

Physician 2031

Chapter 2031

Ye Chen stares at Du en's eyes and finally says, "I can't hit you."

He can't.

Why?

Because Dunn has succeeded in infuriating him.

If he did, he would not be able to control himself.

He's afraid he'll just shoot Dunn.

It's one concept to fight with students of Shenhua college, and to beat people to death is another concept.

Even Chen Jiu, even the president, may not be able to protect Ye Chen.

Ye Chen, do not want to make these people difficult to do, do not want to, and Shenhua Academy for the enemy!

And Du en smell speech, can not think so, he looks at Ye Chen's eyes, despise, more thick.

He looked at Ye Chen with great contempt, and pretended to be curious and asked:

"Oh? I want to know, why? Are you afraid I'll fight back? "

With that, he turned his head and looked at the students who were waiting for the space in the spirit room and asked:

"is he afraid that I will fight back? Can you tell me why he refused to hit me

At this time, there are many students, ye Chen issued a mocking laugh, more people, silently shaking their heads.

At first, they had some expectations for ye Chen's performance. After all, no matter what the overall strength is, ye Chen's strength is still very frightening. If we really fight, ye Chen will not have no chance at all, but?

Ye Chen's performance, let them too disappointed.

They even took pity on Wu Xian.

At that time, ye Chen was really in high spirits. Many people were shocked by Ye Chen, and even regarded Ye Chen as his idol and target.

Now it seems that yuemen gambling, not a real battle, but to fight for strength, just gave Ye Chen a chance to bluff!

If he really fights, does he really dare to fight with Wu Xian, who used secret arts?

Wu Xian, I lost a little bit!

And the tutor, who is in charge of managing the spiritual pulse, also shakes his head slightly, looking at Ye Chen's eyes, and also moves away. Originally, he thought that since the Dean would give the order to this young man, then, this person must be extremely outstanding, right?

He didn't stop him. He wanted to see what ye Chen could do.

Now it seems that, however, he even wants to suggest to the dean to withdraw the order.

Is it really worth putting resources into such people?

Even though ye Chen's talent is against heaven and his understanding surpasses the world, is this enough?

Sometimes, the only way to practice is not only talent, but understanding is enough.

Practice is to go against the sky. For a warrior, that kind of spirit and arrogance are also indispensable.

How far can a warrior who is so timid in the face of such unbridled provocation from a warrior who is higher than himself?

This tutor stands up, since Ye Chen's performance, only such words, this farce, also should stop.

But in this tutor, just stood up the moment, ye Chen, again opened his mouth.

"The rules of our school, students, can not conflict at will, you, forget it?"

Silence, all people have a short silence, and then, it is a burst of laughter, everyone's laughter!

Even the tutor who just stood up shook his head in a funny way. This ye Chen, at this time, mentioned what school regulations?

Although he is a tutor of Shenhua college, he can't see it any more. This boy is too It's bullshit.

Even this tutor is a little despised.

What's more, Dunn and others?

Ye Chen originally wanted to say that the Shenhua academy stipulates that it is not allowed to kill other students. However, he did not say that he knew that it would only stimulate Dunn and others. He chose a euphemism in exchange for ridicule and contempt from all people.

He wants to abide by the rules, to practice and live in this college. However, such an environment, such a classmate, allow him to do so?

Sometimes, people will break the rules, not because they want to break the rules, want to break the rules, but because he is the only one who abides by the rules.

At that time, rules, or rules?

It's just a tool for the powerful.

What's more, although the power of Dunn's origin is not the top power, it is also a very complicated existence. Among the first-class forces, he belongs to the top of the top. His birth and talent give him the privilege to ignore the rules within a certain range.

Although if he is caught by the stern Chen Jiu, he will still be punished. But what's the big deal of teaching a freshman who creates a new world?

Dunn, you're not afraid!

There is a flash of cold light in Ye Chen's eyes. He has enough tolerance. If Du wants to continue to offend himself, then ye Chen can guarantee that he will live forever, and will regret evenEven no chance to regret!

At this time, Dunn suddenly had a flash of light in his mind. He looked at Ye Chen and said, "don't you say that you are afraid of breaking the rules of the college, so you won't do it? So... "

He suddenly had a wonderful idea, an idea of thoroughly humiliating and trampling on Ye Chen's self-esteem.

A chance for ye Chen to hide behind his excuse.

Suddenly, from his storage bag, Dunn took out a piece of paper with the mark of Shenhua Academy on it.

Dunn took the paper, showed it to the people present, and explained with a smile:

"this is a suspension agreement, which has been sealed by the dean. This was originally prepared by me. In other words, as long as I signed this agreement, I would not be a student of Shenhua College for the time being. Then, fighting with me would not violate the rules of the Academy It's settled, isn't it? "

Dunn was very happy with his smile. He didn't expect that this agreement would work in such a way.

This is what Dunn had prepared before, after breaking the school rules and seriously injuring a student. Originally, he wanted to make the student sign under coercion and inducement. In this way, the student would be suspended temporarily, and he could avoid most of the college penalties.

However, later, he solved it by other means, and the agreement remained.

Now, as long as he signs his name on this agreement, he will be temporarily out of the jurisdiction of Shenhua academy, and will not be protected by the rules of the Academy.

In this way, ye Chen's so-called because of the college regulations can not be against him, still stand?

The rules, however, exist in the eyes of doon.

When it's good for you, it's rules. At other times, it's what you use to trample on and use.

People are shocked when they look at Ye Dunn's Suspension Agreement. They didn't expect that he could take out such a thing. At the same time, they also mourned for ye Chen. If, after Dunn signed the agreement, ye Chen still didn't dare to do anything?

Then his face, can be completely gone, even in the college, will be endless ridicule?

Dunn's move is really cruel!

It's just to make ye Chen die! The last trace of face, do not want to leave Ye Chen!

Du en looked at Ye Chen and said with a smile:

"how about it? If you kneel down and beg for mercy now, I still can't sign this agreement? You can think about it. Now, kneel down? Or will I make you kneel down? But I hope you don't take too long. "

With that, Dunn began to write his name on the agreement, stroke by stroke, slowly, and sarcastically said, "before I sign it, I'll decide."

Chapter 2032

Did not expect, originally thought will begin to struggle Ye Chen, at this time, but suddenly laughed, as if very happy.

Dunn, I can't help being stunned.

What's the matter with this state of nature?

Are forced to a desperate situation, can you still laugh?

Thinking of this, Dunn couldn't help sneering: "what are you laughing at? Now, you still want to pretend to the end. I'm going to admire you. Why don't you become an actor? Are you ready for the prize? "

When people heard the speech, there was a burst of laughter. Ye Chen can still laugh now? Either it's acting, or there's something wrong with the brain.

Ye Chen said with a faint smile: "nothing, I just hope that you can sign quickly."

As soon as this was said, the laughter of the crowd stopped abruptly.

Even Duane, who was full of pride, could not help but froze.

Ye Chen, it's really necessary to install it to the end!

"Good, good." With a sneer on his face, Dunn finished his signature instantly.

He showed the agreement to the public, and said with a smile:

"now, I have signed the agreement, and I am not a member of Shenhua Academy. Now, this crazy genius of Shenhua Academy who likes to abide by the rules, can you please help me?

After all, if I act rashly on you now, I will be punished by your college? "

Ye Chen nodded and said with a smile, "are you ready?"

"Ready?" Dunn laughed wildly, and was about to burst into tears: "to fight you, to prepare?"

Ye Chen didn't say anything, just nodded with a smile.

The next moment, a punch!

The people who were still mocking, discussing and joking with Ye Chen, in this moment, their voice completely disappeared!

It's not that they don't want to keep talking, but they can't do it!

Can you still talk and laugh in the face of death?

Maybe, some people can, but! Most of the people here, no!

Besides, it's not like ordinary people holding a gun at you or something!

That is, as if in the bloody ocean of countless broken limbs, I feel the ultimate killing intention!!!

That's almost not the killing intention that human beings can emit and can freeze everything!

With the shaking of Yichen's fist, the students can't control it!

And Duane, his face changed dramatically! It's so scary!

It's more than horror!

Dunn this moment, what ridicule, what insult Ye Chen, all forget light, put behind the head!

What he felt was the real smell of death!

He said before, let Ye Chen attack first, is really not a bit of defense plan, create a chemical environment attack, can hurt him?

Ye Chen is just a joke in front of him.

But now, he even has no time to regret!

With a roar, Dunn's long, bloody hair stood upright. His breath broke out in an instant, and the essence of his body was burning wildly. In an instant, Du en, who looked young and handsome, became old as if he was tens of years old. Not only the blood essence, but also Shouyuan and Duane were all beginning to burn!

Although he is arrogant and likes to ridicule and suppress others, he is not stupid.

It's not a greenhouse flower without combat experience. On the contrary, Dunn is extremely good at fighting!

He knew that the power contained in this terrible blow was not the power of creation!

In this fist, there is the Dao meaning of Xingqiao state, and even the power of the boundary of Xingqiao peak!

This is the most terrifying punch!

Before this blow, he had lost his first hand because of his arrogance. If he wants to survive under this blow, he must not have any room to keep his hands!

A magic axe appeared in Dunn's hands. He roared and displayed his most powerful martial arts skills. On the axe, there was a sense of terror and endless spiritual power. Not only that, but also the power of Dunn's star body and realm was also integrated into the axe!

This axe, to Ye Chen's fist, mercilessly cut down!

What about ye Chen? In the face of the axe, he didn't dodge or dodge. He didn't mean to give in and retreat at all. That blow was an indomitable one!

He even wanted to defend the artifact with meat fist!

All the students, even the tutor, were shocked!

This is an artifact!

How dare some people fight with artifact with their fists?

Ye Chen, strong to strong, experience, or lack of!

Du en, however, is ecstatic. Ye Chen is crazy! Really crazy! Do you want to fight with your own terrible axe with your fist?

Even if this fist is terrible, it is still Ye Chen who suffers losses!

Finally, the fist and the axe collided together! Strong light surging, the sky and earth change color, all kinds of light explosion flash, there is a black hole, between the two people, endless force of the boundary collide with each other, the resulting contradiction force concussion, some weaker genius, have begun to spit blood!

A strange scene appeared. Originally, people thought that ye Chen's fist would definitely hurt the artifact. Indeed, ye Chen's hand poured out countless blood and splashed around. However, ye Chen's face was still so indifferent and cold!

No change!

Look at Dunn!

The joy on the original surface disappeared in an instant!

The hand that he held the axe burst in an instant, leaving only the bones of his hand, and barely holding the big axe, far more miserable than ye Chen!

And his body, like a shell in general, flew backward and hit the wall hard!

Under the concussion of Ye Chen's great power, his muscles and bones were completely smashed, and even his internal organs were broken in a mess. If not, his own roots were pretty good, and his blood had something extraordinary, which made his vitality far beyond the ordinary warrior. Now, I'm afraid that even if there is no breath, it will not exist!

One punch, another punch!

Students, gaping at the dying of Dunn, the strong, so ye Chen a punch to solve!

Ye Chen coldly looks at Du en, who is lying on the ground. What he has just punched into Du en's body is not only the force against the heaven, but also the powerful killing intention that can be turned into the boundary.

However, in the face of artifact, he still used a little red spirit pulse.

Otherwise, even if there is immortal body and demon body, it will still hurt a little bit.

Now, du'en seems to be in a coma, but in fact, his spirit has completely sunk into Ye Chen's killing intention. He will experience the taste of being killed by Ye Chen again and again in different environments!

In the future, let alone ridicule others, I'm afraid, it's hard to even look into the eyes of others?

The whole audience was silent. They watched Ye Chen silently. Their attention was completely attracted by Ye Chen. Their brains were blank. They could do nothing but gaze at Ye Chen.

Soon, someone's pupil trembled, because he found that Ye Chen's hand, originally hard to resist the artifact, was almost broken. However, it should have been extremely serious. Even after recuperation, it is possible to leave the wound with sequelae. Unexpectedly, under their gaze, with the speed visible to the naked eye, it began to heal!

Not only strength, but also vitality, are incredibly strong!

Does such a monster really exist?

These geniuses have also heard those legends. In the legend, there is a talent for terror, which can be nearly immortal.

Chapter 2033

No matter how much blood you shed and how many injuries you have, you can recover very quickly. According to the legend, a wizard with great power, who is not high in cultivation, can just rely on the strength of the body to force high-level existence and lay on the ground

However, legend, after all, is a legend. Martial arts have all kinds of magical power, but there are still boundaries.

They know that stories in legends can only exist in legends.

But now, in front of them, they see the vivid legend!

It's more incredible than the legend!

This is Ye Chen.

An existence beyond imagination.

The tutor was completely in a daze, and his face gradually showed a wry smile. Now it seems that he wants to go to the dean and suggest that he take back the command Rune in Ye Chen's hand, and that he should seal the door to cultivate himself, but he has not seen through Ye Chen's strength. Even, he still looks down on him. What a ridiculous thing it is.

After all, Du en Chen couldn't pay attention to his body when he started. After all, Du en Chen couldn't pay attention to his two people.

Therefore, he wants to save Ye Chen when his life is in danger under Dunn's attack.

The reason why he didn't stop the battle was that he didn't like Ye Chen. He wanted to teach Ye Chen a lesson. As a result

Just because he put his attention on Du en, he was negligent for a moment, and nearly died in Ye Chen's fist!

Give ye Chen a lesson?

Dunn was lucky not to put his life in it!

Although Dunn himself died and signed a suspension agreement, if he really died, he still had some responsibility

Ye Chen doesn't take care of Du en, who only has a trace of breath. After all, he is in the Shenhua Academy. He doesn't want to really kill people. Since du'en has survived that blow, then give him a chance to live.

Anyway, even if he is alive, Dunn is almost useless. Even if he can get rid of the evil spirit and recover from his injury, it will take hundreds or even thousands of years.

What does hundreds of years mean to a genius?

It means that his whole life will be destroyed. He will lose the golden age of cultivation, the opportunity to reach the top, the glory, the expectation of the people, the fame of genius and everything

Once upon a time, those who were equal to or even inferior to themselves would look down on him and crush him like an ant.

In that case, for Dunn, the most shining and outstanding existence in the crowd since childhood, isn't it more painful than death?

That is, real life is better than death!

Ye Chen turned to Zheng Shishi, and the other two men, who were completely stupid, said with a faint smile, "do you have a suspension agreement?"

When they heard the words, they were soaked in cold sweat, and their heads shook like rattles.

At this time, Zheng Shishi responded and said to the two men in a hurry:

"quick! Save people first, Dunn. It won't be long before you die! "

Although Du en's character is not very good, Du en is very attentive and kind to Zheng Shishi. He can be regarded as a friend. Of course, Zheng Shishi will not watch him die in front of his own eyes.

When Ji Sixue and Huang Feiyang heard the words, they ran to Dunn as soon as they were granted amnesty.

They are really scared by Ye Chen!

After that, how far away from ye Chen, how far away from him!

They put some pills into du'en's mouth, then turned their heads and yelled at Zheng Shishi: "Shi Shi Shi, let's take Du en to see a doctor. His condition is very poor."

With that, he left the place with Dunn.

After a deep look at Ye Chen, Zheng Shishi followed them and left.

Ye Chen lowered his head and took a look at the injury on his hand which had not been fully recovered. The reason why he used his fist was that he didn't want to let the blood dye the Fire Academy, which was also a kind of vent.

To vent on the people of the world.

He had thought that his life would be more peaceful when he came to the Shenhua Academy. However, there were still one villain after another, who did not know how to die or die, and full of malice. He was really bored when they came to him.

, is it necessary to wash the sacred fire Institute and break away from the quiet college life that you expected * to break away from these annoying insects?

Ye Chen shook his head, no longer to think of these, turned, to the core of the spiritual pulse to go.

In fact, the core test of spiritual pulse is a kind of pressure formed by extremely pure spiritual power. This kind of test is also a kind of protection for students.

After all, not all people's bodies can bear such a high strength of spiritual power. Therefore, only when students successfully bear the great pressure from the core of spiritual pulse and walk safely into the root of spiritual pulse, can they be qualified to practice at the root of spiritual pulse.

The strength of the body's ability to bear spiritual power determines how long one can stay in a high-level spirit room. Now, there is no doubt that ye Chen can pass the test of the core of the spiritual pulse. If such strength can not be passed, no one can really pass it.

However, people can't help but wonder. How long can ye Chen stay in the spirit room?

In fact, ordinary first-year students, even second-year students with less advanced cultivation, do not need to practice in the high-level spiritual room. Sometimes, too strong spiritual power will hinder their practice.

Most people use low-level and intermediate level spirit rooms, which is enough.

However, ye Chen is obviously different. His body's ability to bear aura is also a manifestation of his aptitude. His strength has completely shocked people and left an indelible impression.

So, I don't know what the core of the spiritual pulse will give to Ye Chen's qualification?

The core of the spiritual pulse looks like a colorful aura group. It is the spiritual crystallization of the powerful spiritual pulse after countless years of evolution.

A burst of colorful light was emitted from the core of the spiritual pulse, covering the channel leading to the root of the spiritual pulse. Ye Chen took a curious look at the core of the spiritual pulse, but he saw it for the first time.

Then he stepped into the colorful light.

In principle, he should feel the sudden increase of pressure like other people, making it difficult to walk. However, when ye Chen enters the light of the core of the spiritual pulse, he is slightly stunned. He can't feel any pressure at all?

It's not because of his strength, it's true, there is no pressure at all!

As if, for ye Chen's body, the pressure formed by this extremely strong aura is not general pressure at all. Even, the reincarnation blood vessels in Ye Chen's body are still excited and eager for this rich Aura!

For ordinary people, excessive aura may cause harm to the body.

However, ye Chen does not exist at all!

Not even a load!

The core of the spirit pulse trembled. It seemed that the five color aura shrank one minute. It seemed that some people were afraid of Ye Chen's existence.

Ye Chen didn't think much about it, so he went to the root of the spiritual pulse.

When the tested student goes to the assigned room, the core of the spirit pulse will show how long the warrior can stay in the chamber.

This is the limit value for a psionic assessment.

Chapter 2034

In the history of Shenhua academy, there were even super demons who could stay in the high-level spirit room for tens of millions of years!

This is the real limit!

I don't know. What kind of number will ye Chen get this time?

Soon, the five color aura of the core of the spiritual pulse began to change. It seemed that, because of some problems, it began to tangle. After a long time, it showed a number.

And when the students saw the number, they were completely dumbfounded

One student rubbed his eyes in disbelief, staring at the number, and whispered, "136.5 million years? I I'm not mistaken, am I? "

"How could he have been recognized by the spirit pulse for such a long time?"

"And set a new record for Shenhua academy?"

A man beside him said in a daze: "yes You are really wrong... "

That student hears speech a joy, nodded a way: "sure enough, it is my eyesight."

How could anyone be so evil?

Can you stay for more than 100 million years?

It was simply, too much, and his reason told him that it did not exist.

The man next to him looked at him with a strange look and said, "you A zero is missing... "

"What?"

The former man turned his head and looked at him. He couldn't understand what he heard.

What's a zero missing?

136.5 million years, plus a zero, is

The man next to him was silent for a moment, then he said, "Ye Chen, in the high-level spirit room, the time you can stay is..."

"1.365 million years..."

1.365 million years!

Even the warriors have an unimaginable long life. This number is too long for them!

It's beyond their imagination!!

When the teacher opened his mouth, he felt confused.

He looked at the number, as if speaking to others, and as if he were talking to himself: "1.365 million years This time is not necessarily the time ye Chen can stay in the spirit room... "

People's eyes brightened and looked at the tutor. It seems that there are other explanations at this time. Maybe it is because what's wrong with the core of spiritual pulse?

The tutor met the people's eyes and said, "this time It's this spiritual vein. When it's exhausted, 1.365 million years, the spiritual pulse will be completely exhausted. At that time, the high-level spirit room will not exist, and ye Chen can't stay any longer... "

"That is to say, even if the spiritual pulse is exhausted! It's not ye Chen's limit

At this moment, all the people present took a breath.

Who is Ye Chen!

Sleeping trough!

.....

Ye Chen naturally does not know that he is shocked by the time he can stay in the high-level spirit room.

But in this stone chamber, which seems to be located in the underwater world, I feel a strong aura to the extreme, showing a satisfied and intoxicated look.

At this time, the whole stone chamber is full of aura of liquid! And ye Chen, then immersed in it!

His whole body of cells, are cheering! The red dust God pulse awakes completely!

Crazy absorption!

Even, his body greedily devours the aura around him without operating the skill!

Ye Chen's face is smiling. The aura environment here is much better than what he imagined.

Soon, ye Chen calmed down. Instead of immersing himself in the practice, he first recovered the wound on his hand, and then adjusted his breath to the best state.

Then he closed his eyes and began to practice. His breath was growing rapidly.

Two days later.

From the depth of the spiritual pulse, suddenly, there was a roar!

The roar was very powerful. It pierced the sky and rang through the whole Shenhua college. Some students with lower accomplishments felt a shiver in the spirit.

As if, under this long roar, felt the fear general!

The fengmenjing master, who was guarding outside the spiritual pulse, also opened his eyes, and his eyes were filled with amazement.

The master of the roar, he knew who it was.

That's Ye Chen's voice.

From the sound point of view, ye Chen's cultivation seems to have made a great breakthrough!

How long did ye Chen enter the high-level spiritual room?

Two days!

Although, the aura of high-level spirit room is extremely rich, but the speed of improvement is too fast, isn't it?

However, the tutor was not too surprised. After all, ye Chen had completely shocked him before. Now, even if he was told that ye Chen was actually the reincarnation of the holy king, he could accept it. After a while, a figure came out of the channel slowly and appeared outside the spiritual pulse.

It's Ye Chen!

At this time, his face was full of joy, and the harvest was far beyond his expectation!

He absorbed all the core power in the deep of the spiritual pulse.

Samsara cemetery has also been greatly nourishing!

When he practices later, as long as there are black stones, he can practice like in the spirit pulse!

Now he has taken most of the core existence of Shenhua college spirit pulse!

Ye Chen feels guilty.

However, it was absorbed by the samsara cemetery on its own, and he could not stop it.

Sin.

Moreover, in two days, the realm has broken through to the second layer of nature!

You know, the existence of reincarnation, his breakthrough is more difficult than ordinary people, too much!

As for what kind of existence can be shaken now, ye Chen does not know.

The teacher of fengmenjing glanced at Ye Chen, but his breath was stagnant!

Why?

Because, the breath that ye Chen sends out at the moment, unexpectedly with a trace of prestige!

When ye Chen enters the spiritual pulse, is he just a layer of heaven in the realm of creation?

So fast, it has been upgraded to the second level?

The key is that the breath of the two layers of sky is not inferior to the star orifices!

Now, ye Chen decides to return to his dormitory and stabilize his cultivation.

It is estimated that in a few days, I will go to the country of Jiuyou.

Think of here, ye Chen, then step to the dormitory.

At the same time, in the dean's room, a young man with an ordinary face pushed the door into the room. His face had a gentle smile, but his eyes were shining with fierce light. It was Zhou Chun.

Ge Qing put down the book in his hand and said with a smile to Zhou Chun: "coming?"

Zhou Chun saluted Ge Qing respectfully and said, "Dean, I have already understood clearly about the trip to the country of Jiuyou. President, should I give up the quota for grade two to grade one?"

Ge Qing nodded his head disapprovingly and said, "Oh, yes, what's the matter?"

The smile on Zhou Chun's face is more gentle and respectful, but his eyes are more bright and sharp.

Chapter 2035

Zhou Chun said faintly: "Dean, if this time, the quota still belongs to the second grade students, who would you choose to celebrate the royal family's birthday?"

Ge Qing said: "it must be you, sophomore. You are a worthy first day. Even Zheng Shishi, Zhang feishen and others are far behind you.

However, compared with you, worse, or a little far away, if I am not wrong, you are now in the realm, has been half step closed? How about this year, are you sure you can break through the door

Zhou Chun said with a smile, "the Dean flattered me, eh 90% sure. "

Ge Qing said with a happy smile: "yes, you don't have to worry. According to your state, after you get into the third grade, you will still have the opportunity to go to the kingdom of Jiuyou. You also know the royal family of the kingdom of Jiuyou. In the future, you will not be short of opportunities."

"There is no shortage." Zhou Chun nodded with a smile. He knew that he would have a chance to go to Jiuyou country when he was in the third grade.

"But -" all of a sudden, Zhou Chun's eyes, rushed up a keen, straight at GE Qing way: "I, do not accept."

"Not satisfied?" Ge Qing didn't care about Zhou Chun's attitude. At the same time, it's no surprise that he didn't hide from Zhou Chun that the second grade place was cancelled from the beginning.

Zhou Chun nodded, her eyes calmed down, and went on: "I can't accept that freshmen in grade one have talent and potential. Above me, I've even killed a layer of heaven. What's yechen!

So, I want to apply, college challenge. "

Generally speaking, the students in the college are prohibited from fighting, and they will be punished by the Ministry of law and discipline, but there are also exceptions.

If some students are dissatisfied with some interest disputes caused by the decisions of the college, they can submit a formal challenge application to the college to determine the ownership of their interests.

This is the college challenge!

And Zhou Chun, now, is to challenge Ye Chen! Fight for the quota of this trip to Jiuyou country!

Ge Qing's eyes twinkled and his mouth outlined a smile.

It's time to come.

He nodded to Zhou Chun and said, "OK, I agree. The time for the challenge is tomorrow. I will inform Ye Chen."

Zhou Chun smell speech a smile, will turn to leave the headmaster's office.

At this time, Ge Qing picked up the book in his hand and said softly:

"Zhou Xiaozi, you are really excellent, but this battle may not be as easy as you imagine.

Go back and get ready. "

Zhou Chun smell speech, eyes flash, but still nodded: "yes, students know."

In his heart, for this ye Chen's interest, is also more and more thick.

In the past few days, he went to learn about ye Chen. He recently hit Du en, the star's orifices, outside his spiritual pulse. He showed amazing resilience.

At the same time, when entering the high-level spirit room of the spiritual pulse, his stay time has been judged by the terror of the core of the spiritual pulse, 1.3 billion years

Zhou Chun didn't go to the high-level spirit room. At that time, the number he got was only 9.8 million years old, which was barely ten million grades. But what about Bi Ye Chen?

It's more than 100 times worse.

But will Zhou's confidence be affected?

Not at all, Zhou Chun. He has his own pride.

However, in this way, he really attached great importance to Ye Chen.

1.3 billion years This number is not available to ordinary people.

As far as he knows, the largest number of people who have entered the high-level spiritual room in the history of Shenhua college is 82 million years old, which is terrible.

That genius has a very ancient blood against the sky. His practice speed is so fast that he has a high affinity for aura. He is not even under the ancient true spirit.

What about ye Chen? Is its affinity for aura still above the true spirit?

This can only be done by the legendary descendants of gods, right?

However, it doesn't matter who ye Chen is.

Zhou Chun's eyes narrowed and his sword was rippling!

"Even if it's a God, I, Zhou Chun, will kill it with one sword!"

Sword into the extreme state, you can see God cut it!

This is Zhou Chun's pursuit!

Zhou Chun, again came to the cliff, the original empty cliff, with his arrival, the moment, full of white clouds.

At this time, the white cloud is no longer a harmless sea of fog!

Instead, a sea full of fierce and dangerous sword!

.....

At this time, ye Chen is practicing in his dormitory. At last, because he has just advanced and has some impetuous breath, he completely calms down.

With his eyes open, he was astringent. After stretching, he climbed down from the bed and went downstairs to find xingzitang. It was time for him to eat some delicious food and relax.

But he had just come downstairs when a pretty girl called out to him: "is it Mr. Ye? Please stop! "Ye Chen looked at her, the girl, seems to be the dormitory management, immediately said: "I am, what can I do?"

The girl took out a letter from her arms and gave it to Ye Chen. She said with a smile, "this is from the dean."

Ye Chen took over the letter curiously. After reading it, he could not help but show his pondering color.

Cloud dragon sword Zhou Chun?

College challenge?

Ye Chen's mouth, floating up a trace of smile, a little interesting.

He has always been a little annoyed, because in the college, there is always garbage provocation. This college challenge will be carried out openly.

In other words, he has a chance to show his strength in front of many students. This is a good way to do it once and for all.

After this battle, there should not be so many annoying insects bothering themselves, right?

Ye Chen thought, toward the dormitory to go, even if tomorrow, will fight with the super demon Zhou Chunyi in the second grade, he also did not change his idea of eating with his friends.

Because he didn't think he would lose!

He had not gone a few steps before he met another acquaintance.

Prince Xin of Lingxian palace.

Wang Zixin stopped Ye Chen's way, cold eyes like a thousand years of ice.

"Let me guess, Xia Lingqiu and Lingyun asked you to come?"

Wang Zixin threw out a letter of War: "Ye Chen, this is a year's agreement between you and my vice Lord of Lingxian palace! Our Lingxian emperor palace has announced to Lingwu mainland! "

"You don't even have the right to refuse now."

"Even if you have the ability to fight star orifices at the peak, you can't shake the accomplishments of the vice palace master after he closed down."

"The vice palace master asked me to tell you that even if you step into the gate, she can crush you to death, even if you don't even have a chance to attack!"

"You can't imagine what kind of effect will be produced if we pile all the resources into one person in Lingxian palace!"

"Oh." Ye Chen stretched a stretch, light way.

Chapter 2036

He looked at the war books, but he didn't expect that there was not much time left in the one-year agreement.

According to this time point, the Blood Sword sect of the blood spirit clan is going to attack Kunlun Xu.

It's time to go to the Blood Sword gate sometime.

Those Kunlun virtual powers should also be rescued.

When he left the heaven and earth killing area, he asked the king of ice sword once in a while when to go to the Blood Sword sect.

It's just the reply of the king of ice sword that one of the strongmen of the kingdom of God has gone to the blood spirit clan. It's not the time to fight head-on.

Ye Chen can only wait.

I just don't know what kind of cultivation this aura will be when the year comes?

Seal the door?

Ye Chen no longer thinks much about it and is ready to leave.

At this time, Wang Zixin continued: "but ye Chen, you can live to about a year is not sure."

"Do you know the details of that week? He is the strongest sophomore in the history of Shenhua college! "

"The future leader of the top forces!"

"Even the one who sealed the door died under his sword! It's very strong to jump the level! Are you sure that you are a natural state, qualified? "

"I'm afraid your fate will be ended tomorrow, ha ha ha!"

"Oh."

Ye Chen on a word reply, and then left.

After meeting with Xing Zi Tang, Ji Xuan and others, he went directly to the moon tower.

Chu Ying received it in person.

But let Ye Chen surprise is that Chu Ying's attitude towards himself is the same as that day.

It seems that the devil never happened.

Ji Xuan also heard about Zhou Chun and frowned: "brother ye, this cloud dragon sword Zhou Chun is not simple. You should be careful."

"Oh?" Ye Chen came to a trace of interest, looked at Ji Xuan and said, "brother Ji knows this man?"

Ji Xuan and Xing Zitang looked at each other and said with a bitter smile:

"brother ye, this man comes from a top power called Taiyi sword sect, which is an ancient sword school.

In fact, strength and details are different. Most of us, the younger generation of top forces, know each other, and Zhou Chun is also a very famous person among us. "

Xing Zitang said: "this week Chun, his talent in kendo is too terrible, and he is extremely proud!

Although it looks ordinary, even gentle and polite on the surface, his pride is carved in the bone marrow and in his sword

When he was 13 years old, he once did a big thing that shocked the Lingwu mainland. However, few people knew about it. "

Ye Chen said strangely: "what's the matter?"

After a moment's silence, Ji Xuan replied, "he once went to visit a first-class force in the southern region of Lingwu continent with one sword to challenge the young talents of this force..."

Xing Zitang said: "at that time, almost all the forces, the top demons under the age of 15, were defeated by Zhou Chun's sword. At that time, he got the title of Yunlong sword..."

Ye Chen took a mouthful of vegetables and sent it to the entrance. His eyes twinkled. It seems that this week's pure is really not simple.

Ji Xuan's face was a little condensed and said:

"it's said that the Taiyi sword school's sword technique has been cultivated to the extreme, and even can surpass the divine level martial arts, becoming an unimaginable magic skill, which is extremely terrifying.

Zhou Chun, it is said, is the first sword cultivation in thousands of years that has the hope of reaching this level. "

"He has been seen in the kingdom of God."

"Well?"

Ye Chen's eyes lit up, this week pure, it is really some out of his expectation.

However, in this way, it is possible for him to gain some understanding from the other side's swordsmanship by fighting with the other side.

Perhaps, for him to practice the sword of cutting the sky, there are unexpected benefits!

In Ye Chen's eyes, the battle spirit surges, his whole body breath faintly stirs up, looking forward to tomorrow and Zhou Chunyi war more and more.

For others, meet Zhou Chun such a terrible opponent, only despair, but for ye Chen, it is expectation and excitement!

.....

Lingwu, a land of chaos.

A thin figure suddenly appeared.

It is Ji Lin.

Ji Lin's thin body, do not know where to get a pair of pink glasses and hat, leaning on a stick, seems to be imitating Sherlock Holmes.

Even the frost sword God who protects Ji Lin in the distance is a little confused.

"What the hell is this little girl up to?"

At the moment, Ji Lin frowned, staring at the desolation of the square circle, and said, "it should be here."

"On that day, sister lol and I sent them to this place, where we met the mysterious people."

"It seems that the mysterious people came for sister lol.

"It must be that sister lu'er's life experience has something to do with Lingwu land."

"According to the Chinese TV dramas I've seen, sister lu'er is not involved in any struggle for the throne?" "Is sister lol's special status touching the interests of some people?"

"Well, it's so critical. How can I still think that there are not any of these?"

Ji Lin shook his head.

She didn't know that she had already guessed about it.

Ji Lin sat cross legged and pinched his fingers: "today, I must find out which bastard took lu'er sister away!"

The language falls, her whole body is lingering colorful light.

The light is all around the body.

A sword appeared on her head!

Sword of time!

The secret of wanjiandi palace!

Countless pictures flashed in front of Ji Lin.

It's like ten thousand years in a flash.

"Stop!"

Suddenly, the screen stops.

Ji Lin, ye lu'o'er and a group of mysterious people appear in the picture.

Ye lu'o'er inspires blood and pushes away Ji Lin at the last moment!

See this once picture, Ji Lin's big eyes are full of tears.

"Sister lu'o'er, Ji Lin is sorry for you. Don't blame me..."

"It's been a long time to find the truth."

"Now I wake up to the inborn poison body. I've become more powerful. When I confirm your whereabouts, I'll immediately go to Ye Chen and kill nine days together."

She clenched her lips and gazed at every detail in the picture.

Suddenly, her eyes were heavy.

Her little finger magnified a picture.

In the picture is an old man.

The old man had a jade pendant on his waist.

The jade pendant is engraved with four vigorous and powerful characters!

Linghu family.

At this moment, Ji Lin's tears disappear, and his whole body condenses a terrible killing intention!

The innate poison surge.

A stream of green poisonous gas surrounds Jilin.

And then the air expands!

The whole body of boulders completely turned into powder!

There is no grass in a thousand miles! Only death!

The frost sword God's face changed greatly in the distance, so he quickly applied his skill to protect his whole body!

However, of course, his Qi and blood were still extremely miserable.

Even the protective barrier in front of you will be broken!

Don't care about everything, hurry back!

"This little girl still needs my protection?"

"It's so poisonous. I'm afraid those who are strong in sealing the door will fall here."

"But what did the little girl see, so angry?"

Chapter 2037

For a long time.

The poison gas on Ji Lin dissipated, and everything returned to silence.

However, Ji Lin's ten mile radius has turned into a piece of yellow sand.

It can't be restored forever.

Ji Lin's eyes are full of firmness, mumbling: "the address of Linghu family is not difficult to investigate."

"However, according to the breath in the picture, these people's strength is not too high. It is estimated that there is a more terrible existence behind the Linghu family."

"I alone, after all, can not compete."

"You have to find Ye Chen."

"Ye Chen is really unreliable. What kind of Shenhua college should I go to?"

"This garbage college is not allowed to enter. It must be some kind of pheasant school!! If ye Chen goes here, it will only waste time. "

"I have to find a way..."

if anyone make complaints about such a dream Fire Academy, I am afraid that the atmosphere will not breathe.

At the same time, the holy dragon family, a mysterious seal forbidden area.

When the holy dragon family knew that the original forbidden area could not trap yelor's awakening blood, they had to order people to transfer her to a sealed place.

The power of this sealed land comes from ancient times.

Trapped, it represents endless years.

Almost no one can save, no one dares to save.

Suppression forever.

To break this seal is to destroy the foundation of the dragon family.

Endless desert.

A white girl was trapped in thousands of chains.

The chain has thunder arcs.

The power of the thunder arc is the sky thunder!

The girl's pale face, eyes look around, incomparably firm.

"I really think this will trap me."

"My blood is constantly awakening, some of the dust laden memories in my mind also swept in."

"My father is not dead, he is still alive!"

"Just..."

Ye Luo Er's eyes suddenly darkened.

She watched the seals and repression of these countless chains.

There's nothing to do about it.

Pain comes next.

Her blood has the ability to recover against the weather, no one can move her.

Suddenly, she thought of something and sat down.

"Shenglong transmission rhyme can cross all communication. At present, the only one I trust in Lingwu mainland is elder brother Ye."

"I have to perfect the holy dragon transmission formula as soon as possible, or even if elder brother ye knew that I was trapped by the holy dragon family, he would not be able to find this place."

The next second, the chain vibrates.

Under the bondage of the Dharma, Luo began to realize!

However, this act against the sky, she suffered a lot.

Her forehead was covered with sweat.

However, the firm eyes, fearless!

.....

Night fell.

In the samsara cemetery.

Ye Chen looked at the red and blue light ball on the top of his head, and did not know whether it was an illusion. He vaguely felt that there was a virtual shadow inside.

It should be Xiao Huang.

"The ancient ribs are hard to refine."

Ye Chen murmured.

At this time, a figure appeared beside Ye Chen.

The figure is a black and white robe, full of Daoyun.

Behind him was a huge sword box.

The breath is far away.

The wind is clear.

Ye Chen quickly arched his hand and said, "master Feng."

Ye Chen is found in many great powers, young, even uninhibited.

With such great power, I think I'm also the top talent in the land of Lingwu.

Feng Qingyang took a look at Xiao Huang and said, "if this guy returns to the ancient peak state, I don't necessarily shake it."

"If you refine that rib, it will be at least a thousand years."

Ye Chen a Zheng, immediately wry smile way: "that I want to wait for how long?"

Wind Qingyang shook his head: "I don't know, but one thing can be sure, it will appear when you need it most."

"By the way, be careful tomorrow. That guy named Zhou Chun is not simple. "

Ye Chen Mou son one congeals, ten thousand did not expect the breeze is clear to raise unexpectedly specially to remind.

Is Zhou really strong?

.....

There was no word all night.

It's sunny and cloudy today.

Shenhuo academy has an open-air arena, which covers a wide area, about the size of a hundred basketball courts. Around the arena, seats are distributed.

There are a lot of seats, but there are not many spectators. After all, there are only a few hundred teachers and students in the school, including all kinds of laborers and so on.

And these people, today, almost all of them are here! Zhou Chun had already entered the arena. He was looking at the clouds in the sky with his hands on his back. He was calm, as if he had been rooted in this ancient tree many years ago.

Not far away, a sound of foot steps sounded, a figure, into the martial arts arena, came to Zhou Chun's body.

But also in this person admission moment, only a few hundred audience, but burst out a burst of thunderous cry.

Yelling Ye Chen's name! Most of them come from women.

In recent days, ye Chen's various performances have been thoroughly spread in the college!

What's more, it is more and more strange. There are even rumors that ye Chen is not a man at all, but a descendant of the kingdom of God

Many students, especially female students, have changed from curiosity to worship!

Compared with Ye Chen, Zhou Chun is much more low-key. Besides sophomores, many other students don't even know Zhou Chun.

Ye Chen looks at Zhou Chun, and Zhou Chun also looks at Ye Chen. Their attention is focused on each other, and they don't care about the shouting of the students.

Ye Chen face color gradually dignified up, Zhou Chun is very strong, than he imagined, stronger!

This is no longer the realm can measure.

Zhou Chun's all-out efforts are bound to achieve the goal.

It's no wonder that you should remind yourself that the wind is clear.

Zhou Chun smiles at Ye Chen and says, "Hello, I'm Zhou Chun."

Ye Chen nodded his head and said, "Ye Chen."

Ge Qing flew up, suspended in the air above the arena, coughed a few times, and the whole arena was instantly quiet.

Ge Qing took a look at the two people in the field and announced: "the winner of this college challenge can get the qualification to celebrate the royal family's birthday in the kingdom of Jiuyou. In the challenge, one side should not deliberately take people's lives. One side should admit defeat and should not continue to attack. Are you ready?"

"Ready!" They both said at the same time.

Ge Qing said: "the challenge begins!"

As soon as GE Qing's voice fell, Zhou Chun's temperament changed instantly.

He was once as calm as an old tree, but now he is a sharp sword out of the body!

Under the agitation of the sword, most of the students present were cold in their hearts!

Zhou Chun, you haven't made a move yet!

Just standing, there is such a powerful sword!

Ye Chen's pupil shrinks. With Zhou Chun's sword intention breaking out, ye Chen's body also flashes with an extreme sense of killing. In the roar of killing intention, there is still a tiger roar and a sword meaning that can cut the heaven and earth apart!

The two have not yet shot, momentum, has begun to collide!

There was a flash of surprise in Zhou chunmu. Originally, ye Chen had only the cultivation of two layers of heaven. In his opinion, even if he understood the power of the realm and could compete with the ordinary martial arts of Xingqiao, it was only a relatively superficial level.

Now it seems that he was wrong.

Chapter 2038

He found that although Ye Chen's comprehension of the power of the realm was not as good as his own, he had a very mysterious verve, which even he could not see through.

If we say that he is a pure sword with unmatched sharpness, ye Chen is a chaotic killing. There seems to be blood, tigers and swords in the killing!

Zhou Chun suddenly opened his mouth and said with a smile: "I thought that you were just relying on the other side to belittle the enemy and use brute force to defy it. It seems that I underestimated you."

Although Zhou Chun said that he underestimated, he had already brought a kind of invisible arrogance and invisible contempt in his words.

Ye Chen also smile, light way: "how? Are you scared? If you are afraid, you can admit defeat. "

Zhou Chun seemed to have heard some jokes and laughed: "afraid? Do you think you're terrible? "

With that, his smile cooled down.

"Ye Chen, I know that you are very talented. However, you should never, never should, be in my way.

This road, without any obstacles, can block my progress, you know?

If I'm afraid, the only thing I'm afraid of is that you're weaker than I imagined. I'll kill you by mistake.

We Taiyi sword school has a saying, called the sword into the extreme state, see God cut it.

Even if God blocked my way, I would cut it under the sword. Ye Chen, do you think you are a God?

Are you qualified to make me afraid? "

Ye Chen looked at him faintly and said, "do you have so much nonsense, sword repair?"

Zhou Chun really, there is a kind of pride in the bones, ye Chen believes that such people, even if they die, will be proud, but, so what?

See God and cut it?

Very good, then I Ye Chen, is the God of God!

When Zhou Chun heard the speech, he laughed colder and said, "very well, I hope you don't let me down!"

After that, a cloud shrouded the entire arena in an instant!

Zhou Chun said in a low voice, "open the world of swords in the sky and clouds!"

The power of the boundary is surging in the sea of clouds. The whole sea of clouds is transformed by Zhou Chunyi's extremely concise sword spirit. Every trace of cloud and mist can be turned into a magic sword to cut the sky and split the earth!

A sea of clouds, some third grade students, face changed!

Others can't see it, but they do!

This seemingly misty sword world is so powerful!

Even, still touched the edge of the seal door!

That ye Chen will surely lose!

How can the cultivation of creating the realm of transformation compete with this realm which is close to the extreme of star orifices?

Or is it a sword world with ancient heritage and famous for its destructive power!

Many third grade students are looking at the sea of fog with fear in their hearts. They think that even if they are against Zhou Chun, they are likely to fail.

At this time, ye Chen, who is in the sea of clouds, is also frowning. A layer of concise, like the essence of the murderous spirit, circulates around him.

When Zhou Chun expanded the boundary, he wanted to expand the killing realm at the same time, but!

The power of his boundary was completely suppressed by Zhou Chun!

Can only protect him, not affected by Zhou Chun's boundary!

At this time, Zhou chunlue's voice of ridicule sounded in the sea of fog:

"Ye Chen, is this your proud capital? It seems that I am a little too flatter you, you do not let me fear the qualifications, you even, even in my way forward, the qualifications are not! Chop

At the next moment, in the fog sea, a dragon song suddenly rises. Vaguely, you can see a fog dragon. In the fog sea, it flashes rapidly, with incomparable sword meaning, and rushes towards Ye Chen!

Zhou Chun is full of self-confidence when he cuts out this sword. Since his practice, few people have been able to block his sword.

And he, the face, has always been a monster, he knows that ye Chen may have some outstanding points, but in front of his sword, he is also vulnerable!

His sword is everything!

However, after seeing the power of Zhou Chun's sword, they also shook their heads and sighed:

"this ye Chen may be very outstanding, but he is absolutely impossible to beat Zhou Chun."

Maybe, give ye Chen another year, or even a few months, he can catch up with Zhou Chun, but with him now, it's too difficult!

In their view, now, the original arrogant Ye Chen, should also realize the horror of Zhou Chun?

Even some people, already disdainful smile, waiting to see ye Chen defeated by Zhou Chunyi sword!

Especially the second grade students!

Because, other people may not understand Zhou Chun because of his low-key, but, as a sophomore, Zhou Chun is their pride, their yearning!

In their view, Zhou Chun is the leading evil spirit in ancient and modern times, just a Ye Chen?

Just like Zhou Chun said, there is no qualification in his way! Even, they are ready to laugh and ridicule after ye Chen is defeated!

At this time, ye Chen, in the face of the Yunlong roaring at himself, is a bright eye!

Zhou Chun's boundary is made up of his sword Qi. There is a tendency that there is no distinction between the real and the virtual. The cloud dragon with sword as bone and Qi as body gives Ye Chen a feeling of facing the real dragon!

Zhou Chun's sword, indeed, has its own unique features. It can even be said that it is a sword technique beyond the Lingwu continent!

Fighting against Zhou Chun will undoubtedly inspire him in his practice of cutting the sky with a sword!

As for terror?

Even in the face of fengmenjing, ye Chen is not afraid! Not to mention Zhou Chun?

When the sword moves, the world changes color!

In Ye Chen's eyes, the divine light explodes and the spiritual power is surging. In the vast white sea of clouds, a golden glow suddenly rises!

In the sea of sword meaning, a strong sword meaning broke out!

In the light of sword, the shape of tiger looms!

Strong! Very strong!

At this time, the audience was shocked again. Not only the students, but also some of the tutors were shocked!

Zhou Chun and they know that, so they have made psychological preparations, but what about ye Chen?

Even the tutors don't know much about the freshmen who won the first place in the dragon race, but now they see it!

Ye Chen's sword definitely has the power to kill most of the powerful stars in seconds!

Even if it is contact with do not know how many amazing genius tutors, also can not help but be moved by it!

It's a terrible thing that the cultivation of nature can defeat the martial arts of Xingqiao. What about ye Chen?

Even the peak of Xingqiao can be defeated with one sword!

What kind of talent is this?

However, some tutors still shook their heads. In their eyes, it was pity.

Ye Chen, really excellent, but, he met, is Zhou Chun!

The next moment, in the eyes of the people, the golden tiger and the cloud dragon roar and collide together!

The space is broken, the earth vibrates, and even the protective light shield of the martial arts arena starts to flicker!

Chapter 2039

Originally extremely confident Zhou Chun, the face also changed!

Ye Chen's sword is unexpectedly powerful!

Originally prepared to laugh at those sophomores, but also a moment into a fool!

They know very well how terrible Zhou Chun's sword is. For them, the cloud dragon just now is just like a real dragon!

In front of Zhou Chun's sword dragon, all they can feel is their own insignificance!

At this time, Zhou Chun's Jianlong is blocked by Ye Chen's sword?

It can be seen that ye Chen's strength is beyond imagination!

They just want to laugh at Ye Chen?

It's so ridiculous!

However, the golden tiger, finally, was completely dissipated under the attack of rolling clouds, and the sword dragon, though greatly reduced in momentum, still flew in the direction of Ye Chen!

Ye Chen's sword was suppressed by Zhou Chun's sword spirit!

With a roar, the sword dragon knot solidly bumped into Ye Chen's body!

The second grade students, who were already stupid, stunned and even blushed, relaxed.

Because they know that Zhou Chun is a top-level sword cultivation, and what is the most powerful sword cultivation?

It's their power of attack!

Therefore, even the remaining Stegosaurus can still suppress Ye Chen!

That is to say, ye Chen has been defeated by Zhou Chun's sword!

Even, some people couldn't help sneering: "just now, wasn't it arrogant? What nonsense? In my opinion, if Zhou Chun didn't want to say a few more words, could he last three seconds? Thanks to Zhou Chun! "

Another person is also full of sarcasm and said: "however, I heard that his constitution, is very adverse to heaven? Is it possible to survive? "

"Ha ha ha ha? Can you hold on? Zhou Chun is a swordsman! Can it be compared with ordinary martial arts? What's more, what's the cultivation of this boy?

Zhou Chun, have you touched the edge of the seal? This can hold up. You are really God when you are him

When people heard the speech, a burst of laughter, a cold female voice, inserted into the laughter of the crowd.

"Why do you say ye Chen so?"

The sophomores were stunned and looked at each other. They saw a tall, shadowing woman who was looking at them coldly.

It's the spirit of heaven!

She didn't want to talk, but when she heard these people, she mocked Ye Chen so wantonly. Finally, she couldn't bear it!

Seeing this, the second grade martial artist couldn't help but shrink his pupils. He recognized them. They were Xing Zitang, Ji Xuan and other top class students!

Can't help but put the words to the mouth, swallow back, but also coldly smile: "how? Do you mean that ye Chen can stand the sword just now? "

The spirit of heaven gazed at each other and said, "can you stand it? Hehe, ye Chen, not only can stand the sword just now! "

Her eyes gradually sharpened.

"Ye Chen, you will win this game again!"

"What do you say?" Several people looked at the heavenly spirit like a fool and laughed: "can ye Chen win? Are you serious? Don't make me laugh, will you

At this time, Ji Xuan, sitting beside the heavenly spirit, said faintly, "Oh? Since you think so, how dare you bet with us? "

"Gambling? How to bet? "

Although they are not willing to take the initiative to form a feud with the disciples of the top forces, since the other side has taken the initiative to send them to the door, can we blame them?

Several people are full of self-confidence, they believe, this ye Chen again against the sky, also can't be Zhou Chun's opponent.

Ji Xuan said faintly: "bet, can ye Chen win this competition? As for the bet... "

Ji Xuan's eyes gradually cooled down: "you just ridiculed very happy? If ye Chen wins, how many people do you wait for and apologize to Ye Chen in public? "

When they heard this, they all changed their faces!

Apologize to Ye Chen in public?

They are sophomores of Shenhua college!

Even if you know ye Chen's strength is excellent, it's indescribable to apologize to a freshman who is born by nature. Even the students of the same level will look down on them.

It can be said that from now on, the influential figures in the school will not be willing to get involved with them!

But soon, their complexion calmed down again. These are the things after ye Chen's victory. Can ye Chen win?

Therefore, it is impossible for such things to happen. Now, they are curious. What kind of chips will Ji Xuan take out to make them apologize in public?

One of them couldn't help asking, "well, if ye Chen loses, what do you do?"

Ji Xuan light way: "I invite a few, go to the dining hall Tianqu to have a good meal, can eat how much, how much?" A few people look at each other, they can see the joy in each other's eyes, although they are sophomores, but they have never gone to the dining hall Tianqu to eat!

What's more, it's a hearty meal inside?

Immediately, all nodded and smiling, and said triumphantly, "OK, we're gambling!"

In their opinion, Ji Xuan was just a fool who was impulsive for a moment, fighting for face.

However, since they have made a bet with Ji Xuan, they are embarrassed to say "seven eight" and watch the game quietly.

At this time, in the sea of clouds, a roar sounded, and even scattered the clouds and fog. A figure emerged from the fog.

People see this, can not help breathing stagnation!

And those a few just and Ji Xuan and others, the second grade students who made a bet, is the face suddenly changed!

That figure is Ye Chen!

At this time, ye Chen has a completely different face, a half man and half devil appearance, at the same time, the body, burning a light purple flame, just standing there, it exudes boundless power!

Faint, let life out of a want to worship the feeling!

What's more shocking is that ye Chen has just suffered Zhou Chun's blow. At this time, it seems that although there are some wounds on his body, they are also healing rapidly. On the whole, he seems to be in the middle of nothing!

You know, Zhou Chun's sword killed cangming Xuan tortoise with the strongest defense force!

Among the monsters, cangming Xuan tortoise also has the highest defense power. However, ye Chen's defense is still above cangming xuangui?

People feel that their brains are going to stop working!

And those sophomores, even to stare out!

Ji Xuan looked at several people and said with a faint smile: "a few people, did ye Chen just say that he couldn't survive Zhou Chun's attack? Now? "

Chapter 2040

The sophomores looked a little ugly and forced him to hum: "so what? It's just a fluke. Isn't he still defeated by Zhou Chunyi's sword? "

Ji Xuan and others looked at them coldly and shook their heads slightly and said, "he is never the existence you can imagine."

Only those who have experienced Ye Chen's rebellion will know how ye Chen exists.

Ji Xuan and others didn't say much because they knew that you would never wake up a person who pretended to sleep.

Then, let the result prove it!

Ye Chen stares at Zhou Chun. The sword he has just made is not equal to Zhou Chun's sword intention. However, ye Chen does not retreat, on the contrary, he becomes more and more excited!

He can rely on his immortal body to receive a blow that is weakened by his sword intention next week. He knows that every time he receives Zhou Chun's sword, he will have a deeper understanding of his sword technique. It also means that his understanding of the sword of cutting heaven will be more and more refined!

Even the wind of the reincarnation cemetery also said with a smile: "so you want to understand from this genius sword cultivation hand."

"In the whole world, I'm afraid you dare to grow up in such a dangerous situation."

"A little carelessness is a dead end."

Far away.

Zhou Chun looks gloomy. He knows that he underestimates Ye Chen.

He has always been invincible, let the opponent despair existence.

When do you feel pressure from your partner?

But now, for the first time, he felt the pressure from a mole ant who created the environment?

How can he accept it?

Zhou Chun's heart, burning with anger, he did not end his sword, ye Chen, Shenhua college students, mentors, how to see him?

"Ah, ah, ah, ah Zhou Chun roared, and his whole body was full of sword spirit. The whole person was like a sword demon with infinite power. However, the originally white sea of sword Qi and fog was stained with blood because of the change of Zhou Chun's mood!

Ye Chen sneered and said:

"Oh? Is it angry that one sword didn't beat me? "

His eyes gradually became cold.

"Since you were young, you have grown up in the super power and have the top resources. You have never met any real obstacles?"

Zhou Chun's sword is really strong, but what about Zhou Chun's pride?

Ye Chen looks down on the pride that has never experienced setbacks and never struggled in a real desperate situation.

The blood color around him is getting thicker and thicker, but ye Chen doesn't care about it. He says faintly:

"Zhou Chun, I will let you realize what despair is

"I have been called a waste since I was a child. The adversity and ridicule I have experienced are beyond your lifetime!"

Zhou Chun tightened his teeth, and his mind was about to burn. He roared at Ye Chen: "shut up! With you, I can match you! Cut it for me

At that moment, the sword turned into a bloody sword!

Zhou Chun incarnates as a giant dragon, with scales and claws, lifelike and full of blood. His bloody eyes stare at Ye Chen. His eyes are cold and cruel!

This move, he is also in front of the public, the first time to use!

This is his real strength!

He is confident, within the same rank, a move invincible!

Ye Chen, do you want me to experience despair?

Then, I will let you understand, what is the real hell!

As soon as the bloody dragon appeared, all the onlookers felt a sense of worship!

Some weak students can't help shaking!

It's so scary!

Ye Chen holds his breath and concentrates. Although his strength has been improved, he still can't completely release the sword.

Therefore, he will continue to fight. Before he reaches the limit, he will improve the level of his sword by understanding the meaning of Zhou Chunjian, so that he can use the ultimate sword of cutting heaven at a smaller cost!

Otherwise, even if he successfully defeated Zhou Chun, he would not have a chance to face the kingdom of God and the way of heaven! In the face of those super powers behind the imprisonment of 100 great powers!

Seeing the appearance of the bloody dragon, those sophomores who ridiculed Ye Chen were obviously excited. Zhou Chun even hid his hand!

Once upon a time, although Zhou Chun was strong, he did not have the strength against the weather, did he? After the integration of pure man sword this week, the manifest dragon is invincible under the seal, right?

They have never seen any warrior who has not reached the goal of sealing the door, who can use such a terrible skill, that is to say, the probability that ye Chen can resist is very small!

They are proud to look at Ji Xuan several people, see their face is also slightly dignified, can not help but feel more convinced.

Ye Chen is dead!

The blood dragon roared, with a strong sword meaning, impact Ye Chen, where the space is broken!Ye Chen is like a boat in the sea of blood. With the huge waves, the sword in his hand dances wildly. In an instant, he doesn't know how many swords he has cut towards the mighty dragon!

However, the dragon's claws flipped gently, but it seemed that thousands of swords had sprung up. It was the sword light that cut Ye Chen and tore it to pieces!

Those sophomores saw this, more happy, the joy in their eyes, it is almost out of their eyes, they gloated at Ye Chen.

Ye Chen is indeed a genius against the sky, even stronger than their sophomores!

Unfortunately, he provoked Zhou Chun, so, there is only one end, death, death can not die again!

Therefore, the more talented Ye Chen is, the better they feel when they see ye Chen being crushed!

For people who are better than themselves, many people will feel that the more unfortunate and miserable this person is, the more happy they will be!

It comes from their jealousy of this man!

They know that they can never surpass this person, so they can only comfort themselves with this person's misfortune! To fill your self-esteem!

At the same time, ye Chen's whole body flashed with a sword. He used a hundred steps to catch electricity. While avoiding the attack of the dragon, he kept waving his sword!

Zhou Chun really strong, strong to, let Ye Chen also have to temporarily avoid!

However, at this time, the more frightening is Zhou Chun himself!

Because every sword that ye Chen cuts out is not as good as his sword intention, but!

Ye Chen's sword sense is constantly changing and strengthening!

How could that be possible?

Even Zhou Chun, such a genius, can only use four words to describe what he has experienced!

Who can be stronger and stronger in battle?

Or face, like Zhou Chun, tough to imagine the opponent?

All of us have heard of the legend of some supernatural monsters who, in the face of adversity, seize the opportunity to become stronger in the face of a strong enemy. In the end, the Jedi counterattack and turn defeat into victory.

But, legend, just legend!

It's totally different from reality!
