

Physician 2081

Chapter 2081

"Chu Hong, is Chu Zhenye still there?"

I'm not afraid to call Mingchen.

Because at the moment, he is the devil!

The kingdom of nine you, even the demons, the devil Kingdom, all respect him.

And now Chu Hong, a little flustered!

Just because Chu Zhenye is the name of the ancestor of Chu family!

Just as he was about to speak, there was a slight fluctuation in the Chu's array!

Then, a shadow appears directly!

It's the spirit left by the ancestors of the Chu family!

Just now, Chuhong's eyes were trembling and he said, "I didn't stare at you You... "

Before the words were finished, Chu Zhenye's empty shadow was a big drink: "son of a bitch, devil emperor comes, don't kneel down!"

Chu Hong's whole body is wet, is directly kneeling in front of Ye Chen's body.

He didn't even dare to look up at Ye Chen.

Although he guessed a few points, when ye Chen was completely sure that he was the devil emperor, his heart was still a little unbearable!

The devil is still alive!

When you think of the tone he spoke to Ye Chen just now, his whole body is cold.

Ye Chen, who was possessed by the evil emperor, looked at the empty shadow of Chu Zhenye and frowned: "you fell?"

Chu Zhenye nodded: "report to the devil emperor, in that war, after you fell, I and those several would like to revenge for you."

"We set foot on the kingdom of God, even close to the temple of heaven, but in the end, almost all our troops were destroyed..."

"The others covered me with death, and I managed to escape from the kingdom of God."

"In order to avoid the pursuit of the kingdom of God, I dare not stay in Jiuyou more, leaving this array of gods, then fell in the endless sea."

"Devil emperor, it's useless to be a minister!"

Ye Chen's eyes are cold, endless evil Qi is like a ferocious beast.

"It's not your fault."

"What about what I gave you back then?"

Chu Zhenye suddenly reacted and looked at Chu Hong: "bastard, I Chu family heirloom, quickly bring it!"

Chu Hong reacted and looked at Ye Chen in awe. He quickly got up to get something.

Chu Zhenye continued: "demon emperor, the reason why we all had an accident in those years was that there were traitors in the devil kingdom! If I'm right, that traitor is Jun moochen. Now Jun is in charge of the demon clan, and he is called the supreme tyrant. "

"Since your fall, Jiuyou has been hereditary. The emperor of Jiuyou has been reluctant to cultivate, but he has long lost his fighting spirit and blood."

"In ancient times, I could barely influence the kingdom of God, but now, with the decline of the world, Jiuyou has lost the most important thing. If it goes on like this, I'm afraid there will be no hope of revenge all my life!"

Ye Chen's eyes are dignified and his hands are loaded behind him: "I saw the emperor of nine you today. It's ridiculous!"

"It's ridiculous that the emperor of Jiuyou should bow to the people of the kingdom of God in order to avoid war."

"It's time for him to become a king."

"I will send someone to take over. That person is not qualified to take charge of Jiuyou!"

"But before that, I need to get back in the flesh."

Chu Zhenye heard this sentence, excited to the extreme: "good good! If the devil emperor recovers the physical body, he will certainly change the present situation! "

At this time, Chu Hong has come back, holding a rectangular box in both hands.

"Laozu, the devil emperor, is this thing."

Ye Chen arm a wave, the rectangular box will enter the reincarnation cemetery.

"Well, since I have got it, I should leave Jiuyou temporarily."

Chu Zhenye suddenly thought of something and said, "devil emperor, I have always had a problem. In ancient times, although the kingdom of God was powerful, your cultivation should not fall. Why..."

Ye Chen stops, the endless evil spirit is like a magic shadow cloak, domineering in the world!

"Before stepping on the kingdom of God, you will die."

Ye Chen still left.

Only the shadow of Chu Zhenye and Chu Hong were shocked.

Now the king's dust is not the ancient king's dust.

His accomplishments are more than empty realm.

Hand is in control of a demon Iron Army! carry the world before one!

In addition to the kingdom of God, who can shake the status of the king and the devil in the land of Lingwu?

To the outside, the devil emperor or left Ye Chen's body, weak a few minutes.

The evil emperor knew that if he didn't show up in person, the gods of the ancestors of the Chu family would not appear at all.

It's not that easy to get.

Ye Chen said strangely: "devil emperor, what is the box? Why do you have to gather all these things to revive you? "

After a few seconds, the magic emperor slowly opened his mouth: "I actually had a premonition that I would fall one day."

"The water in Lingwu land is too deep. Even though I have strong cultivation and strength, I will eventually be overthrown and disappear in history. Maybe it's the people I trust the most around me, or it's the arrival of the strong. "

"Too many possibilities."

"When the palace of juechan emperor in Lingwu was destroyed overnight, I had a premonition that the turmoil in Lingwu would begin."

"I even smell death."

"So I left something before I stepped into the ancient battlefield."

"These things can guarantee that I can still have a trace of life when I am completely destroyed."

"One of these things will be given to the devil, one to the ancestor of the Chu family, and the other is a mysterious dragon ball that I have obtained from abroad."

"This dragon ball is what you got in Kunlun."

"Without that bead, I would not have been your devil's eye."

"Of course, there are still some things I left behind that have not been found But it's enough to find them. "

Ye Chen's heart is shaking!

What kind of means is this!

"Ye Chen, this is the skill of the emperor. When you get to my position, you will understand that no matter how strong you are, you must walk on thin ice."

"Being attached to you has caused some consumption to me. I want to sleep for a while, and if I want to recover my physical body, I also need the demon's man-made guide to open the ban It's not hard. I have a hunch that it's going to happen soon. "

.....

In the territory of the devil Kingdom, the demons.

Ancient temples.

On the Jiulong stone chair, Jun magic dust is playing with the ring in his hand, and his eyes scan to the people below at will.

The atmosphere was extremely odd.

All of a sudden, Jun demon dust Mou son congeals, open a way: "according to your meaning, that is to say that the body that read the devil is really taken away?"

"My Lord, it is." The people below said respectfully.

"What's the man's cultivation? Is it half empty in the later period of the seal? I'm curious about such arrogance. Is it from the kingdom of God

Jun demon dust doubts way.

However, the face of the people below suddenly changed: "the devil, none of them..."

Jun demon dust eyebrows a frown: "before 30 years old, is the other side too empty?"

"Not really."

"Well? What is the cultivation of the other party! What's the origin of it Jun demon dust angry way.

The following people hesitated for a long time, or opened their mouth: "the other side is just a state of creation..."

Chapter 2082

"What!" Jun's face changed greatly, and the whole person stood up, and the ring on his palm turned into powder. "How can the state of creation control the body of reading demons! No way

The people below quickly knelt down: "God, I dare not cheat! The other party is really the state of creation, and he is also from Shenhua college, named Ye Chen. "

"As for other information, we haven't found it yet."

"What's more, the emperor of Jiuyou seems to have deliberately blocked all news. No one knows what happened on that day.

Do you need us to bring this ye Chen back. After all, he controls the mind

Jun demon dust turned, no one knows how ferocious his expression is at the moment.

For a long time, Jun demon dust said: "I am very interested in this ye Chen, and send people to stare at Shenhua college."

"The body of the mind of demons will not choose any one at will. The creation of the realm can be controlled by this son. There is absolutely a problem."

"Ye Chen, ye Chen, why does this name make me feel uneasy..."

Suddenly, Jun demon dust thought of what: "I remember the Shenhua academy is not far away from the possession of my demon seal, send people to have a look."

"That guy is about to wake up."

"If you have the help of this person, you may be able to speed up the phagocytosis of the kingdom of Jiuyou."

"What belongs to me should also be taken back!"

.....

Ye Chen naturally doesn't know about the demons.

Soon, Ge Qing, with Ye Chen, Ji Lin, Shi Hua and Zhao Lun, boarded the boat and flew out of the country of Jiuyou and returned to Shenhua Academy.

Ye Chen plans to return to Shenhua college, and Ji Lin to find Linghu family.

On the boat, Shi Hua and Zhao Lun also asked about ye Chen's experience in the temple of God's heart. Ye Chen didn't hide it completely. He told them what they could say, which made Shihua and Zhao Lun marvelous.

After that, ye Chen went back to his room and began to understand the soul skills recorded in Muye's ancient books.

As for the devil emperor, he did not tell Ye Chen what to do next.

Ye Chen is curious about what the devil emperor restored to the body.

But since the devil Emperor didn't give orders, he didn't intend to open those things.

I don't know how long it took. Ye Chen, who was practicing in the room, suddenly opened his eyes. In his eyes, the purple light flashed!

At the same time, the boat fell down in an earthquake, and they had returned to Shenhua Academy.

Ye Chen's eyes flashed. He didn't waste a minute and a second on the road. He had been understanding the soul skills on the ancient books.

But!

To his surprise, the difficulty of this soul skill is extremely high, and it is still on top of the hundred step electric drive!

In Ye Chen's opinion, the difficulty of these two soul skills can at least be comparable to magic skills!

But these time understanding, ye Chen nature is not without harvest!

He has made great progress in the use of Shenhun, although he is still unable to use Suo Hun Sha and tianhunzhen.

However, his mind has been greatly strengthened!

Ye Chen has just left the boat, is going to his dormitory, suddenly a figure appeared in front of his body.

Ye Chen fixed his eyes and couldn't help being slightly stunned. The man's face in front of him was also pretty handsome. It was a pair of triangular eyes that made people feel a little uncomfortable.

And this person Ye Chen also knows, it is before, had conflict with the second grade student, Chen Ke!

Chen Ke seems to have seen the return of the flying boat and waited here. When he saw Ye Chen, he met him with a happy face and said with a smile, "brother ye, long time no see."

Ye Chen looked at him strangely, and suddenly there was a flash in his eyes.

By the way, he had promised Chen Ke that he would take a nine yuan long fire.

He can't help but smile bitterly. Chen Ke, is he too worried? Are you afraid that you will break your promise?

Ye Chen looked at Chen Ke who came by and said, "brother Chen, are you here to take the nine yuan dragon fire?"

Chen Ke was stunned and immediately understood what ye Chen was thinking. He immediately shook his head and said with a stern look:

"brother ye, you misunderstand me. The reason why I am waiting for you in such a hurry is not to ask you for the nine yuan dragon fire, but to Miss Xie, she has an accident!"

"What!"

Ye Chen is surprised at the speech. Is Xie Pingping in trouble? How? In this college, there are Chen Ke, Xing Zitang and others to protect Xie Pingping. How could she have an accident?

Ye Chen can't help but feel a trace of gloomy anger in the bottom of his heart. People around him, one by one, have an accident. Ye Chen really can't stand it!

Looking at Ye Chen's look, Chen Ke hastily continued: "Ye elder brother calm down! Miss Xie, she didn't have an accident in the college

"Not in college?" Ye Chen frowned, "how to return a responsibility?"

Chen Ke said: "besides, it's not only Miss Xie, but also the first-year students of xingzitang, Jixuan and others, as well as Miss Xie! Since you left Shenhua college after you won the last college challenge, Miss Xie went out with Xing Zitang, Ji Xuan and others to complete the tasks in the college.

Due to your explanation, brother ye, I have paid a little attention to the task they are carrying out. The location of the mission is not too far away from our Shenhua college.

Originally, although the difficulty of this task is not small, but with the strength of xingzitang, they will not spend too much effort. Under normal circumstances, they should have returned.

However, up to now, they still haven't come back to the college. If I had expected that, they would have encountered some problems. "

Ye Chen face color a sink way: "inform the tutor in the college?"

Chen Ke nodded his head and said: "notice, but according to the regulations of the college, it will be more than ten days before the college will send tutors to investigate. Huo Jiu and I also wanted to go and explore."

With a helpless smile, he said, "however, talents such as Xing Zitang and Ji Xuan have improved their strength very fast. Although they are in grade one, their real strength can even be compared with ours.

If Xing Zitang and others can't solve the difficulties, I'm afraid I'll wait for it, and I'll ask brother ye to make atonement. "

Ye Chen shook his head and said, "brother Chen, you have done a good job. I will send you to your dormitory today.

Now, I'm going to find out what they're doing

He knew that although Chen Ke promised to take care of Xie Pingping, he was only taking care of him. He was not related to Xie Pingping, Xing Zitang and others, and even had no friendship. Naturally, he had no obligation to take risks for them. If he could understand the situation of several people clearly and tell himself, he had done things for himself with his heart.

Chen Ke nodded his head and said, "I'll leave first."

Before leaving, he hesitated. Finally, he said, "brother ye, I know you are very strong, but my intuition tells me that this matter is not simple. You must pay attention to it..."

Chapter 2083

Ye Chen's face showed a trace of smile. He knew that Chen Ke was really worried about himself. He could not help saying, "I know. Thank you for reminding me."

If ye Chen had not been to Jiuyou before, maybe he should prepare well. He even asked Ge Qing to appoint a tutor to help him. But now?

Now ye Chen's strength has been improved by leaps and bounds. As long as ye Chen is not confronted with the existence of the middle and later period of the sealing door, ye Chen can be fearless.

On the land of Lingwu, there are very few that can threaten his existence!

Immediately, a trace of fierce color flashed on Ye Chen's face.

No matter who it is, ye Chen wants him to pay the price since he has done something to his friends!

Ji Lin on one side also heard the conversation between them and said, "Ye Chen, these people will not die..."

Ye Chen white one eye Ji Lin: "crow mouth."

Soon, ye Chen and Ji Lin came to the Shenhua college, where the mission of the college was released. At this time, many students were coming in and out, which was quite lively.

Ye Chen and Ji Lin step into the hall. In the center of the hall, there is a crystal screen. On the screen, there are tasks of different difficulty, the general content, the task location and the remuneration.

However, ye Chen did not care about these tasks. As soon as he swept his eyes, he turned to a fengmenjing tutor who was responsible for the management of this place.

Ye Chen goes to the tutor, who looks at Ye Chen with a slight daze. Since the challenge of the college, ye Chen's reputation has spread all over the Shenhua college. In the college, no matter the teachers and students, almost no one knows him.

The tutor saw Ye Chen and said with a smile: "Ye Chen, why, have you come to take the task? Just today, there are several difficult tasks that I think are suitable for you. "

Ye Chen shook his head and said, "tutor, I'm here to ask you something."

"Things?" The tutor looked at Ye Chen rather puzzled.

Ye Chen said: "before, a few of my friends did not return for a long time after taking the task, but it still needs some time to apply for the tutor survey. Before that, I want to go and have a look."

The tutor heard the speech, pondered for a while, or opened his mouth: "those students, what's their name?"

If ordinary students come to ask him, he naturally will not pay attention to it, but is Ye Chen an ordinary student?

Ye Chen has just entered the school and defeated Zhou Chun, a second grade genius!

Zhou Chun's strength has even surpassed many third graders, but he is still defeated by Ye Chen!

Ye Chen how rebellious, how terrifying, potential how terrifying!

Moreover, among the colleges, President Ge Qing is very optimistic about ye Chen. This time, he took Ye Chen to celebrate his birthday.

For such an ultimate genius who may shake the whole land of Lingwu in the future, this tutor also wants to sell Ye Chen's human relationship.

Who thinks he has too many talents to make friends with?

Ye Chen heard the speech and said happily: "they are all freshmen, respectively, xingzitang, Jixuan, Tianling, Chixia, Xie Pingping."

He had planned that if the tutor would not tell him, he would have to go to ge Qing for help.

That tutor hears speech, be surprised again!

Xing Zitang and others, can be said to be the most outstanding talents in grade one!

His face is also a little nervous. If the average student is OK, if the most outstanding talents in the first grade have an accident together when they take over the task, even he may have to bear the responsibility!

Immediately, the tutor took out a jade slips, which recorded the recent period of time, the students took the task record.

Soon, the tutor's eyes glared and said to Ye Chen, "I found it! This is what they've been asked to do. Take a look

Then he handed the jade slips to Ye Chen.

At the same time, there was a glimmer of solemnity in the eyes of the tutor. According to his experience, Xing Zitang and others should have returned to school long ago

Ye Chen's mind swept past, his eyes flashed, and he nodded his head: "thank you very much."

He said that even if he had to turn around and leave Ji Lin, Xing Zi Tang and Ji Lin had been missing for many days. If something happened, the situation would not be optimistic. Now it is natural to race against the clock.

And their missing place is relatively close to the Linghu family.

After solving this matter, you can be accountable to Linghu family!

But at this time, the tutor behind Ye Chen suddenly called out, "wait a minute!"

Ye Chen turned and asked, "is there anything else my tutor has to do?"

Faint, already a little impatient.

He is in a hurry to save people now!

A minute late, their friends, may encounter danger!

The tutor hesitated for a while, and finally showed a resolute look and said:

"are you going with this little girl?" Ji Lin was not happy and said, "old man, do you look down on me? I'm born..."

Words have not finished, they were ye Chen blocked mouth.

Ye Chen said: "this child has some congenital diseases, but it's still reliable. Are you worried?"

"If you go, I'm not sure. Wait for me. I'll explain with the college. Let's go together."

He didn't pay attention to Xing Zitang and others before, but now he is afraid!

Xing Zitang and others, if there is an accident, and if ye Chen is caught now, he will not be expelled from the Shenhua Academy. I'm afraid there is no place for him in the whole land of Lingwu!

We should know that Xing Zitang, ye Chen and others are not only the background is not simple, but also the talents they rely on in the future!

The value of them is much higher than that of a tutor!

Ye Chen smell speech a Leng, but, still nodded, in situ waiting.

Although he felt that with his current strength, one person is enough to solve the problem, but there is nothing wrong with having a more assistant in sealing the door.

Soon, the tutor came back here and said to Ye Chen, "OK, let's go quickly."

He looks as if he is more anxious than ye Chen!

Ye Chen originally wanted to release the boat, but the tutor stopped him and took him directly to the back mountain of the college.

There, there is a kind of ancient blood flying monster, chasing the Wind Eagle!

And on the way to the back mountain, ye Chen also knew the name of the tutor, called Xu Huan!

Ye Chen looked at these black feathers in front of him, a pair of golden pupils, white beaks, and surrounded by bursts of black eagles, which was quite shocking.

What a monster!

Ji Lin's eyes are full of surprise, trotting all the way to these chasing eagles, and those who are chasing the wind are obviously aware of Ji Lin's danger and retreat one after another!

Chapter 2084

While staring at these giant eagles, Xu Huan introduced to Ye Chen:

"chasing the Wind Eagle is one of the few powerful monsters that can be raised by human beings. Its flying speed is extremely fast, but its endurance is poor. However, if it flies in a short distance, it is much faster than ordinary flying weapons!"

After that, his eyes were bright, and his eyes were fixed on a chasing eagle, whose body shape was slightly higher than that of the same kind, and his expression was proud.

That's it!

With a whistling sound, the wind chasing Eagle broke out in black, like a black lightning, and rose into the sky, across the sky, and flew out of the college.

Ye Chen's face is startled. The speed of the wind chasing eagle is really extremely fast. However, it is not flexible in action. It is only suitable for flying, but it can not maintain full speed in combat.

.....

Xing Zitang and others took over the task of going to a forest millions of miles away from Shenhua college to conduct an investigation.

The mountain forest seems to have been sealed with something. It has an ancient altar. Recently, there have been some changes around the altar.

Generally speaking, it may be that some powerful monsters mistakenly enter here and disturb the protective array near the altar.

According to the information, the most powerful monster near the forest is only the late existence of star orifices.

With the current strength of Ji Xuan, Xing Zitang and others, they are well prepared. Even in the face of monsters in the later stage of Xingqiao, there should be no problem.

However, it is strange that after so many days, xingzitang and others have not returned to the college!

Soon, the three of Ye Chen, sitting on the back of the chasing wind eagle, saw a lush forest from afar. This forest is exactly where xingzitang and others carry out their tasks, which is called Tianji forest!

At this time, in the depths of Tianji forest, in a cave, stood an evil youth. The youth was dressed in black robes, covered with black lines, and in front of him was a huge altar.

At this time, the altar is surrounded by a bloody array. In the array, blood light is constantly emitting, which is eroding the power of the altar. The white light of the altar, under the erosion of the blood light, flickers constantly, and seems to be on the verge of collapse.

The evil young man saw this, and his eyes flashed the color of ecstasy. Then, his eyes swept, and there were several figures outside the bloody array!

These figures, at this time, are bound by a few black chains, eyes closed, lost consciousness.

These people are Xing Zitang and others!

Suddenly, Ji Xuan frowned and slowly opened her eyes.

The evil young man could not help but pick his eyebrows. He didn't expect that these martial artists could recover their consciousness?

However, he didn't care too much, what about waking up?

Ji Xuan glanced around and immediately her face changed! He tried to break free from the chains that bound him, but the chains did not move as if they were embedded in him.

However, he soon calmed down and looked coldly at the strange young man in front of him.

Seeing this, the evil young man couldn't help flashing a sneer in his eyes: "don't struggle. With your cultivation, you still want to break away from the magic lock?"

Ji Xuan looked gloomy. Previously, he and Xing Zitang had accepted the mission of the academy and came to the altar in the Tianji forest. He thought it was a monster who broke into this place, but he met the evil young man!

But this evil and strange youth, actually is a fengmenjing existence!

And, obviously, he is not a general warrior, but a demon clan!

Why don't demons appear here?

Ji Xuan and others are naturally not opponents of the powerful seal clan. Even if the bottom cards are given out, they still haven't escaped from this demon clan. The strength gap is too big!

Originally, he was ready to die, but to his surprise, he was still alive, and Xing Zitang, Xie Pingping and others were still alive.

Ji Xuan was staring at the powerful man of the demon clan and said coldly, "if you want to kill it, why don't you talk nonsense?"

He knows that he is now in the hands of this demon. Although he is not dead, he is no different from death. If the demon does not kill himself now, what he wants to do must be more cruel than killing him directly!

The demon family laughed and said, "death? It's too kind of you to kill you directly, isn't it? Are you kidding? "

Ji Xuan's eyes sank and said, "what do you want to do?"

The demon clan sneered: "my master will be liberated from the seal soon. He has been sealed for many years, so he must be eager for the blood of your geniuses?"

you should feel honored to be swallowed up by my master, but it is much more painful to be sucked up by the little bit of flesh and blood. "Ha ha ha ha ha."

Ji Xuan smell speech, can't help but curse: "dirty demon clan, do you think to us to do such a thing, can safe and sound?"

The demon's eyes were cold, but his body flashed. In an instant, he appeared beside Ji Xuan, raised his hand, and fiercely fanned toward Ji Xuan's face.

With a crackling sound, this palm fan was extremely fierce. If his body was not bound by the magic lock, Ji Xuan would have been blown out by the fan. This palm fan made Ji Xuan's face full of blood, and Venus was straight out. It was almost that he would faint!

The demon said without expression: "the name of my demon clan can be defiled by such rubbish as you? consequence? Ha ha, what consequence can the incompetent warrior bring us? I can't think of it. "

And Ji Xuan shook his head and looked at the demon clan in front of him. His eyes were full of killing and hatred!

When was he bullied and insulted like a prisoner?

Seeing this, the demon said with a sneer: "what eyes are you looking at? Do you want to keep talking?"

Not only do you want to be beaten, but you don't want to be beaten up

Ji Xuan clenched her teeth, and her eyes would stare out of her eyes, but!

He chose silence!

The smile on the face of the demon clan was even stronger, and said with a sneer: "you genius in the land of Lingwu seem to be cowards. Are you afraid of being slapped? Oh, it's ridiculous. "

After that, it's important to break the seal of the altar before the bloody array.

Ji Xuan lowered his head and his teeth were about to be broken. The reason why he didn't continue to scold was not because he was afraid of this man, but because he knew that if he was beaten by the demon family again, he would probably be in a coma again!

Although, I don't know whether there is still a chance to survive, but for the sake of Xing Zitang, Xie Pingping and others, they must keep sober.

Only by keeping sober, can we seize the opportunity to rescue people! The reason why he said to the demon clan just now was to get information from the other side.

Chapter 2085

If it is, only he himself is caught, even if the fight for life, he will not bow to the demon clan, but he is not the only one here!

And his friends!

He is willing to be humiliated for the sake of his friends!

At the same time, Xu Huan and ye Chen are also rushing to the altar in the forest.

On the way, ye Chen asked Xu Huan, "master Xu, do you know what the altar in the mountains is sealed with?"

Xu Huan shook his head and said, "it's too old. Moreover, there is no detailed record. I don't know."

"However, there seems to be some connection with the demon clan..."

Ye Chen heard the demons, can not help but think of the devil emperor left the Chu home.

Is this an opportunity?

Soon, they arrived in front of the cave.

Just came to the outside of the cave, ye Chen and Xu Huan looked at each other and saw the color in each other's eyes.

This is not normal, obviously!

Originally, the cave should be filled with the power of the seal of the altar, but at this time, it was filled with a smell of blood, and even drifted to the outside of the cave!

Obviously, what has changed in this cave!

Ye Chen's face sank, and an anxious color flashed in his eyes. After a hundred steps of running, Fengshen boots burst out a dazzling blue light. The whole person turned into a golden thunderbolt, and rushed into the cave with a gust of wind!

Xu Huan wanted Ye Chen to stay outside the cave. He went to investigate the cave first. He was stunned at what he saw. He had a wry smile on his face. Ye Chen was really anxious.

Immediately, he did not hesitate to show his body method and followed Ye Chen into the cave.

After they came to the cave, they immediately found Ji Xuan and others who were bound in the cave, as well as the evil and strange youth who had been locked in the cave!

Xu Huan glanced at the evil young man, and his face sank. The other side was also a martial arts man in the imperial clan!

But Ji Xuan sees Ye Chen and Xu Huan, is a Leng, afterward the facial dew exultation color way: "Ye Chen!"

He immediately understood that it must be ye Chen who returned to the college and found several people missing, so he took his tutor to explore their tracks!

Ji Xuan looks at Ye Chen. In his eyes, he is grateful and warm!

He knew that ye Chen could come here so quickly. He must have come back to the college with the fastest speed!

Ye Chen looks at the wound on Ji Xuan's face. His eyes are cold in an instant. He looks at the evil and strange youth, and his killing intention is surging!

What's strange is that when the evil young man turned around and saw Ye Chen, his pupils shrank and gazed at him. Suddenly, a funny smile appeared on his face and said:

"I didn't expect that we could meet you again here. It seems that we are really predestined."

When several people heard the speech, they were all shocked.

This demon clan strong person, unexpectedly knows Ye Chen?

"Well?" A little doubt flashed in ye chenmu. He had no impression of the strange young man's appearance.

But The breath of the other party, indeed, made him feel a little familiar.

Suddenly, ye Chen's eyes twinkled!

Seeing this, the demon said with a cold smile: "it seems that you remember. Last time in Zhenji Island, you ran away. This time you won't be so lucky. I'm eager for your body."

This demon clan is actually at the beginning in the true pole Island Ye Chen saw that demon clan strong person cent body!

Obviously, he now occupies the body of another warrior, and he has promoted his cultivation to Fengmen!

Xu Huan took a deep breath and said in a deep voice to Ye Chen: "Ye Chen, for a moment, I will block him. You first save Ji Xuan and send them out of the cave!"

Ye Chen nodded: "good."

Although, with his current strength, he is not so afraid of this demon separation, but the most important thing is to ensure the safety of Ji Xuan and others.

"Stop me?"

The demon division looked at Xu Huan with interest and said, "with you, do you want to block me? Ridiculous!

but you are just right. The flesh and blood essence of the martial arts is also delicious for the host. "

When Xu Huan heard the speech, he said, "evil, don't be rampant."

After that, his breath broke out, and the prestige of fengmenjing was undoubtedly displayed. When he turned his hand, a long sword appeared in his hand. The sword was shining with gold, emitting a holy and dignified breath. It was a half step artifact!

And it seems to have no small restraining effect on evil spirits such as evil spirits!

Although holding the broken evil golden sword, Xu Huan is still very dignified in the face of this demon clan!

As the demon said, his cultivation is not equal to the other side, but what's worse is that Xu Huan is not a warrior who specializes in fighting!

The tutors in Shenhua college have their own division of labor, and everyone has their own areas of expertise, and Xu Huan's expertise is in cultivating all kinds of miraculous drugs!

It can be said that it does not help the battle at all!

And the powerful demons, one by one, are famous for their strong fighting power! Now he just wants to delay as long as possible to fight for the chance to rescue Xing Zitang and others for ye Chen, and then wait for an opportunity to escape when ye Chen and his colleagues have left!

As for this seal was broken by the demon clan, and then reported to the college, Ge Qing will naturally send someone to deal with it!

At the same time, Xu Huan also took a look at the blood array, and the pressure was even greater. The seal of the altar, under the consumption of the blood color array, did not know how long it could last.

If the seal is broken, and the demons can regain their freedom, they may even have no hope of escaping!

After all, if such a powerful fiend clan calls the demon clan in the seal as the master, how terrible the demon clan in the seal is!

At this time, ye Chen also came to Ji Xuan's body. He stretched out his hand and grasped the dark chain that bound Ji Xuan. His muscles swelled up and he made a sudden effort!

The dark chain was pulled by Ye Chen's power, but it didn't break!

Ye Chen can't help but be surprised!

You know, he has a terrible power now! Even so, did not break the chain?

It's hard to imagine!

And the evil young man saw that the magic lock was pulled by Ye Chen, and his pupil shrank suddenly!

This is a magic lock! Unexpectedly, ye Chen, the creator of chemical weapons, pulled him?

The magic lock, as the name suggests, being locked by the magic lock is like the power of ten thousand demons that will bind you, not to mention the creator, or even some powerful ones, which can't be pulled by strength alone!

However, the demon family began to look down at Ye Chen and sarcastically said:

"boy, do you want to unlock the magic lock? I advise you to kneel down in front of me, kowtow to me and swear to be loyal to the demon family. If I am in a good mood, maybe I can introduce you to my master. "

Chapter 2086

Demon mouth raised a cold smile, he really want to introduce Ye Chen to the master, but it is just his body.

With Ye Chen's physical quality, absolutely, it's a perfect container!

"Oh?" Ye Chen coldly swept that evil strange youth one eye way: "is it?"

With that, he moved his hand and held a long black sword!

It's just the beast decaying sword!

The evil young man laughed and said, "do you think you can change anything with a sword? Even with this sword, you don't have the power to break the magic lock! "

If the magic lock can be broken easily, then the magic lock can't be broken easily!

The young man with evil will never destroy his self-confidence!

Ye Chen, with a sneer on his face, is full of shocking and murderous spirit. Xu Huan and the evil youth are all shocked!

It's so murderous! How terrible!

Where is it like a chemical weapon maker?

However, it was just a surprise.

In the eyes of evil and strange youth, there is still a strong sense of killing. However, murderous spirit is not a direct force after all!

To fight with people, may play a role in suppressing, but in the face of this magic lock?

The magic lock will not be shaken by the murderous spirit.

Ji Xuan is also nervous, he knows that the magic lock is very strong.

Ye Chen slowly turns the beast decaying sword. In a moment, the spirit power in the cave vibrates, the space neighs, and everything trembles. A sword light seems to cut through the sky and come and flash away!

Cut the sky with a sword!

Xu Huan and the evil youth suddenly changed their faces. The sword made them feel a trace of danger at the same time!

However, on the young man's face, his eyes were staring at the magic lock on Ji Xuan's body. He saw that the magic lock was really intact!

The face of the strange youth calmed down again. Although the sword technique was strange, it was just so!

Just now, the sense of danger should be just an illusion. After all, how could such a young boy make him feel dangerous?

"Now, do you understand?"

However, just at the moment when his voice dropped, the magic locks on Ji Xuan, Xing Zitang, Xie Pingping and others were actually at the same time, making a continuous click sound, as if something was breaking fast!

The next moment, the five so-called tough and incomparable magic locks, all burst under the incredible gaze of the demon youth!

Ye Chen's body moved and took the five people's bodies into his hands. He turned back slightly and looked at the demon family coldly and said, "what did you say just now? Is this magic lock hard to break? In my opinion, how can the so-called magic power be so vulnerable? "

The demon youth hears the speech, his whole body magic lines flash wildly, his eyes are red with blood, his blood vessels are beating, and he is instantly ignited by anger!

"Looking for death!"

Say, that demon youth raises a hand, a black light condenses in the hand, boundless evil spirit diffuses in the air, want to hand to Ye Chen!

Xu Huan's face sank, and cried out: "evil, your opponent is me!"

With that, it is also a spiritual power explosion, gathering in the hands of the golden sword. On the long sword, a golden light full of sacred breath rises and turns into a huge sword light, sweeping towards the demon youth!

Ye Chen glanced at Xu Huan and the demon youth. Instead of stopping, he immediately took Ji Xuan and others out of the cave and ran towards the location of the chasing eagle!

At the same time, from the cave behind him, there was a great noise, and the whole Tianji forest was shaking!

Countless monsters and beasts, under the power of this blow, roared in horror!

In the cave, the demon youth, holding a golden sword, sneered at Xu Huan:

"good, you have succeeded in infuriating me. Since you want those boys to escape, you should stay and replace them!"

Xu Huan's face was so deep that it seemed that she was going to drip water. Even in the depths of her eyes, a trace of fear flashed through her eyes!

Just now, it was the most powerful blow he could use!

What's more, the force of restraining the other side is used, and the result?

By this demon clan, so understatement to accept!

This shows that the strength gap between Xu Huan and the other side is too big!

And standing in front of him, is also known as bloodthirsty and brutal demon clan!

Human warriors, in their eyes, are no different from animal food!

How can Xu Huan not be afraid of such an opponent?

He even wanted to turn around and run!

However, thinking that ye Chen and ye Chen have not really escaped from the Tianji forest, Xu Huan still reluctantly calms himself down. He must stop this demon clan and fight for enough time for ye Chen and them!

Even if he turns around to escape now, it is just to lead this demon clan to Ye Chen and others.

Xu Huan's face showed a wry smile, he did not have the confidence to surpass each other in speed. For today's plan, there is only one word, war!

In the demon race, there is only a chance to fight against Xu Huan!

Otherwise, his fate will be extremely miserable!

"Damned devil, eat my sword!"

Xu Huan roared, and the golden long sword in his hand moved again. His whole body strength broke out and he cut out a strong sword again!

Reappear the sword! Golden light!

However, the evil young man's disdain in his eyes grew stronger and sneered at him and said with a sneer:

"be my master's blood food, for you are such rubbish, there is no value to live!"

After that, the black light in his hand flashed wildly and turned into a big hand with evil spirit. He grabbed it fiercely towards the golden sword!

After a big bang, the golden sword was inch by inch, which was gradually cracked and broken by the dark claws!

Xu Huan looked at the broken golden sword. Her face turned pale in an instant, and even her body began to tremble slightly. In her eyes, there was despair!

Strong, too strong, this demon clan, it's so strong and terrifying!

Although Xu Huan is not good at fighting, he can become a tutor in Shenhua academy, and his fighting ability is not inferior to that of other powerful ones.

Even better!

But now, holding a half step artifact to restrain the demons, he was completely suppressed by the evil young man!

Their strongest means, in front of each other, is really vulnerable to attack!

Looking at Xu Huan's fear, he seemed extremely satisfied and said with a cold smile:

"why, wasn't it very arrogant just now? Isn't it very decisive to strike with one sword?

Don't you still say you are my opponent?

Now, what's the fear?

Why, no more swords?

Your accomplishments are fairly good among the human warriors. It happens that my master lacks a body. How about if you are willing to submit yourself to me and contribute your body to your master, maybe the master will spare your life? "

Chapter 2087

"What's more, you will get the power of demonization, and your strength will soar! That powerful, far from what you can imagine now

But after hearing the speech, Xu Huan had a moment's hesitation!

He was just working in the Shenhua academy, so he didn't have to die for it!

If you fight against the powerful man of the demon clan, you will die, and you will only get a desperate end.

After all, their own strength is far less than this demon clan. Will it be more miserable to choose to surrender than to be driven to death?

At the same time, ye Chen, with Ji Xuan and others, came to the location of the chasing wind eagle.

At this time, the devil's voice slowly sounded: "it seems that I expected it right. The altar in the cave is my opportunity."

"You let the others go and get in on your own."

"The altar is sealed with a great devil. If this is taken as a guide, the time for me to recover to my peak state will be greatly shortened."

"It seems that heaven will help me."

At the same time, the emperor put them on the back of their eyes and put them all on the back of the wounded. At the same time, they all recovered their blood.

This demon clan, used a kind of spirit to imprison the skill, for now ye Chen, want to crack, simply easy.

Xie Pingping frowned, a trace of panic appeared on her pretty face. She suddenly opened her eyes and screamed, "Ye Chen!"

She faced the fiendish fiend and knew that she had no hope of escaping. At the last moment before being defeated, she thought of Ye Chen.

But when she saw the man in front of Chu, she was stunned. She looked at the man in front of her and murmured: "I, is this a dream? Or is this heaven? "

Ye Chen didn't want to waste time, but said to several people directly:" this is the chasing eagle of the college. It can run away very fast. It will take you back to Shenhua college. There should be no danger on the way. "

Several people smell speech, is the face dew startles the face, ye Chen, what does this mean? Isn't he going with himself?

Xing Zi Tang could not help but ask, "Ye Chen, what about you? What do you do? "

Ye Chen Mou in the cold dawn a flash way: "I must go in! There are some things I have to solve. "

Even if there is no magic emperor's command, hurt his friends, he will never let go, not to mention that he and the powerful demon family still have an old debt to settle.

At that time, on Zhenji Island, he seemed to want to occupy his body?

Ye Chen, for the people who want to kill themselves, but have a strong hatred.

"What?" Xingzitang several people smell speech, but is shocked, can't believe!

Ye Chen, what did you say just now?

He's going to kill the demon?

That's the demon clan who sealed the door!

They know that ye Chen is very strong, his strength is terrible, and his aptitude is extremely high. He can be called the first evil spirit of Lingwu. Judging from the strength that ye Chen showed against Zhan Zhouchun in the college challenge, ye Chen should be able to close the door in half a step.

At Ye Chen's age, close to the strength of the half step seal, or the cultivation of nature, it can be said, the ultimate thrill!

But!

Even so, the gap between him and fengmenjing is still too huge!

It's totally two levels!

Unless those super adversity of the top star orifices genius, it is possible to fight with the martial arts!

He said he was going to kill that demon. He was committing suicide!

Ji Xuan thinks that ye Chen's strength is soaring, so he inflated and proud for a while. He can't tell the difference of strength.

He quickly advised: "Ye Chen, don't be impulsive. That demon clan is a real door sealing situation. In fact, its strength may still be higher than that of the general powerful one. I know you are against the weather, but the battle of sealing the door environment should be handed over to the tutor.

Only in this way can we be more secure. The tutors of Shenhuo academy are very strong. We should be able to kill that demon! We'd better not interfere with him! "

The others nodded again and again!

But ye Chen shook his head!

He said faintly: "master Xu is not a master majoring in fighting. In fact, although he is more powerful than the general martial arts masters, he will not be much stronger. In my opinion, he is not the opponent of that demon clan! Even to save him, I will go back. "

What?

Hearing Ye Chen's words, Ji Xuan and others are completely dull!

Ye Chen, how can you distinguish the strength of the other side?

It's more thorough than they can see!

However, they are more unable to understand Ye Chen's words!

To save the tutor?

The students who create the realm, go to save the tutor who sealed the door?

It's unbelievable. I can't imagine it!

FengChen means to have their own strength!

How could it be! At this time, in the cave, the evil and strange youth saw Xu Huan's eyes and flashed a look of hesitation, and could not help but flash a sneer on his face. However, he advised Xu Huan in a more gentle tone:

"you can rest assured that we demons are very kind to loyal people. Now you just need to show loyalty to us demons."

Xu Huan kept a close watch on the demon family and frowned and asked, "show loyalty? What do you mean

The demon's face flashed a trace of playful smile and said: "to show loyalty, naturally means that you are only loyal to my demon clan, no longer standing on the position of Shenhua Academy.

It's very simple. Now you send a message to the boys just now and tell them that you have won the battle with me, but you are seriously injured and need them to come back to pick you up and leave and go back to heal as soon as possible?

Is it easy for you? "

When Xu Huan heard the speech, his face suddenly turned white. He wanted him to cheat Ye Chen and others to come to die!

In order to survive, even to bow to the demon, but also to make use of the students' trust in themselves, to deceive them to death?

Xu Huan's eyes trembled. On her face, she showed a very struggling look!

The demon youth looked at him coldly and said:

"Isn't it! You wanna die? You should know that if the master wakes up, if there is no blood food to enjoy, you are his blood food! "

If this guy is really so obedient and really so mean, he may really be able to leave this man alive, but naturally, he will plant the devil seed, and let him obey the orders of himself and his master.

After all, sometimes it is necessary to keep a good dog, which can save a lot of trouble.

However, if Xu Huan had any resistance, the evil youth would not hesitate to kill him!

Because the most important thing for a dog is to be obedient!

What's the use of keeping an unruly dog?

Xu Huan shivered all over. Finally, she slowly took out a piece of communication jade Fu!

A glimmer of joy flashed in the eyes of the demon clan. If ye Chen could be cheated back, it would be great!

Not only can the arrogant human be well trained, but also can get his body!

It's a near perfect, super qualified top-level body!

Even like him, the body is extremely powerful demon clan, some envy.

Seeing Xu Huan's dallying appearance, the evil young man urged: "hurry up! You know we demons don't have much patience

Xu Huan looked at the jade Rune in his hand, took a deep breath, and finally flashed a trace of resolute color on his face.

Man is not for himself, and heaven kills the earth!

He secretly said in his heart, ye Chen, don't blame me, I'm also in order to survive, I have to, now don't care so much!

Immediately, he injected a trace of spiritual power into the Yufu.

At this time, ye Chen's expression moved. He turned his hand and took out his jade talisman. Among them, Xu Huan's weak voice came out: "Ye Chen, the demon strongman has been killed by me, but I'm also seriously injured. Can you come and take me back to the college for treatment?"

Ye Chen smell speech, eyes flash, faint feel a bit strange, according to his judgment, Xu Huan should not be the opponent of the demon clan?

Why, instead of winning?

However, he did not think much about it. Anyway, he had decided to return to the cave.

He immediately replied, "OK, I'll be right there."

Chapter 2088

Xingzitang and others were all happy when they heard the speech. If the evil youth had been cleaned up by Xu Huan, ye Chen would not be in danger.

But Ji Xuan's face showed a deep and coagulant color. He knew that the demons had always been famous for their strong vitality. Could Xu Huan's strength really solve their opponents so quickly?

If you can kill the opponent of the demon clan so quickly, generally speaking, it is crushing each other, but since it is crushing, then how could Xu Huan be seriously injured?

There's something strange about it.

Or, it is Xu Huan who has some very powerful backhand, taking advantage of the demons unprepared, will kill it.

Or

Immediately, he said to Ye Chen in a deep voice: "Ye Chen, things don't seem simple."

It's not easy for people to be stunned? What does Ji Xuan mean by saying this?

Ye Chen nodded, but he didn't care too much. Of course, he knew that things might be wrong, but what if there were problems?

With his current strength, together with the magic emperor and the wind, he is confident that even if Xu Huan and the demons join hands, he can win the battle.

However, after hearing what Ji Xuan said, xingzitang and others immediately jumped off the chasing wind eagle and said to Ye Chen earnestly, "Ye Chen, we'll go with you!"

Ye Chen looked at these friends and shook his head with a smile:

"believe me, if I'm not sure, I won't go like this. You will take the chase Wind Eagle to the college first. After all, your injuries are not completely good. You need to go to the college and receive the treatment of the tutor, otherwise, it may affect the foundation."

He knew that Xing Zitang and others were friends who could give up their lives for themselves, and because of this, he did not want them to risk themselves.

Xing Zitang and others looked at each other and wanted to say something, but Ji Xuan suddenly reached out and stopped them, staring at Ye Chen and saying:

"we have been trapped for several days, and it is not so short. Ye Chen, I know that even if we go to the cave, we can only become a burden to you, but it is impossible for us to leave like this."

"I'll wait for a few people here to wait for you. If the tutor is really injured, it's better to ride the chase eagle and leave together."

Ye Chen pondered for a moment, and finally nodded his head and said, "well, you'll wait for me here. In case of emergency, you'd better set up the next array."

After that, he headed for the cave.

But soon, ye Chen stopped because he was worried about Xing Zitang and others. He didn't pay attention to Ji Lin who came with him.

Where has Ji Lin gone now?

Seems to be here, disappeared?

"Can you see a little girl with me?" Ye Chen asked.

At this time, the spirit who had not spoken suddenly said: "when you broke in just now, I seem to see a little girl following you, but when you cut off the demon lock, it seems to have gone to the altar."

"It should still be in there."

Ye Chen's face sank and rushed in!

.....

At this time, in the cave, the evil young man looked at Xu Huan in the eyes. Although all was scorn and ridicule, he still laughed, reached out and patted Xu Huan on the shoulder and said:

"good job! Ha ha ha, your choice is not wrong. People like you are qualified to be subordinates of our demon clan. "

"Subordinates?"

Xu Huan's face shows self mockery, what subordinate? It should be said that it is the dog of the demons?

He knows that this demon clan is playing with himself. In the end, he may still be the end of being devoured by the demons, but does he have any choice?

It is true that he is afraid of death, but is it wrong to be afraid of death?

When he entered the cave, he saw Xu Huan with his head bowed and did not dare to look directly at him. He also stood aside with a good time, sneering at his evil youth.

The evil youth thought that ye Chen would be frightened and angry when he saw Xu Huan. He would scold the other party for cheating him and run away recklessly.

However, to his surprise, ye Chen's face was always calm, as if he had already expected all this.

Really expected all this, ye Chen, will still appear here?

Facing two blocked doors at the same time?

Unless ye Chen is a brain problem, arrogant to lose his head, or is bent on death, will do this kind of thing?

Therefore, ye Chen could not have expected it!

Ye Chen, it's just pretending!

Ye Chen's eyes swept from the crowd, and finally fell on the altar.

In the dark, a little girl came out.

"Ye Chen, these two people are shameless. They were talking about dealing with you just now."

"I said to old Bing that Shenhua academy is rubbish, and it is true..."

Ji Lin comes to Ye Chen's side without fear.

Hearing this, Xu Huan's face became more and more red. His selfishness was said by a little girl.

The expression of the strange young man was a little frozen. He didn't find the little girl from the beginning to the end.

How could it be!

However, he did not think much, and said with a cold smile, "Ye Chen, it seems that you have more helpers."

"What do you think this kid can do for you?"

Ye Chen took Ji Lin's hand, looked at the youth lightly, and said, "you don't think that I was cheated into your trap and came back here?"

Xu Huan is stunned at hearing the speech. What does Ye Chen mean? Does he already know that there is a problem with his summons?

But in this case, why did ye Chen come back?

"Ha ha ha ha ha!" The strange young man laughed wildly and said, "Oh, so you are not cheated? I'm sorry, I underestimated you. Then, ye Tianli, you told me, why do you want to come back here? "

Ye Chen did not answer the question of the evil youth, but said faintly: "my friend's injury, is it you who hit?"

The evil and strange youth is stunned at the smell of speech. Ye Chen still asks this?

He doesn't want to avenge his friends, does he?

The faces of evil and strange young people will be distorted!

He said with a smile: "yes, it's me. What's the matter? Do you want to call back? I didn't expect that ye Tiancai still attached great importance to love and righteousness!

Do you admire Xu Huan? "

Xu Huan is in a complicated mood and scolds Ye Chen for his stupidity. If ye Chen really knows he is lying, why should he come back?

However, at this moment, he did not dare to show his emotions, so he had to lower his head and stop talking.

Ye Chen glanced at Xu Huan faintly, and seemed to be disappointed in his eyes.

Then, ye Chen's sight fell on the body of the evil and strange youth. In his eyes, there was no fear at all. He said coldly, "you are right. I'm here to fight back!"

Strange young people and Xu Huan were stunned when they heard the speech!

Chapter 2089

Ye Chen said that he was absolutely determined, as if he really thought so!

Now, even the evil youth, looking at Ye Chen's eyes, has become strange.

He thought Ye Chen was pretending. Now it seems that

Ye Chen, it's really a bad brain!

Xu Huan also shook his head and sighed. He knew that ye Chen was very strong and against the weather, but he was also a little too inflated.

The evil young man looked at Xu Huan and said with a smile, "Xu Huan, like master ye, is such a terrible genius. I dare not fight with him. I will give it to you. How about it?"

You know, this is a great opportunity for you to express your sincerity and strength. We demons don't need rubbish that even chemical weapons makers can't defeat. Do you understand? "

It's much more interesting to watch the tutors and students fighting each other.

Xu Huan expression struggle, pain, silence for a long time, finally raised his head, looked at Ye Chen, replied: "I understand."

He looked into Ye Chen's eyes, cold!

Looking at Ye Chen coldly, Xu Huan turns his wrist and holds the long sword. His killing intention is released.

He said indifferently: "Ye Chen, I know that you are very strong, very rebellious, but, are you some self righteous?"

It is true that you will not be able to compete with the strong in the future, but you have to know that you have not grown up, and you can't be too proud and arrogant, you know?

Do you think that if you have the strength to fight Zhou Chun, you will be close to the strong one? Can we stand on an equal footing with the powerful?

You are too ignorant, the gap between the strong and the half step, you can't imagine, the existence of the seal is not the object you can despise! Now you will pay for your ignorance

Ye Chen was silent for a moment, and said faintly, "tutor Xu, I'll call you tutor Xu again. Do you really want to fight me?"

When the evil youth heard the speech, the contempt in his eyes was so strong that it would flow out!

Ye Chen was just still in, has been arrogant?

No, you're not afraid of death?

Now, when it's time to start fighting, is it?

Just beg for mercy?

You don't want the other side to do it?

This is what he wants to see! Maybe, ye Chen will really be like a dog, kneeling on the ground, begging him and Xu Huan to let him go?

Wonderful, wonderful!

Xu Huan shook his head and said, "Ye Chen, it's too late to regret now. Don't blame me. I also want to survive! If you want to blame, blame yourself for not having enough strength! "

With that, Xu Huan danced the sword in his hand, and the power of sealing the second layer of heaven was released without reservation. He was about to make a move!

Evil strange youth, but light way: "don't kill him, I see, cut off limbs can."

Ye Chen's body is still useful to him.

Xu Huan nodded and pointed to Ye Chen!

In an instant, the long sword, cold light explosion flash, empty concussion, sword idea agitation!

Countless cold awns burst out from the long sword, vanishing the air, converging into a huge sword light, like a rainbow breaking the sun, killing Ye Chen!

One sword, one world, this sword, seems to be able to create the world!

This sword, Xu Huan did not leave a hand!

Will seal the door boundary two layer day's strength, completely displays!

It's horrible!

Xu Huan and the evil youth both thought that ye Chen would tremble and despair, and would dodge wildly in front of this sword!

However, ye Chen did not move. Standing in the same place, facing this extremely strong sword, he looked indifferent and whispered: "strength? I see. "

He wants to see ye Chen struggle and beg for mercy, instead of waiting for his death in despair.

And Xu Huan, is also a dim vision, a generation of genius, is about to fall in his hands.

The next moment!

Ye Chen moved!

In his hands, there is a long sword, black sword!

The long sword cuts quickly, the sword light appears! Like a meteor cutting through the void!

Originally, Xu Huan cut a sword, can be called a groundbreaking, peerless amazing sword!

But! Ye Chen's sword is a sword to destroy the world!

Invisibly, it seems that the gods and Demons whispered, announcing that everything in front of Ye Chen's sword of chopping the sky will return to nothingness!

The same is true of the groundbreaking sword!

Sword light shining, sword light smashing!

After Xu Jianhuan's death, the sword is still gone!

"No Originally, Xu Huan, who was indifferent, was frightened in his eyes at this time!

He didn't understand what he found just now. He only knew that his soul began to tremble in the face of the extremely fast sword light!

That is, incomparable shock and terror!

At this moment, Xu Huan felt that even if he was a God, he would die under this sword! He tried his best to activate the defense weapon!

In a burst of purple light lit up the moment, a huge bang, Xu Huan was completely submerged by sword light!

The earth shakes, and in the Tianji forest, there is the roar of wild animals, and the whole cave tends to collapse!

Ji Xuan and others looked at each other, and they all saw the worry in their eyes! There's something wrong with Ye Chen!

If the demons really die, as long as you bring Xu Huan back, how can there be such a movement?

Xie Pingping couldn't help shouting: "I'm going to see ye Chen!"

With that, we will go in the direction of the cave!

Ji Xuan stopped her and dissuaded her: "Pingping! Ye Chen asked us to wait here, so we should wait here. I know you are worried about him, and all of us are worried about him, but you should know that we have gone, we can't help Ye Chen at all! "

Speaking of this, his eyes, flashing a very strong unwilling and ashamed, he for his own weak and unwilling, and ashamed!

Ye Chen for their adventure in the face of the demon clan, but their own? Just wait here! Come on, how to make him proud!

Other people, also mostly are the same idea!

They must be stronger!

Otherwise, it is very likely that even standing beside Ye Chen has no qualification!

In the cave, ye Chen glances at Xu Huan's position and then moves away from his sight.

At this time, Xu Huan's chest was full of blood, a ferocious wound to the extreme, the whole person, seriously injured, almost no breath!

One sword, only one sword, ye Chen, defeated Xu Huan!

Before fighting against Muye, when the sword of chopping the sky is not advanced, maybe we need to use more means and more moves to defeat Xu Huan completely.

But now, no need!

The reason why he didn't kill Xu Huan directly was that Xu Huan took him to find the chasing wind eagle and rode it to Tianji forest faster. Otherwise, he might not be able to catch up with Ji Xuan and others.

Chapter 2090

Moreover, he blocked the demon clan for a while, and let him save the people more smoothly.

He owed Xu Huan a favor.

If it wasn't for this, Xu Huangang killed him directly.

But originally, still full of ridicule of the evil youth, at this time, it is completely stupid.

Although Xu Huan's strength is not as good as his own, he is also a strong man in the sealing environment!

Although he is not good at fighting, his fighting ability may not be better than the tutor of Shenhua college, and he is not weak at all!

On the contrary, it is a little stronger!

However, in this way, was Ye Chen's understatement of a sword to defeat?

Is this reality?

Don't say, ye Chen is a genius, even if ye Chen is a demon genius! It's impossible to do such a thing!

Even though the body of this evil and strange youth is a high-level demon, who has seen all kinds of strong men and even talents from the kingdom of God, there are very few people like Ye Chen who are so shocking against the heaven and who are defeated by nature!

And ye Chen, turned around, looked at the evil youth, still, or face no look.

Looking at the other party's shocking appearance, he sneered: "do you still feel funny now? Yeah? At the beginning, you seemed to want to take over me on Zhenji island? Now, we can do a good job of settling accounts. "

"You want to die!" When the young man heard the words, his eyes glowed with blood, and his anger broke out. There was no light color any more. Instead, his face was very dignified, and his whole body was full of evil Qi. In his hand, he grasped a black axe flashing with blood light!

"Humble mole ants, let you see the real strength of our demons!"

After all, the evil young man was bloated and his body changed greatly!

In a twinkling of an eye, the demon youth was transformed into a three meter tall, dark, ferocious face, the first two horns of the devil like!

And his breath, also in the transformation, suddenly rose up! Boundless evil spirit, the whole cave, all submerged!

The devil emperor said at this time: "this person's origin is not simple. In the whole demon clan, there are not too many masters of such skills."

"The key, this technique should come from the king devil dust."

"But why is it related to this seal? What is he planning? "

Ye Chen was slightly surprised: "the devil emperor, judging from the king and the devil dust's hand to you, this man is extremely ambitious. If you don't use this altar, I will try my best to destroy it."

The devil shook his head: "I will deal with it. You can solve this person as soon as possible."

Ye Chen nodded his head with a sneer, but he was also full of divine tattoos. The evil Qi swept the whole God, the law, the power of the six ways, the divine blood, the burning blood formula, the manifestation of the demons, and so on.

The demon youth had been completely shocked by Ye Chen's strength and his strange and powerful sword technique. At this time, seeing ye Chen's change, he exclaimed: "the posture of the devil? How is that possible? You're from the demons, too

Originally, ordinary Terran warriors would be greatly suppressed in this pure evil Qi, but could ye Chen change the posture of the demons?

This so-called repression, of course, does not exist!

However, he didn't think about it any more. He roared and took his axe in his hand!

This axe is really amazing!

The black light on the axe explodes and flashes. The light of the axe is vertical and horizontal. It turns into black magic dragons, surrounded by a huge ax shadow, and falls towards Ye Chen!

This axe, far more powerful than Xu Huan's sword! Is the most powerful attack means of the demon youth! The axe method used is really a unique skill of the demon clan! It is far from the general martial arts skills of Lingwu mainland, which can be compared!

Ye Chen looks at the other side to cut an axe, eyebrow tip a pick, he pour is, some underestimate this demon clan.

But that's all.

The hand beast decayed sword, dances again, the sword light reappears.

A sword light faster than lightning, in an instant, it was cut on the ax shadow!

With a loud noise, the sword light and axe shadow disappeared at the same time!

The evil young man was glad to see the situation. This shows that although Ye Chen's sword technique is against the sky, it has not surpassed his strongest Axe Skill!

He was full of evil spirit. Seeing that an axe didn't fall into the wind, he roared, took the axe and killed Ye Chen again.

Ye Chen has a sneer on his face. Although his sword of cutting the sky and burning the sky are strong, they still need to be used more in order to be proficient. If there is such an opponent, isn't it just for him to try the sword?

Immediately, the hand beast decayed sword a turn, the whole body electric light is shining to meet that in the black gas flickers in the startling sky Troll!

The two men had an axe and a sword, and they had a close match at one time!

Ye Chen's lightning flashed wildly all over his body and waved his sword repeatedly. However, he frowned slightly when he looked at the fast-moving shadow. For a moment, he could not keep up with the speed of the other party.

He knew that although he was quick in his hundred steps, he was not enough for the battle of sealing the door. Even with the blessing of Fengshen boots and youyunyi, he could only barely keep up with the speed of the demon clan. With his present mind and state of mind, he should be able to master the real spirit level body method. It seems that after returning to the college, he needs to find a stronger body method and martial arts to practice.

Ye Chen and that demon youth, full fight after dozens of moves, ye Chen body suddenly withdraw, and that demon youth opened the scope!

Seeing this, the demon youth sneered: "what's the matter? Boy, wasn't that crazy? Why not fight now? Do you want to escape? Run away like a dog

Ye Chen said faintly: "your axe skill is not bad, but it is enough. If you try again, it will not help my sword."

"Try sword?" Hearing this, the demon youth's anger broke out in an instant, "you say, you take benzun as your test object? Hehe, you are good enough to pretend. I'll see what cards you have in the end that can make you so arrogant! "

After that, he lifted the axe, his body flashed and pressed Ye Chen!

Ye Chen looks at the black shadow that comes very quickly, looks calm and indifferent.
