

## Physician 2011

### Chapter 2011

Hearing this, ye Chen looked at GE Qing in surprise: "Dean, isn't Shenhua college an institution of Shenguo You don't seem to be right about that. "

Ge Qing will smile: "there is nothing wrong, the kingdom of God is not that kingdom."

"The original intention was to establish the kingdom of God, but now, most people want to draw a line from the kingdom of God."

"Since the Ye family in the kingdom of God..."

Ge Qing's voice stopped suddenly.

"There are some things you'd better not know."

"Going back to the kingdom of Jiuyou, the strength of the warriors in the kingdom of Jiuyou is far higher than that of the ordinary Lingwu mainland warriors. They practiced according to the standards of the ancient times

Soon, it will be the 18th birthday of the princess of Jiuyou kingdom. According to the Convention, on the birthday of the royal family of Jiuyou Kingdom, the top strength of Lingwu mainland, Shenguo, and the presidents of the four colleges will also lead the elite students of the academy to celebrate each other's birthday. "

Princess?

Ye Chen was puzzled and said curiously, "this princess is the daughter of the devil emperor in your mouth?"

Ge Qing sighed: "if the devil emperor's daughter is in power, I'm afraid the devil kingdom will not fall apart, and Jiuyou can't be independent."

"Unfortunately, the devil's daughter is missing."

"No one knows where."

Ye Chen said again, "Dean, why did you tell me about the nine secluded kingdom in the devil kingdom?"

Ge Qing suddenly raised his hand, and a token with a fire imprinted road fell into Ye Chen's hands: "during this period of time, you can try to improve your strength. You can use this token to collect anything you need. Then, you can go to the country of Jiuyou with me."

Ye Chen's eyes twinkled. Ge Qing asked him about his strength before he went with him to the country of Jiuyou. It seems that the trip to the country of Jiuyou is not a simple birthday celebration.

However, ye Chen did not care too much. First, he did care about the nine secluded country.

Devil's land, he must go!

The king of ice sword has been saved by him, which is a talisman.

If the devil regains his true body, does that mean that he can walk horizontally in Lingwu land?

Even the devil is the most qualified to fight against the existence of the kingdom of God!

Devil's land, sooner or later, he must go!

Secondly, in Shenhua college, students need to complete the corresponding tasks in exchange for various resources. Ge Qing gave him this token, which could save him a lot of effort.

Ye Chen put away the token, nodded to Ge Qing and said, "OK, students understand."

Ge Qing saw Ye Chen's promise. The smile on his face was even stronger. He waved and said, "OK, nothing. You go back first. Then, I'll inform you before you go to the country of Jiuyou."

Ye Chen salutes and leaves the top of the tower.

While Ye Chen leaves, a shadow appears beside Ge Qing. In the shadow, there is a shadow.

The figure said to Ge Qing, "Dean, in the past, we should take two third graders and one sophomore to go to the country of Jiuyou? Now, you give a place to the new student named Ye Chen. Do you want to cancel the quota for the second grade students? "

Ge Qing said with a smile: "yes, the second year students in the college don't have much talent. Naturally, it's more appropriate to take Ye Chen."

"What's more, I always feel familiar and threatening with the breath of this son."

"Even threatening me."

The shadow's eyes are wide.

Ge Qing of Taixu state feels a threat on a kid in the realm of creation?

If this is said, the whole land of Lingwu and even the kingdom of God will shake!

Is it because of blood?

The shadow looked at GE Qing's appearance and said: "Dean, you don't want to show off Ye Chen's rare red dust God vein in front of other deans, and you want to take ye Chen to the country of Jiuyou?"

On hearing this, Ge Qing said with a smile: "how can it be? Although the old fellows of the college run against me with the genius of their college, how can I have the idea of revenge for such a magnanimous person? "

The shadow shook his head and said, "you're not afraid to do this, sophomore. Do you have any opinions?"

Ge Qing shrugged his shoulders indifferently and said, "let the students solve the students' problems."

At this time, after leaving the tower, ye Chen did not immediately return to the dormitory, but walked to the Wanbao Pavilion of Shenhua college. First of all, according to the guidance of the wind, he should collect the flame materials that can cooperate with the blood burning formula after ascension, so that the dark flame can evolve to the corresponding level.

Of course, Yan Bei has no whereabouts, but he must be in the college!

Must prepare for refining and conquering the burning stele!

Come to Wanbao Pavilion, after browsing the list of flame materials, ye Chen can't help but feel shocked!

The Shenhua academy is two grades higher than the collection of xuanyuezong and wanjiandi palace!

Even those top forces can't compare! However, those relatively precious materials, the contribution points needed for exchange, are also shameful.

Although Shenhua college is a place full of opportunities, if there is no strength, everything will be just a mirror image. You can see it, but you can't touch it.

However, ye Chen has a token given to him by GE Qing, which saves a lot of trouble.

According to the guidance of the wind, ye Chen chose the nine yuan Earth Dragon Fire, the real fire of burning stone, the black lion spirit flame and so on

Suddenly, the wind Qingyang said in Ye Chen's brain: "boy, these flames are almost enough. Next, you need a kind of water property material, called juehan real liquid."

Ye Chen was stunned and asked, "master Feng, if we want to evolve Xuanyan, we still need water attribute materials?"

Feng Qingyang said with a smile: "many people think that to strengthen the flame, only fire attribute materials are needed. However, they don't understand the Shengke principle. Believe me, this time, if you want Xuanyan to keep up with the blood burning formula after the breakthrough, you must need the help of this juehan real liquid."

Ye Chen nodded, did not say much, playing with the token in his hand, walked towards the water attribute area.

At this time, behind Ye Chen, three figures suddenly flashed out.

One was dressed in a green robe and a high crown. He was elegant and handsome, with a pair of triangular eyes and a faint shade of cold, which was quite uncomfortable.

The other two men, one of them in animal skin, with beard and bronze complexion, are very strong and strong. They have beards and look very rough.

The other was pale as paper, dressed in a black robe, and looked like he was dying of illness.

After the three men appeared, the elegant warrior looked at Ye Chen's back and said, "brother Tu, brother Huo, the freshman who created the realm just now seems to have received a lot of high-level fire attribute materials."

The sick and weak warrior coughed twice, nodded his head and said, "yes, if I read it correctly, it's the nine yuan Earth Dragon Fire, the real fire of burning stone, and the black lion's Lingyan..."

The sick and weak man seemed to know all these spiritual fires, and said the names of them one by one!

Chapter 2012

The burly warrior's ox eye glared: "nine yuan Earth Dragon Fire? Isn't this exactly what we need? I wait for three people's points, put together, are not enough to exchange for a share, ah, this boy, how can you exchange hands? "

The weak man glanced at the burly man and said, "this is not what I can know. However, Huo is confident. I can't read fire wrong."

"I have confidence in brother Huo's eyesight," he said with a smile

He said, looking at the direction of Ye Chen's departure, his eyes flashed: "it seems that we have to discuss with the younger martial brother who creates the world. Let him help us, and first" lend "our share of the nine yuan dragon fire.

Otherwise, there will be no small trouble for us without this fire. "

On hearing this, the burly man flashed a sense of tyranny in his bull's eye. He clenched his fist with one hand, and his bones made a crackling sound. He laughed and said, "I don't think this younger martial brother will object to helping our kind elder martial brothers, right? Ha ha ha

Although the sick and weak man did not speak, he did not have any objection.

The refined and elegant man nodded with a smile when he saw that everyone had no opinion. A cold light flashed through his triangular eyes.

Three people, then toward Ye Chen's area to go.

At this time, ye Chen has changed juehan real liquid and just walked out of the Wanbao Pavilion. Suddenly, he stops and turns to look at the three people coming out of the pavilion.

He had a clear perception that the three men had followed him secretly since they were in the cabinet.

Ye Chen to three people: "three, follow me, what's the matter?"

Those three people were found by Ye Chen, and a trace of surprise flashed on their faces. However, they didn't care too much. What happened?

With Ye Chen's strength, do they need to worry about being discovered?

Anyway, now that we are out of the Wanbao Pavilion, they should have called Ye Chen.

Under the leadership of the refined man, the three people came to Ye Chen. The refined man said with a smile:

"Hello, younger martial brother, I'm Chen Ke in grade two. The man in animal skin is Tu yuan, and the man in black is Huo Jiu. There's something we want to discuss with younger martial brother."

Ye Chen's eyes swept over the three of them. Among them, Chen Ke's cultivation was the highest, reaching the peak of Xingqiao's nine layers of heaven. Their breath was a bit more terrifying than Zhao Liang, who had seen him before. Moreover, Huo Jiu and Tu yuan also had the accomplishments of the seven layer sky of Xingqiao.

Huo Jiu, vaguely returned to Ye Chen a strange feeling, it seems to be sick, the body, but as if burning a very strong fire!

These three people are not weak!

However, ye Chen just glanced at them lightly, then turned around and said:

"I have something else to do, I can't help you."

He had no interest in the so-called help of these three people. Moreover, he was almost sure that the three people, who had no good ideas and needed help from others, would follow each other secretly?

What's more, the other party obviously doesn't worry about exposing his or her whereabouts after leaving Wanbao Pavilion. What does this mean?

This means that the reason why these people did not immediately come forward to stop Ye Chen in the Wanbao pavilion was that they were worried that in case of any conflict in the Wanbao Pavilion, they would not be able to deal with Ye Chen!

If we do that, we will undoubtedly attract the tutors who are responsible for the management of Wanbao Pavilion. However, it will be different if we go out of it.

Even if he did, he would be punished by the Ministry of law and discipline, and would not be stopped or even punished on the spot like in the Wanbao Pavilion.

Such people, ye Chen, naturally did not help their interest!

Seeing ye Chen turn to leave, Chen Ke three people, all can't help but a Leng!

What's this kid doing?

In the face of the request of the three senior students in Xingqiao state, they refused to accept the request without any face?

What's more, they regard them as if they have nothing in general and turn around and leave?

Who gave him courage?

Three people look at Ye Chen left the back, face, can not help but some ugly.

There is no doubt that when the martial arts people treat them in such a low level than their own behavior?

They are students of Shenhua college!

They are all brilliant talents on the whole land of Lingwu!

How dare you be despised by a man who creates a world?

How can they accept this? Among the three, Tu yuan's character is extremely hot!

When Tu yuan just joined the Shenhua academy, he had a fight with others because of a quarrel. If he didn't stop him in time, he would have killed him directly!

Although Tu yuan was severely punished by the Ministry of law and discipline, and has been restrained a lot now, how can he bear it when he is provoked by Ye Chen? Immediately, Tu yuan yelled: "who let you go? Stop for me

After that, he moved, and he came to Ye Chen's back. He grabbed Ye Chen with his big hand!

Tu yuan sneers in his heart. He is such an arrogant trash in front of us?

He did not dare to seriously injure Ye Chen after the previous lesson. However, if ye Chen is caught by him, he must suffer a lot!

Tu yuan, like Zhao Liang, was also a body builder famous for his strength.

But!

Different from Zhao Liang, Tu yuan's talent in body building is far higher than Zhao Liang's!

He comes from a rare tribe on the Lingwu continent, named Tiantu tribe. This tribe lives in a wasteland full of monsters and beasts, where no ordinary animal can survive!

If the clansmen want to survive, they can only keep hunting monsters, Warcraft!

The reason why Tiantu people can survive in such an environment is that they are extremely strong!

Even, can compare with the monster beast Warcraft!

Tu yuan is a rare genius among Tiantu people. His talent can only be described as horror. When Tu yuan was seven years old, he was born to tear a monster in the divine kingdom into two parts!

It's a pity that Tu yuan's physical talent is terrible, but he can only be regarded as a general genius on the basis of his understanding of cultivation. Otherwise, his achievements will be limitless!

But even so! Even Zhao Liang, who is famous as a body builder, dare not compete with Tu yuan!

It can be imagined that Tu yuan was so angry that even if he was just a paw in his hand, he also contained such great power!

Chen Ke, with a smile on his face, has been waiting to see the arrogant boy trembling and afraid under Tu yuan's grasp. At that time, he will make a good mockery of each other.

After all, Chen Ke is not a magnanimous person.

Huo Jiu, on the other hand, looks at Ye Chen coldly. Although he doesn't like Tu yuan's character, Huo Jiu still admires this guy's strength. As for the freshman?

No strength, but still so arrogant, and looking for death, what is the difference?

For such people, Huo Jiu, it can be said that he has no interest at all.

When Tu yuan saw that one hand was about to reach Ye Chen's shoulder, all of a sudden, the three felt a flash of gold in front of them.

At first, ye Chen, who was about to be caught, turned around at an incredible speed. He glanced at TU yuan's big hand. He raised his hand like lightning and patted it to Tu yuan's hand.

When ye Chen turns around, they are shocked. The speed is too fast!

Even Tu yuan is a little worried. At the speed of the other party, maybe he will be avoided by the other party.

Chapter 2013

However, the next moment, people are slightly stunned.

Then, in their eyes, there was a strong sense of irony!

This guy, what a fool?

His speed, really fast to horror, fast to shock.

Chen Ke several people, feel a bit out of sight Ye Chen, such a fast speed, even in the Xingqiao state, is quite rare.

However, ye Chen's next performance almost makes them laugh!

Faced with Tu yuan, a warrior who is full of powerful muscles and is obviously famous for his strength, he didn't give full play to his advantage of speed. Instead, he would fight around or avoid retreat temporarily. Instead, he would use his own hand to block Tu yuan's hand?

Chen Ke has a pair of triangular eyes and a look of schadenfreude. He can't wait to see ye Chen's hand broken by Tu yuan. He doesn't know that this proud new-born man will be ridiculed by himself in the pain of breaking his hand.

Can Dao Xin be broken?

Thinking of this, Chen Ke is not a little excited, hit others, let the other party's heart broken, looking at the other side into despair, never recovered, but, he likes to do!

Huo Jiu, on the other hand, looked at Ye Chen contemptuously, shook his head, and did not open his eyes. What he hated most was the kind of Junzi who relied on the power behind him. In the battle, he didn't even know how to play his own advantages. He really didn't bother to take a look at it and felt disgusted at it!

Tu yuan is even more ferocious. This boy is so ignorant of the sky and the earth. I hope that the smashed bones of his hand can teach him a lesson.

The next moment, Tu yuan's hand, then hit Ye Chen's hand, PATA, a light sound.

This light sound, but let a few people, were stunned, the air, filled with silence, and time, as if static!

Only Ye Chen, still maintain a calm look.

Chen Ke and Huo Jiu look at Tu Yuan's hand in disbelief, but the most shocking is Tu Yuan himself!

His hand, unexpectedly by Ye Chen so gently patted open!

This? What's going on?

Tu Yuan looked at his hand in confusion. He didn't understand what happened.

His hand, how was Ye Chen clapped open?

He looked at his hand in a daze, almost out of his head.

Although he didn't use all his strength just now, is the power contained in it that a chemical creator can shoot at will?

Moreover, he did not feel too powerful from Ye Chen's hand?

Tu Yuan couldn't help but stare at the cow's eyes and looked at Ye Chen, and said in doubt: "boy, what evil method did you use?"

Ye Chen glances at him faintly. Although Tu Yuan's power is strong, his control power is not enough. If he meets a warrior like himself who understands far more than the other party and masters the immortal spirit and the devil body, he will be easily suppressed.

What's more, Ye Chen's power is far better than the other side's.

However, Ye Chen did not fully use his own strength just now. He only used a small part of his strength, plus his own control over the force, so he easily opened Tu Yuan's hand.

The reason why he didn't use his real strength was that he didn't want to hurt Tu Yuan.

To be precise, I don't want to violate the law and discipline of the college.

After all, he has just injured Zhao Liang. If he violates the law and discipline so quickly, even if Chen Jiu doesn't investigate, he will feel a little embarrassed.

He looked at Tu Yuan and said faintly, "this is nothing. However, some of you have done this to me. Isn't it too much?"

"I should, I have no obligation to help you, right? And if you do this, will you not be afraid to violate the laws and disciplines in the school and be punished?"

Several people smell speech a Leng, then is a look a pine, looking at Ye Chen, the face dew sneering smile!

They just thought that Ye Chen might have something! After all, Tu Yuan's hand can not be opened by anyone.

But now, they don't think so.

Because, Ye Chen, in front of them, recognize!

Ye Chen now, has not started the fight, has already, carried out the Ministry of law and discipline, is not recognized counseling, what is it?

Which strong one will use the Ministry of justice and discipline and his mentor to suppress people before fighting?

This is clearly the behavior of the weak!

Tu Yuan, with a sneer on his face, was still wondering how Ye Chen had clapped his hand. Now, he only thought that he was in a bad state and was hit by a dead mouse by Ye Chen and the blind cat.

Chen Ke, on the other hand, fanned the flames and said:

"younger martial brother, what you said is reasonable. Brother Tu, why don't you forget it?

After all, if you have ever suffered the losses of the Ministry of justice and discipline, you should understand the terror of the Ministry of justice and discipline better than us. Or, don't do it again. "

Chen Ke's triangle eyes twinkle with cunning light. He knows that Tu yuan is a strong man. What he hates most is that others use Ji Bu's business to see him flat. And this is the best way to stimulate him!

Sure enough, Tu yuan was furious and yelled at Chen Ke's words:

"what are you talking about? You mean I'm afraid of the law and discipline department? Do you think, like this garbage, I will be carried out of the law and discipline department if I have nothing to do?

Ministry of law and discipline, I didn't pay attention to it at all

Finish saying, he turns to Ye Chen viciously, since Chen Ke said so, so, he wants to teach Ye Chen even more!

Tu Yuan said to Ye Chen in a deep voice:

"boy, you are so rude to me and other people. I won't bear it, law and discipline department? If you want to go there to complain, go ahead. Like you, if there is a conflict, you don't want to solve it by your own strength. You can always find the elder.

Lao Tzu, the waste who seeks the protection of tutors, is the most despised. Do you think that if you take it out of the Ministry of law and discipline, I will let you go? The more rubbish you are, the less I will let you go

This is true of Tu yuan. He made up his mind at the beginning of the college. No matter what he was beaten up, he didn't have any idea to go to the Ministry of law and discipline. He thought it was a villain's behavior!

I always thought that Tu yuan, which survived in the harsh environment of the wilderness, had long been used to being oppressed by various powerful enemies and brutes. Could the Ministry of law and discipline be able to help him there?

Of course not, even his people would not help him!

On the wasteland over there, the weak are not qualified to survive!

As a nation on the wasteland, Tu yuan's pride is that as a man, no matter what difficulties he encounters, he has to rely on himself!

Therefore, for those who always carry out the Ministry of law and discipline, he sincerely despises them!

But ye Chen, after hearing Tu yuan say so, instead, his eyes are bright!

He looked at TU yuan with a smile and said faintly, "so, even if we have a fight, you will not report to the Ministry of justice and discipline?"

Tu yuan slightly a Leng, this boy, is not stupid?

If you fight with him and get hurt, you need to find the Department of law and discipline to protect yourself. Obviously, it's him?

How could I be so stupid and send myself to the Ministry of justice and discipline?

Of course, he will not report to the Ministry of law and discipline!

What's more, even if he suffered losses, he would not find the character of the Ministry of law and discipline. This is the dignity of the barbarian people in the wilderness.

However, he still casually replied: "nonsense, how can I find the Department of law and discipline?"

The smile on Ye Chen's face was even stronger. He looked at the two people behind Tu yuan and continued to ask, "so, they will not report to the Ministry of law and discipline?"

Tu yuan frowned and said, "what do you want to say?"

At this time, still want to pretend to be a fool? None of us will report to the Department of law and discipline! Do you know? Are you satisfied? Is that enough nonsense? "

Said, he simply did not have the patience to continue to talk with Ye Chen, suddenly extended his hand again, forcefully toward Ye Chen to grab!

This time, Tu yuan's power was totally different from that just now!

That big hand, faintly between, unexpectedly all shook the space, the big hand passed by, the space all appeared the distortion!

Chapter 2014

Chen Ke looks like watching a good play. Sure enough, after stimulating Tu yuan, the original guy is also starting to be more serious. This time, ye Chen's luck can't block Tu yuan's hand!

However, Huo Jiu on the side of him was really staring at him, because he found that when Tu Yuan made another move, with incomparable strength, he was still so indifferent and had no fear at all!

Even, with a smile, still faint, a little excited?

What's the matter with this kid?

Ordinary chemical weapons makers, under the power of this grasp, I'm afraid, will all tremble?

And ye Chen, how is always the appearance of light and cloudless?

Just now, he blocked Tu yuan's hand. Was it just because he was lucky?

Ye Chen to Tu yuan this time of hand, pour is to show a trace of affirmative color, slightly nod head way:  
"this time, pour is not bad."

Tu yuan's palm contains not only strength, but also a kind of wild power.

Surely, this is the power Tu yuan realized in the process of fighting and survival in the wilderness, right?

This power, but also let Ye Chen, have a trace of appreciation.

Not bad? This boy is really crazy!

Tu yuan, who was captured by Ye Chen, laughed and said with a ferocious look:

"is that right? That's a good catch. I don't know. Can you stop it? But don't you get hurt? If I get hurt, I won't be responsible for you

"Injured?" Ye Chen's face color, restored the indifference, the strength condenses in the hand!

"It's a long way from getting me hurt."

One punch!

Fighting with flesh again?

Chen Ke shook his head and looked at Ye Chen, just like looking at a fool. One good luck is good luck, and two good luck is almost impossible. Has Ye Chen not learned a lesson?

In Tu yuan's eyes, he was bloodthirsty and cruel.

This time, it is not so simple as hand bone smashing. Ye Chen, the whole person, will be seriously injured and dying?

This is still the result of the moment when he hits the other side and stops his strength in time. If he does not restrain his strength, he is afraid that the whole person of Ye Chen will turn into nothingness in an instant.

The next moment.

With a loud bang, ye Chen's fist and Tu yuan's palm collide with each other!

Space, instant rupture!

At the same time, Chen Ke and Huo Jiu are both sluggish!

How could it be!?

How can ye Chen's fist be so strong?

But it's not over!

They were surprised, and soon they were in front of them.

There was a crack, as if something was broken.

Then, Tu yuan's huge body, the whole fly, toward the rear, fly upside down!

With a roar, Tu yuan smashed into the wall of Wanbao Pavilion behind him. There was a crack on the whole wall.

Ye Chen slowly took back his hand. He looked around carelessly and breathed out a breath. Fortunately, there was no one around. Only a few people on the scene should have seen his move just now. In this way, it should not cause such a huge sensation as when he defeated Zhao Liang.

Chen Ke and Huo Jiu are looking at Ye Chen with trembling eyes.

What happened just now?

Their brains are completely disorganized.

Ye Chen, even defeated Tu yuan?

What's more, it's the physical confrontation that defeats each other?

The most terrible thing is, ye Chen, only one hit!

This guy is a warrior in the realm of fortune!

At this time, the hand was covered with blood, and the bones of the hand were smashed. Tu yuan, who looked like a cast iron hand, was now soft and soft beside him, making a groan.

Ye Chen's eyes flashed. Tu yuan was really gifted. His physique was much better than Zhao Liang's.

The blow he had just made was no less powerful than the one he used to deal with Zhao Liang.

What is the result of Zhao Liang?

The arm is dead, in an instant coma, dying.

But now Tu yuan is just a broken hand bone. He is not unconscious. Even if he doesn't chase after him, he can still stand up and continue to fight.

"Ah, ah, ah, ah Tu yuan raised his head to the sky and let out an inhuman roar. Under such a wound, he jumped up without any influence!

He can't take it!

I was beaten by a martial artist who made the world fly?

The wasteland tribe, the unique blood in his bones, broke out completely in Tu yuan's anger!

Tu yuan's breath broke out in an instant. It was much stronger than before!

And Huo Jiu and Chen Ke see, is a change of complexion!

Tu yuan, this is, into crazy state!Such a Tu yuan, fighting, but never die!

In that case, whether ye Chen wins or Tu yuan wins, the other side will have a miserable end. If it really develops like that, it is not a matter of simply being punished by the Ministry of law and discipline!

Huo Jiu can't help turning his head and yelling at Ye Chen: "boy! Let's go. Tu yuan is in this state. He has to work hard!

This is not the Tu yuan that you just grabbed. It can be compared!

If you don't leave, the consequences will be unimaginable! step on it! At your speed, you should be able to get rid of him! "

Chen Ke's face was also gloomy. This time, he could not eat chicken instead of rice!

However, at present, even Chen Ke takes the overall situation as the most important thing. Now, he doesn't care about tormenting others and enjoying other people's pain. If Tu yuan is not stopped and ye Chen is given some time to escape, ye Chen may be killed by Tu yuan.

Even if Tu CHEN Ye is more powerful than Tu Chen, what can he do?

Keep your hands in the battle. That's what we can do if our strength exceeds the opponent's several levels!

Then, even if ye Chen can defeat Tu yuan, it is estimated that he will have to kill Tu yuan.

No matter Ye Chen or Tu yuan, if one of them dies, let alone enjoy the pain of others. I'm afraid that at that time, the most painful thing is yourself!

The Ministry of law and discipline, when no one died, it was a very terrible existence if there were students dead!

Even Chen Ke was not willing to be involved in the death of Shenhua college students. At this time, he said to Huo Jiu: "brother Huo, join hands to stop him and fight for a chance to escape for this boy!"

Huo Jiu nodded and drank, and a burst of red flame gushed from his body. The extremely high temperature instantly twisted the air nearby.

And the flame, hidden, also turned into a giant bird!

Ye Chen's eyes flash, Huo Long's fire is not weak.

Chapter 2015

Chen Ke has a dignified face. Although his accomplishments are higher than Tu yuan's, even if he is in a frenzied state, he is not sure to win. What's more, he can't really kill Tu yuan!

However, Tu yuan, who is crazy, has no reason to manage so many things!

Facing such an opponent, even with Huo Jiu's help, Chen Ke can't guarantee how long he can block Tu yuan.

A noble spirit emanates from Chen Ke's body. Behind him, there is a vague figure with a scroll in hand and a Confucian robe. The figure, however, exudes a faint divinity!

At the same time, Chen Ke's hand also produced a volume, which was quite similar to the book in the shadow's hand.

The book, with its strong and long breath, is actually an artifact that has been handed down for many years!

Chen Ke was holding the book, his face was sweating, and his body trembled slightly. His spiritual strength was crazy and far away. Obviously, it was very hard for him to control the book with his cultivation.

Huo Jiu glanced at Chen Ke's situation and immediately waved his hand. The flame on his body turned into a big flaming bird and flew towards Tu yuan. He and Chen Ke had worked together for many times. Naturally, he knew that at this time, what he had to do was to fight for time for Chen Ke!

In the face of the Flamingo, who was attacked by the extremely high temperature, Tu yuan gave out a roar like a wild animal. At the next moment, behind him, there appeared a virtual shadow, which was a clan totem!

As soon as the totem Fang appeared, it quickly integrated into Tu yuan's body. On his skin, there were lines in an instant. The totem seemed to have been engraved on Tu yuan's body!

With the blessing of this totem, Tu yuan's breath soared again!

To the flying Firebird, hard blow out a fist!

Another bang! The sparks are everywhere!

Wanbao Pavilion in front of the building, instant, into a sea of fire!

Huo Jiu couldn't help but step back. He was surprised to see Tu yuan walking towards Ye Chen in the sea of fire.

That Flamingo, unexpectedly, was hit by Tu yuan with one blow!

At this time, Chen Ke, standing by Huo Jiu's side, finally gave a big drink. The book in his hand twinkled with dazzling golden light!

This ancient artifact, finally, successfully inspired!

The book exudes a strong aura of vastness, and a gold strange inscription flies up and shoots towards Tu yuan!

Tu yuan's blood red eyes narrowed. Now, although he lost his sense of reason, his fighting consciousness did not weaken at all. On the contrary, he strengthened a lot!

He instinctively felt that this Rune was a great threat to him!

Tu yuan's breath condenses. Just as he is about to receive this rune, his breath suddenly stops.

Chen Ke and Huo Jiu both look at TU yuan.

What happened to Tu yuan?

Did he control the madness and recover from it?

However, at the next moment, Tu yuan let out a more crazy roar. The breath of the original convergence broke out again, and it was stronger than before. I don't know how many times!

Chen Ke and Huo Jiu, their eyes are almost staring out!

Tu yuan, unexpectedly at this time, the breath extremely ascends!

This guy is really abnormal!

"Ah, ah, ah, ah The strength of his whole body has soared several times. The powerful spiritual power is condensed on the remaining fist. The inscription on the surface of his body, stimulated by the spiritual power of speeding and turning far, emits dazzling white light!

With a roar, Tu yuan's fist, wrapped by white light, hits Chen Ke's golden Rune!

This time, the golden Rune was not broken by Tu yuan's attack. On Tu yuan's face, a lot of green veins appeared. Obviously, it was not easy to fight against the golden rune.

In Tu yuan's mouth, he kept yelling, his muscles bulging and beating, and his blood splashed everywhere. He resisted the golden Rune without retreating.

Finally, after holding on for a moment, there are cracks in the golden rune, and finally, they are smashed!

Chen Ke and Huo Jiu looked at each other and left one after another!

Originally, they couldn't guarantee how long they could resist the rampant Tu yuan. Now it's even more so!

Now, they have to retreat.

However, after fighting for such a long time, the strange boy in the state of nature should have left here, too?

With his speed, although the time just now was not too long, he should be able to escape to a safe place.

Chen Ke and Huo Jiu are both slightly relieved. Their bodies are suspended in the air and look at the ground in the direction where ye Chen was originally.

The next moment, both of them changed their faces! Suspended in the air of the body, but also a shake, almost fell from the sky!

What did they see?

The man who made the world didn't escape at all!

What's more, it's good to stand in the same place all the time, waiting for the crazy Tu yuan to come over! Chen Ke's face is like crying without tears. He has already thought of how cruel he will be treated by the Ministry of law and discipline. This ye Chen is too proud and too big?

In this case, are you still standing still?

If Chen Ke had hoped for ye Chen's victory over Tu yuan before Tu yuan's promotion, there would be only one outcome for ye Chen after Tu yuan's promotion!

That is, die!

Chen Ke couldn't help yelling to Ye Chen:

"boy, you can't help running! What are you doing? Don't you think you can defeat Tu yuan by this time?"

I admit, you are very strong, strong incredible, but, people, still have to have self-knowledge ah! Today's Tu yuan can even compete with the warriors in the later stage of Xingqiao. In fact, its power is so terrible that you don't understand it? "

Just when Chen Ke and Huo Jiu are ready to take another risk to block Tu yuan and fight for a chance to escape for ye Chen, ye Chen's indifferent voice comes from the square.

Ye Chen looked at the step by step, the breath of terrifying Tu yuan, the look unchanged, with his hands on his back, the wind was light, and his mouth was light: "now, it's worth letting me do it."

"Fire is the way to refine that thing. Today I will try it. After entering the realm of creation, my dark flame has some strength."

Finally, Tu yuan came to Ye Chen's body. His breath swelled like a mountain and roared wildly. The strength, even if he had not yet done so, had already made the whole college tremble!

Now, Tu yuan's mind, there is only one thing, that is, defeat Ye Chen!

Find your glory!

To defeat Ye Chen, he will use all his strength to give full play to his strength, and will not have the slightest idea of retaining his hand!

Chapter 2016

At this time, ye Chen's body also began to change. A strange animal's virtual shadow, which exuded terror and pressure, appeared behind Ye Chen, and ye Chen's body began to be elevated!

Evil Qi and Geng Jin Qi envelop the whole body!

Chen Ke and Huo Jiu, both pupil contraction, that strange animal virtual shadow, good terror!

But it's not over!

The purple lines appear on Ye Chen's body surface. The moment the purple lines appear, Huo Jiu hasn't done anything. Chen Ke has already exclaimed!

"It was Divine breath! It's divine

Chen Ke, he inherited a trace of divine spirit because of his apprenticeship. Therefore, he is very familiar with the divine spirit. The divinity of Ye Chen is too rich!

Whether it is quality or quantity, they are not comparable!

Why isn't this shocking?

Although there are not many items with divinity circulating in Lingwu mainland, it is not impossible to get them. However, few people like Ye Chen can emit such strong divine fluctuation!

On the one hand, it is because divine objects, such as blood, soul fragments, body, pulse, etc., are extremely precious.

But, more importantly, ordinary people, even if they get divine objects, are useless at all!

Because they can't exert the power of divine objects!

If you want to take these powers as your own, it's not something anyone can do!

Chen Ke, though, has the spirit fragment of the God in his family, so that his disciples can gain the power of divinity, but!

If you want to stimulate the divine power to Ye Chen's level, it's like a dream!

It can be imagined that ye Chen's qualification, what kind of terror it is!

Chen Ke looks at Ye Chen's body's divine line, already thoroughly stupid.

Suddenly, from ye Chen's body, and faintly surging up, a trace of refined to extreme fire!

This time, change to be Huo Jiu, the eyes tremble!

"This is The fire of internal refining? "

Huo Jiu is a genius who specializes in fire cultivation. Although he practices external fire, it does not mean that he does not understand internal fire.

The fire of internal practice, to the extreme, is even stronger than that of external fire!

However, he did not choose this road, because fire, although a powerful existence, but also contains a very violent, uncontrollable energy!

Fire training to a higher level, often, the body is not very good, because the power to control fire, often because of the burden, and cause self injury!

And the internal fire, the burden on the body, is far more than the external fire!

That requires, extremely terrible physical quality, to be able to practice!

What kind of waste is this new life?

It's so bad!

Both of them now understand why Ye Chen is so powerful.

At the same time, they also have some doubts, ye Chen, is it really human?

However, ye Chen's physical changes are still going on!

The totem lines of Tu proto's watch are shining. His whole body is wrapped in the white light. In his hands, it seems that a superstar has risen from the sky. With incomparable power, he bombards Ye Chen!

Ye Chen looks at TU yuan's fist, and his eyes are shining with excitement. He enjoys fighting and likes fighting. The premise is that the opponent has enough strength!

But now Tu yuan can give him some stimulation!

Ye Chen sends out a big drink, and he also hits a fist. The power of Tao and the realm of killing intention are all condensed in Ye Chen's fist!

Bang, two fists collide, but it seems that two meteorites, even two universes have collided!

Powerful energy swept through the whole Shenhua college, and the screams of the Academy came one after another!

Close to Chen Ke and Huo Jiu, they are almost shocked to lose consciousness!

Ye Chen's fist, strong to horror!

Tu yuan uttered a cry of pain. Even though he is in a state of madness, even if he has the blessing of tribal totem, his hand is still broken at the moment of contact with Ye Chen! It's completely broken!

What about ye Chen? His fist, however, did not stop at all and was not hindered by Tu yuan's fist!

The gap between the two, reflected incisively and vividly!

When he looks at the body, Tu Yeh's hand will open.

Chen Ke and Huo Jiu can't help it. Don't open your eyes.

Even if Tu yuan's body was as strong as the monster at the top of Xingqiao, he would be smashed under such a powerful fist force.

But ye Chen's fist, just a moment before touching Tu yuan's body, stopped and stopped abruptly.

Chen Ke and Huo Jiu just feel that the world is spinning around and they can't say a word. Such a powerful force, ye Chen, can you control it so perfectly?

That is to say, the blow just now is not ye Chen's acme?

Chen Ke and Huo Jiu feel like crying now. Why do they have nothing to do and go to Ye Chen for help?

Now, their self-confidence has been completely broken. Originally, as students of Shenhua college, they all regarded themselves as the favored son of heaven. However, when they see ye Chen, they suddenly suspect that they are actually very ordinary in this world?

And those real geniuses are completely beyond their imagination.

For example, in front of them, this young man who subverts their whole world.

Ye Chen stopped his fist and flashed, then appeared behind Tu yuan. His hands went through Tu yuan's ribs, crossed his fingers behind his neck, and locked him tightly.

Ye Chen suddenly drank: "seal!"

At the same time, the power of the divine power, Qilin Sha, Geng Jin Qi, and the power of law erupted at the same time!

Under Ye Chen's power, Tu yuan only felt a sharp pain in his brain. The violent power that had occupied the sea of knowledge had faded in an instant!

At the same time, his body gushed out a strong fatigue, the original strong body, but gradually withered down, he has not fully recovered the consciousness of clarity, gradually sink into the dark, the whole person fell into a coma.

Chapter 2017

Looking at TU yuan's body changes, ye Chen is not surprised. The crazy method just now is also a kind of overdraft magic power for the body potential. Although its power is not bad, its side effects are not small.

Ye Chen puts down the comatose Tu yuan, moves his body and restores his original appearance. With a faint smile on his face, he still feels cool with that fist just now.

Then, he turned to dull Huo Jiu and Chen Ke and said, "you, take him back to heal."

With that, he turned around and left. I'm afraid the big news just now will attract Chen Jiu. He doesn't want to be caught by Chen Jiu. He'd better leave quickly.

Suddenly, he and Chen Ke look at each other with a smile Younger martial brother, wait a minute. Haven't you asked your name? "

Ye Chen glanced at him one eye, light way: "Ye Chen."

Chen Ke's smile continued: "brother ye, before It's us who have offended us. I'm really sorry. It's better to We invite you to the canteen Tianqu, have a meal, as a apology, what do you think? I hope you can forgive us... "

Although there is some pain in my heart, they can still invite Ye Chen to have a meal for the food in Tianqu district by taking out most of their savings.

Now, give him ten thousand courage, he dare not offend such evil spirits as ye Chen!

On the contrary, we should try our best to please Ye Chen!

Ye Chen looked at him for a while, turned his head and said, "the food in Tianqu is not needed. If you want to apologize, do something for me."

When Chen Ke heard the speech, his eyes were shining, and his face was full of joy. He said, "please say, please. I will never say goodbye."

Ye Chen said so, that is, there is room to forgive them! Moreover, to help Ye Chen do things, if there is a chance to get on with Ye Chen, Chen Ke believes that in the future, it will definitely have unimaginable value!

Ye Chen said: "a freshman, there is a girl named Xie Pingping. After that, I may leave the college for a period of time. During the period of my absence, I will protect her for me and don't let anyone be unfavorable to her."

Although Ye Chen seriously injured Zhao Liang, he was able to drive away the flies around Xie Pingping. After the news spread, no one should dare to approach Xie Pingping at will.

However, ye Chen can't guarantee that when he leaves the college and goes to the country of Jiuyou, there will be no one to attack Xie Pingping, especially Zhao Liang. If he wants to revenge Ye Chen, I'm afraid he will attack Xie Pingping when ye Chen leaves the college.

Hearing this, Chen Ke looked at Ye Chen vaguely in his eyes. He patted his chest and said with a smile: "don't worry, younger martial brother ye, it's up to the elder martial brother! I will definitely return you a good sister Xie when you come back! "

Ye Chen is lazy to pay attention to these people's thoughts, hands bear behind him, leave directly.

Suddenly, he found something!

Mou son shrinks, display a hundred steps to move toward southeast direction!

Just now, someone even broke out to kill him!

Extremely strong killing intention!

However, when he arrived in that direction, it was found that there was no one.

"Am I wrong?"

Words just fell, ye Chen line of sight swept to what, five fingers a grip, a sachet appeared in his palm.

He sniffed at the tip of his nose, and his face suddenly darkened.

this smell is as like as two peas in Xia Ruoxue.

However, this is definitely not Xia Ruoxue left.

The only explanation is the Lingxian palace.

it seems that this fire college is also hiding the eyeliner of Ling Xian Di palace.

.....

At the same time, Lingwu land, Lingxian emperor palace.

The main palace.

The atmosphere was dignified to the extreme.

Two figures stand in front of a huge stone, and the picture on the boulder is what ye Chen just happened in Shenhua academy!

Xia Lingqiu coldly smiles and stares at the picture with interest and says: "Lingyun, this boy really gives me a big accident."

"The state of creation will be able to explode the power of the nine layers of heaven in the state of star orifices."

"I think it's not necessary not to let Xia Ruoxue and Ji Siqing see him according to his growth potential."

"Maybe there will be a lot of benefits for us to make friends with this person in Lingxian palace."

Lingyun heard Xia Lingqiu's voice, clenched her fist and blushed!

The ants she always thought threatened her!

Xia Lingqiu was very satisfied with Lingyun's present state. She swayed to a portrait, stretched out her hand and carefully touched it. Then she continued, "by the way, how many days are there for you and his one-year appointment?"

The body trembles and roars like a beast

Xia Lingqiu stretched out a stretch, revealing full of snow white, evil spirit's voice sounded again: "you will lose."

Lingyun couldn't help it any longer, and roared angrily, "I won't lose! I absorbed some of the power of that stone, and now I'm at the top of my starhole! I'm not afraid of him! I will not lose to this kind of mole ant! ""Pa!"

Xia Lingqiu suddenly came to Lingyun's face with a palm fan.

A mouth full of blood.

Xia Lingqiu's expression suddenly became cold: "Lingyun, figure out your position! If you talk to me like this again, I will take your life back! "

"What's more, I brought it to glory! If you are ashamed of the palace of the immortal, you will be guilty.  
"

"One year's appointment, we can only win in Lingxian palace!"

"Besides, that boy must die in Lingxian palace!"

"Do you understand?"

Lingyun covered her cheek and knelt down directly: "yes, palace master, Lingyun dare not do it again."

Xia Lingqiu walked slowly to a thousand year old water chestnut plant, stretched out her hand, caressed the thousand year old water chestnut, and murmured:

"the thousand year old water chestnut only blooms once a thousand years, which is extremely beautiful."

"But after it blooms, it loses its value."

"Click!"

When Xia Lingqiu fingers flow a light, the Millennium water chestnut withers instantly.

"Lingyun, your value is here, and I will let you win. And it's crushing. "

"It's just that the process can be painful."

Hearing this, Lingyun thought of what, eyes full of surprise!

"I don't care about pain! Do not care about the destruction of the foundation! I want Ye Chen dead

Xia Lingqiu nodded with satisfaction: "OK, I will send a letter of war to all the people in Lingwu mainland to witness. Hehe, a year's appointment is just the springboard for my Lingxian palace. "

"Stepping on the springboard of the kingdom of God!"

Looking at Xia Lingqiu, she can feel the ambition in her eyes.

This wild heart.

Her aura is a chess piece.

Xia Ruoxue and Ji Siqing are also chess pieces from the moment they enter the palace of Lingxian emperor.

She has no idea when Xia Lingqiu began to change.

Maybe it's from getting the mysterious boulder.

Chapter 2018

After ye Chen left, he went back to his dormitory directly. Sitting in the dormitory, he pinched the law and called out a black flame from his body.

It's Xuanyan.

Xuanyan combines many kinds of flames, and even the immortal fire passed on by the immortal Lord.

As soon as the dark flame came out, the bedroom was filled with an extremely hot air flow.

"Whether we can conquer the burning stele this time depends on the Xuanyan."

"At that time, the refining of the dust stele was extremely painful. I'm afraid that the powerful burning stele is even more difficult."

"Xuanyan must be raised as soon as possible."

Ye Chen stares at the mysterious flame suspended in front of his body. His expression is quite dignified. The burning blood formula is a magic power of high level. This time, he wants to melt a flame that can match the formula of burning blood. Naturally, the grade will not be low.

In general, fire practitioners have to spend a lot of effort and time to upgrade the flame. Therefore, it is not necessary to have a high level of flame to make the level of flame rise rapidly.

Like Ye Chen, who can directly absorb the flame and refine into the original fire, is absolutely rare. Ordinary people dare not even think about it!

First of all, the violent energy of fire directly absorbs and refines it, which is likely to damage one's body or even the foundation.

Ordinary warriors, even those who are very talented in fire control, are just a little bit of refining the essence of fire, rather than directly absorbing the flame to improve their original fire.

I'm afraid that the flame will be absorbed directly by the other flame sources!

That is to say, ye Chen's qualifications and constitution against the heaven dare to do so!

Ye Chen slowly adjusting his breath, just after a battle, although he won quite easily, but after all, there are some consumption.

This time, he wanted to refine several kinds of high-level flames. Even he did not dare to be careless. First of all, he should restore his state to the peak and try again.

An hour later, ye Chen opened his eyes again, his eyes were bright and his breath was round and restrained. Obviously, he had reached the perfect state!

Finally, he stretched out a finger and pointed towards the void. A burst of high temperature suddenly appeared in Ye Chen's dormitory. If the furniture in the dormitory had not been blessed, it would have been ignited directly!

A yellow dragon shaped Flame emerged out of thin air. As soon as it appeared, it was full of spirituality and sent out a roar to Ye Chen, and fled to the dormitory!

Ye Chen snorted coldly, and his powerful mind gushed out. In an instant, he locked the dragon fire of the nine yuan earth. The surging spiritual power turned into a crystal silk thread and shot away, penetrating the body of the nine yuan Earth Dragon Fire!

Nine yuan to the Dragon Fire issued a shrill roar, as if not willing to accept their fate to be absorbed, struggling desperately!

Ye Chen, however, is the light in his eyes. He controls the spirit power and pulls the nine yuan Earth Dragon Fire to himself inch by inch.

After two hours of stalemate, ye Chen finally pulls the nine yuan Earth Dragon Fire to his own body. The nine yuan Earth Dragon Fire sends out a desperate howl, and it completely disappears into Ye Chen's body.

At the next moment, ye Chen's face sank, and a strong fire burst out of his body in an instant. His clothes also turned into ashes in an instant!

The earth yellow flame, burning Ye Chen's body, enveloping Ye Chen's whole body, seems to be burning Ye Chen thoroughly!

Ye Chen's channels, flesh and blood, bones, and the skin on the body surface quickly turned brown!

This nine yuan long fire is really a big deal! Very powerful!

At this time, ye Chen rushes to the Xuanyan which is suspended in the body. The dark flame trembles, and quickly melts into the earth yellow flame that envelops Ye Chen.

However, with the level of Xuanyan, it is impossible to suppress the strong nine yuan Earth Dragon Fire!

Ye Chen takes a deep breath. Although the flame is strong, with his rebellious physical quality, he does not really hurt himself. His whole body's spiritual power breaks out, exerting the Qi of Qilin Sha, Geng Jin and the power of divine blood on the flame!

In an instant, the originally burning flame was so suppressed by Ye Chen!

However, the dark flame, which blended into the earth yellow flame, let out a joyful and clear cry, and began to devour it wantonly

One day and one night later, the fire on Ye Chen's body surface finally disappeared, but at this time, his appearance was extremely miserable.

Ye Chen could not help but smile bitterly. Even though he had so many means and was immortal, it was quite difficult to absorb such a high flame.

At this time, the voice of the wind and clear air sounded in Ye Chen's mind: "boy, you are content. Ordinary people, imagine you like this, directly absorb the flame of such a high level, but you dare not think about it. You just look a little ugly, and you don't even get hurt. Let the fire practitioners in Lingwu land know, don't know, what kind of envy they will become It's time. "

Ye Chen nods, he also knows that he just looks a little ugly, already, is the result of extremely adverse weather!That's nine yuan earth fire!

Ye Chen is not willing to clean up his body, but a little finger, another group of flames, appeared in the dormitory

After all, he still has several flames to absorb

Three days later, ye Chen looked at his dormitory helplessly. At this time, the furniture that had been blessed by the array was already charred and destroyed.

They have absorbed the high-level fire one after another, even if it is affected by the flame release, these furniture, have been unable to bear!

And now ye Chen, appearance has returned to normal.

But soon, ye Chen's eyes, then flashed a silk, excited color!

This time, he was satisfied with the strength of the strengthened Xuanyan!

Especially after adding juechan real liquid, Xuanyan completely produced qualitative change!

Ye Chen finger a little, a mass of lavender flame, emerged in front of the body, the flame, give a very strange feeling!

Although, the flame contains extremely burst energy, but the temperature of the flame is not high, on the contrary, it gives people a slightly cold feeling!

Feng Qingyang was quite complacent and said with a smile in his mind: "boy, now even I have some expectations. How far can you cultivate this mysterious flame? In the future, if you can get the Phoenix spirit blood, maybe you have great use."

"However, you must find the burning stele hidden in the Shenhua academy as soon as possible."

"Burning stele is very important to your blood."

"The dust stele protects you and keeps you alive, while the burning stele makes you stronger than the nine days!"

## Chapter 2019

Ye Chen put Xuanyan away and said curiously to the wind: "Phoenix spirit blood? What's the relationship between the mysterious flame and the Phoenix spirit blood? "

Feng Qingyang said: "the fire of the Phoenix is also a kind of extremely powerful flame. The real Phoenix Fire has exceeded the level of Lingwu land, and can be regarded as a kind of divine fire. However, the Phoenix Fire is extremely difficult to find and can continuously improve."

"Oh?" Ye Chen's eyes flashed and asked, "how can I continue to advance?"

Feng Qingyang said with a smile: "it's easy to say, that is, to cultivate a flame that can be qualified to swallow the fire of the Phoenix!"

"Swallow the fire of the Phoenix?" Ye Chen is shocked when he hears the words. He can swallow the flame of the Phoenix Fire. How against the sky should there be?

You know, in the Lingwu continent, Phoenix Fire is the existence of platoon name, even better than the real dragon fire!

To be qualified to swallow up the existence of the Phoenix Fire, the flame, I am afraid, is the divine flame in the divine flame?

Ye Chen wryly smiles and shakes his head. Although the Xuanyan is good for him now, it is far from being able to swallow up the Phoenix Fire. For the time being, it is not necessary to consider.

Ye Chen suddenly thought of something and looked at the red and blue light ball of reincarnation cemetery.

The refining of Xiaohuang is still not over.

"Well, this time, Xiaohuang has evolved too long. To be honest, I really miss it."

"Xiao Huang, I know you can hear my voice, or you will not be able to save me with a force in the heaven and earth killing domain."

"If you can hear it, how about a reply?"

Language down, ye Chen found red and blue light ball shaking violently, as if nodding.

Ye Chen is happy, sure enough! Xiao Huang can feel the outside voice!

"Xiao Huang, when can you refine it completely?"

However, the red and blue spheres were completely silent.

At this time, the voice of the wind sounded: "boy, is it so easy to reshape the body?"

"What's more, it's an ancient legendary beast."

"You just have to wait patiently. It will come when you need it most."

"When the time comes, it will be the time when Lingwu land will shake."

What does Ye Chen think of from the elegant words? He is not only concerned about Xiao Huang, but also about the heart blood dragon.

The blood dragon swallows the supernatural things in the palace of the Immortal Emperor, and the picture of animals disappears.

The only clue is the nine heaven dragon hall.

Since Xiao Huang still needs time to wait, does that mean that she can go to the so-called nine heaven dragon hall in advance?

"Master Feng, do you know that there is a place called Jiutian Shenlong hall in Lingwu land?"

Let Ye Chen's surprise is, the wind Qingyang answers directly: "know."

Ye Chen was very excited: "can you take me with me! It's also a big help for me to find the blood dragon!"

However, Feng Qingyang directly interrupted Ye Chen: "boy, it's not that I don't want to take you, but the nine heaven dragon hall. You don't even have the qualification to step in now."

"It's the real forbidden area of the dragon people in Lingwu land!"

"Even the kingdom of God dare not shake the dragon power in it!"

"The blood dragon went there, maybe it was a fate."

"There are too many secrets here. There are very few people in Lingwu land. But I think the two ancestors of Shenglong family and Shenlong family should know..."

Ye Chen Yi Zheng, he and the two big families have a feud, but not qualified to see these two ancestors level strong.

Now we have to practice as soon as possible.

Feng Qingyang finally said: "boy, you are growing too fast. Remember that the road of martial arts should be one step at a time."

"Shenhuo academy is an extremely mysterious existence in Lingwu land, and the surrounding forces can not be underestimated."

"If you are here, the kingdom of God may not move you."

"So, you'd better practice here for a period of time."

"I heard that there is a place in Shenhuo college that is very suitable for cultivation. If you have something from the Dean, you may as well go there."

"When you step into the star hole, you will understand the meaning of our reincarnation cemetery power."

Ye Chen doesn't understand. He stands up and moves his body. Now that he has said that, he must break through as soon as possible.

Although we can fight against the top of the star orifices, if we meet a genius who can jump over the level like ourselves, it will be dangerous.

According to the clear wind, he will not practice in the dormitory naturally. The aura concentration of Shenhuo college is so strong, because Shenhuo college has a higher spiritual pulse than xuanyuezhong's!

According to the distribution of students' dormitories, the dormitories in grade one are weak in aura, medium in grade two and strong in grade three.

However, the most powerful aura is the root of the spiritual pulse!

The root of this spiritual vein is open to students. Besides, regardless of grade, if you want to get into it, you have to spend a lot of contribution points for a day. Ordinary students can't afford it. However, ye Chen has a token given to him by GE Qing. Naturally, he doesn't need to worry about these things.

However, ye Chen does not intend to close down directly. He still has some things to do.

Immediately, ye Chen left the dormitory and went to a certain direction in the college.

There are several figures standing on a small hill near the college. All of a sudden, those figures turn around and look in a certain direction. A bald man laughs and says:

"Ye Chen, you are really hard to find. You have been here for so long. Now, I finally see you."

Ye Chen sees these people, Mou son one joy!

Because these people are Xing Zitang, Ji Xuan and others!

These people, worthy of being talented disciples of the top forces, have improved their strength too quickly!

Xingzitang and Jixuan, even Tianling, are already the existence of Xingqiao! Only Cabernet, slightly weaker.

How long have they been in school? It's such a big promotion!

Xing Zi Tang patted Ye Chen on the shoulder: "brother ye, we will cover you in the next day! The effect of practicing together must be better! "

Ye Chen shook his head: "I want to go out this time."

When Xing Zi Tang and others heard the speech, their faces showed a different color. Ji Xuan asked, "go out? Is it to carry out the mission of the college? "

They are just in school, and they don't need much contribution.

Ye Chen shook his head and said, "no, you know the kingdom of nine you?"

Ji Xuan and Xing Zitang nodded their heads. They were born from the top power. Naturally, they knew something about the kingdom of nine you and the hidden super power of Shenzhou.

Ye Chen said: "in a short time, there will be a royal family of Jiuyou kingdom. The college will send several representatives to celebrate his birthday, and I will go with the dean."

Chapter 2020

This time, Ji Xuan's faces were shocked. It's not what ordinary martial arts can do if they can go to the country of Jiuyou!

Many people who want to visit the kingdom of Jiuyou will not be allowed to visit it. For a long time, the kingdom of Jiuyou has always been a very mysterious existence.

And ye Chen, now has the opportunity to go to the kingdom of Jiuyou and see the royal family of Jiuyou kingdom?

Ji Xuan suddenly frowned and said, "as far as I know, in the past, Shenhua academy did go to Jiuyou country to celebrate the birth of the royal family.

However, generally, two super talents in grade three and one of the most outstanding talents in grade two will go with the dean.

Ye Chen, the Dean should have given you the talent quota for grade two this time. I'm afraid that those top-level talents in grade two will have some opinions. Ye Chen, you should be careful. "

Several other people also nodded in a dignified manner. Recently, they also heard that ye Chen defeated Zhao Liang in the canteen.

Although Ye Chen's strength is very strong, far beyond the realm, but in the face of the top talent of the second year of Shenhua college, people are still quite worried about ye Chen.

After all, the students of Shenhua college are getting better every year.

More than ten years ago, there were many natural environments in the college. Half step star orifices were ordinary in the college.

Now, more than a decade later, there are fewer and fewer creative realms in the college, but in the middle stage of Xingqiao, it can only be regarded as ordinary!

Demons emerge in endlessly!

On the one hand, it comes from the talent of the new students; on the other hand, it is because of the spiritual pulse of Shenhua college, which changes every year!

Practice here, the potential and speed of martial arts is greatly improved!

Ye Chen nodded, the second grade top genius, I'm afraid, than the big demon fierce beast, even stronger, his eyes, lit up a sense of war.

Now, only such an opponent is qualified to interest him.

Xing Zitang said with a smile: "well, let's not talk about this. The main purpose of our meeting this time is not to get together and eat together? Do you mean to go to the Tianqu of the canteen or where? "

Ordinary people can't afford to eat. However, Xing Zi Tang and Ji Xuan are the core talents of the top forces. They have a meal together in the Tianqu of the canteen, which is nothing at all.

Ji Xuan said with a smile: "compared with the dining hall, there is a place that is more suitable for us to get together."

Xing Zi Tang, the same eyes a bright way: "you said, but the moon tower?"

"Moon tower?" Ye Chen can't help but look at them with some doubts and say, "where is this moon tower?"

Ji Xuan said with a smile:

"this moon tower is a restaurant operated by Shenhua college. Its taste is not inferior to that of Tianqu canteen. The operator is said to be able to communicate with the sky in Shenhua college! Moreover, the moon tower has another feature. "

Ye Chen came to a trace of interest and said: "characteristics? What are the characteristics? "

Xing Zitang said: "if you want to eat in the moon tower, you don't have enough money. It's said that the owner of the moon tower appreciates the body builders and the martial arts people with strong power. Therefore, to enter the moon tower, you need to pass a test!"

As expected, the wine house is also unusual.

Xing Zi Tang said: "if you want to enter the moon tower, first of all, you can enter the building by opening a moon gate. The weight of the moon gate is not light, and the star hole can not be opened in the middle stage!

Moreover, the moon gate of the moon tower will close soon after it is opened. If you want to bring your companions into the building, you need to open the door long enough. And every time you open enough time for one person to enter, the energy consumed will also increase rapidly. "

Ye Chen said with a smile: "the moon tower is really interesting."

He was a little curious. How long could he open the moon tower with his push? Just right, also test and test the power of the blood burning formula after the dark flame advanced.

Immediately, several people will be ready to face the moon tower location and go.

A burst of laughter, they led by Ji Xuan, toward the moon tower.

Soon, a few people saw from afar a tall building with extraordinary splendor and soft moonlight standing in the forest. Their eyes lit up. The moon tower did not disappoint them.

Just this exquisite and gorgeous appearance makes a few people quite satisfied. Gathering here must have a special taste.

Several girls, looking at the moon tower, can not help but beautiful eyes a bright, this kind of beautiful, like gemstone general building, which girl does not like?

Even the coldest spirit of heaven, all showed the color of yearning.

Approaching the moon tower, several people can't help but step and look surprised. In front of the moon tower, there is a shining crystal gate, which must be the moon gate. But before this gate, there is a long line!

The popularity of the moon tower is so high!

At this time, in front of the moon gate, there was a tall young man with muscles all over his body. He was working hard to push the beautiful crystal door. The door opened a little gap, but it was far from enough to accommodate one person to pass through. At the sight of the young man's hard work, all the guests waiting in line all burst out a burst of laughter. Beside the young man, a woman in a red cheongsam also frowned slightly. Looking at the strong young man, her face showed a look of chagrin.

Finally, seeing the young man's delay in opening the moon gate, the cheongsam woman snorted coldly:

"since you don't have the strength, why do you come here to disgrace? Take me with you! I'm going back The young man turned and left.

Seeing this, the young man gave up pushing open the moon gate, ran after the woman with a red face and said, "no No, it's just that today, I'm not in good shape

The line of guests, is a burst of ridicule.

But at the moment Ye Chen is tightly staring at the moon gate, looks dignified.

Just a moment ago, he felt a sharp pain in his eyebrow!

this should come from the devil's eye!

Does the devil's eye tell itself that the man he is looking for is here?

Not yet waiting for people to react, ye Chen a cold eye toward a direction to shoot!

Just now, he obviously felt the killing.

There was a man and a woman in sight.

One of the men followed Ye Chen's eyes and stepped out and directly asked, "you are ye Chen."

"I have something to ask you."

"Have you ever been to the valley of the nether world?"

"The death of a young master in Wanyao Valley has something to do with you!"

Hearing this, ye Chen Mou son suddenly shrinks!

Isn't Sikong Feixing deal with the fall of Wanyao Valley young master?

Why do you investigate yourself?

Does Wanyao Valley find that he killed the man?

If this is the case, it will be troublesome.
