

Physician 2091

Chapter 2091

At the next moment, an invisible force spreads from ye Chen's eyebrows!

"Soul sword, chop!" Ye Chen murmured, the power of the most terrifying divinity was condensed in the center of his eyebrows. In an instant, he stabbed at the attacking demon youth and fell into the other side's eyebrows!

Ye Chen, although he has not really learned how to kill the soul, but through the cultivation of Suo Hun Sha and his extremely strong spirit, ye Chen is now able to display a simplified version of lock soul killing. Although it is not a soul skill, it can also be called extremely strong as a spirit attack technique.

Ye Chen named it soul sword!

However, the consumption of the spirit is too large, ye Chen can only reluctantly display it once.

If you are injured, you may not be able to use it once.

Moreover, it is difficult for the existence of powerful spirits.

At this time, the soul sword cut into the sea of the demon youth, at the same time, he was flying at a high speed, and suddenly stopped moving!

Then, his eyes were dull. After a thousandth of a second, he burst out a very painful scream!

"Ah, ah, ah!! My head! My head!!! Hateful mole ant, your spirit, how can be so strong! Unexpectedly, still have soul skill! damn! Damn it

Among the seven orifices of the evil and strange youth, blood gushed wildly. For a time, they could not control their own evil Qi. They could only roar in horror, even ignoring the attack of the altar. They tried their best to escape from the cave!

He did not dream that ye Chen's spirit had already had the strength to close the door!

Even if you are an ordinary warrior, you will not be afraid even if the spirit is so powerful. However, ye Chen has successfully learned the soul skill!

This strange young man is no stranger to soul skill and understands its horror!

However, soul cultivation is generally relatively weak. How can ye Chen show the strength of fengmenjing by cultivating the state of creation?

He had thought Ye Chen was very abnormal and rebellious. Now, it seems that he underestimated Ye Chen!

This ye Chen, already let him thoroughly feel terror!

Lingwu mainland, when, also have such abnormal?

Strange youth, I can't believe it!

Ye Chen coldly looks at the fleeing demon clan, although his spirit is injured, the speed is not slow.

But can he escape?

How fast! It's not as fast as his sword!

"Burning the sky with a sword!" Ye Chen drinks a low, all out hand!

He has to do his best!

Although the realm of the demon youth and Xu Huan is not big, but the strength is terrible!

If you run away this time, I'm afraid you'll have to step into the top of the gate next time. Even half a step is too empty!

Ye Chen is dead then!

Ye Chen wields the beast decaying sword in his hand wildly. The boundless spiritual power gathers and turns into a bright flame. It crosses countless spaces and comes with the power of splitting the sky!

"No! Give me a break! Give me a break

Originally extremely arrogant, extremely despised to the human race arrogant demon clan, at this time, also can't help but beg for mercy!

There's a big bang, and the light is shining!

In the end, it turned into nothingness, a wisp of soul, also completely disappeared.

Ye Chen hands a wave, will that demon's storage bag, as well as that handle by its evil spirit filthy artifact giant axe in the hand.

Then, after a glance, the altar, which is already in the blood light, is on the verge of collapse.

The altar is protected by a barrier.

With a wave of his hand, he cut out a sword light. The bloody array sent out bursts of blood light, which seemed to want to resist.

However, it is obviously just a meaningless struggle. The next moment, the whole array will burst completely.

The altar was completely opened.

In the altar, there seems to be a roar of anger. The sealed demon clan is a sub body of a demon clan who is more powerful than the evil youth.

In ancient times, it was sealed by several great powers and was about to get out of trouble. However, a Ye Chen was killed on the way and failed.

At this time, Ji Lin said, "what should I do? Do you want me to kill you? "

Ye Chen looked at Xu Huan and walked slowly towards each other.

At this time, although Xu Huan's consciousness is vague, he is not completely unconscious. His eyes are full of shock and inconceivable!

Ye Chen won?

Ye Chen has won! Defeated the unimaginable demons?

Even if it's a dream, it's absurd!

Ye Chen looks down at Xu Huan and doesn't speak.

And Xu Huan, with a wry smile on her face, betrayed her dignity and betrayed Shenhua college. In the end, however, is it still the result?

Now, he has no face to live.

He is opposite leaf Chen, force open a way: "do it."

Ye Chen was silent for a while, looked at him and said: "I, let go of you, you abandon your cultivation and leave Shenhua college forever. You want to live. It's human nature, but you are not qualified to be the tutor of Shenhua college." "What Xu Huan has done may be just to survive, but no matter what, he is not qualified to be a tutor again.

Does Shenhua academy want to cultivate a group of cowards who will bow to the enemy with no guts and no blood when their lives are in danger?

Xu Huan sighed and finally nodded: "I understand."

With that, Xu Huanyi points out his elixir field.

Release countless auras!

Dantian is full of cracks.

For the cultivation of martial arts, Dantian is too important.

Without cultivation, the elixir field is still there. Maybe you can rebuild it.

Xu Huan did not choose to abolish the cultivation, but forcibly destroyed the elixir field, which proved his determination to repent.

"Ye Chen, thank you very much. I used to be your tutor, but today you taught me a lesson."

"It's just that the cost of this lesson is too high."

With that, Xu Huan disappeared.

Ji Lin nodded thoughtfully on one side: "that guy deserves it."

Her eyes also fell on the altar, just want to come forward, ye Chen then said: "Ji Lin, don't go, you go outside and meet those people."

Ji Lin wanted to say something, but when he saw Ye Chen's dignified eyes, he nodded obediently: "Ye Chen, although I don't know what you are going to do, the guy sealed in the altar makes me very uncomfortable. Be careful."

"Well." Ye Chen nods.

Soon, only Ye Chen was left on the altar.

In the depth of the altar, it seems that ye Chen is the only one who continues to roar angrily!

"Boy, do you know who I am?"

"If you kill my men, you will destroy my array. You can know the price!"

"If I wake up, I can destroy you with one look!"

"Even if you step into the sealed door, you are not qualified!"

But ye Chen was not moved and sneered: "so you are in a high realm? Is it too empty? "

The cold voice from the bottom of the altar suddenly resounded: "too empty? Ha ha ha, I'm a great ancient devil. I'm afraid you haven't touched any other realm yet

Chapter 2092

"In ancient times, Taixu was not the end of martial arts."

"Yes, how can you encounter the existence above the state of Taixu with the cultivation of your nature?"

"Boy, if you help me to untie the seal, I can protect you all your life. Do you know what this means?"

"I'm afraid the kingdom of God will be afraid of you."

Ye Chen held his chest in both hands and said with great interest: "then you may as well tell me what your cultivation was in ancient times? Tell me, and I'll untie the seal for you

There was a brief silence in the depth of the altar, and suddenly said, "boy, the level of Taixu is the realm of chopping adversity! Taixu is the key to the road of martial arts! Step into Taixu, it is equal to the real control of their own destiny! Have a chance to live forever

"What's more, after Taixu, it's extremely difficult to cross the realm. Maybe a small gap can be compared with the distance between Fengmen and Taixu. If you step into the top of Taixu's nine layers of heaven, there will be erlei, which is tens of millions of times stronger than tiandaolei's disaster!"

"Because of the appearance of erley, I don't know how many Taixu peak strongmen have fallen down!"

"If the Taixu strong want to step into the shackles, they must kill the powerful erley with the strongest cost!"

"So it's called" chopping in adversity! "

"When I was sealed, I was killed three times! Are you willing to submit to me now? "

"As long as your fingers touch the inscription, I will return to the world!"

"At that time, I will unite with the Lord and the devil of the demon clan, and the whole land of Lingwu may be controlled by the demons!"

"Are you excited?"

Ye Chen's eyes are dignified.

If he's right, the eternal king should be close to this.

As for whether or not to step in, we have to wait for the next time to ask.

At this time, the voice of the devil emperor sounded in Ye Chen's knowledge sea: "help him break the seal."

Ye Chen was stunned, and even said, "break the seal, isn't the big devil coming out? Will something happen then? "

The devil emperor said: "there will be an accident. Later, the big devil will devour your body and try every means to take you away."

"The moment he took the house, it was time for me to do it."

"There is a certain risk for you. You can choose to give up and we will find another opportunity."

Even if ye Chen refuses, the evil emperor will not blame.

However, the next second, ye Chen said directly, "I believe you."

This simple four words, but let the magic emperor pause for a few seconds.

He spent his whole life for the devil, pursuing the real devil's way, and experienced the cold and warm human feelings.

It's even more tragic to die in the hands of the people he once trusted most.

He doesn't trust anyone anymore.

However, at this moment, ye Chen is to let his heart has been dust out of the seed, again get new life.

Root and sprout.

He was moved.

How can he be.

Without Ye Chen, he would not even be qualified to survive.

Ye Chen has done his utmost.

But at the moment, in the case of great danger, ye Chen did not have any hesitation and agreed.

I'm afraid he will never be able to repay this love for the rest of his life.

The evil emperor knows that ye Chen is in charge of the reincarnation cemetery, which is against the heaven. The enemy he faces may be more distant and stronger.

But now, he decided that if anyone dares to move Ye Chen when he reshapes his body, he will kill everything at the cost of death!

In the last life, he was the devil emperor and cherished the whole world.

In this life, he is the devil emperor, only protect this person!

At this moment, ye Chen has come to the center of the sacrificial platform and reaches out his hand to touch the ancient rune.

The great devil at the bottom of the altar was excited to the extreme: "good, good

"Boy, I appreciate you more and more. Before long, your supreme glory will appear."

Endless evil Qi surges.

The abyss is cold.

The whole Tianji forest was shaking.

Outside Ji Lin slowly walked out, naturally felt the change, the surface is calm, but the heart is extremely worried.

Seeing Ji Lin, Xing Zi Tang immediately asked, "little girl, what happened inside?"

"Why didn't the tutor have any accomplishments just now and refused to talk to us?"

Ji Lin leaned against a big stone, stretched out a stretch and said lazily, "sleep, wake up and know."

Xing Zitang: "it's just

Xie Pingping:

At this time, the sky outside, endless evil gas around, dark clouds covered the sky.

Like the end of the day!

.....

Devil's land, on a mountain top.

Jun Mengchen, with his hands behind him, gazed at the sky of Lingwu land and outlined a smile at the corner of his mouth.

"It seems that the guy untied the seal early."

"I didn't expect to see the blue sky one day when the devil's dust broke through the clouds." "When he comes back, I'll try to get him back to his peak."

"At that time, how can you be in charge of Jiuyou? I want to take charge of the whole land of Lingwu and even the kingdom of God! Ha ha ha

Jun demon dust behind the strong man of the demon clan step forward: "demon, do you need us to prepare dinner party?"

"If the one who unties the seal comes out ahead of time, he must come to our demon clan at the first time."

Jun demon dust nodded: "go to Lingwu land and catch some strong men who have sealed the door. Among them, there are ten maidens who want to seal the door. This person enjoys and absorbs these people. I'm afraid he will be in a good mood."

"Yes, my Lord

Wait for the hand to leave, Jun demon dust's look suddenly changed, murmured: "this all, can too smooth?"

At the same time, Tianji forest, deep cave.

The whole cave is full of evil spirit.

Ghosts cry and wolves howl.

The whole cave is full of blood, just like hell.

The seal has been completely opened.

Ye Chen saw a black crystal sarcophagus.

The sarcophagus was made without knowing what it was made of. It was even full of blood from the corners of Ye Chen's mouth.

He has immortal god body and demon body, plus the body of reciting the devil. Such a powerful physical body has caused pressure. I'm afraid that ordinary people will be destroyed.

"Ha ha ha ha, boy, you are very good. I like your body very much!"

"It's perfect!"

"The only drawback is that the realm is a little lower, but it's OK. Naturally, I can recover to the peak as soon as possible."

Laughter came from the sarcophagus.

Gradually a shadow came out of the sarcophagus.

He looked at Ye Chen. His eyes were full of pity, regret, enjoyment, ferocity and madness.

"Don't you panic?"

That big devil is very strange.

Chapter 2093

He is such a powerful seal demon that ordinary martial artists are scared to death when they see him. However, the young man in front of him is extremely calm.

However, he did not think much, he walked towards Ye Chen step by step.

Ye Chen shrugged: "why should I be afraid of you?"

The devil laughed: "because I will take you away."

"Everything I promise you will be nothing, and today I am you! I will wear out your soul and imprison your consciousness in the deepest place! There will never be a day to turn around! Ha ha

Ye Chen looked at the big devil blandly, stepped out one step and stretched out his hand: "Oh, come on."

Yeah?

At this moment, the big magic.

What's wrong with the kid?

At this time, there is no response?

Is he not afraid of death?

This is more painful than death!

"Hum! Pretend

The big devil didn't think much about it. In his eyes, he could not turn over any waves!

The big devil instantly turns into a virtual shadow and penetrates into Ye Chen's sea of knowledge.

At the moment of the disappearance of the big devil, ye Chen's eyebrows twinkled with a bright light!

That's the light of nine you!

The power of the devil!

"Touch!"

I don't know how long it took, the void around Ye Chen seemed to crack!

Then, a shadow fell out directly!

It's the sealed devil!

At the moment, the big devil's eyes widened, surprised to see his gradually empty hands: "how possible! My strength has been absorbed! Why is all my evil spirit gone? "

"You Who the hell are you? "

At this moment, the big devil is totally opposite to that just now. There is no arrogance and high spirited, only fear!

Just because it's all so weird.

Ye Chen looked at the big devil and said with a smile, "who am I? Ask him who he is

The big devil looked ferocious: "what are you talking about, what is he?"

Just then!

Ye Chen's eyebrows twinkle with a grain, just like the devil's eyes.

All of a sudden, the evil spirit gushed out from the brow!

A figure condenses!

The figure is majestic and imposing!

It's the devil!

When the magic emperor appeared, the eyes of the big devil seemed to explode!

He subconsciously stepped back!

"No way! The devil! You Didn't you fall in the ancient war? "

"How could you be here."

The whole body of the demon emperor is very powerful, just like the posture of nine days!

He took a rare and kind look at Ye Chen, and then his eyes fell on the big devil's body!

Extremely cold!

"Xuanmo, long time no see!"

"My man, you dare to take it! What a daring act

As soon as the words came out, the devil knelt down in a hurry: "the devil Emperor I didn't know he was your man. If I knew, I wouldn't dare... "

"Demon emperor, since you are back, I will follow you and we will go to the kingdom of God for revenge."

"The kingdom of God must be within reach."

The evil emperor heard these words, a cold smile, five fingers open, nine you emperor fire lingering:
"step on the kingdom of God, I have a candidate."

"You don't deserve it!"

"The fire of Jiuyou emperor destroys the soul, condenses the power of the spirit and holds the charge
for me!"

Words fall, nine you emperor fire shot out, round fire wrapped in the big devil.

The demon groans in pain and wants to run away.

But the devil is here. What qualifications does he have.

The devil emperor looked at Ye Chen and said, "Ye Chen, take out the things I asked you to put in the
reincarnation cemetery."

"All in the sarcophagus."

"Good."

Ye Chen took out several brocade boxes and put them in the sarcophagus.

In an instant, the light was shining.

Bright light devours everything.

The runes on the surface of the sarcophagus are flowing rapidly.

At the same time, a big black pearl was lost.

Seeing the doubts in Ye Chen's eyes, the evil emperor explained: "Ye Chen, because I fell down in ancient times, my body and spirit no longer exist. If you want to re-enter the evil way and rebuild your foundation, you need the power of spirit and soul."

"This is the first step."

"And what I got from the hands of the devil and the nine you Chu family was my successor."

"It contains my blood essence, strength, and an immortal bone."

"Now, the mysterious devil is my guide to resurrect the body."

Speaking of this, the devil emperor's five fingers were full of evil spirit, and moved slightly, and the bead also entered the sarcophagus.

The brocade boxes in the sarcophagus burst. There are countless forces in it.

Between faintly, actually condenses out a body which is indistinct.

"That's it? Have you succeeded in your physical recovery Ye Chen has a wonderful way."

The devil emperor shook his head: "it's not so simple. This is only half of the success. Fortunately, xuanmo's power and divinity are quite strong. If the ordinary demon clan is strong, it may fail. This time it's not dangerous."

"It's the next big thing."

With that, the devil closed his eyes.

An extremely mysterious force surged.

The sarcophagus was suddenly suspended.

There are countless runes all over the demon emperor!

Runes converge into the sarcophagus.

And ye Chen found that the scene in front of him completely changed.

He seems to be in the nine hell, countless souls were suppressed!

The foot is like magma, but also like a river of blood gathered by millions of people.

And the magic emperor is on this piece of Blood River, gathering mysterious power.

At the same time, above the sky!

Among countless evil Qi, an eye full of darkness and cold opens!

The monsters in Tianji forest seemed to see something terrible. They all fell down and convulsed!

In a flash, there is no life! Turn into a white bone!

The forest is withered in an instant.

Plants do not grow.

The demons, the kingdom of nine seclusion, the kingdom of gods and the land of Lingwu.

Countless imprisoned souls and demon strongmen kneel down and look at the sky.

In their eyes, this moment is redemption.

Between heaven and earth, a thunder resounds.

It seems to be the belief in the hearts of every demon who pursues the evil way!

The faith they once lost seems to be coming back.

On the cliff, the high spirited gentleman magic dust suddenly raised his head and gazed at the eye above the sky.

His expression changed completely.

"How could The eyes It's the guy's! "

"He He's back? "

"No way! His body and spirit are destroyed, there is no trace of life! I've checked it countless times! "

Jun's body was shaking, and he stepped back ten steps.

His expression, for the first time in ten thousand years, was frightening.

He's a God above all!

It shouldn't be!

But it's too big.

The evil emperor who once controlled the whole demon Kingdom and dared to challenge the kingdom of God has returned!

That eye is the best proof!

"Poof!"

All of a sudden, Jun demon dust spits out a mouthful of blood, face pale a few minutes.

He thought of "roaring at the cloud!"

Soon, a black robed man appeared behind the king's demon dust. When he saw Jun's wound and the blood on the ground, he was slightly surprised: "Lord, this..."

Chapter 2094

Jun demon dust looks cold, way: "immediately set off for me to check!"

The black robed man was stunned: "check what?"

Jun magic dust looked at the eyes above the sky, and a deep and angry voice rang out: "check the demon emperor who died and came back to life!"

The black man's eyes widened completely.

"The devil? He is not... "

Before the black robed man finished speaking, the angry voice of Jun demon dust rang through the whole demon clan:

"check anyone related to the devil emperor!"

"Check out anything related to the devil emperor!"

"No matter what means you use, within three days, I will hear all the news about the devil emperor!"

"This shadow should be an opportunity for the demon emperor to resurrect. My king, the devil dust, must strangle the threat in the cradle."

"I don't want to be above ten thousand people, I want to be above everything!"

.....

Not only did the demons shake, but the emperor of Jiuyou also saw the eye above the sky.

He didn't have a smile.

He knew that his position, after all, could not sit still.

He didn't have the ambition of monarch and devil, he just wanted to keep the power.

But now it seems that this right can no longer be maintained.

In his heart, he hoped that the demon emperor would be revived, but he did not want the demon emperor to be resurrected.

Even the latter is the majority.

This is the greed of human nature.

I don't know how long after that, the emperor of nine you sat on the ground tired and murmured: "the devil's land is going to change greatly. I'm afraid the whole Lingwu land will usher in a shocking earthquake."

"If the devil emperor recovers completely, I'm afraid the nightmare will begin."

.....

Lingwu land, a mysterious place.

A cross legged man practicing on the Dragon suddenly opened his eyes.

He looked at the kneeling man in front of him with cold and dignified eyes, and said in a cold voice, "I felt something wrong in my practice just now, but there are visions of heaven and earth in the outside world?"

The lower body trembled, hesitated for a few seconds, and then said: "something big happened..."

The man above the dragon stood up, looked down at the man in front of him and asked, "say, what happened to the outside world!"

On the first day, he did not dare to roll on the sky

"Natural vision, a nine you eyes appear."

"The eyes are indifferent to everything, and the powerful demons imprisoned by the kingdom of God kneel down together."

"It's a familiar picture..."

"Only Only when the devil emperor of the devil Kingdom ascended the throne did it happen. "

"Now the picture reappears, it seems that the demon emperor who fell in the ancient battlefield is about to return!"

"Now, there's a lot of chaos outside, and the people in the kingdom of God are in a state of panic."

Hearing this, the man above the dragon has a livid face, and his eyes are extremely cold.

"The evil emperor can't be alive. I saw him fall in person, and I couldn't be reborn."

"There's something strange about it. You can check it for me."

"No matter what you pay, I just want the truth."

"Yes." The man disappeared.

Only the dragon and the dignified man were left in the temple.

Suddenly, dragon opened his mouth, a voice came: "do you need me to move?"

"If it is the devil emperor, the consequences will be disastrous."

The man snorted coldly: "no one is qualified to threaten the kingdom of God."

"But the vision reminds me of something."

"I'm afraid it has something to do with the incident some time ago."

.....

Tianji forest.

Xu Huan left with a heavy body.

There was anger and reluctance in his eyes.

After all, what he had worked so hard to get disappeared.

Power, martial arts, reputation, once destroyed.

All of a sudden, he stopped and his face changed.

Because there were two cold bodies in front of him.

And he can feel that both of them are powerful demons.

Cultivation is not weak.

"Are these two powerful demons coming to meet the sealed demons? Ye Chen is in trouble. "

Xu Huan murmured.

He just wanted to leave, but found in front of him did not know when two beautiful images appeared.

A young girl was veiled, cold and dignified.

Another girl in white followed the masked girl.

It's obviously a maid.

"Bai Er, ask." The voice of the masked girl was crisp and cold.

"Yes, Lord."

Bai'er comes to Xu Huan quickly, and the cold breath is completely released.

Xu Huan how to bear now live, directly kneel down.

Bai'er stood high and said, "you have two choices. One, tell me what happened in the cave. Second, death." Xu Huan was slightly stunned and hesitated for a long time, but he still said everything in the cave.

Bai Er took a look at Wei Ying, then looked at Xu Huan and said, "are you lying?"

Xu huanmeng shook his head and said, "I have no cultivation. How dare I lie?"

Bai Er nodded and said to Wei Ying, "the palace master, he should not have lied."

Xu Huan breathed out: "in this case, I will leave."

Xu huangang was about to leave, but Wei Ying suddenly said, "did I let you go?"

Xu Huan a Zheng, just want to speak, a cold voice again fell: "white son, hands on."

Bai'er was a little confused at once, but he still had a chance to kill and a sword fell.

In an instant, Xu Huan turned into a blood mist. He didn't understand to his death that he was a waste man, why there were still people who killed all of them.

Bai'er returned to Wei Ying's side, wondering: "the palace master, this man is harmless, and there is no threat to Ye Chen. Why should we kill all of them?"

Wei Ying looked at the vision of the sky like frost and said, "this vision involves too many things."

"Although this person has no threat, it may have a fatal impact on Ye Chen."

"The king, the devil and the people of the kingdom of God will investigate here. If you find this person, you and I will be forced to ask questions, and ye Chen will be implicated."

"This threat must be strangled."

"The destruction of juehan emperor's palace was due to kindness and affection."

"I don't want any threat to juechan palace, nor do I want Ye Chen to fall into any danger."

"Let's go. He's safe for the time being."

"We have more important things to do. I just hope that ye Chen can grow up as soon as possible. I can't protect him all his life."

Bai Er nodded thoughtfully.

Finally, the two figures disappeared.

The vision of the sky is gone.

Chapter 2095

In the cave.

The sarcophagus fell to the ground.

The evil emperor also opened his eyes and became weak.

Ye Chen stepped forward and asked, "devil emperor, is this OK?"

The magic emperor nodded: "then we need to wait. During this period of time, I will continue to hide in your eyebrows and wait for the complete formation of this body."

"I hope it won't be long."

Ye Chen looked at the black crystal sarcophagus and asked, "can this time be shortened?"

Mo Di Mou son a Ning: "well, that is to go to the demon clan."

"Well, let's talk about it later. For now, leave as soon as possible. This time, the vision is too big. You may be in danger. I'm sorry."

Ye Chen laughed and directly collected the black crystal sarcophagus in the reincarnation Cemetery: "demon emperor, what are you polite to me. Even if it doesn't, I'm in a lot of danger. "

"Go."

.....

Soon, ye Chen came to the place where the eagle was chasing the wind. Xing Zi Tang, Ji Lin and others saw Ye Chen coming from afar. They were all overjoyed and welcomed him.

Ji Xuan looked at Ye Chen and couldn't help but ask Ye Chen, "Ye Chen, just now, we sensed the extremely strong fighting wave that came one after another. What happened? What's more, why there is a vision above the sky? Is this related to the seal? "

Ye Chen said faintly: "I'm fighting with Xu Huan and that demon clan. It's nothing. I've killed the demons. Xu Huan Although he joined the demon clan in order to survive, he helped me get to the Tianji forest more quickly. I let him go this time. "

Although Ye Chen said plain, but the content of the words, it is incredible to the extreme!

Kill the demons? Spare Xu Huan?

The other side, can be the existence of fengmenjing!

In Ye Chen's mouth, it seems that there is nothing to mention in general.

Ye Chen's strength, how terrible is it?

What happened to Ye Chen during this trip to the country of nine you?

Looking at the shock of the crowd, ye Chen could not help but show a little embarrassed smile: "OK, you go back to the college, I know you must have a lot of questions, then, I will explain to you slowly."

Ji Xuan one Zheng: "you do not leave with us?"

Ye Chen came to Ji Lin and said with a smile: "I still have some things to deal with nearby. I will return to the college later."

"You go."

"By the way, I can't tell anyone what happened today. If the college asks about it, I will explain it to the dean in person."

"Don't worry, ye Chen, even if someone wants to kill us, we won't leak a word." The people swore.

After all, their lives were saved by Ye Chen. How could they be betrayed like Xu Huan.

Although they wanted to stay, they also saw the firmness of Ye Chen's eyes. They sat on the chase Wind Eagle one after another. The chasing wind Eagle roared, shaking its wings and galloped toward the Shenhua Academy.

"Jilin, let's go."

Ye Chen stretched out his hand and held Ji Lin, two figures, one big and one small, went in one direction.

That direction is the headquarters of Linghu family.

Now ye Chen has only one idea in his mind to save ye Luo'er.

No matter where ye Luo'er is, he will rescue him!

According to the information that has been received, the headquarters of Linghu family is located in Tianyun City, the junction of Western and northern regions.

It's not too far from Tianji forest.

.....

In a small town near the western and northern regions, in a tavern, ye Chen and Ji Lin, with bamboo hats, listen to the martial artists around them about the recent events.

Back here, ye Chen wants to visit the northern palace family in the western regions.

I don't know what happened to his apprentice Beigong Ziyu.

Although he was the master of Ziyu in Beigong, he didn't teach her too much. It's a pity.

Stepping into this place, to his surprise, the secret place of demon saint was opened.

The blood soul clan comes.

I thought it was not so fast, but I didn't expect that some of the strong men of the blood soul clan had stepped into the western regions.

At present, the western regions are invaded by the blood soul clan, and the focus of the major forces is basically on the blood soul family.

Fortunately, the blood soul clan has not yet appeared a strong person in the realm of sealing doors, otherwise it will be dangerous.

Ye Chen finished drinking wine, after paying the money to leave, suddenly heard a voice coming from the street.

"No, the blood soul clan is coming! Let's run

When the voice came, the people in the tavern ran away. It was just a small town. There was no strong man.

The most powerful mayor of the town is no more than the second layer of heaven in the realm of nature. He is unable to fight against the blood soul clan.

Ye Chen came out of the tavern and saw many people of the blood soul clan rush in.

The warriors of the blood soul clan rush into the town, burning, killing and plundering. The captured warriors directly break their chests and take out their hearts.

If you did not meet the blood soul clan, even if you did, ye Chen did not intend to let go. He inherited the inheritance of the demon saint, and the matter of the blood soul clan is also his thing!

The town is not big. The mayor organizes warriors to fight against the blood soul clan.

Ye Chen comes to the wall of the town and finds that there are not many blood soul families outside, and the leader is the peak of a creative world.

The mayor of the town is an old man. He is short of Qi and blood. Even in battle, he can't play much fighting power.

The city has been broken. Some warriors of the blood soul clan have already rushed in. It is only a matter of time before it is destroyed.

Ye Chen jumps down from the city wall. He lets Ji Lin stay in place with a bamboo hat. He can only see his side face and wear a white suit.

"Don't go down, you are dangerous!"

The mayor roared. Although he couldn't see through Ye Chen's realm, such a young man could not make a fortune at most.

Ye Chen laughs but doesn't speak, just takes out the beast decayed sword, sees him slightly raises the hand, immortal sword idea erupts.

On the other side of the blood soul clan, the existence of the peak of creation is dreaming of rushing into the city and eating the human heart raw.

However, he suddenly felt a fatal crisis. He looked up and found a famous warrior standing under the city.

The beast decayed sword burst out the shining light, and the immortal sword meaning was revealed in the air.

Stab!

A dazzling sword light, just like thunder exterminates the world. The blood soul clan who rushes by Ye Chen is directly crushed by the breath.

Boom!

A sword down, the ground left a long mark, bright sword light, suddenly fell!

The next scene, let the warrior above the city, scared silly!

With a sword, there is no one left of the blood soul family, even if there is no scream.

On the whole ground, only the mutilated corpses of the blood soul clan were left. The sword Qi did not dissipate in the void, but remained in the void.

Kill the blood soul clan army with one sword!

The inevitable crisis, let Ye Chen a sword to solve!

The mayor woke up from the shock, stood on the top of the city, and said, "who is senior?"

One sword to kill the blood soul family army is definitely a strong seal!

The key is still so young!

Ye Chen wanted to say ye killed heaven, but on second thought, the name was no longer a secret, so he casually took a name:

"Ye Shashen!"

Chapter 2096

Ye Chen leaves a sentence, turns and flies to the void with Ji Lin.

White, a sword! The most powerful!

Word of mouth in the town, and even some civilians set up a monument to Ye Chen.

.....

One day later, ye Chen came to Tianyun city.

Along the way, I don't know how many blood souls have been killed and many cities have been saved.

Ye Sha Shen's name has also spread completely. No one knows what ye Shashen looks like, leaving only a side face.

But the people around him regard Ye Sha Shen as the guardian God, their hero!

Even some martial arts worshippers of Ye Sha God, dressed in white clothes with bamboo hats and holding a sword in their hands, imitated their idols.

After ye Chen knew this, he couldn't laugh or cry. If we let them know that the guardian God of the western regions was the blood butcher God King who had been scared by the wind in the western regions.

Tianyun city is not big or small. The leading family is Linghu family.

The strength of Linghu family is not strong. It is rumored that there is an old ancestor who sealed the door.

To make Linghu family stand firm in Tianyun City, the most important thing is to have a trace of relationship with Shenglong family.

Even if there is only a trace, no one dares to attack the Linghu family!

Ye Chen changed a suit of clothes, wore a green shirt, took off the hat, and put on a mask.

Ji Lin is the same.

"Ye Chen, do you think sister Luo'er will be locked up in the dungeon of Linghu family?"

Linghu family is close at hand, Ji Lin is a little excited.

Ye Chen shakes his head, cold eyes shoot deep: "this matter is afraid not so simple."

"I always feel that the Linghu family will be involved in a more terrible existence."

.....

Ye Chen shuttles in the street crowd inside, walked for a while, then came to Linghu family gate.

"Who? Don't know this is Linghu family? Get out of here

The two guards are ordinary. They don't feel the breath of Ye Chen. They just think they are a civilian.

"You are looking for the Linghu family!"

Ye Chen reveals a sneer in the corner of his mouth, and then takes out the beast decaying sword.

When the beast decayed sword was taken out, the two guards knew that it was not good to come!

"Enemy attack!"

As soon as their voices fell, they suddenly felt a sharp chill, and their heads suddenly separated.

Boom! Boom!

In Linghu's family, four figures fly to the void, all of them fall.

"Who dares to make trouble in our Linghu family?"

Ye Chen and Ji Lin stand on the ground, smile but not speak, the corner of the mouth flashed a cold arc.

"Today, I specially destroyed the Linghu family, how about?"

As soon as ye Chen's voice fell, he raised a sword. The breath of immortal sword made those powerful Linghu family tremble.

This breath is too strong!

There's no way to resist it!

Boom!

A sword cut through the sky, suddenly fell, blood from the void scattered on the ground.

Tick! Tick!

Blood dripping on the mask of Ye Chen, ye Chen kicks open the door and walks in step by step.

The atmosphere of battle can not hide the strong members of Tianyun family. They send their servants to check them one by one.

The martial arts of Tianyun city all come to the gate of Linghu family and want to see the excitement.

After all, the Linghu family has occupied Tianyun city for thousands of years, and no one dares to pick the scurf. Today, there is a mysterious man who intrudes alone, which naturally arouses their interest.

When the big families in Tianyun City knew about this, they couldn't help getting excited. If the Linghu family was destroyed, they would have a chance to rise to the top.

I just don't know how strong this mysterious man is and whether he can defeat the Linghu family.

Ye Chen goes into Linghu's family and kills people step by step. He looks like a mole ant in front of him.

"Who are you?"

At this time, a man rushed out of the hall, who was the head of the Linghu family. Because of the gift from the holy dragon family, the realm had already broken through a bit.

Linghu's master looks at Ye Chen and doesn't start in a hurry. The strength of Ye Chen's sword just now is like a nightmare.

He was a little afraid.

"Give up Ye Luo Er!"

In a word, let Linghu master frown, ye luo'er's matter, he personally took the matter, already secretly sent to the Shenglong family.

It's been a long time since someone came to the door?

Ji Lin saw the master of Linghu's house again. He was so angry that he stepped out and took off his mask: "old beast, you can recognize me!"

"On that day, you hurt my sister luo'er and me. Today, I bring elder brother ye here to let you feel what pain is!"

At this moment, Ji Lin is released!

Conglomeration of congenital poison body!

However, ye Chen said: "Ji Lin, you don't have to use your hand. You are my secret weapon. You can use it at a critical moment." Ye Chen does not want Ji Lin to be exposed.

Ji Lin looked at Ye Chen and suppressed his anger. He nodded his head and said, "good."

"This guy, I want him dead!"

Ye Chen showed a cold smile: "don't forget the purpose of our trip."

"It's killing!"

Linghu's master finally responded: "are you ye Chen?"

After ye Luo'er was sent to the Shenglong family, he made a special investigation and found that ye Luo'er was closely related to a person of Ye Chen.

Also from Kunlun Xu.

But at that time ye Chen did not have any threat, he did not put it in mind.

Who could have thought, later, the western regions resounded through Ye Chen's prestige!

Linghu family is at the junction of the western regions and the northern regions. Of course, they know little about the western regions!

I'm also afraid of Ye Chen.

But at that time, he only thought it was the same name.

Now it seems that the worry has happened.

Since the identity has been identified, ye Chen does not need to hide, take off the mask.

When seeing ye Chen's true face, the fox master trembled all over.

The shadow of man's name tree!

There are too many strong people who died in Ye Chen's hands!

When ye Chen revealed his identity, the onlookers bombed directly!

Blood butcher God King! That demon like man, back!

Who didn't know that ye Chen killed millions of warriors in the western regions. It was also because of him that ye Chen destroyed the Dugu family!

For a moment, the waves surged in darkness, and some forces decided to report Ye Chen's affairs to the evil demon palace and other forces.

This is a once-in-a-lifetime opportunity for them to hold onto the thighs of some forces.

"Ask my grandfather to do it!"

Originally, the leader of Linghu's family was ready to fight with Ye Chen, but when the other party showed his identity, he didn't even have the courage to fight!

If ye Chen wants to kill him, it is as simple as crushing an ant.

Only the ancestor can fight against Ye Chen, even kill!

Boom!

In Linghu's family, a secret room, a terrible breath was revealed.

The secret servants and the martial arts onlookers were surprised!

The ancestor of Linghu family is still alive!

The martial arts of Tianyun city are more in awe of Linghu family!

As for ye Chen, he is already a dead man in their eyes!

There is a big gap between the four layers of heaven in the realm of creation and the one layer of heaven for sealing doors!

Soon, an old man appeared beside the master of Linghu's family. He looked like a fairy.

Chapter 2097

"See my grandfather

Make Fox's master happy.

If it wasn't for ye Chen, I'm afraid it would have been hidden.

Linghu shayun is also the patron saint of Linghu family. As long as Linghu shayun doesn't die, Linghu family will always be the overlord in Tianyun city.

"Get up!"

Linghu shayun took a look at Linghu's master. There was no reproach in his eyes.

Who doesn't know ye Chen's name?

Linghu master stood up and looked at Ye Chen and the dead.

Ye Chen can't fight against it. He even thinks in his mind that he will give ye Chen's head to all the major forces and make friends with them from now on.

They make the Fox family will rise to the top, and the beautiful blueprint has been depicted in his mind.

Ling Hu Sha Yun stepped out, and the air around him trembled faintly!

How strong!

The hidden servants and the onlookers, feeling the amazing breath, could not help but feel frightened.

"A natural environment mole ant thinks that if he has some skills, he can do whatever he wants. Today I will eliminate the harm to the people!"

Linghu shayun's righteous words seem to be for the common people.

His breath pressure to Ye Chen, want to let Ye Chen kneel down directly.

Let him make a fool of himself in public!

Ye Chen's sarcastic smile crossed the corner of his mouth, and Linghu Shiyun was so powerful that he really thought that his cultivation could frighten him in general.

If Ji Lin had told himself in advance that he would definitely die if he came.

As for now, he is not afraid to seal the door!

Linghu Sha Yun breath pressure past, ye Chen standing in place, even did not move!

Stronger existence, ye Chen have met, but also afraid of a sealed door environment a layer of the momentum of the day?

"Well?"

Linghu shayun frowned. He thought Ye Chen would kneel down directly by his momentum. Who knows he won't be moved.

"It's just a little skill!"

Linghu Shiyun disdains a smile, and the figure rushes past in an instant!

How fast!

The speed is too fast, so that people can't see clearly, leaving only the shadow of Linghu shayun.

Ye Chen raises the beast rotten sword, in Linghu Sha Yun rushed to the moment, a sword suddenly cut out!

Boom!

With a sword down, Linghu shayun moves slightly to avoid a sword.

Ye Chen is not in a hurry, and his body retreats from Linghu shayun.

Linghu shayun waved his hand, and the breath around him kept condensing in himself.

Around him formed a tornado, oppressive breath, let everybody breathless.

Ye Chen doesn't have any expression on his face. The immortal sword idea gushes out from his body!

The beast decaying sword in the hand is buzzing!

The evil spirit of the fox is about to burst out.

Zheng! Zheng! Zheng!

A simple sword light, without any fancy, nor gorgeous moves.

It's all plain!

This curtain falls in everybody's eyes, seem to feel Ye Chen also not how!

"How does Ye Chen feel so weak?"

"I think ye Chen is just a little bit of a gimmick. His real combat power is not so strong."

The onlookers whispered and felt that ye Chen was just like this!

Linghu shayun did not have this idea, but the fatal crisis sounded in his mind!

It seems that he can't stop this sword!

He's a closed door!

Why is this feeling?

He doesn't know, but ye Chen's sword has fallen!

"Stab!"

A sword went down, and it fell on Linghu shayun's body.

Boom!

The next scene, let all people are dumbfounded!

The figure of Linghu shayun flew out in the air, leaving an arc and falling on the ground in an instant.

There is a huge pit on the ground!

Originally, the whispering voice stopped suddenly, which made the fox master look silly.

What's the situation!

How can their ancestors be so vulnerable!

No one knows why. In their eyes, ye Chengang's sword is not strong at all.

They think they can block it!

Who knows that Linghu shayun flew out. Is he a false seal?

Ye Chen came to the pit step by step and found Linghu shayun was dying.

"You You... "

Linghu shayun kept spitting blood in his mouth, and his whole chest was sunken.

Ye Chen raises a sword, and the beast decaying sword is directly inserted into Linghu shayun's head!Bang!

The head erupts the blood fog, causes the fox Sha Yun to die completely!

Ye Chen takes back the beast decaying sword. At present, he has a clear understanding of his fighting power.

At the moment, the master of Linghu's house is standing in place, his legs are shaking!

Their ancestor died!

Ye Chen turns his head and looks at Linghu's master. The latter, with a puff, directly kneels down on the ground.

"Lord Ye, please spare me. It's not my intention to catch ye lu'er."

Bang bang bang!

They dare not kowtow to the Lord of the family.

"Where is it, elor?"

Ji Lin also excitedly said: "say it quickly!"

Ye Chen can't see any expression on his face, holding the beast decaying sword, he comes to Linghu's master step by step.

Around the hidden servants left, the next thing, no longer need to see!

Linghu family in Lingwu mainland, destroyed!

"My Lord, after we have caught ye lu'o'er, the dragon family has taken it away!"

When Linghu's master's voice fell, his neck suddenly felt a chill. A headless corpse fell to the ground, and his head rolled down beside him.

Ye Chen walks out of Linghu's family. The warriors around him have already fled for fear that ye Chen will kill him.

Ye Chen looks at Ji Lin and frowns tightly: "Ji Lin, the Shenglong family is the top power in Lingwu land, and it is very mysterious. Are you sure you want to go?"

"If you take this step, there will be no regret medicine."

Ji Lin hesitated for a few seconds and said, "Ye Chen, you won't be afraid of the top power. I know you will save it."

Ye Chen stretched out his hand and touched Ji Lin's hair: "it's really smart. Let's go, but we can't be so strong. Next, we should walk on thin ice."

Ji Lin white one eye Ye Chen: "you are still walking on thin ice, I just don't believe."

"And don't touch my head. I want to be stupid."

"By the way, when can I be effective?"

Ye Chen blinked: "you are a secret weapon, secret weapon is of course the most critical moment to hand."

.....

One day later, ye Chen's return to the western regions was well known.

More news came that ye Chen killed Linghu shayun with a sword.

Can fight against the strong!

What a nightmare!

Ye Chen's news is flying all over the western regions, and even some civilians want Ye Shashen to kill this evil!

In one day, the major forces in the western regions also responded. The evil demon palace, the Feiyu Pavilion, the fire cult and the porch Association sent the strong ones!

Although the western regions are the weakest among the five regions, if the top forces send strong ones, it will also cause a lot of pressure.

This also represents their attitude!

Ye Chen must die!

Chapter 2098

.....

At the moment, ye Chen and Ji Lin naturally don't worry about these things. They still have a headache. That is, they only know that ye Luo'er was taken away by the holy dragon family, and they don't know where they are locked up.

This makes him how to look!

Ye Luo'er must be saved, even if he is afraid of death.

After leaving Tianyun City, ye Chen and Ji Lin come to a nearby Bihai city and live in a pub.

Ye Chen didn't know that the western regions sent strong men to pursue them.

Many strong men in the western regions came to Tianyun city all the way, and followed Ye Chen's breath to the outside of Bihai city.

The whole city of Tianyun has been in chaos, and the Fox family has perished. Naturally, there are not a few families who want to rule Tianyun city.

A family war broke out completely!

"Ye Chen, this little animal, is absolutely in Bihai city!"

At the moment, an old man in the evil magic Palace said.

In front of the 45 strong men, his strength is not very strong, but his tracking ability is particularly strong.

People also rely on him to find the trace of Ye Chen.

"Ye Chen will come out sooner or later. It's better for us to wait outside."

There are some frictions among the major forces, but in dealing with Ye Chen, they are particularly United.

"Good! I set up a sleepy array, when ye Chen rushes in, absolutely can't run away. "

How to kill 45 top killers in Xiyu.

Crisis attack, all of which ye Chen does not know, he is in Bihai city to inquire for information.

It is said that the Shenglong family is recruiting martial artists. The minimum requirement is the realm of creation.

There are countless strong people who want to enter the holy dragon family. After all, this is the top force.

If there are top forces, it will be more safe to go out.

However, the requirements of the Shenglong family were extremely strict, and only 300 were recruited.

Although most of the places are precious, they are only natural orifices.

Ye Chen barely meets the standard, and Ji Lin fails to meet the standard.

Ye Chen decides to join the Shenglong family to look for ye lu'o'er, while Ji Lin stays in the inn to wait for her.

Although Ji Lin has some opinions, he still nods and agrees.

Ye Chen did not dare to waste time and set off immediately.

Because in a few days there will be an examination of the dragon family, he must seize the time.

Coming out of the blue sea city, ye Chen flies to the void. He is just about to leave when a strong man at the top of Xingqiao state stops him.

Ye Chen looked at it and felt the breath of the evil spirit palace.

I didn't expect that the fierce devil palace was so quick that he couldn't wait to kill him.

"Ye Chen, you are doomed today

The strong man in the fierce demon palace roars, and hands directly to Ye Chen!

Ye Chen did not hesitate, took out the beast decaying sword, the whole figure rushed over.

Since he met the people in the evil palace, he would not let go.

At the moment of fighting with the strong in the evil palace, suddenly came the sound of breaking the air.

Whoosh! Whoosh!

There are forty-five strong figures standing in the void.

The atmosphere of the scene, instantly suppressed!

Ye Chen brows a frown, these 45 people breath strange, bring him not small pressure.

It seems that these people should be the strongest killers sent by the western regions.

Hum!

In order to encircle the ancient gate, the fierce leaves are trapped in the sky.

As long as 45 people don't die, this array will not be broken!

The warriors in Bihai city all feel the strong breath outside and fly to the outside one by one.

When they saw it, they were shocked. Their strong breath and terrible lineup made their hearts tremble.

In the center, they see ye Chen's figure!

Ye Chen stands alone in the void, facing 45 top killers in the western regions. His face remains unchanged!

The warrior of Bihai city is not a fool. It can be seen in an instant that the strong men sent by the major forces specially kill Ye Chen.

Ye Chen looks at the strong man on the spot, smiling but not speaking.

"The big forces are really planning to kill me!"

Many strong people are indifferent and speechless. Who regards Ye Chen as the state of creation is a fool.

Ye Chen clenched the beast decaying sword, and the momentum of his body broke out constantly. The immortal sword idea and the spirit of Geng Jin twined around his body.

Step out one step, people step back slightly!

Immediately the burning pain on the face!

They were scared away by Ye Chen. In the void, however, many warriors were watching!

Where are their old faces?

Ye Chen's ghostly figure directly rushes in. Now there is no retreat, only one war!

Endless evil Qi is twining on Ye Chen's body, and the demonic nature of beast decaying sword is completely stimulated!The momentum of the whole person has reached a climax!

The strong of each big force, slightly change color, this breath already and seal door territory strong person equal.

Ye Chen is really as strong as the legend!

All of a sudden, ye Chen raised his hand, and the beast decayed his sword.

A sword light enchanting eyes, a puff, in front of several people directly injured!

Kill!

Ye Chen's eyes turn to blood red, killing intention turns to be real, flowing in the trapped array.

Each big force sees Ye Chen one sword to destroy several strong, dare not have any slack again, one after another hand!

One after another gorgeous magic power, straight and cross crisscross, let the outside people, see the thrill!

If they were in there, I'm afraid they would be wiped out in a moment!

The sword will continue to break out, those who are attacked, in a hurry, take out a black lacquer shield.

Click!

The shield can't stop Ye Chen's sword at all. There is a broken sound.

Pooh!

Many strong, a mouthful of blood gushed out, the whole person's face pale.

The cold body of the sword made them shiver.

Stab!

A sword down, a spatter of blood spatter, dripping on Ye Chen's cheek, there is a trace of residual heat in the blood.

At this time, ye Chen side, several other people holding a red sword, crazy to kill.

Ye Chen grinned ferociously, turned and grasped his sword with his hand, and then kicked out.

The force of terror directly let him fly out, and a mouthful of blood spurted out.

At the moment of landing on the ground, there was a loud noise and a deep pit appeared on the ground.

"It seems that we still have to use a sword to cut the sky!"

Ye Chen smiles.

Next second, kill the machine and blast!

With a sword!

The breath of terror seemed to shatter everything!

"Go

Ye Chen sends out a roar of roar, on the ground, the land appears a crack, continuous spread.

Because there is a big lake around.

So, in an instant, the water column gushing from the ground rises to the sky!

A water column gathered together, and ye Chen's sword to cut the sky formed a water dragon, suddenly rushed away.

The terrible breath of water dragon makes many strong people retreat and avoid their edge!

The water dragon rushed to the nearest man, and the body of the strong man in the western regions was hanged to pieces.

The water dragon did not dissipate, but gathered together and turned into a water sword!

The water sword stands on the void. The cold light of the sword makes many strong people feel shocked!

Chapter 2099

If this sword goes on, they will die!

Boom!

A sword is like the thunderbolt of the heaven, roaring away!

Many strong people use all kinds of skills, some people escape, some strong people are killed directly, and some are seriously injured.

A pair of eyes full of killing intent, staring at Ye Chen, originally 45 strong, now only 20 people alive!

"Don't give ye Chen time to breathe. Let's fight together to avoid future troubles, so as to avoid a long night's dream."

One of the strong men in the western regions opened his mouth, and the remaining 20 were no longer hesitant. They used their cards one after another to force out blood essence and blood, which was far beyond the power that the seal gate could bear! Decided to give ye Chen a thunderbolt!

This strike, they want Ye Chen's life completely!

The breath of terror constantly condenses in the void, and ye Chen's face remains unchanged. He doesn't say a word, but just grasps the beast's decaying sword!

At this moment, ye Chen is extremely small in front of many powerful people. It seems that a generation of strong people has come to an end.

He is more like a wolf, a lone wolf, a person against the major forces!

The western regions sent out the strongest people to deal with Ye Chen, which shows how much they want to destroy Ye Chen!

Boom!

Many strong people, condensed out of the terrible atmosphere, forming a storm!

Even the martial arts onlookers can feel the amazing power through the array.

How can ye Chen live with this blow!

Ye Chen shakes his head, closes his eyes, then raises the beast decaying sword, uses all his strength to swing a sword!

This sword broke out the most brilliant fireworks!

Like a flame burning the whole world!

Stab!

The whole array is shaking and about to be broken. Ye Chen's figure can not be seen on the ground.

The dust is flying and I can't see the situation inside. The warrior outside has only one idea.

Is Ye Chen dead?

In the eyes of the warrior outside, ye Chen can't live.

This blow can be far more than two days sealed door, ye Chen itself has injuries, how to survive?

The dust gradually falls, and ye Chen's figure appears. Some of the dust is stained, and it seems to be very embarrassed.

And, ye Chen closed his eyes, extremely strange.

Is he dead?

"Mr. Chen, you are the strongest among us. Go down and have a look and cut off his head!"

One person opened his mouth, and Chen nodded and flew to the ground.

He cautiously came to Ye Chen step by step, for fear of feigning death!

One step, two steps, ye Chen did not have any action.

The strong in the void see this scene, are eyebrows a joy, it seems that ye Chen can not live!

If ye Chen was still alive, he would have launched an attack!

Old Chen relieved himself, took out a huge axe, aimed at Ye Chen's neck, and cut it down!

Suddenly, he grabbed his arm and opened his eyes.

"What!"

Old Chen was shocked, ye Chen is still alive!

It's not just him, everyone is stupid!

I thought Ye Chen's myth was coming to an end. Who knows

Ye Chen is not dead at all!

What kind of Freak is this? Under such a fierce attack, it's far beyond the closed door area. It's not dead yet!

"Go away!"

Ye Chen's eyes are red, and the whole person even exudes a trace of strange breath.

Evil! powerful!

Click!

Hiss!

"This What is the situation? "

Above the void, the strong are shocked!

They can feel that the breath of Ye Chen is getting stronger and stronger!

What the hell is going on here? Who can tell them?

"Evil emperor, give me some magic Qi, open up!"

Ye Chen roared up to the sky. The black air on his body became more and more strong. On the sky, it was as if night fell!

Close your eyes when it's dark!

In his hands, the evil spirit gushed out. The devil's eye combined with the sword meaning of the beast's decaying sword combined with the devil's eye is not so simple as one plus one equals two!

"No, let's get together and stop Ye Chen!"

Anyone can see that ye Chen is using the terrible cards. This force is not what they can bear.

One after another changes, let the crowd outside, see a Leng one Leng.

The situation that ye Chen was sure to die, who knows, turned it upside down!

"I have a sword that can be immortal and open to heaven."

Ye Chen murmured in his mouth and saw his arm lift up the beast decaying sword.

For a moment, it seems to arouse the resonance of heaven and earth!

Killing, greed and desire are constantly pouring into Ye Chen's heart. If he is a devil, there is no Buddha in the world!

At the moment, he is a demon God. There are taboos in Jiuyou!

Ye Chen flies to the void, his hand rises and his sword falls, leaving nothing.

The array is full of bloody smell, which makes people nauseous.

Ye Chen turns into a god of death from hell, waving his sword.

In the array, there are still three people left!

Lonely, helpless!

"Run away

Do not know who said a word, they untie the trapped array, ready to escape, but ye Chen's voice rings.

"Now you want to run away? Is it too late! "

The last few people were suddenly enveloped by the monstrous spirit.

"Ah

The voice of scream is ceaseless, ye Chen does not begin, instead listen quietly in one side.

What a wonderful voice, ye Chen a face intoxicated, now he has been completely possessed.

The evil spirit enveloped these powerful warriors, and soon disappeared in the world and turned into dust.

Ye Chen bombards the array with a fist and makes a click sound.

The whole array is broken in an instant!

The onlookers saw Ye Chen running over and standing there motionless. For a moment, they were scared to be silly!

Ye Chen's fierce eyes stare at them, and the cruel breath gushes out from his body.

Now he just wants to kill!

Kill!

Ye Chen waved a sword, with the immortal sword light, suddenly fell.

Boom!

Go down with one sword and kill hundreds of warriors!

This sword completely wakes up the dull people. If they don't run now, only death remains!

These warriors fled. They wanted to see how the powerful forces killed Ye Chen.

Who knows that their curiosity has turned into a curse!

.....

In a twinkling of an eye, two days later, ye Chen's figure has already disappeared.

The first battle of Bihai City, also thoroughly let the whole western region warriors know!

Ye Chen fought alone against 45 top Western Region strongmen and completely broke out of the encirclement.

Forty five top killers, none of them survive!

All killed!

World War I shocked the world!

Ye Chen's combat power completely refreshes the cognition of all forces!

When the news came out, the major forces in the western regions were silent, and none of them made any statement.

Lose 45 top strong, but did not kill Ye Chen.

The leaders of all major forces felt the burning pain on their faces.

They were caught off guard by this slap!

Now, who can shake the eyes of the whole western region!

Is it necessary to let the ancestors of all the top forces join hands?

Chapter 2100

In a tavern in Shenglong City, ye Chen came to a place and sat down.

Recently, Shenglong city is very busy. Many casual practitioners come here to wait for the assessment of Shenglong family.

I can hear some news in the tavern. In recent days, we have been discussing the assessment of the holy dragon city.

If you can become the core guest of the holy dragon family, it is equivalent to ascending the heaven step by step.

This time, in the form of martial arts competition, the minimum requirement is the state of nature. There is even a rumor that the half step open practice will participate.

All these are what ye Chen heard from some drinkers. I don't know whether it is true or not.

Ye Chen comes out of the pub, enters a shop and buys a face mask.

He thought that he would go into the dragon family and look for ye lu'o'er secretly. If he could sneak out, it would be better.

If not, he can only take it by force!

Ye Chen finds an inn to stay. Tomorrow is the selection of the Shenglong family.

He didn't worry about the selection at all, mainly about how to get into the dragon family and find ye lu'o'er.

When you find it, how do you get yel'or out!

Holy dragon's family mystery is far beyond all.

He didn't know what kind of cultivation the master of the family had done. He didn't know what the ancestors and the elders had done.

He has to use every minute and every second to improve his strength.

The next day, ye Chen wakes up from practice and comes to the gate of Shenglong family alone.

When he came, he was full of people waiting for assessment.

The palace of the holy dragon family is not big in the city, but it has a special cave.

There's no problem holding 30000 people.

At the gate of the Shenglong family, there are two middle-aged men, both of which are the existence of fengmenjing.

With so many people, it is inevitable that there will be disputes, and only two powerful guards will be sent to guard.

Ye Chen, dressed in a white suit and a hat, decided to use Ye Sha Shen's name and enter it.

"Brother, it's not easy to be alone. How about our alliance?"

At this time, a thin man patted Ye Chen on the shoulder.

The thin little man sees Ye Chen's reaction, know how to return a responsibility.

"Brother, I'm afraid you don't know. There are only 300 martial arts practitioners in the holy dragon family. So many people don't know the age of the monkey, so it's a scuffle."

The thin man chattered endlessly, and looked familiar.

However, ye Chen knows something, and after a scuffle, he leaves 300.

There are already many people around here, and they are looking for some like-minded warriors.

Scuffle is not about fighting power. Even if you close the door, a group of stars will attack you.

We can't say that we have passed the examination 100%.

Ye Chen learns from his mouth that his name is Chen Yuan, the sanxiu of the three layers of heaven in the realm of creation.

In these loose repairs, the strength is not too high!

He did not think much, nodded and agreed. If Chen Yuan was taken over, there would be more people to do some things.

After waiting for half an hour, in the family of the holy dragon, a strong man finally said: "everyone who enters the family should not make any noise..."

The middle-aged man said for a long time, listening to Ye Chen drowsy, probably also heard clearly.

In the martial arts arena of the Shenglong family, an array is arranged. If all people enter the arena, if they are killed or shot out, they will be considered as failure.

Two middle-aged men walk in front of him, and ye Chen follows a group of free practitioners at the back.

Chen Yuan seems to be chattering, whispering in Ye Chen's ear, with a wretched face, looking at the servant girls around him.

Ye Chen looked around without saying a word, remembering these routes clearly.

After walking for a few minutes, when they came to the martial arts arena, the two strong men at the early stage of sealing the gate opened the array.

The monks rushed in, and ye Chen and Chen Yuan followed in.

After all the loose repairs had gone in, the strong man in charge of sealing the door talked about the rules.

These rules are well known to all.

As soon as the strong man's voice fell, suddenly a warrior shot.

Boom!

The warrior attacked directly and the battle broke out in an instant.

All kinds of magical powers are uneven and dazzling.

Ye Chen's appearance is nothing but a state of creation, which attracts many people's attention.

One by one, these people think of him as a soft persimmon.

Ye Chen frowned and took out an ordinary sword. The immortal sword idea erupted from his body.

He went down with a sword and killed 20 people directly.

For a moment, people around him dare not find Ye Chen's trouble.

In a melee, one must never be high-profile. Once it is noticed by others, it is easy to be besieged.

For a while, no one paid attention to Ye Chen and Chen Yuan, and it was inevitable that scuffle broke out.

A corpse fell, ye Chen in the side to watch, found that there is no strong seal. Not even half a step.

To think of it, there are powerful forces behind the existence of half step sealing door. How can we come to the Shenglong family.

These warriors are no threat to Ye Chen.

At least 2000 people took part in the contest, and only 700 were left in half an hour.

These 700 people basically have their own accomplices, which are divided into three small forces.

Originally, ye Chen and Chen Yuan didn't pay attention to them, but now they are different. All the people who can stay are in all camps.

Ye Chen and Chen Yuan are exposed in an instant!

"Kill both of them first!"

The leader of one camp commands two strong men in the three layers of the astral realm.

Ye Chen stood up, without hesitation, clenched the sword in his hand and chopped it down!

Poop!

Ye Chen killed two people, regardless, directly rushed to kill in the past.

He wants to end the fight as soon as possible!

Chen Yuan can only bite his teeth and follow him up!

Sword light flows in the array. Every time ye Chen waves his sword, he can take away many strong men.

Although Ye Chen deliberately suppressed cultivation, he still shocked everyone!

Ye Chen should not only pass the examination, but also show some strength.

Outside the array, two gateways watch!

Since he wants to mix in the door guests, he has to be the most important one.

Otherwise, how could he investigate where Jerome was held?

Ye Chen has not been shown before, no one takes him seriously, but he is so fierce.

Everyone in the array is scared!

When is it so terrible?

Ye Chen slaughtered these people. Within a few minutes, only 500 people were left.

Hum!

At the moment, the array is down, and 500 people are standing there, speechless.

The two holy dragon family's fengmenjing looked at Ye Chen, and then called him over.

"What's your name?" One of the holy dragon family's fengmenjing road.

"Ye Sha Shen!"

Ye Chen honestly reported his name, but as soon as he finished speaking, the 500 people standing in the same place showed a look of shock.

No way, ye Shashen. They've all heard about it.

One person killed three thousand blood soul clan!

Even in many places, the legend of Ye killing God was left. Originally, people thought he was a disciple of various forces, but now they know it is sanxiu.
