

Physician 2251

Chapter 2251

This scene shocked everyone's eyes.

Key Ye Chen didn't make a move!

All of them said, "well

Wang Hu saw this scene, also have some silly eyes, his guards are carefully selected, but can not bear the breath of Ye Chen?

He wouldn't believe it if he hadn't seen it with his own eyes.

"I am willing to offer five soldiers of time and space. As for Mr. Wang, there are only three women. You can find them in your capacity. Why argue with me?"

Ye Chen is not willing to make things big. He is only the last distance away from the devil's palace. He intends to rescue Yiyi and try to mix in.

If you disturb the king demon dust, will produce extremely unnecessary trouble.

"Sorry! Now it's not about people anymore. "

Wang Hu's face is shameless. Now it's about his face.

If he left in such a dismal way, how could he get along with it?

Ye Chen brows locked, a trace of cold light flashed in his eyes, he has already given face.

"If you go together, I don't believe it. I can't deal with this boy."

Wang Hu said to the other guards!

Looking at the crowd rushed, ye Chen shook his head helplessly.

Fortunately, he recovered well, the spirit has been much better, he no longer hesitated to release the soul skill directly!

"Sea of killing gods!"

In less than a breath, everyone had fallen to the ground.

The crowd, one by one, opened their mouths as if they were stupid.

Wang Hu looked at the guards scattered on the ground, inside his heart has been completely messy.

Is this still human?

Ye Chen came to Wang Hu step by step. Her eyes were full of killing intention and said, "can I take these three women away now?"

Wang Hu's eyes flashed a trace of timidity, but a thought of his father, but a middle-aged man, he did not believe that ye Chen dare to move.

"My father is the Lord of the city. You'd better give me the three women, otherwise..."

Bang!

Wang Hu's words have not finished, ye Chen a slap has been drawn in the past.

"Now I ask you, three of them, can I take them away?"

Wang Hu was beaten by a slap a bit muddled, to now have not slowed down.

"My father is..."

Bang!

The same slap was given to him, and now his cheek was like a pig's head.

He has not looked like a handsome young master for a long time.

Ye Chen takes a look at the peddler, takes out the soldiers of time and space to him, and then grabs the cage and leaves directly.

He has to leave as soon as possible. Once the fighting breaks out, his identity will not be concealed.

There is no pause along the way, just leave the city, come to a wilderness, and then open the cage.

"You leave, she will stay!"

For these three women, ye Chen has no interest at all.

Three women came out of the cage, looked at Ye Chen, and then turned away.

They did not expect that the young man should be interested in the little girl.

However, in the demon clan, there are all kinds of warriors. They are lucky to be alive.

After they leave, Yiyi shivers in the cage. Ye Chen takes off his mask and restores his appearance.

"Don't be afraid!"

Yiyi opened his eyes and saw that it was Ye Chen. He ran out of the cage and hugged Ye Chen!

Now her grandfather is dead, Yiyi thinks his only relative is Ye Chen.

Ye Chen mouth shows a trace of bitter smile, he is about to go to the devil's palace, Yiyi how to do?

He couldn't have been with him.

Suddenly, ye Chen thought of something.

The family of Chu Ying in Jiuyou Kingdom opened the moon tower not only to the Shenhua academy, but also to the Lingwu land and the demons.

Not far away, there is just a moon tower of the Chu family!

"Yiyi, wait a moment. Don't be afraid. I'll take you to a safe place."

.....

Settle in good Yiyi, ye Chen flies all the way, and finally comes to the peak where the devil's palace is located, but he doesn't go up.

He can't go up!

There are layers of danger above!

Step out, is death!

He could feel the endless killing around him. It was extremely cold!

Even the people who come and go, he has seen a lot of sealed doors!

There's even Taixu!

Is this the inside story of the king and the devil!

So powerful, far beyond the Lingwu mainland!

Tyrant's land, a careless, ye Chen will fall!

This is more terrifying than the sword of extermination!

Isn't the body of the demon emperor rebuilt?

Absolutely not! He was thinking about how to enter the palace of the devil. After wandering outside for three days, he finally caught a disciple with lower accomplishments.

As soon as I opened my mouth and asked, I knew that there would be a medical elder coming back tomorrow.

The key is that the elder's strength is not too high!

This let Ye Chen seize a chance, when the time comes, as long as seize this elder, disguise as his appearance can.

However, the powerful are like clouds.

There may even be strong men who can cut off the misfortune and the state of Taixu!

How can he disguise himself as a star?

It's easy to think about it, but it's difficult to implement it!

At this time, let Ye Chen unexpected voice sounded.

"I can help you, but I have conditions."

"My skill of changing faces, let alone too empty realm, can't be found out by cutting through adversity."

"You have no choice."

The voice of ancient medical God!

Ye Chen was stunned, pondered for a moment, or seriously said: "good! I promise! What do you want me to do! "

Canggu medical God smile: "no hurry, I will take you to agree."

"If the time is not right, I will tell you now, it will only disturb your heart of Tao."

"Anyway, at that time, whatever it is, you have to do it."

.....

Ye Chen is hidden in a mountain range, which is the only way for medical elders.

He has already explored the strength, but an old man who sealed the door for four days can win in the shortest speed!

The next day, ye Chen found that a figure appeared in the void, which was obviously the elder.

The other party is wearing a black robe and carrying a strange box. In contrast, there is a scar on his forehead and his whole body is full of Yin.

Ye Chen wears a mask and flies directly into the void.

When ye Chen's figure is suspended in the void, the medical elder of the devil's palace stops at the same place and takes a look at it and finds that he is just a martial artist in the Xingqiao realm.

"Go away!"

Such strength, he even does not have the desire to hand, but ye Chen stays in place, the corner of his mouth reveals a trace of killing. The ghostly figure suddenly rushed past. At the moment when he rushed past, the beast decayed sword was held in his hand and lifted up in an instant.

The elder doctor of the devil's palace frowned. This boy wants to die!

Xingqiaojing dares to attack others!

Of course, he didn't care, just a mole ant, a slap can solve it!

He snorted coldly, and suddenly rushed over, as the two were getting closer.

The elder of medical road suddenly frowns tightly, the breath that leaves Chen erupts, let him feel a trace of danger unexpectedly.

How could that be possible?

Now he has no time to think, want to use a bit of force, but it is too late.

Ye Chen's beast decaying sword has fallen down suddenly!

Boom!

A sword seems to have the weight of ten thousand jin and falls on the arm of the elder doctor.

Stab!

The blood splashed and dropped on the ground, and the elder of medical ethics gave out a painful roar.

His whole arm was cut off with a sword.

"Sir, who is this? I am the medical elder of the devil's palace. You are not afraid of revenge?"

In the demon family, the palace of the devil is a giant, basically no force dare to provoke.

"I'm sorry, I need to use your identity!"

"It's just that I want to meet you, too!"

Chapter 2252

"It's just that I want to meet you, too!"

As soon as this word comes out, that medical elder is confused.

Is this man going to see you?

The king demon dust is the master of the demon clan! Hold the supreme power!

The existence of killing and drinking blood!

Innumerable Taixu realms dare not face the king devil dust!

And the youth in front of me is so ignorant!

Madman!

The key is that the strength of this young man can not be measured!

Obviously, I can't fight!

Aware of the seriousness of the situation, the elder doctor no longer hesitated and offered a rune in his hand.

Rune burning instantly, black flame wrapped all over the body!

In a flash, he is toward the devil's palace!

As long as you go back to zongmen, you will be safe. However, he is shocked to find that his speed is gradually slowing down!

The cold sword is like a giant beast, approaching constantly!

This sword can't run away!

Boom!

With a sword falling, the medical elder of the devil's palace falls to the ground.

At the moment, he is on the verge of death and has no ability to resist!

His cold eyes looked at Ye Chen: "little beast, step into the land of the demon clan, you will surely die!"

"Even if you kill me, the strong man in the palace of the devil will find you!"

"You can't hide your cultivation breath!"

"Lord, you will bear the fury of hell!"

"Not only you, but everyone around you is going to die!"

Ye Chen tiny smile: "this does not labor you worry."

Language down, ye Chen a point out, fell on the heart of the doctor's eyebrows.

And, countless memories are surging!

In his mind, there was a tyranny of the king and the devil's dust!

What's more, he found that there was an iron army under the king's demon dust to shake everything!

Directly into it, comparable to entering the tiger's den!

If you are found, you will die!

Will ye Chen flinch?

Of course not!

It's about the reincarnation of the devil emperor! On that day, if the devil emperor does not help himself, he will surely die!

Because of this feeling, ye Chen also wants to help!

Ye Chen cleans up the corpse of the medical elder, his appearance and breath have already been recorded in the heart.

He opened his mouth and said, "master Cangu, it's your turn now."

Language down, a figure out of thin air cohesion.

The posture of fairyland, as if can shake the world!

It's a pity that the whole body of the ancient medical God is full of pride.

The pride in my bones.

The ancient medical God glanced around him and said with a smile: "this skill of changing looks should be used to cut off the bad situation. It's a waste to use it on you."

"Before you promise me, I will try my best to help you once."

What ye Chengang wanted to say, the ancient medical God stepped out, and thousands of gold needles were suspended all over his body.

The gold needle condensed and turned into a diagram of eight trigrams behind him.

"Canggu Lingyi Jue, hide from the sky, cross the sea, search, Daoyuan, open!"

Under a yell, a thousand gold needles shot out!

As if through time and space.

Ye Chen can feel the air flow around!

His face changed at the speed of the naked eye!

Not only that, his cultivation and breath are all covered!

After a few seconds, the gold needle returns to its position.

The ancient medical God carried his hands and said faintly, "what you want me to do is safe. Don't forget your promise."

"If you dare to go against it, my body can kill Taixu peak, and my mind can also destroy Xingqiao people!"

"By the way, there is another thing you should pay attention to. You can't do anything when you are in a state of changing face. Once you do, everything I cover up for you will be revealed. Naturally, it is impossible to detect the too empty state, but it is very likely to find out if you cut down the adversity or a higher existence."

Ye Chen instantly felt the cold killing intention, he had no choice but to smile bitterly.

It is the first time that so many talents in the samsara cemetery have been threatened by it.

He also no longer hesitated, and went directly to the palace of the devil.

.....

The kingdom of God, the temple of heaven.

The deepest temple.

The atmosphere was dignified.

The man above the Dragon sat on the high platform, his eyes full of killing and anger.

And the strong people under the stage lowered their heads one after another, and even did not dare to breathe out a breath!

These people, if only one person stamped his foot gently, can make the whole Lingwu continent usher in a devastating earthquake!

The atmosphere, gradually suppressed to freezing point.

At this time, the man on the dragon stood up and his fingers suddenly opened!

An old man in front of him was instantly inhaled by an endless force! The man grabbed the old man's neck!

"A bunch of rubbish, how long has it been since the Dragon God disappeared! I'll let you go all over the land of Lingwu! Why haven't you found it yet? "

"How many years has the Dragon God followed me! It has never disappeared for so long! "

"I don't care what happened on that day, or the origin of the blood dragon! I'll only give you one day. If I don't see the Dragon God in a day, you'll end up with this person! "

Words fall!

Endless energy surging!

Xuanyuan ink evil hands of the old man instantly into a blood fog!

The blood all over the sky dyed the hands of Xuanyuan ink evil.

All the people under the stage are swabbing behind their backs!

The old man who died is a powerful master of the kingdom of God!

The cultivation is to cut off the adversity!

But it was torn by Xuanyuan Mo Xie, the leader of Daogong palace that day!

Everyone is not happy, but they can only obey!

If it was not for the forbidden time, Xuanyuan Mo Xie could not step out of Tiandao palace.

Otherwise, the whole Lingwu continent would have been a sea of blood slaughter!

Xuanyuan ink evil sit back to the position, right hand don't know when appeared a spirit overflowing handkerchief.

He gently wiped the blood on his hand and said again: "on that day, the eternal king and the demon family helped the boy. It seems that he was relying on the power of the devil kingdom."

"If I'm right, the boy and the eternal king are in the demon race."

"The king demon dust can be so stable in charge of the demons, thanks to the help of our kingdom."

"In my opinion, no matter how strong he is, he is a dog after all."

"It's said that this dog has been rebellious recently. Those Shenguo people in the demon clan will send a corpse of a demon dog, and then tell you that the kingdom of God doesn't like disobedient dogs."

The face of the people under the stage changed slightly, but he still arched his hand and said, "yes, palace master."

.....

After everything is ready, ye Chen goes all the way to the devil's palace.

When they came to the door of the emperor's palace, the two disciples said respectfully, "elder Xiao!"

Ye Chen nodded slightly and strode into the palace of the devil. According to the memory of the dead medical elder, he came to the residence.

He found that there were three naked women in the room, which were obviously Xiao Feng's favorite!

Ye Chen asks them to put on their clothes and leave and sit alone in the room. According to Xiao Feng's memory, the taboo of the devil's palace is in the back mountain!

No one is allowed to step into it!

Once you step in, it's a death penalty!

And there's a formation in the back of the mountain to stop anyone from entering.

Ye Chen is not sure what level of array it is.

But in his opinion, the blood essence of the demon emperor hidden in the hands of Jun and demon dust must be in the back mountain.

Chapter 2253

If the top-level array in ancient times can't be countered by Zaire, he will surely be defeated in this trip!

However, since came to the devil's palace, ye Chen still wants to go back to the mountain.

Make up his mind, ye Chen is ready to go back to the mountain now. The longer the delay, the easier he will be exposed.

Coming out of the room, all the disciples I met along the way saluted him respectfully.

It is obvious that this elder doctor is of high status here.

In getting closer to the back of the mountain, ye Chen suddenly stopped.

His eyes a congealed, not far away unexpectedly there are three Shenguo people.

as like as two peas, the jade cards of the three people's waist are exactly the same as the jade card of the holy daughter of the God.

However, the three men were extremely young, and their accomplishments were on the eighth floor of the sky.

It has to be said that the supernatural genius of the kingdom of God is far beyond the land of Lingwu!

Why do the people of the key Kingdom appear in the core of the demons?

At this time, the three powerful men of the kingdom of God came into the hall in their gorgeous robes.

The devil Kingdom colludes with God!

This leaves Ye Chen totally did not expect, he continued to go back to the mountain, the things of the kingdom of God, pressure in his heart.

Soon, ye Chen stopped again.

He could feel that one step forward was the abyss of destruction.

Because in front of you is the ancient array set by the king and the devil's dust!

This array is full of destructive power!

And the eye of the array is in the deepest place!

Even if you don't have the qualification to enter, how can you break the eye?

This matrix has almost no solution.

"It seems that the array attainments of Jun and demon dust are also against the sky. If you don't talk about me, I'm afraid it's too empty to compete with."

"Is this the way to go back?"

Ye Chen is a little reluctant.

At this time, a virtual shadow appeared in front of Ye Chen.

Xu Ying carries a sword case on his back, and his body is full of fierce sword style!

As if he were a sword!

Scabbard sword!

"Master! Can you break the line? "

Ye Chen excited way.

Fengqingyang shakes his head: "if it is noumenon, I may really be able to break open, but the power of this divine idea is far from enough."

Ye Chen Mou son tiny congeals: "that master, why do you come out?"

"Although I can't break it, it doesn't mean others can't do it."

"What's more, if my six sword boxes absorb the power of this array, maybe the remaining three swords can come out ahead of time."

Ye Chen thought of the ancient medical God and sighed: "master, if you mean that strange old man, don't count on it. He can't help me to solve this array."

In Ye Chen's opinion, the great power of reincarnation cemetery should only be the ancient medical God who can solve the array of Jun and demon dust.

"I don't mean the ancient god of medicine."

"Who is that?"

Ye Chen is a little confused, just want to say what, a giant egg appeared out of thin air!

The giant egg is shining with brilliant red and blue light, extremely dazzling!

It's Xiao Huang!

And ye Chen is surprised to find that Xiaohuang's eggshell is cracked.

The cracks are so strange that they seem to be depicting a picture.

Is the crack painting outside the eggshell condensed, is the day of Xiaohuang breaking the shell?

Xiao Huang is quite excited and hovers around Ye Chen.

All of a sudden, Xiao Huang Meng rushed to the array of the back mountain!

"Xiao Huang, come back!"

Ye Chen's face changes greatly. The strength of the array is enough to tear the giant egg of Xiaohuang!

But things are too sudden, ye Chen can not stop!

One second.

Two seconds.

Three seconds.

Ye Chen's expression is changed. Xiao Huang enters the array of violent energy, and there is no trace of damage.

Moreover, it is still absorbing the power of the array!

Ye Chen suddenly thought that Xiao Huang had swallowed the ancient array at that time!

Xiaohuang is not afraid of this array at all!

Feng Qingyang smiles: "disciple, don't underestimate this guy."

"The ribs refined by this guy are not the ribs of ancient lions, demons and war gods."

"There's another ancient strongman's blood essence in that rib."

"Or do you really think Xiao Huang will be refining for such a long time?"

Speaking of this, six sword boxes are offered in the wind!

Six swords float out!

Obviously, Xiao Huang also knows the existence of wind, and gathers a trace of array energy into the sword box.

Ten minutes later, a huge hole was torn in the array.

Enough for one person to step in.

Fengqingyang took back the sword box full of array energy, and said with satisfaction: "disciple, hurry in. Later, you will find the devil dust." Ye Chen nodded and her eyes were dignified. She touched Xiao Huang and stepped into the array directly.

In the back of the mountain, the fog shrouded.

Ye Chen's astonished discovery that the fog actually contains congenital poisonous gas.

If ordinary martial arts touch, they will die!

I don't know where you got the fog.

Other strong men may fear the fog! But ye Chen is not afraid!

His immortal spirit body, red dust God pulse, and even the devil body. In addition, he devoured the fog demon, and cultivated the atomization magic power!

What does this poisonous fog mean to him!

Ye Chen dissipates in an instant!

In the blink of an eye, it appears in the center.

To Ye Chen's surprise, there is only one altar in the huge back mountain.

Around the altar, there are soldiers of time and space, artifact and even real artifact!

"I can't get such a big pen anywhere."

"Since it's here, I'll thank you for your gift."

Ye Chen will return these weapons to the cemetery directly!

So many weapons, enough to explode an extreme thousand weapons!

Without weapons, ye Chen's line of sight falls in the center of the altar, which is a black jade vase!

When close to the black jade bottle, ye Chen can feel the tingling feeling in the center of his eyebrows.

This jade bottle must have something to do with the devil emperor!

This should be the place to store the blood essence of the demon emperor!

Ye Chen is short of breath and doesn't want to waste time. She touches the jade bottle directly!

Of course, he was not afraid of everything, but staying in the land of the powerful king and devil for one more second was full of supreme danger.

He must leave at once!

However, when ye Chen's hand touched the jade bottle, suddenly, the whole altar exploded!

Endless air flow!

Ye Chen's body was overturned on the spot!

.....

At the same time, in the hall of the emperor's palace, the king's eyes opened, and the red flame filled!

This represents the anger of Jun demon dust!

He stood up directly and flew to the void!

"All elders, all go to the back mountain!"

"There are things that don't know how to live or die, dare to move the things of my king's demon dust!"

Although Houshan has only one array to block it, unless he uses the blood essence of the devil emperor, once someone else takes it, he can immediately feel it!

Whoosh! Whoosh! Whoosh!

The breath of the strong directly rushes into the void!

They can feel the Lord's anger and don't know what happened.

At the back of the devil's palace, ye Chen's face became ugly.

From the moment the palace exploded, he knew that he had been found!

Chapter 2254

The ancient medical God's art of Transfiguration is useless!

He quickly took a few pills, used a flash of wind and thunder, ready to leave!

However, at this time, in the void, a breath of terror came!

Ye Chen looks up and finds a middle-aged man standing in the air, cold and arrogant, dominating the world.

His body's devil Qi surges, only the breath flows out!

Ye Chen already felt depressed, let him have a few breathless come.

You, the devil, only the devil in the palace, can give full play to the momentum.

Whoosh! Whoosh! Whoosh!

A shadow came to the back of Jun demon dust!

There are 30 strong people at the top of the gate!

Ten people are too weak!

Plus the king and the devil who cut the adversity!

Such a lineup, absolutely luxury, only for one person for ye Chen!

Don't mention Ye Chen in Xingqiao state, even ye Chen in fengmenjing is difficult to fly!

"I call you Xiao Feng or Ye Chen!"

Jun demon dust indifferent voice directly said!

He did not worry about ye Chen's escape.

Facing such a strong lineup, how can ye Chen leave safely?

Two strong people in the late fengmenjing period are enough to deal with the little beast.

Ye Chen restored the original appearance, at the moment, in front of Jun demon dust, any camouflage is useless.

If you want to run away, you can only fight to death!

At this moment, he is ready to die!

The key is that he hasn't figured out how to escape from the land of so many strong men!

It's impossible to live on!

The spirit of Gengjin, immortal sword, blood, dark flame, and evil spirit burst out madly!

At this moment, full fire!

"You hands, grab him!"

Ye Chen is not worth your hand. You just need his hand to do it!

The strong man nodded slightly and came directly to Ye Chen.

Just a few people burst out of the breath, let Ye Chen feel the breath inside the body, have some not smooth.

At the moment when he rushed past, the beast decaying sword in his hand first aimed at a warrior who sealed the door of the seven layers of heaven.

He has made up his mind to die. He can kill as many as he can!

A sword like a startled goose, suddenly fell on the other side's body, burst out a scream!

However, in the back of Ye Chen, there are five strong men in the late fengmenjing period, who suddenly make a move.

Boom!

Ye Chen a mouthful of blood and water directly spurt out, the whole person's face appears a little pale, and then a turn, the gods and Demons spear directly stabbed out.

A flash of cold light, through a person's arm, but no effect!

The situation was extremely bad.

Blood dripped on the ground from the head of the gods and demons.

Ye Chen kills a person, the figure constantly retreats, and they open a distance.

When he retreated, he took out the soldiers of time and space, artifact, and real artifact that he got from the altar!

He can't take care of the pain!

Give it back to you!

"A thousand soldiers explode!"

Ye Chen murmured in his mouth, and the weapons of countless sky swords suddenly threw out.

This is the first time ye Chen released such a powerful thousand soldiers explosion!

In the moment of using, he even felt that his powerful spirit was not enough!

"Poof!"

A mouthful of red blood spit out!

Ye Chen's face is extremely pale!

The price is too high!

Ye Chen is desperate to activate the pulse of the red dust God, and quickly toward a direction!

Now that you've got the essence of the devil!

Then leave!

Now he doesn't think about whether he can retire completely!

This kind of thousand soldiers explosion activation, he will also be hit by this!

Can only see the red dust God pulse can block how many!

The key, he has not yet understood, absorbed the dust stele, Ling Fengshen pulse in the end what role!

Is it chicken ribs?

Isn't it that the dust tablet is weak?

Ye Chen no longer thinks much, because the breath of terror suddenly diffuses!

Boom!

A earth shaking sound, terrible aftershocks spread to all around, the whole back mountain directly exploded, dust flying!

Inside the sound, there was a scream!

In the later period of fengmenjing, you can't resist it!

Even those who are strong in the Taixu environment all retreat and force out blood essence one by one, and use the guard array to resist the aftereffect!

In the void, Jun demon dust faced this scene, without any concern on his face. It seems that no matter how many Fengmen's men died, they would not let his heart have a trace of fluctuation. In his eyes, the power of a thousand soldiers is powerful, but it is not enough to fight against him!

He was not in a hurry.

Because Ye Chen at the moment did not expose any contact with the devil emperor.

He was extremely cautious.

He didn't understand why the evil emperor who was powerful and powerful could choose such a humble mole ant.

He wants to know more.

Kill Ye Chen, perhaps these things he doubts, there will never be an answer.

Ye Chen leaves a shadow in the space! Wind and thunder flash to the extreme!

All of a sudden, he was stunned, because he found a breath of terror that directly locked him in.

The strong man at the top of the nine layers of heaven sealed the door and shot him!

In the void, a huge slap fell suddenly.

The speed is extremely fast, ye Chen has no time to avoid.

Boom!

A slap down, ye Chen is directly shot down from the void, a deep pit appears on the ground!

Cough!

His whole face was extremely pale, and he was struggling to get up from the ground.

A pair of eyes fixed on the strong in the void.

A blow from the top man of fengmenjing fell on him, only to feel that the whole man's bones were about to fall apart.

He was the first to be wounded by the aftershock of the thousand soldiers explosion. In his escape, he could not resist at all.

Everything around him was extremely bad for him.

The whole back mountain became a ruin, more and more demonic Qi.

The power of the powerful people of the demon clan is to take the magic Qi as an opportunity!

So many strong people naturally fill the back mountain with endless evil spirit.

Just then, a weak voice came into my mind.

"Boy, you must leave as soon as possible, your strength now, can't resist Jun demon dust."

Ye Chen surprise: "devil emperor, you wake up?"

The devil continued: "you take such a risk for me, I can only burn a part of the force to wake up."

"Listen carefully to everything I say next."

"These strong people are not what you can shake now. Escape is the only way out. It's not too late for a gentleman to take revenge."

"I'll get it back sooner or later."

"This place is close to the magic sea. You will find a way to enter the magic sea later."

"Finally, let me control your body and I'll take you away."

.....

The devil said this, pausing for a moment.

In a flash, all the evil Qi of heaven and earth poured into Ye Chen's body.

Ye Chen is like a demon.

On the sky above the Jun demon dust, that ancient well Bu Bo's eyes appear for the first time frightening.

That feeling, can't be wrong!

The devil!

Jun magic dust no longer hesitated, just about to start!

At this time, the youth on the ground raised his head and looked at the king's demon dust!

Chapter 2255

This is not afraid of heaven and earth!

not afraid of gods and demons!

As if through the ages!

"Even if the evil emperor dissipates the world, he will not bear others because of my life and death!"

"Jun, demon, ancient gratitude and resentment, I will eventually understand with you!"

"The power of the mysterious devil, open it!"

"A finger of the devil! Destroy the sky

At the moment, the whole body, the whole body, all the air of the devil is coming out.

When ye Chen stretched out a finger, Jun demon dust's body stopped!

He panicked at that moment.

This refers to his extremely familiar, even in the face of that person, still afraid!

Ye Chen's one finger, he seems to have seen once the devil emperor, the scene of the campaign!

At the beginning of the devil emperor, it was too terrible, even now, Jun demon dust still has psychological shadow!

This finger almost consumes all the energy in Ye Chen's body, and his pale cheek has no blood color.

One finger at the crowd!

Those under the king demon dust, found their own breath has been locked, can not escape this finger, but the power of this finger, it is too terrible.

Let their bodies, are constantly shaking!

They feel that they can't hold on to it.

Boom!

A finger suddenly falls, the entire void, the cloud changes color, the space is continuously cut, the speed reaches a pole!

The black light is getting closer and closer. The strong men who seal the top of the gate feel fear and want to struggle, but find that there is no effect.

Too weak strong can only constantly retreat!

Full of fear!

"Ah

As far as the black light could reach, there was a scream of terror.

A shadow directly fell on the ground, completely without any breath!

Close to the black light of Taixu strong people can not help but spit out a mouthful of blood.

This power, all demons fear!

The evil emperor lost control of Ye Chen.

"I'll make a way for you in the eyes of the devil. As for revenge, we'll take our time."

Ye Chen supports his body with his sword.

There is no fear in his eyes, only stubborn and sharp!

These people's figure, he one by one in mind, if not die, must kill!

The rest of the strong injured, burst out the strongest force, dare not let Ye Chen continue, although the boy looked weak.

Who knows if it can break out, a terrible finger!

The overwhelming attack falls on the ground, and ye Chen has no way out at all.

He pulled out the beast decayed sword, still raised his hand to cut it out!

Even if you already know it's useless, you should play the last sword!

Fight if you don't die!

A sword light rushed past, facing the overwhelming attack, it was extremely small.

Boom! Boom! Boom!

With the overwhelming power falling, ye Chen's figure has been buried in the dust.

All the people present in the palace of the devil's emperor have already thought that ye Chen can't live.

Boom!

A thunder came from the void, and the evil spirit of terror kept pouring in, and a black eye appeared!

At this time, a figure appeared in the dust. At the critical moment, the shadow of the evil emperor appeared. Save Ye Chen!

When the shadow of the evil emperor appears, the whole figure of Jun and demon dust is constantly shaking.

He never did.

Ye Chen is still in front of that figure, the nightmare of his life!

Although he has stepped into a difficult situation, he is still afraid of this nightmare!

He can't do it!

He dare not!

This is the former majesty of the devil emperor!

"You devil dust! I remember the hatred of a sword in ancient times. When I coagulate the evil body day again, your blood will dye the sky

In a word, endless pressure!

The whole figure of Jun demon dust kneels down directly in the void.

Even if it has been countless years, but the fear in his bones is still there.

Not only the king and the devil are so strong in the void, they all kneel down on the ground.

Although the devil emperor died endless years, but his majesty is still there!

When kneeling down, Jun demon dust suddenly wakes up!

Now the evil emperor is just a shadow. Why should he be afraid? Why should he be afraid!

Standing up from the void, staring at the shadow of the evil emperor, a trace of ruthlessness flashed.

The devil can't be resurrected! Ye Chen must be killed!

Within a hundred thousand miles, the magic spirit is still gathering!

The devil's eye suddenly opened at this time, and the evil spirit fell madly! Boom!

As for the remaining warriors, there are few left.

The shadow of the evil emperor takes a look at Ye Chen. Now he can only play his only strength.

"I'll take you to the magic sea!"

Ye Chen nodded slightly. Although at the last moment, the evil emperor rescued him, but his injury had reached a very serious level.

The devil Emperor grabs Ye Chen's hand and leaves quickly!

At the moment, the whole palace is like a piece of ruins. I don't know how many disciples are dead!

"Everyone, chase Ye Chen!"

The speed of magic emperor's virtual shadow is very fast. In the blink of an eye, it has already flown out of thousands of miles.

In the devil Kingdom, the magic sea is a dead land. As long as the warriors enter, they never come out alive!

The strong man in the devil's palace is still chasing after him, but there is a gap between him and the devil.

"Jump down from here, you can enter the magic sea. Be careful."

"If you see my daughter, please come on!"

"When time is ripe, drop the blood essence into the sarcophagus!"

His shadow can't stick to too much time. After entering the magic sea, he can only rely on Ye Chen himself.

The shadow of the evil emperor disappears, and ye Chen's exhausted body falls directly!

"Poop

Ye Chen falls directly into the sea of demons.

The magic sea is covered with white fog, and the surrounding sea water is all dark green. Ye Chen opens his eyes.

Looking around, suddenly frowning, he found his body was a nameless force in the confinement.

He wanted to fly in the sky, but found it impossible.

Now ye Chen finally knows why the warrior who entered the magic sea has never gone out.

Can not fly against the sky, although the imprisonment is slow, but eventually can not escape.

Ye Chen stood on the sea, looked around and found some bodies, suspended on the sea.

These bodies have been dead for a long time, and their bodies are gradually rotting.

They are trapped in the magic sea, can not escape, the body in a little bit of confinement, and finally can only die here.

Ye Chen continues to move on, not knowing whether the devil's daughter is still alive.

So many years have passed, and it may have been

He didn't think much about it. He continued to move forward. Relying on his current strength, he could only stay in the magic sea for half a month, and then he would be completely imprisoned.

I don't even have the qualification to move in the magic sea.

This half a month, ye Chen must find a way to find the devil's daughter, whether life or death.

Before half an hour, suddenly, ye Chen found that there was a weak breathing sound around.

There are still people alive!

Chapter 2256

Ye Chen looks down and finds the body of a warrior. If not, he thinks it is just a corpse.

For a few years, Wuwu has been able to see the man who has been imprisoned for several years.

I don't know how many years have passed, but I can still retain the faint breath sound, and the strength is definitely very strong.

Otherwise, we can't persist until now!

Ye Chen came to his side, at the moment he closed his eyes, has not even the strength to open his eyes.

Can only rely on weak breathing sound to survive, but also can not live too long, at most three days time, will die completely.

It's not easy to stick to it now!

Ye Chen sighs helplessly, the other party can't live at all, even if he wants to save, to inquire about the situation, there is no way.

When he was ready to leave, the warrior's body suddenly gushed black magic gas.

With the continuous spread of the evil spirit, his body also quickly became old!

Visible to the naked eye, the figure of a middle-aged man has gradually become an old man.

Finally sublimation!

He used his last strength to open his eyes and speak!

Originally only three days of life, now has not been able to hold on to an hour.

"Boy, what's your relationship with the devil?"

When ye Chen came over, he had already found that he felt a trace of familiarity.

Only then decided to expend the final strength, also must open the mouth to speak!

"Master and apprentice."

At this time, ye Chen said that although he did not worship the devil emperor as a teacher, but the devil body and the devil finger were given by the devil emperor.

Magic emperor is a very special teacher of his!

The old man looked at Ye Chen with a ray of light in his eyes.

Ye Chen said is true or false, he has no time to verify, at the moment he can only adhere to an hour.

Dead horse as living horse doctor!

"Since you are the disciple of the devil emperor, I only hope you can save the princess!"

In a word, ye Chen has probably guessed his identity, I am afraid that he was under the devil emperor before.

If you have been loyal to the devil emperor, you will end up in the devil sea!

If not, how could such a strong man fall into the sea of demons.

"Princess, you have been imprisoned in the depths of the magic sea, but there are strong men there. You must be careful!"

As soon as the old man's voice fell, his eyes lost their light, and his whole figure fell on the sea of demons.

I thought I could hold on for an hour, but I didn't expect to support only a few words.

It is obvious that this man and the devil's daughter were knocked down in the magic sea with the king and the devil dust.

Ye Chen's brow is locked, is the demon sea strong?

In the depths of the magic sea, there are still powerful people living in the magic sea. What's going on?

Unfortunately, the old man has died, and ye Chen can only explore by himself.

Once again to the depths of the magic sea, there are fewer and fewer corpses around.

Ye Chen's time is short. He has only half a month.

We have to find the devil's daughter and find a way to get out of the demon sea.

Although we know that it is in the depths of the magic sea, it is only unclear where it is.

All the way, ye Chen is in a hurry, he found his action, become more and more slow.

Not only that, his strength is gradually weakening, which makes him feel more and more urgent.

The magic sea is vast and boundless. Ye Chen walked for three days and three nights and found a white fog.

It has been completely covered up, even the mind can not be detected.

Even if he had the power of atomization, it didn't help.

I'm afraid that's one of the reasons why you don't pursue and kill here.

Ye Chen did not hesitate, directly into the inside, he has faintly felt, I am afraid there is another hole in the white fog.

After walking in the white fog for an hour, ye Chen found that the white fog ahead was becoming more and more rare.

When going out from the white fog, ye Chen found some houses!

These houses are built in the sea of demons, and there are even some roads! All in the sea of demons.

It's like being in a water city!

Ye Chen did not walk past, here should be the devil sea in the depths of the strong man.

He didn't know anything about the powerful people in the magic sea. He rushed in and didn't know what would happen.

Three thousand meters away from the house, ye Chen has been waiting. He wants to catch a powerful man in the magic sea. Ask!

If you don't understand human language, you can only use spirit!

For three days in a row, ye Chen became more and more anxious. During these three days, no one came out of the magic sea.

If it continues to drag on, only death will be left to him.

Ye Chen decided to go inside first and have a look. Relying on his current strength, he should have no problem with self-protection. At the gate of the city, without any guards, ye Chen pushes the door open and easily enters.

Once inside, ye Chen found that there were many people!

This is also the first time he saw the magic sea strong man in the magic sea. There is no difference between the shape of the demon sea and the demon clan strong one, but it is more bulky!

It's hard for ye Chen to imagine how they can survive without any resources in the magic sea. Most importantly, will they not be imprisoned?

He had no way to know these things, but could only grope a little.

He went inside and found that the powerful men of the magic sea just looked at him and didn't pay attention to him any more!

Many warriors fell into the magic sea, and some people could find this place.

For a sea devil, it's just a sea devil.

The most important thing is that foreigners will not live long!

A person who is about to die, naturally they will not take it into consideration.

"Outsiders, follow me to see the devil!"

At the moment, ten burly men came to Ye Chen.

Their breath is very strange.

Ye Chen nods slightly. If the Demon Lord is plotting against him, depending on his strength, even if he can't fight, he can escape.

If you can get something from the devil, it will be better!

Follow these men all the way to a mansion with ancient lines!

"The devil is in it. You can go in!"

The man's voice fell, turned to leave!

Ye Chen opens the door and walks in. He sees an old man sitting on a chair.

The old man even has a smile in his eyes.

It's hard to understand.

"Foreigners, please sit down!"

Ye Chen sits on the chair looking at the demon lord, waiting quietly!

"You're looking for the devil's daughter, aren't you?"

In a word, directly exposed Ye Chen's intention!

At this moment, the energy in Ye Chen's body surges. Once the demon lord starts, he will direct his hand.

"Ha ha, you don't need to be alert to me. I was once a stranger, and the devil's daughter is not here!"

"You have the courage! After all, you and the devil are going to kill everything related to the devil. "

The demon lord's face is full of smile. Ten thousand years ago, he was also an outsider.

Ye Chen did not open his mouth, just waiting for the following!

Chapter 2257

Since he is an outsider, the devil should have died long ago. I'm afraid there are some reasons why he can live to this day.

"Boy, magic sea is not ordinary."

"At the beginning, in order to fight against the powerful forces in Lingwu land, the evil emperor took a piece of territory from the hands of those who controlled everything."

"This territory is Jiuyou and the demon clan, collectively known as the devil kingdom."

"Although the devil is a devil, he is the most admired person I have ever seen."

"He never killed innocent people indiscriminately. He cherished all life."

"He wants to use his own strength to change the world's view of the devil."

"He went against the heaven and stepped into the dark abyss. He pulled out the only magic vein in the world and planted it in the devil's land."

"And combined with 72 ancient array mages to form the boundary of magic realm."

"This is why the kingdom of God dare not attack Jiuyou and the demons."

"Although the devil has fallen, he has guarded us for tens of thousands of years."

Ye Chen slightly shakes.

He didn't understand that the devil had such a story.

On that day, all the power used by the eternal holy king and the devil emperor was probably the power of the demon Kingdom and the magic pulse.

"Then why is the magic sea? I found that the outsiders were imprisoned outside, and no one survived."

Ye Chen asked.

The demon lord laughed: "the formation of the magic sea is because there is a foreign Warcraft living in that magic vein."

"The devil emperor suppressed the foreign Warcraft with great cost, and the magic sea is the blood of that foreign Warcraft."

"In that war, the blood of Warcraft outside the territory changed the fate of some demon people. They left the demon clan and stepped into the magic sea. They became the supreme existence in the magic sea. Even ten thousand years ago, some people called themselves the God of the demon sea."

"As for why I live, it's because my ancestors were contaminated with the blood of Warcraft in that war, and those guys let me go."

Ye Chen knew probably, thought of the most important purpose, opened his mouth: "then you should know the whereabouts of the devil emperor's daughter, right?"

"Where is she?"

The demon lord smiles and tells a few words in Ye Chen's ear.

Ye Chen's face changed slightly in an instant: "goodbye!"

He continues to stay here, has no meaning, the devil daughter wants to rescue, more difficult than he imagined.

Here continue to walk forward a hundred miles, there is a palace!

In the whole palace, there are so-called royal families!

They are called the descendants of the God of the sea of demons. The demon lord can survive only because he has signed the soul contract.

The price of selling one's soul and getting a chance to live is only that one can never step out of the sea of evil.

The daughter of the devil emperor was imprisoned in the palace of the demon God royal family, and, because ye Chen made a big disturbance to the palace of the demon emperor not long ago, the king and the devil dust could not enter the magic sea, but he could still negotiate with the royal family and let those people promise to offer the daughter of the devil emperor as a sacrifice to the God of the demon sea three days later!

Ye Chen doesn't know the strength of the God of magic sea, but I'm afraid it's also very strong!

After a hundred miles' journey, ye Chen speeds up and takes two days to see a palace in front of him.

It's a palace, but an old castle is more accurate!

The whole castle is black, and the cold breath makes people shiver.

Ye Chen sees the outside of the castle, a strong man in a black robe.

At the top right of the robe, a ferocious head is carved.

This should be their faith, the God of the magic sea!

Ye Chen took out the beast decaying sword and the gods and Demons spear in his hand, and the devil emperor's daughter was in it.

He wants to break into it by force, leaving him only one day, when he can't say, he has to face the God of the magic sea.

Ye Chen is not sure that he can defeat the God of the magic sea.

"Outsiders, if you want to get the soul contract, come back in three days!"

The royal family of the God of magic sea, seeing ye Chen, thought he was another outsider who wanted to survive.

Ye Chen grabs the beast's decaying sword, and his immortal sword will burst out directly.

He wants to take away the devil's daughter, between the two is doomed to be the enemy!

In that case, there is no need to waste too much time.

The beast decayed sword waved out, and a sharp sword light suddenly rushed past.

Boom!

A sword burst out a dull sound, the whole magic sea surface, constantly aroused a layer of spray.

The whole body of the strong man in the magic sea is cut in two, and ye Chen rushes directly into the castle.

Whoosh! Whoosh! Whoosh!

Three figures appeared in black robes.

A look at these people, extremely strange.

His own injury has not recovered, in the magic sea will limit their own strength.

It's not easy to beat the three strong men in front of you!The breath on Ye Chen's body, continuously diffuses, in his back, kills the intention to gather.

The evil spirit of the body, constantly gushing out, wanton spread!

Ye Chen's body, a gold and a black, constantly flashing dazzling light.

Immortal spirit body and devil body, two kinds of constitution coexist!

The coexistence of angels and demons!

Ye Chen's whole body suddenly rushes past.

With a flash of wind and thunder, he reached an extreme speed as fast as a fox, and the meaning of ten thousand demons broke out. His mouth murmured: "ten thousand demons thunder sword!"

The breath of thunder sword sweeps around, and there are layers of arc condensation in the magic sea of thousands of miles.

The surrounding temperature, in this moment, is constantly falling!

There was no change on the faces of the three men in black robes. Only one of them, holding out a finger!

The corner of the mouth appears a trace of sarcastic smile!

This finger, did not twinkle any light, on the contrary, ye Chen's face, but has become abnormal ugly.

He found that his body was unable to move!

The internal confinement is accelerating the flow, and the breath in his body is suppressed in an instant!

The royal family of the God of magic sea can use the forbidden power of magic sea!

This let Ye Chen completely did not expect!

The energy in his body is constantly trying to burst out and break away from the shackles, only to find that it has no effect at all.

"In the sea of demons, our royal family is invincible

One of the men in Black said directly!

Ye Chen's mouth shows a trace of bitter smile, originally he planned to be very good!

No matter how strong the magic sea royal family is, he is confident that if the God of the demon sea does not appear, he will be able to escape with his daughter.

Who knows lose the first battle!

The magic sea royal family can easily imprison his body.

"This boy, with his strange breath and distinctive blood, is dedicated to the God of the magic sea."

The man said directly.

Just now, the momentum of the other side has been able to kill the middle of the seal territory.

Absolutely extraordinary, dedicated to the demon lord, will be more satisfied.

At the moment, ye Chen has been imprisoned. Two strong men came to him and trapped Ye Chen with his skills, and even threw him into the dungeon mercilessly.

Chapter 2258

Entering the dungeon, ye Chen finds that there are no prisoners. Originally, he thought he could meet the daughter of the devil emperor, but he didn't want to be here.

Ban in the body, so that he can not use any force, ye Chen must find a way to solve.

If not, in the face of any royal family, in the magic sea will be suppressed.

Immortal spirit body and devil body have no effect at all. They can't move even if they are called moving in the body.

Not even soul skills.

What is the origin of the blood of Warcraft and why can it form the sea of demons?

At this time, ye Chen found a trace of strange!

Ling Feng Shen pulse in the body, slightly moved, this time even had a reaction.

Is this the particularity of Ling Feng's pulse?

It's impossible to use Lingfeng's pulse to lift the prohibition in the body.

This let Ye Chen see hope, Ling Feng Shen pulse from the body constantly gush out.

Little by little activation.

An hour passed, ye Chen was shocked to find that most of the prohibitions in the body had been lifted.

Using Ling Feng's pulse, he can even stop the prohibition in the magic sea.

Then he won't have to worry about the magic sea.

However, ye Chen knows that Lingfeng's pulse, as a part of reincarnation, is definitely not so simple!

This role is only the tip of the iceberg!

The time of the day soon passed, ye Chen did not leave in the dungeon.

Now he does not know the position of the daughter of the devil emperor. He can only wait for the God of the magic sea.

At that time, the daughter of the devil emperor will naturally appear, and then try to rob people from the God of magic sea.

In the dungeon, there are two royal families of the God of the magic sea. They take a look at Ye Chen, grab his two arms and take them away directly.

Ye Chen did not resist, has been silent, two people with him in the castle inside half an hour, came to a room.

In the room, there is a five-star altar.

In the center of the altar, there are some black ancient magic stones!

Ye Chen came in and found only himself, which made him frown.

Why hasn't the devil's daughter appeared?

He was locked in the room, and the two royal warriors had already left. After a long time, the door of the room opened.

There was a woman with a veil on her head and no face. She was dressed in black, and her beautiful white legs were exposed in the air.

3000 green silk scattered on the shoulders, each step twist waist.

She stood aside, no words, unique and independent!

Ye Chen suspects that this should be the daughter of the devil emperor. Now that the God of the devil sea has not appeared, it is definitely the best time to escape.

"Are you the daughter of the devil?"

At this time ye Chen came to her side and said directly!

The woman raised her head, twinkling eyes looked at Ye Chen, the cold voice said: "is how, not how! Who are you! "

Ye Chen raised her eyebrows, grasped her hand, and said directly, "follow me!"

Now he doesn't have time to explain too much. He can only leave here first.

The prohibition of the magic sea has no effect on him, and it is not easy for the royal family to threaten him.

"I can't leave. If you want to be able to leave, run away! My soul has been manipulated by the sea of demons. "

"Once you leave, you'll die."

"My destiny will end with this sacrifice."

"Relief."

The whole face of the devil became ugly.

He also understood why, for such a long time in the past, the daughter of the devil emperor was able to survive in the magic sea.

Because of the limitation of the soul contract, we can't leave the magic sea at all.

If you want to break the soul contract, I'm afraid you can kill the God of magic sea.

Ye Chen's mouth reveals a trace of bitter smile. Relying on his current strength, is the God of the magic sea so easy to kill?

If you want to kill the devil sea god, I am afraid there are some unrealistic.

As he thought about how to solve the problem, a flash of light came from the whole altar.

The altar was buzzing, and the air was flowing through the room.

In the middle of the altar, there is a black shadow!

His face is ferocious, and there are two black horns on his head. His cold eyes are staring at Ye Chen and the daughter of the devil emperor.

An endless bondage is like a giant beast devouring Ye Chen.

With the beast decaying sword and the gods and demons in his hand, ye Chen's whole face was a little gloomy.

The momentum of the body suddenly burst out, and the speed of Lingfeng pulse and red dust God pulse was accelerated to the extreme, and the whole person directly rushed to it.

In the moment he rushed past, the magic sea god mouth showed a trace of disdain smile.

With a wave of his hand, the momentum of heaven and earth around him suddenly poured into his palm. A slap down, the whole room four or five split!

At this moment, the gods and demons of the gods and demons in the sky were raised, and the sense of a gun was constantly filled with terror.

Boom!

The moment the two touch each other, a trace of blood spills from the corner of Ye Chen's mouth.

Qi and blood in his body constantly surging.

Whoosh! Whoosh! Whoosh!

The royal family of the God of the magic sea rushed to see ye Chen's figure and was furious.

During the sacrificial ceremony, he even made a move to the God of the magic sea!

If you don't know how many of them want to die!

Kill!

They kill opportunity surging on body, wish to give ye Chen to big pieces!

The devil emperor's daughter flew to the void, and the evil spirit on him kept surging.

Evil spirit wantonly comes out, slender jade hand, stretch out a finger!

A finger of the devil!

Boom!

A finger falls, the wind and cloud surging, heaven and earth lose color.

Pooh!

Rush in the front of a strong person, directly fell!

Ye Chen is a little surprised, can't believe that the daughter of the devil emperor should have such strength!

The magic finger is obviously stronger than yourself!

.....

At the same time.

The kingdom of God, the temple of heaven.

Xuanyuan ink evil cross legs and sit, eyes closed.

There was a faint flame around him, which represented his anger.

He didn't know how many people he had killed these days.

The Dragon God is still missing.

Is it that his so-called cards have fallen completely.

This is not a good message.

It's easy to be in a high position.

But it's extremely difficult to stay in this position forever.

Under the stage, one by one a powerful God knelt in front of Xuanyuan moxie, his body shaking.

They know that life and death are in the man's mind.

"I've given you a chance again and again."

"For so many days, I haven't been down yet."

"There are some costs you have to bear!"

Close the eyes of Xuanyuan ink evil killing cohesion, five fingers a probe, just want to hand! Above the sky, a dragon song suddenly rings out!

This dragon chant is painful and long!

Even with a whine!

Xuanyuan ink evil eyes suddenly open, his eyes are ecstasy!

This is the voice of the Dragon God!

He's not dead. He's not back!

Xuanyuan ink evil into a shadow, an instant appeared in the gate of Tiandao palace.

He gazes at the sky, the void tears! A black shadow falling straight down!

"Bang!"

Dust rises!

The whole Tiandao palace seems to usher in an earthquake!

The dust dissipated.

Xuanyuan's body is shaking.

The anger of his eyes is more terrible!

Just because the Dragon God in front of me is scarred!

A dragon horn is broken!

The most important part of the dragon was broken in the battle with the mysterious blood dragon!

Chapter 2259

Xuanyuan ink evil step by step toward the injured dragon god.

Soon, his steps stopped.

His hand touched the wound of the Dragon God.

In the heart rises crazy tyrant's anger, he wants to suppress!

But it can't be suppressed at all!

Behind him was a blazing flame.

As soon as the flame comes out, the whole world seems to be burning out.

Naturally, those subordinates in the heavenly way palace of the kingdom of God also saw this scene.

They felt the ground hot.

It's like magma.

They know that the Dragon God is the most important mount and partner of Xuanyuan moxie.

Great strength!

The key, so the existence of adverse weather, why will be injured?

They know that after today, the whole world, the land of Lingwu and even the kingdom of God will bear the anger of this powerful man.

At this time, Xuan Yuan Mo Xie opened his mouth.

"Everybody, get out of my sight."

"Also, after an hour, let the Taoist Tianji come to Tiandao palace."

Hearing these four words, Xuanyuan Mo Xie's men were stunned.

An old man hesitated for a few seconds and then said, "master of the palace, Tianji Taoist is in seclusion, but he asks about the world..."

Xuanyuan ink evil cold voice again: "I don't want to say the second time, an hour later, I must see him."

The old man's face sank and he could only arch his hand and say, "I'm going to invite you."

Soon, there was no one around.

Only Xuanyuan ink evil and the wounded Dragon God.

Xuanyuan ink evil Mou son a coagulate, force out a drop of blood essence on the Dragon God in the hot sky, and then, finger pinches Jue.

In the mouth of the Dragon God, a stone tablet suddenly appears!

A stone tablet, a colorful light around the moment!

If ye Chen is here, he will surely find that this stone tablet is a reincarnation xuanbei he has been searching for!

"Summer, who hurt you?"

If I saw him, he would fall into the abyss

Xuanyuan ink evil light language, that reincarnation xuanbei sends out the bright star light to fall on the body of the Dragon God in the hot sky.

It's enough time for a stick of incense.

The Dragon God's body moved in the hot sky.

A pair of longan slightly opened.

Xuanyuan Mo Xie's eyes were surprised and dignified, and quickly opened his mouth and said, "what happened in the summer?"

"Where is the beast that hurt you?"

The Dragon God spat out a mouthful of dragon blood and said, "I don't know..."

"We have torn the void and stepped into the battle of chaos. I have broken the dragon's horn, and it has been wounded."

"I've never heard of it Too strong... "

"What's more, the blood dragon actually controls all kinds of beast fighting skills."

"The dragon is supposed to use the art of dragon, but it can command all kinds of animals. It's really against the heaven..."

"Fighting it, I felt the danger for the first time."

Xuanyuan ink evil eye son a cold: "that it now whereabouts, no matter how, it hurt you, this threat, I must erase!"

Yan Tianlong shook his head: "I don't know. Although it is powerful, its body is not stable. I vaguely remember that it was seriously injured and its blood stained body seemed to be torn I don't know if I'm still alive. "

"If you send someone to Jiutian Shenlong hall, we must make sure whether it is still alive..."

"The dragon's threat is not weaker than that mysterious boy It's even more dangerous

Xuan Yuan Mo evil eye son is gloomy, ponder for a moment to open a way: "don't worry, anyone involved in this matter can't run away."

"I've sent for Tianji Taoist. Their real nightmare has just begun!"

"For thousands of years, no one in the world can shake the kingdom of God!"

"It was, is, and will be in the future!"

.....

In the castle.

The evil emperor's daughter means emerge in endlessly, the magic skill is frightening.

Endless evil Qi seems to be her weapon.

Ye Chen can't help feeling that his blood and genes are really destined to go far in his life.

If the devil's daughter is not trapped in this sea of demons, perhaps, it is this woman who controls the demons and Jiuyou.

Ye Chen quickly recovered what he thought.

There are many strong breath of existence surging!

He was devoured like a beast.

Ye Chen's immortal body burst out bright golden light and saw the three strong men rushing over.

The beast decayed sword in your hand, wave it out!

The sword swept, the building was cut in half, and three bodies fell into the sea of evil.

A strong man came to Ye Chen's door. He didn't know when a huge axe appeared in his hand!

The axe suddenly cut down in the cold light!Ye Chen dodges its edge, the figure constantly retreats, one axe cuts in the magic sea above, causes the rough sea.

The God of magic sea watched quietly. His servant was enough to deal with two mole ants.

A steady stream of strong people rush to Ye Chen!

Ye Chen knows that you can't keep your hand any more!

This place is full of evil spirit. The means the devil emperor taught him is enough to deal with!

And the daughter of the demon emperor in the distance naturally pays attention to Ye Chen's side.

There was a faint smile on her lips.

In her opinion, ye Chen is so powerful that he is not a demon. He even wants to save her.

It's ridiculous!

But the next moment, the expression of the devil's daughter changed.

Roar!

See ye Chen's figure suddenly become big, the whole body sends out the murderous spirit of terror, spread around.

Jiuyou Shura!

The figure of the giant appears in front of the public. At the moment, the royal family of the God of the magic sea looks very small, just like a mole ant.

Summoning Jiuyou Shura in the magic sea is just the right time, the right place and the right people!

Hum! Hum! Hum!

In the back of Ye Chen, six arms are lifted up and a finger is also extended!

A finger of the devil!

Use six fingers to urge hair, this is Ye Chen's first attempt!

Jiuyou Shura itself is also a demon. There is no problem to urge a finger of a demon.

The magic spirit of the magic sea is pouring into Ye Chen's body. The magic sea is full of huge waves and clouds are gathering in the void!

Boom! Boom! Boom!

Six fingers fell in an instant, aiming at the strong people sweeping around!

His fingertips form a small black whirlpool, and the black light strikes the bodies of those who are strong in the magic sea.

Stab!

The space is cut into two parts. When the devil's finger falls, a huge whirlpool appears in the magic sea.

The strong ones screamed and the whole body exploded.

There is no resource in the magic sea. It has reached the peak when you can cultivate to such a level!

Ye Chen is not restricted by the magic sea and is unscrupulous. He is not afraid of anyone except the God of the magic sea.

When so many strong people fell, the royal family around them unconsciously stepped back two steps.

They look at Ye Chen's eyes, has completely changed into panic!

Such strong people have been killed by seconds, and they just die when they rush forward.

Magic emperor's daughter, looking at Ye Chen's figure, a glimmer of color flashed between her beautiful eyes.

When can a warrior in Xingqiao state summon such a powerful Jiuyou Shura?

He even used Jiuyou Shura to release his father's demon finger!

It's crazy!

You know, the power of the demon finger is not the ordinary strong can bear!

Not to mention the use of six fingers!

Chapter 2260

She can feel the difference between Ye Chen.

Even set off a storm in the heart!

The God of magic sea looks at Ye Chen's figure. He doesn't know what he's thinking in his mind. A glimmer of light flashed through his eyes!

"Surrender to me and give you supreme strength!"

Ye Chen turns to look at the magic sea one God, the corner of the mouth reveals a trace of sarcasm.

"You don't deserve my submission!"

As soon as the voice fell, his whole figure rushed over.

So far, he can not see the strength of the God of the magic sea, only feel terrible!

However, what is presented at the moment is only the shadow of the God of the magic sea.

If the noumenon is there, ye Chen will be killed by a finger.

But this shadow, at most, can seal the peak of the nine layers of heaven, and he has a chance to win!

"Beyond my ability!"

The God of the magic sea disdains to smile and condense with one finger. The sea water of the magic sea seems to be alive, forming a whirlpool that entangles Ye Chen's body.

The devil's daughter came to Ye Chen's face, just ready to hand, but found that her body, has been unable to move.

Her soul has long been sold to the God of the magic sea and become a slave!

A thought can decide her life and death if she wants to.

"If you want to live, surrender to me!"

He valued Ye Chen's potential. It's impossible for him to get out of this ghost place!

Ye Chen's eyes twinkle with stubbornness, which is afraid of death, will not submit to anyone!

This is his pride!

The God of magic sea frowned, and he could see the pride in Ye Chen's bones.

Hum! Hum!

Under Ye Chen's feet, the magic sea appears a huge whirlpool!

Whirlpool entangles Ye Chen's body, does not enter into the sea water, the magic sea god's virtual shadow, also flash away!

When ye Chen opened his eyes, he found that he had come to the deepest part of the magic sea. He looked up and found a pillar on which the God of the magic sea was wrapped.

His body is wrapped in a golden chain. If he moves slightly, a golden Rune will appear to suppress his body.

Ye Chen found that his body was dripping with dark green blood all the time.

Is it not to say that the whole magic sea is formed by his blood?

It's hard to imagine how the God of magic sea can survive till now!

Ye Chen thought of the demon lord's account, then opened his mouth: "you are that foreign Warcraft?"

The God of magic sea shook his head: "no, you don't have the right to know about it."

"From the moment you hand it, I feel the blood in your body, which seems to suppress me..."

"It's weak, but it's not wrong."

"If I'm right, you're a mystery."

"Even with the kingdom of God."

"There are no more than three people who can suppress my blood."

Ye Chen brow slightly a frown: "what do you want to say in the end?"

"If you don't want to submit to me, you might as well make a deal with me."

As soon as the God of magic sea opened his mouth, he found the golden runes rolling around him, tearing his body.

"I'll give you five years to defeat Tiandao palace and rescue me. If I don't agree, though I'm trapped, I can easily kill you."

Five years, for the strong, fleeting.

Ye Chen did not open his mouth, he and the heavenly way Palace also have some enmity.

One day I will stand on the opposite side of Tiandao palace.

Five years is too short, even ye Chen is not sure. After five years, he will be able to fight with heaven.

"For five years, I'm not sure to beat heaven. I can only do my best!"

Ye Chen did not say full, once he promised things, will do their best.

"If you can't do your best, you must defeat him. I hate it! Ah

The God of the sea of demons roared and the golden Rune flashed in an instant to suppress his breath.

Above the sky, a shadow guarding this place seems to notice something and stretch out a finger!

A finger fell from the sky to the depths of the magic sea in an instant, and the golden Rune burst out into a bright light.

The light fell on the body of the God of the magic sea, continuously flowing out the dark green blood.

"Ha ha! Even if you torture me, you can't kill me. "

At this moment, the God of magic sea completely became a little crazy, even crazy!

Ye Chen is quietly watching, even if he wants to rescue the God of the magic sea, relying on his current strength, is still not enough!

"Five years! I'll only give you five years! "

The God of magic sea stretched out a finger and fell into Ye Chen's mind.

At this time, ye Chen found that a ban appeared in his mind.

"If you don't kill Tiandao palace in five years, the prohibition in your mind will explode automatically!"Ye Chen's whole face became gloomy. He hated threats most. What's more, a ban appeared in his mind.

It can explode at any time, and your life is not in your control.

"That woman's soul contract has been released, you can take her away."

"What's more, since I want you to help me, naturally I won't let you help me for nothing. There is still a force in your body that I left behind. This power, at a critical moment, is enough to save your life."

"Of course, if I'm still trapped five years later, it's enough to kill you."

As soon as the magic sea god's voice falls, ye Chen finds that his body is actually out of control.

When he opened his eyes again, he was already in the castle.

The royal family of the God of magic sea originally wanted to capture the daughter of the devil emperor, but found that ye Chen's figure had appeared.

What's the situation?

Ye Chen is still alive!

They had thought that ye Chen was taken away by the God of the demon sea, and he would not be able to leave alive!

"Go away!"

Ye Chen is too lazy to pay attention to them and comes to the daughter of the evil emperor.

"Your soul contract has been released, leave with me!"

The devil's daughter nodded slightly, and she had found that the prohibition in her soul was lifted.

The two people left, and the royal family of the God of the magic sea did not stop them.

So many strong people have died, and they rushed to die.

The soul contract is released, but the devil's daughter is still unable to fly in the sky.

Ye Chen grabs her hand and takes her to the void.

The devil's daughter has been found, and only the resurrection of the devil is left.

It's not easy to resurrect the demon emperor. Although the blood essence has been obtained, it is only the first step to resurrect the demon emperor.

After all, in the black crystal sarcophagus, it was the critical moment for the demon emperor to reunite with the body, because the sword of extermination failed.

From the magic sea out, ye Chen found in the void, two sharp breath swept.

"Well?"

Ye Chen brows a frown, is Jun demon dust not dead heart, afraid that he did not die in the sea of evil?

When the two figures appear, their eyes see the moment Ye Chen, showing a trace of extreme panic.

How could someone enter the sea of evil and come out safe?

How could that be possible!

Magic sea is the real dead sea!

No one ever gets out of it!
