

Physician 2171

Chapter 2171

Now.

Ye Chen can feel his hand shaking violently!

A terrible force filled the whole arm.

Even if he opened the red dust God pulse, the power of the other side was amazing!

He even opened the immortal body, the demon body, and even all the active protection to the maximum!

Is this the gap!

Fortunately, the black robed old man was severely damaged by Wei Ying's array! Strength is only part of the peak period!

Otherwise, even if ye Chen used the red dust God pulse, there would be an accident!

Ye Chen's eyes are dignified to the extreme!

The corners of his mouth, his hands have oozed blood!

Shocking!

And the old man in black is totally shocked!

His eyes seem to burst!

How could it be!

How can the state of nature block his attack!

Such ants should not be completely shaken by aftershocks!

"Who the hell are you?"

Ye Chen sneered: "it's ridiculous that so many people bully a girl!"! But she saved me, and I won't let her die

"Even if I know I can't shake it, I'll try it!"

Ye Chen stands up straight and grabs the black sickle's hand with blood flowing. His palm has been penetrated by the black sickle.

Endure the pain.

Behind her, Wei Ying looked at the scene with tears in her eyes.

She wants to take off the veil and tell Ye Chen that she is Wei Ying! It was the girl who had been guarded by him.

However, her hand half raised still stopped.

Now tell Ye Chen the identity, but will force Ye Chen to the dead end!

Before Wei Ying thought clearly, the black robed old man's face suddenly ferocious, a strong breath surging!

"Little beast, I don't care about your origin! Although I don't know how you can bear my sickle! But the gap between you and me is like a gap! Get out of here

At this moment, ye Chen's body suddenly flies!

The running loss of the red dust God pulse is too large!

obviously, he can't hold on!

"Bang!"

Ye Chen flies backward and smashes on the ground.

Not far away from him was Bai'er.

Bai'er's hand covers his mouth to prevent himself from screaming!

She never thought that the waste she had always thought of helped the master of the palace block a blow!

This guy is just the realm of creation!

if he steps into Taixu state like the palace master, who can stop this young man!

.....

Another mountain.

The two old men have stopped playing chess and are staring at the mirror image.

The old man in coarse cloth whispered: "it's strange. The smell of this little guy just burst out is very strange..."

"How could his cultivation prevent that blow?"

"even if it was against the sky, it would be impossible."

"Which link is wrong?"

He looked at the eternal king and fell into a long thought!

After a few seconds, his eyes widened, as if to see something extremely strange and frightening!

He stood up fiercely, staring at the youth in the picture, and exclaimed: "this This is the complete red dust God pulse! "

"Only the earthly pulse can shake this blow!"

"Although the kingdom of God has incomplete pulse, it is the first time I have seen such a complete pulse!"

"This..."

He looked at the eternal king and found that the latter was drinking, his eyes were slightly narrowed, as if he did not care about the war situation at all!

"Lao Yong, you already know that?"

The eternal King belched: "can you admit defeat?"

The old man in coarse cloth suddenly burst out laughing: "I admit that the boy's red dust divine pulse startled me, but this dead end has been unable to return to heaven! In his state, it is very difficult to use the red dust God pulse again, and the people of the kingdom of God have enough ability to kill these two people! "

The eternal king stood up, walked a few steps, leaned against a giant tree, extremely lazy: "in this case, then you can see it again."

"I sleep for a while. I'm getting older. I'm not sleeping well recently. I'm sorry."

The old man in coarse cloth:.... "

.....

Tianhan mountain.

The old man in black walked to Wei Ying again.

He looked at the young man who was injured in the pit in the distance. He was a little uneasy.

It has to be done as soon as possible, no matter what.

If you give the veiled girl enough time to recover, then the consequences will be unimaginable!

His trembling hand, clenched the scythe and chopped it off!

Just at the moment of touching Wei Ying, a figure appeared again!The injured young man didn't know when he would appear in front of him again!

Cut it out with one sword!

"A sword to cut the sky!"

The sword swallows the sky. This power completely surpasses the power of the four layers of heaven in fengmenjing!

The eyes of the black robed old man shrank, and he was surprised at the power of Ye Chen!

Such injuries can also break out far beyond the realm of power!

Plus the defense against the sky!

What a monster this is!

The black sickle suddenly touched the beast's decaying sword!

No accident, ye Chen flew out again! Hit a huge stone.

A mouthful of blood.

Although his strength is very strong, but in the eyes of those who are too weak!

Wei Ying's eyes flashed and tears were all over her cheek.

She doesn't want Ye Chen to bear so much for her!

It's not worth it!

"Ye Chen, you don't have to help me, you go!"

When the old man in black decides that ye Chen has no ability to fight again, let out a breath!

He's sure this kid is the most perverted being he's ever seen.

His eyes fell on Wei Ying again, killing the opportunity to release, the whole body was filled with endless evil gas!

The evil spirit is overwhelming!

Although he is a herdsman, he has been practicing magic skills all the time!

This terrible evil spirit formed his boundary!

No one can break in!

Even if the boy is a monster again, once he enters his realm, the evil Qi will be enough to kill him who has been seriously injured!

The old man in black quickly came to Wei Ying and said, "it's really hard to kill you."

"Perhaps, without the death of the six men, it might be our herdsmen who lost."

"It's time to end it."

"I'm tired."

"Tiangang evil spirit, kill!"

Between heaven and earth, a blood light condenses!

Boundless evil Qi is rolling, and the bloody sword shadow forms on the sky!

This is the punishment!

The sky punishing Blood Sword penetrates the howling cold wind and lands directly towards Wei Ying!

The old man in black laughed.

It's enough to kill everything.

After careful consideration, he ended up by this means.

He was really tired.

When the sword of punishment was about to crush the veiled girl! Rolling evil gas even sounded a roar!

The old man in black suddenly had a bad feeling.

He found that the evil Qi around him was rapidly decreasing, as if he had been plundered.

"This..."

The evil spirit dispersed, and he saw a bloody youth standing in front of the girl.

There was a grin on the corner of his mouth.

That pure eyes, not afraid of everything.

The old man in the black robe!

He's going crazy!

He has never seen such a strange thing as the strong man of Taixu!

Chapter 2172

Is this boy immortal!

What's more, why can this person absorb his evil spirit! What's more, he devoured the shadow of his bloody sword!

Is this man a demon?

Ye Chen looked at the veil girl: "I'm very curious. What kind of face is under your veil? You know my name is Ye Chen. Why do you help me? We knew each other before? "

Wei Ying's eyes trembled and did not speak.

The horror in her heart was no worse than that of the old man in black!

it turned out that this young man who had been secretly helped by himself had grown up to this point.

How much pain did he suffer along the way?

The black robed old man's face was ferocious to the extreme. He roared: "little beast, who are you! My bloody sword! Where is my evil spirit? "

With that, the old man in black went to Ye Chen!

In his opinion, at the moment, he must kill this guy first!

he even forgot the task given to him by the herdsman!

Ye Chen has become his nightmare!

If he doesn't die, he can't move forward on the road of martial arts!

Looking at the rapidly flashing shadow, Wei Ying said in a hurry: "Ye Chen, be careful!"

And ye Chen's eyes are dignified at the moment! He didn't use the seal of ten thousand swords in his body!

He's waiting!

Seeing that the black robed old man's powerful air wave is about to fall, ye Chen's five fingers open, suddenly pinch Jue!

"I will give you back all your evil spirit!"

In an instant, the evil spirit was rolling! The air waves are shocking!

The old man in black looks at the evil Qi around him and feels that he is not right!

Suddenly!

Roar!

A voice of terror rang through!

In the evil spirit, the old man in black saw a huge body!

Body has six painted black arms, three black black, spit fire in the mouth, angry God ghost appearance!

The body gradually becomes big, the height is thousands of feet, his back, thick six arms, flexible flying.

At this moment, the old man in black fusion!

He practiced magic skills, and naturally knew what it meant!

Jiuyou Shura!

It is said that Jiuyou Shura has three heads and six arms, and has a violent nature.

It's not like God!

Like a devil but not a devil!

It's like a human being!

Jiuyou Shura is the master of Slava. Everything in his hands is destruction.

The key to this small why can summon so powerful Shura for his use!

The nature of Shura is brutal and extremely belligerent. His strength can reach the sky. His hands hold the sun and the moon. His feet stand on the sea. His body is more Xumishan.

Ye Chen exhaled a breath, and even said, "nine you Shura, do it!"

The summoning skill of Jiuyou Shura taught by the devil emperor has the biggest uncontrollability!

That is, the power of Jiuyou Shura is directly related to the evil Qi!

And the evil Qi just now is that of the weak and the strong! More than anything!

The huge mouth of Shura opens, spurting out the blazing fire!

The boundless flame envelops the old man in black!

The black robed old man forcibly suppressed his inner anger and shock, and fought with Jiuyou Shura formed by his own evil Qi!

Even hurt!

Because this Shura even knew his skill, and even more with the meaning of punishment!

What is the origin of that young man!

Surrounded by the shadow, the boundless evil spirit renders the sky. Ye Chen knows that Jiuyou Shura can't last long. He doesn't think much about it any more!

Come on!

Ye Chen stepped out and rode wumang to Wei Ying's body. No matter whether Wei Ying objected or not, ye Chen grabbed the slender waist and directly sent Wei Ying to wumang!

"Let's go!"

Ye Chen is very clear, he and the old man have no power to fight, can only delay!

The two bodies are very close!

Wei Ying's pale face turned red.

If it was not for the life and death line, ye Chen would definitely enjoy some!

At the moment when wumang was plundering towards the foot of the mountain, Jiuyou Shura was violently torn open!

Then, behind wumang, there was a roar: "no one wants to go!"

Words fall, awn body high jump, it is keen to feel the danger ahead!

If you take a step, not only it, but also two people on it will be injured.

Ye Chen's heart clutters a, has not yet responded, a rapid dark shadow surging from!

Ye Chen subconsciously blows out a palm, and activates part of the red dust God pulse!

"Bang!"

The next second, ye Chen's body left wumang, mercilessly hit the ground!

One of his hands, the skeleton seems to be broken!

After being seriously injured, the Taixu strong man is still so terrible!

Ye Chen spits out a mouthful of blood again. At the moment, he is already very weak.

After all, his accomplishments are too far behind. At this time, Wei Ying thought of something on the dark awn and said to Ye Chen, "Ye Chen, can you buy me a minute's time?"

"In a minute, I may have the right to kill this man!"

With that, Wei Ying closed her eyes, and ancient words appeared in the center of her eyebrows.

Her breath is so ethereal! Like clouds in the sky!

Ye Chen hears Wei Ying's voice, Mou son a coagulate, stand up: "good."

In any case, he'll stick to it for a minute.

He looked at the old man in black, but he was shocked to find that the old man in black had changed his face and his face was full of blood!

Terrible!

Obviously, just now Jiuyou Shura and his first battle, scratched his face!

The old man in black naturally heard the conversation between them, and he laughed darkly: "little beast, hold on for one minute? Are you sure you have the qualification? "

Black robed old man now has endless anger to Ye Chen!

If it is spread to the kingdom of God!

He is too weak to kill such an ant!

He must be a joke of the kingdom of God!

In an instant, he went towards Ye Chen! Kill him like a beast!

He's going to torture this innocent young man!

He wants the young man to fall into endless nightmares at the time of life and death!

At this time, ye Chen closed his eyes.

His ear sounded a clear voice: "Ye Chen, I now control your body, may not be able to hold for a minute."

"What's more, I can't give full play to your current situation."

Why didn't you use the seal of the sword

Ye Chen only said, "master, I will never use it until I reach the point of death."

"That seal is strong and only once, and I don't want to waste it."

Feng Qingyang nodded with appreciation: "I didn't rely on cards blindly, but I received a good apprentice."

"At the same time, the dust laden sword case should be published!"

The next second, ye Chen suddenly opened his eyes! His cold eyes were fixed on the old man in black.

This look made the old man in black slow down a little bit!

This look, as if from ancient times!

Vicissitudes and desolation!

The black robed old man did not dare to think much about it. The black sickle in his hand cut through the space, swept the turbulent current and air waves, and was suffused with magic light, which completely devoured Ye Chen.

At this time, ye Chen's arm turned, and a huge sword box was in front of him!

Time seems to be stagnant!

When the black sickle touched the sword case, it broke into pieces!

It's not a level at all!

Chapter 2173

The black robed old man's eyes shrunk and looked at the palm of his hand in horror. Finally, his eyes fell on the sword case: "what the hell is this?"

Ye Chen smiles: "six sword boxes."

"I'm the only one with six swords for the sake of the wind and the way of the sword."

Language down, ye Chen even take the initiative to attack!

As soon as the sword box turned, it ran into the old man in black!

"Bang!"

The old man in black only felt the impact of endless power, and his Qi and blood vibrated in his body!

He clapped at the sword case!

But in his state, he couldn't make the sword box move!

"This..."

Br >

, the old man with black mouth is no longer thinking about the world like this!

This mysterious young man is so evil!

He forced out blood essence, and a blood sword appeared in his hand. The Blood Sword suddenly cleaved towards the sword box!

Ye Chen's mouth corner outlines: "of course, there was once a sword box, but it was not controlled by my body. Otherwise, how could you have the possibility of using the skills?"

"Well, if you have a low level of cultivation, you can see what kind of power can be exerted by the six sword boxes."

Speaking of this, ye Chen's eyes surge, incomparably proud feeling.

There are only six swords in the world!

"Six swords, three swords kill, master of sword box, I will cut the sky!"

Language falls, that motionless sword box actually blooms out the bright light!

The powerful sword spirit spreads out in the heaven and earth!

Whew! Whew!

Sword like rain, full of void!

The old man in black is like a big enemy. He waves the Blood Sword and wants to cut off the shadow of the sword!

However, the power of these sword shadows is incredible!

, his body was not cut down by his bloody wounds!

, his body was not cut down by his bloody wounds!

although his sword.

"Disciple, your body has reached its limit. I must leave, or you will die."

"Three swords open together!"

Ye Chen a roar, boundless sword rain actually appeared a green lotus! Green lotus breaks the void!
Devour the sky!

Fall from the sky and suppress the old man in black!

The green lotus is actually a dense and powerful sword shadow!

The terrible sword idea fills the whole Tianhan mountain!

"Damn it!"

The old man in black quickly took out a jade card!

Jade card concussion between, form a shield!

However, when the green lotus comes, the shield breaks down directly!

The jade plate also instantly turned into powder.

Fortunately, fengqingyang leaves Ye Chen's body and Qinglian disappears!

I don't know where the sword box stands between heaven and earth.

Ye Chen sits on the ground with a buttock, and the feeling of swallowing comes.

Black robed man can feel Ye Chen's overdraft, his eyes flash, and instantly attack!

And at this time, Tianhan mountain a light column to the sky!

It's Wei Ying!

At the moment, Wei Ying was surrounded by a flame of ice!

The breath is soaring!

There is no previous injury at all!

And her eyes are with awe inspiring cold!

"If you move him, die!"

Suddenly, the temperature of Tianhan mountain dropped to freezing point!

Wei Ying step out, came to the black robed old man, suddenly a palm, the palm even flame around!

The flame is so strange that it has the power to destroy the world!

And the eyes of the old man in black are extremely frightening!

Because - he saw something that couldn't exist in the world!

"The flame Absolute cold emperor palace! You are the master of juechan palace How can it be! "

"The palace of juechan emperor is still there!"

However, the words have not completely fallen, that strange flame of ice penetrated the body of the old man in black!

Even slowly devour it!

The old man in black was so frightened that he threw out a rune and said in a loud voice, "help me!"

However, it was too late. The old man in black burned out on the spot!

Everything was calm.

Wei Ying's eyes fall on Ye Chen's body and smile under her veil. She takes a step, and a trace of blood flows out of her eyebrows.

Her face changed slightly and she turned away.

Ye Chen, who is almost empty, sits on the ground and stares at the back of the veiled girl. He always feels a little familiar.

"Have we met somewhere before?"

"Girl, we've been together for good or bad. Should you show me your true face?"

"Of course, if you can't take off the veil."

After all, many girls in Lingwu have reasons to wear the yarn. For example, Yin Ming of xuanyuezhong.

Wei Ying, with her back to Ye Chen, did not speak.

Naturally, she wants to take off her veil, but she doesn't want to face Ye Chen like this.

She is a woman after all.

Women are those who please themselves.

Wu and her face are not the first time they want to meet in mainland China.

Ye Chen touched his nose and helplessly said, "since it's not possible, even if it's not possible."

"Should you also tell me a name?"

"What's your name?"

"To tell you the truth, I feel more and more like a friend of mine in China, who was once an English teacher. Well, as the patriarch of Lingwu land, you certainly don't know where I'm talking about, let alone what an English teacher is... "

However, Ye Chen didn't notice at all that the coquettish body of the veiled girl was shaking.

Under the veil, red lips bite.

Flattering and sexy.

"Ye Chen, actually I am..."

Wei Ying hesitated for a long time, just ready to speak, between heaven and earth, unexpectedly there is a gap!

A very strong pressure covers the whole Tianhan mountain!

There is a strong vibration from Tianhan mountain!

Even faintly will collapse!

One eye seems to dominate and examine everything!

The power of the shepherd!

Now on the other side of Lingwu land!

A family in the kingdom of God is completely enraged!

The herdsmen have fallen seven strong men in Lingwu continent!

Six strong men in the early stage of Taixu! A Taixu six layer sky strong!

This is an extremely heavy loss to any family in the kingdom of God!

God's Shepherd is angry! Clap on the stone platform!

"All the elders of the herdsmen listen to the orders and use the taboos of the herdsmen to break the empty blood array! Loss of cultivation, blood essence as the lead, bring people back directly! "

"I'd like to see what the veiled girl is

The void above Tianhan mountain is getting bigger and bigger!

Wei Ying looks pale to the extreme: "not good!"

She never thought that the shepherd of the kingdom of God would pay such a price!

If so, ye Chen and himself must die!

It's useless for her to have cards!

Now she and ye Chen have no chance to escape!

Neither of them has the strength to fight!

Just when Wei Ying was dignified, a magic shadow swept over!

Then, she heard a voice in her ear: "wumang, take her away!"

Without waiting for Wei Ying to react, her body has been forcibly taken to wumang's body!

Naturally, wumang is also aware of the terrible danger. Of course, he wants to accompany his master Ye Chen, but he dare not disobey Ye Chen's orders.

Wumang takes Wei Ying, who has not yet responded, to go away quickly!

Wei Ying wants to struggle, but she finds that her mount is bound to her!

She turned her head and saw a young man in her whirling eyes.

Chapter 2174

The young man held a sword in his hand. The sword was stuck in the ice, and he stood up hard.

His robes were covered with blood.

Shocking blood.

Now ye Chen is not facing the existence of the black robed old man.

Ye Chen will die if he stays in Tianhan mountain.

Why is he so stupid!

Why do you think about yourself at this time!

In Wei Ying's tender eyes, tears drop and touch the ice, and the ice melts.

She knew that this might be the last time she and ye Chen met.

After today, yin and yang are separated.

After the sadness, Wei Ying's heart is burning with flames!

"Kingdom of God, you forced me

"When I enter the cold abyss, dare to call the kingdom of God into the netherworld!"

Wumang leaves with Wei Ying.

Edge of the white son looked at the young man, or toward the dark.

She is just a servant girl. What qualification does she have to stop this catastrophe?

And what is the qualification of the young man who merely creates a world to stop this catastrophe?

Under the catastrophe, there will be death.

At least, today, ye Chen's death has subverted Bai'er's all cognition.

It turns out that some people are not afraid of death.

It turns out that some people have great intentions.

Originally, the world still has this feeling.

.....

Tianhan mountain.

Ye Chen stares at the crack of the void.

He had seen several figures in the cracks.

These figures are the existence that he can't shake.

"Well, you can't avoid it."

"After this time, I want to improve my accomplishments as soon as possible."

"I came to Nanyu just to save Chen Zhifan."

"Why does the eternal king want him to wade in this muddy water?"

Some helpless eyes.

But there was no fear.

The figures of the herdsmen in the void kingdom are constantly revealed.

It's a great hall.

In the main hall, several solemn and cold breath spread to Tianhan mountain.

It's like the contact of two time and space.

Suddenly, in the void, sounded an angry: "mole ants dare to shake the sun and moon, looking for death!"

"Today, I will see what you can do!"

In a flash, several people in the temple pinched the formula, and a bloody hand like a skeleton appeared in the void of tianhanshan mountain!

Blood hand suddenly toward Ye Chen to grasp!

Die!

But ye Chen at this time, closed his eyes: "originally wanted to hide this card for a few years, the key moment to reuse."

"Who would have thought that the critical moment came so quickly."

"I haven't covered the heat yet, eh."

Suddenly, ye Chen opened his eyes.

Step out!

One finger to the sky!

"Ten thousand swords seal, open!"

Ye Chen's body suddenly released a very strong light!

There are thousands of swords floating out of heaven and earth!

Every sword seems to be full of ancient meaning!

That's the history of the sword!

It was the age of kendo!

Ye Chen seems to be integrated with these swords!

The sky changes color!

Tianhan mountain is divided into two parts!

A youth to the sky, open!

.....

The shepherd's Hall in the kingdom of God.

A vast sword sweeping the hall!

Attract more than ten elders of the forbidden array to spit out blood!

Even the herdsman sitting on the high platform is not calm!

This power, he even felt terror!

All of a sudden, he found something and said, "hurry up! Close the crack, now

Several elders, as if in the face of an enemy, quickly pinched the formula, regardless of the injury, just when the mouth was about to be closed!

Tens of thousands of swords appear together!

It's tearing open!

The endless sword shadow is like a huge beast devouring the whole herdsman!

The herdsman array suddenly collapsed!

The shadow of the sword is confused!

Those shepherd elders were covered with blood in an instant!

The whole herdsman fell into a panic!

Who can think why there are so many powerful sword ideas!

The key point is not one person, but the masterpiece of ten thousand swordsmen who once stood in the world!

Shepherd of the kingdom of God, the sound of scream is endless!

I'm afraid that after today, the price paid by the herdsmen is unforgettable!

.....

And Tianhan mountain, the mountain of countless powerful people, the indelible history in the southern region, thoroughly turned into dust! Smoke and dust!

Tianhan mountain, no longer exist!

No one knows what happened in the cold mountain!

There is a rumor that a mysterious woman in Lingwu land is fighting six Shenguo Taixu strongmen!

All the strong people are killed!

Mysterious woman missing!

The rupture and disappearance of Tianhan mountain is due to the strong mysterious woman!

There are also rumors that the cold mountain was broken by a young man of fortune!

Youth fall! Tianhan mountain is also destroyed!

Numerous rumors flow, tianhanshan mountain is destined to become a mystery of Lingwu continent!

.....

One day later.

Ye Chen wakes up in a river.

He moved, slightly surprised.

He even unconsciously stepped into the eight layers of heaven.

It's not far from the starhole.

Is it a breakthrough in battle?

Or to untie the ten thousand sword seal, ten thousand sword seal to their own gift.

Although his breakthrough was suppressed by reincarnation, it was also amazing.

But on second thought, which state of creation in the world will fight against fengmenjing?

What kind of environment can resist Taixu?

From the beginning, he went against the sky.

I don't know what happened to the shepherd of Shenguo after the seal of wanjian was opened.

Is it a meteorite or a heavy blow?

Ye Chen thinks the latter is more likely.

However, he was really distressed to think of such a bad deal, and there would be no more.

This chance may be once in a lifetime.

At the moment, he feels very tired.

Despite the breakthrough, his whole body was scarred.

It's not easy to get back to top form.

He rose from the river with difficulty.

To his surprise, a strange egg lay beside him.

Red and blue, the lines are extremely beautiful.

What does Ye Chen think of? Look at the reincarnation cemetery!

Sure enough, the original red and blue light ball yellow disappeared!

Is the egg in front of you, Xiao Huang!

Is Xiaohuang refining finished?

This time, you just need to come out of the eggshell and you will be born again?

He vaguely remembered that when the Tianhan mountain collapsed, a light ball rushed out and forced him to leave.

"Is that you, Xiao Huang?" Ye Chen stares at the giant egg beside him and opens his mouth.

The huge egg rolled.

Ye Chen regardless of the body injury, touched the giant egg: "you refining end?"

"Do you want me to hatch you? Or break the eggshell by force? "

Ye Chen no longer talks nonsense, but the sound of gold and iron rings!

The giant egg did not move.

Xiao Huang constantly shakes, as if to express something, a communication, ye Chen did not get.

Finally, Xiao Huang entered the samsara cemetery.

"Forget it, take a step and see a step, at least the ball into an egg, prove that the end of Xiaohuang refining, the only thing to wait for is the day of breaking the shell."

"Wumang took the girl to safety and should come back to me."

"Now, I don't know where it is."

Ye Chen opened the map of the southern region, glanced at it, and suddenly her eyes shrank!

This place is just outside the Tiandu city of southern regions!

Tiandu city is the clue of Ge Qing!

No more nonsense, ye Chen changed a clean suit and went to Tiandu city in a hurry.

At the time of recuperation, you can investigate the whereabouts of Chen Zhifan!

Chapter 2175

.....

Soon after, ye Chen came to the gate of the city and submitted his own information. After a simple inspection, the warlord released Ye Chen into the city.

Ye Chen's eyes flash, it seems that the white mountain really did not play any means, otherwise he should not be able to enter the city.

After entering Tiandu City, ye Chen goes to a restaurant named Tianfeng. According to the information Ge Qing gave him, Tianfeng restaurant is a good but not too high-end restaurant in Tiandu city.

This kind of restaurant is the best place to get information.

Soon, ye Chen came to the restaurant, chose a slightly higher price elegant seat.

A bartender immediately welcomed him with a smile and asked Ye Chen, "Sir, what can I do for you?"

Ye Chen casually said: "put your good food in the shop, serve it, and take a pot of good wine."

The shopkeeper hears the words, his eyes are bright, and his smile is more intense. Ye Chen, such a big money, should be treated well!

He said respectfully, "OK, please wait a moment. I'll serve you right away."

Then he turned to the kitchen.

"Wait a minute." At this time, ye Chen suddenly stopped him.

The bartender turned around and looked at Ye Chen with some doubts and said, "what else do you want?"

At the same time, he looked up and down at Ye Chen. He looked at Ye Chen with some injuries. He was not the son of a powerful family. He did not order too many dishes just for the sake of affectation. Now he repented?

Ye Chen suddenly raised his hand and threw a small bag into the hands of the bartender and said with a smile, "here is my tip for you."

The bartender takes the bag and is stunned. Then he looks unbelievable. He sweeps his mind into the bag. It is a great fortune!

He was ecstatic at first, but soon he calmed down. Even if the young master was rich, he would not scatter money everywhere?

Thinking of this, he even looked at Ye Chen with some fear.

Ye Chen saw the look of the waiter and said with a smile: "you don't have to worry. I just came to Tiandu city for the first time and wanted to inquire about some things with you."

When the waiter hears the speech, his heart becomes loose. If ye Chen gives him such a large tip for no reason, he really dare not ask for it. Since he wants to inquire about something, it will be much simpler.

Immediately, the waiter of the shop said with a rather proud smile to Ye Chen: "young master, you can ask the right person. If you have anything you want to ask, please ask, it's not my boast. Although I'm a humble man, I can't hide Wang Xiaoma's ears and eyes when I talk about the wind and grass in the capital city that day!"

Ye Chen heard the speech, ha ha, and said with a smile, "that's the best. I want to ask you, did a masked foreign warrior ever argue with people in your Tiandu city before?"

The bartender heard the words, his face showed the color of thinking, and his eyes suddenly lit up after a moment.

However, soon the bartender's eyes darkened. After a moment of silence, he hesitated and said:

"young master, you have to ask others about this matter. They may not know it, but I know it very well! Because, it happened to happen in our shop! "

"Oh?" Ye Chen hears the speech, and his face is beaming. He looks at the appearance of the bartender and knows that he has scruples, which also shows that he really knows what.

Ye Chen tiny smile, indifferent way: "if you have any scruples, I don't force you, but I can assure you, if you really say what is useful to me, then, I will not treat you badly."

After struggling for a moment, the bartender made up his mind and said, "as far as I know, the warrior you asked is not from southern China!"

Ye Chenmu in Jingguang flash, a raised hand, and throw out a bag, way: "continue to say!"

The bartender took the bag and was overjoyed. He looked at Ye Chen and said with a smile:

"you are not from southern regions, are you? The boss told me that I can't publicize this matter. However, you are so generous that I don't say anything. I'm sorry for you

The man you inquired about seems to have come from the border of western regions and other regions. As you know, our southern regions are relatively closed and do not deal with people from other regions. On the same day, he came to our restaurant to have dinner, and was bumped into by a distinguished guest of Tiandu City. He should not have come to our restaurant to have dinner in his capacity... "

The bartender was eloquent and full of waves. Just as he was about to continue to speak, a cold voice sounded in the restaurant.

"Who the hell is asking about that rubbish? Bartender, your boss has not told you, this matter can't be made public

The bartender turned his head in horror at the man's exclamation.

Although he only whispered in Ye Chen's ear, how could he hide the sensitive perception of the warrior?

However, he didn't care too much. After all, who would be interested in chatting between a bartender and a guest? But I didn't expect that this young man ran into this scene and heard the content of the conversationYe Chen is also a frown, toward the direction of the voice to see.

He saw a young man with upright facial features, pale complexion, and flighty feet. He looked like he was recovering from a serious illness. He was accompanied by an old man with a bent body and walked into the restaurant.

Ye Chen looks at that young man one eye, then the vision, moved to the old man's body, the eyes slightly one squint.

The young man, though cold, domineering and strong, must have come from an extraordinary background, but his own cultivation is not too high.

Even, they still rely on pills. Although such people have realm and strength, their combat strength is not high.

For this kind of person, ye Chen is always not interested.

Even if they come from famous families, they should at least be like Ji Xuan and Xing Zitang. They should have real talents.

And the old man beside this noble man is a little bit interesting.

This man, in a strange way, covered up the real state, making him look like an old man at the top of the star body.

Although he had been covered up for a while, and the means were quite clever, but in front of Ye Chen's powerful divine consciousness and the body of reading demons, what were these small tricks worth?

Just a glance, he was seen through by Ye Chen.

The real cultivation of the old man was actually closed!

Although Ye Chen's strength now is higher than that in the early days of the seal door, the power behind him is absolutely not weak with such a strong companion.

This southern region is a crouching tiger, a hidden dragon.

Chapter 2176

At this time, the famous shop waiter beside him whispered carefully to Ye Chen: "young master, this This is Wang Kai, the young master of the king's family in Tiandu city. Before that, he was in conflict with the warrior you inquired about... "

Seeing this, Wang Kai's face suddenly became gloomy and gave the bartender a violent drink: "did I give you a damn face? I want you to shut up, deaf? "

Say, whole body momentum erupts, a turn over a hand, hold a long sword, toward the shopkeeper, mercilessly cut!

A blood red sword light, as if from the sea of blood from hell, instantly will the whole restaurant, all with a bloody evil spirit!

The bartender was pale and bloodless in an instant. Under Wang Kai's powerful blow, he shivered and even his soul was shaken by fear!

He knew that Wang Kai was violent, but he didn't expect that he would kill himself just because he whispered to Ye Chen!

At this time, he even regret is too late, full of mind, are filled with horror!

Wang Kai, no matter how weak he is, is not a minor two. Now Wang Kai has no reservation in his anger. How can he not be afraid?

Ye Chen saw this, and his eyes flashed slightly. Looking at the sword light which was quickly chopped, ye Chen stopped in front of the bartender. Facing the sword, he was indifferent. He didn't even mean to make a move!

All the people in the restaurant were stunned!

To die?

Even Wang Kai is a bit silly.

Then, his face showed a trace of ferocity!

At the next moment, the blood light burst out, and people were like being overturned by the tide of blood. There was a strong bloody gas in their mouths and noses. They could hardly breathe!

In the restaurant, there is a sound of cool air!

Seeing this, Wang Kai could not help but float a trace of satisfaction on his pale face.

Although his sword was just like that, it was a real stroke of nature. The level of the restaurant was not too high, and the strength of the guests was not very strong. In the eyes of ordinary martial arts people, it was still very terrible.

This is why Wang Kai likes to come here for dinner.

His strength is not very strong, but he is a very, very face saving person.

All people, looking at Ye Chen engulfed by blood light, have no doubt, ye Chen, will die!

Will die under Wang Kai's sword!

However, the next moment, that blood light, then spread a lazy voice: "today I don't want to kill people."

"So, go away."

"You are not my opponent, nor is the old man who sealed the door beside you."

Silence!

The restaurant, which was full of exclamations, was suddenly silent!

The old man also took a deep look at Ye Chen. Somehow, he sensed the danger.

He looked up and down at Ye Chen and quickly realized that ye Chen was not like the people of southern regions!

The key is to inquire about the whereabouts of the man!

In Wang Kai's eyes, there was a trace of cold killing in his eyes!

However, ye Chen does not care about Wang Kai's look. Even the old man beside Wang Kai is nothing to the present Ye Chen.

He turned his head directly and said to the bartender, "go and make a pot of good tea. If there is no superior tea in the restaurant, you can go outside to buy tea. Make it a little longer, OK?"

Then he threw a bag to the waiter and said with a smile, "take this money and go and buy tea."

He's helping the bartender.

Although Ye Chen thinks he is not a good man.

But ye Chen has principles.

The shopkeeper was very clever. Naturally, he understood Ye Chen's meaning. He looked at Ye Chen gratefully, and went directly to the back door of the restaurant.

"What's your name?" Wang Kai suddenly said.

He found himself somewhat elusive.

After seeing the waiter leave, Ye Chen sits down quietly. At this time, there is a waiter, carefully carrying the dishes to Ye Chen's table.

Ye Chen picked up chopsticks, tasted it, tasted it slowly, and praised himself: "it tastes good."

Until Wang Kai's face was black and his hands were shaking with anger, he turned his head and said with a faint smile, "Ye Chen."

Wang Kai took a deep breath, gazed at Ye Chen and said, "Ye Chen, if I read correctly, you have also been to Dengxian city and a place called Huaxia?"

Ye Chen slightly a Zheng, one side clip vegetables, at the same time casually nods the head way: "good."

It seems that the man is Chen Zhifan.

The sneer on Wang Kai's face became more and more intense, and he continued: "what's the information about the person who had a conflict with me before you investigated? Maybe I can help you? "

"Oh?" Ye Chen turns his head unexpectedly. He thought that it would take some effort to make Wang Kai speak. Unexpectedly, this man should be so smart?

"How?" Wang Kai suddenly flashed a sharp look on his face and said coldly, "you are so interested in investigating. He has done something wrong. Shouldn't you apologize for him? Are all the people of Chinese origin so uneducated? "

Language down, Ye Chen directly stood up, suddenly stretched out his hand, a slap fan out!

I can't stop him.

The atmosphere in the restaurant, all of a sudden, cooled to below freezing point!

In an instant, there was a gust of wind blowing out of thin air in this restaurant!

By the power of Ye Chen, the strong wind brought up!

Ye Chen a hand, the guests are real, feel the horror from the bottom of their hearts!

Wang Kai flies out in an instant!

And then hit the ground heavily.

"I don't allow others to insult Huaxia. If you say one more word, the family behind you will be erased from southern regions."

Tough to the extreme!

And Wang Kai?

Even those guests felt great fear. Wang Kai, the first to bear the brunt, felt death from this casual palm!

At this time, he did not care what face, immediately to that rickets old man, tears heart crack lung ground cry a way: "Ma Ye save me!"

The rickety old man who sealed the door, at the moment of Ye Chen's hand, had been on his old face, and his face changed slightly. The prestige of sealing the door also bloomed in an instant, and rolled directly towards Ye Chen!

He said to Ye Chen in a deep voice: "boy, you are very strong. I didn't expect that I would look away from you sometimes. In the world of nature, you can have such a powerful genius. Even if I have lived for thousands of years, I have seen no more than three of them! But

In his turbid eyes, a burst of light burst out, and his voice was filled with dignity:

"you are still too young! You know, there's someone out there, and there's heaven and earth out there. Although this Wang family boy is not a success, I can't really let you hurt him! "

The old man, named mahondo, is not the king's family. Although the Wang family is a good family in the capital, it is not the top class.

Such a family is not qualified to be followed by a strong man like him.

The reason why he stayed in the Wang family was that the king's family leader had saved his life decades ago and had shown him kindness.

Therefore, he promised that he would stay in the Wangs and protect them for a hundred years to repay their kindness to him!

Chapter 2177

However, he didn't like to be involved in power disputes, so he would not take the initiative to expand his influence for the Wang family.

At the same time, most of the time, he will not hand, only in the royal family, when in danger, to help.

However, even so, in recent decades, relying on the existence of the elderly, the Wang family has also been in the capital city, holding the position of overlord!

Although Ma hongduo didn't look up to Wang Kai's personality, first of all, the king's family leader was kind to him, and Wang Kai was his own son.

Secondly, mahondo stayed in the Wang family for decades, and he was able to watch Wang Kai grow up. Although he didn't say anything, he actually had feelings for Wang's family and Wang Kai.

Ye Chen injured Wang Kai on the spot, and he was furious!

The old man slowly raised his hand, and before he did, he swept the whole restaurant. All the guests present were no longer thrilled and frightened, but fainted directly, frothing at the mouth!

The best, is also pressed to the ground, crazy shaking!

This is just the breath of the old man who sealed the door. It is so terrible!

A few people who can still keep their consciousness think that facing the oppressive Ye Chen, even without the help of the old man, has been directly crushed seriously, or even directly crushed to pieces, dead?

How about fighting Wang Kai?

This pressure and Wang Kai's attack are not at the same level at all!

But, they did not see, ye Chen still a pair of indifferent look, just, his hand really stopped.

Seeing this, the old man breathed a sigh of relief. He knew that even if he could crush Ye Chen, if ye Chen was really determined to attack Wang Kai, he would not be sure to save Wang Kai. The reason why he released his breath was mainly to deter Ye Chen.

Wang Kai was sweating profusely all over his body, and his face was full of joy for the rest of his life!

But at this time, ye Chen said with a faint smile: "how? Relieved? Now, want to go? Did I let you go? "

"What do you say?" Wang Kai's face changed greatly, and his whole body was inspired by spiritual strength. He was desperate to escape Ye Chen's side. Mahondo's eyes suddenly popped up, and his eyes were sharp in an instant!

He looked at Ye Chen with anger on his face and said, "boy, you can be crazy, but you can't be too confident! I told you to stop. If you ignore my words and look down on me like this, don't blame me for bullying the small with big ones! "

With that, the hand, which had not yet been put down completely, gathered boundless spiritual power again and turned into a roaring angry dragon with distinct and vivid claws!

With one hand, the angry Dragon flew towards Ye Chen with the sound of dragon chanting that shocked the whole capital city of heaven!

Under the power of this angry dragon, all things seem to submit to it! No exception!

This one, very strong!

Ma hongduo is indeed a powerful man who has been steeped in martial arts for thousands of years. He is really extraordinary!

Moreover, ye Chen looked at the angry dragon, and his eyes flashed slightly. He knew that mahongduo had left his hand.

He didn't intend to kill himself.

Although Ma hongduo was a little short-lived and connived at Wang Kai, he seemed to be OK.

However, even so, ye Chen certainly did not let Wang Kai off.

He is a person with a bottom line. Before breaking his bottom line, he can not argue with you.

However, if he violates his bottom line, he will surely make a move, and no one can stop him!

Although Wang Kai is running away with all his life, his poor speed is like a snail in Ye Chen's eyes. How can he run away?

The next moment, the whole day, the sound of the sound of the city!

With a loud bang, Wang Kaizhen was severely knocked over by Ye Chen, and his face was covered with blood and flesh. Even Wang Kai's facial bones were smashed with this palm!

Mahone is angry, but at the same time, his pupils are also slightly constricted. This palm is so fast!

Even soon, the angry dragon palm that he played has not yet reached Ye Chen's body!

And the angry dragon, also in a twinkling of an eye, seemed to feel the master's fury in general, open teeth and claws, appear more ferocious ten times!

You don't know how cold it is

"Oh? Is it? "

Ye Chen looked directly at the angry dragon who rushed to his body. His face was still indifferent. He turned his hand and held a long sword.

He said faintly: "I really don't know the height of heaven and earth, but you don't seem to be qualified to teach me a lesson."

Mahondo laughed wildly. The palm print didn't fall for a moment, but was rolling around Ye Chen. He said with a smile:

"ha ha ha ha, boy, ordinary people are crazy. It's impossible to say such a thing in the face of my palm print, right?"

I don't know if you are really afraid of death, or you have brain problems. However, I still appreciate you. Bow down. I don't want to hurt you. I can be proud. However, if you are too proud before you have enough strength, you will die. "With Ma hongduo's fierce drinking, the dragon that flies around Ye Chen finally roars and suppresses it!"

The whole restaurant was shaking wildly under mahondo's astonishing hand. Countless tables, chairs and furniture were broken into powder in an instant. All the martial artists who still kept their wits were afraid from the bottom of their hearts and their teeth trembled.

Is this the power of the powerful?

It's so powerful that it's beyond imagination!

With a loud bang, the giant dragon came down, and the palm power puffed and puffed, and the dust and smoke filled the sky.

The original position Ye Chen stood in was blown out of a huge hole, but did not see ye Chen's figure.

And the people were finally liberated from mahondo's momentum.

They stood up and breathed a sigh of relief. It was hard to bear the pressure of closing the door in half a step.

A man looked at the hole and said in doubt, "what about the boy named Ye Chen just now? Why is it missing?"

A man beside him, not impressed, sneered: "what else? If you don't see how strong that hand is, you'll be blown to pieces?"

Another person shook his head and said, "Ye Chen is amazing. We can't even resist the trace of pressure that we leak out, but ye Chen can face it directly. However, this man is too crazy. It turns out that mania has to pay a price."

But at this time, mahondo's pupil shrinks violently. He knows that his palm has not killed Ye Chen, and it is impossible to extinguish it into nothingness!

So, where did ye Chen go?

But other people, even can not feel the existence of Ye Chen, this is why?

At this time, among mahondo's eyes, there are countless lights that ordinary people can't see. The reason why they can't see is that the speed of these lights is too fast!

It's almost unbelievable!

Chapter 2178

Even he can only catch a shadow!

Ye Chen didn't disappear at all, but because he used a kind of extremely terrible body method, which was so fast that everyone in this restaurant could not detect Ye Chen's existence except him!

Mahondo's face changed completely!

How can this be possible? Is it the body method that a chemical weapon maker can display?

Such a speed, even the early existence of the door, can not be touched at all?

Only those who are good at speed can have such an adverse speed!

Suddenly, the light in Mahondo's eyes suddenly disappeared, and Ye Chen's figure, like a ghost, suddenly appeared in this restaurant!

Originally, all the people who are still talking about it will be scared out of their hearts in an instant!

A lot of people's legs are soft, shout: "ghost!" Then a buttock sat on the ground, looking at Ye Chen, thrilled to the extreme!

Ma Hongduo was silent for a moment, and finally said: "young man, I, Ma Mou, have lived for thousands of years. I have seen all kinds of strange things and big waves.

However, I have to admit that you are indeed the most terrifying monster I have ever seen. You are not an existence that can be measured by common sense. I admit that I am not qualified to teach you a lesson. I withdraw what I said before

But soon, he snorted: "hum, boy, don't be complacent. I admit that your speed is against the weather. I can't compare with you, but speed doesn't necessarily mean strength."

Ye Chen said with a smile: "this, I agree, so..."

"Mr. Ma, you can do your best now."

Mahondo's eyes suddenly burst out a group of light: "boy, you mean, you don't hide?"

Ye Chen faint smile way: "good."

"Good!" Mahondo's eyes burned with fighting spirit: "it's really proud!" When he was young, he had been arrogant, all the time, looking forward to competing with those top talents. But as time went on, his cultivation became higher and higher, but the flame in his heart was gradually extinguished.

Now, in the face of Ye Chen, Mahong has a lot of time, but he has regained the enthusiasm and the fighting spirit of that year!

"Don't die, boy!" Ma hongduo murmured. In an instant, his momentum broke through the sky. The strong men in Tiandu city all cast their eyes in the direction of mahondo.

A sound of dragon chant reverberates in the sky. The whirlpool of heaven and earth spiritual power revolves wildly around the restaurant!

It's scary!

The whole city, it's scary!

Even ye Chen is slightly surprised that Ma hongduo, who has made all his efforts, has such momentum?

As expected, he is indeed an old monster hiding in the southern regions!

Ye Chen is injured, but he also wants to see what he stands for when he enters the realm of nature!

"The real dragon dances wildly!"

Mahongduo's two palms continued to swing, the palm force burst out, the void collapsed, all things submit, boundless palm force, turn into Dao Dao dragon shape, and dance around Ye Chen crazily. Every time it moves, it waves infinite power, and the Dragon chants in bursts, which makes the world astonishing!

"Go!"

At the next moment, mahondo, with his hair on his back, his veins rising suddenly, and his spiritual power surpasses the limit. The dragon like palm power, his eyes twinkle with cold light, and the dragon's power surges, and he hits Ye Chen hard!

Ye Chen's eyes sank, and the beast's decaying sword on his shoulder was also wielded fiercely when the dragon's shadow hit him. The sword's light was flashing, and the cold light entered his heart. His killing intention was extremely cold and cold, which made him startle the sky!

Even the citizens of the whole Tiandu city felt an extremely murderous intention, which swept over their bodies and couldn't help shaking slightly!

Under the meaning of killing, it is a light! Sword light!

The sword light of Ye Chen!

The ultimate shining sword light, in this small restaurant, completely broke out!

Ma hongduo's pupil shrinks. Vaguely, he seems to see another world, the world of sword, the ocean of sword, burst out from the light of the sword cut by Ye Chen!

This is another realm of sword!

This is the realm he has lived for tens of thousands of years and has never seen it before!

But today, I see it here!

In a young man he didn't even see in his eyes at first!

Mahondo's heart, which had been silent for a long time, suddenly burst out an emotion!

That's fear!

It is because he has lived for tens of thousands of years that he can truly realize the horror of this sword!

However, only in such a moment, mahondo suppressed the boundless fear!

Because he knew that if he was dominated by fear, he would surely lose!

What's more, it's a shame to lose!

Even if he wants to lose, he will try his best to lose after the first World War! Instead, lose to yourself!

After a millionth of a second, a huge bang broke out in this restaurant!

The strong light explodes, the aftershock of the attack and collision swept the whole Tiandu city. Everyone felt that a strong wind was raging in the city! And that restaurant, also in this extremely strong attack under the collision, collapsed, collapsed!

At this time, there have been countless people, attracted by the amazing wave, gathered outside the restaurant.

Among them, it also includes the Wang family owner. From the fluctuation just now, he clearly felt the breath of mahondo!

He did not understand, who forced mahondo to do his best in the capital city that day?

You know, mahongduo is in the realm of sealing doors, which is not easy!

Is it mahondo who provoked the seal?

At the thought of this, the king's master was in a panic and immediately rushed out of the restaurant.

However, people stare at the ruins, where there is a strong seal?

Among them, a young man stands aloof with a long sword, and this young man is a man of nature!

The head of the Wang family glared at him, not because of Ye Chen, but because there was an old man half kneeling on the opposite side of Ye Chen, with blood on his mouth and a bitter smile on his face.

And this old man is mahondo!

Seeing the half kneeling mahondo, the king's family leader was extremely frightened!

What's going on?

Who hurt mahondo?

At this time, he just will look, moved to Ye Chen body!

But soon he laughed and shook his head, feeling absurd about his idea.

But at the next moment, mahondo stood up, arched at Ye Chen and said, "I was defeated."

The king's family master, in an instant, petrified, his brain would stop working. For a while, he couldn't understand what mahondo meant.

Not only he, the people present, are all together with a silly eye, stupidly looking at Ye Chen.

Mahondo is a strong man to seal the door?

How could it be defeated by a chemical weapon maker?

Ye Chen looked at Wang Kai coldly and said faintly, "I will not kill you. Tell me exactly what I have investigated."

Wang Kai grinned bitterly, but he told the story before.

Some time ago, Wang Kai was in a restaurant and saw a young man wearing a mask and not dressed in southern regions. Wang Kai said a few words, but he didn't expect to be directly injured by the other party!

Mahondo was not present at the time.

After that, the Wangs also traced the whereabouts of the young man and knew that he had gone to the direction of the nine yuan city. However, just as he was preparing to take revenge, the young man disappeared in the city for no reason!

Ye Chen's eyes flickered slightly and asked, "do you remember the martial arts he used?"

Wang Kai recalled for a moment and replied, "it seems that You hear him murmuring "Zhenwu Huantian Zhang"

"Zhenwu!" Ye Chen eyes, suddenly burst out a golden light!

It seems that this man is really Chen Zhifan!

Chapter 2179

And after Chen Zhifan and himself were separated, his cultivation and strength also improved by leaps and bounds!

Ye Chen is because he has such a bad chance. Is Chen Zhifan's chance not weak?

But why did Chen Zhifan come to this southern region?

Ye Chen pondered for a moment, and suddenly his eyes flashed!

Is it because Chen Zhifan gave him the order, because of the inheritance?

At this time, the king's master, who had been observing his words for a long time, came forward with a flattering smile and arched his hand at Ye Chen and said, "Wang Yan, the master of the lower Wang family, is it the dog who has offended you?"

If there is any disrespect, my Wang family is willing to compensate you as much as possible! "

He did not pay attention to the direction of the wind, a moment, a flash of thunder!

Jiuyuan City, a luxurious mansion, the gate is a crystal plaque, with gold powder, writing two big characters, Hong family, the font flying, faintly showing a majestic charm.

In this mansion, there are many servants coming and going, and their accomplishments are not low. Obviously, they are not ordinary people.

This is one of the strongest forces in the nine Yuan City, Hong family!

In ancient times, the Hong family also had a strong ink and heavy color!

Even his status in the southern region is extremely high!

And many of Hong's children have entered the holy wind college in Lingwu!

At this time, a man is being held in a dark room of the Hong family.

The man had long hair and his hands stretched out to the top of the left and right. He was actually chained to a wall by shackles.

What's more, his feet are also locked. What's more, even the man's tailbone is pierced by a huge hook with a rune on it.

The man, with his head down, bony and scarred, was clearly suffering from unimaginable torture.

If ye Chen were here, he would be recognized.

This man is Ye Chen's first friend Chen Zhifan in Lingwu mainland!

At this time, a man in a gold robe, with a long sword and a long sword, was tall and straight. He looked very handsome, but his expression was extremely sinister. He walked out of the shadow of the corner.

He went to Chen Zhifan, staring at Chen Zhifan and said: "boy, I will give you another chance to tell you the whereabouts of the stone and inheritance. I can spare you from dying. This is your last chance, do you know?"

Chen Zhifan raised his head, opened his eyes and looked at the handsome man. His eyes were empty. He opened his cracked lips and seemed to want to say something.

The handsome man's face moved, and a glimmer of joy flashed on his face. Over the past few months, they had exhausted almost all means of torture for this boy, trying to find out the location of the thing. However, this man was really a tough guy, and never said anything at all!

Chen Zhifan's lips moved and seemed to be saying something, but his voice was extremely weak.

The handsome man quickly put his ear close to Chen Zhifan's mouth and said, "what do you say? Speak up

"Get out of your mother!"

This is a Chinese curse.

"What?" The handsome man frowned and thought he had heard something wrong.

Chen Zhifan mouth, raised a light smile, way: "I said roll, fool."

"Waste! You want to die

Junlang man's anger rises in an instant. In his eyes, his killing intention rolls wildly. His whole body breathes wildly. His hand moves, and he has pulled out the long sword. The cold light is shining, the sword light is flashing, and the blood is splashing!

This sword actually cut off Chen Zhifan's hand directly!

But what about Chen Zhifan? But did not even frown, in the eyes, only calm.

Junlang man gasped and tried to calm down his anger. He knew that he could not really kill Chen Zhifan. In that case, there would be no chance to know the whereabouts of the stone and inheritance!

Heritage is not very important, but the legendary stone can be related to the future of Hong family!

This stone is handed down to control reincarnation!

If it is dedicated to the kingdom of God, the Hong family can definitely ascend to heaven one step at a time!

He looked at the man in front of him. He couldn't understand how Chen Zhifan resisted so much torture and refused to give in all the time?

How strong is his heart?

At this time, there was a loud noise at the gate of Hongfu!

The whole gate, together with the plaque made of extremely hard crystal and with array blessing, was directly smashed into pieces!

A man, apathetic, stepped into the Hongfu.

The first people to see ye Chen are the servants and servants of Hongfu.

They all look at Ye Chen foolishly, some incredible.

This is Hong Fu!

In a big city like Jiuyuan City, you can be the top three big families!

How dare someone break into the Hongfu house so wantonly?

No more?

What makes them not believe their eyes is that the intruder is still a chemical weapon maker! Crazy! This man must be crazy!

At the same time when ye Chen stepped into Hong Fu, dozens of gray shadows flashed in front of Ye Chen.

These dozens of people have extraordinary breath. Although they are wearing gray clothes used by servants, they are obviously not comparable to ordinary servants in terms of material and workmanship.

And these people are all the cultivation of nature and star orifices.

The first one is the existence of the seven layers of the star body. He stares at Ye Chen and shouts in a sharp voice: "ignorant madman! Do you know where this is? How dare you break in? Now get down on your knees and be captured with your hands tied! "

At the same time, when he spoke, the dozens of people moved, and they completely surrounded Ye Chen!

The head of the courtyard guard looked at Ye Chen, sneered in his heart, and immediately burst into a shout: "do it! Kill this man! Throw him out of Hong's house

After that, he took the lead. In those big hands, a long cold iron stick appeared out of thin air. On the long stick, there were complicated inscriptions!

That long stick is a thing, it turns into ten, with ten stick shadows, contains powerful power, stirs the wind and cloud, and smashes hard at Ye Chen!

Not only him, but also dozens of nature guards, each using his own means and dozens of attacks, rushed towards Ye Chen at the same time!

Ye Chen did not see these attacks, or still move forward, these attacks, although they can not hurt him, but there are a group of flies around you constantly noisy, or will be annoyed.

Especially when you're in a bad mood.

At the moment when these people launch an attack, ye Chen says faintly: "kill God sea."

Suddenly, time, as if still!

It's shocking and murderous. It's coming out!

That extremely cold killing idea, just like a long river of blood flowing out of the glacier, directly engulfs these courtyard guards!

It took no effort to break their spirit!

What's more, there is also a sense of terror in the long river. Just like this river of blood, it falls from the nine heavens. It does not belong to the mortal world, but is the divine punishment of the God!

Chapter 2180

Ye Chen is the God who dominates all things and controls life and death!

What Hong family, what kind of courtyard guards, this moment, all disappeared from their minds!

In their hearts, only cold, frozen soul of cold!

If you know that you have offended the real God, the God who can control your life and death at will, will you feel cold?

In this short moment, within a millionth of a second, all the spirits were damaged and the heart of Tao collapsed. In this way, they were seriously injured and passed out!

And their attacks, before they fall, dissipate.

And ye Chen walked by their bodies like this.

This shashenhai is a kind of spiritual attack method created by Ye Chen, which combines the spirit skill of the herdsman, tianhunzhen, into the spirit atmosphere and killing intention field. Although its power is not as powerful as the real one, it is more than enough to deal with these existence.

Moreover, the sea of killing gods will be strengthened with his understanding of tianhunzhen.

Around the servants, servants, all look silly, horror to know the sea will be broken, looking at Ye Chen's eyes, it is like looking at the devil out of hell.

Is this still human?

This is simply, is the God demon!

With these people's eyes, naturally, I don't know what is soul skill.

Countless people, looking at the coming Ye Chen, all screamed. They looked at this indifferent young man in fear and thought, can no one stop him?

At this time, there are several figures, whistling!

The breath of these people is amazing!

What's more, they are wearing all kinds of gorgeous clothes that look high-grade, instead of dressing up as servants like a yard guard.

These people are the sacrifices of the Hong family!

Of course, it's just the most common sacrifice of identity.

A red robed man with a goatee and a jade crown frowned and looked at Ye Chen coming. His eyes flashed. Soon, he found Ye Chen lying on the ground behind him. Many of them were unconscious and hummed in a cold voice:

"hum, these useless wastes, dozens of times as many as each other, can't even stop a warrior in the same realm?"

I don't know what's the use of these buckets in Hong's family! Now, even a chemical weapon maker has to bother me. Have we solved it in person! What a shame

This red robed man, named Fang Yue, is the highest star hole and the highest level of cultivation among several people. It can be said that he is the leader of general worship!

As soon as the man in the red robe finished speaking, a man in a green robe, who looked more than 20 years old, shook a folding fan in his hand, and in his eyes, there was a faint trace of years in his eyes, and he said with a smile:

"brother in law, please be calm and don't be impatient. How can you clean up the waste in person? Xiao Wen, is it OK to give this person to you?"

Standing next to the man in green robe, Wen ye, dressed in black and with a sword scar on his face, flashed his cruel eyes and said with a sneer:

"brother Qi, don't worry. I will educate him well to let him know that the door of Hong's family is not so broken!"

"Now kneel down immediately and cut off his limbs. I can spare you a life. If I do, you will only die! You..."

In Ye Chen's eyes, there was a flash of cold light. He didn't even pay attention to what the other side said. Now he was worried about Chen Zhifan's safety, but there were annoying clowns jumping out of the way, naturally impatient!

Without waiting for Wen ye to finish, ye Chen is stepping on his feet and surging with endless pressure!!

"Go away!"

All the people around have no time to respond, the powerful air wave directly lifted them!

Spit blood one by one!

Ye Chen's icy eyes fell on Fang Yue at the back!

At this time, Fang Yue's face was distorted by fear, and he was about to cry. Under Ye Chen's cold eyes, he shivered all over and even his trousers were a little wet!

He opened his mouth tremblingly and begged for mercy Young master, please let me go. I'm just a dog who works for the Hong family. I have no eyes. I offended you. Please... "

"Go away." Ye Chen cheered coldly, interrupting Fang Yue's words.

Fang Yue a Leng, then is the face appears the color of ecstasy, rolling to escape from ye Chen body.

And ye Chen, still looking at the position where Fang Yue just fell.

What he saw was not Fang Yue at all!

But where Fang Yue fell!

To be exact, it's a secret chamber built deep underground under this location!

There, he felt a familiar breath!

"Broken!"

Ye Chen breaks to drink a sound, a foot severely tramples on the ground, a roar of explosion, the whole Hongfu, are shaking like an earthquake! Debris flying, that hard ground, actually hard by Ye Chen this foot, stepped out of a very deep hole!

And ye Chen's figure, also in an instant did not enter that hole!

The handsome man in the chamber of secrets is the young master of the Hong family. Hong feiyuan has no more than 100 roots and is already a cultivation of sealing the door!

He was once the most outstanding graduates of Shenfeng college!

Even with many people of the kingdom of God!

By chance, he got an inheritance jade talisman, and then he has been looking for the place of inheritance!

The key is that there is still a legendary treasure in the place of inheritance!

Reincarnation xuanbei!

Relying on the influence of the Hong family, he really found some clues, but he could not know the exact location.

Until Chen Zhifan appeared, he happened to know that Chen Zhifan was searching for some information that might be related to the relics. Immediately, he attacked Chen Zhifan!

Although Chen Zhifan's strength is far beyond the realm, and even can barely cross a big realm to fight, how can he be his opponent?

After being captured, Hong feiyuan put him in the secret room of Hongfu!

In Chen Zhifan's storage bag, Hong feiyuan quickly found the same inheritance jade symbol as his own hands!

Immediately, he began to torture Chen Zhifan and let him disclose everything he knew. But what he didn't expect was that no matter how horrible and cruel he used to destroy Chen Zhifan, Chen Zhifan was like a dead man. He had no feeling at all!

Moreover, its vitality is extremely strong, even if his hands are cut off, his hands will grow again in a few days.

Therefore, until now, Hong feiyuan has not got any information from Chen Zhifan.

Just as Hong feiyuan was still considering how to make Chen Zhifan speak, there was a loud noise from above his head, and countless stones fell down, which made Hong feiyuan jump!

Then, a figure appeared in front of him.
