

Physician 1991

Chapter 1991

The blood essence circulates continuously around him, forming a huge beam of light.

At this time, the energy in the body of the ice sword immortal is continuously transmitted to the blood essence.

A huge beam of light soared into the sky. In the beam, there was an ice sword suspended.

Ice sword can guide Ye Chen!

Finish all this, ice sword immortal Zun closed his eyes and waited slowly.

I hope Ye Chen can see it in the heaven and earth killing domain!

.....

In the ancient battlefield, ye Chen was aware of the vision of heaven and earth. He felt a little uneasy in his heart. He looked up and found a beam of light.

At the top of the column of light, there is an ice sword!

See this scene, leaf Chen whole person's facial expression changes!

This This is the breath of master!

At the moment, ye Chen doesn't want to look for any chance any more. He comes to the heaven and earth to kill the world, just to find the ice sword immortal.

Now he can't control his excitement any more when he sees the guidance from the ice sword immortal.

He must leave the ancient battlefield immediately, without any hesitation along the way, and find the black whirlpool that he came to before.

Step out and pour directly into the black vortex.

When he opened his eyes again, he found that he came to a dilapidated palace.

He is not in the mood to investigate what is the difference between the 49 sarcophagus and the stone coffins in Qiankun palace.

Once again came to the black whirlpool, decided to take Ji Lin and them out of the cave, looking for the master together!

Fortunately, the eternal King shielded the breath of Ye Chen. Otherwise, at that time, the Tao of heaven fell.

Relying on Ye Chen's current strength, there is no way to resist.

A finger can definitely kill Ye Chen!

The eternal king had been secretly protecting Ye Chen from being hurt. Fortunately, this time he noticed it.

Otherwise ye Chen would have been a dead man!

Ye Chen stepped into the black whirlpool.

Soon, he returned to the place he had agreed with Ji Lin and others.

Before getting close to the cave, ye Chen finds that the cave has been surrounded by several powerful stars.

The heaven and earth killing domain is about to close down. These robbers know that at this time, the warriors in the killing domain have the most opportunities.

That's what we're going to steal.

Moreover, Ji Lin's accomplishments and breath were not strong.

For them, there is no possibility of retaliation.

Ye Chen goes to those who are strong in Xingqiao.

The latter obviously also found Ye Chen, but these people did not enter the ancient battlefield of heaven and earth, let alone from the western regions. Naturally, they did not know ye Chen's identity.

The first one stares at Ye Chen, and finds that the other party is no more than the realm of creation, so he laughs.

"Boy, stop for me!"

However, ye Chen's steps did not stop at all.

This makes the strong people in the astral world become speechless. Can you give them some dignity to rob?

At least show a timid look!

When ye Chen sees Ji Lin and Lengyan and others, he breathes out a long breath.

At the moment, Ji Lin is sitting on a stone, eating and disdaining to look at several people in front of him.

She is surrounded by Yan Kun, and her killing intention is condensed.

"Xiaokunzi, I don't want to waste blood essence. You can do it."

The words also declined, Ji Lin found Ye Chen's figure, quickly stood up, excitedly said: "Ye Chen, you are too good at deceiving people, you said to go for a while, how long has this been?"

"I'll be old if you don't come back."

"What's more, there are waves of these little hairs, which annoy me to death."

Hearing that Ji Lin insulted himself so much, those star hole robbers were livid.

Ye Chen smiles and walks towards Ji Lin, and says to Yan Kun:

"Yan Kun, these people have given you a chance to show off!"

For these people, ye Chen does not want to start.

It's just the beginning of the starhole.

Yan Kun a face speechless looking at Ye Chen, these people he did not want to move at all.

But ye Chen's words, he still listen to, step out, looking at these martial arts, cold voice said: "you people, let's fight together!"

The head of the Xingqiao state, the three layers of sky strong, the whole person's eyebrows wrinkled.

This ugly guy, really look down on them!

For them, it is a kind of humiliation. How to say, they are also strong in Lingwu land!

"In this case, let's fight together

Words fall, a few figures rushed out in an instant!

Yan Kun frowned, and a trace of anger flashed in his eyes!

Then clenched his fist, issued a creaking sound, the whole figure, in this moment suddenly rushed past. When he rushed past, he had already come to the side of two star orifices martial artists.

Yan Kun's speed is so fast that neither of the two warriors can see clearly.

At this time, they suddenly felt a sharp pain in their abdomen.

Pooh!

Two people a mouthful of blood and water gushed out, the whole body fell to the ground.

One hit, second kill!

There is no change in Ye Chen's face. If the people of the heaven and earth people can't solve the two star orifices, they would not have ruled the whole Lingwu continent.

However, the leader of the strong, completely shocked!

In a short period of time, two star orifices were killed directly by seconds!

This is too fake!

Let him have a kind of unreal feeling, his heart gushes out a bad premonition.

As expected, after Yankun solved the two men, he did not give up. Instead, he rushed directly to those martial artists.

Yan Kun is like a wolf in a sheep. He takes one person with him at every rest time.

In a short period of less than ten minutes, only the leading man was left.

The looting team that had been carried forward went back to before liberation in an instant!

At the moment, the leading man can't think too much. With a puff, the whole man kneels down directly in front of Yan Kun.

He knows, this time completely kicks the iron plate, oneself can live does not know.

Ye Chen took a look, then directly said: "kill!"

This kind of person doesn't know how to cultivate to the Xingqiao state and do robbery!

Yan Kun for ye Chen's words, there will be no refutation, a palm down.

The warrior in the three layers of sky in Xingqiao state has blood flowing out of his head and collapsed on the ground.

After solving these robbers, ye Chen doesn't explain too much. He goes on the road and rushes towards the guidance of ice sword immortal.

An hour passed, ye Chen found that the closer he was, the more powerful the pressure was!

Li Ting has been completely unable to support, can only come to the side of Ye Chen, reluctantly resist.

Cold face can also support for a period of time, but the face of pain, more and more rich.

Ji Lin has come to Ye Chen's side as early as before. As for Yan Kun's words, there is no big problem.

Although these pressures can bring some resistance to Ye Chen, they will not be unable to move.

After continuing to walk for an hour, ye Chen raised his hair and now in front of them, there is a dead city.

Chapter 1992

The whole dead city is full of strong dead gas, not only that, ye Chen also feels a trace of ice sword immortal Zun's breath.

He walked quickly over and found the words "prisoner of the kingdom" engraved on the top of the dead city.

Is it not an accident that the ice sword immortal statue was trapped?

but the God kingdom?

At the beginning, the ice sword immortal Zun was nothing but a state of creation. Why did the kingdom of God trap him for thousands of years?

What ye Chen doesn't know is that the reason why ice sword xianzun is trapped in the killing area of heaven and earth is that he accidentally hears the secrets from several powerful people in the kingdom of God. However, the strongman of the kingdom of God did not choose to kill xianzun, but chose to keep ice sword in this dead city forever.

In their view, the endless abyss and silent world, tormenting a mole ant and letting the other party die slowly is much more interesting than killing directly.

As for being rescued, it's impossible.

Only the blood of the kingdom of God is qualified to be broken!

There are innumerable auras and wealth in the dead city, which can be cultivated, but the ice sword immortal can never leave the dead city.

Those who are powerful in the divine Kingdom want to wipe out everything of the ice sword immortal! Even Dao Xin!

Ye Chen asks others to wait outside the door.

He held out his hand and it was shaking.

Finally, it touched the cold door.

The tomb of samsara is changing.

Ye Chen knows that it is the tombstone of ice sword immortal statue.

"Creak -"

the door opens.

The cold light makes Ye Chen's cheek ache.

He walked in slowly.

Endless cold, no sound.

You can imagine how painful it is to be alone here!

Don't say ten thousand years, even one day is enough to make Daoxin collapse!

No communication!

You are the only one in the world.

This loneliness, ye Chen does not understand, also hope that this life do not understand.

Ye Chen goes to the deep.

The fog dispersed.

He saw a figure, a white robe, immortal spirit.

His eyes were a little red, and the past flowed in.

"My name is Bingjian xianzun. My real name is blue snow moon, and I am the seven elders of wanjiandi palace in the northern region of Lingwu world."

"I am the Lord of the palace of light in Kunlun. Now I am attacked by the Blood Sword gate. I have to face the attack from the digital harmony realm and dozens of Hunyuan realm."

"Which family are you descended from Lingwu?"

"None of them..."

"It's OK. I'll help you."

"Boy, I'm your master, and I'll teach you the sword formula of wanjian emperor palace!"

"You don't do it right. You lack control. Come back..."

"Disciple, remember, you are my faith and the hope of our hundred people."

"Apprentice, my teacher is about to disappear. I hope we can have a chance to meet..."

"I just don't know when I'll meet, and if I can hold on to that time..."

"I have no regrets. The biggest regret is that I didn't see you on the top of Lingwu land..."

The past is gone.

Ye Chen stops.

Look at each other.

He saw the body of the first samsara cemetery power.

Named blue blood moon, also known as ice sword immortal Zun!

This time, it's not God.

Ye Chen knows that they are kind and selfless.

If not for them, he would have fallen on the road of martial arts!

And what he has to do is save it at all costs!

At the moment, the ice sword immortal Zun also saw Ye Chen, his eyes gradually moist.

He laughed.

"Good, good!"

he thought he was going to be trapped in the dead city all his life, but his apprentice finally came!

"Master!"

Ye Chen just ready to step out, in the void above, suddenly appear two white pillars of light.

The light column directly covers Ye Chen, and another light pillar covers the ice sword immortal statue.

However, he didn't hear any voice from bingzun.

Obviously, the cultivation is not enough.

The two of them are so close, but it's as if they are in two spaces.

Ye Chen takes bleeding magic sword and Zhutian magic gun.

He must find a way to break this prohibition, otherwise they will be trapped here and never be able to rescue the master.

The blood demon sword burst out bright light, a sword suddenly fell.

The blood demon sword fell into the white light column, but the light column was still, and there was no crack.

The gun of Zhutian God and demon fell in an instant, and the sword spirit and the intention of the gun flowed in the forbidden area.

Boom! Boom! Boom!

Ye exhausted all the strength of his whole body, but there was no effect. The beam of light seemed eternal. Even if Ye Chen breaks out again strong attack, also useless!

Ye Chen's heart gradually has some irritability.

He is only one step away from his master, but he has no way to step out.

Behind Ye Chen, endless evil Qi surges and makes bursts of sound.

Blood of God, Qi of Geng Jin, boundary of killing Innumerable cards burst out directly!

The evil spirit inside the blood demon sword, crazy gush out, immortal sword idea, completely burst out at this moment.

Ye Chen raised his arm and waved a sword. He didn't believe it. He couldn't break the beam of light!

Outside Lengyan and Li Ting, they take Ji Lin, constantly retreat.

Inside Ye Chen now burst out of the momentum, it is too terrible.

They are totally unable to resist, and only Yan Kun can barely resist.

The sword light fell on the light column, and there was a bang. However, there was no reaction from the light column.

Ye Chen's eyes are red, and he takes back his weapon. One blow after another blows on the barrier!

It's just like a madman!

he has been in the heaven and earth for so long to find the ice sword immortal!

But now we meet, it's so far away!

This kind of pain, he does not want to bear!

"Boy, brute force is not good."

"If you want to break the prison of the kingdom of God, only those chosen by the kingdom will have a chance to enter."

And at this moment, inside the samsara cemetery, there comes the sound of wind.

As soon as his voice was clear and clear, he continued to open his mouth and said, "you have already stimulated part of the samsara blood vessels. You can use the samsara blood vessels to gather the mark of divine fire."

Ye Chen heard the words of the wind, slightly nodded, in his body reincarnation blood circulation, red dust God pulse, constantly gushing out.

There was a fire red mark on his forehead.

When the fire red mark appears at that moment, ye Chen feels the slight fluctuation of prohibition.

Ye Chen Mou son a joy, step out, from the inside of the ban out, came to the ice sword xianzun in front of.

"Master!"

Ye Chengang wants to be a master and apprentice. With a wave of his arm, the invisible power hinders Ye Chen.

"Apprentice, you and I don't have to salute like this."

At the moment, the ice sword immortal looks at Ye Chen, and his face is gratified. If it were not for the reincarnation cemetery, they would not have any intersection.

Whether ye Chen can take him away or not, as long as there is a heart is enough.

"Master, I will take you away now!"

As soon as ye Chen's voice fell, ice sword immortal Zun nodded slightly. When they were ready to step out of the ban, they found that he could come out safe and sound.

Ice sword immortal can only be trapped in it!

Chapter 1993

Originally, he thought that the power of reincarnation could take away his master, but now it seems that he can't.

"Ye Chen, although you have the right to go in and out of here, you just have to use your blood essence as the guide to break the stone of the Shenguo array in the center of the dead city, but once you break the stone, the powerful one will find out."

After Feng Qingyang finished speaking, he did not continue to speak.

Ye Chen also clearly understands that once the strong man of the kingdom of God discovers that it will not be so easy to withdraw from the dead city.

"I know, but my master, we must save it!"

Ye Chen's eyes are full of firmness.

What about the strong in the kingdom of God?

At the beginning, he was able to fight against the way of heaven. Was the strongman of the kingdom of God more powerful than the way of heaven?

In any case today, ice sword immortal will be rescued, even if he has to pay any price.

"Master, you wait for me, and you will leave immediately."

God's affairs, he himself!

At the beginning, ice sword immortal Zun saved himself many times, and taught him all his skills.

Even if you pay any price, you should save your master!

What was promised must be fulfilled.

Looking at Ye Chen's back, Bing Jian Xian Zun looks complicated.

Of course, he wants to go out, but according to the meaning of the eternal king, ye Chen will bear his cause and effect.

This time, does Ye Chen want to fight against the kingdom of God in advance?

It's impossible for nature to fight against the kingdom of God!

However, he did not stop it.

Because the eternal King told him that this is the robbery Ye Chen must face in his life!

Maybe if he goes out, he can better protect Ye Chen!

there is no regret to have such a disciple even if he is dead!

.....

Ye Chen came to the center of the dead city and found a palace standing erect. He pushed open the door and walked into the palace. There was a strong stillness.

Looking at it, I found countless white bones piled up in the corner of the palace.

These white bones, do not know how long they died, the constant flow of dead gas, let Ye Chen have some maladjustment.

He looked around warily. What was in the dead city? Everything was unknown.

Click!

At this time, there was a sound, and the dead bones stood up one by one.

When they stand up at that moment, directly toward the shadow of Ye Chen.

Every step, their bones creak, it seems that they are about to break.

Ye Chen in the hand of the blood demon sword clenched, ghost like figure directly rushed past.

In the moment he rushed past, the evil spirit on his body broke out constantly.

With a sword, a sharp sword suddenly fell.

Sword Qi swept past, the front row of bones, directly smashed!

The strength of these bones is not strong, ye Chen wants to solve easily, just need to spend a little time just.

The sword idea is constantly spreading. Every time it is waved out, it takes away a large piece of corpse.

Ye Chen steps forward continuously.

In the last side of the corpse, ye Chen sees the stone of the Shenguo array, and he can't help but quicken his pace.

After constantly solving these bones, ye Chen is only 200 meters away from the stone of Shenguo array.

As he was about to pass, a cold wind suddenly came.

Ye Chen stands in place, the whole person's brow locks tightly, carefully observes around.

Step on it!

At this moment, there was a footstep.

In the dead city, a shadow emerges.

"If you want to destroy the Shinto, you are not qualified."

Ye Chen looked up and found that the man was wearing a black suit with a sickle in his hand!

There was a cold light above the sickle. He stepped out one step and a deep footprints appeared on the whole ground.

Wearing a black hat, the cheek is indistinct, in the dark, like a god of death.

Ye Chen in the hand of the Zhutian magic gun, lightning speed, suddenly rushed over.

Since it is the enemy, there is no need to waste words.

When ye Chen rushes to the past moment, the man in black does not have any movement, his arm slightly raises, the sickle clenches in the hand, the hand rises and falls.

At the moment the sickle fell, the horror of killing suddenly spread out.

The intention of killing spread. I don't know how many warriors the man in black killed before he reached this stage.

Ye Chen's eyes gradually dignified, Zhutian magic gun suddenly fell at this moment.

Bang!

The moment a gun and a knife touch each other, there is a huge shock force.

The breath of anti shock force makes Ye Chen constantly retreat. When he retreats, the blood demon sword is immediately in his hand. A sharp sword light, in a twinkling of an eye, has rushed to the man in black.

Sword light burst out dazzling light, constantly tearing space.

At this time, the man in black finally has a trace of movement, his legs with the help of the ground force, bounce up.

In the moment, in the void.

When he disappeared, ye Chen felt the crisis behind him.

In the blink of an eye, the blood demon sword in the hand is directly blocked.

It's a huge shock.

Ye Chen's whole person's figure continuously retreats, Zhutian God magic gun immediately stabs out.

The intention of the gun constantly burst out, like a golden dragon circling, sending out bursts of roar, rushing to kill in the past.

Bang!

A dull sound, ye Chen was shocked by the force, overflow a trace of blood.

Blood gushing out constantly, the figure of the man in black has come to Ye Chen.

He looked at Ye Chen and lifted the sickle in his hand directly.

The cold light above the sickle surges, and the breath of terror and depression falls on Ye Chen's body.

The repressed breath locks Ye Chen's figure, and the sickle falls in an instant.

The blood demon sword in Ye Chen's hand is lifted directly and chopped with one sword.

Kill!

"Kill the boundary, cut the sky a sword!"

Ye Chen waves a sword, the meaning of death covers the whole blood demon sword, the temperature of the surrounding air suddenly drops.

There are layers of ice on the ground, the sword light shining on Kyushu, waving out!

A sharp sword, in the space flow, as fast as lightning, came to the man in black.

"Ants, do not know the power of the kingdom of God!"

As soon as the voice of the man in black fell, the sickle in his hand waved out. When the sickle was waved out, the same six sickles appeared in the void.

The sickle shadow breaks the sword light of Ye Chen and rushes towards him.

Ye Chen jumps up from the ground and falls with a sword and a gun.

Boom! Boom! Boom!

A gun constantly stabbed out, a sword constantly cut to the chest of the man in black.

The sharp spear meaning and sword meaning constantly burst out. In the surrounding air, the sword meaning and the gun meaning spread, two kinds of mixed together.

The figure of the man in black retreated slightly, and his eyes suddenly became blood red.

Blood red eyes, let people look at abnormal terror, like the eyes of vampires.

Chapter 1994

He stretched out his fingers, fingertips blood gas constantly gushing out, becoming longer and longer!

The speed of blood gas elongation is extremely fast, directly through Ye Chen's abdomen and arms.

Blood red eyes, enchanting and strange, suddenly from his eyes, burst out a red light.

Red light mixed with destructive power, want to directly crush Ye Chen's body.

Ye Chen cuts off his blood directly with a sword, and his figure dodges the red light.

At the moment of hiding, ye Chen's strange figure came to the man in black.

Zhutian magic gun in the hand, suddenly stabbed out!

Bang!

One shot fell and went straight through the chest of the man in black.

The corner of the mouth of the man in black rose slightly, with a sneer.

He held the Zhutian magic gun in one hand and pulled it out immediately.

When pulling out, the speed visible to the naked eye, the blood hole on the chest of the man in black becomes intact.

Seeing this scene, ye Chen's whole face became dignified.

The blood devil sword in his hand directly cut off the waist of the man in black.

The black man's waist was split from the middle and was cut in half. The front half of his body fell on the ground, and then it fell towards the place where it was disconnected.

At the moment of falling, continuous healing, but in the blink of an eye, the man in black has no wound at all.

"I have immortal blood. How can you kill me?"

The voice of the man in black fell and a sneer came from the corner of his mouth.

Immortal blood can be reborn by dripping blood, even if ye Chen kills him ten thousand times?

Ye Chen did not open his mouth, the so-called immortal blood, he also knew, but it was not the real meaning of eternal immortality.

As long as the injury is fatal, so that he can not heal for a short time, as time goes by, he will die.

Time is the most effective way to fight against blood!

The law of time in Ye Chen's body is constantly flowing, holding out a finger, and the light yellow light condenses on the fingertip.

The dead city is full of the smell of the law of time.

"Time flies!"

Murmuring in the mouth, the yellow light condensed from the fingertips falls instantly.

When the moment of falling, into the body of the man in black.

The man in black disdains a smile, no matter what means Ye Chen uses, he still won't die.

Ye Chen has no joy or sorrow on his face. Although the man in black has immortal blood, the power of the law of time can consume his life.

Even if he can't kill, he can't get rid of the fate of time when his life disappears.

The man in black is obviously not aware of this, the ghost figure suddenly came to Ye Chen's side.

The sickle in his hand fell down in an instant, and ye Chen dodged slightly. The sickle fell on the ground, and there was a crack. The dust was flying in the air wantonly.

Ye Chen is constantly breaking out the law of time in his body.

In the dead city, full of the power of the law of time, quietly consumed the life of men in black.

"For the sword of the devil, die!"

The blood demon sword was immediately lifted up, and the power of the law of time in the surrounding air poured into the blood demon sword.

At this moment, the blood magic sword suddenly burst out a dazzling light.

An extreme sword light has fallen in an instant.

The sword light swept across the past, like a tornado storm.

The whole dead city was shaking, and there was a loud noise.

Ye Chen's whole face is slightly pale, and this sword consumes most of the energy in his body.

If you don't succeed, you will become benevolent!

The speed of the sword reached its peak. The man in black didn't react. The sword light had already rushed over.

Boom!

A sword fell, and a ferocious wound appeared on the abdomen of the man in black.

"I said, I have the immortal blood. How can you kill me?"

The man in black grinned ferociously, and the wound on his abdomen healed immediately.

"Is it? Look at your body. "

Ye Chen said with a smile that the power of the law of time has already poured into his body.

The constant destruction of his life, the original time is just an appetizer, but years kill the sword is the real focus.

This may not be the strongest hit of Ye Chen, and the law of time is much worse than other cards.

However, at present, this must be the most effective blow to the man in black!

The man in black frowned, stretched out his arm, found that the arm is full of wrinkles.

When he took a step, there was a sharp pain in the bone.

Now his life is about to disappear, just like an old man waiting for death.

Don't say move, I'm afraid it's very difficult to stretch out a finger.

The man in black had a wrinkled cheek and opened his mouth to say something. However, the teeth in his mouth directly fell down, and his body in this moment fell directly to the ground.

He was staring at Ye Chen with a pair of resentful eyes.

Originally, he was immortal. He thought he was immortal, but

Ye Chen another sword falls, in order to be in case, directly stirs his heart.

The man in black is too confident about his blood, otherwise he will not be defeated so quickly.

In this world, where is the real immortality?

Ye Chen comes to the side of the stone of the Shenguo array and raises the gun of Zhutian.

His whole human arm above the blue veins burst up, the energy in the body constantly poured into the killing God magic gun inside.

Boom!

After one shot, the stone of shenguozen was intact without any movement.

In order to avoid being destroyed by the powerful, there is a special layer of the forbidden stone to be destroyed.

Ye Chen frowned. If he didn't break the stone of the Shenguo array, the master couldn't get out.

The blow of Zhutian magic gun just now should have alerted the strong man in the kingdom of God, and there was not much time left for him.

We must break the stone of the Shenguo array as soon as possible, otherwise the arrival of the strongmen of the kingdom of God will cause more trouble.

At the moment, ye Chen's eyes gradually turn red, and the evil Qi on his body is constantly surging.

.....

In a luxurious palace in the land of Lingwu, several powerful players in the kingdom of chess suddenly stopped their pieces in the air.

They felt that someone wanted to break through the stone of shenguozen in the domain of heaven and earth.

"Presumptuous!"

One of the strongmen of the kingdom of God slapped on the chessboard, and the board suddenly split into four or five.

"How dare some people dare to challenge the majesty of our kingdom of God and seek death!"

They left the Shinto stone in the heaven and earth killing area. Now some people want to break it, which is tantamount to directly challenging their majesty and not paying attention to the kingdom of God.

"I want to see who dares not to take our kingdom into consideration."

There was a drop of scarlet blood in his hand.

Blood flow in the air, the great pressure, a drop of blood can suppress the strong.

He held out a finger and the energy in his body poured into the blood.

At this time, the blood in the void, rapid flow, continuous expansion, become a domain door.

The essence and blood condensed the shadow of the strong man in the kingdom of God. He stepped in.

Those who challenge the majesty of the kingdom of God will be killed without mercy!

Chapter 1995

.....

At the moment, ye Chen, who is possessed by the devil, does not know that the strongman of the kingdom of God has been killed. He clenches the gun of Zhutian God and magic in his hand, and the evil spirit constantly rushes into it.

When these evil spirits rush in, the tip of Zhutian magic gun emits black light.

Bang!

When a shot falls directly, the prohibition on the whole Shinto's rock is directly broken. At the moment of breaking, the gun tip falls on the stone of phalanx.

Click!

A clear sound, the whole shenguozen Panshi, in this moment, fragmented!

At this time, ye Chen found that the whole palace was constantly collapsing, the ground was shaking, the mountain peak split in two, and exploded in an instant.

Ye Chen strides away. Now that the stone of shenguozen array has been destroyed, he must take the ice sword immortal to respect them to leave as soon as possible.

When he stepped out of the palace of the dead city, a domain gate suddenly appeared in the void.

"If you dare to break the prohibition of the kingdom of God, go to death!"

A cold voice came out of the Yumen, and then a flash of light appeared and fell in an instant.

Click!

The light has not yet arrived, but the breath of terror has been crushing the palace of the dead city.

Ye Chen feels the huge crisis, the cards burst out at the same time, the red dust God pulse is activated, and the devil body surging on his body.

The armor of heaven and earth appears on Ye Chen's body.

Boom!

A finger falls directly on Ye Chen's body, and the breath of terror condenses on Ye Chen's body.

In a flash, the heaven and earth God armor lost its original light, and ye Chen's whole body appeared a trace of cracks, which directly flew out.

His figure impact on the palace above, constantly fly out, fall in a kilometer place, just stop!

The ruins of the palace cover Ye Chen's figure. In the void, a man is wearing a golden robe.

On the top right of the robe, the word "Kingdom of God" is tattooed!

At this moment, he seems to be like a high God, indifferent, arrogant, despised all living creatures.

Ye Chen came out of the ruins and was seriously injured with just one blow.

Fortunately, there is the red dust God vein and heaven and earth God armor, otherwise, fengmenjing will die!

Ye Chen takes out all kinds of pills from the reincarnation graveyard and puts them into his mouth. He stares at the strongman of the kingdom of God.

He did not perceive the realm of the strongman of the kingdom of God, but felt like a vast ocean, unfathomable!

Top of the gate?

This is the power of blood essence!

What kind of strength should ontology be!

The strong man in the kingdom of God is picking on his eyebrows, but ye Chen is still alive.

That blow just now killed the strong in the early days of the closure, and there was no problem.

It is almost impossible for a small nature state to withstand his death.

His eyes were full of doubts.

And there was something wrong with his expression.

Since this boy can enter, is the other party a God?

But he couldn't think much about it.

This kid has to die.

"Mole ants, dare to despise the majesty of our kingdom of God, when the punishment!"

His words are mixed with spirit attack, and ye Chen's eardrum instantly flows out a silk of blood.

Ye Chen's face is ferocious, but a pair of blood red eyes, but fixedly fixated on the strongman of the kingdom of God.

The arrogance of the strongman of the kingdom of God is in his eyes!

Despise all living things, they seem to be the master, also see in the eye!

His body, constantly pouring out of the war, seems to want to go to war!

The king, marquis and general Xiang Ning have seed!

What about the strong in the kingdom of God? Why do you want to control his destiny!

Ants? The strongman in the kingdom of God is not a little bigger mole ant.

All beings are equal, no one can control his fate!

I Ye Chen, do not believe in life!

The powerful man of the kingdom of God frowned, and his indifferent eyes showed a trace of shock.

A mole ant, even want to contend with him, where in the end the courage?

Of course, he didn't put it in his heart, even if ye Chen had the courage to hand it to him?

In the face of real strength, courage is just a kind of stupidity!

The ice sword immortal in the distance realized the situation and changed his face!

He never expected that the people of the kingdom of God would come so soon!

Ye Chen is in danger!

He wanted to help Ye Chen, but the prohibition in front of him blocked him!

he couldn't move!

damn it!

.....

And at the moment Ye Chen, the expression is dignified.

There is a big gap between him and the man in the kingdom of God!

Even if he has a great intention to fight!

Just at this time, the voice of the reincarnation cemetery was heard: "it's very difficult for you to fight this person now. Activate your blood completely. I will give you some strength."The next second, ye Chen's momentum began to climb!

The clear power of the wind!

"Reincarnation xuanbei, red dust God pulse, open it to me!"

In a flash, ye Chen can feel his own reincarnation pulse beating. The blood in his whole body is boiling, as if to burn.

The breath of red dust God pulse, constantly gushing out from his body!

The evil spirit is mingled with the breath of the red dust God pulse, and the magic gun of the God of heaven is suddenly lifted up.

The gun points to the strongman of the kingdom of God!

In the eyes of the powerful man in the kingdom of God, does an ant dare to challenge him?

I really want to die!

"I give you death today!"

The voice of the powerful man of the kingdom of God dropped, and a finger stretched out, and suddenly fell down!

At the moment of falling, the whole void changed color, and the palaces around the dead city were constantly broken!

The wind is roaring! Thunder is roaring!

"You! I have no right to decide my life or death! "

Sooner or later, ye Chen will control his life in his own hands.

As soon as his voice fell, the power of the red dust God pulse came out continuously, and his figure was like a touch of startling goose, as fast as lightning, to avoid the power of the powerful man of the kingdom of God.

In an instant, he has come to the strong man of the kingdom of God.

The powerful man of the kingdom of God revealed a sneer at his mouth. Just now ye Chen's speed was really amazing to him, but that's all.

He stretched out a fist and saw the shadow of dragon and tiger roaring.

A fist burst out bright golden light, suddenly fell on Ye Chen's abdomen.

Boom!

A fist, ye Chen spits out a mouthful of blood from the mouth of the whole person. He tries to hold back the pain and stabs the God and devil in his hand out!

Gun Crazy surging, stirring the wind and cloud!

A shot condensed into a whirlpool and fell in an instant.

Bang!

Ye Chen's face changed slightly, and even the clothes of the strongmen of the kingdom of God were not punctured!

In the eyes of the strongmen of the kingdom of God, ye Chen's courage is commendable, but his brain is a little stupid.

In his opinion, in the face of the strong, we should bow down and be a servant!

At least you can save your life!

The strongman of the kingdom of God kicked out, and ye Chen's whole figure rolled in the void and fell on the ground.

Boom!

There is a huge pit on the ground. Ye Chen's figure is in the pit, and the breath on his body gradually becomes a little weak.

Cough!

The mouth spits the bleeding water, the leaf Chen body slightly moves, can feel the intense pain, the bone is about to fall apart.

He struggled to stand up, his cheek covered with scars, his eyes full of indomitable look.

It's impossible to make him bow his head!

"If you want to kill him, pass me first!"

Chapter 1996

When Yan Kun comes to Ye Chen, the stone of Shenguo array has been destroyed, and the prohibition of the dead city has lost its effect.

In addition to the forbidden ice sword immortal Zun, Ji Lin, Li Ting and Lengyan all come to Ye Chen!

Ice sword immortal is extremely angry!

See ye Chen scarred body, eyes inside already wet.

If it was not for him, ye Chen would not be in crisis.

The eternal king said it was Ye Chen's chance!

What a chance!

Yan Kun stares at the strongman of the kingdom of God, without any fear in his eyes.

He is a man of heaven and earth, and will not be afraid of any strong man!

Yan Kun's whole figure suddenly rushes past, dares to hurt Ye Chen, must pay the price!

However, when his figure rushed past, the strongman of the kingdom of God only held out a finger and landed on Yan Kun's body.

Pooh!

Yan Kun spits out blood and water, and the whole figure falls on the ground.

His breath gradually became weak, although there was no death, but a blow, he has been seriously injured.

With the passage of time, he had already fallen into the state of Xingqiao.

There's not enough time to fully recover.

Now he, of course, can't be the opponent of the God Kingdom strongman's blood essence!

Ji Lin and Lengyan take out some pills and put them into Ye Chen's mouth.

They didn't make a move. At present, the powerful in the kingdom of God can kill them with one stroke.

The strongman of the kingdom of God is still standing in the void, just like a God, high above!

Whether to Ye Chen or Yan Kun, there is only contempt in the eyes.

However, when his sight fell on the ice sword, he was slightly surprised.

That trapped mole ant actually broke through this realm in endless years?

Is this what we call a blessing in disguise?

Fortunately, the other party is still restrained, otherwise he will be in danger.

.....

Now.

Yan Kun's fall completely aroused Ye Chen's anger!

His eyes are filled with fire, and the blood in his body is burning!

"A group of ants also want to fight against the kingdom of God? It's pathetic and ridiculous! "

The corner of the mouth of the strongman of the kingdom of God shows a trace of irony.

Smile Ye Chen, they are beyond their means!

In front of Ye Chen several people, he is the sky!

It's stupid to fight with heaven.

The strongmen of the kingdom of God once again held out a finger at Ye Chen's figure.

The energy between heaven and earth around him constantly poured into his finger.

The oppressive breath makes Lengyan and Li Ting unable to raise their heads.

In the face of the strongmen of the kingdom of God, they seem extremely small, and even have no ability to resist.

Ye Chen took a hard step, his eyes did not have any color, as if the two countries were at war, only one general was left, facing the thousands of troops, he still rushed with a long gun.

"Don't hurt Ye Chen!"

When ye Chen steps forward, Ji Lin directly rushes over.

The gas from the body of the inborn poison broke out completely.

At this moment, the whole face of Ye Chen turns flustered.

How can Ji Lin resist the strongmen of the kingdom of God!

"Come back!"

The green veins on Ye Chen's body burst out and roared.

Ji Lin looks firm, but does not care!

"Ye Chen, you have always been protecting me. This time I will protect you!"

Every word of Ji Lin is full of firmness. On the surface of her body, the terrifying congenital poison gas is constantly gushing out.

Poison gas pervaded the whole dead city, some dead bones, turned into pus.

On the surface of Ji Lin's body, there is a poisonous dragon and a pair of scarlet eyes, staring at the strongmen of the kingdom of God.

The void trembles!

A vision of heaven and earth!

Endless poison covers the whole world!

Ye Chen quickly rushed to stop everything.

Poop!

The pain from his body was very difficult.

A little difficult to stand up, five fingers clenched into a fist, nail into the flesh and blood, but do not know the pain.

He can't let Ji Lin have anything to do!

The strong man of the kingdom of God saw the poison dragon's face change suddenly: "inborn poison body!"

"There are still congenital poisons in the world! How can it be! "

"If you let this inborn poison grow, the kingdom of God may be in danger!"

"Fortunately, the inborn poison is not completely strong yet!"

"In that case, I will obliterate it."

The God country strong person kills the intention to condense, one finger falls directly, the light on fingertip is great.

The breath of terror swept away and suddenly fell towards the body of Ji Lin.

The light has not yet arrived, but Ji Lin's body is about to bear, and a trace of blood overflows from the corner of his mouth."Ah

Ye Chen issued a roar, some cracks in the hands of the samsara six plate appeared, directly throw out!

Even if the six paths of samsara are destroyed, we should keep Ji Lin's life!

The six paths of samsara appear in front of Ji Lin's body and become bigger in an instant!

The whole samsara six plate cage covered Ji Lin's body, a finger fell down.

Boom!

In the range of Jilin explosion, there is a black fog. Ye Chen rushes in without any hesitation.

He must find Ji Lin, whether he is alive or dead!

Lengyan and Li Ting are shocked by this scene!

A little girl, in order to Ye Chen can pay her life, in this hypocritical world, how many warriors can do this?

They two people, some envy Ji Lin and ye Chen two person's sentiment.

Can pay their own lives for each other!

Ye Chen comes out from the black fog, holding Ji Lin on his arm.

At the moment, Ji Lin has been in a coma. Fortunately, he still has breath on his body. At the critical moment, he reincarnated in the six plates to resist most of the injuries.

Only a small part of the shock, Ji Lin Zhen coma in the past.

Although there were some injuries, they were not fatal.

As for the samsara six plates, it has completely lost its luster, as if it was a scrap of iron.

In Ye Chen's eyes, although the samsara six plates are powerful, they are not as good as Ji Lin's.

"Protect Ji Lin!"

Ye Chen puts Ji Lin in Lengyan's hand, his cheek does not have any expression, but there is a cavity of anger in his heart, burning!

His eyes are scarlet and some monstrous, and his body is full of evil spirit constantly surging from his body.

Each step, a strange lotus suddenly blooms, he stands in the void.

A pair of eyes become arrogant, domineering!

In his right eye, the black magic gas gushed out continuously, and drops of blood fell on the ground.

I don't know when the sky becomes completely dark, and the whole world seems to have no light.

Big dark sky!

It's thousands of miles around. The wind is roaring and the ghosts are crying and howling!

Above the void, the black thunder flickers. He steps out, and the power of heaven and earth constantly pours into Ye Chen's body, as if he is the master of heaven and earth.

Originally, the eyes of Henggu Wubo, the strongman of the kingdom of God, saw Ye Chen's right eye, and his face became completely frightening.

A pair of pupil constriction, the whole body can not help shaking!

His heart is afraid! Shaking!

That's a devil's eye!

"I, for the devil!"

Chapter 1997

"I, for the devil!"

Ye Chen opened his mouth, but it was not his own voice and became another person.

The shadow of his face, however, seems to come from a mask behind his face.

The strongman of the kingdom of God's eyes widened, even subconsciously retreated a few steps, and murmured: "impossible! You can't be alive. As early as the ancient wars, you were dead

In ancient times, the devil emperor was besieged by thousands of powerful men from heaven and even the kingdom of God, and died in tears!

At the beginning, the devil emperor killed many powerful people, and the whole land of Lingwu turned blood red.

If the devil resurrects, it will definitely threaten their kingdom.

In an instant, the killing intention of the strong man in the kingdom of God came out crazily.

He will never allow anyone to threaten the kingdom of God!

The whole figure of the strongman of the kingdom of God directly rushes to Ye Chen, trying to destroy the eyes of the demon emperor.

In the moment that he rushed past, ye Chen's magic gun suddenly raised.

A shot fell in an instant!

This shot pierced a hole in the void!

"I didn't want to do it, because once I did, it meant a long sleep."

"But today, I will break the spirit of the kingdom of God, which is high above you, with the rage of heaven!"

"Who are the ants?"

Boom!

A bullet in the chest of the strongman of the kingdom of God.

At the moment, the devil emperor is attached to Ye Chen's body, just like a God.

Pooh!

A mouthful of blood gushed out of the strongman of the kingdom of God, and the figure kept retreating away from ye Chen.

Ye Chen's one eye eye eye does not have any change, in his back's evil emperor virtual shadow, stretches out a finger!

A finger of cohesion, the whole dead city collapse, into a smash!

The ground shakes and cracks countless holes, which extend to thousands of miles!

The energy of thousands of miles is constantly pouring into one finger.

The strongman of the kingdom of God was ready to escape, but found that his figure had been locked and could not move at all.

Inexhaustible evil Qi, into this finger inside, the breath of terror, so that the radius of the martial arts, feel scared.

What's going on in the universe?

One after another the appearance of heaven and earth vision, let their heart a little bit heavy.

There are even some warriors who decide to leave the territory of heaven and earth. What happened these two days is really evil.

The strongman of the kingdom of God used his whole body's strength, but found that there was no way to break it.

This is not the arrival of the devil, but a shadow in the eyes of the devil!

If the evil emperor comes, the power that erupts out, how terrible in the end, ye Chen already dare not imagine.

"At the beginning of your life, did you ever think that you would become a mole ant one day?"

At this time, ye Chen's voice rings, when his voice falls, the condensed finger suddenly falls.

Boom!

A finger down, the powerful man of the kingdom of God did not even utter a sad cry, and the whole human body turned into nothingness.

This refers to a void in the whole void, and the surrounding space becomes extremely unstable.

The shadow of the evil emperor gradually dissipates, and the evil Qi in Ye Chen's body returns to his body.

"I'm going to sleep for a long time, boy."

"All my strength in the sea of nine you will disappear."

"But I don't regret it."

"By the way, go to Shenhua College as soon as possible. If I'm not wrong, I have one thing on myself in Shenhua Academy. It's one of the keys to reshape my real body. That person's name is..."

The devil emperor's words have not finished, then return to Ye Chen's eyebrow heart completely.

Everything is silent.

At the same time, because of the disappearance of the kingdom of God, the barrier in front of the ice sword was completely broken, and the prohibition in the body turned into nothingness!

Ice sword can move!

Ice sword has a look at Ye Chen, who is constantly falling in the sky. When she steps on it, she hugs Ye Chen directly!

"Apprentice, being a teacher has made you suffer."

"From now on, who dares to move you, even if it is the kingdom of God, I will ask them to pay a painful price!"

At this moment, the eyes of ice sword are filled with endless and cold killing intention!

Half step Taixu's supremacy is released completely!

At this moment, he was reborn!

At this moment, there is no prohibition. Even if the strongman of the kingdom of God comes in person, he has the qualification to shake!

"Let's leave heaven and earth first!"

Ice sword looked around, and no one knew if there was a strong God coming. He could only leave first.

At the time of leaving, what did ice sword think? Mou Zi looked deeply at another ancient temple near the dead city. He looked complicated and murmured: "it's a pity that the old friend was taken away by

the people of the kingdom of God not long ago. Otherwise, if he rescued this great power, ye Chen would be really fearless."

"Perhaps, this is life."

.....

They all came out of the world. Lengyan and Li Ting stopped and said, "master, let's leave first. If ye Chen wakes up, welcome him to xiangxiao!"

Li Ting's injury has been solved, from the heaven and earth to kill the territory inside, still need to return to the clan.

They have been delaying this business for too long.

But this memory is enough.

They believe that the next time they see ye Chen, I'm afraid they can't reach the height of Ye Chen.

Bing Jian nods slightly and takes a look at Yan Kun. He doesn't know how his apprentice fooled the descendants of Qiankun clan into his hands.

With his eyesight, he can naturally see the identity of Yan Kun.

Although Yan Kun's strength is less than one thousandth of Qiankun's strong man, if his internal strength is fully recovered and awakened, it will be a great help for ye Chen to face the kingdom of God in the future!

"Let's go back to wanjiandi palace together!"

When his spirit disappeared from the samsara cemetery, the palace of wanjian emperor was in crisis.

Now, after such a long time, I don't know what the situation is.

It's a pity that ye Chen is still in a coma. In the war against the strongmen of the kingdom of God, the gap is too big, and the loss is extremely terrible.

I'm afraid it will take some time to wake up.

Ice sword sacrifice real artifact flying boat, directly with the comatose Ye Chen and Ji Lin and others!
Toward the palace of wanjian emperor!

After a long time, ye Chen opened his eyes and looked at his ice sword in front of him. He got up quickly:
"master! Where is this? "

Now ye Chen's body is very weak. There is no blood color on his face. It seems that when the wind blows, it will fall.

It will take some time to fully recover to its heyday.

Fortunately, ye Chen has immortal spirit body and demon body, so it is not too difficult to recover.

Ice sword's eyes were surprised: "disciple, I thought it would take you at least three days to wake up. Under such a serious injury and in such a short period of time, I'm afraid that you can't even catch up with the strong star body."

"This time, I owe you."

Chapter 1998

Ye Chen smile: "master, this way, I face many strong enemies to go, how about the kingdom of God?"

All of a sudden, ye Chen thought of something and asked, "by the way, master, why are you trapped in the universe for so long?"

"And why is the prison of the Kingdom written in the dead city?"

At this moment, the ice sword immortal's eyes were full of anger, and it took a long time to recover calm.

He came to the front end of the boat, his hands behind him, looking down at the world. He held out his hand, pointed to the people below and said, "disciple, do you know what the kingdom of God means in the land of Lingwu?"

Ye Chen came to Bingjian xianzun and shook his head: "I only know that the kingdom of God is very powerful. As for what it means, I can't say."

A breath of supremacy broke out from the ice sword, and he said: "Ye Chen, the so-called top forces in Lingwu mainland, such as the mysterious soul hall, the holy dragon family, the dragon family, the hundred immortals palace, and many other races, actually have the shadow of the divine kingdom."

"The divine Kingdom controls the rules of Lingwu land, and even the heaven's chance of Lingwu land is controlled by the people of the kingdom."

"They know everything, they have no doubt, they are the real heaven of Lingwu land!"

Ye Chen is slightly stunned. He finds that the kingdom of God is more powerful than he imagined.

Ice sword sighed and continued: "apprentice, do you know why the Blood Sword sect established by the blood spirit clan originally wanted to make empty moves against Kunlun?"

Ye Chen thought of those words that he heard in the heaven and earth killing domain and seriously said, "because of me?"

Ice sword nodded: "the kingdom of God does not allow all threats to exist."

"And you are the greatest threat to the kingdom of God from its inception to the present."

"Fortunately, your destiny is not subject to the inspection of the heaven, and the powerful in the kingdom of God are not qualified to find out. Otherwise, how could you still have the right to stand?"

"Do you know why those great powers were trapped in the ancient war of kunlunxu? Not death? "

Ye Chen brow a frown: "I don't know."

The ice sword raised his head, gazed at the endless sky, and said faintly: "the most terrible thing in the world is causality."

"The people of the kingdom of God know that the threat comes from Kunlun Xu, but they don't know that the threat is you."

"But those who are trapped have one thing in common. Their cause and effect are you."

"This is a huge net, and you are the center of it."

"The kingdom of God is trapped in those great powers. It wants to find you and kill you through this net."

"I was trapped in the realm of heaven and earth, partly because of your cause and effect, and partly because I heard the conversation of those people."

"It's the kingdom of God."

"I don't deserve to know."

Ye Chen instantly became serious: "master, what did you hear then?"

The hand behind the ice sword immortal Zun suddenly clenched, his eyes fell on Ye Chen's body, word by word: "God ye family."

"Ye Chen, you don't really think that the existence of reincarnation cemetery, which is far beyond the holy soldiers, will come upon you somehow?"

"Your secret is about the whole world."

"Your blood is the greatest threat to the kingdom of God."

"A hundred great powers are trapped, some are trapped in the land of Lingwu, some are trapped in secret places, some are trapped in the kingdom of God, and even there are endless abysses..."

"The rulers of the kingdom of God think that they have trapped your master and controlled the so-called cause and effect, and have strangled the possibility of your growth."

"But they didn't expect that there was such a strange thing as samsara cemetery in the world."

"A hundred great powers and gods are swabbing their bodies and inheriting them against heaven. Who dares to think about it?"

"This is your best chance to fight against the kingdom of God."

"I was the first to be rescued, and that's just the beginning."

"From today on, wanjian emperor palace is your strongest backing!"

"You should remember that you are not only the hope of 100 great powers, but also the strongest backing of you!"

Ye Chen felt heavy for the first time.

"By the way, disciple, I have one thing to tell you."

"Before that, did you meet a man in the kingdom of heaven and earth?"

Ye Chen thought that he had cheated the purple robed man and said his name was ye Lingtian.

The other side seems to be the man of the Kingdom, and his strength is far more than that of the one he is fighting against.

"I did meet him. He was wearing a purple robe."

Ice sword suddenly, continued: "that explains, I feel part of your breath from the other side."

"As for why we mention this matter, it is because there is a great power trapped in the heaven and earth killing domain."

"When I was in the realm of creation, the other side had already sealed the door. Now, his accomplishments should be in the realm of Taixu."

"For ten thousand years, we have hardly communicated with each other, but I know that he has your cause and effect, which should be related to the samsara cemetery like me." Ye Chen's eyes are bright. He really felt the breath of two great powers. Since he rescued the ice sword, he should treat him equally!

Ye Chen just wanted to talk, ice sword then said: "I know what you are thinking, save him even."

"The man in purple took him away."

"He has a strong sense of cause and effect. I'm afraid it will be very important for you in the future. Judging from the eager state of the man in purple robe, he suddenly received some message and took him to the kingdom of God."

"> when the jade pendant was activated, I found that the jade pendant had just left a magic sword on your waist

Ye Chen takes the jade pendant and throws it into the reincarnation cemetery. As expected, he feels that a tombstone is shining.

This indicates that a new energy will soon be activated.

Ice sword patted Ye Chen on the shoulder: "well, there are some things I can't say more. You should understand them slowly."

"When the palace of emperor wanjian has arrived, some accounts should be settled."

.....

Outside the forbidden array of wanjiandi palace, the powerful members of Shenglong family, soul hall and hundred immortals palace gather together.

After such a long time, the palace of wanjian emperor has not been destroyed. They have not had much patience.

The taboo array has been weakened because they have brought hundreds of powerful array mages to display the anti heaven skill.

The effect of the restriction is very weak.

This is the best chance.

This time they decided to launch a general attack to wipe out the palace of wanjian emperor. They didn't want to drag on.

The martial arts of all forces are ready for battle, and even many strong men in the middle and late period of the seal gate come. They will rush into the palace of wanjian emperor as soon as they give an order.

In the main hall of wanjiandi palace, the fire sword God and many strong men in the Imperial Palace are waiting for them.

They had already known about the situation outside. The God of fire sword said, "we must not be able to support the ice sword to come back. In this case, let's fight for it!"

There was no timidity in their eyes.

Should come, still come after all!

Chapter 1999

They have no time to wait any longer. It's a pity that the forces of all sides are pressing forward step by step, otherwise

The fire sword God did not think much about it any more. The younger generation of disciples of wanjian emperor palace were ready to arrange to escape and reserve the last glimmer of hope for the palace.

As for the strong of their older generation, they will live and die together with the palace of wanjian emperor!

The God of fire sword walked out of the hall, and as soon as they looked up, they could see the dark and oppressive warriors.

The air was filled with a sense of desolation and desolation.

Wanjian emperor palace, after all, has come to the last step!

The strong man of the palace of hundred immortals and the hall of soul stepped out one step, looked at the fire sword God, waved his hand, and the warrior behind him directly rushed to kill him.

In an instant, the breath of death spread, and the smell of blood was floating in the air.

The God of fire sword holds a sword and wields it crazily. Killing one more enemy can be regarded as making money!

At the moment, all the strong men in the palace of the emperor of swords have killed red eyes and are not afraid of death one by one.

Sword repair! Go forward bravely without fear of any difficulties!

The killing lasted for an hour, and the strong men in the palace of wanjiandi gradually lost their physical strength.

Although they are strong, they are difficult to beat with both fists and four hands in the face of the strong forces.

The fire sword God's arm is numb. I don't know how many swords he can wield!

Whoosh!

At this time, a startling sword suddenly fell, and the whole ground appeared terrible ice.

The ice extends thousands of miles, as if from the sky.

The fire sword God's eyes which had lost hope gradually became bright.

"Completely remove the forbidden array of wanjiandi palace!"

At this time, the fire sword God said directly!

The breath of this sword is too familiar. Ice sword comes back!

One of the strong men in the palace of wanjian emperor directly chopped the stone of the origin with one sword.

Bang!

The original stone is broken, and the forbidden array of wanjiandi palace is completely removed!

In the distance, the four figures gradually appear. The God of fire sword sees Ye Chen and the ice sword immortal Zun beside him. Tears twinkle in his eyes.

At the critical moment, ice sword immortal finally returns!

And the breath of ice sword immortal is infinitely close to Taixu!

Half step is too empty!

"If you want to destroy the palace of wanjian emperor, you have to see whether I agree with you or not."

"I'm for the ice sword!"

"Today I will be in charge of the palace of wanjian emperor!"

"If you want to move my palace of wanjian emperor, I don't mind fighting with you, the so-called top forces!"

The whole figure of ice sword immortal Zun rushes directly. When he comes to the big forces, the ice sword in his hand is raised in an instant.

The moment the ice sword is lifted up, an extreme sword light suddenly falls down.

Boom!

With a sword, the strong in Xingqiao and fengmenjing will be killed directly!

Turn into dust!

Seeing this scene, everyone in the palace of wanjian emperor is boiling with blood!

Such a force is enough to guard the palace of wanjian emperor!

Help!

The strong of each big force, crazy retreat, ice sword immortal one person stands in the void.

Enough to hold off a thousand men!

The martial arts of all major forces look ugly. The flowing breath of ice sword immortal is too terrible.

They are no match at all!

I can't even resist a sword!

"Go away or die!"

"It's ridiculous to try to win the palace of wanjian emperor in the later stage of sealing the gate."

Ice sword xianzun directly opened his mouth, one sentence decided the life and death of the major forces.

The strong men of the soul hall and the hundred immortals palace looked at each other, and the whole person's face was extremely ugly.

"Withdraw!"

The strength of half step Taixu is no longer what they can resist. In the present wanjiandi palace, there are top strong people returning. It is not so easy for them to move wanjiandi palace.

If we continue to attack the palace of wanjian emperor, we are just looking for death!

The big forces, gray head and gray face, can't help it. The strength of ice sword immortal is there!

A group of them rushed over, not enough ice sword xianzun killed alone!

In the future, it is not so easy to move wanjiandi palace. It is meaningless for them to continue to do it.

However, just as everyone was about to leave, a wall of ice suddenly formed!

Block everyone's way!

A strong man in the Shenglong family who sealed the door for seven layers of heaven didn't look right. He looked at the empty ice sword immortal and said, "what do you mean?"

Ice sword hands behind him, eyes kill the sky: "I wanjian emperor palace foundation was destroyed by you 7788."

"There are countless deaths and injuries."

"Is this the place where you can come and go if you want?" "You can go! All the people on the spot pay their own money to do it! Cut off an arm

Domineering!

No doubt about it!

This is the attitude of ice sword!

From the time he came back, he represented the beginning of the rebellion of the wanjian emperor palace!

Although he is half a step too empty, but endless years, he has learned a move, can fight against Taixu!

I have enough confidence to say this!

As soon as this word comes out, the strong man of the Shenglong family looks pale!

How angry!

He glared at the ice sword: "you don't want to!"

However, the words are still declining, and there is a void crack in front of him!

In the crack, the wind blows! It's snowing!

And then! Killing intention surging!

The seven story sky of the holy dragon family turned into a blood mist on the spot!

Atrocity!

After finishing all this, the ice sword glanced over the crowd: "for three seconds, if you don't waste your accomplishments and cut off one arm, it will become nothing!"

"One."

"Two."

When three did not speak, the field turned into a piece of blood mist, countless arms torn! The cultivation is useless!

Under the shadow of ice sword, they choose to compromise!

This is the real fear!

Behind them, of course, there are those who are too weak!

However, these strong people are not here!

It's thousands of miles. Ice sword is the real respect!

Who can shake it!

Ice sword saw this scene and waved his arm!

The ice wall is completely broken!

All the strong fled!

He was like a voice from nine days: "tell the people behind you."

"You are welcome to challenge me at any time in my wanjian palace."

"However, the king of ice sword only allows the dead to enter the palace of wanjian emperor."

Ice sword immortal half step too empty! Be entitled to be king!

When he became a saint, he would tell Lingwu that the palace of wanjian emperor had risen!

Ye Chen sees this scene, the blood is boiling.

After all, Lingwu is talking about strength.

The return of the king of ice sword is enough to change the pattern.

However, the three top forces are not good at fighting. The war has just begun!

However, this time, the palace of wanjian emperor is no longer passive.

Suddenly, ye Chen feels something and takes out a jade pendant of xuanyuezong.

Suddenly, an urgent voice came from the Jade Pendant:

"younger martial brother, how long has it been? Why don't you come back?"

"Tutor CHEN has been to xuanyuezong for more than ten times, asking when you will come back. Today is the last day for you to enter Shenhua college."

"Shenhua academy has already spoken. If you don't show up today, you will be responsible for the consequences!"

Ye Chen one Zheng, this just remembers once promised Chen Jiu's matter.

Chapter 2000

This time, the killing of heaven and earth has been delayed for a long time.

It's time to sign up.

Anyway, you can be free if you finish your name.

Some things can be dealt with.

What's more, when the demon emperor was sleeping, he explained that there was something to restore his true body in Shenhua Academy.

He had to get it.

Moreover, there is a reincarnation xuanbei in Shenhua college.

He must get it!

Ye Chen no longer thought about it. Looking at the king of ice sword, he arched his hand and said, "master, I have to leave. Before Ji Lin wakes up, please help me take care of him."

"When I finish my registration, I will go back to the palace of wanjian emperor."

The king of ice sword nodded: "well, Shenhua academy has the shadow of the divine Kingdom, but it is not controlled by the divine kingdom. If you go there, you may be closer to that game."

"Go ahead."

"Remember, you can come to wanjiandi palace if you need it!"

"No one dares to touch you with my king of ice sword!"

Ye Chen answered a good word, and his figure dissipated in the palace of wanjian emperor.

.....

Soon, ye Chen came to xuanyuezong.

Chen Jiu is already waiting on the boat.

It's just that I don't look very well.

Obviously, during this period of time, Chen Jiu is under great pressure.

Ye Chen came to Chen Jiu and arched his hand and said, "Tutor CHEN, I'm really sorry. I'm delayed because of some things."

Chen Jiugang wanted to scold, but suddenly he found something. His eyes widened: "you break through the realm of nature This How can it be! "

"And the breath on you..."

For a moment, the shock on Chen Jiu's face turned into joy, and he said excitedly, "well, well

"I didn't wait for nothing!"

"Even if the sky falls down, I will hold it for you! Hahaha "

" I really found treasure this time. "

Ye Chen just ready to leave, the voice of Zi Ning suddenly sounded: "younger martial brother!"

Ye Chen stops and looks at Zi Ning and Meng Xingyun beside him and says, "elder martial sister Zi, senior brother Meng, I'm leaving."

Zining looks at Ye Chen, and her beautiful eyes flash. She doesn't know how to get it. Her head is so hot that she suddenly rushes to Ye Chen and hugs Ye Chen tightly!

This sudden situation makes Ye Chen can't help being stunned. Even though he is now powerful in spirit and blessed by divine blood, he is suddenly embraced by Zi Ning, smelling the woman's body fragrance at the end of his nose, he is faint, and some can't hold it!

Especially in front of the purple Ning body magnificent, the normal man can not calm down.

"Teacher Elder martial sister Ye Chen couldn't help shouting.

Zining this just returned to God, quickly released Ye Chen, full of face, full of blush.

Ye Chen is a little relieved. If he is held down by Zi Ning again, maybe he will lose his temper.

Zining stammered: "you Don't think too much It's just Just to say goodbye to you It doesn't mean anything else

Ye Chen said with a smile: "elder martial sister, take care."

Although he didn't say much, he couldn't help but feel a little hot. Zining's expression like a girl, and the contrast between her extremely mature and fatal figure and her enchanting beauty were enough to make any man crazy.

Ye Chen calmed down his mind and boarded Chen Jiu's boat. The boat trembled and flew to the distance at a very fast speed.

Zining stares at the flying boat disappearing in the sky. In her heart, she doesn't know why. She has a feeling of loss.

.....

On the boat, ye Chen asked Chen Jiu, "Tutor CHEN, do we fly directly to the college?"

Chen Jiu looked at Ye Chen and said, "of course not. No matter how you fly, you can't get to the college. Moreover, even if you are a student of Shenhua college, you can't expose the position of the college to you at will.

We will go to a secret transmission array. I will set the coordinates and transmit it directly

One day later, ye Chen and Chen Jiu came to a secret transmission array. Chen opened the array with a token and set the coordinates. Then, ye Chen and Chen Jiu disappeared completely under the shadow of a flash of light.

Ye Chen's brain was dizzy. When he opened his eyes again, he couldn't help being shocked by the scene in front of him!

First of all, it's big!

Very big!

At this time, ye Chen and Chen Jiu are standing in the sky outside the gate of Shenhua college.

This school gate alone, I'm afraid, is it more than 1000 meters high?

What's more, the whole college is shrouded in a translucent light curtain, which, even in the sky, can't see the end at a glance, covering an area of incomparably vast!

What's more amazing is that even standing outside the college, ye Chen can feel it, no less than the aura concentration of xuanyuezhong's spiritual pulse!

Under the leadership of Chen Jiu, ye Chen entered the Shenhua Academy. As he walked, Chen Jiuyi said to Ye Chen: "In a moment, I will take you to the school affairs office to go through the formal admission procedures. After that, I will assign you dormitories. There are many different courses in Shenhua University, you can choose freely."

Soon, the two came to the school affairs office of Shenhua University. After ye Chen had completed the enrollment procedures, he took the jade Fu assigned to him and went to the dormitory.

Before ye Chen left, Chen Jiu suddenly said to Ye Chen with a smile: "Ye Chen, after you go back to the dormitory, you can go to the canteen first. The delicious food of Shenhua university is no worse than that of the top restaurants in Lingwu mainland. All kinds of spiritual materials and animal meat should be available."

Ye Chen nodded and said with a smile, "thank you very much for reminding me."

On the way, ye Chen saw the teachers and students walking around Shenhua University, and was slightly shocked again. There were not many students in the college. Due to the nature of Shenhua University, there were not many students, and there were less than 50 tutors.

But don't underestimate the 50 mentors.

These tutors, who have the lowest accomplishments, are also the monks who seal the door!

Most of them are in the later period of fengmenjing or at the peak!

There are even tutors in Taixu!

It's not too much, but it's scary.

These dozens of tutors, together, is a huge force!

We can imagine how terrible the teachers of Shenhua university are.

The Shenhua university itself is a powerful existence which is not weaker than or even superior to the top forces.

What's more, the most important thing is that these monks are not ordinary powerful ones!

If you want to be the tutor of Shenhua University, you can't only cultivate yourself, but also have a special field!

That is to say, these blockbusters are real masters in the fields they are proficient in, and even far beyond the peak of ordinary gatekeepers!

This is not something that any big power can do easily!

Perhaps, among the top forces, there are one or two who are outstanding in some aspects.

But! We can imagine how difficult it is to collect so many outstanding and outstanding gatekeepers in different fields!

Only the Shenhua college in Lingwu can have such a large amount of writing.
