

Physician 1971

Chapter 1971

Ye Chen heard the voice of the wind, his face changed slightly, and he quickly used the technique to hide his breath directly.

His words are not so anxious to seek the universe.

At this moment, a strong spirit envelops the whole universe!

Even entered the palace of heaven and earth.

Not only that, people did not appear, invisible air pressure let everyone present breathless.

Ye Chen has no feeling, but the so-called loose repair alliance actually kneels down!

The face is full of fear!

Ye Chen asked Feng Qingyang: "elder, what's the origin of this person?"

"Is the power of the spirit so powerful?"

"It's just that guy's dog," he sneered

"But of course it is dogs, and the forces of Lingwu mainland dare not offend them."

"I'm just a mind now. If I'm found out, it's bound to be dangerous to you.

"If you don't want to get involved in the trap, you can completely hide your breath, and just release your cultivation in harmony with Tao."

Eyes, he quickly into the room.

In addition, he appeared in front of a purple robed man's virtual shadow.

The man's eyes were sharp and his eyes were high on Ye Chen's body. He was surprised and said, "Oh? It's really interesting to have nine layers of heaven

Finish saying, empty shadow unexpectedly toward Ye Chen close.

Ye Chen is nervous, but he is ready to fight at any time.

If he is found by the man of the kingdom of God, he will pay all the price to erase the man!

Purple robe man's feet finally stopped, he gazed at Ye Chen, light way: "the breath on your body let me feel very familiar."

"What's your name?"

Ye Chen one Zheng, hesitated a few seconds, still way: "ye Lingtian."

Now ye Shitian and ye Chen are almost no secret in Lingwu.

Anyway, ye Lingtian is in Kunlun Xu. Let's use this name to deal with it.

"Ye Lingtian?" Purple robe man eyebrow slightly a frown, "this name is quite good, however, can only be used in Lingwu mainland."

"If you go to that place, you'll change your name. That person doesn't want you to be above heaven."

Finish saying, purple robe man patted Ye Chen's shoulder: "go, you don't need to be nervous."

"Maybe you won't be able to see me again in this lifetime."

"Ye Lingtian, who combines the nine layers of heaven and earth, I hope you are entitled to the heaven and earth Qi of the heaven and earth palace."

Words fall, the shadow disappears.

Everything returned to silence.

.....

At the same time, it is a cold place thousands of miles away from heaven and earth.

The two figures are moving slowly.

One man and one woman.

The head of the girl's body is extremely hot, although a plain clothes, also can not cover.

The girl's face was veiled.

Under him was a snow bear.

Snow Bear is a common mount monster in Lingwu continent.

If you have enough money, you can buy it.

But before snow bear is a man with eyes Ling ran, man's cultivation is not high in Lingwu continent.

But the breath on the body is a cold killing.

"Achoo!"

The man sneezed and frowned slightly.

Sun Yi on the snow bear asked, "ye Lingtian, do you have a cold?"

Ye Lingtian shook his head: "this weather is nothing to us warriors. I always feel that someone is scolding me."

"Miss Sun, don't worry."

Sun Yi chuckled: "this is not Huaxia. What do you do with this set?"

The smile soon disappeared. Sun Yi gazed at the snow in front of her, but she said, "where is Ye Chen? The land of Lingwu is ten thousand times larger than that of Kunlun and Huaxia. It's really hard to find a person."

"What's more, the danger of Lingwu land is far more than anything else. If you ask people casually, you will almost be killed."

"I'm afraid it's hard for ye Chen to be here."

"Well, Lin Juelong has been in Lingwu for a long time. If you don't find Ye Chen, Lin Juelong will probably attack Ye Chen."

When ye Lingtian heard this sentence, his eyes were dignified: "Miss Sun, you are incompetent! If our subordinates are strong enough, we don't have to be so cautious. "

Sun Yi shakes his head: "this matter does not blame you, is I must come to Lingwu land, now we can only take a step to see a step."

Ye Lingtian leads the snow bear forward.

Just then, a team appeared in the sight.

On the flag of the team was written the four characters of the northern palace of the western regions.

There are two northern palaces in Lingwu. The northern palaces of the western regions and the northern palaces of the eastern regions are completely independent without any connection.

Ye Lingtian didn't plan to take risks, and he didn't like to contact people in Lingwu. So he led the snow bear to another direction.Keep your distance.

However, the team somehow went to ye Lingtian and Sun Yi.

At this moment, their expressions were dignified.

Ye Lingtian knew that he couldn't escape. He took out a cold sword and said to Sun Yi, "Miss Sun, if you ride a snow bear and leave immediately, I will drag them down even if I die!"

Just then, the line suddenly stopped.

A young girl came down from the carriage pulled by the wind beast.

The girl's beautiful eyes are full of surprise, pointing to the jade card on ye Lingtian's waist: "where do you come from?"

Although she was a harmless girl, ye Lingtian still wanted to kill her: "it has nothing to do with you."

The girl touched her head, showed a smile and said, "don't be nervous. Our Beigong family is not a bad person."

"By the way, I haven't introduced myself. My name is Beigong Ziyu."

"The reason why I stopped the team was because I had a friend who had a jade card on you, so I asked curiously."

Ye Lingtian looks at the jade card and his face changes slightly.

Because this jade plate is obviously the product of Kunlun void, why do people in Lingwu land know?

"You're not from Kunlun, too." North palace purple jade tries a way.

At this moment, ye Lingtian's expression changed completely! Just about to move her sword, Sun Yi stepped down from the snow bear and came to the North Palace Ziyu. She arched her hands and said, "we are from Kunlun Xu."

The reason why she admitted it was because she saw the jade card of Kunlun Xu in the waist of this strange girl!

This jade card is probably related to Ye Chen!

Her eyes were so excited that she took Sun Yi's hand and just wanted to talk, Sun Yi first asked, "little girl, I want to ask you about someone."

"Ye Chen, do you know?"

This words a, the smile of North palace purple jade suddenly stiff.

Not only Beigong Ziyu, but also the servants of Beigong family in the whole team are filled with an endless chill.

Because this man named Ye Chen is the nightmare of all the forces in the western regions!

It is also a rising and unpredictable superstar in Lingwu!

.....

The screen rotates.

Heaven and earth kill territory, heaven and earth palace.

Ye Chen exhaled a breath, that purple robe man's momentum is too strong.

Although not aware of his cultivation, but at least in the middle of the seal state!

Ye Chen thought of what, asked the wind Qingyang, said: "wind master, what does the heaven and earth Qi Yun mean by the people of the kingdom of God?"

Chapter 1972

But before the words fell, the room in which he was in vibrated!

Then, a mechanical and icy voice fell like this:

"peerless Tianjiao fights the ancient war generals, wins, gains the heaven and earth Qi, loses, dies!"

All of a sudden, a beam of light appears beside Ye Chen.

The light beam disappeared, and a man with empty eyes appeared. The man was wearing a suit of armor, holding a sword in his hand, and his whole body gave out a breath that had reached the eight levels of Xingqiao state.

Ye Chen smiles bitterly, this still really looks up to him, first comes up is the star orifices realm eight layer sky strong.

He didn't know what the heaven and earth's Qi Yun was. He thought it was the condensation of heaven and earth.

Room space is not big, only 100 square meters, if you can't fight, even escape is impossible.

We can only fight to the death!

Ye Chen from the moment of climbing the ladder, he felt that there was an eye staring at himself behind his back.

I'm afraid there is an invisible hand in the palace of heaven and earth, which controls everything.

In ancient times, when he saw Ye Chen, his sword fell down directly.

When the sword fell, ye Chen directly took the bleeding magic sword.

The blood demon sword is in the hand, a sharp sword spirit suddenly rushes past.

Ye Chen is not afraid of the eight layers of the sky.

A sharp sword Qi suddenly fell.

At the moment of falling, the ancient general, a knife fell, directly dissipated Ye Chen's sword light.

Ye Chen's brows are locked. It seems that the strength of this ancient general is not only the strength of the eight layer sky in Xingqiao state.

This ancient war will be like him, not only eight layers of heaven!

Even better than one of the three brothers!

Ye Chen's eyes gradually become dignified, even if he is a warrior in the eight layers of the sky, he should be cautious.

Who knows what means the ancient war generals had? They must be careful to deal with them.

The atmosphere of law fills the room, and the whole wall condenses into layers of ice.

The ice condensed the legs of the ancient generals, but only a slight movement was seen.

The ice is broken in an instant, and the figure is like lightning, which quickly rushes towards Ye Chen.

The blood demon sword exudes a terrible evil spirit.

The breath of the law and the evil Qi are condensed together, and an extreme sword light suddenly falls down.

At the time of falling, the swords in the hands of the ancient warlords were lifted up in an instant.

Stab!

The saber is waved out. Although the broken one is broken, it is extremely sharp.

The figures of the ancient generals retreated slightly.

When he retreats, ye Chen finds the right opportunity and takes out the gun of Zhutian God and demon, and the whole figure suddenly rushes forward.

At the moment when he rushed past, he lifted his arm directly, held the Zhutian magic gun tightly, and reached out.

Boom!

A shot fell down and stabbed on the chest of the ancient general.

Click!

There was a clear sound, and the chest of the ancient general was directly punctured.

However, the ancient war will not be affected by any, but lift the broken arm, stab Ye Chen's arm.

Ye Chen is ready to take out the gun of Zhutian God and demon, but it is too late.

The sword cut through the flesh and blood on his arm, and the blood flowed down his arm.

When he drew out the magic gun, he opened a distance from the ancient war generals.

At the moment of opening the distance, the ghost figure of the ancient war general rushed past.

At the moment of rushing, his thighs bent slightly, and one foot stepped on his chest.

Pooh!

Ye Chen vomited blood and water, and severe pain came from his chest.

The blood demon sword in his hand was lifted up and chopped on the arm of the ancient general.

A sword down, the arms of ancient soldiers, cracks, but no blood flow out.

Ancient war will not know the pain, let Ye Chen some headache, this is a killing machine.

Originally, the strength of the ancient generals was very strong. Now, in this state, the strength is stronger.

The swords in the hands of ancient generals are constantly waving, and every time they are waved, ye Chen is under great pressure.

Bang!

At the moment of contact between the blood demon sword and the sword, there was a clear sound and sparks were flying around.

Ye Chen's Zhutian magic gun directly stabs out.

At the moment of stabbing out, the ancient warlords stretched out their left hand and held the gun directly.

I'll kick my feet and lock my eyebrows.

Boom!

One foot down, the ancient war generals did not even move, stay in place.

The attack and defense of ancient generals have been increased by many times!

The blood demon sword throws out a sword flower, the arm uses all one's strength, the Zhutian magic gun breaks free from the ancient war general's hand.

Ye Chen's figure gradually retreats from the ancient war generals, showing the power of the six ways behind him. The law of time, the law of time and space, and the law of ice continue to flow.

The blood of God and the Qi of Gengjin erupted together!

"A sword to cut the sky!"

Ye Chen murmured in his mouth, and the blood demon sword burst out the breath of terror, and then a sword suddenly fell.

The sword light tears the space and rushes towards the figure of the ancient general.

Stab!

Boom!

The ancient war will be hit by a huge impact, the whole figure of the people burst out.

At the time when the ancient war will rush out, ye Chen's whole ghost figure rushes away.

When he rushes past, there are two virtual images of divine beasts behind him.

The shadow of two divine beasts roared in the air.

Whoosh! Whoosh!

Two figures rushed away and landed on the body of the ancient general.

Boom! Boom! Boom!

The aftershock of the explosion blows the hair of Ye Chen, and the gun of Zhutian God and demon falls quietly!

A cold gun fell, just like the power of annihilation. In a flash, it fell on the chest of the ancient general.

Zhutianshen magic gun tightly inserted in the chest, ye Chen did not pull out the Zhutian magic gun, but continued to force in his body to smash!

The ancient war will be extremely difficult to kill, if you do not break his body, who knows whether he can stand up again.

When ye Chen stirs up his body, the two arms of the ancient general seize the Zhutian magic gun and suddenly exert force.

Ye Chen looks dignified. Under such circumstances, the ancient war generals can still live.

Where on earth did the monster come from!

Ye Chen stretched out a leg, raised his foot, immortal body burst out golden light, a foot fell, crazy step on him.

Bang bang bang!

One foot after another, the hands of the ancient generals gradually loosened.

Ye Chen pulls out the Zhutian magic gun and takes a look at it and finds that the ancient general has fallen completely.

And the body of the ancient war general gradually disappeared, in the top of Ye Chen, suddenly burst out a flash of gold.

The soft breath fills Ye Chen's whole body, feeling warm all over.

Ye Chen sat cross legged on the ground. He felt that he was about to break through. He heard a dull sound in his heart. He even stepped into a half step of nature!

It's only half a step away from the realm of nature!

Standing up from the ground, ye Chen takes a look and finds a transmission array around.

Chapter 1973

Ye Chen stands on the top of the transmission array and suddenly feels dizzy. When he opens his eyes, he finds that there are already many warriors.

Looking around, he did not find the figure of Phellodendron amurense.

Came to the side of a warrior, a careful look ahead, found a small palace.

Around them was a square array, 3000 meters away from the small palace.

The middle of the distance, a long river, and the palace, in the long river.

The distance of 3000 meters is not far, but these warriors did not move. They only found out after asking.

No one knows what to do if they want to fly.

Martial arts in the side of the conversation, this time a half step old man, came to Ye Chen in front of.

"Little brother, are you interested in US working together?"

Ye Chen takes a look, the old man is just outside the palace of heaven and earth, let him go to the strong one of blood dripping.

He took an interesting look at the old man and said slowly, "I'm just a martial artist in the Taoist realm. Why do you come to me?"

The strong man who sealed the door with half a step laughed and then said, "I have a means to divination."

Speaking of this, the old man did not go on. He believed that ye Chen understood what he meant.

Ye Chen looks at the strong man with half a step to seal the door. He naturally knows that he can turn the evil into good fortune and budget for the future.

The life span of diviners is not long. If they are not careful, they will be attacked by the law of heaven.

"In that case, it's OK to join hands."

Ye Chen didn't think much about it. If a strong man wants to join hands, it's good for him.

Even if the old man has other ideas, ye Chen is confident that although he is not an opponent, he can keep his own life.

Ye Chen talked with the old man for two sentences and knew that his name was Bai Xu, who was an elder of the first-class sect.

He stopped at half a step to seal the door for too long. He knew that heaven and earth had countless opportunities to kill the territory. He wanted to try whether he could step into the realm of sealing the door with the help of heaven and earth!

The palace in the long river, the martial arts all want to see, but there is no way to go, can only wait anxiously.

When ye Chen talks with the old man, he finally sees the figure of Phellodendron amurensis.

Just at this time, Phellodendron also saw Ye Chen and ran over in a hurry.

Ye Chen took a look at phellodendron and found that one of his arms disappeared.

Huang Bai felt Ye Chen's eyes and said with a smile: "when dealing with the ancient armor warriors, I accidentally got some injuries, but finally came out alive."

"Fortunately, the ancient warriors were shaped according to their own strength, otherwise I would have died."

Ye Chen nodded slightly. He met an ancient general. Naturally, he knew how strong he was.

Although the ancient armor warriors were weaker, it was not easy for Phellodendron amurense to come out.

This time, Phellodendron amurense is a blessing in disguise, and its strength has improved a lot.

At this time, Phellodendron noticed Bai Xu beside Ye Chen and said in doubt, "this adult?"

"He came to me to join hands, and he was an ally."

Ye Chen's words, let Huangbai's heart admire the five body to the ground.

He can see that Bai Xu's strength is half a step.

Those who want to attack them must weigh their strength.

Boom!

At this time, there was a sudden explosion. They were standing on the square array and moving towards the small palace.

Ye Chen's face can not see any change, Phellodendron is a face of excitement.

Everyone wants to know what's in the little palace.

Most warriors believe that there must be treasures in it.

The speed of the square array is not fast, but the distance of 3000 meters is not far. It doesn't take ten minutes to get to the side of the small palace.

Some martial artists rush forward with full interest. Ye Chen stands still.

Quietly waiting, but the ten rest time passed, originally rushed into the martial arts, suddenly all ran out.

Their faces were full of fear, and their mouths were still flustered and said, "run out!"

Ye Chen didn't know what was coming out. But looking at the expressions on the faces of these warriors, we could see that it was definitely not a good thing.

Bang! Bang! Bang!

A dull sound came from the small palace.

Ye Chen holds the bleeding magic sword in his hand and keeps his eyes on the front, ready to fight at any time.

Huang Bai's face didn't show much fear. After all, there was a strong man with half a step to close the door.

If there are monsters that are more powerful than the strong one in half step, they can't run away.

At the moment, we can only fight to the death. There is no road behind us. No one knows what will happen if we fall into the long river, but we dare not gamble.

Suddenly there was a man with armor in the palace. There is no difference between these Armored Warriors and ancient Armored Warriors, but now their necks are replaced by green vines.

Every one with armor is not weak!

Ye Chen's brows are locked. These ancient armor warriors seem to be manipulated by vines.

These vines happened to meet in the gate of Qiankun palace.

These ancient armor warriors have rushed out, ye Chen does not hesitate to kill in the past.

There were many armor warriors in ancient times, but they also had strong men who sealed the door in half a step.

It's a lot, but it's just a waste of time.

Originally, a hanging heart in the warrior's heart was also put down and rushed to the past one by one.

Ye Chen's blood magic sword can take away an ancient armor warrior with each sword.

Bai Xu needless to say, a slap down, at least ten ancient armor warriors died.

When these Armored Warriors died, vines ran out and landed on the ground.

No one dares to move these vines, they are far away.

Around them, the fierce breath of warriors erupted one after another,

ancient Armored Warriors came fast, but the speed of death was not slow.

An hour later, almost all the ancient armor warriors have died, and there are many vines on the ground.

"I'm afraid it's not that simple."

Bai Xu came to Ye Chen and said.

Ye Chen nods gently. If it is so simple, I'm afraid it won't come here.

Some martial artists express joy, but others are more worried.

Boom!

The little palace, at this moment, suddenly exploded.

A figure came out of the scope of the explosion.

The breath of terror permeates the square array. Ye Chen stares at it carefully and finds that there are four characters written on the clothes of the figure!

"Prisoner of the kingdom of God?"

Ye Chen murmured in his mouth and glanced at it with divinity. He found that he had reached the peak of Xingqiao state.

The ancient war will be able to cross the level of combat, to reach the peak of the star hole realm of Shenguo prisoners, I am afraid that can threaten the half step door.

Even the strong in the early days of sealing the door may not be able to compete!

At this moment, all the warriors in the square array took a breath.

It's not something they can fight against.

Chapter 1974

"If you kill the prisoners of the kingdom of God, you can gain the fortune of heaven and earth!"

The voice of apathy and mechanical came out again.

Ye Chen knows that the ancient armor warriors were just appetizers, and the prisoners in front of them were the real important play.

Huangbai comes to Ye Chen. He has no strength to participate in this kind of battle.

The prisoner of the kingdom of God can stab him to death with one finger!

In the current situation, only those martial artists who are above the eight levels of the sky in the star orifices dare to seize the Qi and fortune of heaven and earth.

The eight levels of sky in Xingqiao is just the minimum standard!

Bai Xu takes a look at the two strong men who have already joined hands.

Heaven and earth are most likely to be in the hands of the three of them.

The other two strong men, who were half closed, decided to take the risk.

Those who can stand in the square array have been baptized by heaven and earth, and naturally understand the benefits.

However, most of the warriors can only watch helplessly. There is no difference between their strength to deal with the prisoners in the kingdom of God and to seek death.

At the moment, the prisoner of the kingdom of God has launched an attack, and the sword in his hand is cut down.

Whoosh!

The sound of breaking through the air, the speed of the knife awn is extremely fast, like lightning, it falls down in an instant.

Some of the warriors reacted slowly and were cut in half.

Around the prisoners of the kingdom of God, the strong men of the later stage of the astral realm have already made a move, and they have a chance to take a share.

Ye Chen stares at carefully, let Phellodendron be careful, the figure of ghost suddenly rushes past.

Heaven and earth are good things, and ye Chen has no plan to let go.

The closer you are to the prisoner of the kingdom of God, the more you can feel the breath of terror.

Ye Chen did not go too far forward. He had to be careful.

If you are not careful, you are in danger of falling.

There are only three figures in the front, all of them are the strong men who can seal the door in half a step, and they are the only ones who can bring fatal damage to the prisoners of the kingdom of God.

When ye Chen rushes past, the warrior hiding in the distance, seeing this scene, thinks that he is crazy.

In order to get heaven and earth Qi, he didn't even intend to take life.

It's insane!

Every time the prisoner of the kingdom of God goes down, he makes it difficult for the strong man to escape.

To be able to stand here, the lowest is at the later stage of the astral realm.

Ye Chen was standing on the outer edge, only himself. There was a star in front of him and a half step door was sealed, which made him much safer.

With the constant flow of the law and the spirit of Geng Jin, the sword light flashed out towards the prisoners of the kingdom of God.

Ye Chen's expression is dignified, at the moment half step seal the door strong person has already received not small injury.

If the strong man with half step seal is seriously injured, who can resist the prisoners of the kingdom of God at that time.

What to be afraid of, one of the strong men who sealed the door with half a step took a knife from the prisoner of the kingdom of God.

The whole man spits out a mouthful of blood, and there is a fatal wound on his chest. He can't continue to fight.

That half step seal strong person not willing to look at, but there is no way, can only leave.

After he left, there were only two strong men on the scene.

The warriors hiding in the distance have been paying close attention to it. If the strong one is defeated in the battle, all of them will die, and none of them will survive.

Two strong men with half a step to close the door are under great pressure. Leaving one makes them even more miserable.

Now the prisoners of the kingdom of God are also injured, but not fatal at all.

These injuries have nothing to do with his speed.

Two half step seal strong, hard support, I believe that will not last long, the defeat is only sooner or later.

At this moment, people are desperate!

Waiting for half a step, once the strong are defeated, where should they go?

Ye Chen's face is not so good, now we are all grasshoppers on a rope, both prosperous and damaged!

The attacks of the prisoners of the kingdom of God are more and more fierce, and each sword stirs up the storm.

Many people have already died in the strong star state, and the rest are not much better.

Some of them, who are strong in stardom, escape directly from the attack range of the prisoners in the kingdom of God.

Seeing this scene, the two strong men who sealed the door in half a step wanted to slap them to death.

Some of the powerful people in the astral world were evacuated, which made the prisoners more unscrupulous.

Ye Chen a bite teeth, the whole person's figure directly rushed past.

Originally, he thought that he could help as much as he could on the periphery.

It depends on luck whether you can get the heaven and earth Qi, but you can't control so much now.

Bai Xu and his wife must not be seriously injured, otherwise it will be a disaster that can not be prevented. Ye Chen came to the prisoner of the kingdom of God and was under great pressure.

The breath from the prisoner of the kingdom of God almost made him breathless.

The ten methods of blood and Qi burst out, and the immortal body was shining with golden light.

Blood activation!

Kill the boundary, open!

Facing the prisoner of the kingdom of God, ye Chen must use all the cards, except for the power of reincarnation and the blood vessels of the red dust, which can not break out.

There are six laws behind him: the law of time, the law of ice, and the law of time and space.

The breath of the three laws comes out. Bai Xu takes a look at Ye Chen, but doesn't say much.

In today's situation, more people will have more strength. Unfortunately, the warriors hiding in the distance have already been frightened by the prisoners of the kingdom of God, and they have no courage to attack from afar.

There are even some warriors who still don't understand that they will die if all the strong are defeated.

There is a sense of luck in the hearts of these warriors.

Ye Chen's arm is constantly waving, and three kinds of terrible sword spirit suddenly fall on the body of the prisoner in the kingdom of God.

On a closer look, we found that there was no flesh body of the prisoner who broke the kingdom of God, but there was a white mark on his body surface.

The prisoner of the kingdom of God feels Ye Chen's existence. As soon as he turns around, he raises his sword in his hand and blows it out.

The breath of terror directly locks Ye Chen's figure. The speed of the sword is extremely fast, and it has come to his head in a twinkling of an eye.

Ye Chen has no way to retreat. He can only resist with the blood demon sword in his hand.

And he took out the high-grade animal decaying sword!

Two swords against together!

Boom!

Thunder like explosions, the aftershocks of terror spread wildly around.

Pooh!

Ye Chen a mouthful of blood directly spurted out, the upper arm of the blue tendons burst, blood and water constantly in the body tumbling.

Just in a moment, the whole arm was about to be broken. Fortunately, there were immortal gods and demons to support it.

The whole figure of Ye Chen flies backward and stands up from the ground with difficulty.

At the moment when he stood up, the prisoner of the kingdom of God rushed to his face, holding his sword in both hands and cutting it.

Ye Chen's mouth shows a wry smile. The speed of the prisoners of Shenguo is too fast.

Even if he was injured, he could only see a shadow in his eyes.

At the moment when the sword was about to fall, Bai Xu's whole figure rushed directly to him.

The green sword in his hand blocked the swords of the prisoners in the kingdom of God, and turned his head and said, "go

Chapter 1975

Ye Chen nods slightly, the speed of the whole person reaches an extreme, and the prisoner of the kingdom of God opens a distance.

Bai Xu spat out blood and water, and his whole chest sank down. When ye Chen fled, the prisoner of the kingdom of God kicked out directly.

This foot went down, almost nearly half of Bai Xu's life!

Although the prisoner of the kingdom of God is only at the peak of his star state, his strength is no less than half a step to seal the door!

Ye Chen see this scene, the whole person's eyes are gradually blood red.

The black evil spirit on his body twined. If it was not for himself, Bai Xu would not have been so seriously injured.

Ye Chen gradually enters into the state of being possessed by the devil, and his body emits a dazzling black light.

This moment of Ye Chen, as if like a demon.

Evil, terror!

Ye Chen's blood demon sword is in the hand, gushing out the terrible evil spirit, the whole person's figure suddenly rushes past.

When he rushed over, he took out a part of the soldiers of time and space.

Once used, his identity will certainly be exposed, but now he does not have too many ideas, just want to kill the prisoners of the kingdom of God.

Ye Chen's mouth murmured: "thousand soldiers explode!"

At this moment, the soldiers of time and space, send out the breath of terror.

The breath is constantly diffused, and there is an earth shaking sound.

Boom!

When the warrior in the distance saw this scene, his face changed slightly.

This is a thousand soldiers explosion!

They can see it at a glance!

He is Ye Chen!

The whole western regions know that only Ye Chen can use a thousand weapons to explode, and he can't find a second one!

In the distance, Phellodendron widened his eyes and felt that he was about to suffocate.

It's really Ye Chen!

Not the same name!

Kill Zong, ye Chen!

At the thought of his meeting with Ye Chen, who killed Zong, Huang Bai was excited.

Ye Chen's name is known to everyone in the western regions. He offended many forces, but he still lives well.

Many forces have even been defeated.

Only Ye Chen can do this in the whole western regions!

Some of the martial arts gradually became gloomy, and their forces were basically hostile to Ye Chen.

If it had not been for the prisoners of the kingdom of God, they would have been flocking to them by now.

Ye Chen does not have any idea in his heart, a thousand soldiers explode. At the moment of explosion, he knows that his identity cannot be hidden.

The prisoner of the kingdom of God rushed out from the scope of the explosion, and his sword fell in an instant.

At the moment of falling, ye Chen's blood magic sword suddenly cut out.

Bang!

A clear sound, ye Chen did not have any hesitation, behind the appearance of the phantom of the beast, blow out.

Behind the prisoners of the kingdom of God, another strong man with half a step to seal the door found an opportunity, and his strength broke out without any reservation.

A knife waved out, toward the back of the prisoner of the kingdom of God, shot out.

Boom!

The whole body of the prisoner of the kingdom of God fell to the ground, and behind him, there was a huge scar.

With one blow, Shenguo prisoners were seriously injured.

Ye Chen finds the opportunity, the whole person roars: "Shura leads the magic formula!"

At this time, above the long river, a black figure appeared.

The evil spirit of terror, crazy surging, formed a storm.

The evil spirit surged around, and the wind and cloud changed color.

Some warriors keep retreating, feeling the evil spirit of terror, and can only avoid its edge.

Ye Chen step out, a black lotus appears on the ground, enchanting and evil.

At the moment when Shura appeared, all the warriors on the scene felt shivering.

The evil desire in the heart is constantly aroused.

Hidden in their hearts of the evil, constantly burst out.

Boom! Boom! Boom!

A black lacquer figure, like a thunderbolt, came into the world in an instant.

At this moment, it seems that the whole world has been eclipsed.

On the square array, there were no fingers to reach out, as if everything was in the dark.

Click!

There was a clear sound, and the prisoner's body was split in a moment.

The breath of Shura dissipates, and ye Chen's whole face is pale.

If it wasn't for a couple of half step closures that severely damaged the Shenguo prisoner, and there was a strong evil spirit nearby, maybe he was not qualified to perform this skill!

The side effect of the operation made him extremely weak.

Just then, a golden beam of light fell from the middle of the river.

Heaven and earth are lucky!

The strong man in the star's body state showed an envious look. Just now, the one with half step seal had seriously injured the Shenguo prisoner. In addition, there is no reason for the terrorist evil gas attack, directly take away the Shenguo prisoners.

Ye Chen successfully mended the knife!

Although Ye Chen did not make a breakthrough, he felt that he was not clear about the Tao.

Ye Chen is standing on the ground. At the moment, he is too weak. He is afraid that he can't even give full play to his fighting capacity.

Whoosh! Whoosh!

A shadow came to Ye Chen.

Ye Chen is surrounded by powerful people in Xingqiao. They are all from the western regions and ye Chen has some gratitude and resentment.

Ye Chen has already thought of this scene!

At the moment, there are 20 strong star orifices, even five at the top.

Now they can see that ye Chen is very weak. It is definitely the best time to kill him.

Ye Chen has already seen the shamelessness of various forces in the western regions. This scene is not surprising!

Ye Chen did not say any words, instead, he clenched the blood demon sword in his hand and took out the beast decayed sword.

If you want to fight, you can fight. You can't fear death!

The atmosphere of the scene gradually became dignified, and the warrior in the distance did not say a word.

Some warriors know that if it was not ye Chen, they would have been killed by the prisoners of the kingdom of God, but what about that?

They can't afford to offend these forces. Once they offend, they are doomed.

They don't have the courage of Ye Chen.

"Who dares to deal with Ye Chen, don't blame me for being rude!"

At this time came a voice, Bai Xu stood out and came to Ye Chen.

At the moment, Bai Xu also suffered a lot of injuries, but in the end, he is also a strong man with half a step to seal the door.

When Bai Xuyi appeared, the face of the warriors of all forces changed slightly, and his eyes showed a look of fear.

Although they are an injured half step blocker, they have no confidence and can kill 100% of them. I'm not sure they will explain it here.

"Master, we are all from the major forces in the western regions. Do you want to fight against all the forces of us for a Ye Chen?"

A strong star in Shenglong family stands out!

Although they are a strong one, they are not afraid.

If Bai Xu in his heyday did not say a word, they turned around and left.

Now Bai Xu is seriously injured. Although he is a little afraid, they also believe that he will never do it.

"What about the major forces? Don't think I don't know how despicable you are. If ye Chen hadn't been for you, you would have been dead. Where were you when the prisoners of the kingdom of God were there?"

Get out of here! Otherwise, don't blame me for being rude. "

Bai Xu wanted to slap these hypocritical guys to death. When dealing with the prisoners of the kingdom of God, he did not see them.

Now the crisis is over, no matter how to deal with Ye Chen, there is a little bit of vengeance.

Huangbai ran in front of Ye Chen at this time. Although he didn't speak, he already showed his attitude.

All forces were speechless by Bai Xu.

"I'm not afraid of your revenge. I'm not worried about it."

Chapter 1976

Bai Xu's words gradually changed the face of various forces.

As the saying goes, barefoot is not afraid to wear shoes!

If Bai Xu had power, he would not be unscrupulous, but now it is different.

Once Bai Xu makes a move, they are hard to resist.

"Ha ha! I hope you can protect Ye Chen for life

The strong man of the holy dragon family snorted coldly, turned and left.

There are strong people in the half step seal door. If they want to kill Ye Chen, it is basically impossible.

Can only give up, later make plans!

All forces have seen that the holy dragon family has left, and there is no need to stay here.

After waiting for all forces to leave, ye Chen looked at Bai Xu gratefully and said, "thank you very much, master!"

If it wasn't for Bai Xu, even if he could kill some powerful warriors, it would not be easy to survive.

"Aren't we allies?"

Bai Xu smiles and doesn't say anything more. For him, it's just a little work.

If ye Chen really becomes the most powerful one in Lingwu land, he can also follow Zhanguang.

Although he is powerful, he is not invincible.

Bai Xu is optimistic about ye Chen's future, but he doesn't pay any attention to the threat of various forces.

He has not completely infuriated the forces of all parties, and it is absolutely impossible to capture him, a semi powerful man.

To reach his strength, if he does not kill him, he will escape by chance. At that time, it will be a disaster for all forces.

Ye Chen nodded slightly, took out the pill from the samsara cemetery and put it into his mouth.

Bai Xu is also treating his injury on the side of Ye Chen. In Qiankun palace, no one knows what will happen next.

Only their own strength is strong enough to ensure security.

As for the phellodendron, there was nothing to do, waiting quietly on the side.

Two hours later, ye Chen's wound was almost healed and stood up from the ground.

Bai Xu's injury will not be better for a while and is still recovering.

"Phellodendron, are you interested in joining us

At this time ye Chen asked.

The strength of Phellodendron amurense is good, and it has backbone. When facing Longshan at first, it was better for jade to be broken than to be ruined!

Ye Chen appreciates this point, and Huangbai can stand up at the beginning. He is also a person who values love and righteousness.

Hearing Ye Chen's words, Phellodendron only felt that happiness came a little too suddenly, and the whole human body couldn't help being excited.

Kill Zong, but the holy land of sanxiu!

It is a kind of honor for sanxiu to be able to enter shazong.

"I will. "

Phellodendron was excited. Some of his words were not clear.

Words are still declining, the square array unexpectedly came a change!

.....

In a corner of the square array, a black robed man's eyes were fixed on the long river, and murmured in his mouth: "it's time to come, but it's coming soon."

Half an hour later, a black whirlpool suddenly appeared in the long river.

The whirlpool spreads gradually, and the oppressive breath falls on the heart of Every warrior.

Ye Chen looks at the long river, a black sarcophagus appears in the black whirlpool.

When the sarcophagus appeared that moment, revealed the breath of antiquity, spread around.

When you see the sarcophagus clearly, ye Chen's pupil shrinks.

There is no big difference between this sarcophagus and the sarcophagus in the dilapidated palace. The only difference is that the width and length of the sarcophagus are larger than those in the dilapidated palace.

The sarcophagus inside the dilapidated palace is like a miniature version.

When the first sarcophagus appeared, 48 sarcophagus appeared one after another in the black whirlpool.

Ye Chen's eyes gradually become dignified. What is there in the sarcophagus?

What do you mean by the 49 sarcophagus that suddenly appear now?

Ye Chen feels a layer of fog in his heart.

as like as two peas in the palaces, the forty-nine sarcophagus are placed in the same position as the wrecked palace, except for the stone skull coffin.

In the square array of warriors, quietly standing in place, looking at the long river in the sarcophagus.

"Heaven and earth will gather together and be crowned king."

The voice of indifference machinery rings out again, and strands of gold come out of the sarcophagus.

When these gold wires are floating in the long river, the warriors of the square array show a fiery look one by one.

They can feel the breath of gold, which is the luck of heaven and earth!

At this moment, ye Chen knows, the next is a scuffle!

The existence of heaven, earth and Qi can not be missed by any warrior.

Although there are a lot of gold wires floating in the long river now, compared with the warriors standing in the square array, there are not many! In the case of more wolves and less meat, they can only go to kill others to seize the fortune of heaven and earth.

Ye Chen doesn't understand what the existence behind the palace of heaven and earth is going to do.

Apart from heaven and earth, there is no treasure in the palace of heaven and earth.

Now 49 sarcophagus appear again, which leads to the Qi of heaven and earth. It seems that they want to let the warriors fight continuously.

When he was thinking, there were already some warriors who began to rob the heaven and earth.

When the 49 sarcophagus appeared, all the warriors could fly in the void and fly to the long river one by one.

Ye Chen's brows are locked, and then the whole person rushes into the river.

Since I can't think of it, I just want to take a look at it step by step, and he won't let go of his fortune.

Huang Bai stands on the square array above, has some hesitation, his strength is not high.

It would be very difficult to rob heaven and earth.

When looking at Ye Chen's figure to rush to the long river, then a bite teeth, rush in, no matter how also want to try.

Ye Chen holds the blood magic sword in his hand. In the long river of heaven and earth, he finds a thick and long one, and there are two strong players competing for the edge of the star.

When ye Chen's figure rushes over, the two stars have only the strength of seven layers of sky.

The two warriors looked at each other, and their faces became ugly.

Ye Chen's strength they are very clear, two people hand together, I'm afraid is not the opponent, but heaven and earth luck and don't want to give up.

This is a treasure!

How to let go easily!

"Will you go by yourself or shall I do it?"

Ye Chen's words did not go on, but the meaning of this is self-evident.

"Now that you have offended the major forces, why bother us? If we join the big forces then..."

One of the powerful stars had not finished, suddenly a sword light appeared.

Sword light in the long river, burst out of bright light, the star of the martial arts, pupil contraction, eyes inside a flash of white light.

The whole body fell into the river!

He didn't react at all. Ye Chen made a direct move!

Another star with a strong body said goodbye and left without looking back.

Ye Chen came to heaven and earth, and held it in his hand.

At this time, the heaven and earth were flowing into his body. As for the words said by the star with strong body state, he didn't pay attention to it at all.

Chapter 1977

If he was afraid that xingqiaojing would deal with himself together, he would not have provoked all major forces.

Since he wants to join the big forces to deal with himself, ye Chen has no need to keep him.

When dealing with the enemy, we cannot be soft hearted.

All around Ye Chen, the atmosphere of terror clashes, and the battle around has reached a white hot.

Each warrior seems to kill red eyes, as if in the face of his father's enemies.

The smell of blood pervaded the river, the smell of terror, continuous condensation.

Every time ye Chen makes a move, he meets a warrior and walks away almost without looking back.

Without absolute assurance, no one dares to attack Ye Chen.

In a corner of the long river, eight strong people at the top of Xingqiao state get together and stare at Ye Chen.

Now Bai Xu is competing with another strong man who is half step closed. He has no time to protect Ye Chen.

The strong of their major forces get together to deal with Ye Chen!

Although the heaven and earth qi movement is good, but ye Chen's threat is too strong.

Now ye Chen is only half a step ahead of nature and can compete with the strong in Xingqiao state. When he gets to Xingqiao state, who can be ye Chen's opponent.

Ye Chen has gradually threatened their major forces and must be solved as soon as possible.

Eight strong stars at the top of their orifices are only to deal with Ye Chen!

Absolutely big!

Ye Chen feels the vision of killing intention, turns a head to see, eyebrow is locked gradually.

Eight stars are at the top. He is basically no match now.

If you are alone facing a strong star in the mind, you may still have a chance.

Eight stars in the top of the body, toward the shadow of Ye Chen, crazy rush.

The breath of terror, pressing towards Ye Chen, wants to use its own breath to overwhelm Ye Chen.

The immortal god body bursts out the glittering golden light, to counter the strong breath of the star body.

"Ye Chen, today is your end!"

One of them, a strong man at the top of Xingqiao, roared, and the whole person roared.

In the roar, mixed with sound wave attack, rushes toward Ye Chen's mind.

In Ye Chen's mind, it seems that there is a golden dragon coming into the world and rushing away.

The immortal spirit protects Ye Chen's consciousness of the sea, setting off a slight wave in his mind.

The immortal sword idea gushes out, and ye Chen's whole figure suddenly rushes past.

When he rushed over, Zhutian magic gun broke out with a terrible gunshot intention.

The meaning of the gun becomes real. The meaning of the gun is constantly condensed in the long river, and a golden dragon with gun meaning condenses suddenly roars.

The blood demon sword's evil spirit gushed, the golden light and the black evil gas glittered on his body surface.

Among them, one of the top stars disappeared in the long river and came to Ye Chen's back in a twinkling of an eye.

In the moment behind him, the sword in his hand stabbed at the back of Ye Chen.

Terror of killing diffuse, ye Chen in the moment of turning around, blood magic sword suddenly lifted up.

Bang!

Ye Chen's figure retreats slightly, the breath inside the body is surging, almost a mouthful of blood gushes out from the mouth.

It is true that he is not able to resist the strong at the top of Xingqiao state, not to mention there are eight.

Ye Chen's eyes are gradually dignified. At the moment, the eight powerful stars at the zenith of the orifices surround him and prevent him from escaping.

Repressed breath, continuously diffused around, ye Chen clenched the blood demon sword and the Zhutian God magic gun, and the whole person's figure directly rushed over.

In the moment he rushed past, the blood demon sword suddenly lifted up.

The sword Qi is straight and crisscross, just like spray after spray, and it cuts out towards the top of a star's body state.

With a sword, the strong men at the top of the rest of the Xingqiao state rushed directly to kill Ye Chen with one stroke of a second.

The longer the situation is, the more unfavorable it will be for them.

If you want to kill Ye Chen again, it's impossible.

There's not much time for them!

Ye Chen behind a pair of black wings, stirring in the long river.

Bo Tian Shu's breath, let him all-round promotion, Zhutian magic gun, a shot out.

The sound of breaking through the sky came, and the gun head braved the cold light, and shot a strong person at the top of the Xingqiao realm.

Boom!

The strong man at the top of the star's body state dodges slightly, and the whole figure comes to Ye Chen.

In front of Ye Chen, a slap down.

A slap suddenly fell, beside him, a strong man covetously, the sword in his hand instantly chopped to Ye Chen's arm.

At this time, the devil's eye in the middle of the eyebrow said: "boy, I'll use the technique to cover the magic gun of Zhutian God. You can display it as much as you like!"

"The evil Qi just now is not enough to fully display the magic formula of Shura guiding, but I have absorbed a lot in Jiuyou sea. At the critical moment, I can release a part of it for you!" "When the time comes, sacrifice the Sora guide magic formula!"

"Good!"

Ye Chen blood magic sword and Zhutian magic gun fall directly.

Bang!

The blood demon sword case blocks the sword that the strong attack and kills. When Zhutian demon spears out, one hand holds the gun body.

The strong man at the top of the star's body state suddenly exerted force on his arm.

He can see that the extraordinary part of the Zhutian magic gun is that he wants to own it.

Hum! Hum! Hum!

The magic gun of Zhutian god suddenly makes a buzzing sound, and a huge force shakes the strong one away.

Zhutian magic gun itself has spirit, now in addition to recognizing Ye Chen, how can others take it!

Pooh!

Ye Chen a mouthful of blood suddenly spurted out, in his back, a strong man, a sword directly cut his arm.

His eyes became blood red, and the evil Qi on his body was constantly gushing out.

The evil spirit of terror rises from the sky. Ye Chen turns around and clenches one hand and five fingers into a fist.

A fist blows out!

Boom!

The strong man at the top of the star's body state was unprepared, and the whole figure flew out.

Evil Qi surging, step out, black lotus, fall in the long river.

The whole body of the blood demon sword is wrapped by the terrible evil Qi.

At this moment, ye Chen's whole body is covered with evil Qi, and behind him, there are shadows of evil spirits, constantly condensing.

The evil spirit of terror makes all forces retreat constantly.

The warriors who had robbed heaven and earth's Qi and fortune were all frightened by the movement of Ye Chen.

Behind him, the ghosts and ghosts appeared one after another, and the breath of terror filled the river.

The strong at the top of the star world of all forces are frowning.

They can feel that the breath of Ye Chen is constantly enhanced. Behind him, the shadow of the evil spirit stands erect in the long river.

Ye Chen at the moment, like the Lord of the devil.

The shadow of the evil spirit is behind him. In a twinkling of an eye, he rushes to the strong man at the top of the star orifices.

The evil spirit virtual shadow roared, and at the moment of rushing out, the evil spirit surged.

The strong at the top of Xingqiao state feel the breath of terror and constantly retreat.

When they retreat, ye Chen's blood demon sword rises.

The idea of the sword is surging wildly. A sword, like the opening of the sky, suddenly falls down!

Chapter 1978

The sword light flows in the long river, crazy toward the strong star body, where the sword light goes, it is like thunder god roaring.

The whole river is constantly shaking, like a sword cut the whole galaxy in two.

Boom!

A violent explosion, ye Chen's face pale, staring at the front.

Cough!

At the top of the Xingqiao realm, the strong ones rushed out of the explosion area. Their clothes were not neat and there were some scars on their bodies.

Ye Chen smiles bitterly at the corner of his mouth. As expected, he is still a little bit inferior to the strong man at the top of Xingqiao state.

In the face of a strong person at the top of Xingqiao state, even if he does his best, he is not an opponent.

Eight strong people at the top of the world of stars rush to the top. Now they are really angry!

For such a long time, ye Chen has not been taken down, but they have made themselves in a mess.

It's not time for them to fight.

They all directly rushed to the front. At the moment when they rushed, they attacked fiercely and fell down in an instant.

At the moment of falling, ye Chen's immortal body and demon body burst out at the same time.

One gold and one black, constantly flowing on the surface of his body.

Blood magic sword crazy wave out, one sword after another!

Boom!

Within the scope of the explosion, a black mushroom cloud appears. The strong man at the top of the star body realm looks ahead.

They don't believe that ye Chen can survive in so many frenzied attacks.

Just then!

The evil spirit suddenly condenses!

An extreme sense of depression surging!

"Why do I feel so angry?"

There is humanity.

Roar!

A roar, in the explosion inside, there is a huge virtual shadow, surrounded by endless evil gas!

The virtual shadow has three heads and six arms, and the evil spirit is pouring out crazily.

Jiuyou Shura is born!

Jiuyou Shura is in charge of killing, and the surrounding murderous spirit forms a whirlpool storm.

Jiuyou Shura's three pairs of eyes are staring at the top of the Xingqiao realm, and a pair of blood red eyes, which is extremely terrifying.

Invisible in the long river bursts of wind, black clouds block out the sun, evil gas surging.

People seem to be standing in the devil's spirit. The strong man who had been fighting for the fortune of heaven and earth kept retreating.

These evil spirits are not what they can bear. We must try to get away from them as soon as possible.

If they are not careful, they may become killing machines if they are infected with evil spirit.

The great forces that besiege Ye Chen almost spit out blood. Ye Chen is still alive!

As if it was like a little Qiang who could not fight to death, there was no way to deal with it.

They watch ye Chen one by one. In front of Jiuyou Shura, the strong forces seem to be extremely small.

The Qi of killing and evil Qi continuously condenses, and the two are above Ye Chen's head, forming a magic sword.

The evil sword spreads the breath of terror, which makes the strong men of all major forces frown.

The wind is howling and the clouds are flowing. The breath of the magic sword is like the power to destroy the world. Who can fight against it!

Ye Chen found that this time the evil Qi was more than the last time he called Jiuyou Shura!

This also makes Jiuyou Shura very strong!

It's a pity that without the evil Qi, the Jiuyou Shura cannot be formed.

The magic skill is powerful, but there are too many restrictions.

How can there be so much evil in the outside world?

The six arms of Jiuyou Shura lifted up and held out a finger. The magic Qi surged and condensed at his fingertips, and fell in an instant.

Six black columns of light, in this moment, the moment fell!

Boom! Boom!

The sound of the explosion is constant, and the strong people at the top of the Xingqiao realm constantly dodge. When they dodge, the magic sword suddenly falls down.

Stab!

The magic sword came into being, and the whole space of the river became extremely unstable.

In one area of the crowd, the space was shaking and buzzing.

This is the most powerful blow that ye Chen can release when he is injured!

Click!

In the long river, even constantly appear cracks, like a mirror in the moment of breaking.

The magic sword fell, and ye Chen's mouth gushed with blood. His face was pale and his body was shaking.

Originally, he was attacked by various forces. In addition, he was forced to sacrifice Jiuyou Shura, and his body was already about to support.

Ye Chen's eyes are fixed on the front. If the strong forces can fight, he is afraid that it will be very difficult for him to persist.

The strong men of all major forces were pale and weak, and their bodies were full of blood and water.

Although they are all hurt, but compared with Ye Chen, one is in heaven and the other is in hell. Ye Chen's expression is dim, and the evil Qi is consumed too fast, and the body of Jiuyou Shura is almost unable to support it.

He couldn't keep it going.

Now he has basically no ability to resist.

Boom!

At this time, a martial artist at the peak of Xingqiao state suddenly came to Ye Chen's side and shot it out.

At the moment of a palm falling, the whole figure of Ye Chen retreats and drives away.

Suddenly fell on a sarcophagus.

Bang!

With a dull sound, golden patterns suddenly appeared on the sarcophagus.

When a sarcophagus appears, the rest of the sarcophagus, the same golden pattern.

These patterns seem to have come to life, separated from the sarcophagus and floated out.

The sarcophagus trembled violently. The sound of the sarcophagus aroused the warriors who plundered the heaven and earth.

One by one they stopped and stared at the sarcophagus.

Ye Chen in the sarcophagus above, feel a soft breath, even in the continuous treatment, his body injury.

His injury, recovery is very fast, I believe it does not take half an hour to recover to the peak period.

When the golden patterns were flying in the air, the cover on the sarcophagus suddenly flew up.

Ye Chen in the top of the cover, looking at the inside of the sarcophagus, the face of the whole person changes instantly.

Inside the sarcophagus was a nine clawed golden dragon, which was radiated from the dragon.

Nine claw Golden Dragon originally closed eyes, suddenly opened, this moment, they live.

One by one nine claw Golden Dragon hovers in the long river, and the dragon's power vibrates. Forty eight nine claw golden dragons hover in the air, leaving only the golden light in the long river.

"The golden dragon is attached to the body, Qi is added to the body, and the crown is made king!"

The voice of mechanical indifference came again, and then a warrior rushed to a golden dragon.

When he was ready to grasp it with his hands, the Golden Dragon suddenly opened its big mouth and went down in one mouthful and swallowed him up.

This scene, let all the martial arts take a breath, the existence behind, they said very clearly.

Naturally, they can understand the truth, and those who wanted to fight can only give up when they see this scene.

What I just shot was a strong man in the Xingqiao state. He had no resistance at all, so he was swallowed up.

They are not confident enough to withstand the damage of the nine claw dragon.

"Nine claw golden dragon, choose your own Lord, you can release your own blood."

Chapter 1979

"Nine claw golden dragon, choose your own Lord, you can release your own blood."

When the existence behind, after saying that, a famous warrior stood up and released his blood.

Some blood vessels are only ten Zhang or 100 Zhang long, while others are arrogant.

Originally hovering in the long river, the Golden Dragon flies to the side of the warrior one by one.

There were at least 1000 warriors present, but only 48 could gain the Qi of nine claw Golden Dragon.

In the case of more wolves and less meat, one by one, they burst out their own blood, hoping that golden dragon would choose themselves.

As for the forced choice of the nine claw golden dragon, they have given up.

If you really want to do it, I'm afraid it's no different from that warrior just now, and it will be swallowed up directly.

They don't dare to joke about their lives now.

Ye Chen comes to Huangbai.

"Little Lord, don't you release the power of blood and choose the nine claw Golden Dragon?"

Now that he has to join in the killing sect, he has changed his mouth in the face of Ye Chen.

"Don't worry, I'll have a look again!"

Nine claw Golden Dragon Ye Chen does not want to, but once the power of blood is released, the breath of reincarnation will float out.

In order to prevent the breath of samsara blood, even if you can't get the nine claw golden dragon, it doesn't matter.

He is confident that the reincarnation blood is more powerful than the nine claw Golden Dragon.

If you can't get nine claw golden dragon, he doesn't care!

When he watched, a warrior had successfully won the nine claw Golden Dragon.

The nine claw Golden Dragon rushed into the warrior's body, and his body burst out with a gorgeous golden light.

Behind him, a nine clawed Golden Dragon loomed and disappeared in his body.

Seeing this scene, all the martial arts are envious, eager to use all their skills to communicate with the nine claw Golden Dragon.

It's just that the effect is very small. The nine claw Golden Dragon has spirit, so it will naturally choose the warrior with the highest talent.

Of the more than 1000 warriors, at least 95% of them will be disappointed.

Those who didn't get the nine claw Golden Dragon gave up completely, sighed and paid attention to others.

The eyes of some martial artists are on Ye Chen's body.

After all, ye Chen's strength is obvious to all, and his natural talent is not bad. However, seeing that he is not affected, everyone is stunned.

Don't Ye Chen want to get the golden dragon with nine claws?

Or does he think his own talent is not good?

Everyone guessed, no one knows!

"I'm afraid Ye Chen knows that his talent is too poor. I'm sorry to lose face!"

At this time, a strong man of the holy dragon family said coldly.

When he communicated with Jiuzhaojinlong, he didn't succeed at all. When he saw Ye Chen, he didn't mind a sneer.

Many warriors, hearing the words of the holy dragon family, disdain to smile.

Although they don't like Ye Chen's arrogant posture, they don't believe it even if they want to say their talent.

At that time, outside the palace of heaven and earth, Ye Chen dropped into his blood. It was obvious to all that he was not talented enough.

As for why Ye Chen didn't communicate with Jiuzhaojinlong, they couldn't figure it out.

No one knows what Ye Chen thinks.

Huangbai in the side is also looking worried, he naturally does not believe that Ye Chen can not succeed.

Nine claw Golden Dragon himself has no idea, does not mean that he does not want to let Ye Chen get it.

As long as Ye Chen's strength is stronger and stronger, his life can also be guaranteed.

Nine claw golden dragon, now there are three confirmed masters. Some of the remaining nine claw golden dragons wait and see, and some warriors are close to success in communication.

Ye Chen step out, looking at nine claw golden dragon, suddenly opened his mouth: "who would like to go with me?"

Standing there, only said a word, many martial arts looking at Ye Chen, as if looking at a fool.

In a word, if you can let nine claw Golden Dragon follow their own words, they will not be so hard to communicate.

Ye Chen doesn't care about the eyes of many warriors. Jiuzhaojinlong has his own mind.

If you want to, naturally you don't need to say more. It's impossible to release the power of blood.

If these nine claw golden dragons were not moved, he would give up!

"Ha ha, if he can let the nine claw Golden Dragon recognize the LORD with one word, I'll slap myself in the face a hundred times."

A strong man of the holy dragon family, just finished, the eyes of the whole person stare at the big boss.

One after another, the golden dragons flew towards Ye Chen's direction and stood beside him with a trace of humanity and flattery in his eyes.

"My dragon..."

One of the nine dragon's words that he wanted to get into his body was crying out.

The nine clawed golden dragon, which was supposed to enter his body, ran away! Is All these opportunities should be taken by Ye Chen?

This is still a man!

Grass!

Some warriors, looking at the strong of the dragon family, the meaning in their eyes is self-evident.

At present, ye Chen chooses at will, and it is only a matter of one sentence.

They want to know whether the strong men of the dragon family will slap themselves in the face.

The strong man of the holy dragon family was so red that he wanted to find a crack to get in.

"It's just a golden dragon with nine claws. What's good about it?"

The strong man in the family of Saint dragon opens his mouth in exasperation. He is typically sour when he can't eat grapes.

Although there are many powerful people in the family, they dare not say anything.

A golden dragon with nine claws can't change their aptitude. The strong people who can only impact the world of stars and orifices in their whole life can't break through to half a step as long as they don't die.

Ye Chen's face is a little strange. He just tried it. He's ready to fail. Who knows

These nine clawed golden dragons can't wait to integrate into his body.

Can you still play like this?

They worked hard to communicate with the nine claw golden dragon one by one, and it's impossible that they would be despised. Who knows that these nine claw golden dragons are fighting for the first place in order to integrate into Ye Chen's body.

Ye Chen, can't you be a person?

People are more popular than dead people!

Huang Bai's excited heart did not know how to express it with words.

He is the disciple of shazong and ye Chen is the leader of shazong. They share weal and woe.

Nine claw Golden Dragon completely surrounded Ye Chen!

Even more, Qi Qi gathered in the elixir field of Ye Chen!

At this time, ye Chen feels that the nine claw Golden Dragon is in his body and is constantly integrated with him.

Behind him appeared a totem of nine clawed golden dragon, bathed in golden light, and ye Chen seemed to be like a God.

The Dragon Spirit hovers in his elixir field, and the dragon power spreads from ye Chen's body.

In this life, ye Chen is destined to go against the weather!

Longwei is self-made!

King's fate, wake up completely!

Chapter 1980

Nine claw Golden Dragon into the body, does not bring the benefits above the realm.

It's more luck and luck.

Even, according to legend, the entrants have a certain chance to understand the magic skills of the Dragon nationality.

When all the nine clawed golden dragons were integrated, there was a sudden shock in the long river.

The whole long river split in the middle.

The mouth continued to spread, the golden light flickered, as if to stab the eyes of the warrior.

The smell is more and more strong. People stare at it curiously, and a suit of armor appears in the vision.

The whole body of the armor is snow white, flowing with halo, as if like a robe, standing in the long river.

From the breath of armor, the warrior can detect it. It is absolutely a treasure.

The warriors who didn't get the nine claw Golden Dragon had red blood in their eyes. They wanted to rush over and snatch them off, but they didn't make a move because of their reason.

No one knows what will happen when the armor is snatched.

The nine claw golden dragon was a lesson.

In their hearts, they only hope that it is not a test of talent, otherwise ye Chen has the greatest chance to obtain the treasure of armor!

In terms of talent, they really dare not compare with Ye Chen.

Suddenly, a mechanical voice came from the armor:

"forty nine is the number of arrays, and also the number of sarcophagus. It is also the shape of the forty-nine foundations of heaven and earth. Choose forty-nine people in the field to step on the challenge arena together."

"Lingwu land, heaven and earth kill territory, since it is a killing domain, only one person is entitled to get it."

"The loser is the winner, plunder the heaven and earth, only one person, crowned king, get heaven and earth God armor."

Words fall, several lights fall together.

One of them fell on Ye Chen.

Ye Chen's look, did not have any joy, but some dignified.

The heaven and earth God armor is really extraordinary, but you have to have a life to take it.

This is obviously the final game.

Only one person can survive.

Among the 1000 warriors, talent is absolutely the best. However, only one person can survive. The process can be described as extremely cruel.

Among these 49 people, the strongest one is a warrior at the top of Xingqiao, from the holy dragon family.

As for the half step seal, no one has won it, and there is basically no possibility of further improvement for the three old men.

Boom! Boom!

At this time, the whole figure of Ye Chen flies into the void uncontrollably.

Not only him, but the remaining 48 Warriors also flew into the void.

Ye Chen takes a look at the crowd and finds that there is no black robed man. When he was outside the palace of heaven and earth, the blood of the man in black represents the supreme pride of heaven. Why was he not recognized? He did not know.

Is there something hidden in the mysterious man in black?

Ye Chen always feels an invisible crisis is shrouded.

This let Ye Chen leave a heart, from the beginning, black robed men are indifferent to the world, there is no sense of existence.

Heaven and earth, nine claw golden dragon, he seems to have never put it in his heart.

I'm afraid we'll be looking for the end of the world sword.

Even ye Chen has intuition, eventually one person lives, ice sword will come into the world!

Boom!

At this time, a challenge arena appeared in the void.

Ye Chen and the forty-eight martial arts men's faces were a little gloomy. They naturally knew what it meant.

Once on the ring, only one person can survive.

It's good to get chance, but now it seems that it has become their life telling charm.

There are no rules in the game, there is only one requirement, to be able to live, that's all.

Whoosh! Whoosh!

At this time, the figures of the two warriors flew uncontrollably in the direction of the challenge arena.

The strength of these two warriors is at the peak of the state of nature.

"No No, I want the last one. "

One of them said timidly that even if he could survive a battle, he would have to face the challenge of 46 warriors.

Both of them, basically, are dead.

Even if one can survive, death is only a matter of time.

Ye Chen takes a sad look at them. There is no free lunch in the world.

Now that you've got the chance, you have to take some things.

If you want to wear a crown, you must bear it!

The two warriors at the peak of the state of nature fought with each other. They knew that they could not survive and there was no need to keep their hands.

The battle came quickly and ended quickly. Within a few minutes, only one warrior stood on the challenge arena.

The winner did not have any joy, but only ashes in his eyes.

He is now scarred, and it is impossible for him to survive with another warrior. Ye Chen found that his figure has been moving, he did not expect to come so fast.

Even the third place is myself.

At the sight of this scene, the whole person got excited.

I didn't expect Ye Chen to be on the challenge arena so soon.

How to stick to the end, it seems that ye Chen can't live without their help.

Phellodendron and Bai Xu have some worries. Now ye Chen is on the stage, and the chance of surviving is not much.

Ye Chen's heart is not too many ideas, should always come, just in advance of the start.

The warrior standing on the challenge arena is desperate to see ye Chen.

At the beginning, the strong man in the eight layers of sky at the peak of Xingqiao state had no way to deal with Ye Chen.

He is the peak of the world of creation, and he can't live at all.

"Ye Chen, no matter what, you will die today!"

The warrior at the top of the realm of creation directly talks. He has completely given up his intention to fight. There is no need for him.

To be able to die in the hands of Ye Chen, in his opinion, is also a kind of honor.

Ye Chen nodded slightly, holding the bleeding magic sword in his hand and waving his hand with a sword!

Sword light cut his neck, a gush of blood, the whole body fell to the ground.

In his body, there is a golden light, falling directly into Ye Chen's body.

The golden light is mixed with heaven and earth Qi, and a trace of dragon spirit is absorbed by the dragon soul in the elixir field.

The corpse falls on the arena and disappears in a blink of an eye!

Ye Chen takes a look in front of him and finds that he is a warrior in the second layer of the sky.

"I know I'm not your match, but I'll try my best."

Ye Chen nodded slightly. There was no hatred between them, but the rule was here, only one person could live.

The powerful man in the second layer of the sky in the star's body state held a sword in his hand and waved it out in an instant.

The blade suddenly rushes to Ye Chen, and the speed reaches an extreme.

Ye Chen's ghostly figure directly evades the past. In a flash, he has come to the side of the warrior.

At the moment when he came to him, the blood demon sword in his hand suddenly raised.

When it is lifted up, a sword is passed.

A white light flashed across the neck of the martial artist on the second floor of the star's body.

The neck cracked, the blood gushed out, and the body fell to the ground.

Once again, the golden light rushes into Ye Chen's body. He can feel that the dragon soul is gradually growing in his elixir field.

His strength has also improved slightly.

It's close to the realm of nature!
