

Physician 2161

Chapter 2161

A burst of wave, when the head of the fan Hun is launched!

Ye Chen with a sneer on his face. Although he can crack the attack of the soul array, he doesn't do anything. He just looks at Baishan and others quietly!

A burst of invisible waves spread, and the smile on their faces became more and more strong. They knew that it was caused by the spirit attack and hit the target. Originally, Baishan had some worries about what measures Ye Chen would use to resist the attack. Now, they are finally at ease.

He gazed at Ye Chen. He saw that ye Chen still stood so indifferent. Baishan sneered: "boy, you have to hold on and pretend to be dead? Now you know the sea, must have begun to collapse, the spirit of dilapidated, extremely painful?"

This is the powerful spirit! Power you can never control!

In a few seconds, your seven orifices will burst out blood crazily, and even the spirit will disappear directly. I don't know, when I finish speaking, can you be so calm? "

At this time, ye Chen, who was just standing indifferently, moved.

What's more, it's very fast!

In a flash, I saw a flash of thunder around Ye Chen. In the eyes of all people including Baishan, ye Chen's figure was lost!

Before they had time to be surprised, a scream was heard through the air!

"Ah, ah, ah!" The warrior who was fighting against Ye Chen fell into a pool of blood. He didn't even understand what was going on. He felt a sharp pain and fell to the ground!

And the other few people, as the pupil shrinks, the complexion crazily changes, frightful to the spirit all began to shudder!

The next moment, Baishan and others behind, then sounded an indifferent man's voice.

"The way the Dean gave me was really good."

Several people smell the speech, it is as if hearing the fierce beast roar general, crazy turn around, see Ye Chen back his hands, smile standing behind them, is smiling at them.

Touch Ye Chen's eyes, several people can't help but shiver, Ye Chen's eyes, very cold!

It makes them feel more terrible than the devil in hell!

At this time, even Baishan felt a trace of fear!

Their mind attack just now, clearly has hit Ye Chen?

How could it not have any effect at all?

Several people's hearts sink in an instant, and the soul array attack is not only a means for several people to earn money, but also the strongest attack means for several people!

Can't hurt Ye Chen now? What's more, it can't hurt, it has no influence at all!

Is it not to say that Ye Chen's spirit is stronger than the martial arts?

After all, the powerful spirit is not necessarily powerful, but what about ye Chen?

The spirit is more powerful than imagined, but also has the strength far beyond the realm?

Is this still human?

It's a real monster!

Several people in the face of Ye Chen, back and forth, they are really afraid, retreat ah.

Finally, it was Bai Shan, who calmed down first and yelled at the other people:

"you bastard, don't mess up first. Even if it's a little unusual, how could it be our opponent? Don't be deceived by his bluff. Give it to me! Take everything from him

After that, the white mountain roared, and behind it appeared the shadow of a golden warrior with a big axe. As soon as his eyes opened, a flash of red light flashed. Then, he integrated into the body of Baishan. At the next moment, Baishan's momentum was greatly increased. With a turn of his hand, he also grasped a big axe and chopped it towards Ye Chen!

With one axe, the wind and the clouds change!

The spirit beast neighs, runs, the surrounding mountain wall, under the power of this axe, begins to collapse!

The other two warriors looked at each other, and their bodies flashed wildly, blocking Ye Chen's retreat. Holding a long sword, they waved their swords at Ye Chen and cut out a startling sword!

The cooperation of these people is really perfect!

However, even in the face of this nearly perfect joint attack, ye Chen's look, to the beginning and the end, has not wavered.

When he moved his hand, his sword fell into his hand. In his eyes, the dark and purple light flashed alternately. At the next moment, the lightning flashed all over his body, and the thunder suddenly appeared. The whole person disappeared again!

At this time, ye Chen, as if he really incarnated thunder light, flashed and shuttled in the light of swords and axes!

His speed is so terrible that it's faster than this energy attack!

For a while, although the light of sword and axe is locked by the breath and chases Ye Chen, it can't touch Ye Chen's body!

After a few minutes, Baishan and others are completely stupid!

As gatekeepers, they have seen all kinds of opponents, but when have they seen the existence of being able to get rid of attacks through speed?

What shocked them even more was that the boy was just a chemical weapon maker!

After a few breaths, a loud noise came, the dust and smoke filled the sky, and a huge hole was blown out! And the hole, empty!

That is not, the attack hit Ye Chen, but, under the control of Ye Chen, the three chasing their own attacks, actually hit each other together!

A figure, from the smoke and dust, slowly out, ye Chen with a faint smile, for the wind and thunder flash results, ye Chen is extremely satisfied!

Even if he hasn't really practiced it yet, he has been able to shake off the attack of half step gate blockers with his speed. Under full exertion, ordinary half step gate blockers can't even capture his figure!

With Ye Chen out of the smoke and dust, Baishan and others simply feel that they are falling into the bottomless abyss, desperate to no longer despair!

If the three of them join hands, they will not hit the enemy. No matter who faces it, they will feel desperate!

Ye Chen's eyes crossed several people's faces and said with a sneer: "you are really worthy of me! Join hands to kill? Then, if I don't give you a return, don't the people of southern regions laugh at me for not knowing etiquette? "

"And, even if the strong man in the dark knows why, he should have nothing to say."

After that, the black sword in his hand suddenly moved. It was invisible. Baishan and others felt that they were completely enveloped in a sea of blood!

The light of the sword flashed and came with blood and rain. The voice of gods and Demons was looming. The spiritual power of heaven and earth was surging rapidly. Everything in the world seemed to have been doomed and reborn under this sword!

There was a big bang and a sword light. At the same time, a sword light appeared on the chest of the three people in the white mountain. Their body protection magic weapons flashed, but in an instant, they turned into little fluorescence and disappeared. Their bodies flew backward and smashed on the wall of the mountain. In addition to the white mountain, several other people died completely!

Chapter 2162

Ye Chen's figure looms in the blurred vision of the white mountain. He can't help mentioning the remaining strength in his body and pleads:

"don't kill me. I have no eyes and offended you. As long as you don't kill me, I will never disclose any information about you..."

Now, Baishan has regarded Ye Chen as a super strong man who conceals his accomplishments. Only in this way can he explain what happened before!

He didn't care what purpose Ye Chen came to the southern regions. He wanted to live.

Ye Chen looked at Baishan and said with a sneer: "Dao Xin? For you, I'm afraid the oath of Tao and heart is not enough? "

Bai Shan breathes a stagnation at the smell of speech, and is frightened to the extreme. When he still wants to say something, ye Chen suddenly takes out a pair of scroll and opens it in front of him.

Ye Chen said to the white mountain, "this is a very high spiritual contract. If you still want to live, you can leave your spirit mark on it, and then immediately arrange me to enter the city."

"Yes, yes, yes!" Baishan was overjoyed when he heard this. He knew that ye Chen would not have killed him for a while.

He did not even look at the content of the contract carefully, so he branded the spirit on it, because he knew that he had no right to refuse.

Ye Chen nodded his head and said, "well, the content of the contract is also very simple. As you said, you are not allowed to mention anything about me. If someone leaks my news, it will not only kill them, but also you."

This spiritual contract was prepared by GE Qing for him, so that is the situation.

If you don't want to die, you will feel happy.

He immediately took out a token. Regardless of his injury, he forcibly raised a trace of spiritual power and injected it into the token. Then he raised his head and reluctantly said to Ye Chen with a smile:

"great Xia ye, now you can leave here. Don't worry. I have dealt with it according to the normal process. There is no problem."

Ye Chen nodded, turned to leave, with a wave of his hand, put the holy stone on the table into his pocket. He didn't mean to be polite to Baishan and others. If he lost a few people in Baishan, would they pity themselves and give back the money to themselves?

At the same time, ye Chen said faintly, "at last, don't let me know that you do this kind of thing to the people who enter the country again."

Before leaving, ye Chen glanced at the dark awn standing in the distance.

Several other spirit beasts, in the battle just now, all fled in panic. Only the awn remained in place. At this time, the eyes full of spirituality.

I'm looking at myself in a flash.

Ye Chen said with a smile: "what? Do you want to go with me? "

The black mans heard the speech, raised his front legs, hissed happily, and looked excited.

Ye Chen sees this, can't help but smile and shake his head. It seems that this wumang thinks he is the master.

However, on the way, it is more effective than a flying boat or a flash of wind and thunder in the short distance!

That wumang trotted all the way to Ye Chen, and ye Chen did not hesitate to turn over.

And just then, the endless flow of air!

Ye Chen did not know when an old man appeared in front of him.

The old man's cold eyes staring at Ye Chen: "boy, killing people in the southern region is not a good thing."

Ye Chen is slightly surprised.

The breath of the old man is almost the same as the king of ice sword, which means that the old man may be a half step too empty!

It seems that there are guardians in the border areas of southern regions!

In fact, from the beginning, ye Chen did not obliterate Baishan and others. The biggest fear was that he always felt a pair of eyes staring at himself.

He knows very well that he must not take the initiative to kill people!

If Baishan and others start to kill their hearts first, he has enough reasons!

Ye Chen's eyes did not fear at all: "master, why do I kill you should be very clear."

"If in this case, the southern regions have to protect those rats' excrement, then the southern regions are not the jokes of Lingwu continent!"

This words, the old body suddenly burst out of the supremacy! Cover Ye Chen completely!

Those who insult southern regions, die!

Ye Chen is slightly frightened, pale a few minutes!

This kind of pressure is terrible!

Even now he can't bear it!

And at this time, dark all over the body, lightning flash, the whole body of ancient breath surging!

It has solved the pressure directly!

Ye Chen's eyes are wide open!

He found that the awn was more strange than he thought.

This is a half step too empty pressure!

The old man's turbid eyes flashed with surprise.

"You can go, but I want to take away the spirit beast under you. You are not qualified to have it, and it belongs to our southern regions."

How can ye Chen let the other party take away such a rebellious existence!

His eyes a congealed: "impossible! This beast has recognized the Lord! In Lingwu land, if the monster recognizes its own owner, outsiders should have no right to interfere! If you have the ability, you can let wumang recognize you as the LordYe Chen has made preparations. If this half step is too weak to kill himself, he will use the seal of ten thousand swords obtained by the Shenjian palace!

There's only one chance, and it's a bit overkill, but it's the only way right now.

Four eyes on each other!

Ten seconds!

The old man took back the pressure, turned and walked in another direction: "you should have noticed my existence."

"Or you can easily kill those guys with your strength, and you don't have to accompany them to participate in the spirit race."

"They are responsible for the death of those people."

"However, you took wumang and provoked southern regions. I have no reason to kill you now, but I will keep an eye on you."

"If you touch the rules of the southern regions, I will kill you myself."

"I remember your name, ye Chen."

With that, the old man dissipated between heaven and earth.

Ye Chen looks at the dark awn under the body, pour is some accident.

Xiaohuang and Xuelong are his war beasts and companions, not mounts.

In the land of Lingwu, he really lacks a majestic mount.

But this awn is the best choice!

Wumang is full of powerful light! Then, with Ye Chen, he turned into a black light and galloped toward the outside of the city!

Ye Chen took out a map, and his eyes swept over it. After meditating for a moment, his mind moved. The dark awn under his body sensed Ye Chen's guidance, and without hesitation turned his head and ran in a certain direction.

Ye Chen looks at the dark awn under his body and nods slightly. The dark awn is of high spirituality. Coupled with the ancient blood, it is a top class mount!

I don't know how long later, the evil emperor in the middle of his eyebrows said: "wait a minute. The old man left some kind of prohibition on you. He can easily know your whereabouts and monitor you."

"If I guess correctly, he spied on your secrets and even your mount, but this kind of person was very proud and didn't attack you at that time."

"It's just because he didn't fight you that he recovered his life. Your ten thousand sword seal is more than enough to kill him!"

"But only once."

Chapter 2163

Ye Chen's face changed slightly: "demon emperor, can you remove that prohibition?"

The evil emperor laughed and said, "little prohibition, how can it be difficult for me? I have helped you to remove it."

Ye Chen took a long breath and suddenly thought of something. He asked, "by the way, what's the origin of my mount?"

The language falls, the evil emperor pour is serious: "this dark awn actually you are all wrong, his true origin has a great origin!"

"I don't know what kind of fate you are. I'm ashamed of this chance."

Ye Chen is a little curious: "demon emperor, what is the origin of this dark mans?"

The demon emperor explained in no hurry: "this beast does have ancient blood. He is different from Xiao Huang. He is a blood variant of demon beast! It's a rare mutation in Lingwu

"And it's a variant of ancient Warcraft and ancient mount."

"Because of this attribute, it is different."

"If he grows up, you can ride this guy to fight, the effect may be extremely terrible!"

"And one more thing, I gave you a hint, but I wanted you to take the beast and wait for me to recover my body as my mount."

"After all, this mount has the blood of ancient Warcraft..."

"But now that I have recognized you in advance, I will not fight for it."

"Boy, take good care of this guy. The surprise that this guy can bring you is not comparable to that of Xiao Huang, but it is also limitless."

Ye Chen looks at the dark awn under the body, slightly shocked!

The existence of mount can be recognized by the devil emperor, how can it be general!

.....

At the same time, in a palace.

The old man who just appeared in front of Ye Chen sighed and sat down directly. The more he thought about it, the more he regretted it!

That wumang and ye Chen's secret, he always feels wrong!

Although there is greed, but in the end did not move!

Not because of morality, but because he can feel Ye Chen's determination!

It's like, if you do it yourself, you'll die!

The more he thought on his way back, the more absurd he felt!

Was he threatened by a natural environment?

At this time, an old man in the hall noticed something and said curiously, "brother Han, your expression is not right. What's going on?"

Han Dao raised his head to look at the old man in grey robe, sighed again, and said what happened today.

Hearing this, the old man in grey robe quickly stood up and said, "Han Dao, you're really a fool. How can a kid in the realm of creation deserve such a miracle?"

"What if you killed him! What are the rules in southern regions? Strength first is the rule! "

"Hurry up, you take me to the boy. Are you forbidden?"

Han Dao completely sober up, Mou son kill intention condense: "fortunately I left a hand, I should be able to check the whereabouts of this son."

"What are you doing! If we offer the spirit beast to the kingdom of God, then we will be able to improve our accomplishments. "

The old man in grey clothes urged.

Han Dao does not hesitate, fingers pinch Jue, want to find the trace of Ye Chen!

However, the next second, he a mouthful of blood spurt! Your face has completely changed!

Frightened eyes actually appeared in the eyes of a half step too weak strong!

"The ban I planted on that boy has been erased How can it be! "

As soon as he said this, the old man's face in grey robe was not right!

The only thing that can erase their existence is the void!

Is there a strong man who is too weak around that boy of fortune realm!

If it is, if they do it, they will be wiped out in a flash!

Thinking of this, Han Dao and the grey robed old man's back is cold!

.....

Deep in the south, on a cliff.

The six old men closed their eyes and formed a strong array around them!

These six people are the strong men of Taixu who are sent by the herdsmen to hunt down the mysterious veiled woman!

The six strongmen in the early days of the Taixu period of the kingdom of God are extremely influential in the whole land of Lingwu!

Enough to wipe out any powerful person in Lingwu land!

Of course, there is another reason why the shepherds in the kingdom of God write like this!

At that time, the breath of the Shenglong family had something to do with the dead pastoral area!

In other words, the mysterious veil girl may also be the existence of killing the pastoral!

How could the shepherd of the kingdom of God be so despised!

It's a shame!

They're going to wipe out the threat completely!

And the formation of six people is the Taixu searching array!

There is a drop of blood in the array!

It was the blood of the mysterious veil girl who was injured and left in the holy dragon family!

As long as you give them a certain time, they can find the mysterious veil girl at the cost of their cultivation!

At that time, no matter how strong the veiled girl is, she will surely die in the face of six people! Sweat appeared on their foreheads.

Suddenly, six people opened their eyes: "who is it?"

The next second, one of the old man five fingers a grasp, a cold with a giant beast will be sucked over!

Moreover, the cold beast could not bear the pressure of the old man and turned into blood fog on the spot!

But there is a jade card suspended in the blood mist!

The old man's eyes shrunk and broke the jade pendant directly!

BR, < BR, why would you like to ask for your voice in the south of the mountain

"Of course, you can choose not to come, so that I can see how cowardly the shepherds of the kingdom of God are."

The sound disappeared completely.

Six of them were livid!

They never thought that crazy woman would take the initiative to Vietnam War!

For the first time in the history of Lingwu continent, the strong men of Lingwu have taken the initiative to challenge the family of Shenguo!

The head of a herdsman stood up, and her clothes and clothes stirred in the cold wind: "she is really a girl who knows nothing about life and death. Since she is so confident, I'd like to see how she, a weak woman, will shake the six of us in the cold mountain tomorrow!"

The eyes of the other five became extremely cold.

From the kingdom of God, they have enough confidence! Even if the girl in the Tianhan mountain under the net!

A girl must die!

Just because of the power gap between Shenguo and Lingwu, it is an insurmountable natural moat!

.....

Night came.

The moon was in the sky, and there were many stars. Ye Chen was riding a dark awn, and he was galloping on the desert where some huge cactus like plants were growing. Along the way, he kept scanning the surrounding landscape. The landscape of this southern region was quite different from other regions, but it could also attract his interest, which was quite strange.

However, he is more concerned about Chen Zhifan's affairs.

However, let Ye Chen some surprise is, this road, unexpectedly can not see any pedestrian?

When ye Chen is strange, ye Chen finally sees an old man!

It's strange that the old man is drinking and playing chess himself!

There is no one on the opposite side of him!

Ye Chen let wumang stop, directly down, arch hands: "master, I don't know..."

The voice stopped abruptly before the words were finished!

Because this weird old man is no one else!

It is the mysterious eternal king!

The key is that the old man has followed him to the southern regions!

Looking up, you can see the eternal leaf here

Ye Chen Qi almost a mouthful of blood spurt, silently sat opposite the eternal holy King: "this sentence, should I ask you just right."

The eternal King smiles, stares at the chessboard and takes a sip of wine: "Oh, this chess seems to be losing."

"Ye Xiaozhi, look at this sunspot. Is there any way out?"

Ye Chen has some doubts, stares at the black spot to see one eye, eyebrow a frown.

It's obviously a dead end.

"I did lose."

The eternal King laughed, stood up and stretched: "it seems that this chess game is a dead end for that girl."

"I'm afraid there will be something wrong with the cold mountain tomorrow."

Then the eternal King left the chessboard and staggered away.

Ye Chen brow is tight frown, what nerve is this ever old again hair?

Tianhan mountain?

Girl?

What the hell is this old guy trying to show?

Why talk to yourself?

Ye Chen stares at the dead end of that chessboard tightly, no longer think more, step on the awn, way: "go."

Chapter 2164

Ye Chen has seen the mark points on the map, and Tianhan mountain is a huge mountain in the south.

The temperature of the mountain is extremely low, and the top of the mountain is vast. Many strong people above the gate will solve their problems in Tianhan mountain.

Tianhan mountain is surrounded by dense sword meaning, which seems to represent a period of dust laden history.

Tianhan mountain is not too far away from Tiandu city.

The reason why Ye Chen wants to go to this day's capital is that according to Ge Qing's intelligence, the mysterious inheritor appeared in the capital city on that day before.

Ye Chen goes here, also want to inquire for information. If you are lucky, maybe you can get some information?

But the more forward, Ye Chen's eyebrows, the deeper.

Why?

Because it was so quiet all the way!

Quiet strange!

Although this is a frontier fortress, it should not be so desolate?

Did the eternal king clear the scene ahead of time?

He went deep for a long time, but still did not see a person, indicating that things are not simple.

What surprised him was that if there was any problem with the road, Ge Qing should give him some hints in the information?

However, there is nothing mentioned in the data.

However, ye Chen did not care too much.

With his current strength, the general danger has been ignored.

Ye Chen put on a mask casually. He was not sure that the old man of southern regions would come to look for himself. It was the safest way to cover his face.

At this time, all of a sudden, a gust of black wind swept, in the black wind, faintly came out the creepy strange laughter.

Wumang seemed to be threatened by fright, hissed, raised his front legs and stopped.

Ye Chen looked at the black wind, his eyes flashed slightly.

A moment later, the black wind landed in front of Ye Chen, showing several figures.

Ye Chen fixed his eyes and saw that these people were of different shapes, tall and short, but they all looked rather thin and weak. They were all dressed in black, and their faces were extremely pale and bloodless. In their sunken eyes, there was a green light shining!

What's more frightening is that there is a huge bat standing on these people. The bat is black all over, with black and shining sharp hair and strange eyes. It is similar to those people in black. It has fangs, like a sword outside the convex exit, flashing a frightening cold light!

These people give him the feeling, let him think of the soul hall!

The breath of Lin Jue long is the same as these people!

Next to the bat, there were several seriously wounded warriors with chains on their hands and feet, and their eyes were dim and they looked like captives.

What's more, these martial artists are all the accomplishments of the later stage or the peak of the Xingqiao!

The southern region is stronger than the western region, but the status of the powerful star orifices in the southern region is also considered noble!

How can you be reduced to this!

The eyes of those people in black swept Ye Chen and the black mans at the same time, and then showed the color of crazy greed!

The origin of the soul hall is related to the demons.

They are infected with part of the evil spirit, naturally feel the magic of wumang extraordinary!

Ye Chen sweeps everyone!

Sure enough, I found the jade card of the soul hall!

What does soul hall do in southern regions? Is it for the sarcophagus project?

After seeing ye Chen and wumang, the giant bat behind several people also became agitated. The men in black looked at each other and quickly pacified them.

The head of a very tall and thin man, frowning, grabbed a skinny man on the ground. The man was caught. In his dark eyes, he suddenly showed a very strong look of panic and cried out: "no! Let me go! I am willing to contribute my blood! "

Say, unexpectedly is scared incontinent!

The other men and women kneeling on the ground were all shaking, their heads were down, their ears were blocked, and they seemed to be avoiding everything that happened in front of them.

The tall, thin man in black snorted, ignoring the man's howl and throwing it directly at the giant bat.

In the eyes of the giant bat monster, the blue light flashed and the mouth of his blood was opened. He directly bit the man. The sharp teeth as sharp as a sword tore the man's skin and muscle effortlessly, and the blood splashed out in an instant!

In the mouth of the man, there was a scream of fear and despair.

Ye Chen's eyes flashed a trace of cold, only to see the man's skin, quickly shriveled down, lost the blood of the skin is extremely pale, it was an instant by the huge bat sucked blood into human dry!

Strangely, the blood of the warrior has also disappeared!

The huge bat vomited out the man's corpse and smashed his mouth. However, he finally calmed down.

Although the whole process is not long, it can be said that it is quite cruel and terrible!

Especially when the man was bitten by a bat, he was obviously suffering from unimaginable pain when he was sucked by the bat! At this time, the tall and thin man led several other men in black to surround Ye Chen thoroughly.

Ye Chen faintly looked at these several people one eye, these several strange black clothes man, the breath on the body is disorderly!

Blood is extremely impure!

And that tall and thin man is the most terrifying, unexpectedly is the seal door existence!

However, ye Chen is acutely aware that this man's breath is strange and seems to be the result of forced promotion!

Does soul hall already control the ability to enhance blood and cultivation?

If it is really based on depriving other martial artists of their accomplishments and blood, it would be too shocking!

Among them, the most powerful breath is the strange bat behind them!

At this time, the voice of the demon emperor sounded: "that bat is called bloodthirsty bat. It's a Warcraft in the demon kingdom. It's good at absorbing blood essence and energy, so it's impossible to absorb blood..."

"Warcraft in the world of Warcraft are separated from the evil spirit of the world of Warcraft and are extremely difficult to survive. But what is the situation now? The people in the soul hall seem to have improved the bloodthirsty bat..."

"It seems that Lin Juelong, who is also from China, has a secret that can't be found in heaven and earth. The soul hall likes to study this heresy."

"What is the soul hall going to do? Collect so many strong people..."

"What's more, the breath of these people in front of you is very strange. They can't bear the change of blood, but they are forbidden by race and can last for a period of time."

Ye Chen's eyes are dignified, and he always feels that there is something important to happen in Lingwu mainland.

If you meet Lin juelang next time, you must kill it at all costs!

One of them, a small soul hall strongman, looked at Ye Chen and said, "I didn't expect that Li Qi, the strong man in the frontier fortress nearby, wanted to deal with our soul hall. He planned to withdraw from the hall, but we won such a big prize tonight?"

Even God help us

Chapter 2165

Another broad skeleton man said hoarsely, "Hey, third, I don't know, what's the matter with this boy? It's a natural environment. The blood on my body is so attractive!"

And the spirit beast beside him, should also have a good blood? Perhaps, if we absorb their blood, Lord Lin Juelong will reward us more? "

Some of us are still waiting for the death of the wild animals, such as Er Chen? The cultivation of this son is lower, but his blood is pure. That's what Lord Lin wants. "

Said, these three people's steps move, actually is slowly toward Ye Chen.

It can be seen that there is a sense of urgency in their eyes. The reason why they didn't rush in is that the tall and thin man in charge has not spoken yet.

Ye Chen's eyes are full of surprise.

Did Lin Juelong come to the southern region?

The only thing he can think of is the blood spirit clan.

The only connection between the soul hall and the southern regions is the blood spirit clan.

After all, the ancient blood soul clan was divided into two groups, the soul family and the blood spirit family.

Is the seal of the blood soul clan lifted and the two forces United?

There are too many mysteries in Ye Chen's heart at the moment.

Ye Chen step out, look at the approaching several people calmly.

At this time, the tall and thin man suddenly said, "wait a minute!"

Several other men in black, with the same figure, were extremely obedient to the tall and thin man's words!

The tall and thin man was staring at Ye Chen with blue eyes. I don't know why. He even gave him a sense of danger. If he was normal, he might even choose to give up on Ye Chen. The only reason why he still stands here is that ye Chen's blood is so attractive!

Ye Chen shrugged his shoulders and said, "I don't want to do it. You can leave by yourself."

Several people smell speech, is a Leng.

They are the soul hall!

It's also the existence of so many people who are afraid of it!

Blessing a part of the power of blood, even if the seal exists, are not qualified to let oneself and others make way?

How can a creative world ignore them so much?

The fourth bald man burst out laughing and said, "boy, you don't know the name of our soul hall? You know, a lot of guys like you have been talking to us before, but the end is miserable. "

With that, he pointed to the corpse that had become a human stem and said with a smile, "do you know? The cultivation of this boy is much higher than that of you. "

"But his blood is not delicious."

Ye Chen didn't look at the bald man, but faintly pointed at the tall and thin man and asked: "I asked you for the last time, roll or not?"

The tall and thin man heard the speech, his eyes suddenly sank! In the eyes, the blue light flashed wildly!

"Let's go? I was just thinking about whether or not to give you a chance to live. Now, if you kneel down and kowtow to us, we can still save your life. After all, your blood is really attractive. I'm afraid Mr. Lin is very interested in you! "

With that, the tall and thin man roared and slapped the huge bloodthirsty bat beside him. Among them, he was the only one who could drive the Warcraft into action.

Although the tall and thin man was stimulated and extremely angry, he had not completely lost his mind. The sense of threat that ye Chen had let him feel before was still in his heart!

Therefore, he had no intention to reserve this move, and even directly used the bat king.

Although the bat King's strength is strong, he has to absorb most of the blood of the prey every time he takes a move. Therefore, the tall and thin man is not willing to let the bat king do it.

The bat king rose from the sky, blowing gusts of black wind, turned into a shadow covering the sky and the moon, and flew straight to Ye Chen!

And tall thin man and others are also a strange cry, the whole body clothes burst, muscles bulge, momentum burst!

These several people's body shape unfolds, the speed is extremely fast, transforms into four black shadows, accompanies that bat king, attacks to Ye Chen!

Ye Chen looks at the bat king with a sneer on his face. In his perception, the flesh of the bat king is extremely tough. I'm afraid that with one sword, he may not be able to kill him. In Warcraft, he is quite strong.

However, no matter how strong the animal is, it is only a beast. Moreover, it is still a kind of animal that is insane and has a strong animal nature. It can easily get angry. Generally speaking, the spirit of such a strange animal will not be too strong!

At that moment, the light in Ye Chen's eyes flashed. He looked directly at the green eyes of the bat king, and whispered: "the soul sword comes out!"

At the next moment, an invisible wave burst out of Ye Chen's eyebrow. Vaguely, it turned into a long virtual sword with smoke. After a flash, it was shot into the brow of the bat king, whose face was ferocious and his mouth was wide open!

At this time, the four men in black also came to Ye Chen's body. Their hands were turned into a pair of sharp claws. There was a trace of blood light twining on the sharp claws. Usually, as long as the blood light touches the enemy, it can instantly corrode the flesh and bones of the other party! Immediately, a few people raised their hands and completely blocked the angle of Ye Chen's Dodge!

Dao Dao blood color claw shadow, fell on Ye Chen body!

Feel the touch on the hand, a few soul hall men, are the face showing joy!

Their claws, really fell on Ye Chen!

This strange blood claw, even if it is the top warrior of ordinary star orifices, will be injured if they catch it like this, let alone a creature?

This arrogant boy is dead!

There was a big bang, and ye Chen stood in the center of the pit. All around him, he was the four strong souls hall.

At this time, the four strange claws firmly buckle on Ye Chen's body.

Looking at the ugly face, they still want to cry on the ugly face for a few hours!

At the same time, there was a shrill cry in the sky. The huge bloodthirsty bat, which made them trust with each other and had terrible strength, actually gave out a scream. In his eyes and ears, countless blood gushed out, and he fell to the ground heavily from the air!

"Not good!" The tall and thin man drinks secretly, is preparing to speak to remind, the ear, rings the bang bang two muffled sound!

Ye Chen ignores the power inserted in his body, and his body suddenly rises. God blood, burning blood formula, God demon reincarnation formula run! Let's do it. Let's scream and punch!

Very fast, severely hit the second, the third on the head!

These two blood demons, who killed countless people, did not even have time to scream, so they were blown into two groups of blood fog by Ye Chen!

Chapter 2166

The tall and thin man and the bald man all look crazy. Although these two fists didn't hit them, their thinking was smashed!

Just now, what happened?

Why is the powerful bat king suddenly seriously injured?

Why do two of his companions burst into a blood mist?

Too many unreasonable, so that the two bloodthirsty soul Hall of the strong, re found the heart of fear!

You know, that bat King's body is strong, but even the martial arts, can not cause harm!

Why did you fall down so inexplicably?

Not to mention the bat king, even their own, after mutation, they can resist the attack of the peak warrior of Xingqiao with their own flesh, but ye Chen smashes the second and the third into blood mist with two fists!

How terrifying is this power?

The tall and thin man and the bald man, with a strange cry at the same time, went crazy and fled in different directions!

Now, even if ye Chen's blood is so attractive, they dare not go back!

To have a chance to taste the delicious blood!

Looking at the rapid flash of the two dark shadows, ye Chen faint smile, way: "now want to go, don't think it's too late?"

At the next moment, ye Chen's electric light twinkles all over his body, and the whole person turns into an electric light. In an instant, he appears behind the tall and thin man!

And wumang also turned into a magic shadow in front of another person!

Wumang's feet are flying in the air and stepping down fiercely!

The evil spirit is surging!

After a roar, the bald man turned into blood mist on the spot!

Seeing this scene, ye Chen is slightly frightened.

Wumang not only has terrible speed, but also has amazing fighting ability!

It's the key to kill the dark star!

It's no wonder that the devil emperor wants to take wumang as his mount!

The tall and thin man naturally felt the appearance of Ye Chen, and even witnessed the murder of wumang! Cry out in horror like a ghost!

He raised his hands, and the unsteady momentum of sealing the door completely broke out. The whole desert seemed to be affected by this shocking evil spirit, and even the temperature dropped rapidly!

Ye Chen's eyes flash, this tall and thin man does have some strength!

Immediately, his wrist turned over, and his sword fell into his hand again!

The tall and thin man screamed: "die for me

His hands, blood light, turned into a group of blood flame, burning!

As soon as the flame came out, even the earth was burned out with countless holes, and the extremely strong evil spirit roared out. In the desert, the relatively weak creatures, under the influence of this evil spirit, exploded directly, turned into a little blood light, and merged into the flame!

Weird to suffocate!

The tall and thin man suddenly waved his hand, and the light in his hand turned into a pillar of fire, bombarding and leaving towards Ye Chen!

The whole desert, actually in an instant, are reflected into the blood color!

The tall and thin man looks happy. At this critical moment of life and death, he even displays the forbidden skill!

Ye Chen looked at the light that flashed to him, and his face remained unchanged. The beast decayed sword rushed at the flame and chopped it down!

Sword light flash, like a meteor across the sky, like a black hole devouring everything!

It seems that the bloody pillar of fire, which is extremely terrible, actually disappeared in the light of the cold sword!

And in the heart of the tall and thin man, the trace of hope originally born was also dissipated in the dark with this pillar of fire!

He no longer thought much, forced out blood essence, took out two jade cards!

One is the soul hall jade card! A jade card of the blood spirit clan!

The tall and thin man's body is covered with blood and evil Qi, and the speed is improved to the extreme!

.....

Under the night, a strange dark shadow was flashing wildly. The ugly face of the powerful soul hall was full of panic!

The tall and thin man knows that everyone is dead!

He has to go back and tell! You must tell Lord Lin Juelong!

At this time, his eyes, vaguely caught a glimmer of light, from his side flash by!

The tall and thin man suddenly stopped, like a frightened bird, turning his head wildly. His eyes flashed with blue light. He saw nothing but sand and the huge cactus like plants in the dark.

He breathed out a breath, relaxed a little, and then he was ready to continue to flee.

But at this time, the tall and thin man's ear, sounded a indifferent man's voice.

"Enough running?"

The voice came from behind him!

The tall and thin man suddenly turned around and saw Ye Chen smiling and standing quietly behind him.

"Ah The tall and thin man exclaimed, and then his pupils shrank again!

"Put Let me go I am willing to sign a contract to recognize you as my master! From now on, I will obey you! As long as I have enough blood, I can get stronger and stronger! Certainly, it will be useful to the master! "The bald man, at this time where there is the slightest anger, the slightest cruelty?"

He said in a low voice, his legs trembled, and he knelt down in front of Ye Chen. He knew that with his own speed, he could never escape from ye Chen's hands.

Ye Chen flashed a trace of rage in his eyes, and suddenly stepped down to the tall and thin man kneeling on the ground.

Endless dust surging!

"I don't need a contract. I'll ask you a few questions and you just have to answer them."

The tall and thin man nodded fiercely: "my Lord, you can ask me anything, but I think adults had better leave as soon as possible. After all, the people behind us will know if something happened to the people in the soul hall."

However, ye Chen's expression is light, stretch out a hand, took down the mask: "Oh? You mean Lin Juelong

When the tall and thin man saw Ye Chen's true face, his pupil suddenly enlarged!

"You You are ye Chen

Soul Hall who does not know ye Chen!

Even, the highest reward is Ye Chen!

Unexpectedly, ye Chen appeared in the southern region!

Devil, it's coming!

Ye Chen sees tall thin man does not speak, shake head, swept a black awn!

The next second, the dark light turned into a magic shadow, and rose from the sky! It's hard to step on the tall and thin man!

The tall and thin man was completely flustered and even said, "one day ago, Lin Juelong came to the south region with the hall master."

"Why did you come to the southern regions?" Ye Chen frowned.

The tall and thin man continued: "why is it that only Lin Jue long and the hall master know it?"

"From the beginning of Lin Jue Long's appearance, the temple master and Lin Jue long seem to be busy with something. They seem to be very interested in plundering other people's blood, and have been experimenting."

"These days, there are thousands of strong people in the hall of soul. Most of them are strong in the body of heaven and earth. Of course, a small number of them are strong in sealing doors."

"Even the master of the temple is experimenting with the elders of our soul hall! The Lord of the temple is completely mad

Chapter 2167

"We are just failures. Fortunately, the temple Lord planted some kind of prohibition in our body, which can be combined with the blood of the strong for a period of time..."

"By the way, last night, I vaguely saw the temple master and several powerful elders of the blood spirit family entered a back garden. It seemed that they were meeting some important people. It seems that the man is from the kingdom of God..."

"My Lord, that's all I know. I advise you to leave as soon as possible, because..."

The words have not finished, the high thin man's waist in the soul palace jade card actually suspended, the surrounding space faintly cracks!

Someone's coming!

Wumang instantly turned into a magic shadow towards Ye Chen, and mercilessly stepped on the tall and thin man!

Even the bald man's head and soul palace jade plate were directly crushed!

After dealing with all this, the atmosphere of space collapse completely disappeared.

Ye Chen touched the dark awn and said with a smile, "thank you."

After dealing with the last soul hall, Ye Chen's body is flashing again. After a few breaths, he returns to his original position. At this time, the huge bloodthirsty bat is still on the spot, dying, and the spirit tends to collapse.

Ye Chengang intends to cut it with a sword. Wumang takes the lead and swallows it with his huge mouth!

See this scene, Ye Chen's son is startled, after all, these bloodthirsty bats in the body of the blood force is extremely disordered!

It's easy to explode and die if you swallow it like this!

At this time, the devil said: "you are looking down on this guy, these disordered blood is nothing to him."

"If he were an adult, he could swallow a huge mountain in one gulp."

Ye Chen nodded, put on the mask, and looked at one direction!

The other captured warriors huddled in a shivering mass.

Ye Chen shook his head and waved his hand. The golden light flashed, and the chains on their bodies were chopped into pieces.

Ye Chen hands a Yang, will be a few pills, into pure medicine, into a few people's body, their physical condition immediately improved some, at the same time he took out a few clothes, throw out.

Then, ye Chen murmured, and his powerful mind burst out. Originally, he was still in despair and fear, and his eyes were rapidly brightening.

At first, the men looked around in a daze, but soon, all kinds of emotions flashed over their faces and understood what had happened.

Several people burst into tears and said to Ye Chen sincerely: "thank you for your help! There is no reward for great kindness

Ye Chen waved his hand indifferently and said, "it's just that these people have provoked me. Just go away by yourself."

Several people look at each other, in the eyes, are the joy of the survivors, see ye Chen really do not need them to repay the meaning, they went to the nearby city together.

Ye Chen immediately took out the beast's decaying sword. The light of the sword flashed continuously. He cut the remaining bloodthirsty bats that had lost their resistance into several pieces. At the same time, he took out a jade bottle and put all its blood into it to hide.

After finishing all this, he turned over again and went forward to Tianhan mountain.

Lin Juelong's problem is difficult, but it is not the first thing to solve. He wants to understand why the eternal king let him go to Tianhan mountain.

.....

At the same time, there is a temple in the south.

There is a huge stone carved on the outside of the temple.

There are three words with blood on it!

Blood spirit clan!

It is said that these words on the stone of Xueling nationality in Lingwu continent are left by the ancient blood soul clan!

Although the blood spirit clan and the soul hall came from the same door in ancient times, they were not related to each other for many years!

Even some enemies!

Not long ago, the head of the soul hall came to the blood spirit clan in person!

This is the first meeting ever!

Epoch making significance!

What's more strange is that the blood spirit clan is not very powerful in the southern region! At the moment, there are two old men with terrible breath standing at the gate of Xueling clan!

The old man's eyes closed, and his whole body exuded the breath of Ling Jue in everything.

There is an ancient totem on their sleeves.

There are two small words under the totem - Kingdom of God!

The people of the kingdom of God have come to the blood spirit family!

What is the matter!

And in the deepest hall, the atmosphere is extremely dignified.

A man in yellow was sitting on the top of the hall, drinking the best spirit tea.

Under him, there are the elders and ancestors of the blood spirit family, as well as the spirit hall Lin Jue long, and even the temple master!

There was awe in everyone's eyes.

Only Lin Jue Long's eyes, awe with a trace of fanaticism!

He even thought, if he used that method to absorb the blood of the powerful in the kingdom of God, what terrible situation would he be promoted to!

The man in yellow put down his tea cup, glanced at all the people around him, and said faintly, "are you sure that method will not have any side effects?"The master of the soul hall stepped forward and arched his hand and said, "my Lord, although it is still in the experimental stage, according to the current progress, there can indeed be a perfect experimental body."

The man in yellow doesn't care: "I'm not interested in this stuff."

"The road of martial arts still needs to be done step by step. At the beginning, the things you studied were blocked by the ancient strongmen of Lingwu land, and there was no result. Now you soul hall and blood spirit clan are going to continue to walk this road. I don't think it's good."

"This time I come to the blood spirit clan, I just want to see the prisoners."

"I don't know why, there is always something wrong with that stone in the family. It seems that something bad is going to happen."

"Everybody, get out of here."

How would the master of the hall of the soul be willing to retreat and quickly pulled out the dragon!

Then, he said to the man in Yellow: "my Lord, this man is the most perfect experimental body!"

"He can absorb other people's blood and cultivation without any side effects!"

"During this period, our soul hall has been experimenting on this man!"

"If you don't believe me, you can do something to him!"

The yellow man's eyes fell on Lin Jue Long's body, slightly surprised.

Because he could feel the strange smell of Lin Jue long.

Blood vessels are extremely disordered.

This is not possible among the warriors.

Between thinking, the man in yellow stretched out his finger and pointed it out!

The golden light is like a spear towards the dragon!

Lin Jue dragon's eyes shrink, using the power of blood to form a shield in an instant!

However, the power of that finger instantly pierced through the shadow of the shield!

Lin Juelong spits out a mouthful of blood and flies out on the spot!

I don't know how long it took him to get up and his ferocious face was full of killing intention.

The man in yellow nodded with interest: "this is just some meaning. This person has not turned into blood mist, which indicates that the blood vessel has a strong bearing capacity."

"In that case, I'd like to see how you deprive other warriors of their blood."

Chapter 2168

Words fall, yellow man five fingers a grasp, the hall actually appeared on three people in black!

And these people in black are the strong ones lurking outside the hall!

The man in yellow stretched out and said faintly, "I don't like the feeling of being monitored. That perfect experimental body, you can show me how to plunder blood."

Language down, Lin Jue long kill together, the moment toward those people and go!

In an instant, the hall sounded a tragic voice!

.....

There was no word all night.

Tianhan mountain, the top of the mountain.

The cold is pressing, and the snowflakes are scattered in the sky, which is quite artistic.

A beautiful figure stands on the top of the mountain, hands behind him, eyes closed, exuding the killing intention of Ling Han.

This is Wei Ying, the Supreme Master of juechan emperor's palace!

Wei Ying's Bai'er looks sad: "palace master, are you sure you want to wait for those six people?"

"Although these six people are in the early stage of Taixu state, it is also possible that they are all three levels of heaven in Taixu state."

"The six people in Taixu territory are united to fight against you. Your cultivation can't resist at all. What's more, you are still injured. Bai'er is very worried."

Wei Ying still closed her eyes and her white face was full of loneliness.

Suddenly, she said, "Bai Er, do you know what my biggest weakness is?"

White son show eyebrow a frown: "palace master has no defect."

Wei Ying's red lips Outline: "Bai Er, although I have got the lifetime skill transmission of my predecessors, they put all their hopes on me."

"But, I want to rise the palace of absolute cold emperor, far from enough."

"Not enough for now, at least."

"My cultivation is strong, but it doesn't belong to me. My growth time is too short."

"And at the moment, what I need most is to fight the strong! Only by fighting can we transform the powerful cultivation into our own

"The road of martial arts is still a step by step."

"The real strong are all like this."

Bai'er thought deeply for a moment and then said, "the palace master, you don't have to fight with those six people. The family of the kingdom of God is not so simple. What should we do if they join the array or the backhand?"

Wei Ying smiles: "that's my death date of Wei Ying, I also recognize."

"If I can't even break through this level, I'll talk about the restoration of Jue Han Emperor's palace! What else can we talk about to make it the first door of the ages again

Bai'er was a little flustered. He suddenly thought of something and said, "palace master, if something happens to you, what should ye Chen do? You can't protect him all the time! "

Hearing the name, Wei Ying suddenly opened her eyes, as if in a long memory!

"If I fall down in this war, tell him the secrets of juechan palace alone."

"Those cultivation resources are enough to make him grow into an undisturbed existence in a hundred years!"

"Then, tell her my name is Wei Ying."

"He I think it will avenge me. "

"In this way, my death may be worth it."

Bai'er is completely helpless.

What did she just want to say, a few streamers suddenly appeared above the sky!

Streamer with a breathtaking breath, toward the days of cold mountain swept!

Here comes the shepherd of the kingdom of God!

Wei Ying's hand appeared a cold sword, suddenly said: "Bai Er, back down."

"Palace master..."

Bai'er is a little unwilling, but still back to the back.

The palace master's words are reasonable, but can he really survive between life and death?

In an instant, the six old figures fell down together!

The moment the six people appeared, they released endless pressure, the wind and fury rolled, and there was a strong whirlpool between heaven and earth!

The whirlpool is like a beast roaring!

The head of a fairy old man tightly staring at the veil girl not far away, for a long time, he and the other five people looked at each other!

He took a step and waved his sleeve: "I am the shepherd of the kingdom of God, little girl. From your breath, you should be the girl who killed the herdsman in the holy dragon family."

Wei Ying does not move like a mountain. There are bursts of coldness between her eyebrows. She has no desire to answer!

"Little girl, what kind of power is behind you! Dare to challenge the shepherd of the kingdom of God

In fact, some of them are afraid of the sea.

So young to step into the Taixu state, if there is no background, who is willing to believe ah!

He even keeps releasing his mind, trying to determine whether there are strong people hiding in the dark!

However, he swept around, and there was no one but the two girls!

Unfortunately, Wei Ying obviously had no intention to speak. Her slender hand raised the sword slightly and said, "you don't have to worry about the strength behind me. I'm the only one to fight with the six of you."

"As for what kind of existence stands behind me, what qualifications do you have to know?" As soon as this word comes out, the look of the six old people of the herdsman is shocked!

They have seen many proud men in the kingdom of God, but they are the first to dare to speak like this!

In a flash, a shadow quickly shrouded away! Suddenly appeared behind Wei Ying!

That is the weakest of the six strong men sent by the herdsman, Mu Lei!

However, the speed is the most adverse existence of the six!

He killed in Lingwu land, only one move!

Mu Lei holds a red sword in his hand. The red sword tears the air around him and stabs Wei Ying in an instant!

Powerful air wave flow!

This sword seems to be an irresistible existence!

And Wei Ying still closed her eyes!

When the sword idea is about to fall on her neck, her show hands curled with gusts of cold wind, just like picking flowers!

Two fingers even caught the red sword in the sword light!

Two forces converge!

The sword shakes!

Mu Lei's expression became extremely frightening!

How strong!

"The shepherd of the kingdom of God is no more than that."

Wei Ying's red lips!

The next second, Wei Ying even released a raging atmosphere!

Between heaven and earth, it seems to be an ice field!

At the moment, Wei Ying is the queen of the ice!

"Click!" With a sound, the red sword swayed violently!

Mu Lei quickly let go!

When he let go, the sword he had been using turned into powder!

At the same time, an air wave burst out from the place where Wei Ying stood!

Mulei was blown out!

His body broke several icicles, and when he was about to fall to the ground, he was quickly helped by the animal husbandry sea dance!

Of course, Mu Lei still spits out a mouthful of blood, his face is extremely pale!

"This girl's strength is very strange. Her skills have some meaning of extreme cold. Is there such a sect in Lingwu land?"

Mu Lei is careful in his way.

After pondering for a moment, he still shook his head: "in the history of Lingwu, it seems that there is no such thing."

"The only possible sect has disappeared in the endless years."

"Now don't investigate the origin of this girl. We'd better take this woman as soon as possible. Her cultivation is better than ours. We must join hands!"

Chapter 2169

The animal husbandry sea dance is obviously the backbone of all the people. Once this word is said, everyone nods in succession.

Soon, the six figures scattered, as if forming a huge circle, surrounded Wei Ying.

If you look at it carefully, it's some kind of array!

The powerful killing array of the shepherds in the kingdom of God!

Liumu capture and kill array!

.....

At the same time, at the foot of Tianhan mountain.

Ye Chen, riding a dark awn, has already felt something wrong.

Although he is at the foot of the mountain, the air wave on the top of the mountain has faintly shaken the whole Tianhan mountain.

He'll wonder if the whole mountain will crack!

"This power is definitely not a fight between the closed doors! It's too empty! "

"What the eternal king is doing is not to let me intervene in the fight between the weak and the strong."

"I'm even choking at the middle and late stages of sealing the door. Do you want me to fight against the Taixu strongmen?"

"Every small place is different, let alone too empty."

Of course, ye Chen still let wumang go towards the top of the mountain.

In any case, along the way, the layout and hints of the eternal king are beneficial to us.

Although he can not intervene and expose his strength, but spend all his energy to guide himself, there is absolutely a reason!

.....

Tianhan mountain is next to a huge mountain.

A chessboard was placed in the middle of the mountain top.

Two old men were sitting on both sides playing chess.

One side of them is flowing with the Qi of the array, and a giant screen image appears in the air!

The mirror image shows the battle of Tian Han Shan.

"Herdsmen will never understand our country so simply."

"Maybe everything is false."

"The girl is likely to have an accident or even fall."

"The invincible myth may be coming to an end."

An old man in coarse cloth glanced at the mirror image, which was very interesting.

The eternal king had no intention of looking at the mirror image at all. He took a sip of wine and said with a smile, "it's not the end, who knows."

"What's more, even if the girl fails, I'll stay behind."

Coarse cloth clothes old man thought of what, smile: "old Yong, you said the backhand will not be that leaf boy."

"You are too optimistic about this boy. His ability of leapfrogging is indeed very bad, but this is a battle in a too empty situation. He can't get involved."

"It's not a level at all."

The eternal King took another sip of wine, and then left a son: "don't forget, ten months ago, you and I made a bet, but you lost to me in the western region soul race war."

The old man in coarse cloth looked a little livid, but he still said, "it's not the same thing. If the boy continues to rush to the top of the mountain, he may have an accident."

"When the time comes, all your efforts will be wasted."

With that, the old man in coarse cloth left a piece in the chessboard: "ha ha, dead game, this chess game, you old guy is going to lose!"

.....

Tianhan mountain, dust rolling.

The six herdsmen led the killing array!

You should know that the power of these six people killing the array is enough to shake the five layers of heaven in Taixu state casually!

In their eyes, the veiled girl must die.

At the moment, Wei Ying's face turned pale. Looking at the sweeping sword light, Wei Ying no longer hesitated. As soon as she stepped on it, she flew to the sky!

The cold sword dances, unexpectedly appeared an ice crystal palace behind her!

The empty shadow of the palace falls from the sky, and it is suppressed with cold and sword!

Mu Haidou and the others changed their faces in an instant!

What a magic power!

If it wasn't for this magical power, they would die!

The key is why this girl can master such terrible magic power!

"Guard your body! Open it

With a roar, the meaning of the array suddenly enlarges, and a towering light column forms directly!

Light column and palace shadow collision!

Tianhan mountain has split apart for ten miles!

The sound of "boom and boom" shakes the world!

Snow covers the top of the mountain, when all return to calm!

There is a huge pit on the top of Tianhan mountain!

In the deep pit, six strong men of the kingdom of God were injured! Pale to the extreme!

Their six person array is not as good as a girl!

There was a storm in their hearts! But the eyes have no intention of defeat.

Because they found that the girl not far away was obviously not well!

Mu Haiyue swallowed several pills and adjusted her breath. Her eyes fell on Wei Ying again: "girl, I'll give you one last chance. If you are willing to give up your cultivation and go to the God's Pastoral home, we can let you live longer."

"Even if you are willing to tell your secret, we can let bygones be bygones." Wei Ying did not speak, she suddenly disappeared in place!

Then there are countless cold winds between heaven and earth!

It's like a devil asking for his life!

It's too late for everyone to respond to something wrong!

One of the strong herdsmen actually appeared a space crack behind him!

In the crack, the girl in white veil appears, and the sword in her hand dances lightly!

Sword means ice!

Countless small ice cones shoot at the strong shepherd!

It's too late for the strong shepherd to resist!

The ice cone of Taixu Qilang directly penetrated his body!

His pupil enlarges, five fingers mercilessly grasps a herdsman jade card!

Unfortunately, at the moment when he was going to crush it!

He found his strength frozen!

Then he watched himself frozen!

Into an ice sculpture!

Mu Haiyue is aware of something wrong, and just wants to help, Wei Ying has already pointed it out. When her slender fingers touch the ice sculpture, the moment!

The ice sculpture explodes!

The snowflakes between heaven and earth are no longer pure white, but the color of blood!

Wei Ying goes to the next person again, boundless air waves one layer after another!

The sense of earth shaking never stops.

Soon, the whole day cold mountain blood snow more and more big, only two people left on the top of the mountain!

Moohai dance, Wei Ying!

Wei Ying's snow-white robe has been dyed red with blood. Of course, her strength is very strong, even more than any of the six.

But in the face of six too weak strong, she will also be injured.

However, she found that she was more familiar with the martial arts of juechan emperor palace, and even more harmonious with her own cultivation.

Her eyes coldly looked at the animal husbandry sea dance, I do not know why, always feel wrong.

It seems that everything is too easy.

And, only one person left, the other side did not panic!

Mu Hai suddenly laughed: "little girl, I'll give you a chance at last. Are you sure you don't submit to me?"

"Die!"

Wei Ying did not have any nonsense, disappeared again in the world!

The next moment, he appeared in front of the Mudan. The cold sword drove the momentum of the heaven and earth, and the peak power burst out, and suddenly shot at the heart of the animal sea dance!

At the moment when the sword was about to touch the animal husbandry sea dance, he said, "elder, our task should be completed."

"There is not much spiritual power left in the female elixir's field, and she has been injured. It's not enough to fear!"

As soon as she said this, Wei Ying's face changed greatly. As soon as she tried to retreat, the ground under her feet suddenly split!

Chapter 2170

A pair of withered hands directly grasped her feet, and the power of Taixu six layers of heaven rippled away!

Wei Ying was suddenly dragged into the ice!

Wei Ying did not mess up in the face of danger, regardless of her injuries, and swept away with a sword!

but the sound of gold and iron sounded, and a strong anti shock force hit!

Her sword was suddenly shaken, turned in the air, and finally inserted on an ice stone!

Not only that, but there was an old man in black under the ground!

The old man in black suddenly appeared behind Wei Ying's back, and the thin palm of his hand clapped it out!

It's too late for Wei Ying to hide! The other party is too fast!

And at its peak! But she is scarred, can use the power only half!

"Poof!"

Wei Ying spits out a mouthful of blood on the spot, and her weak body flies back for tens of meters, and finally hits the ground!

"Palace master!"

Bai er's eyes were moist, and she wanted to rush to save Wei Ying, but she found that there was a ban in front of her!

She can't move forward!

What to do!

Wei Ying wiped off the blood from the corner of her mouth and stood up. She looked at the old man who suddenly appeared with a dignified look: "it seems that the herdsmen are not six at all."

"Those six men are just cover up. Your real opponent is you."

The old man in black laughed darkly.

"Little girl, the family of the kingdom of God is not as simple as you think. If the herdsman wants to kill people, it will be divided into light and dark lines, and your real opponent is me."

"After all, you are still too shallow. Now I will kill you easily."

The old man in black doesn't like too much nonsense. When the words are down, there is a black sickle with blood in his hands!

The black sickle is like the sickle of death, harvesting life to Wei Ying!

.....

Just as the black sickle was about to cut off Wei Ying, Wei Ying's indifferent eyes closed.

"I'm sorry, old shepherd. I've also kept one."

"There is an ancient killing array in this Tianhan mountain!"

Wei Ying's blood essence is forced out, and the killing array starts instantly!

Between the heaven and the earth, there have been a series of array eyes, and the array eyes are shining brilliantly! Finally, it converges into a light spot!

A thousand Zhang ice sword fell from the sky!

the black robed old man's eyes widened: "this is the ancient Jue Jian array, this is the Jue Han Emperor Palace's array! How can you control it! "

A strong breath is coming!

Wei Ying smiles!

If she wants to be the master of juechan palace, her strength is not enough!

The reason why she chose Tianhan mountain is that there is a incomplete array left by juechan emperor palace!

this array is enough to change the war situation!

The shepherd of the kingdom of God can arrange, can't she Wei Ying!

The old man in black looks flustered. When the black sickle turns, the elixir of the elixir field gathers madly! To the ice sword!

Not only that, but the black robed old man grabbed the animal and threw it towards the ice sword!

"Bang!"

Heaven and earth, boundless air waves tearing apart the four sides!

The body of the old man in black flies on the spot! And Wei Ying is not happy! She is also in the middle of the array, affected!

Her body is dripping blood, she is seriously injured!

she has no strength to fight again.

This is her limit!

The trigger array almost emptied all the spiritual power in her body.

She was staring into the depths, and she was very worried.

"Yes, it's all settled."

After all, this ancient array, though incomplete, is enough to wipe out the Taixu strong!

The blood and snow in the sky is getting bigger and bigger!

I don't know how long, the dust dispersed!

Wei Ying Gu Jing Bu Bo's eyes appeared an accident!

The old man in black is full of blood. He lost an arm! Not dead!

At the critical moment, Mu Haiyue saved the black robed old man at the cost of his life!

He is the death attendant of the herdsman!

the old man in black smiles, and he walks towards Wei Ying step by step: "little girl, I have to admit that I despise you."

"It's really immeasurable at this age with such means and accomplishments."

"You have no aura in your body now, and you are seriously injured. You are not qualified to make a move."

"Even if there are any more arrays here, you can't move them."

"This time, after all, my herdsman won."

"For the sake of many herdsmen, I'm a big loser."

"Now, I'll see you on the road myself!"

In an instant, the black robed old man turned into a shadow and appeared in front of Wei Ying! Black sickle seems to take nine you cold light toward Wei Ying!

There's no slowing down!

Wei Ying is still!

Her eyes are a little lonely!She may have a card to block her, or escape, but the herdsmen and the array have consumed all her spiritual power!

She can't cast any skills!

She can't use any cards!

she can't pursue the hope of life!

The palace of juechan emperor will eventually be destroyed in her hands.

She won't!

She's angry!

She thinks she is still too weak! Even the shepherd of the kingdom of God can't shake it!

How to shake the more powerful existence of the kingdom of God!

Wei Ying closed her eyes.

She thought of the warm scene of Beijing Normal University, she thought of the young man's silent protection.

"Ye Chen, the next way, I can't protect you."

"I hope your next life will be as bright as summer flowers."

"Thank you for showing up."

Wei Ying thought silently.

The boundless black light completely devoured her!

Just as the black sickle was about to kill Wei Ying, a magic shadow came rushing in!

There is a monster on the shadow!

On the giant beast's body, is a cold looking youth!

Ye Chen is here!

Wumang broke out a very strong air wave, flying in the air in an instant!

And ye Chen step out, rapid fall! In front of Wei Ying!

With a clap of his hands, he suddenly seized the black sickle of the terrible power!

The old man in black was stunned, but he didn't expect to rush out!

Is this the girl's backhand?

When he saw the cultivation of the youth in front of him, his heart was filled with sneers!

The realm of creation?

Do you want to shake the Taixu state?

Are you kidding!

although he doesn't know how the young man crossed the border he set up!

but it doesn't matter! Because the young man will be shaken by the aftershocks and dissipate between heaven and earth!

At this time, a startling roar sounded: "red dust God pulse, open it for me! All activated! "

Words fall, the whole body of the youth even burst out a burst of light!

An ancient shield is revealed!

In the shadow of the key shield, there are nine dragons swimming!

The black sickle has stopped!

the blood of the youth shakes the black sickle!

His hands are bleeding!

But his eyes, fearless of everything!

"I'm late."

A magnetic sound suddenly fell in Wei Ying's ear.

That's a promise.

Wei Ying Rushui's eyes suddenly widened!

She thought of countless possibilities!

But I never thought it was this guy who appeared at the time of life and death!

The key is how he can stop the weak and powerful in the kingdom of God!
