

Physician 2141

Chapter 2141

Everyone can see that ye Chen, one by one, is hot blooded. Ye Chen, with one enemy and three enemies, not only does not fall behind, but he is also skillful.

The shouting on the scene, more than one floor.

Wang Chuan saw this scene, a happy smile, even if ye Chen failed, there is no shame.

Who dares to say that he will not teach his apprentice from now on?

Ye Chen's face does not have any proud look, he knows, at present only just warms up.

None of the three men's cards appeared, and the battle is just beginning now.

Lan Yu clenched the sword in his hand and came to Ye Chen's side in the blink of an eye.

The sword in Lan Yu's hand broke out into bright light.

The light flashed, and a fierce sword spirit rushed directly.

Ye Chen takes out the wooden sword and blocks it directly. A sword flower appears in his wooden sword.

The sword flower flows in the air and rushes in a flash.

In the rush past, Lan Yu's sword directly cuts off, and the strength of the top strong person breaks out directly at this moment.

Kong Xiang suddenly came to the left of Ye Chen at the moment, and his cold sword idea suddenly released!

Not only that, when Kong Xiang made a move, Yue Hai came to his back.

The sword Qi in his hand broke out directly, and his sword was suddenly cut out.

Three side attack, let Ye Chen have no way to avoid.

"Break it for me!"

Ye Chen roared, he waved a sword to go out, one after another sword spirit continuously rushed past.

The disciples outside were terrified and didn't know if ye Chen could break through.

If not, I'm afraid Ye Chen will lose!

In Lan Yu's hand, he takes out a small bag. When he sees the small bag, ye Chen frowns.

Last night, Wang Chuan talked about the strength and means of all the core disciples.

Lan Yu's strength is not particularly terrifying, but there is a way to control animals.

It can be used to fight the monsters that have been subdued.

When the monster bag opened that moment, a huge beast appeared in front of Ye Chen.

The giant beast makes the sound of Zizi, which is as fast as lightning!

In the moment when the beast rushed over, ye Chen didn't have any hesitation, and the wooden sword in his hand was directly cut out.

A sword in the air!

One sword breaks ten thousand methods!

When the immortal sword idea rushed into the wooden sword, Lan Yu suddenly felt a huge sense of crisis.

The source of this sense of crisis comes from ye Chen.

Boom!

A sword swept open, like a roar of a dragon, rushed to blue feather.

All the disciples watching the battle can feel the horror of this sword.

If this sword is put on them, it will definitely be ten deaths without life, and they will not survive at all.

Blue feather eyebrows are locked, and a strange mark is made in his hand. The beast rushes directly to protect his body.

He himself did not have any assurance, can withstand Ye Chen's attack, only can let the beast use the flesh body to resist.

Stab!

The beast let out a painful roar, and in a flash his body turned into blood mist.

Pooh!

Blue feather spits out blood and water, even if separated from the giant beast, can feel the huge impact.

Ye Chen's whole figure, suddenly rushed to kill in the past.

Lanyu has long been frightened by Ye Chen's sword and has no ability to resist.

When ye Chen rushes over, Lan Yu doesn't make a move at all and stands there.

If in the battle between life and death, Lanyu would have been killed.

Finally, ye Chen still recovered his strength.

Poop!

Blue feather's whole body suddenly retreats, a mouthful of scarlet blood spits out from the mouth.

"You don't have to do it."

Ye Chen finished, then turned to the remaining two people.

Kong Xiang's face became completely ugly.

Now only he and Yue Hai were left, and the battle became more difficult.

When he thought about how to defeat Ye Chen, he found that ye Chen's figure had come to Yuehai's side.

Yue Hai's cold cheek did not change. Instead, his sword in his hand directly rushed to kill him.

Yue Hai specializes in cultivating the heartless seven kill sword. Each sword has no feelings.

He has only sword in his mind, a swordsman who practices heartlessness, and only sword in his hand.

When the cultivation is merciless and lustless, the heartless seven kill sword will be regarded as a great accomplishment.

Boom!

When a sword comes, ye Chen's face does not change. Instead, he raises his hand and cuts out the wooden sword in his hand.

At the time of chopping out, the moment of contact between the two broke out a terrible muffled sound.

The onlookers were terrified to see it. Fortunately, there was a boundary set up by the twelve hall leaders. Otherwise, they could not bear the aftershocks."The boundary of killing!"

Ye Chen suddenly releases the boundary!

As soon as the boundary is out, everyone on the scene has changed color!

The realm of creation can release the power of the realm!

What a monster this is!

"Who are you?" Yue Hai was shocked.

Ye Chen laughs but does not speak, in a twinkling of an eye rushes past.

Stab!

A sword suddenly cut out!

At this time, there was no change on Kong Xiang's face, and a sword light rushed out.

The moment of contact between the two, a terrible explosion was made.

With this explosion, countless dust broke out, and the whole array barrier was crumbling.

Boom! Boom!

The breath of terror diffused and all the disciples took a breath of cold air.

Is this really the fighting power of the core disciples?

These disciples can't see the battle above the void. Only the twelve hall leaders can see the combat effectiveness above the void.

The sword meaning of a crossing measure is like a huge wave.

Boom!

There was a terrible explosion, and the two figures fell from the void. When they saw it, they found that Kong Xiang and Yue Hai were in a coma.

Hiss!

From the whole scene came the sound of exclamation, and ye Chen gradually fell from the void.

As he fell steadily, the whole scene exploded in an instant.

"A sword king!"

"A sword king!"

Voice for a long time did not disperse, Wang Chuan excitedly stood up, this is his apprentice, his pride.

Now in the Shenjian palace, who can be the opponent of his disciples?

"Ye Chen, I'll wait for you in the palace!"

Suddenly came the voice of the palace master. Ye Chen came down from the martial arts arena and came to Wang Chuan.

"The Lord asked you, do you need me to accompany you?"

Wang Chuan is very fond of his precious disciple.

Now who dares to attack Ye Chen, Wang Chuan himself has to go all out.

"No, master. I can go by myself."

Wang Chuan nodded slightly. Anyway, in the Shenjian palace, no one would harm Ye Chen.

Ye Chen came to the palace alone and found that Jian Jiuhan had already stood there.

His a pair of sharp eyes, staring at Ye Chen, seems to be about to see through Ye Chen.

"Ye Chen, that girl should be you rescued from the holy dragon family!"

"Do you know that the dragon family has launched a hunting order to find you?"

"What on earth are you hiding in the Shenjian palace for?"

Sword nine cold whole person roars a, a pair of eyes stare at Ye Chen.

At this moment, as long as ye Chen says a wrong word, Jian Jiuhan will make a move.

.....

At the same time, the entrance to the palace of swords.

Several figures stopped.

"Master Bingshuang, are you sure Ye Chen is in it?"

A clear voice rang out.

To our surprise, the owner of this voice is the northern palace Ziyu of the northern palace family in the western regions.

And there is a man and a woman standing beside the North palace purple jade!

The man is full of middle spirit, and his whole body is full of killing intention.

On the other side, the girl's eyes are like autumn water, her long hair flutters slightly, her slender willow eyebrows, her pretty Yao nose, and her delicate lips are extremely attractive.

The key girl's body is hot enough.

If Sun Yi is here, this is what ye must find!

Sun Yi gazed at the gate of Shenjian palace and was excited!

She knew that as long as she stepped into this door, she could see ye Chen again!

The God of frost sword glanced at the gate: "come on, according to Ye Chen's temperament, this sword palace will suffer."

Chapter 2142

The frost sword God came to the gate keeper of Shenjian palace and said, "I am the frost sword God of wanjiandi palace. I come to look for ye Chen. I don't know if he is in Shenjian palace."

"If you are, please let me know. I have something important to look for this person."

The reason why frost sword God and others like Beigong Ziyu is that a few days ago, Beigong Ziyu and a man and a woman went to wanjian palace.

After all, after all, ye Chen and the northern palace Ziyu said that they would go to wanjian emperor palace.

Beigong Ziyu knows that it is very difficult to find Ye Chen in the vast sea of people. Only wanjiandi palace is possible!

However, when they arrived at the palace of wanjian emperor, they knew about the family of Shenglong!

Shenglong family wanted Ye Chen in the whole Lingwu continent!

Beigong Ziyu thought it was impossible to see ye Chen.

However, the king of ice sword in wanjian emperor palace gave them an address.

It's Shenjian palace!

Not only that, but also let the frost sword God of wanjiandi palace escort all the way to Dongyu Shenjian palace!

The disciples of the Shenjian palace were still a little wary. When they saw the jade card in the hands of frost sword God, their looks suddenly nervous!

After all, the Shenjian palace, which is not famous, is a little weaker than wanjian emperor palace.

"Master, please wait a moment. I'll report it."

"You can have a rest in the pavilion next to you."

Frost sword God nodded, his eyes closed and he waited patiently.

After a while, the disciple of the Shenjian palace came out and bowed his hands and said, "gentlemen, it's windy outside. The hall leader wants you to wait inside first."

"But the person you are looking for has something important to do and can't come to see you."

Frost sword God's eyes narrowed slightly: "no problem."

A few people came to Wang Chuan's place and waited patiently.

Looking for ye Chen has been a long time, naturally do not care about the current time.

.....

At this moment, in the palace of divine sword.

The atmosphere was dignified to the extreme.

Sword nine cold kill machine release, as long as ye Chen's answer let him not satisfied, will completely kill this evil genius!

However, there was no change on Ye Chen's cheek at the moment. He said with a smile: "Lord, first of all, I'm not in the Dodge dragon family. You should know that when I wake up, I appear here inexplicably. It should be caused by the turbulence of space.

Because I didn't recover my strength, I had to stay in Shenjian palace temporarily. "

"Second, at the beginning, I didn't have any sense of belonging to the Shenjian palace. I just wanted to leave, even to participate in the selection outside the gate, just to return the favor of a little girl."

"However, after staying in the Shenjian palace for a few days, I gradually understand that I will not stay in the palace for long, but I have already admitted that the palace is my school."

"Master disgrace, disciple angry! If the school is hurt, I will kill you for nine days! "

"This sense of belonging is more from everyone's recognition, of course, the most important from the master."

"Master knows that he can't practice. His only wish in the Shenjian palace is to teach a famous disciple."

"The expectation in his eyes is similar to our burning eyes in pursuit of martial arts. I don't want to disappoint Shifu."

"Today, I am a disciple of Shenjian palace. In the future, I will still be a disciple of Shenjian palace."

"Even if you don't admit it, if there is any difficulty in Shenjian palace, I'm willing to do it at all costs."

A few words let Jian Jiuhan sink into meditation.

The whole scene suddenly becomes quiet, and ye Chen stands in place without saying a word.

Now all the decision-making power is in Jian Jiuhan's body, and ye Chen is ready to take a direct hand.

If the situation is not right, he will try his best to escape.

As for the sword case, we can only take a long-term view.

At this time, Jian Jiuhan said, "well, I won't investigate your origin. As long as you don't betray Shenjian palace, that's enough."

A word let Ye Chen heart inside a slight sigh of relief, no matter what, this level is over.

"You don't have much time about the forbidden area of the sword. Let's go now."

"Today, maybe your last day in the Shenjian palace."

Ye Chen slightly one Zheng, sword nine cold this sentence exactly is what meaning?

He's leaving?

However, the injury has recovered. It's time to look for Ji Lin and huishenhuo college.

.....

Soon, ye Chen followed Jian Jiuhan to a forbidden area of Shenjian palace.

There are countless swords in the forbidden area. The breath of each sword is extremely terrible.

"You should be very curious about why I have not exposed my strength and even tried to suppress the reputation and ranking of Shenjian palace."

"I just want to keep this forbidden area."

"The greater the reputation of Shenjian palace, the stronger its strength in the outside world, the existence of this forbidden area will become the fuse for the destruction of Shenjian palace." "But when you showed up, I had a premonition that the mission of the forbidden area would be over."

Jian Jiuhan said softly in one side.

Ye Chen nodded slightly, and walked for a long time, and finally came to a place.

This place is an open space, there is nothing, even the place of the transmission array.

As soon as the sword nine cold raised his hand, the essence and blood shot out, and the array moved. The whole ground was shaking, and suddenly a simple tower appeared.

The whole tower is not high, only 10 meters. When Jian Jiuhan waves his hand, the gate of the tower opens.

"Ye Chen, you go in by yourself. No matter what happens, don't be surprised."

The sword nine cold words, let Ye Chen a Zheng, also don't know what will happen inside, can only take a step to see a step.

When ye Chen enters, his figure gradually disappears. With a wave of sword Jiuhan's big hand, the gate of the whole tower is closed directly.

After closing, Jian Jiuhan murmured: "I don't know how many swords Ye Chen can get this time."

As soon as the voice falls, the whole figure of Jian Jiuhan disappears in place.

After ye Chen entered the tower, he found that it was dark all around.

Moreover, he was shocked to find that his elixir field and spiritual power were completely sealed.

Can't use it!

And this kind of control is still strengthening!

At this time, the voice of the reincarnation cemetery sounded: "disciple, it seems that the Shenjian palace is really not so simple."

"The tower actually contains a source of power for the eye of the array. It's so big."

"It can be said that it uses the power of the source to form a world of its own."

"Next, not only your elixir field will be sealed, but you will be isolated from the samsara cemetery and even the Meixin devil emperor. Otherwise, the reincarnation cemetery and the devil emperor will definitely be found."

"You will enter the artistic conception of the sword. If I guess correctly, the sword case is in it."

"As for whether you can get it, I'm not sure."

"Open your eyes."

The voice of the wind disappeared.

Ye Chen wants to communicate with the reincarnation cemetery. Sure enough, all the connections have disappeared!

There is no Dantian and cultivation, no samsara cemetery, if you encounter danger, what should we do?

Ye Chen opened his eyes and found himself in a dungeon with countless skeletons.

Chapter 2143

The whole dungeon is airtight, and the cold killing intention condenses around.

Ye Chen takes a look at himself and finds that his whole body has been handcuffed. He is extremely strong, and there is no way to break it with brute force.

"What is Jian Jiuhan doing?"

"Where is this? The world of swords? "

"Dantian was sealed, I also bear, why I opened my eyes on the shackles?"

Ye Chen really has a kind of impulse to curse people!

Creak!

At this time, when the dungeon opened the door, a beautiful woman appeared, dressed in gorgeous robes, and there were two disciples beside her.

"Are you the new disciple of Shenjian palace?"

"I didn't expect that Jian Jiuhan would let people in."

When she opened her mouth, her voice was extremely charming.

"You come out with me!"

With a wave of her hand, the door of the whole dungeon opens.

Ye Chen honestly came out, what is the situation now, he himself is not clear.

Ye Chen follows the woman to a palace. She lets the maid leave and stares at him.

Being watched by a woman like this, ye Chen has some hair in her heart. This beautiful woman won't have the hobby of accepting men's favor, right?

"The place where you are is called Chenzong. I am the leader of Chenzong. If jianjiuhan can let you in, you should have a good sense of sword?"

As it turns out, ye Chen thinks too much, and the master of Chen clan has no such idea at all.

Ye Chen can only nod.

"In that case, I can let you live and live in Chenzong for a while, but after ten years, I will help Chenzong fight for the Tianshen sword box!"

Ye Chen frowns. What is the Heavenly Sword box?

Is it the six sword boxes with clear wind?

No!

The sword box is no longer important!

What's important is that the leader of Chenzong said he would stay here for ten years?

Dantian was sealed for ten years??

Sword nine cold hair what nerve! What a test!

Ye Chengang was about to leave. The leader of the Chenzong said with a smile, "don't worry. It's ten years in the outside world."

"It's just a thought in between."

"As for why your elixir field is sealed, it is the rule here. You should practice again and forget everything."

"There is only sword in your heart."

"Dust laden heart, can not have any impurities."

"After all, this is the world of swords."

It seems that ye Chen is puzzled. The patriarch of Chenzong continues to say: "in the whole world of swords, there is a tomb of ten thousand swords. In ten years' time, no matter what forces, they will let zongmen's swords into it to compete for the divine sword."

The Lord of the Chenzong told ye Chen the whole thing.

At this moment, ye Chen has an intuition that the tomb of Wan Jian is the place where he is really tested.

In the world of swords, sword cultivation has no advantages. Instead, it is suppressed everywhere because of the rules of this world.

If a clan can get the God sword box, he can control the sword world.

Each time, the Tianshen sword box will only guard the zongmen for ten years. Once the deadline comes, it will return to the tomb of wanjian.

In ten years, ye Chen had no blood against the sky, no pills, no chance. He had to practice painstakingly.

And to reach the outside world's own realm, can be qualified to enter the tomb of ten thousand swords.

Time flies by in a flash, ten years in a hurry.

Ye Chen opens his eyes, and his breath stays in the six layers of heaven.

This decade, he was with the sword.

It is to make up for the regret of external practice.

He has an ordinary heart.

A reverence for kendo.

What's more, his immortal sword spirit was completely aroused!

Although he only has the strength of six layers of heaven in the realm of creation, and there is no devil emperor and reincarnation graveyard, he can still fight beyond the level!

This makes Ye Chen have a certain confidence and finally has the strength to protect himself in the world of sword.

The patriarch of Chenzong brings Ye Chen here and prepares to go to wanjian tomb according to the agreement.

They are not so strong in the world of swords. They can only have one qualification.

There is no sword cultivation, because ye Chen will participate.

At the beginning, when she noticed Ye Chen's body, she found that the sacred breath was related to the meaning of the sword, so she made the original decision.

Although there is little hope, we should try it in the end.

The location of wanjian tomb is random. As early as a month ago, there was a vision in a mountain range.

In the emptiness of the whole mountain range, there are large and small whirlpools, but the whirlpool is the channel leading to the tomb of wanjian.

When ye Chen follows the leader of the Chenzong, he finds that there are many forces around him.

Even if there are many magic sects, no sect can make a move within a month since the tomb of wanjian was opened.

The tomb of ten thousand swords is the biggest flourishing age in the world of swords. When that time comes, all kinds of sword cultivation will appear. Ye Chen looked up and found the whirlpool above the void.

At the moment, the whirlpool has not yet formed. It will take a day or two to wait.

One or two days later, the whirlpool had already formed. The Lord of the dust clan took a look at Ye Chen: "it's your turn."

Ye Chen slightly smile, directly into the void into the vortex inside.

This time he entered the tomb of ten thousand swords, I'm afraid he would not appear in the world of swords.

When ye Chen enters, a group of loose repair, one after another into.

After a bout of dizziness, ye Chen opened his eyes and found that all around were dense swords.

These swords are inserted in the mountains, and there is a continuous flow of swords in the air.

At this moment, ye Chen seems to come to the world of sword!

Around the sword around, the air is still floating sword light flying.

The sword light doesn't hurt anything. It's like an ornament.

There is no sun above the sky, but it is extremely bright.

Ye Chen doesn't think about it any more. He walks with his feet. No one knows where the Tianshen sword box is. Everything can only be done by fate.

When ye Chen walked for two hours, he found a group of martial artists, only three of them, but they were all the accomplishments of Xingqiao state.

When these warriors saw Ye Chen, the corners of their mouths showed a cruel smile.

In the tomb of wanjian, all the warriors are enemies except those of their own forces.

Ye Chen is the only one in the whole Chenzong, so he has no teammates.

The three martial artists of Xingqiao state came to Ye Chen's face, and then directly opened their mouth and said, "you can do it yourself."

In front of the six layers of heaven warriors in the realm of nature, they have arrogant and overbearing capital.

Ye Chen's face does not have any change, on the contrary, the corner of the mouth is hanging a trace if there is no smile.

He took out Tianchen sword in his hand, which was specially prepared for ye Chen by the patriarch of Chenzong on his way to here.

Three star orifices martial arts see this scene, immediately disdain a smile.

A mole ant in the six layers of heaven in the nature world wants to fight them?

"Yuechi, you go and solve him!"

One of them said!

The young man named Yuechi came out of the three figures with a ferocious smile on his face.

He clenched the sword in his hand and looked at Ye Chen with disdain. Then a sword suddenly rushed to kill him.

Ye Chen's eyes, without any fluctuation, then lifted the sky dust sword, immortal sword idea, burst out of his body.

Chapter 2144

A sharp sword light, emitting a dazzling light.

The breath of immortal sword is filled in the air. A sword is like a startling bird and falls suddenly.

Boom!

At the moment when the two touch each other, ye Chen's sword light directly tears Yuechi's sword Qi.

The sword light is like a broken bamboo, rushing to Yuechi!

Yuechi's whole face changed greatly. He didn't expect that ye Chen's sword light was so strong.

He just wanted to avoid, but found his figure has been locked.

When the moment of locking, the sword light suddenly came.

Boom!

With one sword, Yuechi's whole body was cut in two!

Hiss!

The remaining two Xingqiao martial artists took a breath of cold air. How could Yuechi be killed so easily?

Their legs have some shivering, looking at Ye Chen's eyes, completely changed!

This is not a soft persimmon, completely is a god of killing!

Run!

They did not have any hesitation to run away directly, facing Ye Chen completely did not have any intention of war.

Yuechi's strength is similar to that of them. One sword can kill Yuechi in seconds. I'm afraid they are the same.

"If you want to die, stay!"

Ye Chen drinks softly, and the sky dust sword in his hand suddenly cuts out two sharp sword lights.

Sword light burst out bright light, fast as lightning, suddenly rushed to kill in the past.

Boom!

The two fleeing figures fell directly on the ground without any rest.

In Ye Chen's eyes, all this is just a small episode. He puts away Tianchen sword and continues to walk forward.

After walking for an hour, ye Chen found that the sword meaning around him became stronger and stronger.

On a mountain peak, a sword box stands high in the sky, emitting a dazzling light.

There are six magic swords around the sword box!

The power of the sword is awe inspiring!

Three of them are very familiar with Ye Chen!

Together, the golden awn covers the sky!

Cut the sky!

Together, burn the sky!

Burning the sky!

The third is the third sword containing the supreme thunder!

As for the remaining three swords, ye Chen only looked at it and found that his heart was shaking and his mouth was spitting out a mouthful of red blood!

What a sword!

The sword box is so strong that what strength is the essence of the wind!

At the beginning, the wind was clear and the kingdom of God was despised! Is it that the wind has left some amazing legends in the kingdom of God!

Ye Chen doesn't think much about it any more and goes to the direction of the sword box!

As long as you find the sword box, you can leave the world!

Ye Chen walked quickly and came to the foot of the mountain and found many martial artists gathered.

Even the face of the top martial artist in Xingqiao state is dignified!

From their faces, ye Chen can see that the sword box should be on the top of the mountain!

At the thought of this, ye Chen's heart inside can't help but some excitement.

Of course, he didn't climb the mountain rashly. The warriors in Xingqiao state didn't go up. There must be something wrong.

As time went by, more and more warriors gathered.

One of them, a warrior with five layers of star hole, could not bear to climb alone.

The sword box is just above the top of the mountain. It only takes them an hour to climb up.

The warrior of the five layers of the sky of Xingqiao started his steps and rushed up at a high speed. However, he walked a third of the way.

The warrior's face turned into a look of panic, and suddenly a cry came out!

The whole body falls in the mountain!

The warrior who was eager to try would not dare to go up again!

Just now, the strong man did not know what happened, and he died completely.

Some things, unknown things, are the most terrible!

Ye Chen brows lock, see just that scene, also have some do not understand.

Just now, what happened to the warrior of the five layers of the star's body? Such a thrill?

The sword box is on the top. It only takes an hour to get it. However, no one dares to move it.

Although the sword case is good, it's more important for your own life!

"You! If you take two steps, step back immediately if there is any danger! "

At this moment, a martial artist at the peak of Xingqiao state comes to Ye Chen and directly opens his mouth.

The strength of xingqiaojing is the strongest in wanjian tomb.

His words obviously want to force others to test water!

Ye Chen frown, want to let him be a mouse to explore the way?

"Go away!"

One word is directed at the top martial artist of Xingqiao!

Among the warriors present, his realm is the bottom layer!Xingqiao boundary martial arts also want to find soft persimmon!

When ye Chen's voice fell, the soldiers on the scene stared at him, some doubted and some despised.

It's really a brain problem for a little creative state to scold the strong one.

The martial artist at the top of the star's body gradually became gloomy.

A warrior of the realm of nature dare to say "roll words" in front of him without paying any attention to him.

Ye Chen takes out the Tianchen sword in his hand, knowing that this battle cannot be avoided!

The surrounding warriors made a lot of space. Now no one dares to climb the top. Naturally, they hope to see the excitement.

They really want to know what kind of confidence Ye Chen has and dare to attack the strong at the top of Xingqiao.

Of course, in the eyes of more martial artists, ye Chen is considered to be a lunatic, or a dead man.

The one with a strong Xingqiao state can shoot Ye Chen dead with one slap!

On Ye Chen's body, the immortal sword idea erupts madly, and the energy in his body continuously pours into the Tianchen sword.

No cards, but he has a sword!

Kendo heart, the strongest is not to admit defeat!

Star orifices peak strong, the corner of the mouth appears a wisp of disdain smile, and then stretch out a finger!

He wants to crush Ye Chen with a strong finger!

His fingertips crazy condensation of energy, the breath of terror, suddenly spread.

A finger fell instantly, ye Chen did not hesitate at all, the sky dust sword in the hand suddenly raised.

A sharp sword light, instantly condensed, suddenly fell!

In the moment of contact between the two, there was a terrible explosion.

Boom!

An earth shaking sound, ye Chen's ghostly figure suddenly rushed past.

The whole face of Xingqiao Jingwu changed slightly. Ye Chen didn't even crush a finger to death!

How could that be possible?

Next to the martial arts, there is a strange look in their eyes. Looking at the eyes of the top powerful people in Xingqiao state, there is some disdain.

You're a star in the world. You can't even kill a man who makes chemical weapons. I'm afraid your accomplishments have been improved to dogs?

Ye Chen of this moment, all eyes!

They want to see where ye Chen can go and whether he can kill the strong in Xingqiao.

Although this idea flashed through the mind of the warrior.

Feel around the eyes, star hole peak martial arts, the whole person furious!

The sword in the hand suddenly pulled out, a sword stabbed to Ye Chen's chest.

When he stabbed, one sword flower after another came.

Chapter 2145

The Tianchen sword in Ye Chen's hand suddenly falls down, and a sword is cut on the sharp sword of the warrior in Xingqiao state.

Bang!

There was a crisp sound, when the head of the sword was only three centimeters away from ye Chen.

Ye Chen's figure moves to the left to avoid the sword.

Lightning speed, straight to his side.

In the rush, the fist slightly clenched, came to creak the sound.

A fist fell suddenly!

This blow, broke out the breath of terror, like a flash of thunder.

Boom!

The star body state strong person, the whole person's figure unceasingly retreats.

Pooh!

A mouthful of blood came out of his mouth.

Around watching the martial arts, all surprised to open their mouths!

Although only a short fight, but people are not stupid, can see that ye Chen has been occupying the upper hand.

What a surprise!

How evil is the talent that can produce such terrible fighting power?

They can't imagine it!

At the moment, the strong one in Xingqiao state has a hard time to say, and his breath can't suppress Ye Chen.

Even vaguely between Ye Chen suppress!

Where does that make him reason?

If he had been an ordinary warrior, he would have been slapped to death.

Ye Chen's face can not see any expression of joy, as if this should be so!

If not all the means can not be used, he would have killed his opponent in a world war, why waste the present time.

Fortunately, people don't know ye Chen's idea, otherwise they will be surprised to drop their chin.

Ye Chen once again rushed to kill the past, the immortal sword inside the body, constantly gushing out.

The energy in his body rushed into the sky dust sword. He didn't want to waste time any more.

At this moment, the sky dust sword suddenly lifted up.

When the moment of lifting up, the martial arts in Xingqiao feel a breath of terror.

He seems totally unstoppable!

It was a premonition in his heart. Although it was ridiculous, it was real.

The sky dust sword erupts the bright light, the sharp sword idea crazy surging.

The sword was intended to flow in the air around, and some warriors quickly retreated.

They found that they could not resist the terrible sword.

A pair of shocked eyes staring at Ye Chen, can he really beat the top of Xingqiao state?

With Ye Chen's sword, all the doubts in their hearts disappeared!

The sword in Ye Chen's hand went down, and in an instant it had already fallen.

Boom!

At the moment of falling, the strong person in Xingqiao state finds that his figure has been locked and can't retreat. He can only raise his sword to block him.

Once the sword goes down, the whole figure of the strong person at the top of Xingqiao will fly out directly.

At the moment he flew out, there was a bloody scar on his chest.

His body's blood, constantly gushing out, a mouthful of blood gushing out of his mouth.

Ye Chen takes up the Tianchen sword and comes to the martial artist of Xingqiao state. He grabs his collar with one hand.

"You What do you want to do? "

"Nature allows you to feel what's in the mountains."

Ye Chen's voice dropped, showing a trace of human and animal harmless smile, but in front of the martial arts of Xingqiao realm, it was like a demon's smile.

"No No, I'm wrong, please forgive me

Ye Chen laughs but doesn't speak. If it's not his own strength, the result is either compromise, or be killed by him!

Want him to forgive? If ye Chen's real strength is weak, will Xingqiao state warrior forgive him?

Ye Chen waved and threw him directly into the mountain.

At the moment, a gust of Yin wind is blowing, which makes the martial arts in Xingqiao state afraid.

The onlookers did not know what to say?

Is the warrior at the top of Xingqiao weak? No, it's just that ye Chen is too evil.

Of course, no one would have pity on him. If he had not forced Ye Chen to go, there would have been no present thing.

To put it bluntly, it's self inflicted and can't blame others!

The martial arts of Xingqiao state stand in the mountain peak, and don't know what to do.

Once down, ye Chen will kill him directly with a sword. As soon as he bit his teeth, he decided to find out!

If he climbs the mountain, he may not have a chance to live. If he retreats, he will die!

He's going to have to walk with caution.

With each step he felt himself dancing on the point of death's knife.

Ye Chen squints his eyes and stares at it carefully. He wants to see what's strange about this mountain peak. The warrior of Xingqiao state moves forward step by step. When he reaches one third of the time, he stops suddenly and dare not to move forward.

The warrior who died just now has a trace of warmth on his body, which is not completely cool.

Just now he just stepped out and died!

Finally, the martial artist of Xingqiao state gritted his teeth, closed his eyes, and decided to take a step.

Boom!

When he took a step, he opened his eyes and found that he was not dead.

For a moment, he was overjoyed. He became a little bold and continued to walk forward.

However, he did not walk more than a hundred steps, and suddenly showed the same expression as the previous warriors, and his body suddenly fell to the ground!

At the foot of the mountain, the warrior's face was even more ugly when he saw this scene.

Can't we climb the mountain? How to get the heaven God sword box?

Ye Chen did not open his mouth, he found a trace of problems, when the Xingqiao realm warrior stepped out, the mountain slightly trembled.

It is also because of the shiver that leads to the death of the warrior in Xingqiao realm.

In that trembling, I don't know what the martial arts in Xingqiao see, and then they show a frightful expression.

Although feel a trace of problem, but ye Chen still dare not to try rashly.

Ye Chen can observe that some sharp eyed warriors can also be found.

For a moment, the warrior becomes active. When the mountain is shaking, can he pass safely as long as he keeps still?

As soon as I have this idea, some brave warriors are ready to give it a try.

They set foot on the mountain and began to move. Their eyes kept watching carefully and stopped when the mountain trembled.

When the mountain trembles slightly, keep still, and you will be safe and sound.

Some watchers, seeing this scene, couldn't help climbing the mountain directly.

The sword box is on it. Although it takes some time, as long as you can get it, it's worth wasting time!

Ye Chen opened his legs and began to move forward. Occasionally, there was trembling from the mountain peak. Some unsuspecting warriors died directly.

As time goes by, ye Chen finally comes to the top of the mountain, although some of the warriors have died.

At the top of the mountain, the sword box conveys the simple and unsophisticated meaning of the sword. No one is allowed to approach it.

If you want to take away the God sword box, where is it so easy!

Chapter 2146

Ye Chen takes a step and feels the suppressed sword meaning. Although it is very strong, it is still within the scope of his endurance.

"Let's start clearing now."

At this time, a strong person at the top of Xingqiao state stood up and took a look at the people present.

At the moment, the rest of the top forces stand out one by one.

There is an unwritten rule!

Finally, as long as they are not the top forces, they all need to leave.

The God sword box can only fall into the hands of their top forces.

A famous martial artist stands out. Ye Chen takes a look at it and finds that there are at least five half step blockers and ten top martial artists in Xingqiao state.

This lineup has been able to kill any force here!

Jian Xiu of other forces saw this scene, and his face became very ugly.

They really did not expect that the top forces of the martial arts would be so overbearing!

Ye Chen's eyebrows are locked. He has to get the sword case. However, he has already got some headache from the five and a half step strong men. Besides, there are ten top martial artists in Xingqiao state who are covetous.

"The sword case is originally an ownerless thing. Why should it be cleared?"

Ye Chen stands out at this moment, and now he has to show up and let the warriors of other forces fight with the top forces.

The more chaotic the scene, the better, so that he can have a chance to get the sword box.

When ye Chen stood up, the other forces of martial arts, eyes on him.

"Let's fight together. I don't believe that the top forces can cover the sky with one hand."

The martial arts of the rest of the forces are not short of star orifices, but lack some peak combat power.

If we really want to fight as hard as we can, even though the top forces have the upper hand, they can not completely suppress them.

The warrior on the side of the top forces stares at Ye Chen, and his face gradually becomes bad.

If it was not for ye Chen's strength at the foot of the mountain, I'm afraid it would have been a long time ago.

At least Ye Chen's original combat effectiveness can threaten the zenith of Xingqiao state.

The rest of the forces who did not come forward will leave because of the strength of the top forces.

Just now, they want to try it!

Ye Chen's abacus is very clear to these warriors, but what about that?

They want to make the whole scene chaotic.

Fishing in troubled waters is known to all. As for who can get the sword box, of course, it depends on their ability.

Ye Chen takes out Tianchen sword and takes the lead in this moment.

As soon as he made a move, the warriors of all forces also made a move!

The martial arts of the top forces are so ugly that they can only force them to attack.

In a flash, at Ye Chen's side, appeared a half step seal door strong person.

The sword in his hand suddenly stabbed.

At the moment of his stabbing out, ye Chen's whole figure dodges slightly.

Now he doesn't want to do it.

This time, the God sword box is the most important thing. Only to get the God sword box is his main task this time.

Ye Chen wants to leave. However, the martial arts man who sealed the door in half a step does not give him a chance to leave.

Step by step, so that he can not move forward!

Ye Chen brows locked, a touch of anger on his face, clay figurine still has three points of fire, let alone him?

The Tianchen sword was directly held in the hand, and a sword suddenly swung out.

The sword idea on the body broke out crazily. The sword light flowed in the air and made a buzzing sound.

Boom!

A sword down, let the half step of the martial arts slightly back five steps, take advantage of the current time, ye Chen directly rushed over.

However, behind Ye Chen, a sharp sword light came suddenly!

The sword light comes at will. Ye Chen has no way but to turn around and wave a sword.

In the moment of contact between the two, the terrible aftershocks, both sides of the earthquake directly fly out.

Ye Chen falls on the ground and spits out a mouthful of blood. Here, there is no blood and reincarnation cemetery. There is nothing that has happened to him. There is still some gap between him and half step seal.

It's not so easy to get through!

Standing up from the ground, the immortal sword will burst out completely.

The immortal sword is filled with the air and rises into the sky.

At this moment, Tianchen sword is shining brightly.

Ye Chen raised his arm and waved a sword directly.

The sword light swept through the whole army, tearing the space, and rushing towards the half step sealing door.

The face of half step seal door is slightly dignified, and the sword in the hand is waved out.

Boom!

At the moment of the explosion, ye Chen's whole figure directly rushed past.

Now he must solve the half step seal as soon as possible, and then get the God sword box. When ye Chen comes to the front of the half step seal door, the sky dust sword suddenly stabs out.

The sword flower circulates and the sword flies wantonly.

Bang!

Stab!

A sword went down, directly cut the half step of the clothing, the blade did not enter his chest.

Ah!

The strong man who sealed the door with half a step roared, and the whole man roared.

The sword in his hand was thrown out directly and stabbed at Ye Chen's heart!

The sound of breaking the sky came, the sword was moving rapidly, and there was no change in Ye Chen's face.

The figure dodged slightly and hid directly. However, the sky dust sword in his hand continued to penetrate into his body.

Then a sword is pulled out directly!

At the moment of pulling out, there was a torrent of blood.

The figure of half step sealing door falls directly on the ground.

Ye Chen put away the sky dust sword, looked at it, and found that the whole scene had been completely disordered.

The smell of battle and blood filled the air.

Ye Chen looks up at the sky god sword box, and the whole person's figure directly rushes past.

At the moment when he rushed past, he found that the powerful sword meaning sent out by the God sword box was constantly rushing towards him.

They want to stop Ye Chen from going on!

Ye Chen's immortal sword idea burst out to resist the sword idea and move forward step by step.

There are some martial arts, see ye Chen toward the sky god sword box rushed, suddenly want to go to stop.

As soon as he passed, he found that the endless sword intention rushed over him, making it difficult for him to walk step by step!

Ye Chen is still hard to resist, although walking very slowly, but the pace has not stopped.

Step by step, continue to walk, and get closer and closer to the heaven God sword box.

At the moment, ye Chen bit his teeth and kept moving forward. When he was only 10 cm away from the Tianshen sword box, he stretched out his arm and suddenly grasped the Tianshen sword box.

Boom!

At this moment, the whole mountain began to collapse, and all the fighters who had been fighting had stopped.

Their eyes are fixed on Ye Chen!

In control of the Tianshen sword box, ye Chen finds the immortal sword spirit, divine blood, magic Qi, Geng Jin Qi, and even the three swords with clear wind! It's constantly coming out of his body.

Ye Chen grinned, originally disappeared things, at this moment, all come back!

Chapter 2147

"Hand over the God sword box and spare you from death!"

At this time, a warrior said!

All forces of martial arts, a pair of eyes all have been staring at Ye Chen!

Tianshen sword box is very important. It can't be taken away by him!

How dare a kid in the realm of creation dare to rob them?

"What nonsense God sword box? Do you know the real name of this sword box is six sword boxes?"

"Are you sure you want to be against me?"

Ye Chen raised his head, cold mouth, a pair of eyes staring at many warriors.

If he had scruples before, but now there is nothing to be afraid of!

These warriors, he did not pay attention to, just like a group of ants can crush and kill.

"Ha ha, your combat effectiveness is really good, but in the face of so many warriors, you can't keep the sword box!"

If ye Chen doesn't hand in, he will definitely be besieged by all the warriors.

If you fight with one person, you will die!

Ye Chen shook his head slightly, then directly said: "you want to fight for the God sword box, not enough!"

Ye Chen holds Tianshen sword box tightly in his hand, and his killing intention is constantly released.

The surrounding air solidified instantly, and layers of ice appeared on the ground.

Shivering inside the pit, only to let them shiver inside the body.

"The first sword in the six sword boxes, one sword to cut the sky!"

Ye Chen murmured in his mouth and waved his sword out directly.

Stab!

Suddenly, the sword light rushes past. In the air, wherever the sword light goes, it is full of the meaning of death.

Many warriors feel the terror of the sword, and constantly retreat.

Although their speed is fast, ye Chen's sword is faster!

Boom!

With one sword, the nearest ten strong men are all turned into blood mist!

Seeing this, all the warriors took a breath.

It's frightening to kill so many martial artists with one sword!

"Who else wants to do it?"

Ye Chen a word, no one dare to speak again.

They just feel chilly and shivering!

"Let's leave now!"

One of the warriors said directly!

Compared with the sword case, they naturally know who is more important.

As soon as one of the warriors left, the rest of them also gradually left!

There is no point in continuing to stay, unless they are sure they can take ye Chen.

The warrior leaves gradually, but ye Chen does not leave. He is ready to feel the sword meaning inside the six sword boxes.

This is not a chance.

After all, it's ten years for an idea from the outside world!

Such a ratio of time, enough to let him feel the third sword!

In the battle of Shenglong family, ye Chen's third piece was totally overloaded!

If you go back to reality, he can't do it at all!

If you fully understand here, you may be able to display it under normal conditions!

He sat cross legged on the ground, with his sword case beside him and closed his eyes.

Time seems to be still.

Do not know how long, ye Chen suddenly opened his eyes!

The swords in the tomb of ten thousand swords are flying from the mountains one by one!

Ten thousand swords fly together, and the scene shakes people. They stare at Wan Jian with their eyes and find that the flying direction is exactly where ye Chen is.

Behind Ye Chen, there are tens of thousands of swords standing in the void!

Ten thousand swords are buzzing in the void, deafening!

All the warriors are stupid eyes. Before some warriors got the God sword box, there was no such phenomenon.

What the hell is going on here?

They didn't even dare to get close to Ye Chen. They could only watch from a distance, for fear that tens of thousands of swords would be inserted into their bodies.

Ye Chen's face is full of joy, the master of Wanjie sword! Get the recognition of Wan Jian!

This is the real chance of the forbidden area of Shenjian palace!

The sword spirit of tens of thousands of Swords is constantly pouring into Ye Chen's body.

And sealed in Ye Chen's body!

If one day, ye Chen can't compete with others. If you release the meaning of ten thousand swords, who can match it!

There is not only the sword meaning of the strong star orifices!

It's more like the sword of the strong!

Even the sword meaning of Taixu strong has!

During this trip to the forbidden area, ye Chen not only harvested six sword boxes!

I even got a card!

Enough to counter the existence of the weak and strong!

Unfortunately, once the seal is opened, it will disappear completely.

This seal can only be used once. Such a strong card, not to the time of life and death, ye Chen does not want to use!

.....

At the moment, the outside world is only a few seconds.

Jian Jiuhan is shocked to find Ye Chen stepping into the ancient pagoda. The ancient pagoda has a strong vibration!

Not only that, but the swords of the forbidden area are flying out together!

Even the sword in his hand broke free!

Jian Jiuhan's face changed slightly. He grasped the sword with five fingers, but found a strong force surging!

He can't control it!

"Ye Chen enters it What happened... "

Not only the forbidden area, but also outside the Shenjian palace, the swords of countless disciples, hall leaders and elders all flew into the sky!

Even the sword in the waiting frost sword God's waist is straight to the sky!

But soon, a strange smile appeared on the corner of his mouth: "I'm afraid that boy made this vision again..."

"This guy is really a disaster wherever he goes."

The sky of Shenjian palace is full of sword spirit!

What's more, it's the forbidden area of Shenjian palace!

At this moment, it seems that the magic sword came out!

And the ancient pagoda in the forbidden area is also full of cracks!

"Bang!"

In an instant, it explodes!

Smoke and dust!

A proud figure suddenly appears!

The master of the figure opened his eyes: "to tell the truth, it is really boring inside, but the harvest is good."

Ye Chen's sight falls on the body of the sword nine cold, at the moment the sword nine cold is like petrification!

He stares at Ye Chen's surroundings!

Sword around! A thousand ways!

Ye Chen enters inside, unexpectedly obtained approval!

And he is also the legendary master of Wanjie sword!

The master of Wanjie sword is no other than the founder of Shenjian palace!

He even found that the sword shadow around Ye Chen formed a virtual shadow!

It's the deepest statue in Shenjian palace!

The next second, "plop!" A sound, Shenjian palace patriarch Jian Jiuhan actually kneels down directly!

Is kneeling in front of Ye Chen's body!

"Disciple Jian Jiuhan has met the grandmaster!"

This time, it's ye chenmeng's turn.

Sword nine cold, which one is this?

He quickly stepped forward: "Lord, you get up What am I doing on your knees! "

"I'm just a core disciple!"

Sword nine cold for a long time did not rise: "you have been recognized by the patriarch, I will naturally kneel down!"

"The person who controls the forbidden area and gains the master of the Wanjie sword has the same right in the Shenjian palace as the grandmaster!"

Chapter 2148

Ye Chen has some helplessness. He just makes the sword cold.

"Grandmaster, I have something to report."

"Lord, please don't call me grandmaster. Am I so old?"

"How are you, master ye?" Sword nine cold cautious way.

Ye Chen:

"Well, whatever you want to say. By the way, what did you want to say?"

Jian Jiuhan remembered something, and even said, "a few people went to Shenjian palace just now. One of them is the frost sword God of wanjiandi palace."

Ye Chen was stunned. Although he did not know why the frost sword God came to the door, he still said, "take me quickly."

"Yes, master Ye!"

.....

A few minutes later, ye Chen arrived at the resting place.

The first time he saw frost sword God and Beigong Ziyu.

"Master!"

The North palace purple jade fiercely rushed up, is hugging Ye Chen!

Ye Chen's expression is extremely strange!

He never thought how the frost sword God and the North palace purple jade together?

This is totally unreasonable!

"Ziyu, what's going on here? Why are you here?"

"Is there something wrong with the Beigong family in the western regions?"

What did Beigong Ziyu think of, she quickly released her hand, blushed and said with a smile, "master, who dares to move my Beigong family when you are here?"

"As for why we are together with our predecessors, there is a reason."

"Did you know that a friend of yours met me?"

Ye Chen frowned.

Friends?

He has few friends in Lingwu.

Long Xuan, Xing Zitang and others were in Shenhua college, so they couldn't get in touch with Ziyu in Beigong.

What friends do you have?

Suddenly Ye Chen thought of a man!

Once in order to find the whereabouts of the dust tablet, ye Chen went to Shenglong Dabi and met a friend who came to Lingwu from China!

Chen Zhifan!

Chen Zhifan is Ye Chen's old acquaintance in a foreign land, and Chen Zhifan's personality is very much to Ye Chen's appetite!

The two became friends of life and death at that time.

But later he was brought back to xuan yue zong by zining, and Chen Zhifan's news was lost.

Before leaving, Chen Zhifan has harvested the ancient inheritance, I don't know how the result is.

Did Chen Zhifan find himself after his inheritance?

Ye Chen is a little excited, even busy way: "this person is Chen Zhifan!"

The North palace purple jade shakes head, just want to talk, a very penetrating voice hit!

"Master of the temple!"

Hearing this sound, ye Chen looks a change, stiff turned around, and found a huge figure suddenly appeared!

The figure half kneels in front of oneself, the eye blood red and moist!

"Ye Lingtian has seen the master of the hall!"

Ye Chen excited to the extreme, a step forward, directly will ye Lingtian pull up!

A tough bear hug!

If ye Chen's subordinates, which one has the best feelings with him!

There's only one! Ye Lingtian!

China, Kunlun Xu!

If there is no ye Lingtian, maybe Ye Chen's dilemma in China will be much more dangerous!

He never expected ye Lingtian to come to Lingwu land!

How can he be unhappy! How can you not be excited!

"Lingtian, how did you come to Lingwu? How did you get here? "

"How's that?"

"How are my parents there?"

"And, Sun Yi, how are they?"

Ye Chen has too many problems!

Before finishing, a graceful voice came from the room!

"Will you ask if they are good? Xiaochenzi, you may have forgotten me

This words a, ye Chen's scalp suddenly numb!

He looked up and found a fragrance.

And the door of the room opened, a hot girl appeared not far from ye Chen!

The girl's eyes are like water, her body is very turbulent, and her straight legs make people stop breathing!

Sun Yi!!!

Time seems to be fixed for a few seconds, ye Chen instantly rushed past!

She hugged Sun Yi hard!

That familiar feeling, as if let Ye Chen return to the summer many years ago!

In a sense, Sun Yi is Ye Chen's first woman!

The story of metropolitan apartments is the beginning!

Sun Yi tearful eyes whirl: "I have been looking for you for too long."

Frost sword God coughed gently, and the people were quite sensible to disperse.

The gate closes.

There are only two people left in the room.

The breath of hormone is slowly fermenting!

After the kiss, Sun Yi thought of something, and suddenly said, "Ye Chen, there is something important to tell you." "What?"

"There is a problem with the forbidden area of the blood League, and many people have died in the Xuling city of Kunlun. It seems that Lin Juelong appears! The terrible breath of the dragon! I came to Lingwu to inform you of this news! "

Ye Chen smile, holding Sun Yi, feeling the perfect figure: "I have seen Lin juelang, and made more than one contact."

"For some reason he became a man of the soul hall."

"More ability to absorb other people's skills!"

"But don't worry. He can't make waves in front of me."

"It's a pity that he ran away last time."

"But he will not die. There is still danger. In the sarcophagus of heaven and earth, I always feel that there is a conspiracy brewing in the soul hall, and the key to this conspiracy is Lin Juelong. "

Sun Yi nodded: "blood League, I asked Han Yun and them to check, if you want to trace back to ancient times There are too many mysteries in the blood alliance. I have not been idle in Lingwu mainland. I asked Ziyu to prepare ancient books recording the ancient times of Lingwu continent for me. I always think that Kunlun is not simple... "

Sun Yi suddenly found something, looked up at Ye Chen: "why do you look at me like this?"

Ye Chen smiles: "you have something on your face."

"Ah." Sun Yi blushed a little. After a year, she saw Ye Chen again, but she wanted to give him a good impression, "what's on my face..."

Ye Chen hugged Sun Yi more and more: "on your face It's a little charming. "

The next moment, the two figures will fall to the edge of the implantation.

Full of softness!

The tender love is released like a flood.

This is the time for Sun Yi and ye Chen.

.....

At the same time.

The hall of the soul.

The deepest.

Forty nine sarcophagus are connected with a red sarcophagus.

But under these sarcophagus is a river of blood!

It's the blood of a warrior in the land of Lingwu.

The blood of the strong.

There are countless skeletons on both sides of the blood river.

The supreme hall master of the soul hall stared at the sarcophagus and said to a black robed man nearby: "after so many failures, it seems that the problem lies not in these warriors, but in some more special existence."

"At present, only Lin Juelong has succeeded."

"Is the condition of Lingwu continent not as good as that of Kunlun?"

"It's a pity that those guys killed this method."

The black robed man stared at the red sarcophagus with a very complicated look. He suddenly said, "Lord of the temple, what happened last time seems to prove that ye Chen is the killer of this method."

"If ye Chen does not die, there will still be problems."

Soul hall hall main Mou son a congeals, the cold kill intention erupts!

For a long time, there was a piercing voice in the soul Hall:

"don't worry, ye Chen won't live for a few days."

"Anyone who dares to stand in my way will die."

"He is no exception."

Chapter 2149

No one night.

When ye Chen wakes up, he finds Sun Yi leaning against his chest.

The feeling made him feel like he was back in the metropolitan apartment.

Sun Yi blinked nimble eyes, soft body touch: "Ye Chen, I really like this feeling."

"It feels like everything is quiet."

Ye Chen tiny smile: "you still want me to move, I didn't sleep all night."

Sun Yi blushed and leaned against Ye Chen's chest and said, "Ye Chen, have you seen Xia Ruoxue and Ji Siqing?"

"Are they OK?"

Ye Chen didn't want Sun Yi to worry, so he said, "they are safe at least right now."

Sun Yi obviously felt that ye Chen's tone was wrong and said, "what happened?"

"can you tell me, now I have some strength. I don't know why, I always feel that my body has changed..."

"Especially after that with you, I can feel that I'm different."

Ye Chen is slightly stunned and points out Sun Yi's elixir field!

Sure enough!

Ye Chen is shocked to find that Sun Yi's blood has changed!

"Sun Yi, you run the elixir field and find a way to activate the power of blood..."

Ye Chen excited way, he seems to touch what secret!

Sun Yi nodded suspiciously and sat cross legged, showing her proud figure and performing her skills.

Gradually, Sun Yi's body surface appeared a red dust light.

"This How can it be! "

Ye Chen is unbelievable!

He stood up and ran the magic samsara formula. Suddenly, he slapped at the red dust light!

Touch the moment, a strong anti shock force hit!

I can't shake my own strength!

Soon, the light of the red dust is gone!

Sun Yi's face was a little pale, and her forehead was covered with sweat: "Ye Chen, what are you doing
What's more, when the body light appeared just now, I found that the aura of the elixir field was
completely exhausted What a strange feeling... "

Ye Chen Mou son is dignified, the heart sets off the stormy waves!

Did he have a relationship with Sun Yi and passed the red dust God pulse to Sun Yi?

He tried to activate the red dust pulse, just like before! Red dust God pulse is still in the body!

That is to say, the blood vessels in Sun Yi's body have changed!

Even have a part of the red dust God pulse power!

Although it is not complete, now if Sun Yi stimulates part of his body's red dust divine pulse, it can block the strong one's attack!

That's good news!

"Ye Chen What's the matter? "

Sun Yi said curiously, but soon found that ye Chen unexpectedly rushed up and pressed her hard.

"Again I want to verify something. "

Sun Yi blushed, but her fingers pinched.

She knew that if she wanted to have children now, she would certainly have a great influence on Ye Chen. She could only use the technique to isolate each time.

Soon, Sun Yi found herself wrapped in warmth.

.....

Six hours later.

Ye Chen wears clothes, his brow frowns tightly, it seems that there is something wrong with which link.

Sun Yi's red dust pulse increased with the increase of times, but the effect was not so good.

And the cultivation has improved a bit.

Is this the nature of one's own blood?

Is reincarnation strong enough to improve the blood of others?

If you and ruoshue also do men's and women's affairs, can you also help ruoshue have some red dust God pulse ability?

Of course, all this is just speculation, but it needs to be verified.

Ye Chen also tells Sun Yi about some things that happened in Lingwu mainland. Sun Yi is shocked.

After a long time, sun Yicai said, "that is to say, you and master ruoshue have less than 20 days of competition?"

"At the beginning, her strength was so strong. Although you are much stronger now, she is certainly not weak. Are you sure you can withdraw from the whole body?"

Ye Chen smile: "although the strength of aura does not know how, but she should not be able to threaten me."

Sun Yi's sixth sense as a woman still felt something was wrong. She grabbed Ye Chen's hand and said, "I always feel that there is something wrong with this matter."

"The aura was just the immortal statue of fortune. Even the strongest one, the strength of which grew too fast."

"No, you don't have a base card!"

"What's more, there is also Xia Lingqiu, the master of Lingxian palace, standing behind Lingyun!"

"Since Xia Lingqiu is the palace master, she will not let Lingyun fail! Ye Chen, I think it's better not to go. We can go to ask the king of ice sword. He is your master, and there should be a way to solve it! "

Ye Chen shook his head: "this war is inevitable. If I don't fight, my heart of Tao will be damaged. Even if there is any greater danger on that day, I must go there!" Knowing that she couldn't persuade Ye Chen, Sun Yi said, "in this case, you must guarantee that you must win."

Ye Chen's eyes are full of determination: "well, time is almost over, we should also leave the Shenjian palace."

"Good."

.....

An hour later.

In front of the Shenjian palace.

Maybe if ye Gongchen and I can't help her, please

Jian Jiuhan's eyes were dignified: "master ye, please rest assured that their status in the Shenjian palace will not be lower than that of the inner disciples. To tell you the truth, from the moment you appeared in the zongmen, I knew that the Shenjian palace could not accommodate you. "

"On the day of departure, I knew it would be very soon, but I didn't expect it to be so soon."

"You may be the core disciple who spent the shortest time in Shenjian palace, but you are also the most proud disciple in Shenjian palace."

Ye Chen nodded. He looked in a direction and asked, "where's master, master?"

Jian Jiuhan sighed: "my martial uncle can't get used to parting. He won't appear."

"Although he has received so many disciples, I am sure that you must be the one he cares about most."

"I haven't seen martial uncle smile for many days. These days may be the happiest days for martial uncle in 100 years."

"Master ye, I hope you will come to see us when you pass through the Shenjian palace in the future. And, if you are in danger, the sword palace will be your back-up. "

Ye Chen's heart full of emotion, he looked at the direction of the corner.

He knew that Master Wang Chuan was there.

Wang Chuan must have hoped that ye Chen would stay in Shenjian palace as his disciple.

The sword was doomed to stay in the palace forever.

Ye Chen toward that direction, suddenly kneel down, heavily kowtow a head, way: "master, one day as a teacher, life as a father."

"No matter what the disciple will achieve in the future, you will be my master after all."

"When I set foot on the peak of Lingwu land, I will tell the world that there is a teacher in the Shenjian palace, and his theory is not wrong! He has taught the best disciples in Lingwu land

Ye Chen finally said goodbye to the Shenjian palace and took ye Lingtian and Sun Yi to prepare to return to Shenhua college.

Although Shenhua college has restrictions, but now he has certain authority, it should not be too difficult to accept these two people.

Chapter 2150

Ye Lingtian and Sun Yi have good talents. If they practice natural safety and speed in Shenhua Academy.

Ye Chen is worried about ye Luo'er.

Although Luo'er is still recovering, many of them are still not recovered.

The internal injuries are too serious.

He took a look at the ancient god of medicine in the Samsara cemetery. He wanted to communicate and was once again bombarded out.

This ancient medical God is against the heaven, but his temper is too strange.

Ye Chen offered a sacrifice to the flying boat sent by the emperor Jiuyou, and first sent the northern palace purple jade back to the northern palace family.

And when he left, he gave her many cultivation treasures.

These things are enough to make the northern palace family in the western regions more powerful!

If there is no North palace purple jade, ye Lingtian and Sun Yi may face more danger.

After that, ye Chen controls the boat to receive Ji Lin.

Ji Lin is happy to see ye Lingtian and Sun Yi, but when he sees ye Luo'er in a coma, his anger burns!

"Ye Chen, let's kill the dragon family!"

"This damned dog, holy dragon, let sister lol do this! My inborn poison is going to kill them completely

Ye Chen shook his head: "this matter must be considered for a long time. I am not sure what happened after the Shenglong family."

"Go back to Shenhua college first. The Dean has a wide range of information channels. Maybe he can find out something."

At this time, frost sword God said: "I'm not convenient to go to Shenhua Academy. I'd better go back to wanjian Emperor Palace first. Take care! You can come to me whenever you have something to do! "

Ye Chen nods. The God of frost sword is reasonable. After all, he is only a student of Shenhua college.

.....

Ye Chen and his party returned to Shenhua college.

After settling down Sun Yi, Ji Lin and others, ye Chen directly finds Ge Qing and tells him something about the cave.

Ge Qing nods, for ye Chen, he can trust.

"This matter, I will send someone to watch, there are many movements in the demon clan, Jun demon dust's ambition is really too big."

Ye Chen once again heard the name of Jun's demon dust and looked serious: "Dean, is this gentleman's demon dust very strong?"

The yard nodded: "my strength can't match this guy."

"The kingdom of Jiuyou is said to be able to fight against the kingdom of God in the outside world, which is the impression that all people stay in the past Jiuyou kingdom."

"After the fall of the demon emperor, the kingdom of Jiuyou will no longer exist."

"On the contrary, it is the demon lord and the devil dust."

"The king demon dust has taken over the power of the demon clan and killed all the strong people of the demon clan who oppose the voice. He is a real tyrant."

"And he has lived from ancient times to the present, and his accomplishments and details are immeasurable."

"Ye Chen, I don't want you to be the enemy of your demon dust. At least I won't allow it now. "

"The anger of the king and the devil is not something that the Shenhua academy can resist."

Ye Chen faintly feels the tingling pain in the center of her eyebrows.

Obviously, the devil emperor was very angry with the king and the devil dust.

And, a cold voice sounded: "the blood magic sword has no effect, I suggest you repair it in the Shenhua Academy."

"The beast decayed sword is powerful, but if the blood demon sword recovers to its peak, it will not lose all weapons."

"To repair the blood demon sword, I will inject part of the power of the mysterious devil, which is also an opportunity for you."

Ye Chen nods.

In the battle of the holy dragon family, the blood demon sword released all the evil Qi for himself. He was deeply moved.

If you don't restore the blood demon sword, you don't deserve to use it.

Seeing ye Chen's solemn expression, Ge Qing continued: "by the way, the Shenglong family has wanted you, not only for you, but also for a veiled girl. I heard that the veiled girl killed the shepherd of the kingdom of God, but also injured Mu Tiansheng, the messenger of the kingdom of God!"

"The herdsmen are very angry. I'm afraid that the Lingwu land will be bloody next time."

Ye Chen slightly a Zheng, veil girl?

Why did this person appear in the dragon family?

He vaguely remembered the veiled girl he met when he went to xuan yue zong.

Is it the same person?

"Dean, is there a portrait?" Ye Chen asked.

Ge Qing nodded and waved, a portrait appeared in front of Ye Chen.

Looking at the portrait, ye Chen always feels very familiar.

Wei Ying?

Ye Chen shakes his head. The temperament of the veiled girl in the main portrait is too noble and cold.

And it seems to be the cultivation of Taixu state.

How could Wei Ying be so rebellious and so vain?

After that, geqing asked, "it's not as simple as you go to rescue the Shenglong girl, but it's not like you to go to the Shenglong family.

Her anger has broken most of the foundation of the holy dragon family. If there were no old monsters of the holy dragon family, I'm afraid she would have wiped out the family.

It's amazing. Why can't we find any information so young and powerful?Why did she save you? "

Ye Chen excitedly says: "Dean, can you have this female news?"

Ge Qing shook his head and nodded:

"there is no specific information, but there is still a little news about this girl. On that day, the man left the Shenglong family with injuries and seemed to be heading for the southern regions of Lingwu continent."

"I'm afraid that the shepherd of the kingdom of God also knows this news. I have a premonition that this veiled girl will have an accident in the southern region. Although she is powerful, she is still a daughter

"In the land of Lingwu, almost all those who oppose the kingdom of God will die miserably."

Southern regions?

Ye Chen looks dignified.

Since the veiled girl has offended the kingdom of God to save herself.

He can't sit back and watch.

But how does he fight against the kingdom of God?

Suddenly Ye Chen thought of something. He had the seal of ten thousand swords from the forbidden area of Shenjian palace!

Once opened, you can fight against the weak and powerful once!

Although only one chance, but if you can help the veiled girl, it's worth it!

"Ye Chen, don't think about the girl. By the way, do you have any plans next?" Ge Qingdao.

Ye Chen pondered for a moment and then replied, "I want to refine a weapon, and at the same time, I'll improve my body method, and then I'll improve my accomplishments and upgrade my star orifices. By the way, Dean, do you have divine level body skills?"

Best of all, it's thunderbolt. "

Bai Zhentang gave him the body method of thunder attribute.

If you learn the same attribute God level body method, you can get twice the result with half the effort.

Ge Chen's face is a little mysterious, and she gives a hint of mystery to her.

Looking at the smile on Ge Qing's face, ye Chen thought of his smile when he asked him to take part in the trip to the country of nine you, and then Zhou Chun's challenge, as well as his birthday party to practice martial arts. He couldn't help but smile bitterly.

He knew that he would have a lot of trouble if he took the jade slip.

However, ye Chen still raised his hand and took over the jade slips. His mind swept to one of them, and his face was full of joy.

This martial art is even better than a hundred steps of chasing electricity. Moreover, it is also the thunder attribute!

It's very consistent with the hundred step electric drive that he practiced before. Presumably, the entry time will be greatly reduced.

The reason why he took the jade slips was that he really needed a proper body method to improve his speed.

Secondly, it was also because he knew that GE Qing treated him sincerely and helped him a lot.
