

Physician 2221

Chapter 2221

However, soon, he picked up the three soul tools again and began to forge them. After he tried to forge hundreds of them, the seemingly endless power of the spirit was finally exhausted!

Ye Chen's face turned white. He fell to the ground involuntarily. He bit his teeth and took a pill to restore the spirit. He sat cross legged. As soon as the power of the spirit was restored, ye Chen started forging again without a moment's rest.

His time is precious and can't be wasted.

Unconsciously, on the ground, tens of thousands of soul iron tool embryos are becoming less and less.

A few hours later, ye Chen sat in the vast empty palace with a wry smile on his face.

It seems that he is still thinking a little too simple. Although, theoretically speaking, his success rate of forging Horcruxes should be 8.9%, but he ignored a problem, the problem of proficiency!

Ye Chen, if you have exhausted all these tens of thousands of soul iron tools, you can really master soul forging!

At this time, ye Chen successfully forged out of the soul, only a few dozen.

Although there are only dozens of them, they are too precious in the land of Lingwu!

Everything is sky high!

Ye Chen put away these Horcruxes, but did not leave the palace immediately. He first felt the change of his spirit. After a moment, he showed a satisfied look.

Indistinctly, but also a strong point.

This is the most terrible place of soul forging!

After that, ye Chen flashed in his hand, and a huge corpse appeared on the empty ground of the palace.

It's the body of the fog demon.

Since there is still time, ye Chen intends to refine and absorb the body of the sky fog demon in this secret place.

Ye Chen licked his lips, showing a trace of greed on his face. Although the fog demon is ugly enough, according to his experience, the uglier the monster is, the more delicious it tastes!

Immediately, he set up a large pot, the sky mist demon skin cut meat, spread spices, stewed in the pot.

In a short time, the rich meat fragrance, then floated all over the palace.

Ye Chen swallows mouth saliva, big eat up.

One day later, there was a loud noise from the depths of the palace. A human figure transformed from white fog rushed out of the red gold gate and landed in the front hall.

White fog a volume, re coagulation, turned into flesh and blood of the body, showing the figure of Ye Chen.

Feeling the power of atomization, ye Chen couldn't help laughing.

Strong! Too strong!

Under this, his strength, has a not small promotion, now he, almost will not die?

Although, can't really defeat the madman saint, but, under the condition that the bottom card gives out, also can escape safely from the other party's hand.

At this time, ye Chen absorbed a head and a half step of Taixu monster, and his cultivation also leaped to the second layer of Xingqiao!

, or Ye Chen, in order to avoid the instability of the foundation, compress and compress the essence of his whole body.

Ye Chen stretched his limbs and stayed for so long. He had been forging, understanding and practicing with high intensity. Even ye Chen felt that he couldn't bear it.

At present, he decided to leave the place of inheritance first, return to Shenhua academy to adjust his state, and then go to Lingxian emperor palace!

Immediately, ye Chen could not wait to fly to a void outside the palace. In the void, there was a gate of gold and jade. There was the exit of the inheritance place.

After another bout of vertigo, ye Chen looked around. As he expected, he did not return to the bottom of Tianyin cliff, or even the strange maple forest. Instead, he appeared in the depth of an unknown mountain.

But it seems that this deep mountain is not the southern region at all.

"Is this exit somewhere else?"

Ye Chen frowned.

He did not think about it any more. With a flash of gold, he flew into the sky, identified the direction, and then flew to the nearest city.

Soon, ye Chen is aware of the body is limited, directly fell down.

When falling back to the ground, ye Chen vaguely sensed that the city had a very strong array that restricted the martial arts.

What's the origin of the ruins? Why is the exit near here?

Ye Chen still has some time, is toward a nearest building.

There are three words carved on the building!

WANGSHEN Tower!

At the gate of Wangshen tower, there are two big men in black. They are both Xingqiao state practitioners.

Ye Chen can't help but be surprised. According to his current strength, the strong star orifices are no more than that, but they can be regarded as excellent strength on the land of Lingwu. In Wangshen tower, they are just gatekeepers?

Those two star orifices exist, swept Ye Chen one eye, the face has no look.

When ye Chen was puzzled, the wind said: "disciple, the exit of the ruins is not in the original place, but it has some meaning." "But don't worry, this place is still in the southern regions."

"And it's impossible for ordinary people to enter here, but you have a chance."

"Where you are now, if I am not mistaken, this is one of the ten great cities where the kingdom of God controls the land of Lingwu."

"The Lords of these ten great cities are all the people of the kingdom of God, and the resources of the cities are provided by the kingdom of God."

"Once there is a threat in Lingwu mainland, the strong of Megacity will take the lead."

"This huge city is also a place for the people of the kingdom of God to rest in the land of Lingwu."

"Be careful. There may be a lot of Shenguo people here. Besides, there is no need to ask for spirit stone and holy stone. The currency in circulation in this city is quite different from that in Lingwu land. It may be all the coins of the kingdom of God."

"You can use the refined Horcrux to exchange some things in Wangshen tower."

"Otherwise, you can't take out the things in circulation. Once your identity is exposed, the consequences will be unimaginable."

"Get what's in circulation and I'll show you how to get out."

Ye Chen nodded. He didn't expect that the kingdom of God had made ten giant cities in Lingwu land.

And he was a little curious about the place.

No longer think about it, ye Chen will enter it.

Fortunately, the two gatekeepers did not stop Ye Chen.

Shortly after ye Chen stepped into Wangshen tower, a lovely girl of sixteen or seventeen years old met Ye Chen with a sweet smile and said in a soft voice:

"Hello, young master. My name is Xiaoling. I'm the maid here. What can I do for you?"

Ye Chen's eyes flashed. Just now, he clearly saw Xiaoling beside him, and there was a maid with some charming features. She saw him earlier than Xiaoling.

However, the woman looked him up and down, and then she moved her eyes lazily. She turned to meet a man who had just come in with a smile on her face. She said with a smile, "Mr. Lin, are you here?"

However, ye Chen didn't care too much. After he looked at Wangshen building, he asked Xiaoling, "do you sell Horcruxes here?"

Chapter 2222

Hearing this, Xiaoling immediately replied respectfully:

"some childe, we are looking at the shenlou, not only for sealing the door, but also for Taixu. I don't know what level of Horcruxes do you need?"

In addition to levels, our Horcruxes are also divided into four grades: inferior, intermediate, superior and best. The transformation power of soul skill of inferior products is 10%, 20%, 30% and 40% respectively

Ye Chen nodded his head and said, "how about the price of these Horcruxes?"

"Fengmen soul weapon: one piece of inferior 50 God cloud stone, 100 of medium grade, 200 of top grade, 500 of top grade, Taixu soul weapon, one piece of inferior 1000 God cloud stone, middle grade of 2000, top grade of 4000, and top ten thousand!"

Ye Chen hears the speech, can't help but pupil tiny shrink!

The price of this Horcrux is terrible! Let his heart, all some tremble!

The Horcrux he forged is not much worse than that of Taixu?

Seeing this, Xiaoling mistakenly thought that ye Chen was frightened by the price of Horcrux, so she said in a hurry:

"young master, soul cultivation is extremely rare on the land of Lingwu, and only the kingdom of God can have more.

In recent years, the number has been on the decline, and the powerful soul skill, you must know, how terrible is the soul skill of a seal door soul repair?

Although the power conversion is not high, after our Wangshen tower test, even if the ordinary star orifices exist at the top, they may not be able to withstand the attack of the soul weapon.

It's not necessary for Xiaoling to say how much value this can bring in a dangerous situation. Young master should be clear. Therefore, Horcruxes have always been in short supply, so the prices of Horcruxes are constantly rising!

The price we're offering now is quite reasonable. "

Ye Chen thought for a while, which is also the truth.

No matter how good money is, life is not important!

He went on to ask, "I don't know. Have you sold the fetuses?"

"Soul iron tool embryo?"

Xiaoling frowned slightly and looked at Ye Chen in a puzzled way. She reminded her kindly:

"yes, but Young master, are you still a forge?"

Among them, soul iron tool embryo is a kind of low cost-effective one, which is difficult to forge. Apart from bringing a little dispensable spirit damage attribute, other aspects are inferior to most of the same price.

Naturally, there is a big difference between the damage caused by the spirit and the real Horcrux. "

At this time, a cold woman's voice suddenly rang out beside Xiaoling:

"Xiaoling, what are you talking about? What does this child want to buy naturally has his reason, can you remind me? It's a good idea to buy a soul iron tool embryo. Do you think so, Mr. Lin? "

Ye Chen turns his head and sees the gorgeous woman she has just seen and the young master Lin, who is close to him, is looking at Ye Chen with great interest.

Xiaoling looked at the gorgeous woman discontentedly. In her beautiful eyes, a faint anger flashed through her eyes.

Ye Chen is her guest. How she treats Ye Chen is her business. As long as she does not violate the regulations of Wangshen tower, why should Xiaoyao say something about herself?

What's more, they are not only gossiping, even, they are beginning to count their guests!

Although she also hopes to improve her performance, she does not want to deceive her guests and let them suffer losses.

However, she did not dare to say anything. The gorgeous woman named Xiaoyao has been in Wangshen building for three years, and she is just a new person.

Ye Chen is pale and indifferent.

Seeing ye Chen's indifference and silence, the smile in the eyes of Lin Gongzi and Xiaoyao is more intense, but they don't say anything more.

Here, after all, it is Wangshen tower, and there are rules. If they do too much, the anger of Wangshen tower is beyond their endurance.

At this time, ye Chen said again: "I want to have a look at the sample, is that ok?"

Xiao Ling nodded and said, "yes, sir. The sample of soul iron tool embryo is on the third floor. Please follow me."

At the same time, she whispered in Ye Chen's ear and said apologetically, "I'm sorry, young master, I have some conflicts with Xiaoyao, which has caused you trouble."

Ye Chen sneered and said, "it doesn't matter. Let's go."

With that, ye Chen will follow Xiaoling and go upstairs.

On the other hand, Xiaoyao heard the speech and her eyes brightened. She was worried that she would not have a chance to make trouble with Xiaoyao. As soon as she arrived, she won the favor of many guests. Every time she came to wangshenlou, she would call on Xiaoling to accompany her. She would be jealous and resentful. She must find a chance to drive her away!

She winked at Mr. Lin secretly. He understood him and asked Xiaoyao with a feigned gesture: "Xiaoyao, who can go to the third floor of Wangshen building?"

Xiaoyao sneered: "how can it be? On the third floor, however, there are a lot of valuable commodities. In case some people are not clean, we hope that the shenlou building may suffer heavy losses! ""Sir, should you show me something to prove that you have enough divine marble?"

Ye Chen's face changed slightly.

How could he have a divine cloud.

He came here to exchange his Horcrux for some divine marble so that he could leave.

As soon as Xiaoling's face changed, she suddenly turned around and looked at Xiaoyao angrily. Her voice was cold and said:

"Xiaoyao! What are you talking about? "

At this time, the present customers, can not help but look at this side.

Anyone can tell who Xiaoyao refers to.

Xiaoyao looked at Xiaoling with a smile and said slowly:

"what's wrong with me? I'm just talking about the fact. Wangshen tower stipulates that in general, only when the customer is likely to complete the transaction of more than ten gods cloud stone, they can choose to take the guest to the third floor to check the samples. Do you think, this young master, can you buy this soul iron tool embryo, and reach the level above the ten God cloud stone? "

Xiao Ling's face stiffened. In fact, according to Ye Chen's performance just now, she doesn't think ye Chen has the ability to complete the order above ten gods.

However, these are only regulations. The specific judgment is left to the maid to handle.

At the same time, ye Chen is aware of a few breath locked himself.

Terrible.

The giant city controlled by the kingdom of God is so powerful!

What's the origin of Wangshen tower?

If you can't get the stone, I'm afraid it's very difficult to leave here!

When ye Chen is thinking about ways, an old voice suddenly rings out.

"Boy, you can do me a favor, I can help you to solve this urgent problem."

This voice, not from the breeze!

But from the ancient god of medicine who has been immersed!

Chapter 2223

Ye Chen did not expect that the ancient god of medicine would help himself at this time.

This old man, who is known as the most eccentric man in the kingdom of God, has a time to ask for himself.

Is it related to Wangshen tower?

Is it possible that the ancient medical God also needed something?

naturally, ye Chen wanted to discuss conditions with Canggu medical God, and said, "master, what do you want me to do?"

The old doctor's indifferent voice came again: "there's something in Wangshen building, boy. Your Horcrux is very valuable. I hope you can help me take that thing."

"As for the problems at hand, I can help you solve them."

Ye Chen eyebrow slightly a wrinkle, still nod a way finally: "good."

Ye Chen's voice just fell, it is found that the samsara cemetery has a gold card.

The card is filled with a powerful power of mind.

"After all, this place is not the kingdom of God. This tower is far from the tower of hope God in that Kingdom, but since it is the same signboard, I should be able to use this card."

"This card is connected with the spirit. It's one of the things I can use. It's enough for you to solve the urgent problems in front of you. These people won't find out your identity as an outsider."

"As for things like me, I'll tell you later."

Ye Chen returns to reality.

Countless pairs of eyes tightly stare at Ye Chen.

Seeing ye Chen's hesitation, Xiao Yao realized that ye Chen couldn't take out the ten gods and said with a sneer, "Sir, there won't be one God cloud stone."

Is it a stranger, sir? Although this place is in the southern regions, it is a very secret place, and only the people of the kingdom of God can travel. "

"If it was not for the people of the kingdom of God, the consequences would be very serious."

Xiao Ling was more and more angry: "my guests don't need your care, young master, come with me."

How could Xiaoyao let Ye Chen leave and said with a smile: "Xiaoling, is it because of the noble status of the young master and the special existence of wangshenlou?"

Xiao Ling's eyes were dim.

What ye Chen bought was doomed that he could not be the most distinguished guest of Wangshen tower.

Xiao Ling wanted to say something more, but at this time, ye Chen opened her mouth.

With a cool smile on his face, his eyes flickered slightly, looking at Xiaoyao and saying, "so there are exceptions?"

"Exceptions?"

One side of the young master Lin stepped out and said, "of course, there are exceptions! Moreover, in Wangshen tower, there is only one exception! In your case, it's the building of God! Dare you ask this young master, are you a VIP of Wangshen tower? "

All around the guests, also began to laugh at Ye Chen, ye Chen is just a star of the existence of the body state, looks quite down and down, otherwise how can not even buy the Horcrux?

How can such a person be a VIP of Wangshen tower?

"Oh." Ye Chen turned around and didn't look at Mr. Lin any more. He threw a gold card to Xiaoling and said, "look, is this your VIP card for Wangshen tower?"

Ye Chen is also a little uncertain, but since the ancient medical God opened his mouth, he should not be wrong.

Xiao Ling takes over the gold card thrown by Ye Chen. She is a little dull. At the same time, her eyes towards Ye Chen become more complicated.

She never liked hypocrisy.

If ye Chen throws to her, is the ordinary God silver card, the black diamond card, she will believe Ye Chen, but gold card?

Gold card is Wangshen tower, the top VIP card!

Gold card VIP identity, but it is the need to look at the God of the house in charge, come out to meet the existence of ah!

Although Xiaoling wanted to believe Ye Chen's words, her reason told her that it was impossible.

At the moment when ye Chen throws out his gold card, Wang Shen tower, which was originally noisy, was suddenly silent. After a while, it burst into a burst of laughter!

Master Lin couldn't stand up with laughter. He pointed to Ye Chen and said, "ha ha ha ha, brother, you should act like a little bit! You even took out a gold card? You don't know what the VIP card of Wangshen tower looks like, do you? Do you know what the gold card stands for in Wangshen tower? "

Ye Chen frowns slightly.

"Is it a real gold card? Let me have a look at it, and I'll know."

On the top of the Wangshen tower, a middle-aged man came down slowly. The man was dressed in yellow robes. He had a Chinese face. He was not angry. He frowned slightly and was dissatisfied. Is Wangshen tower a noisy place?

When they saw the man, they were all surprised. Many people saluted the man and said, "good manager Chu!"

The maids in the Wangshen tower were even more frightened and saluted one after another.

Ye Chen's eyes swept over the man, and his accomplishments were not bad. He sealed the door nine layers of heaven.

It seems that the Wangshen tower is really powerful.

Manager Chu said impatiently to Xiaoling, "take that gold card."

He just wanted to get the man out of the house and end the farce. Xiaoling hesitated for a moment, and with a helpless look on her face, she had to take the gold card to the manager of Chu.

However, Mr. Lin, Xiao Yao and others have a sneer on their faces.

However, the face of manager Chu changed at the moment when he took the gold card!

The original color of impatience disappeared. His eyes were wide open, and his face gradually showed an unbelievable and nervous look.

Even the hand holding the gold card trembled!

Although he is in charge of one of the ten cities of Lingwu, his status and status are quite different from that of Shenguo Wangyue tower!

And the gold card in front of me is obviously shenguatong card!

And the number is very front!

Only some old ancestors and great forces of the kingdom of God can control it!

Key, it's not fake!

What is the identity of this young man never seen in the city?

Did the disciples of the top forces of the kingdom of God come to the southern regions of Lingwu?

Manager Chu, can't calm down any more. He is sweating wildly on his forehead. In his eyes, he even has the color of fear!

It's not nice to say that the person in front of you can easily drive it out of the moon tower with one word!

He did not have a good reception, even if he was in charge of the shop, was so farce?

At this moment, manager Chu's lips began to tremble

And see the look of Chu shopkeeper, people are also gradually stunned, now where they can not see, what does this mean?

This shows that ye Chen's gold card is a genuine gold card!

Mr. Lin's face turned pale, but he still refused to believe it. He murmured, "it's impossible. A guy who can't even afford a Horcrux can't possibly..."

On the other hand, Xiao Yao's legs were soft, and with a puff, she fell on the ground, her eyes were straight, and she was a little confused.

The manager of Chu glared at the two men, hoping to eat their meat raw.

Chapter 2224

Then he came to Ye Chen respectfully, holding the gold card in both hands, and smiling all over his face, he said, "well, how do you address this young master? In the lower Chuyuan, I just don't know the identity of the young master. I'm so offended. Please forgive me. What do you need? How about following me to the VIP room and talking about it in detail? "

Looking at the appearance of the manager of Chu, the guests and maids in Wangshen tower are totally stupid. In the past, even the manager of Chu, who is not hypocritical to the royal family of southern regions, has ever talked like this?

All of a sudden, Wangshen tower fell into silence. Those who were still laughing at Ye Chen were just like being whipped out of their mouth. They only felt their face and were burning with pain!

Ye Chen took the gold card and said faintly, "don't be so troublesome. Let Xiaoling accompany me. She's very good. If I come here, I'll let her accompany me."

Usually, manager Chu is here. Who dares to refuse him?

But now, facing Ye Chen, he has no temper at all. He nods his head with a smile on his face:

"OK, if you need anything, please call me at any time."

At the same time, he also slightly relieved, it seems that ye Chen did not blame him.

And Xiaoling on the side, only then did she come back to her senses!

All this, change too fast, her thinking, some can not bear ah!

However, after all, Xiaoling had received strict training and had a good professional quality. She soon calmed down and said with a smile, "Mr. Ye, please follow me."

After that, he took Ye Chen to the third floor.

After they went up to the third floor, the smile on Chu's Cupboard disappeared in an instant. He walked to Mr. Lin with a gloomy face and said, "Mr. Lin, what should I do? Don't you need me to say more? In the future, we will look at the God tower and will not welcome you. "

Lin Gongzi quickly arched his hand and said, "thank you, manager Chu. Thank you very much. I'm leaving now."

Lingwu land is a place of incomparable cruelty. If you offend those you can't afford, you often have to pay the price of your life. Now it's lucky for him to keep his life.

Chu shopkeeper coldly glanced at the little Yao on the ground and said in a cold voice, "take it down."

As soon as the voice fell, two tall men in black robes picked up Xiaoyao's body and walked into the building.

As a maid of Wangshen tower, he was in such a big trouble, but it was not easy to get rid of Wangshen tower.

On the third floor, ye Chen takes over the best quality soul iron tool embryo from Xiaoling. After examining for a moment, he shows a satisfied smile. Although it is not comparable to that left by aohunfeng, this Wangshen building is not comparable to that of ordinary shops. The top quality soul iron tool embryo produced by Xiaoling is also very high, which is not different from his own expectation.

Ye Chen asked, "how much is this top-level soul iron tool embryo? How much is it?"

Xiao Ling said: "one God cloud stone, one handle, but you are the top VIP of Wangshen tower, you can give 50% discount."

"How much do you have in stock? I'll take it all. "

"Ah?" Xiao Ling couldn't believe her ears. Few people wanted to buy the soul iron tool except for some soul cultivation. Occasionally, some forgers who wanted to try to use new materials, or some fanciful martial arts practitioner, wanted to feel the power of the spirit wound, so they would buy some back.

Full stock?

This! I don't treat money as money!

It's insane!

If ye Chen did not take out the gold card before, she would have thought that ye Chen was deliberately playing with himself and finding himself happy.

"Well? What's the matter? "

"Ah..." Hearing Ye Chen's voice, Xiao Ling came back to her senses and said, "we look at the God tower. There are 5000 soul iron tools in total..."

Ye Chen still way: "I want all."

"By the way, do you have Horcruxes? I want to sell some. "

As soon as she said this, even Xiaoling was confused. She really couldn't understand Ye Chen's plan.

Before Xiaoling reacts, ye Chen takes out a storage bag.

The whole room was filled with air waves.

Xiao Ling's face changed a little, and even said, "I'm going to ask the manager to make a decision."

.....

Ten minutes later.

The top of Wangshen tower.

Ye Chen took a mouthful of Lingcha, raised his hand, and put those Horcruxes on the table. He said leisurely, "shopkeeper, I don't care about it. If you come here today, there are important business to do. I have some things to sell. I believe these things are worth letting you come in person."

Chu shopkeeper eyebrow tip a pick, some surprised to look at the storage bag on the table: "Ye childe rest assured, your thing, we hope God building, will definitely give a fair price."

At the same time, he looked at the storage bag on the table with a trace of curiosity.

In fact, to tell the truth, he is so respectful and solemn to Ye Chen, which is entirely out of his identity.

Therefore, he did not believe that ye Chen could bring himself much business, and even planned to lose money. However, when he picked up the storage bag and put his mind into it, the whole person was frozen instantly!

His eyes were wide open, and his eyes were full of disbelief!

If we say, when ye Chen takes out the gold card of looking out the God tower, he is still just nervous and worried.

Now, it's going to be totally crazy!

Shopkeeper Chu has been in business for thousands of years. He has seen all kinds of big waves. The best artifact that makes him moved. If the real artifact is put in front of him, the shopkeeper of Chu will not have any fluctuation in his face.

But now, manager Chu feels his brain is not enough!

It's a high-grade Horcrux!

Horcruxes are still rare after all!

Of course, there are Wangshen tower, but there are not so many storage bags.

The value that can be produced is enough to make the Wangshen tower in the southern region move!

In other words, if he took the goods from ye Chen, he would not only get unimaginable benefits, but also his status in Wangshen tower would rise accordingly!

What does this mean for a person who has a separate family background? I don't need to say much about it!

The manager of Chu, who has always been extremely calm, can't help falling into a fantasy at this time. On his face, which has experienced many vicissitudes of life, there are pride, gratification, and moving. Even the glimmer in a pair of tiger eyes seems to be about to shed tears for it!

Ye Chen saw this and said with a smile: "how about this batch of goods, can the manager of Chu still be satisfied?"

Ye Chen's voice, the Chu manager's thinking back to reality.

Satisfied?

I'm going to be crazy about it!

After several breaths, the shopkeeper of Chu completely calmed down and gazed at Ye Chen. He said solemnly:

"Mr. Ye, this batch of goods is of great value. What do you think of the price I will give you for each piece of 5000 Shenyun stone?"

If the manager of Chu is the head office of wangshenlou, he can even give more shenyunshi.

Chapter 2225

Moreover, he knows Ye Chen can take out so many high-level Horcruxes at a time, so he is likely to get more!

Ye Chen picked his eyebrows. The price was much higher than he expected. You can see that shopkeeper Chu is sure to get the goods.

He did not intend to haggle, but did more calculation. He said directly, "yes, it will be calculated according to this price."

The manager of Chu was overjoyed and immediately stood up and said, "OK! I'm going to prepare Shenyun stone for you. Please wait a moment. "

After a moment, please give a little leaf bag to the cabinet

Ye Chen is also lazy to point, hope God building this reputation still has.

When he was about to finish his last sip of spiritual tea, he also got up and said, "by the way, manager Chu, leave me one of your contact jade symbols. Besides, I need a lot of soul iron tools. Should your headquarters have a lot of them?"

I want all of them. I will contact you when I send them to. If you can collect more, naturally better, the payment for the soul iron tool embryo, you can directly deduct it from the divine cloud stone. "

The manager of Chu was stunned when he heard the speech. He looked at Ye Chen strangely. He was not a fool. Naturally, he knew that ye Chen had collected so many soul iron tool embryos, which must have something to do with the Horcruxes he gave himself, but he couldn't believe it.

Soul iron tool embryo, only how much value ah, can forge a high-level Horcrux? That's terrible!

However, even though he was extremely curious, he did not ask any more questions. He just said, "is Mr. Ye planning to leave here?"

At the same time, he gives his contact jade Rune to Ye Chen.

Ye Chen nodded: "yes, I still have some things to deal with in Lingwu mainland."

Seeing this, the manager of Chu said with a smile: "however, we hope that the shenlou has its own airship. If Mr. Ye doesn't dislike it, I can arrange it for you. You can go anywhere you want as soon as possible."

"That's the boss of Lao Chu."

Although he didn't like dealing with businessmen very much, he had to say that sometimes it was convenient to know such people.

When ye Chen is ready to leave, ye Chen hears the voice of the ancient medical God from the samsara cemetery, so he continues to sit back in his position.

He looked at the manager of Chu and said with a smile, "manager Chu, there is one more thing."

"Is there a broken gold needle for sale in Wangshen tower?"

Chu shopkeeper a Zheng, eyebrow a frown, ponder for a moment, is to think of what: "wait a moment."

A moment later, the shopkeeper of Chu went back to the room and handed a brocade box to Ye Chen: "is this what ye Gongzi said?"

Ye Chen opens the brocade box and sees a gold needle.

But the gold needle broke, as if by a very strong force.

Ye Chen knows that this gold needle must be the gold needle of ancient medical God.

This is enough to fight against the peak of Taixu, which was cut off mercilessly?

The man who did it was a disaster?

"Shopkeeper Chu, what's the price? I'll take it."

Unexpectedly, the manager of Chu shook his head: "the value of this thing is not high, and it has been broken. If you don't know the origin, you should give it to Mr. Ye and make a friend."

Ye Chen didn't want to talk nonsense: "thank you."

This gold needle does not have any energy, and no one will buy it except myself.

"Manager Chu, I'll leave now." Ye Chen ordered again.

"Good."

.....

Half an hour later.

Manager Chu returned to the top floor.

But there was a flicker of doubt and dignity in his eyes.

After pondering for a long time, he still took out a jade pendant.

A drop of blood essence fell.

The jade pendant glitters, and the shadow of an old man is suspended in an instant.

"What's the matter?"

The old man's voice was extremely cold and even weak.

"My Lord, the half of the gold needle has been taken away."

The voice of manager Chu was shaking.

He knows that the old man is in charge of the whole WANGSHEN Tower!

In the kingdom of God, it is also a powerful existence!

The old man was slightly stunned and raised his head abruptly: "have you confirmed this person's identity?"

"And why did he take the gold needle?"

The manager of Chu shook his head, but still said, "this man is surnamed ye, and has mastered many Horcruxes. As for more information, I don't know."

"But..."

"But what!" The old man was hoarse.

The voice is full of longing and endless anger!

The manager of Chu shivered and said, "that man has a gold card to look at the God building And the gold card with the number very front. "

Hearing this, the old man seemed to have a guess in his heart: "is the number three? And does this person look like a god of medicine? "

Manager Chu tried hard to recall, but still said: "the number is really number three, but this man is very young and doesn't look like a god of medicine."Hearing the two of number three, the old man was extremely excited: "you give me the portrait of this man!"

"As soon as possible!"

"also, if this person is really the disciple of the ancient medical God, I will reward you to step into the real kingdom of God!"

Chu shopkeeper legs a soft, actually kneel on the ground directly.

Did he hear me right!

I only provided a message, and I was qualified to enter the kingdom of God! Follow the left and right!

and, ancient medical God!

Is that young man the disciple of the ancient god of medicine!

He knows more than anyone what these four words mean!

The ancient medical God is one of the few people who can't offend the kingdom of God!

Although the martial arts have unlimited longevity, they will eventually face the exhaustion or serious injury of Shou yuan!

But the ancient medical God can save the dead!

Amazing medical skills, no one can defeat!

It's just that the man has a very strange temper!

Famous for not saving the dying!

The reason why the old man is so excited is because of the old man's injury! Everybody knows it!

Only one year!

In this year, it is only possible to find the ancient medical God or the descendant of Canggu medical God!

The manager of Chu faintly smelled the change of the divine kingdom.

I'm afraid that the young man who stepped into Wangshen building today can change all the situations with one move!

.....

Space airships are extremely fast.

Ye Chen looked at the half gold needle in his hand and said with great interest: "master, why are you so worried about this half gold needle?"

"It's none of your business, the transaction between you and me has been completed," the ancient medical God snorted coldly

"If you think I'll thank you, that's how much you think."

"I am the ancient god of medicine. I don't know how I appear here, but you can't expect me to be like other people."

"Even if you die, I will not help you."

"The idea I have carried out in my whole life is to see death and not to help others."

Ye Chen didn't expect that the old guy still had such a temper.

His eyes flash: "then I heard you still saved 17 people."

"Why do you save the seventeen since you can't save them?"

Chapter 2226

Canggu medical God cold hum: "ancient things, you have no qualification to know."

"Give me the gold needle."

The next second, the half gold needle in Ye Chen's hand disappears.

Ye Chen shook his head helplessly.

It seems that this old guy is more difficult than he thought.

But he didn't care.

Now, it's enough to have the wind blowing around.

Although the ancient medical God can solve many things, it is not necessary.

The resurrection of Chu Ying only needs that kind of thing, there is no need to ask the ancient medical God.

It only takes time for yelol to wake up.

The stone tablet of reincarnation in zining's body It's a problem, but it's not urgent.

He doesn't plan to refine this stele.

And so on to find the rest of the pieces, their own strength may be able to get rid of zining's illness.

Ye Chen looked at the time and frowned tightly: "it seems that I have delayed some time. The space airship is very fast, but it is estimated that it is too late to arrive at the Lingxian emperor palace."

"Forget it. Take a step and see a step."

.....

At the same time, Lingxian palace.

The sound of noise rocked the sky.

Xia Ling sits on the stage high in autumn, and his cold eyes gaze at the aura of standing proud on the challenge arena.

Lingyun holds the cold sword in his hand and closes his eyes. Obviously, he is waiting for someone.

The battle between Ye Chen and Lingyun has invited many people to the palace.

Of course, a lot of forces have come.

On the one hand, it is because of the identity of Xia Lingqiu in the palace of Lingxian emperor. On the other hand, they also want to know how powerful Ye Chen is!

Ye Chen's deeds they know a little bit.

Super high combat capability!

It's a great genius!

Although from the world of low martial arts, but extremely amazing talent!

However, two hours passed.

Ye Chen has not come yet.

It even made many forces under the stage impatient.

"Isn't Ye Chen crazy about the nightmare in the western regions? Why doesn't it show up yet? "

"You see, the aura on that aura is actually the later period of the seal door. I'm Ye Chen and I won't come."

"But it's strange. How does this aura promote cultivation?"

"The growth rate is too bad."

At this time, an old man said: "aura so breakthrough speed, in fact, nothing."

"You don't know the origin of the master of Lingxian palace."

"Xia Lingqiu is just the sister of Lingyun, and there is a thousand years difference in their age."

"Such an age distance, Xia Lingqiu's strength is far beyond the aura, too ancient strange."

"Xia Lingqiu became the master of Lingxian palace early."

"There are so many mysteries in her."

"It is said that Xia Lingqiu has Zhibao, which can rapidly improve his accomplishments..."

"And a strong man broke into Lingxian palace, but in the end, the man died."

"So, this time the strength of Lingyun has been improved so much, it must be Xia Lingqiu's credit."

The old man obviously knows a lot and looks at Xia Lingqiu cautiously.

People suddenly: "it seems that ye Chen will not come this time."

"With Xia Lingqiu in charge, she will never let Lingyun fail."

"And in the later period of aura seal, I heard that the boy had not entered the realm of star orifices."

"Such a gap is too big. If you come here, you will die."

There was more and more uproar under the stage.

On the stage, there was only a girl sitting beside Xia Lingqiu.

It's summer like snow.

At the moment, Xia Ruoxue's eyes are full of anxiety.

She didn't want Ye Chen to come to the appointment!

Lingyun's strength has been promoted to such a level that it will die if it comes!

Although Ye Chen's talent is against the heaven, his time of growing up is too short!

"If snow, you seem very nervous?"

Summer Lingqiu light way.

"It seems you don't have confidence in your little boyfriend, either."

"Yes, that boy's strength is very different from that of your master."

"I admit he surprised me, but it was just a moment."

"The world of Lingwu is still respected by Wu Dao, and his martial art is too small in front of our Lingxian emperor palace."

"One more hour. If he doesn't come, it should be over."

Xia Ruoxue does not say a word, she can only pray secretly, ye Chen must not appear!

Time is like running water. An hour has passed.

There are only a few forces left under the stage.

Many forces have left.

Everyone thought Ye Chen would not keep the appointment. It can even be said that they dare not keep the appointment.

This is undoubtedly an act of seeking death.

Some of the supernatural forces also left the dark places.

Among them, there are the shazong, which is composed of sanxiu founded by Ye Chen, as well as Beigong family, xuanyuezhong, wanjiandi palace and so on.

Although they believe Ye Chen unconditionally, they still hope Ye Chen will not appear.

The danger of the war is immeasurable.

After all, this is the territory of Lingxian palace.

And Lingyun a war, behind the Xia Lingqiu do not know what kind of cloth under the net!

And they hide in the dark, just to meet the special situation!

After a while, Xia Lingqiu finally lost patience. She stood up and danced in her black robe: "let's go. I'm afraid the result is obvious."

"Some people, after all, dare not come to the appointment."

"However, at the specific time of the year, ye Chen did not say clearly that he would come during the day."

"Maybe it's not necessarily the evening."

As soon as this was said, there was a lot of laughter below.

With so many people in charge, it is undoubtedly the most beneficial for ye Chen.

At least, it's impossible for Lingxian emperor palace to attack Ye Chen secretly!

If no one is watching, ye Chen's crisis is even more terrible!

Therefore, how could ye Chen come at night?

"however, the spirit of our Lingxian palace will wait for him to make an appointment."

"But at that time, it will be more dangerous than expected."

With that, Xia Lingqiu glanced at Xia Ruoxue and snorted coldly: "ruoshue, you may have misunderstood him. In the future, I will look for better talented disciples for you."

"I know you don't look up to the genius of Lingwu land."

"I will take you to the kingdom of God, and then you will understand that ye Chen is no more than that!"

The crowd finally dispersed.

The aura on the challenge arena also opened her cold eyes, looked around her and gave a cold smile:

"Ye Chen, you are just like this."

"See come to this day, you just understand you are mole ant truth."

"It's a pity that I gambled with a coward at the cost of my life and accomplishments."

"Ridiculous!"

.....

Night is coming.

The night is like a sleeping beast waking up.

The moonlight was a little scarlet.

The palace of Lingxian emperor seems a little lonely.

It's empty.

A space slowly landed on the edge of the land, and a young man came out.

The young man frowned slightly: "it seems that I am still late."

"Since I'm late, I'll rush into the palace of Lingxian Emperor today!"

at the thought of seeing Xia Ruoxue and Ji Siqing, ye Chen couldn't help feeling a little excited.

At the beginning, Lingyun's ridicule and disdain were always in his mind.

Step on it!

Ye Chen step out step by step, each step on the ground shows a black lotus.

Chapter 2227

"Who is coming?"

Outside the gate of the Lingxian emperor palace, two disciples watched the shadow in the shadow.

"Ye Chen!"

The shadow of man's name tree!

Ye Chen came out of the shadow.

The two disciples were slightly stunned and immediately sneered: "Ye Chen, you coward finally dare to seek death."

"I was really guessed by the palace master."

"If you come at night, you must crawl into the gate of Lingxian emperor palace like a dog!"

"in this way, we will inform you!"

Ye Chen's eyes are cold, but I didn't expect the disciples of Lingxian palace to be so!

"No need!"

As soon as ye Chen's voice fell, he took out his sword from behind and held it in his hand, aiming at the gate of Lingxian emperor's palace.

Boom!

A simple sword light suddenly cut out!

The gate of the whole Lingxian emperor palace can't bear the sword spirit of Ye Chen, and it's broken in an instant!

.....

At the same time, the palace deep in the palace of Lingxian emperor.

Xia Lingqiu and Lingyun open their eyes together,

Lingyun kills the chance to release, but he is held down by a strong pressure when he wants to get up!

"Lingyun, why are you in a hurry?"

Xia Lingqiu's mouth outlined a smile: "that ye Chen does not appear in the day, but comes to the appointment at night, which must bear some costs."

" Come on

The next second, ten dark shadows appeared in front of Xia Lingqiu.

Xia Lingqiu held out her hand, and ten drops of blood essence appeared on her fingertips. The blood essence was shot on the eyebrows of the ten people, and she said:

"some mole ants are coming. You can go to the meeting."

"If necessary, you can use the array we have taught you."

Ten people's accomplishments were improved for a short time, and their eyes were happy.

"Yes, Lord!"

.....

Whoosh! Whoosh!

Outside the sound, let Lingxian emperor palace all the strong fly to the void.

Ye Chen looked up and found ten strong men standing in the void.

"Presumptuous!"

One of the strong roared, looking at Ye Chen flashing a trace of anger.

"The one-year agreement has arrived, but it is still valid today! Let the aura roll out

Ye Chen, who is so strong, doesn't pay attention to it at all!

Lingyun's humiliation and humiliation should be settled today.

"You don't have the capital to see our vice palace leader!"

One of the old people disdained a sneer, and then slapped directly out!

It's just a mole ant. How dare you disrespect their vice palace master? I want to die!

A huge palm shadow falls from the void, and ye Chen's face remains unchanged.

No matter how strong you are, I have a sword to break ten thousand methods!

In a flash, ye Chen waved his sword, and the evil spirit surged up, and the sharp sword Qi rose to the sky.

The sword spirit was floating around, and the trees in a hundred Li radius cracked suddenly.

The ultimate sword light flows in the void, at the moment of contact between the two.

The sword light pierced through the palmprint of Ba and rushed to the strong one.

Boom!

Pooh!

The strong man gushed with blood, and a ferocious wound appeared on his chest, braved the black evil spirit.

His whole face was pale, and he tried his best to resist the invasion of evil Qi.

"Elder Chen!"

The remaining several powerful people of Lingxian emperor palace came to elder Chen, who did not expect that elder Chen was cut seriously by Ye Chen's sword.

Now ye Chen is only the second layer of Xingqiao state. Oh!

"Don't forget the imperial master's order. Let's fight together and kill the arrogant boy!"

Elder Chen roared and wanted to tear up Ye Chen now!

His eyebrow heart has a trace of power of the palace master, but also briefly promoted to the early stage of the seal door!

But even a strong star is not an opponent, a face completely lost.

Hearing elder Chen's words, the remaining strong man's face changed slightly.

Ye Chen can defeat elder Chen with one sword. Can they really stop Ye Chen?

In fact, they have no confidence in their hearts, but they have to send out the arrow!

If ye Chen rushes into the palace of Lingxian emperor, what is the face of their whole clan?

As soon as the rest of the strong think of this, they directly rush to the past, and their momentum all burst out.

In the face of such a freak as ye Chen, they must do their best.

The sound outside had already alerted the disciples of Lingxian emperor palace, and they were all exploring with divinity.

When they saw Ye Chen's figure, their faces showed a trace of strange look.

About ye Chen and Lingyun's one-year agreement, the whole Lingxian emperor palace is clear.

In their eyes, it's just a joke. They don't believe Ye Chen dares to come! You should know that the Aura now is in the later period of the seal gate territory!

even if ye Chen breaks through the second layer sky of Xingqiao, how can ye fight beyond the level?

How can we compare the door with the door?

Ye Chen's arrival, some disciples admire his courage, but also some martial arts think, is an idiot.

Knowing that there are tigers in the mountains, he will die by himself!

In a wing room of Lingxian emperor's palace, Xia Lingqiu tasted tea, and his mouth was full of sarcastic smile.

At the moment when ye Chen stood outside the door, she had already known, but she did not make a move.

What is her identity? What identity is Ye Chen?

The so-called one-year appointment is just a joke in her eyes.

In the eyes of Xia Lingqiu, ye Chen now is not even qualified to let her go.

She looked at the icy aura and said, "Lingyun, when did I harm you?"

"This year's agreement, I will not let you lose, you can rest assured."

" Those ten people out there have part of my blood essence, so we should consume that boy. "

"And we can see how far that kid has grown up."

"I do things in summer Lingqiu, and I can't miss anything. It's about the dignity of the family, and I'm not allowed to fail."

Lingyun heard Xia Lingqiu's words, and finally chose to close her eyes.

.....

Outside the gate of Lingxian emperor's palace, ye Chen stepped out and rushed directly to the nine strong men.

The sword spirit of the wind and the wind broke out completely from his body and filled the void.

Cut!

Ye Chen, holding a sword, rushes directly to a strong man and cuts it out in an instant.

The sword light burst out bright light and cold sword meaning.

Stab!

With a sword, the strong one is defeated and falls on the ground, leaving only a faint breath.

In the back of Ye Chen, suddenly came a roar, a powerful man in the palace of Lingxian emperor attacked him with a sword in his back.

The corner of Ye Chen's mouth reveals a trace of sneer. The whole person's figure tilts to avoid the attack of the sword. Then he turns around and blows out a blow.

Bang!

In a boxing, the opponent's chest is concave, and how many ribs are broken.

A blood flower burst out in the chest, and the blood flew into the void.

"I just want the life of the soul! If you stop, you're just killing yourself!

CLICK!

The flowers, plants and trees on the ground are covered with layers of frost. There are snowflakes floating in the void, crystal clear!

Around Ye Chen, the ice spreads rapidly, and the beast decaying sword is covered with a layer of frost.

Chapter 2228

Originally wanted to be close to Ye Chen, Fengmen was suddenly frozen into an ice sculpture.

Their frozen figures became stiff, and ice sculptures stood in the void.

In the side of the elder Chen, the whole person's face changed greatly.

This ye Chen's strength in the end reached what level!

Ye Chen's eyes are only cold, since these people want to stop him, there is no need to be polite.

Cut!

The sword light falls, and with Ye Chen's wave, a sword light is released.

Click!

Boom!

The ice sculptures are broken, and the strong spit out a mouthful of blood, and there is a layer of frost on their bodies.

These people's faces are bruised and swollen, the whole person is pale and weak, and even some strong people have been seriously injured, leaving only a faint breath.

It's just a sword!

Those who have been promoted for a short time are directly defeated.

The corner of elder Chen's mouth shows a trace of bitterness, and he is very clear now.

CHEN Ye is no longer their opponent at present.

If you want to fight against Ye Chen, you have to have a stronger hand.

Ye Chen's cold eyes, without any fluctuations, step by step into the Lingxian emperor palace.

When he stepped into the gate of Lingxian emperor palace, he found a group of disciples standing in front of him, holding sharp blades, short knives and long whips, one by one, looking at Ye Chen.

They are all disciples of the Lingxian palace. Now that the palace is in trouble, they must stand up.

Seeing these disciples, ye Chen's mouth showed a trace of disdain.

A bunch of mobs who want to stop him?

In the sky condenses the breath of killing, when ye Chen takes a step.

All the disciples stepped back.

Even some disciples could not hold the knife in their hands. Their legs trembled and their forehead was covered with sweat.

"Go away!"

Ye Chen roars, a rolling word, contains the breath of terror.

Pooh!

The front of the warrior directly a mouthful of blood and water, fell on the ground, life and death do not know.

For these warriors, ye Chen is not willing to fight at all. To this point, the number of people has not played a big role.

These warriors are not enough to kill Ye Chen alone. They just need to waste a little time.

"What? Is there no one in Lingxian palace? Want these disciples to die? "

Ye Chen clenched the beast decaying sword and pointed at these disciples. The terror of killing filled every disciple's mind.

All the disciples of Lingxian palace can feel the terrible killing intention. As long as they dare to move, they will definitely die without a whole body.

Although elder Chen was seriously injured, he still had no problem walking or something and came to the people's side.

"All of you listen to the order and form the seven evil dragon chanting array!"

In a word, all people seem to find the backbone, directly surround Ye Chen.

Their position is not a random position, but corresponding to heaven and earth.

Qisha Longyin array is a big killing array in the palace of Lingxian emperor. Its strength is extremely terrible!

Even if the strong in the middle of the seal, if not careful, will die in it.

When these people gather together seven Sha dragon chanting array, ye Chen does not move, as if let them.

No matter what array or not, ye Chen has absolute confidence!

Roar!

Seven dragons are hovering over him.

The earth shakes and the mountain shakes.

Boom!

The night darkened, the clouds were thick, and the thunder flashed with lightning.

Tick! Tick!

Blood drops on the ground, splashing on Ye Chen's robe.

Elder Chen's eyes are cold.

Qisha Longyin array not only depends on its strength, but also the martial arts' seven emotions and six desires.

The seven evil spirits also represent the seven sins and the darkest heart of the human race. They can disturb the minds of the enemy unconsciously.

Seven dragons correspond to seven sins!

Pride, jealousy, anger, laziness, greed, and overeating.

These inner darkest beings are emanating from the seven dragons.

"Ye Chen, although you are powerful, but too proud, let you die here today."

As soon as Chen Chang's old words fell, he let out a wild laugh. In his mind, he had anticipated the scene of Ye Chen being killed.

At the thought of it, I couldn't help becoming excited.

Seeing the seven evil dragon chanting array, ye Chen suddenly laughed.

In his eyes, the so-called seven evils and seven sins are all great remedies.

His body was already full of violent power.

And because of the one-year contract, he had a sense of enchantment ahead of time.

To put it bluntly, now he is the complete devil, the real devil!The darkest things in his heart are not worth mentioning in his eyes?

"What are you laughing at?"

Elder Chen saw Ye Chen's smile, and suddenly a bad premonition came out of his heart.

Ye Chen didn't open his mouth, but the next scene made elder Chen's eyes almost stare out.

See ye Chen whole body up and down, a torrent of evil gas, completely out.

In the whole array, all of them are filled with the evil spirit of terror.

Ye Chen stepped out one step, and the Black Lotus appeared. In his eyes, there was no difference between good and evil.

The so-called devil is just a joke!

Good or bad is from the heart!

The seven dragons originally roared, and suddenly became timid at the moment of Ye Chen's evil spirit.

At the beginning, ye Chen became a demon, which caused the heaven and earth vision, and all demons worshipped.

Once the demon lord protected his body, the so-called seven sins in front of him were just some trinkets.

Boom! Boom!

The magic Qi continuously gathered together, and suddenly rose up to the sky, enveloping seven giant dragons.

"Not good!"

All of a sudden, the faces of the people in Lingxian palace changed greatly. They could feel that the power in their bodies was constantly losing.

These forces constantly pour into Ye Chen's body.

The seven dragons were originally transformed by the powerful power of Lingxian emperor palace.

The seven dragons cherished each other in life and prosperity, and lost everything.

Elder Chen's whole face became very ugly. He didn't expect that he would make a fool of himself and become someone else's wedding dress.

This is simply to give ye Chen benefits without any reason!

"Break it for me!"

Ye Chen roared, and the evil spirit surged wildly, squeezing the big array.

Click! Click!

At this time, there were many cracks.

Boom!

A loud noise from the sky broke the seven evil dragon chanting array in an instant.

The powerful people in Lingxian palace were unprepared. The evil spirit poured into their bodies, and there was a sound of scream.

"Everybody, retreat..."

Chen Chang old words have not finished, ye Chen ghost general figure suddenly came to his side.

The beast decayed sword fell on his neck, only felt the sword light flash, the blood gushed out, and the neck was divided.

The murderer, the person always kills!

Since elder Chen has already moved to kill his heart, will ye Chen let him go?

The strong of the Lingxian emperor palace ran away. They didn't dare to look at Ye Chen's eyes, as if they were the devil's eyes. They would enter the abyss at one glance.

These disciples, ye Chen is also too lazy to start, standing on the ground, looking at the brilliant palace in front of them.

"Lingyun, you can still sit still. Get out of here!"

With a deafening roar, the whole palace was crumbling.

Chapter 2229

In the house, her eyebrows are locked and her eyes show a trace of anger.

But Xia Lingqiu, beside her, was indifferent, as if she had expected it.

She stood up and said slowly, "Lingyun, it seems that I underestimated the boy."

"The boy broke the array so quickly, which shows that the real strength of this son should be more than five layers of the seal territory."

"The cultivation is only two layers of heaven in the star body, but it has the power to seal the five layers of heaven. This is interesting."

"It's worth your fight."

Just then, the door was suddenly knocked.

Xia Lingqiu smiles and shakes her arm. A figure suddenly appears.

It is Xia Ruoxue!

Xia Ruoxue naturally hears the news and knows more about ye Chen's coming!

of course, she knows Ye Chen's strength, but she knows more about the strangeness of Lingxian emperor palace!

Xia Lingqiu and the power of the mysterious stone are too terrible!

Ye Chen is looking for death now!

Xia Lingqiu sat back to her position, and her breath was slightly released: "ruoshue, my good disciple, what are you doing here at this time?"

"is it to celebrate the successful return of your master as soon as possible?"

"Lingyun, you are an apprentice who knows the whole thing."

Xia Ruoxue bit her lips and said:

"palace master, master, please spare Ye Chen's life!"

Xia Ruoxue's eyes twinkle with tears and plead bitterly.

Now the aura is absolutely not ye Chen can beat, if she does not intercede, then Lingyun can not really kill Ye Chen.

"Spare his life? Since ye Chen dares to come, he must be ready to die. "

Lingyun squints her eyes and twinkles with a cruel look.

She has given Ye Chen many opportunities, even because of her apprentice, to save his life.

I don't know how to be grateful. I dare to challenge her in the palace of Lingxian emperor. She has already had a killing heart in her heart.

The key is that she paid all the price!

In the future, even if there is a chance against heaven, her cultivation will not be further!

all this is because of Ye Chen!

"Master, as long as you forgive Ye Chen, I will never see him again!"

Summer if snow pretty face does not have the slightest blood color, stands in place, the body has some tilt.

At the thought of never meeting Ye Chen, I felt that the sky was falling down.

"Well, I will naturally leave Ye Chen alive."

As soon as the Lingyun voice falls, there is a faint smile in the corner of the mouth.

Is it really possible to let Ye Chen go?

But she would not let Ye Chen die so easily.

She will cut off Ye Chen's limbs and discard Ye Chen's elixir field!

Let Ye Chen experience eternal suffering!

This kind of pain is more heavy than killing a person!

This is what she wants to do. If she changes Xia Ruoxue's heart, it's not bad.

When Lingyun was about to start, a figure appeared outside the door!

This girl is Ji Siqing!

At the moment, Ji Siqing's accomplishments have reached three levels of Fengmen realm!

In the absence of such restrictions, her breakthrough speed is so fast!

Weird to the extreme!

Her appearance makes Lingyun's eyes angry.

On that day, Ji Siqing didn't get any applause!

And, this apprentice, because of Xia Lingqiu's words, is no longer taught by her!

All cultivation matters are directly connected with Xia Lingqiu!

this status and treatment is far more than yourself!

Now Lingyun is even angry with Ji Siqing!

Ji Siqing has a breath of breakthrough all over her body. Her eyes glance at the crowd, and then a sword condenses out!

exert a little force! It's on the ground!

Powerful sword spirit!

"Xia Lingqiu, let's call it a day. If you really want to complete the one-year agreement between Lingyun and ye Chen, you don't need to use so many means."

"Fair play, won't it?"

This words a, Xia ruoshue and spirit rhyme some slightly change color.

They never thought Ji Siqing would call the palace master's name!

Why does Ji Siqing feel strange!

Even that look, full of a resolute arrogance!

However, Xia Lingqiu laughed: "Ji Siqing, you don't practice well, what are you doing here?"

"What's more, you really think you have some talent, you can intervene in something?"

"If it wasn't for your value, you might have died."

Finish saying, Xia Lingqiu whole body releases extremely strong chill.

Endless pressure towards Ji Siqing!

It seems that he wants to force Ji Siqing to kneel down. However, Ji Siqing's brow is flashing an ancient line, and the pressure is instantly dissolved.

Xia Lingqiu's eyes were slightly stunned.

She found that Ji Siqing seemed to be out of control.

With such talent and blood, is Ji Siqing the reincarnation in legend.

In other words, the man was taken away?

Xia Lingqiu looks dignified, but when she thinks that Xia Ruoxue and Ji Siqing are planted with her prohibitions, she not only breathes a long breath.

No matter what the origin of Ji Siqing, it is to make a wedding dress for her after all!

even the stronger Ji Siqing is, the stronger she is, and when she completely controls Ji Siqing's young body, she will be able to surpass the present limit.

Step into the kingdom of God and become a truly dazzling top talent!

This is her ambition!

Ji Siqing stepped out and said, "Xia Lingqiu, what happened to the two old people outside."

"This is the gratitude and resentment between Lingxian emperor palace and ye Chen. It seems immoral for you to find other people."

Xia Lingqiu was surprised again. She never thought that Ji Siqing's spirit was so terrible.

I was aware of the two men in the dark!

Xia Lingqiu recovered her calm and clapped her hands. In a moment, two old men with terrible breath appeared outside the door.

The breath of these two people has nothing to do with the palace of Lingxian emperor!

even there is a sense of strangeness in these two people!

Ji Siqing's indifferent eyes glanced at them and continued to say, "Xia Lingqiu, don't you really feel like you've passed it?"

"But to deal with a young man, even collude with the soul hall?"

Hear here, Xia Ruoxue eyes stare big!

Isn't the soul hall and the Lingxian emperor palace a feud? Then why are these two soul hall elders here!

Not only is Xia Ruoxue shocked, but also the aura of the later sealing period.

She looked at Xia Lingqiu: "palace master, this is the enmity between Ye Chen and me. Why should people in the soul hall intervene?"

Xia Lingqiu stretched out, shook the teacup in her hand, and said faintly: "there is no eternal enemy in this world."

"Although I don't like the soul hall, the conditions offered by the master of the soul hall are too attractive."

"The life of Ye Chen, the chief of the soul hall."

"In that case, we might as well let them send Ye Chen on the road."

"If ye Chen loses, you can only blame him for not being qualified to let you go."

"If he wins, it means that ye Chen is really against the weather. It seems good to consume this boy before you fight him."

Lingyun was a little angry: "palace master, my strength is enough to fight against the mole ants. I don't need the soul hall to attack! Please... "

"Pa!"

The words have not finished, an invisible palm sweeping down!

Fan directly on the face of Aura!

Then the voice of cold slowly fell.

"I said, I can only win in Lingxian palace, I won't give ye Chen a chance!"

"What's more, my command from Xia Lingqiu, no matter who it is, is not qualified to resist!"

"Ji Siqing is so, so is your aura!"

Chapter 2230

In the palace.

The atmosphere was at its best.

Xia Lingqiu, as the Supreme Master of Lingxian emperor palace, naturally has this right!

Her life was filled with pride.

And never miscalculated!

Her talent can be said to be against the sky in the whole land of Lingwu!

At the age of 18, she accidentally got one of the most mysterious inheritances of Lingwu mainland!

She practices the supreme skill!

Of course, the cost of upgrading our strength is huge!

But she had no regrets.

She climbed up step by step!

Relying on one's own strength, Lingxian emperor palace will become the top power in Lingwu continent!

Her life was full of mystery.

At the moment, she knew that the year's agreement between ant Ye Chen and Lingyun was her springboard.

This springboard must succeed.

At all costs.

Ji Siqing at the door has a chill in her eyes. Although she is not happy in her heart, she is very clear that her strength can not compete with Xia Lingqiu.

She just wants to persuade Xia Lingqiu.

Now it seems that this stubborn and crazy woman can not be convinced by herself.

Ye Chen's situation will be more and more dangerous.

These two powerful soul hall, the cultivation is to seal the door six layers of heaven.

Obviously, these two people are not weak in the soul hall!

The master of the soul hall obviously decided to wipe out Ye Chen regardless of everything!

In addition, this is Xia Lingqiu's territory, Xia Lingqiu will never let Ye Chen win!

No matter how rebellious Ye Chen is, the chance of falling today is extremely great.

Unfortunately, now she is doomed to be unable to stop.

We can only take a step and see a step.

At this time, the two soul hall elders arched their hands and said, "Summer Palace master, we still have a task in our body. Since ye Chen has come, we will take it away."

"As long as ye Chen's head is our master, his body can belong to your Lingxian emperor palace."

The two men were full of black gas, and they looked extremely evil and strange.

Xia Lingqiu took a sip of tea and said: "the rules are natural."

"But you, the two old men of heaven and earth, who are famous in the soul hall, can really take down the little beast?"

Heaven and earth two old man cold hum: "do not labor summer palace master care! The Lord of the temple asked us to come here for a reason

"We have confidence, ye Chen, that little beast, can't stand three moves!"

Finish saying, two black gas then toward outside curl and go!

The crisis is imminent!

Lingyun looks at the departure of Tiandi Er Lao and clenches her fist.

She never thought that it was useless to upgrade her strength to such a level!

After all, she can't enjoy killing Ye Chen and torturing Ye Chen!

Even if she can't defeat Ye Chen, her heart will be shaken!

Ye Chen will surely die in the face of these two people!

All that she has will be in vain!

Xia Ruoxue frowns tightly. She knows that she can't change the current situation. She comes to Ji Siqing and whispers, "Siqing, what should I do next?"

Ji Siqing pondered for a moment and said, "next, our only choice is to believe in Ye Chen."

"He's had too many miracles, and I hope this time, it's no exception."

.....

In the palace of Lingxian emperor.

Ye Chen finally stopped.

In front of him stood two old men.

Ye Chen looks at the two people in front of him, showing a trace of dignified look.

Although the breath of these two people did not show, but ye Chen can feel that he is definitely a strong force in sealing the door, and his strength is more than five layers.

However, let Ye Chen feel strange is, the breath of these two people, extremely familiar!

He didn't even have to think about it. He guessed the soul hall!

In the netherworld gorge, the soul hall and the Lingxian emperor palace obviously don't deal with it.

Why do people from the soul hall appear here today?

He hesitated for a few seconds, or opened his mouth: "when, the soul hall elders have become the dog of the spirit immortal palace?"

This word a, heaven and earth two old face is ferocious!

"Little beast! Your presence has threatened the plans of the temple of souls. "

"The master of the temple has an order that you can't live today!"

"I think you'd better consider your own situation."

The old man of heaven and earth in the hall of soul has been twin brothers since childhood.

Two people have a good sense of each other, and they also have a set of fighting skills. Even those who are strong in the seven levels of fengmenjing have the power to fight.

"Today, it's your honor to die in the hands of our brothers."

Both of them are strong in sealing up the six layers of heaven. If it wasn't for Chen Chang, several people were too useless.

They won't do it in person. It's a little suspected that the big ones deceive the small ones."You two are too much nonsense

As soon as ye Chen's voice fell, he grabbed the beast's decaying sword and directly rushed to kill him.

Meet the brave!

With the help of the strength of the ground, the legs bend slightly and fly into the void.

In the moment of flying to the void, the beast decayed sword waved out.

When the sword goes down, the wind and cloud change color. There is a black evil spirit in the sword spirit, like a fierce ghost roaring in their ears.

The old man of heaven and earth had the same look, and there was even a trace of irony in his eyes.

The power of Ye Chen's sword is good, but do you want to defeat them? There are still some gaps!

The disciples of Lingxian palace who were watching the battle in the distance were all excited. Although the two elders of heaven and earth were not from Lingxian palace, they were bound to crush Ye Chen in terms of momentum. Ye Chen could not survive with their joint efforts.

This is a strong man in the realm of sealing the door. Every move contains the power of terror.

The sword spirit is wantonly opened, and ye Chen's figure suddenly pours over.

The two old men of heaven and earth have a good understanding of each other's thoughts by looking at each other slightly.

The two figures of them suddenly rushed to kill them, and they decided to kill them with one attack.

If a move second does not drop Ye Chen, they also have no face.

Before and after ye Chen, the two old men of heaven and earth form an attack force. In their palms, the terrifying energy wantonly comes out.

The virtual shadow condensed into a knife and a sword, cutting to Ye Chen's body.

The rapid circulation of a knife and a sword forms a trend of heaven and earth, and wants to completely suppress Ye Chen.

"A sword to cut the sky!"

The fierce sword spirit is vented from the beast decaying sword in Ye Chen's hand.

However, the power of chopping heaven and one sword in the face of the two elders of heaven and earth can not bring too much hindrance. It can only let one sword stay for a rest, but for ye Chen, it is enough!

Ye Chen uses the time of this rest to avoid a knife in front of him and rushes to the old man in an instant.

The breath of sword spirit is constantly diffused from ye Chen's body, and the beast decayed sword bursts out with bright light.

The immortal sword idea comes from ye Chen's body.

The two old men of heaven and earth have a soul in their hearts. Ye Chen must solve one person as soon as possible in order to have the hope of winning.

As for the sword behind his back, ye Chen does not care, in any case to let the old man suffer certain injuries.

Only by finding a breakthrough can ye Chen find an opportunity from this breakthrough.

An extreme sword light caused a space shock. The disciples of Lingxian palace in the distance could feel a terrible sword meaning, which made them dare not move.
