Chapter 2261

The two of them were the strong ones in the later period of fengmenjing. In order to be on guard, Jun moochen specially asked them to check.

Originally, I planned to leave after a month, but I couldn't wait for ye Chen. Who knows

When he saw the woman beside Ye Chen, his eyes became ugly.

The devil's daughter! Come out alive!

If you know this, you will be angry.

They don't know what's in the sea of demons, but the warriors who go in are already dead. However

They're completely disorganized inside.

Now is not the time to think about it. Since ye Chen has come out, they can take it back.

Maybe the more training resources they control, the more they will control!

You can become the Iron Army under the command of the king and the devil!

"You stand back, I'll take care of these two people!"

Ye Chen stretched out his hand and stopped in front of the devil emperor's daughter in a cold voice.

The next second, however, his arm was a little stiff.

Because at that moment, he even touched a trace of softness.

Ye Chen Yu Guang swept a glance to the daughter of the demon emperor, only to see the other side's eyes full of anger.

"If you do something to me again, I will use taboo to burn your spirit."

Ye Chen coughed: "accident."

"Wait until I get rid of them."

With that, ye Chen stepped out.

The two elders of the devil's palace, see ye Chen's mouth reveals a trace of sneer.

They are not afraid of Ye Chen at all, except for the fear of a demon.

And that day's demon finger was not released by this boy at all!

Two elders bow left and right, besiege Ye Chen!

Ye Chen Mou son a cold, beast rotten sword and Zhutian God magic gun, simultaneously grasps in the hand.

"Broken star!"

Ye Chen's mouth murmurs, Zhu Tian magic gun in this moment, suddenly stretched out.

The veins on his arm burst out and the terrible gunshot spread.

The gun is intended to fly in the void and condense on the gun of Zhutian God and demon.

The gun did not arrive, but the meaning of the gun had already condensed into substance, tearing the robes of the two elders.

The two elders took out their weapons and rushed to Ye Chen.

One sword and one sword kill Ye Chen, and the meaning of the sword is flying around.

Bang!

Zhutianshen magic gun block a sword, ye Chen in the hands of the beast rotten sword immediately lifted up.

In this moment, the power of the law of the body flows, and a sword is wielded.

In the void, condenses into a layer of ice, entangles one person's legs.

During the controlled breath, the elder broke free from the ice.

Although only a breath of time, but for ye Chen is enough.

Ten thousand demons thunder sword fell in an instant, let the elder retreat its edge.

At this time, the shadow of two divine beasts appeared behind Ye Chen.

White tiger, unicorn!

Powerful voice!

Another elder is trapped by the shadow of two divine beasts.

"You and I cut off the shadow together!"

"This boy has some evil sects. Take down his head directly and present it to the devil!"

"No need to live!"

Two elders a knife and a sword to solve, found that ye Chen has extended a finger.

The evil spirit was surging wildly. Seeing this finger, the whole face of the two elders changed greatly.

At the beginning, ye Chen killed the gate with one finger, which was still vivid in their mind!

The two elders looked at each other and decided to join hands to resist the demon.

Otherwise, if you are alone, you can't resist it.

The swords and swords on their bodies are constantly breaking out, which forces two drops of blood essence!

Blood essence burning!

One sword, one sword, two extreme rays of light fall in an instant.

Ye Chen's eyes look at two people, at the moment his demon finger has been formed.

One finger fell in an instant and confronted the sword light.

Boom!

Explosion like sound, burst out in an instant.

The aftershock of terror makes Ye Chen's figure recede slightly.

He underestimated the strength of the two men.

Blood essence burning, actually released the strength close to the peak of sealing door!

At the moment, his face was a little pale, consuming too much energy in his body, but he didn't stop and didn't intend to waste time and sacrifice several long swords.

Throw it out all of a sudden!

"A thousand soldiers explode!"

The soldiers of time and space are in the void. There is a buzzing sound, and the breath of terror suddenly diffuses out.

Boom!

The earth shaking sound, the entire void is blown up by constant concussion.

Ye Chen's eyes are looking at the front. He doesn't know what's going on with the two elders. I'm afraid it's not very good. Two elders inside the mouth, spit out a mouthful of blood, they are now gray head gray face, body have large and small injuries.

Eyes inside looking at Ye Chen, they are about to explode!

The two powerful men who sealed the door have not won Ye Chen, and they have been disgraced!

Of course, their hearts are more fear, ye Chen means endless, let them all feel a trace of fear.

"Still alive?"

"It seems that you have been sent here for no reason."

The beast rotten sword suddenly waved out, two extreme sword light, crazy rushed past.

At this time, the figures of the two elders suddenly disappeared into the void.

In Ye Chen's back to feel the strong killing machine, he turned, Zhutian magic gun directly stabbed out.

One shot goes down and he penetrates the abdomen of another elder.

The evil spirit of the beast decaying sword gushed out.

Bang!

A cloud of blood fog broke out, an elder of the devil's palace fell!

Another elder, holding a sharp sword, became completely crazy and waved a sword.

Ye Chen raised the beast decaying sword in his hand to resist, and the figure kept retreating.

When he retreats, the soul skill is directly used!

The elder is a second late!

Pupil dilation!

"You are still a soul monk! How could... "

Words have not fallen, Zhutian magic gun at this time directly lifted up, a shot pierced his chest.

Pooh!

The last elder, a mouthful of blood spurted out of his mouth, and the whole figure retreated.

When he retreated, he ran away without any hesitation!

Now he has been injured, if you want to kill Ye Chen, it is unrealistic.

Ye Chen saw this scene, the whole person directly rushed over, absolutely can't let the elder of the devil's palace leave.

If not, you will know.

His situation in the devil kingdom will become more dangerous.

One after another, the ultimate sword light is constantly waving out, and the elders of the devil's palace constantly dodge.

His speed has been played to the extreme, but ye Chen is still in the back.

I'm afraid it's not so easy to leave!

The elder of the devil's palace clenched his teeth and pinched his fingers. His whole body was burning.

The surrounding heaven and earth were all pouring into his body.

In order to live, even if the loss of their own everything, also at all costs.

Ye Chen brows tightly locked, had been about to catch up with, but the other side's means is too strange, has gradually opened a distance with him.

If you want to catch up with it, you can only go back the same way.

In time, if this is a trick to lure the tiger away from the mountain, the daughter of the devil will be in danger.

Chapter 2262

Ye Chen returns to the original place.

The devil's daughter has been waiting in situ, her face is still a little red.

"Next, where are we going?" Ye Chen said, "by the way, what's your name?"

The devil emperor's daughter looked at Ye Chen and said, "Twilight smoke."

It's extremely simple.

"As for where we are going? There's a place I have to go. "

Ye Chen slightly one Zheng: "where?"

"Devil's road sect!"

The news that they are alive will surely reach you.

When the time comes, the warriors of the whole demon clan will pursue and kill them.

Along the way, twilight smoke introduced something about the devil sect.

The leader of the demon sect was once a subordinate of the devil emperor. He was seriously injured in the war in ancient times. He was lucky enough to live and anonymity was established in the demon clan.

Always wanted revenge.

It's a pity that the means of the king and the devil's dust are connected to the sky.

For thousands of years, there is no right to revenge.

Ye Chen has nowhere to go now, and decides to listen to the advice of dusk smoke.

.....

At the same time, the devil's palace, the escaped elder came to the main hall of the king's magic dust.

At the moment, his strength has fallen and his whole body is stained with blood.

This life has no hope to break through to Taixu again!

After the elder reports, Jun demon dust eyebrows a wrinkle, the eye son offends cold: "your value arrived here."

Two such strong people let Ye Chen kill one person, but also successfully escape, is a waste.

If he was in the state of Taixu, he would still stay, but he had fallen into cultivation and there was no need to continue to live.

"The shadow!"

As soon as Jun demon dust opened his mouth, a bloody figure appeared behind him.

The shadow was in a black robe, with a mask, and could not see his face clearly.

"They should still be in the demon clan. Now, I give you all the rights. Go to find Ye Chen and the daughter of the devil emperor. If you can't bring them back alive and kill them directly, and take extra tokens, the subordinate forces of the devil's palace will obey your orders and take them down!"

The shadow took the token and disappeared into the air.

Jun moochen sat alone on the palace, frowning.

Ye Chen does not die for a day, which is a potential threat to him.

If one day the demon emperor resurrects, he will never be let go.

Jun demon dust must strangle the potential threat in the cradle.

At this moment, there was a trace of fear in his heart!

The shadow of the evil emperor has been hidden in his heart, lingering!

Ye Chen must die!

.....

Along the way, ye Chen and the daughter of the devil emperor disguised their breath and rushed frantically.

The magic way sect is far away from the devil's palace, and they two people are crazy on their way. They only spend one day, they have come to the outside of the devil's sect.

The devil's daughter took out a token with an emperor's character on it!

As soon as the token appears, the surrounding demonic Qi is constantly pouring in.

In a quarter of an hour, a middle-aged man appeared, who was the leader of the evil way sect.

"You You are your highness

At the moment, the daughter of the devil emperor has restored her original face, wearing a veil. In addition to seeing her face clearly, her breath and the token in her hand let the Lord of the demon sect confirm her.

It must be the devil's daughter!

"It's not convenient to talk here. Let's go in."

The daughter of the devil emperor spoke directly, and the leader of the demon sect nodded slightly and took two people to a secret room.

"Your Highness, you are still alive. If the devil emperor is alive, you will be very happy."

The Lord of the evil way sect, with tears in his eyes, ye Chen has been observing.

If there is anything wrong with him, he will directly kill him.

In the past so long, who knows if he is still loyal to the devil emperor.

If you are the puppet of the king, you will be in trouble.

Next, the devil's daughter and the patriarch talked about some things, ye Chen has been quietly listening to one side.

After a stick of incense, two people came out of the secret room, but they had completely become two others.

They decided to hide in the devil's sect and become a disciple. They can't worry about resurrecting the devil emperor.

The next time, Jun demon dust will certainly look for them at all costs!

Maybe even here!

In the demon clan, ye Chen's wanted has already been cancelled, and has completely reappeared in the public's view.

Originally, the warrior of the demon clan thought that ye Chen had been solved by the emperor's palace. However, it seems that this is not the case.

The devil's palace failed!

In the three days of the devil sect, ye Chen is thinking about how to revive the devil emperor.

You can't resurrect completely if you own the blood essence of demon emperor alone!The most important thing is to resurrect the evil emperor, which will surely lead to the heavenly way palace and the king's demon dust!

That vision must shake the world!

if you go against the sky, the heaven will surely bring down thunder.

What's more, the resurrection of the devil emperor, and the way of heaven!

How could the heavenly way watch the demon emperor resurrect? At that time, the heaven itself would appear

"Ye Chen, I'm going to look for my old subordinates before my father!"

"There is no way out now."

"I want revenge."

"At that time, although my father fell and countless strong people around me died, but eventually a group of people survived."

"Our power is too weak, the search for Jun and demon dust will not stop. If you and I do not take the initiative, we will be found."

"At that time, we will not be able to fight against the dust of the king."

On this day, the daughter of the evil emperor came to Ye Chen's room.

She knows Ye Chen's name, but ye Chen only knows her name is twilight smoke, and the specific name is not clear.

"Is it reliable?"

Ye Chen brows a frown, if it is him, I am afraid will not look for.

People will change!

"I don't know!"

The daughter of the evil emperor smiles bitterly. Since she is out of trouble from the sea of demons, she must solve the problem in her lifetime.

At that time, the king and the devil were on the top of the throne and killed most of his subordinates. Only a small number of them were anonymous and escaped.

Ye Chen decided to have a try. It would be better if we could win over some strong ones!

The two of them came out of the devil's sect and went to the magic bone mountain!

The magic bone mountain is one of the ten forbidden mountains of the demons.

White bones are numerous, just like the skeleton of ten thousand demons.

It's dangerous here. Ordinary people dare not get close to it.

Only because the people on the mountain of magic bones are strong demons who have enemies with some sects or practice independently.

The cultivation is unfathomable!

According to legend, there is a strong man at the peak of Taixu, hiding in the mountain of magic bones.

There are all kinds of natural array in the magic bone mountain. Some strong people dare not come in.

Will create the devil's paradise!

When you come to the mountain, you will find all kinds of ghosts and bones.

These are all natural arrays, formed naturally. On the way to the residence of the strong man, they have inquired the Lord of the evil way sect.

After ye Chen and they stepped into the magic bone mountain, the shadow appeared outside the mountain.

Behind him was an army of incomparable strength.

Enough to kill the strong in Taixu!

What's more, ye Chen of Xingqiao state!

Chapter 2263

This team is subordinate to the palace of the devil.

As for the remaining evils of the devil emperor, there is one in the magic bone mountain, and they have known for a long time.

But the devil emperor has died, the only daughter also fell into the sea of evil.

I didn't pay attention to the remaining evils of the devil emperor!

Now it's not the same. The devil's daughter has appeared. It's impossible to gather the remaining evils of the past.

"You all go in and look for the old monster he!"

At the beginning, one of the demon emperor's men was seriously injured, but he Rong was not dead.

After fleeing the magic bone mountain, there was no news.

The shadow left directly after saying that. He just had to wait for the news quietly.

Not only that, the remaining evils of the devil emperor have been arranged to go to the extermination.

Ye Chen and dusk smoke are not clear about all this. They go forward together and meet some arrays on the way, which can be solved easily.

In the distance he Rong's residence, only one hour left, but was stopped by an old man full of blood evil spirits.

The strength of the old man is extremely strong, eyes pan greedy, see ye Chen and twilight smoke two people, naturally feel that these two people's identity is not general.

There are no rules for the demons!

Magic bone mountain, especially!

"Hand over the storage ring and everything you have on you, including your clothes, and I can let you go!"

the old man's endless evil spirit swept over, and the cold voice fell down!

Ye Chen shook his head helplessly: "do you really want to stop me?"

Holding the sword in my hand, the ghost's figure rushed directly.

When the old man saw Ye Chen rushing over with the beast's decaying sword in his hand, his face showed a strange look.

It was the first time that he met. Xingqiao warrior dared to attack the strong in the later period of the Fengmen realm, but he didn't care. It was just a mole ant. Even if he had some courage, it was nothing more.

It's a pity that when ye Chen beast's decaying sword falls, he feels that his idea is totally wrong.

A sword fell, as fast as lightning, fengmenjing old man was unprepared, a sword directly cut off his arm.

The eagle fights the rabbit with all its strength!

This is what happens when the old monster belittles the enemy.

Ye Chen's decaying sword is constantly waving out, and the old monster is losing. His eyes have become completely shocked.

At the moment, he did not want the so-called murder, just want to escape.

Where in the end is this monster? The star body state is running after the strong one in the sealing door environment.

"Isn't it too late to escape now?"

The corner of Ye Chen's mouth reveals a trace of sneer, and the law of time diffuses in the air.

He reaches out a finger, the soul skill attacks directly! And, the breath of the law of time, constantly condensed in his fingertips.

The old man found his own speed, became extremely slow, a finger suddenly fell on his body.

At the speed visible to the naked eye, his body directly becomes old and his figure falls to the ground from the void.

Ye Chen came to his side step by step, and his sword fell on his neck.

"No Don't kill me. I'll give you all my treasures. "

Originally thought it was a soft persimmon, who knows how to kick it completely on the iron plate.

"I'm not going to kill you!"

Ye Chen's mouth a little evil smile, and then a golden light into the old man's eyebrows.

In less than three minutes, the old man's eyes completely lost color.

Like a puppet, standing behind Ye Chen.

"Take me to He Yun!"

The devil's daughter saw this scene, her eyes showed a trace of shock, and then passed away.

Xingqiao state actually controls the spirit of fengmenjing!

Still have soul skills?

Who the hell is this guy?

Soon, several people came to He Yun's residence.

Dusk smoke went in alone and came out in less than half an hour. A little disappointment flashed in her eyes.

Ye Chen just caught it and said with a smile, "he doesn't want to fight against Jun, it's normal!"

Although you didn't completely control the whole demon Kingdom, it was just a matter of time.

Especially at the beginning of stealing blood essence, I met a strong man in the kingdom of God, who might help Jun and demon dust to control everything.

At that time, the whole devil kingdom will become the world of king and devil dust!

For this result, ye Chen has already guessed that whether the demon emperor can be resurrected is still a problem.

It's not easy to rely on the devil's daughter alone, even if he is added to deal with the king's demon dust.

When they were ready to leave, a voice suddenly came: "since it has come, don't go!"

Ye Chen looked up and found that there were countless shadows hidden in the void and among the trees.

It's the peak of fengmenjing!

There are even half step too weak strong! At present, he can barely deal with the top nine layers of the gate, but there are still some difficulties in the face of the peak and half step Taixu.

The more you get to the back, the more difficult it is to kill by leaps and bounds!

So strong, ye Chen is not sure to leave safely.

The beast rotten sword and the gods and Demons gun in the hands at the same time, decided to fight back and forth!

He Rong's residence, a figure directly rushed over, wearing a yellow Taoist robe, with a whisk in his hand.

"He Rong, since you appear, you are doomed today."

One of the demons directly opened his mouth and looked at he Rong with a sneer in his eyes.

He Rong was seriously injured and his strength fell.

Now it's just a layer of sky in Taixu!

Although still stronger than himself, but that demon under the command of self-confidence, he Rong, can not change the situation.

"I don't want to be enemies with you and the devil."

He Rong didn't want to set fire to himself. Although it was boring in the magic bone mountain, he could live.

"There's no proof of it. If you kill two people, you will not only be able to leave the magic bone mountain, but also get the attention of the devil."

Hearing this, he Rong's face became a little ugly.

Ye Chen did not open his mouth, but looked at he Rong's attitude.

If he Rong is willing to make a move, they are not without any chance to escape.

He Rong pondered on the ground for a while and suddenly rushed to the evening smoke.

"Princess, I'm sorry!"

"The years have worn away my will."

"I'm ashamed of the devil. The devil is dead, but I can't be ashamed of myself."

He Rong's voice fell, has come to the front of the evening smoke, he stretched out his hand, suddenly patted in the past.

Inside Ye Chen's heart, although always on guard, but still underestimated he Rong's speed.

It's too late to get past support!

A slap fell on the body of Twilight smoke, the whole person directly flew out, spit out a mouthful of blood.

The next moment, he Rong's brush in his hand rushes past, trying to kill Twilight smoke.

At the moment, ye Chen's figure has come to the front of the evening smoke.

Zhutian magic gun, a moment to stab out!

In the moment when the two touch each other, ye Chen spits out a mouthful of blood and water from his mouth.

Taixu state is a layer of heaven, although injured, can not be underestimated!

The dust falls on he Rong's hand, and ye Chen turns to take a look at the twilight smoke:

"are you ok?"

Chapter 2264

Dusk smoke stood up from the ground and shook her head. She was seriously injured by a blow.

The strong man who besieged Ye Chen on the side did not make a move, but watched with interest.

If he Rong can solve the problem of Ye Chen and dusk smoke, it is best.

If it can't be solved, they will do it later.

This time ye Chen and dusk smoke could not escape.

"He Rong, my father saved your life, so that you can live to this day!"

Dusk smoke stares at he Rong with a look of disappointment in his eyes.

He Rong doesn't want to fight against Jun, she can understand, but to deal with her, what's the difference between him and the seller.

Ye Chen sighs, this world's sinister, not a few words can say clearly.

Originally, he thought he Rong would fight with him, and he was sure to leave.

Now it looks like it's even worse!

He Rong didn't speak. Although he knew he didn't speak, as long as he could live, what's the matter?

Ye Chen controls the xuesha old man of fengmenjing and gives orders directly.

The old man of fengmenjing rushed to him and didn't make a move. On the contrary, he had a terrible smell.

To deal with he Rong, even if the other side can't stick to a few moves, it's better to explode directly.

The damage of explosion is higher!

He Rong's whole body is constantly retreating when he sees the strong man in Fengmen's situation wants to blow himself up.

In this ten thousand years, he didn't practice much.

I can only watch my accomplishments fall!

He just wants to live!

If it is hard to resist, he will not die, but he will be seriously injured.

The dusts in his hands spread and enveloped his body.

Boom!

The sound of the explosion was deafening. There was a pit on the ground!

The dust scattered and he Rong's clothes and robes were broken.

But his face was extremely calm.

Fengmenjing exploded, so that his body suffered some shock, but only a slight injury, no big harm to his body.

Ye Chen's ghostly figure directly rushes past, the beast decaying sword and the Zhutian God magic gun suddenly lift up between them.

In the moment of lifting up, suddenly fell down!

There is no change in he Rong's face. He is just a martial artist in Xingqiao. He can solve it easily.

Whisk's white silk controls Ye Chen's beast decaying sword and Zhutian God magic gun, and then a slap suddenly takes out.

In the moment he Rong shot out, ye Chen released the beast decaying sword, clenched his five fingers into a fist and made a creaking sound.

A fist shot out, in the moment of contact between the two, ye Chen a mouthful of blood spray out, legs back two steps.

Both immortal body and demon body burst out at the same time, one gold and one black, flowing on the surface of his body.

Theology, the Qi of Gengjin, and the rolling evil spirit erupted at the same time, but it was not over. Ye Chen murmured in the corner of his mouth: "everyone has his own choice!"

"It's just your choice that chills the heart of the devil emperor!"

"A finger of the devil!"

He Rong's eyes are ferocious! Never expected Ye Chen to use the magic emperor's martial arts!

Even he seemed to see the old devil emperor!

But on second thought, this son and the princess together, this demon finger must be taught by the princess!

He no longer hesitated, the wind in his hand curled, and the meaning of emptiness was released!

Between heaven and earth, it seems to be the silk of ten thousand demons!

Try to devour Ye Chen!

At that moment, the magic leaf wrapped!

Doomed to be unable to compete!

He Rong shook his head: "I don't know whether to die or not."

"The devil emperor has already fallen. Why should we fight against the king and the devil?"

"The power of Jun and demon dust shakes the heaven and earth. If you fight against him, you will die faster."

Said here, he walked towards the evening smoke!

His eyes were cold-blooded.

He is no longer the hero of ancient times.

He's just a bum now.

There is no peak cultivation, can only immerse in this chaotic place.

He just wanted to do it! Intend to wipe out the twilight smoke completely!

At this moment, an extreme energy surge!

The thread of magic suddenly breaks!

A figure steadily fell on the ground!

He Rong was stunned: "how can it be?"

Of course, his strength has fallen, but it can not be broken by the other side!

He no longer thought, just ready to continue to kill Ye Chen, but suddenly noticed Ye Chen's eyebrows!

Twinkle in the brow!

That's the light of nine you!

That's the light of the devil!

Not only that, but the rolling evil spirit has covered all the sight!

Everyone can't see what happened in the evil spirit!

I only know that he Rong and ye Chen are the only demonic Qi!"He Rong, you let me down!"

"Forget about the old love, and you can end it yourself."

He Rong's recognition of the sea suddenly came a voice!

He Rong's pupil enlarged instantly and knelt down on the ground.

The voice of the devil!

His body is shaking!

Although the words are calm, he can feel the anger of the devil emperor!

He Rong shivered for a few seconds, and finally he felt relieved in his eyes and pointed at his eyebrows:

"demon emperor, he Rong knows his mistake."

"The heart of bad root is doomed that he Rong can't follow the evil emperor."

"Only death may be he Rong's follower."

The next second, a surge of energy!

He chose to blow himself up!

And the energy will converge to the extreme! Dare not hurt Ye Chen a trace!

The evil spirit gradually dissipates!

When you see the picture clearly, at this moment, the forces besieging Ye Chen show a strange look on one side.

He Rong died?

A strong man with too much space can't die in the hands of Xingqiao state even if he is injured!

How could that be possible!

"Ye Chen, how are you?"

Dusk smoke came to Ye Chen's side and looked at Ye Chen's injuries.

Ye Chen shook his head: "no problem."

However, the evening smoke does not think so, ye Chen's spiritual power and evil Qi are decreasing.

It's impossible for both of them to kill!

"Pa! Bang

All of a sudden, a man in black stood up, clapped and laughed and said, "it's really wonderful, but it should be over."

They didn't mind he Rong's death.

If it is not because of he Rong, it is not possible that ye Chen can really kill them who are strong in the Fengmen area.

Now he Rong let Ye Chen get hurt, also be regarded as death has its place.

"Find a way to escape!"

Ye Chen looked at the evening smoke and said directly.

He took the hand of the dusk smoke and moved towards the deep of the demon bone mountain.

Outside the magic bone mountain, there are no more powerful demons waiting for them.

Moreover, ye Chen feels that there is an extremely strong breath outside!

This breath is very similar to Jun demon dust

must be the strong one around you!

Only when you enter the magic bone mountain can we have a chance of life.

When ye Chen holds the hand of evening smoke, her cheek is slightly ruddy.

From childhood to adulthood, it was the first time she had such contact with a man.

But now is not the time to think about it. Ye Chen and twilight smoke try their best to escape, and the powerful forces behind them pursue and kill crazily.

These people are going to catch up with both of them.

Ye Chen's brow is locked, take out some weapons, throw out directly.

The breath erupts madly, explodes in an instant!

Boom!

The breath of terror spreads out, and ye Chen burns a drop of blood essence, speeding up the speed.

Although the explosion power of thousand soldiers explosion is powerful, it is obviously impossible to kill so many powerful people.

And now with the twilight smoke, you can't use atomization!

Chapter 2265

Lingwu land.

Connecting Kunlun Xuling city.

The incomplete array has been repaired.

Countless blood stained black robes gather in front of the array.

They all have a jade card on their waists.

There is only one word on the jade card.

Blood.

These strong people are the blood spirit people from the Blood Sword clan.

If it wasn't for the recent affairs of the God Kingdom, I'm afraid they would have made empty moves against Kunlun.

And it took a lot of time to repair the array enough to lead to so many strong players.

The head of the black robed old man's eyes were cold, looking at the people behind him, he said directly: "Ye Chen's strength in Lingwu mainland is not low."

"It is extremely difficult for us to shake this man."

"The old ancestor's opinion is to destroy Kunlun and bring all the people related to Ye Chen back to prison."

"Perhaps, this is the condition for us to discuss chips with Ye Chen."

"Remember, this time there are only two goals."

"Destroy Kunlun Xu and bring back all the people related to Ye Chen, including his parents and subordinates."

"The boy is now worried about his life and death. He can't take care of Kunlun Xu. This is our only chance."

After the words fall, the old man in black doesn't intend to delay, so he steps into the array.

The rest of the blood spirit people all step into the array.

Their breath is strong, although their strength is mediocre in Lingwu mainland, it is enough to wipe out many powerful people in Kunlun.

Even their eyes are full of bloodlust.

As if the next moment, Kunlun Xu will be destroyed!

The black robed old man pinches the formula with his fingers, and the array starts instantly!

A bright light around!

The old lines on the ground are full of gold!

Just when the transmission array was about to start completely, the sky and the earth suddenly became overcast!

Countless petals fall from the sky!

Looking up at the sky, the old man in black suddenly had a sense of foreboding!

"Come on! Speed up the opening of the array! "

However, the words have not yet fallen, that day in the petals of the earth even appeared a beautiful figure!

The girl's skin is better than snow, and her eyes are still like a cold spring. She looks down from the sky and has a refined and elegant temperament, which makes people feel ashamed and dare not blaspheme!

But that cold and proud smart is now with the intention of killing!

Woman holding cold sword! With a sword!

In an instant, the sword idea forms a phoenix virtual shadow and rushes towards the blood spirit clan in the array!

"Come on, freeze!"

The array is condensed in an instant! A golden beam of light enveloped the crowd!

However, when the light column touches the sword, it will be broken directly!

The transmission array is broken on the spot!

The furious air wave rolled up the crowd!

In an instant, people are tumbling!

The black robed old man spat out blood and even hit the array eye.

The array is completely destroyed!

They can't step into Kunlun void!

Mission failed!

The black robed old man forced down the pill to escape, but soon, he heard footsteps in his ear.

A figure fell in front of him.

His voice trembled: "master, we come from the blood spirit clan. We just want to go to a low martial world. Why should we attack us?"

"Oh?" The indifference female voice falls down, "then I didn't come wrong."

The black robed old man's eyes widened, raised his head, and instantly saw the beautiful girl.

The next second, he's like hell!

Because of this girl, he knows!

According to the information he has, this girl is from Kunlun Xu!

Is Ye Chen's confidant, Xia Ruoxue!

"How can your strength be It's only a year... "

Endless fear devoured the old man in black!

Xia Ruoxue's sword suddenly moves.

"I practice hard, that is, I hope I can not drag him down one day."

"Now, I find that I can do more."

"Although he is in the demon clan, but Kunlun Xu, I am willing to guard."

"It can only be a pure land, and no force can touch it."

"Once touched, I'll find a way to turn them into a sea of blood."

Words fall, sword meaning sweeps the whole array!

Wherever you go, it turns into a blood mist!

This carries Xia Ruoxue's anger!

She has not been that weak girl for a long time. Lingxian emperor palace promoted her strength, but she did not expect that all this was to make her own wedding dress after all!

Around the array, it turns into blood cold.

The girl was suspended on the sea of blood, looked at the direction of the demon clan and murmured:
"Ye Chen, I will protect Kunlun Xu."

"What you have to do is to be strong as soon as possible and shake the kingdom of God."

At the same time, ye Chen's face is more and more pale, but the power of Jun and demon dust is still chasing behind, and they are about to catch up with them.

Ye Chen's brow a frown, his speed has been in decline, not long will be overtaken.

"I can't. You run away first. I'll stop them."

Dusk smoke a resolute look, ye Chen's strength is stronger than her, with the injured she is just a drag.

If she can buy some time, ye Chen can't leave.

"I promise the devil that I will take good care of you."

As soon as ye Chen's voice fell, his fingers held more tightly to prevent the dusk from breaking away.

His face gradually pale, and finally rescued the daughter of the evil emperor from the magic sea. How could he let her die.

Among them, a few strong demons, only less than a kilometer away from ye Chen.

They took out their swords and chopped them out of the way!

Even if the sword can't kill Ye Chen, it can also make him seriously injured.

An extreme sword light strikes, ye Chen takes out Zhutian magic gun, turns and stabs out.

Boom!

In the moment of contact between the two, the air wave instantly towards the evening smoke!

Ye Chen's face changed slightly, and these people didn't intend to keep their hands on the evening smoke!

His body fierce a turn, hard block in the twilight behind!

The air wave severely hit Ye Chen's body!

The evening smoke naturally realizes that ye Chen is protecting herself, and her pretty face is pale: "Ye Chen, you don't need to be so..."

Ye Chen snorted coldly: "little nonsense!"

The next second, ye Chen will display the magic thunder sword, fall on the spot!

The spiritual power of Dantian is rapidly passing away!

Smoke and dust! Powerful air waves lift everything!

Ye Chen is to this effect, although it will let him hurt, but use the concussion of the aftershock, let him and these strong open a distance.

"Cunning little beast!"

Those strong people see this scene, and in a moment, they know that they are being used.

The whole person is angry, eager to slap dead Ye Chen.

He doesn't dare to go after him again.

I'm afraid Ye Chen will use the same trick!

Relying on Ye Chen's ruthlessness, he can certainly do the same thing.

Anyway, ye Chen is about to catch up, not short of such a short time.

The more this consumption goes on, the more favorable it will be for them.

Ye Chen himself also understands the present situation, if there is no twilight, he must be able to retreat.

But at the moment, I can only bite my teeth and make my way.

If you don't try to get rid of the strong behind.

They can't escape!

The key is that he always feels a pair of eyes staring at himself!

Chapter 2266

That hidden in the depths of the strong, no hand!

Ye Chen looks at the dense forest in front of him. When he is moving forward, suddenly a white barrier appears beside them.

"Formation?"

The dusk murmured with a wry smile.

Now it's really worse. There are endless natural arrays in magic bone mountain.

They just got into it by accident.

If there were no pursuers behind them, they would have been able to leave just by taking some time.

But now, what they lack most is time!

Whoosh! Whoosh! Whoosh!

Three powerful demons came to the outside of Ye Chen's array, showing a sneer.

"Now I see how you run away!"

One of the powerful demons opened his mouth, and a trace of cruelty flashed in his eyes.

Now ye Chen is trapped by the array. If they break the array, they can solve Ye Chen's two men.

It's true that God doesn't help both of them.

"You break the array!"

The strong man of the demon clan commanded his men to say that as long as the array is broken, they will immediately capture two people.

Boom! Boom! Boom!

The crazy power falls on the array, but the array doesn't move.

Ye Chen saw the scene in front of him and felt relieved.

It's just a simple trapped array. You won't get any damage in the array.

So there's no need for Xiao Huang to swallow the array.

"A bunch of rubbish!"

The strong man of the demon clan cursed and took his hand in person. The evil spirit swept his arm. His fingers clenched, and the black mysterious tattoo was engraved on his fist!

The tattoo is flashing and a fist is bombarded on the array.

Bang!

A fist down, the terrible aftershock will let the surrounding ruins, but the next second was slapped in the face.

The array still has no problem!

"We'll recover as soon as possible!"

Ye Chen looked at the evening smoke and said directly.

He doesn't know how long the array can last. Only when the injury recovers as soon as possible can he have certain self-protection ability.

Take out the pill from the samsara cemetery, put it into the hands of dusk smoke, and then sit cross legged on the ground.

The strong man outside the array sees Ye Chen sitting on the ground safely to heal his wounds, and his chest rises and falls.

Originally, I thought that catching Ye Chen was an easy thing. But who knows this array is extremely strong. It is impossible to break it in a short time.

As time goes by, a crack has appeared in the array. As long as you attack continuously for another hour, you can break through the array.

Ye Chen opens his eyes and stands up from the ground. At the moment, his injury has almost recovered.

As for the twilight smoke, it has recovered by most.

"Oh, it hasn't been broken yet? Keep pushing

Ye Chen opened his mouth with a smile.

The broken array is just something sooner or later. Before it is broken, ye Chen doesn't mind taunting them.

These people's faces, he has long been in mind.

When he gets rid of these warriors, he will find a way to revenge them.

Since he is being chased, we should be prepared to pay the price.

It is Ye Chen's character that he must report his revenge.

Hear ye Chen's words, the demon clan strong person's anger is furious, personally hands!

The magic Qi and sword will fall on the array one by one!

the array will soon have silk cracks!

Ye Chen doesn't care about all this. His plot has been successful.

If the enemy can consume a little energy, he will have more chances to escape.

It's impossible for him to hide in the array all the time.

Even though the array can resist the attack of the other side, they have been exposed, and there will only be more strong players.

From the beginning, ye Chen didn't want to stay in the array all the time.

Click!

Throughout the array, there is a clear sound, and the cracks are constantly expanding.

Ye Chen beast decaying sword and Zhutian magic gun are in the hand, and the whole person's figure directly rushes over.

Gun meaning and sword meaning, crazy burst out, a gun a sword, suddenly hit.

The three strong people did not expect that ye Chen did not choose to escape, but directly.

In a hurry, the figure retreats and ye Chen opens a distance.

The twilight smoke rushes out of the array, and its strength has recovered a few points. Naturally, it is qualified to display the finger of the demon.

She is the daughter of the demon emperor, and can still fight beyond the level!

Meet the brave!

Magic Qi, sword sense, immortality, and soul skills are constantly diffused in the air.

The immortal sword idea comes out crazily, ye Chen raises his arm, and the beast rotten sword bursts out a sword light of the extreme.

Boom!With a sword, one of them was easily solved, and his mouth showed a trace of indifference.

Suddenly, behind Ye Chen, a figure appeared out of thin air, and his palm fell.

Clap on Ye Chen's back, a slap down, ye Chen bear a heavy blow, a turn, a gun directly stab out.

When he stabs out a gun, two more powerful souls form a double attack, leaving Ye Chen with no way to retreat.

Ye Chen knows that there is no way to retreat. Instead, he continues to stab out the devil gun instead of taking it back.

The Zhutian magic gun in his hand stabbed the strong man in the sealing door and penetrated a blood hole.

Three powerful demons, let Ye Chen bear great pressure.

Ye Chen beast rotten sword waved out, a line of extreme sword light, crazy burst out.

The sword light is flying wantonly, and the breath of immortal sword is mixed with evil spirit.

The breath of terror, constantly spread out, ye Chen use their retreat, escape from the attack.

Roar!

Ye Chen's figure stands in the void, and Jiuyou Shura seems to block out the sky and the sun.

It's not like God!

Like a devil but not a devil!

The evil Qi around him is constantly pouring into the body of Jiuyou Shura.

At the moment, Jiuyou Shura's eyes become blood red, and the killing intention is crazily condensed in his eyes.

Killing intention turns into reality, forming a terrible breath. In an instant, it rushes towards the three powerful demons.

Boom!

It's all over the place!

Although the three powerful demons dodged the past, they all suffered some injuries.

"A finger of the devil!"

Ye Chen murmured in his mouth. Behind the nine you Shura, six arms were lifted up and each of them held out a finger.

The magic spirit of magic bone mountain itself is stronger than any place in the demon family. Six fingers stretch out, equivalent to six demons falling down.

The evil spirit rushes into Ye Chen's fingers. Above his head, the evil spirit of terror is enveloped, just like the night, without any light, as if in the dark.

Originally, the three powerful demons saw this scene, and their faces turned pale!

Magic emperor's unique skill, itself is terrible, let alone six fingers fall!

From the breath of a finger, they feel the threat of death.

Boom! Boom! Boom!

Six fingers fell madly, and the soldiers who had besieged the twilight smoke kept retreating.

The breath that emanates out is too terrible. Although it is not aimed at them, it can not resist.

Chapter 2267

Dusk smoke also has a certain range from ye Chen, a pair of beautiful eyes staring at Ye Chen.

The scene is quiet some terrible, on the ground, dust, sand and stone.

The three powerful demons looked around. No one knew what was going on.

Cough!

At this time, two voices came from the dust, and two powerful demons flew out.

As for the other one has fallen!

At the moment, ye Chen has changed back to the original appearance, his face is pale, and his arms are shaking slightly.

Using the power of six fingers has basically consumed all the energy in his body.

Nevertheless, the other two strong demons, did not move!

They don't know if it's a fake!

Ye Chen exposed everything is too weird!

If ye Chen has other means, or can still play a demon finger, they are afraid to fall!

"Go

One of the powerful demons said that although they came to attack Ye Chen, they would not take their own lives.

They are all high and powerful in the clan. Once they die, everything will disappear.

Ye Chen's position has been found. When the time comes, tell the Shadow Lord to let him arrange for the strong man of the devil's palace to come.

There's no need for them to work hard.

Although it is a subordinate sect of the devil's palace, it is not a fool.

Such existence can't help Ye Chen, they rushed to die.

A group of people left, ye Chen did not pursue.

"It seems that the present state is far from enough. The spiritual power that can be contained in the elixir field is too little."

"We must improve our strength as soon as possible!"

Dusk smoke came over, eyes more a trace of complex emotions: "in fact, you do not need to help me so."

"My father has fallen, even if he wants to revive, it is extremely difficult..."

"You see, his former subordinates are already like this. You can't gain anything by doing so."

In the view of dusk smoke, ye Chen helps himself so much because of his father's face.

But the father spirit dissipates, how to resurrect.

She has no confidence.

She knew that the greater the hope, the greater the disappointment!

Ye Chen alone, enough to escape.

However, if you add yourself, it represents many threats.

In the magic sea, she adapted to the rules of the magic sea, and her strength was able to play to the extreme.

but in the face of the enemy here, she found that she was more than capable.

She's been out of touch with the outside world for too long.

She doesn't want Ye Chen to take any more risks for her.

Is a stranger worth paying so much?

Ye Chen's eyes fell on the twilight smoke, and he laughed: "you think too much. The relationship between me and your father is not so simple."

"As for the resurrection of your father, believe me."

"Although he fell down in those years, he will be afraid of the kingdom again in the future."

"Jun demon dust is certainly powerful, but the previous contact let me understand that he has a threshold in his heart, which comes from your father."

"Do you really think my father can come back to life?"

Ye Chen did not speak, but cast a firm look.

The disappointed eyes of Twilight smoke shine again: "OK, I believe you once."

"Since you say that my father is the heart demon of Jun demon dust, we will use some means to enlarge the heart demon."

Ye Chen looks strange: "what do you mean?"

"We are too passive now. As far as I know, the city Lord's house near the emperor's palace is set up by the Lord himself, and there is a statue of the devil in the mansion."

"This is the first statue set up by the king and the devil dust in the demon clan. We might as well destroy it."

"And the strength of the city Lord's house, we can barely resist."

"If you come with me, you will know."

Although Ye Chen feels that this trip is a bit dangerous, it is better to take the initiative to attack than to escape passively!

"But the biggest problem now is that it's hard for the devil bone mountain to leave."

"The only exit is blocked. I can feel that there is a stronger presence outside. If I'm not wrong, that person is the one around Jun devil's dust, and his strength is above Taixu."

Ye Chen is well aware of his own strength. How can he fight against Taixu!

"Come on, let's take a step and look at it again, and we'll continue to deepen..."

Dusk flue.

They no longer hesitated and disappeared completely.

At the same time, outside the magic bone mountain, a black robed man with his hands on his back and his eyes closed.

All of a sudden, his eyes opened and his eyes fell in front of the wounded strong men.

Those who are strong enough to attack Ye Chen kneel down one after another.

"Lord demon shadow, that little beast's strength is extremely strange, and he has hit us heavily with the help of array!" "Please do me a favor

"As long as the adults do something about it, they will die."

"Do you know why I don't do it?"

"Because, my shadow is not only a dog of Jun's demon dust."

"You are after the daughter of the devil. As for the young man, it is very likely that he is the descendant of the evil emperor."

"It's a fight between the devil and the king."

"I don't want to fight until the final win or loss is revealed."

"Because I want to laugh to the end."

"But at present, it seems that you have a better chance of winning."

The faces of those powerful demons changed a little. They didn't expect that the shadow around you was so ambitious!

If the evil emperor loses, he must solve Ye Chen and twilight smoke by himself. In the eyes of Jun, the demon shadow is the first meritorious official.

If you lose, the shadow secretly helps Ye Chen and twilight smoke. The devil emperor recovers the demon family, and the shadow is still the first meritorious official!

This game of chess, as long as the shadow is careful, he is bound to be the biggest harvest!

"Do you know why I will tell you about this matter?" he said slowly

"Because the dead will keep a secret forever!"

The crowd was stunned and wanted to run away!

However, it is too late!

The shadow turns into a magic spirit and sweeps the crowd!

People were injured, how to resist!

After a few seconds, there is only one ghost between heaven and earth!

"Ye Chen, ye Chen, it seems that you are going to lose this game. I'll give you one last chance. If you can't let me see the hope of the magic emperor winning, maybe I will cut off your heads and sacrifice to the only king of the demon clan!"

With that, the shadow disappeared!

He wants to let go of Ye Chen and dusk smoke!

.....

Deep in the magic bone mountain.

Ye Chen suddenly stops.

Twilight smoke some doubt: "what's the matter?"

Ye Chen said directly, "are you sure you want to come out?"

"What do you say?" Twilight is a little confused.

Is there a second person around?

Or is there something wrong with Ye Chen's head?

Just then, a huge egg appeared out of thin air!

The red and blue light around the giant egg is mysterious to the extreme.

"Xiaohuang, do you really want to absorb all these arrays? It's good for you? "

Ye Chen continued to ask, completely ignoring the dusk smoke.

Chapter 2268

Just now, he felt that Xiao Huang was eager to come out!

After some communication, Xiao Huang saw the countless array of magic bone mountain!

After all, there are too many arrays here, and they are formed by the power of heaven and earth and the condensation of evil Qi. They are far more powerful than ordinary arrays!

Now Xiao Huang seems to find that swallowing the energy of the array will speed up his shell breaking and strengthen himself.

Xiaohuang nods at Ye Chen. The next second, he goes to several arrays!

The dusk smoke eyes open big, although does not know this huge egg is what thing, but directly rushes into the array, will certainly die!

She quickly looked at Ye Chen and warned, "that guy should be your pet. Let him come back quickly. The power of those arrays is extremely terrible. If you are not careful, your pet beast will be torn on the spot."

As soon as the words fell, twilight witnessed a very strange thing.

She subconsciously covered her mouth, the heart set off a storm!

In an instant, the powerful array was absorbed by the giant egg!

And the giant egg has not stopped!

Flying through the whole magic bone mountain!

Wherever you go, any array will disappear!

She looks at Ye Chen, why is there such a strange existence around this guy?

Swallowing array, and it's still such a powerful array!

Is the array free of money?

You know, just now those powerful demons couldn't break one of the arrays with all their strength!

And the giant egg has no left for all the arrays?

Is there such a monster in the world?

An hour later.

The shock of Twilight smoke did not disperse for a long time, and she found that the whole magic bone mountain had lost half of its magic spirit!

All around the array, all disappeared!

The giant egg flew slowly to Ye Chen and belched.

"I'm full. The magic bone mountain is not bad. Boss, I'm going to bed."

"By the way, the strong man outside the magic bone mountain seems to have left. You should be able to leave safely."

With an understatement, Xiaohuang returns to the samsara cemetery.

But the dusk smoke is messy, the giant egg has not hatched, can speak?

She looked at Ye Chen and said excitedly, "Ye Chen, what is this? Foreign eggs? "

Ye Chen smiles: "my friend, his name is Xiao Huang."

With that, he felt his surroundings and his face was strange.

Jun demon dust's men did leave.

How could that be possible?

Two people toward the exit, ye Chen will cover the spirit to the extreme!

Still not found.

And he found that those who deal with them, all fell!

"Is someone helping us?"

"Let's talk about this later. Let's go to the nearest city of the devil's palace, the city of the devil!"

.....

One day later.

In the city nearest to the palace of the Lord, the city of the devil.

A masked youth and a veiled girl mingled with the crowd.

Ye Chen did not choose Yi Rong.

At the beginning, he had a dispute with the son of the city Lord, so there was no need to change his face.

"Young master, you see, it's the boy last time!"

In the street, Wang Hu is wandering, his side of a guard opened the way.

Wang Hu's eyes looked and found that it was the young man at the beginning!

The masks have not changed!

When he returned to the city Lord's mansion, he asked his father to help him, but he didn't find him.

I didn't expect another village, and finally let him meet again.

Wang Hu saw the woman around Ye Chen, although with a veil, but a pair of beautiful legs, it is enough attractive.

Let his heart itch!

This boy is really lucky!

Wang Hu no longer hesitated, the notes in his hands were crushed, which was specially given to him by Wang Hu's father.

Once you meet this person, you can directly crush the notes, and then the city Lord will come.

Ye Chen saw Wang Hu in front of him, smiling but not speaking!

He wanted to go to the city Lord's house, but Wang Hu delivered it to him.

"Boy, you dare to step into the devil's city! Last time you took those women away from me. This time, it seems that the women around you are good. Give it to me. It's impossible that my father will come and spare your life. "

Wang Hu's face is not too arrogant look, it is true that ye Chen slapped him in the face.

When father comes, it's not too late to be arrogant!

Around the martial arts see ye Chen disguised appearance, someone recognized.

Isn't this the one who beat Wang Hu?

They thought this person would not appear, but they dare to show up. The evening smoke hears such frivolous words, just want to make a move, ye Chen step out, evil Qi swept a palm directly fan on Wang Hu's cheek!

"Pa!"

It's very crisp.

At this moment, Wang Hu was a little confused.

He has already told each other that his father will come soon, and even dare to fight against himself.

The rest of the guards did not move, they have already seen Ye Chen's strength.

Ye Chen stepped on Wang Hu's body and said, "it seems that the land is easy to change, but the nature is hard to change. That matter has not changed you."

"In that case, you don't have to change it!"

Ye Chengang wants to do it! The sky is suddenly overcast!

"Let go of me

At this time, an old man in the void rushed over and saw Wang Hu's miserable appearance. His heart was dripping with blood.

He came to the son of Lao Lai, such a son, but now he has come to such an end!

Wang Hu turned his head and saw his father. Tears came out of his eyes.

His father finally came, and if he didn't come, he felt that he could be killed.

Ye Chen took a look at the city master, but did not speak, and then seized Wang Hu's neck.

Originally, the city Lord wanted to direct his hand, but stopped when he saw this scene.

He is not confident that he can directly kill Ye Chen before he starts.

"What do you want to do, just let go of my son and let you go."

Wang Hu was excited to see his father coming!

"Father, help me!"

"I want this boy to die, I want to crush every bone of him with my own hands!"

Ye Chen shakes his head and his fingers suddenly exert force.

Click!

Wang Hu's neck was broken directly, and ye Chen threw it out like a dead dog.

Even if he hurt a lot of people, even if he killed, he did not have any psychological burden.

The onlookers looked like they were stunned!

The young man dared to kill his son in front of the city Lord.

The warriors unconsciously stepped back two steps. They knew something big was going to happen.

His own son was killed in front of his own eyes. The city Lord can't let go of this boy.

They trembled at the thought of the city Lord waiting for his fury.

The eight layers of heaven sealed the door were enraged and the blood flowed into a river.

Some timid warriors have left. Who knows if the city Lord will vent his anger on them after killing the youth.

Just in case, it's better to leave as soon as possible!

"Kill me! I want you dead

The city Lord roared, and the furious figure came directly to Ye Chen. He raised his arm and slapped him directly down.

Chapter 2269

He didn't want to kill Ye Chen immediately. He wanted to save his life and torture him.

In one side of the evening smoke quietly watching, seal the door boundary eight layers of the sky still can't help Ye Chen.

When the city Lord rushed over, ye Chen's sword suddenly burst out. The beast decayed sword was directly held in his hand and chopped out with a sword!

The meaning of the sword turned into reality, just like a storm, which swept away, and the warriors around kept retreating.

The sharp sword meaning, though not aimed at them, has already felt that the sword is intended to cut the body.

Although the strength of the outbreak is a bit fierce, but the martial arts around don't think ye Chen can win.

There is a big gap between Xingqiao and fengmenjing.

Even if they can fight beyond the level, they are certainly not opponents of sealing the door.

However, when ye Chen goes down with a sword, the whole city Lord steps back two steps, and his face shows a trace of panic.

Just now, if he hadn't taken back his hand in time, I'm afraid his hand would have been cut to the ground.

Hiss!

The onlookers took a breath of cold air and went down with a sword. The city Lord fell into the downwind.

Their eyes are right!

Is this boy really able to kill the strong in the later period of Fengmen?

There was a ridiculous idea in their hearts.

Ye Chen pressed forward step by step, and the sword light on the beast decayed sword kept waving out, and the sword spirit and evil Qi were integrated together.

The city Lord doesn't dare to make it big now. He feels that ye Chen is a little strange, which makes him have a trace of danger in his heart.

In his hand, a magic stick overflowing with evil Qi appeared, which was waved out to drive the power of heaven and earth.

The houses on the street were torn apart, flying sand and rocks and exploding in an instant.

The stick came and roared like a tiger.

Ye Chen has a faint smile at the corner of his mouth. The beast decaying sword is blocked in an instant, and the endless fog gushes out.

In the moment of blocking, his arm tilts and throws out the stick. Then the body of the beast decaying sword is full of ice.

The temperature around him dropped in an instant, and the warrior on the side could not help shivering.

Cold! Extreme cold! It's like being in the ice and snow.

There are layers of ice on the ground, constantly extending.

A sword waved out, blue sword light mixed with killing intention, suddenly rushed over.

The city Lord's magic wand is thrown out, and the dragon and tiger's virtual shadows hover and roar, and suddenly rush forward.

At the moment when the two touch each other, there is a violent explosion.

Boom!

There was a constant wave of terror.

Some of the fighters were wounded and retreated in panic.

Is that young man really the strength of the explosion of Xingqiao state?

Whoosh!

A sound of breaking the sky, ye Chen's whole person has disappeared in place and came to the city Lord.

The beast decayed sword suddenly cut out, as fast as lightning, like a streamer of light.

"The third sword of the six sword gods, the ancient thunder sword!"

A sword fell and screamed!

The bloody arm of the city Lord fell on the ground, and the bloody water erupted at the broken arm.

Just now ye Chen unexpectedly rushed over, he wanted to resist, but it was too late.

From the reincarnation graveyard, he took out the Zhutian magic gun and held it in his hand. He murmured in his mouth: "break it for me!"

Gun idea crazy surging, Zhutian magic gun stabbed at his heart.

This shot will take away the city Lord!

Gun head a wipe of cold light, ye Chen's figure stands in place, but is only a shadow.

Stab!

A stream of blood flew out of the city Lord's heart, blood from his heart!

The city Lord glared at Ye Chen. He just wanted to speak. The whole man had no breath and fell on the ground.

Draw out the Zhutian magic gun, ye Chen leads the evening smoke, toward the city Lord's house.

Originally, the watchers, seeing the body of the city Lord, quickly packed up their things and left.

It's going to change!

The Lord of the demon city, killed in public!

Although Jun demon dust seldom comes to this city, this is the most meaningful place before Jun demon dust steps on the peak!

There is a statue of the king and the devil's dust in the Lord's mansion!

The young man's action was undoubtedly a tug of war!

It's not possible that one of them will live if the emperor's palace is angry.

It is a normal phenomenon for a strong man to kill the city when he is angry.

Ye Chen came to the city master's house with evening smoke, and soon found a huge statue!

The statue is ten meters high, and the whole body is full of evil spirit!

Heaven and earth are in control!

When the evening smoke saw this scene, his eyes were burning with anger, and no longer hesitated. He held a magic sword in his hand and cut it directly! However, the magic sword has not yet touched, a barrier is revealed!

This statue has array protection!

The body of dusk smoke retreats instantly, the face is more pale a few minutes!

Ye Chen's eyes are dignified, directly sacrifice Xiao Huang, and the array is instantly engulfed!

Ye Chen looks at this huge statue, the anger in the heart is not lower than the twilight smoke, no longer hesitates, rises from the sky!

A sword with the power of heaven, directly cut!

"Touch!"

The statue of Jun demon dust turns into powder in an instant!

Smoke and dust!

As soon as the dusk smoke is happy, the sword falls, and a line of writing is engraved directly on the wall of the city Lord's house!

"On the day of the devil's coming, when the king and the devil's body fall!"

.....

At the same time.

The palace of the devil.

Indignation is grave.

Jun, with a gloomy face, closed the picture.

He looked at the shadow kneeling in front of him and said, "why did you miss it?"

"The shadow looks dignified." those subordinate forces deceive minister, minister is careless

"Lord, give me another chance!"

"Pa!"

The ground of the hall was split in an instant!

The body of the demon shadow was even more shocked on the spot!

"Such a mole ant, I sent out to hunt down the emperor's palace of the devil, but it can't be destroyed!"

"Instead, let the other party come to the devil's city and destroy the portrait I have set up myself!"

"This is provocation! The challenge to my king's demon dust

"Demon shadow, I will give you one last chance. If you can't bring back the lives of these two people, you will die for them!"

The shadow's expression changed slightly.

"Yes! The devil

He thought he was in charge of everything, but he didn't expect to let Ye Chen and others go. They were still so provocative!

It's just looking for death!

Now, he can't help Ye Chen any more!

Ye Chen must die!

The majesty of the devil's palace, no provocation!

After the shadow has left, Jun is staring at a small sarcophagus not far away.

In the sarcophagus, is the corpse of a demon dog.

The kingdom of God sent it not long ago.

The meaning is obvious.

Some of his movements, apparently, have been discovered by the kingdom of God.

In the war of ancient times, the king and demon dust suddenly attacked the devil emperor behind his back, which made it possible for the kingdom of God to kill the devil emperor.

After that, the strength of Jun and demon dust gradually improved. Climbing up such a position, there was the shadow of the kingdom of God.

But he didn't want to be the dog of the kingdom.

He wanted to be equal to the kingdom of God.

However, he obviously overestimated himself.

He did not have the strength of the devil emperor, not to mention the chance of the devil emperor.

After a long time, Jun magic dust sighed: "demon emperor, if you really resurrect, it's no wonder I am."

"When the demons and the kingdom of God are truly united, even if you are resurrected, you will not be able to escape the fruits of the fall."

Chapter 2270

About the city Lord was killed, soon spread throughout the whole demon clan.

In a Shatian City, ye Chen and twilight smoke come to a restaurant of an inn.

The whole city of Sha Tian has the seat of Sha Tian Zong, which is relatively prosperous.

Sha Tianzong, when they were in the magic bone mountain, there was a demon strongman besieging them.

The key is that Sha Tianzong also has a statue of Jun and demon dust!

This is to erase the people's belief in the devil emperor!

And He Jun demon dust, then can become the true demon clan's faith!

"I'm afraid it's not easy to solve the problem

"He is one of the top ten demons."

"Even many of the cavalry of the king and the devil's dust come from the evil heaven sect."

The evening smoke whispered in one side.

Ye Chen nodded slightly, and Sha Tianzong was not like the city Lord's house, which could be easily destroyed.

If you want to solve the problem, you must take your time.

As the disciples of Sha Tian sect, their robes are engraved with the character of heaven.

In one part of the restaurant, there are three disciples of Sha Tianzong drinking.

Ye Chen stood up and came to the three disciples of Sha Tianzong.

These three disciples are not high in cultivation, and they can beat to death with one hand.

"Don't get in the way of drinking, get out of here!"

They can see at a glance that ye Chen's strength is Xingqiao state, and the three are still fearless.

Sha Tian City is their territory. Whoever dares to attack them is impatient to live.

Ye Chen smiles but does not speak, then raises the arm, one palm falls directly.

Boom!

Three disciples fell on the spot.

A dull sound, startled the restaurant guests, see three Sha Tianzong disciples died, everyone left in a hurry.

The evening smoke sitting on the chair was stunned. She just reminded Ye Chen that it was because she didn't want to have a conflict.

In order to solve the evil heaven sect secretly, ye Chen slapped three disciples to death.

It's not the same as her low-key shot.

There are many guests in the restaurant. There are many martial arts people who saw Ye Chen's attack just now.

If it goes on like this, how can they hide in Shatian city?

Ye Chen came to the front of the evening smoke and said, "go, let's go to Tongbao Pavilion."

Tongbao Pavilion is the industry of Jun and demon dust.

Since we can't compete with you, we can destroy the foundation of Jun's magic dust with the help of time difference.

When he came to the gate of Tongbao Pavilion, he found that there were many warriors around him. Ye Chen and dusk smoke came in. A maid came over and said, "Hello, sir, what do you want to buy?"

Ye Chen lightly looked at one eye with a smile and said, "you are not qualified to make the decision. Call your shopkeeper here. I have a big deal to talk with him."

The maid takes a look at Ye Chen. What big business can a star state have?

She did not dare to ask, turned to look for the shopkeeper, soon, the shopkeeper came, is a fat middle-aged man, strength is very strong.

The history of the demons is longer than that of the four regions in Lingwu, and the cultivation of the Warriors is also higher.

But the bigger reason is the underground magic veins.

With the help of magic Qi cultivation, the speed is obviously faster than spirit cultivation!

The whole Tongbao Pavilion is the responsibility of a middle-aged man. It can be imagined that the Tiansha sect attaches great importance to Tongbao Pavilion.

"My guest, I don't know how much business you want to talk to me about."

When he saw that he was just a star, he didn't think much about it. I'm afraid there are not many big deals.

"I want all the treasures of Tongbao Pavilion!"

The warrior, who had been walking and stopping, heard Ye Chen's words and stopped immediately. He looked at him strangely.

All the treasures of Tongbao pavilion have been taken away. What a tone and how rich is it?

The shopkeeper twitched his mouth involuntarily, and then said, "Sir, are you sure you are not kidding?"

It was the first time that he had been a shopkeeper for so many years that he heard that someone wanted to take all the treasures from Tongbao Pavilion.

"Naturally, and I don't spend a cent."

Ye Chen this sentence, thoroughly let the shopkeeper's face gloomy down, this is not a joke?

If you want to spend no money, take all the treasures.

"Sir, I think you are here to find fault with Tongbao Pavilion."

The shopkeeper waved his hand, and the surrounding guards immediately came over and looked at Ye Chen with disdain.

Dare to find fault in Tongbao Pavilion, I don't know how many years have not happened.

This is the Tongbao pavilion built by the king and the devil's dust!

Who dares to find the trouble of Tongbao pavilion after you are in the top position!

"How do you know?"

Ye Chen's voice fell, in the hand of the beast decaying sword and Zhutian God magic gun instantly took out. When he took it out, he took a look at the guards around him and rushed over.

The evening smoke also follows in the past, although she can't deal with the shopkeeper, she is more than enough to deal with some guards.

"Looking for death!"

The shopkeeper of Tongbao Pavilion takes a look and rushes directly to Ye Chen.

If you dare to make trouble in Tongbao Pavilion, you can never leave here alive.

In the moment when the shopkeeper rushed over, the whole figure of Ye Chen suddenly turned around.

An extreme sword light, in a flash, has already rushed past.

The sword is intended to flow wildly at this moment. A sword is waved out, and the shopkeeper steps back two steps.

A look of shock, looking at Ye Chen, cold voice said: "you are not Xingqiao state?"

The sword just now made him feel the threat. It was definitely not the power that could be exerted by Xingqiao state.

Ye Chen smiles but doesn't speak, instead, he rushes directly to the shopkeeper.

At the same time, it erupts a terrifying killing intention.

The intention of killing gradually materialized. One shot and one sword was like the call of death, ready to harvest the life of the shopkeeper of Tongbao Pavilion.

Stab!

With a sword going down, the shopkeeper of Tongbao Pavilion suddenly retreated. A sword mark appeared on his body, and blood was constantly flowing out of his body.

At the moment when he is ready to fight back, ye Chen's magic gun has come.

Gun intended to Tongbao Pavilion constantly diffuse, like a spray hit.

Zhutianshen magic gun locked the shopkeeper and fell down suddenly!

Boom!

A gun suddenly fell, the shopkeeper's chest appeared a blood hole, clattering with blood.

At the moment, the manager's whole face was pale, without any blood color. He took out a transmission note and crushed it instantly.

He is not qualified to contact with Jun demon dust!

But you can contact with the nearest Sha Tian Zong!

Sha Tian Zong's strength is enough to shake everything!

.....

In a palace of shatianzong, the patriarch sitting at the top saw the notes on his waist.

"No, there's something wrong with the Tongbao Pavilion set up by the devil in this city! Elder Hui, take someone to support immediately! It's not nice of you

The notes sent out by the manager of Tongbao pavilion have made ordinary warriors die in the past.

Elder Hui, stand up and get up immediately!

Tongbao Pavilion is one of the most important industries of Jun devil's dust. It can't make any mistakes.

Under their protection, there must be no accident!

Whoosh! Whoosh!

The three powerful men with lofty breath fly to the void and face the Tongbao Pavilion.

They are away from Tongbao Pavilion in a moment!
