### Chapter 2111

The picture turns, in the forbidden area and secret place of Shenglong family.

All of a sudden, there was an angry roar when everyone thought that the green demon moon eating beast would let Ye Chen get it.

Sound shakes the world.

Ye Chen is unprepared, the endless pressure and the air wave face to face, a mouthful of blood spurts out, the whole person's face a touch of pale.

He was seriously injured by a roar, even if the four layers of tianqiang were sealed, they could not reach this level.

Push! Push!

A roar, everyone was stunned, anyone present felt scalp numb.

All of a sudden, in the void, another blue demon moon beast suddenly appeared.

His feet step on the evil wind, the huge body makes people startled, people seem to be extremely small.

He looked at the seriously injured green demon moon eater with a kind look in his eyes.

All the strong men on the scene could see that the two green demons were obviously the same family.

Everyone could not help but shed a cold sweat, even if the dust laden scattered people and Master Wang were not much different.

From the perspective of the breath, the green demon moon loving beast is likely to be the five layers of heaven in the seal realm! Maybe even higher!

Roar!

The green demon moon eater gave out a roar like roar.

Staring at all the people present, I am full of killing intention all over the body!

If he dares to beat his son seriously, all these people will die and none of them can stay.

The first to bear the brunt is Ye Chen, because he is closest.

Ye Chen clenches his teeth and uses a hundred steps to drive electricity. His speed reaches the extreme and runs away crazily.

The green demon moon eating beast, which has sealed the five layers of heaven, is definitely not what he can fight against now!

When ye Chen becomes the shadow of the moment, a lineage on the side of the Shenglong family suddenly eyebrows.

What did he find!

Just now ye Chen used a thousand weapons explosion, he had doubts!

Now he is absolutely sure what he thinks!

Ye Sha Shen is Ye Chen!

"This man is Ye Chen!" he said in a hurry

Hearing these two words, everyone around changed color.

Ye Chen a flight, stay in the void above the strong, there is no hesitation, crazy escape.

If they don't run away and stay here, they will seek death.

Although they escape fast, the green demon moon eater is faster.

In a flash, the green demon moon loving beast catches a strong man in the star's body, opens its mouth and swallows it into its stomach.

In his hands, there is no difference between a strong astral realm and an ant.

In addition to master Wang and dust laden scattered people, ye Chen escaped the fastest.

The green demon moon eating beast is chasing after, and many warriors have died.

The smell of blood around them is getting worse and worse, and they will not survive.

All the warriors are basically faced with this situation. Master Wang and the dust laden Sanren have a look at each other.

"All the warriors, let's fight together. It's not impossible to kill them!"

Both of them are strong in the four layers of heaven and have absolute authority when they speak.

All the escaped warriors stopped to look at Master Wang and the dust laden scattered people.

Ye Chen also stopped, no longer escape, in this case, no one is a fool, all know, escape has no effect.

"Let's do it together!"

Master Wang and dust laden Sanren were the first to be among them, and rushed directly.

Now if they don't make a statement, I'm afraid no one will fight.

Sure enough, the two men did not hesitate!

Master Wang and dust laden scattered people are under great pressure.

Ye Chen's eyes sank, surrounded by endless demonic Qi and Gengjin Qi, the beast decaying sword in his hand hummed and rushed directly.

There was a trace of disdain in the eyes of the green demon moon loving beast, and then he roared.

The white mark of the moon on his brow burst into bright light.

A pillar of holy light burst out in an instant.

Boom!

I don't know how many warriors have died miserably.

At present, Master Wang and his face have not disappeared.

With the help of the moon's power, the green demon moon loving beast is not afraid to consume.

This makes the heart of all warriors become a little desperate!

This is a hopeless battle!

All kinds of supernatural powers of the strong men at the scene hit the green demon moon beast, but the effect was too small.

Ye Chen can't do too much damage to the moon loving beast.

His heart gradually sank down and took a look at the fallen green demon moon beast, and suddenly thought of something. This is his only chance.

In these strong and green demon moon beast war, ye Chen a person toward the bottom.

When ye Chen comes to the seriously injured green demon moon beast, he directly catches the other party.

At present, the green demon moon eating beast has no ability to resist at all. It is too easy for ye Chen.

When ye Chen plans to leave, the green demon moon eating beast suddenly makes a whine.

Boom!

A moment, a full of killing eyes staring at Ye Chen!

The horror of killing, let Ye Chen forehead above all flow out cold sweat, turn a head to have a look.

Found that the green demon moon beast is staring at him!

As long as he dares to move, the green demon moon eater will definitely come.

All the people are staring at him.

Who did not expect, all this time, ye Chen still dare to start!

All the people present admire Ye Chen's ability to die!

Ye Chen is not flustered. He raises the wounded green demon moon loving beast and touches the beast's decaying sword directly.

As long as ye Chen slightly hands on, the wounded green demon moon beast will surely die!

This action, let the green demon moon beast rage, kill into sharp, stab Ye Chen's body.

When ye Chen's eyes congealed, the red dust God vein was fully activated, and a ray of light covered Ye Chen's left and right.

Those cold murders are gone!

Ye Chen exhaled.

As long as the injured green demon moon eating beast is in his own hands, he believes that the demon beast who has sealed the five layers of heaven in the gate territory will never rush to attack.

The whole scene became stalemate for a moment. Master Wang and the dust laden Sanren looked at each other and directly cast their secret arts to leave.

Now is definitely the best time to escape!

When should we wait for it?

As for the green demon moon loving beast, they have no idea inside.

Between life and death, there is no plan to spy on treasures!

There are not a few warriors who have this idea.

Soon, all the fighters left.

In the whole desert, almost only Ye Chen and the green demon moon beast are in confrontation.

Endless evil spirit envelops!

Those who left thought that ye Chen would die this time!

That's the monster that sealed the five layers of heaven!

And still in a state of rage, only stronger!

At the moment, in addition to Ye Chen, there is still Zhang Tian. Of course, he also wants to escape, but the idea flashed away in his mind.

His escape has no effect. If ye Chen is dead, he can't live. It's better to wait.

Chapter 2112

In front of Ye Chen, the green demon moon loving beast, who has sealed the five layers of heaven, stares at Ye Chen with a pair of fierce eyes, but he doesn't make a move.

Although his speed is fast, but compared with the sword in Ye Chen's hand, there is still a certain gap.

That's why the green demon moon eater didn't make a move.

"Human mole ant, let my son go, I'll give you the whole body!"

"Otherwise, you may not have a whole body!"

Threat! A naked threat!

At this time, the green demon moon beast spoke, and there was no emotion in his eyes.

Ye Chen heard the green demon moon beast, did not have any action, he can not believe that the beast will mercifully let him go.

"It's not impossible for me to release your son, but you need to find someone for me."

Roar!

The green demon moon loving beast, who has sealed the door for five layers of heaven, roars. A humble mole ant of a human race dares to make conditions in front of him.

If his own son had not been in the other party's hands, he would have killed thousands of times.

Ye Chen can't activate the red dust pulse for a long time. He is hurt by the roar of the green demon moon loving beast, and almost makes him spit out a mouthful of blood.

He was pale and had some injuries.

While ye Chen gasps, the moon in the heart of the green demon moon beast suddenly shoots a light!

Just like a rope, the light controlled Ye Chen's hand holding the sword!

"Ding!" With a sound, the beast decayed sword flew out!

In the sand.

"Damn it!"

Ye Chen's face changes slightly, just want to start, the green demon moon beast has already come back!

The huge palm print suddenly falls down!

Endless yellow sand surging!

The huge pit was filled with cold death.

Green demon moon beast showed a smile, ferocious fangs let people palpitation.

"Human mole ants, we green demon moon beast also have a special magic power, surprise, just need to brew."

"Do you really think I have nothing to do with you?"

"Human beings are human beings. Humble wastes can only be the prey of our demon beasts."

"You may not be able to react to the moment you die."

"Dead things."

The green demon moon loving beast released its huge palm and went to the injured child nearby.

However, it has not yet gone a few steps, deep in the yellow sand, a cough suddenly sounded.

"Fortunately, I have the pulse of red dust God Or I will die... "

The body of the green demon moon eater is suddenly stiff!

Its scarlet pupils were filled with horror.

How could it be!

His strength just now was enough to seal the door for five days!

Even the strong will be turned into blood fog on the spot!

But the young man who made the world is still alive!

What kind of evil man is this!

He turned around and saw a young man standing in the middle of the pit.

Although the youth is embarrassed, but the smile on the corner of the mouth is extremely strange.

The key youth still holds a flute in his hand.

Somehow, the flute made him feel something wrong.

Ye Chen patted the sand on his body and said to himself, "devil emperor, are you sure this is really OK?"

"You don't do it?"

"You believe me, this green demon moon beast is also useful to me, and you are the key to my recovery. I will not cheat you.

The jade flute was left for me to keep before the disappearance of the spirit God of the imperial beast. It was a part of his divinity and had the power to control the beast

"With the song he taught you at the beginning, it's enough to make the fiend submit to him!"

"It's a pity that when the song is over, the Jade Flute, which embodies the spirit, will disappear."

Ye Chen nodded, and his eyes suddenly shot at the green demon moon eating beast: "are you sure you don't want to help me find someone, but also kill me?"

The green demon moon Beast instantly became furious: "humble human, what qualification to command me! Although I don't know how you survived, I don't believe that this time, you can still live! "

The momentum of green demon moon loving beast suddenly rises!

The world is changing!

Endless yellow sand is like the angry roar of a giant beast!

"Bang!"

Green demon moon beast suddenly rushed to Ye Chen!

His body is wrapped in flames!

It's amazing!

This power makes the forbidden area shake and the surrounding space seems to be broken!

In the eyes of the green demon moon loving beast, this human is not qualified to live!

And in the moment when the green demon moon beast is about to touch Ye Chen, ye Chen takes the Jade Flute and puts it on the lip.

"Master, I don't know when we will meet, but I will find you."

"Thank you for helping me so many times until it dissipates." "I've never played your song."

"I think I should prove for you that you are still in the world."

"This song, for you."

Words fall, lips move, and a song is born.

Countless ancient Sanskrit words burst out of the jade flute.

More and more Sanskrit, it seems to form some kind of magic! The moon is green!

At the moment, the body of the green demon moon eating beast is suddenly stiff!

It felt as if its body had been sealed!

The invisible pain hits the sea of knowledge!

What kind of music is this!

It's like suppressing it!

The green demon moon beast stopped completely and looked at the young man playing flute not far away.

He feels his legs shaking!

"Plop!"

The green demon moon beast knelt down uncontrollably!

The head seems to be under the pressure of thousands of mountains!

Directly submit to Ye Chen's body.

Zhang tianmeng is not far away.

He swore that he had never seen such a strange thing in his life.

It's a monster against the heaven that has sealed the door It was suppressed by Ye Chen's song.

He rubbed his eyes hard. When he found the picture in front of him was real, he sat down on the ground with a startle.

And then look at Ye Chen's eyes completely changed.

On the contrary, he congratulated his minister on Ye Chen!

The song ends.

Ye Chen opens his eyes, and the jade flute in the palm of his hand becomes scattered.

"It turns out that the master still has such a hand for me."

"It's a pity that I don't have the jade flute of my master. If I had, I might be able to carry forward this imperial animal."

Ye Chen looks at the green demon moon eating beast that submit to the body.

At the moment, the other side has no chance to kill.

Even the atmosphere of sealing the door is converging.

"Now, would you like to find someone for me?" Ye Chen Dao.

"Who is it?"

After a long time, the green demon moon beast spoke directly with a trace of awe!

"Ye Luo Er."

Ye Chen Dao.

The green demon moon loving beast closed his eyes, felt a little bit, opened his eyes and said, "if I didn't guess wrong, this person's identity is not ordinary, I tried to check it, but was blocked by a force."

"This power should come from the dragon family."

Ye Chen brow a frown: "you still have other method?"

Green demon moon beast nodded: "follow me."

"Where I am, there is a seal plate, with which I should be able to find the girl's whereabouts."

With that, the green demon moon eater picked up the wounded one.

Ye Chen nodded slightly and called Zhang Tian to leave by himself.

After Zhang Tian left, ye Chen has been following the green demon moon beast to the array plate it said.

The green demon moon loving beast lies on the array plate.

Close your eyes.

One stay is a day.

Chapter 2113

The time of this day, the outside has already fried pot, the lineage of Shenglong family, are looking for ye Chen.

Live to see people, death to see the body!

When they know ye Sha Shen is Ye Chen, the anger of the Shenglong family is completely burning!

After all, when he besieged wanjiandi palace, ye Chen made their Shenglong family suffer heavy losses.

The most important thing is that ye Chen's strength is too terrible. If he is still alive, it will be a disaster for them.

Although long Qing pleads for ye Chen, her strength is too small compared with other lineages!

Ye Chen is not clear about all this, even if he knows it, he will not put it in his heart.

At the moment, ye Chen nervously looks at the sleeping green demon moon beast.

All of a sudden, the eyes of the green demon moon loving beast opened!

"The woman you are looking for is in the dungeon of the deepest seal of the forbidden area."

Ye Chen heard the green demon moon beast, immediately excited.

The green demon moon loving beast told us about the deepest seal.

In the whole deepest seal, there are prisoners in the endless river, and the lowest is to seal the door.

That's a taboo for the dragon family.

For ye Chen, this is good news. When the time comes, he will release all the prisoners inside to create chaos. He may not have a chance to slip away.

The location of the dungeon, green demon moon beast has told ye Chen, as for how to save ye Luo'er, is his own business.

"I have told you, I hope you will let us go."

"We will not hurt you again."

Ye Chen just wanted to speak, and endless evil Qi rolled.

The shadow of the demon emperor is condensed.

He took a cold look at the green demon moon eating beast: "you started with him before, how can it end like this."

"Hand over the animal's core and spare you from death."

Green demon moon beast eyes flash a trace of panic, looked at their children, or nodded: "good."

The next second, a red flame wrapped things directly spit out.

The devil was in the palm of his hand and disappeared completely.

"Ye Chen, the green demon moon loving beast is the beast in this secret place. Without the core, it will not be a threat to you. And the core is much more useful than his body. "

"You can save that girl now."

"This time, it is destined to be a real war with the dragon family."

Ye Chen's eyes flash a trace of killing.

He directly found Zhang Tian and ordered: "Zhang Tian, let your men, looking for the lineage of the Shenglong family, all of them should be arrested!"

Ye Chen a word of command, let Zhang Tian silly eye, but also dare not violate, directly under all called over.

I'm afraid it's not only his family but also his family.

However, he did not dare to ask more questions and did his own business honestly.

Those who are able to deal with the dragon are not able to deal with them.

"Lol, wait for me, I'll be able to save you in a minute!"

Ye Chen murmured in his mouth, flying for half an hour in the void, and finally found the Dragon brake.

There are two people around longcha, Longqing and Longyu.

The strength of the Dragon Temple is very strong in the lineage of the holy dragon family, but it is not enough for ye Chen now.

Ye Chen is not worried at all, as for long Qing two people, let him automatically ignore.

When he fell from the void, the Dragon brake saw Ye Chen's lineage one by one looking at Ye Chen, trembling all over!

They do not know, what is the fate of the next, unknown things, is the most terrible!

"My Lord, the lineages of the holy dragon family are basically here, but some of them have been captured by other death row prisoners."

Zhang Tian didn't dare to deal with those who were captured by other death row prisoners. They were all sealed doors. He was not an opponent.

Ye Chen slightly nods, the present situation, has already grasped the saint dragon family's lineage, more than 20.

In addition to the Dragon brake, the remaining two people have not been caught.

Ye Chen must catch these two people. Their three talents are the key.

Long Bai and Long Yang are together all the time. Even if they meet the strong man in fengmenjing, they can escape if they are not opponents.

Ye Chen leaves from Zhang Tian's residence. One day later, the lineage of Shenglong family is in complete despair!

Longbai and Longyang were also caught. The strongest three were in Ye Chen's hands.

If you kill them directly, it will be all over. But if you arrest them, you will not start. No one knows what medicine is sold in Ye Chen's gourd.

Chapter 2114

"Ye Chen, if you fight against our holy dragon family, you will never come to a good end!"

A lineage of the holy dragon family spoke directly. He is about to collapse now!

Every day, ye Chen catches them and doesn't kill them, which makes them suffer too much.

"The dragon family? As long as I don't die, sooner or later it will be destroyed! "

The corner of Ye Chen's mouth shows a sneer.

These people are of great use to him!

Ye Chen calls Zhang Tian over and tells him to find a chance to escape in a few days.

If you succeed in escaping, you will find an organization called Sha Zong!

He'll release the prisoners, and the dragon family will know.

It's a secret place.

For ye Chen's words, Zhang Tiangen didn't understand, but he also knew that ye Chen would definitely do a big thing. He could not really have a chance to run out.

The location of the dungeon, ye Chen has been clear, he let Zhang Tian look after the lineage of these holy dragon families.

He came to a place in the desert by himself. These are the quicksand of death, which will make people fall into it.

Even if the door is sealed, it is possible to die. Normally, no one will come here.

This place, however, is the entrance to the dungeon.

Ye Chen stands in quicksand and allows the quicksand to devour his body. In less than half an hour, his whole body is engulfed.

He closed his eyes and held his breath. Depending on his current strength, he could stay underground for half an hour without any problem.

Boom!

A dull sound, as if it was a transmission array, made Ye Chen dizzy. When he opened his eyes, he found that he had come to a strange place.

The surrounding dark environment, and the water is ticking, the surrounding rocks are extremely hard.

Ye Chen estimates that even if he has to bombard for half an hour, he can smash.

In front of him there is a path, step by step, and soon, ye Chen smelled a stink.

It's the body of a dead man.

There are countless skeletons.

The dragon family trapped these strong people and let them die in endless years.

It's more painful than killing directly.

Finally, an hour later, ye Chen sees the cells surrounded by the air of the array. There is only one person in each cell.

At the back of the cell, they are bound by huge chains that enter their bodies and entangle their bones and internal organs.

That is to say, the strength of these people is strong. If they were put on ordinary people, they would have died.

The prisoners of death were thin and dishevelled. Their faces were bloodless. Their mouths were dry. They looked like beggars.

Ye Chen can feel it from their breath, all of them are sealed doors!

Holy dragon family is so big!

If put outside, one by one and the overlord are the same, but all are imprisoned here.

Ye Chen even thinks that these warriors are so imprisoned by the holy dragon family. Are their masters more dangerous?

It's time to go to the gate of Blood Sword.

Now, as long as there is no accident, the Blood Sword gate should be able to solve it easily.

It would be a good thing to rescue Kunlun Xu's great powers first.

When ye Chen appeared, the prisoners had already noticed, but they didn't even have the strength to speak.

A pair of eyes can only see, their eyes are filled with a look of prayer, obviously want to let Ye Chen save them.

"Everyone, I'll look for my friends first. If I can help you then, I'll do whatever I can."

If you can save these strong people out, ye Chen will never give up such a good opportunity.

I am afraid these strong men hate the dragon family more than he does.

It can definitely cause a lot of trouble to the dragon family.

Ye Chen step by step forward, found that the more behind, the prisoners, more and more strong!

Ye Chen, the strong man in the three layers of the sky, has met three, but he has not seen the shadow of Ye Luo'er.

"Little guy, my name is Yuan Wen. The person you are looking for should be in the inside!"

At this time, a strong man said.

He has been imprisoned by the holy dragon family for thousands of years. He has basically nothing to do except that he can't move.

"Thank you very much

Ye Chen went on all the way and saw a secret room. The whole room was sealed and there was no door at all.

If ye's face doesn't show a trace of excitement, Ye's face doesn't show any emotion.

From the reincarnation graveyard, he took out the beast decayed sword, and then the power poured into the sword.

Boom!

With a sword, the walls around the chamber remained motionless.

Obviously, relying on Ye Chen's current strength, we can't break the secret room at all. The intensity of this chamber is incredible!

Ye Chen uses his sword to cut the sky. There is still no sword mark on this gate!

It's so weird!

Ye Chen believes more and more that ye lu'o'er is imprisoned inside, and he comes to Yuan Wen.

"Master, I will rescue you first. I hope you can help me break the secret room."

Yuan Wenyi was stunned and thought for a few seconds and said:

"little brother, if you want to save me, you need to break the iron chain behind me!"

The iron chain behind this, each death prisoner has one, is specially used to imprison their strength.

That's why they can't escape.

Ye Chen nodded slightly, took out the beast decaying sword, and suddenly cut it out. However, the iron chain was still, just a slight shaking.

Bang bang bang!

With a sword waving down, ye Chen's spiritual power is constantly released. However, it only makes a crack in the iron chain.

How could the dragon family have such a thing?

If you want to break the chain completely, I'm afraid Ye Chen needs to stay up for a week to be possible.

In the present situation, where can he wait for a week? In case the strong man of the holy dragon family comes, he will only die.

"Little brother, it's hard to break the sword meaning. I've studied the chain in these endless years, and it seems that I'm afraid of the flame."

"Unfortunately, little brother is not a fire repair."

Yuan Wen has some regrets in his eyes.

Ye Chen thought of what, five fingers a grip, dark flame out, blazing fire, light up the whole dungeon.

The terrible temperature made Yuan Wen's face slightly discolored.

He could see that the flame was extraordinary.

With such prestige now, it is estimated that it will be even more terrible in the future.

If it had been put in the past, he could not have snatched it, but now he has no such mind at all.

Ye Chen let Xuan Yan bombard the iron chain, and as expected saw the iron chain began to break a little bit.

"Little brother, if you can help me out, then my life will be yours."

As soon as Yuan Wen's voice fell, Ye Chen laughed and said nothing.

He could feel that Yuan Wen's cultivation was about six layers of heaven in Fengmen.

He knows very well that he can't control such a strong man at present.

A few minutes later, Yuan Wen's iron chain was completely broken.

"Ha ha ha, I didn't expect to be able to get out of trouble in my lifetime."

Chapter 2115

Yuan Wen laughed two times, standing in the same place, originally thin body and pale cheek, in this moment even began to transform.

A breath of terror, suddenly burst out, let Ye Chen can't help but retreat two steps.

The breath was so strong that it seemed that one finger could crush him.

With the speed visible to the naked eye, Yuan Wen changed from an old man to a middle-aged man with eyebrows and star swords.

"Sorry, little brother. I didn't control it just now."

Yuan Wen smiles. He did not dare to think that he could recover his strength in his lifetime.

He has become desperate since he was captured by the strongmen of the dragon family.

I think I can only die here in my whole life. Who knows I can get out of trouble one day.

You can imagine the excitement in your heart!

For Yuan Wen's mood, ye Chen can also understand, and did not say anything.

"Let's go, I'll save your friends, the holy dragon family. I'll let them pay their blood sooner or later!"

Although Yuan Wen's strength did not recover to its peak, there was no problem in opening the secret room.

When ye Chen and Yuan Wen went to the secret room, a dragon chant came from the holy dragon family.

This represents the crisis of the Shenglong family, and it is extremely serious, and there are strong atmosphere.

Outside the transmission array of the secret place of the prison, there are at least 30 strong men standing, with breath pressing!

Above these strong men stood three old men with white hair.

Breath is the most powerful!

They are elders of the dragon family.

The power is terrible!

Although it is not as good as the supreme elder of the dragon family, but the power of the middle and late sealing is enough to obliterate everything!

They guard the secret place of death row prisoners!

As for the secret place of the prison, they all knew that they were serious and quickly opened the transmission array.

Dungeons have existed for thousands of years without any problems. Who knows that there will be strong people out of trouble.

The secret of the holy dragon family must not be exposed!

Ye Chen doesn't know everything outside.

He's only concerned about breaking this chamber now!

Facing the secret room, Yuan Wen was at a loss at first.

Even if his strength, can not shake!

Ye Chen frowned: "master, you can't break open?"

Yuan Tieqing no longer has a look. I can't be ridiculous

"Blood essence as the guide, the art of heaven and earth, the spirit of gathering, give me break!"

In a flash!

Yuan Wen looks pale! It's obviously forbidden!

But at the same time, the forbidden gate was broken!

"Little brother, you go in. I want to slow down a little bit. It's really strange that there are Tianxuan meteorites in the Shenglong family..."

Ye CHENGONG arched his hand to express his gratitude, no longer hesitated, and rushed in fiercely!

And when he rushed in, his eyes were clear!

The secret room has a unique cave, which is extremely vast!

And in the middle of the vast land, countless chains hang in the air! Dense and dense!

Ancient Rune circulation!

Thunder arc everywhere!

And under these chains is a girl.

The girl's face is pale, the corner of her mouth is overflowing with blood!

The thin body is surrounded by thunder arc!

This girl is no one else, it's Yelo!

Ye Luo'er wants to perfect this formula because he keeps trying the formula of holy dragon transmission!

The price is huge!

Every time you practice, you have to bear endless pain!

"LoI!"

Ye Chen's heart is burning with rage!

He's the only family member of yelol!

He promised Ye Luo Er's master to protect her well!

But I didn't expect that ye luo'er would suffer here!

If it wasn't for looking for herself, how could ye have been like this!

Endless killing intention sweeps through Ye Chen's whole body.

He stopped talking nonsense and walked quickly.

At the moment, ye Luo Er obviously felt something and opened his eyes with difficulty.

The next moment she laughed.

"Brother ye I dream of you again

"Brother ye, luo'er is not a wild species. Luo'er still has relatives..."

"But for luo'er, elder brother Ye is always the most important person for me..."

"Brother ye, do you think you will leave when I wake up?"

"Then I hope this dream will go on forever. I really don't want to wake up. The world outside is so painful that only a dream can have a trace of peace..."

"But I want to complete the cultivation of Shenglong transmission rhyme as soon as possible, but Luo'er is so stupid that he hasn't practiced it honestly before..." Without saying that, Ye Chen fell into a coma.

"Lol, it's not a dream. I'll take you away!"

"Ji Lin is still waiting for you outside!"

"Don't sleep!"

Ye Chen one eye eye eye moist, grasps Ye Luo Er's wrist, inspects the situation.

Boom!

The breath of Ye Chen bursts out crazily. When he looks at it, he finds that Ye Luo'er's body is injured too much.

It's surrounded by lightning.

This thunder arc is extremely special, the general seal boundary does not necessarily bear.

But Ye Luo Er must bear all the time!

Damn it!

Why does the dragon family treat a girl like this!

He is not ye Chen if he does not destroy the holy dragon family or seek justice for ye Luo'er!

Now ye Luo'er's breath, if not, has not died, but also because the blood protects her breath.

"I, ye Chen, swear that I will not destroy the holy dragon family and enter the samsara."

Ye Chen looks up to the sky and roars, and a muffled sound comes from the whole secret place of the prison.

Originally, the sky was clear, but it gradually became dark, and a blood moon was in the sky.

The clouds are thick and the thunder is rolling. It seems that the world is angry.

Looking at ye Luo'er's scars, ye Chen's heart is like a knife, if you knew earlier.

Ye Luo Er is not sure and will not be what he is now.

Ye Chen holds ye Luo'er's body carefully.

He has a pair of gloomy eyes and doesn't speak, but Yuan Wen who just walked in can feel Ye Chen's anger.

"Master, let's go and rescue the strong man from the holy dragon family!"

The dungeon has strong people out of trouble, the holy dragon family has absolutely known, I'm afraid it will not take long, the strong of the holy dragon family will come.

Yuan Wen nodded slightly, and the two men came out to rescue the strong men one by one.

Ye Chen tells them the current things, the strong man of the holy dragon family is afraid to be on the way to come.

"What are you afraid of? The Shenglong family has imprisoned us for thousands of years. If we die, we will not lose a lot if we kill one, and we will earn two!"

These strong men, one by one, would like to kill the dragon family.

The hatred between them and the holy dragon family is endless!

Only killing can solve the problem!

The number of these strong men has reached more than 20. Each of them can be a overlord if they are put outside.

Outside, the whole sky is dark, only one blood moon can be clearly seen.

Rain drops on the ground, the wind howls, like a ghost in the roar.

Dark clouds crush the city, and the city is about to be destroyed!

Chapter 2116

A strong man appears in the air and goes straight to the dungeon transmission array.

When these strong men appeared, ordinary death row prisoners in the secret place of the prison were all in their own territory, afraid to come out.

Anyone can see that something big is going to happen!

Ye Chen and Yuan Wen sent them outside, and the atmosphere around them was extremely depressed.

Instead of moving, they waited quietly!

Now it's no use running away. It's absolutely impossible for the strongmen of the dragon family to let them leave.

Whoosh! Whoosh!

One after another repressed breath, rushed to the face, ye Chen face did not have any fear.

There is only a strong sense of killing!

He and the dragon family will never die!

He still held elor in his arms.

He didn't want yelol to feel cold in her dream. He wanted to give her a little warmth.

"Ye Chen!"

The strong man of the holy dragon family, standing in the void, one of the elders, saw Ye Chen's figure and roared.

Although do not know what happened, but he knows, absolutely and ye Chen can not get rid of the relationship.

Ye Chen raised his head, cold eyes without fear of collision.

"It's a pity that the patriarch of the dragon family didn't come."

"Nobody wants to leave today."

"My way is to kill, so I will take you right today."

Ye Chen stands on the ground, laughs a sound, step out, the whole ground is shaking.

These strong members of the dragon family, everyone can take his life!

But! How dare you!

The idea of killing is overwhelming, and his anger is burning in his heart!

Today, he's going to kill!

Originally he wanted to threaten with the lineage of the holy dragon family. Now ye Chen has no such idea in mind.

Killing one person is a crime, killing ten thousand people is king!

Man, kill! For the people around you!

Ye Chen beast decadent sword is in the hand, the gale blows disorderly his clothes, black hair is flying wantonly.

"Everybody, you help me stop them. I'm going to bring the lineage of the dragon family here!"

Yuan Wen nodded slightly. Although there were not enough people on their side, they delayed for a while and a half, and there was no problem at all.

Ye Chen flies to the void and goes directly to Zhang Tian's territory. The strong men of the Shenglong family want to fight, and let Yuan Wen stop them directly.

The battle broke out in an instant!

Ye Chen leaves quickly and comes to Zhang Tian's territory. Originally, he wanted to say something, but he didn't dare to say more when he saw the appearance of Ye Chen.

The lineage of Shenglong family is taken away by Ye Chen.

"Ye Chen, what are you going to do?"

"Ye Chen, I advise you to stop. The Shenglong family is not something that can be shaken by people in a low martial world like you!"

These lineage body stained with blood, eyes hate Ye Chen.

Wish to eat ye Chen!

They firmly believe that it will not be long before the elders of the dragon family will do it!

Ye Chen will die at that time!

They want to take out Ye Chen's muscles and veins and smash the elixir field!

Torture Ye Chen to death!

They are proud, and ye Chen is just a mole ant in their eyes!

What qualifications do mole ants have to take the initiative!

However, no one in these lineages found the cold in Ye Chen's eyes.

It was a killing he had never had before.

.....

In the battlefield.

The void is broken, and the ground is cracked like an abyss.

"Old dog of Shenglong family, look who this is!"

Ye Chen roared in the distance, the original battle of the people, a moment to stop.

Everyone's eyes, staring at Ye Chen!

Yuan Wen thinks that ye Chen grabs the lineage of the Shenglong family and uses it as a threat. He can't run out at that time.

"Ye Chen, you dare to catch the people of our holy dragon family! I advise you to let it go

On the side of the dragon family, an elder roars.

Ye Chen caught in the hands of the holy dragon family lineage, see many elders, excited to the extreme!

"Elder, help me, I want Ye Chen to die!"

"Ye Chen, I advise you to let us go as soon as possible! Or you don't even have a whole body! "

Ye Chen swept a glance, endless cold.

"The game is just beginning!"

Ye Chen's voice fell, five fingers a grasp, power suddenly burst out!

Surrounded by endless evil Qi!

His eyes reflect the blood moon.

This is a sign of enchantment!

Poop!

The lineage of the Shenglong family was directly pinched by Ye Chen in full view of the public!

What a terrible sight!

"You little bastard! Unexpectedly Dare to kill the people of the dragon family! I will kill youAt the beginning of the seal, one of the strong men suddenly took action, but his son died just now.

When the strong man of the Shenglong family rushed over, ye Chen took out a man and threw it out.

Boom!

The strong one hit down, directly killed a legitimate son!

The blood mist erupts in the void. On the side of the holy dragon family, the elder hands to control the crazy death prisoner in Fengmen.

"Ye Chen, if you catch them, you just want to live. As long as you let go of these lineages, you can spare your life!"

An elder who sealed up the five layers of heaven opened his mouth. He did not know how many people Ye Chen had arrested.

It's just that one of the family members of the holy dragon family dies, which is a loss.

If all the lineages of the Shenglong family are dead, the next generation of strong people will not be able to meet.

It's impossible that the holy dragon family will be destroyed!

Ye Chen didn't speak, but fell on the ground, and the magic moved, and a lineage of the famous dragon family appeared.

They fell to their knees on the ground, panicking one by one.

The elder frowned and saw their figure.

These three people, but the lineage of the Shenglong family, have the opportunity to break through to the Taixu realm step by step. There is no room for any mistakes.

Ye Chen clenched the beast decaying sword and looked at ye luo'er, who was unconscious. He whispered: "luo'er, this is only the first step."

The strongman of the dungeon, seeing ye Chen seize so many lineages, is happy in his heart and can't really leave.

As long as you leave, you will fight against the dragon family.

Who wants to die if you can live!

"Ye Chen, let them go and forgive you!"

The elder's voice fell, but ye Chen sneered.

Click!

The beast decaying sword suddenly cuts out, that arrogant holy dragon family lineage turns into a blood fog directly!

Ye Chen's strength, how they bear it!

Boom! Boom!

Ye Chen rises and falls like an executioner.

Without exception, none of these lineages survived.

Ye Chen's cheek is stained with blood and water, and a trace of warmth.

The whole scene was silent. There was no movement in the Shenglong family. Their faces were very ugly.

At this moment, ye Chen trampled on the dignity of their holy dragon family!

The strong man in the dungeon was also stupid. He thought Ye Chen would threaten him, but he killed them all one by one!

What's going on here!

There is no blackmail, they want to go out, it's hard!

I'm afraid Yuan Wen is the only one who knows why Ye Chen is like this.

"Blood for blood, tooth for tooth!"

Ye Chen's cold mouth, his beast rotten sword burst out evil spirit, originally under the rainy sky, suddenly burst out a terrible thunder.

Tick, tick, tick!

Blood dyed the rain blood red, ye Chen holding the beast decaying sword, flew to the void!

"In my name, to hell!"

Chapter 2117

"In my name, to hell!"

Ye Chen roared, his whole body was full of evil Qi, and the ground continued to crack.

A wisp of evil Qi inside the body is inspired by the dark Qi of the sword.

He is very clear in his heart, depending on the current state, is not the opponent of these people.

Only possessed! Become the devil of hell!

Before ye Chen has been suppressing the demonic nature in the body, now he completely let go, regardless.

If you are completely possessed, you can gain more powerful power!

Ye Chen doesn't know if he can recover his mind, but he can't control so much. He only wants to kill people in his mind!

Kill! Kill! Kill!

"Devil, give me strength today, I will do whatever it takes! I want to be completely possessed

The devil emperor saw Ye Chen's appearance and shook his head helplessly: "Ye Chen, why do you need this?"

"The holy dragon family is not weak in Lingwu land. What you are facing now is the elder in the middle and later period of Fengmen realm. You can't fight against it."

"Even if you're possessed, you'll only get worse."

"Even if you are immortal, you may not be able to bear it."

"Rather than fight, I'll let you go."

"Before that, I condensed my body and spent a lot of strength. I couldn't help you..."

Evil emperor said here, or helplessly shook his head.

At that time, he also faced such a desperate situation.

But did he escape?

No!

Even if he paid the price of his life, he would give an account to the people around him.

He knew Ye Chen couldn't listen.

Even in this war, it may die.

"Devil, I can bear it."

This is Ye Chen's answer.

Finally, the evil emperor sighed: "good."

"I've got a trick that might inspire you to the limit of your obsession."

"It's just that after that, you have to suffer tens of thousands of times."

Endless evil Qi surrounds Ye Chen.

The heaven and earth of the forbidden area is crumbling, and ye Chen's eyebrows are black, leading to Jiuyou.

His eyes, blood red, incomparably cold.

The breath of terror pervaded his body, and ye Chen raised the beast decaying sword in his hand.

All of a sudden, the void broke, and the chaos of the void poured in madly.

"Ten thousand demons worship and worship me as the Lord!"

Boom!

A roar, around Ye Chen, ghosts cry and howl!

Behind him, there were thousands of ghost shadows. The next scene completely shocked everyone.

These demons actually kneel down in front of Ye Chen, kowtow one by one, just like a believer.

Heaven and earth, all demons worship the Lord!

Since ancient times, there are not a few powerful people who are possessed by demons. However, it is the first time in thousands of years that there are abnormal phenomena in heaven and earth!

These demons virtual shadow, one by one into Ye Chen's body.

His breath, crazily climbing, has been promoted to the peak of nature for a short time!

Half step star hole!

The sky is in the sky!

The body is activated, and countless black lines are all over the body.

His breath makes the secret place completely cold.

At the cost of enchantment, he improved his strength for a short time!

For ye Luo'er, Ye Chen is willing to be possessed by the devil and gain powerful power!

Hoo Hoo Hoo Hoo!

As the wind blows, the whole forbidden area is crumbling, and the surrounding space has become unstable.

I'm afraid it won't take long for the whole forbidden area to be broken.

Ye Chen raised his head to the sky and roared, and the sky began to show cracks.

The strong man of Shenglong family's side, his face changed greatly. A roar could shatter the void.

Even if they can't do it.

The evil spirit soars to the sky, and there is a black evil Qi around Ye Chen.

Just now, a black breath rushed into his body and eroded Ye Chen's mind.

Ye Chen's beast decaying sword is aimed at the strong side of the Shenglong family.

In an instant, a strong evil spirit broke out, and the whole figure rushed over.

A sword suddenly cut out!

This sword, immortal sword meaning and endless evil Qi have reached the extreme. The black sword light falls in front of a strong man who has sealed the door in the second layer of heaven.

The strong man was caught off guard and had no time to dodge. A sword fell on his body.

Boom!

With a sword, the man with a strong seal will fly out.

The whole blood turned black.

One sword is seriously injured!

Kill!

Ye Chen madly rushes past, the elder of the holy dragon family frowns and hands directly! This son is too evil after all.

The secret place of death row has never happened for so many years!

As soon as this boy appears, the secret land of the holy dragon family for many years will collapse.

He couldn't even see through Ye Chen.

I'm afraid this son has more secrets than anything else.

I'm afraid there are few people in the history of Lingwu.

What's more, ye Chen is haunted by countless demons. Is he a demon?

Enchanted and forced to enhance strength?

"Little beast, although I don't know what secret you have, you have the right to die when you are in the territory of my holy dragon family today!"

"Holy Dragon Seal heaven palm!"

The elder who sealed up the five layers of heaven, no longer hesitated, burst out with one hand!

Unexpectedly abruptly tore the evil spirit in front of Ye Chen's body!

One black and one gold two forces suddenly collide in the air!

"Bang!"

The air burst!

The elder of the holy dragon family changed a little. He stepped back and stopped suddenly.

The palms trembled slightly.

"The power of tyranny

"Is Ye Chen very strong? Body builder? "

And ye Chen is also uncomfortable, he spits out a mouthful of blood, the figure slightly retreats, but does not feel any pain, directly toward the elder rushed past!

Now he only knows killing!

"It seems that I underestimate you far, ye Chen. The more rebellious you are, the less you can stay!"

The elder here drags Ye Chen, and the strongmen of the dungeon rush to kill them one by one.

Chaos war began, ye Chen sword did not know tired of waving, his body has appeared dense scars.

The gap between him and the strong one is too big, so he can only exchange injury with injury!

Even if ye Chen is willing to be possessed by the devil to gain powerful power, there is still a lot of gap between Ye Chen and the strong in the middle and late period of Fengmen.

Ye Chen raises a sword, which is full of terror.

This sword is the most powerful sword he can use after he is possessed by demons!

"A sword to cut the sky!"

When a sword is waved out, the void around will be broken in an instant. Wherever the sword light goes, it will be destroyed!

The terror of evil Qi, chaos people's mind, the prison of the secret place of the ground crazy broken.

The thunder continued, and the elder's face wrinkled slightly.

The boy in front of me is a madman, a madman!

If it goes on like this, he can't afford his cultivation of five layers of heaven.

He looked at the two elders behind him and said, "what are you still looking at? Let's move together!"

However, they had no intention of doing anything.

They have their hands behind them, eyes dignified, staring at Ye Chen and those threatening death row prisoners.

Chapter 2118

"This boy is a little interesting. If we three fight together, Lingwu mainland is not going to see the joke of our holy dragon family!"

When the elder heard this, he almost spewed out a mouthful of old blood, but he didn't talk nonsense. He went to Ye Chen with all his strength:

"sky shaking seal!"

The breath of the five layers of heaven in fengmenjing broke out completely. His hand kept gently tapping in the air, and a golden mark rose from the sky.

The mark covers the area of ten miles and falls from the top of Ye Chen.

The corner of Ye Chen's mouth shows a sneer.

"I have a sword to open the sky! I have a sword to burn the sky! "

The evil spirit of the beast decaying sword rises to the sky, and the sword meaning permeates the whole forbidden area.

This sword Ye Chen waved to the extreme, and the evil Qi in his body roared up.

The sword light falls crazy! The blood red color of half the sky.

This is the color of blood!

At the moment of contact between the two, the deafening sound made the weak warrior in the forbidden area spit out a mouthful of blood, and the whole person fainted.

The scope of the explosion opened a hole in the void of the whole secret place.

Ye Chen looks ferocious, regardless of the air flow on their own injury, the whole figure suddenly rushed to the elder again.

"Little beast, do you really want to die?"

"You seem to be the same as ye Luo's wild one!"

"Well, I'll help you!"

The elder took out a sharp sword and turned it into a shadow!

Suddenly appeared behind Ye Chen.

And then a sword!

This sword, that elder has absolute confidence!

Even if ye Chen is possessed by the devil, he can't stop it.

However, when the sword touches Ye Chen's body, it suddenly protrudes.

"Ding!"

The sound of gold and iron rings.

He found that his strength and sword could not break Ye Chen's body, just like touching the hard Geng Jin!

"How could it be!"

The elder of the dragon family's eyes widened and filled with disbelief.

Can the body of a warrior be strong enough to resist the force of five layers of heaven? You're kidding!

"You What kind of monster are you

However, at the moment, ye Chen smiles.

The scarlet eyes were full of killing intention, and the cold voice slowly fell down: "red dust God pulse, how could you possibly know that just an elder?"

"Click!"

Ye Chen's five fingers suddenly grasped the sword! Powerful forces burst out!

Step by step, he took the sword and went to the elder of the dragon family!

At a distance of one meter, the other hand fell down with magic spirit!

"Pa!"

A slap fell on the cheek of the elder of the holy dragon family who sealed the door for five layers!

This scene, instantly let the surrounding quiet down.

How can a warrior who creates a chemical realm be able to seal off the top five layers of the gate territory in the battle?

Damn it!

The elder who sealed the door five layers of heaven just wanted to speak, and ye Chen's voice sounded again: "luo'er is not a wild species."

"You are."

This slap did not cause too much substantial damage, but it made the elder who sealed the door five layers of heaven furious.

He is a senior member of the elder group of the holy dragon family. He was slapped by a garbage!

What a shame!

The elder who sealed the door five layers of heaven was spit out by a mouthful of angry blood and nearly passed out!

The elder roared, forcing out a blood essence in the palm, but also toward Ye Chen. The sword in his hand was like a sword flower after another.

Jianhua wantonly opened, the dragon like prestige, rushed to Ye Chen.

Between Ye Chen's waves, the beast decaying sword in his hand soars into the sky, and the whole forbidden area is enveloped with evil Qi.

The sword light is like a dragon crossing the river, and it flies away in an instant.

Stab!

The moment of contact between the two, broke out a terrible muffled sound, thunder like explosion, flashing a terrible light.

Ye Chen's ghost figure suddenly rushes out, a sword light quietly tears Everything.

With a big wave of the elder's hand, the oppressed breath erupted wildly.

A big fingerprint, suddenly fell from the top of Ye Chen.

At the moment of falling, ye Chen cuts out with a sword.

Click!

A sword went down, did not stop the attack of the sky shaking fingerprints, on the contrary, the blood on the clothes became thicker.

It's shocking.

"Poof!"

Ye Chen spits out blood and water, the whole person appears extremely embarrassed.

The strength of five layers of heaven is really worthy of its reputation. At present, his own state is not his opponent at all.

But no matter what, he has to hold on!

Ye Chen a pair of killing eyes, endure the pain of the injury, between the twinkling of an eye and the sky. In the moment when he flew to the void, he did not attack the elder. Instead, he came to the strong men in the early days of the holy dragon family.

Cut the sky!

The sword idea erupts, ye Chen clenches the beast decaying sword in the hand, raises the arm, a sword instantly cuts out.

The sword Qi urges to the extreme and rushes in an instant.

The strong man at the beginning of the seal up changed his face.

He found that his actions had become slow. He wanted to escape, but he found that he was imprisoned by the invisible evil Qi.

The sword light in his eyes instantly magnified, like a terrible air wave.

He wanted to raise his sword to avoid it, but it was too late.

Boom!

A sword down, boundless blood gushed in the void.

Fortunately, he dodged slightly, otherwise his body would be cut in half by a sword.

He is just about to bear the pain to leave, but ye Chen's figure has rushed over.

The beast decaying sword in his hand is full of evil Qi, which spreads out with each step.

The man had been seriously injured, but ye Chen's speed was too fast.

He can't react at all!

A white light flashed by, and the beast's sword penetrated from his neck to the back.

The blood splashes to Ye Chen's cheek, and suddenly comes a terrible killing idea behind him.

The elder rushed to kill him, and his face was full of anger. The strong man of the holy dragon family was his younger brother, who died in front of him like this!

It's also a huge loss for their dragon family.

At present, only three elders can suppress Ye Chen.

You can imagine the anger in the elder's heart. As soon as he made a move, the breath between heaven and earth rushed into Ye Chen's side, making him unable to move!

When ye Chen can't move, he holds a sharp sword and falls from the top of Ye Chen's head.

The sharp breath of the sword cuts Ye Chen's body.

In this moment, the sword fell in an instant.

When falling, ye Chen roars, his left hand breaks through the confinement and grabs the elder's sword.

Tick, tick, tick!

The sword pierces Ye Chen's flesh and blood. The blood drops down from above. There is a trace of magic in the blood.

The pain of the body did not bring any pain to Ye Chen, but a strange radiance rose from the corner of his mouth.

The devil comes from the heart!

Ye Chen's body black magic Qi, flying in the air, turned into a black dragon, soared to the sky.

The black dragon roared at the elder, and the whole body suddenly rushed to him.

Chapter 2119

In the rush, he opened his mouth and wanted to tear the elder.

At this time, the elder didn't care too much, and his body was covered with bright dragon scales.

Facing the enchanted Ye Chen, he has to use his blood force!

The breath of the elder's whole body suddenly soared twenty times.

Breath diffusion, let Ye Chen whole person a mouthful of blood water spurt out.

Even so, ye Chen did not have any change, but rushed to the elder.

The enchanted Ye Chen doesn't know the pain and fatigue at all, which is the most headache for the elder.

Ye Chen this kind of does not want to die's method, lets him tie his hands and feet.

In the distance of only 10 meters from the elder, ye Chen raised the beast decaying sword in his hand.

A sword is waved out. At the moment of waving, the evil spirit diffuses. In the elder's ear, there are fierce ghosts roaring.

Ghosts cry and wolf howl, as if the whole world is full of corpses.

The breath of terror in the elder's hands broke out, and a golden dragon's shadow was fighting away.

The sword light cuts on the body of the Golden Dragon shadow and penetrates the body quickly from his head.

The elder frowns tightly, then his whole person's breath disappears, suddenly comes to Ye Chen's back.

Boom!

A slap on Ye Chen's back makes his Qi and blood surge.

Blood spurts out of the mouth.

Ye Chen's whole face is pale. If he goes on like this, he won't last long.

Although he was possessed by the devil and improved his strength in a short time, was it so easy to kill the elders of the holy dragon family?

The battle on the scene has reached a white hot state, and the strong man in the dungeon has certain injuries.

None of them were in their heyday, but the strongmen of the dragon family were different.

Every one of them is full of life and vitality! The other two stronger elders will be in the crucial moment!

Fortunately, the strongmen here in the dungeon have a great resentment against the people of the holy dragon family, and they fight each other in a desperate way.

This makes the two sides in a state of anxiety.

But according to the present situation, it is only a matter of time before we lose.

"Ha ha, I've been tortured by the holy dragon family for thousands of years. I've made a profit if I can kill two of them!"

A strong man who sealed the five layers of heaven roared, and then the whole person directly chose to explode.

Now he has no ability to continue fighting, it is better to use his last body to burst out the most gorgeous light.

Death must be vigorous!

There are not a few people who do such things. They all have deep hatred with the holy dragon family!

A famous strong man fell, the explosion power, let the holy dragon family side of heavy losses.

The elder's heart is dripping blood, but there is no way.

The reason for all this is Ye Chen, otherwise the Shenglong family would not have suffered so much.

elder man as like as two peas, and his fingers pinched, he appeared ten identical in his place.

This is not an illusion, but the unique skill of the dragon family! Everyone's breath is extremely terrible.

It's just a huge price! After display, the realm will fall!

"Ye Chen, you little scumbag, I don't hesitate to damage my accomplishments. Today I want to blade you!"

's eyes are as like as two peas. He is ten alike.

The deafening sound makes Ye Chen's whole body tottering and falling at any time.

Just now activate the red dust pulse, the loss of magic Qi and spiritual power is too large!

He's overdrawn!

Ten figures mingled with the breath of terror, like an ancient giant awakened.

And above the sky, the two stronger elders of the holy dragon family have some dignified brows.

"This boy is a little strange. Let's solve it quickly."

One of them pointed out! Endless pressure!

The ten figures have been strengthened!

The resultant force is far beyond the five layers of fengmenjing!

Now ye Chen is not qualified to fight!

The breath of terror, let Ye Chen can not move, a fatal sense of crisis, roaring.

Ye Chen took a look at ye Luo'er and closed his eyes: "demon emperor, I can still bear it. I don't need to keep it."

The evil emperor in the center of his eyebrows sighs and holds it with five fingers. The black crystal sarcophagus in the reincarnation cemetery, a black light is shining into Ye Chen's body.

"That mysterious demon is also a great demon in ancient times, but his power, can you really bear it?"

"I'm afraid you'll regret it after the war!"

However, ye Chen's eyebrow heart suddenly erupts the bright light, the terror suppresses the evil gas, like the volcano eruption.

The evil Qi condenses around Ye Chen into a demon lord's virtual shadow.

The demon lord's virtual shadow is a hundred Zhang tall, and the devil's spirit is shrouded, so that people can't see the figure clearly. However, he has a pair of bloody arms and a chain around his body. The shadow cage of the demon lord covers Ye Chen's body.

The whole face of the elder who started to work on Ye Chen changed greatly. This is the demon lord's protection!

If ye Chen practices magic, I'm afraid no one in this world can suppress him.

After the ten virtual shadows rushed past, they contacted the evil Lord's shadow.

At the moment when the two collided, the breath of terror made the people who had fought could not help retreating.

The aftershock of the explosion was so terrible that the ground of the whole forbidden area exploded.

The underground lava erupted and rose into the sky. The whole dark secret place of prison was illuminated by the hot magma, and the light was red.

The whole forbidden area has begun to collapse, and the real end of the world is coming.

In this case, let all the strong people present change their faces.

The ground of the forbidden area and the secret place began to flow out of emptiness.

If you are involved in turbulence, there is basically no chance to survive. There is a darkness in the void turbulence.

Can not see any light, if lucky, can get out of trouble, bad words, a lifetime can only be in the void turbulence, completely trapped to death.

When the secret place of the prison was completely broken, they would not even have the chance to escape.

Ye Chen lies on the ground, his bloody body, and stands up step by step!

The elder was no better. He used the secret arts and had not killed Ye Chen.

Let his face be shameless!

"Mr. Xiao, we must leave quickly!"

Another elder of the holy dragon family comes to the elder Xiao who is fighting against Ye Chen.

The secret place of the prison has not lasted long. Even as the strong man in the later period of the sealing door state, he dare not enter the void turbulence.

Old Xiao frowned. Now is definitely the best chance to kill Ye Chen. If you give up The consequences are unimaginable!

"We can still hold on for half an hour. We'll kill him together! As for he Lao, the strongest among us, he will take ye lu'o'er away. After all, ye lu'o'er is of great use to the patriarch! "

Two strong blockers can definitely kill Ye Chen in half an hour.

"Good!"

The elder nodded slightly.

Now ye Chen has been seriously injured, they two people together, absolutely can let Ye Chen have no return!

Chapter 2120

A strong man who sealed the door five layers of heaven has made Ye Chen extremely difficult. If you add a strong person who has sealed the door for seven layers of days!

Even if ye Chen goes against the sky again, it is useless!

Two elders of the holy dragon family sneer at each other and rush to Ye Chen crazily.

Ye Chen stands up with difficulty.

He's almost to the limit.

The spirit is also damaged. At this time, it is impossible to explode a thousand soldiers!

After sealing the door, the gap between a small realm is so big.

Even if he is possessed now, it seems that he can not make up for the gap.

If the heyday, ye Chen can still break free, but now he is not in good condition.

All over the body are wounds of different sizes, and there is a trace of blood overflowing, the whole person looks like climbing out of the blood pool, which is shocking.

Ye Chen clenched his teeth, holding the hand of the beast decaying sword unconsciously, and the blood of his body flowed along his body on his arm.

In this state, ye Chen has no way to resist!

An elder of the holy dragon family, holding a sword, fell down, and old Xiao clapped it out.

Ye Chen is surrounded by endless killing intention. Ye Chen has no way to go back!

Their faces are ferocious, enjoying the slaughter!

These two strong people, all the energy in the body, all burst out.

They vowed to let Ye Chen die without a corpse.

Boom! Boom!

The explosive force of terror is filled with sand, and no one knows Ye Chen's life and death.

His body has long been covered by sand and soil. Two elders took a look and decided to leave first.

Now they have no time to check Ye Chen's life and death, but they are sure that ye Chen has no hope of living at all.

They two people hand in hand, even if the strong in the middle of the seal state, can't live, let alone a Ye Chen? The kid who created the world!

I'm afraid there is only a pile of ash left now!

As soon as the two elders turned to leave, a lazy voice suddenly rang out:

"Hey, you two old guys are so shameless, are you two old fellows? They even jointly deal with a boy by sealing up the five and seven layers of the gate territory?"

"It's a pity that the cultivation time of this boy is too short, otherwise, you will die."

The two elders suddenly became stiff.

Why is there a voice behind you?

The kid's not dead?

They turned around in disbelief and suddenly found a figure in the endless yellow sand.

The figure is not ye Chen, but a strange young man with a sword box on his back!

The key point is that they can't see through the cultivation of youth!

"Who are you?"

Old Xiao suddenly said, his heart suddenly some flustered.

The young swordsman stretched out his waist and walked towards Ye Chen, murmuring: "who do you ask me?"

"That's a good question."

Speaking of this, fengqingyang comes to Ye Chen and reaches out his hand to pull Ye Chen up.

His mouth outlined a smile: "boy, you today's thing is very to my appetite, later don't call me wind elder."

"Call me master."

"Originally, I wanted to teach you the third sword later, because only when you step into the star hole can you barely be qualified to use the third sword."

"Now think about it, you are possessed of the state, reluctantly can display, or the master will teach you in advance."

"Your body is scarred, I'll take three seconds."

"Can you bear it?"

Ye Chen looked at the breeze, reluctantly showed a smile: "master, can."

"Good."

In a flash, the empty shadow of the breeze and ye Chen coincide in an instant.

Ye Chen closed his eyes.

Around the yellow sand suddenly hovered, a sense of desolation swept thousands of miles.

Between heaven and earth, it seems that only Ye Chen is left.

The two elders of the dragon family were confused.

"Was that a divine thought? Take the house

"I don't know, but I feel something wrong with the smell."

"Come on, that boy must die!"

Two people no longer hesitate, quickly toward Ye Chen and go!

In the middle of the sky is a drop of blood essence, blood covered the whole body! The Dragon sings to the sky!

All of a sudden, these two forces can be broken into one!

At that moment, the power of eyes will open.

The hand of the beast rotten sword raised slightly.

"This sword is called" eternal thunder sword! "

The words fall, the sky above the clouds all over!

Endless thunder!

Rolling sky thunder hundreds of thousands of coming!

Gather on the beast decaying sword!

Ye Chen at this moment is the real Lei Dao Zhen Jun, control God thunder!The sky and the earth are covered by thunder, dazzling to the extreme.

Those who are still fighting stop.

Look at the rest of the eyes!

Who could have thought that this sword was cast by a boy who created a world!

This power is the ultimate seal!

And it's not the early days of the sealing door, and its prestige is not weaker than that of the eight layers of the gate!

"Ye Chen, remember that the ancient thunder sword does not trigger the sky thunder, but the thunder that startles the sky! That's one of the strongest elements in the road of martial arts. "

"It's a pity that you can't do it before you step into the star's body, and only today's opportunity can barely do it."

"With this sword, I will cut off all the enemies in the world for you, and I will give you a worship gift from my teacher!"

Words fall!

The sky of the secret place is suddenly divided into two parts by thunder!

That sword idea merges with thunder and breaks the secret place!

What a horror!

It's not over yet!

The fury of the power severely hit on the two elders of the dragon family!

They thought they could kill Ye Chen's blow suddenly dissipated!

Their pupils reflect fear.

From Lei Yi breaking the sky, they knew that there was no way to stop it!

It's not a level power at all!

Between life and death, old Xiao said in horror: "that's not ye Chen's power! It is... "

The words have not finished, the meaning of thunder is like a wild beast devouring two people.

Not even blood mist.

Just disappear.

The two elders of Shenglong family who sealed the five and seven layers of heaven fell down on the spot!

So terrible!

Everyone was stunned.

"Apprentice, it costs a lot to be a teacher. You have to rest for a while. Can you wake up next?"

After leaving this sentence, he returned to the tomb of samsara.

But ye Chen lost control, his body was tottering, and finally sat beside ye Luo'er, heavily panting for breath.

The secret place began to crack.

The turbulence is surging.

The strongmen of the dungeon saw this scene, but they didn't care to kill the strongmen of the holy dragon family. They left one by one madly.

The secret place of forbidden area has been destroyed for a long time, and countless strong men have begun to escape!

The strong one on the side of the dragon family left the teleportation array, followed by the people in the dungeon.

The whole prison area is controlled by the holy dragon family, and the only exit is the teleportation array.

This is their only chance!

However, there is still one person left.

That's the strongest person in the dragon family.

The elder who sealed up the eight layers of heaven, he Lao!
