Chapter 2021

However, of course, ye Chen can not admit that he has nothing to do with you

"I don't seem qualified to answer you."

Hearing this, the man and a woman came over in an instant.

Both of them are star shaped, with powerful breath and luxurious clothes. The men's clothes are exquisite and appropriate, and the black robes with elegant patterns are engraved, and the women's are dressed in purple dresses, which are equally gorgeous.

The clothes they were wearing, however, all flowed out a faint aura, which was obviously extraordinary!

The family background of these two people should also be extraordinary.

At this time, this man and a woman, positive its cold look at Ye Chen.

Like an enemy.

Xing Zi Tang looked at the two men, his face was slightly cold, and his voice was cold. He said, "what are you? What are you qualified to ask my friend?"

The black robed man was stunned at the speech, and looked at xingzitang with disbelief. He aimed at Ye Chen, although he could see that ye Chen and Xing Zitang and others came to watch the moon tower together.

However, he did not expect that xingzitang would speak against himself in order to protect Ye Chen of xuanyuezong?

Xing Zitang looked at the man in black, but there was no fear on his face. In this Shenhua academy, though, his strength was not so outstanding.

Moreover, facing the young man in front of him, Xing Zi Tang would never be an opponent.

However, even so, as the core successor of the top power, he still has his confidence. Even in this Shenhua college, almost all the students are born out of the ordinary or have a high school.

How many people dare to really annoy a top power?

Even in the college, xingzitang can't help each other, but the teaching of Shenhua college is only three years, and the students of Shenhua college always have to graduate.

Out of school, who has confidence and can withstand the anger of a top power?

This is the foundation of xingzitang!

The young man in black, staring at xingzitang, his name is Wu Xian, from Wanyao valley.

It is closely related to the young master who died in the netherworld canyon.

This time, his biggest purpose in entering Shenhua college is to investigate the truth and take ye Chen away!

Wangu, though it's not easy to get all the news!

Ye Chen, the disciple of xuanyue sect, has the most problems!

Next to him was his girlfriend, Wang Zixin, from Lingxian palace.

is also the eyelid of Ling Xian Di palace in Shen fire college.

Ye Chen appeared in the Youming gorge that day, which was also told by Wang Zixin.

At this time, they were questioned by Xing Zi Tang. Although their faces were gloomy, they didn't speak immediately because they knew the origin of Xing Zi Tang!

This bald youth, give them the feeling, very much like those who have seen the genius of the top forces!

However, even so, Wu Xian would not have retreated under the questioning of a Xingqiao martial artist. His eyes were fixed and he was about to respond to Xing Zitang. One person suddenly came up.

CHEN Ye is!

He reached out his hand and stopped xingzitang, turned his head and said with a smile: "brother Xing, since he came to me, I will handle it myself."

Xing Zitang frowned slightly. The black robed warrior's breath is dangerous, and he is also the body of demon clan. With the strength shown by Ye Chen before, I'm afraid that he can't easily defeat the other party. However, ye Chen has the record of defeating Zhao Liang with his fist before, so he should not be defeated by this guy.

He thought for a while and nodded to Ye Chen, no longer speaking.

And Wu Xian, is a cold voice: "I just want the answer, xuanyuezong is not qualified to fight against our Wanyao valley."

"You can't get rid of the death of the young master of Wanyao valley."

"If you killed it, now admit it, I might give you a good way to die."

"Remember, the immortal Bai Zhentang of xuanyuezong can't save you!"

Before Wu Xian finished speaking, ye Chen held out his hand directly.

Then, in the full view of the public, a slap directly fan out!

"pa!"

The storm condenses and the air waves surge!

Wu Xian's body was shocked back!

A deep palm print appeared on the face and the corner of the mouth overflowed with purplish red blood!

He just wanted to say what, ye Chen word by word: "insult my master, another time, die."

"Even if the Lord of Wanyao Valley comes, I can't save you!"

Finish saying, have not waited for public reaction, ye Chen's eyes fall on the girl Wang Zixin's body.

The eyes are frozen.

Ye Chen evil spirit a smile, handed out a sachet, interesting way: "this thing should be you lost it."

"Next time you watch, don't be so obvious."

"What's more, what about Wanyao Valley? Is that the meaning of the spirit charm behind your Lingxian emperor palace? Or that cheap woman, Xia Lingqiu? This word a, Prince Xin eye kill machine explosion shot!

Not only prince Xin, but all the people here almost stopped breathing!

Xia Lingqiu? Cheap woman?

Who dares to say that the Supreme Master of Lingxian emperor palace in the whole Lingwu continent!

Even the dark night, the leader of xuanyue sect, is not qualified!

However, the xuanyue zong disciple, who has just entered the Shenhua academy, is so blatant!

Madman!

Wang Zixin's hand condenses out a short sword, Wu Xian is also a shot! Sacrifice the sword!

Just want to start, an old man with terrible breath came out of it.

"Moon tower, no trouble!"

"Violators, kill!"

"If you don't accept it, it's better to take the moon gate as an appointment."

The old man is actually a strong man in the imperial court!

Wu Xian and Wang Zixin quickly took away their weapons and bowed their hands to the old man as an apology.

"The younger generation is reckless."

After that, Wu Xian looked at Ye Chen tightly and said, "Ye Chen, if you have seed, you can go to Wanyao valley with me and confront my father face to face."

However, ye Chen did not answer: "I even dare to scold Xia Lingqiu. What is your father?"

"I don't have time!"

"Stand up and let him come to me in person."

Wu Xian's eyes widened: "you!"

When the atmosphere was tense, the old man stepped out and said to Wu Xian and ye Chen, "you two, it's better to make a bet to solve the dispute."

"Gambling? What are you gambling on? "

The old man pointed to the glittering crystal moon gate: "bet, the time to open the moon gate is longer than who?"

"Yes." Ye Chen said directly.

Wu Xian and Wang Zixin were both stunned when they heard the speech. Then, they laughed in front of Ye Chen!

If you want to open the moon gate, at least, you need the strength of star orifices?

Moreover, physical fitness, but also to achieve a certain intensity, or physical fitness is extremely excellent Xingqiao martial arts.

This is still, in the Shenhua academy, the standard of these super talents, and ye Chen?

Even if one's physical fitness is better and reaches the star's orifices, he is far from reaching the standard of pushing open the moon gate. In this way, not to mention pushing the moon gate, but also thinking, who has pushed it for a long time with Wu Xian?

Chapter 2022

How can they not laugh? This man is a big joke!

Ye Chen did not pay attention to two people's exaggerated laughter, still tone indifferent to say: "you, bet not bet?"

Wu Xian finally stopped laughing and looked at Ye Chen with sarcastic eyes and said, "do you want to bet? Sure, but what do you bet on?"

You have to make a good deal of it, or I'll be afraid of your repentance

Ye Chen looked at Wu Xian with a smile and said, "don't worry, I won't default, and you don't want to default. If I lose, I will follow you to Wanyao valley. What do you think?"

Wu Xian shook his head and said, "it's not enough."

Ye Chen said with a cold smile, "what do you want to bet on?"

Wu Xian thought for a while and then said with a smile to Ye Chen, "otherwise, you will kneel down to me in public." His eyes were bleak, which was the punishment Ye Chen had just provoked Wanyao Valley!

if the xuanyuezhong disciple knelt down on him, it would be a good story for Wanyao Valley!

He thought that Ye Chen would panic, shrink back and make excuses.

However, let him and Wang Zixin did not think of it, Ye Chen unexpectedly pale, without hesitation to place the head way: "can."

This time, he almost laughed out, it seems that this man is really crazy, very confident ah!

Ye Chen, regardless of other people's reaction, gazed at Wu Xian and said, "well, what about you? If you lose, kneel down for me, too? "

Wu Xian laughs: "of course, to bet, of course, to bet fairly!"

At this time, the prince pulled Wu Xian's hand: "Ye Chen's strength is not as simple as you think. Although he is in the realm of nature, he has the strength of the peak of star orifices."

Before the first World War, Wang Zixin still had some shadows in his heart.

However, Wu Xian waved his hand and said, "the moon gate is not only powerful, but also has a realm. Even if he goes against the sky, Dantian can't be much better than me..."

"But..." Wang Zixin hesitated.

"No nonsense! It's up to me! "

Wang Zixin sighed, shook his head and stopped talking.

.....

Several people in the team slowly forward, finally, ye Chen and others came to the moon gate before.

And ye Chen, to the beautiful crystal gate.

The people around, watching Ye Chen go to the moon gate, are all talking about it.

They had already seen Ye Chen, but who did they think he was with and needed someone else to open the door for him, but they didn't expect Ye Chen to open the door?

How can a warrior in the realm of nature push the moon gate open!

"Who is that man? This kind of cultivation also pushes the moon gate? Are you not afraid of disgrace? "

"Maybe they just want to challenge? Anyway, challenges don't cost money. "

"Ha ha, I can't help myself. If I want to challenge, I will wait for the star to challenge again? The realm of creation? What is it? "

Listen to Wu Yuexian, and I will not open the door for a long time

People were surprised at the speech, and then there was a burst of laughter!

"Ha ha ha ha, the martial arts man who created the realm wants to gamble with Xingqiao? It's killing me to laugh! "

"Yes, this boy, I remember. I will give him the title of the first and second Leng son in the college."

"Ha ha ha, there's a good play to watch. I don't know. What are their bets?"

Listening to the ridicule of others, Wu Xian looks satisfied. What he wants is this effect. He doesn't want to be known as forcing his younger martial brother to kneel.

And ye Chen, is still indifferent, people's discussion, he has not put in mind, at this time, he has stood in front of the moon gate.

"Let's try the power of the new Xuanyan."

He closed his eyes slightly, adjusted the inner spiritual power, a purple flame, from his Dantian, into the whole blood!

With a roar, the purple light exploded and flashed. A purple flame was burning on Ye Chen's body surface. The students who were closer to Ye Chen could not help shivering. The purple flame even sent out a strong chill!

Soon, the purple flame convergence, ye Chen eyebrows, emerging a flame lines, at the same time, the body above, the way purple lines shine.

And ye Chen, looking at his palm, eyes, is flashing with excitement and pleasure.

After the promotion, Xuanyan did not disappoint him!

Now, the advanced blood burning formula has brought him too much power!

I feel the violent power in my body. The power is so huge that it can move mountains!

Ye Chen's eyes, looking at the moon gate in front of the body, can't help but become a little eager to try!

Wu Xian and Wang Zixin nervously looked at Ye Chen, who had undergone amazing changes. Their heart beat faster. Wang Zixin looked ugly and anxiously asked Wu Xian, "I always feel something wrong." Wu Xian's face was not good-looking, but he kept calm and said:

"don't be nervous. In terms of strength, I haven't been afraid of anyone in Wanyao valley."

"If I use the secret arts of Wanyao Valley, my strength can be greatly improved. It is very different from my normal state!

Are you really afraid of him?

It's just that, generally speaking, I only use that secret skill when I'm in a critical situation... "

He looked at Ye Chen's back with some hesitation, and finally showed a resolute look. He gritted his teeth and said, "the stronger Ye Chen is, the more likely he is to take the initiative in the Youming gorge.

If it is, his performance is really a threat to me. Even if I use my secret arts, I will defeat him completely and trample on his self-esteem! "

Wu Xian was also ruthless at this time. Although the secret skill of Wanyao Valley is very powerful, he can even make Xingqiao master to overcome a shackle and defeat Xingqiao warrior!

However, in life, the number of times, only two, if not for the real life and death, Wanyao Valley, will not use this secret skill at will!

However, seeing Ye Chen's performance, Wu Xian is really cruel!

Even if he wants to waste a precious opportunity to use the secret arts, he will win over Ye Chen in the yuemen bet! Let Ye Chen kneel down in front of the crowd!

After all, if he really lost, and asked him to kneel in front of so many people, or kneel down to Ye Chen, a humble civilian, that feeling, for him and Wanyao Valley, it is simply that life is worse than death!

He Wu Xian, absolutely impossible to do so!

Wang Zixin was relieved to hear that Wu Xian decided to use the secret arts. However, the secret arts of Wanyao valley are very famous in the whole Lingwu continent.

Only those who have the blood of Wanyao Valley can use it. Although there is a limitation on the number of times, but! It can't cover up the infinite power of that secret art!

Chapter 2023

And ye Chen's hands, under the people's gaze, finally pressed to the moon gate!

Feeling the weight of the beautiful crystal gate that scares countless talents away, ye Chen's face raises a faint smile.

What did he feel?

Light!

It's too light!

Even, just like an ordinary wooden door, it can't give ye Chen any pressure at all!

And this moment, all people's heart, also can't help but mention the voice, do not know, ye Chen after all can, push open the moon gate?

After all, although some people have seen the process of Ye Chen's defeat of Zhao Liang, the battle was too weird and ended too quickly to make a definite judgment on Ye Chen's strength.

And more people, just heard of Ye Chen's deeds, but did not really see his hand, for ye Chen's power, more curious.

The next moment, ye Chen hands a force, the door in front of the crystal door, it is like plastic products, suddenly opened to both sides, the huge force to drive the door, set off the wind is blowing close to the warrior can not help but step back!

The rule of pushing the moon gate is not to push forward step by step, but to open it with a push!

But ye Chen this push, unexpectedly is lets in front of extremely heavy moon gate, sends out the roar a bang, heavy bumps into the inside! Even the whole land is shaking up!

This push, completely opened the moon gate!

Silence, the air in front of the moon tower, completely solidified.

All the onlookers are staring at Ye Chen. What power is this? It's horrible!

This power is going to surpass the peak of the star body!

What is Ye Chen's cultivation?

The realm of creation!

It's not even the star world!

Is this still human?

Ye Chen didn't care. This was the expected result. He just turned his head and said with a smile to xingzitang and others who had fallen into stagnation: "brother Xing, brother Ji, come in quickly."

This time, the moon tower is completely boiling!

Innumerable people send out exclamation, cheering, ye Chen's performance, is too shocking, too perfect!

And xingzitang and others, also with honor Yan, in the cheers of the crowd, walked into the moon tower.

There are two people, but they can't get into the atmosphere.

Wu Xian and Wang Zixin, inconceivable and unwilling to believe, looked at the moon gate pushed open by Ye Chen and could not be closed for a long time. For a moment, the incomparable pressure crushed their body and mind!

Wang Zixin asked Wu Xian in a trembling voice, "can you win him?"

And Wu Xian, also silent, Wanyao Valley secret arts is very strong, can be called against the sky, but, also can only enhance his strength, to the limit.

However, the limit of their own can be like Ye Chen, push the moon gate completely open, for a long time can not close it?

Originally, confident Wu Xian, now, finally afraid, even regret!

He regretted that why he was idle and had nothing to do to provoke Ye Chen?

But who can think, originally, just want to step on the foot of the ant just, but this step, but stepped on the tail of the dragon!

Wu Xian's face was cold and sweaty, his heart was tense, and his brain was running at full speed. He was thinking, what's the solution!

However, Wu Xian, who was quite confident in his intelligence, now has a blank brain. In the face of Ye Chen's uncanny power, what is his strategy? It's just empty talk!

Wu Xian swallows saliva, can't, can't go on like this, he now, has not made a move, but, already felt, own Dao heart appeared a crack!

If you really continue to gamble with Ye Chen, and if you are forced to kneel down in public after failure, will your Taoist heart completely collapse?

At this time, Wu Xian could not help but whisper to Wang Zixin: "Zixin, I Let's go first... "

Wang Zixin took a look at Wu Xian. She knew that Wu Xian had no confidence to surpass Ye Chen when he said so. Then, to let him continue to gamble would only end in humiliation.

She nodded, two people quietly turned around, while the crowd did not notice them, so to leave the moon tower.

But at this time, suddenly someone said, "by the way, just now, someone said that they would like to have a competition with this freshman?"

As soon as this man's voice fell, everyone's eyes flashed and focused on Wu Xian and Wang Zixin who were about to leave.

The faces of Wu Xian and Wang Zixin turned pale.

Wu Xian thought hard, trying to find an excuse to excuse, suddenly, not far away came a sweet girl voice.

"Who opened the moon gate to such an extent?"

The people were attracted by the woman's voice and looked back.

I saw from the moon tower, riding the moonlight, floating to a transparent gauze, curvilinear woman, looking at this woman, even ye Chen, is a little bit in a daze. Although, like the spirit of heaven, she covered her face with a veil, but the veil was much thinner.

The looming face, coupled with a pair of beautiful eyes like the bright moon surrounded by stars in the night sky, has formed a kind of transcendent and incomparable beauty!

In Ye Chen's impression, only Ji Siqing, Xia Ruoxue, Wei Ying and others can compare with this woman in appearance?

However, what makes Ye Chen pay more attention to is the strength of this woman!

This woman, very strong! He is a martial arts man!

At the moment of Ye Chen's fright, a stabbing pain came from the center of his eyebrows!

Who is she?

Is it really the person from Shenhua academy that the devil emperor told him?

The chance for the devil to recover his real body lies in this man?

Ji Xuan beside Ye Chen pulled Ye Chen's sleeve and whispered, "this one should be the master of the moon tower."

Ye Chen is surprised again when he hears that the owner of the moon tower appreciates the martial arts man who has great power.

In his imagination, this man must be a tall man with a very strong body and bold and unrestrained manner. But who would have thought that he was such a fairy like woman?

However, ye Chen said politely to the woman, "it's me who pushes open the moon gate."

The woman's bright eyes look at Ye Chen. When she sees Ye Chen's cultivation, there is a glimmer of color in her beautiful eyes.

However, she didn't say anything more. She said with a smile to Ye Chen: "for a long time, there is no new person. I can push the moon gate open completely. My name is Chuying. Can you tell me your name?"

Ye Chen said, "Ye Chen, the freshman of this year's college."

Chu Ying nodded and waved to Ye Chen. A pale gold card fell into Ye Chen's hand. Chu Ying said with a smile:

"anyone who can open the moon gate completely can become a VIP of the moon tower. This gold card is the proof of the identity of the VIP. Only you can use it.

Thank you. In front of the moon tower, I saw another interesting scene. Please don't refuse. This gold card is just my return gift. If you use this gold card, you can get a 50% discount for consumption in the moon tower. "

Chapter 2024

Chu Ying's words, but also in the crowd, set off an uproar, the VIP of the moon Tower!

That's not the general treatment!

The moon tower itself is a high-level consumption place where powerful people gather. In this place, it can be imagined that what superior treatment and benefits it will bring will be countless!

What's more, you can get a 50% discount on consumption in Wangyue building!

The dishes of the moon tower can be compared with the food hall. Naturally, the price is extremely high. This 50% discount is equivalent to a huge fortune!

If ye Chen is willing, as long as he brings people to eat in Wangyue tower, he can get a considerable fortune.

Ye Chen took the gold card and said with a faint smile to Chu Ying:

"thank you very much, then I will be disrespectful."

Since this person may be the devil emperor to explain that person, ye Chen naturally wants to make friends with each other.

Chu Ying see ye Chen so calm, but a little surprised.

Ordinary people, after getting the gold card of the moon tower, are often excited.

Ye Chen, however, does not seem to take his gift too seriously. This is something that even the children of the top forces can't do.

However, ye Chen's indifferent attitude also made Chu Ying interested in him.

She said to Ye Chen with a smile:

"this moon tower is not only a Shenhua college. In many places in Lingwu mainland, there are business places of Wangyue tower, and it is not only a restaurant. This gold card can be used in all industries of wangyuelou."

With that, she was ready to return to the moon tower.

And the public, then to Ye Chen cast naked envy and jealousy eyes.

Ye Chen doesn't care. However, her eyes twinkle slightly. She is also curious about the identity of the female shopkeeper. The identity of a woman who can give such a gold card at will will not be simple.

However, he doesn't intend to think about these things now. Now, he has another thing to do.

Ye Chen slowly turned to Wu Xian and Wu Xian, who were distracted by Chu Ying and were ready to flee. He said softly:

"should it be your turn to push the moon gate

Since Wu Xian wants to gamble and he wants Ye Chen to kneel down, how can ye Chen let them go at this time?

When the crowd looked at the two men who were ready to escape, they couldn't help laughing.

"Well, you see, this guy is not the warrior who said he wanted to gamble?"

"Ha ha ha ha, just now, why are you in such a hurry to leave now that I talked about gambling and fighting so loudly?"

"Seeing this new student, this kind of rebellious performance even leads to boss Chu. If it was me, I would be scared to flee?"

Chu Ying, who was about to leave, could not help but turn around with interest when he heard all the comments. He asked Ye Chen curiously, "what are you gambling on?"

Ye Chen gazed at Wu Xian, who was pale and tried to restrain his shaking body. He said, "this elder martial brother Wu seems to be very confident in himself. He has to let the loser kneel in public."

His eyes grew colder and colder.

"Or do you have the good habit of kneeling? How can I let him miss such a good opportunity? Elder martial brother Wu, please? "

Wu Xian stares at Ye Chen. Now, he hates Ye Chen. However, he takes Ye Chen. There is no way.

After all, he asked for the bet!

Wu Xian now, the heart that wants to die has

But Chu Ying was Jiao, laughing and clapping her hands and saying:

"it's interesting. I didn't expect that ye Chen's fun for me is more than just pushing the moon gate open completely.

The one over there, is that senior brother Wu?

Come here quickly. I can't wait to see elder martial brother Wu's ability.

I wonder if I can be the referee in this gambling game

Ye Chen said with a smile: "with the identity of Chu fairy, naturally there is no problem."

Chu Ying grinned and looked at Wu Xian, whose face became more and more iron green. "That one over there, you judge me. Do you have any problems?"

Wu Xian clenched his teeth. He wanted to say, yes, too much! I don't need any referees at all, because I don't want to compare!

Who would want to compete, a must lose contest?

What's more, the losers of the competition still have to kneel in public!

But, dare he say so to Chu Ying? He wandered in the upper circles of Lingwu land, and he knew something about the power behind the moon tower!

The background of this beautiful Chu fairy is not simple at all!

The moon tower is a force on the Lingwu continent. It is a huge organization in all walks of life. It is not afraid of the kingdom of God.

The power to do this, naturally, is extraordinary! There are even legends that the moon tower and the mysterious nine secluded country have a lot to do with each other!

Chu Ying, as the owner of the moon watching restaurant in Shenhua college, can never be an ordinary existence

In addition, she is also a martial arts person who has sealed the door

Even if the martial arts of the most common origin and those who have not reached the goal, they dare not disrespect such people. At least, Wu Xian dare not.

After all, fengmenjing is enough to make its own style in Lingwu.

Wu Xian, in the face of Chu Ying's question, can only hold on and nod to her: "I have no opinion..."

Chu Ying nodded and waved to Wu Xian. Wu Xian's body was brought to the moon gate without any resistance.

Chu Ying said with a smile, "well, let's start now. I want to see if you can also create a miracle like Ye Chen. If you can push the moon gate open completely, I will make the decision to let both of you avoid gambling and punishment. I will also give you a gold card."

Wu Xian is almost crying now. Although Chu Ying's words are very nice, it is obvious that if he is not as good as Ye Chen, Chu Ying is not going to let him go.

However, Wu Xian, after all, is a disciple of Shenhua Academy. Soon, he is determined. Now, he has to fight!

His face was dignified, his hands had a strange Dharma seal on his hands, and his breath began to become obscure. Black air came out of Wu Xian's body!

"Ah, ah, ah, ah

Wu Xian uttered a painful roar, and his skin gradually turned to pure black. Even his white eyes turned black, but his eyes, which were supposed to be black, turned white instead!

At this time, Wu Xian looks strange!

What's more strange is that his breath is climbing at an amazing speed!

This is the secret art of Wanyao Valley, the body of Wanyao!

Chapter 2025

And Wu Xian's breath, when it reached the extreme, finally stopped growing!

He gasped heavily, raised his hands, and gathered his whole body's spiritual power. The power of the realm was even more crazy, staring at the closed crystal door!

"Roar!" Suddenly, Wu Xian burst out a roar and clapped his hands towards the moon gate!

With a big bang, the whole Shenhua Academy was shocked by Wu Xian!

The momentum of this blow was extremely amazing, and it was still on Ye Chen!

All of them were shocked to see Wu Xian. The other side first displayed his secret skills, and his accomplishments soared in an instant. Then, he sent out this terrible attack, which made them shake their original confidence in Ye Chen.

This Wu Xian, is also the existence of terror!

Wu Xian himself was also ecstatic. Under the pressure of Pang ran, Wu Xian seemed to have broken through his own limit. The palm he had just made was almost the most powerful one in his life!

Its speed, strength, have reached their peak, perhaps, there is really the possibility of surpassing Ye Chen!

In his heart, not only a silk of expectation rose!

However, ye Chen saw Wu Xian's performance, but did not show the slightest color, instead, hanging a faint smile.

Although Wu Xian was a little surprised when he used secret arts to improve his accomplishments, his level is nothing more than that.

While standing beside Ye Chen, Chu Ying also shakes her head slightly. She does not deny that Wu Xian's power is not small, but she knows that Wu Xian has lost.

If you want to open the moon gate perfectly, it's not. Just brute force is enough.

Also need, to the power, extremely accurate control!

Maybe Wu Xian's strength has reached the level of perfect pushing open the moon gate, but!

Its control of the force, compared with Ye Chen, is simply the difference between clouds and mud!
That's too bad!

The crystal door leaf of the moon gate trembles and opens to both sides at a very fast speed.

And people stare at the crystal door of the moon gate, in this very short time, the atmosphere is tense to the extreme!

Finally, in the position that is about to be fully opened, the two crystal doors of the moon gate are completely static.

In front of the moon tower, there was a silence. People looked at the static door. Wu Xian's attack was defeated by Ye Chen?

What is the level of terror of Ye Chen's power?

People feel that their brains are swollen and dizzy. Almost, they are shocked to think by this fantastic scene!

And Prince Xin, at this time, was as pale as death. When Wu Xian lost, he really lost. That is to say, he used the most precious secret arts. Even if he had the highest cultivation of Xingqiao, he still lost?

It seems that the information mastered by Lingxian palace is far from enough.

Ye Chen and Lingyun vice palace master's one-year appointment, the result is really unpredictable.

At this time, Chu Ying indifferently said: "this gambling fight, ye Chensheng!"

Hearing Chu Ying's voice, Wu Xian felt as if he had heard the judge's death sentence. He was in despair. His empty, godless eyes looked at Ye Chen.

On the right, is a pair of full of pride, but also extremely cold eyes.

In an instant, ye Chen's figure, in Wu Xian's eyes, became extremely tall and extremely terrifying!

As if, he is just a mole ant, and ye Chen, is a giant towering into the clouds!

Ants, if you accidentally annoy the giant, what will happen?

Perhaps, the world of mole ants, the whole world, will be destroyed completely?

Ye Chen said to Wu Xian, "are you supposed to fulfill your gambling appointment?"

Wu Xian is not worthy of his pity. Anyone who offends him has to pay a heavy price!

Chu Ying also urged with a smile: "since it's the bet that you put forward, then, quickly start to implement it?"

She was still interested in Wu Xian's kneeling.

A star orificed warrior kneels down to a creator warrior?

Who doesn't want to see such an interesting thing?

Wu Xian knows that he is finished.

From then on, he couldn't look up any more.

Even the honor of Wanyao Valley is ruined!

The circle he has been running will also begin to exclude him after receiving this news.

This is such a cold, realistic circle.

This circle, once, was everything he believed in, everything he pursued, a symbol of his identity, and the source of his pride.

But now, it's all over because of Ye Chen.

This is the young man he despised.

Wu Xian's eyes, left a line of tears, he in the eyes of the people, puff, kneel down in front of Ye Chen.

It's not because he decided to kneel.

However, when he collapsed, he could not support his body and knelt down subconsciously. Ye Chen coldly looked at Wu Xian, who was kneeling down in front of him, and said:

"I am really from an ordinary family background, and I don't have your so-called family background."

Since he set foot on the road of cultivation, he has come step by step, relying on himself!

Without the support of his family and blood relatives, what he can have today is not by any means of communication, or by his noble words and deeds, but by his iron will and unyielding spirit, which he has trained for survival and fighting since his childhood!

"Now, I'm going to tell you that your so-called family background, in my opinion, is nothing!

I, ye Chen, is my family background. I am the background!

Do you think that your family background can make you superior and despise others? Ridiculous!

You are just an ignorant clown blinded by vanity. Even if you try to raise yourself, you will not change your humble nature

"Now, kneeling in front of me is the best proof! You remember, no matter how great your family background and background, there are still people in the world that you can never offend!

These people can not be measured by your so-called family background! "

When Wu Xian heard the speech, his heart trembled violently. He uttered a very painful scream. His seven orifices bled and his spirits hissed. He fainted in an instant!

All people, are shocked incomparably looking at Ye Chen, for a time, do not understand what happened!

They are very clear, ye Chen, did not attack Wu Xian!

However, with his words, Wu Xian became this miserable appearance?

This! It's so horrible, so weird!

People trembling at Ye Chen, the young man who created the world, actually let these talented people in the land of spirit and martial arts raise a chill from their souls!

There were only a few people who understood what had happened!

Ye Chen, the reason why he is able to speak makes Wu Xian look like this because of the strong divinity in the words he just said!

Chapter 2026

In his heart, the soul of Wu Xian was eroded by his words!

Ye Chen's seal of divinity is deeply engraved in Wu Xian's spirit. Even if it's the martial arts who seal the door, it's impossible to erase it!

Originally, Chu Ying, who was only interested in Ye Chen, now looks at Ye Chen's eyes and has completely changed!

She has an extraordinary origin and has seen many gifted and unimaginable talents. However, there are very few people who can do this kind of thing like Ye Chen!

In her impression, I'm afraid only one person can do it?

However, even if she had the cultivation of the early stage of fengmenjing, she could not apply her divine power to such a level as ye Chen.

Every word and action contains the power of Tao, which influences the life and the destiny.

This is almost, is only then the real God devil, can achieve the matter!

This kind of state is very difficult to achieve by cultivation alone.

Only with unique talent, comparable to the super monster of the gods and demons, can it be realized!

And ye Chen, is such existence!

Chu Ying looking at Ye Chen, a pair of beautiful eyes, can not help but gradually bright up!

Originally, she thought that the small episode in front of the moon tower tonight was just a funny accident for her boring night.

But did not think, this accident, to her, is a big surprise!

Chu Ying is very beautiful, born out of the ordinary, natural, pursuers are also numerous, but, proud of her, but never really moved.

But now, in front of the moon tower, which is operated by himself for recreation, Chu Ying's calm heart has been rippling for the first time because of a man.

This name is Ye Chen, let her incomparably curious, let her also see through youth.

This cultivation is only the realm of creation, but it shows the genius of incomparably terrifying potential.

And tonight, in front of the moon tower, these talented people who will dominate the land of Lingwu in the future have remembered a name, a name that they will never forget.

Ye Chen.

.....

After Wang Zixin left with Wu Xian, Chu Ying said with a smile to Ye Chen: "Ye Chen, you and your friends are here to eat at Wangyue tower?"

Ye Chen said with a smile: "of course, we will not come to push the door to play?"

Chu Ying suddenly took Ye Chen up without any scruples. While leading him to the moon tower, she said with a smile:

"come with me. I'll take you to the top floor of the moon tower for dinner. Only my friends are there.

Even ordinary VIPs can't go in. "

Her movements are natural and incomparable, as if she had been familiar with Ye Chen for a long time.

Everyone was stunned.

Even ye Chen, some do not know why, but he did not refuse.

This woman is very mysterious, he must now determine, this person and the devil emperor exactly what relationship!

At this time, he also said with a smile in Ye Chen's mind: "boy, it seems that you have provoked a wonderful woman again. I'd like to see if one day, even the real goddess, will be attracted to you."

Ye Chen said with a bitter smile, "do you like me? How is that possible? Chu Ying and I just met each other? "

Feng Qingyang said with a smile: "you don't understand. Women are all sentimental creatures, even the goddess in the sky is the same. If you attract them, even if you only heard the rumors about you, you may fall in love with you."

Ye Chen took a glance at the wind and said, "look, the elder is an old driver..."

"What is the driver?" he said in surprise

Ye Chen:

Ye Chen takes a look at the Chu Ying who leads him. Is it that this mysterious and highly cultivated woman really takes a fancy to him?

Or is it because he has the smell of demon emperor?

That's what makes you feel good?

His eyes crossed Chuying's face, which was covered by the veil. Suddenly, he had an impulse to take off the veil on the other side's face

Soon, under the leadership of Chu Ying, they came to the top floor of the moon tower.

The moon tower is originally a very elegant place, and its decoration pattern is extremely exquisite. However, compared with the top floor of the moon tower, it seems that it is just a restaurant that can be seen everywhere on the street.

Even Xing Zitang, Ji Xuan and others, who were born in the top power, were shocked by what they saw.

Beautiful, so beautiful!

Although it is still wooden walls, windowsills, tables and chairs, as if, nothing special in general.

However, these decorations and buildings are perfectly integrated without any incongruity. In the rendering of the moonlight reflected from the skylight, it exudes an atmosphere similar to that of a fairy's residence.

Being able to drink and eat here is not only a kind of enjoyment, but also the exercise of mood and the understanding of Daoyun! This seemingly ordinary top floor of the moon tower, absolutely, is not from ordinary hands!

Ye Chen's eyes pass over the top floor of the moon tower, and his pupil shrinks. The person who can design the top floor of the moon watching tower must still be on the sealed door!

In other words, the man who built the top floor of the moon tower in Chu Ying had a deep understanding of the rhyme and array of Tao and the way of building it!

Such existence, even in the first-class forces, is the existence of the supreme elder. How can it be possible to build restaurants for people easily?

The origin of Chu Ying, I'm afraid, is more terrible than he imagined!

Chu Ying led the people to sit down in front of a round table carved of ten thousand years old wood and said with a smile:

"wait a moment. Today, I'll cook myself. Please try my craft."

Then, without waiting for the crowd to speak, he went to the door.

After Chu Ying left, Xing Zi Tang couldn't help laughing at Ye Chen and said, "brother ye, we are so lucky to have tasted the delicious food cooked by such an immortal beauty!"

Ye Chen said with a bitter smile: "how did you pull me again? It's just that the Chu fairy is on the rise for a while."

But Ji Xuan and Xing Zi Tang couldn't help laughing.

Soon, Chu Ying personally carried a series of delicious dishes with all kinds of colors, flavors and flavors, and put them in front of Ye Chen and others. For a moment, the attention of the people was also completely attracted by these delicacies.

Have to say, Chu Ying's identity, seems to be extremely not simple, but its cooking, is exquisite to can not be more exquisite!

These dishes are even more delicious than those in the dining hall!

It's the ultimate delicacy in Lingwu!

Chu Ying himself also sat down at the dinner table and had a good time talking with the people. He was like a friend, and he didn't have the airs of a strong seal.

When ye Chen mentioned that he was going to follow the dean to the kingdom of Jiuyou soon after, Chu Ying's beautiful eyes sparkled with joy and said:

"Ye Chen, are you going to celebrate the birthday of the ninth Princess of the kingdom of Jiuyou? That's great. I'm going to go, too. I'm going to ask the dean to accompany me. In this way, I won't be lonely during the journey. "

Chapter 2027

"Are you going to the kingdom of nine you, too?"

Ye Chen's conjecture is becoming more and more clear. It is not everyone who can go to the country of Jiuyou. For example, the four imperial royal families, four college presidents and top talents are eligible to participate. But Chu Ying is also going to celebrate his birthday in Jiuyou?

You're a little mysterious, you know? However, my identity will never be told to outsiders... "

Ye Chen can't help being speechless. She looks like a fairy, and the owner of the moon watching tower. In front of Ye Chen, she acts like a girl.

After dinner, several people are ready to leave.

"Ye Chen, hold your step lightly."

When Ji Xuan and Xing Zi Tang heard the sound, they patted Ye Chen on the shoulder. They said in a way that you know, "brother ye, take it easy."

Ye Chen did not pay attention to, he stopped and went back inside again.

Close the door and move your hand.

A faint fragrance surged through the room.

Chu Yingmei eyes flow, for ye Chen poured a cup of tea: "Ye Chen, there is something I want to ask you alone."

Ye Chen picked up the teacup and laughed: "what."

Chu Ying stood up, a trace of cold breath circulation, direct way: "Ye Chen, you have been to the devil's land?"

"Why is your body a demon?"

"Who the hell are you?"

"What's more, why do you have the breath of the ancient fallen man?"

Hearing this, ye Chen is absolutely sure that Chu Ying must be a man of the devil kingdom!

And it's definitely the one the devil wants him to find!

Ye Chen stood up and looked at each other with his eyes. Even if he was a strong man, he had no fear!

For a long time, he began to say, "I am the devil, the things are here with you?"

However, before the words were finished, a cold sword with endless evil Qi fell on Ye Chen's neck:
"insult the devil emperor and seek death!"

Cold to the bone marrow of the killing intention completely shrouded Ye Chen!

Life and death, a hair trigger!

.....

At the same time, wanjian emperor palace.

The king of ice sword slowly vomited out his turbid qi and took back his hand. He looked at Ji Lin in front of him and shook his head: "the inborn poison has really appeared."

"Fortunately, the inborn poison is on Ye Chen's side. If it is controlled by the kingdom of God, ye Chen will be in danger."

"It's a pity that the inborn poison is awakened, but the little girl's cultivation can't support the terrible poison."

"Ye Chen will be more and more difficult in the future. We must find a way to improve the cultivation of this little girl as soon as possible, so as to really help Ye Chen."

At this time, Ji Lin opened his eyes with difficulty.

When her big eyes saw the king of ice sword, she sat up quickly: "where is Ye Chen?"

"He has gone to Shenhua college, and will come to you then," Wang explained with a smile

"Where is Shenhua college? I'm going to go too."

Say Ji Lin then plan to get up to look for ye Chen.

These days of coma let her think of one thing, heaven and earth kill domain, ye Chen too dazzling.

Now ye Chen is strong enough.

And the thing that ye Luo Er is taken away, she can't face finally.

It's time to Tell ye Chen.

One day later, sister lol could be in danger.

However, once you tell Ye Chen, I'm afraid it will be a bloodbath again.

Can't control it!

the ice sword Saint Wang shook his head: "you are not a student of Shenhua college, you are not qualified to enter, you have to wait for ye Chen here."

Ji Lin some trouble, directly toward the door and go: "what break the rules, garbage school."

As soon as he got to the general level, Ji Lin thought of something. His eyes looked at the king of ice sword and said, "well, you can do me a favor. Do you have any skills to check what happened a long time ago. You need a high-level one."

The ice sword Saint Wang's eyebrows coagulated, or a point in Ji Lin's eyebrows, soon, Ji Lin showed a happy expression.

"Thank you. I'll go out for a few days and investigate something."

After Ji Lin disappeared, a figure appeared around the king of ice sword.

If ye Chen is here, he will surely find that he is the injured frost sword God in Qiankun killing area.

It's just that at the moment, the injury of frost sword God is almost recovered. Although the cultivation is not as good as the peak, it is also powerful.

"Palace master."

Frost sword Shinto.

The palace of the emperor of swords now takes the ice sword as its respect. The ice sword naturally becomes the new palace master!

The king of ice sword looks at Ji Lin's disappearing figure and says directly: "you follow this girl, don't let her have an accident."

"Don't do it until it's time for crisis."

"His cause and effect have been connected with Ye Chen. Don't interfere too much."

"Yes! Palace master

Frost sword God disappeared.

When only the king of ice sword is left in the whole temple, ice sword comes to the stone table and puts out a game of chess. Holding the sunspot in his hand, he just wanted to fall down and said, "yonglao, how is that boy doing in Shenhua academy?"

Language down, the void split, an old man with a wine pot came out with a smile.

It is the eternal king!

The eternal King took a sip of wine, sat down on the stone bench and took out a white one.

"You don't have to worry about that boy. It's nothing but a little more trouble."

"Now, as long as he doesn't meet those people, he's not likely to have an accident."

The king of ice sword dropped a chess piece and suddenly said, "what if you foresee those people in advance?"

The eternal king was stunned, hesitated for a moment, and then continued: "that's the disaster of his hit."

"As far as I know, Ge Qing of Shenhua academy has invited the boy to go to Jiuyou country."

"The feast of the nine secluded country was full of intrigue and turmoil. I don't know what role this boy can play in it."

"If it falls, it's a pity. If it's a chance, it's a good thing. It's not enough for this boy to have you and me. If you have the help of the country of nine you, you may be much safer. "

"I went to the kingdom of God. The kingdom of God and the temple of heaven are already looking for this boy."

"I don't think I can press down on some things. I don't have much time left for that boy, eh."

The king of ice sword has a trace of killing intention in his eyes: "no matter what, ye Chen is my apprentice, the only apprentice I admit!"

"if those people want to move him, they should step on the body of my king of ice sword first!"

Language down, the palm of the chess pieces broken, into powder.

The eternal king did not intend to play chess. He took a look at the direction of Ji Lin's departure: "what about the little girl?"

Ice sword light way: "asked me to ask a technique, said is to investigate the matter."

The eternal king was stunned and dignified. He took a sip of wine and said slowly, "you and I can't interfere in this matter."

"It is estimated that ye Chen will soon know about longluo'er."

"This battle will be advanced."

"The holy dragon family is the link between the nine heaven god dragon hall and the divine Kingdom, and the power behind long Luo'er. It's not something that a human can shake."

"This boy, if you touch the interests of those guys, I'm afraid it's going to break the sky."

The king of ice sword suddenly laughed: "Yonglao, Ye Chen has a name."

"Ye Shitian."

"From the beginning, he represented his attitude."

"If the sky touches his scales, he kills the sky and breaks the sky!"

Chapter 2028

In the moon tower.

The atmosphere was dignified.

Chu Ying holds a long sword in his hand, so he can do it at any time.

And Ye Chen looked at the sword in front of him, and he didn't panic at all.

If Chu Ying doesn't move the sword, he may not be able to completely determine the relationship between Chu Ying and the devil emperor.

Now it seems that even if Chu Ying is not the one the devil emperor is looking for, he still cares about the existence of the evil emperor.

Chu Ying looked at Ye Chen without fear and frowned: "you are not afraid that I will kill you?"

"even if you are a student of Shenhua college and I kill you, Shenhua college will not take me for granted."

"Even, Shenhua college dare not investigate too much."

Ye Chen five fingers a grip, a cup of tea appeared in the palm of his hand, he gently sipped: "you as a girl, why so impatient?"

"What if I were really the devil?"

Chu Ying eyes burning with anger, there is no more before the amorous feelings.

"Ye Chen, you want to die!"

The next second, she plans to move the sword!

However, a majestic free and easy voice suddenly sounded!

"Demon, dye the sky with blood, and shake the spirit and spirit of heaven and earth!"

"Devil, dare to laugh at the emperor of the three realms. The sword will destroy the temple of heaven!"

"Demons have knelt down on me, but you want to kill me with your sword?"

Chu Ying's sword stopped.

Her eyes were full of horror and shock.

"Who are you?"

Ye Chen's hands are behind him, and the devil's body is opened, surrounded by endless evil Qi.

At this moment, Chu Ying was a little shaken!

This scene, too familiar!

as like as two peas of nine.

That is the supreme devil who shakes the world!

Isn't the devil really dead?

Born again to this young man!

Her sword was shaking, her body was shaking, and her chest was so magnificent that people could imagine.

And ye Chen turned and laughed: "it doesn't matter whether I am the devil emperor or not."

"The important thing is, do you have something from the devil?"

"To be able to restore his real existence?"

Hearing this, Chu Ying pinched her fingers and set up a shield. Then she came to Ye Chen: "I understand what you mean in your words, but that thing is not around me."

"In the kingdom of Jiuyou."

"I will not treat you as the enemy or the devil emperor now. After all, this matter is of great importance. I will send someone to the devil's hometown to find the devil. If you dare to cheat me, I will kill you."

Obviously, Chu Ying believed most of Ye Chen, but she was extremely cautious.

It's not a trivial matter about the devil emperor.

The key is that she doesn't want to believe that the devil is still alive!

"Good."

"I can't wait."

"Since that thing is in the kingdom of nine you, this trip is necessary."

Ye Chen walked toward the outside, went to the door, and suddenly stopped: "today's things, nothing happened."

"I am still the ordinary freshman Ye Chen of the Shenhua college, and you are still the helmsman of the moon tower."

Finish saying, ye Chen then left.

Chu Ying looked at Ye Chen's leaving figure and fell into meditation.

She had a premonition that the appearance of this mysterious youth would shake Jiuyou.

"If the devil emperor is still alive, if today's words spread out, I'm afraid the Shenhua academy will suffer. Let it never happen. "

.....

After Ye Chen left, suddenly came the voice of the wind in his mind: "this girl's constitution is special, born demon body, not ah."

"Born devil?" Ye Chen was stunned.

Isn't this something made after tomorrow, or is it born?

Feng Qingyang nodded: "I'm also a little surprised. I think this girl's status in the devil kingdom is not general."

"The devil kingdom was born, but he was able to set up a moon tower in the Shenhua Academy. This is not what ordinary forces can do."

Ye Chen thought of what, curious to: "this Chu Ying can be the devil emperor's trapped daughter?"

"That's not true," he said with a sneer.

"But the devil kingdom is too complicated. You'd better keep an eye on it."

"This woman is harmless, but the interests she represents behind her..."

Wind Qingyang did not continue to say, Ye Chen naturally understood.

"Master Feng, what should I do next?" Ye Chen asked.

The wind was clear and deep for a moment and said: "the strength of Shenhua college is against the sky with its spirit pulse! And it's one of the top ten spiritual veins in Lingwu mainland. If you have something from GE Qing, President of Shenhua college, you might as well go there. "

"Good."

Ye Chen goes to a certain direction in the college.

He was not satisfied with the nature state. It was time for him to enter the spiritual root of Shenhua college and practice. At the same time, on the back mountain of Shenhua college, a man was sitting on the edge of a cliff.

Beside the man, there are wisps of clouds. In the fog, you can see a sword shaped shadow, emerging behind the man.

The man sat on the cliff with his eyes closed, as if he were integrated with the cliff. He did not emit any spiritual power fluctuation, but the shadow of the sword was always suspended behind him, and there was no sign of dissipation.

All of a sudden, the fog was in chaos, and a figure appeared, walking towards the man.

The man's eyes opened in vain, his eyes burst out with a very sharp light. The whole man was like a sword out of the body, which was unstoppable!

At the same time, the sword, which was originally suspended behind him, flashed a trace of cold light in an instant!

As soon as the figure walking towards the man stopped, a drop of cold sweat crossed his forehead. At the moment when the man opened his eyes, it surrounded him. Those seemingly light and harmless clouds were like a magic weapon with a handle, emitting a very dangerous smell!

The man looked at the figure and said with a smile, "Huiming, it's you. What can I do for you this time?"

As soon as Fang opened his mouth, the clouds that covered the cliff suddenly poured into the man's body and became invisible.

This sea of fog is the product of man's condensed sword spirit!

The man looked very young, dressed in a white robe, with an ordinary face and a medium-sized figure, he looked like a young man who could be seen everywhere.

If there is anything unusual, it is a pair of men's eyes.

Those eyes, very bright.

Different from the appearance of a man, his accomplishments are outstanding even in the Shenhua Academy where dragons and phoenixes gather!

This man is actually a martial arts man with half a step to seal the door!

Of course, it still belongs to star orifices, but this is the closest existence of star orifices to sealing doors!

He is the most outstanding talent in the second year of Shenhua college, known as Yunlong sword, Zhou Chun.

Can even crush most of the third grade talent!

And once killed a strong man who sealed the door, shocked the whole college!

Standing in front of Zhou Chun, the respectful man is Li Huiming, a sophomore.

Li Huiming slightly lowered his head and said to Zhou Chun, "I'm sorry, elder martial brother Zhou, I've disturbed your practice."

Li Huiming and Zhou Chun are both sophomores of Shenhua college. However, he calls Zhou Chun Senior brother because they come from the same force, a terrible force.

It was an ancient sword school, named Taiyi sword sect. At the same time, it was one of the top forces in Lingwu land.

Chapter 2029

In Lingwu mainland, the territory is vast, and the top power is not only a symbol of strength, but also a representative of inside information!

Zhou Chun is the most outstanding genius of Taiyi sword school for thousands of years. At the same time, he is selected as the next leader of Taiyi sword school.

Zhou Chun then shook his head and said, "even if you don't come, I'm ready to take credit. The day to celebrate the birthday of Jiuyou's country this year should be coming soon. I, too, should prepare for it."

Hearing this, Li Huiming frowned slightly and said, "elder martial brother Zhou, this time I come to you because of this. This time, the qualification of a second grade student seems to be cancelled."

"What are you talking about? Cancel? "

Zhou Chun smile speech, originally kept the easy-going smile, gradually disappeared.

He is a real genius in the land of Lingwu. His vision is beyond the level of ordinary forces.

Even Taiyi Jianzong, a top power, may not be able to accommodate himself in the future. It is the hidden forces like the kingdom of Jiuyou that can really surpass the Lingwu continent.

It is a great opportunity for him to follow the dean of Shenhua college and go to the country of Jiuyou. It is very important for him to plan for the future.

Since Zhou Chun was a child, he has almost nothing he can't do. How can he allow his opportunity to slip away from his hands?

Li Huiming's body trembled a little. He knew that elder martial brother Zhou was angry. When this seemingly easygoing elder martial brother was angry, no one knew what would happen.

No one would want to bear his anger

Zhou Chun pondered for a moment and said:

"why? Is it because this year's three places are allocated to third graders

As far as he knows, among the third grade students, there are indeed several people who can compare with themselves. They are Liu Xiao of ghost daomen? Or Xie Zhen of Xie family?

"It seems not..." Li Huiming hesitated and said, "it seems that This time, the quota is given to a freshman..."

"What?" This time, Zhou Chun's face, completely gloomy down, what do you mean?

Does the college think it's not as good as a freshman?

"Who is it?" Zhou Chun's eyes twinkled with cold light, like a blade thirsting for blood.

Li Huiming said: "this person seems to be a freshman named Ye Chen. Although he has just entered the University, he is already a man of the day in the college.

In the past two days, he defeated Zhao Liang with one punch in the canteen. Later, he seemed to have a conflict with Tu yuan, and forcefully suppressed Tu yuan, who was in a frenzy.

Finally, he is really famous in the school, is he in front of the moon tower, completely opened the moon gate! Even Wu Xian, who used the secret arts, was also defeated in strength!

Therefore, he forced Wu Xian, who was provocative to him, to kneel in public! "

At the beginning, Zhou Chun or a look of disapproval, heard the end, his eyes, also gradually emerged a trace of dignified.

People like Zhao Liang and Tu yuan were not invincible when they first entered school, but it was not so simple to push the moon gate open completely in the first grade!

Although they are compared with strength, in this way, they can not give full play to their fighting power, but they are also enough against the weather.

"The most strange thing is..." Li Huiming continued: "this man has only the cultivation of creating the realm of change."

"Huh?"

This time, even Zhou Chun could not keep calm.

The realm of creation? How is that possible? This kind of strength, at least, must be at the later stage of Xingqiao?

How many levels of small realms have you crossed?

Even though Zhou Chun's vision was beyond the level of ordinary warriors in Lingwu land, he could not understand what kind of existence Ye Chen was.

Zhou Chun stood quietly on the cliff, overlooking the Shenhua Academy under the cliff. A cold smile slowly appeared on the corner of his mouth and murmured: "Ye Chen, it seems that it is a little interesting."

.....

At this time, ye Chen has come to the entrance of the root of the spiritual pulse. Looking at a large number of students in front of him, ye Chen can't help but feel a little stunned.

If you want to get into the root of spiritual pulse, you need to contribute a lot. However, there are still so many students here to practice. It can be seen that the concentration of aura is so hard to imagine.

Ye Chen goes to the entrance. At the entrance, there is a mysterious tutor who can't see the realm.

Ye Chen saluted: "master, I want to enter the root of spiritual pulse to practice."

The tutor glanced at Ye Chen and said, "the low-level spirit room is three days at a time, with 50000 contribution points. However, the low-level spirit room is full now, and the people waiting here are waiting for the vacancy.

This is the number plate. You take it. When it's your turn, you can pay for the contribution. "

In his mind, most of Ye Chen's accomplishments can afford to pay for the low-level spiritual rooms. After all, most students are like this. What's more, ye Chen's accomplishments are much lower than ordinary students. Ye Chen scratched his head and said, "that is there any other room available. "

He didn't have time to wait so long. If he really wanted to do this, he might as well find a place to practice.

The tutor opened his eyes, stared at Ye Chen and said with a sneer:

"yes, there is no need to queue up in the advanced spirit room. As long as you can pass the test of the core of the spiritual pulse, you will be able to enter it. Just in time, there is only one left in this test today.

However, the test of the core of the spiritual pulse needs to pay a million contribution points. If you pass the test, you can enter the spiritual pulse. The time you stay is determined by the core of the spiritual pulse. If you fail, do you have the million contribution points? "

In his opinion, ye Chen, who is so ambitious and does not even have the patience to wait for a period of time, should have a good beating.

But who thought, the next moment, ye Chen's behavior, but let his eyes stare out!

See, ye Chen takes out a make fu, pass him a way: "excuse me, is this OK?"

"This, this is..." The tutor stammered, "the order of the Dean How could you have this..." "

Ye Chen honest way: "the Dean gave it to me."

For a moment, the tutor could hardly speak. This token, however, is the symbol of the president's identity. Seeing this token is like seeing the president himself. There is no restriction on the use of contribution points!

How could it be so, given to the student who only had the cultivation of the realm of creation?

It's ridiculous!

However, in the face of this rune, the tutor sighed helplessly:

"yes, you can try, but I want to remind you that even with this rune, the assessment of the core of spiritual pulse can only be accepted once a year. If it fails, you can't even enter the lower level spirit room."

Chapter 2030

Ye Chen said with a smile: "I have confidence."

Then he went to the position where the core of the spiritual pulse was.

Before going out a few steps, I heard a woman's voice saying, "this younger martial brother, please wait a moment."

Ye Chen looks back and her pupils shrink. Behind her stands a young woman with a graceful figure, a gentle smile and a lavender palace dress.

Although the woman's face is beautiful, it is not enough to shock Ye Chen. After all, after the training of Ji Siqing, Xia Ruoxue and zining, ordinary beauties are not enough to shake his nerves.

What really surprised him was the cultivation of women!

This woman is actually the existence of the peak of a star body!

Moreover, the breath on the body has exceeded the realm!

And in this woman's side, also follow three men, coldly looking at Ye Chen.

The three men, two are the seven layer sky star orifices, and one is the eight layer sky cultivation of star orifices.

These three people are also the strong ones in the later stage of Xingqiao!

"What can I do for you?" Ye Chen light way.

"That..." The woman, who was well cultivated, suddenly began to wriggle. She did not know how to speak for a moment.

Ye Chen's eyes flashed: "if there's nothing wrong, I'll go."

After that, ye Chen really turned around and left, facing several powerful people at the later stage of Xingqiao, but he didn't give him the slightest face!

There was a wry smile on the woman's pretty face, but there was no more to say. The three men who followed the woman could not help it!

When have they been treated like this by a warrior who creates a chemical world?

And still in front of their goddesses!

A man with a machete on his waist, a long face and a strong black suit, staring at Ye Chen's back with frost on his face, and drinking hard, he said: "who, let you go! Come back to me

Another white man with a folding fan turned his head to the woman and said:

"poetry, why are you and this boy so polite?

With his cultivation, can he pass the test of getting the core of spiritual pulse?

It's just a waste of contribution points. Moreover, it also costs a place to enter the advanced spirit room. If it wasn't for his brain problems, how could he want to challenge the test of the core of the spiritual pulse?

It's very important for you to enter the advanced spiritual room this time. Just let the boy get out of here. That's also for his good. Save the million contribution points. "

At this time, ye Chen, has stopped.

Although the lady in Palace Dress also thought that ye Chen could not pass the test, it was Ye Chen's own business after all. They had no right to make decisions for ye Chen, so they could not help saying:

"after all, it's the younger martial brother's own business. It's a big deal. I'll wait another day, and I'll take the test tomorrow."

"One more day?" The last one, a man with red hair and a slightly sinister look, sneered: "poetry, this kind of person is not worthy of waiting for you for another day. He is not qualified for this."

The name of the red haired man was Dunn, the name of the folding fan was Ji Sixue, and that of the man with a machete was Huang Feiyang.

The three of them and Zheng Shishi are sophomores of Shenhua college. At the same time, they are all admirers of Zheng Shishi.

Zheng Shishi is a grade two flower. In addition to her beautiful appearance, she has a gentle temperament and natural talent. She is the best second grade talent under Zhou Chun. Such a woman is naturally the dream lover of many students.

Today, in the practice of Zheng's poems and poems, he suddenly realized that he wanted to find a place full of aura to practice and see if he could make another breakthrough in his cultivation.

But today's assessment of the last quota, but just by Ye Chen got.

The three men look at Ye Chen fiercely. In their opinion, with Ye Chen's cultivation, under the pressure of the three strong men in the later stage of the star orifices, they will surely leave here obediently or even flee in panic.

However, to their surprise, ye Chen is very calm and calm. On his indifferent face, there is not a trace of panic.

He looked at Dunn coldly and said, "you said I'm not qualified?"

Du en's eyes are always higher than the top, and they seldom associate with the students of Shenhua college who are not as powerful as them. Therefore, they don't know about ye Chen's affairs. They can't help laughing when they hear the speech. How can they not laugh? How can a natural being question the martial arts in the later stage of Xingqiao?

How brave!

Du en's disdain in his eyes almost overflowed. He didn't care about ye Chen's cold eyes. Instead, he went directly to Ye Chen and said with a smile:

"why? Are you not satisfied? Can you refuse to accept it? You hit me? Come on, come on. I'll let you fight. Do it? "

Silence, a dead silence, although Dunn's voice is not big, but almost all the people present can hear. All of them turn their heads and look at Du en and ye Chen. Some people quickly recognize who ye Chen is, but they do not speak or make a statement. They know that ye Chen's strength is far beyond the realm, but these people in front of Ye Chen have a different origin.

Ye Chen really, in the moon gate bet, defeated the use of secret arts will enhance the strength to the extreme of Wu Xian.

However, yuemen bet, after all, or strength, and can not see a person's strongest strength.

Zheng Shishi looked at the two men in a state of anxiety. She tried to persuade them, but in the end she did not make a sound.

Because she knows that sometimes, the warrior is just a breath, no matter what the reason, when there is a dispute between the two sides, neither side can retreat.

Even though, she knows, it's Dunn, they're not in the first place, but is this a reasonable world?

If ye Chen doesn't answer back and try not to be brave, maybe there is still room for turning around.

However, ye Chen, since he has openly challenged Duane, then, even if Dunn is not right, he will never give in!

This is the reality!

This world, strength, is everything!

No strength? All the truth will be just empty talk!

She sighed in silence and said, "younger martial brother, maybe today's incident is not necessarily a good thing for you. Only by learning to restrain your edge can you live longer in this world."

However, Zheng Shishi has also secretly decided that this matter is because of herself. Therefore, she will never let Ye Chen's life be in danger. She will rescue Ye Chen when necessary.

Ye Chen on Du en's eyes, not the slightest avoidance, his eyes, very flat, no sign of wavering.

Seeing this, Dunn laughed wilder and more presumptuous. He patted his face and said, "what? Let you fight, you dare not fight? How dare you ask me that you are not qualified? Are you hitting me

In his opinion, ye Chen's silence is the proof of the other party's weakness. When it comes to the end, it's not a piece of advice!

He saw too much of this kind of advice package that would only try to be arrogant verbally!
