captured.

At the thought of Ye Chen daring to pull out his teeth in front of them, he couldn't help his anger.

When the time comes to seize Ye Chen, absolutely must torture a time, dare to move the earth on Tai Sui's head, live impatient!

Although Ye Chen's speed is fast, there is still some gap between Ye Chen and the strong one in the eight layers of the sky.

"Ha ha, big brother, this boy can't run away!"

One of them had a ferocious scar on his face and said with a sneer.

They are getting closer and closer to Ye Chen's figure. I'm afraid they will be able to catch up soon.

Ye Chen turned his head and took a look at it, and then the speed immediately increased a few points.

Three brothers see ye Chen speed up, almost a mouthful of old blood spit out.

The speed of a martial artist in the realm of Taoism is so fast that he has not used all his strength.

Three brothers for the golden dragon, can not help but speed up a bit.

As long as you can catch Ye Chen and get the golden dragon, you can accept it even if you pay some price.

Their three brothers play to the extreme speed, and even use secret arts to improve their own speed.

Three hours later, the three brothers are getting closer to Ye Chen and have reached a certain range of attack.

Among them, the third strong man took out a bloody red sword.

The breath of the sword is the weapon of time and space.

As soon as the sword in his hand was raised, a sword spirit came out.

A sword light toward the direction of Ye Chen.

Where the sword light went, rows of trees fell to the ground.

Chapter 1962

The sword light behind the attack, the speed reaches an extreme, ye Chen turns to stop, and the immortal sword idea erupts on his body.

In the face of the strong man in the eight layers of the celestial body, he had to be cautious.

The idea of immortal sword is in the sky, and ye Chen at this moment seems to be a peerless sword.

Sword with the heart, the body's energy, constantly into the blood magic sword.

Raised his hand, a sword waved out, sharp sword light, suddenly fell.

At the moment when the two swords were in contact, there was a violent fluctuation.

Terror wave, explosion.

The scope of the explosion spread from the center.

Ye Chen with the help of the impact of the explosion, crazy retreat.

At the moment when he retreated, the three powerful stars suddenly caught up with each other.

Three brothers surround Ye Chen, a sneer comes from the corner of his mouth.

Ye Chen saw that he was surrounded, there was no change in his face, but his brows were locked.

"Take our things and want to run?"

"Hand in the golden dragon, and you can have a whole body."

In the eyes of the three brothers, ye Chen is a dead man and can't live at all.

Ye Chen laughs but does not speak, they three people also really thought that eats definitely him.

The blood demon sword and the Zhutian magic gun were in the hand, and the extraordinary breath came.

The three brothers took a look, and suddenly some hearts, did not think that a martial arts person in the realm of Taoism had a lot of treasures.

The three of them can see at a glance that the extraordinary killing God magic gun and blood magic sword are definitely the existence of soldiers beyond time and space.

How can this kind of treasure be put on a small warrior in the Hedao realm?

Ye Chen can see the greedy look of their three brothers, but they also need strength to get hold of it.

The law of time, the law of ice, and the law of time and space burst out madly from ye Chen's body.

Here, the law is more effective than any other means.

Moreover, the power of his laws has improved.

In the whole air, the three laws fly wantonly, and the surrounding trees are frozen in this instant.

Click! Click!

The air of the law of time and space makes the void extremely unstable.

The breath of the law of time flows in space.

The three powerful stars in the eight layers of the sky, frowning, the surrounding atmosphere, let them all feel a trace of threat.

Ye Chen let them see through, decided to solve as soon as possible, in order to avoid what happened.

The three of them are strong at using swords, and they also have a set of unique skills of joint attack.

They waved, three sharp sword light, suddenly rushed past.

Ye Chen's blood magic sword and Zhutian magic gun resist two sword lights.

When another sword light comes, ye Chen twists his body and dodges the past in a twinkling of an eye.

After escaping from the three sword lights, ye Chen's whole body suddenly rushes past.

At the moment when he rushed past, the spear and sword light came to attack in an instant.

The devil gun turned back and landed on their bodies.

When they were about to fall on them, one of the strong men grabbed the gun directly.

At the moment of grasping the gun, ye Chen did not hesitate.

Then one sword directly cut down.

Boom!

A sword suddenly went down, and the strong man felt the sharp sword spirit and quickly released his hand.

Ye Chen took a look and decided to rush out. It's no use fighting them to death.

After all, he didn't know where it was.

It's important for them to escape early, what's the most important thing for them to escape.

In the face of the strong man in the eight layers of the astral world, I don't know what means to hide.

Ye Chen does not want to love war, find a gap directly rushed out.

In his rush out of the moment, the use of the strength of the whole body, speed to an extreme.

The three brothers looked at each other, hoping to slap dead Ye Chen with a slap, and could only keep chasing.

If he was an ordinary strong man in the harmonious world, he would have been killed by them, but this boy is really evil.

It's just a monster. They have never met such a warrior.

Ye Chen runs away all the way. When he runs away, he comes to the caves of some monsters.

In the cave, he deliberately attracted the monster out, as for the back of the matter, naturally to the back three brothers to deal with.

Behind Ye Chen, the three stars with strong body state were in a state of exasperation. They all had some injuries.

All these injuries are due to Ye Chen.

If ye Chen didn't deliberately attract monsters, how could they be like this now.

Fortunately, the strength of the monster is not particularly strong. The three brothers can deal with it. It's also because there are three stars with strong orifices that they don't follow Dieye Chen.

Otherwise, if it had been put on one of them, he would have been escaped by Ye Chen.

As time goes by, the more you go, the more powerful the spirit of the monster is. Ye Chen, some of the monsters, dare not provoke him. He can only find another way.

The three brothers didn't want to give up. After all, ye Chen was evil enough.

If they meet some powerful monster in the deep, they may not live. But when they think of Ye Chen's treasures, they can only bite their teeth and keep walking.

Ye Chen took a look at the front, and found that the dense white fog came into being.

In front of the white fog more and more rich, ye Chen's heart always has a kind of ominous premonition.

Closer to the scope of the white fog, ye Chen's heart inside the ominous premonition, more and more intense.

Ye Chen stood at the edge of the white fog, motionless, considering whether to enter.

At this time, the three strong stars in the eight layers of orifices have caught up.

They see ye Chen stay in place, immediately laugh voice.

"Why don't you keep running!"

"I'm afraid you're exhausted now. Now hand over your treasures and become our minions. I'm afraid you can save your life."

Ye Chen didn't put them in his heart.

He gazed at the white fog and decided to go in.

Three brothers looked at the front of the white fog, also feel a little strange, but see ye Chen's figure rushed in, they frown.

Now they are struggling to get in.

They didn't know what terror was in the white fog.

Who knows what it's like to enter it.

"What are we afraid of? A warrior in the same realm dares to enter. What are we afraid of?"

The head of the boss spoke directly, the three figures, disappeared in the white fog.

After ye Chen entered the white fog, he found that his spirit power was blocked and could not be used. He could only rely on the naked eye to observe.

The white fog became more and more intense, and I could hardly see my fingers.

Ye Chen himself, carefully forward, about a stick of incense time, suddenly heard a burst of singing.

From the beginning, the song seemed to be a little depressed, as if to see a group of Armored Warriors, ready to die.

Soon the war broke out, and the singing became hot at this moment.

Gradually, the battle was defeated, and the song seemed a little bleak.

Chapter 1963

Ye Chen was attracted by the song, along the song forward, a foot out, the foot came to the sound of click.

Looking down, I found a body that had been dried.

Continue to walk, more and more bodies, every step came to a click sound.

These corpses have been stored for many years. Under his feet, they are all white bones.

Step on step!

At this time, ye Chen heard the voice in front of him, walked for ten minutes, and found that in front of him, one soul stood there.

These souls were dressed in war robes, each with a dignified expression. Beside them, there were war beasts.

These war beasts stand beside the Armored Warriors.

Ye Chen can see that these souls are dead Armored Warriors, and their resentment has been there.

All of a sudden, the warriors looked in the direction of the armor.

Ye Chen secretly called out no good, he was found!

Sure enough, one of the leading generals stepped on the war beast, took out a sword and pointed to Ye Chen's direction.

"Kill!"

Whoosh! Whoosh!

The armored warrior quickly mounted the battle beast, and the sound of the horse's hooves kept on rushing towards Ye Chen.

Ye Chen saw this scene, the whole person wry smile, his breath of life is too obvious.

These souls are all entangled with death, but he is not the same.

Seeing the armor warrior rushing over, ye Chen has to fight and take the bleeding magic sword, and the whole person directly rushes to it.

Although there are many Armored Warriors, their strength is not particularly strong.

Basically, they are in the realm of harmony or creation, but the general in the armored warrior is a strong one in the Xingqiao realm.

At the moment when ye Chen rushes past, the blood demon sword in his hand is waved out.

The fierce sword light, quietly fell down, each sword light is mixed with the breath of terror.

Whoosh! Whoosh! Whoosh!

The light of the sword flew out, and the Armored Warriors who ran in the front fell to the ground.

These Armored Warriors themselves are the souls of death, and they don't know how timid they are.

Constantly towards Ye Chen to kill in the past.

An hour later, ye Chen did not know how many souls and Armored Warriors had been killed, but these Armored Warriors seemed to be killing them all.

Every time you kill a wave, there will be a wave. How many Armored Warriors are killed here?

In an hour, he killed not only 10000 but also 8000 souls and Armored Warriors.

Ye Chen has no way but to continue to kill. These souls and Armored Warriors have long had no mind and only instinct will to fight.

They have regarded Ye Chen as an enemy and will not have any affection at all.

The breath of the law of time makes these soul armor warriors stay in place, and then cut the sky with a sword. A sword swings out, and at least thousands of Armored Warriors fall to the ground.

Fortunately, the strength of these Armored Warriors is not strong. If they were strong in Xingqiao, they would have died long ago.

The battle goes on and on, and ye Chen moves on with each row of Armored Warriors killed.

When ye Chen moves forward, these Armored Warriors seem to kill red eyes and constantly surround Ye Chen.

After two hours of killing, ye Chen only felt that his arm was a little sore.

There is a steady stream of these Armored Warriors. Ye Chen feels that he may not be able to kill them all his life here.

He didn't want to go on fighting any more, and took a look at the general who was commanding the Armored Warriors in front of him.

He decided to rush through here, but he wanted to see what these Armored Warriors were guarding.

"Step by step!"

Ye Chen murmurs in the mouth, the speed is extremely fast.

Rapid loss of spiritual power!

These Armored Warriors are totally unstoppable. Ye Chen's speed is very fast.

In a twinkling of an eye, he came to the general. After seeing ye Chen, the general looked dignified and cut out with a sword.

Ye Chen reluctantly dodged, with some scars on his body.

Suddenly, the song sounded again, ye Chen looked up at the front and found a statue.

The statue is not a man, but a woman, wearing a robe, holding a long gun, quite a heroic feeling.

Women are gods of war?

This is the first feeling for ye Chen, like a god of war on the battlefield.

In the back of the armor warrior, stop chasing, look at Ye Chen, turn around and go!

Ye Chen saw a strange scene and did not say anything.

The song comes from the statue of the God of war. Ye Chen looks forward and finds that the statue is no different.

After staying for a moment, ye Chen did not find any problems. He was ready to bypass the statue of the God of war and continue to move forward. However, he had just taken a step, but he found that he had hit something. Bang!

A dull sound, ye Chen touched his forehead, and then reached out to touch the front, found a barrier.

There is no road ahead, or deliberately let others blockade.

Ye Chen is ready to go back. Since the three powerful stars have disappeared, it is no longer meaningful to stay here.

He took a step, but he felt something dripping on his forehead.

Ye Chen raised his head and found that the eyes of the statue of war god were in tears.

"What is the situation?"

I don't know the situation, murmuring.

It was the first time he saw the statue in tears.

Just then, the black stone appeared again!

This time, the black stone was suspended in front of Ye Chen and the goddess of war!

The bright light is extremely dazzling!

"You're here at last!"

An ethereal voice, into the ears of Ye Chen.

The voice is a woman, crisp around the ear, ye Chen feels that the person who speaks is the God of war.

That sentence, you finally come, let Ye Chen feel that the statue of God of war is here, as if waiting for himself.

Ye Chen stops and wants to continue to have a look.

The words of God of war made him have some doubts, as if he knew himself.

As he stayed, he noticed that the white fog around him gradually dispersed.

Ye Chen saw a tomb in front of him!

If that's all, there are nine dragons standing at the front door of the tomb.

The dragon is not a living creature. It has been unknown how many years it has been dead. However, the breath of these nine dragons makes Ye Chen breathless.

Ye Chen believes that if the nine dragons are still alive, one look can kill himself.

"Fortune and misfortune depend on each other, and eventually meet!"

The voice of the God of war once again enters Ye Chen's ear.

Ye Chen has a kind of intuition in his heart that the God of war wants him to enter the tomb.

I don't know why, but this intuition is very strong.

Ye Chen continues to move forward and finds that the original barrier completely disappears.

When they came to the tomb, there was a sudden change. The spirits of the Nine Dragons appeared and flew to the void.

Nine Dragons roared, a pair of eyes staring at Ye Chen.

The breath of terror makes Ye Chen almost lie on the ground.

No doubt, even if it's just dragon soul, if you want to kill yourself in seconds, you only need a finger.

Gradually, ye Chen found that the eyes of these dragon spirits were moist.

"Master, you are here at last!"

In a word, let Ye Chen's eyes almost stare out, master? What's going on here.

Ye Chen only feels a little pain in his head. Nine Dragons open their mouths to call his master. It is absolutely impossible to make a mistake, but why?

He couldn't think of it, but the Nine Dragons didn't seem to want to Tell ye Chen the answer.

The spirits of the Nine Dragons return to the body, and ye Chen opens the door to the tomb.

Stab!

The gate opened, ye Chen took a look at it, walked in and found that it was like the day, and there were countless gods and beasts on both sides of the road.

Baihu, Zhuque, Fenghuang, Xuanwu, Qinglong, Qilin

These gods and beasts are not statues, on the contrary, they are all real beings, but they have been dead for tens of thousands of years.

Although they are dead, their breath is more and more terrible.

The realm can not be explored at all. He continues to walk. Ye Chen finds that there is a stone gate. When he opens the gate, he finds a figure.

"The goddess of war?"

Ye Chen directly opened his mouth and looked at the figure in front of him in astonishment.

This figure is the statue of God of war outside.

He didn't expect to meet here in any case.

Now the God of war is just a wisp of soul. I'm afraid it will survive for hundreds of millions of years.

At the thought of this, ye Chen is awed, this is absolutely a strong person.

A wisp of soul survives for so long, the strength can imagine how terrible.

"Reincarnation tomb owner, finally let me wait."

The word of God of war, let Ye Chen not know how to answer.

So far, the nine dragons and the God of war seem to know themselves.

Know the secret of samsara cemetery!

The female war God did not pay attention to Ye Chen's suspicious eyes, but came to his side, a pair of delicate jade hands, stroking his cheek.

"Come with me!"

After the God of war finished speaking, he walked in front, and ye Chen followed behind.

About an hour later, he came to a coffin.

Ye Chen's heart, can't help beating violently.

"There is only one person in this world, and you are the only one." "You have reincarnation blood, you must know the reincarnation xuanbei."

Ye Chen hears the words of the God of war and breathes a little. Is there a reincarnation stele in heaven and earth?

Chapter 1964

"Master, do you know the whereabouts of the xuanbei of reincarnation?"

"It's important to me!"

Ye Chen arched his hand and said very seriously.

The female war god smiles: "I have already felt the breath of the reincarnation xuanbei in your body. It seems to be the dust stele."

"Although the dust tablet is the weakest of the ten samsara xuanbei tablets, at present, it is the most suitable for you."

"Only, your realm is lower after all. When you step into half a step, you can feel the real power of the reincarnation xuanbei."

Ye Chen heard half step seal door, eyes dim down.

It's a little far from myself.

If you can find the remaining few samsara xuanbei, you may have a chance to quickly step into the gate.

"One thing may disappoint you. There is no reincarnation stele in the heaven and earth killing domain."

Hearing this sentence, ye Chen can't help but feel lost.

However, the female war god continued: "although there is no reincarnation xuanbei in the Qiankun killing area, I know the whereabouts of the remaining nine samsara xuanbei."

What!

Ye Chen's eyes stare big, he never thought that this female war God should know the whereabouts of the remaining reincarnation xuanbei!

Does that mean you can make up ten dollars as soon as possible!

Thoroughly activate the blood, he can freely in the land of Lingwu!

Even it is not impossible to smash the kingdom of God.

"Don't be happy too early. The remaining nine tablets are not so easy to get."

"Once upon a time, there were ten guardians in each of the ten reincarnation steles. You have the breath of xuanyezong. I'm afraid you already know the whereabouts of the xuanyezong's reincarnation xuanbei."

Female war God light way.

Ye Chen Mou son a congealed, excited way: "where is the remaining guardian?"

The goddess of war sighed: "some people are dead, some people are hiding in the depths."

"The role of the reincarnation xuanbei is too great. It is very important for those who are at the peak of Lingwu."

"Killing and plundering treasure is normal in Lingwu land."

"And the kingdom of Lingwu is extremely concerned about it."

"Now that you have found the dust tablet, I suggest you go to find the burning stele of Shenhua college next."

"In the road of martial arts, to control the fire is to control everything."

"The burning stele also has extremely strong explosive power in combat, even in the strongest state, which is no less than the simultaneous explosion of hundreds of real artifact."

Ye Chen is slightly surprised.

Now he can control a thousand weapons explosion is enough terrible, dozens of weapons of time and space explosion, earth shaking.

And the burning stele is equivalent to hundreds of real artifact?

He Dao Xian (divine) tool, time and space weapon, artifact, true artifact, holy soldier!

The gap between this, ye Chen simply can't imagine!

When ye Chen thought deeply, the female war god continued: "nonsense is not much to say, since you come here, some things should also be taken by you."

After the goddess of war finished, and did not give ye Chen time to consider, her fingers gently waved.

The sarcophagus moved.

Boom! Boom! Boom!

Outside, thunder came into the world. The warriors who were looking for opportunities looked up at the sky one by one.

Who on earth is it that makes heaven angry?

Thunder fell, do not know how many warriors died, the outside world, like a purgatory.

A figure suddenly appeared in the sarcophagus.

Let Ye Chen's surprise is that the man in the sarcophagus is a bit like him!

The man looked up at the sky, only one eye, the sky appeared countless cracks,

CLICK!

At this moment, the way of heaven seems to be breaking!

There was a plaintive voice in the sky, as if it were begging for mercy.

At a glance, the way of heaven will be broken, dare not fight, just think about how to beg for mercy.

The thunder disappeared, and a seed suddenly appeared in the sky. The seed was shining brilliantly.

Heaven and earth kill territory, countless strong see the seed, showing a greedy look, even crazy.

This is taixuan dao zhong!

It is said that taixuan Taoism was bred at the beginning of heaven and earth. If you can get it, you will represent the way of heaven.

If you get the taixuan Taoism, all the warriors in the whole Lingwu continent should submit to his feet.

These star orifices became crazy, and even there were three and a half step door blockers.

One by one, these strong men flew to the void, trying to snatch the taixuan Taoist species, but they disappeared in the next moment.

All the martial arts don't know where to go.

Opportunity is a kind of thing. Sometimes it is powerful and has no effect.

Taixuan Dao species appeared in front of Ye Chen, and fell into Ye Chen's body.

Danchen inside the field, however, there is no seed in it.

Taixuan Taoism, ye Chen also know, waiting for the moment of germination, will show some effect. But what is this effect, ye Chen is not clear.

There are only legends in taixuan Taoism, and no one has ever got it.

"It's in your body for a while."

"Only by reincarnation can we be qualified to breed."

"I don't know whether it can sprout or not."

"Everything depends on cause and effect and fate."

Ye Chen has too many doubts in his heart. Why does the female god of war appear here.

And why do you know about the samsara cemetery.

He wanted to ask what, the female war God simply ignored, five fingers a grip, the figure in the sarcophagus, unexpectedly gushed out a drop of blood essence.

A drop of blood essence floated quietly in the air. The goddess of war opened her mouth and said, "grab this drop of blood and melt into your body. When you meet anything, don't panic! "

Ye Chen nodded gently, grasping the essence of blood in the void, and refining directly.

Boom!

At this moment, his body seemed to be about to burn, and his blood boiled.

Reincarnation blood in this moment, become completely violent up, gradually, ye Chen feel his eyes, become dark.

Time does not know how long the past, ye Chen once again opened his eyes, found that everything has changed.

Monsters, Terrans are constantly fighting, and even some other races are fighting each other.

Evil spirits, Asuras, kill red eyes one by one, only killing in mind.

"Is this the sixth lane?"

Ye Chen saw this scene, a little shocked, reincarnation blood, is in charge of the six samsara.

They are the way of heaven, humanity, Asura, animal, hungry ghost and hell.

In the six ways, the whole sky is dark and all order is disturbed.

The six ways are all concentrated in one world. Asuras, Terrans, demon clans, dead souls can no longer enter the samsara.

Just because the master of the six ways is no longer there, the so-called six ways have collapsed completely.

Ye Chen knows that seeing the scene in front of him is probably related to the drop of blood. What is the real as like as two peas in

? Ye Chen does not know. I am afraid it is exactly the same as what we can see now. Six.

Next, ye Chen continues to walk, found these monsters and Terrans, can not see him at all.

It was as if he had never appeared.

Once again, ye Chen finds a figure standing in the void.

The figure is the man in the sarcophagus who is similar to himself.

He stands in the void like an emperor who controls everything in the world.

Chapter 1965

All of a sudden, the wind and cloud changed, and a black lacquer finger suddenly fell down.

The man tried his best, but failed.

Hum!

Ye Chen opens his eyes and finds that he is still in place. The God of war looks at himself quietly.

"The six paths have collapsed. You need to grow up as soon as possible, rebuild the order of the six paths, and the reincarnation of the blood vessels must not be exposed. Otherwise, you will have a chance of life unless you surpass that person."

"Now the six ways in Lingwu land are under the control of the Shenguo."

"You have no right to fight."

Ye Chen a Zheng, hesitated for a few seconds or asked: "who is that man?"

The goddess of war calmly took a look at Ye Chen:

"the existence that once surpassed the kingdom of God."

"Do you really think you are just a young master born in Jiangcheng, Huaxia?"

"From the moment you were born, the game between man and power has begun."

"Or you are not a chess piece."

"Because, in this chess game, you are the only one."

"On the other side of you, it is the real towering power and the existence that countless people look up to."

"Someone in the kingdom of God has noticed you. You don't have much time."

"Go in."

Ye Chen found himself in front of a secret room.

"If you enter it by yourself, you can get the recognition of that man. It depends on your nature."

Ye Chen nodded slightly, pushed open the stone door of the chamber of secrets, and walked in.

Once inside, I found that there was nothing in the chamber.

All of a sudden, there was a figure floating out. Ye Chen took a look and found that it was the man in the sarcophagus.

"Beat me!"

However, the realms are all the nine layers of heaven.

Both are the same realm. Ye Chen holds the bleeding magic sword in his hand.

His eyes gradually become dignified, although they are the same realm, but ye Chen does not think that he will be easily defeated.

Ye Chen is the first to bear the brunt, and rushes directly in the past.

At the moment when he rushed past, the unreal figure did not make any movement, but stretched out his hand to point.

Boom!

A finger falls, ye Chen feels that he is completely locked in the same way, there is no resistance at all.

Pooh!

A finger down, directly through Ye Chen's body, directly a mouthful of blood spurt out, the whole person's face becomes extremely pale.

Ye Chen raised his head, staring at the illusory figure, his mouth revealed a wry smile.

The other side actually broke out the strength of the zenith of Xingqiao state in the ninth layer of Hedao.

Ye Chen knows that he is not invincible now, but he thinks that he is invincible under the same realm.

However, now it seems that there are people outside the people, there are days outside the sky!

This man is so terrible!

"With the help of external forces, you can never defeat me!"

Ye Chen put the blood magic sword into the reincarnation cemetery and took out a common sword.

The law of time is constantly flowing, and a sword is waving.

The power of the years spread everywhere, and the speed of the illusory figure reached an extreme. He avoided a sword light directly and came to Ye Chen.

Boom!

With one punch, ye Chen's whole figure flies backwards.

In the moment of flying out, the illusory figure kicks out.

From the beginning to the end, he did not use any skills, just a simple fist and a foot.

Ye Chen gets up from the ground and wipes the blood from the corner of his mouth.

A pair of eyes fixed on the illusory figure.

The sword was thrown on the ground, and then the whole man rushed directly.

Behind him, the forces of the six Tao were released, and the laws of time, ice, space and time, divine blood and the boundary of killing all erupted.

The immortal body radiated golden light, raised his arm and smashed it with a fist.

The illusory figure then raises a fist, at the moment of contact between the two.

Ye Chen's fist spreads intense pain, almost can't help roaring out.

The immortal deity is powerful, but it seems to have no effect on the illusory figures.

Ye Chen step back two steps, the whole person into the state of enchantment, and then, the whole body is full of black evil gas.

And the black light flashed out again.

At the moment when he rushed to kill the past, the unreal figure did not move. When a fist was about to fall on his chest, a faint smile appeared on the corner of his mouth.

"Still too weak."

Boom!

A fist down, the phantom standing in place, not even a step back.

Ye Chen frowns tightly. Although the opponent has reached the peak strength of Xingqiao state, his fist will certainly suffer some injuries if the peak of Xingqiao state is not resisted. But what is the situation now?

Although the man is strong, he can not be invincible.

In this world, where can there be truly invincible?

"Follow the source, all these things in you will only become your shackles!"

Let Ye Chen frown and follow the source?

What is his real origin?

Devil body? no

Immortality is not!

Even the six laws of God and king, the laws of time, the laws of ice, and the laws of time and space are not.

Only reincarnation is his real source.

"There are too many shackles on you. Although they are all means to enhance your strength, the real treasure is your blood!"

Immortal spirit body and demon body are nothing, but reincarnation blood is his strongest means.

But ye Chen did not know, in the end, how to urge the reincarnation of blood.

He had not tried before, but failed.

The illusory figure does not speak. The purpose of his existence is to point out.

Now his strength, if you want to kill Ye Chen, easy.

Ye Chen hides the immortal god body and the devil body in the deepest place, trying to activate the reincarnation blood.

Buzz!

At this time, the blood in his body seemed to roar and roar, trying to stand out from his body.

Blood is full of Ye Chen's whole body, his whole body's breath, smell a trace of samsara's breath.

"This

Ye Chen was stunned. Before he urged the samsara blood vessels to be indifferent, but now he has a silk reaction.

In this case, let Ye Chen ecstatic, should be because of that drop of blood.

At this moment, the breath of Ye Chen's whole body has undergone earth shaking changes.

"Drink

Ye Chen roared, then raised a fist, the whole body of blood urge.

The power of reincarnation surges and flows in his internal organs.

One punch out, bombard in the illusory figure above.

The illusory figure stepped back two steps, but didn't care. Instead, he said, "your reincarnation blood has not really awakened, but has already understood the red dust God vein, and encouraged and strengthened."

The illusory figure is not invincible. Only by understanding the power of reincarnation can he be hurt.

If you want to understand the power of reincarnation, the most important point is reincarnation blood.

Chapter 1966

The law of time can affect people's years, just like birth, death and old age.

Eventually one day will be years and time, all the life lost.

The power of reincarnation is in charge of reincarnation, from birth to death and into reincarnation.

Ye Chen stares at the illusory figure, and the whole person directly rushes to kill in the past.

The breath of the power of reincarnation is coming, just like a storm, rushing out.

When the power of reincarnation really reaches the peak, as long as ye Chen uses it, he can let the enemy step into reincarnation.

Boom! Boom! Boom!

Ye Chen and the illusory figure, one punch after another, without any pause at all.

Both sides burst out the power of reincarnation, fighting constantly.

The state set by the man is just beginning to understand the power of reincarnation.

If ye Chen wants to win, he must surpass that man in understanding the power of reincarnation to win!

What is reincarnation?

Ye Chen thought in his mind, birth, death, has been in constant reincarnation.

While he was thinking, every punch went out.

Between the two, the breath of samsara, constantly fighting.

"You are the reincarnation master of this world!"

The illusory figure suddenly says a word, ye Chen's eyes, gradually become bright.

He is the master of reincarnation. He controls the reincarnation in this world!

Boom!

A fist down, the phantom directly fly out.

Between the two, it is not the real strength confrontation, but the power of reincarnation.

Whoosh!

At this time, there was a vibration in the samsara cemetery.

The illusory figure disappeared in the world.

Ye Chen comes out of the chamber of secrets and sees the goddess of war. However, her illusory figure is getting weaker and lighter. I'm afraid that she can't last long.

"Do not use the power of reincarnation outside."

"Unless you're really in a situation of death."

"Otherwise, if you are detected by those people, you will be in danger."

"What's more, you can't control it now. It's just an illusion. If it's a reality, it's going to bite you."

"Unless you refine five samsara steles."

Obviously, the God of war knows everything inside!

Ye Chen slightly nods, once the reincarnation blood is discovered, I'm afraid he can't live at all.

"Now that you've got everything, there's no point in being here. It's time for me to leave."

There is no sadness on the female war god's face, but the eyes can't help looking at Ye Chen.

"I hope I can play another song for you!"

In the hands of the goddess of war, I don't know when a harp appeared.

She sat on the ground and played softly. Ye Chen looked at her quietly!

The sound of the piano rings, and the sound is lingering, as if there are dragons and phoenixes flying.

In this life, he has already forgotten the God of war, even if he has no memory of previous life.

"A song of red dust scattered, the past like clouds!"

"The mountains and rivers stir the heaven and earth, and the clouds of smoke rise everywhere to fight the sky!"

"Eternal reincarnation for the emperor, a song from the war send you farewell!"

"The past life and this life cause and effect, plum blossom withered, cherish cold!"

The female war god murmured, a song ended, stood up from the ground, looked at Ye Chen and said, "it's a pity that you can't see the day when you come to the world."

Ye Chen's eyes gradually some moist, but do not know what to say.

"My name is Qu Chenyan!"

As soon as the voice of the goddess of war falls, the shadow of the whole person disappears in the world.

Ye Chen stood there quietly, time passed for a long time, he walked out step by step.

Coming out of the tomb, ye Chen finds that the white fog around him has already disappeared. Behind him, the tomb slowly disappears, leaving only the statues with heavy smoke standing on the ground.

Ye Chen came to the statue of Qu Chenyan and said softly, "if I can meet you in this life, I will take you to see the whole world!"

His heart was heavy. The man was powerful, but he died.

Only with strong strength can we control our own destiny.

"Boss, he's here!"

Ye Chen heard the voice, looked up and found that it was the three brothers.

The three of them followed Ye Chen to the white fog, but they didn't find anything. They were circling.

Unexpectedly, the white fog suddenly disappeared, and they just saw Ye Chen!

The three brothers saw Ye Chen and surrounded him directly.

Ye Chen is not in a good mood now, it seems that because Qu Chenyan left, there are some sadness.

He looked at the three brothers coldly, and the power of reincarnation could not be exposed. He had some difficulties in dealing with the strong man in the eight layers of the astral world. But now ye Chen doesn't want to escape. He needs a fight to ease his mood.

The blood demon sword is in the hand. Since we can't kill the three brothers, we have to kill one.

After all, we have to pay some price for chasing him for so long.

The three brothers smile but do not speak, ye Chen's strength they are very clear, absolutely impossible is their opponent.

Ye Chen takes the initiative, the whole person's figure, in this instant, suddenly rushes past.

When he rushed over, the sword in his hand was directly cut out.

A sword in the air, burst out of the breath of terror, an extreme sword light, fell in this moment.

Boom!

Three strong stars in the world of orifices dodge a sword and then rush to kill Ye Chen.

Ye Chen sees this scene, the corner of his mouth is a ray of ironic smile, and the golden light of immortal god body breaks out.

Then a sword to resist, in the block of the moment, another Xingqiao strong, without hesitation to rush over.

In the moment he rushed over, ye Chen's figure retreated slightly.

"Looking for death!"

Around the ground, a layer of ice cover, the temperature in the air, an instant drop.

The three brothers' legs were covered with ice, temporarily controlling their ability to move.

Although they can only control their five rest time, it is enough for ye Chen.

A cold light condenses, and the sword light rushes out in an instant.

The power of this sword, all aimed at a person, the breath of terror, crazy burst out.

Boom!

A sword fell directly on a strong man in the eight layers of the sky.

The strong man's chest appeared a scar, the whole step back three steps.

"You all right, Dick?"

One of the strong said.

The second one shakes his head, saying that he has not suffered any serious injury,

although the injury is painful, it is not fatal.

Second injured, also let the remaining two strong more crazy, of course, more or the strength of Ye Chen fear.

It was the first time that they met those who were strong in the eight layers of Xingqiao state.

The attack of the three brothers is more fierce. Ye Chen holds the blood demon sword in one hand and the Zhutian magic gun in the other.

Crazy attack, although facing three people, but did not have the slightest fear look, on the contrary, more and more brave.

The three brothers were more and more frightened. The injury on Ye Chen didn't affect his attack at all.

The most bitter one is Laosan. Ye Chen has been attacking him and taking human life.

Especially see ye Chen's eyes full of killing intention, bloodthirsty, crazy, obviously want to kill him.

Chapter 1967

Meet on a narrow road, the brave win!

The more powerful Ye Chen shows, the more frightened he is.

"A sword to cut the sky!"

Ye Chen roared, the blood demon sword broke out a terrible evil gas, and the cold killing intention diffused in the air.

Form the boundary.

The sword light flies to the third figure in an instant, and the sword spirit sweeps all around. The terrible sword light has the power to destroy the world.

A sword breaks mountains and rivers!

"Broken star!"

The terror of the gun of killing God and magic gun is full of all around, and ye Chen is closely followed by the sword light.

Raise your hand and shoot out.

This gun is locked in the heart of the third, and the ghost gun is like the shadow of one God and one devil, which fills the body of the gun.

One shot, as if there were only guns left in this world!

The sword light and the gun tip gradually enlarge in the pupil of the third.

At this time, he stood there as if he were stupid.

Boom!

The sword light suddenly fell, tearing the body of the third, and a cold light of the gun head suddenly fell.

Bang!

A dull sound, ye Chen a shot into his heart.

Old three hands holding the gun, eyes staring at Ye Chen, a touch of resentment, but the pupil gradually lost light, the loss of life breath.

Ye Chen then picked up his body and suddenly threw it on the ground.

Boom!

"Third

Three brothers only left two people, the eldest and the second in a rage, eager to tear Ye Chen into two.

Whoosh! Whoosh!

Behind Ye Chen, two extreme sword lights suddenly fall.

Pooh!

Ye Chen spits out blood, two ferocious wounds behind him, flowing with blood.

As soon as he turned, his eyes were fixed on the two brothers.

"Those who have seen the devil gun will die. Now, it's time to send you on the road."

The two men's faces changed slightly. Just as they were about to say something, a strange sword box appeared in front of them.

The sword case opens.

The bright light burst out.

The whole world is full of endless death.

The pupils of the two were only accidental and flustered.

I'm dead.

.....

An hour later.

Ye Chen came to a mountain and sat cross legged, running the injury.

He is ready to go to find Ji Lin and Yan Kun after his conditioning.

If he had a chance, he would try to destroy the sarcophagus array of the soul hall.

He now controls part of the power of reincarnation and should be entitled to destroy it.

"Hello, brother, are you interested in exploring the palace of heaven and earth with us?"

When Ye Chen adjusted his breath, a team of men and horses appeared. Their strength was not high. They were basically martial artists in the harmony of Tao and nature.

It's also because of this that I asked Ye Chen, otherwise, where would the heaven and earth kill the domain take care of a martial artist in the realm of Taoism?

Ye Chen opens his eyes and looks at the man in front of him. The other party is wearing a black dress and holding a cold sword in his hand.

The people behind him have different levels of strength and some shabby clothes. You can see at a glance that these people are all loose repair.

Ye Chen still has a good feeling for San Xiu. After all, when he was founded, it was all because of sanxiu.

"Where is the palace of heaven and earth?"

Ye Chen frowns and has never heard of it. But since so many people are looking for it, can it be the place where ice sword immortal Zun is trapped?

"Brother, you don't know about heaven and earth palace? It's a palace that appears at the highest place of heaven and earth

"It is said that there are several ancient strongmen."

"The key is that the warriors of the whole heaven and earth kill domain have all the treasures they dream of."

Strong seal?

Ye Chen Mou son shrinks!

Is ice sword immortal really on it?

Ye Chen looked up at the sky. He didn't pay attention to it before, but now he found that there was a virtual shadow.

But the shadow is very weak. If you don't look at it carefully, you can't see it at all.

Ye Chen continued to talk for two sentences, knowing that this was the loose repair alliance.

Because most of the fighters who came in were from all sides, there was no way to build a loose repair alliance.

Ye Chen gently nods, is to agree to come down, and ally with them.

After all, he didn't know the palace of heaven and earth.

As long as there is a clue to the whereabouts of the ice sword immortal, he will try.

Huangbai patted Ye Chen on the shoulder and found a casual practitioner, so that their team could grow stronger and stronger.

Next, ye Chen followed the team.

In this loose repair alliance, Huangbai is the leader of the alliance, and its strength is nine layers of heaven.

There are also two vice leaders, both of them are the realm of creation. There are about two hundred people in the whole team. Except for Huangbai, all of them are martial artists in the same Taoist realm.

This force can still do something outside, but in the ancient battlefield, it did not play a very important role.

Any one with a strong Xingqiao state will be able to wipe out the loose repair alliance.

It is not that there is no strong loose repair, but simply disdain to be together with the loose repair alliance.

After all, their strength is too weak. There is no difference between the martial arts in the same realm and those who send their heads. In addition, in the same realm, loose cultivation is always the weakest side.

Lead to no strong person to join!

Phellodendron also knows the current situation, but there is no way to walk together, there is always a care.

Next, the loose repair alliance goes to the direction of Qiankun palace.

There is still a long way to go in the direction of Qiankun palace.

Ye Chen has been at the back of the team, as a small transparent.

No one pays attention to the martial arts of the nine layers of heaven in the realm of Taoism, but occasionally people come to talk.

"People ahead, stop."

When they were walking, they suddenly met a group of people.

These warriors were dressed in gorgeous clothes, and the arrogant look in their eyes wanted to be written on their faces.

The number of them is not large, only ten, but all of them are the peak of the state of nature.

Huang Bai stood up from the middle of the team, looked at the young man in front of him, and his mouth showed a trace of bitterness. Then he opened his mouth and said, "Long Shao, what's the matter?"

Regardless of their strength or background, they are totally unpopular with the alliance.

Longshan is from the holy dragon family. Although it is not a direct lineage, it can not be provoked.

"Pa!"

Longshan slapped on the face of Phellodendron amurense, and then said, "you deserve to call me Long Shao?"

A slap down, let Phellodendron's face instantly become red and swollen.

Longshan's strength is not so good, but Phellodendron dare not have the slightest unbridled.

Ten strong people in the natural environment are staring at him. If Huang Bai dares to attack, he will surely be killed by ten strong people.

Huang Bai did not dare to show any discontent on his face and nodded.

Although he is absolutely sure that he can kill Longshan, his power will be destroyed in an instant.

There is no strong strength and background, only can install grandson in this, there is no way.

Ye Chen has been looking at behind, but did not speak.

"Give up everything you have. Although there is nothing good about it, it can be regarded as a contribution to the holy dragon family."

After Longshan finished speaking, he stood quietly. He believed that Huangbai would definitely be handed in.

The strength is here, either bow down or be destroyed.

Chapter 1968

Phellodendron's whole face became ugly and in a dilemma.

All their treasures are obtained from life and death. In a word, they must take all their treasures away.

"Long Shao, as you know, it's not easy for us to go free for repair. Can we..."

Before Huang Bai's words were finished, he was kicked out and fell to the ground.

"I want your treasure to give you face. Don't be disrespectful."

Longshan disdains a smile, a group of loose repair, can kill at will.

It's not in my heart at all.

Huang Bai stood up with difficulty, but did not dare to say a word.

"I'll give you three minutes to think about it. Otherwise, don't blame me for being rude."

Huangbai looked up at Longshan and turned to see the scattered repairs.

Loose repair alliance here also know what things, one looks abnormal ugly.

"Alliance leader, it's a big deal. We'll kill them!"

One of the monks opened his mouth!

Longshan really bullies people and doesn't treat them as people at all.

If they get the treasure, they will die. How can they hand it over now?

Of course, there are also some warriors who are afraid of death and want to hand over the treasures.

After all, if the treasure is gone, you can look for it again. If your life is gone, there is nothing.

No one wants to bury his life.

Three minutes later, Phellodendron amurense came to Longshan.

"Longshan, although our strength is low, we are not being bullied or humiliated."

Phellodendron decided to catch the net. The big deal is to die. What are you afraid of.

Before death, it's worthwhile to kill a warrior of the holy dragon family.

Longshan's whole face became ugly. He didn't expect Huangbai to be so tough.

His figure retreated slightly and came to the back of ten strong people in the natural environment. Who knows if the Phellodendron amurense will suddenly start to be in trouble.

Huang Bai saw this scene, the corners of his mouth raised a trace of scorn.

What about the dragon family? Not the same fear of death.

Ten strong people who create a chemical environment stand out and prepare to start. In their eyes, Phellodendron amurense are mole ants and can be slaughtered at will.

When the Phellodendron is ready to start, ye Chen stands out from behind, looks at the phellodendron, and then opens his mouth and says, "the next thing is for me."

Huang Bai looks at Ye Chen and frowns. He is a warrior in the nine layers of heaven. How can he come out.

If phellodendron and Phellodendron choose to compromise, ye Chen will not meddle in his own affairs and leave alone.

Without backbone, ye Chen has no interest in staying in it.

Fortunately, they did not let Ye Chen down.

When ye Chen stands out, the warrior on the other side of the loose repair alliance exclaims.

What's the situation? Are the warriors in the nine layers of heaven in the realm of Taoism come forward and are not afraid of death?

On the scene, there are ten strong people in the creative environment!

Phellodendron is also a bit confused. I don't know what's going on with Ye Chen, but there are some brain problems.

Ye Chen sees this scene, also did not say much, whole person walks to front.

Take out a sword at will. Ye Chen, the ten strong men of the holy dragon family, did not put it in his eyes.

There is not even a star in the world. You can kill at will.

Shenglong family here, looking at Ye Chen like a fool, don't know what he is in front of him. Where is the courage to fight against them?

The immortal sword on Ye Chen's body erupts directly, and the breath of the law of time is constantly flowing.

Ten strong people in the natural environment frowned, and the breath burst out of Ye Chen's body was really weird.

It gives them a sense of danger.

The Phellodendron beside Ye Chen can't help but step back. He can't stop the breath from ye Chen.

What kind of demon warrior did you accept?

There are some ignorant forces in the heart of Phellodendron amurense. They feel the breath of Ye Chen and dare not say anything more. They retreat quietly behind them.

Ye Chen's ghost figure directly rushes past. At the moment when he rushes past, the sword in his hand is lifted up directly in this moment.

Boom!

An extreme sword light suddenly fell.

At the moment of falling, the figure of one of the strong creators is directly locked in.

Stab!

One sword falls, and the strong man who creates the world will die directly.

At the moment of death, his pupils opened, and he fell to the ground with an unbelievable look.

The remaining nine strong people who created the realm were directly confused.

One sword kills the realm of nature. Is this really the realm of harmony?

However, they can not think too much, the whole figure of Ye Chen has already rushed to kill in the past.

The nine powerful men of creating the chemical environment joined hands, and the terror spread, which made the martial artists and Longshan of the loose repair alliance constantly retreat. This level of the strong is not they can intervene!

The breath of terror can shock them!

Every time ye Chen falls down, he takes away a strong man who creates the world.

Even if they were surrounded by nine people, ye Chen would not be harmed.

Soon, the strong men of the holy dragon family were already afraid, but after two rest, three more died!

This is a total massacre. They are not even qualified to fight back.

"Sir, we have accidentally provoked you, hoping to forgive us for the sake of the dragon family."

The strong men of the Shenglong family know that this time they have been kicked to the iron plate!

Can only move out of the reputation of the dragon family, believe that is a martial arts, will fear.

"The dragon family? It was your dragon family that killed them. "

As soon as ye Chen's voice fell, he killed a man again.

He and the dragon family have already had a grudge, since they have met, absolutely can not let go.

The face of Shenglong family has changed greatly, and he has the heart to beat the dragon mountain to death.

If it wasn't for Longshan, how could there be a disaster now?

On the side of the loose repair alliance, their eyes widened one by one. Although they could not participate in the war, they could use their minds to check the situation inside.

Ye Chen is so terrible!

When the sword is up and down, no one can resist it. It is a god of killing.

The smell of killing and blood filled the air. With every fall of Ye Chen's sword, a warrior fell to the ground.

Less than ten rest time, ye Chen all over the body is full of blood.

Of course, all the blood and water belong to the dragon family.

At the moment, Longshan's legs have been paralyzed on the ground, a pair of eyes filled with a thick look of fear.

Ye Chen fell on the ground and looked at Longshan. Instead, he said to Huangbai, "this man is for you to kill!"

Huangbai lost his dignity in front of Longshan, and naturally let him find it in person.

It's just a Longshan mountain. Ye Chen doesn't pay attention to it at all.

Huangbai looks at Ye Chen gratefully, and then comes to Longshan.

"Please, don't kill me!"

Longshan was completely scared to urinate. Just now he looks like a dog who has lost his family.

Huangbai did not speak, but sneered and grabbed Longshan's collar and fell with a sword.

Longshan's eyes widened, and the next second the whole person had no breath of life.

Chapter 1969

At the moment, the Phellodendron came to Ye Chen and said, "brother, you should be the leader of the loose repair alliance."

Now no one dares to look down upon Ye Chen any more. Killing those who are strong in chemical environment is like slaughtering dogs.

Ye Chen shakes his head gently. He is not interested in the position of alliance leader.

Although Ye Chen did not become the leader of the alliance, Huangbai also arranged a position of deputy leader.

Ye Chen shows the strength, not to mention the deputy leader, the alliance leader is also a matter of words.

In this world, the strong are respected!

Ye Chen stands beside the phellodendron and walks all the way.

Along the way, Phellodendron also talked with Ye Chen, hoping to join in the killing clan.

Now shazong is the holy land of sanxiu. As long as sanxiu is willing to go to shazong.

"Ye Chen, you are not the one who killed Zong, are you?"

At this time, Huang Bai said.

Although he did not see the leader of the clan, he also knew some deeds of Ye Chen. He killed the strong by leaps and bounds, just like playing.

"How could it be?"

Ye Chen shakes his head, although he did not change his name, but changed his appearance.

Let others not see!

After all, there are too many portraits of himself in the western regions. I don't know how many forces want to kill him.

Huang Bai thought about it. How could ye Chen kill the emperor in heaven and earth.

Suddenly, ye Chen looks up at the sky and finds that the palace of heaven and earth is more and more obvious.

Along the way, I saw a lot of martial artists, who were obviously going to Qiankun palace.

No one knows the exact location of Qiankun palace, but as long as it gets closer.

The shadow of Qiankun palace is getting deeper and deeper. Now it is almost like a real palace standing on the sky.

At the front, ye Chen finds a group of martial artists gathering and forming a small group of various forces.

In front of these warriors, there is a vast ocean, the sea water is surging everywhere.

No one cares about the coming of the loose repair alliance. After all, a group of loose repair is just a group of weak strength.

Even if the palace of heaven and earth really appears, there is nothing good to be gained from these scattered practices.

I'm not sure it will be able to do so at that time. Let these scattered monks explore the way first.

Ye Chen and they find a corner at will to regulate themselves.

At present, the palace of heaven and earth has not yet appeared. If it does, it will be another great war.

The martial arts on the side of the loose repair alliance look nervous. There are too many powerful people who create chemical realms. Even there are many powerful powers in Xingqiao realm.

The most important thing is that there are three strong men who want to enter the palace of heaven and earth to search for treasures. I'm afraid there are some problems

Phellodendron also knows the current situation, but can only take a step to see a step.

Ye Chen did not have too many ideas, as long as he did not meet a strong half step, he was confident that he could not beat but also escape.

As for the half step seal, he is not sure of anything now.

With the passing of time, the palace of heaven and earth above the sky has finally changed in the past ten days.

The whole palace of heaven and earth sends out a buzzing sound, and the light yellow halo falls continuously.

Ye Chen opens his eyes and looks at the palace of heaven and earth above the sky.

In ten days, it seems that the palace of heaven and earth will finally come into being.

Almost at the same time, all the warriors stood up and looked at the sky nervously.

At this time, Qiankun palace suddenly appeared a long ladder!

The ladder came down slowly and appeared on the ground.

"Ladder of heaven!"

One of them said!

At the moment when the ladder of heaven comes into the world, all the martial arts are crazy. As long as you climb the ladder, you can enter the palace of heaven and earth.

All martial artists don't know what's in Qiankun palace, but there are treasures.

Huangbai came to Ye Chen and asked, "brother ye, shall we go up?"

Ye Chen shakes his head gently, it's not urgent now, let's see the situation again.

Although there are treasures in the palace of heaven and earth, there are also crises.

Some warriors have already started to climb the ladder. When he stepped on the ladder, he suddenly felt that he was seen through.

There seems to be a hidden eye in the void!

Step by step, the martial arts stepped up the ladder, and soon the gap was opened. Some martial arts in the same way were advancing faster than the chemical realm!

This scene makes everyone dumbfounded. What's the situation?

Ye Chen is not in a hurry, but Huang Bai is a little anxious, and all the martial arts practitioners in loose repair alliance are anxious.

What else do they play if the treasure lets others get the first place?

"Let's go!"

At this time, ye Chen speaks faintly, and there should be no crisis in the ladder.

In the ladder of heaven, the top three half step seal strong.

This ladder is not about strength, but about talent. It's not necessary to say much about talent if you can cultivate to half a step.

As for the back, it is uneven. Some of them are in the front, and the state of creation and Xingqiao are in the back.

On the ladder of heaven, strength does not have any effect. On the contrary, the strength of the whole body is confined and can only play a third of its strength.

Ye Chen stepped on the ladder, there was an eye in the sky. He wanted to see through him. However, he just looked at him and immediately withdrew.

Push it!

Step by step forward, ye Chen has no feeling at all.

Easy! Extraordinary ease!

The pressure of the so-called warrior does not exist at all!

The weaker the talent is, the more upward the ladder will be, and the greater the pressure will be.

As for ye Chen, not to mention the pressure, not even a trace of gravity can be felt.

As for the loose repair alliance, some warriors took two steps and felt unable to move forward.

Or it will be torn apart by the terrible gravity!

There is no way, they can only give up!

When ye Chenyue came forward, many warriors and forces noticed him.

A warrior in the nine layers of the Tao realm has already surpassed many natural realms and will soon catch up with the strong one in the Xingqiao realm.

People are step by step up, but ye Chen is good, give them the feeling, is completely like flying.

It's so fast!

How terrible is this talent?

They don't know. They just feel incredibly scary.

The strong man who sealed the door in half a step also noticed that ye Chen frowned slightly, but he did not put it in his heart.

When they enter the palace of heaven and earth, they don't believe that it is talent that decides everything.

Ye Chen continues to move forward. He doesn't want to waste time. He wants to enter the palace of heaven and earth to have a look.

The three strong men of half step seal the door covetously. If they don't go in earlier, how can the good treasure fall on his hands.

The next scene, all the martial arts are muddled!

They are all walking step by step, but ye Chen is running, and still like flying.

If there is no accident, I'm afraid it doesn't take five minutes to enter the palace of heaven and earth.

some of the stars are strong, and their faces are strong. They are not as good as one.

To be able to reach the Xingqiao state, natural talent does not need to be said much, but compared with Ye Chen.

They are embarrassed to show off talent in front of Ye Chen.

What a shame!

Chapter 1970

Three and a half step seal strong also silly eye, because ye Chen soon surpassed them, and the face is not red, breath is not panting, there is no pressure.

At this level, even they dare not be too radical. However, ye Chen

Ye Chen didn't care about the inner thoughts of these strong men. He quickly climbed to the top and stood at the gate of Qiankun palace.

In the middle of the gate of Qiankun palace, there are three words in it!

The gate of Qiankun hall is made of unknown materials, which exudes a faint pressure.

This pressure is extremely strong, ye Chen gently forward to take a step, the moment was bounced back.

Ye Chen brows a frown, this is what circumstance?

Is it impossible to enter the palace of heaven and earth, but on second thought, it seems impossible.

If you can't get in, the ladder can't fall down.

Ye Chen carefully observed and found three black holes in the middle of the gate.

These three black holes, like three eyes staring at Ye Chen, seem to be about to live.

"Those who enter the palace of heaven and earth need the blood of three peerless Tianjiao."

Ye Chen stands outside and hears a cold voice.

It seems that his idea of directly entering the palace of heaven and earth is nothing.

There must be no problem with his blood, but he needs the blood of two peerless Tianjiao.

Now I can only wait here quietly.

Ye Chen sits cross legged in the same place. If these warriors want to come up, they need some time. He is not in a hurry. He tries his best to improve his strength.

Fortunately, the space above is large enough to bear all the warriors.

Once again, the voice of indifference came, and all the warriors understood what was going on. Look at me one by one, and I'll see you.

There is absolutely no problem in talent for those who can come up.

It's just a sentence of peerless Tianjiao. What's the real threshold? I don't know.

If it doesn't work, they lose their old face.

No one is easy to try, but the martial arts are looking at the three strong half step door.

There is no need to say much about their talent.

It must be the requirement of peerless Tianjiao, no problem!

However, none of the three strong men who sealed the door in half a step did it first. The main reason was that they were afraid of losing face.

The older you live, the more you care about your face.

No one wants to lose face!

Three half step seal the door to Ye Chen. The scene above the ladder will never be forgotten.

They believe in Ye Chen's talent, and there is absolutely no problem.

"is this little brother interested in dripping blood?"

One of the old men who sealed the door half way opened the door.

Ye Chen stood up and nodded slightly. He had to go in.

Now there is no need to fight with the strong who are half closed.

Ye Chen comes to the front of the gate and drops a drop of blood. The blood in the void seems to be attracted by something. It drops into the black hole. For a moment, it twinkles with bright light.

Soon a black hole lit up, leaving only two holes.

Among them, two strong men who sealed the door in half step stood up and dropped into the blood. The blood water entered the hole, and one of them came with a bright light.

However, for the other one, the blood flew out directly, which seemed to be a little disgusted.

The old man's face became ugly as the blood flew out.

His blood can not be regarded as peerless pride.

Almost instantly, the eyes of all the warriors fell on the old man.

The old man felt these eyes, and the smell of terror broke out directly.

As soon as the strength of the strong men of half step sealing broke out, these warriors avoided their eyes and only knew what they thought in their hearts.

Another half step seal strong person comes over, drops into the blood water, soon flies out again!

Only one of the three strong men who won the door in half a step can be regarded as peerless Tianjiao.

This threshold is higher than they think!

Almost at the same time, no warrior dares to drop blood again, mainly for fear of humiliation.

Neither of the two strong men can do anything about it. What kind of effect can they have in the past?

When Huang Bai comes to Ye Chen, he goes to the realm of nature, and his talent is not bad. He has a strong stand.

When he arrived, he ran directly to Ye Chen. He was a state of creation, which was nothing at all.

At the moment, there is an impasse, and no one is willing to try. The three strong men who have closed the door in half a step have no way to force these warriors.

"I'll try it!"

At the moment, there was a hoarse voice. He was dressed in a black robe and could not see his cheek, even if the boundary was not found out.

The black robed man stepped forward from behind, dripping blood. His blood was not the same as ordinary people, but was black. The blood drops into the black hole, and soon it bursts into a bright light.

In this moment, the door automatically opens, and there is a flash of light inside.

The warriors on the top can't help but rush in. Now that the treasure is in front of them, they can't resist the inner agitation.

Of course, some rational strong men did not go in, but were behind.

The palace of heaven and earth is obviously not simple. If you want to obtain treasures, how can it be easy.

The yellow cypress is still waiting.

When the warrior enters, ye Chen begins to move. He and Huang Bai walk in slowly and leisurely.

Once inside, Phellodendron almost couldn't control his inner agitation.

He saw all kinds of treasures and soldiers of time and space, which were placed on the ground.

When the Phellodendron is ready to rush past, ye Chen directly pulls him back with one hand.

Think about it in your head. It can't be true at all.

If there are treasures on the ground, they have been taken away by the warriors who have come in. How can they be put here.

It's obviously an illusion!

Phellodendron also responded, his face flushed and his face embarrassed.

If it was not for ye Chen, he would have been a corpse.

The surrounding scenery gradually changes, there is no treasure on the ground, but the location of the treasure, there are roots of vines.

If you really go to get the treasure, you will be attacked by vines, and you will surely die.

Next to the vine, there are some bodies of warriors.

Every body was drained of blood, leaving only bones.

When Huang Bai saw this scene, he was afraid that he would have died if it was not for ye Chen.

These vines are not many, ye Chen and they can pass safely, but what makes Ye Chen wonder is, where are the warriors?

Many warriors came in, but there was no sound, not to mention the sound of fighting, not to mention the sound of footsteps.

Ye Chen looks at the front and finds that there are countless rooms, and the door of each room is closed.

He guessed that these warriors might be in the room. Huangbai followed Ye Chen and walked cautiously to the outside of the door of the room.

**Boom!**

At this time, there is a door open, ye Chen walked in and found the room empty.

Huang Baigang wants to go in, but is blocked by an invisible barrier.

Boom!

At this time, the whole gate is closed, ye Chen is locked inside, can't hear any sound.

As for the situation of Phellodendron amurense, ye Chen did not know at all. He could only seek more happiness from himself.

Ye Chen's brows are locked. There is nothing in this room. Do you want to trap him.

Just as ye Chen pondered, the voice of the reincarnation cemetery was clear and cold: "hide the breath quickly, there are people from the kingdom of God coming to the heaven and earth to kill the domain! They're probably coming for you
