

Physician 2191

Chapter 2191

Ye Chenmeng towards the air with a fist!

, this master is awesome!

If the thousand soldiers are strengthened, he will be more confident in fighting against the one-year agreement.

There are about ten days left in a year.

Xia Lingqiu will never let Lingyun lose! Then he must make the most secure preparation!

Ye Chen returns to the bedroom and communicates directly with the devil emperor.

In an instant, the strength of the eyebrow twinkles!

The magic emperor turned into a magic shadow and appeared in Ye Chen's room.

"Demon emperor, the blood magic sword has been repaired. It's your turn next."

The demon emperor gazed at the sword floating in the air, and looked slightly surprised.

"This sword was made by the forging instructor of Shenhua academy?"

Ye Chen nodded: "is there any problem?"

The magic emperor pondered for a moment, and then said, "it seems that there are not many people in the divine Kingdom who can compare with the crouching tiger, hidden dragon in Shenhuo Academy."

"It's just that the other side's accomplishments seem to have fallen a lot. If I'm not wrong, the forging instructor's peak accomplishments should be in the later stage of Taixu state. I just don't know why. I'm afraid I'm injured if I turn into a closed door state."

"Your blood magic sword has been promoted to a very strong level by the master."

"If you cooperate with the power of xuanmo, you may be very afraid."

"Give me the sword for a while, and I need to do some preparation."

"Good." Ye Chen has some expectations in his heart.

Moreover, he thought of old Wu's words at the beginning. Ye Chen, who was once a God, stared at him for a long time, then nodded and entered the city.

Three hours later.

Ye Chen came to a barren mountain 100000 miles away from Jiuyuan city. He took out a compass. Chen Zhifan has already recorded the location of inheritance on the compass.

Under the guidance of the compass, ye Chen gradually went to the depth of the mountains, and the scenery in his eyes began to change from dry trees and gray white rocks.

In front of Ye Chen's eyes, there is a strange maple forest. The maple trees are tall and lush, and the trees are full of blood red maple leaves. Gazing at the maple forest in front of you, ye Chen can't help but stop and blink slightly!

This maple forest, exudes a kind of inexplicable breath, even if he felt a trace of repression, the most important thing is, this maple forest in this barren mountain, too conspicuous ah!

However, because of his strong spirit, he did not notice the existence of the maple forest before entering here. No wonder Chen Zhifan said that if he did not know the specific location of the site, even if the site was opened, it would not be found by others.

Obviously, this maple forest, very strange!

If there is no clue to guide, I am afraid, even if the Taixu state exists, it can not be found here?

Ye Chen takes a deep breath. It seems that the inheritance is not simple.

Can guard the reincarnation xuanbei person, how possible simple!

But the more so, the more interested he can be!

His mouth, a little excited smile, immediately no longer hesitated, step into the maple forest.

According to Chen Zhifan, the site is in the maple forest, but he can't determine the specific location. Now, he has to wait for the ruins to appear.

Ye Chen takes out the array plate and arranges it around. He sits down with his knees crossed. He takes out a sword with a strong breath. His eyes are slightly closed and he adjusts his state.

He wants to try to step into the astral realm before the remains are born!

And this sword is the beginning of his entering the star hole!

Chapter 2192

.....

An hour later, ye Chen opens his eyes again, and the purple light in his eyes twinkles. The whole person exudes an extraordinary prestige!

He is full of spiritual power. He runs very fast in his body. Even the air around him, under the influence of Ye Chen's breath, begins to distort!

At the moment when the momentum reaches the peak, ye Chen's eyes are fixed. First of all, a dazzling golden light breaks out behind Ye Chen. In the golden light, there is a faint shape of a white tiger. Then, golden dragons, unicorns, demons, and Xuanyan, which symbolize Ye Chen's power, flash one after another!

The next moment, a towering momentum, suddenly from ye Chen's body, that array of disk light flashed wildly, but could not stop the outbreak of this breath!

Even the wind and cloud in the sky, under the stimulation of this momentum, faintly changed color!

The wind is howling, the lightning is thundering! Heaven and earth spirit power, crazy surge!

On the sky, endless thunder suddenly falls!

The thunder is terrible!

Even if the strong break through the door can not be so terrible ah!

One with the meaning of God thunder, with the anger of heaven's thunder plunder down!

Ye Chen Wen silk has not moved!

He is totally different from other strong people who break through to meet the thunder robbery!

Others are afraid!

And he is enjoying!

The foundation of CHEN Ye is so strong!

If there is no reincarnation of blood, his chance, may be enough to let himself step into the realm of seal!

It's because the samsara blood is too high for the warrior!

Now ye Chen is just about to step into the star hole!

.....

At the same time, the kingdom of God, an extremely luxurious and liquefied palace.

The palace is magnificent, and the aura around it is rich and liquefied!

It's called the best place to practice in the world.

At the moment, the deepest part of the palace, somehow, the ground vibrated.

A dragon opens his eyes, and the cold breath is released completely!

And the majestic man above the dragon is also opened from practice!

His eyes were full of horror and surprise.

"The heavenly way palace has not shaken for a long time. Where does this aftershock come from?"

"Do you know where it comes from?"

The man above the dragon stood up and asked the dragon.

The Dragon rises fiercely, and the whole palace seems to turn into a sea of fire.

The dragon has become a vision of its own!

The dragon's eyes were staring at a huge Bagua dish and said: "the vision comes from there."

"It seems that someone has made a breakthrough, which makes it possible to foretell the future of heaven's Tao pan to fear..."

"It can predict everything. He must have a premonition that the future will be broken."

"I'm afraid that the earthquake in tiandaogong came from this person who broke through."

"It seems that since the last time Ren left, some people will be harmful to Tiandao palace."

"In the future, you and I will face a great threat."

The man above the dragon looks at the trembling heavenly way plate, the eyes are dignified.

During this period of time, the feeling of uneasiness is getting stronger and stronger.

I'm afraid the shock came from the young man.

Although he asked people to investigate the identity of the youth, there were always people covering up for the youth in Lingwu mainland.

Every time his people try to find this person, the clues suddenly break down.

But he already knew who was hiding the youth's breath.

Eternal king.

That guy is still alive.

He's planning again?

The man above the Dragon clenched his fist and released the killing opportunity: "the heavenly way palace does not allow this kind of threat."

"Since the old man is trying to prevent me from discovering this young man."

"Then send someone to get the old man back."

"Eternal king, you've been hiding for so long. It's time for us to meet."

"No matter what kind of game you set, I'll smash it like I did at the beginning."

"My heavenly way palace will never allow the world to appear a second Ren extraordinary!"

"No one is allowed to kill the Lord of Tiandao palace with one sword in front of countless forces in the kingdom of God!"

"This is the permanent humiliation of our heavenly way palace!"

"No way!"

Who could have thought that this noble man in Tiandao palace was furious!

With that, he condensed thunder and lightning in his hand and smashed it towards the heavenly plate!

"God punishes God thunder, I want to see if that mysterious youth can bear it!"

.....

The sky thunder is more and more terrible.

At the moment, ye Chen frowns slightly.

How did the thunder robbery change?

It seems to be totally different from the thunder robbery just now.

He glanced at the sky and gradually formed a shadow of God thunder, his face slightly changed!

The thunder contains the power of punishment! Heaven wants to kill himself?

At this moment, ye Chen no longer hesitates, and releases an extremely terrifying momentum!

Hold the sword in your hand!

"Red dust God pulse, open!"

"Endless demon body, open!"

"Immortal body, open!"

"What about the punishment of heaven? Today, I Ye Chen will fight against the power of punishment!"

"This sword, I cut the world unfair! I cut off the shackles of fate

.....

Within the maple forest, the vision is shocking.

However, this strange scene, outside the maple forest, is not to see a cent!

As time goes by, the visions in the sky show no sign of abating, on the contrary, they become more and more intense!

An hour later, in another part of the maple forest, several young men and women entered the maple forest at the same time.

In the moment of entering, they are together to raise their heads and look into the sky!

Obviously, he noticed the astronomical phenomena caused by Ye Chen's breakthrough.

It's amazing, but it's even more amazing!

Among them, a woman with the lowest cultivation is the existence of two layers of heaven in fengmenjing! It seems that he is only twenty-five or six years old!

The other few, the oldest man, is only about 30 years old, but his cultivation has reached the frightful five levels!

These people are obviously demons! Incomparable monster!

Thirty year old fengmenjing five layer sky?

I'm afraid you can kill a lot of talents in a second if you get to Lingwu?

Is it enough to be on the list of Lingwu and Xuanxuan?

And this man, unexpectedly, is not the strongest existence!

Among several people, the strongest is a man who sealed the door for six days!

The breath is even close to seven layers of sky!

What's more, this young man looks extremely noble!

On his waist hung a jade card with two simple ancient characters on it!

Kingdom of God!

The power of samsara is coming out!

Moreover, these people's eyes, with a kind of inexplicable arrogance.

Genius is arrogant, they are confident that they have a strong talent that other people can't match, but the arrogance of these people is different!

These people's arrogance, is a kind of all things in the world do not see in the eyes of arrogance!

If ye Chen is here, he will find that the eyes of these people are very similar to those of a person he has seen before!

That's the eyes of Makino!

And these young men and women, soon looked at one person, it was the young man who sealed the door for six stories.

The young man, obviously the leader of the group, frowned slightly at the vision in the sky.

At this time, the thunder cloud and the wind suddenly disappeared, and everything seemed to have never appeared.

One of the men, who looked sinister, dressed in splendid clothes and wore a long sword with extremely beautiful decoration, asked:

"elder martial brother Zhao, Fenglin here seems to be abnormal. Although he saw the vision, he could not perceive what happened. Do you want to go and see it?"

Zhao Yunhua pondered for a moment and then said, "OK, but the main task of those people is to find the site. Li Shen, you and Chen Meixiang will go to see what's going on. We will continue to look for the exact location of the site. If there is anything, please inform us in time."

"Reincarnation xuanbei, we must get it."

The man with a long sword on his waist, and the second layer Tian woman, who was the lowest in cultivation, nodded and went in the direction of Lei Yun.

Chapter 2193

In the maple forest.

The sky punishing thunder suddenly fell, one after another.

Ye Chen is not afraid of God thunder, but the corners of his mouth are still faint with blood.

The aftereffect of the God's punishment thunder is close to the sealed door!

He's just a breakthrough!

As for that!

He no longer hesitated, holding the beast decaying sword, a sword toward the God of punishment thunder cut!

"A sword to cut the sky!"

The sword light is like a huge beast, swallowing away towards the God thunder!

Two extreme forces touch!

After a few seconds, the God of punishment suddenly disappeared.

Ye Chen slightly gasps, but not long after, more than a dozen God punishing thunder land!

"Lying trough!"

Ye Chen's pupil enlarges, the spirit demon reincarnation Jue moves, suddenly displays the burning sky sword!

A brilliant sword light!

The light of the sword swirls around the flame!

Maple forest day, as if by fire burning!

This is the light of a sword burning the sky!

The sword light of burning sky sword has split time and space, and shocked everything!

It's a powerful sword!

"Touch!"

A great noise, dust rolling!

Ye Chen's body is hard to shake to ten meters away, extremely embarrassed.

A few seconds later, ye Chen got up hard.

He looked at the sky above the God of punishment thunder, tight frown: "God wants to kill me?"

"Are you really qualified?"

Words have just fallen, a hundred heaven punishing God thunder down!

Endless thunder and lightning is terrible to the extreme!

If it really lands, don't say ye Chen, even if it's a strong seal, it will die!

Ye Chen Mou son is full of dignified.

At this time, among the tombstones of samsara, an old voice suddenly rings out:

"Tiandao palace wants to kill you?"

"It's a bit of a sense that such a punishment has come on a young boy."

Ye Chen heard the sound, very surprised!

Ancient medical God!

Is the ancient god of medicine going to fight?

Isn't this guy cranky? Is it that I can't bear to see such punishment coming?

Soon, however, a basin of cold water poured down.

"Boy, I didn't say to save you."

"Cool off."

"It's just that the sound of punishment has disturbed my quietness."

"Live and die."

The sound disappeared.

Ye Chen:

He was able to understand what strange temper is.

Only 17 people were saved in my life.

What we have to save is the great power of chopping through adversity!

Even if he is the reincarnation tomb owner, also silk ignores!

Helpless, ye Chen can only step by step toward the punishment of heaven!

His way is no fear!

The thunder of a hundred heavenly punishments thundered down, and the threat of annihilation shrouded everything.

Ye Chen spits out a mouthful of red blood, and his whole body seems to be destroyed.

He will activate the red dust pulse again with the last trace of power.

But the red dust God pulse still can't resist.

The evil emperor in the middle of the eyebrow is gathering the power of xuanmo into the blood demon sword, so he has no time to help Ye Chen.

Fengqingyang, who has just controlled Ye Chen's body not long ago, can no longer help himself.

Of course, ye Chen's eyes never give up!

He stepped out of the sky one step, high jump on the sky, more than a dozen weapons with strong breath were suspended!

"A thousand soldiers explode!"

Ye Chen can only try to see if the thousand weapons explosion can buffer the God's thunder.

The sound of a powerful explosion shook the world, and a huge mushroom cloud surged out.

However, the ultimate power was torn on the spot by God's punishment thunder!

Towards Ye Chen with vigour and vigour!

"The third sword of the six sword gods, thunder."

Ye Chen's eyes twinkle with determination, and the sword in his hand is full of thunder!

Just when I was about to touch, suddenly, a huge egg appeared out of thin air!

After that, the giant egg suddenly rushed into the sky punishing God thunder!

"Xiao Huang!"

Ye Chen exclaimed! He doesn't want Xiao Huang to have an accident!

The meaning of punishment is too strong!

The key ingredient of Xiaohuang has been finished refining, so long as the shell is broken, it can reappear.

If Xiaohuang hit the stone with an egg at this time, everything will be in vain.

However, one second, two seconds, three seconds Ten seconds later!

God's punishment thunder has disappeared.

In the sky, only one big egg is suspended.

There was a raging arc around the dome.

"Burp ~"

a sound of burping rang out.From Xiao Huang!

Ye Chen is shocked to the extreme! Now Xiao Huang can even absorb the thunder from heaven?

The huge egg falls from the high altitude, comes to Ye Chen's body, shakes several times, as if in a good mood.

Ye Chen just wanted to put out his hand to wipe the huge egg. From the huge egg came Xiao Huang's voice:

"master, next time you have something delicious to ask me, I'm so hungry..."

"I'm only seven percent full now. The taste of thunder is so bitter that I can barely fill my stomach."

"The air here is good. I'll sleep outside for a while. You're free and sleepy. The eggshell is so hard that I can't break it. Maybe I can wake up after eating and waking up..."

With that, the giant egg was still.

Ye Chen is a little confused.

Xiao Huang It's amazing!

Dare to swallow heaven and punish the first beast!

.....

At the same time, the kingdom of heaven.

The shaking of the palace suddenly stopped.

A crack gradually appeared on the heavenly plate.

The man above the Dragon frowned and his face was black to the extreme.

With his hands behind him, he came to the heavenly plate in an instant.

He reached out his hand, touched the tiny crack, and there was a towering flame all over his body.

"The man who made you feel threatened is dead?" the Dragon said

The man didn't speak.

But if you pay attention, you will find that the man's body is shaking.

The blue veins on the neck are even more violent.

He is suppressing his anger, but how can he suppress it!

This is the challenge of mortals to the way of heaven!

Naked provocation!

The Dragon obviously found something and said, "even the sky punishing God thunder can't erase this man. This man's threat may be even more terrible than that surnamed Ren."

"If we don't kill this son before he grows up, there will be endless troubles."

"Do you need me? I go to Lingwu land and kill all the people concerned. Even if the eyesore of eternal king is in front of me, there is only the possibility of death. "

The man gazed at the heaven plate, and finally shook his head: "you are my card, until the critical moment, you can't hand."

"Your task is to guard the stone tablet of reincarnation."

"It would be a joke to let people know that the lower boundary of the Dragon God in the nine heaven God's palace went after a boy."

The Dragon nodded and returned to its original position.

A few seconds later, it suddenly thought of something and said, "during this period of time, there is a sense of turbulence in the Jiutian Shenlong hall. It seems that the sky is going to change."

"I heard that a blood dragon with a towering meaning was born in the nine heaven dragon hall. The blood dragon seems to have the blood of the ancient blood demon Dragon God, and it has become a more powerful existence, and even somehow, it can release all kinds of beast fighting skills."

"This guy seems to be threatening my existence."

Chapter 2194

"What's more, the way of the blood dragon is too ancient and strange. A dragon has even gone to kill it! It seems to be reborn by absorbing countless blood and death intention... "

"If the blood dragon goes on like this, I must go back to the nine heaven dragon hall. If it is king there and orders the nine day dragon family No, it should not be possible. "

"How can an outsider command the nine day dragon clan?"

When the man heard these words, his brows were frozen into the characters.

Nine days god dragon hall such mysterious existence all had an accident, does the end of the heavenly way palace really come?

Fortunately, the dragon has nothing to do with the boy.

Otherwise, if two people join hands He didn't dare to think about it.

"I'll take care of it."

"As long as you bring back the eternal king, everything will be clear."

.....

At this time, ye Chen has stood up with a smile on his face. For ordinary people, the state of Xingqiao is not so good to break through, but what about ye Chen?

Although it took some effort to make a perfect breakthrough, it was still successful on the whole.

Now he has stepped into the astral world.

I'm afraid it's enough to fight against the strong man who has sealed the gate for six days.

Fengmen and Taixu, a small gap in the realm of terror!

Ye Chen moved his body and felt the more surging power in his body. Although breaking through the Xingqiao state, there was no extreme improvement in his strength. However, no matter in terms of spiritual power, strength, resilience and other aspects, he made some progress. In general, it was several times of his strength.

Don't underestimate this several times of strength, you know, before ye Chen broke through, he had the fighting power of sealing the door!

Just when ye Chen is ready to consolidate his realm, he suddenly looks a little moved and looks in a certain direction.

Only two figures, floating in the field of vision, and the two people are also obviously stunned, obviously did not expect that there will be someone here.

These two people, of course, are Li Shen and Chen Meixiang.

Ye Chen's eyes flashed. Although Li Shen was dressed up as a dandy, ye Chen could clearly feel that this man was not a real warrior!

Even, his strength is stronger than his realm!

One side of Chen Meixiang, is the same, these two people are obviously not ordinary!

Li Shen and Chen Meixiang, however, looked at Ye Chen with some vigilance, but when they noticed Ye Chen's accomplishments, they looked at each other with a strange look in their eyes.

And ye Chen, his eyes from Li Shen swept past, in Chen Meixiang body, more stay for a moment.

Chen Meixiang has white skin and pink skirt. Her eyes are like autumn water. Her figure is hot and her facial features are exquisite. Although she is worse than the top beauties like Ji Siqing, Wei Yingxia and Ruoxue, she is a natural beauty.

Moreover, his body, emitting a strange natural body odor, although not as good as the soul fragrance of zining, but also very fragrant, with the effect of charm. Ye Chen is a normal man, it is normal to see more.

But soon, ye Chen took back his eyes.

Although these two people are strong, but with Ye Chen's current strength, we don't need to pay too much attention to them.

As for the fact that these two people came here at this time, it is no doubt that ye Chen did not care. After entering the ruins, they naturally competed according to their abilities, and there was no need to start here.

Seeing ye Chen facing both of them, he was so indifferent. Li Shen's eyes flashed a little coldness and said:

"younger martial sister Chen, I thought there was something special about the sky. Now it seems that the boy's breath is still a little unstable. It must be that he just broke through the Xingqiao state?"

It's just a breakthrough in Xingqiao realm. Elder martial brother Zhao even let us go for this kind of person. Alas, it's really bad luck for you and me. "

That Chen Meixiang glanced at Ye Chen, but also some unhappy way: "go, since it is determined, there is no need to waste too much time on such people."

Ye Chen is indifferent in his eyes and doesn't intend to pay attention to them.

Li Shen was just about to turn around and leave, but he saw something. When he turned around, he went straight to Xiao Huang's giant egg.

"Eh, younger martial sister, the monster egg seems to be a little strange..."

"Isn't the vision from this boy, but from this giant egg?"

"In that case, we will bring it back."

However, he is not close to the giant egg, ye Chen is in front of him.

Before Xiaohuang broke the shell, he would be desperate to guard.

Li Shen frowned: "can't this giant egg belong to you?"

However, ye Chen only answered a few words: "he is resting, do not disturb."

Chen Meixiang also came over and gazed at the giant egg. She closed her eyes and seemed to feel something.

For a long time, she opened her eyes and was surprised: "elder martial brother, I want to take this huge egg away. I want it to be my mount."

She obviously found something unusual about the giant egg. Li Shen's face was cold and overcast. His eyes flashed with killing intention. He said with a smile: "it's my honor to be able to do this for younger martial sister Chen. Don't worry. This giant egg belongs to younger martial sister from now on."

Ye Chen sees two people hit Xiao Huang's idea, look cold, gave the ultimatum: "go now, I don't kill."

When Li Shen and Chen Meixiang heard the words, they were both slightly stunned. The warrior in the Xingqiao state was not scared out of courage in front of them. How dare they speak to them like this?

In two people's gaping gaze, ye Chen cold voice way: "I, not you can offend the existence, understand?"

Silence, incomparable silence!

Looking at Li Shihua, he seemed to stare at Chen Shihua.

A moment later, there was a burst of laughter in the maple forest!

Li Shen and Chen Meixiang's laughter!

Li Shen, laughing wildly, pointed to Ye Chen's nose and said to Chen Meixiang, "what did he say? Younger martial sister Chen, did I hear you correctly? He said he was an existence we couldn't afford to offend?"

How powerful is the Xingqiao state in Lingwu? Or just a breakthrough? This kind of person in the kingdom of God is not worthy to lift my shoes!

Are these Lingwu people so interesting? "

"Savages of Lingwu land?"

Ye Chen obviously felt uncomfortable when he heard this sentence.

The kingdom of God is also within the boundary of Lingwu.

But in the eyes of shenguoaren, the warriors in Lingwu continent are savages?

The man of the kingdom of God really thinks highly of himself.

For such people, ye Chen is too lazy to say anything more.

Is it useful to say more?

They look down on you and will always look down on you.

Until you step on them!

Li Shen managed to stop smiling. He looked at Ye Chen, playing with his sword on his waist, and said with disapproval:

"my God Xuanzong has something to do here. You should go away. However, just now your dog looked at my younger sister, and the dog's mouth said bad things to me and me. You can't just leave your eyes and tongue behind. It's a compensation. "

Chapter 2195

Chen Meixiang said with a smile: "elder martial brother Li is always so kind. I'm afraid that other people will not give him any chance to choose. Just kill him directly? If you say a word more with rubbish, it will make people feel sick. Mei Xiang admires elder martial brother Li's behavior. "

Li Shen looked at Ye Chen with a smile and said, "boy, have you heard me? Let's do it quickly. My child's patience is limited. "

"Is it?" Ye Chen glanced at Li Shen lazily and said, "you are too noisy. Xiao Huang will not be happy

Li Shen's face sank completely!

He wanted to give the boy a chance, but now he doesn't want to wait!

If Li Shen could bear it, he would not be a disciple of Xuanzong!

But Chen Meixiang's pretty face is only pity.

She felt sorry for ye Chen's subsequent experience.

Li Shen moved his hand, pulled out the sword from his waist, and said without expression: "what we like, even if there is a master!"

At the moment when the sword was out of the body, a burst of precious light burst out. Ye Chen's eyes narrowed. The long sword was a real artifact!

What's more, the sword is inlaid with countless gems that emit strong fluctuations and dazzling colors. Such powerful and different energies are perfectly integrated on this sword.

Li took a deep breath, and roared with a dull sound from his body. Boundless spiritual power ran wildly and the surrounding air was stirred!

In the whole body of Li Shen, an air whirlpool was formed, and on Li Shen's body, because of the huge energy rising, there was a white air in his pores!

The wind and clouds are surging in an instant!

Ye Chen turns his wrist, holds the beast decaying sword, and his eyes flash at the same time. Li Shen's momentum is not simple!

It seems that he underestimated the divine genius.

However, ye Chen's eyes, but there is no fear of color, but eager to try!

Although Ye Chen is afraid of trouble, his bones are full of belligerent blood. Once he meets those opponents who are worth fighting against, ye Chen will feel excited and will stimulate his fighting spirit!

What's more, he's just advanced and needs a person to practice.

Li Shen looks at Ye Chen holding the sword, but the killing intention in his eyes is more intense. He moves his breath all over his body, and then runs towards Ye Chen. He pulls out his sword just for the sake of brewing momentum and killing intention. He doesn't really want to make a sword against Ye Chen.

Because ye Chen doesn't deserve it! Not worthy of his sword!

His sword doesn't want to be stained with the blood of these bottom mole ants in Lingwu land!

He should only rely on momentum to defeat each other and let them understand how big the gap between them is! How ignorant and stupid Ye Chen is!

With a roar, the powerful momentum, as if in essence, instantly pressed on the top of Ye Chen's head. In Li Shen's mind, ye Chen would be crushed by his momentum, and his whole skeleton would be completely smashed, right?

Chen Meixiang is also a good actor.

But, one second, two seconds, three seconds.

Three seconds later, Li Shen and Chen Meixiang were stunned.

Why?

Because ye Chen now, still standing well, looking at the two people's eyes, indifferent to the extreme.

How could that be possible?

However, the five layers of heaven, or the divine kingdom of Xuanzong disciples of the prestige ah!

Even if he is a strong disciple in the heaven, he is afraid of no other one!

In his opinion, how can ye Chen, such a wild waste, bear his own pressure?

After pulling out his sword, he integrated his sword meaning and killing power!

It's more than coercion. Li Shen felt that he could kill him by blowing his breath at will. Using coercion was like killing a chicken with an ox sword.

But?

Don't say it's killing Ye Chen, it can't affect Ye Chen at all!

This simply, must surpass their understanding!

Even if you are just entering the starhole, you can't face his pressure now?

Does it look like ordinary waste is stronger than the self in the same realm?

Li Shen's face was completely gloomy, so gloomy that he could not be any more gloomy. Now, he felt that he was really insulted!

At this time, Chen Meixiang also cast a strange look at Li Shen, as if he was questioning Li Shen's strength.

It's hard to imagine the cruelty of the kingdom of God. The weak have no friends. Even though, he was talking and laughing with Chen Meixiang just now, and even Chen Meixiang is vaguely courting Li Shen.

However, if Chen Meixiang thinks that Li Shen's strength is not enough, she will not hesitate to draw a line with Li Shen!

That's the reality!

And Chen Meixiang's eyes, for Li Shen, are like adding fuel to the fire!

His eyes were bloodshot and angry!

At this time, Ye Chen said with a smile: "are all the people in the kingdom of God deaf? I said, "don't disturb my friend's sleep.""Shut up!" Li Shen roared and danced the sword in his hand, pointing to Ye Chen!

"Well, I didn't expect that a starhole trash could really make me so angry! Don't worry. After I kill you, it won't be over. I will keep your spirit and let you know what kind of consequences it will have if you offend the people of the kingdom of God! "

At the moment of the sword dancing, the gems on the sword burst out. Li Shen's powerful spiritual power, momentum and sword spirit were all infused into the long sword!

The light of the sword flashed, as if it filled the whole world in an instant. The powerful energy in the gemstone was completely aroused by this amazing sword idea and burst out completely!

This sword is extremely strong!

It can be called the destruction of heaven and earth!

Li deep mouth in a low drink: "broken sky wind and cloud sword!"

This infinite sword light rushed to Ye Chen and shrouded it in an instant, as if to sweep everything and break through the sky with the force of wind and clouds!

After taking out the sword, Li Shen's anger and unwillingness disappeared. Only his own sword was left in his eyes. However, some sinister and sinister atmosphere was swept away and became self-confidence, extremely powerful self-confidence!

One side of Chen Meixiang saw it. In her beautiful eyes, there was a lot of splendor. Li Shen's sword was so terrible that she could kill herself in seconds, right?

It seems that I was wrong in questioning Li Shen just now.

"Good!" Even in Ye Chen's eyes, a glimmer of excitement flashed, and he called out "good". Although Ye Chen despised Li Shen's conduct, his sword was good.

At the same time, the sword in his hand moved!

"Burning the sky with a sword!"

In the infinite sword light and infinite power, a cold light suddenly appeared.

A cold light from the blade of Ye Chen's decaying sword.

A flash of cold light, very fast, fast enough to almost surpass the human mind.

This sword, Ye Chen used all his strength.

This sword is the most powerful sword cut by Ye Chen.

At the moment of Ye Chen's sword, Li Shen, who was already full of winning tickets, turned pale and his wrist trembled violently!

I don't know why, at this time, he even gave birth to a fear of drawing swords against the real gods and demons!

And that point of cold light, less than a thousandth of a second, it has disappeared, followed by darkness!

At the same time, the sword light cut by Ye Chen disappears. In Li Shen's sword, the sea of sword light breaks out!

The moment the strong light converges, the world seems to be in the dark!

And Li Shen, is to shout a, even back several steps, at the same time, spit out a mouthful of blood!

Chapter 2196

He looked at the bloodstain on the ground, then raised his head and looked at Ye Chen, who was standing in front of him with his eyes slightly closed.

He couldn't believe his eyes.

Oneself, unexpectedly in and a star hole existence of the sword, fall behind?

What's more, are you hurt?

What about the star orifices?

But it didn't hurt!

Li Shen's dignity as a genius in the kingdom of God is about to collapse!

How could that be possible?

This guy, isn't it just a piece of junk from the land of Lingwu?

Why is it so strong?

In the early days of Xingqiao battle, the gate was sealed five layers of heaven. Such evil spirits could hardly be seen even in the kingdom of gods?

One side of Chen Meixiang is also completely silly. From the beginning, she only hates and doesn't care about those martial artists in Lingwu land.

Now, there is only one emotion left in her mind.

Not disgust, not contempt, but fear!

Fear from bone marrow!

She knew that Li Shen had just made that sword, and there was a great chance that she could kill herself in seconds. After all, the gap between the three realms was too big, and fighting was not her strong point.

What about ye Chen's sword?

Obviously, the sword of Li Chen is deeper than that of Li Ye! Then, ye Chen is 100% can kill their own existence!

What did you say to Ye Chen?

She knows that although she can be regarded as a beautiful woman, but in this world, strength is respected. If she insults and belittles a strong person who can kill herself, even if she looks beautiful, it is useless at all!

On the contrary, it will be more miserable!

At this time, ye Chen slowly opened his eyes and said with a deep smile to Li: "your sword is good. It gives me some new insights." Ye Chen just now, one is to feel the strength of his advanced level, adjust, and the other is to digest what he has just learned. His next sword will be stronger!

Li Shen hears the speech, can't help but the pupil shrinks!

What did the man just say?

And understanding?

He is in the state of Xingqiao. He can use such a terrible sword. He can't go against the sky any more!

How can we make progress?

From ye Chen, Li Shen felt a very strong sense of oppression in an instant, and subconsciously took a step back!

Ye Chen looked at Li Shen with a smile and said: "my friend was woken up by you. There are some costs that you need to bear."

After that, ye Chen's hand moved, and he wanted to make a sword again, and Li Shen's heart also mentioned his throat all of a sudden!

He was hurt in the fight! Now, my sword will become weaker. If I continue to fight with Ye Chen, my injury will undoubtedly be heavier. If I go on like this, I will surely lose!

At this moment, Li was scared!

I'm really scared!

Where is this? What kind of garbage from Lingwu land?

It's a monster, a monster!

At this time, all of a sudden, a light pink light fell on Li Shen. In a short time, Li Shen, who was originally injured, had a little weak momentum, and gradually recovered!

Ye Chen was slightly stunned, turned his head and looked to one side. He saw that Chen Meixiang was emitting a light pink light. At the same time, a strange fragrance permeated the maple forest!

If he had not guessed wrong, this woman has a very rare constitution, which can let her have the ability to quickly cure other people's injuries!

Ye Chen guessed not bad. The reason why Chen Meixiang was able to come here and carry out tasks together with Li Shen and others was because of her ability.

Seeing ye Chen's eyes on herself, Chen Meixiang's pretty face suddenly turned pale and began to tremble with horror. With a wave of her hand, a large stone shield, which exudes a very steady and strong breath, emerged in front of her chest and protected it firmly. This shield is a kind of ancient body protecting magic weapon!

She knows that people like her who have the ability to Heal are easily targeted.

However, she still has to do something, or to cure Li Shen's injury!

Because, if Li shenruo is defeated by Ye Chen, she does not have the self-confidence to be able to escape from ye Chen's hand!

And if she runs away first, what if ye Chen comes after her?

Will Li Shen, who saw her escape, come to save her?

She dare not gamble!

After releasing the stone shield, Chen Meixiang Jiao drank: "elder martial brother Li, stop him. Don't let him fight me!"

But Li Shen felt the recovery of his injury, his face showed a color of great joy, immediately a flash in front of Chen Meixiang!

With Chen Meixiang, he is equivalent to have the ability to recover against the sky, so even if ye Chen's attack power is stronger than him, he still has a good chance to defeat the other side!

At this time, he did not let Chen Meixiang step in and beat Ye Chen to save his dignity.

After all, dignity can only be useful if you have a life! Even life is gone, what more dignity?

Ye Chen looks at the two men who are waiting for him. He doesn't care. He has no idea about Chen Meixiang.

Ye Chen touched the giant egg, as if to pacify Xiao Huang who was asleep. Then, he carried the beast decaying sword and fitted it. The sword in his hand flashed and the Burning Sky Sword reappeared!

Li Shen gritted his teeth and roared: "breaking the sky wind and cloud sword!"

He has spiritual power all over his body, breaking through the limit, and his meridians show signs of bursting. However, Li Shen does not stop. Only in this way can he enhance the power of his sword technique!

And with Chen Meixiang in, this injury will not affect the next battle!

Sword light burst out!

This maple forest seems to be a sea of light! Although the light is gorgeous, it is extremely lethal!

This sword light sea, again with Ye Chen that little sword light, have a collision!

With a loud bang, the sword light all over the sky disappeared in an instant. Li Shen vomited blood and went back and forth. But he was staring at Ye Chen, but he was happy in his thin eyes!

Because, he saw the blood!

Not their own blood, but ye Chen's blood!

He broke through the limit of a sword, finally let Ye Chen hurt!

The next moment, a pink light, fell on Li Shen's body, his injury, began to recover!

Chen Meixiang has done it again!

Li Shen finally burst into laughter and roared at Ye Chen: "ha ha ha ha, do you regret it? Are you shaking? If you think you have some strength, you can offend us?"

Ignorance! Too ignorant! How about now? Do you have to be arrogant? Yeah? Do you want to keep playing? Ha ha ha, now I am immortal! Are you desperate? "

Ye Chen glanced at the blood on his hand casually. Just now, in order to test the sword, he was accidentally cut by Li Shen's sword light. The arm holding the sword was cut by Li Shen's sword light, and a huge bone deep wound was cut out by Li Shen's sword light.

However, ye Chen didn't care at all. He looked as if he had shed a lot of blood and suffered serious injuries. In fact, in this moment, the wound under Ye Chen's blood had begun to heal.

He looked at Li Shen, his mouth can not help but raise a trace of sarcastic smile, opened his mouth: "in front of me, do you deserve it?"

Chapter 2197

Li Shen has not yet responded, what does Ye Chen mean? Ye Chen has already carried a long sword and attacked again!

Li Shen's eyes sank and he snorted: "good! Come on, how long can I hold on to it

Sword light, sword light, constantly intertwined! It's like the sky is falling apart!

The sound of continuous sound, two people's blood, also more and more serious injury!

But the more he hit Li Shen, the more frightened and frightened he was!

His body, no more!

In such a high-intensity battle, even with the help of Chen Meixiang, his recovery speed can not keep up with it!

But what about the other party?

Originally, he thought that he would soon fall in the wind because of the injury. Although Ye Chen, who was killed by him, was bathed in blood, he never fell down!

More than not falling down?

In his feeling, ye Chen's swordsmanship is not even weakened, but is becoming stronger and stronger!

This is illogical! In the case of injury, how can it get stronger and stronger?

But that's the truth!

And Chen Meixiang, on one side, obviously also found it!

She looked at Ye Chen with trembling eyes, and her eyes were full of incredible color!

Li Shen has been concentrating on fighting with Ye Chen, so he didn't find out, but Chen Meixiang could see clearly!

Ye Chen's injury is recovering at an unimaginable speed!

Unexpectedly, it is stronger than my ever proud healing power!

And this, completely comes from ye Chen's own recovery ability!

This has completely overturned Chen Meixiang's thinking!

Li Shen, who has been fighting for a long time, flashed wildly after a sword. He was panting and covered with blood all over his body. Because of the excessive burning of blood essence, the whole person seemed to be aged for decades in an instant!

Suddenly, Li Shen was stunned!

Feel a little weird!

There was a flicker of panic in his eyes. Chen Meixiang's healing power should have been given to him? However, it did not come!

Shaking a little, he looked back.

Only the maple trees, fluttering and waving, are like blood like maple leaves, like blood tears.

Besides, it's empty!

Where is the shadow of Chen Meixiang?

At this time, ye Chen's voice sounded in his ear.

"It seems that your junior sister has escaped? Does she think you are enough to deal with me alone? "

"Bitch!" Li Shen screamed. Facing Ye Chen, he retreated again and again, "this bitch left me and ran away!"

Without Chen Meixiang's help, Li Shen has no confidence to fight against Ye Chen!

Now, he finally calmed down from the battle, at this time he found that ye Chen had been fighting for so long, but he didn't have any injuries at all!

He clearly remembers that he hurt Ye Chen several times!

How could this happen?

There is only one explanation for this result, that is, this person is constantly recovering!

What's more, it's faster than Chen Meixiang to cure him!

Now, he knows why Chen Meixiang escaped

Such an opponent, who is it, has no courage to face it!

"Ah, ah, ah!" Li Shen screamed wildly. He turned around and ran back desperately!

What he did was not completely frightened and irrational. However, in the previous battles, although Ye Chen showed extremely terrible attack power and physical recovery ability against the sky, there was nothing to show in terms of speed, that is to say, maybe Ye Chen's speed was not as terrible as his attack power?

Otherwise, why doesn't he use it?

If ye Chen's speed is average, he still has confidence to get rid of Ye Chen with his own cultivation.

Li Shen looked back and found that ye Chen's figure did not appear behind him. He couldn't help flashing a happy look on his face!

Is this guy so fast?

In an instant, I was thrown away by myself?

As long as we can meet Zhao Yunhua and Lin Xianyong, ye Chen will not be the opponent of these two people even if he is rebellious again?

For Zhao Yunhua and Lin Xianyong's strength, he is still very confident.

However, at this time, Li Shen suddenly felt a strong danger, and suddenly turned his head. His eyes were wide open, and he was scared to the extreme. He screamed: "how can it be! You

In front of him is Ye Zheng!

Ye Chen is actually using a flash of wind and thunder, directly surpassing Li Shen and waiting for him in front!

Facing the frightened Li Shen, ye Chen smiles slightly, raises his hand and cuts out Jue Qiang's sword!

"No! no I can't die here! "

Li Shen's injuries have been accumulating gradually, and the recovery speed can't keep up with it. Just now Chen Meixiang suddenly ran away again, making his injury too late to recover. Now, what do you want to fight with Ye Chen? He barely lifted the gorgeous sword, roared wildly, and cut out a sword. Although the sword light was still dazzling and gorgeous, it was much weaker, far from the momentum at the beginning.

Invisible, a little cold, like a meteor tearing the night sky, across Li Shen's sword, will be the piece of light, cut out a crack!

The next moment, it fell on the terrified, extremely frightening Li Shen!

With a roar, the proud genius of the kingdom of God was transformed into nothingness, and no spirit was left in the world.

Ye Chen takes Li Shen's storage bag and the sword with a wave of his hand. He takes a look at Chen Meixiang's escape direction. After pondering for a moment, he still doesn't chase her.

This maple forest is too strong to suppress the mind, rashly pursue, too many variables. What's more, if you enter the ruins, you will see them sooner or later, right?

Why do you have to go there?

If Chen Meixiang really ran away from Fenglin and didn't come back again, it doesn't matter if Chen Meixiang wants to send someone to hunt him down?

Can we still find him then?

Now, we should mainly explore the relics. First, we should restore the consumption, and then consolidate the realm, and search in the maple forest.

There can be no mistakes in reincarnation xuanbei.

Immediately, ye Chen returned to his original position and found that the egg yolk was shaking slightly,

"master, it's really noisy. I think I'd better go back to the samsara cemetery to sleep."

With that, Xiao Huang disappeared.

It's obviously entering the samsara cemetery.

Ye Chen enters the array, takes a breath and recovers himself to the peak again. After that, he gets up and puts away the array disk. He begins to explore in the maple forest to see if he can find the remains.

At this time, another part of the maple forest, there are two men walking in the maple forest, while observing around, seems to be looking for something.

One of them, a black robe, was tall and thin, with deep eyes and dark skin. He looked quite handsome. He was Lin Xianyong.

He said to Zhao Yunhua beside him: "elder martial brother Zhao, younger martial brother Li and younger martial sister Chen, have been going for a period of time, and have not come back. Can something happen?"

Chapter 2198

Lin Xianyong is wearing a white robe beside him. He has an ordinary face, a straight nose, thin lips and a long face. He is of medium build, but he has a fearsome temperament. He is Zhao Yunhua, the most powerful man in Shenguo!

Zhao Yunhua didn't like it, but he still focused on the maple trees around him, and said softly:

"younger martial brother Lin, younger martial brother Li and younger martial sister Chen were not the main characters in this mission, were they?"

You know, the virgin will be here in a few days. What if she came and found that we had not made any progress, what would happen? Don't I say? "

After a pause, he continued: "since it won't affect the mission, we'd better focus on the task now. If younger martial brother Li and younger martial sister Chen really die so easily, it's not a good thing, isn't it?"

We shenxuanzong never need the weak. "

"The lives of these two people are not as good as a dust on the stone tablet of reincarnation."

Zhao Yunhua's words seem to have no feelings at all!

Lin Xianyong's eyes showed hesitation. He liked Li Shen's sister very much. If Li Shen died like this, how could he explain to his sister?

However, at the thought of the saint who was known for her coldness, Lin Xianyong still swallowed his saliva and closed his mouth in silence!

Now, it's really time to look for relics!

The holy daughter of shenxuanzong, but a woman who can kill people if they don't agree with each other!

Even if he was a disciple of shenxuanzong, he did not dare to offend this crazy woman.

Although he likes Li Shen's sister, but women, the big deal is to find, if their own little life lost, where to find it?

Suddenly, a pink light flashed, and a pale woman, who seemed to have been greatly frightened, appeared in front of Zhao Yunhua and Lin Xianyong.

Lin Xianyong is glad to see this. This woman is Chen Meixiang!

He quickly asked, "sister Chen, what's the matter with you? Didn't younger martial brother Li come back with you? "

On hearing this, Chen Meixiang threw herself into Lin Xianyong's arms and burst into tears.

Feeling the delicate body constantly rubbing against his chest, Lin Xianyong's face turned red, and his eyes began to flash. He held Chen Meixiang's body with some embarrassment, and comforted her with a way:

"younger martial sister Chen, don't cry. It's OK with me and elder martial brother Zhao

But Zhao Yunhua just glanced at Chen Meixiang coldly, and then put his attention back in the maple forest.

Chen Meixiang cried again for a while, then she raised her head. Her beautiful eyes were full of tears, and she looked pitifully at Lin Xianyong. After seeing Lin Xianyong blush for a while, she said:

"senior brother Lin Senior brother Li, he, senior brother Li, he was plotted by villains, and he has fallen

In her beautiful eyes, a glimmer of satisfaction flashed. She left her classmates to escape, but she still had to be punished and responsible.

What's more, he knew that Lin Xianyong liked Li Shen's sister. If Lin Xianyong blamed him, it would not be a good thing. The reason why she performed like this was to paralyze Lin Xianyong. Then, she ignored herself and pointed the spear at the man.

"What!"

Lin Xianyong's face changed, but Li Shen had already fallen? Although Li Shen's strength is not strong in shenxuanzong, there are not many people who can kill Li Shen in the early and late period of Fengmen and Taixu strongmen on this land of Lingwu?

His eyes, all of a sudden gloomy down, Li Shen died, I am afraid he and his sister's affairs, I am afraid there is no hope.

Zhao Yunhua, on the other side, frowned slightly. Although he had just said that if Li Shen and Li Shen were really useless and died so easily, it would be a good thing.

However, he also knew that Li Shen still had some strength. If he died and Chen Meixiang was still on the side, it would not be so easy to kill Li Shen.

After all, although most of the communication methods failed in the maple forest, they still had a kind of magic weapon that could roughly know each other's position. Depending on that kind of magic weapon, Li Shen could find them.

In other words, the strength gap between Li Shen and the other side is so big that he doesn't even have a chance to return?

Lin Xianyong coldly asked Chen Meixiang, "younger martial sister Chen, what's going on? Tell me in detail."

Chen Meixiang cried: "elder martial brother Zhao asked us to investigate the abnormal astronomical phenomena. When we got there, we found a man who was inspired by his breakthrough in the realm."

"This man has a strange big egg."

Lin Xianyong's eyes flashed, nodded his head and said, "before we came, we expected that there should be other people who got the jade talisman and entered the maple forest. However, this person can kill younger martial brother Li? Is this man the existence of the later period of the seal

After all, if the half step Taixu or the real Taixu is strong, Chen Meixiang probably won't come back.

Chen Meixiang thought of Ye Chen. She could not help showing a trace of fear on her pretty face. Her voice trembled and said, "this man It's a star body that exists... ""Star orifices exist?" Lin Xianyong exclaimed and looked at Chen Meixiang with disbelief. How could Xingqiao kill Li Shen? Li Shen, no matter how bad he is, is also a strong seal!

Even Zhao Yunhua's eyes flashed slightly and looked at Chen Meixiang.

After a moment's hesitation, Chen Meixiang still said: "this man's strength is very strange. Although he has a star hole, his combat effectiveness is not inferior to that of the general five layer heaven. I even suspect that he can fight against the six layer sky blocking door..."

Lin Xianyong looked at Chen Meixiang, but he didn't say much. Instead, he turned to Zhao Yunhua and asked:

"elder martial brother Zhao, do we go to deal with this boy first? After all, his presence may affect the next task. "

With that, Lin Xianyong's eyes flashed wildly!

If the other party killed Li Shen, he would destroy the relationship between him and his sister Li Shen. How could he bear to be destroyed by a wild mole ant in Xingqiao?

Do you want to say that ye Chen has the strength to match the five or six layers of tianqiang?

Ha ha, so what? Lin Xianyong and Li Shen are not the same, not to mention the realm, is the combat effectiveness is also very different.

In the same realm, Lin Xianyong can beat Li Shen without any pressure!

Zhao Yunhua pondered for a moment or shook his head and said: "now we mainly focus on exploring the site of the relics. We will leave the affairs of the man to the saint for decision."

"Revenge is more important than xuanbei."

When Lin Xianyong heard the speech, he was not happy in his eyes. Should a star hole waste be handed over to the saint?

However, he still nodded. After all, Zhao Yunhua's strength is still above him, and the mission entrusted to them by the saint is extremely important.

At this time, ye Chen's injury almost recovered, he moved his hands and feet, and then walked toward the deep maple forest.

While walking, ye Chen asked at the same time, "master, can you feel anything?"

Chapter 2199

"The maple forest is really a bit strange, but I can still vaguely detect some differences. You can follow my guidance, but I can't guarantee that you can find any."

Ye Chen hears speech a joy, he has no clue at all now, can have a direction is good.

However, in the following time, ye Chen has not found that it may be the place where the ruins were opened.

You can say nothing!

If he has found anything during this period of time, it is that he has known something.

That is, this maple forest is really big! So big that it's almost limitless!

In his impression, he had already flown out of the range of the southern mountains, that is to say, although the entrance of this maple forest is in the mountains of southern regions, it should be another space.

Well, if he can't get close to the site of the ruins, maybe the ruins are opened and he can't find them.

Just when he was in some despair, not far away in the maple forest, suddenly a light column, rising from the sky!

Ye Chen's expression moved, some surprise ground says: "the relic is about to open!"

At that time, the wind and thunder flashed to the site of the ruins and galloped away.

.....

At the same time, Lingxian palace.

The beam of light lasted all day.

Lingyun is quite satisfied to come out, she is surging with a strong breath of sealing the door!

This is the limit of her lifelong practice!

In order to crush Ye Chen in one year's appointment, she did not hesitate to bury her cultivation potential!

She is doomed to be unable to step into a higher realm!

Now this realm is the limit that the Lingxian emperor palace can promote for her by force!

Even her Shouyuan was suppressed to the extreme!

But it's all worth it.

She likes to control power!

She seemed to see herself stepping on Ye Chen under her feet, the other side's desperate eyes!

Mole ant is mole ant after all, what qualification shakes her Aura!

She step out, she does not have to guess that countless applause and envious eyes are welcoming her.

However, when she felt the light, she found that no one welcomed her!

"Are all the people in Lingxian palace dead?"

She's angry!

Suddenly, her eyes shrink, unexpectedly found a very powerful light column!

That direction, in addition to Xia Lingqiu, can only be Ji Siqing!

She walked quickly, but found that, on a high tower, a column of light to the sky!

This proves Ji Siqing's potential!

Ji Siqing may not be as good as himself, but his potential has been recognized by the way of heaven!

Damn it!

If other people, apprentices have such achievements, will be happy!

But the aura of the moment is jealousy and anger!

She saw under the tower countless people look up, countless people are full of envious eyes!

The palace master Xia Lingqiu's eyes are also startled!

These should have belonged to her!

Xia Lingqiu obviously noticed the aura on one side, and with a smile, she said, "Lingyun, the disciple you brought from Kunlun Xu is really good."

"Ji Siqing seems to be hiding something in his blood."

"Even if you put her in the kingdom of God, it will not be buried."

"If this person can be completely controlled by me, it is not impossible for me to give her the position of the master of Lingxian palace."

"By the way, Lingyun, it's only a few days in a year. I'll send someone to discuss with you. You'll be stable in front of that strange stone these days."

"Do you have any confidence to win the boy with your current cultivation and strength?"

"It's the end of your life."

"Your longevity can't continue, your realm can't go further, do you regret it?"

Lingyun's eyes and eyes kill the meaning to condense: "don't regret, it's the little beast that should regret!"

Xia Lingqiu nodded: "well, you let everyone go. Ji Siqing has exceeded my expectation. I should also try to make her become my Xia Lingqiu's puppet."

With that, Xia Lingqiu disappeared.

In a flash, she appeared in the tower.

At the end of the breakthrough, Ji Siqing suddenly opened his eyes and looked at Xia Lingqiu with a chill: "how did you come?"

There was a trace of coldness in the words.

Even Xia Lingqiu frowns.

Xia Lingqiu smiles and dances her robe: "Siqing, don't forget that I gave you all the resources you've stepped into now."

"This tower is a treasure. It's my honor for you to practice here."

Ji Si QingHan Mou swept a glance at Xia Lingqiu: "Oh."

Xia Lingqiu has a stiff smile.

What attitude is this!

The next second, she also no longer nonsense, a way to break into Ji Siqing's eyebrows. This is different from the previous control!

The spirit of Ji Siqing can't bear it!

After enough time, such a monster became her puppet of Xia Lingqiu.

Soon, however, Xia Lingqiu's expression was wrong again.

A strong counter attack!

The law has disappeared on the spot!

"How could it be!"

Is Ji Siqing's spirit far stronger than himself?

How long has she been practicing?

"You go, don't disturb my cultivation."

"How many days are there for Lingyun and ye Chen in a year?"

Xia Lingqiu was stunned and looked at Ji Siqing's eyes, and found that the eyes seemed to contain ancient meaning!

But that feeling soon disappeared.

Xia Lingqiu shook her head and said, "nine days."

Then she disappeared.

Ji Siqing closed his eyes again, and an ancient pattern appeared in the center of his eyebrows.

Mystery.

Mysterious.

That is the supreme glory of Ji Siqing.

.....

In the maple forest.

Ye Chen then came to the place where the light column is, in the light column, it is actually a gate.

A very simple, carved with the ancient lines he has never seen the gate!

Look at the style of the gate, it is obviously not the product of the Lingwu land now. Judging from the ancient breath, it should come from the ancient times!

Looking at this gate, ye Chen is very happy in his heart!

Fortunately, he could come to the gate nearby and let him discover its existence in time!

He can already feel the dust tablet in his body shaking, and the samsara blood is boiling!

The stone tablet of reincarnation is behind the door!

He was about to make his way to the gate, but not far away came a strange noise.

It was the sound of escaping light and breaking through the sky.

Ye Chen stopped and looked back, but his eyes flashed.

He thought that Chen Meixiang and his party would come, but he was wrong.

This time, there are other people entering Fenglin!

What's more, the identities of these people are not simple at all!

Soon, a light landed in front of Ye Chen.

There are three people coming!

Standing in the middle was a young man in a golden robe, 28-9 years old, with a yellowish complexion, drooping corners of his eyes, an eagle nose, thin lips, a cold face, but a gentle smile on his mouth.

This young man, though not handsome, even ugly, and his cultivation is not very high, just star.

But I don't know why, but it exudes a kind of extremely confident, extremely superior aristocratic breath, let people want to please for no reason!

Chapter 2200

Behind him, there were two women. One was a maid. She was beautiful, but she was fifteen or sixteen years old. She looked pure and lovely. Her skin was so delicate that she could squeeze out water!

Her martial arts talent is also excellent. At a young age, she already has the top cultivation of Xingqiao. Even when ye Chen looks at this woman, she can't help looking at her for a moment.

The other woman is an old woman who looks very, very old. She has silver hair and wrinkles on her face. She wears very casual and simple clothes. She bows her head and bows her waist. She looks like an ordinary peasant woman!

However, among these people, ye Chen attaches the most importance to this old woman!

Not for others, just for the strength of this old woman!

This ugly old woman, however, is the existence of the later period of the seal gate, and she is also a real strong man of the eight layers of heaven!

The Yellow robed youth, eyes did not fall on Ye Chen, as if he took him as air.

He looked at the ancient gate in front of him. Suddenly, the corner of his mouth cocked up and said with a smile to the old woman beside him:

"Old Tong, it seems that we have got the treasure this time. I thought that the jade amulet given by my father this time is just a thing that can't be used. If it wasn't for your reminding, I don't even want to come Yufu is really not simple. "

The old woman's face was full of wrinkles, and she also said with a smile:

"yes, according to my experience, this is an ancient relic. It's hard to imagine the benefits of entering it. It's a pity that no more information has been extracted from the population.

If you had known that this is an ancient relic, I can't say. Your majesty should send some of the most powerful royal families to accompany you here. "

The seventh Prince waved his hand and said, "Old Tong is modest. I think it's enough to have you here. Moreover, if too many people know about this matter, it's not good if my brothers get the news. Now, it's perfect."

Said, he slowly moved his eyes to Ye Chen's body, as if to now, just noticed the existence of Ye Chen.

And ye Chen, from the beginning to the end, just looked at them calmly.

According to their conversation, this person should be a member of the royal family, but I don't know where the royal family is?

Is it the royal family of southern regions?

At this time, the servant girl beside the young man yelled at Ye Chen coldly: "be bold! Don't you salute the seven princes of the southern regions? "

Ye Chen raised a smile at the corner of his mouth.

I don't care.

What about the royal family.

Therefore, ye Chen was silent with his hands on his back. After a moment, he said, "I am not from the southern regions. Why should I salute the foreign royal family?"

The seventh Prince looked at Ye Chen for a while, and then he suddenly turned around and lifted his hand. He slapped the lovely, beautiful girl beside him!

With a crackling sound, the girl was whipped upside down and fell to the ground with a cry of pain!

This slap, unexpectedly, is to draw extremely hard!

Ye Chen looked at this scene and couldn't help being a little stunned

He did not expect that the seven princes would treat the servant girl like this.

And that servant girl, obviously also a face at a loss, at a loss, face swollen old Gao, so silly looking at the seventh prince.

How could the prince fan himself for a star hole boy?

.....

At the same time, a hundred miles outside the maple forest, on a high mountain.

The two old men looked at the sea of clouds.

One of them is the eternal king.

But there is a trace of sadness between the eternal King's eyebrows.

All kinds of melancholy finally turned into a strong drink and gathered in the body.

Next to the eternal king is an old friend in coarse cloth.

The old friend gambled with him on a young man too many times.

Not long ago, my old friend still lost in the battle of tianhanshan mountain.

The eternal King took another sip of wine and asked, "what do you want from me, old man?"

"If you want to cheat, if you lose, you will lose. I won't give you that. I'm stingy. You don't know."

The face of the eternal king at this moment is rather cautious.

The old man in coarse cloth shook his head, hesitated for a long time, or opened his mouth and said, "Lao Yong, the kingdom of heaven has been chasing you."

"You can't hide."

"Why don't you go there and hide for a while."

"The kingdom of God knows your strength. In order to deal with you, the people sent can't be weak."

"This time, can you count your own fate?"

"Lao Yong, listen to me. Go and hide."

"I don't want to. I can only play chess in front of your tombstone."

The eyes of the eternal King flickered, and there was no fear in them. On the contrary, it is free and easy.

He took the jug and took a swig.

He laughed. "Old man, I don't want to hide."

"I'm old, I don't have much time. I just want to see the child grow up."

"That child carries too much. I want to see him step on the kingdom of God. I want to see him standing in front of the heavenly palace. I want to see him, like that boy, cut off the shackles of the kingdom of God on the world

"That matter is still a haze in my heart."

"You know, old man, I only have one chance."

"This is really the only chance. I'm afraid of losing."

The voice of the eternal King trembled.

The old man in coarse cloth heaved a long sigh. He understood the idea in his heart.

But as a friend, he just wanted to live forever.

Even if it's disgraceful.

All of a sudden, the eternal King stepped out of the cliff, suspended in the sky!

He was full of ambition. He looked poor. He picked up the jug and gulped the wine.

His body was rickety.

He said:

"old man, I once heard a poem in a place called Huaxia."

"I will give him to you today."

"I hope to stop thinking about Zhang Jian, and wait for Dugen for a moment after death;

I smile to the sky from the horizontal sword, leaving the liver and gall of the two Kunlun Mountains!"

"Pa!"

The eternal King throws the wine pot into the sky!

"The kingdom of God is his mother. If I die, ye will break the sky for me! I believe him

Anger fell.

The residual clouds in the sky are surging, and the breath of extermination tells injustice.

This is an old man, fighting the fury of the rules with all his might.

He is waiting in time, waiting for the growth of a child!

Waiting for children to rebuild the rules of the world!
