

Physician 2121

Chapter 2121

He Lao stood not far from ye Chen and ye Luo'er.

Deep eyes.

All of a sudden, "Pa Pa Pa Pa!" Applause.

"Ye Chen, I admit I underestimated you."

"You have too many secrets."

"I'm so curious about you."

"It's a pity that you don't have the strength to use it any more now. I can feel that this is your limit."

"To tell you the truth, this limit is really amazing to me."

"If I give you another ten years, oh no, I won't necessarily be your opponent Your growth is really frightening. "

"But no matter how terrible you are, you can't change the ending."

"That's it."

"What's the end?"

"In the end, I want to take Longluo'er away. You can't save her."

"And you're going to die, too."

Language down, he old step by step toward Ye Chen.

Every step.

The collapse of the secret place is a little more serious.

Ye Chen looks at he Lao who is close by, wants to stand up, but discovers that he does not have a trace of strength now.

This is the limit of the body.

"I'm not going to let you take yelol."

He old smile: "do you think you still have the qualification to discuss conditions with me now?"

"Do you think you are seriously injured and can shake up the strong man in the eight layer heaven of fengmenjing? Ridiculous

With that, a bright light broke out in the palm of old he's hand, and a sword shadow instantly devoured Ye Chen!

Ye Chen looks at the sword meaning getting closer and closer!

His eyes were dim.

Is he really dying?

In the end, ye Luo Er also did not rescue?

Seeing that the irresistible sword shadow is about to touch Ye Chen!

All of a sudden, a sudden change!

Between heaven and earth, red and blue light cover, one is divided into two.

And ye Chen's body suddenly empty tear! The torn space burst out of a huge red and blue light ball!

There is a roar of ancient fierce beast in the light ball!

The roar made people feel palpitating!

Old he's face changed slightly: "this is an ancient fierce beast No, the voice of the ancient fierce beast can't break my mind a little... "

"What the hell is this..."

And at the moment Ye Chen, eyes excited to the extreme!

This red and blue light ball is not someone else, but Xiao Huang!

Xiao Huang even rushed out of the reincarnation cemetery!

The key now Xiaohuang obviously has not broken the light ball completely, what does it want to do!

"Xiao Huang..."

Ye Chen's voice just fell, that red and blue light ball unexpectedly mixed with the roar of the fierce beast towards he Lao mercilessly!

Old he did not dare to take it lightly and said angrily, "whatever you are, stop me. I want you to die!"

One punch! The power of eight layers of heaven is open!

The red and blue light ball suddenly sunken a few minutes!

However, the power in the sphere of light is far beyond he Lao's imagination!

Under the stalemate, he Lao's feet actually fell into the ground a few minutes!

"Poof!"

A mouthful of blood!

"This What the hell is this

The red and blue light ball suddenly broke away from he Lao's attack and rose from the sky without waiting for him to slow down!

It's gone completely!

He took a heavy breath. Is this the end?

At this time, a huge red and blue flame wrapped hot energy ball suddenly fell from the sky!

This breath is far beyond his cultivation!

"Lord, help me!"

When Zhang Tian saw Ye Chen, he couldn't help but shed tears. It's the way of heaven.

Ye Chen took a look and saved Zhang Tian.

Anyway, Zhang Tian did his best.

Volcanic eruption and lava from the underground can be seen everywhere.

Ye Chen and others come to the exit of the transmission array and enter quickly.

In this moment, the door just closed!

The secret place completely collapsed!

In the palace of the holy dragon family which leads to the secret place, it has already been in chaos.

The strongmen of the Shenglong family appeared one by one, and the warriors who suppressed the dungeon broke out completely.

Some weak warriors of the Shenglong family dare not approach at all.

If you want to take part in the war, you have to close the door half a step at least.

For them, it is a disaster for them to let the palaces collapse.

The elders of the dragon family are dripping blood.

It was the first time that the family of Shenglong was invaded by others.

What's more, they don't want to talk about it! Hum!

At this moment, the transmission array burst out a burst of sound, when ye Chen and ye Luo'er's figure appeared that moment.

Other elders of Shenglong family almost spit out a mouthful of old blood!

Ye Chen is still alive now, and with long Luo'er, how can this be possible?

However, they got the news that the three elders in the middle and later period of sealing the door were dealing with Ye Chen, and two of them died!

A broken arm, seriously injured!

Chapter 2122

Lingwu land, the deepest part of Shenglong city.

An isolated temple.

This is the real foundation of the dragon family.

It is also the real main hall of the holy dragon family.

Only the supreme elder, the core elder, the head of the family, long Hongtian, and important people can enter this temple.

Even the main vein and lineage of the holy dragon family are not eligible to enter.

Under the main hall, there is also a spiritual pulse, which is extremely rich in spirit.

Unfortunately, this temple is isolated from the outside world, and even the lineage of Shenglong family is not qualified to practice nearby.

And now, in the palace, the atmosphere is dignified.

Long Hongtian sits on the top, and several important elders sit on the right.

But their faces do not have any prestige, just because, today, the holy dragon family comes unexpectedly!

It's still from the kingdom of God!

God's shepherd.

Because Muye had an accident in Lingwu, the herdsmen sent Mu Tian Sheng and Mu Feng and his son to investigate and visit every top power.

At all costs to find out the cause of Muye's death!

Today, they just came to the city of Saint dragon!

Mu Tian Sheng took a sip of tea and looked at long Hong Tian with a slight squint in his eyes. He said, "the herdsmen of our kingdom of God are not here for anything else. I just want to know. Some time ago, did the strong man in the middle and late period of the holy Dragon family ever attack a young man?"

"He is our herdsman's family. It's a pity that he fell on the land of Lingwu forever."

When long Hongtian heard this, his face turned pale. Of course, the holy dragon family belonged to the top power category in Lingwu land, but he did not dare to attack the people of the kingdom of God!

He stood up and said with a smile, "Mr. Mu is joking. My holy dragon family has always had a good relationship with the kingdom of God. How dare you kill people in the kingdom of God?"

"Moreover, during this period of time, in the middle and late period of the holy dragon family, even the more powerful Taishang elder, had never killed a young Shenguo in Shenglong city and the devil kingdom."

"However, since this event happened in Lingwu land, even if our Shenglong family dug three feet, we would find out the existence of disrespect to the kingdom of God!"

Mu Tian Sheng's eyes twinkled with light. For a long time, a hearty voice rang out: "I naturally believe in the master of Shenglong family. However, there are some things that we should see before."

"Our herdsmen have a skill. Once we fight with our herdsmen, we can leave a part of our breath on our opponents, which can't be eliminated.

It's just that the technique can only be felt 100 meters away.

So, I'd like to trouble the Shenglong family to show me the strong ones in the middle and late period of your seal up and the supreme emperor, or I will go there in person, even if it's close to me. "

Long Hongtian was a little angry. His holy dragon family was also a branch of the nine heaven god dragon hall. The God country shepherd's attitude was so disrespectful to his holy dragon family.

However, he could only swallow his anger into his stomach!

Who let the other party come from the kingdom of God!

"Mr. mu, since you need it, we will try our best to help you."

"I will bring them here. However, some of the supreme elders have been closed, so I have to ask Mr. Mu to move on..."

Mu Tian Sheng touched his beard and said with a smile, "it's good to say."

However, at this time, an elder of the holy dragon family came in a hurry, took a look at the people, bowed over to the ear of long Hongtian and said a few words.

In an instant, long Hongtian's face changed greatly!

There's something wrong with that sealed secret place!

Death row escape!

Two gatekeepers fall down! One even broke his arms!

Damn it!

These are all important elders of the holy dragon family!

Inherit the existence of thousands of years!

If one falls, there will be one less!

If all this just shocked long Hongtian, what really made him angry was that he was a boy who created the world!

Ye Chen!

The key is that the boy saved the Dragon Luo'er who was sealed in the secret place forever by the holy dragon family!

Long Luo'er's blood is too strong, especially her identity has a great threat to his current status!

Some elders and supreme elders of the holy dragon family supported him, but some believed that Long Luo'er's father was still alive!

If they know that Ye Luo Er exists, the consequence is unimaginable!

Mu Tiansheng seemed to see something and tried to say, "master of the dragon family, you don't look very good, but what happened to the family? Can I help you? "

Long Hong's heart sank in the sky. The kingdom of God can't know about it! Let's not let outsiders interfere! Otherwise, his holy dragon family is too big a joke!

On the surface, he said softly to the elder: "there should be several Fengmen elders outside the transmission array, so that they can kill without mercy and can't leave any alive."

"But..." What else did the elder want to say? There were some cracks at his feet. Seal secret land is broken, the foundation of the holy dragon family is also affected!

"Go! If necessary, you can use the blood color lock dragon array! " Long Hong heaven.

After a long time, Mr. Mu said to the elder, "take a look at the foundation of the emperor."

Mu Tian Sheng's eyes narrowed slightly and said softly to his son Mu Feng beside him: "you can find an excuse to leave, and then follow up and have a look. Don't be found..."

"Yes, father."

.....

At the same time, a side hall of the holy dragon family.

War is imminent.

Ye Chen holds ye luo'er and finds that the surroundings are in a mess.

Blood was everywhere, and the whole house was full of killing intention.

In front of him stood five elders of the dragon family.

It's all in the four levels of fengmenjing! There are even five more days.

Because of the sudden arrival of the shepherd of the kingdom of God, long Hongtian does not intend to send more people to fight.

However, ye Chen is seriously injured, and one of them can erase Ye Chen.

Ye Chen's body is shaky, but ye luo'er in the hand is holding steadily.

He could feel the power of the regurgitation increasing.

He's putting up with it!

He doesn't want to fall!

The suppressive effect of those pills is far from enough!

The evil emperor in the middle of his eyebrows looked at this scene and shook his head: "boy, why do you have to do this? I can send you away with the devil Qi as the guide."

"Now, fengqingyang and I can't control your body, and as time goes on, your physical pain will be deeper..."

Ye Chen laughed and took a look at ye luo'er in his arms: "it's all worth it."

The evil emperor shook his head: "unfortunately, it takes time for me to reunite. If I recover, I'm afraid I can give you a look to solve the holy dragon family."

"At the moment, I can't provide evil Qi. This is your life and death crisis."

"I hope it will turn around."

The evil Emperor didn't want to help Ye Chen, but he didn't want to reunite and destroy his body.

However, if ye Chen is really in mortal danger, he is willing to do it!

Chapter 2123

The evil emperor is stunned. There is no more evil Qi in Ye Chen's body. How can the Shura guide magic formula start?

However, the devil emperor still replied: "indeed, if you are in the devil kingdom or the sea of demons, there may be some possibilities to use the Sora guiding magic formula. But there is no connection between the dragon family and the demon clan, and there is no magic Qi around you that can be used by you. You can't use the magic formula of Shura in your current injury... "

Ye Chen ignored, holding ye lu'er step by step.

His eyes are full of killing intention, one step on the ground, there is a black lotus.

Lotus growing step by step!

In the past, even if he was willing to be possessed, he was just a machine without feelings.

Now he is like a crazy devil.

The killing has begun. How can it end like this.

Ye Chen's blood and water are filled with black magic gas.

Every step makes people's hearts tremble!

Zhang Tian at the side of Ye Chen, see some silly eyes, stealthily touch a person hiding in one side.

Several elders of the holy dragon family were stronger than his breath, and they could kill him with one move.

If it wasn't for ye Chen, he would have run away.

It's not easy to come out. How could it fall into the hands of the dragon family again.

He didn't think much about revenge for the dragon family. He didn't even know how to die when he was against such a huge thing.

Ye Chen appeared that moment, let the injured Yuan Wen have some surprise, a lunge came to him.

"Master yuan!"

Ye Chen gave a slight cry. Now Yuan Wen's condition is not good. There is a sword mark on his chest. He braves blood wantonly, and his strength has dropped a lot.

"I thought you were dead!"

Yuan Wen said with a smile.

Ye Chen had a life-saving grace to him, and at that time, he was in the secret place of the prison, which shocked him so much.

"How can I die easily if the dragon family is not destroyed?"

Ye Chen said in a deep voice, then took out the beast decaying sword, and his fingers were shaking.

But in the face of the people of the dragon family, he only has a strong intention to kill.

Seeing this scene, Yuan Wen still reminded him: "Ye Chen You can't fight at all in your present state. Don't talk about the strong men who have sealed the door Even if you are a strong star, you can be killed... "

"Or I'll blow myself up and buy you some time?"

Yuan Wen's life is saved by Ye Chen. He can be bloody once, but it's not a vain trip to the world.

At this time, the elders of the holy dragon family who were waiting outside said, "you little beast, you have hurt the foundation of my holy dragon family, but also destroyed the secret place. You can't afford to release the death row prisoner!"

"I see that you walk unsteadily. I'm afraid your body has been seriously injured. Are you sure you still have the qualification for World War I?"

"It's ridiculous!"

"Now, the master of the house has orders to kill! Do it

The five sealing elders suddenly release their momentum, and their strong intention to kill them rises to the sky!

And at this moment, the corner of the mouth of Ye Chen rises slightly, appear a arc of sarcasm.

The next second, he will directly take out the blood magic sword!

The blood magic sword is suspended on Ye Chen's head! Endless evil Qi surging!

The devil emperor naturally noticed this scene, and his face changed slightly. He was surprised and said, "this boy wants to release the evil spirit in the blood magic sword? Is he crazy? However, this seems to be the only chance. This son is born for the sake of war. If he doesn't fall, I'm afraid his achievements will be far beyond me... "

The seal of blood magic sword seems to be opened by force!

The whole room is full of evil spirit!

Holding ye Luo'er in his arms, Ye Chen's eyes flashed a trace of determination. He gently placed ye Luo'er in a safe place behind him, and then he pinched a Jue with his fingers: "Jiuyou Shura, come out to me!"

"This time, gather me! Today, I am the Shura, I want to blood the holy dragon! "

Roar!

At this moment, Ye Chen suddenly roars, his body has undergone earth shaking changes.

Behind him appeared the shadow of evil Qi deficiency, which was the virtual shadow of Jiuyou Shura!

Six painted black arms, black on three sides, spit fire in the mouth, angry God ghost appearance!

Virtual shadow seems to merge with Ye Chen!

Xu Ying's body gradually became huge. He was thousands of feet tall. Behind his back, he had six thick arms, which were flexible.

Because the evil spirit of the blood demon sword is extremely strong, this time summoning the nine you Shura is far more than that of heaven and earth!

The strong men of the Shenglong family, their faces have changed!

Jiuyou Shura!

It is said that Jiuyou Shura has three heads and six arms, and has a violent nature.

It's not like God!

Like a devil but not a devil!

It's like a human being!

Jiuyou Shura is the master of Slava. Everything in his hands is destruction.

"This This is Jiuyou Shura! "The elders on this side of the holy dragon family are thrilled to the extreme.

It is said that there is a powerful species in hell, namely Shura, which is not human, non God and non ghost!

The nature of Shura is brutal and extremely belligerent. His strength can reach the sky. His hands hold the sun and the moon. His feet stand on the sea. His body is more Xumishan.

What a terrible word you can imagine!

At this moment, all the strong men noticed Ye Chen's body.

It is said that the Shura in the world really exists!

Ye Chen controls Jiuyou Shura and looks down at the crowd. Then, from the mouth of one of the Shura's heads, a blazing flame spurts out and rushes towards the holy dragon family.

Boom!

The fire is endless, and there is no way to extinguish it. It burns on the body of the warrior, and there is a terrible scream.

The screams made people wake up from the shock!

"Let's get rid of Ye Chen first."

An elder of the holy dragon family said directly!

At present, ye Chen is the biggest threat to the people present. As for Yuan Wen, they are not worth mentioning.

As long as ye Chen dies, other people are not afraid!

One by one, the strongmen of the dragon family, fly away and rush to Ye Chen!

The smell of terror pervaded the residence of the holy dragon family, which made everyone gasp.

Ye Chen's one eye eye eye does not have any change, the cold eye does not seem to put the world in the eye.

When these strong men rushed over, the six arms behind Ye Chen were shot down in an instant.

In the six eyes of Shura, there was a terrible evil spirit, which formed a huge light column and flew away.

In a flash, the palace collapsed and the whole ground began to crack.

The evil spirit was flying in the air, and some of the children of the holy dragon family could not prevent the evil spirit from entering the body and screamed.

"No! All the children of the family, evacuate quickly

"Go and tell the patriarch! The devil has climbed out of the nine hell

An elder roared. If it goes on like this, all the people of the holy dragon family in the side hall will not survive.

They're the only ones left. What's the point?

Ye Chen controls the strongest Shura, one man alone fights against the heroes, with the six arms behind him, with the power of terror.

Chapter 2124

Every slap was mixed with a terrible evil spirit. His left hand grasped the beast decaying sword.

At this moment, a sword suddenly cuts out, and the sword light is entangled with evil Qi.

One sword cuts nine you!

Where the sword light goes, everything nearby turns into powder, and the earth shakes.

The elder is spitting blood in his heart. He would like to kill Ye Chen.

But now ye Chen is no longer what it used to be. Even those who are strong in sealing doors dare not say that they can kill Ye Chen who controls Shura in seconds.

The side hall of the whole Shenglong family has become a ruin. I don't know how many warriors of the family have died.

Although Ye Chen called Jiuyou Shura, his consciousness still exists.

Although Jiuyou Shura is tough, it doesn't last long. The evil Qi of the blood demon sword dissipates, and it's over.

Moreover, the powerful blood magic sword will lose its spirit!

But ye Chen has no choice!

The patriarch and the elder of the holy dragon family, even the stronger ones, have not yet appeared. He can not stay here for a long time.

Ye Chen decides to rush out and make up his mind to let Shura kill a strong man with a sword. Then he grabs a man's neck with his back arm.

Click!

A crisp sound, directly crushed his neck!

On the ground, there are many strong people's blood, and the air of the whole holy dragon family is covered by the smell of blood.

The strong men of the Shenglong family are angry one by one, and they are full of terror. They hit Ye Chen's body.

His body is injured and bleeding, but ye Chen's black evil Qi is twining all over his body, quickly treating his body's injury.

In this case, the elder of the holy dragon family has a headache.

Ye Chen killed a man step by step, unstoppable, and walked towards the outside of the Shenglong family step by step.

"No, he wants to escape! Get together

One of the elders opened his mouth and said, in an instant, the other three fengmenjing elders came to him and looked at each other.

They came to Ye Chen's side, a drop of blood essence squeezed out, the hand made a strange mark.

Four marks, into the void, by their blood essence traction, forming a blood color barrier.

"Red lock dragon array!"

Four elders of the holy dragon family roared, and blood dragons rose from the sky beside Ye Chen, twining at the top.

Ye Chen controls the Shura fist to kill the big array, but does not move.

"Ha ha ha, ye Chen, see how you little bastard escape!"

An elder sees Ye Chen is trapped, the whole person feels comfortable all over.

They believe that ye Chen's state of Jiuyou Shura can't last too long, and the evil spirit of the top of the demon sword is becoming less and less.

When the time comes, there will be no nine you Shura state, these strong, any one can shoot dead Ye Chen!

Ye Chen's whole brow is locked, controlling the bombardment of Shura fist to the barrier.

Each fist is mixed with the power of terror, but the bloody lock dragon array is still, and there is no sign of breaking.

The blood essence of the four powerful Fengmen and the underground array plate here are specially used to arrange large arrays. How can they be easily broken.

Yuan Wen took a look at one side, originally wanted to save Ye Chen, but also powerless.

He's not qualified!

Now is definitely the best chance for him to escape, and Yuan Wen can't give up.

As for whether ye Chen can live, he can only pray in his heart.

He lives, at least for ye Chen revenge!

The most worrying thing is Zhang Tian. He hides in a corner and doesn't dare to move.

The injuries on him were more serious.

Seeing ye Chen trapped, his heart was burning with anxiety, but there was no way.

It is no doubt an act of seeking death to use force in front of the Fengmen elders of the holy dragon family!

Now he can only pray for ye Chen to have other means, or it will be one corpse and two lives!

After ye Chen is trapped, the strong men of the Shenglong family are completely relieved and begin to deal with the strong ones running out of the dungeon.

The strong men of fengmenjing believe that even if ye Chen has the strength of Tongtian, it is impossible to come out of it.

Those who have not yet had time to escape are killed one by one.

Next to the Shenglong family, a powerful dungeon was besieged by dozens of people.

The whole body has been scarred, and death is only a matter of time.

The strong men in the dungeons had no fear, but a look of relief.

"Ha ha, what you have done in the holy dragon family will be exposed sooner or later!"

The strong man roared, and the breath of the whole person became extremely strange.

Boom!

His body suddenly burst, these mixed blood, in his body constantly impact, simply can not bear. The elder of Shenglong family, the whole person's face became very ugly.

"Don't keep your hands, kill them all! Don't let these guys have any chance to blow themselves up! "

In an instant, the blood was rich, and there were prisoners who were killed mercilessly.

Ye Chen saw this scene and was furious. He thought he was not a good man, but he could not reach the level of madness of the Shenglong family.

The red lock dragon array is shaking wildly. Ye Chen knows clearly in his heart that he can't break it by relying on brute force alone.

"Ah

Ye Chen looks up to the sky and roars. The eyes of Jiuyou Shura controlled by him are full of killing intention, and the evil spirit erupts crazily.

His whole body has been covered by evil Qi, just like the God of the gods, behind the three heads and six arms, crazy waving.

Boom! Boom!

"The devil from the heart, ten thousand demons kill heaven!"

Ye Chen roared, at this time, the sky of the whole holy dragon city suddenly darkened.

In the sky, thousands of ghosts are roaring, and the evil spirit envelops the holy dragon city.

All the warriors in the holy dragon city can see this scene. In their ears, it seems that the devil is roaring.

The source of evil Qi comes from the holy dragon family. It is clear to all warriors that something has happened!

Otherwise, it would not have happened.

The blood demon sword appeared crack, but the evil spirit did not stop!

Rolling evil Qi, constantly began to pour into Ye Chen's body.

The evil spirit of terror enters Ye Chen's body, which makes the strong men of the Shenglong family pale.

Ye Chen and Jiuyou Shura are still climbing. If you keep going like this, I'm afraid the bloody lock dragon array can't control him.

The evil Qi enters the body, ye Chen feels that his body is about to be burst.

His body seems to have endless magic Qi, a fist does not know tired bombardment big array.

The whole array gradually appeared a tiny crack, and the evil Qi in Ye Chen's body emitted.

The elder of the dragon family frowned.

The bloody lock dragon array is about to stop!

"Let's strengthen the formation quickly

The elder of the holy dragon family said directly!

Four strong stars in the body state rushed over and prepared to force a drop of blood essence again.

But how can ye Chen let them get it? It's not easy to run out.

Absolutely can't be suppressed again!

Chapter 2125

Jiuyou Shura's arm suddenly expanded, the upper blue veins burst, and all the strength of the whole body poured into the arm.

Boom!

All the fists of Jiuyou suddenly exert force and bombard on the barrier.

Click!

The barrier began to break at a very fast rate, and the whole barrier suddenly split apart.

The moment of the big array broken, the breath of terror, diffused, the aftershock of the explosion, let everyone can't help but retreat.

The whole area was covered with dust. Jiuyou Shura's thick black arm suddenly grabbed an elder's arm.

In the moment of grasping the arm, force in an instant.

Boom!

The elder was caught off guard and his arm was torn off.

Ye Chen's beast decayed sword in his hand, instantly cut out!

At the moment of chopping out, an elder of the holy dragon family also shot out with a fist.

He specialized in training a pair of iron fists, relying on his fists, he did not know how many strong people were killed.

One punch after another, causing the surrounding space to fluctuate.

Ye Chen's figure retreats wildly and cuts out with a sword.

Every sword is the best.

Now ye Chen has no time to continue to waste.

He could feel the intense pain coming from his body, and the evil spirit of the blood magic sword was about to be exhausted!

I'm afraid it won't take a few minutes for him to be completely weak. I'm afraid that anyone can kill him at that time.

Ye Chen, waving his sword, rushes to the outside of the holy dragon family and tries his best to kill him. But the elder, how can he leave.

"Those who stand in my way, die!"

The evil spirit broke out madly, and the immortal sword idea poured out.

This sword is full of evil spirit. Wherever the sword light goes, it is like destroying the world.

In the moment of contact between the two, a terrible sound broke out.

Soon, the nine you Shura dim a bit!

Blood magic sword also completely fell down, was Ye Chen to take back the reincarnation cemetery.

Time is up!

Ye Chen's body has a strong sense of tingling!

He's wet through!

Blood and sweat mixed together!

In a mess!

He felt like he was in a coma!

Ye Chen let Jiuyou Shura break out of the final strength, out of a blood path!

Then, he hugged the unconscious ye lu'er and rushed out with all his strength!

Take a gamble!

Boom!

When ye Chen escapes from inside, a terrible breath suddenly strikes.

"Little bastard, don't try to run!"

One of the five layers of heaven elder of the holy dragon family rises to the sky. He cuts Ye Chen's body with a knife.

Knife light crazy rush to Ye Chen!

"Pooh

Ye Chen is hit, a terrible wound appears behind him.

At the moment he was hit, the whole body was tottering.

His speed gradually slowed down, and the elder only needed three rest time to catch up with him.

Now ye Chen does not have much magic Qi. Keep fighting, not to mention the strong in sealing the door. Even the strong in the Xingqiao state, there is no way to resist it.

"Bang!"

Ye Chen finally fell to the ground heavily.

He turned around and let elor rest on himself.

He didn't want anything to happen to Chloe.

He tried to open his eyes, but he couldn't!

He is so tired!

The body's regurgitation made him almost unconscious!

The elder of Shenglong family, who sealed the door five layers of the sky, was happy, no longer hesitated, holding a big knife and tearing the void!

The fury of the sword is completely towards Ye Chen and ye lu'er!

Today, all people are going to die!

He can't let people leave alive!

Seeing that the knife will be cut on Ye Chen's body, a shadow appears in front of Ye Chen.

"I didn't expect such a great harvest! This man has the smell of a shepherd. It seems that his death must have something to do with him! "

"I'm going to take this man away. You can't kill him yet!"

A surge of air surging, instantly blocked the elder in the outside.

In front of Ye Chen, a beautiful young man appeared!

The breath of youth is very powerful! He is the noble shepherd of the kingdom of God! Mufeng!

The change of Shenglong family is too big to cover up. Mu Tiansheng asks his son to check it out!

But I didn't expect that it doesn't matter if you don't check it. Once you check it, such a big thing happened to the holy dragon family!

The key is that the man still has the smell of pastoral!

The elder who sealed the door five layers of heaven naturally knew the identity of Muye, but even the patriarch had to be careful to serve. He quickly arched his hand and said, "good shepherd."

Mu Feng looks at Ye Chen and ye lu'er who are already in a coma, and outlines a smile at the corner of his mouth: "it's possible that a creation world can make the Shenglong family suffer such heavy losses. It's not impossible to say that you can kill Muye..."

"My Mufeng has been very careful all his life. I saved your dog's life, but before I take you to see my father, I will destroy your elixir field completely."

Mu Feng's eyes twinkle with a trace of cold!

Language down, five fingers into claws, unexpectedly hard toward Ye Chen's Dantian grasp!

Once touched, the elixir field will be destroyed!

Just when his hand was about to touch Ye Chen's elixir field, the void cracked!

An ice arrow comes and goes! With endless cold!

"Hiss!" A sound, unexpectedly broke the protection shield shadow of Mu Feng! It is hard to shoot in the palm of the Mu Feng!

The powerful force actually drives the body of Mu Feng!

Nailed to the ground of a piece of ruins of the holy dragon family!

Mu Feng looks at the ice arrow in front of him as well as the jet of blood, and his face suddenly changes!

This power, he even does not have the qualification to block!

This power is not star orifices, not to mention sealing doors, but too empty!

Only a few old people in the family can be too empty!

Is the holy dragon family going to rebel!

His congested eyes shot towards a direction fiercely!

He saw a veiled girl!

The girl has a graceful figure and is extremely young, but for some reason, the murderous and chilly feelings on her body make people feel palpable.

Key Mu Feng found that he could not see the girl's cultivation!

No!

He also found that the girl had a pastoral breath!

Mu Feng wants to pull out the ice arrow in the palm of his hand, but he finds it impossible!

It seems to be completely welded!

This What is the origin of ice arrow!

The veiled girl fell on the ground, and her eyes, which were cold and not worldly, swept at Ye Chen and ye lu'o'er who were unconscious.

I don't know why, but I moved a little bit.

It's like a calm lake.

Then, the eyes suddenly shot on the body of Mu Feng, the temperature dropped suddenly! Snowflakes falling!

Strangely, the snow on the sky is not white, but blood red color!

Mu Feng's fear broke out completely. He said in horror: "you Who the hell are you! Are you a member of the dragon family? "

The elder, who sealed the door five layers of heaven, trembled in his heart and said, "how can the holy dragon family have such a strong man?"

He's even trying to get out of here!

Chapter 2126

If he doesn't know what's going on around the main hall, if he doesn't know what's going on around him!

He subconsciously retreats, has not retreated a few steps, a cold voice suddenly rings in the ear: "Ye Chen body's wound, is you make?"

The elder who sealed the door five layers of heaven stopped completely. He wanted to say something, but he chose to shut his mouth!

"Well, if you don't tell me, you'll make it."

Language down, Wei Ying five fingers a grip!

All of a sudden, the elder who sealed the door five layers of heaven suddenly fell apart!

He noticed something wrong and tried to walk, but his feet seemed to freeze!

Then, an icicle flew from the ground to the sky!

Through the body of the elder who sealed the door five layers of heaven!

Head to toe!

What a terrible sight!

His eyes are even wide open!

It was obvious that at the moment of death, he suffered terrible pain.

"And you."

Wei Ying said lightly.

Then, several icicles appear together!

All the elders of the living dragon family have fallen!

Icicles run through the body!

This represents the towering anger of Wei Ying, the Supreme Master of juechan emperor's palace!

She's late!

She can't bear Ye Chen!

Her everything, all because of Ye Chen!

She does not allow anyone to hurt Ye Chen!

She has the inheritance of juechan palace and the life cultivation of its living predecessors! More in control of the secret of juechan emperor palace!

She doesn't live for fame and power. She just wants to be qualified to guard the man who once lived across the door from her.

The man's name is Professor Ye. His name is Ye Chen.

Unconsciously, the shadow of this man was completely engraved in her mind.

At least every picture of Beijing Normal University can be recalled.

Unconsciously, she found herself in love with the man.

If you love a person, you should protect him at all costs.

In China, in Kunlun Xu, ye Chen guards her at all costs.

In Lingwu mainland, she wanted to try to protect this stubborn man in silence.

This is the biggest reason why she became the leader of juechan palace.

What the secret of the land of Lingwu, what Taixu ZAE, what the supreme palace master, are not important to a woman.

What matters is, the people she loves.

In the ruins of the side hall of the Shenglong family, the ground is frozen and extremely cold.

Blood and snow fell from the sky, which was very strange.

On the ice stood a girl in white veil, like a plum blossom, Ling Han opened alone!

There are also icicles above the key ice.

Every icicle, through the cold body.

This picture, too frightening.

Wei Ying's eyes finally fell on Mu Feng.

Mu Feng shivered and said, "you You can't kill me. I'm from the shepherd of the kingdom of God... "

"If you kill me, you will be against the kingdom of God!"

"You will be pursued and killed by the immortal kingdom of God!"

Wei Ying has no expression.

Step by step, she walked towards Mu Feng, until her feet stopped.

"The kingdom of God can't stop you from killing you."

"What's more, a herdsman was killed in our palace a few days ago."

"So don't worry, you're not the first one, of course It won't be the last one! "

"My man's Dantian, you dare to touch, looking for death!"

In a flash, Wei Ying is released!

Countless ice arrows form in the void!

Qi Qi passed through Mu Feng's body!

Mu Feng Wan Jian pierces the heart! Pupil dilation, completely dead!

At the same time, Mu Tian Sheng naturally realized that something had happened to Mu Feng!

His face changed, and he quickly said to Long Hongtian, "no, something's wrong."

Language down, two figures quickly toward the side hall and go!

Long Hongtian's face is black to the extreme!

He knew it couldn't be hidden!

.....

At the same time, in the ruins of the side hall.

Wei Ying did not go to Ye Chen, but looked in a direction and murmured, "master, you have seen it for so long, but you still don't come out?"

Language down, an old man with a wine pot came out with a smile.

It is the eternal king!

The eternal king looked at Wei Ying and laughed: "little girl, I'm alert, but you can rest assured. After all, ye Chen and I are still friends."

He took a sip of wine and went on: "I didn't expect that old man would transmit all his accomplishments to you. Fortunately, you are a rare evil blood cold body that you can bear. Ordinary people will die long ago."

"It's kind of interesting." Wei Ying took a look at the eternal king, and her eyes were full of awe.

She can't see through the cultivation of the old man, which shows that the strength of the old man is stronger than himself!

"Since you are ye Chen's friend, why have you been watching him come to an end like this all the time, and you don't do anything about it?"

The eternal King found a stone to sit down and raised the wine pot in his hand: "little girl, do you drink? This wine is good."

Wei Ying snorted, "answer me."

The eternal King shook his head helplessly: "I am not willing to give you to drink."

"But I can answer your question."

"It's not convenient for me to do it. Even, I can't reveal the breath of my hand."

Wei yinghan frowned and said, "what are you hiding from? What is your cultivation? "

The eternal King nodded: "cultivation? Hehe, no one has asked me that for a long time. You can say that I am too empty, and you can say that I can cut off the adversity. I have stayed in the half step disaster area for too long, and I don't know how many years it has been. "

Wei Ying was surprised: "why not break through? Are you afraid of erley

The eternal King shook his head. "I'm afraid of what that thing will do. I'm going to break through erley. It's easy, but I don't want to be found by some people."

"Little girl, since you have inherited the inheritance of juechan emperor palace, you should know something."

"The water in the kingdom of God is getting deeper and deeper. You have a heavy burden on you."

"Even if you go on, you'll die."

"It's not a threat."

Wei Ying's eyes flashed a trace of determination: "I'm not afraid of death, even if I'm facing the existence far beyond me, I will revenge for juechan emperor palace."

The eternal king stood up, dusted his clothes and looked at the unconscious Ye Chen: "little girl, you still don't understand."

"You don't see the horror in the depths of the kingdom of God."

"But you don't have no chance of revenge."

"I have to cringe at all my accomplishments because in terms of layout, this bureau is related to your palace of absolute cold emperor, and even more to the people in the world."

How can I get revenge

The eternal King took another sip of wine and laughed: "did the unconscious boy see it? He is the only variable in the game. "

"If he does not die young, the kingdom of God will submit to him!"

"I've said that. You can understand it by yourself. Besides, your danger is coming. You can't destroy the Shenglong family at present. Take ye Chen with you as soon as possible. If you get up, you will be in trouble."

With that, the eternal King disappeared.

Chapter 2127

Wei Ying took a look at Ye Chen, some doubts: "Ye Chen is the biggest variable?"

"What is his future?"

All of a sudden, she felt the breath around her, and her eyes were cold: "since I can't destroy the holy dragon family, today, I will destroy the holy dragon family!"

A cold sword appeared in her hand!

At the same time, Wei Ying tears the space and throws ye lu'o'er and ye Chen into it directly!

As for where the transmission went, it doesn't matter!

She can't let these two people stay here, otherwise the aftereffect is absolutely dangerous!

After finishing all this, the wind between the heaven and the earth was strong, and Wei Ying walked firmly in a direction.

Before leaving, she wants to let the Shenglong family and the Shenguo herdsman feel her anger!

.....

One day later.

In a shabby thatched cottage in Dongyu, ye Chen is lying on a bed with a 13-4-year-old girl standing beside him.

The girl is graceful and graceful, her face is full of green and astringent.

His whole body is wrapped in gauze, his face is not blood, suddenly he slowly opened his eyes.

"Are you awake?"

Ye Chen looked up and saw a little girl with a ponytail.

"Where is this?"

He remembers that at the beginning, Jiuyou Shura opened a blood path, and then he rushed out with ye luo'er. He woke up and found that he was here.

"This is Nanyu Shenjian palace!"

As soon as the little girl finished speaking, the door of the room opened and an old man came over in his shabby clothes.

"Ayn, you go out first. I have something to say with this boy."

As soon as the old man's voice fell, ayin nodded gently, and with a smile at Ye Chen, he turned and left.

Ye Chen takes a look at the old man and finds that his accomplishments are not high.

At present, his condition is not good, the spiritual power in his body can not be used, and the reverse of overdraft power makes him miserable.

However, with his immortal body and reincarnation, he should be able to recover in two or three days.

All of a sudden, he thought of something and said, "lol!"

Ye Luo'er should come out with herself. Why is it gone!

The old man saw Ye Chen so flustered that he said, "you mean that girl girl, it's over there."

"The girl is seriously injured. I'll let the master of medicine see it. There's no way."

"I hope you'll stop mourning!"

Ye Chen looks along the direction of the old man's fingers. When he sees Ye Luo'er lying quietly, he can't help breathing out.

He got up hard and came to Ye Luo'er's side, and his fingers touched her pulse.

For a long time, he sighed, "it's OK."

Now the main problem with Ye Luo'er is the arc of thunder in his body, and his body, which is full of scars.

He has a way to solve these problems, but it takes time.

"Little brother, you should have been pursued by your enemies?"

The old man came up and cared.

It was when he found out that the two were seriously injured.

Ye Chen nodded gently and then said, "master, if you are worried about something, I can leave."

"Ha ha, if I had to worry, I wouldn't have saved you. This is the territory of Shenjian palace. Don't worry about enemies looking for you."

Then old Shen and ye Chen said some things, and let him live at ease.

In the eastern region Shenjian palace, although not a top power, but also belongs to the first-class.

However, it is weaker than xuanyuezong on the whole.

Here, it is divided into factotum, outer gate, inner gate and core disciple.

Old Shen was also a disciple of the outside school at the beginning. Later, he was abandoned and demoted because of something that offended people. He lived in the area of miscellaneous laborers.

And it's the worst.

The next day, ye Chen and ye lu'er both live in a thatched hut. Shen will take out some medicine to treat his injury. Although the effect is very small, ye Chen also accepts it.

He repaired it mainly by himself.

Ye Chen didn't expect to come here.

As for the eastern regions of Lingwu, he also roughly understood that the overall strength was not weak in several regions, and was far stronger than that in the western regions.

Ye Chen plans to stay here for a few days. When he recovers completely, he goes back to xuanyuezong and asks others to inquire about the affairs of the Shenglong family.

He had to figure out what happened afterwards.

Are there any other death row inmates alive.

Now, of course, he can't go, because the dragon family must be ready.

After lunch, ayin holds Ye Chen and comes to the courtyard.

Shen's courtyard is at the foot of the mountain of the outer disciples. In his whole life, he wanted to be a disciple of Shenjian palace again. Later, he realized that his strength could not be restored, so he placed all his hopes on ayin.

Ayin also lived up to expectations. With his strength now, he can take part in the assessment this year. For all this.

Ye Chen also laughs off, he has no idea to Shenjian palace.

I just want to leave as soon as I recover from my injury.

Ye Chen is basking in the sun and thinking about some things. Ayin stands beside him without disturbing him.

"Brother ye, can I succeed in this examination?"

At the moment, ayin is a little confused, and there is only one day left for the examination of the disciples of Shenjian palace.

Let her very uneasy, do not know can succeed.

"I believe you, there must be no problem."

Ye Chen said with a smile. Through these days of getting along with each other, he also knows that ayin is very hard-working.

In the Shenjian palace, you may not be able to get a good ranking, but it is not a big problem to enter it.

Two people have a word without a chat, these days ye Chen also rarely enjoy the quiet life.

The time at noon soon passed, but they found that Shen had not come back in the evening.

"Brother ye, do you think something happened to grandfather?"

Ah Yin said anxiously.

Usually, old Shen goes up the mountain to collect herbs. He should have come back early in the evening.

"One more hour. If we haven't come back, we'll find it."

One hour later, ye Chen and a Yin haven't seen the figure of Shen.

"Come on, let's go to Wanlong mountain."

As soon as ye Chen's voice fell, he took ayin in his hand and left. There were countless monsters and treasures across the tens of thousands of miles.

In the middle of the night, ye Chen pulls ayin forward step by step.

Originally, ayin was a little timid. Seeing ye Chen's bright eyes, she felt relieved.

At present, ye Chen's state has not been restored. Although he can't use the spiritual power in his body, his physical strength has gradually awakened.

There is no problem in dealing with those who are strong in general.

But it's not going to work against the door.

Three hours later, ye Chen and a Yin came to the periphery of Wanlong mountain.

"Brother ye, my grandfather has been collecting herbs in these places."

Before that, it was ayin and Shen who went to collect herbs. However, because ye Chen needed someone to take care of him, ayin didn't go with him recently.

Ye Chen nodded slightly, he could feel the air around him, filled with a trace of bloody smell.

"Let's go!"

Chapter 2128

Following the smell of blood, ye Chen and a Yin step by step, and finally after ten minutes, they see Shen Lao.

When ye Chen sees Shen Lao's moment, his inner anger can't be suppressed completely!

Old Shen was tied to a big tree. There were blood stains on his clothes. Beside him, there were two warriors. They were in the early days of the state of creation!

"Old man, hand over the red flame grass quickly!"

Old Shen had no cultivation and was beaten to death.

"Stop it!"

Ayin's eyes were full of tears and ran past in a flash.

The two martial artists, both outside the Shenjian palace, came to Wanlong mountain for training and found that old Shen had found a red flame grass and was moved.

Old Shen has been collecting herbs all year round. He has already discovered that they have secretly hidden the red flame grass.

This is the scene!

"Well, there's a little girl. Although she's a little younger, she's also good. It seems that our brothers have a lot of good fortune!"

They have already seen Ye Chen for a long time, but they haven't put it in their heart at all.

It's just a mortal. You can knead it at will.

As for ayin, the realm is very low. Either one of them can solve the problem.

"Ah Ah Yin, why are you two here? Run quickly

The old man is confused. He originally found the red flame grass which was left for ayin. He hoped that Dabi could get a good result.

Ayn didn't speak. She wiped the tears out of her eyes and looked at them.

When the two men are ready to start, ye Chen steps out and walks to ayin.

"I'll leave them to me."

Ye Chen did not really see the warrior who created the chemical realm.

A Yin wants to say something. Seeing ye Chen's unquestionable eyes, she has to stand behind in silence.

"A mole ant, also want to meddle in business, looking for death!"

One of them, one of them, disdains to look at Ye Chen. The whole figure suddenly rushes past, and then clenches his fist.

With this fist going on, he believed that he could kill Ye Chen directly.

Ye Chen's face does not have any change, on the contrary, there is a trace of irony.

He never paid attention to such rubbish.

At the moment when the disciples of the outer gate of the Shenjian palace rushed over, ye Chen raised his arm and slapped him directly.

"Pa!"

With a clear sound, the figure of the disciples outside the Shenjian palace made a 360 degree rotation in the air and fell on the ground, completely dead.

Seeing from afar, the warrior of the realm of fortune almost fell to his knees on the ground.

The creator of the realm of creation was killed by a slap!

How could that be possible!

It is a pity that the facts are in front of us, so he can't question it.

"You Don't come here. If you come again, I'll kill him. "

He put a sword on Shen's neck and said timidly.

Clearly visible, his forehead out of a dense cold sweat, dripping on the ground.

It's a little too evil for a mortal to kill those in the realm of creation with one slap.

"In front of me, you are not qualified to threaten."

As soon as ye Chen's voice falls, the whole person explodes to shoot out, can only see the shadow of the spot.

The warrior was so frightened that he just wanted to kill Shen with a sword, but found that one of his arms had been broken by Ye Chen.

Ye Chen's speed is too fast!

Although his cultivation has not been restored, the strength of his body is amazing!

The arm of that warrior turned into blood mist in an instant!

A trace of disgust flashed in Ye Chen's eyes, and then picked up the sword on the ground.

A sword pierced his heart.

Old Shen was stunned. Ayin covered his mouth with an unbelievable look in his eyes.

The two strong men who create the world are so easily killed by Ye Chen?

What is the strength of this mysterious man?

Isn't he hurt?

"Ayn, we'll both take your grandfather back."

When he heard Ye Chen's voice, ayin reacted and untied Shen Lao's rope.

Ye Chen left with Shen on his back and ayin's little hand. As for the bodies of these two warriors, I'm afraid they will be devoured by monsters tonight.

Back at his residence, old Shen is no problem, but he still has some pain.

After all, it's just a skin injury, and nothing will happen after a period of rest.

Old Shen called Ye Chen from the room and said, "Ye Chen, you killed two disciples of the outer gate. If the Shenjian palace finds out, you will not be let go. It's better to take part in the external examination together with ayin."

If ye Chen joined the Shenjian palace, there would be nothing wrong. Killing people in the southern region is very common. Even the clan encourages killing people. In this way, the weak will be eliminated and the strong will be left.

Just an outsider, the nature of killing the disciples of the clan is different.

"Mr. Shen, I'll talk about it later."

Ye Chen didn't pay attention to killing the two disciples.

If he is found out, he can move out of here.

As for joining the disciples outside the Shenjian palace, ye Chen's heart is repelled. However, on second thought, ah Yin will take part in the examination tomorrow. The young and old will help him a lot. If there is an accident in the examination, he can do something.

Take it as protecting Ayn and repay her kindness these days.

After all, he should be leaving soon.

It's hard to meet the old and the young again in this life.

Moreover, ye Chen is also curious about the examination of the Shenjian palace. It is said that the examination of the Shenjian palace is based on the potential of kendo.

He was very curious. He didn't recover his cultivation. What's the potential of Kendo.

Old Shen sighed a little. He also saw that ye Chen didn't care, but he didn't know what to say.

It's time to blink at the gate of the palace, and it's time for me to examine the sword.

Old Shen has no chance to enter Shenjian palace. He can only place his hope on his granddaughter.

"Do your best in the examination. If you can't pass it, you can continue to do it in two years. This time, you must listen to Ye Chen."

From rescuing Ye Chen, old Shen knew that he was extraordinary. Saving himself at the beginning also proved this point.

Ye Chen and a Yin leave the cottage. Old Shen stands outside the door for a long time with tears in his eyes.

Shen's cabin is at the foot of the mountain of Shenjian palace, and the two men soon come to the gate of Shenjian palace.

There are twelve peaks in the whole Shenjian palace. If you want to enter the outer gate, you must enter one of them.

The two of them came to the gate of Shenjian palace and found a sea of people.

Mr. Shen has already talked about the assessment.

The first stage is to enter the magic array and test the heart of the sword.

Only when the heart of the sword reaches 100 Zhang can it be regarded as qualified. In this respect, two thirds of the swordsmen should be wiped out.

In the Shenjian palace, almost everyone learned the sword technique.

The heart of the sword is the most important link, which can represent a person's Kendo talent.

Ye Chen doesn't care about this aspect at all. He understands the immortal meaning of sword and his talent in kendo is unimaginable.

Chapter 2129

Ayin is worried and excited. This is her first time to participate in the examination, and she doesn't know if she can pass.

She didn't want to disappoint her grandfather.

Outside the Shenjian palace, young warriors talked about how to join the palace and become a powerful man admired by everyone.

Facing these young people, ye Chen is somewhat envious.

He has not been young for a long time. He has experienced too many things, which makes his heart change.

Waiting for a quarter of an hour, the gate of Shenjian palace opened, and there appeared twelve strong men who sealed the door half step.

The twelve strong men who sealed the door in half step were the hall leaders of the twelve peaks in the Shenjian palace.

I hope to find some good seedlings among the disciples of other schools and cultivate them.

When the twelve hall leaders appeared, the noisy people were silent for a moment.

A pair of eyes tense looking, waiting is the moment that decides their fate.

How not to make them nervous and excited?

"I believe you are all aware of the assessment of Shenjian palace. I hope you can become a member of Shenjian palace. In a few years' time, Shenjian palace will be proud of you."

As soon as a hall master's voice dropped, they sat on the chairs one by one and took out a token in their hands.

As soon as the token is crushed, the whole battle array rises.

Tens of thousands of warriors are shrouded in the array, and ye Chen and ayin are also in it. Suddenly, in Ye Chen's mind, thousands of sharp swords come to his face.

Ye Chen has no fluctuation in his heart. All this is just an illusion.

The expression on each person's cheek is different, even some people pee their pants in fear.

Such warriors were eliminated in an instant, and they were basically not qualified to join the Shenjian palace.

In the whole Shenjian palace, we only look at the talent of kendo, and don't care about anything else.

"Chen Yi, I don't know how many people this time will be able to have a good seedling with a thousand feet of sword heart."

One of the hall leaders, who sealed the door half step, opened his mouth and looked at the people covered by the array.

If there is no accident, there is basically no problem in cultivating to the realm of nature.

"It's not known yet, but Li Rong of the Li family has a good talent for sword and has a chance to break through to thousands of feet."

Twelve hall leaders, every word you say, I hope to have good talents.

In recent 100 years, the number of talents in Shenjian palace has become less and less, and it will continue to be like this.

The Shenjian palace will fall one day.

A strong clan is not only strong, but also needs fresh blood.

"Look, that little girl!"

At this time, a beautiful woman suddenly opened her mouth. Ayin, beside Ye Chen, had reached 1100 Zhang.

"Good! Not bad

A hall leader clapped his hands and applauded. Just after the examination, they were extremely excited.

"This little girl, I have planned to be a disciple."

The beautiful woman speaks directly. She is qualified to become her disciple because of her talent of sword heart. She is just at the beginning, and she can't break through to 2000 Zhang.

"Xueting, you have many female disciples of Baihua Jianfeng. You might as well give it to us."

One by one, the hall leaders began to bargain. Who didn't want to have talented disciples in their own mountains?

As time went by, some warriors reached 300 Zhang and others reached 600 Zhang.

Up to now, there are only three warriors who have emerged.

A yin and Li Rong also have a casual practitioner.

These three people let the twelve hall leaders fight for each other. There are not many talented disciples.

As for ye Chen, there is no movement, no one pays attention to it, as if forgotten.

Even the twelve hall leaders have planned to eliminate Ye Chen directly.

He didn't even show up for one Zhang. Kendo talent is useless.

Even the worst warrior has reached 20 Zhang!

The only people who are most concerned about are ayin, who make the twelve hall leaders quarrel.

"Look

One of the hall leaders opened his eyes and found that ye Chen, who was beside ayin, had already reached 600 Zhang in kendo.

If so, it will not attract attention, but the growth rate is too fast.

Almost in the blink of an eye, it reached 600 Zhang.

Unheard of!

As soon as his voice dropped, the twelve hall leader looked and found that it was 600 Zhang, which had reached 1600 Zhang in an instant. Moreover, it did not stop at all and the speed did not slow down at all.

Hiss!

The twelve hall leaders took a breath of cool air. At present, the highest one is Li Rong, which is 1800 Zhang.

However, ye Chen now only a moment, to reach 2000 Zhang, and there is no slightest stop.

"Good! Good! Good! There will be a peerless monster in my Shenjian palace

The heart of the sword has reached 2000 Zhang, and there is almost no problem in breaking through the gate in the future. Even as long as there are resources and opportunities, the Shenjian palace can give birth to Taixu strong!

"I'd like to see how many Zhangs the heart of this little guy can reach."

As masters of the twelve peaks, they have not been so excited for a long time.

At the beginning, there was a peerless Tianjiao with a heart of 5000 Zhang, which shocked the whole Shenjian palace.

But in the end, he failed to achieve the goal of being a hero in ten years

This matter has always been the pain of Shenjian palace!

"It's four thousand feet."

One of the hall leaders said, now the eyes of the twelve strong people have been paying attention to Ye Chen.

As for Li Rong and them? There's no one to pay attention to.

It's not that Li Rong's talent is bad, but ye Chen's performance is too dazzling.

Each of the twelve hall leaders had a ruddy face and even a trace of madness in his eyes.

One by one, it's like taking a stimulant.

"Higher! Higher

The twelve hall leaders murmured one by one, when ye Chen's Kendo talent broke through to 5000 Zhang.

Each hall leader dare not breathe for fear of disturbing Ye Chen.

"Master Cang, give me a slap. Hurry up! I feel like I'm dreaming. "

Bang!

A slap down, although only to use the physical strength, but also hurt him ah grin.

"Haha, I'm not dreaming! Our Shenjian palace is going to be a peerless heavenly pride. "

Being slapped, he was not angry at all, and even his face was happy.

They have devoted their whole life to the Shenjian palace, and what they want to see most is that they are talented.

However, five thousand Zhang is not the end of Ye Chen, and it is still rising.

Six thousand feet!

Seven thousand feet!

Nine thousand feet!

Ten thousand feet!

When he reached ten thousand feet, the twelve hall leader only felt that his breathing was a little difficult.

Boom!

At this moment, the whole array suddenly collapsed!

There was a buzz between heaven and earth, like thunder.

In the sky, the formation of an emperor virtual shadow, the emperor's virtual shadow is exactly Ye Chen.

Whoosh! Whoosh!

The swords of tens of thousands of warriors flew to the sky together and stood in front of the emperor's shadow.

"This This is a vision of heaven and earth

One of the hall leaders stood up with his big eyes staring at the sky.

All of a sudden, the students who had been assessed were interrupted and looked at the sky one by one.

Above the sky, the emperor's shadow condensed by Ye Chen stepped out step by step, and the sword around him made a buzzing sound, as if he were submissive to Ye Chen.

Wan Jian Chen Fu!

Ye Chen seems to be the master of Kendo!

The whole world seems to be eclipsed!

"I have a sword to cut the sun, the moon and the stars!"

Ye Chen condenses the emperor virtual shadow, suddenly roars, the sky spreads a blast.

Ten thousand swords cut into the sky, as if a crack appeared in the sky!

Boom!

His eyes are still closed, and he doesn't know the end of everything.

In the dreamland, he became the master of swords, and the divine court would kneel down to him.

As if he is the strongest between heaven and earth!

At the moment, he is in the reincarnation cemetery.

The wind of the six swords is clear and the hands are behind him. His eyes are extremely dignified.

Ye Chen was a little strange and said in surprise, "master, are you calling me in a hurry because my Kendo talent is too bad for heaven?"

After all, he controls too much sword.

However, there is no praise and criticism, and there is still a trace of excitement and moisture in the solemn eyes.

What's going on?

"Master?"

Ye Chen called a few more words.

Feng Qingyang then responded. He looked at Ye Chen, extremely serious: "Ye Chen, your Kendo talent is against the sky, but this is not the most important thing at present."

"Do you remember that I asked you to promise me one thing?"

Ye Chen suddenly thought of what, seriously: "looking for your six sword boxes?"

Step out of the wind, the sword meaning is vertical and horizontal, and the breath is ethereal!

"Yes! Just now I felt the sword box I had left in Lingwu land! "

"Just Sword palace

What!

At this moment, it's Ye Chen's turn!

Chapter 2130

Once upon a time, when the tomb stone of samsara cemetery was awakened, Feng Qingyang asked Ye Chen to look for six sword boxes.

Ye Chen has been aware of the sword box of the six sword gods. How terrible it is!

Only the power of the mind can shake the powerful seal!

If the entity, then what level of existence!

Key, why are the six sword boxes in the Shenjian palace?

The overall strength of Shenjian palace is not the top power in Lingwu mainland.

What's going on in this?

Ye Chen suppressed his shock and said, "master, where is the sword box? Now that I'm here, I'll take back the sword case for you. "

Feng Qingyang closed his eyes and felt it for a few minutes. Finally, he shook his head and said, "I sensed the moment when your sword idea triggered the vision of heaven and earth. But now it's over, and I lost touch again."

"But one thing is certain, the sword box must be in the area of the Shenjian palace."

"If you get this sword box, the sword I taught you to cut the sky and burn the sky can be strengthened!

Even if you cast your third sword at extreme state not long ago, you can make an exception and use it again. "

"Of course, none of these matters. The most important thing is that the sword case I left may have my real body."

"I tried to recall the picture I was trapped in, but found that the memory was blank, and I couldn't even connect with the noumenon with the technique."

Hearing the last sentence, ye Chen's eyes became serious: "master, can someone cut off the contact?"

"It seems that these six sword boxes are more important than I thought."

Feng Qingyang walked back and forth with his hands behind him. Suddenly he stopped and looked at Ye Chen: "disciple, there is another way to find out where my body is trapped. That is to find out the trapped masters of Kunlun."

"They are trapped, and even ice sword and another great power are trapped in the heaven and earth killing domain. They all have the shadow of the kingdom of God."

"What is the kingdom of God doing? Why the samsara cemetery intercepts our gods? I'm afraid it will only be known at the end

"Well, you go out. You need to deal with the situation outside."

Ye Chen nodded and left the samsara cemetery.

When ye Chen wakes up, he finds that the twelve hall leader is looking at him. His eyes are blazing and he wants to rush to him.

"These strongmen of the Shenjian palace don't all have some special hobbies?"

Ye Chen said in a low voice.

"Little guy, why don't you join us

All of a sudden, Xueting comes to Ye Chen with a kind look.

Ye Chen did not know the situation, Xueting continued to say: "we have no male disciples in Baihua Jianfeng. All of them are pretty girls. Which one do you like, you can marry her directly."

The hall leader of Baihua Jianfeng was so astonishing that ye Chen almost vomited out his old blood.

What's going on here!

"Xueting, you old witch, who doesn't know that you Baihua Jianfeng only accepts female disciples. I think the girl next to him is good. Give it to you!"

At this time, another hall leader rushed over. After that, he looked at Ye Chen and said, "as long as you join me, I'll give you the only artifact of Shenjian peak. Then the next hall leader will be you."

Whoosh! Whoosh!

The hall leaders of the Shenjian palace came to Ye Chen one by one, and promised countless benefits.

Although Ye Chen doesn't know what happened, he can guess about the current situation.

All the students who had been assessed were stupid. What's the situation?

What about the dignity of every hall leader? What about the dignity of the hall leader? How come none of them are missing!

One by one, the hall leaders spit, the stars are flying, their eyes are red, and they are almost going to fight.

If it goes on like this, the twelve hall leaders have to fight for ye Chen, which has never happened before.

"Well, let's see what you're up to?"

When the twelve hall leaders were about to fight, a voice suddenly came from the void.

There was a sword on his back, and there was a dignified look between his brows.

When the figure appeared for a moment, the twelve hall leader's face changed slightly, and he said in chorus, "Lord!"

They didn't expect that this event had already disturbed the patriarch!

The patriarch of Shenjian palace is an extremely mysterious existence. He practiced sword at the age of ten, broke through the state of harmony at the age of thirteen, reached the realm of creation at the age of twenty, entered the realm of Xingqiao at the age of thirty, and broke through the realm of seal at fifty.

After that, the leader of Shenjian palace no longer showed his accomplishments! May be deliberately hidden.

The division of forces in Lingwu mainland can only temporarily make the Shenjian palace a first-class force.

The patriarch did not seem to care about the honor.

There are even rumors in the Shenjian palace that the patriarch did not seal the door for a long time, but did not show the virtue of Lu Xiu in order to cover up something.

Not only that, but some people in Shenjian palace speculated that when the patriarch offended the people of the kingdom of God when he was young, he was so restrained. Dormant in the mountains.

"It's just a young man with good talent. You should quarrel in public and not lose face."

The patriarch reprimanded that no one dared to speak, but the corners of his mouth twitched.

It's a good talent of kendo. Is it so good?

As a matter of fact, it is true that no one is ashamed.

They admire the patriarch more.

However, the next sentence made the twelve hall leader look silly.

"Little fellow, my lord intends to take you as an apprentice. My daughter is twenty-three years old and unmarried. I think you two are made by nature. Why don't you marry directly?"

In a word, let the twelve hall leader's face collapse completely.

What a shameless Lord! First of all, they used pressure to make them dare not say more.

Now I come to rob my disciples and sell my daughter!

Shameless!

The twelve hall leaders basically have this idea in their hearts, but they dare not say so.

"Patriarch, the best disciple with the best talent in the last time, has already worshipped you as a teacher. This time he will give it to us in any case."

One of the hall leaders bravely spoke. How could they let go of Ye Chen's talent.

"Yes, this time, we should give up to the twelve peaks anyway."

The twelve hall leaders spoke one by one. The meaning is self-evident. We don't agree with you if you want Ye Chen!

Now they must make concerted efforts to face the patriarch!

The martial arts practitioners who examine the disciples of other schools wish they were ye Chen.

Sure enough, people are more popular than dead people!

They also want to join the outer gate, but ye Chen's talent has already let the patriarch start to compete.

The patriarch of Shenjian palace changed his face slightly, looked at Ye Chen, and then said, "in this case, we might as well let him choose."

The voice falls, all eyes fall on Ye Chen's body.

One by one wolf like eyes, as long as ye Chen dares to say other mountains or enter the patriarchal gate, he would like to kill people.

Ye Chen wry smile, also did not expect to appear such a thing.

But he didn't want to join Shenjian palace. After all, he had xuanyue sect in Lingwu land.

"Gentlemen, I'm really sorry. I don't want to be a disciple of Shenjian palace..."
