Chapter 2201

Looking at the distance of the old eyes of the old man, there is no alternative.

This is helpless in the world.

The destruction of ancient times led to the domination of the kingdom of God.

Control all the rules of the world.

Anyone who stands in the way of the kingdom of God will die.

In ancient times, the palace of juechan emperor was absolutely independent, and the kingdom of God was destroyed overnight at all costs.

The master of the devil Kingdom, the mighty devil emperor, challenged the authority of the kingdom of God, and was defeated by the Kingdom and his former subordinates in the first World War.

Since then, no one has dared to shake the kingdom of God.

And no one dares to break this high-level rule.

The palace of juechan emperor and the devil emperor are living examples.

Time flies.

At last a man came forward.

He loves wine, and he loves his hometown even more.

The old man in coarse cloth sat back in front of the chessboard, and the voice of the old man rang out:
"Lao Yong, another game of chess."

"In this game of chess, I'm on the side of the boy."

"Moreover, after this game of chess, I will return to the kingdom of God, and I will hinder the Tiandao Palace's pursuit of you at all costs."

"From now on, I will no longer be an indifferent God, I also hope to do more for the world."

The eternal king was stunned and showed a kind smile. He stepped out of the cliff and returned to the chessboard.

He held a white boy in his hand and fell down safely.

"Thank you, old man."

.....

The screen rotates.

In the maple forest, the ruins gate.

The seven Prince's slap not only fan Meng servant girl, but also let Ye Chen some ponder.

Although the seventh Prince's strength is not strong, but from the momentum and strength of the people around him, far more noble than Sikong Feixing, the royal family of the western regions.

Did he see his real strength?

Soon, however, ye Chen knew he was thinking too much.

The seventh Prince moved some hands and said coldly to the servant girl: "fool, don't you see that this man is a block dog? Call a dog to salute my son? Are you insulting my son? Or do you want to have fun with this prince?"

Salute me, that's a talent's qualification, you know? "

Ye Chen hears the speech, in the eye flash a wisp of cold awn.

Insult!

No! It's no longer insulting!

That is from the heart of contempt, discrimination!

That is engraved in the bone marrow look down upon!

If other insults, ye Chen can still face calmly, the insults of the seven princes, he can not ignore!

He knew that this man was from the bottom of his heart and regarded all people outside the southern region as rubbish.

If there is a chance, he will kill all the people!

No pity!

Ye Chen thinks that he is not a good man, but the seven princes in front of him, although his status is noble, his bearing is extraordinary, and he even has some elegance, but!

In Ye Chen's eyes, the seven princes are not people at all, they are real animals!

This man, success ignited his anger!

With a cold smile on his seventh Prince's son, he said slowly:

"the royal families in southern regions are noisy. There is no one here. It would be a pity if they fell here."

"Ha ha ha ha ha ha ha!" The seventh Prince suddenly burst into laughter, looking up at the sky and laughing wildly!

All of a sudden, his laughter was stagnant and he was staring at Ye Chen. In his eyes, he was strong enough to turn into a real killing intention!

He clenched his teeth as if he were madly suppressing his anger. His white teeth cracked, almost all of them would be broken by him!

He is the prince of the south!

Noble royal family!

The seventh Prince's mouth raised a very distorted smile and said to the old woman beside him:

"Old Tong, abolish him, but don't kill him. I'm afraid it's boring to enter the ruins exploration this time. It's good to have a lot of torture and entertainment on the road, isn't it

The old woman said with a smile: "the seventh Prince is at ease. I know how to do it."

With that, she went to Ye Chen, whose wrinkled old face floated a strange smile, which seemed particularly terrifying. She said with a smile:

"young man, at this age, when you are in the state of Xingqiao, your talent is good. Unfortunately, don't you think you are a little stupid? Or are you blind? Didn't you see the old man?"

I still have the courage to say such a thing. Ha ha, it's really young, frivolous and fearless. "

Ye Chen's eyes are dignified.

This old woman sealed the door for eight days. Now he can't fight against it!

Even if ye Chen feels that most of the strength of this old woman is the result of pills piling up!

With this man in, he still can't fight against the seven princes.

But if he wants to run, the group has nothing to do.

What's more, he has the pulse of red dust. Ye Chen indifferent smile way: "how, you mean I flatter you, you can let me go?"

The old woman said with a smile, "let you go? Are you wrong about something? Originally, the seventh prince would be more kind, and you might die directly. Soon you will know how stupid your choice is, and how happy it will be to die

After that, the old woman's atmosphere of sealing off the door broke out wildly and rolled towards Ye Chen. The seventh prince said not to kill Ye Chen, so she didn't intend to fight directly.

After all, she's got eight doors. Oh, my God!

Blow a breath, can blow ye Chen to death?

Let's go? Are you kidding?

Just the breath, she felt a little too much.

This boy is crushed by her breath, I'm afraid his whole body bones will burst into pieces and become a pool of rotten meat directly? Maybe, in order to let him be tortured and angry by the seventh prince, he must be treated.

But the next moment.

The atmosphere suddenly died down.

Ye Chen faces the breath of the old woman, still with his hands on his back, with a sneer on his face.

Don't say it's burst, not even a little influence!

Tong old silly looking at Ye Chen, a time all a bit confused.

Why is this?

Can star orifices resist the breath of the strong in the eight layers of heaven?

Never heard of it?

Even if some weaker seals exist, they will be overwhelmed by her breath and hurt.

Where can be like Ye Chen so, a pair of nobody's appearance?

The seventh Prince behind Tong frowned and urged: "Old Tong, what's going on? Not yet? "

He thinks it's Old Tong who hasn't done it yet.

But he didn't know that old Tong had already made a move!

Old Tong coughed a few times.

She didn't want to lose face in front of the seventh prince.

Old Tong turned his head and said with a smile to the seventh Prince: "the seventh Prince is a little bit calm. Originally, I wanted to make the boy afraid and tremble, and let the seventh Prince appreciate his unbearable appearance. However, it seems that there is something wrong with this man. I will take him down!"

The seventh Prince nodded and said with a smile: "so it is. Old Tong will take it down directly. Is it fear? tremble? In the next few days, he will let me enjoy it

Tong old turns around, looking at Ye Chen's eyes, also solemn some, it seems that he is some underestimate this boy.

Chapter 2202

However, she didn't think much about it. No matter how evil and rebellious this boy is, she can't be stronger than herself?

In that case, it's just a myth, a legend!

Not reality!

It is only in the legend that it is possible to see the story of the ultimate god man who transcends countless realms and finally becomes the master of all worlds, isn't it?

With a light drink, old Tong moved. At the moment of her action, the space seemed unable to bear her strength and speed, and began to wail and collapse!

In the extreme speed, Tong Lao attacked and killed Ye Chen, at the same time, he said in a deep voice: "Jingtian finger!"

This time, Tong old will never have any slip up, must take ye Chen down, so, she used martial arts!

Or a high-level martial art!

What's more, it's still amazing that she's cultivated to a great level!

Once put into practice, the power is boundless!

On one finger, the powerful spiritual power condenses. The front part of the dry index finger is full of evil spirit and destruction!

This finger really seems to startle the heaven and earth, to wipe out the void, to poke a hole in the sky!

This is not so much an old finger, but rather, it is the cohesion of boundless spiritual power and destructive power, the spirit of death!

The power of all kinds of terror has been continuously compressed, converged and condensed in one finger!

This is a finger of the earth breaking!

Ye Chen's eyes twinkle slightly, this finger's power, unless the red dust God pulse activation, otherwise he cannot carry!

Ye Chen's wrist turned, and the beast's sword had fallen into his hands. At the same time, his body shape changed, and all kinds of immortal deities were displayed!

Ye Chen, do your best!

Now he, the strength has made some progress, he wants to try his best, can fight!

If not, he ran away!

Looking at the release of Ye Chen's breath, the old woman couldn't help but jump out of the corner of her eyes. Somehow, she felt a trace of horror from ye Chen's body!

It's a breath that can threaten your life!

How could that be possible?

Old Tong's eyes gradually widened. Does this boy really have the strength to match his own?

Old Tong always believed in her own intuition. She saved her intuition many times along the way. But today, she can't believe her intuition any more!

After hesitating for a thousandth of a second, old Tong still flashed in his eyes, and his whole body was full of spiritual power. He was crazy and far away. He completely poured into his astonishing finger which destroyed the heaven and earth without any reservation!

In the face of the existence of a star's orifices, Tong Lao, who has sealed the door for eight layers, has made every effort!

Now, she can not care about the order of the seventh prince!

She wants to use all her strength, direct, kill Ye Chen thoroughly!

She is a martial arts practitioner. She believes in her own intuition, and she has gone all the way to this day. Otherwise, she would have died!

Even if ye Chen has only one thousandth and one thousandth of the possibility of hurting herself, she will never have the intention to keep her hands!

Ye Chen looks at the energy in Tong's old fingers more and more terrifying. He can't help but flash a trace of solemnity in his eyes. He is worthy of being a strong man in sealing the eight layers of heaven. His intuition is still very good.

He will start the red dust pulse in the next second!

However, at this time, the voice of the wind suddenly sounded!

"Disciple, the old woman is not difficult to deal with."

"Although she was eight layers of heaven, but the realm is somewhat virtual and real, and this person is very poor in spirit and speed, probably in the middle of the closure."

"This kind of person should belong to the result of excessive cultivation with pills in order to enter the royal family."

"The actual combat ability is not even as good as those who have sealed the door for six or seven levels."

"If you combine the flash of wind and thunder, with the spirit summoning skill of the shepherd of the kingdom of God, and you are now stepping into the star hole, you can barely display the third sword, maybe you can kill it!"

"There is only one chance, and no mistakes can be made in any link."

Ye Chen Mou son a joy, after thanking the master, is a low roar, spiritual power crazy surge, behind the golden light flash!

At the same time, the foot of the Aeolus boots also began to flash blue light, gusts of wind, surging at the foot of Ye Chen!

"A flash of wind and thunder!"

Ye Chen murmured, golden thunder light, and wind blue light wrapped it!

This is Ye Chen's first time. He's doing his best to show off the wind and thunder!

His figure, even nearly to nothingness!

Feel the speed of their own terror against the sky, ye Chen himself can not help but be shocked!

Is this a flash of wind and thunder under the blessing of Fengshen boots and youyunyi?

Good! very nice! Don't let Ye Chen down!

And Tong old eyes, pupil instant contraction!

What happened?

How can she not catch Ye Chen's figure?

At the same time, the Old Tong's heart, a surge of fear! Fear from bone marrow! As if, death came to their own side of the fear!

"Damn little beast!" Tong old roar, subconsciously to a place, point out a finger!

It's amazing. Endless power will explode! The sky seems to be broken!

However, just a moment before the power of Jingtian finger broke out completely, a cold man's voice was directly printed into her mind!

"Soul sword! Cut

There's a big bang! But not in reality, but from her mind!

Old Tong's eyes were wide open, and he exclaimed: "soul cultivation? You are actually soul cultivation. How can such soul cultivation appear in Lingwu land except for the kingdom of God

As a strong person in the land of Lingwu, she naturally knows that soul cultivation exists, and the stronger she is, the more she understands the horror of soul cultivation!

Her cultivation is only for the realm, and she seldom practices the spirit and soul. However, after entering the eight layers of the gate, generally speaking, even the soul cultivation of the same realm can hardly hurt her if it is not the soul cultivation with strong inheritance and excellent qualification.

But! Ye Chen, but did it!

TongLao's knowledge of the sea, suddenly a burst of pain, spirit injured, seven orifices in the outflow of blood!

This is not to say how strong Ye Chen's soul skills are.

Although it's from Muye's soul lock killing, tianhunzhen is a very powerful soul skill.

However, ye Chen did not fully practice it. Instead, he integrated his own understanding, and integrated the divine blood pressure and so on into it. He practiced this kind of soul sword attack.

The reason why he can still hurt Tong Lao is that ye Chen's spirit power is too powerful!

Moreover, with the blessing of the body of reading the devil, ye Chen has a big bonus on the soul skill!

This, very terrible!

Tong Lao screamed, and his fingers trembled. The energy of Jingtian finger was almost uncontrollable and could only be maintained!

Fortunately, there is Soul Crystal guarding in her sea of knowledge, and she has cultivated Jingtian finger to a great level. Otherwise, she will be bitten by the energy of Jingtian finger!

But, ye Chen's attack, is this over?

On the contrary, ye Chen's real bottom card will be played now!

"Six sword gods, the third sword, eternal thunder sword!"

The words fall, the sky above the clouds all over!

Endless thunder!

Rolling sky thunder hundreds of thousands of coming!

Gather on the beast decaying sword!

Ye Chen at this moment is the real Lei Dao Zhen Jun, control God thunder!

The sky and the earth are covered by thunder, dazzling to the extreme.

Tong old looking at this scene, eyes only left panic!

With a sword, the light twinkles. It's a very cold light. It's the light of killing intention!

It is the light in the eyes of gods and demons!

For a moment, Tong Lao seemed to be in a world with only swords. Every sword and every sword light here is a sharp blade that can take her life!

In this world, besides sword, there is only blood!

Whose blood?

Her own blood!

This blood, symbolizes her death!

Old Tong was frightened, frightened, even confused!

How could that be possible?

She did her best?

She clearly didn't underestimate the enemy, was she careless?

But why is this the result?

Why, a star body exists, can display such terrible sword skill?

Jingtian refers to meeting the blade of the beast decaying sword. At this moment, Tong Lao discovers that he is wrong again.

Once again, she underestimated this young man in the realm of stardom.

In this sword, there is not only the endless sharpness contained in the sword technique, but also a heavy and continuous force of terror!

This power, combined with that terrible sword technique, burst out with unimaginable power!

This sword, even if it is under her full state of Jingtian finger, may not be able to resist it?

What's more, what's more, what's more, what's more, what's more, what's more, what's more, what's more, what's more, what's more, what's more, what's more, what's more, what's more, a blow that can only be carried out intuitively in the general direction, and is affected by the attack of spirits, almost?

A loud, earth shaking noise!

This name is highly respected among the royal families of southern regions. No matter where he goes, he has to be treated with courtesy. Under the light of Ye Chen's sword, he turns into a mist of blood.

Chapter 2203

Then, a breeze blowing, the blood mist, dissipated, and at the same time dissipated the old soul.

In the world, there is no trace of such a strong man.

Death is fair to everyone.

Ye Chen took the sword and looked pale. It was more difficult to defeat Tong Lao than he had imagined.

Sure enough, after the door was sealed, it became more and more difficult.

There is a huge gap in every small realm.

Unless the master controls his body or is completely possessed, it is extremely difficult to fight against such existence!

It's not enough to step into the starhole!

Ye Chen's eyes flash!

He wants to be truly invincible!

At present, can break through, is the soul skill!

He must kill the soul of the lock and the soul of the earthquake, really practice line!

Ye Chen gently exhaled a breath and turned his head to see the seventh Prince and the maid.

The seventh Prince and the servant girl have been directly stupid, standing in the same place, mouth wide, motionless.

In particular, the seventh prince, it is the spirit of the spirit will disappear ah!

Old Tong has been with him since he was a child. He is one of the favorite princes in the southern regions. He is also one of the sacrifices of the royal family in southern regions. In the eyes of the seventh prince, he is invincible.

But?

Old Tong, dead in front of him!

What's more, was it killed by a StarCraft?

Such a reversal has completely subverted the world outlook of the seventh Prince and completely destroyed his mood!

Now, he can't even distinguish reality from dream. He just feels that he is dreaming.

A terrible nightmare!

He, wake up!

On the face of the seventh prince, there appeared a look of extreme madness. He screamed wildly and suddenly drew out his sword!

Ye Chen's eyes flashed, and he was ready to make a move.

At this time, the seventh Prince actually raised the sword in his hand, aimed at his neck, and cut it hard!

A sword blows blood!

The head of the seventh Prince flew high.

Ye Chen Leng Leng Leng, then shook his head, with a sneer.

The seven princes, however, were insane and cut off their heads directly!

He once heard a saying that the more arrogant and conceited people on the surface, the more vulnerable they are.

Now it looks like that.

Only like him, from the heart of pride, in any predicament, will not yield to pride, is the real pride.

Ye Chen wiped out the body of the seventh prince with a wave of his hand. He did not know who would come here next. However, it was not a good thing to let people see the body of the prince of southern regions.

Then, he turned his eyes to the servant girl who was sitting on the ground.

Although the status of this servant girl is very different from that of the seventh prince, it has to be said that her temperament and talent are much better than those of the seventh prince.

At this time, although her face was gray, her eyes were full of despair, and her whole body was shaking slightly, she still managed to keep her sense and calm.

She didn't beg for mercy, she didn't say anything more, she was just waiting for her death.

Anyway, it's all about death. Why don't you let yourself die with dignity?

Therefore, she does not expect Ye Chen to let go of herself. It is not difficult to see from ye Chen's rebellious strength that what kind of corpse mountain and blood sea he has crossed and how many lives he has on his hands. He is just a little servant girl. Why should ye Chen let go of himself?

Ye Chen looks at this servant girl, the vision, however slightly flickers.

Strictly speaking, this maple forest does not belong to the southern region, but the entrance is in the southern region!

And the southern region, has the Taixu strong!

With their current strength, they are not the opponents of the weak and the strong for the time being.

When ye Chen fell into silence, the servant girl raised her head and looked at Ye Chen with some doubts.

"Shouldn't you kill me? After all, I witnessed your killing the royal family."

"If you don't want to do it, I can end my life myself."

"My life is not my own. What I want to do is just the dog of the seventh prince."

"In the royal family, this is the only way to protect itself."

Ye Chen brow a frown: "with your blood and talent, should not become servant girl just right."

The servant girl shook her head: "it doesn't matter. The royal family of southern regions killed my parents. I have only one person, and I have to be controlled by southern regions in this life. It's not bad to be a dog. At least, I don't have the idea of revenge."

Ye Chen's spirit is strong. Naturally, it can be seen that the girl is telling the truth.

From the beginning to the end, the girl did not say that she was not, but let herself salute.

If they do, what's the difference between them and those in the kingdom of God.

Finally, ye Chen sighed and asked the girl, "what's your name?"The girl's delicate body trembled slightly. She looked at Ye Chen in a puzzled way. When she came back to her senses, she said in a low voice, "I My name is Yan Hongyu... "

Ye Chen nodded and continued: "Yan Hongyu, my name is Ye Chen. I want to make a contract with you. You are not allowed to mention what happened today to anyone. Do you know?"

When Yan Hongyu heard the words, she was stunned, and then a surprise appeared on her pretty face. She was not a fool. She naturally knew that ye Chen wanted to make a contract, which meant to let her go!

Immediately, Yan Hongyu, like a chicken pecking rice, nodded repeatedly: "I know! I swear I will never divulge anything about my husband. "

Ye Chen finger pinches Jue, condenses a contract, writes own name on it.

Later, he threw the contract in front of Yan Hongyu, who of course would not refuse and signed the contract happily.

After the contract was signed, it burned up on its own, turned into a flame, and integrated into Yan Hongyu's eyebrows.

When Yan Hongyu's face was full of joy for the rest of her life, her delicate hand was suddenly caught!

Caught by the powerful hand of a man!

Ye Chen's palm!

In Yan Hongyu's beautiful eyes, a trace of panic and sadness flashed.

Should we come or are we coming?

In her beautiful eyes, there are waves of water in her eyes. She can only comfort herself. She is lucky to survive.

What's more, when ye Chen decides to let her go, she doesn't have so much resistance to Ye Chen in her heart, and even has some good feelings?

Feeling the temperature from the palm holding her little hand, Yan Hongyu's pretty face could not help but blush.

Ye Chen pulls Yan Hongyu up from the ground.

In the next moment, I will be pulled up and down by Huaichen, and I will be pulled into my dress by Yan Hongchen

However, she so closed her eyes, full closed for 5 minutes, ye Chen is still just holding her hand, never the next step of action.

A moment later, ye Chen looks happy, and a spiritual power mixed with the power of the spirit and soul rushes into Yan Hongyu's body. In an instant, Yan Hongyu has an inexplicable feeling, as if something has disappeared in her body!

However, there is no discomfort, but more relaxed, feel more free!

Ye Chen released Yan Hongyu's hand and said with a smile, "I just cracked your body's prohibition. Now the royal family should think that you are dead and can't find you."

It is difficult to crack the ban even for ordinary powerful people. However, ye Chen succeeded in annihilating it under Ye Chen's rebellious spirit.

After finishing all this, ye Chen glanced at Yan Hongyu's swollen half cheek, which was smoked by the seventh prince.

Speaking of it, it has something to do with him. Since we want to be a good man, we should do it to the end.

Ye Chen takes out a pill and melts it into Yan Hongyu's cheek. The swelling on her face immediately subsides and returns to normal.

Yan Hongyu looks happy. Which girl doesn't like to be beautiful? No one wants a swollen face, right?

She looked at Ye Chen gratefully and said, "thank you! Thank you, sir! If I have the chance, I will certainly repay you! "

Ye Chen waved his hand indifferently and said: "OK, you go. It's not easy for you to leave here. It may take several months. I will also enter the ruins."

"You have a good talent. If you have a chance, I'm afraid we will meet again in a hundred years."

Yan Hongyu's eyes were dignified and nodded fiercely: "good!"

.....

At the same time, a escape light with a very fast speed, fell into the maple forest, toward a certain direction, galloping away.

Soon, the Dao daodaoguang stopped in front of Zhao Yunhua and others.

See this escape light, Zhao Yunhua three people, all look a Su! Even a little nervous!

They are very familiar with this elusive light, which is the elusive light of the holy daughter of shenxuanzong!

In front of Zhao Yunhua and others, standing in front of Zhao Yunhua and others, stood a tall woman with a white gauze skirt and a white long sword hanging from her waist.

Chapter 2204

Although, the woman with a white veil, cover her face, but from her dangling soul, even the stars, also in front of her eyes.

As well as concave and convex, as if the God himself carved into the exquisite figure, it seems that no one will doubt that this woman is a beauty to the extreme.

However, if you stand in front of this woman now, you can't give birth to any reverie.

The reason is very simple, because of the woman's temperament.

Her temperament, too cold!

Cold through the bone marrow!

As long as you look at her, you will feel that your life is threatened. Who dares to have any reverie?

She is the holy daughter of shenxuanzong, Lin Yaqin.

In addition to that cold into the bone marrow temperament, Lin Yaqin also has a strong evil spirit!

Obviously, she is not only cold in temperament, but also cold in her sword!

There are not a few people who died in her hands!

At the same time, her breath is also very terrible! It's scary!

Lin Yaqin looks like she's about 20 years old, but! Her accomplishments, however, have already reached the state of half step Taixu!

It's appalling!

There is a big gap between the two worlds!

Lin Yaqin's qualifications are indeed extremely against the heaven, and it is for this reason that she can become the holy daughter of shenxuanzong.

Shenxuanzong, though not a top power in the kingdom of gods, can also be regarded as a large number of forces. The strength of half step Taixu is obviously somewhat common in Shenguo, especially in shenxuanzong.

The reason why Lin Yaqin became a saint of shenxuanzong is that shenxuanzong has taken a fancy to her potential!

See Lin Yaqin, Zhao Yunhua three people are respectfully salute to her way: "met the saint."

Lin Yaqin nodded faintly. She didn't even respond. She was still so cold. She just said, "reincarnation xuanbei, have you found it?"

Her voice, not so clear and gentle as ordinary women, but a little low, with a little chill, like her general.

But strangely, it exudes some special temptation.

Hearing this, Zhao Yunhua did not dare to ignore him. He pointed in a certain direction and said respectfully:

"according to our exploration in recent days, now this location is very close to the site of the relics. Just now we sensed that there is an energy rising from the sky, and the entrance of the ruins should be there."

Lin Yaqin's eyes looked in that direction. Without much to say, he ran away with the light. Naturally, several other people did not dare to neglect and followed closely.

At this time, after ye Chen sent Yan Hongyu away, he regained his spiritual power a little. He was ready to enter the ruins with his feet moving. But at this moment, he suddenly sensed something and suddenly turned around!

In the moment he turned around, several escape light, fell in front of Ye Chen.

And ye Chen's eyes, but dead staring at the pure white escape light, blink also does not blink, as if has been provoked by the beast!

He felt the threat from that escape light!

A powerful threat!

Ye Chen can't help asking Feng Qingyang: "fengqingyang, is this person..."

Feng Qingyang said: "you feel right, this person is half step too empty existence, if you step into the door, completely learned the soul skill, you can also try to fight with it, but now you are not the opponent of the other party."

Half step is too empty!

Ye Chen's pupil shrinks suddenly, finally, met this kind of existence.

At the same time, his heart can not help but mention.

Soon, that several escape light then converged, several men and women's figure, appeared in Ye Chen's eyes.

Ye Chen's eyes flashed slightly and found the existence of Chen Meixiang. It seems that these people are the disciples of shenxuanzong.

Now, it's a bit difficult.

However, he killed Li Shen of shenxuanzong!

He has already formed a feud with shenxuanzong!

Sure enough, as soon as Chen Meixiang saw Ye Chen, he cried out: "elder martial brother Zhao, elder martial brother Lin, Saint daughter, this is the man! This is the man who killed elder martial brother Li! "

Several people, including Lin Yaqin, are slightly stunned, especially Lin Yaqin!

Zhao Yunhua and Lin Xianyong have already known about ye Chen, but suddenly they see the star Qiao Wu man in front of them. They think that he killed Li Shen, but they can't accept it.

And Lin Yaqin, or the first time to know!

Even with her qualifications and her vision, she thinks that this is impossible.

At least, she couldn't do it when she was in Xingqiao state, and Lin Yaqin was extremely proud. Since she couldn't do it herself, let alone the youth in front of her?

Not to mention, ye Chen, or just break through the star hole a layer of sky!

However, Lin Yaqin's eyes still stay on Ye Chen for a short time. The reason is very simple. She feels the imprint and the breath of the divine pulse. It's about the kingdom of God.

It made her frown a little.

After all, the task of killing Ye Chen may affect her!

According to the rules of the kingdom of God, she can't give her hand to Ye Chen. Even if she knows that in the maple forest, the God emissary should not receive the message from the mark, but there are always some risks.

At this time, Zhao Yunhua opened his mouth to Lin Yaqin and said, "holy daughter, how do you deal with this person?"

Lin Yaqin said casually, "kill."

Although it is not convenient for her to do it herself, Zhao Yunhua and Lin Xianyong can!

When Lin Xianyong heard the speech, he showed a cruel and bloodthirsty smile on his mouth. When he arrived, he was really waiting for him!

If ye Chen doesn't appear, I'm afraid that Lin Xianyong will have no chance to revenge in his life. But now, ye Chen really appears!

This is not, God is giving him revenge, vent opportunity?

He quickly asked Lin Yaqin for instructions: "saint, can I handle this waste? Younger martial brother Li and I have always had deep friendship. Younger martial brother Li is like my own brother. I want to avenge him with my own hands! "

Lin Yaqin said faintly: "whatever, hurry up."

Lin Xianyong's face suddenly became ferocious. As soon as he waved his hand, he had a black spear in his hand and walked towards Ye Chen.

Although he didn't believe that ye Chen in Xingqiao state had such terrible strength, he still had to be cautious when he died in Ye Chen's hand, so he took out his most commonly used long gun of real artifact in case of emergency!

This spear looks rather heavy. On the top of the spear, infinite evil spirit rolls. Obviously, countless people died under this spear!

Lin Xianyong, carrying a spear, walked step by step in front of Ye Chen. He was tall and taller than ye Chen. He looked down at Ye Chen slightly. In his eyes, he was disdainful and cruel.

Lin Xianyong asked coldly, "boy, did you kill Li Shen?"

Ye Chen light way: "good."

Lin Xianyong's face was more ferocious and his smile was colder. He said in a cold voice, "OK, do you dare to admit it? Not bad. Do you think that if you can kill Li Shen, you will be invincible?"

Ha ha, I tell you, Li Shen's strength is not worth mentioning at all. You don't think I will be as easy to deal with as he is, but!

Even if Li Shen is a waste of our God Xuanzong, you will have to pay a heavy price to kill him! "

Ye Chen glances at Lin Xianyong. His face does not change at all. It seems that the threat to Lin Xianyong is totally irrelevant.

Even in shenxuanzong, few people dare to ignore Lin Xianyong's words. Is it true that this Xingqiao waste in Lingwu continent is not afraid of death?

Ye Chen light way: "you God country person, all so much nonsense?"

Chapter 2205

"What are you talking about?"

In Lin Xianyong's eyes, the flame will be emitted! The corner of the mouth raised a senhan smile and said: "good, really crazy, I hope you can always pretend like this."

Immediately, Lin Xianyong is no longer talking nonsense. The black spear shakes, and infinite power erupts!

It was extremely terrifying and powerful, just like a surging ocean, raging on the spear. The evil spirit condensed on the head of the gun broke out madly and turned into a rolling ash gas and kept rolling!

Ye Chen's pupil shrinks. Lin Xianyong is really not simple. The evil spirit on the gun surges. Even ye Chen feels a little cold on his back.

Lin Xianyong's face is dignified and his expression is extremely serious. His veins are all bursting out and he is constantly beating. His breath is soaring. Obviously, he has no intention of keeping his hands. He should try his best to crush Ye Chen thoroughly!

His long hair is flying, and his powerful momentum has partially extinguished the surrounding space. It is extremely thick, and almost liquefying spiritual power roars out, and integrates with the rolling evil spirit!

Covering the whole body of maple forest, all of a sudden, everyone seems to have entered a sea of evil spirit!

"Magic dragon out to sea!"

Lin Xianyong murmured, the long spear moved, and his spiritual power was condensed. One shot was like one person. It was like a magic dragon's shadow that was extremely terrifying, powerful and shocking!

This magic dragon, in this sea of evil spirit, is just like gently moving, can overturn the whole sea!

This gun, with infinite power, is far from Li Shen's attack, can be compared!

Even ye Chen, is the face of dignified color!

Although Lin Xianyong is only five or six layers of heavenly cultivation, his strength, but he has the ability to fight beyond the level!

The evil spirit of the magic dragon, roaring, then shaking his head and tail, toward Ye Chen Fei rushed!

Speed, like a black lightning!

Ye Chen takes a deep breath, all kinds of magical powers are put into full play, and his breath expands instantly!

At the same time, at the foot of the Aeolus boots, the whole body golden lightning flashed wildly, eyes, showing the color of determination!

"A flash of wind and thunder!" Ye Chen's feet move, the whole person disappears in an instant, Zhao Yunhua's pupil shrinks crazily, and his face shows the color of horror!

How fast!

This speed, even he, can only barely catch it!

Even Lin Yaqin, who had been standing beside Zhao Yunhua with a light look, was also a twinkle in her eyes and frowned slightly.

Ye Chen's speed is not as fast as Lin Yaqin's, but it's enough to make him scared.

She even vaguely felt that Lin Xianyong might not be Ye Chen's opponent.

It seems impossible and incredible.

However, Lin Yaqin's intuition tells her so.

However, even so, Lin Yaqin still did nothing, and did not even ask Zhao Yunhua to help.

She has always been very cold. Since Lin Xianyong wants revenge and wants to kill Ye Chen, he has to bear the responsibility. Ye Chen can kill you. However, if you die, you are incompetent. Shenxuanzong doesn't need incompetence.

It's just so cruel.

The black dragon that Lin Xianyong conjures up with his gun technique is also startled. But the move has been lost. How can it be recovered so easily?

With a roar, the shadow of the magic dragon hit one place, which wiped out the void there. The spiritual power of heaven and earth in the whole region was turbulent!

But! Lin Xianyong is not a noble man without combat experience. He is the core disciple of shenxuanzong. He was killed out of the sea of corpses and blood!

Although he fell, he did not use it completely!

As soon as the eyes of the demon dragon brightened, it seemed to see a golden light, which flashed through the void of the whole body!

Immediately, he roared, towards the golden light impact!

Although he can not capture the specific position of the golden light, but he has confidence in his attack!

This blow is enough to annihilate the whole void!

However, just as the shape of the magic dragon was about to hit the void, an invisible sword with divine power, magic Qi, true spirit and hegemony, extremely strange and extremely terrible, suddenly appeared in front of Lin Xianyong!

No!

To be exact, it was directly cut into the sea of knowledge of Lin Xianyong!

Ye Chen's powerful mind, coupled with the body of reading demons, makes Lin Xianyong have no chance to avoid this attack!

What's more, Lin Xianyong's mind and spirit are all placed on his own must kill blow, and the defense of the spirit is inevitably weakened!

Although Lin Xianyong's realm is not as good as Tong Lao, his spirit is strong and tough, but he is still a grade higher than Tong Lao!

However, even so, Lin Xianyong's magic dragon, or the body suddenly trembled, the whole body twitched, spasmodic, his killing blow, inevitably weakened!

It can only be said that ye Chen's spirit is too powerful and terrible! But this moment is enough!

Before the head of the demon dragon, the golden light flashed and a figure appeared.

Ye Chen held the sword in his hand, and drank violently in his mouth: "six sword gods, the third sword!"

The sword, cut off!

The roar of earth shaking sound is not only the power of the third sword, but also the extreme breath of Ye Chen!

The time when this sword is cut out is exactly the time when Lin Xianyong's must kill gun is the weakest!

It seems that the powerful and powerful magic dragon and the boundless rolling evil spirit are cut to pieces by Ye Chen's sword. They are all void!

On the ground, only Lin Xianyong, who has been completely transformed into a bloody man, is on the verge of death.

Ye Chen's eyes flash. Lin Xianyong's vitality is very strong, but he didn't die directly?

Sure enough, the gap between the people of the kingdom of God and the ordinary strong people in Lingwu land is not a little bit.

But even if you are a strong God, what?

I want you to die, you have to die!

Ye Chen suddenly raised his foot, heavy foot, stepped on the dying Lin Xianyong's chest, a foot will be his heart, completely trampled to pieces!

Lin Xianyong's breath was completely cut off.

But at this time, a virtual shadow sprang up from Lin Xianyong's head and rushed madly to Zhao Yunhua and Lin Yaqin. His face was extremely frightened and he screamed: "help! Elder martial brother Zhao, holy daughter, help

However, before the two men made a response, an invisible sword was to cut off the head and completely annihilate the spirit of Lin Xianyong!

It's Ye Chen's soul sword!

After killing Lin Xianyong, ye Chen glances at his sword hand, which is dripping with blood, and his bones, muscles and even meridians are all broken.

Lin Xianyong's strike was very strong.

However, ye Chen did not care too much.

As long as it doesn't hurt the origin, this kind of injury is nothing to Ye Chen now, and will recover soon.

Then, he turned his eyes to Zhao Yunhua, Lin Yaqin and others.

Zhao Yunhua and Chen Meixiang are completely sluggish.

And Lin Yaqin, although still a pair of cold and indifferent look, but look at Ye Chen's eyes, also some different.

Lin Yaqin, originally thought that even if ye Chen could defeat Lin Xianyong, he would have to do a few more moves, right?

But who knows, one move, only one move, will defeat Lin Xianyong.

And Zhao Yunhua, after returning to the gods, looked at Ye Chen's eyes also greatly worried!

Although he has confidence to defeat Lin Xianyong, but to Ye Chen such a move to win, self admission is also impossible!

In other words, ye Chen may be stronger than himself?

Even Zhao Yunhua, who always claimed to be calm and calm, couldn't help shaking his head and getting confused!

Even in the history of the kingdom of God, there is no less than that of Ye Chen!

It is in the legend, can appear in the existence of ah!

Is this young man in Lingwu land a new legend?

A legend that not only shocked the whole Lingwu continent, but also the kingdom of God?

Lin Yaqin looks at Ye Chen, and ye Chen is also looking at Lin Yaqin.

To be honest, although Zhao Yunhua is very strong, ye Chen does not regard it as a threat. Zhao Yunhua should be twice as strong as Lin Xianyong, but what about that?

For ye Chen, it's just a sword gap, but Lin Yaqin is not an equal rank at all!

Chapter 2206

Lin Yaqin looked at Ye Chen and said coldly, "you killed Lin Xianyong."

Her voice, originally makes people feel extremely cold, but at this time, it is even colder than usual!

Zhao Yunhua knows that Lin Yaqin is moving to kill!

Ye Chen nodded: "he wants to kill me, I naturally want to kill him, there is no second possibility."

Lin Yaqin heard the speech, but he nodded and said, "yes, you didn't do anything wrong."

Ye Chen a Leng, Lin Yaqin what does this mean, does she want to let go of herself?

Ye Chen is happy in his heart. He knows that he is not the opponent of this woman now. Naturally, he doesn't want to fight with each other. Although Ye Chen is not afraid of death, he will not seek death!

But who knows, the next moment, Lin Yaqin's eyes, but completely cold down, as if able to freeze the world in general, to Ye Chen, word by word:

"but Lin Xianyong is our God Xuanzong's person, I am the holy daughter of God Xuanzong, you kill him before me, you must die

Overbearing, incomparably overbearing!

Since she began to practice martial arts, she has only one idea. All those who stand in front of her and violate her faith will be killed!

This is a kind of madness from the bone!

As soon as the voice fell, a blast of murderous spirit roared out, and ye Chen was startled. The murderous spirit was so terrible!

Ye Chen's own killing intention is already the ultimate killing intention of Daoyun. Ordinary people's killing intention can't make ye Chen feel a little bit, but Lin Yaqin has done it!

This can only show that Lin Yaqin is also practicing the way of killing!

Moreover, the realm may be higher than ye Chen!

"Damn it!"

Ye Chen knows that Lin Yaqin is really going to kill him if he gives out such a killing intention. It is impossible to let out a killing intention that can shake him by bluffing.

At the same time, he also secretly scolded a madwoman. Did Lin Yaqin really ignore the mark?

You know, the mark is the official mark of the kingdom of God, which represents the official dignity.

Even if Lin Yaqin is the holy daughter of shenxuanzong, if she is found out by God, she will never be better if she violates the rules. Shenxuanzong can't protect her!

You can imagine how much risk she took, but even so, Lin Yaqin still wants to kill herself?

Just for the sake of smooth flow of ideas, for the sake of complying with their own mind, completely regardless of the consequences?

This kind of madman, once provoked, is absolutely troublesome. Moreover, this madman is stronger than he is now!

Immediately, ye Chen didn't hesitate at all. The soul sword was facing Lin Yaqin and went straight away. At the same time, his body flashed and the wind and thunder suddenly appeared. He flashed the wind and thunder, and rushed towards the gate of the ruins behind him!

Boom!

At the same time, an icy white sword with intermittent cold air cut to Ye Chen!

But Lin Yaqin, in the moment of cutting out the sword, but her eyes are slightly lost, leading to her hand, slow down a point.

That is to say, ye Chen, who is slow for a minute, exerts his strength and turns his body!

A sword with terror waves flies by Ye Chen's side!

It hit the gate of the ruins!

Although there is no damage at all, the gate is shaking!

Ye Chen couldn't help swallowing his saliva, and his eyes trembled. Lin Yaqin's casual strike was ten times stronger than Lin Xianyong's extreme one!

What a horror! If ye Chen was hit, he was sure he would never feel better!

That is, in this moment, ye Chen has already opened the gate of the ruins and entered it.

But Lin Yaqin was stunned in the same place. Then, on the pretty face that was so delicate that even the gods would admire, a look of shame mixed with infinite killing intention appeared!

Oneself, unexpectedly lost?

Did not kill a starhole in one blow?

Of course, she knew that ye Chen had mastered some kind of spirit attack similar to soul skill, but she didn't expect that she would also hit the road!

This, for Lin Yaqin, is a disgrace!

She has always been a very proud and perfect person!

Her body moved, turned into a white escape light, toward Ye Chen Ran after.

Ye Chen evades Lin Yaqin's sword, on the contrary, stimulates her desire to win or lose. She must kill Ye Chen and never die!

But just for this moment of delay, ye Chen has already opened a long distance. There are cloud flying wings, Fengshen boots, and a flash of wind and thunder against the sky, which almost all surpass the sealing door.

However, ye Chen did not relax at all!

Because, he knows his speed, although almost can surpass the seal, but!

For half step Taixu, it is not necessarily!

But Lin Yaqin's eyes twinkle, is also to urge Dun light, she knows that ye Chen is exerting an ancient body method, and is not an ordinary ancient existence. But in her eyes, it was too slow.

"This crazy woman

Ye Chen bit his teeth and looked back. He could see Lin Yaqin's hiding light. He couldn't help but scold!

Ye Chen couldn't help asking in his heart, "master, what should I do now?"

It seems that she has no choice but to think about it for a moment. She says:

"since this woman has ignored her mark, she will not give up easily. Now she can only die and survive!"

"To die and to live?"

Ye Chen hears speech, a little puzzled, what does this mean?

"You, flee to the southeast, where I feel a very dangerous breath!

If I'm right, there should be something there that will be threatened even if it's half empty. If you go there, it's very dangerous, but it's possible to drive back this crazy woman. "

Ye Chen Mou Guang is twinkling, also hair cruel, low drink a way: "spell!"

Immediately, he lowered himself into the woods and headed southeast.

The reason for entering the woods is to make use of the complex terrain to make it more difficult for Lin Yaqin to catch up with himself.

But in Ye Chen, just fell into the woods of the moment, an incomparably huge ice white sword awn, is to be beheaded!

The sword is full of startling breath, but it is extremely convergent. When ye Chen is not far behind, ye Chen is aware of it. Its speed is extremely fast, even on the flash of wind and thunder!

Moreover, the power can be called peerless, has not yet fallen, in this forest, seems to be far harder than the general spirit of the trees, in the breath of the sword, have broken!

"Grass!"

Ye Chen scolded and turned his wrist. He held the beast's decaying sword. His whole body's spiritual power was in perfect operation and roared up to the sky!

Red dust pulse is activated for a short time!

Psychic power is rapidly passing away!

Ye Chen, this is the means to do, to fight for life!

Then, he danced his long sword and slashed at the white sword!

A very cold, very bright, like thunder sword awn, to meet the white sword!

This is not over. After a sword is cut out, a kylin shadow appears on Ye Chen. At the same time, the Earth Dragon Armor given by the emperor of Jiuyou to himself is fully inspired!

A ghost of the Earth Dragon covered with strange crystals emerges, guarding Ye Chen with the kylin shadow!

The next moment, it is a earth shaking sound!

The aftershock of the collision of swords and awns broke out, just like a star rising in front of us. The powerful energy swept around us, turning all the trees and rocks around into nothingness, and the earth was blackened.

It's like an apocalyptic scene!

Under such an attack, I'm afraid no one can survive, right?

But Lin Yaqin in the sky, after a glance at the ground, is a frown.

She did not find the body of Ye Chen, nor did she find the trace of Ye Chen.

Chapter 2207

Originally, in such a terrible attack, even if ye Chen is directly turned into nothingness, it is normal, but has Ye Chen really turned into nothingness?

Lin Yaqin frowned slightly. She always felt that something was wrong. What she practiced was the way of killing, and she was most sensitive to life and death. If she had killed Ye Chen with a sword just now, she should have a trace of feeling in her heart.

Now, however, she felt that her mind was blocked and her thoughts could not be unblocked.

Lin Yaqin snorted coldly. In her beautiful eyes, she suddenly burst into a chill. Her powerful mind concentrated in her eyes and swept around, but she still got nothing.

This time, Lin Yaqin himself, are not sure, is it, ye Chen has really disappeared from the world?

However, at the next moment, vaguely, her integration in the vision of the mind, seems to feel something!

"Is that?"

Lin Yaqin murmured a word, as if she saw a thin to no longer thin blood shadow, is rapidly flashing!

At this time, ye Chen is wearing the moon dust gauze, exerting a flash of wind and thunder, toward the southeast direction, extremely fast.

The reason why it looks like a blood shadow is that he is covered with blood now!

This is the first time I have been in such a mess in Lingwu!

He's angry! He growled!

Today's disgrace, he must be repaid by this damned woman!

Ye Chen's face a burst of pale, forced to endure unimaginable pain, rapid action.

After fighting against Tong Lao, he was lack of aura and could not fully activate the red dust divine pulse.

Lin Yaqin's sword, even after entering the body, is constantly destroying his own bones and channels. In addition to being difficult to heal, it is also very painful!

Pain to even ye Chen such a strong will as steel, some can not bear!

Ye Chen's eyes, burning with madness and anger, biting teeth, ferocious hate voice: "crazy bitch! If I don't die today, I will surely give you back the pain you have given me one thousand times! "

But at present, ye Chen can only ignore the injury and pain, and try to run away!

But at this time, Lin Yaqin found that the fuzzy blood shadow, a cold smile, again urged Dun light, toward Ye Chen chase and go!

She will not stop killing Ye Chen!

However, Lin Yaqin's heart is also faintly shocked. She knows how powerful her sword is. However, ye Chen can still run away after being hit by her sword?

This vitality is really a bit against the weather

But what if it goes against the weather?

As long as it is not really immortal, it can be killed. Even if it is true, it is not that there is no way to destroy it.

As long as you can do it, Lin Yaqin will do it!

If she wants Ye Chen to die, ye Chen must die!

There is no second possibility!

Vaguely sensing that Lin Yaqin behind him seems to have caught up again. Ye Chen's face changes and asks Feng Qingyang, "master, how far is that place?"

"It's not far away! Hold on a little longer, and you'll be here! "

"Good!"

In Ye Chen's eyes, a trace of ferocity flashed through his eyes. He poured dozens of pills into his mouth to recover his wounds, restore his spiritual power and stimulate his potential!

At the next moment, ye Chen's eyes turn red, and the injury on his chest is also faintly healed. At the same time, the speed of running towards the front is also vaguely accelerated!

Ye Chen does this, is not completely without consequences, ordinary people use a pill to stimulate potential, its side effects, may make him lose Shou yuan, Jing Yuan, a period of time into powerless!

Ye Chen, however, is immortal god body and devil body!

Two people a chase a run, very quickly, already crossed very far distance!

However, even if ye Chen stimulates his potential, his speed is still not as fast as Lin Yaqin, and the distance between them is gradually shortened!

Moreover, after the distance between them has been shortened to a certain extent, Lin Yaqin, regardless of the consumption of spiritual power, madly sends out a sword to attack Ye Chen!

After ye Chen was discovered, he has put away the moon dust yarn to save the consumption of spiritual power. In the process of escaping, he still has to turn back from time to time and show his sword intention to resist Lin Yaqin's attack. It can be said that he is extremely embarrassed!

Soon, they ran out of the forest and entered a barren mountain full of sand and stone. At this time, ye Chen was covered with scars and had two huge wounds on his chest!

Behind, there is a blood hole!

For ordinary people, even if they are the strong people in the Taixu state, they can't run even if they are injured so badly, not to mention dying on the spot!

Can ye Chen, although the complexion is difficult to see the pole, but still in action, but inevitably, the speed or dropped a point.

"Hold on, disciple," said the wind! It's almost there

Ye Chen hears the speech and his eyes are bright!

But soon, ye Chen's look changed.

Because, in front of me, is a cliff!And, obviously, it's not an ordinary cliff!

Ye Chen went to the edge of the cliff, looked down, saw a vast white below, that is the cloud!

Ye Chen picked up a stone and threw it down. With his ear power and mind, he couldn't feel whether the stone had landed or not!

This shows that the cliff is incomparably deep!

This kind of cliff is not an ordinary cliff at all. It is called Tianyin cliff. It has a special gravity. Even if it is too weak, if you fall down from it, you will not be able to escape. It will fall directly to the bottom of the cliff!

Think about the deep cold cliff, there is a day!

Even with Ye Chen's constitution, after falling down, it will turn into meat sauce in an instant, right?

Ye Chen swallowed his saliva and asked Feng Qingyang, "that The thing that you can't lead to on this day is not a threat? "

After a moment's silence, fengqingyang said: "in fact, what I feel is not Tianyin cliff, but something under Tianyin cliff.

And the stone tablet of reincarnation should also be below.

It's just that the xuanbei is not easy to take.

This is the most dangerous place in the ruins.

But boy, it seems that you don't have time to hesitate. Yinya is obviously a way to get rid of that crazy woman. With your physique, you may not die if you jump down. You can bet, but if you fall into the hands of this crazy woman, you will surely die... "

At this time, a white escape light fell behind Ye Chen.

She is beautiful, but she is very beautiful.

Her eyes full of killing eyes, staring at Ye Chen, sneered:

"I said, if you want to die, you will die. Why run so long, waste effort, and endure so much pain, ha ha, don't you still want to die in my hands?"

Ye Chen turned around and looked at Lin Yaqin calmly. Even with a smile, he said:

"crazy whore, as long as I don't die, I will make you pay thousands of times. Ha ha, iceberg saint? If I have a chance, I will tear the face of your saint

As soon as Lin Yaqin's face changed and her beautiful eyes were angry, she had to make full use of her spiritual power. When she killed Ye Chen in desperation, her hand was stiff and her eyes widened quickly!

Ye Chen even in front of her straight to the sky behind the cliff, fell down!

This day's leading cliff is obviously a very deep and deep kind of cliff!

What's more, once you fall down, you can only let your body fall, but it's impossible for you to fly. How could ye Chen fall like this?

Are you crazy?

Chapter 2208

And at this time ye Chen, is rapidly falling, full of bitter smile, he did not expect that one day, he will be forced to such a situation.

But along the way, he was too smooth.

It's good to have a bad time!

Now, it's up to fate!

He concentrated his mind and did a good job in launching various defensive means to welcome the landing moment.

At this time, ye Chen suddenly thought of something and said with a strange smile:

"master, do you think that crazy woman will not jump down with me

No more craziness, can he?

"Even if it's that crazy woman, I don't dare to."

At this time, Lin Yaqin stares at the white clouds under the cliff, and her beautiful eyes are deep.

According to the law, ye Chen couldn't have survived if she fell down from the leading cliff. Even if the guy's vitality was against the sky, she didn't need to jump down with Ye Chen and risk her own life.

However, Lin Yaqin knows that there is a group of people in this world who are beyond common sense.

From the performance of Ye Chen before, he is likely to be such a person!

Therefore, if Lin Yaqin doesn't jump down and see with his own eyes, his mind is always hard to calm down!

For ordinary people, this may not be much, but for Lin Yaqin, who pursues perfection, it may affect her practice and her mood!

It can be said that the saint of Xuanzong's generation is also a brilliant genius in the kingdom of God. At this time, she made a decision that ordinary people can't understand!

On her pretty face, she showed a decisive color. She jumped up and followed Ye Chen to jump down the leading cliff of the day!

I'm afraid that even if ye Chen is here, he will be stunned.

The madness of this woman is beyond the imagination of her

There is no shortage of madmen in this world, but there are few long-lived madmen

In other words, it's really a miracle that Lin Yaqin's character can live up to now

At this time, ye Chen is about to reach the bottom of Tianyin cliff.

Suddenly, ye Chen's face changed slightly. He had already crossed the clouds in the sky, but now, in front of him, there was a sea of fog!

When ye Chen fell into the fog sea, he immediately felt that the fog sea was strange, not ordinary fog sea!

Ye Chen's body, a touch that this sea of fog, the speed of decline, actually is directly slowed down!

The sea of fog has a buffer effect!

Ye Chen looks ecstatic, although I don't know whether the fog sea can completely dissolve the impact force falling from Tianyin cliff.

However, for ye Chen, it is undoubtedly a great piece of good news. As long as ye Chen can resolve half of the impact and his life-saving means are not too far from the bottom of the cliff, ye Chen is sure to survive.

At this time, fengqingyang reminded: "boy, get ready, it's almost to the bottom!"

Ye Chen hears speech a Leng, in his perception, did not have what discovery?

It seems that the fog sea also has a certain effect of shielding the mind.

Immediately, ye Chen rallies his mind and inspires the Earth Dragon Armor and the red dust God vein again. A shadow of the Earth Dragon and the Qi Lin appear again, protecting Ye Chen in it!

Not only that, the dust tablet in Ye Chen's body even appears directly!

Block in front of Ye Chen!

With a loud bang, the whole earth is shaking slightly, and ye Chen finally reaches the bottom of Tianyin cliff!

Ye Chen bared his teeth and climbed up from the ground. The sword wound Lin Yaqin had caused on him was bleeding again because of the impact. However, there was not much damage!

This time, ye Chen was happy to blossom. He fell down from the leading cliff. He was ready to die, but he paid such a little price, and he was safe and sound?

Ye Chen took out a few healing pills and put them into his mouth. Then he was ready to start recuperation. But just as he was about to use his skills, Feng Qingyang said again:

"no, boy, that crazy woman really jumped down. Hide!"

Ye Chen hears speech a startle, complexion also becomes extremely splendid! He knew that Lin Yaqin could not have known that there was such a sea of fog at the bottom of the leading cliff!

In other words, in order to kill herself, the woman took her own life to risk?

Now more than a dust, but he did not want to put on the dust!

The next moment, ye Chen's body, then in this sea of fog, completely disappeared.

Soon, another earth shaking sound came, and Lin Yaqin landed!

Ye Chen, on the other hand, closed his eyes and even temporarily stopped breathing. In addition, he suppressed his heart rate very slowly and restrained his whole body breath.

With this mysterious sea of fog cover, plus the hidden effect of last month's dust yarn, ye Chen believes that this crazy woman should not be able to find himself. Sure enough, after Lin Yaqin fell to the ground, her beautiful eyes swept around her, which made her eyebrow frown. She knew that ye Chen had also fallen down, and she could be sure that because of the existence of the sea of fog, ye Chen was not dead, but she could not determine the position of ye Chen at all.

And ye Chen is to seize the time, while astringent breath, while refining medicine, so that his injury quickly recovered.

However, before long, Lin Yaqin pulled out the white sword and drank it delicately. She was so vain that she broke out. She danced the sword wildly and cut out one sword after another in all directions in the fog sea!

Ye Chen looks pale. Although these swords are not as powerful as Lin Yaqin when he attacks himself alone, he doesn't dare to eat them with his injuries!

Immediately, display a flash of wind and thunder, and start to dodge!

But ye Chen this elusion, under Lin Yaqin's white veil, that beautiful face carved from the ice of ten thousand years, reveals a sneer.

Although she can't feel Ye Chen's position, she can see the flow and change in the fog sea!

Ye Chen's wind and thunder flash, but also with the wind attribute of the body method, once displayed, it will stir the sea of fog, instantly exposed his position!

And Lin Yaqin, how can we miss such a good opportunity?

She has been waiting for this moment, for a long time!

Immediately, her spiritual power coagulated, and she poured into the sword without life. Her whole body breath was integrated with that terrible killing intention. Behind it, there was a virtual image of a woman with a bloody sword in her whole body. The virtual image of the woman was just like the embodiment of killing intention and the God of killing!

In an instant, she will be to the position of Ye Chen, cut out a strong sword!

With this sword, the sea of strange fog will be divided into two parts, and Shengsheng will cut out a channel!

"Ye Chen quickly enters the depth, the reincarnation xuanbei should be very close!"

.....

At the same time, Shenhua college.

Ye Chen's cave.

A comatose girl lies quietly. It's Yelo.

Beside ye Luo'er, Ji Lin is sitting cross legged and practicing.

Although Ji Lin has mastered the inheritance of poison king, she has never wanted to practice before.

She had no interest in practice when she was in Kunlun Xu.

After ye Chen brings back ye Luo'er, she changes her mind when she sees ye Luo'er's pale face.

These days, she has been practicing all the time.

She wants to be strong!

And her cultivation is growing rapidly because of the inborn poison against the sky!

Her palm even faintly appeared a green ancient seal!

It's very mysterious.

Ji Lin, who devotes himself to practice, doesn't notice ye Luo'er's eyelashes tremble.

A hint of dragon power spreads out!

Even her forehead grew a dragon horn, but soon disappeared.

A few seconds later!

A roar rang through the room!

"Brother Ye!"

The unconscious ye lu'o'er opened her eyes and sat up!

Not only that, but also a golden glow, a strong energy wave!

Everything around is broken!

Even Ji Lin, who was practicing, was lifted on the spot!

Ji Lin falls to the ground and wakes up completely. When he sees ye lu'o'er sitting there, Ji Lin's eyes are surprised. Regardless of the injury, he rushes to the ground and says, "sister lu'o'er, you You are awake

At the moment, ye lu'o'er looks dignified, and the Dragon lines on his eyebrows flicker: "Ji Lin, brother Ye is in danger!"

Chapter 2209

"Ji Lin, brother Ye is in danger!"

When ye Luo'er's voice resounds, Ji Lin is a little confused.

She reached out her hand and touched ye Luo'er's forehead: "Sister Luo'er, you can't have a nightmare."

"Ye Chen seems to be in the southern region. How can you know what's going on there?"

"I'll pour you a glass of water to slow down."

"Also, the dean of Shenhua Academy said that if you wake up, ask me to inform him."

"You wait for me."

However, Ji Lin was just about to leave when ye Luo'er held his hand.

Her hands are covered with dragon scales.

It seems to be extremely unstable.

Ji Lin obviously felt something wrong. He even said, "Sister Luo'er, are you uncomfortable..."

"I'm going to call someone."

However, Ji Lin's dead hand could not be explained

"I'm from the dragon family, and my father is not dead."

"Long Hongtian wants to destroy me at all costs, and even deprives me of my blood. Without elder brother Ye, he may have succeeded."

Ji Lin is also serious: "sister Luo Er, how do you know?"

Ye Luo Er gets up with difficulty: "my blood is some special, I seem to be able to see some pictures of the people around me..."

"Just now, I seemed to see brother Ye covered with blood. He was chased and killed by a terrible girl and fell off the cliff! As for what happened afterwards, I'm not sure But I'm sure it's not a dream

Ji Lin was slightly stunned and pondered for a long time. He said, "OK, sister Luo'er, let's go to the dean."

"The strength of the president may help elder brother Ye."

.....

The screen rotates.

Strange sea of fog, billowing waves!

Ye Chen is locked by the sword. His face is extremely dignified. He bites his teeth and wields the beast decaying sword. He inspires all his magical powers. He looks like an alien demon coming to meet him with the eternal thunder sword!

There was a roar and a powerful attack storm swept through the sea of fog. The strange fog did not disperse completely. However, ye Chen's thunder and sword sense was once again suppressed by Lin Yaqin's sword awn, and the sword awn fiercely chopped at Ye Chen's body!

The Earth Dragon Armor and the red dust God pulse, once again temporarily activated, almost emptied Ye Chen's Aura!

The protective barrier met the remaining sword, and there was a loud noise. The terrible sword awn was finally completely destroyed. However, ye Chen's body was also cut back and flew backward, and hit the mountain wall severely!

A wound has been added to the chest, and ye Chen's consciousness will be blurred.

However, he also made great efforts!

Can you bear to be crushed like this?

He did not intend to hide in the sea of fog again, recovering his injury and hiding his body shape. Although he knew that it was the most reasonable way to do so, because Lin Yaqin's spiritual power was not endless.

If she attacks in a wide range like her, she will be exhausted even if she is half empty and has a large amount of spiritual power!

After exhaustion, they need to recover, and in this way, it just gives Ye Chen time to heal.

However, it's too oppressive to be beaten like this!

Ye Chen is fighting to get hurt and die, but also to leave a wound on Lin Yaqin!

Even if the injury is replaced by injury, Lin Yaqin must be severely damaged!

But when ye Chen, who was covered with blood, was about to rush to Lin Yaqin with his sword in his hand, a roar sounded in their ears!

Lin Yaqin and ye Chen can't help but glance at the direction of the roar!

From the top of the mountain, there is a huge and long shadow of the big and long tail!

At this time, the wind of laughter, in Ye Chen's mind rang out: "unexpectedly is a fog demon, boy, this is what I said to you can threaten the danger of half step too empty."

"Misty demon?" Ye Chen asked suspiciously.

Feng Qingyang said with a smile: "the fog demon is a very rare and strange monster in the world. Only the place with the special fog can it be born.

But the fog demon is also extremely strong. The ordinary sky fog demon can have half step Taixu strength. If some of them are different, they can reach the Taixu state, or even above the Taixu state! "

Ye Chen's eyes flashed: "so, this is an ordinary fog demon?"

Ye Chen knows that Lin Yaqin's strength should be regarded as extremely strong in the half step Taixu. The ordinary half step Taixu may not be the opponent of the same level monster, so Lin Yaqin is not necessarily.

Feng Qingyang said with a smile: "boy, although hiding in the fog on this day should not hide the fog demon, but it should give priority to the mad woman. You don't have to worry that the fog demon is not her opponent. The fog demon has a special uncanny ability. ""Particularly bizarre abilities?"

"Misty demon, has a kind of atomization magic power, which can greatly reduce physical attack!"

When ye Chen hears the speech, his eyes brighten. He knows that Lin Yaqin is not soul cultivation. Otherwise, he will not be lost for a moment because of his immature soul swordsmanship.

In that case, it will be extremely hard for her to fight with the fog demon of the same realm!

Immediately, ye Chen took out the moon dust gauze and hid his body shape again!

At this time, Lin Yaqin, staring at the monster who was disturbed by himself and ye Chen and roared furiously towards him, showed a dignified color on his cold pretty face.

Soon, that day, the fog demon appeared out of the thick fog. It looked like a dragon's head with a pair of sharp horns. It was full of shining fangs like a sword. Its body was similar to that of an ape. It had two slender arms hanging under the knee, and had a pair of black and thick claws. It stood on its feet and a dragon's tail swayed back and forth .

Lin Yaqin saw the appearance of the fog demon. She recognized the fog demon at one glance. At the same time, her heart sank.

Because, she knows that although the fog demon itself is not too strong, but has a kind of atomization magic power, its attack, for the fog demon, the effect will undoubtedly be greatly reduced!

Lin Yaqin's eyes flashed, and he said coldly in the direction of Ye Chen:

"this monster is called the sky fog demon. You can't hide your Invisibility from it. On this day, the fog demon has a magic power of atomization, which can greatly reduce the damage caused by my attack. If you don't join hands, you and I will die here!"

Why join hands with Ye Chen?

It's very simple. Lin Yaqin knows that ye Chen's spirit is very powerful, even stronger than himself. Moreover, he has mastered the means of spirit attack.

Although demons are better than martial arts at the same level, most of them are not so strong in spirit and spirit. Soul correction is the bane of demons!

Especially, ye Chen can be said to be a very suitable person to deal with such a monster!

Chapter 2210

In the sea of fog, ye Chen's cold laughter sounded, and the voice was ethereal, which made people unable to capture its specific location.

"Hehe, join hands? Are you funny? Even if I join hands with you to kill the fog demon, will you let me go? I still have to die in the end!

Since they are all dying, it's good to take you together on the road of the netherworld. If you're an ugly girl, it's OK. But even though you're wearing a veil, I can see that you should be a little worse than my wife.

I was reluctant to accept.

It's a blessing to have a beautiful woman like you buried with you. I'm grateful that the fog demon hasn't had time. Why kill him? "

Lin Yaqin's face was frosty and said coldly, "do you believe that I'm fighting to be killed by the fog demon on this day, and I definitely have the ability to pull you to die together? You said you wanted me to be your companion. Do you say that again? "

"Oh." Ye Chen replied lazily.

After a moment, he or light mouth way: "how to join hands, you talk about it."

Lin Yaqin said coldly: "I fight with this day's fog demon to attract its attention. You can take advantage of its unprepared spirit attack. Once its atomization fails, I will use the strongest means to kill it."

Ye Chen said, "what about me?"

Lin Yaqin's eyes twinkled for a while and replied, "I swear that I will not fight you again in the ruins."

The corner of Ye Chen's mouth draws, Lin Yaqin's meaning is out of this relic, still want to kill oneself?

Without waiting for ye Chen to open his mouth, Lin Yaqin said again, "if you don't agree, I don't mind blowing myself up now. You can try to escape from the scope of my all-out self explosion."

Fengqingyang also had no choice but to smile in the reincarnation Cemetery: "boy, this trip should be the most reliable one now."

"It's enough if you don't do anything in the ruins. If you leave the ruins and she does it to you again, even if the devil emperor and I lose our accomplishments, we will seriously hurt this girl!"

Ye Chen face dew bitter smile, in the face of this woman, he is really some helpless ah, immediately replied: "OK, then join hands."

However, although Ye Chen agreed, his eyes were flashing.

Obviously there are other ideas in mind.

Ye Chen knows that his own life is to be handed over to himself, not to others. Let others decide your fate. Lin Yaqin says that if you don't do it yourself, you won't do it yourself?

Therefore, ye Chen does not want to survive in this battle!

What he wants is to be the final winner in the fight, the only one who survives!

This result is very difficult, except for tianwu demon and Lin Yaqin, both lose in the battle, especially for Lin Yaqin, who has no spare power to let her explode.

Otherwise, ye Chen is almost sure that Lin Yaqin will choose to explode and pull himself into the water when he is dying.

And for the two and a half step Taixu, ye Chen wants to get such an opportunity, too difficult.

However, as long as there is a sliver of chance, ye Chen will not give up!

What's more, if you succeed, the harvest will be equally tremendous!

First of all, it is their own small life, safe and secure, no longer need to worry about Lin Yaqin, a madwoman, to pursue and kill him!

Secondly, he can also get Lin Yaqin's storage bag, an extraordinary status of half step Taixu's property, how attractive you can imagine, and finally, he can get the body of the fog demon!

You know, this is a big demon with a half step too empty! The essence of it is unimaginable!

Moreover, the most important thing is that ye Chen is very eager for the fog demon's atomization magic power!

With this atomization magic power, even if facing Lin Yaqin again, ye Chen dare to fight with one of them?

Atomizing magic power, with Ye Chen's life force against the sky, the powerful and incomparable spirit, he is a step closer to immortality!

It can be said that ye Chenshi must get this magic power. However, if he and Lin Yaqin jointly defeat the tianwu demon, even if Lin Yaqin doesn't kill himself, can he get the body of tianwu demon?

Obviously not.

Want to maximize the interests, ye Chen only bet!

At this time, the sky fog demon, also finally to Lin Yaqin hand!

It is not that ye Chen's position has not been sensed, but ye Chen is still now. Compared with Ye Chen, the first thing to pay attention to is obviously this more powerful female human being!

The sky fog demon roared like a dragon, and the rolling fog was crazily condensed on the black lacquer claws of tianwu demon and turned into a huge fog claw!

Although the dragon claw is melted by fog, it looks as if it is scattered at a touch. However, ye Chen and Lin Yaqin all know that the fog dragon claw may be even more terrifying than a tens of thousands of tons of tianwai meteorite!

This is a combination of the sky fog demon that half step Taixu, the powerful demon power of the sky fog!

Can it be compared with ordinary fog?

The fog on this day is special in nature and almost immortal. It can be said that at the bottom of Tianyin cliff where there is fog, the strength of tianwu demon has soared by tens of thousands! Lin Yaqin's look, more heavy, the day fog demon than she imagined to be more powerful!

Immediately, Lin Yaqin also took a deep breath and turned her hand over. There was a wisp of blood red hair in her hand.

Lin Yaqin gazed at the blood red hair with her beautiful eyes, and hesitated a little. After a moment, her face was determined. It was a small mouth that contained all the blood red hair in her mouth!

Ye Chen sees form, pupil is microtubule, that hairline gives him feeling is not simple, it is actually with a strong divinity!

It must be very precious!

Moreover, divine hair, which is so easy to use?

Not everyone has the same physical constitution as ye Chen. Even if Lin Yaqin is a half step Taixu existence, she may not be able to fully digest the bloody hair.

In this way, she not only needs to bear the risk of phagocytosis, but also wastes a lot of divine energy in her hair!

Lin Yaqin is really a cruel man. When he is fighting for life and death, he is never soft hearted!

After swallowing the blood colored hair, Lin Yaqin's whole breath changes, and a sense of terror and killing that makes Ye Chen feel a little frightened rises into the sky, and Lin Yaqin's long black hair turns into blood red in an instant!

It's not just the horrible and murderous spirit, but a strong blood gas emanates from Lin Yaqin's body and turns into a rolling blood stream, circulating around Lin Yaqin's body!

For a moment, Lin Yaqin's delicate body broke out a powerful divinity. The whole person looked like a beautiful iceberg goddess in the sea of blood!

Ye Chen's eyes narrowed slightly. It seems that the origin of this crazy woman is not simple. He can exert the power of divinity to such a situation. His breath and appearance are somewhat similar to the virtual shadow of the woman that appeared behind Lin Yaqin that day.

At this time, the cloud dragon claw also finally came to the top of Lin Yaqin's head and suppressed it fiercely!

Lin Yaqin snorted coldly and pointed at the sword. The blood flowing around the body poured into the sword. The originally white sword turned into blood red in an instant. It was extremely sharp. It was like the terrible sword that came from the nine days. It was surging out of the sword!
