Chapter 2131

As soon as the words came out, the surroundings became quiet.

Countless eyes stare at Ye Chen in horror!

Participate in the selection of outer disciples of Shenjian palace, but don't want to be a disciple of Shenjian palace!

Does this son come to Shenjian palace to challenge!

If so, ye Chen will not be able to walk out of the Shenjian Palace today.

At the same time, the eyes of the twelve hall leaders also cooled down.

Even the eyes of the patriarch of the Shenjian palace have a trace of strangeness.

Ye Chen suddenly heard the voice of stroke in his head.

"Disciple, I use the technique in the samsara cemetery. The technique lasts for a long time. You only need to stay here for a few days."

"I should be able to determine the whereabouts of the sword case."

"This thing belongs to me. Take it away then, and you will leave Shenjian palace again!"

"Now, in order not to make people angry, you'd better choose to join the Shenjian palace for the time being."

Ye Chen is quite helpless, fengqingyang even sold himself so simply.

There are more than one hundred masters, but he doesn't care.

Thinking of this, ye Chen raised his head, arched his hand to the leader of the Shenjian palace, and lied: "don't mistake my meaning. My heart is not limited to the disciples outside the Shenjian palace. I want to be the inner disciple, even the chief disciple!"

As soon as this word comes out, people take a breath!

Crazy!

I haven't stepped into the temple of Shenjian palace. I'm proud to point out that there is only one chief disciple in the sect!

But people also suddenly, ye Chen really has such confidence!

His talent may be the first person in the Shenjian palace in ten thousand years!

It may even surpass the achievements of the patriarch!

However, if ye Chen really wants to be the chief disciple, it is only possible to choose the patriarch.

At the moment, the leader of the Shenjian palace is smiling. How can he not be happy to have a peerless disciple?

"I don't agree!"

When ye Chen is ready to speak, a man runs out in a hurry.

This man's strength is only the peak of Xingqiao, and he is not as good as the twelve hall leaders. His body is full of fat and he is about to burst his clothes and his hair is in disorder.

There is no prestige at all.

"This boy, from now on, will be my apprentice."

A word directly overbearing mouth, did not give the patriarch and the twelve hall leader the opportunity to refute, he quickly came to Ye Chen, and seized Ye Chen.

"Good disciple, this is a meeting gift for you from my master. Please learn from me soon."

He took out a real artifact and all kinds of treasures and put them in Ye Chen's hand.

He killed a Cheng Yaojin on the way, which caught everyone by surprise.

Some do not know the situation of the martial arts, a face of confusion, who is this person?

It's nothing at all in front of the twelve hall leaders and the patriarchs, but strangely, the faces of the Lords and the twelve hall leaders were extremely ugly, but they didn't say a word.

Ye Chen took a look, found that the patriarch did not say a word, and even some hesitation and fear in his eyes?

This man is only so cultivated. Why should these people not talk?

Although I don't know who this man is, I'm afraid his identity is more powerful than that of the patriarch.

He didn't think much about it. It was just a temporary measure.

Ye Chen takes a look at all the hall leaders and patriarchs, and directly worships the master under the gaze of all.

"Good, good! Good boy

Wang Chuanyue looked more satisfied, and then took Ye Chen's hand and came to the twelve hall leader.

"What are you looking at? Don't you see that this kid has already taken me as a teacher? Don't always think about my apprentice, and come out with the gift

The twelve hall leader was oppressed and had no choice but to take out the gift.

Wang Chuan nodded his head and asked him to take it out.

"Don't forget what you should call him!"

In a word, let the twelve hall leader's face collapse completely.

"Uncle, you let us..."

Before one of the hall leaders finished speaking, Wang Chuan glared, and he did not dare to say anything more.

They are all strong in half a door. It's a shame to say these words.

However, they did not dare to say anything more. The whole Shenjian palace even the patriarch had to respectfully call this person a martial uncle.

Ye Chen confusedly receives many gifts, but has not made clear the present situation.

Because of Wang Chuan's power, the patriarch took out the transmission symbol and gave it to Ye Chen.

As long as the teleporter is crushed, it can be randomly transmitted to a place thousands of miles away.

Absolutely the best way to save your life!

After receiving the gift, Wang Chuan was in a good mood and left with Ye Chen in a hurry.

The martial artists on the scene, one by one, you look at me, I see you, a good external examination, but finally become Ye Chen's personal show, really envious, jealous and hateful! After ye Chen left, the assessment continued. Finally, ayin joined Baihua Jianfeng.

Ye Chen follows Wang Chuan to a mountain and finds that there is no one around.

"Good disciple, this is your yard. Master has some other things to do. Come back at night."

After Wang Chuan finished, he took out some cultivation methods from the storage ring.

"These are the secrets of Shenjian palace. You can practice whatever you want."

Wang Chuan then nagged two words and left!

Only Ye Chen is left alone. Up to now, he is still in a bit of a muddle, but he doesn't think much about it. He goes to find ayin at the first time, and takes ye lu'er to his room.

Once you have come, you will be at ease. Now you join the Shenjian palace. Next, you have to find a way to get the sword box, and then let ye Luo'er wake up as soon as possible.

.....

At the same time, the dragon family.

It's a ruin. It's devastated.

Who could have thought that the city of Shenglong, the overlord of a thousand miles around, would become such a scene!

On that day, Shenglong city was shaking!

That day, a cold sword seemed to be cut from the sky! Split the whole city into two!

A striking sword mark represents supreme majesty!

On that day, long Hongtian, the patriarch of Shenglong family, was seriously injured! God's shepherd's guest, seriously injured!

If it is not for the three Taishang elders who are closed in time, the whole Shenglong family will be destroyed!

The key to all this, is one person!

A mysterious woman with a veil!

Because of the appearance of this mysterious woman, even the people of Shenglong family forget the disappearance of Ye Chen and ye lu'er!

At the moment, the atmosphere of the dilapidated temple is dignified to the extreme.

Long Hongtian's face was pale. He looked at some of the elder Taishang and the injured Mu Tiansheng and sighed deeply.

"Mr. mu, elders, do you know the origin of this daughter?"

"I don't remember that our holy dragon family had ever offended such a terrible girl!"

Mu Tian Sheng snorted coldly, but the shadow in his eyes was lingering.

Even in the kingdom of God, there are few such amazing talents!

What's wrong with Lingwu!

But he and this girl fight, get a lot of clues!

This woman has the spirit of a shepherd!

Muye and his child's death must have something to do with this mysterious girl.

Chapter 2132

Mu Tian Sheng stood up fiercely, his face was dignified: "long Hongtian, do you still have the qualification to ask me about this matter?"

"This daughter appeared in your holy dragon family, and I lost my only son! He's a herdsman. Can you afford it? "

Long Hongtian quickly apologized and said, "Mr. mu, I'm really sorry. You can see that the loss of my holy dragon family is the biggest. This time, we fengmenjing elders lost half of them. Not only that, but also the whole holy dragon city and even the Lingwu continent, we will become a complete joke."

"If it can be avoided, I certainly don't want it to happen! As for the dog, I'm very sorry. My Shenglong family owes Mr. Mu a life! "

"Bang!"

Mu Tiansheng clapped on the jade platform beside him!

Jade table on the spot, endless powder scattered in the air!

"Long Hongtian, can you afford to pay for it! The dog's status is a shepherd of the kingdom of God

"Do you know what the kingdom of God means?"

However, before the words were finished, an old voice rang out: "shepherd's little fellow, are you too much?"

"The place where you stand under your feet is at least my holy dragon family!"

Words fall, a few of the dragon family's supreme elders oppressed release!

Mu Tian Sheng's forehead was covered with sweat.

Of course, he still looked at several princes and said, "what a holy dragon family, are you going to threaten me?"

A rickety old man of the Shenglong family stood up: "you should be a threat."

"The kingdom of God, we have not been there. Since you are sent here, it must mean that you are not in a high position in the herdsmen."

"And our holy dragon family, every thousand years, the adults of the nine day dragon hall will also come to see it."

"Your identity, compared with some of our princes, is really qualified for confrontation?"

As soon as he said this, Mu Tian Sheng sat back to his position.

He can not be afraid of the holy dragon family, but behind the nine heaven god dragon hall, he can not but fear.

Even if the nine heaven dragon hall does not recognize the holy dragon family at all!

For a long time, he said: "a few elders, I lost the dog some heartache, this is so rude, please forgive me!"

Long Hongtian saw Mu Tiansheng compromise, his eyes were full of shock!

From the moment he was born, he heard the legend of the nine heaven dragon hall!

That's the day the dragon family looks up to!

He has never been there!

What terrible existence does this place have that makes the people of the kingdom of God so afraid?

Is it a real nine day dragon?

An elder Taishang said, "it's not difficult to investigate that girl. After all, she is an extraordinary genius who can step into Taixu state in her twenties."

"What's more, we hurt the girl together."

It should be a cold method

"Send someone to investigate. There should be clues."

"But if you want to investigate the forces in Lingwu land, I hope Mr. mu can investigate the kingdom of God After all, this genius is more likely to come from the kingdom of God. "

Mu Tiansheng nodded solemnly: "this girl has something to do with my investigation here. I immediately set out to go to the kingdom of God and ask the herdsmen to investigate the matter. As soon as there is a result, I will also communicate with several elders."

Several elders nodded: "so good."

.....

Lingwu land, a land of icebergs.

It is extremely cold and cold here. There is no life in a hundred miles.

Even the practitioners can't bear the low temperature.

The key is that there is no aura here. It is a waste land.

Snowflakes, silent frost.

But if you keep going deep, you will surely find that there is a magnificent and dazzling Ice Palace in the deepest place!

The palace is very different from the surrounding area. The Reiki liquefies and becomes a river in the glacier land!

And on the palace, engraved with four powerful spirit words!

Absolute cold emperor palace!

No one thought that the recovery of the ancient juechan emperor palace started here!

And here, there is infinite opportunity and wealth! Enough to let the outside world's strong surprise!

Outside the palace, the martial arts training ground, the sound is loud.

A hundred female students are dancing swords! The breath of every move breaks out, and it's so powerful!

These female disciples are amazing talents outside! Let countless top forces fight for it!

What is different from the outside is that the palace is quiet and depressing.

Wei Ying sat cross legged, pale and obviously injured.

One side of Bai'er tearful eyes whirled. She followed the palace master for such a long time, but it was the first time that she saw the palace master suffered such a heavy injury.

She is in love.

I don't know how long after, Wei Ying opened her eyes, and her cold eyes glanced at Bai'er and said with a smile: "Bai Er, what are you crying about? This palace is not falling." Bai'er wiped away her tears and said unhappily, "palace master, what do you say? You control the world, and your power is in all directions; youth will never die! Even if the sky falls, you will not fall. "

Wei Ying stood up, the bead curtain on her head rolled, and her red robe, which was sweeping the floor, rose.

With a smile, with the supreme temperament.

"Bai'er, it seems that my cultivation has improved a little this time. Sure enough, the road of martial arts still needs to confront the strong."

"Injuries are good. If this road, never injured, then once in danger, can only wait for death. "

"This is the way to survive. Bai'er, you should also understand it."

Bai Er pouted his mouth, hesitated for a moment, or said: "palace master, don't talk nonsense, you are not for that ye Chen."

"How could you have been without Ye Chen?"

"Palace master, your road is destined to be different from ye Chen. Why do you have to..."

All of a sudden, Wei Ying turns around and sweeps her cold eyes. Bai Er closes her mouth completely.

She has been with Wei Ying for too long. She knows what Wei Ying's expression means at the moment!

That's anger!

"Bai Er, if you say that again, you will be at your own risk."

"Maybe I need help from now on."

"I do this not only for myself, but also for the palace of absolute cold emperor, understand?"

"Well, the palace is tired. You should step down."

Bai Er nodded, or backed out.

When Wei Ying was the only one left in the temple.

Wei Ying turns around and looks at a pair of ice crystal murals behind her.

Among the murals is a modern high-rise building.

A young man jumped down with a young girl in his arms.

It happened in the teachers' apartment of Beijing Normal University.

"Ye Chen, how long do I have to wait for your future?"

On a closer look, Wei Ying's cold eyes were stained with a layer of fog.

.....

Ye Chen stayed in Shenjian palace for a long time, and probably knew about Wang Chuan.

At first, Wang Chuan was a mortal. By chance, he saved his grandmaster. Later, he was brought into Shenjian palace and accepted as a disciple.

Originally, he was a mortal and had no talent. Later, he was promoted to such a state with pills.

However, it is obviously impossible to break through this life.

Chapter 2133

If you want to break through the door, you can't succeed with pills.

Otherwise, in this world, the gate would have been closed all over the street.

When he drove the crane to the west, he didn't know what he was crazy about. He added a clan rule.

No one should interfere with Wang Chuan's apprenticeship, even the patriarch!

Wang Chuan also knew that his talent was not good at all, and he didn't take cultivation seriously. In the endless years, he always accepted disciples.

At the beginning, there were some good disciples who took Wangchuan as their teacher, but they all left at last.

The most important thing is that Wang Chuan misleads his children. All the disciples with good talent can not practice as fast as others in the end.

Ye Chen understood what was going on these two days, because Wang Chuan gave them all the skills.

So many skills are disorderly, which makes them want to practice one by one, but in the end, they are in vain.

There is even a rumor in the Shenjian palace that any disciple of Wang Chuan will eventually become a disabled person.

It's becoming a curse.

In recent days or two, many hall leaders went to see the patriarch. They thought that Wang Chuan would do harm to Ye Chen and suggested that they should be transferred to their name.

They can't do it on the surface. They can only dig Ye Chen secretly.

This matter let Ye Chen cry and laugh, but he also tactfully refused, no matter what have already worshipped Wang Chuan as a teacher.

And Wang Chuan is good to him.

The most important thing is that Wang Chuan's qualifications are deeper than anyone else!

If you want to say the person who knows the elegant sword box, I'm afraid the most likely one is this person!

"Good disciple, today's external selection, tomorrow's internal selection. According to the principle, the new external school students are not qualified to participate, but you have good talent and great ambition. You can try it. Even if you fail, it doesn't matter. There is still time."

Wang Chuan finds Ye Chen and suddenly says.

He is very good to Ye Chen. He hears Ye Chen say that he wants to become an inner disciple in the daytime, but at night he goes to the patriarch to lobby him.

Finally, the patriarch agreed for the first time.

As for ye Chen's entry into the inner door, Wang Chuan did not have much confidence. Although he had amazing talent, he did not have much time to practice.

He believed that when ye Chen practiced for a period of time, he would be able to make a big splash and give him a long face.

"Master, I will attend it as an experience."

In fact, ye Chen is sure to get the first place in the outer gate, but he doesn't say it, for fear of scaring Wang Chuan.

At present, he has recovered a little bit.

Even because of the understanding of the last battle of the holy dragon family and the spiritual pulse of Shenhua academy absorbed by the samsara cemetery, it has been upgraded to the sixth heaven of the realm of nature!

He didn't want to be too secretive in Shenjian palace and deliberately suppressed his real strength.

If you tell Wang Chuan the truth, I'm afraid you will be so excited that heart disease will come out.

The next morning, ye Chen wakes up from practice and holds a sharp sword in his hand.

As for the beast's decaying sword, ye Chen has not been exposed.

Ye Chen followed Wang Chuan and came to the martial arts arena step by step.

When ye Chen appeared, all the disciples looked at him.

Although Ye Chen didn't show up, the whole clan knew about him.

Joining the Shenjian palace caused a vision of heaven and earth, which shocked the patriarch. If Wang Chuan didn't appear, he would have taken Ye Chen as his disciple.

Some students envy it, but many of them gloat.

Who doesn't know what happened to Wang Chuan?

In their eyes, I am afraid Ye Chen is also deeply hurt, a genius into waste.

This gives them a little comfort.

When Wang Chuan saw the eyes of these disciples, he snorted coldly.

All the disciples lowered their heads. They could say it secretly, but if they spread it out, they would die.

"Uncle Wang, why did you come here so soon today?"

At this time, Xueting comes, and she happens to be next to ayin.

This time, the main thing is to let ayin have a long insight.

"Well, you don't have to worry about it."

Wang Chuan didn't pay attention to it at all. He said something to Ye Chen, then turned around and walked to the top of the martial arts arena.

Outside the gate big than, he basically has not participated in, only this time receives a precious disciple, anyway also wants to watch the competition.

When Wang Chuan came up, the hall leader of twelve peaks was already sitting on it.

"Martial uncle, you apprentice don't know how to get your true biography?"

The hall leader of luojianfeng, as soon as the army opened his mouth, several hall leaders nearby echoed.

"Well, my apprentice is much better than your useless disciples!"

For ye Chen's strength, he is not very clear, but after all, his apprentice, face certainly can not fall.

"Uncle, how about a bet this time? Ye Chen can be in the top 20! "

As soon as the army's voice dropped, he took out a secret script, and then said, "this is a secret script I got by accident. How about being a gambling head?" Wang Chuan just wanted to refuse. After all, he was able to enter the top 20. He was basically a demon, and he practiced for a long time.

And ye Chen, the time of practice is too short, and the breath is not enough.

When he was ready to refuse, the remaining eleven hall leaders also took out the secret script, which looked as if you didn't agree.

Kawabata, who has the best chance, doesn't know now.

"You You My apprentice is sure to get into the top 20. "

Wang Chuan's face turned red and he gave his consent.

When the hall leader saw this scene, he grinned, and a secret script for each person could be regarded as a possession.

Wang Chuanqi's chest undulating, can only hope that ye Chen can compete, can enter the top 20.

He also knew that it was more difficult for him to enter the top 20. He could only eat Coptis in silence, but he could not say what he had suffered.

This time, the referee of the big match is a star top player. The whole arena is divided into four areas.

Each student will take part in the assessment in four areas. The students will draw lots, draw the same number, and fight in pairs.

Ye Chen and a Yin chatted for a while and went to the drawing place and found that he was holding the number of 10.

If a disciple goes to the arena to compete in martial arts, the loser will be regarded as a failure.

There are only 20 disciples in the inner school every year.

Soon came Ye Chen's duel, called his number, he walked on the challenge arena.

"Uncle Wang Chuan, it seems that your apprentice's luck is not very good."

Ye Chen's opponent, in the outside door can row into the top 100, do not underestimate the 100.

There are more than 3000 martial arts practitioners in the whole outside school. It is conceivable that they can enter 100.

"My disciple, I can definitely defeat Huang Lin

Wang Chuan also knew that Huang Lin, a genius of the Huang family, had entered the Shenjian palace. When he entered the palace, the heart of the sword reached 900 feet, and only one line could reach a thousand feet.

In the past year, Huanglin's strength has reached the peak of the state of fortune. This year, there is a glimmer of hope to enter the inner door.

Ye Chen stepped onto the challenge arena step by step and took a look at Huanglin. He held an extraordinary sword in his hand.

Chapter 2134

When he saw Ye Chen, Huang Lin's eyes showed a trace of irony.

"Ye Chen, I know you, even if you are a genius? Today I will be defeated at my feet. "

As soon as Huang Lin's voice fell, an excited smile flashed through his eyes.

A peerless Tianjiao, he stepped on the foot, a thought of inexplicable pleasure.

Ye Chen did not open his mouth, but held a wooden sword in his hand.

To deal with a weak chicken, ye Chen has a feeling that adults bully children.

Huang Lin looked at Ye Chen and only took out a wooden sword. His chest heaved with anger, which obviously looked down on him.

"Ten thousand rain swords!"

Huang Lin roared. The sword in his hand was lifted up. In the sky, the shadows of sharp swords soared to the sky.

The moment the shadow of the sword appeared, the breath of terror broke out.

Ye Chen has been paid close attention to originally. As soon as there is a fight here, basically all the martial artists have seen it.

I want to see what is extraordinary about peerless Tianjiao.

"I remember Huang Lin was from Luo Jianfeng."

Wang Chuan took a look at the army from his seat.

"Yes, I am a good disciple. I have cultivated Wanyu sword to a great level."

The army showed a happy smile that Ye Chen was doomed to defeat.

Wang Chuan clasped his legs tightly with both hands and looked at the arena without blinking.

I hope Ye Chen can stick to two rounds, and then he will not be disgraced.

On the challenge arena, Ye Chen doesn't have much thought in his heart. With the wooden sword in his hand, the whole person rushes forward like a ghost.

When he rushed over, the sword rain fell in an instant.

Ye Chen's figure quickly dodges, suddenly comes to Huang Lin's front, raises the arm, the wooden sword in the hand suddenly stabs out.

Bang!

A sword stabbed on Huanglin's chest and sent a huge force.

Huang Lin's whole figure flies directly out of the ring and falls into the arena.

Hiss!

The outer disciples of Shenjian palace took a breath when they saw this scene.

Just now they didn't understand what happened. Huang Lin was defeated by a simple sword.

Ye Chen's face did not change a bit. He stood on the ring and folded his wooden sword.

A Huang Lin, he didn't act as an opponent at all.

Huang Lin's sword technique is good, but it's flashy. If he had not used wooden sword just now, he would have been killed.

After a brief silence, Wang Chuan patted his thighs and said with a smile, "are you disciples of Luo Jianfeng in the army the same food as you? I can't even stop a sword of my disciple."

The smile on Wang Chuan's face twisted wrinkles, Ye Chenzhen gave him a long face, originally thought it was good to be able to persist in two rounds, but who knew that one sword would kill his opponent.

The army did not speak and his face was gloomy. Naturally, they could see that it was not Huang Lin Tai CAI. On the contrary, ye Chen's speed was too fast. He broke all kinds of methods with one sword.

Ye Chen a hand, directly refresh their cognition.

The twelve hall leaders are still in fear. Fortunately, they bet on the top 20, otherwise a secret script will be lost.

Wang Chuan is in such a good mood that it doesn't matter whether ye Chen can enter the 20th place or not.

Anyway, he was happy and lost 12 secrets. He was rich and fearless at all.

The strength of Ye Chen's hand makes the disciples of Shenjian palace refresh their cognition. No one dares to belittle him.

At least Ye Chen's present strength is not sure to be able to fight with Xingqiao state.

There is no change in ayin's face. She has known Ye Chen's strength for a long time.

Ye Chen has been able to kill such a strong man without entering Shenjian palace.

The next battle, ye Chen is basically a sword to solve, without any fancy.

As if ordinary, for him, this kind of confrontation, really like a child's family, let people feel bored.

Wang Chuan has been excited for a long time. Now ye Chen is in the top 50. He is only 30 warriors away from the top 20. It's not sure that he can get into the inner gate at one stroke.

The twelve hall leader's face broke down. He hated his disciples for failing to compete. How could he not even solve a new disciple.

Ye Chen refreshes people's cognition again and again. Up to now, basically, he doesn't need to make a second sword to solve his opponent.

This time ye Chen is facing an opponent who is a martial artist in Xingqiao state. Basically, he has entered the inner gate without any problems.

When the twelve hall leaders saw this scene, they showed a little smile. It seems that ye Chen's myth is about to end.

Now all the disciples who watch have said that ye Chen is a sword king!

In front of him, no one could bear a sword, which was worshipped by many disciples of Shenjian palace.

Wang Chuan did not expect that ye Chen's luck was so bad that he met a strong man as soon as he came up.

The twelve hall leader gloated. If ye Chen had been lucky, he could not have been in the top 20. But now, his myth will be ended. Ye Chen raised the wooden sword in his hand. No matter facing any opponent, it was a wooden sword.

This is just in case, if he doesn't use a wooden sword, he will be too strong to kill the disciples of Shenjian palace with one sword.

In the external examination, the opponent can be seriously injured, but killing is not allowed.

"I know your strength is good, but in front of me, you have no proud capital."

Li Linhai is also a legendary figure in the whole outer gate. He has a superb sword sense, and many of his disciples are not rivals.

He is also one of the candidates to enter the inner gate.

"You talk too much nonsense!"

As soon as ye Chen's voice falls, the whole person rushes directly over.

In the moment he rushed past, the breath of terror suddenly burst out.

"This This is the six layers of heaven in the realm of creation

One of them stands up and looks at Ye Chen in shock.

Wang Chuan opened his mouth, and the whole person was also stupid. He didn't know that ye Chen's strength had already broken through the six layers of heaven in the realm of nature.

After all, ye Chen had not recovered before, and he was only in the realm of Taoism when he took part in the selection of foreign doors.

Is the speed of this breakthrough a little too fast, just like taking a rocket.

The wooden sword in his hand erupted a terrible sword spirit.

Ye Chen's speed is so fast that Li Linhai has no reaction at all.

His wooden sword fell on Li Linhai's neck and said in a cold voice, "you lost!"

If it was life and death against the enemy, now Li Linhai has already been a dead man.

Li Linhai's forehead exudes the cold sweat, how also did not expect, he has not yet shot has been defeated.

"I lost!"

Li Linhai thinks that he is also a strong man in the whole outer gate. Who knows there are people outside and heaven and earth.

Li Linhai was lonely and had to walk down the challenge arena. The disciples who watched the battle glared at each other.

Suddenly, I don't know who said it.

"A sword king!"

"A sword king!"

All the disciples watching the whole arena roared in unison.

A pair of hot eyes, staring at Ye Chen.

A white suit and a wooden sword are all swords!

A sword King's name is in fact!

Chapter 2135

"Uncle Wang Chuan, your apprentice, it's hidden enough!"

The army laughs bitterly, the strength that ye Chen shows now, can definitely enter the top 20.

There is no problem entering the inner door!

"Ha ha! My apprentice is extremely proud. You should be ready for your secret script. "

Wang Chuan did not expect that ye Chen gave him such a big surprise.

"Uncle, gambling is just a joke. I think it's better to forget it!"

As soon as the army finished speaking, the other hall leaders spoke directly.

A secret script is not a common skill, even if they are not many.

"What's the matter? You want to deny it

Wang Chuan a stare, no one dare to say anything more, how they say is also a figure of honor.

You can't deny something.

"I'm lucky to have this master, or you'll have the peerless Tianjiao in your hands, and sooner or later you'll teach it bad!"

Wang Chuan a word, let twelve peak hall leader, the corner of the mouth can not help but twitch.

Ye Chen's strength is strong and Wang Chuan has a ghost relationship?

Who doesn't know, Wang Chuan can't teach his apprentice at all.

However, no one dares to refute. There is no way for anyone to have a good apprentice.

Next, ye Chen all the way to the top 20, into the heart has no problem.

The next step is to challenge each other. If they can get the top three, they will also give some rewards.

At the moment Ye Chen came to the referee and said, "elder, can I challenge them nineteen by myself?"

In a word, the whole scene exploded instantly!

One person challenges nineteen people, which is something that has never happened before.

The elder gave a bitter smile. He couldn't do it.

"I'll ask."

After the referee finished speaking, he came to the twelve hall leader and bowed his head and said a few words.

It is unprecedented for one person to challenge nineteen people.

After some discussion, the referee went back to the arena and said, "Ye Chen, one person challenges 19 people. After discussion, you can agree!"

Once this sentence is said, the whole scene is fried.

"A sword king!"

"Ye Chen!"

No matter Ye Chen can challenge success, but this courage, has surpassed all people.

Wang Chuan himself did not expect that ye Chen should play so big, but they still agreed.

Ye Chen's current all strength, obviously did not break out, is a sword second kill.

They also want to see where ye Chen's potential lies.

On the challenge arena, nineteen warriors stood on it, and their faces were gloomy.

What they say, they are also the most powerful 19 warriors in the outside world. Now some people have no shame to challenge everyone.

Let their proud heart, completely angry!

Ye Chen doesn't have many ideas. He must attract the attention of some people as soon as possible and obtain the sword box in the shortest time.

Ji Lin is still a person outside, ye Luo Er, Chu Ying's danger has not been contacted.

Master, he still needs to be saved.

A year's appointment is not long.

He didn't have time to waste in the sword palace.

The longer we drag on, the worse.

The battle has not yet broken out, but the warriors in the audience are boiling with blood, as if they are themselves standing on it.

Ye Chen holding a wooden sword, suddenly burst out the breath of terror, at the beginning of the referee said.

His steps, suddenly rushed over, a hundred steps by electricity! The Qi of Gengjin and magic Qi flickered.

Seeing this scene, Wang Chuan and the twelve hall leaders looked dignified.

Compared with their speed!

They will lose!

When ye Chen rushed past, only a shadow was left on the ground.

When it was only five meters away from the nineteen, it suddenly stopped.

Eyes closed.

Nineteen warriors are burning with anger!

Close your eyes at such an important moment!

Naked provocation!

One by one, they burst out behind the road, roared and killed.

Every warrior is constantly fighting. Some people learn the secret way and hide in the dark, ready to give ye Chen a fatal blow.

Ye Chen's face remained unchanged.

Because every sword can't hurt him!

These warriors looked at each other and decided to fight together to defeat Ye Chen.

In all directions of Ye Chen, a sword light suddenly comes.

The sword is light and airtight, and does not give ye Chen a chance to escape.

The martial artists in the audience were watching the arena nervously.

Wang Chuan sweat on his forehead, once the situation is not right, direct hand, his apprentice can not have any mistakes.

Feeling the sword light in all directions, ye Chen smiles, and the immortal sword idea bursts out directly. The wooden sword in his hand, as if alive, raised his arm and waved it out.

Boom!

Wherever the sword goes, there are cracks in the arena. The whole arena can't bear the sword spirit of Ye Chen.

A sword went down, and suddenly there were shouts.

The martial arts in the audience all felt the terrible and murderous atmosphere.

Obviously, the sun is high, but let them feel a chill.

In the air, directly by the terrible cold condensation, sharp sword, cut out.

Stab!

Boom!

The rest of the warriors fell directly to the ground, and all the 19 warriors were defeated!

Ye Chen stood alone on the ring, the wooden sword in his hand had been folded up, but the martial artists in the audience showed a fanatical look.

"A sword king!"

All the disciples of the outer gate yelled in unison, and Wang Chuan couldn't help shaking.

This is his apprentice. Who dares to say that he will not teach his apprentice in the future?

There was a wry smile in the corners of the twelve hall leader's mouth. He knew Ye Chen was powerful and had to be admitted to the door anyway.

Now it's good, but it's cheap, Wang Chuan!

Ye Chen stepped up to the challenge arena step by step, and Wang Chuan rushed to him.

"Good apprentice, ha ha ha!"

Wang Chuan's heart excited mood, has been unable to describe with words.

His apprentice, a challenge to 19 people, easily defeated.

His apprentice is the only one in Shenjian palace.

As for the game, Wang did not leave the gate directly.

Ye Chen's current strength, even in the inner door can also be ranked first.

Enough to become the core disciple of Shenjian palace.

However, if you want to defeat those core disciples, then you can really contact the core of Shenjian palace.

At that time, ye Chen would have the right to speak.

Wang Chuan takes Ye Chen back to the mountain and gives a lot of good things to Ye Chen.

Let him practice hard and strive to enter the core disciple earlier.

As for Wang Chuan, he left in a hurry, not knowing what he was busy with.

Ye Chen has no heart to practice. When he comes to ye lu'er, he thinks of something. He forces blood essence from his fingertips and feeds it to ye lu'er.

After all, his blood works wonders.

However, the blood had been fed for a few days, and ye lu'er's pale face was much reddened.

However, ye Luo Er still did not mean to wake up.

He got the inheritance of Lin Qingxuan's medical skills in China and Kunlun deficiency, but this medical skill only aimed at Kunlun deficiency.

In the land of Lingwu, my own medical skills are just the tip of the iceberg, and many problems cannot be solved.

This is also his biggest regret.

If there is Tongtian medical skills, ye lu'er, Chu Ying, and even the reincarnation xuanbei in the body of zining, there may be a way to save it!

When ye Chen was sad, the demon emperor, who had been silent for a long time, said:

"Ye Chen, do you remember that a little girl on the island once gave you a storage ring?"

"At that time, I also fought with the spirit God of the beast before it dissipated."

Ye Chen a Zheng, this just remembered Island Chen family matter.

The storage ring, which can be snatched by the devil emperor and the king beast spirit God at the same time, is of great value!

"Devil, are you going to open it completely?"

The magic emperor nodded: "I need to use the strength inside to restore my body, and I am sure that there will be people awakened in the samsara cemetery!"

"It's time to open the seal of the kingdom."

"The chance inside You can't imagine it! "

Chapter 2136

Ye Chen is excited when he hears the voice of the evil emperor.

No more thinking, just take out that weird ring.

When Chen Ling gave it to herself, she said that the ring was handed to her by a mysterious old man.

It seems to control the origin.

But now it's obviously not that simple.

Ring in mid air!

A stabbing pain came from the center of the eyebrows, and a virtual shadow of the gathering of evil Qi suddenly appeared!

"Ye Chen, there are not many things that can excite me in this world. This ring is one."

"Sometimes I wonder why your chance is so terrible, just like There is some mysterious force leading step by step... "

"It's a bit like playing chess. Your chess piece seems to have plundered the fortune of heaven and earth I feel terrible as a bystander. "

"I'm afraid that what you have to face will be more terrible than what I faced in ancient times."

The devil said slowly, gazing at the ring.

Ye Chen took a deep breath and suddenly opened his mouth and said, "devil emperor, start it."

"Good."

The magic emperor stretched out his fingers, closed his eyes, and began to pinch.

Then, a black crystal sarcophagus suddenly appeared!

It's the sarcophagus that nurtures the body of the demon emperor!

"My strength is not enough to open the ring, but a part of the power of the dark devil is in the crystalloid sarcophagus."

"Today, it's going to cost a lot, but it's worth it."

With that, the magic emperor clapped it out with one hand, and the endless evil Qi went towards the ring suspended in the air!

In the center of the ring, there is an endless whirlpool.

It's like a storm center.

Ye Chen is far away from the ring, but still feel the pressure is huge!

However, he was surprised to find that in the samsara cemetery, a tombstone was shaking!

Great power is coming out!

"The cloud array of spirit demon, the heaven and earth turn the devil, crack all things! Seal my heart

The devil emperor yelled, five fingers hard toward the vortex center to grasp!

The raging air is surging!

The whole house is shaking!

Not only that, but also the sword palace!

Within a hundred Li, the animals move and the flowers wither! Dark clouds cover the sky.

Qi Qi, the hall leader of the twelve peaks, came to the top of the mountain and looked at the dark clouds in the sky.

"Something is going to happen in Lingwu."

"Why did all this change start from the Shenjian palace?"

And the roof of Shenjian palace.

Looking at the vision of the sky, the patriarch's expression was extremely complicated. Finally, his eyes fell on the place where ye Chen and Wang Chuan lived, and murmured: "Ye Chen is a dragon that can't be hidden in my Shenjian palace."

.....

Inside the house.

Ye Chen looks at the ring nervously, and he even finds that with the ability of the devil emperor, he is also full of difficulties.

What is the origin of this ring!

I don't know how long after that, ye Chen found that the whirlpool of evil Qi gradually changed!

Colorful light covers!

The whole room seems to have become a bright galaxy.

"Bang!"

Suddenly, the demon emperor stepped back a few steps, his face full of surprise.

Ye Chen rushed forward and said curiously, "the devil emperor, did you fail?"

The devil shook his head. "There seems to be something wrong."

"But I can't solve it."

"This prohibition seems to recognize the Lord."

"I thought I could break it, but now I need a key."

"Key?" Ye Chen has more headache.

Where can he find the key?

At this time, the evil emperor thought of something, seriously said: "this thing will not appear at will, you drop a drop of blood essence to try."

Ye Chen is a little speechless, but still did.

Blood essence forced out, instantly fell in the center of the colorful light.

The next second, a strong force surging!

Then, ye Chen found that in the samsara cemetery, a tombstone glittered with dazzling light!

It's ready to move!

The sound of "not so clear!

The ring broke on the spot!

This is not over, ye Chen found in front of unexpectedly appeared three things.

First, it's a black stone.

He took out some of the black leaves of his pocket.

"This is the source of the stone, the most powerful source of power in the world, but your own stone is much more mysterious than this source stone," the devil explained

"Of course, this small stone of origin can also make people in the kingdom of God crazy."

"Good stuff."Ye Chen's eyes fell on the second thing again.

It's a gold needle.

The gold needle is engraved with extremely mysterious words.

Ancient medical God!

Ye Chen stretched out his hand and held the gold needle. He could feel the emotion of the tombstone in the reincarnation cemetery.

It seems that the tombstone is the ancient god of medicine!

The third thing is a jade vase.

Ye Chen doesn't know what is in the jade vase.

But he found the magic emperor's eyes staring at the jade bottle extremely hot!

Absolutely to treasure!

"Ye Chen, this thing should be regarded as your thing. Can I ask you to give me a drop of jade bottle liquid?"

"I only want one drop."

Ye Chen has some doubts: "demon emperor, what are these things?"

"If you want to use it, take it."

The jade bottle appeared in the palm of the devil emperor.

The evil emperor opened it carefully, dropped a drop into the black crystal sarcophagus, and then directly handed it to Ye Chen's hand.

"Ye Chen, you don't know the value of these things."

"If I guess correctly, the contents of this ring belong to the ancient medical God."

"Do you know the legend of the ancient god of medicine in the land of Lingwu and even the kingdom of God?"

"In the land of Lingwu, the strength of a warrior can shake the heaven and earth, and the longevity is infinite. There is no need for a doctor!"

"However, no matter how strong you are, you will face life and death."

"And this ancient medical God is the existence that can revive the fallen strong!"

"His medical knowledge is the peak of Lingwu land, and his martial art is extremely simple, only one move."

"That is the ancient gold needle."

"It is said that at the peak of the ancient medical God, it only takes a needle to kill a Taixu peak strong man."

"The needle falls, death comes!"

"And there is no medicine in the world."

"It's just that such a rebellious medical skill has suddenly disappeared."

"No one in the world has ever seen the Canggu medical God, let alone his whereabouts. It is said that the heavenly palace of the kingdom of God once invited Canggu medical God to do it at all costs!"

"However, in front of countless families of the kingdom of gods, the ancient god of medicine refused the heavenly way palace!"

"Why he disappeared is still a mystery in Lingwu land."

"In his life, the ancient god of medicine has done nothing but seventeen times, and every one saved is a strong one who has cut through adversity."

"His temper is extremely strange. Although he is good at medicine, he is famous for his failure to rescue the dying or even accept apprentices. It is a pity that his medical skills did not stay in the land of Lingwu."

The evil emperor said that, the mood is difficult to calm down.

It will take time for him to recover.

If the ancient god of medicine is willing to do it, I'm afraid it won't take seven days to wake up!

Chapter 2137

"By the way, ye Chen, the reason why I was so excited just now is that the jade bottle should be Canggu Xuan liquid, and the value of a drop is immeasurable!"

Hear here, ye Chen is not nonsense, directly came to the reincarnation cemetery!

If this ancient medical God is really as powerful as the evil emperor said, ye luo'er and even Chu Ying of Jiuyou kingdom can wake up immediately!

Ye Chen stood in front of the tombstone of the ancient medical God, arched his hand and said, "master, I am the tomb owner of the samsara cemetery. I hope you can help me to help my friend."

However, the words are still declining, a mysterious breath surging!

The Canggu gold needle in Ye Chen's hand flew out and fell steadily on the tombstone.

"First, this gold needle belongs to me."

"Second, I don't save people."

"Third, get out."

Extremely proud attitude!

Ye Chen just want to say what, the next second, a powerful force actually pushed him out.

Ye Chen touched his nose helplessly, although he said that the powerful temper of reincarnation cemetery may be very strange.

But it is still the first to be so popular.

The devil emperor looked at Ye Chen: "well, I'm a little weak, first into your eyebrows."

"The ancient god of medicine had no taste for it, and it was very strange."

"Although the strength is general, but the medical skill is the whole Lingwu continent."

"With the Canggu Xuanye, my physical recovery can be accelerated a lot."

"Thank you."

The evil Qi dissipated.

Ye Chen felt the tombstone of the ancient medical God and sighed.

After that, he collected the original stone and took out the jade bottle and dropped a drop in yelol's body.

Luo Er found many lightening leaves in his body!

It's amazing.

Just as ye Chen was about to drop another drop, the voice of the ancient medical god suddenly sounded:

"if you drop another drop, the girl will die."

Ye Chen slightly one Zheng, hurriedly stops.

And the devil emperor also explained: "this Cangu Xuan liquid is very unusual. I can only bear a drop. Ye Luo'er's body is seriously injured now. If you drop another drop, your body will not be able to bear it, and no one can save it."

Ye Chen can only put things away.

It seems that you'd better get a clean sword box as soon as possible and leave.

.....

The vision is over.

It's in a magnificent hall of Shenjian palace.

Wang Chuan and the hall leader of twelve peaks gather together in a hall, just above is the leader of Shenjian palace.

"Lord, I think it's not right to let Ye Chen enter the forbidden area now."

One of the hall leaders spoke directly. All the strong men in the whole clan knew about Dabi.

This time, the hall leader and the patriarch discussed together because of Ye Chen.

At present, ye Chen's potential is in the eye of all the people in the Shenjian palace. The forbidden area of the divine sword is the core forbidden area of the palace. Even the core disciples may not be able to enter it.

"Master Xiao, what do you mean? My apprentice is extremely arrogant. How can I not enter the forbidden area of divine sword? "

Wang Chuan was in a hurry. He slapped his hands on the chair and looked at master Xiao angrily.

As soon as he got angry, hall leader Xiao did not dare to speak. He was also afraid of Wang Chuan.

"Martial uncle, you sit down first. Isn't this a discussion?"

The leader of Shenjian palace looked at Wang Chuan with a headache.

It's also because of Ye Chen's talent that he wants to go into the forbidden area of the divine sword.

"Patriarch, I don't think ye Chen has a sense of belonging yet. It's better to wait for him to enter the core disciple, and then we can arrange him to enter the forbidden area of Shenjian."

Snow ting a mouth, pour is also no one to refute.

"That's a good proposal."

The rest of the hall leader echoed. Ye Chen is now in the inner gate. I'm afraid it will be several years before he wants to enter the core disciple.

These years, enough to let Ye Chen have a sense of belonging.

It's not too late to let him in.

Wang Chuan didn't say anything. He also knew that there was nothing wrong with the family affairs.

The master of Shenjian palace pondered for a moment and then nodded his head.

This situation can not be better, and after ye Chen has a sense of belonging, it is not urgent to go in again.

"Lord, that's it. When my apprentice enters the core disciple, he must be allowed to enter the forbidden area of divine sword."

Wang Chuansheng was afraid that they would repent.

For ye Chen, he is confident enough that he will soon be able to enter the core disciple.

"Don't worry. What my Lord has said is as good as his word."

The leader of the Shenjian palace couldn't laugh or cry, but he also knew that Wang Chuan loved his disciples.

Night is coming.

Wang Chuan finds Ye Chen and thinks again and again. He tells Ye Chen about the forbidden area.

He hopes that the forbidden area can make ye Chen's cultivation full of motivation. However, ye Chen's eyes were full of excitement and said: "master, is there anything hidden in the forbidden area of the Shenjian palace?"

"Is there a strange sword case?"

Wang Chuan fell into memory and shook his head: "I can't remember the details."

"As for the sword case, it is possible."

"I heard that the predecessors of Shenjian palace had been to a mysterious place in Lingwu land and brought back something."

"Besides, he has been in the forbidden area for a hundred years."

"But somehow, he was found dead in the forbidden area."

"Since then, the forbidden area has been completely closed."

"After the fall of the last patriarch, the present patriarch, without knowing why, has set up a rule. The core disciples have the opportunity to step outside the forbidden area and feel the sword spirit of the Shenjian palace..."

That night, ye Chen and Wang Chuan talked a lot.

He felt vaguely that the elder of the Shenjian palace must have gone to the kingdom of God!

The sword box must be brought back!

It takes one or two years to become a core disciple, but he can't wait so long!

He is strong enough to push everything!

This year or two, he will shorten it to one day!

.....

The next morning, ye Chen came to the inner door alone.

After entering the inner gate, all the martial artists trained in Shenjian palace have their own independent yards.

But ye Chen didn't want to trouble, and he always lived on the top of the mountain.

Ye Chen came to the inner door and met some disciples, and they all said hello.

They have already heard about ye Chen's deeds.

It is impossible for them to offend such arrogance.

Ye Chen all the way to the inner gate to enter the core of the martial arts arena, and the outer gate, the arena is not too many people.

It's easier to enter the inner gate, but I'm afraid it's difficult to enter the core disciple.

There are only dozens of people in the whole martial arts arena, and everyone's realm is higher than ye Chen.

And they are surging with a strong sense of killing, which is absolutely amazing in actual combat.

They have enough strength to attack the core disciples.

Ye Chen's eyes are slightly narrowed. According to the ranking, Shenjian palace is indeed weaker than xuan yue zong.

But if the Lords of the Shenjian palace compete for the rank, I'm afraid the Shenjian palace will be far higher than xuan yue zong.

It may even have a chance to become one of the top forces in Lingwu mainland.

He was really curious. The leader of the Shenjian palace didn't seem to like to show off.

What are you hiding from here?

Chapter 2138

As soon as ye Chen appeared, everyone was at a loss.

"He has just entered the inner door. He will not challenge the core disciples, will he?"

"How could it be? I feel like I'm here to see. "

Some martial arts whispered in a low voice. If they had just entered the inner door, they would have to challenge their core disciples.

Are they still alive for the disciples who have been in the inner gate for many years?

Ye Chen came to an elder step by step.

When the elder saw Ye Chen, he also showed a smile.

Now ye Chen is a legend in the whole Shenjian palace.

"Elder, I want to challenge the core disciple!"

A word of astonishment, a word let the present martial arts, scared.

This This Is Ye Chen really going to challenge his core disciples?

Everyone did not expect that ye Chen should be so crazy.

Just entering the inner door, they have to challenge the core. How can they feel?

The news that ye Chen wants to challenge the core disciples is like having wings, which is introduced into the inner door.

Basically, all the inner disciples know that ye Chen wants to challenge the core disciples, and they all come to the martial arts arena to see the excitement.

Even some martial artists think ye Chen is arrogant and arrogant. A warrior in the six levels of heaven in the world of nature also dares to challenge his core disciples.

"If you want to challenge the core disciples, you should at least have the strength of Xingqiao state."

The elder looked at Ye Chen and just wanted to speak.

At this time, ye Chen step on, powerful momentum rushed to the sky!

The elder's face changed slightly. Is it too fast for ye Chen to improve his strength?

"Well, you wait for an hour, and I will arrange for the core disciples."

Not every core disciple has the time to accept the challenge, but also to see if others have time.

Originally, Wang Chuan was still resting in his room. When he found out that ye Chen was not there, he came down from the mountain to look for it. However, he heard that ye Chen was going to challenge his core disciples.

Scared, he came to the arena in a hurry.

What's the matter with the disciples you've collected?

It's only a few days to challenge the core disciples. Will you challenge the Lord in a few days?

Madman!

A complete madman!

When he found Ye Chen, he said nervously:

"Ye Chen, your current strength is not the opponent of the core disciple. Come back with me quickly."

He doesn't want Ye Chen to make a fool of himself in public. Which of his core disciples is not a genius of the clan?

Although Ye Chen is able to challenge beyond the level, he doesn't think ye Chen can win.

His plan now is to give ye Chen a year's breakthrough time!

"Master, I want to have a try, even if I lose, it's OK."

Ye Chen will not say in front of Wang Chuan that he can be 100% in the core disciples.

Otherwise, Wang Chuan would think he was talking big and asked him to go back.

Wang Chuan pondered for a while and finally nodded his head.

He wanted to let Ye Chen suffer, otherwise he would have a good journey and develop a proud personality.

Soon an hour passed. The elder came to Ye Chen and told him that there was indeed a core disciple who had time.

Ye Chen naturally agrees, but he doesn't believe that there are core disciples in Shenjian palace!

As long as it is not a strong seal, ye Chen is sure to win!

He stood on the arena, and soon a warrior with a sword on his back and a ferocious scar on his face came on the stage.

Behind him, there are many sword marks. His whole body has no fierce momentum, but everyone can feel a sense of oppression.

"This This is the sky of war. Why did he come here? "

"Ye Chen is doomed to defeat!"

"I know that in order to sharpen his sword sense, Zhan Tianqiong entered Wanlong mountain for seven days and seven nights, and finally escaped with serious injuries. I heard that he successfully escaped in front of a demon beast close to the door."

At the bottom of the martial arts arena, ye Chen has thought that one move will be defeated.

Zhan Tianqiong is very powerful among the core disciples, and his sword skills are superb.

All martial artists think ye Chen's luck is bad!

If you want to enter the core disciples, sometimes luck is part of it.

Some inner disciples can succeed by challenging the weak core disciples.

Wang Chuan, under the martial arts arena, was also slightly nervous.

Ye Chen's face can not see any change, a pair of eyes have never been wave.

"You are ye Chen?"

Zhan Tianqiong is standing on the challenge arena with his eyes fixed on him.

Even the core disciples have heard about ye Chen.

"Yes, today I will enter the core disciple, my time is precious."

Ye Chen's words made all the soldiers present laugh.

Ye Chen is really arrogant. It is impossible for a creator to enter the core disciple. In the history of Shenjian palace, no one of the disciples of the realm of nature can enter the core.

There are 1000 inner disciples, but few can enter the core.

"If I stay a few more years, I may not be your opponent, but now? I don't care about you yet

Everyone who can enter the core is Tianjiao and has his own pride.

Ye Chen smiles but does not speak, takes out a wooden sword.

As soon as the wooden sword came out, there was an uproar!

If ye Chen's challenge before, using wooden sword is strong!

Now ye Chen's use of wooden sword is tantamount to death!

Zhan Tianqiong takes out the Epee from his back. The sword in his hand is at least ten thousand jin.

If you go down with a sword, all powerful monsters can be smashed into powder.

Every core disciple has the ability of leapfrog combat!

Boom!

The six roads behind Ye Chen are buzzing.

The Qi of Gengjin surrounds the whole body.

Ye Chen's breath erupts unceasingly, Zhan Tianqiong holds Epee in hand and frowns.

Now the breath of Ye Chen has threatened him.

War!

Ye Chen holds the wooden sword in his hand, and the whole figure suddenly rushes past.

At the moment of rushing past, with the help of the strength above the challenge arena, he directly rushed to the sky, holding the wooden sword in both hands, and suddenly cut it down.

Ye Chen didn't use any skills, just the simplest sword meaning.

The road leads to Jane.

These are the simplest offensives, and the sky is constantly retreating.

Bang!

Zhan Tianqiong holds Epee in hand, blocks Ye Chen's wooden sword, and then kicks out!

This foot definitely has the power of tens of thousands of Jin!

There is no doubt that you will die!

However, ye Chen is in full view of the public, stretched out his hand!

At the moment of grasping, ye Chen stabbed Zhan Tianqiong's chest with a backhand sword.

The battle sky dome breaks free Ye Chen's finger, the whole person's figure suddenly retreats between.

When he retreats, ye Chen refuses to give up and rushes madly.

The warrior under the challenge arena was stunned. He thought Ye Chen would be killed by the second.

Who knows, now it's against the sky.

Now anyone can see that Zhan Tianqiong is at a disadvantage.

Wang Chuan set off a storm in his heart! He found that he didn't know his apprentice at all, but the surprise Ye Chen brought him was bigger and bigger.

Chapter 2139

Zhan Tianqiong's face gradually became ugly.

What's going on right now is too humiliating.

"Ah

With a big drink, Zhan Tianqiong suddenly rushed to the sky, and the Epee in his hand suddenly fell down.

If this sword goes down, it seems that the whole void is solidified!

The force of terror, let the gusts of wind around, ye Chen's clothes blowing, but there is only indifference in the eyes.

Although the realm of the sky is not strong, the power of terror is too strong.

"Zhantianqiong, this is the secret place of Shenjian palace. Ten thousand swords belong to the clan! See you off

Ye Chen did not intend to bully Zhan Tianqiong with his powerful martial arts.

And he didn't release his full strength.

If you defeat Zhan Tianqiong immediately, it's not good for you to find the sword box.

Behind Ye Chen, there are countless virtual shadows of sharp swords, which condense in the air and shoot out suddenly.

Whoosh! Whoosh!

The light of swords confused people's eyes, and they couldn't see the situation clearly.

The sword light flies away. At the moment when the sword light rushes past, his whole figure also flies out.

Boom!

In the light of ten thousand swords, ye Chen stabbed him.

Zhan Tianqiong's body was slashed by sword Qi.

Ye Chen's sudden figure rushes over, making Zhan Tianqiong unprepared. In a hurry, he can only block with his sword case.

Although the power of the sky is big enough, ye Chen's body is stronger.

Boom!

With a blast, the whole figure of the man in the sky flew backwards.

Stab!

The sword light suddenly and directly erupts, the void vaguely shakes, and the whole arena collapses.

Ye Chen has been hiding the strength, is to send out the final strike at the critical moment, let Zhan Tianqiong defeated.

The dazzling sword light makes the warriors below the challenge arena unable to see what happened on the field.

Boom!

When the sword went down, the dust was flying. When people saw the situation clearly, they found that the whole man in the sky had fallen to the ground.

On his chest, there is a sword mark, which is full of terror.

The elder on the side was forced to fight against the sky!

How long has that been!

Wang Chuan rubbed his eyes and looked at Ye Chen. His breath was a little short!

Is that not to say that ye Chen is already the core disciple now?

On the contrary, ye Chen has only calmness on her face.

He stepped out one step and came to Wang Chuan. He arched his hand and said, "master, can I enter the forbidden area ahead of time now?"

"The road of martial arts is endless."

"I want to pursue the sword meaning of forbidden area."

Wang Chuan was stunned and his expression was strange.

In the end, ye Chen was just going to the forbidden area of Shenjian?

However, from the beginning, he wanted Ye Chen to go to the forbidden area of Shenjian. At this juncture, he would not refuse.

"Go, disciple. I'll take you to the Lord."

The patriarch said yesterday that as long as ye Chen reaches the core disciple, he will give him a chance to enter the forbidden area of divine sword.

Yesterday just promised things, did not expect Ye Chen today became the core disciple.

After ye Chen left with Wang Chuan, his disciples in the martial arts arena were still in a state of muddle.

Become the core disciple in this way?

They just become inner disciples and become core disciples in less than a day. They just feel that it is too unreal.

Soon the success of Ye Chen's challenge to the core disciples spread throughout the whole Shenjian palace.

Is already boiling!

Ye Chen's strength also renews people's cognition once again.

It's too scary.

As for ye Chen, he followed Wang Chuan to the palace.

Sitting right above is the leader of Shenjian palace, Jian Jiuhan.

Jian Jiuhan looks at Ye Chen and his eyes are slightly narrowed. It seems that he wants to see through all the secrets of Ye Chen.

"It's the core of the master's sword. It's not my God's sword."

Wang Chuan didn't go on, but the meaning was obvious.

What you promised at the beginning, now ye Chen has become the core disciple. You can't play tricks.

"Martial uncle, do we need to discuss this matter with other hall leaders?"

Jian Jiuhan smiles and says.

"Lord, you promised me. If you don't let Ye Chen go in, you will be at your own risk."

Wang Chuan patted the stool and stopped working immediately!

In terms of seniority, he is higher than the patriarch!

Ye Chen, standing on one side, was also shocked. He didn't expect that this cheap master was so fierce.

Jian Jiuhan's face changed slightly. If it really happened there, he had no reason to refute it.

After all, he promised Wang Chuan to wait for ye Chen to enter the core disciple and enter the forbidden area of Shenjian. Who knows what was promised yesterday, today Ye Chen has become the core disciple.

Nobody thought of it!

"Martial uncle, what's the matter? Let's discuss it slowly. Don't worry."

For his martial uncle, Jian Jiuhan has no way.

"What, talk about it slowly? I don't care. Today I have to let my disciples enter the forbidden area of divine sword. "

Wang Chuan said coldly.

It's hard to meet such a talented disciple. He doesn't want to leave!

Jian Jiuhan rubbed his forehead with one hand and a wry smile at the corner of his mouth.

Ye Chen's talent is really extraordinary, but the origin still needs to be thoroughly checked.

At the beginning, it is not that such an example has not happened. This is the main reason why Jian Jiuhan wants to delay.

Otherwise, ye Chen would have been in the forbidden area of Shenjian.

"Well, let Ye Chen challenge the three core disciples. If they can succeed, I will let him enter the forbidden area of divine sword."

As soon as he opened his mouth, Wang Chuan was not happy.

Although his cultivation is not high, he is not a fool. Is it not clear that his apprentice will retreat in the face of difficulties?

He is very clear about the strength of the three core disciples. Ye Chen is hard to be an opponent by himself.

When Wang Chuan was ready to say something, ye Chen stopped him and said to the palace master, "OK, I challenge the three core disciples."

Ye Chen has enough self-confidence, and the three core disciples are not his opponents.

Jian Jiuhan nodded slightly and then said, "you go back first. I'll see you in an hour. I'll inform you later."

Besides, Wang Chuan agreed to leave with Ye Chen.

After ye Chen and Wang Chuan left, Jian Jiuhan murmured: "Ye Chen, if you are the one who is destined for that thing, it's good."

"If not, I might kill a genie who can dominate the land of Lingwu by myself."

.....

Soon, Jian Jiuhan released news that ye Chen would challenge three core disciples one hour later. Basically, the whole Shenjian palace knew about it.

Ye Chen has not yet arrived, but the arena has already been crowded.

One by one, they whispered that ye Chen was challenging the three core disciples. Basically, no one was optimistic about it.

Every core disciple is a genius, and leapfrog challenges are common.

How long did ye Chen come to Shenjian palace? If you want to challenge the three core disciples, you are just like a fool talking about dreams.

Chapter 2140

Ye Chen has not yet arrived, but as soon as the three core disciples appear, there is a cry of surprise.

"I didn't expect to be the top three core disciples."

One of the disciples opened his mouth and said that he did not expect this kind of situation.

The top three core disciples of Shenjian Palace are the three strongest disciples in Shenjian palace!

Each one has reached the top of the star's body, even the level of a half step blocker.

Even if the twelve hall leaders are against these three people, they may not be able to retreat completely!

These three people represent the real demons of Shenjian palace!

It is also a popular candidate for future hall leader and patriarch!

Looking at the land of Lingwu, they are all extremely evil geniuses!

Not only that, Kong Xiang, the top ranked one, was admitted to Shenfeng college, one of the four mysterious colleges in Lingwu mainland!

But he refused directly!

"I really don't know what the patriarch, the old man, thinks. Let's deal with a fortune world together."

Next to Kong Xiang, a disciple in a blue shirt with snow-white hair had a feather in his mouth.

This person is the core disciple, ranking second, Lan Yu.

Beside blue feather, a man in black, with a cold look on his face, stood there motionless, like a statue.

Yue Hai held a sword in his hand. There was a soft light in his eyes. It seemed that this sword was his ardent lover.

The three core disciples are quietly waiting for the stage.

After ye Chen and Wang Chuan arrived, Wang Chuan happened to see the three core disciples on the martial arts arena. They were not angry for a moment.

Aren't these the top three core disciples?

Although Wang Chuan knew that the patriarch would deliberately target him, he didn't expect that it was so obvious.

"No, I have to go to the patriarch for theory!"

Wang Chuan only felt that the anger in his heart could not be controlled. If he went on like this, he had to be angry.

"Master, it's OK!"

Ye Chen held Wang Chuan in his hand and couldn't laugh or cry in his heart.

For his cheap master, ye Chen still has a lot of respect in his heart.

Ye Chen said good and bad, and finally let Wang Chuan agree, not to trouble the patriarch.

This time, about his challenge, all the twelve hall leaders came to set the seal.

In order to prevent the breath of battle from spreading to other disciples.

Within a few days, ye Chen became more and more crazy, even if it was them, there was a little complexity in their hearts.

They want to see if ye Chen can beat the three core disciples, though the hope is slim.

What they want to know most is Ye Chen's real combat effectiveness.

When ye Chen entered the core disciple, he did not seem to have exhausted all his strength.

This time, the top three core disciples together, absolutely can let Ye Chen burst out of real strength.

This is what they are looking forward to most!

Although Wang Chuan promised Ye Chen, he was indignant in his heart and came to the observation platform.

The twelve hall leaders also know why. No one will touch Wang Chuan's misfortune.

Everyone knows that when ye Chen was allowed to enter the core disciple, he arranged to enter the forbidden area of Shenjian.

Originally, they thought that ye Chen would be able to enter the core disciple for two or three years. Who knows

When they think about it, they feel like a big mistake.

I should have told ye Chen to go back in two or three years.

Ye Chen staged the martial arts arena step by step. When his figure appeared, there were bursts of cheers.

During this period of time, ye Chen's popularity in Shenjian palace has been rising.

"A sword king!"

"A sword king!"

Cheering deafening, ye Chen did not expect that he would have such a big popularity.

When ye Chen stands on the challenge arena, his eyes are on the three core disciples in front of him.

When he saw one of them, his eyes shrunk slightly, and Kong Xiang's strength had reached the goal of sealing the door, but his strength was always hidden.

And there was a cold danger.

"It seems that the Shenjian palace is really mysterious. There are not many core disciples in the whole Lingwu land."

"Just now I heard that this man refused the sacred wind academy, and the patriarch did not expose his strength."

"I'm afraid there's a big secret in this palace."

"It's just that secret. It's really the six sword boxes that are so beautiful?"

He took out a wooden sword with his eyes.

In the palace of shenjiansong, there is a mirror beside Jian Jiuhuan, which is just the picture inside the martial arts arena.

This time, he specially asked the top three core disciples to make a move, that is to confirm Ye Chen's real strength.

On the arena, Kong Xiang and his three men took out their swords and looked at Ye Chen."Are you sure you still use this broken wooden sword?"

"If you insult the sword, you will die."

A voice of absolute cold sounded.

Ye Chen smiles: "wooden sword is used to."

Language down, three kill means instantly locked Ye Chen!

Although the war has not yet started, the disciples of Shenjian palace feel a sense of depression and begin to diffuse.

Ye Chen holds a wooden sword in his hand and suddenly rushes to kill him.

In the moment he rushed past, Kong Xiang and the three of them moved.

One attacked from the front, and the other two disciples flew into the void.

Although they feel that it's a bit overkill to use three people to deal with Ye Chen, but the rabbit game still needs to do its best.

Ye Chen, like a sharp sword, flies away. The wooden sword in his hand explodes with terror.

The breath of immortal sword is gushing from the wooden sword.

The spirit of the sword is wanton. The wooden sword in Ye Chen's hand rises and falls. A sword suddenly cuts out.

Stab!

A sword light rushed to Kong Xiang crazily. For ye Chen, Kong Xiang was the biggest threat.

To catch the thief, ye Chen decides to get rid of Kong Xiang first and then deal with the other two people.

Making up his mind, ye Chen's figure rushes to Kong Xiang crazily. As for Lan Yu, they don't pay any attention at all.

If you use the wooden sword and your own moves, there is not too much pressure to deal with the three, but his identity can not be revealed at present.

"The blood of God, the spirit of Gengjin!"

Ye Chen murmured at the corners of his mouth, and the breath of the whole person rose directly.

For these three people, he did not dare to be too careless.

After all, these people have the ability of leapfrog combat!

When the sword came, Kong Xiang stopped it with his sword.

Also at this time, behind the leaf Chen blue feather two people rush to kill.

The sword of terror is intended to spread behind Ye Chen.

At the moment when ye Chen turns around, he waves a sword directly.

Boom!

A sharp sword light suddenly rushed past.

At the moment when the sword Qi rushes past, ye Chen himself and Kong Xiang open a distance.

When he opened the distance, he took up his wooden sword and shot out with one blow.

Lan Yu didn't expect that ye Chen, who had left, charged again and came directly to his side.

Can't help, blue feather stubbornly Received ye Chen a fist, immediately only felt his own Qi and blood surging.

Almost a mouthful of blood came out of the mouth.

Lan Yu looks at Ye Chen with shocked eyes.

Ye Chen's physical strength is so powerful!
