Chapter 1981

In the big forces of the square array, the whole person's brows are locked.

Although Ye Chen's realm is not high, his combat effectiveness has been improved too fast.

Give ye Chen another ten years. It's impossible that the whole land of Lingwu should look up to him.

The major forces wanted to kill Ye Chen quickly, but they were extremely excited.

As long as ye Chen's strength gets stronger and stronger, one day, all the warriors in Lingwu mainland will submit to him.

As for these forces, they will eventually become the stepping stones of Ye Chen, and he is the witness of this era.

In the next step, after ye Chen has solved the three warriors, there appears a warrior in the six layers of the Xingqiao realm.

Although Ye Chen doesn't need to be careful, he also has some precautions.

And he has to make sure that he doesn't waste too much energy in his body.

It's a protracted battle and you have to keep yourself at the top all the time.

"Ye Chen, today is the day of your death."

The power of blood has come from Xichen.

Ye Chen laughs but doesn't speak. He doesn't really put it in his heart.

At the bottom of the big forces of martial arts, see this scene, showing an excited expression.

Even if the strong one in the six layers of the Xingqiao realm can't kill him, he can't live as long as he consumes the energy in his body.

Their idea is very good, but the reality is a cruel thing.

Ye Chen suspended a few swords in his hand. He didn't want to use the energy in his body. He only used the power of spirit.

As long as the power of the spirit is not consumed too much, there is no big problem.

Seeing this, the warrior in the six layers of Xingqiao state changed his face slightly.

"How can you use a thousand bombs?"

In the challenge arena, as long as you live, whatever means you use, as long as you can live, it is a good means.

"It's all cheating!"

At the bottom, the major forces saw this scene and wished to spit out a mouthful of old blood.

What's the difference between using thousand soldiers and cheating?

Ye Chen's idea is very simple, I just open plug-in how?

If you are unconvinced, if you can cultivate thousand weapons, it's OK!

The soldiers of time and space and the immortal tools of Hedao make a buzzing sound in the void, and the breath of terror is instantly diffused.

The martial arts man in the six layers of sky in Xingqiao state, his face became extremely ugly.

He was not confident that he could take the blow. His legs were shaking and his sword was a little unstable.

Boom!

The breath of thousand soldiers explodes, in this moment, in an instant!

The explosion sparks, flying around, deafening sound, almost pierced the eardrum of the warrior.

Broken limbs and meat, flying around, the martial arts in the six layers of the sky in the Xingqiao realm were blown up in a flash.

This trip, he has long been scarred.

How to face the violent airflow.

The warrior who has not yet fought in the void is gloomy.

Ye Chen's hand also made them scared. Originally, they thought that the warrior in front of him could consume him, but now it seems that their calculation has failed.

In the face of this situation, their mood is a bit dull.

Originally Ye Chen's strength has already been terrible, they also did not have the absolute assurance to kill.

Next, ye Chen continued to fight. He did not know how many warriors died. The Qi of heaven and earth and the breath of nine claw Golden Dragon poured into his elixir field.

Ye Chen's breath is gradually a little weak. Although there are thousands of soldiers exploding in his hand, more and more warriors are dealing with.

The power of spirit and spirit has been consumed almost. You can't use thousand soldiers to explode any more. The next situation will be more difficult.

Now there are still three strong men in the void, two in the eight layers of the astral realm and one at the top of the astral realm.

The big forces in the square array have already fantasized about ye Chen's death.

Now everyone can see that ye Chen's breath is obviously weak.

It is enough for him to have two stars with eight levels of orifices, not to mention the existence of the peak of one star's orifices.

Kill Ye Chen, basically not too big problem!

Phellodendron looks dignified, now has arrived the critical moment.

As long as ye Chen can defeat the three, he can not only survive, but also obtain treasures.

No one thought that ye Chen would be able to stand up to now. Even if he had a thousand soldiers, it was a miracle.

Ye Chen, a warrior in the eight layers of heaven in Xingqiao, has a dignified look in his eyes, holding the blood magic sword and the beast decaying sword in his hand.

"Do it yourself!"

The strong one of the eight layers of the sky in the Xingqiao realm speaks directly. He doesn't want to waste energy on Ye Chen.

For him, there are two strong men behind him, which are extremely difficult to deal with. If ye Chen can make his own decisions, it's better. He doesn't need to waste the energy in his body. He can prepare for the future.

"Do you deserve it?"

Ye Chen's voice fell, the corner of his mouth rose slightly, a wisp of evil smile, the whole figure suddenly rushed past.

In the moment he rushed past, the force of the six roads behind him, the Qi of Gengjin, was buzzing.

The law of time, the law of ice, the law of time and space, three laws flow through the whole body.

God blood gather!

The golden light of immortal god body burst out, and the blood demon sword in his hand suddenly raised.

He has to deal with it as soon as possible. It can't be delayed.

The immortal sword idea erupts from ye Chen's body crazily. The brilliant light of a sword falls suddenly at this moment.

At the moment of falling, the swordsman in the eight layers of heaven in the star world clenched the sharp sword in his hand, and then cut it out with a sword.

The two extreme sword lights collide, making a buzzing sound and exploding in an instant.

At the time of explosion, ye Chen's whole ghost figure came to his side.

The beast decayed sword, a sword stabbed in the past, the terrible sword wantonly flies.

Bang! Bang! Bang!

The strong man in the eight layers of sky in Xingqiao state constantly evades, but ye Chen refuses to give up and stabs him madly.

Every shot dropped, a hole appeared in the whole river.

In the void, the breath of repression is constantly spreading, even the warriors in the square array can feel it.

A few minutes later.

The strong man in the eight layers of the star's mind fell on the challenge arena, and there was no breath at all.

"Waste!"

The big forces under the square array scolded. They thought they could kill Ye Chen, but they were killed by Ye Chen.

This time, there was no time for breathing. After absorbing the Qi of heaven and earth, another warrior came up directly.

He looks dignified, looking at Ye Chen, there is no look of contempt.

Ye Chen frowned. It was also because the other side underestimated the enemy that he was able to kill that warrior for a short time. But now it seems that it is not so easy to kill the man in front of him easily.

There was a fan in the man's hand. With a wave of his hand, the fan sent out gusts of wind.

Whoosh! Whoosh!

Every time he waved, there was a gust of wind. Soon, there were some tornadoes, big and small, on the ring.

The terrible wind makes Ye Chen's robes ring.

Chapter 1982

Ye Chen put up one of the animal decaying swords, and a cold gun appeared in his hand.

It's just that the gun is obviously obscured.

After all, the ghost gun can't be exposed.

However, there are not so many problems in the use of masking.

When ye Chen rushed out of the moment, the blood demon sword and Zhutian magic gun were lifted directly.

With a single shot and a sword, the famous warrior in the eight layers of heaven in Xingqiao didn't want to attack at all, but kept avoiding.

When he was hiding, the tornadoes, large and small, moved towards Ye Chen.

The speed of these tornadoes is not slow at all, on the contrary, it is extremely fast.

Every time ye Chen is about to stab him, the tornado has come, but he can only solve the tornado first.

The warrior in the eight layers of Xingqiao state has a very simple idea. As long as ye Chen's body energy is exhausted, he will surely win when he takes a shot.

His idea, ye Chen how can not guess, but in the Xingqiao state martial arts escape, has been waving the fan in his hand.

Tornadoes can't be finished at all. After one tornado is solved, it's impossible that two will come out.

Even if these tornadoes do not attack, they can also bring some resistance to Ye Chen.

This makes him have some headache. The warrior in Xingqiao state is very fast.

If he wants to catch up with him, he will have some difficulties. In addition, with the resistance of tornadoes, it will be even more difficult for him to hit the eight levels of tianwu in Xingqiao.

Ye Chen gradually loses patience. If he continues like this, he can't be dragged to death. Only by breaking his strength can he be defeated.

Boom!

The evil gas gushes out, ye Chen stands in place, and the terrible evil gas explodes from his body and blood magic sword.

These evil Qi continuously condenses in the air, forming a storm.

The wind whistling sound, constantly spread out, in his place, a tornado formed by evil Qi, gradually become bigger.

At the moment, ye Chen's eyes have become blood red, completely into the state of enchantment.

Since it can't be consumed in a short time, ye Chen can't completely solve these tornadoes, so let's fight against each other.

The strong man in the eight layers of sky in Xingqiao state frowned. Unexpectedly, ye Chen was the same as him.

If you can't solve the tornado, it will be swallowed up!

Ye Chen wants to see whether the tornado formed by the fan in his hand is powerful or the tornado formed by his evil Qi is powerful.

Black tornado, constantly blowing, in the square array below the warriors, one by one difficult to resist.

Both winds have made it necessary for them to resist.

The evil Qi constantly devours the tornado and rushes towards the figure of the eight layer heavenly warrior in the Xingqiao realm.

At the moment when he rushed past, the strong one in the eight layers of the sky of star orifices, instead of retreating, went straight into the tornado where the evil Qi condensed.

When his figure rushed into the inside, he found that ye Chen was possessed.

Ye Chen's blood colored eyes stare at the strong man in the eight layers sky of Xingqiao state, which makes his heart shake violently.

"Since you're here, you don't have to go!"

As soon as ye Chen's voice falls, he raises the blood demon sword in his hand and keeps waving it out.

One after another straight crisscross sword Qi, crazy rushed away.

The strong man in the eight layers of the star's orifices held the fan in his hand and blocked it directly. When the fan was blocked by him, he waved his hand in reverse.

Originally attacking him, he flew out towards Ye Chen.

Ye Chen's brows are locked. It seems that this fan is a treasure.

The sword furiously rushes over, ye Chen takes out the Zhutian magic gun to resist.

Bang! Bang! Bang!

One shot after another stabbed out, although Ye Chen's hand speed is fast enough, but the sword spirit is too much, it will inevitably hit his body.

Inside, the warrior under the square array can't see clearly. Only two illusory figures can be seen.

Ye Chen put the blood magic sword into the reincarnation cemetery, and the whole figure rushed over.

At the moment when he came to the eight layer tianwu of Xingqiao, a gun suddenly fell down.

The sword Qi can't make any threat to him. He can only use Zhutian magic gun.

Boom!

A shot fell and a blast came. The speed of the strong man was extremely fast.

Escape out of the moment, but a slap to Ye Chen's chest.

Pooh!

Ye Chen mouth inside a mouthful of blood spit out, the whole person's face has some pale.

He found that the person who chose the armor was really careful!

This person also has the ability of leapfrog combat!

It's not a simple eight layer sky!

The evil spirit was flying wantonly, and the two figures kept fighting each other without stopping.

One shot, one fan, big fight!"Broken star!"

Ye Chen murmured in his mouth, the blue veins on his arm burst out, and the energy in his body rushed into the devil gun.

Continue to fight, the loss is only their own, ye Chen ready to kill a gun!

Success or failure is in one fell swoop!

The magic Qi is bestowed on the Zhutian magic gun, which falls in the blink of an eye.

The strong man in the eight layers of the sky in the star's orifices, the fan in his hand swings out and instantly becomes bigger, covering his whole body.

Boom!

The magic tornado disappears, leaving only a black fog. What's going on inside can only wait quietly.

At this time, a figure stood up.

"Ye Chen is dead?"

At the moment when the strong man in the star's eight layer sky stood up, the big forces thought Ye Chen had been cool, and his heart was ecstatic and he wanted to look up at the sky and laugh.

However, their laughter stopped abruptly, and behind the eight layers of sky in Xingqiao, the gun head had already pierced his heart.

Although Ye Chen is scarred, he is still alive!

Draw out the magic gun to kill the sky, and the figure of the strong man in the eight layers of Xingqiao state falls to the ground.

Ye Chen stands on the challenge arena, and the blood flows along his arm on the ground.

Tick! Tick! Tick!

At the moment, although he was seriously injured, he stood there like a demon.

No one dares to look down upon it!

Who dares to say anything about the strength of half step nature?

Only one step is enough to get the treasure.

But this step is impossible in front of many warriors.

Ye Chen is still going to die after all and make a wedding dress for others.

There is also a star Qiaojing peak, ye Chen is so seriously injured, how to fight on?

In addition to Huangbai, no one can take good care of Ye Chen.

Even in his heyday, ye Chen was not necessarily the opponent at the peak of Xingqiao state, not to mention he was seriously injured.

Now it is a miracle to be able to stand on the challenge arena.

"Lei Wu can definitely kill Ye Chen!"

The martial arts of various forces murmured in his mouth. Although the strong one did not kill Ye Chen, he was seriously injured. How can he still be the opponent of Lei Wu?

Chapter 1983

Ye Chen doesn't know what they think. Even if he knows, he won't care.

At the moment, he only has a sense of war, even if he is seriously injured? Just fight to the end!

Zhutian magic gun pointed at Lei Wu and roared: "come to war!"

The strong of Shenglong family has already formed a death feud. There is no need to say more!

If ye Chen knows ye lu'er's whereabouts, I'm afraid this anger will be more terrible!

"Satisfy you!"

Lei Wu sneers and comes to the arena. His eyes look at Ye Chen, full of killing intention.

Ye Chen takes the bleeding magic sword, at this moment, the whole person directly rushes over.

When he rushed to the moment, leiwu stood in place did not move, in his view, seriously injured Ye Chen no longer need to care.

At the moment when ye Chen rushes over, Lei Wu takes a direct shot.

Boom!

A palm down, endless waves surging, ye Chen directly fly out.

Pooh!

A mouthful of blood from ye Chen's mouth.

At the moment, ye Chen stands up hard and wipes off the blood in the corner of his mouth.

A pair of eyes are staring at Lei Wu tightly. There is a big gap between his injured state and the top player of Xingqiao state.

The current state between the two is not a level at all.

If he was in his heyday, he would not be so embarrassed!

at the sight of this scene, the warriors of the major forces under the square array were excited, and ye Chen was finally going to die!

"See the gap between you and me, today I must slowly kill you."

Lei Wu said this sentence, in the square array under the major forces of martial arts, originally some unhappy.

Later, there will be changes. Who knows if ye Chen has any cards now? If so, what should we do?

But see ye Chen seriously injured appearance, think also calculate, they also want to see, ye Chen is abused appearance.

As for ye Chen's ability to turn defeat into victory, they have no idea at all.

Now ye Chen's energy in his body has not been able to support for a long time. What's more, even in his heyday, he is not necessarily Lei Wu's opponent.

The blood magic sword is in the hand, ye Chen's face does not have any change, from the samsara cemetery, take out some healing pills, put them into the mouth.

He wanted to activate the pulse of the red dust God, but he gave up when he thought of the clear explanation.

Heaven and earth kill domain is too mysterious, he always feels behind a pair of eyes staring at himself.

Reincarnation blood and reincarnation xuanbei, or try not to expose in front of so many people.

Step by step!

When he came to Lei Wu's side, Zhutian magic gun and blood magic sword fell directly.

Boom!

A sword and a shot suddenly fell.

Lei Wu looks the same, clenches his fist, avoids the blood demon sword and the Zhutian God magic gun, one fist blows out.

Now he, there are some banter, did not put Ye Chen in the heart at all.

Under the wheel battle, I'm afraid Ye Chen's elixir power is not much, plus a body injury, how to fight?

"Bang!"

The whole person's chest of Ye Chen is concave directly, a mouthful of blood gushes out.

His figure stepped back two steps and nearly fell down. Facing such a strong Lei Wu, it is not easy to defeat him.

At this time, the whole sky overflowed with a thick evil spirit.

The evil spirit envelops everything and covers people's sight.

Ye Chen can see this scene, a moment of joy!

"Devil's eye, open it!"

Ye Chen murmured in his mouth. At the top of the challenge arena, the evil spirit surged, and a black lacquer eye suddenly appeared.

Although the eyes are closed, any warrior in the square array can feel the breath of terror.

The breath is just like substance, and the evil spirit of terror is constantly condensed.

Lei Wu's face changed gradually, but he didn't say anything. He took out a sharp blade in his hand.

Above his head, his eyes are painted black, and I don't know when they will open.

The evil spirit in the blood magic sword, constantly pouring into the eyes, ye Chen's face is more and more pale.

He dripped a drop of blood essence.

The blood essence falls into the void and goes towards the devil's eye.

When his fine blood drips out, the whole person's face, more pale.

The dark eyes of his eyes have gradually become clear.

The eyes above the challenge arena slowly open, and the black magic Qi condenses into a vortex.

As the whirlpool continued to expand, a black column of light suddenly fell.

Boom!

Originally the solid challenge arena, actually appears a silk crack, when the light column falls that moment.

As if the whole world is only dark, there is no trace of light.

The black light column lasted for a minute, then stopped, and then the evil spirit continued to disperse. Ye Chen's eyes have been staring at the front, now what situation Lei Wu is, he himself is not clear.

Kick! Kick!

The sound of footsteps rings, Ye Chen's face gradually darkens, Lei Wu is still alive.

At the moment, Lei Wu's figure appears in Ye Chen's field of vision, but now his state is not particularly good.

His clothes had become broken and his whole face was pale.

His arms were bloody and his hair was messy, like a beggar coming out of a slum.

"Son of a bitch, I will let you die today!"

Lei Wu roared. Unexpectedly, Ye Chen, who was seriously injured, could still bring him some injuries.

If it is not just their own desperate resistance, it is not true that they will die.

Under the square array, the strong of the major forces saw this scene, and finally let go of their hearts.

As long as Lei Wu is not dead!

If Lei Wu died, their hearts would collapse.

If you can't kill Ye Chen, how can you kill him in the future?

Ye Chen changed from the appearance of Jiuyou Shura into a human being, and he could no longer maintain it.

Leiwu ghost general figure, suddenly came to Ye Chen's side.

If it was the heyday, ye Chen could still see the track of Lei Wu, but now he has been seriously injured, and the whole body is almost unable to support.

Just feel a black light across, when Lei Wu comes to Ye Chen's body, a sword stabs at Ye Chen's heart.

If ye Chen does not die, he will be seriously injured.

In Ye Chen's heart there is a fatal sense of crisis, with instinct, his hands to protect the heart.

Stab!

A sword went straight through his arm and into his chest.

Ye Chen instantly retreats, and Lei Wu opens a distance. In the moment of opening the distance, his whole arm is flowing with blood.

Inside the chest, the depth of the sword's penetration is only three centimeters away from the heart.

Fortunately, ye Chen just blocked with his arm, otherwise he would have been able to kill him at that time!

A heart of Phellodendron all pulled up, just that scene, almost let him think, ye Chen has died!

At the moment, ye Chen's state is very bad. He can fight against so many warriors in the heaven and earth killing area, and he has become a bloody man all over his body.

The blood magic sword is inserted in the arena, and ye Chen tries to keep his body from falling down.

Lei Wu can see that ye Chen is exhausted and has no ability to resist.

Chapter 1984

His whole person laughs, ye Chen is about to die in his own hands, even if he returns to the Shenglong family, he can boast.

Ye Chen's eyes have been gradually blurred, even if now let the reincarnation inside the graveyard to transmit energy has been unable to do.

His body can't bear it now.

Leiwu comes to Ye Chen slowly and leisurely, and then goes down with a fist.

Pooh!

Ye Chen's blood gushes out, and the whole figure can't be controlled any more and falls directly on the ground.

When Lei Wu saw this scene, his mouth showed a sneer.

Now ye Chen has no fighting power at all. He can knead it at will.

The sword is in the hand, ready to stab into Ye Chen's body.

Now he, so as not to dream too much, directly solve Ye Chen.

When his sword was about to pierce in, suddenly there was a dragon chant.

The Dragon chant resounds from heaven and earth, and a golden dragon with nine claws appears on Ye Chen's body.

Nine claw Golden Dragon protects Ye Chen's body and sends out a roar towards Lei Wu.

It's not only the healing of Jiuye.

When Lei Wu saw this scene, his face changed completely, and he was protected by the nine claw golden dragon!

not to mention him. Even the warriors under the square array are not sure what the situation is.

In fact, every time ye Chen kills a warrior, the Dragon Spirit will strengthen his body.

After killing so many warriors, the Dragon Spirit in Ye Chen's body has reached a terrible level.

It's no surprise that you can help yourself.

If Lei Wu killed all the way over, he could also enjoy the treatment of Ye Chen.

Killing all the way has its disadvantages, but it also has certain advantages.

All this is what ye Chen should get!

Lei Wu doesn't believe that the nine claw Golden Dragon can protect Ye Chen for a time, but also for a lifetime?

The sharp sword in his hand kept chopping out, one sword after another, but the nine claw Golden Dragon directly blocked it.

Lei Wu saw this scene, almost a mouthful of blood spurted out, it is really very angry!

It is only one step away from killing Ye Chen, but this step is still unable to step out.

If it was not for the nine clawed golden dragon, ye Chen would have been a dead man.

How can you live to this day?

Every time the sword goes down, the color of the nine claw Golden Dragon will be a little dim, which also makes Lei Wu see the hope.

Boom! Boom! Boom!

One sword after another, completely unable to stop, the nine claw Golden Dragon gradually dim, just about to break, ye Chen directly opened his eyes.

When ye Chen opened his eyes, Lei Wu Qi's whole body trembled.

Zhutian magic gun, a shot instantly stab out!

Before Lei Wu reacts, a gun has been stabbed into his chest.

A stream of blood gushed out, Lei Wu's whole body stepped back three steps.

A pair of eyes stare at Ye Chen.

Ye Chen stands up from the challenge arena. At the moment, although his injury is not fully recovered, it is much better than before!

The breath of fury erupted wildly from his body.

"Go away!"

Ye Chen roars out loud, the three laws are constantly fused together.

God blood and Geng Jin Qi broke out completely!

"A sword to cut the sky!"

The whole arena is full of sword spirit, crazy flow!

Ye Chen waved his hand, and his sword fell suddenly.

This sword erupts the bright light, the sword light whistling tears the space!

Boom!

A thunder like explosion, the whole figure of Lei Wu flies out.

The speed of sword light is too fast. Just now, he had fallen before he could resist it!

Lei Wu stands up from the challenge arena and has a ferocious wound on his chest.

At the bottom of the square array, the warriors of all major forces suddenly have a bad premonition in their hearts.

Ye Chen was not killed just now. If you want to kill him now, I'm afraid there are some difficulties, or there is no chance at all!

In addition to the powerful forces, the rest of the warriors stare at each other. From the moment when the nine claw Golden Dragon protects the body, they have been shocked.

Now ye Chen kills Lei Wu with one sword. Do you really want to turn defeat into victory?

They suddenly have an unreal feeling in their hearts!

It has been a miracle to be able to fight until now. How can we still want to kill Lei Wu?

They don't know what's going to happen next, they can just keep looking.

Lei Wu let out a roar, a pair of eyes have turned blood red.

Now ye Chen has completely angered him.

Wish to tear Ye Chen's figure into two pieces!

Only in this way can the hatred in his heart be solved. Lei Wu's figure, at this moment, suddenly rushed towards Ye Chen.

The sword in his hand went straight up.

At the moment of lifting up, a sword was waved out and chopped towards Ye Chen's body.

An extreme sword light has come to Ye Chen in an instant.

There is no change on Ye Chen's face. Behind him, the shadow of ancient Kirin and white tiger appears.

The power of spiritual blood!

The two beasts roared, causing turbulence in the whole river.

At the moment when the sword light comes, the shadow of Kirin directly rushes past.

The moment the two touched each other, there was a loud explosion.

The white tiger opened its sharp claws and killed it.

The immortal spirit in Ye Chen's body burst out directly.

When the immortal body flows, the blood demon sword instantly rises, and a sword light suddenly rushes past.

A sword to cut off the world's youth, open the sky!

Where the sword light goes, it is destruction!

Boom!

A sword suddenly fell on Lei Wu's body.

Pooh!

Lei Wu a mouthful of blood directly gushed out, the whole body fell on the ground.

Heaven and earth's Qi is flowing into Ye Chen's body!

Ye Chen saw this scene, grinning, his body has been about to bear, but fortunately, in the last moment, he won!

All of these thanks to the nine claw Golden Dragon. If it had not been for the nine claw golden dragon to protect himself in the end, he would have become a bloody man!

The warrior under the square array took a breath of cool air. Ye Chen really won!

The martial arts of all major forces, the face of the whole person became extremely ugly. Unexpectedly, Lei Wu died at the last moment!

Step by step, they watched Ye Chen's strength become stronger, and now they can still suppress him, but in the future?

They have no longer dare to continue to imagine, give ye Chen a certain time, I am afraid that there will not be any strong person to punish him in the future.

"The winner is crowned! Heaven and earth will close down after three days

Indifferent mechanical voice, again spread out, see heaven and earth God armor, come to Ye Chen in front of.

Heaven and earth God armor poured into Ye Chen's body and appeared on the surface of his side.

When ye Chen put on that moment, like the God of war, standing in the long river.

Under the square array, the warriors have an illusion that ye Chen seems to be a god!

Even a look can determine their fate!

"Heaven and earth God armor, dragon soul, heaven and earth Qi, you'd better hand it in!"

At this moment, there was a hoarse voice.

Chapter 1985

Ye Chen looked at the voice and found that the speaker was a man in black.

All the warriors, a pair of eyes staring at the black robed man.

If not for the voice, they would have forgotten the existence of the black man.

At the beginning, the black robed man's blood made them remember deeply. Later, it seemed to be transparent.

Ye Chen narrowed his eyes, did not speak, let him hand over the heaven and earth God armor these things, how possible?

The dragon soul of the nine claw Golden Dragon has been integrated with his elixir field. If you want to hand over the nine claw golden dragon, you must abandon your cultivation.

What's more, he got it step by step.

His things, if others want to get them, unless they let him die!

"What if I don't?"

At this time, ye Chen said directly!

Black robed man's mouth showed a trace of evil smile, his hand out a compass.

The compass is black in color and exudes a strange smell.

When the black compass appears, ye Chen's heart suddenly gushes out a bad premonition.

"What's the matter? My body? "

When the strange breath was floating in the square array, the golden light on some warriors' bodies came out.

"Heaven and earth's luck?"

Ye Chen murmured in his mouth. At a glance, he could see that the heaven and earth Qi in the warrior's body was being deprived a little bit.

Forcibly deprive heaven and earth of Qi, and let the warrior roar in pain.

One warrior is in such a situation, one after another, and the other martial arts are constantly pouring out of their bodies.

It seems that they are totally out of control, and the deprived heaven and earth are pouring into the black compass.

"Let's fight together, kill him!"

A warrior suddenly opened his mouth. If the black robed men were allowed to continue, they would not have a trace of what they had done before and could only become the wedding dress of others.

As soon as the voice fell, a strong man in the eight layers of the sky rushed directly to the black robed man.

There was no change on the face of the man in black robe. When the strong man in the eight layers of Xingqiao state rushed over, he lifted his left hand at will and dropped it.

Boom!

One slap down, the star orifices in the eight layers of heaven are directly killed by seconds!

Seeing this scene, the warrior frowned. Even at the peak of Xingqiao state, he did not dare to say that it was easy to kill the eight layers of Xingqiao state in seconds.

Unless the black robed man's strength has reached half a step! Even close the door!

At the thought of this place, the faces of many warriors become extremely ugly!

Only Bai Xu, who is strong in half step, has a chance!

They have no ability to resist those who are strong at the level of half a step.

Ye Chen brows lock, he stands in the long river, in his body, it seems that something is about to jump out.

If he had not been suppressed, he would have been deprived of his heaven and earth Qi.

For the strength of the black man, he can not see, it seems like a vast ocean.

Even Bai Xu didn't give him that feeling.

Black robed man's strength is absolutely above Bai Xu!

Bai Xu took a look at the other two strong men who were half step closed. Although they had not been deprived of the Qi of heaven and earth, they had been struggling to resist.

It is also a matter of time before the heaven and earth are deprived of their bodies.

After a look at each other, Bai Xu and the other two strong men who sealed the door in half a step made a direct move. They could not let the black robed man continue to do it.

Three half step seal the door strong hand together, let the martial arts see the hope.

Now the only one who can fight against the black robed man is Bai Xu and his three strong men.

Ye Chen one eye eye eye tightly stare at, the heart inside does not value Bai Xu they.

Since the black robed man dares to make a move, how can he care about the three strong men who have sealed the door in half a step.

When Bai Xu and their hands, the black robed man slightly dodged, the compass in his hand suddenly flew to the void.

Hum! Hum!

The compass buzzed and suddenly became larger in the void.

At the moment of enlargement, all the warriors of the square array are shrouded in the compass.

Black strange breath, constantly gushing out!

"Ah

A warrior uttered a cry of pain, and scarlet blood flowed from the corners of his mouth.

The energy in their bodies is constantly stripped out!

When it comes out, it pours into the compass, then uses the compass, and constantly rushes towards the black robed man.

Black robed man's breath, unceasingly enhances, the speed achieves an extreme.

Originally, Bai Xu and they still wanted to make a move, but their internal energy was not controlled. Can only temporarily stop, want to suppress!

Only Ye Chen, can not feel any discomfort, from the inside of the compass breath, even a trace of familiar feeling.

"You have not given up your long history!"

Suddenly came a sound, in the top of the compass, there is an old man of fairytale and moral character.

When the old man appeared, the black robed man said in a cold voice, "you can't stop it. The six paths of samsara are in your hands. Even if you appear, it's useless."

The old man gave a slight smile and then said, "I can't stop it, but there is one person who can!"

When his voice fell, pointing to Ye Chen!

The black robed man looked along his fingers and found that he was only half a step ahead of nature. Then he sneered: "it's just a mole ant who has not yet stepped into nature. Although talent is good, it doesn't help!"

The old man shook his head and took a sad look at the black robed man. Then he slowly opened his mouth and said, "the six paths of samsara do not belong here. Even if you can't control it, he is the only one."

Ye Chen was listening to him, but he didn't say a word.

When he heard the samsara six plates, he knew why the breath was so familiar.

He is a reincarnation.

I'm afraid that the six paths of samsara have something to do with the samsara blood, even with the man who is similar to himself in the sarcophagus.

"It is impossible to recognize you as the master of the six paths of samsara. When the real master appears, do you think it still belongs to you?"

"At the beginning, you stole the six paths of samsara, and spent your whole life without unlocking the secrets of the six paths of samsara."

The old man's voice dropped, looked at Ye Chen, a soft smile!

From the moment the man in black entered the palace of heaven and earth, the old man knew it, but he didn't stop him.

He knew that the real master appeared!

Even if the black man tried his best, it was futile!

Fate has long been doomed!

The black robed man's whole breath burst out and roared: "this seat once sealed the door for nine layers. If it was not seriously injured by the eternal king, who could be my opponent?"

"Although the strength is not as strong as before, it is still qualified to fight against everything."

The strength of half step sealing door is enough to be proud of others!

He has enough capital!

For such a long time, he didn't allow himself to fail!

Chapter 1986

The old man did not answer the black robed man, but looked at Ye Chen and said, "go! No one can take what belongs to you! "

Ye Chen nodded slightly, the whole person came to the top of the six samsara plates!

The strength of the old man, how terrible, he did not know, but at a glance can see his secret, absolutely can not be underestimated.

Just don't know why, the other side does not hand to the black robed man!

He believed that some secrets must be guessed by the old man, otherwise he would not be so confident that ye Chen could control them.

When ye Chen came to the top of the six samsara compass, the man in black directly rushed over.

He didn't know what ye Chen was going to do, but he had a bad feeling in his heart.

The black robed man shot at him, but ye Chen ignored it. He inspired the red dust God pulse in his own reincarnation blood, and a drop of blood water was integrated into the six paths of samsara.

Hum! Hum! Hum!

The six circles of samsara ran wildly and made a joyful sound. When the black robed man rushed over, he suddenly felt a breath of terror and flew him out directly.

Pooh!

A mouthful of blood from the mouth of the man in black!

His eyes are fixed on the six paths of samsara, and he feels that the six paths of samsara are gradually out of his control.

He and the breath of samsara six plates, less and less!

The breath in the six paths of samsara flows into Ye Chen's body.

Whoosh!

Ye Chen feels that there is a trace of connection between the six paths of samsara.

Jumping from the top to the square array, he waved his big hand, reincarnation of the six plates, instantly narrowed, appeared in the palm of Ye Chen's heart.

The black robed man took off his robe. His face was ferocious and he was very frightened.

There was no blood on his face, and even the bones of his cheek were about to collapse.

"In order to forcibly control the samsara of the six plates, why?"

The old man shook his head and then held out a finger!

A dark green light suddenly rushed into the black robed man's body.

The black robed man did not make any sound. He could feel that the dark green light injected into it was not far away from death!

Originally, it can block any attack from the old man.

However, from the samsara of six plate fell on Ye Chen's hand, he knew that he had been defeated.

"Ha ha, even if I die, old man, once you do it, you can't live!"

The old man has lived for countless years. If he doesn't, he can still live for two years. But now, I'm afraid he can't live for two hours!

"If I die, he will pay for it."

The man in black looks at Ye Chen with resentment!

Originally, there was no problem in his plan, but he didn't think of

If he wants to really control the six paths of reincarnation, he knows it well.

"It's worth killing a man today, even if he is afraid of death!"

As soon as the voice of the black robed man falls, the figure of the whole person suddenly flies to Ye Chen.

When he flies to Ye Chen, the breath of the whole person bursts out continuously.

Ye Chen saw this scene and ran away madly!

The man in black wants to blow himself up. Even if he dies, he won't let Ye Chen feel better!

Half step seal the door, once sealed the door, the self explosion of the strong man in the sky, extraordinary terror, can blow up the whole palace of heaven and earth into ruins!

The soldiers of the square array, seeing this scene, were frightened to come out in cold sweat.

Although the black robed man is aimed at Ye Chen, the scope of his self explosion is uncertain, even if they can survive.

The old man's breath was gradually weak. He looked at the man in black and pointed to the river.

Whether ye Chen can't live is not clear to anyone, but they know that if they don't run away, they will be hard to protect themselves!

"Pooh

The aftershock of the explosion affected some warriors. They vomited blood and water, and the breath of the whole person was looming!

The warrior who escaped to the outside, saw the whole palace of heaven and earth, constantly appeared cracks and collapsed!

Seeing this scene, the warrior who was in Qiankun Palace at the beginning is still in fear.

The scope of the explosion is too afraid, they guess Ye Chen is probably dead!

The strong man who sealed the door in half a step blew himself up. Ye Chen was just a martial artist in the realm of Taoism. How could he survive?

The strong men of all major forces were overjoyed and thought they could not kill Ye Chen!

Who knows that the black robed man chased Ye Chen in the end!

Now ye Chen is afraid to die without a whole body, and their worried heart is also completely put down.

Huangbai looks at the collapse of the palace of heaven and earth. Tears come out of his eyes. How can ye Chen survive such a terrible explosion?

After a succession of warriors left, now that the palace of heaven and earth has collapsed, there is no need to stay. It's better to keep looking for other places and see if there is any chance.

.....

One day after the collapse of the Qiankun palace, the sound of rustling came from the ruins.

Ye Chen ran out of the ruins. At the moment, he was covered with blood. Every step, he felt intense pain.

When the black robed man exploded, ye Chen activated the red dust God pulse!

But Yu Wei is too big, the red dust God pulse is not enough!

Fortunately, the reincarnation of six plates automatically protect the master.

It is also because of the samsara of the six disk reasons, so that ye Chen can barely survive.

Otherwise, he would have been a dead man!

Unfortunately, the sixth chakra of samsara is dim. It seems that what energy is needed to activate it.

Ye Chen originally wanted to get the source of the point samsara cemetery from it. Now it seems that it should be impossible.

Cough!

Ye Chen a mouthful of blood water spurt out, fall on the ground!

Step by step hard to walk!

Now ye Chen's face is grey and grey. If you don't look carefully, I'm afraid no one will recognize him.

From the samsara cemetery, take out a variety of healing pills into the mouth.

Now his condition is not optimistic, we must find a place to recover his injury.

Fortunately, I didn't meet any warrior all the way. I found a dark cave, walked in and sat cross legged on the ground.

His eyes, like the cold light in the night, opened his mouth and said, "today, with the help of heaven and earth, we can break through the realm of nature."

In the next second, the magic reincarnation formula runs!

The shackles between the combination of Tao and nature are easy to break through!

Ye Chen along the way, the opportunity almost against the sky, but the breakthrough speed is extremely slow!

On the one hand, because the reincarnation of blood for breakthrough requirements are very high!

But once it breaks through, it will be invincible in the same territory!

On the other hand, ye Chen's foundation is far beyond any Tianjiao!

Now he wants to step into the realm of creation, extremely relaxed!

And above the sky, thunder robbery suddenly formed!

The sky thunder falls, the strange phenomenon rises!

.....

Outside, Lingwu land is a mysterious place.

A dragon lies in the pan, majestic.

Above the dragon, a man of great majesty closed his eyes.

In the mouth of the dragon, the power of reincarnation xuanbei is constantly converging into the body of men.

All of a sudden, the man opened his eyes, the imperial breath surged, his eyes like the Falcon in the night.

"That thing came up again."

Chapter 1987

"And have you been recognized?"

"Damn it, it's that feeling again!"

"A stone tablet of reincarnation has been refined. My blood essence was stopped that day."

"I really want to know who is so bold!"

"If I hadn't been able to leave here, if I hadn't been able to identify you, you would have been gone."

"The power of the kingdom of God can not be shaken by ants!"

"On that day, there were two gods blocking me. After all, I violated the rules. But if you break through today, I will give you the strongest thunder robbery in the creation state!"

"See how you break through!"

.....

At the same time.

In the realm of heaven and earth, the whole space is in constant turbulence.

The earth is shaking and the mountains are shaking, and there is a breath of repression in the space.

The warrior in the heaven and earth killing domain found that the whole space had become unstable.

As if about to burst!

"What's the situation? Who makes the whole killing area turbulent

One of the warriors murmured, which could make the whole universe turbulent, even if it was a powerful one?

On the top of the killing area of heaven and earth, there are dense black clouds.

In the dark clouds, thunder, the breath of heaven, constantly spread.

In the ancient battlefields, the warriors who had been looking for opportunities felt the pressure of terror and lay down on the ground without even moving.

On the ground, there are big and small cracks, constantly broken!

Thunder flashes in the sky, the sea is constantly rolling, the wind is constantly roaring.

The rage of heaven!

Ye Chen felt the terrible breath from the way of heaven, and was slightly surprised.

Breaking through the realm of nature, of course, triggered the divine thunder.

But I didn't think it was thunder!

Heaven and earth can't do it! Does heaven want to kill himself?

Did not the eternal King say that his breath and the way of heaven could not be checked?

No more thinking.

Blood demon sword and Zhutian magic gun are in the hand, ye Chen's face does not have any change, eyes gradually become some dignified.

The breath from the judgment of heaven is more terrible than ever. Even ye Chen has no certain foundation.

Boom!

A thunder came and the whole cave burst in an instant.

At the moment of the explosion, ye Chen's body is covered with thunder.

The power of thunder fills Ye Chen's whole body. At the moment, the heaven and earth God armor is revealed from the surface of his body.

Heaven and earth God armor on the body, as if an invincible God of war.

Ye Chen step out!

When ye Chen stands on top of him, there is a terrible smell coming from the way of heaven. He wants to suppress Ye Chen directly!

Breath continuous flow, ye Chen body surface gold wanton, left hand holding blood magic sword, right hand holding Zhutian God magic gun!

The sword points to the sky!

Since the law of heaven does not allow it, he breaks the judgment of heaven!

Lying on the ground, the warrior raised his head, looked at the top of his eyes, and found Ye Chen's figure.

"He He's not dead

After a warrior saw Ye Chen, his face changed a lot!

Damn it!

At first, they saw it with their own eyes. The man in black blew himself up!

Half step seal door later strong person's self explosion, ye Chen can still survive!

How could that be possible?

As long as those who are strong in the realm of heaven and earth can not stand up.

The anger of the way of heaven makes them scared inside!

The strong of all forces, wide eyes, a mouthful of blood directly spit out!

Ye Chen is not only alive, but also intact!

The self explosion of a strong man in half a step can't kill Ye Chen. Who can kill him in the future?

The powerful people of various forces have a deep sense of powerlessness and even some despair.

I'm afraid Ye Chen will fly into the sky in the future!

Ye Chen stands in the sky, feeling the terrible breath from the way of heaven, without any action.

Click!

A huge thunder, like a dragon, suddenly fell down!

At the moment of falling, ye Chen's blood magic sword suddenly lifted up, and an extreme sword light fell instantly.

At the moment when sword light and thunder touch each other, there is a violent explosion.

At the moment of the explosion, ye Chen's figure retreated slightly.

As he retreated, the thunder suddenly dissipated, and then another thunderbolt suddenly fell.

Boom!

The thunder bombards Ye Chen's body, and the heaven and earth God armor explodes the bright light, resists directly.

In the time of resisting, the dark clouds continue to spread, among the clouds, thunder is dense.

The warriors of all forces felt numb when they saw this scene! I don't know Ye Chen, a martial artist in the realm of Taoism, how to provoke the way of heaven, and let the way of heaven not allow it!

Endless thunder, like thunder sea general, crazy fall!

The light of thunder is extremely dazzling. The warriors lying on the ground dare not open their eyes one by one.

The breath from the thunder is enough to kill the strong man in the natural environment.

If they stand there, they will be killed by the thunder!

Thunder came into the world, as if to destroy all things in this world. Ye Chen had no joy and no sorrow on his face. He killed the gods, magic spear and blood magic sword at the same time.

At the moment of his hand, the whole person flew directly up!

He's going to shoot through the clouds!

Let the judgment of heaven disappear!

Thunder fell on Ye Chen's body, heaven and earth God armor, resist most of the damage!

At this moment, a gun madly stabbed into the dark clouds!

Boom!

Thunder along the Zhutian magic gun, spread to Ye Chen's arm!

The dark cloud above Ye Chen's head dissipates in an instant!

At this moment, the whole sky of dark clouds split!

The warrior on the ground, see the heart is about to jump out!

A shot really pierces the justice of heaven?

They can't believe it. Ye Chen is really crazy. Other warriors are only afraid of the way of heaven. However, he even wants to fight with heaven!

There is a saying that, no matter how strong you are, you should submit to the rule of heaven, but ye Chen goes against it.

Ye Chen did not leave, he knew that all this was just the beginning.

If the way of heaven can be defeated so easily, people don't need to pay attention to it.

Sure enough, the moment when the dark clouds split apart, they continued to reunite.

It seems that the whole dark cloud will collapse!

Inside the dark cloud, the God thunder unceasingly condenses!

The thunder did not fall, but kept gathering.

God thunder condenses into a human virtual shadow. His whole body is covered with thunder, and his eyes are filled with the power of thunder.

The force of thunder constantly erupted, he waved his hand, and his whole body made a blast.

The breath of terror continues to spread, ye Chen's body slightly bent, teeth are constantly shaking.

Thunder condensed out of the virtual shadow, it is too strong! Let him have a deep sense of powerlessness!

Even the breath, feeling can suppress him!

Thunder virtual shadow in a blink of an eye, has come to Ye Chen in front of, clench the fist, hair gives out electric light spark.

A fist rushes to Ye Chen. Although his fist has not arrived, the breath of terror has suddenly attacked.

The breath seemed to grip his neck, making it hard for him to breathe.

Chapter 1988

A fist suddenly fell and hit him on the abdomen.

A mouthful of blood gushes out directly. At the moment when the blood gushes out, the whole figure of Ye Chen flies out.

The speed of thunder shadow is too fast just now, so ye Chen doesn't see it clearly.

He's down!

Ye Chen stood up hard, wiped off the blood from the corners of his mouth, and fixed his eyes on the thunder shadow.

On the ground, the various forces saw Ye Chen's fist knocked down, and his heart couldn't help getting excited.

Now they finally see the hope of Ye Chen being defeated!

As long as ye Chen is killed by thunder and empty shadow, then they can rest in peace!

Ye Chen doesn't know about the ideas of various forces. Even if he is clear in his heart, he will disdain it!

At the moment, he held the sword with the devil's blood.

At the moment when he rushed to the thunder shadow, his arm suddenly raised, and the blood magic sword fell madly.

The wind is howling, and the whole body of the blood demon sword is blood red, and it bursts out a strange light.

When the fist is tight, the shadow of thunder comes out.

In the moment of contact between the two, ye Chen only felt his arm numb, blood vessels are about to explode!

"Broken star!"

Ye Chen murmured, in the hand of the Zhutian GOD Devil gun, broke out the terrible gun idea, suddenly fell.

When the moment of falling, mixed with the power of destroying the sky and the earth.

Boom!

A shot fell and stabbed the thunder shadow's body.

The head of Zhutian magic gun poured into the thunder shadow, and there was a crackling sound.

The current along the Zhutian magic gun, to the upper arm of Ye Chen.

A snake, crazy electric shock Ye Chen's body.

"Ah

Ye Chen sends out a painful roar, and these electric currents constantly erode his body.

Pulling out the Zhutian magic gun, ye Chen's figure constantly retreats and thunder virtual shadow opens a distance.

In the back of Ye Chen, the shadow of two divine beasts appears, and kills towards the thunder shadow.

In his body, endless evil Qi gushed out.

These magic Qi, constantly condensing, a magic sword, stands in the void.

Zheng! Zheng! Zheng!

The magic sword made a buzzing sound, and a sword fell suddenly.

At the moment of falling, it seems that the world has lost its color. The whole world only has this magic sword!

Boom!

The magic sword fell in an instant, thunder empty shadow face was expressionless, at the moment the magic sword fell.

His body disintegrates directly, but the sword falls from the middle and hits a mountain on the ground.

The whole mountain broke apart and made a blast!

After the thunder shadow is decomposed, it is continuously fused together.

See this scene, ye Chen's whole face is gradually gloomy!

The shadow of thunder seems to have no solution!

"Against heaven! I'll kill you

At this time, thunder virtual shadow issued a voice, when the word Zhu fell, in his side, there was a huge Zhu word!

The power of thunder flickers on the top of Zhuzi, falling towards the direction of Ye Chen.

Kill words as if suppress everything, everyone must submit to the feet of the way of heaven!

Although immortal deity is powerful, all these are not enough. There are still some deficiencies in fighting against Zhuzi!

The spirit of blood and Geng Jin suddenly burst out!

Both madly improve Ye Chen's body!

The blood demon sword fell down crazily, and the sword spirit attacked Zhuzi.

Zhu word bravely to no front, directly fell on Ye Chen's body.

Pooh!

Ye Chen at the moment, feel all over the body, are filled with the power of lightning.

The lightning continued to erode his body, and his body and immortal body erupted directly.

Both madly protect Ye Chen's body, and the whole void is blown open.

The power of killing words gradually disappeared, and ye Chen's face became more and more pale.

At the moment, his body was dripping with blood on the ground!

Blood fell on the trees, a moment withered, ye Chen difficult to stand up, a pair of his arms, are constantly shaking.

"Heaven wants to kill me, not enough!"

Ye Chen grinned, his mouth was full of blood, and his eyes were staring at Thunder shadow.

How easy is it to kill him?

Thunder virtual shadow face expressionless, he once again extended a finger, the force of thunder constantly gushing out.

When the force of the thunder, into the fingers, condensed into a blue light.

Ye Chen's immortal sword idea burst out completely and raised his bloody sword.

"With one sword, I will cut the earth and heaven!"

His eyes are full of sword meaning, just like the essence, the crazy surging of sword meaning. In a flash, the whole void is filled with the meaning of the sword.

The meaning of the sword is constantly pouring into the blood demon sword. Ye Chen waves a sword and suddenly falls down.

When the thunder flickers, the sword light falls madly. When the two touch each other, there is a terrible sound.

The whole sound is like thunder, the amazing afterwave, let Ye Chen constantly retreat.

At the moment, there was no blood on his face, but the thunder shadow stood there quietly and did not move.

Any attack of Ye Chen seems to have no effect on thunder shadow.

Ye Chen mouth reveals a trace of bitter smile, thunder virtual shadow of the powerful, has exceeded his imagination.

Ye Chen stands tall in the void, with no expression on his face.

Although the chance to defeat thunder shadow is slim, we should try our best.

If not, there is only one result waiting for him, death!

"Devil's eye, give me some evil spirit!"

Roar!

Jiuyou Shura sends out an angry roar.

When the nine you Shura appears that moment, thunder virtual shadow's face appears a touch, but that's all!

The ghost like figure of Jiuyou Shura directly rushes past. Although the figure of Jiuyou Shura is huge, it does not affect the speed at all.

At the moment of rushing past, the three heads of Jiuyou Shura directly opened the big mouth of blood basin!

His six arms were waving out of his back, and each wave brought out gusts of wind.

With one fist after another, the thunder shadow keeps waving.

Boom! Boom!

At the moment, the fists of the six arms of Jiuyou Shura are dripping with blood.

Almost dissipated.

"How can ants know the power of heaven?"

Thunder virtual shadow's voice fell, and then a direct clap down.

In the moment of shooting down, ye Chen's whole body flies out directly.

Take out his figure and continue to kill in the sky!

There's no magic weapon, all of them are soldiers of time and space!

Seeing this scene, the warriors on the ground wish that the soldiers of time and space are all their own.

How many treasures did ye Chen acquire? How many soldiers of time and space are inexhaustible!

In the face of thunder and shadow, ye Chen has no choice but to do his best. Even if the spirit's power is exhausted, he will never give up.

"A thousand soldiers explode!"

Ye Chen's mouth inside murmurs, arms above the time and space soldiers, a moment to throw out!

In the time of throwing out, the war of time and space came buzzing.

Towards the shadow of thunder.

Chapter 1989

Boom!

At this moment, direct explosion!

The sound of explosion resounds through the world. The warrior on the ground only feels that his eardrum is about to be broken.

A pair of hands covered his ears, did not dare to listen!

If it is placed on their bodies, it will explode into powder in a moment.

Thunder empty shadow's face gradually gloomy, just a moment ago, he almost hurt.

Although only a few minor injuries, but it has made him completely angry.

It's unforgivable that even ants can hurt him!

Thunder virtual shadow hands up, in the sky, countless thunder, unexpectedly gush out.

These thunders form a huge light column and rush towards Ye Chen's figure.

Ye Chen runs away quickly, but the speed of the thunderbolt is too fast.

In the blink of an eye, it has fallen on Ye Chen's body!

Boom!

The whole void burst out a black fog, the strong on the ground, looking at the black fog, did not know what was inside.

I think ye Chen should have fallen!

They can't imagine what kind of strength they can live from the beam of light.

Thunder virtual shadow also thinks that ye Chen is bound to die. However, he doesn't see ye Chen's body. He has no way to go back to his life and can only wait quietly.

Cough!

At this time, a voice came from the darkness.

The eyes of all the warriors, staring at the void, their eyes look to find Ye Chen climbing up.

The whole body is full of blood, and his breath is extremely weak.

Thunder virtual shadow eyebrows a wrinkle, ye Chen is still alive, not dead!

It was something he had never imagined.

Ye Chen stands up hard, his bones feel like falling apart.

Thunder virtual shadow stretched out a finger, since just now did not solve Ye Chen, do not mind to make a knife.

The light of a finger falls in an instant, and ye Chen feels a fatal sense of crisis.

The breath of terror, constantly diffuse out, ye Chen wants to stretch out the blood devil sword in his hand to resist, but a slight move, the whole body will spread a strong sense of pain.

"Are you going to die?"

Ye Chen's mouth murmured, he already felt the crisis of falling.

Whoosh!

At this time, a red and blue light suddenly burst out of the body, issued a deafening roar.

It's the power of Xiao Huang!

The light of red and blue turns into the shadow of a giant beast.

Open your mouth and swallow a ray of thunder shadow directly.

Although Xiao Huang hasn't refined the rib thoroughly, she still tries to help herself at the moment!

This scene, let thunder empty shadow's face, completely become ugly!

Can devour his God thunder, how possible?

At this time, ye Chen's eyebrow heart appeared a voice: "I can't fight with the devil emperor's identity, I'll help you in the form of devil's eye."

Ye Chen one Zheng, Mou son a congealing: "good!"

"Devil's eye, open it!"

At this time, ye Chen roared, and the evil spirit in his body gushed out crazily.

The evil Qi of the blood demon sword broke out continuously, and the evil Qi condensed on the void, and a lacquer black eye appeared slowly!

The wind howled and the evil spirit surged in the whole ancient battlefield.

The terrible evil Qi destroys all vitality. Some warriors are eroded by the evil Qi, and their eyes gradually turn blood red.

The evil spirit invades their bodies and turns these warriors into a killing machine!

Above the whole sky, the clouds were completely dyed blood red!

When the devil's eye came into the world, the ancient battlefield seemed to be a ruin!

Whether the mountain peak or the palace, it has been broken in an instant!

The evil spirit is mingled with the breath of destruction.

The eye of the devil is born, and all things are destroyed!

In the back of Ye Chen, tens of thousands of demons gather and worship ye Chen constantly.

Devil worship, Lord of demons!

The blood demon sword is in the hand, a sword aims at Thunder empty shadow!

The pain of his body did not affect his intention to fight. At the moment, he had to kill!

The ghostly figure suddenly rushes past, the immortal sword idea erupts madly.

The immortal sword idea condenses on the blood demon sword. The sword rises and falls like a gorgeous light.

Boom!

A sword cut out, tearing space, the whole earth is constantly shaking.

A sword sweeps across the world!

The most brilliant sword, suddenly came to thunder virtual shadow in front of.

Boom!

With a sword, the devil's eyes open at this moment!

Mou!

When the eyes opened, a pair of eyes appeared in the whole void. These eyes send out the breath of terror!

Boom! Boom!

Above the void, a pair of eyes were broken, and the evil spirit poured out!

The whole ground is shaking and falling apart!

The evil spirit rushed to the thunder and empty shadow, unstoppable!

The constant destruction of thunder shadow above.

The shadow of thunder disappeared.

.....

Whoa!

The thunder in the void gradually dissipates. Ye Chen falls on the ground and sits cross legged!

Ye Chen exhaled a deep breath and took a look at Dantian!

Completely changed!

If he Daojing is a lake, then the Dantian is a vast ocean at the moment!

The realm of nature is a layer of heaven, Cheng!

Ye Chen opened his eyes. At the moment, the injury on his body has not only recovered, but also reached a terrible degree.

.....

The mysterious land of Lingwu continent.

The man on the dragon stood up, his face black, and his anger surged!

The breath emanating from the whole person is just like the master of Lingwu continent.

Just now, he felt that his strongest breakthrough was the thunder robbery in the realm of nature, and he was doomed!

This time, he felt a real crisis.

He looked at the reincarnation stele in the dragon's mouth and murmured, "that boy doesn't know why, and can't check it."

"It seems that the rules can no longer be observed."

"This son grows up, absolute threat."

"I must know who this man is! Even if you disturb the troublemakers

The Tao of heaven stretched out a finger and fell into the void.

When there is a blue image on the mirror, there is only a floating red shadow on the mirror.

The red and blue empty shadow engulfs the God thunder, which makes the face of the heaven's Noumenon change slightly.

"How could this ancient beast reappear? However, this is just a breath, not a body, not a threat... "

"The key is the mysterious youth."

With that, he forced a drop of blood essence from his fingertips!

.....

At the same time, an old man with a reddish face was drinking with a gourd in his arms.

The old man was confused and obviously drunk.

If ye Chen is here, he will surely find that the old man is not someone else, but the eternal king!

All of a sudden, the eyes of the eternal King opened, and a helpless smile appeared at the corner of his mouth and looked at the opposite side of the barrier:

"this boy is really worried. I thought I didn't need to appear."

"At present, it still can't work."

"Ice sword, do you want to do it?"

On the opposite side of the barrier, there was a figure with a breath of terror.

If ye Chen is here, he will surely find that he is the ice sword immortal!

However, at the moment, the ice sword immortal Zun is no longer the immortal statue of nature, but the peak of the seal gate, even approaching the half step Taixu realm!

Endless trapped years, he did not give up.

He's waiting for someone.

The ice sword gazed at the depth of heaven and earth, ignored the eternal king, but murmured: "Ye Chen, it's time for you and me, master and apprentice to meet."

Chapter 1990

The eternal holy King drank a mouthful of wine, and stood up with difficulty and said, "forget the ice sword, I'll do it."

"This barrier blocks everything. It's hard for you to block that power."

"The boy's killing in heaven and earth has made people angry."

"The anger of ordinary forces, perhaps he can hold on to a little bit."

"But heaven It's far from what he can do now. "

"I came here with him from Huaxia, but we can't let our hope die in vain."

The ice sword gazed at the depth of heaven and earth, and finally nodded: "his identity can't be found by the way of heaven. If I use my strength, those people in the kingdom of God will also find out, and then it will harm Ye Chen."

The eternal king stretched out his waist, and his eyes suddenly became serious.

With his thin fingers pinching, an ancient golden text appeared.

Words seem to represent eternity!

"The way of heaven, the way of heaven, why do we have to kill them all?"

"If you want to move him, old man, I won't allow it!"

The eternal king stretched out a finger and fell in the sky!

And in front of the man in the remote mysterious place, at the moment when ye Chen's picture is about to appear, the mirror suddenly breaks!

Click!

The mirror on the sky was torn apart, and the man roared!

At the critical moment, someone stopped him!

Who is this time!

"Those who stand in my way will die!"

The man above the Dragon senses the breath, forces out a drop of blood essence, and then in front of the broken mirror, a finger falls down!

The breath on your fingertips, it's horrible.

Space tearing! Endless air flow is surging wildly!

There's a storm in heaven and earth! Sweep everything!

Countless warriors are shocked!

And the Immortal King's mouth oozes with blood.

His whole face, gradually pale, the dragon on the man's finger, let him suffer from serious injury.

That man, really pissed off.

The ice sword inside the barrier narrowed his eyes and said, "yonglao, the power of this attack Can you stand it? "

"You've been hiding from him for so long. If you go on like this, he'll find you."

The eternal King stepped out and pointed a little: "wine

The gourd flies in front of the eternal king and catches it!

Gollum! Gollum!

Drink it all in one gulp!

"That leaf boy dares to shake the sky thunder! How can I fear the eternal king

"Time has not come, Dao can't leave the palace that day! Only in this way

" If I can't solve this problem, I deserve to be called king! "

"Escape from the vicissitudes of life, forever for me, a finger to break the sky, I hide everything! Open it

There is no change in the face of the eternal king. In any case, we should protect Ye Chen!

In his fingers, the white light condenses, which flies out in an instant, as if spanning thousands of miles, and has not entered Ye Chen's body.

Ye Chen doesn't have any sense of all this. He doesn't know it at all!

After all this, the eternal King's mouth a smile, he has shielded the breath of Ye Chen.

It's just that it costs too much.

Even if that person wants to find out Ye Chen, it is not easy at all!

Ice sword took a serious look at the eternal king and sighed: "it's not a big deal for us to help him like this. This boy must go to Shenhua academy as soon as possible. Only there can we have the strength to resist those guys in the kingdom of God."

At the moment, the land of Lingwu is a mysterious place surrounded by clouds!

The man's chest heaves above the dragon. He was about to find it, but he was destroyed again.

You can imagine his mood!

He Mou son a congealing, suddenly sneer: "just that breath It seems to be the guy's

"Originally, that guy is still in Lingwu land."

"Is it possible that he still wants to set up the situation of the Ye family in the kingdom of God?"

"Haven't you given up after all these years?"

"Eternal king, eternal king, do you really think those legends are true?"

"Stupid!"

"ridiculous!"

Speaking of this, the man above the dragon looks at the entrance of the hall:

"where is the evil spirit?"

Soon, a man appeared next to him.

The man's body mixed with the smell of destruction, continuous flow, his cheek black, in his left half of the face, there is a red mark.

"My Lord!"

Tiansha kneels down in front of the heaven and waits quietly.

"Go to the heaven and earth to kill a man, and then kill!"

"Besides, the eternal King seems to be alive. Investigate for me! Once found, bring it back here at all costs! "The man above the Dragon points out and transmits the picture just now to the mind of Tiansha.

Taking this as a clue, I believe it will not take long to find a man who is against him.

When the evil spirit retreated, the man above the Dragon took a look at the reincarnation stele, and his figure gradually disappeared.

When he confronted the eternal king, all kinds of visions came from Lingwu land.

The sky of the whole Lingwu continent seems to have a crack, just like the anger of heaven!

.....

Heaven and earth kill territory.

The ice sword gazed at the eternal king and asked, "how do you feel? Is there any problem?"

The eternal King touched his beard: "what a pity."

The ice sword was stunned and said curiously, "it's a pity that you are injured?"

The eternal King laughed, took out the jug and shook it: "it's a pity that I drank this wine too fast just now, and there is no fine product."

"Such a good wine, because that guy's destruction wasted so much, fortunately, it fell into my stomach."

Ice sword:

The eternal King hung the jug around his waist and thought of something. He said, "it's almost time for you to call that boy over."

"You've been waiting from the beginning, waiting for the boy's chance to plunder and kill the territory. Now, it's almost the same."

"This killing area is going to be closed. If you don't attract that boy, you will be stuck here all your life."

"Well, I'm not going to stay."

"I still have a lot of things to do. That guy will definitely send someone to investigate the killing of heaven and earth. There are many people with mixed eyes. I have to erase the memory of those who have met Ye Chen."

"What's more, the sarcophagus in the hall of the soul is clean if you can't see it. I'll try to destroy it."

"Lin Juelong, who came up from the same place as ye Chen I always feel that his breath makes me uncomfortable... "

With that, the eternal King dissipated between heaven and earth.

Ice sword takes a look at everything behind.

Inside the barrier, aura is thin.

Ten thousand years ago, he was trapped here, frustrated, but found unexpected joy.

There are countless wealth here!

Not to mention the real artifact, even the holy soldiers still exist.

Endless spirit stone and Heaven material and earth treasure.

He plundered and absorbed all these ten thousand years.

Eternal years, only with practice.

Now, it's time for the apprentice to leave.

Thinking of this, the ice sword immortal Zun looked at the barrier and dropped ten drops of blood essence. The whole person's face was extremely pale, and a mouthful of blood gushed from the corner of his mouth.

Ten drops of blood essence forced out at the same time, almost to hurt the source, but now he, also can not take into account so much.
