Chapter 201

Hearing Ye Chen's icy exclamation, Wu Qiyuan's eyes shrink violently! The heart is like being smashed by people!

As the head of Wu family, he has great power, and he is also a top figure in Jiangnan province!

He was called to kneel down and lead to death by a young man!

This is an insult to him!

Although he knows Ye Chen is very dangerous! But no matter how dangerous it is, you have no right to threaten him!

He didn't believe it. He began to practice from childhood to adulthood. He couldn't beat a little boy!

Wu Qiyuan stepped out and said in a cold voice, "boy, you are so crazy! Your arrogance will kill you! Originally I wanted to give you to Tang Ao. Now I've changed my mind. I'd rather give Tang Ao a corpse!"

"Die!"

With a roar, Wu Qiyuan stepped out and the powerful air wave swept over!

The power of the master exploded!

The table behind him is even more broken!

Countless sawdust flying all over the sky!

This one hand alone is enough to surpass any strong person Ye Chen faces!

Wu Qiyuan jumped for three meters, and then he carried a terrible wave and smashed it hard towards Ye Chen!

"I'm Wu Qiyuan! China Masters list 192! I'd like to know what your arrogant qualifications are

The innumerable strength is like a blade coming towards Ye Chen.

Ye Chen Mou son has unprecedented serious!

He didn't dare to take it lightly!

Although the other side is 192, but perhaps the strength has already exceeded this place!

Once the enemy is underestimated, the consequences will be unimaginable!

Ye chenmeng towards the back, Wu Qiyuan's fist almost rubbed past!

"Bang!"

When Wu Qiyuan fell to the ground, there was a strong vibration on the ground!

Extremely overbearing!

The place where his feet fell actually produced a few cracks like spider web!

Shocking!

"You little beast, I want to see when you hide!"

Wu Qiyuan roared, and the lightness skill body method was surging under his feet, which quickly appeared in front of Ye Chen!

"Bang bang bang!"

One punch after another!

The sound of air explosion is like firecrackers! All the flowers, plants and trees in the whole yard have been cut off by vigor!

Falling leaves, extremely killing!

Ye Chen didn't do anything from the beginning to the end. What he wanted to do was to feel the strength of the top powerful people in Jiangnan province!

Tang Ao is stronger than Wu Qiyuan! He can roughly calculate the strength of Tang Ao from Wu Qiyuan's body!

Of course, it's just a rough figure.

Wu Qiyuan found that ye Chen has been dodging, the key does not know why, he simply can't touch Ye Chen's body!

This feeling made him extremely angry!

"Didn't you go crazy just now! You're fighting back! What are you hiding from? "

Wu Qiyuan said in a deep voice.

Yu Bi, his speed is faster and faster, the fierce fighting style, blocked all the retreat way of Ye Chen!

"Die!"

He slapped Ye Chen's heavenly cover with one hand!

Ye Chen no longer dodges, the true Qi condenses, one punch blows out!

"Bang!"

The two forces collided together in an instant! A wave of devastation spread in all directions!

"Click!"

The two walls of Wu's courtyard were knocked down by the air wave!

At the same time, ye Chen and Wu Qiyuan even retreated towards the back.

Wu Qiyuan stepped back six steps!

Ye Chen retreated three steps!

This scene shook the hearts of all the Wu family members present!

Who would have thought that there was a young man in Jiangnan province who could be as good as the owner of his family!

This is the motherhood began to practice it!

Wu Qiyuan's right hand trembled slightly, and he could feel the damage caused to him by the force of the shock just now.

The fanaticism in his eyes disappeared, instead, he became extremely serious!

Only a few moves, he found that ye Chen's speed and strength are above himself!

If you want to win Ye Chen, it is not easy.

At this time, a Wu family disciple thought of something. He grabbed a long knife in the hall and threw it out!

"Master, the strongest skill of Wu family is knife skill!"

"Good!"

Wu Qiyuan catches the long knife from the air and firmly holds it. The extremely strong killing opportunity spreads in all directions!

Momentum has more than doubled!

Those who are strong in the Wu family have shown their joy of victory when they see this scene!

Fight fist, Wu family is not the strongest!

But a knife fight! Who dares to disobey the whole Jiangnan province!

They look at Ye Chen's eyes and eyes become sympathetic.

It is estimated that before long, the boy's hands and feet will be cut off, even if he has a head! Wu Xinlan's palms are full of sweat. She wants to rush out to stop her, but she is held down by a strong man of Wu family.

"Miss, don't be impulsive! The master must kill this son! "

Wu Xinlan bit her lips and didn't know what to say.

At the moment, Wu Xiangming on the ground tried to support himself. The pain in his waist made his whole body twitch. He looked at Ye Chen and cried out with all his strength: "Mr. Ye, be careful of Wu Qiyuan's knife. His Sabre spirit can kill people!"

Before the words fall completely, Wu Qiyuan moves!

The long knife directly tears the air. The huge hissing makes people tremble!

Soon, the shadow of the sword was cut towards Ye Chen's shoulder!

Once it falls, the consequences are unimaginable!

Ye Chen did not dodge in the slightest, instead, a lunge rushed past! Turn your right hand, brush the shadow of the knife, and buckle it directly on Wu Qiyuan's wrist!

He just wanted to do it, suddenly, another cold killing intention swept over his back!

A master appeared behind him!

It's all about killing!

This Wu family is really mean!

"Mr. Ye, be careful!"

Seeing the sudden figure, Wu Xiangming changed his face and almost growled!

He regretted that he could not help at all as a subordinate of Ye Chen!

Ye Chen knows that there is no way to retreat. After some consideration, he can only use his five fingers as a sharp blade through Wu Qiyuan's wrist!

In an instant, the blood shoots out!

At the same time, the strong man behind him clapped on Ye Chen's back!

Ye Chen's blood gas surges up, retreats at the same time, a smear of knife shadow across his chest!

The dragon will swim! Although he avoided the fatal blow, his clothes had been torn!

Even a bloodstain appeared on the chest!

Ye Chen retreated to the corner, trembling, inside the white T-shirt has been a trace of blood dyed red part.

The blood is dripping on the ground.

In a mess!

At the moment can only use this word to describe Ye Chen!

This is also the first time ye Chen came out of Kunlun and bled for the first time!

The key is that he didn't expect that the owner of the Wu family would still keep a hand secretly. Moreover, the strength of that person is stronger than that of Wu Qiyuan!

His eyes were fixed on the old man who suddenly appeared.

Cold eyes, murderous gas boiling.

Wu Qiyuan also looked at the old man beside him in surprise and said, "Dad, you are not in the closed door. I will deal with this son!"

The old man waved his sleeve and snorted: "hum! If I don't come, you must be the ghost of this son! "

The whole Wu family was silent as soon as he said this!

A silly Leng in place!

The old man asserted that Wu Qiyuan was not ye Chen's opponent!

The key old man also used the most despicable means to plot against Ye Chen!

The old man took a deep look at Ye Chen and said in a cold voice, "boy, I admit that your strength is very strong, but it's not good to make trouble in my Wu family."

"I'll give you a chance. As long as you kneel down to the three corpses, kowtow three heads, and then abandon your cultivation, my Wu family is willing to let you go!"

The voice of the old man is very cold!

Ye Chen smile, he licked the blood of the corner of his mouth.

The blood evil spirit on the body is more and more intense, he strides out step by step, that cold eye son is like the death god from hell.

"Go away!" Ye Chen only spits out a word, and then, let all the unexpected things happen! The old man ran at him!

At the same time, a simple broken sword appeared in my hand!

Cut dragon sword!

Chapter 202

This sword was obtained by Ye Chen from Lu Hanshuang.

It's also the only spirit sword Ye Chen can see!

Even if it is a broken sword, its power is still amazing! There is a trace of aura around!

Ye Chen didn't intend to use the dragon sword against Wu Qiyuan from the beginning.

But Wu family this kind of under three abusive means let him angry!

Today, he will sacrifice the dragon sword with the blood of Wu family!

The old man didn't expect such a disadvantageous situation. The boy dare to fight!

He snorted coldly and clenched his fingers. The long knife on the ground directly sucked into his palm.

He held it hard!

"Heaven has a way, you don't go, hell has no door, you want to come. In this case, I will use your life to give the three Wu family a justice!"

As soon as the old man shook his long sword, his crisp weapon sounded. He waved it in front of him, and his Sabre Qi overflowed!

It's terrible!

The old man glanced at Ye Chen, and cut the long knife in his hand directly!

A light radian leaped into the sky, and the fierce Sabre Qi chopped towards the figure!

"A broken sword is still a weapon! Ridiculous

The next second, a terrible momentum rushed over!

The old man's smile completely solidified!

Because, he felt a sword like destroying the heaven and the earth. It was like the tide.

This kind of feeling actually let the heart produce a trace of fear.

He didn't care about anything, and directly blocked it with his long knife in his hand!

"Sonorous!" One sound!

The knife in the old man's hand broke into pieces!

The broken sword in Ye Chen's hand, tearing the air, with the sword meaning of destroying the withered and decaying, splits down horizontally!

At this moment, the old man's back was wet through!

A sense of death is spreading.

The old man didn't care about everything, and he retreated directly behind him!

"Tear

It's too late!

The sword spirit of the broken sword tore his chest clothes. Not only that, but also left a deep bloodstain!

and ye Chen as like as two peas!

Even heavier!

The old man stepped back more than ten steps to stop, and even nearly fell to the ground.

Wu Qiyuan wanted to help him and was pushed away by the old man.

The old man stabilized his figure, his eyes staring at the young man not far away.

But the young man's eyes let him feel a trace of blood.

What kind of look is that?

Cool, cold.

There's not a trace of human emotion.

It's just like the ancient god.

A moment ago, in the battle between Ye Chen and Wu Qiyuan, he found that although Ye Chen's strength was terrible, his power of fists should not be able to compete with himself.

But as soon as the sword was put out, the boy's power was enhanced to the extreme!

I thought that the head-on confrontation, their own strength is enough to crush!

But I didn't expect to fight head-on, and the other side's sword intention completely crushed himself!

What's the origin of this boy? Just one year after he was closed to the outside world, this kind of monster was born in Jiangnan province?

His eyes suddenly fell on the broken sword in Ye Chen's hands, and a trace of aura and evil spirit twined around the broken sword.

"This This is the spirit sword He almost exclaimed.

He finally understood why his long knife was broken! Why can't we defeat ourselves! What is the qualification to meet with the spirit sword of this level!

The old man's eyes with a trace of blazing heat, obviously think it is the spirit sword that makes Ye Chen's strength rise to this point.

If he gets this sword, his strength will certainly increase!

At this time, Wu Qiyuan on one side also said: "Dad, this son has many secrets, he has the source of pills! If you take this son, the Wu family will surely go to the top! "

Wu Qiyuan even handed out a pill to the old man.

The old man glanced at it, and his pupils contracted instantly. It was a fresh pill. Looking at Ye Chen again, he saw nothing but fanaticism!

Only Wu family is entitled to this secret!

The old man didn't care about the wound on his body. With five fingers grasping, a long knife appeared in his hand. He said to Ye Chen, "I'll take all the pills and spirit swords on your body!"

The next second, the old man's knee bent, suddenly released, like a tiger general toward Ye Chen!

"Do you dare to spy on my Ye Chen's things? In that case, I'll take your life! "

Ye Chen's eyebrows are very calm.

His finger tip, even lingering light air flow.

The air current is attached to the broken sword, and there is a shadow!

The eyes are cold.

He just cut the sword just now! I want to try the power of this dragon sword.

His strongest is not fist and strength! His real strength lies in his sword sense!

The sword meaning of Kunlun Xu Zhong!

In the blink of an eye, the old man has appeared in front of Ye Chen. The long knife in his hand falls rapidly, leaving a dead arc in the air!

This knife is so fast that even the strong master can't avoid it!

The old man's mouth cracked a smile: "little thing, you can't provoke any Wudao family in Jiangnan province! I'll take your hands! "

At this time, the old man suddenly found something, he noticed Ye Chen, but the other side did not have the slightest fear, but showed a smile!

That smile, like the devil from hell!

With blood, it makes people feel cold to the extreme!

"You shouldn't have offended me, really not."

Finish speaking.

Suddenly, ye Chen moved!

At the same time, the dragon sword in his hands burst out to the extreme!

There was a flame between them!

Yes, the flame!

At this moment, not only the old man was confused, but all the people present were confused!

They are ancient warriors. They have never seen such means!

What's the origin of this boy!

The flame of the broken sword burns the sky.

What's the difference between Ye Chen at the moment and the God coming down to earth!

At this moment, all of us feel that our hearts are burning endlessly with a flame!

They can't even breathe!

Wu Qiyuan bit his lips, trying to determine whether it was a dream, but the blood gushing out of his mouth told him that it was not a dream!

All this is true!

Everyone's eyes are filled with unspeakable fear! This fear is eating them all over!

The old man sensed something wrong and subconsciously wanted to run, but it was too late! He can only roar: "Wu family all listen to orders, kill this son with all one's strength!"

He has no choice! There's no chance of winning against the boy with the help of magic sword!

More is better than less!

Wu Qiyuan and many experts of Wu family react to it and quickly plunder to Ye Chen, aiming to kill the whole Wu family!

But they are not close to Ye Chen, ye Chen's hand has condensed a sword meaning, the sword idea seems to split a flame! With the power of Ling lie and the sky, to the old man!

"I have a sword to cut your head off!"

Suddenly, a startling roar came out of Ye Chen's mouth.

Locked in the old, as if to dodge.

He felt a cold neck, subconsciously put out his hand to cover, death like fireworks.

Blood spray!

Chapter 203

"PATA!"

The old man's head fell directly on the ground, his pupils were ferocious, and his blood gradually stained the whole earth!

At this moment, those strong Wu family stopped.

They stare at the old man's head and headless body on the ground, and their breathing stops!

The heart seems to burst!

Master Wu is dead! The most terrible existence of Wu family is dead!

In Jiangnan Province, there are so many myths about Wu Laozi that he died in the hands of a young man!

Sleeping trough!

Wu Qiyuan saw this scene, but also subconsciously stepped back!

His eyes shrink, and then look at Ye Chen, only frightened and afraid!

The youth in front of me, as if standing high in the clouds, overlooking everything, is not at the same level as their Wu family!

He had some regrets in his heart!

Never should, never should, is to offend the boy in front of you!

This person can destroy their Wu family by waving his hand!

Wu Qiyuan suddenly looked at Wu Xiangming, and everything suddenly came to him!

Why Wu Xiangming is willing to betray the Wu family and kill a strong man of Qin family is because of the youth behind him!

Wu Xiangming has been giving Wu family a chance!

If at the beginning with this layer of relationship, the Wu family successfully stood in the line, no doubt on a huge ship ah!

Who could have thought that a broad road of Wu's family would be buried in his own hands like this!

At this moment, Wu Qiyuan had a strong sense of regret in his heart.

The five flavors are mixed.

At present, even his father can't defeat this boy!

What can he do!

Kill Ye Chen? What did he kill with! Dream!

In the distance, Wu Xin Lan's beautiful eyes were startled. She covered her mouth with her hand and tried not to let her cry out!

But she couldn't help it!

Her legs were soft and her body was all wet. It was a fear of death!

She knew this would happen. Why didn't they listen!

All eyes were fixed on the young man!

Because this young man will decide the life and death of Wu family!

Ye Chen takes back the dragon sword and carries his hands behind him. A strong breath covers the whole Wu family!

"Everybody in Wu family, get down on your knees!"

His voice turned into thunder and concussion, hitting the hearts and minds of Wu family.

"Plop!"

Ye Chen around those black strong all kneel down!

What choice can they have!

What kind of fight do they take!

Wu Xinlan's legs softened and her face was pale. She also knelt down.

There is only one Wu Qiyuan left on the field!

The knee of the owner of Wu family represents the final dignity of Wu family!

As soon as he kneels down, he represents Wu's official clothes!

"If I ask you to kneel, do you dare to kneel?" Ye Chen's indifferent voice rings out!

A little bit of pressure to cover!

I can't help spitting out blood!

Then the knee hit the ground hard!

Kneel down, too!

If he runs away, he may have a chance of survival.

But seeing the old man beheaded, his deepest defense line has collapsed!

Now this scene is extremely frightening.

Wu family was once regarded as the top martial arts family in Jiangnan province. Even though it declined, it was not the existence that ordinary people could contend with!

But at the moment, all of them knelt down in front of a young man!

Incomparable submission!

This is the jungle of Chinese martial arts!

The rule of existence anywhere!

Weak, no one pity!

And the strong, all surrender!

"Mr. Ye, we know that we are wrong. Please spare our lives!"

Those strong people of Wu family kowtow in order to survive!

At this moment, they don't want any dignity! Just survive!

"Noisy!"

Ye Chen shot out a few wind blades in his hands, and the sharp blades directly penetrated the neck of those people!

They didn't even have the right to struggle. They fell into a pool of blood directly!

Wu Qiyuan's eyes shrunk. He didn't expect this son to kill so much without blinking an eye!

Does he really want to destroy the whole Wu family!

Ye Chen walks towards Wu Qiyuan step by step. When he comes to Wu Qiyuan, his steps stop.

"I once gave you a chance, but you didn't cherish it."

"You shouldn't touch Wu Xiang Ming, let alone annoy me."

Wu Qiyuan is very clear, according to the young people's decisive killing, he will not survive!

He's not going to beg for mercy!

He raised his head and looked at Ye Chen with cold eyes and said, "Ye Chen, what if you killed me! If you offend Tang Ao, you will still die! ""Although Tang Ao has 189 masters in China, this is the data of several years ago. As far as I know, he got a chance two years ago! The strength is soaring! Far from that you can resist! Although you are very strong, but angry Tang Ao, you must not live three days! Ha ha

"You talk too much!"

Ye Chen stretched out his hand and directly clasped Wu Qiyuan's neck. As soon as he wanted to start, a beautiful shadow came over and knelt down directly in front of Ye Chen.

"Mr. Ye, please spare my father's life! I'm willing to be a cow and a horse for you

It's Wu Xinlan!

Wu Xinlan has a good figure, with an angel like face, and some stars do not give way, the key to each other has a trace of martial spirit.

"To be a cow or a horse?" Ye Chen light way.

"Yes, as long as Mr. Ye is willing to let go of my father, I am willing to serve Mr. Ye all my life." Wu Xinlan bit her teeth.

She had no choice.

She had enough confidence in her figure and appearance, hoping to save her father's life.

Ye Chen glanced at Wu Xinlan and was extremely indifferent: "let go of Wu Qiyuan? No way

"Click!"

Wu Qiyuan's neck was broken directly! Life is gone!

Absolutely dead!

This is Ye Chen's principle. Even if the emperor Laozi comes, he can't let Wu Qiyuan go!

Wu Xinlan saw her father's accident and sighed helplessly, but she didn't have much sorrow.

All this is her father's fault. Although she hopes to save her father, it is obvious that ye Chen is not her person. How can she listen to her opinions!

Who will let go his enemy!

Glancing at the body of Wu family, ye Chen's sight falls on Wu Xin Lan's body.

It's cold, it's eroding.

As long as he thought, the girl must die!

He doesn't kill women, but he doesn't raise an enemy!

Chapter 204

At this time, Wu Xiang Mingsheng was afraid that even the innocent Wu Xinlan would suffer, so he quickly pleaded and said:

"Mr. Ye, Miss Ye is different from those Wu family members. When I had an accident, Miss ye had been talking for me, and Miss Wu Qiyuan had been preventing Wu Qiyuan from dealing with Mr. Ye, and his subordinates implored Mr. Ye to let her die..."

Indeed, Wu Xinlan has been doing this, but her power is too small, Wu Qiyuan simply does not listen.

"You give me a reason not to kill you." Ye Chen light way.

Wu Xinlan's beautiful eyes turned. Naturally, she wanted to live. She thought for a few seconds. She said decisively:

"first, my strength is not enough to kill you, and I will never kill you.

Secondly, Wu family is my only force. Without Wu family, I am nothing.

Third, although the Wu family has a general relationship with other families in Jiangnan Province, as far as I know, there is still an umbrella in the capital. If I live, I can guarantee that you will not be threatened by the umbrella of Wu family or even the capital. "

Ye Chen Mou son tiny MI, the hand agglomerates a drop of blood essence: "you can accept this blood essence, only in this way, I can let you go."

Wu Xinlan looked at the drop of blood essence, bit her teeth and said, "yes!"

The next second, blood essence shot into her eyebrow.

Later, ye Chen no longer cared about Wu Xinlan, but walked toward Wu Xiangming, who was seriously injured.

When he came to Wu Xiangming, he looked at the wounded body. Ye Chen sighed. Wu Xiangming's bones were broken and his face was swollen and twisted. He was beaten alive.

It's a waste man.

"Thank you for taking revenge on your subordinates, but you may not be able to serve you any more."

Wu Xiang Ming's eyes show a trace of determination and pain.

"I'm a disabled man. Let my subordinates live and die."

Ye Chen condensed a genuine Qi in his hands and pointed out that he was on top of Wu Xiangming's body!

Then a warm current slowly penetrated into wuxiangming's four limbs.

"With me, ye Chen, you can't be a waste man! Within three days, you will recover! "

Wu Xiangming felt the warm current, and found that his injuries had been reduced by a lot.

His eyes are wide, don't know what ye Chen is doing now!

Not long, ye Chen stood up and said to Wu Xinlan, "prepare paper and pen for me."

"Yes, Mr. Ye..."

Wu Xinlan quickly went to the room to get some paper and pens. Then ye Chen wrote down a prescription and told Wu Xinlan: "you should go to the best Chinese medicine store in Jiangnan province to get the medicine according to the prescription, and decoct wuxiangming three times a day. Because wuxiangming can't move, he can only stay here. You are responsible for the next few days!"

"Master Wu used to practice with me, and he was half a master of Xinlan. Xinlan naturally tried his best."

Wu Xinlan hesitated for a few seconds and then said, "Mr. Ye, don't you really need to send Mr. Wu to the hospital? The equipment in the hospital may be better. My Wu family just knows a miracle doctor..."

Words have not finished, ye Chen a wave of sleeves, no doubt the language airway: "in front of me, no one is qualified to be called a miracle doctor."

Ye Chen explained a few words to Wu Xiangming and left.

He believed that Wu Xinlan would deal with the follow-up affairs of Wu family.

But Wu's family was destroyed by him. It is estimated that some people in Jiangnan province will not be able to sleep today.

.....

The SUV just came back to Yiye villa in the distance.

He took a look, and soon the window opened, Yingqing appeared in his sight.

"Mr. Ye."

Ye Chen nodded, guessing that it should be Zhong Weishan that side of the result, then opened the door, came inside.

The space inside is spacious, similar to a mobile workstation, two computers are running.

And Lei Shuwei is among them.

Ye Chen sat down and said, "has Zhong Weishan simulated the portrait?"

Lei Shuwei nodded and handed over a photo in his hand.

"According to Zhong Weishan's memory, the person in this photo should be 90% similar to the mysterious man who appeared in the Yunhu villa case."

Ye Chen took the photo and glanced at it. There was something wrong with his face.

In the last portrait, he couldn't find much.

But when he saw this three-dimensional composite photo, he found that the mysterious man was somewhat like his mother.

It's just that their temperament is quite different.

One is gentle and the other is indifferent.

This man's eyes with incomparable arrogance and bullying, as if no one can enter his eyes.

Lei Shuwei naturally saw Ye Chen's reaction. He explained: "some experts in the Academy of Sciences of Dragon Spirit think that this person and your mother should be related by blood.

In addition, we also found this person's information through the database comparison of dragon spirit. "Ye Chen was stunned, his eyes shot out like a sword, and said solemnly, "what's his name? Where is he! I want to see this man at once

Lei Shuwei shook his head, but there was some helplessness on his face: "only one information can be found in the database of dragon soul, that is his name Jiang Jianfeng!"

"The rest of the information is blank, and I checked this person through the dark net and other channels, without any substantive information."

"This person's information should be completely protected."

Ye Chen read the name in his mouth and frowned more and more.

"Jiang Jianfeng My mother's name is Jiang Peirong. Her surname is Jiang, and she is so similar. It seems that there is really something to do with it. "

In Ye Chen's impression, his mother is gentle and generous, her personality is almost perfect, and she has always been in love with her father.

But there is one thing, since he was a child, he has been a thorn in his heart.

That is, he had no grandparents and never met his mother's friends or relatives.

When he was a child, he asked his mother, who always said with a smile that she was born in a small village far away from home.

The topic is always shifted by the father at this time.

It's like parents don't want to touch the sad past.

He also noticed countless times that his mother would be staring at the sky in a daze, tears in the corners of her eyes.

It's painful and painful.

And now, ye Chen found that he was following the case of the Yunhu villa, layer by layer to remove the white fog.

And caught a big net! Under the big net, is the dust laden past for many years!

These years of confusion, all in one!

Why did the unknown Dragon Master in the capital destroy the Ye family in Yunhu villa!

Why were the parents' bodies taken away!

Who is this man named Jiang Jianfeng!

Where is the north where mother's eyes reach!

What happened to my parents!

At the moment, there is a evil spirit all over the body of Ye Chen, because the anger against Wu family has not disappeared just now, which is more powerful.

In an instant, the atmosphere inside the car changed.

Lei Shuwei and Yingqing tried their best to resist this momentum, but it was no use at all!

To them, it is like a pair of big hands mercilessly holding their throat. As long as ye Chen thinks, they will die!

Chapter 205

"Mr. Ye..."

Yingqing couldn't help saying.

If it goes on like this, he and the chief will have an accident.

Ye Chen this just relaxed God, hastily astringed the momentum on the body.

"I was a little distracted just now." Ye Chen explains.

Then he thought of something. He looked at Lei Shuwei and asked, "what is the specific situation of Jiang Jianfeng's information being completely protected?"

"Mr. Hua Xia, there are only two ways that information can be completely protected.

First, this person's identity is extremely special for Huaxia, and Mr. Ye's information is also completely protected.

Second, he came from a special martial arts family in China. "

Ye Chen nods, he speculates that it should be the latter.

At the moment, he still has a few doubts in his heart. Since Jiang Jianfeng comes from the Wudao family, why does his mother have no martial arts foundation?

At that time, you didn't even have the qualification to protect your life?

Moreover, at present, the family behind the mother should not be weak.

And the other party obviously knows about the Cloud Lake Villa!

Now that you know, why don't you do it at the time of the tragedy?

You're going to take your parents' bodies for a ride?

"In fact, there is another message. I don't know whether to tell Mr. Ye..." Lei Shuwei hesitated.

Ye Chen raises a head, Mou son shoots out a cold light: "say!"

Lei Shuwei clenched his teeth and said, "the ninth master of China is also called Jiang Jianfeng."

"Bang!"

Hearing this sound, ye Chen's heart seems to be hit by a heavy hammer!

No. 9 in the list of Chinese masters!

What's the concept!

It's almost the top strong in China!

This period of time, ye Chen killed some of the strong, he is sure to be able to enter the top 200!

The real strength may be around 150!

However, if he is allowed to face the existence of the ninth place in the list of Chinese masters, he is very clear that there is no doubt that he will be defeated.

But he has the existence of reincarnation cemetery!

Now the second tombstone can be activated!

Even the third one has already had a slight reaction!

When he stepped on the capital and faced Jiang Jianfeng, what did he count!

Even if it is the first person on the list of Chinese masters standing in front of him, he Ye Chen is not afraid at all!

Behind those strong men, there may be a top martial arts family in China!

Hundreds of the strong!

And he Ye Chen, but standing behind a hundred ancient great powers!

Crush all living beings!

Ye Chen suddenly burst out a strong self-confidence, looked at Lei Shuwei and Ying Qing, and ordered: "if you find any news about Jiang Jianfeng, you must tell me at the first time."

"Good, Mr. Ye!"

"Is there anything else?" Ye Chen asked.

At this time, Ying Qing opened his mouth: "Mr. Ye, there is one more thing. Do you remember the people who were killed in Jiangcheng at that time?"

Ye Chen thought about it and nodded: "remember. Why, these people don't give up and come to China to look for me? "

Ying Qing shook his head: "during this period of time, news came from the island side that the Wu Emperor society might take action against China in the near future. I doubt that these people will do harm to Mr. Ye."

Ye Chen sneered, the voice is incomparably indifferent.

Open the car door directly, light way: "if this Wu Huang society dare to step into China, I will let them feel what is fear!"

Finish saying, the door closes, leaving only Lei Shuwei and Ying Qing breathing sound.

.....

At the same time, the martial arts association of Jiangnan province.

Tang Ao stayed up all night.

Originally this year is a happy day, his 60th birthday is also in the near future.

As a result, who could have thought that during this period of time, I don't know why, the situation in Jiangnan province has become like this!

Even his precious son is dead!

The key is to find people in the whole city, but we can't find the murderer!!

In fact, some people found that the back is Ye Chen, after all, he has been outside, but those people just wanted to tell the superior, they were killed by the strong men in the dark hall behind them.

Although Ye Chen said that he didn't need the protection of the dark palace, the king of Nanjiang, ye Lingtian, had been quietly wiping his ass for ye Chen.

This is also a subordinate should do.

It is because of the dark hall, Tang Ao all day, no good news!

He's almost crazy!

"Pa!"

Tang Ao clapped his palm on the table, and even more scolded the people of the martial arts association: "are you all fuckin 'rubbish! Search the whole Jiangnan province to find a few boys with similar figure!

I want a killer! Not these things

The people under the stage were livid, and no one dared to speak. Tang Ao suppressed his anger and continued: "I'll give you three more days. If you can't find it again, everyone will get out of the martial arts association of Jiangnan province."

Hearing this, everyone took a breath!

Tang Ao's outrage was ultimately borne by them.

At this time, a vice president concerned: "don't be angry, president Tang. In a few days is your 60th birthday. We will give you an account before this."

Tang Ao was even more angry: "don't mention anything about the 60th birthday of Laozi. My son is gone, even his head is not found! Life fart! I can't live my 60th birthday this year! "

When the words fell, an old man stood up and said, "president Tang, you can't make it. Haven't you noticed that it hasn't been going well recently? The Wudao Association of Jiangnan province has been in trouble. First, Yuan Jingfu, then several other vice presidents have disappeared, and then there has been an accident with a good nephew. President Tang didn't find that his hands were pushing everything forward... "

Hearing this God's nagging words, Tang Ao eased up a bit, took a serious look at the old man and asked, "what do you want to explain?"

The old man said solemnly: "president Tang, this year is the year of Benming. Everything must go wrong in this year. The only way to break through this evil situation is to have a rush of joy, and the most suitable way now is undoubtedly the 60th birthday!"

The ancient warriors themselves believed in this metaphysical thing.

Heard the old man's words, Tang Ao nodded, so calculate, his fortune really need to change.

If it goes on like this, he can't bear it!

He hesitated for a few seconds, and then said, "listen to Ren Lao. You can do it according to your birthday. If you don't break this evil situation, you will be in trouble."

All of a sudden, a martial arts association staff rushed in, holding a box in his hand.

"President Tang, just now a man sent this box in, saying that he must give it to you, and that he wished you 60 years in advance."

Tang Ao Mou son a congealed, swept that box, quite exquisite, he nodded, way: "put it down."

Every year on his birthday, some people will send various things in order to keep up with him.

I didn't expect that this year, some ants moved so quickly.

That staff just want to put down the box, Tang Ao nose tip slightly a smell, unexpectedly smelled a trace of special smell.

He changed his mind and ordered, "bring it here!"

"Yes The staff carefully put the box on the table in front of Tang Ao.

Tang Ao stretched out his hand and opened it directly with a trace of curiosity!

The next second, everyone's eyes filled with panic!

Breath's stopped!

That staff member is to sit on the ground one buttock, whole body is wet!

And Tang Ao is more miserable! He was so bloody that he spat out a mouthful of blood on the spot!

Pale to the extreme!

Only because the so-called gift is his son's head!

Extremely ferocious head!

Chapter 206

Tang Ao actually noticed that the gift was not right at the beginning!

But I didn't think anyone would dare to send his son's head to the Wudao Association of Jiangnan province!

The key is the birthday of your 60th birthday!

Threat!

A naked threat!

This is to make him unable to live his 60th birthday!

"Poof!"

Think of here, Tang Ao spit out a mouthful of blood again!

Although he is very strong! The chairman of Wudao Association in Jiangnan!

But no one has ever dared to threaten him like this!

"President!"

"President!"

Those people from the martial arts association of Jiangnan province rushed to help Tang Ao, only to be pushed away by Tang Ao!

"Pa!"

Tang aoqiang endure the pain of the body, a blow on a wall! This is the only way he can vent his anger at present!

"Bang!"

A load-bearing wall, even directly interrupted by Tang Ao! Countless bricks and stones fly out!

The smoke and dust billow in the whole conference room!

The next second, Tang Ao seized the gift to send in the staff, is his body hanging in the air!

"Tell me, who sent this thing and where he went!"

The staff member was so scared that he could hardly speak. He pointed to the outside and said in a trembling voice, "he He's wearing sunglasses To changbang road. "

"Bang!" The staff were thrown out directly, smashed on the wall, and spit out a mouthful of red blood.

Almost dead!

At the same time, the meeting room a gust of wind, Tang Ao directly rushed out, with his towering anger!

Half an hour later, Tang Ao came back with a black face, his eyes full of blood.

It's absolutely terrifying.

Tang Ao took a deep breath, looked at the crowd and said, "it seems that the boy is declaring war on me! Good! Good! I want to see who laughs last

Just then, the telephone on the desk rang.

This phone call usually rings only when something big happens in Jiangnan province.

Tang Ao Mou son some hesitation!

Not even the thought of reaching out.

He is really afraid. There are too many things happening in Jiangnan province these days!

He didn't have the courage to answer the call!

The key is that so many things have happened around him. He can't find the focus at all!

It's like a punch on a ball of cotton!

Sometimes he even thought, when did the weather change in Jiangnan province begin?

After a few seconds of hesitation, he picked up the phone.

"I'm Tang Ao. What can I do for you?"

Soon, Tang Ao's face changed, and her eyes were covered with a trace of cold.

His lips trembled slightly, facing the humanity of the martial arts association of Jiangnan Province: "Wu family in Jiangnan province has been destroyed."

One second.

Two seconds.

The meeting room, quiet and terrible.

There's no breath.

Everyone's eyes widened, just like sculpture, stupidly standing in place!

Hiss

When the reaction came over, everyone took a cold breath!

Wu's family was killed!

Sleeping trough!

This was the top family in Jiangnan province!

Although these years of decline, but there are Wu Qiyuan and Mr. Wu in, who dares to destroy Wu family!

Even if ten thousand people didn't believe it, it happened.

The key point is that it's weird.

Yesterday, the son of Tang Ao was beheaded.

Today, Wu family in Jiangnan province was destroyed!

Will the weather change in Jiangnan province?

Tang Ao glanced at the people and said: "if I didn't guess, the person who killed Wu family should be the same as the one who killed my son. He almost ignored the rules of Jiangnan province and almost challenged the martial arts circles in Jiangnan province."

"From now on, all families and forces in Jiangnan province are on emergency alert! Search all over the city for the man in the back

"What's more, we don't know his name at present. Let's call it hunter!"

"From today on, the martial arts and Taoism circles in Jiangnan province are enemies to hunters!"

"I want to see who hunts whom

The last few words were almost roared by Tang Ao.

.....

Mingcui villa.

Ye Chen just lies on the sofa, the telephone then called.

He is Ma Weiqi of the martial arts association of Jiangnan province.

Ye Chen mouth outlines a smile, light way: "Tang Ao received something?"

Ma Weiqi's mouth slightly twitched, nodded: "received, he also vomited two mouthfuls of old blood on the spot, this is the first time I have known Tang Ao for so many years, so embarrassed." "However, Mr. Ye, you should be prepared. Because he can't find you, Tang Ao is more and more angry. He even gives you a code name called hunter. He even threatened that martial arts and Taoism in Jiangnan province are enemies of hunters Things are really getting bigger and bigger. Do you want Mr. Ye to stop... "

"The hunter? It's kind of interesting. "

Ye Chen was in a good mood and said, "is Tang Ao's birthday party still held?"

Ma Weiqi nodded: "it should be held, Mr. Ye, do you really want to do that Can something happen After all, Tang Ao's current strength is likely to advance dozens of Chinese masters, and there will be many strong ones at that time. You are too extreme to frighten others... "

Ye Chen sneered: "I want to tell all people in Jiangnan province that day - those who block me die, death is not worth cherishing!"

The phone hung up.

Ye Chen looks at the time and finds that Sun Yi and Xia Ruoxue haven't come back yet.

He simply took out the dragon sword.

Today in Wu's family, he witnessed the power of the dragon sword.

What's more, it's just a broken sword!

Broken sword has such power. If it is recast, it will be terrible!

Ye Chen doesn't know how to refine weapons, but in part of the information Luo Yuntian gave him, there is the method of recasting broken sword!

He touched the sword of chopping dragon, and a faint evil spirit overflowed. Before touching it, the palm of his hand was cut.

"Although I have a recasting method, I need a lot of materials and some troubles, but ye Lingtian should be able to handle most of them."

"At present, the most difficult thing is the main material of this sword. I don't know what material it is made of."

Ye Chen murmured.

Words fall, ye Chen found what, his eyes pan with a trace of cold.

"I said not to let you step into the villa!"

At this time, a beautiful shadow appeared in front of Ye Chen.

It is Lu Hanshuang of Xuemei hall.

Lu Hanshuang's black hair, like ink, runs down her waist. Under her green eyebrows, she has a pair of long and thick eyelashes. Her nose is high and narrow, with a trace of indifference.

She is such a station, it is like a bud of cold plum, let people have the desire to conquer.

Lu Hanshuang looked at Ye Chen for a few seconds and said, "I just want to tell you that Xuemei hall won't do anything to you for a short time. I've suppressed the news. But if this matter spreads to the headquarters of Xuemei hall in the capital city, I may not be able to suppress it with my strength. "

Ye Chen a Zheng, Mou son has a very interesting look at Lu Hanshuang.

Between the words, ye Chen can feel that Lu Hanshuang's position in Xuemei hall should not be low.

Otherwise, according to the power of the blood plum hall, they must have sent people to pursue and kill themselves endlessly.

Chapter 207

Seeing that ye Chen did not speak, Lu Hanshuang's sight fell on the broken sword in his hand.

She knew it.

"Ye Chen, are you going to recast this sword?"

Just now ye Chen didn't get rid of Lu Hanshuang for the first time. After all, he got the sword from Lu Hanshuang.

Maybe the opponent knows something about this sword.

Ye Chen opened his mouth and said, "Lu Hanshan, where did you get this sword?"

Lu Hanshan's beautiful eyes stare at Ye Chen. Instead of answering, she says, "if you want me to answer, yes, I want to know one thing."

Ye Chen is a little angry. How dare this woman bargain with him?

Although he doesn't kill a woman, he can also make her regret!

But for the moment, in order to recast the sword, he did not dispute with her for the time being.

"Say it

"Wu family extermination and Tang Ao's son being beheaded have nothing to do with you?"

As a member of Xuemei hall, Lu Hanshan naturally knows what happened in Jiangnan province these days.

Seeing the back in the picture, she thought of Ye Chen for the first time.

Although Ye Chen's strength is very strong, it is not so easy for him to destroy the Wu family.

This is also the biggest doubt in her heart.

"I killed it."

Ye Chen's voice falls slowly.

It's like talking about an ordinary little thing.

He thought the other party was going to ask about something extraordinary.

Although Lu Hanshuang has psychological preparation, but in hearing Ye Chen's own admission, still can't help but take a breath of cool air.

Even look at Ye Chen's eyes have become a little creepy.

The boy's strength is so strong that he easily killed the top family in Jiangnan province!

Lu was relieved. Fortunately, she didn't have any hatred with him.

"So you are the hunter who makes many forces in Jiangnan province scared It seems that you killed the strong man of Xuemei hall without fear that day. In my opinion, it was a big thing, but in your eyes, maybe it was just a small matter. "

Lu Hanshuang said to himself.

"Now you know, is it time to tell me about the dragon sword?" Ye Chen opened his mouth.

"Dragon sword?" Lu Hanshuang woke up and took a look at the broken sword. She knew that it was the name Ye Chen had given to the sword. She said directly: "this sword was obtained by accident when I killed people in the first place. Before my life, I hid this sword very well. I knew that it was very valuable, so I always kept it on me. Over the years, I have been investigating the origin of this sword, and I finally have some features.

She looked at Ye Chen and found that the other side was staring at him with great interest.

It seems that this sword was given right!

She went on to say, "this sword was made by Zhu Hongxi, a famous swordsman 200 years ago, for three years! He devoted all his efforts to the sword! However, when the sword was made, he was also bitten back and did not survive.

After that, the sword disappeared. No one knew where it had gone or whose hand it had fallen into until I found it. However, at that time, the sword was already a broken sword. I had thought about finding someone to recast this sword, but it needed too much. Even now, none of the Swordsmen in China can compare with Zhu Hongxi.

Then I put it on hold. Ye Chen, if you want to recast this sword, I can give you an effective message. The main materials used by Zhu Hongxi to make this sword are extremely rare. You may not find a second one in all over China, but Zhu Hongxi's descendants actually have the materials left over from the original forging of this sword. "

Ye Chen was happy and quickly asked, "where are the descendants of Zhu Hongxi?"

Lu Hanshuang beautiful eyes a turn, light way: "Jiangnan Province - Zhu family."

Hearing these words, ye Chen thought of Zhu Rende and Zhu Zixuan of Jiangcheng for the first time.

If he remembers correctly, the Jiangcheng Zhu family is an offshoot of the Zhu family in Jiangnan province!

But isn't Zhu family a family of traditional Chinese medicine? How did you start casting swords?

As if aware of Ye Chen's doubts, Lu Hanshuang explained: "on the surface, Zhujia in Jiangnan province is the largest herbal medicine manufacturer in Southeast China, and it is also a famous family of traditional Chinese medicine. In fact, it is not so simple. The medicine business is just the existence of Zhu family.

It seems that people and animals are harmless to Zhu family in Jiangnan Province, but in fact, those top Wudao families dare not to offend them.

Do you know why? "

Lu Hanshuang looks at Ye Chen's puzzled color, the corner of his mouth slightly raises.

Ye Chen did not speak.

Lu Hanshuang continued: "the ancestors of the Zhu family forged personal weapons for countless powerful people. Only this relationship is inside. Who dares to move the Zhu family?"

After saying this, there was a sudden movement outside the door. It was obvious that Xia Ruoxue and Sun Yi were back.

"I'm gone. You can do it yourself."

Lu Hanshuang disappears directly in Ye Chen's sight.

After a while, the door opened. Sun Yi took a look at Ye Chen on the sofa, then looked around and asked, "xiaochenzi, why did I hear a girl's voice outside just now?" Xia Ruoxue also frowned to the house to scan a few eyes, did not find anyone.

"You don't sneak a woman in the villa."

Ye Chen laughed and looked at the second daughter: "since the villa came in, you two beauties, do I still need to bring women in?"

Sun Yi and Xia Ruoxue blushed.

"You are poor, but you are telling the truth."

Ye Chen and ER Nu chatted for a long time, then went to the balcony on the third floor, smoked a cigarette, and dialed Zhu Rende's phone.

It is estimated that Zhu Rende and Zhu Zixuan should still be in the Deren hall.

Soon, the phone went through.

"Mr. Ye?" There came Zhu Rende's respectful voice.

"Well, Mr. Zhu, how are you recently?"

"Thanks to Mr. Ye's constant care and good health, by the way, I heard that Mr. Ye has gone to Jiangnan province? We can get together some other day. "

Ye Chen a Zheng, even busy way: "you also in Jiangnan province?"

"It is. In recent days, it is a clan meeting of Zhu family in Jiangnan province. Zixuan and I are in Zhu family in Jiangnan province."

Ye Chen heart a joy, even busy way: "don't another day, now, where are you, I will come to find you."

Zhu Rende's face changed slightly. Although he was strange, he set up a tea house near Zhu's house in Jiangnan province and sent the address to Ye Chen.

Half an hour later, tea room.

When ye Chen arrives at the box, he finds that Zhu Rende and Zhu Zixuan have already arrived.

"Mr. Ye." They said respectfully.

Ye Chen nodded, sat down, exchanged a few words with two people, then said the matter of cutting dragon sword.

Of course, some important contents are omitted.

Zhu Rende, a little surprised, asked, "Mr. Ye, do you want the materials for casting swords?"

"Yes, it's not to want, it's to be."

Ye Chen can't hold a broken sword all the time. Whether it's for now or for the future, the sword must be recast.

Chapter 208

Zhu Rende thought for a moment and then said, "Mr. Ye, a sword casting genius has indeed been born in Zhu's family. I've heard about the sword casting materials you mentioned, but it's a treasure given by Zhu family, which is unlikely to be given to outsiders."

"What's more, this thing should be in the charge of the present Zhu clan leader. This Zhu clan chief has a hot temper. It's impossible to take anything from him!"

"But since Mr. Ye needs it so much, I will try my best to find out. If it is not successful, I hope Mr. Ye will not mind."

Zhu Rende did not expect Ye Chen to even dare to spy on the treasure.

The material for forging the sword is not ordinary.

Otherwise, the Zhu family could not have been guarding for hundreds of years.

Now ye Chen's move is undoubtedly a predator.

Seeing Zhu's dilemma, ye Chen said, "Mr. Zhu, if I exchange pills or other valuable things, will the patriarch agree? Big families are all interested in the existence of interests, as long as there are enough interests, the stubborn mouth will be pried. "

"This..." Zhu Rende hesitated.

What ye Chen said is not unreasonable. If ye Chen really wants to get that thing, this method may not be completely impracticable.

And he knew that ye Chen had a big secret. Maybe there was something that could make the patriarch's heart beat.

"Well, Mr. Ye, I'd like to introduce you. However, it's a Clan Association recently, which may not be successful. Moreover, I don't have a high status in the Zhu family in Jiangnan Province. If the patriarch does not see you, there is no way to..."

Ye Chen nodded: "I don't ask for it. I'm old with Lao Zhu."

.....

Ten minutes later, Zhujia in Jiangnan province.

Surrounded by Chinese architecture, the villa group is opened.

In the middle of the villa group is a huge garden square.

Looking at the whole Jiangnan Province, this is definitely a big deal.

Because it is a clan association, the Zhu family is very lively.

Zhu Rende took Ye Chen for a long time before he came to a gate. Then he said to Ye Chen, "Mr. Ye, wait a moment. I'll go and have a look."

After that, Zhu Rende went over and said to the two strong men standing outside the door: "two adults, I'm Zhu Rende of the side Department of Jiangcheng. I have something important to report to the clan leader, and please report it to you."

The two men released their momentum, glanced at Zhu Rende and said in a cold voice, "what's the matter, just talk to us!"

Zhu Rende thought about it and said, "I'm going to introduce a talented young man to the patriarch. Please inform me."

The two people's first sight fell on Ye Chen's body not far away. Although Ye Chen's temperament is extraordinary, he is really too young.

Even if the identity is not ordinary, it should be the elders behind to see the patriarch.

This is obviously a little contemptuous.

Therefore, the two people directly refused: "Zhu Rende, what are you doing with an outsider to Zhu's family recently?"

"There are more important things in it, the patriarch! That's it. Go away

Although they were gatekeepers, they didn't pay attention to Zhu Rende at all, and their attitude was very tough.

Zhu Rende knew it would be the result. He said thanks and went back to Ye Chen.

"Mr. Ye, I don't think we can see that one today. Why don't you go back today, and when I see the patriarch, I will report it to him?"

Ye Chen nods. This is the family behind Zhu Rende. He doesn't need to make trouble.

When ye Chen was ready to leave, the gate opened and a girl came out.

The girl is about twenty years old. She is tall and peach, light and graceful.

Black hair such as paint, skin like jade, beautiful eyes flow, between a frown and a smile reveals an indescribable charm.

She is like a budding peony, beautiful but not demon, gorgeous and not vulgar, charming.

Zhu Zixuan noticed Ye Chen's eyes and said in a low voice, "Mr. Ye, you should have heard of the three beauties in Jiangnan province."

Ye Chen nods. He remembers that Xia Ruoxue is one of them.

I don't know who judged it, but with Xia Ruoxue's appearance and figure, she is really a great country in Jiangnan province.

Zhu Zixuan continued: "in addition to Miss Xia you know, there are two people, and the woman who came out is one of them. Her name is Juya. In terms of seniority, she should be called aunt ya. Although she has a large generation, she should be only one or two years older than Mr. Ye... "

"Zhu Ya is very skillful in dealing with people and things. In Jiangnan Province, Zhu Ya is widely praised. Not only that, Zhu Ya has a high status in the Zhu family in Jiangnan Province, and even the clan leaders sometimes have to listen to this person's opinions."

"Oh." Ye Chen does not have too big mood fluctuation, but the eyes actually looked at each other several minutes.

At this time, Zhu Rende thought of something and interposed: "Mr. Ye, I didn't expect that if this person would like to see you, maybe you could do that. But Zhu Ya has a strange temper and it's very difficult for ordinary people to see her." Words fall, Zhu Ya has come to this side, light footed.

When they came to Ye Chen and Zhu Rende, they stopped. Meimou seemed to find something interesting. They held out their hands directly and said with a smile, "Ye Chen?"

What!

At this moment, Zhu Rende and Zhu Zixuan are confused!

Who could have thought that Zhu ya, who was so tall, knew Ye Chen?

And say hello?

Not far away, the two gatekeepers are also staring at Ye Chen, completely an incredible look.

Not only they, but even ye Chen felt something was wrong.

He didn't remember seeing this man. Even though he had a little reputation in Jiangcheng, it was Jiangnan province.

Ye Chen did not stretch out his hand, the eyes staring at the girl in front of him, some doubts.

Zhu Ya laughed and said, "I've heard of you for a long time. I've heard your name all the time. Baili ice is highly respected for you I was thinking about asking you out for a drink. I didn't think it was such a coincidence today

Ye Chen suddenly realized.

It seems that the relationship between bailibeng and zhuya is extraordinary.

Yes, bailibeng is in Jiangcheng, but her background is very special.

His father Bai Lixiong is also the commander-in-chief of the military region, and it is normal to know Zhu ya at this level.

Chapter 209

Zhu Ya took a look at Ye Chen, and her beautiful eyes flowed. She said, "it's still early now. How about a cup of coffee? I've never invited a boy to have coffee before. It's not a gentleman to refuse a girl. "

Juya said this because the man in front of her was full of curiosity.

Originally, ye Chen's identity will not let her have the slightest interest.

Even if ye Chenwu road is very strong and is the first person in Jiangcheng, it is nothing in her eyes.

But from Bai Li Bing's words, she knew a lot about ye Chen.

Ye Chen is the chief instructor of dragon spirit! The youngest major general in China!

It is impossible for the leader above to make such absurd decisions under pressure without any reason.

Obviously, ye Chen is worth the effort.

Worth his lonely throw!

As for why, that's what she's interested in.

She even sent someone to investigate Ye Chen comprehensively.

Five years ago, a piece of rubbish that everybody spurned.

Five years later, let the strong dragon spirit suppress and submit!

Where has Ye Chen gone in these five years?

"Good."

Ye Chen naturally won't refuse. According to Zhu Zixuan, Zhu Ya is the only way to get the materials of the dragon sword.

Shortly after, they arrived on the second floor of a cafe.

The environment is very quiet.

Sit face to face.

Juya stirred the coffee in front of her and said, "if you come to Zhu's house, you should have what you want."

Ye Chen Mou son a coagulate, curiously way: "you this pour is direct, in case not?"

"These days, it's a clan meeting of the Zhu family. There will only be people from the Zhu family around here. But if you are here now, doesn't it mean that you have something to ask from the Zhu family?"

"I've always been so straightforward in my work. If you can help me with anything, I'll do my best even for the sake of Baili ice."

Since the other side is so direct, ye Chen doesn't intend to beat around the bush, saying, "I know that you Zhu family once cast a sword. I need the raw materials of this sword."

Zhu Ya's eyes were not surprised. She took a sip of coffee gracefully and said, "my Zhu family used to be a sword casting family. It's good, but we have made thousands of swords. I don't know which sword material you need."

The next second, ye Chen's hand will appear to cut the dragon sword!

As soon as the sword of chopping the Dragon comes out, a spirit overflows.

There is even a touch of evil spirit.

"PATA!"

JUA's coffee falls on the ground.

The coffee even faded into her white dress.

In her beautiful eyes, the splendor rippled, staring at the dragon sword.

That beautiful face is full of surprise, shock

"Broken Xuan sword! How can it appear in your hands! "

Zhu Ya can't help but cry out. Subconsciously, she reaches out to grab Ye Chen's sword, but is stopped by Ye Chen.

"I have a habit. There is only one person who touches my sword, that is the dead."

The cold voice sounded, can't help but let Juya shiver, completely awake.

Looking at Ye Chen again, her eyes had a trace of fear and said, "Ye Chen, I'm really sorry. This sword is very important to my Zhu family, so I'm so disrespectful!"

The Zhu family has been looking for this sword for a hundred years!

But unexpectedly, the broken Xuan sword came out! And turned into a broken sword!

Her great grandfather once left a sentence before his death: the broken Xuan came out, the emperor returned!

She tried to calm herself down and then said seriously, "Ye Chen, would you like to give this sword to Zhu family? I Zhu family is willing to take it at any price! Any! Not less than 2 billion RMB! "

Perhaps it is not sincere enough. Zhu Ya continued: "on the basis of this price, you can also make other conditions! Even if my Zhu family owes you a favor

Zhu family's human relations, almost can protect any strong one's life! It's worth more than two billion!

At the moment, Zhu Ya even forgot what ye Chen just asked, because this sword is too important for Zhu family!

Ye Chen Mou son cold come down, refuse way: "I do not lack money, you should know."

"What's more, in my opinion, the friendship of Zhu's family is worthless!"

He didn't like people peeping at him, no matter what the relationship between the sword and Zhu family was.

Now it belongs to him, and no force can be deprived of it.

Zhu Ya heard Ye Chen's arrogant words and frowned.

Dare to say that Zhu family's human relations are worthless, it is estimated that only the youth in front of them.

Although she was a little angry in her heart, she still laughed: "Ye Chen, maybe I am a little excited today. I apologize to you. The terms I just offered can be discussed at any time. You have 10 days to think about it."

"What's more, you just mentioned that it's impossible to want the raw materials of this sword! For the Zhu family, this is a kind of faith. "Before, she took the initiative to invite Ye Chen to drink coffee. In fact, she really wanted to make friends with Ye Chen and want to understand Ye Chen more comprehensively.

But now the appearance of this sword has changed everything.

Any interests and emotions, in front of this sword, can not be mentioned!

Ye Chen is far less valuable than this sword!

Ye Chen stood up, glanced at Zhu Ya and said, "it seems that there is no room to talk about this matter. In this case, I'm leaving."

When ye Chen is ready to turn around and leave.

"Bang!"

A loud noise came directly!

The next second, the glass window will break!

A high-speed bullet shot at Zhu Ya's eyebrows!

All this happened between the electric light and flint.

Juya felt the cold crisis climb up her body, she wanted to dodge, it was too late!

Her pupils dilate.

Just then, a stream of air swept in!

The strong air wave even overturned the whole table, and the strong wind blew her cheek.

A pair of hands in her eyebrows!

It's Ye Chen!

All this happened so fast that Juya's brain is blank now.

Ye Chen hands spread out, "Ding!" A bullet landed directly on the table.

Juya is completely clear. She reacts to everything in an instant. She is assassinated!

If there was no Ye Chen, she would surely die!

However, ye Chen unexpectedly picked up the bullet of high-speed sniper gun!

What's the concept!

The best ancient warrior can catch the bullet, right!

But it is absolutely impossible to be as relaxed as ye Chen!

What's more strange is that ye Chen was several meters away from him just now!

A sense of fear crept into her mind!

Not from bullets!

It comes from the cold and arrogant young man in front of him.

No longer thinking about it, Juya dialed a phone call, her eyes turned cold, and she only said, "I was sniped in teyc coffee shop. Within ten minutes, bring the killer to me, or your body will appear in front of me!"

The phone hung up.

Then, Zhu Ya looked at Ye Chen and said gratefully, "thank you. I owe you a favor. If you didn't..."

Ye Chen did not pay attention to each other's plans, directly put the pocket to the outside.

When preparing to go downstairs, I dropped a word.

"Your kindness is nothing to me."

Chapter 210

Hearing Ye Chen's words, Zhu Ya was stunned at the spot.

Her human feelings are worthless?

How many dignitaries and young masters of top families want to please themselves?

It turns out that this kid doesn't care at all?

If you change to other people, she must think that the other side is trying to get, but what she sees from ye Chen's eyes is only disdain!

Yes! Just disdain!

She thinks she's going crazy!

No one had ever made her feel so upset.

She sat on the sofa beside her, closed her eyes, rubbed her temples with her right hand, as if waiting for something.

Ten minutes later.

Two Zhou's men came to Zhu Ya with a broken man.

"Miss, the man has come!"

"Kneel down!"

They forced the man to the ground.

At the moment, Juya seems to have changed into a person. She looks at the man in front of her and says, "why kill me? Who sent you? I have only these two questions. "

The man looked up at Zhu ya, his eyes were full of blood, and he said a few strange words in his mouth.

Hearing this, Zhu Ya's face changed slightly: "it seems that the Southeast Asian people, the other party broke the contract first, we Zhu family just used some means, so soon we can't hold our breath? If it wasn't for ye Chen, I might have fallen into the hands of you guys

"I hate threats. We Zhu family hate threats very much."

Zhu Ya held out his hand, and a strong man of Zhu family realized something and handed the dagger to Zhu ya.

The next second, the dagger disappears.

Zhu Ya's hand was gently wiped in front of the man.

In an instant, the pupil of that Southeast Asian is enlarged, and he looks at Zhu Ya in front of him in horror.

He had no idea that a beautiful woman would kill like this!

"Bang!"

His body fell into a pool of blood.

Another master Zhu handed a towel carefully.

Juya took the towel, wiped her hands carefully, and then ordered, "first, the body should be disposed of."

"Second, send the masters of Zhu's family to Southeast Asia by plane all night. No matter who they are, none of them will stay!"

She pressed her lips, her face full of resentment.

Dare to offend her, the general end is only one, that is death!

"Yes, miss!"

.....

Ye Chen went out of the coffee shop and called Xiao Deng directly to ask him to pick him up.

While waiting at the intersection, he was surprised to find that there were several strong breath around him.

It seems that the strength of the Zhu family is really extraordinary.

In the past, I thought that Zhu's family was just doing some medicine business, but I didn't expect that there was such an inside story behind it.

It seems that the water in Jiangcheng is not so shallow. Maybe Wujia is just one of the small fish.

In the deepest place, there must be a giant crocodile.

Chen's car stopped in front of Ye.

Xiao Deng went to the villa.

"Mr. Ye, the chief executive asked me to remind you that there is no important thing due to the severe turbulence in Jiangnan Province recently. You'd better not go out, or you won't be in trouble." Xiao Deng warned as he drove.

Ye Chen did not speak and closed his eyes.

It's a few days before Tang Ao's 60th birthday.

It's just the beginning of the show.

It is impossible to make him wince.

If Tang Ao really find himself, it is just to let his death date advance.

But these days, nothing happened. He didn't plan to go out. It was time for him to practice.

When ye Chen was thinking, a phone call came in.

It's Sun Yi.

"What's the matter, xiaoyizi?"

Ye Chen opened his mouth.

On the other end of the phone, Sun Yi heard Ye Chen answer the phone and sighed: "Ye Chen, where are you now? Can you come to Huayuan International Trade Building? Tianzheng Group encountered some small troubles... "

"If snow is not with you?"

Ye Chen frowned, with the ability of summer if snow, some things should be able to deal with.

Sun Yi replied: "if snow went back to Xia's home to deal with some things, the phone didn't get through. General manager Shen has just left and is still on the plane, so we can't get in touch with Don't ask. Come here quickly. It's the 15th floor of Huayuan International Trade Building. "

"Well, you wait there."

Ye Chen hung up the phone and asked Xiao Deng to turn around and drive to Huayuan International Trade Building.

According to his understanding, Sun Yi has rented a whole floor in Huayuan International Trade building these days.

For the time being, this is the address of Tianzheng Group's branch in Jiangnan Province, and later Tianzheng Group will build buildings in Jiangnan province. During this period, Sun Yi was responsible for the things of Tianzheng Group in Jiangnan province.

There was a little bit better for xiaruoshui and shenhaihua, but there was a big event and no contact with other people. Sun Yi could only call herself.

Besides, being the leader of Tianzheng Group, it is not very good to be a foreman.

.....

At the same time, Huayuan International Trade Building.

15 floor, Tianzheng Group.

Sun Yi office.

Sun Yi sat in a chair, frowning at the young man in front of her.

Young English eyebrows like arrows, with a sense of pride, he leaned on the sofa, feet on the table.

It's extremely uncivilized.

He stood by two upright men, although not releasing the breath, but gave Sun Yi a sense of threat.

Young people see Sun Yi put down the phone, light way: "can speak the person come?"

"He's on the road." Although Sunyi is a little unhappy, she still says.

Young nodded, eyes constantly in Sun Yi's proud figure on the shooting, some greedy.

He looked at his watch and said, "since you Tianzheng Group wants to mix in Jiangnan Province, you must need an umbrella. I lei zhe can provide you with this layer of protection so that you can not be disturbed in Jiangnan province."

"I don't want much. I only have 20% of the shares, of course, which have voting rights."

His tone was very calm, as if he was saying something extraordinary.

The tone is full of confidence and bullying, and it is strong.

It seems that if the other party does not agree with the conditions he has offered, there will be any consequences.

Sun Yimei eyes were big, stood up, and his face was full of anger: "Mr. Lei, our Tianzheng Group has never planned to sell shares! We will not consider even if you give any higher price. "

Lei zhe lit a cigarette, and took a sip and said with a smile, "Miss Sun should have misunderstood what. My Lei family is not going to pay money. It is your share of 20% that you gave me to Lei family."

"It seems that miss sun doesn't know much about commerce. Many enterprises in Jiangnan province will give some power or family ownership for development, so that the enterprises can develop steadily and steadily.

Otherwise, it is suggested that you such a group from a small place can not live in Jiangnan province.

Of course, you can also understand as a warning! "

Threat!

Naked threat!
