

Physician 2181

Chapter 2181

When ye Chen enters this chamber of secrets, he first sees Chen Zhifan.

When his eyes swept over Chen Zhifan's broken hand and the scars on his body, the cold in his eyes almost froze the air!

And Chen Zhifan, looking at Ye Chen who appears in front of him, is stunned, completely stunned.

Originally, he has been desperate, the reason has not completely collapsed, just because he still remembers Ye Chen's words and his pride.

However, how could he have imagined that ye Chen, unexpectedly at this time, appeared in front of himself!

Chen Zhifan's eyes gradually brightened up. In this despair, he finally found the light of hope!

Even with Chen Zhifan's temperament, at this time, he could not help but feel a little excited and said in disbelief: "Ye Chen, is that you?"

Ye Chen smiles and nods his head: "fan Ge, it's me."

Hong feiyuan, on the other side, was shocked by the young man who suddenly appeared in the secret room. After all, not everyone would appear in this strange way.

However, he soon calmed down, because he had already seen Ye Chen's cultivation!

When he heard the conversation between Ye Chen and Chen Zhifan, Hong feiyuan was slightly stunned, then looked at Ye Chen with a sneer and said with a smile:

"did I hear you correctly? Do you know each other? Don't tell me you're here to save your friend? You broke into my Hong family for this?"

Ha ha ha, there must be a limit to stupidity

However, ye Chen didn't pay any attention to Hong feiyuan. He turned his wrist, and a long sword fell into his hand. Then the light of the sword flashed and chopped several times at Chen Zhifan's wrist and other places, and the sound of clicking was continuous!

Those chains were cut off by Ye Chensheng!

Chen Zhifan fell to the ground when he was light. After a long period of torture, he even had no strength to stand. He could only stand with the help of Ye Chen.

Hong feiyuan originally watched Ye Chen take out his sword from the chain of Chen Zhifan, but he still looked indifferent and let it go. His eyes were full of scorn and sneer!

This chain was made by their Hong family to imprison prisoners with deep-sea cold iron. Ordinary star orifices can't be destroyed, let alone a chemical weapon?

Hong feiyuan was even too lazy to stop it.

After ye Chen took out his sword, he subconsciously said, "fool, where can you..."

However, with the sound of metal fracture echoing in the chamber of secrets, Hong feiyuan's words to his mouth were also swallowed back.

He opened his eyes, protruded his eyes, and was shocked to see that the shackles and eyeballs that were cut off by Ye Chen were about to fall to the ground!

How could that be possible?

How did you do it?

What's more, his sword is very casual. It doesn't look like he used all his strength.

Soon, Hong feiyuan turned his eyes to the black sword in Ye Chen's hand. Then his eyes brightened and he felt that he had found the reason!

What a long sword!

His eyes, too, were blazing!

Full of desire for the sword!

With this sword, his strength will surely be improved by a large part!

Hong feiyuan held up his sword and pointed to Ye Chen with a sneer:

"boy, put down your long sword. If you break into the secret room of Hong family, you'd better put your hands down. In this way, I might even be able to let you go. Otherwise, it's not as simple as death!

Ask your friend about this, and he should know it

Hong feiyuan thought that ye Chen, under the pressure of his breath, would at least show some flaws, even if he could not really be captured?

The reason why he didn't direct his hand was that he was afraid of the power of the sword in Ye Chen's hand.

But what?

Ye Chen, just take out a pill, and take Chen Zhifan's broken hand, carefully crush the pill, daub it on the broken hand, and then fit the broken hand to the wound again, and take out the bandage to bandage it!

At the same time, he turned another pill into pure medicine and put it into Chen Zhifan's body. He didn't care about Hong feiyuan's words at all. He just took it as air.

Hong feiyuan's face was gloomy. The cold light flashed wildly in his eyes. Even his hand holding the sword trembled slightly!

It's a total rage to him!

At first, he thought that ye Chen's disregard was just to escape his own existence!

Now, he has felt that ye Chen really does not put him in the eyes of the young master of Hong family!

Hong feiyuan, as a genius of the Hong family, always exists everywhere. Naturally, he is also a very proud person. How can he endure such treatment?

Immediately, he snapped: "I talk to you, are you deaf?"

As he said that, a killing intention flashed on his face. The sword danced in his hand, and a sword dragon appeared. It was in this small secret room that he swam around nimbly. Then he turned his head and threw himself at Ye Chen! This sword is a secret sword handed down by Hong family in ancient times!

As the young master of the Hong family, Hong feiyuan began to practice this sword technique since he was born. Up to now, he has cultivated it to a great level.

His sword is extremely strong and extremely restrained!

The sword's sharp, elegant, completely condensed, sealed in the sword dragon, no leak!

This sword, though not too powerful, is also a very terrible sword!

It is estimated that, in a hurry, the general star body peak strong person can not resist completely?

Hong feiyuan couldn't hide a trace of blazing in his eyes. He couldn't wait to see that after he killed Ye Chen, Chen Zhifan fell into despair again!

Ye Chen glanced at the dragon shaped sword meaning and said, "you are really upset. Do you know?"

He helped Chen Zhifan with one hand, but he put away the beast's decaying sword and punched the Dragon at will!

"What?" Hong feiyuan a Leng, don't understand why Ye Chen did this?

According to reason, ye Chen's biggest dependence is the real artifact in his hand? Why, put away the artifact?

Still use one's own fist, hard touch sword meaning?

This is so stupid that you can't make a stupid choice!

Hong feiyuan is puzzled. Now he really thinks that this waste of nature is a brain problem.

At the next moment, ye Chen's fist collides with the reserved sword idea!

It seems that the dragon shape with unimaginable power was smashed, collapsed and dissipated in an instant, even less than a second!

Even the slightest trace has not left to dissipate!

"Well?" Hong feiyuan rubbed his eyes and didn't even respond. What happened? How did his sword spirit disappear?

As if confirmed two or three times, Hong feiyuan's face gradually turned pale. At this time, his thinking returned to reality from the shock.

Ye Chen, it is a casual punch, then broke his sword meaning?

What kind of power is this?

Chapter 2182

Ye Chen does not speak, but quietly supports Chen Zhifan. The powerful medicine washes Chen Zhifan's body and gradually relieves the injury in his body.

He looked at Chen Zhifan's face, gradually improved, ye Chen was slightly relieved, and then opened his mouth and asked, "brother fan, what happened to you during this period of time, can you tell me?"

Chen Zhifan felt his strength recovered. He could stand without Ye Chen's help. He stood beside Ye Chen and nodded. His eyes sank and he looked at Hong feiyuan. His eyes were full of cold hatred!

Hong feiyuan was shocked by Chen Zhifan's eyes!

Later, Chen Zhifan accidentally leaked news, was caught by Hong feiyuan, imprisoned here, suffered torture, all told.

The more Ye Chen listens, the colder he looks.

He even felt that he had touched something important.

Reincarnation xuanbei!

The Hong family treated Chen Zhifan so much because of this thing.

But now people have many eyes, ye Chen naturally will not go deep into it.

It is not too late to rescue Chen Zhifan.

But Hong feiyuan, already started to tremble, he wanted to escape, but he did not dare to escape!

Ye Chen, however, broke his sword meaning with a casual fist!

What he's thinking now is procrastination!

Delay time, before ye Chen made such a big noise, I believe that soon, his father and the elders of the Hong family will come.

The elder of the Hong family is the real strong one of the Hong family. Even if he is the young master of the Hong family, he has no right to drive the elder. The elder is directly under the command of the master and only obeys the master's command.

Wait until his father and elder arrive, this ye Chen even if strong again how?

Can you be stronger than two super powers?

He's scared! Afraid of themselves, not waiting for the arrival of his father, this strange warrior will be unable to help himself!

He breathed quickly, sweating wildly, and his eyes rolled around in disorder. He managed to pile up a smile and said to Ye Chen, "this childe, what brother Chen said is actually wrong. There should be some misunderstanding in this..."

However, before he could finish, he could see a flash of human figure. The frost covered Ye Chen appeared in front of him in an instant. He did not even see ye Chen move!

Then, ye Chen raised his hand like lightning, and with a loud bang, he pulled hard on Hong feiyuan's face!

With a roar, Hong feiyuan's body was violently knocked over!

He even smashed a hole in the ground. His facial bones, even his skull, were completely smashed by Ye Chen's palm. His originally extremely handsome face has now turned into a pile of bloody rotten meat, which is extremely ugly!

Ye Chen looked down at Hong feiyuan at his feet coldly and said, "I said I didn't say that. Are you really upset? You don't understand? Yeah? Who told you to speak? "

Overbearing, extremely overbearing!

Ye Chen is overbearing to those who hurt their friends!

The cultivation of sealing one layer of heaven is not enough for ye Chen now!

Ye Chen looked at Hong feiyuan, who was wriggling like a maggot. He opened his mouth and said, "answer me in three seconds. Did you chop that hand of fan Ge?"

Hong feiyuan's body trembled and suddenly excited. He had some vague consciousness, but he suddenly woke up. However, he looked at Ye Chen in horror, but he did not dare to answer!

In the eyes, is full of praying color!

"One."

Ye Chen looked at him coldly, with no expression and turned a blind eye to the begging in his eyes.

"Two."

Looking at Ye Chen's deep and cold eyes, Hong feiyuan exhausted all his strength and finally squeezed out two words from his throat.

"It's me."

Facing those eyes, Hong feiyuan did not even have the courage to lie.

The next moment, ye Chen raised a foot, also at this time, ye Chen appeared above the hole, suddenly sounded a violent drink: "bastard, give me a stop!"

He looked up at the top of his head and saw the air.

However, ye Chen didn't even have a trace of fluctuation in his eyes. When his feet moved, he trampled on Hong feiyuan's body!

There was a big bang, and Hong feiyuan uttered a scream that rang through the whole Hongfu!

Under the sound of crackling, Hong feiyuan's bones, meridians and Dantian were all smashed into pieces!

Even if he's still alive, it's almost the same as the disabled.

Although the Hong family is a family inherited from ancient times, it is difficult for Hong feiyuan to recover completely with its resources and strength.

At this time, Chen Zhifan frowned tightly and gazed at the two figures that had just fallen in the chamber of secrets!

Before, ye Chen stopped Hong feiyuan's attack at will, and then used his body method of terror to kill Hong feiyuan instantly. Even if he had some accidents, he could still accept it. He knew that ye Chen was a very rebellious evil spirit, otherwise, he would not have come to this land of Lingwu!

However, the two people who appear in the chamber of secrets are the master of the Hong family and the elder of the Hong family!

These two people are the existence of five layers of heaven!

I'm afraid the enemy, even if it's the strong one, can't it?

He could not help but whisper: "Ye Chen, be careful, these two people are not simple!"

Two middle-aged men appeared in the chamber of secrets.

A gorgeous yellow robe, with God's gold thread on it, outlines a dragon pattern.

This dragon pattern, under a close look, has the feeling of taking off!

Although he looks middle-aged, his face is warm and smooth, his face is hard and sharp!

A pair of tiger eyes, not angry from the prestige, actually appears elegant, elegant in the more exudes a kind of long-standing on the top of the dignity!

Judging from his appearance, he is similar to Hong feiyuan, who is the head of the Hong family.

Beside him, there stood a middle-aged Taoist with a simple Taoist robe, three long beards under his jaw, his eyes shining slightly, his face white, his cheekbones protruding, and his appearance was quaint!

The Taoist looks like a fairy and a man of noble temperament, but somehow, his eyes turn, but faintly reveals bursts of evil.

Hong Renjie, the head of the Hong family, glanced at the half dead Hong feiyuan on the ground. He was almost split in the moment, and his whole body was full of momentum. He rolled in with infinite killing intention!

Although Hong feiyuan is not his only son, he is the best one among his descendants!

It is also the hope of the Hong family in the future. Even the Hong family has decided to take out all the family resources to cultivate Hong feiyuan!

Help them advance to a higher level!

Hong feiyuan is not only the little master of Hong family, but also the hope of Hong family in the future!

Now, but destroyed in Ye Chen's hand!

How can Hong Renjie accept this?

His Taoist heart, which sealed the door for five layers of heaven, would be ignited by his anger!

Hong Renjie, a pair of bloodshot eyes, gazed at Ye Chen. Ye Chen turned his head and said with a faint smile to Chen Zhifan: "brother fan, don't worry. I'm not afraid of these two people."

Ye Chen stepped into the eight layers of heaven.

After such a long time, the injury has almost recovered.

If you do your best, you should be able to fight against the strong man of five layers of heaven!

It may be a little difficult.

Chapter 2183

As soon as he said this, even Hong Renjie, who was infuriated, was stunned. Then, he was very angry and said with a smile:

"OK! I don't pay any attention to it. My son can be hurt like this by the cultivation of nature. You are indeed a demon with crazy capital, but are you crazy in front of me? That is not madness, but ignorance! Stupid! Die for me

He said, his sword out of the body, gold and silver brilliant rippling, is about to hand!

Chen Zhifan takes a deep look at Ye Chen and nods. He knows that ye Chen is not a person who can talk nonsense at this time, and he is willing to believe Ye Chen.

But just then, the Taoist next to Hong Renjie stopped him.

Although Hong Renjie was dissatisfied, he still restrained his breath and asked, "brother chun, what do you mean?"

The elder of Hong family, named Chunling Taoist, said with a gentle smile:

"don't be impatient, brother Hong. To tell you the truth, although this boy has only eight layers of heaven in his life, he is strangely full of Qi and blood, which is the only one I have seen in my life. Can you hand him over to me?"

Hong Renjie was stunned when he heard this, and then he said with joy: "brother chun, do you mean..."

Chunling Taoist nodded his head and said: "yes, and I only want his body, and the storage bag is naturally given to brother Hong."

Looking at Ye Chen, Hong Renjie's eyes were full of joy and he nodded his head:

"then brother laochun will do it."

However, he knew that chunlingdao was born in a demon family. What he practiced was a very evil skill. It was terrible and cruel to practice with people's blood essence. If ye Chen was caught by him to practice, the pain would be more than 100 times what Hong feiyuan had to bear!

In this way, he was able to solve the hatred in his heart.

Chunling Taoist said with a smile, "thank you for your success."

Then, one step forward, went to Ye Chen in front of, line a courtesy, gentle said: "this little brother, offended."

Ye Chen looked at the hypocritical smile of Chunling Taoist priest and said with a sneer:

"ha ha, offend? I'm afraid the skills you have practiced are not ordinary skills, are you? Naturally, you're not just going to offend me

Chen Zhifan hears the speech, the complexion changes slightly, the seal door five layers day existence, originally extremely powerful!

If ye Chen said that the Taoist priest Chunling was practicing the weird skills of the evil sect, his own strength might be even stronger!

Even if Chen Zhifan's trust in Ye Chen is incomparable, there is a trace of shaking in his heart now!

Ye Chen, can you really defeat this spring spirit Taoist?

Chunlingdao's man looked at Ye Chen with a slight feeling, but soon, he relieved and said with a smile:

"do you see that? I can't let you live

The skills he practices is his secret. If exposed, he will be hunted down by the strong. After all, there are some enemies in his existence.

But now he doesn't matter. Why?

Because dead people don't leak anything, do they?

Ye Chen said with a faint smile: "is it? I'm afraid you can't do it? "

"For a long time, I haven't seen such a proud young man as you for a long time," he said with a smile

Said, actually is has no sign to hand!

I saw the spring spirit Taoist hands strange song a stretch, there are several nearly transparent light, with a very fast speed, toward Ye Chen shot away!

What is aimed at is Ye Chen's eyes, heart, and lower Yin!

This move is really secret and extremely vicious!

Even Hong Renjie's face flashed, and he felt a little frightened.

Ye Chen's pupil shrinks and stares at those invisible flying needles. A sneer appears at the corner of his mouth. His body does not move, but his hands move in succession.

Dang Dang Dang!

A few light rings, ye Chen clenched fists, slightly released, people see, but all face show shock color!

I saw that the flying needles, which were shot by Taoist Chunling, were extremely fast and extremely secret. They were so easily grasped by Ye Chen!

What's more, it's still in the hands of bare hands!

On the hand, although the flying needle pierced the skin and shed some blood, but that's all!

This is the flying needle from the five layers of the gate!

Ordinary chemical warriors can't even detect it. They may have been hit by flying needles, seriously injured or even killed!

What about ye Chen? Even the flying needle was picked up empty handed!

Besides, it's almost no broken skin!

Taoist Chunling looked at Ye Chen in disbelief, but soon his face calmed down and said:

"awesome, this little brother, I'm afraid he is one of the most rebellious demons that chunmou has ever seen. Can he catch my secret spirit shapeless needle? And it was caught empty handed! "

With that, the murderous intention in his eyes became more and more intense. "Your physical strength also shocked me. If you were hit by the invisible needle of secret spirit, it was just skin breaking and bleeding.

But, little brother, why do you pick it up with your hands? Can you tell me, do you know that on my secret spirit invisible needle, there is a poison on the hundred poisons list of Lingwu?

That is, even if the seal door exists, can not bear the poison!

On hearing this, Hong Renjie was startled. He exclaimed in disbelief: "brother chun, you What you're talking about is that one hundred kinds of extreme poisons that are claimed to be in existence and can only wait for death? "

Chen Zhifan's face changed wildly, and he quickly flashed his body in front of Ye Chen. He looked at Chunling Taoist priest and Hong Renjie like a wild animal, and said in a deep voice:

"Ye Chen, this spirit and martial arts poison is not trivial, it is not comparable to ordinary poisons, so pay close attention to heal the wound! Try to get the toxins out of the body! "

Chunling Taoist priest looked at Chen Zhifan's action with a smile, and didn't care. Now, he is sure to win.

If Lingwu Baidu is so easy to force out of the body, is it still called Lingwu Baidu?

Chen Zhifan naturally understands this truth, but what else can we do?

In his heart, can not help but rise a sense of guilt, if he is not too weak, accidentally caught, ye Chen will not be poisoned! He did not even ask how ye Chen found himself, but he was sure that ye Chen came to save him!

Because they are too weak! Ye Chen was implicated!

Only Ye Chen, still maintain a cool look.

The Taoist priest of Chunling glanced at Ye Chen, but he was surprised. At the same time, he also admired Ye Chen's heart.

If ordinary people know that they have been poisoned by Lingwu, they are martial arts experts. Will they be shocked?

This ye Chen's look has not changed from beginning to end, this disposition is really outstanding.

He turned his head and said with a smile to Hong Renjie:

"brother Hong, as for my invisible secret spirit needle, I have the 96th" molten divine fire ". The molten divine fire is a kind of fire poison, which can hurt spirits. Although the rank of poison is relatively low, the main reason is that the time from the poison to death is not too fast. If one of the martial arts of the door, it needs one It will take three days to die completely.

However, the degree of difficulty of the theory of melting god fire is even on top of some strange poisons of the first 80!

What's more, ha ha, the spirit of the poisoned person will suffer from the constant suffering and gradual melting of the pain, which is much more unbearable than the general physical pain.

Everyone who died under the invisible needle of my secret spirit, tut Tut, that death is extremely interesting. Brother Hong, you can see it immediately. "

Chapter 2184

After hearing this, Hong Renjie suddenly felt a chill on his spine and said to himself in secret that he could not provoke the Taoist priest Chunling.

Its all-in-one means are really weird and incomparable, and can't be prevented.

If you're in the fire Thinking about it, Hong Renjie felt a little scared.

then, Chun Ling Taoist looked at Ye Chen and said with a laugh, "the reason why I choose to adhere to the secret spirit of the secret soul is the most suitable for me. My method requires flesh and blood essence, but it does not require the power of the spirit. Moreover, the melting speed of the fire is slow, and it also makes it easier for me to kill each other before the death of the other person and the loss of vital energy. All flesh and blood, completely refined. "

Hong Renjie couldn't help swallowing a mouthful of saliva, which was vicious! How vicious!

That is to say, those who fall into the invisible needle of secret spirit will die in the double extreme pain of body and spirit!

This kind of pain, even the most cruel torture, is not comparable?

Although the spring spirit Taoist looks gentle and elegant, in essence, he is a pervert who torments him for pleasure!

With a smile on his face, the Taoist priest Chunling looked at Ye Chen and said, "little brother, now, do you know what is waiting for you? I don't know. Can you keep calm? "

Chen Zhifan's heart sank as he heard the speech. He glanced at Ye Chen and saw that ye Chen was playing with the invisible needle of the secret spirit in his hand. He still looked indifferent. He couldn't help but shout anxiously:

"Ye Chen, what are you doing! Get the toxins out of here

Is it that ye Chen's incomparable firmness of mind, also can't bear to face the results, despair? Give up?

In Chen Zhifan's eyes, a trace of pain flashed through his eyes! The more depraved Ye Chen is, the more guilty he is!

However, ye Chen but a smile, the hand of the secret spirit invisible needle, gently patted Chen Zhifan's shoulder: "don't worry, fan Ge, I'm not poisoned."

As soon as this speech came out, everyone was slightly stunned.

No poisoning?

You know, Lingwu hundred poisons, but all are the existence of blood, ah, as long as there is a wound, bleeding, is bound to be poisoned!

How can there be no poisoning?

Immediately, Chunling Taoist priest and Hong Renjie burst into laughter. The boy, who was supposed to be hopeless and out of his mind, began to cheat himself.

Chunling Taoist shook his head and said: "originally, I still appreciate your heart. Alas, I didn't expect that you have collapsed? They are beginning to deceive themselves and others. It's disappointing to torture a madman, but it's no fun! "

Hong Renjie said cruelly: "it's a pity that when he was sober, he suffered such pain, which is the best punishment for breaking into Hong's house and injuring yuan'er! It's cheap for him to collapse so fast. "

Chen Zhifan's eyes flash, although, ye Chen said, he also some can't believe, after all, this is against logic.

But! He is willing to believe Ye Chen! Because, he has confidence in Ye Chen's conduct!

Chen Zhifan didn't say anything more, retreated to one side, sat on the ground and began to heal.

Since ye Chen said he was not poisoned, he was not poisoned!

What I have to do now is to seize the time to heal! Try not to be a burden to Ye Chen!

Ye Chen looked at the lonely Chunling Taoist priest and Hong Renjie with a sneer:

"even if the poison is slow, it will not take long to see the effect, isn't it? Do you think I look poisoned now? Well? "

Hong Renjie and Chunling Taoist looked at each other, and finally, they stopped laughing. They both frowned and watched Ye Chen carefully.

Hong Renjie's face changed slightly and said, "brother chun, this boy seems to be really free from poisoning."

Even if ye Chen can install, can endure, but breath, physical signs, is can't deceive people!

Ye Chen is full of Qi and blood, pulse, spirit and other signs, and there is no change at all. Where is it like poisoning!

Taoist Chunling frowned and pondered for a moment. The boy's state was really strange.

However, soon, Taoist Chunling's eyebrows spread out and said with a smile:

"brother Hong, don't be deceived by this boy's bravado. He should rely on his own blood and blood and master some secret arts to suppress the toxin by force."

Ye Chen looked at the two of them in a funny way and couldn't help but feel a little playful:

"well, the reason why I came to Hong's house this time is just to save my friend. However, your son hurt my friend, and I almost recovered what he owed me. I have finished the matter. If you get out of here, I'm too lazy to fight you. How about that? "

Ye Chen finished, and a trace of anger flashed on the faces of Chunling Taoist priest and Hong Renjie!

They are both powerful in sealing the door. How come they are let go of Ye Chen, the chemical weapon maker?

Taoist Chunling said with a sneer, "boy, you really dare to bluff when you say you are bluffing? Hehe, the existence of nature, said that they have the strength to overcome the seal? Say it out, even if it is a three-year-old child, will not believe it, but will laugh off his big teeth? If you want to bluff, you can at least find a better reason, don't you? "

Ye Chen shrugged, indifferent way: "if you don't believe it, you can try it on me?"

Taoist Chunling's eyes suddenly darkened, staring at Ye Chen. However, with his experience, he could not see any flaw in Ye Chen's performance!

If ye Chen is acting and pretending, then this acting skill is really good!

The Taoist priest Chunling suddenly flashed his eyes and quietly gave a wink to Hong Renjie.

Looking at the two people's looks, ye Chen slightly shook his head and sighed: "I have given you a chance. Since you want to die by yourself, I can't be blamed."

Chunling Taoist priest snorted coldly: "depend on you? When you are refined by me, I hope you can still pretend to go on! Do it

He burst into a frenzy and turned his hands over. He actually held two curved swords. His gentle and elegant face suddenly became ferocious, and his whole body was full of evil spirits, just like a devil who came from hell to reap human life!

Boundless evil spirit roars, in the evil spirit, there are also the shadow of countless wronged souls. The wind is sweeping, and the wind is filled with countless howls, screams, and cries for mercy!

This Chunling Taoist priest, practicing all his life, has no idea how many people have been tortured to death!

Not really hand, its momentum, then let people shudder!

His two swords were interlaced in his hands, and the blood light flickered at the edge of the sword. However, he was a little thin and weak. In an instant, he summoned up a solid and strong muscle and cut a sword at Ye Chen.

The Taoist priest of spring spirit whispered: "kill the soul of the blood abyss!"

Chapter 2185

Two sharp blood light crisscross, toward Ye Chen, in the blood light actually seems to take innumerable unjust spirits, the fierce spirit roars and screams toward Ye Chen.

On the other side, Hong Renjie did not neglect at all. The long sword with gold and silver shining in his hand moved. His body was ethereal, and his sword spirit was soaring. In an instant, he melted into the brilliance of gold and silver!

Under the flow of brilliance, it is actually sketched out a lifelike giant dragon's light and shadow. The giant dragon's Lin claws are shining brightly, and their whole body is shining with gold. Only the Dragon horns and claws are shining with silver!

The gold and silver dragon, accompanied by the roar of the ghosts, was also a long chant, and the sound shook the whole field. In an instant, the whole body gathered the clouds of gold and silver. With a swing of the dragon's tail, it flew away towards Ye Chen!

During the action, the silver light in the dragon's horn and claw is more and more dazzling and colder. The light is like a sharp sword, extremely sharp!

Between the two men, it is obvious that they have used their full strength!

And, together, tacit understanding is incomparable!

Obviously, it's not the first time we've joined forces against the enemy!

One side of Chen Zhifan's face suddenly sank down. In his present state, just a trace of breath released by the two powerful sealing men made him unbearable and almost injured!

We can imagine how dangerous it is to face the two most powerful attacks of Ye Chen!

Ye Chen shook his head and said:

"Is this your way? To tell you the truth, I'm disappointed. Sure enough, you're not worth it. " What he said is the fact, the strength of these two people and his fight five days, much less!

Obviously, it's the pill pile, the foundation is unstable!

But two people's attack in a flash, already came to Ye Chen's front!

Ye Chen is still standing in the same place, not moving!

Chen Zhifan was shocked and said, "Ye Chen, what are you doing? Hide!"

He had seen Ye Chen's strong body method before. He thought Ye Chen would use the speed against the sky to deal with the two blocked doors. However, he could not imagine that Ye Chen wanted to take the attack of two half step blocking doors!

This is really, too unimaginable, even if Chen Zhifan knows Ye Chen is a peerless demon, also some can not accept!

Ye Chen is still smiling, not a trace of movement, hands of the beast rotten sword reappearance.

The ancient, simple and dark beast decaying sword, which exudes a strong breath, suddenly moves!

If the sword moves, the sword will shine!

Time, as if still!

In this narrow chamber, everything seems to be frozen at the moment when the light of the beast decaying sword flashes.

The only thing still flickering is the dazzling, cold and penetrating sword light, which is full of horror and killing in the world!

This sword is to cut through the time and eliminate the existence of all things!

This sword is the reappearance of the power of gods and demons in the common world!

This sword is the peak of strength and the valley of fear!

After a millionth of a second, time flows again.

However, the swords cut by Chunling Taoist and Hong Renjie disappeared.

Without leaving a trace, it disappeared without a sound!

Hong Renjie and Chunling Taoist were stunned. For a while, they didn't even understand what happened just now?

Vaguely, they seem to see a light.

It's like a meteor that cuts through the night sky, just like the brilliance of epoch-making.

This light is not only beautiful, but also cold!

Cold to freezing soul!

Because, in this sword light, there is an unimaginable killing intention with hair standing upside down!

The next moment, Hong Renjie and Chunling Taoist priest suddenly felt a pain in their chest!

They both screamed and spat out a mouthful of blood!

When they lowered their heads again, they saw a sword wound deep to the bone on their chest! Almost cut the whole body into two pieces!

The light of the sword was so fast that they didn't notice it when they cut them!

These two, enough to stand in the top ranks of Lingwu mainland, fell down like this.

All over the body breath, rapidly withered.

The original seal of the breath of the world, in a flash, it has become if nothing.

It was under Ye Chen's sword that he was seriously injured and dying!

Chen Zhifan is totally stupid!

He opened his mouth wide and forgot to breathe.

Ye Chen even won, or so easy to win!

Even the existence of this evil spirit of him is chaotic and incomprehensible!

How long has it been since the two separated?

Ye Chen a little bit surprised, although he knew his strength will be much stronger, but did not expect so much!

At this time, the voice of the wind sounded in my ear: "the breath of the seal of ten thousand swords has not yet dispersed. If you use a sword, you will add those sword spirit charm."

"It's much better to use a sword."

"But in a few days, the seal breath on your body will disappear, and the sword sense is not as strong as it is now." "But then you should step into the starhole."

Ye Chen nods slightly.

He took up the beast's decaying sword and walked to the Taoist priest Chunling.

Then, on the face, appeared a evil smile.

Chunling Taoist looked at Ye Chen's evil smile, his eyes were wide open, and he shivered.

He's scared, from the fear of the soul!

His complexion suddenly pale up, is actually regardless of the injury, suddenly rises, then, kneels in front of Ye Chen.

He not only knelt down, but also kowtowed to Ye Chen desperately, begging for mercy: "you don't have to let me go. As long as you let me die, as long as you kill me, it's the greatest kindness. Please, please, please! Kill me

He knew that it was almost impossible for ye Chen to let go of himself.

Would you let go of someone who just wanted to torture you to death?

Of course not.

Ye Chen looks at Chunling Taoist's begging for mercy and smiles.

I smile very, very gently, just like the smile on the face of Chunling Taoist priest. It seems that there is a feeling of spring breeze.

Then, his hand a shake, a small transparent flying needle, in a flash, inserted into the Chunling Taoist!

This flying needle is naturally the secret and invisible needle of Chunling Taoist!

But Chunling Taoist priest, after being hit by the invisible needle of secret spirit, cried like crazy. He knew very well how miserable it was to be tortured to death by melting fire!

But, really comes from the soul torment!

He tried his best to suppress the fire, but could he?

In his present state, even a second can not be suppressed, melting fire and poison, it broke out!

Suddenly, an invisible flame seemed to be ignited in the Taoist priest Chunling's consciousness of the sea. His whole sea of knowledge instantly turned into a sea of purgatory fire!

Among the seven orifices of Chunling Taoist priest, there was a burning smell coming out of his whole head. His whole body was rolling wildly on the ground. In his mouth, he sent out a scream that rang through the whole capital city!

Ye Chen coldly looks at the appearance of Chunling Taoist priest. With a wave of his hand, he puts away the flying needle on Chunling Taoist. The invisible secret spirit needle is still very interesting. He wants to keep it.

Then, in the scream of Chunling Taoist priest, he looked at Hong Renjie with a smile on his face again.

Chapter 2186

Hong Renjie, who was once extremely majestic, now looks dignified to the extreme. He no longer hesitates. He pinches the formula with his fingers. The sense of ground shaking comes from him, and he says, "please help me!"

Chen Zhifan's pupil shrinks when he hears this, ancestor?

He knew that in a family of such status in the southern regions, there would be an ancestor, and this ancestor was the strongest one in the family!

Moreover, some ancestors are more likely to live from ancient times to the present!

He had thought that the ancestor of the Hong family might be in seclusion and did not know what had happened to the Hong family, so he did not come forward. Now it seems that he is wrong!

The ancestor of Hong family has always been around here!

Ye Chen was still so indifferent, without any surprise. He looked at a corner behind Hong Renjie and said with a smile: "after watching for such a long time, should you also show up?"

He knew that the ancestors of the Hong family had been lurking in the dark from the beginning, staring at himself.

The ancestor of the Hong family seems to have mastered a hidden skill of high rank. But even so, how can he hide Ye Chen's powerful mind and mind of demons?

It has no effect at all, and is easily discovered by Ye Chen.

In the void, there was an old man's sigh, and then the air twisted, and a shadow appeared in the chamber.

He looked very old. He was dressed in a purple robe, which was engraved with countless flying dragon figures. The old man had white hair and a white beard vertical to his chest. His face was thin, his skin was shriveled, his hands were back, and he looked like he had some hunchbacks.

Only a pair of eyes, or Jingguang Zhanzhan, exuding vicissitudes and strong breath, its age, estimated to be long live, and a body of cultivation, at least in the late period of the closure!

Seeing the old man's appearance, Hong Renjie looked very happy. He felt relieved and said excitedly, "Lao Zu, let's kill this boy!"

The ancestor of the Hong family frowned and looked at Hong Renjie disappointedly. He said, "stop!"

Hong Renjie was stunned on the spot. What happened to the ancestor?

Since the old ancestor came out, shouldn't we kill this kid directly? Why scold yourself?

Ye Chen is afraid of the ancestor of the Hong family. After all, he doesn't necessarily win.

But with a smile on his face, he gazed at the ancestor of the Hong family and said, "you are the ancestor of the Hong family. Why? Don't you avenge your children? "

The old ancestor of the Hong family was silent for a moment. Suddenly he bent down to Ye Chen and said:

"Sir, we Hong family has offended you. I'm very sorry. All this is due to my poor discipline of the Hong family's children.

We, Hong family, are willing to make up for the damage caused to Mr. Hong's friends. Even if you want to, you can take away the life of your unfilial son, but please let us go. Hong Tengyun swore with the heart of Tao that I will never retaliate against the first born! "

Once this was said, the atmosphere was weird to the extreme.

Hong Renjie was stunned. He didn't believe his ears any more. What did he say? Do you want to apologize to Ye Chen? What's the meaning of this? Do you want Ye Chen to take his life?

How can this be!

The key is that a strong man in ancient times called Ye Chen Mr?

Laozu, though not strong in ancient times, is also a real strong man in endless years. How can he bow down to the boy in the realm of nature!

Hong Renjie, it seems that he wants to say something, but he is stopped by his father's stern eyes!

Hong Renjie's heart sank completely. He knew that it was his father's advice!

This strong man who has lived for nearly ten thousand years even thinks he is not ye Chen's opponent?

Chen Zhifan on one side is also a little confused.

According to reason, ye Chen can't defeat the ancestor again.

And he obviously saw the appearance of his ancestors, ye Chen's eyes were dignified.

In fact, they are not only confused, ye Chen is also confused.

Why is the ancestor so afraid of himself?

What do you seem to be afraid of?

In principle, they are such a big disturbance to the Hong family, as the ancestors should be crazy to kill themselves.

But because of what reason, ye Chen doesn't care.

He just wanted to take Chen Zhifan away as soon as possible.

Ye Chen looked at the ancestor of the Hong family with a smile for a long time. He found that the old man seemed to be really sincere apology and had no intention of playing tricks. Finally, he nodded his head and said:

"OK, I accept it. As for Hong Renjie..."

He turned his head and looked at Chen Zhifan, who was also sluggish. He asked, "brother fan, what do you think of Hong Renjie?"

"Ah?" Chen Zhifan answered foolishly.

After a while, Chen Zhifan glanced at Hong Renjie and said, "let him do this. The price of Hong family is enough."

Chen Zhifan knows the importance. He doesn't want to upset the ancestors of the Hong family.

Ye Chen nodded and said with a smile to the ancestor of the Hong family, "goodbye."

The ancestor of the Hong family nodded, raised his hand and threw a storage bag to Ye Chen. He respectfully said to Ye Chen, "thank you very much. This is my Hong family's compensation. Are you satisfied?" Ye Chen swept it at will, but it was a real artifact! It's a piece of armor. It's light gold. It's engraved with a dragon pattern.

In addition, there are countless sacred stones, several extremely high-grade pills!

For a family like Hong's, it's bleeding a lot!

The ancestor of Hong family has no intention to fool Ye Chen!

Sincere!

Ye Chen nods with satisfaction and takes a high look at the ancestor of the Hong family. It seems that it is not unreasonable for the Hong family to pass on to the present day and ascend to the upper class family.

He handed the storage bag to Chen Zhifan, and then said with a smile to the ancestor of the Hong family: "well, you are very sincere. This is the end of the matter. Besides, don't miss our whereabouts. We're going."

Said, then with Chen Zhifan, body shape flash, turned into a thunderbolt, instantly left the Hong family.

After seeing ye Chen go, Hong Tengyun wiped the cold sweat from his forehead. Ye Chen's body method, even for him, was greatly shocked. Now he is even more glad that he chose to apologize to Ye Chen, rather than hand it to him. Otherwise, the whole Hong family, I'm afraid, will be destroyed!

In terms of strength, he can really surpass Ye Chen.

But on the cards, he will die.

At that time, even if ye Chen does not kill hundreds of innocent people in the Hong family, as long as he is killed, the Hong family will be lost. Without him, the foundation of Hong family will be eroded by other families.

Compared with the destruction of Hong's family, what are these real artifacts and pills?

Resources can be accumulated again, others have no, Hong family wants to get up again, but it is extremely difficult!

After confirming that the two men had left, Hong Renjie came to his side and said, "Laozu, why on earth are you afraid of that man?"

Chapter 2187

Looking at Ye Chen's far away direction, the ancestor pondered for a long time, and finally sighed:

"there is a mark on this person. If I guess correctly, this son will have a great connection with the kingdom of God in the future."

"What's more, I've lived so many years because I've mastered a special perceptual technique."

"I feel an eye in this one. It's the eye from hell."

"If I do, my eyes will devour the whole Hong family."

"This man, absolutely not to be provoked!"

"Even, we can't measure his future achievements!"

"If my Hong family is angry with him, let alone this city, there may be accidents in the whole southern region!"

Hong Renjie's expression is extremely strange.

A warrior who has lived for nearly ten thousand years is so determined to a boy who makes a world?

The future of this son can only be looked up to by the Hong family?

.....

Ye Chen with Chen Zhifan, came to the nine Yuan City in an inn, opened a top-level suite.

He plans to let Chen Zhifan recuperate here, and then take Chen Zhifan back to college.

Shenhuo college is willing to accept Chen Zhifan's talent.

Ye Chen is now regarded as the first day of Shenhuo college. This time, he is working for GE Qing. Naturally, he is different from that when he was just enrolled. He is qualified to know the location of Shenhuo college.

After entering the room, Chen Zhifan took out the storage bag and handed it to Ye Chen and said:

"Ye Chen, you saved my life. If you didn't come this time, I had to be tortured to death. Naturally, you deserve these things. What do you do for me?"

Ye Chen smiles and shakes his head and says: "fan Ge, I don't lack these things, but these are what you need. What do brothers say so much about?"

Chen Zhifan hesitated for a moment, or put away the storage bag, just like Ye Chen said, if brothers care so much, they will be separated.

Then he asked curiously, "but how did you find me this time? This time I came to the southern regions, but it was very secret. "

Ye Chen tells Chen Zhifan about the relationship between master Chen Zhifan and Ge Qing, President of Shenhua college.

Chen Zhifan was also surprised and said: "unexpectedly, Shifu has experienced such a thing. Shifu once said to me that the name of Zhenwu is not his inheritance. The original name was only that he was afraid of losing the reputation of inheritance, so he changed his name to Zhenwu..."

Ye Chen nodded and asked Chen Zhifan, "by the way, fan Ge, I haven't asked you, how did you come to this southern region? Is it because of the inheritance? "

Chen Zhifan nodded and said with a smile: "yes, it is because of the inheritance of the jade Fu. In fact, I have found a place to inherit through the jade Fu, but the inheritance I got is not the real inheritance."

"Not the real heritage? What does that mean? "

Chen Zhifan said: "although there are many advantages in the inheritance, the main purpose of the inheritance is to leave a message, which points to the real inheritance."

"Oh?" When ye Chen hears the speech, the essence in his eyes twinkles. It seems that this inheritance is not simple! Otherwise, why bother?

Is this the ultimate place of the stone tablet of reincarnation.

Chen Zhifan took out a jade talisman which was different from the one given to Ye Chen before and said:

"this is the new jade Rune I got in that inheritance, and it is also the key to enter the real inheritance. According to the information left in the previous inheritance, I infer that the real inheritance is in this southern region! So, all the way to the nine yuan city. "

"What's more, there is a big secret in this inheritance, which is a strange stone!"

"This inheritor has been guarding the stone for a long time just to wait for the right person."

"Ye Chen, this strange stone is called reincarnation xuanbei."

"Now, I feel connected to me because of you."

"I think, that reincarnation xuanbei is waiting for you!"

Chen Zhifan's words are amazing!

All of a sudden, Chen Zhifan raised his hand and threw the jade Fu in his hand to Ye Chen.

Ye Chen a Leng, to Chen Zhifan asked: "fan elder brother, what do you mean?"

Chen Zhifan looked at Ye Chen seriously and said, "Ye Chen, I came to the southern region mainly to explore the place of the inheritance, not to get the inheritance directly. As far as I know, the inheritance is very terrible!

It's not my strength that can touch it now! But you have the qualification and the strength! "

When ye Chen heard the speech, he said with a bitter smile: "brother fan, the strength is to be improved. You can wait until you have enough strength to get this inheritance?"

Ye Chen was moved.

It's so attractive to martial artists that they send treasure like this.

But Chen Zhifan gave it to himself casually.

This shows that Chen Zhifan really regards himself as a friend of life and death. Chen Zhifan shook his head and said, "the opening day of this inheritance is coming soon, and judging from the behavior of the Hong family, other people should already know the position of the inheritance. I can't wait.

Even if I reluctantly fight for it, it's just to make trouble for myself. I just investigated a position, and then I almost ended up in a hopeless end, let alone fight for this inheritance! So this inheritance must be obtained by you! "

"This reincarnation xuanbei, you must get it!"

When ye Chen heard the speech, he nodded and said nothing more. He took the jade talisman.

The trip to the southern regions, since he learned that the next reincarnation xuanbei, ye Chen must contend!

This is the key to open his blood against heaven!

A red dust God pulse is so strong, I really don't know what this reincarnation xuanbei represents!

After that, Chen Zhifan healed his wounds in this hotel, and ye Chen began to seize the time to understand the soul skill, cultivation and wind and thunder.

He is now, although already very strong, but he knows not enough!

His current strength, on the land of Lingwu, is still OK, but how about going to the demon clan and the kingdom of God?

I'm afraid it will still be crushed.

And his goal is the kingdom of God!

If you want to have a foothold in the kingdom of God, you must at least step into the realm of sealing doors!

He, still far from enough, how can he relax?

A day later, Chen Zhifan's eyes opened, and his spirit was improved countless times, and the scars on his body disappeared!

As a matter of fact, Chen Zhifan has been seriously injured. As an ordinary person, his foundation may have been destroyed. However, Chen Zhifan can recover in three days. His qualification, potential and physical quality are also demon level!

Chen Zhifan opened his eyes at the same time, ye Chen is also a pair of eyes open, eyes in the dark flash! The breath of breakthrough condenses!

He even stepped into the top of the nine layers of nature!

And the breath of breakthrough has not stopped!

Chapter 2188

Finally stop at the half step of the orifices!

It's only a step away from the star hole!

Ye Chen is a little surprised that it is not so easy to break through the realm of nature. Why did he break through so much in a few days?

It's not scientific!

At this time, the voice of the wind sounded: "in fact, I thought you could directly enter the astral orifice, but now it seems that I still look up to you."

Ye Chen a Zheng, quickly asked Feng Qingyang: "master, how do you say this?"

Feng Qingyang explained: "do you remember the seal of the ten thousand swords? This is the strength against the weak and the strong. "

"It contains the sword spirit and Qi of the Taixu strong."

"After you display, of course, there is no such counter heaven card, but these breath will also moisten your elixir field and cultivation."

"Generally speaking, ordinary people should break through the three levels of the astral orifices, but the foundation of your reincarnation is so terrible that you can barely break through to the half step Xingqiao..."

"This is also the biggest reason why you can fight against the strong blockers! Reincarnation blood makes it more difficult for you to practice than all martial arts practitioners. Other people's cultivation may be a simple mode, but your cultivation is hell difficult, but your comprehensive strength will be more terrible! "

"What's more, you will find that there is a small difference between Fengmen and Taixu

"Although you are half step star orifices, you can't resist the existence of half step Taixu. Moreover, the power of wanjian seal is about to disappear. Before it disappears, you should be able to step into the star orifices and enter the star orifices. You should be able to fight against the people who have sealed the gate for six layers."

"This should be your limit."

"If the other party is in this realm, but actually stronger in the same realm, you will be very dangerous. Pay attention."

"I just don't know what it's like for the shepherd of the kingdom of God to bear your seal of ten thousand swords."

.....

At the same time, the kingdom of God, the shepherd.

It's a mess, full of ruins.

There are still swords all around.

Even the board of the herdsman was penetrated by a sword and turned into two.

The status of herdsmen in the kingdom of God is not high, but it is also a martial arts family that can not be ignored.

At the moment, no one thought that the divine shepherd would be so aboveboard and aboveboard that it would destroy its foundation.

The point is, they don't know who did it!

Countless people of the kingdom of God ridiculed, and even the dead enemies of the herdsmen sent many people to watch!

This can kill the herdsman!

The herdsmen have sent people to repair the temple, and all the important people of the herdsmen have retreated to the ancestral hall.

The only place where the herdsmen were not affected was the ancestral hall.

The ancestral hall has a very strong array to guard. The ancestor of the herdsman has been in seclusion all the time, but asks about the world.

In the ancestral hall.

An elder is seriously injured. He is using the skill to heal.

The herdsman sitting on the top looked dignified. He was also hurt, but he was more angry!

"Come on, what's the meaning of the sword outside?"

A servant came running in a hurry and reported: "almost all of them are scattered."

The head of the herdsman nodded, and his eyes finally fell on some of the mildest old men: "anyway, our herdsman has become a joke of the kingdom of God. Next, the most important thing for us is to find the originator of the sword."

"From Lingwu land, it is reported that Tianhan mountain, the decisive battle site, has been destroyed, and the mysterious girl has disappeared. Before the incident, someone saw a young man riding a black spirit beast rushing up Tianhan mountain."

"This is the key to the sword meaning for the mysterious men and women."

"From today on, recall all the herdsmen's children who are outside!"

"The herdsman divides two forces. One is to find the mysterious man and woman in Lingwu land and bring them back."

"Together they are guarding the herdsmen and repairing the temple."

"Now, it has nothing to do with Makino's death! It's about the outrage of my herdsman! "

"If we don't catch the dog man and woman, we'll never die!"

Picture turning, jiuyuancheng inn.

Ye Chen and fengqingyang finished communication and then stood up and said with a smile to Chen Zhifan: "brother fan, have you recovered?"

Chen Zhifan nodded. Although he had endured several months of inhuman torture and had no idea how many times he had been cut off, he had recovered all his strength in this short day with the anti heaven pill.

Ye Chen is not surprised. Without such qualifications, Chen Zhifan can hardly come to this land of Lingwu.

"Ye Chen, are we going back to college next?" Chen Zhifan asked.

Ye Chen shakes his head: "I have one more important thing to do."

"You wait for me first."

Ye Chen thinks again and again, or is ready to go to the Blood Sword gate and the blood spirit clan.

The Blood Sword gate itself was puppet of the blood spirit clan.

If the blood spirit clan can be destroyed, the crisis of Kunlun Xu can be lifted ahead of time.

And Kunlun Xu's power can also be successfully rescued. Ye Chen controls the map of the southern region. It is very easy to find the blood spirit clan.

Half an hour later, ye Chen's steps finally stopped.

But he didn't get close.

Just because he felt a few strong breath.

How can the blood spirit clan be so strong?

In his eyes, the comprehensive strength of the blood spirit clan in Lingwu mainland is not strong, even less than the soul hall!

At the moment, however, he felt a deep danger.

Ye Chen looked at the blood spirit clan a hundred meters away and saw two old men close their eyes and guard outside the door.

Ye Chen is very clear, the threat is from these two people!

At this time, the two old men suddenly opened their eyes!

Cold eyes shoot at Ye Chen's direction!

One of them seemed to turn into thunder, holding a cold sword in his hand, and suddenly fell in a direction!

A huge rock burst!

There was a deep sword mark on the ground.

"No one? How can it be. "

The old man frowned, closed his eyes and felt for a while, but he didn't find anything.

However, he still returned to the gate of the blood spirit clan.

Another old man said, "you didn't take the man? It seems that the man's accomplishments are only half step star orifices. Is he here to seek revenge from the blood spirit clan

The old man shook his head: "I'm not sure, but I'm not afraid. The other party did not know what means, I arrived, had disappeared. Strange. "

"But the other party should not come for adults."

"It's probably the enemy of the blood spirit clan."

Another old man did not continue to ask, eyes kill a flash: "we can not be taken lightly."

"At this juncture, anyone who appears must pay attention to it."

"Later, I will follow the breath to check, I remember the smell of that person, and it is not difficult to find it with magic."

Finish saying, then finger pinches Jue, close eye.

Apparently looking for someone.

He knew very well that their duty was to guard the Lord.

Any threat must be nipped in the cradle.

.....

And now, ten miles away.

Ye Chen breathed a little. If it wasn't for fengqingyang to remind himself, he might have died under the sword.

When did the blood spirit clan have such a terrible strong man!

The wind was clear and pondered for a moment, and then he said, "disciple, those two people are from the kingdom of God. Their skills seem to be very similar to a force in the kingdom of God."

Chapter 2189

"What force?" Ye Chen subconsciously said.

"Heavenly way palace." Wind Qingyang slowly spit out three words, even with a trace of anger.

"It seems that those guys in the kingdom of God have sensed something wrong. If I guess correctly, they send people here to show their uneasiness."

Ye Chen frowns tightly. Originally, it is very easy for him to fight against the blood spirit clan. Now if the kingdom of god hands!

Obviously not easy!

The key year's time is coming. If you don't stop it, Kunlun will still have problems!

Feng Qingyang seemed to have guessed Ye Chen's idea and said, "Kunlun Xu, you don't have to worry. Since the kingdom of God appears here, they have no time to distract themselves from other things."

"And with your current strength, if they really send people to fight against Kunlun Xu, you can intercept and destroy them in advance."

"More than why, I feel something is wrong. What you really need to worry about now is the kingdom of God."

"It's a bad signal that someone from the heavenly way palace comes here."

"Even, I have a hunch that the people in the kingdom of heaven will soon find you."

"Now, leave the southern region and go back to Shenhua college. Don't the Dean want to see Chen Zhifan?"

"If you leave now, you can guard against the pursuit of those two people. As for those who saved Kunlun, don't worry. The people of the kingdom of God can't stay for a long time. Just wait for them to leave."

"I'm still worried about one thing. Is it because of the coming reincarnation stele that the people of the kingdom of God still stay in the blood spirit clan?"

"If it is, it will be very difficult for you to prepare yourself."

Ye Chen takes a look at the direction of the blood spirit clan, and finally nods.

He is the hope of all masters, so he can't act rashly.

.....

Ye Chen returned to the Inn and directly offered sacrifices to the flying boat, and Chen Zhifan returned to Shenhua college.

According to Chen Zhifan, the opening date of the real heritage site should be in the near future, while the location is in a very hidden barren mountain outside Jiuyuan city in the southern region.

If there is no jade rune, and find the right place to open, even the super strong will not be able to perceive the existence of the relics.

Since there is still time, ye Chen also wants to go back to Shenhua college to improve his strength, and then return to the nine yuan city.

After all, blood magic sword is still in college.

Without the blood magic sword, he was possessed without a few cards.

.....

At the same time, the southern region is a land of ice crystals.

This is the beginning of juechan emperor palace!

A dark lightning, is flying in the ice, this is Ye Chen from the southern region that has the ancient Warcraft blood of wumang!

A young girl wearing a veil gazed at the very fast awn, and her pale face showed a bright smile.

"Bai Er, that is to say, ye Chen is not dead?"

Behind the white son nodded: "palace master, indeed."

"According to the investigation, ye Chen went to the Hongjia of Jiuyuan city and saved a man named Chen Zhifan."

"Not only that, he seems to have broken through to the half step star orifices."

"Palace master, I have a word to take back, ye Chen, I really can't imagine."

"I don't even know how he survived in juechan mountain."

"Palace master, can ye Chen really help us to Jue Han Emperor Palace?"

Wei Ying took off her veil and waved her slender hand. Wumang came to her.

Her hand touched wumang and said, "he has always been like this. He is full of miracles."

"He's not that easy to die."

"This guy really hurt my tears."

Bai Er covered her mouth and laughed.

She followed Wei Ying for so long, but it was the first time that she saw the palace master shed tears.

But ye Chen did not die, I do not know why, she is happy from the heart.

She even found that the man in the palace master's eyes could not be wrong.

"Bai Er, you haven't seen anything these days."

Wei Ying's voice suddenly rang out.

Bai'er quickly stopped smiling and said solemnly, "Lord, Bai'er is blind and can't see anything."

"By the way, palace master, what should we do next?"

Wei Ying stepped on the awn step: "although I don't know what happened later that day, the Liangzi of the shepherd of the kingdom of God has been completely completed."

"It's time for me to go there, too."

"I also want to prepare a surprise for ye Chen."

Wei Ying's eyes fell on wumang:

"wumang, do you want to be stronger for your master?"

Wumang evil spirit swept up, raised legs, extremely excited!

"Wumang, come with me."

"This chance is the beginning of your expedition to the kingdom of God with Ye Chen!"

.....

A day later. Ye Chen and Chen Zhifan arrive at an empty mountain top. Ye Chen looks around and takes out the token that GE Qing gave him to represent the identity of the president. His whole body is full of spiritual strength, and he gives a red light to a void!

The light shot into the void, and it was strangely submerged. A wave of space rippled, and a huge red light array appeared out of the air. Then, the light array turned into a red gate.

Chen Zhifan and ye Chen look at each other. His eyes are full of excitement. After all, Shenhua college is one of the holy places for cultivating strong people!

And his uncle is the dean of Shenhua college, the strong man of Taixu realm!

It would be strange if he wasn't excited.

However, Chen Zhifan or quickly calm down, with Ye Chen, a synchronous into the door.

Dizzy in his head, he opened his eyes again. What Chen Zhifan saw first was the huge gate and high wall.

For a moment, a little shocked.

Ye Chen took a look at Chen Zhifan, and a smile flashed on his face. When he first arrived at the college, his reaction was almost the same as that of Chen Zhifan.

Soon, they entered the college and directly came to the tower where Ge Qing was.

Ge Qing is examining and approving documents in the dean's room when he suddenly raises his head and looks at the door.

Looking at Ye Chen with Chen Zhifan into the room, Ge Qing is slightly stunned, and soon he reacts that the young man beside Ye Chen is the descendant of his elder martial brother.

The old man, who has always been a bit cynical, gazed at Chen Zhifan's face with a trace of memory in his eyes. Then, with a smile on his face, he said to Ye Chen:

"are you back? Ye Chen, thank you very much this time. "

Ye Chen shook his head and said: "Dean Ge, thanks to you this time, fan Ge is my good friend. Even if there is no relationship between you, if you know what trouble he is in, no matter where he is, I will rush to help at the first time."

Feeling Ge Qing's breath similar to himself, Chen Zhifan realized that the old man in the Taixu state had a deep relationship with his master. He immediately went forward and said, "younger Chen Zhifan, I've met your martial uncle!"

Ge Qing quickly floated Chen Zhifan, looked at Chen Zhifan lovingly and said, "good boy, I won't say much about other things. Would you like to be my disciple?"

Ye Chen and Chen Zhifan are both slightly stunned.

As soon as GE Qing came up, he wanted to recruit students directly!

Chapter 2190

However, ye Chen smile, it really seems that GE Qing will do something, immediately, he said to ge Qing: "Dean Ge, I have something else to do, go first."

Ge Qing nodded. He also wanted to talk with Chen Zhifan. His elder brother, Chen Zhifan's master, had been his concern for so many years. He couldn't wait to know what his elder martial brother had experienced after his separation from himself!

After ye Chen left the dean's office, he went to the workshop of Shenhua college. He also went to see Mr. Wu.

I don't know what happened to the blood demon sword.

Soon, ye Chen arrived in the workshop and saw the strong old man at a glance.

When Wu saw Ye Chen, his eyes lit up. His good apprentice finally came back!

Ye Chen saw Wu Lao's eyes, can't help but some helpless, wry smile to Wu Lao Shi way: "Wu old, I'm back."

Hearing this, Mr. Wu frowned and said, "still call me Mr. Wu?"

"Er..." Ye Chen scratched his head and said with some embarrassment, "master."

Wu immediately beamed, patted Ye Chen on the shoulder and said, "follow me in."

"It's not ordinary, but I'm not so good."

Mr. Wu opened the door, and he was full of enthusiasm!

Ye Chen is shocked to find that there is a magma furnace in the room.

And there is a sword on the hot magma!

It's the blood devil sword!

But the blood magic sword has been greatly improved! Even on the body of the sword there are ancient inscriptions.

The inscription is my own name!

Ye Chen!

"Disciple, drop a drop of blood, recognize the Lord."

Ye Chen nodded and forced the blood essence to fall on the blood demon sword instantly!

In an instant, the whole ground vibrated!

The body of the blood demon sword is like a hot flame gathering!

"Touch!"

A huge noise, blood magic sword broke out!

Rise to the sky! Fly to the sky!

It's like a meteorite! In the air appeared a startling cloud radiant!

I don't know how long it took, the blood magic sword fell from the sky and returned to Ye Chen's hand!

Although Ye Chen's immortal spirit body, also felt some uncontrollable!

He found that Mr. Wu had made up for the incomplete part of the blood magic sword, and added an extremely important element!

It's not inferior to the beast decaying sword you are using now!

Even, if you add the magic emperor promised his power, absolutely terrible!

"Disciple, I have never forged a sword so seriously."

"I dare say that even the forgers in the kingdom of God can't compare with me."

Ye Chen is a little surprised. Is old Wu so terrible?

Old Wu seemed to think of the past and murmured: "disciple, you may not know that I was one of the best young forge masters in the kingdom of God, but it's a pity..."

Wu's voice stopped abruptly.

"No, it's the past."

"As long as you know, I'm your master now."

"It's hard for you to cut off your sword now."

"I added Geng Jin, red flaming stone, magic blood These are all the savings of the master for many years."
"

Ye Chen is surprised to see the old Wu, any of these things is the existence of Lingwu land.

But the master integrated it into his own blood demon sword!

How can he repay this love!

Ye Chen held the blood magic sword in his hand. He just wanted to say something. Old Wu said with a smile: "OK, boy, don't talk about it. Let's start learning forging skills with me. Next, some of you are hard-working. If you don't learn my forging skill, I won't let you leave."

Two days later, in the workshop, the sound of gold and iron hitting each other was constantly heard. In the hot forging room, ye Chen waved a sledgehammer and kept knocking on a piece of metal. Under the perception of his powerful mind, every blow was properly controlled!

One side of the old Wu, look a bit silly, ye Chen, actually only used two days, he will his forging skill introduction ah!

Forging is not so easy to learn! If this is the case, isn't it that there are artifact forgers all over the street?

Originally, Mr. Wu thought that even if ye Chen's qualifications were strong, it would take at least months, even half a year, before he could get started?

But?

Ye Chen, it took only two days to get started!

This is still in his extremely demanding situation!

After a few minutes, ye Chen finally stopped the blow, put down the hammer in his hand, wiped the sweat on his forehead, and took out the piece of self forged metal and quenched it.

He looked at it carefully, and there was a trace of satisfaction on his face. Then he handed the metal to Mr. Wu and asked, "master, how well do I make this metal? Is it an introduction?" Mr. Wu took the metal and saw that his chin was about to fall off. He pretended to be calm and stammered: "it is It's an introduction. "

It's more than an introduction! Even if his requirements are extremely harsh!

After all, the higher the metal, the more difficult it is to remove impurities.

What about ye Chen? The purity of this metal has reached 99%?

This is already comparable to their own level ah!

Mr. Wu has been forging and soaking for more than ten thousand years. What about ye Chen?

I only studied for two days!

This is not an introduction. What is an introduction?

Ye Chen said with a smile: "in this case, the master, the apprentice will leave for a period of time, but you said that as long as I get started, I will be released temporarily."

Mr. Wu said, "OK, you can come to me when you are free."

He now, has not recovered from the attack, even if ye Chen wants to continue learning, he also has to slowly.

At the time of leaving, ye Chen suddenly thought of something and handed out one thing: "master, I have one more thing to trouble you. I once learned a secret skill by accident, which is called thousand soldiers explosion. He can release extremely strong power at the cost of exploding weapons. I wonder if master can promote it to a stronger existence?"

Ye Chen looks at Wu Lao with some excitement. After all, qianbing explosion has been his great base card, and its power is terrible.

If the existence of Wu Lao's level promoted him to the extreme, would it be more powerful to resist the kingdom of God?

Mr. Wu took what ye Chen had in his hand and felt it. His eyes suddenly brightened!

"Something! The forgers involved in this technique have amazing talents. They even think of using this method to fight against others, but they have high requirements for spirits. "

"What's more, the forger didn't fully understand some things, which made the thousand soldiers explosion in your mouth not perfect."

"Since my apprentice asked for it, I will study the thousand weapon explosion and strive to increase its power by ten times and one hundred times, and reduce the pressure on spirits."
