

Physician 2271

Chapter 2271

In the Tongbao Pavilion, the shopkeeper resisted with difficulty, and the beast decayed sword erupted with terror.

The warrior who bought treasures in Tongbao pavilion has already left.

Those guards have been killed by the twilight smoke, and the whole Tongbao Pavilion is full of blood.

After solving the guard, twilight smoke directly put the treasure in his hands.

As early as on the way to, ye Chen dragged the shopkeeper of Tongbao Pavilion. She came to collect the treasure and left directly.

By now, Sha Tianzong should have received the news and is going to support them. There is not much time left for them.

With the continuous waving of a gun and a sword, the shopkeeper of Tongbao pavilion has been defeated and has no way to resist it.

"If you dare to provoke you, don't wear a mask if you have the ability. The evil emperor and even the Lord will not let you go."

The manager of Tongbao Pavilion roared. He had never been so subdued and beaten by a martial artist in Xingqiao state.

"Don't worry, I will not only become a nightmare of the evil emperor! It will become the nightmare of the king and the devil

As soon as ye Chen's voice falls, the magic gun of Zhutian God penetrates his chest directly.

There was a torrent of blood, and the whole figure of the shopkeeper fell on the ground.

"Is that all right?"

Ye Chen took a look at the evening smoke, and now it's time to leave!

"It will be ready in a minute!"

As soon as the voice of the evening smoke falls, there are three strong breath in the void.

Ye Chen frowns tightly and sees that the strong man of Sha Tianzong has arrived.

Although these three kinds of breath can not pose a threat to him, they can not continue to drag on.

If the Lord of the shatianzong comes, it will be very difficult for him to leave.

From the samsara cemetery, he took out all kinds of looted high-level weapons, took a look at the twilight smoke, and said, "we are leaving now."

"A thousand soldiers explode!"

Ye Chen's mouth murmurs, the artifact spreads the buzzing sound.

The evening smoke came to Ye Chen and threw it out in a moment.

The breath of terror suddenly diffused and exploded in an instant.

Boom!

Tongbao Pavilion is a ruin, which collapses in an instant. In the void, three powerful people of the evil heaven sect see this scene, and the whole person's face changes greatly.

Their hearts are dripping with blood.

Tongbao Pavilion is destroyed, Sha Tianzong will bear a huge blow!

"Son of a bitch, you don't want to run!"

Sha Tian Zong strong see ye Chen and dusk smoke escape figure, suddenly chase past.

They came a little late. Now Tongbao pavilion has been destroyed. They must catch the culprit.

Otherwise, no one can calm down the anger of the Lord and the king.

Those two people who cover their faces can't survive.

Behind them, the strong men of the evil heaven sect pursued him, but ye Chen's wind and thunder flashed faster.

The strong men who pursued Ye Chen in the back, saw their figure gradually far away, a mouthful of blood spurted out.

They can't even catch up with a warrior in Xingqiao state!

At the moment, the shadow of Ye Chen and dusk smoke has disappeared in their sight.

The three strong men of Sha Tian sect stand in the void like a fool.

One of the strong, forced out a word.

"Go

There is no use for them to stay here. They can only go back and report to the Lord and try to find a solution.

In Shatian City, all warriors know that Tongbao pavilion has been looted and suffered heavy losses.

Not only that, the three powerful Sha Tianzong did not catch the murderer.

In an instant, the prestige of the evil heaven sect fell to the extreme.

Sha Tian Zong's master was furious, but he could only report to the king and the devil.

The palace of the devil.

Jun demon dust naturally got the news.

His body trembled with anger!

How long has that been!

Those two little animals have been provoking one after another!

If these two little animals were not too cunning, he would have killed them!

He looked at Sha Tian Zong and said directly, "the identity of those two people should be ye Chen and the daughter of the devil emperor."

"I will make the shadow stop looking north of the demons."

"If you see it, inform the shadow at the first time!"

The master of Sha Tian Zong had a strange expression, but he still arched his hand and said, "please don't worry about it!"

"If they don't leave, I will make them difficult to fly."

.....

At the same time, Shenguo and Lingwu land border.

A golden and Red God gate is dazzling.

Ancient inscriptions are carved on the gate of God.

Solemn and dignified.

The breath revealed by the gatekeeper outside the key Golden Red God is extremely powerful!

On the door of golden red God, there are two powerful characters written on it!

Kingdom of God!

And not far from the golden gate!Two veils appear!

One of them has a graceful figure. Although he is wearing a veil, he can feel the thrilling beauty under the veil.

These two people are Xia Lingqiu and Ji Siqing!

With a trace of hatred in her eyes, Xia Lingqiu looked at Ji Siqing: "Ji Siqing, you don't want to run away. What you have in your hand is made by the top alchemist in the kingdom of God and can control your spiritual power."

"I'll kill you easily."

"What you have to do now is to obey my orders!"

Ji Siqing glanced at the bracelet engraved with ancient lines on his hand and sneered: "Xia Lingqiu, the palace of Lingxian emperor is gone, everything you have is gone. Now you are going to be a dog of the kingdom of God?"

"I used to think that you were more ambitious than the kingdom of God, and now it seems that you are no more ambitious than that."

Xia Lingqiu looked angry and roared: "shut up!"

The next second, Ji Siqing's face slightly changed.

It's even painful.

Just because the bracelet has the power of violence!

Just now Xia Lingqiu controlled this force to rush into her body!

I know you're a strong soul, and I know you're a strong soul

"But you can only be my puppet in the future!"

"If I find a way to break through your powerful spirit, I will deprive you of your body! Take you away

"You might as well think about what kind of expression I would have if I stood in front of the little beast with your face and killed it."

Ji Siqing didn't panic at all. She put her slender hand behind her and said faintly, "my spirit, no one can break the world. You can die this heart."

Xia Lingqiu became more and more angry: "go, join me in the kingdom of God!"

"The kingdom of God is strange to you. You will see real genius in it!"

"And there is one thing you may not know. The chance I got was from the kingdom of God!"

"By virtue of my qualifications, I can only be a slave."

With that, Xia Lingqiu showed her token and stepped directly into the kingdom of God!

Ji Siqing glanced at the gate of the kingdom of God with complicated eyes and murmured: "Ye Chen came to the kingdom of God first after all."

"It's just that the Ye family has long been gone, but the Qu family has become the dog of Tiandao palace. Although its power is enormous, I will not have any relationship with the Qu family in this life."

"After all, Qu Chenyan is dead. Only Ji Siqing is in this life."

"If all my memories come back, I might be the ancestor of those guys."

"However, if you enter early, you may be able to investigate the affairs of the Ye family in the ancient kingdom of gods."

"This muddy water is very dangerous."

"Ye Chen, if possible, I hope you stay away from the center of the storm."

"I will bear all the costs for you."

"The purpose of my life is to protect you."

With that, Ji Siqing also stepped into the kingdom of God.

Chapter 2272

Lingwu mainland, wanjian emperor palace.

Xia Ruoxue stood in the center of the hall, the cold posture like plum blossom in full bloom.

Looking at the king of ice sword, she said, "master ice sword, from today on, I intend to enter the demon clan."

"I have broken the transmission array of the blood spirit clan, and I have solved all the blood spirit people who are trying to deal with Kunlun Xu."

"In a short period of time, the blood spirit clan should no longer make empty moves against Kunlun."

"So, I want to enter the demon clan to look for ye Chen."

"In case you want to guard against ice, master."

"That's why I came to talk about it a few days ago."

Wang shook his head: "Ruoxue, you don't know the relationship between Ye Chen and me. We're sad together. I'll take care of Kunlun Xu."

"According to the information that I control now, the Blood Sword clan and even the blood spirit clan have no time to go to Kunlun Xu."

Xia Ruoxue frowned: "why?"

The king of ice sword stood up and said faintly, "there seems to be something big going on in the kingdom of God."

"My men have found that many of the strongmen of the kingdom of God have come."

"So many people from the kingdom of God have come to the blood spirit family. I suspect it has something to do with Ye Chen's trapped masters."

Xia Ruoxue frowned. Although she didn't know that ye Chen had so many masters, it was definitely not a good thing that the relationship between the blood spirit clan and the kingdom of God was so close.

"Master ice sword, if ye Chen was here, what would ye Chen do?"

Ice sword Saint Wang Mou son a sink, a moment later, just way: "he will try to save those masters."

"It's a pity that the kingdom of God is so powerful that ye Chen can't shake it."

"This matter still needs to wait. Now ye Chen is in the demon clan, and his chance has not come. If he comes out ahead of time, his chance may be affected, which is not good for him."

Xia Ruoxue did not hesitate to step out: "in this case, I will go to the blood spirit clan, and sort out what plot is brewing between the kingdom of God and the blood spirit family."

The king of ice sword nodded and said, "in fact, I hope so. If you go now, ye Chen may not be able to use his fist."

"But you can go there. Although the kingdom of God is powerful, you have a reincarnation star stone. "

"If the reincarnation star stone is activated with a magic method, it can cover the breath, and those powerful gods will never notice you."

"This skill was told to me by the eternal king, and today I will teach it to you."

Language down, ice sword King appeared in front of Xia Ruoxue, a point in the heart of Xia Ruoxue's eyebrows.

A flash of information poured into my mind.

Xia Ruoxue was surprised and immediately became extremely serious: "master ice sword, I will go to the southern region now."

The king of ice sword told him, "if snow, this is a very important thing. Don't conflict with the strongmen of the kingdom of God. What you have to do is to investigate the relationship between the kingdom of God and the blood spirit family, and why the kingdom of God has come to so many powerful people recently!"

"I'll plant a spell in your knowledge sea. Once a special situation happens, you will burn this skill, and it will bring you back in an instant."

"And in the next few days, I will attack Taixu, you may not meet me."

"If you come back here and I haven't gone out, you can go to the demon clan again."

Xia Ruoxue took a deep look at the king of ice sword and nodded his head and said, "good."

Words fall, summer if Snow's figure disappeared.

.....

Demons, shatiancheng.

In the inn, ye Chen opens his eyes in practice.

These days, he is constantly feeling Ling Feng's pulse.

The effect of Lingfeng Shenmai did not seem to be activated at all.

He felt like he was just the tip of the iceberg.

And, this time, the wind monument to enhance the strength of the degree is far lower than the dust monument.

This is not reasonable.

The dust stele is the weakest of the ten samsara steles.

Fengbei is not supposed to be so common.

Ye Chen faintly feels that things are not so simple.

Suddenly, ye Chen's door was pushed open.

Ye Chen brow a frown: "is there no habit of knocking at the door in the demon clan?"

The dusk smoke mysteriously came in and laughed: "I'll show you a good thing."

"I found a secret that the woman of the leader of the Shatian sect had an affair with an elder."

"If we destroy Sha Tian Zong, will you vomit blood?"

Finish saying, evening smoke will a carved shadow stone to Ye Chen.

Ye Chen naturally knows the role of shadow stone and can record scenes, similar to Chinese cameras.

The key is, twilight smoke is mysterious these days. Is it for this thing?

His mind poured into it, and his face turned red.

The unbearable situation was recorded by the twilight smoke?

Dusk smoke is aware of Ye Chen's strange eyes and a light cough: "details do not need to explore, later we will go to find Sha Tian Zong." "If we want to hurt you, we will make him restless!"

Ye Chen frowns tightly. Of course, he feels that the behavior of dusk smoke is a little farce, but it is not a way.

Half an hour later.

In the void, there are two figures above Sha Tian Zong.

A man and a woman, dressed in white, took out the beast decaying sword in his hand, and walked step by step from the void.

Next to him, a woman with a veil on her head covered her unique face with a wisp of smile.

Although you can't see the face, but smile, unique and independent!

The two men came step by step. The martial arts man hiding in the void knew that the good play was about to begin.

Whoosh! Whoosh! Whoosh!

At the moment when ye Chen and dusk smoke appeared, the sound of breaking the sky came.

On the opposite side of the two, Guiping, the leader of shatianzong, stood in front of him. Behind him were two elders with terrible breath.

As for the disciples of Xingqiao state, they stand at the bottom with swords in their hands.

Endless evil spirit rises from the sky!

Although the battle has not yet broken out, but in the void, there has been a weak wind.

Originally, the moon in the sky was shrouded in a layer of dark clouds. The war did not start, and the wind and cloud changed color.

"Ye Chen, you destroyed the Tong Bao Pavilion of the Lord, and the LORD was angry with me. I have a feud with you, and I dare to come to the evil heaven sect to seek death."

"I have informed the Lord of the shadow! Before he dares to come, I will kill you

Guiping's height is not high, but his body burst out of momentum, abnormal terror.

His every move contains the potential of heaven and earth, as if standing in the void, he is the master.

In the face of Guiping's momentum, the evening smoke smiles but does not speak.

She took out the stone and put it in the void.

When the carved shadow stone appeared, the warrior hiding in the void did not know what to do.

Gui Ping's heart, there is a little bad premonition, this matter, seems to have something to do with him.

The carved shadow stone stands in the void, and soon a picture appears.

Quiet!

Silence!

Guiping's face turned red and his whole body was shaking.

At the back of Guiping, elder Chen's legs trembled a little.

Chapter 2273

The picture above happens to be a dialogue between him and a woman.

Guiping knew that there were many hidden warriors in the void, but he did not stop them.

Can let the warrior of Sha Tian City see that they kill Ye Chen and dusk smoke, also can make a powerful.

Who knows that there is no Liwei, but there is such a picture.

This old face of him is a total disgrace.

The warrior in the void has an extremely strange expression.

Originally, I was a spectator, but I found the secret of Tianda.

Guiping heart set off a storm, a hand to catch behind the elder Chen, his body breath, constantly gushing out.

"Zong Lord, don't kill me, I'm wrong

Elder Chen's legs trembled constantly. He never thought that things would be exposed.

All of a sudden everyone knows, even the whole demon clan will know.

The next second, elder Chen cast his skills, and his whole body was covered with fierce evil Qi!

Even to the west of the demons!

There is no doubt about the strength of elder Chen under the suzerain!

Although not against the patriarch, but the life saving technique, burning blood essence, absolutely can escape!

However, how could Gui Ping, the master of the evil heaven sect, let go of elder Chen! In a flash, it seems to be a magic lion chasing elder Chen!

"Master, what should ye Chen do?"

Several elders quickly remind way.

However, Guiping has already disappeared in sight.

When the patriarch left, the elders, standing in the void, looked at each other and decided to move.

There was also a strong man in the later period of fengmenjing. Although he did not go to the patriarch, he was able to fight with Ye Chen.

The figure of dusk smoke retreats slightly to make room for ye Chen.

"Ye Chen, sometimes strength can't represent everything."

"Although I'm not as good as my father, I'm still better at thinking than you are."

"The rest is left to you."

"I'm going to destroy the stone statue of shitianzongjun and the devil's dust!"

Roar!

Jiuyou Shura in this world, ye Chen directly uses the strongest state to make a quick decision.

Tick! Tick!

The rain splashed down, the wind roared, just like gods and Demons roaring.

"A finger of the devil!"

Inside his body, murmuring to the corner of his mouth.

The evil spirit wantonly, forms a storm, in the leaf Chen behind six arms, simultaneously stretches out a finger.

The fingertips are full of black light, and there is a breath of destruction.

Originally wanted to hand the evil day Zong strong person, for a moment stopped.

His figure stops abruptly and stares at Ye Chen. There is a trace of fear in his eyes.

Unless the Lord can resist the breath from the demon, even if he is in danger of falling.

The void constantly trembles, the ground appears a silk crack, crazy spread.

The warriors who had been hiding in the void were shocked and left in a hurry.

Boom! Boom! Boom!

Six fingers fell in an instant, and the first one to attack was the most powerful Sha Tian Zong elder.

Seeing this, the elder of Sha Tianzong seized a core disciple of Sha Tianzong and resisted it with his body.

He has felt the threat of death. It is better for others to die than for himself!

The black light directly penetrates the core disciple's body and tears instantly.

Pooh!

The fierce air wave directly flies the Sha Tianzong elder in the later period of sealing the door!

Fortunately, he saved his life!

"Everyone back to the clan, open the guard array!"

The elder at the later stage of the fengmenjing period realized that the situation was not right and roared.

However, the next second, the stone statue of the king and demon dust in the Shatian Zong was broken again!

Everyone's face changed!

Ye Chen took out ten powerful weapons with strong breath and said with a smile, "I'll give you a big gift again!"

Fengmenjing elder covered his chest, his eyes trembled violently, and he said in a hurry, "open the big guard array quickly!"

As soon as his voice fell, the weapon had already fallen down in the direction of shatianzong.

It's too late to open the big protecting Zong array.

When the soldiers of time and space fall, they are filled with the breath of human beings.

The disciples, who had been waiting for the battle, were scared to flee.

Although they didn't know what ye Chen meant by throwing down the weapon, the breath that came out of it had already frightened them.

Boom!

No matter how fast they escape, they are not as fast as a thousand soldiers exploding.

Explosion in a flash!

Guiping, who was chasing elder Chen, felt something. The old man's face changed slightly: "bad, divert the tiger from the mountain!" The next second, the figure quickly toward the direction of the evil god!

.....

After ye Chen and dusk smoke leave, less than an hour, the strong man of the devil's palace has appeared.

At the head of it was the shadow of the devil. He got the news and immediately rushed over.

Who knows that Sha Tianzong has become a ruin!

Even if there is a protection mechanism, the stone statue of Jun demon dust is still broken!

The shadow looked at the Shatian patriarch kneeling in front of him and said in a cold voice, "Sha Tian Zong has become such a situation. Why don't you have any injuries?"

Guiping's face was pale, and he quickly explained, "Lord shadow, it's all due to the two little animals. They..."

The words have not finished, the shadow that swept all kinds of evil Qi of a hand to fall!

"You'd better explain this matter to the Lord."

Guiping vomited out a mouthful of blood and begged for mercy: "Lord demon shadow, in the next time, I am willing to follow you, arrest Ye Chen, and make atonement for my merits!"

The shadow no longer talks nonsense, and says to the powerful people in the palace of the emperor behind him: "those two people should not run far away. We should chase them according to their breath."

"However, according to the actions of these two people these days, it seems that they want to destroy all the stone statues and property of the Lord in the demon clan."

"If so, I might know where the two are going next."

"Magic dragon city is the city that the devil has been to the most. If you want to touch the anger of the devil, magic dragon city is undoubtedly the best choice."

"Are these two guys crazy?"

.....

Ye Chen and twilight smoke two people came to the magic dragon city, found three days later, the magic Huan Zong will arrange an auction.

The two men decided to wait three days and start at the auction.

Three days passed by in a flash. If you want to enter the auction, you must pay 10000 magic crystal.

Depending on Ye Chen's wealth, you can get 100000 magic crystal if you sell one thing at will.

Two people hide face and cover the breath, easy to enter.

Came to the auction house, found a box, and then a maid brought tea.

From the auction there is still a time to start, the warriors have come in one after another.

As the time went by, a woman in exposed clothes appeared in the middle of the auction house.

He is one of the elders of mohuan sect.

This time, the auction house professionals let an elder come to preside over, which shows that enough attention is paid.

Chapter 2274

"Ladies and gentlemen, my first time to preside over the auction is not much nonsense. The first auction is a woman's cauldron furnace. As long as two people practice together, our strength may reach a small level."

The elder of magic Huan Zong uses Mei Shu every move..

"The starting price is 100000 magic crystal, and each increase is no less than 10000."

As soon as the elder's voice fell, the scene suddenly became lively.

Mohuan sect has a short history in the demons, but it has a special significance.

Jun Moqiu, the younger sister of Jun demon dust, is the helmsman behind the magic Huan sect.

Soon the price has been raised to one million magic crystals. The cauldron furnace, which can improve the cultivation, can also be used by those who are in the Xingqiao state and seal the door.

Naturally, it takes a lot of time for them to upgrade to the next level.

"Two million magic crystals!"

At this time, ye Chen is bidding. Although there are only 100000 magic crystals on him, there are still too many treasures. He is not worried at all.

The most important thing is that he never thought about spending money!

Originally, he came to make trouble. How could he send money to mohuan Zong.

A one-time price increase of 2 million magic crystal, the auction of martial arts are all dumbfounded!

It's only possible to improve one level of cultivation. At most, it's only 1.5 million magic crystals.

If we buy two million yuan, we will lose some money.

"Two and a half million!"

In a box, a martial artist opened his mouth. He was already in the eight levels of the sky, and the peak was the next level.

It is only one step away from fengmenjing.

"Five million magic crystals!"

Ye Chen opens his mouth again. All the martial artists in the auction are looking at the talking box.

Those who don't have five million magic crystals will continue to bid. Even if they want to buy them, they are powerless.

The elder of the magic Huan sect, with a smile on her face, sold a high price of 5 million yuan for the first auction. She could get a lot of magic crystal herself.

The second auction item is a magic sword, but it has some special features, which can double the combat effectiveness.

This double combat power is enough to make Xingqiao boundary warriors jump over the level to kill. The starting price of 2 million magic crystals will soon reach 5 million.

"Ten million!"

Ye Chen opens his mouth again, completely inhumane, and directly increases the price of 5 million magic crystals.

The face of the auctioneer was a little gloomy.

If we go on like this, I'm afraid they can't buy any of them back.

"I suspect that he bid maliciously. I hope the auction house can find out!"

The elder of the magic Huan sect nodded slightly, and she also suspected that it was a malicious bid.

Even if there is a powerful demon power behind, it will not waste magic crystal like this!

She called a martial artist at the top of Xingqiao state and went into Ye Chen's box to find out.

Soon, the warrior at the top of Xingqiao state comes out and nods slightly!

"The bid is valid!"

The auction house has found out that ye Chen has the strength to take out the magic crystal.

The auction was held again, and each time ye Chen was auctioned at a high price.

Two hours later, no warrior got the treasure except ye Chen.

Ye Chen has consumed 200 million magic crystals in two hours, but the staff of the auction house did not stop it, which shows that people can really spend 200 million yuan.

As the auction ground came to an end, every demon warrior hated it.

At this auction, they came in vain and didn't get a treasure.

Ye Chen came to the back of the auction house and was responsible for the transaction. The elder of the magic Huan sect looked at him with a smile.

All kinds of treasures were placed on the table, and ye Chen took them away directly. Seeing this scene, the elder of the magic Huan sect did not say much.

They have already confirmed that ye Chen has enough money.

It's just a warrior in Xingqiao state. They don't worry at all. Ye Chen will run away.

After ye Chen collects the treasure, he takes a look at the twilight smoke, and the two people are ready to turn around and leave.

"This friend, a total of 1.8 billion magic crystal, please settle the account."

The elder of the magic Huan sect stood in front of the two men with a gloomy look on his face.

"Pay, how can I pay?"

The elder of the magic Huan sect became gloomy.

Are these two people here to make trouble?

"Do you know what kind of existence stands behind our ancestral gate! Can you bear the anger of the Lord! "

However, you can bear his anger

The next second, ye Chen beast decayed sword out, a faint smile on the corner of his mouth, and then a sword directly cut out.

The elder of the magic Huan sect was right. He came to make trouble.

A sword fell suddenly, and there was a dull sound.

Boom!

The warrior, who had already left one after another, heard the sound and stopped. What's the situation?

Someone doing it at the auction?

Bang!

A dull noise, a figure flew out.

The warrior saw that he was the elder who presided over the auction.

Ye Chen and the figure of dusk smoke come step by step, and the evening smoke doesn't talk nonsense. The one finger of endless evil gas converges directly tears the other party's body.

A stream of blood gushed out and scattered on the ground.

Whoosh! Whoosh! Whoosh!

When something happened in the auction house, I told the magic Huan Zong as soon as possible.

A strong figure rushed over.

After Sha Tian Zong had an accident, they were ready to fight at any time.

In the void, a woman stands tall and is the elder of the magic Huan sect.

Behind her, there are three elders with the same strong breath.

"Ye Chen, it's you!"

"After the destruction of the evil heaven sect, do you want to touch the magic Huan sect! Look for death

"This time, you can't escape!"

The elder of the magic Huan sect opened her mouth. She had already been prepared and crushed a token in her hand.

A large array suddenly rises. In order to prevent Ye Chen, he has already arranged the array secretly.

The big array is not a killing array, but a trapped array, which can make ye Chen unable to leave for a short time.

Whoosh! Whoosh! Whoosh!

At this time, another sound of breaking through the air came, the shadow and Guiping arrived.

Behind them stood the strong man of the devil's palace.

When the shadow appeared at that moment, ye Chen frowned.

How strong!

The strong man who was guarding outside the magic bone mountain must be this man!

The moment the shadow appeared, he knew that it was not so easy to escape.

Taixu strong, with absolute speed, can catch him and twilight smoke.

"You can't escape with me in Ye Chen

The shadow said in a cold voice that he was absolutely confident.

"Yes, my Lord!"

The elder of mohuan sect opened his mouth respectfully and waved his hand to relieve the trapped array.

Ye Chen and dusk smoke did not leave, they knew that they could not run away in front of the evil shadow, only could fight!

"You find a place to hide."

Dusk smoke slightly nods, this time can leave, also depends on Ye Chen can outstanding encirclement, but hope a little dim.

In his hands, ye Chen's figure flies up and stands in the void.

The shadow stepped out one step, he decided to do it in person, never after suffering!

Chapter 2275

Originally, he expected to sit and collect the profits. Now it seems that ye Chen's behavior has touched the anger of Jun demon dust!

He can only please you!

Ye Chen's means he has seen, this time will never give him a chance to escape.

The shadow stretched out a finger, and the evil spirit was surging wildly and suddenly fell down!

This finger has not fallen on Ye Chen's body, but the breath has been gradually rolling.

Ye Chen narrowed his eyes, the beast rotten sword and the Zhutian God magic gun, both fell at the same time.

With a sword waving out, the God killing magic spear follows closely!

Boom!

Ye Chen stepped back two steps, the corner of his mouth spilled a trace of blood.

The power of a finger directly hurt him!

The shadow of the mouth a wisp of sarcastic smile, just ants, dare to move in front of him.

The shadow palm opens, appears five sword meaning, in an instant throws out.

The sound of breaking through the sky comes from the sword meaning, and the speed is fast to the extreme!

This is enough to kill a mole ant.

"Ye Chen, do you know why the devil didn't do it? That's to be afraid to dirty his hands. "

"I don't want to do it to you, because killing you also dirties my hand!"

"The star hole mole ants dare to destroy the stone statue of the Demon Lord in vain. It's really looking for death!"

The five swords represent the power of the five elements!

Instantly turned into a magic sword!

This is the power of emptiness!

Enough to shake everything!

Seeing that the towering magic sword wants to penetrate Ye Chen's body, ye Chen no longer hesitates to activate the red dust God pulse!

A golden light twinkles in an instant!

Like a golden dragon guard!

"Bang!"

Two forces touch! The magic sword dissipated on the spot!

And ye Chen, just back three steps, pale to the extreme.

There was even a faint spit of blood.

The shadow's expression changed, and his confident smile suddenly stiffened.

His confident blow was blocked by a mole ant in Xingqiao?

How could that be possible!

What's the light just now!

Even faintly let his blood have a trace of fear!

And a fleeting figure!

Ye Chen endured the pain of the body and rushed towards the shadow.

In front of the shadow, a shot out!

The shadow was expressionless, clenched his fist, and the evil Qi surged out.

"I don't know what the shield came from."

"But you're still going to die!"

"Maybe after you die, I can find your secret from you!"

Bang!

Zhutian magic gun has not arrived, but the shadow's fist has come.

The gap between Ye Chen and demon shadow is too big!

But the power of the shadow has not fallen! A sudden change!

Around the evil Qi, constantly toward Ye Chen's body inside the influx, in the void appeared a lacquer black eyes.

When the evening smoke saw the devil's eyes, the tears in the corner of his eyes could not help but flow out.

This is his father's breath, the most familiar one!

Only Ye Chen knows that although the devil's eye has the smell of the devil emperor, it is not the devil's eye formed by the devil emperor.

This is your own Devil's eye.

It's the incarnation of your own devil!

But it is still not enough to fight against the shadow!

The devil's eye came into the world, and the warriors in the devil's palace kept retreating.

However, there is no change in the shadow's face. In front of absolute strength, any secret arts have no effect.

The evil spirit in the devil's eye is constantly pouring in, and a black light falls instantly.

Boom! Boom! Boom!

With a wave of his hand, a bloody barrier appears on his body to resist the damage of the devil's eye.

Step by step, come to Ye Chen!

A bloody machete appeared in his hand and suddenly cut it off.

Ye Chen's figure continues to retreat, stretch out a finger, the evil spirit crazy surging.

"A finger of the devil!"

The black light fell in an instant. The shadow lifted the machete and waved it directly.

Boom!

There was no contact between the two.

On the contrary, he has come to Ye Chen's face and raised his weapon. The blue veins on his arm burst up.

Bang!

A dull sound, ye Chen's figure falls beside the dusk smoke.

Cough!

Blood spat out of his mouth!

In the face of the shadow, any of his tricks had no effect.

"Today, you must die!"

As soon as the shadow voice fell, the machete in his hand was lifted up, and he decided to kill Ye Chen with one stroke.

As for the twilight smoke, it will be brought back to the devil's palace, and the king and the devil will solve it personally. The blade of the machete suddenly strikes.

Ye Chen faintly feels that the reincarnation graveyard should have what to rush out!

But soon, everything was silent!

Just because at the critical moment, a man in black suddenly appeared beside Ye Chen.

His whole body was wrapped in black clothes, and he could not see any faces.

A wave of hand, block the shadow of a knife.

Great strength!

"Go

The man in black takes a look at Ye Chen, grabs his arm and twilight smoke and leaves in an instant.

Endless evil Qi seems to turn into a magic dragon!

Unstoppable!

The shadow saw the man in black in front of him, and his face sank. He could feel the threat on the other side and ran after him crazily.

The strength of the man in black is equal to the shadow!

But the speed of the man in black is too fast, even if the shadow is about to catch up.

Can only see three figures gradually away.

The shadow's gloomy face was eager to kill. He had been able to kill Ye Chen just now, but he was stopped by the man in black who rushed out.

"My Lord, what should we do now?"

Gui Ping opened his mouth carefully. Who knows the shadow slapped on his cheek.

"Go back first!"

Gui Ping did nothing wrong. He just wanted to vent his anger.

At this time, Guiping came and naturally became the object of his anger.

.....

Time flow.

In the depths of the demon clan, the man in black puts down Ye Chen and dusk smoke.

Ye Chen looks at the man in black, but he is puzzled. In the demon clan, they have no friends.

What's more, he is still a strong man in the state of emptiness!

Ye Chen thought of the immortal who fell into the demon clan for the first time.

However, yonglao has already stepped into the state of disaster on that day, and it is impossible for his cultivation to fall.

"Princess, it's too late for you to die!"

The man in black knelt down in front of the dusk and bowed his head.

Ye Chen is silent on one side, it seems that he was under the devil emperor before.

Dusk smoke looked at the man in black, did not know, her father's men, basically have fallen.

Then we can know the reason from the mouth of the man in black.

Originally, the devil emperor saved a young man who was about to fall from the kingdom of God!

What's more, he taught the youngsters a magic skill.

His name is Luo Chen.

Luo Chen was always grateful and wanted to repay the kindness of that day. Later, he found that the powerful and incomparable devil emperor had fallen under many powerful men in the kingdom of God.

He was far away from the dispute and practiced in the depths of the demon clan. Although his qualifications were mediocre, he had the strength of Taixu state after ten thousand years of cultivation!

Not long ago, I heard the news that ye Chen and dusk smoke were being chased and killed. This is the only way to help at the critical moment!

This is a special place for Luo Chen to practice. It's very hidden and almost no one knows.

Chapter 2276

"You two are here to rest, the shadow and the dust should not be able to find here."

"I also understand your behavior these days. I feel that you are weak after all."

"The power of Jun's demon dust is not formed overnight. The demons are almost shrouded in the shadow of Jun's demon dust."

"In fact, although the king demon dust is in charge of the demon clan, but there are still many families who have objection to the king demon dust."

"Ye Chen, you are the descendant of the devil emperor, and the twilight smoke is the daughter of the devil emperor. Your two identities may change some people's ideas and fight against the king and the devil's dust together."

"Of course, it's just my suggestion."

Leaving this sentence, Luo Chen left.

.....

Two days later, Ye Chen recovered from his injury, and dusk smoke came to his room again.

"Demon king, I decided to fight against Ye clan"

"I believe my father will wake up one day."

"And I will let my father see that as his daughter, I can shake the dust of the king."

They are now targeted everywhere, and it is not easy to deal with the power of Jun demon dust.

If you want to compete with the devil's palace, you can't rely on them alone.

And dusk smoke from Luo Chen's mouth to know that there is a clan in the depths of the demon clan, who has always been dissatisfied with the tyrant policy of the monarch.

That's the devil sect!

And the Lord of the evil way sect, once received the favor of the devil emperor!

The magic way sect is a good starting point. They can nibble the demons a little bit.

A single spark can start a prairie fire!

Ye Chen Mou son a congeals, still nod a head finally.

The purpose of this trip is to revive the devil's body and find the injured eternal king.

As for the establishment of forces against the monarch and the devil, if Twilight intended to do it, he naturally agreed.

At the beginning, he founded the shazong because he was alone, and it was difficult to compete with the major forces.

When he has a force, he is qualified to compete with the major forces.

The demon clan is a very good development place, chaotic, no one control!

In the western regions, it was not easy to develop shazong.

The major forces will not allow forces to threaten their existence.

The demons are different. As long as you are strong, you can be on the top. No one will say anything.

As for the Lord of the evil way sect can agree, ye Chen does not know, need to ask, to be able to understand clearly.

Make up one's mind, ye Chen let evening smoke ask Luo Chen's opinion.

Soon got the news, Luo Chen naturally willing to go.

For Luo Chen, there is no difference between being able to follow the twilight smoke and following the devil emperor.

Three people on the way, came to the devil's road, originally wanted to discuss with the patriarch, but did not expect, the Lord of the evil way sect agreed on the spot!

At the beginning, the devil emperor saved his life. He was just the leader of a clan. He didn't care at all.

What's more, the reason why the Lord of the devil sect is so angry with you and the devil's dust!

It's because when he went to Lingwu land, his wife and children were killed by Jun demon dust!

The patriarch called many elders to the hall. Ye Chen and twilight smoke have changed their faces.

After all, Jun demon dust's claws and teeth extended to any place of the demon clan!

Once exposed, the devil will be destroyed!

The leader of the magic way sect is called Jian Jiu. He told us about the situation and appointed Ye Chen as the leader.

Originally, the elder didn't agree, but seeing the Taixu strong Luo Chen behind Ye Chen, countless words still swallowed back.

"By the way, I don't know what to call the new patriarch? We can also declare it to the public. " A veteran.

Ye Chen hesitated for a few seconds and blurted out: "Ye Yan Kun

Ye Chen naturally can not use the original name, Yan Kun these two words are the most difficult to find!

.....

And now, outside the door of the demon clan.

A big figure appeared directly.

His figure is like an iron tower, imposing.

The blood pressure distributed on the body is more frightening to the door keeper of the demon clan.

This man is the Yankun of the ancient Qiankun clan that ye Chen harvested in Qiankun killing domain!

Yan Kun is the last person of Qiankun family!

In ancient times, the Qiankun people were regarded as gods!

Far beyond the kingdom of God!

Heaven and earth kill the domain, and the strong one of the kingdom of God comes!

In addition to Ye Chen, there is a man! That's Yankun!

If we say that the strong of the kingdom of God have noble blood!

The blood of Yan Kun is the nobility in nobility!

It's a pity that Yan Kun just woke up from the sarcophagus, but his cultivation has not recovered.

The only way for Qiankun people to recover their strength is to fight!

However, after he left Qiankun, Yan Kun did not follow Ye Chen, but kept searching for battles in Lingwu land! His blood is gradually activated!

Now he seems to be restored to the nine levels of fengmenjing!

Of course, it is nine layers of heaven, but as one of the ten blood vessels second only to reincarnation! He can fight the weak!

And Yan Kun's side, followed by two figures.

It's Ji Lin and ye Luo'er!

They learned from the Shenhua academy that Ye Chen fell into the demon clan. Naturally, they could not stand by and found Yan Kun at the first time and killed him directly to the demon kingdom.

Whether Ye Chen lives or dies, they will find it!

Outside the gate of the demon clan, the sword is at war.

Yan Kun gazed at the powerful demon in front of him and said in a cold voice, "are you sure you won't let me

Many powerful members of the demon clan are waiting: "this is the territory of the king, the devil, and the Lord. If you dare to make trouble --"

before the words are finished, Yan Kun's iron fist blows out!

The speaker turned into blood mist on the spot!

Endless waves of air surging!

At the moment, Yan Kun is like an ancient fierce beast, a real killing machine!

Ji Lin clapped his hands: "Xiaoyanzi, not bad, very handsome, with my girl's demeanor at that time."

"It seems that your strength has increased a lot during this period."

Yan Kun:

"Ye'er..."

The shadow of Yan Kun's fist is surging, and the surrounding is instantly turned into a sea of blood!

Finally, his cold eyes fell on the forbidden door of the demon clan. With a sneer, he directly cut his finger and blood flowed!

As if the blood had become his boxing set, it was directly above the prohibition!

The door of demon clan vibrates!

Yan Kun frowned, looked at the only one left, stepped out, and said directly: "open the ban for me!
Come on

.....

At the moment, ye Chen naturally does not know what happened outside the demon clan.

The name of the devil's sect was completely changed to miezunzong, which means to kill the emperor's palace!

And ye Chen intends to invite all those who do not accept the king's evil spirit.

Jun demon dust is of course shrouded in the whole demon clan, but secretly, he did not accept his suppression of many families!

There are even Qiang Zong!

This is the opportunity!

There is some distance between here and the devil's palace. In a short period of time, you don't have to worry about the shadow coming here.

The magic road clan occupies a small city, called the city of magic dust.

The warriors in the city have already known that the leader of the sect has changed.

Originally, it was just a small matter in the western regions, but a warrior in Xingqiao became the patriarch.

They are really a little strange. Jian Jiu is far more powerful than this man. Why did he change the position of the clan?

Chapter 2277

The internal situation is not known to the warrior, but on this day, the city of magic dust is lively.

Because it was renamed miezunzong, it basically invited all the sects that had been exposed and suppressed by Jun and demon dust.

However, ye Chen focused on cultivation, and did not come out to receive, so that the suzerain of many forces gradually became a little cold.

They have known for a long time that the patriarch changes people, but a patriarch does not personally receive and let his disciples come forward, which is not that they are not despised at all.

Soon after.

Most of the ancestral doors have come, ye Chen opened his eyes and came to the top of the hall.

Below stood the patriarchs of the major sects.

"The first time I saw him, the master of miezunzong didn't give us face and arranged for his disciples to receive us."

One of the patriarchs stood up and directly denounced Ye Chen!

Their own strength is more than that of Xingqiao state. Facing a patriarch of Xingqiao state, they don't pay attention to it at all.

Ye Chen laughs but does not speak, does not seem to have heard his words, stood up and said: "who is still dissatisfied with exterminating Zunzong, can stand up."

Rub!

In a flash, five patriarchs stood up directly, while the remaining ones remained silent and wanted to see what ye Chen was up to.

Ye Chen slightly a smile, stretch out the finger, a finger fell instantly!

The endless evil Qi is like a huge mountain, which makes everyone's face slightly changed.

Some people even fell to the ground seriously!

This is Ye Chen's strength!

Of course, to fight against Jun and demon dust, ye Chen must make these people believe that the Demon power, he has enough qualifications to fight!

Otherwise, his cultivation will become a shackle!

In the hall, the patriarch's face changed completely, and he couldn't understand what ye Chen wanted to do.

The other four lords looked at each other and decided to fight together.

They don't believe that a star in the world of martial arts can not succeed against the sky!

Four suzerain hands, but has not started, the pressure let them all fly!

Now ye Chen has enough qualification to fight against the peak of sealing gate!

Naturally, he did not pay attention to these masters of cultivation.

The other sitting lords took a breath.

In front of me, is the master of miezunzong really just a star?

Now they don't believe it.

The elder of miezunzong was also frightened when he saw this scene.

The main reason why they are willing to let Ye Chen be the patriarch is that there are strong people in Taixu state behind Ye Chen.

Now it seems that ye Chen's strength is not simple!

"In addition to celebrating the extermination of Zunzong, there is one more thing. I hope you can join me."

"Fight against the king and the devil together!"

In a word, the presence of the patriarch, the face is constantly changing.

This is not to submit to the miezunzong, but to become a part of it.

Their ancestral clan will be completely destroyed.

It's hard for them to accept.

"Although we have a feud with you and the devil dust, the power of Jun and demon dust is so great that one hand covers the whole demon clan. Even if we set up a force, how can we fight against it! And what if we don't agree? "

One of the patriarchs stood up with his eyes fixed on Ye Chen.

"If you don't know, I'm going to surrender!"

When a dead word fell, the suzerain on the scene was shocked, and they could feel it.

Ye Chen wants to kill them like killing dogs!

"I'll give you a minute to think about it."

He didn't want to waste his time, which was just the first step.

There was Luo Chen and him in miezunzong, and they were not qualified to challenge them.

One minute passed, and the remaining lords nodded their heads one by one.

Ye Chen did not negotiate with them, but told them explicitly.

Just now, he deliberately destroyed the five patriarchs, which was to make an example to others!

Although losing the family is better than losing your life!

What's more, what if you win against the king?

Ye Chen planted the power of the spirit in their bodies. If someone wants to betray them, a thought can determine their life and death.

After they left, they went to their respective clans to move their disciples.

Ye Chen arranges for Jian Jiu to expand the extermination of Zunzong. There will be more and more disciples.

The biggest resistance is still the devil's palace.

It's not enough to fight against you.

Soon, the demons caused a great disturbance. Hundreds of forces abandoned the clan and joined the miezunzong.

The news caused waves. No one knew what miezunzong was busy with.

Even the shadow doubted it.

However, his main purpose is Ye Chen. Naturally, he has no idea about the clan of demons.

Now everyone can see that the ambition to destroy Zunzong is not small. One after another action, let miezunzong continue to expand.

In addition to some important things, ye Chen is in charge of more things.

In three days, miezunzong became famous and began to recruit the strong.

If you join the Xingqiao realm warrior, you can immediately gain a weapon of time and space.

If the star orifices are at the peak, or the powerful demons with half a step to close the door, zongmen will try their best to help break through the barrier.

If there are strong people who want to close the door, they can meet the requirements within their ability.

Some Xingqiao state martial arts people, with a bad heart, want to cheat the soldiers of time and space, but fall the next day.

Even a half step door, to cheat treasure, the end is also the end of the fall.

For a moment, no one dares to destroy Zunzong and cheat for treasures.

Miezunzong has at least Taixu strongmen in charge!

During this period of time, the evening smoke is very busy, ye Chen has been closed, when a shopkeeper, all the big and small things are handed over to her to solve.

Originally, dusk smoke wanted to report the situation to Ye Chen, but found in the top of the demon clan, there was a vision.

In the void, as if the sky split, there are cracks constantly.

Endless evil Qi is absorbed by the power of crack!

Ye Chen suddenly opens his eyes.

His eyebrow heart is twinkling extremely bright nine you light.

Moreover, an old and dignified voice sounded:

"Ye Chen, the land of demons has appeared. The opportunity for my physical recovery is coming!"

This is the voice of the devil!

Very excited voice!

Heaven and earth appeared, ye Chen came out of the room and flew to the void!

In the crack, vaguely, in the formation of a magic door.

But the speed of formation is extremely slow, and it will take at least a few days.

Luo Chen came to Ye Chen's side, saw this scene, and said, "the domain gate of the land of ten thousand demons in the legend of the demon clan has actually appeared near our miezunzong. It's really strange."

"At that time, the devil emperor blocked part of the power in it. After all, the power inside was too evil. It was the real devil."

"With the passage of ten thousand years, the power of seal disappeared, and the door opened in the demon clan."

"I'm afraid you have also discovered If he comes here and senses you and me, damn it

However, ye Chen laughed.

His eyes twinkled with light: "how about the arrival of the demon dust?"

Chapter 2278

The palace of the devil.

The dust and shadow of Jun stood at the top of the palace.

Their eyes were fixed on the great whirlpool above.

The power in the whirlpool even made Jun's eyes extremely dignified.

"Shadow, have those two guys been found?"

The shadow knelt down directly: "Lord, your subordinates are incompetent, and those two people have disappeared."

Jun demon dust was not angry this time. He looked at the whirlpool of evil Qi and said, "put this one in advance."

"The vision in the sky has something to do with the devil emperor."

"It's not a good news that this critical moment has emerged."

"You go there immediately. If you find those two boys, you can crush the jade card I gave you."

"I will come myself."

"I always have a premonition that this vision has something to do with the resurrection of the demon emperor. If the devil resurrects, you and I will all die. Do you understand?"

The shadow's face changed greatly, and he nodded fiercely: "I understand!"

"By the way, where is the place where the vision appears?" You have a wonderful way.

The shadow closed his eyes and felt a little bit. He opened his mouth and said, "Magic City, recently, a sect named miezunzong has sprung up in this city. It has absorbed a lot of forces. If it is allowed to grow again, it may not be conducive to the control of the devil's Palace."

"Do you need to be destroyed?"

Jun demon dust pondered for a moment and said, "you send our people to have a look. If it is really threatening, erase it. If not, even if not, after all, we have more important things to do. "

"Yes, my Lord

With that, a magic spirit rose from the sky and disappeared in the devil's palace.

After the shadow left, the killing opportunity in Jun's eyes was exposed: "demon emperor, why do you have to struggle so hard? Can't you give a pure land to the demons when you die?"

"If you are really resurrected, the end will still be the same. The kingdom of God and I will not tolerate you."

"Besides, it's not ancient anymore. It's a new era. It belongs to the era of our king, the devil's dust and the kingdom of God! There is no place for you in this era! "

.....

The land of ten thousand demons is a legendary secret place of the demons. The coordinates and time are not fixed.

At that time, the devil emperor sealed many evil demons here, and he rebuilt the rules of the devil kingdom.

He wants to tell the world that evil doesn't mean evil.

Magic is an attitude!

Against the injustice of the world.

Unfortunately, with the passage of time, the magic emperor fell and the seal was gradually broken!

In the land of ten thousand demons, I don't know how many demons there are, and all kinds of opportunities.

The warriors who can survive from the land of demons can basically get some opportunities.

Luo Chen tells Ye Chen about the land of demons.

Ye Chen is naturally surprised that he can find an opportunity to revive the demon emperor in the land of ten thousand demons.

Twilight smoke decides to follow Ye Chen to go in together. There is no restriction in the land of ten thousand demons.

There is no boundary limit in the land of ten thousand demons, which means that it is impossible for a strong person to appear in the too empty state.

At the top of miezunzong, the news of the land of ten thousand demons appeared, which spread in an instant, and the whole demon family knew it.

For a moment, the warriors of the demons swarmed into the city.

Ye Chen arranges some disciples to manage the public security of the city. As long as they are not the top forces of the demon clan, they don't need to be afraid at all.

If you want to enter the city, you need to hand in 100000 magic crystals, which makes some martial arts practitioners dissatisfied.

For them, 100000 magic crystal is already a lot of property.

Some martial arts practitioners want to make trouble, and let the martial artists who destroy Zunzong to suppress them.

Compared with the chance of the land of ten thousand demons, it's not even a fart.

The warriors of the city of magic, a large number of influx into it, also began to appear some fighting.

As long as it is not a matter of jeopardizing the emperor, ye Chen will not take care of it.

Now for ye Chen, the land of demons is the top priority.

If you can resurrect the demon emperor, then the unified demon clan will become more relaxed.

If you want to fight against the emperor's palace, you should at least have enough to resist the existence of the king and the devil's dust.

"Ye Chen, the warrior of the devil's palace is coming!"

Twilight smoke has some worries.

Ye Chen nodded slightly, and now is not the time to confront the emperor's palace. He went out of the room to receive himself.

Came to the hall, ye Chen found the shadow and Guiping figure, as well as two strong breath of terror.

Otherwise, it will be found in the ancient medicine.

There are a lot of strong people coming to the palace of the devil. They are all aiming at the land of demons.

"Are you the Lord of the miezunzong? Don't kneel down in front of the demon shadow. "

One of the elders of the emperor's palace spoke directly and did not put Ye Chen in the eye at all.

It's just a clan of demons. If they want to destroy the palace, it's easy. However, ye Chen didn't start at all. His cold eyes were staring at the people in the devil's palace and said, "you should not be able to tell me where you are."

"As long as I want to open the magic city array, none of you want to leave!"

The elder breathed heavily. I didn't expect that someone would refute them!

He stepped out and yelled: "the Lord has taken control of the demons, but you can't rebel! Believe it or not, the palace of the devil will no longer exist. "

Ye Chen did not step back at all, sitting on the high platform: "do you believe it or not, I will have a way to make everyone present unable to enter the land of demons."

"I'd like to see who the anger of Jun and demon dust will fall on."

Threat!

A naked threat!

The elder said suddenly, even the shadow waved his hand and said, "this is the end of the matter! Don't forget what we're here for

The strong man in the devil's palace snorted coldly, but he did not continue to say anything more.

Now the land of demons has not been opened, there is no need to waste energy on the argument.

Although the shadow is not afraid of the leader of a sect, he still knows the importance of the task. He looks at the man on the high platform and bows his hand and says: "by the way, there is one more thing. Lord Yankun should have heard that the devil's palace is pursuing two people. If the Lord has news, please inform."

"Ye Chen and I have a feud against each other. Once we find them, we will thank them again."

With that, the strong man in the palace turned away.

Next, ye Chen arranges his disciples to make a random inspection. It is impossible for the murderer to find out.

There are also strong people searching here, but there is no harvest.

He would not have thought that ye Chen was the leader of the clan.

Two people's appearance and breath, completely different.

.....

One day later.

There is a sudden change in the sky of miezunzong!

Endless evil Qi roars like a magic dragon in the sky!

Boom!

Above miezunzong, a dull sound came from the void.

Ye Chen looks up and sees that the domain gate of the land of demons has been formed.

It's completely open!

The strong of many forces, flying to the void, without hesitation, directly rushed into the domain gate.

Chapter 2279

Ye Chen is not in a hurry. This time, in addition to improving his realm, he mainly finds an opportunity suitable for the devil emperor to rebuild his body.

Ye Chen and twilight smoke two people look at the same time, they are ready to enter, Luo Chen is left in miezunzong.

After the two men entered the domain gate, the warriors were still flying to the void and pouring into the domain gate.

I'm afraid it will take half a month for this situation to come to an end.

When the land of demons is opened, the number of warriors of demon clan will be less than half.

.....

In the main hall of the emperor's palace, there are two powerful people in the kingdom of God beside the king and the devil's dust.

"Jun demon dust, this time the land of ten thousand demons is an opportunity for you to completely control the demons."

"The devil and those who spy on you are a threat after all."

"The kingdom of God doesn't like threats. You should understand."

"Even if the devil has a one percent chance of resurrection, the kingdom of God will not allow it."

"To be a dog of the kingdom of God, one must have the ability to be a dog of the kingdom of God."

"If you can't match your current position, the kingdom of God can give you the strength and status you have now, and can erase everything you get."

The eye clenched, the eye blinked.

Finally, his hand was released.

The word of the kingdom of God, although trampling on his dignity, is not without reason.

It's hard for him to fight against the kingdom of God.

Now, most of the powerful forces of the demon clan have entered the land of ten thousand demons.

There are even a bunch of stubborn guys.

He has the help of the strongmen of the kingdom of God, and the opportunity to unify the demons is just around the corner.

But at the thought of the devil emperor, Jun's body trembled with excitement.

For many years, he had been trying to unify the demons. Now he finally got a chance.

"We, the strongmen of the kingdom of God, will help you secretly. Don't forget the deal between us."

As soon as the word of the powerful man of the kingdom of God fell, he turned and left. As for the next arrangement of the king demon dust, he had nothing to do with them.

.....

Ye Chen and dusk smoke step into the land of demons, looking at the surrounding scene, there are corpses everywhere.

Their feet were on the top of the corpse, and their consciousness was released. There were endless corpses around them.

The land of ten thousand demons is divided into four places. The place where ye Chen and twilight smoke are located is the corpse field.

Enter the land of ten thousand demons. The warriors in these four places are transmitted at will.

The whole corpse field, the most terrible is the demon corpse!

That's the resentment of Warcraft and demons! Although lost consciousness, but bloodthirsty fighting spirit is enough to kill everything.

If you meet, don't think about killing, whether you can escape is a problem.

After all, walking on the corpse.

Ye Chen takes a look at the realm of these corpses, without any interest.

It's just some corpses of the orifices.

Such a corpse, if you want to resurrect the devil emperor, can't even bear a thunder robbery, and it will be destroyed.

Ye Chen and twilight smoke walked forward for half an hour, but they didn't find any warriors. All the silence around them was terrible.

Whoosh!

A shady wind blowing, let the body of dusk smoke, can't help shivering, looked up at the front, the whole person's face turned pale.

"Ye Chen, I think the threat of the land of demons is coming."

Ye Chen looked up and saw the front of a body slowly standing up, his eyes cold and blood red.

The breath that sends out on the body, let Ye Chen all feel suffocation!

"This should be the corpse of evil spirits!"

"My father killed many evil spirits in those years! It is found that resentment can turn them into the corpses of demons. Although their strength has fallen, it is still harmful to the demons, so it is sealed! "

"Unexpectedly, we met as soon as we stepped in!"

Ye Chen didn't expect that entering the land of ten thousand demons is the difficulty of hell level at the beginning.

The corpse of the evil devil, even if the strong people in the later period of the seal state meet, they can only run away.

Whether he and twilight smoke can escape or not is a question.

"Go

Ye Chen holds the hand of the evening smoke, displays the wind and thunder flash, turns and runs!

The corpse of the evil devil felt the smell of the prey and stared at Ye Chen and twilight smoke.

The figure burst out with full force, and the speed was like a meteor flying by.

Ye Chen turned his head and saw that the corpse of the evil devil was less than 100 meters away from them.

Too fast!

It only takes two minutes to catch up with them.

Is the original body of this evil devil's body the realm of Taixu or the realm of killing adversity?

Does it mean that the devil emperor's realm is even higher?

Boom!

In front of Ye Chen and twilight smoke, the figure of the demon's corpse falls. Twilight smoke only felt that he was about to breathe.

Ye Chen's eyes become gloomy. He is definitely not the opponent of the corpse of evil spirits.

Zhutian magic gun is in his hand. He is just about to stab out. The corpse of the evil spirit has already arrived with a fist.

Huge power, driving the wind, a punch out, the momentum.

Ye Chen's chest appears a blood flower, the whole person constantly retreats.

How powerful this is!

Ye Chen didn't expect that he would be in a desperate situation just after entering the land of ten thousand demons.

The corpse of the evil spirit has no expression, and the twilight smoke on one side has been suppressed by the breath and can't move.

When the corpse of the evil spirit is ready to deal with the threat with a fist, he hears a voice and stops his arm suddenly.

"The dust is in my hand, and it's in the heart of Daozu!"

"I cut off all the demons and demons for the sake of hanging the pot."

Behind Ye Chen and dusk smoke, a young man appears.

The young man wore a small robe without any accomplishments. He walked barefoot with a brush in his hand.

It's extremely weird.

Porcelain doll's face, a pair of human and animal harmless smile, but ye Chen knows that it is absolutely not easy to stop the corpse of evil spirits.

The key person does not have a bit of demon breath, how can appear here?

The corpse of the evil spirit stretched out his arm and turned around to leave.

There was also a look of panic on his face.

The little Taoist came to Ye Chen and said:

"Taoist friends, have we met somewhere?"

"Why do you come from the kingdom of God?"

"Your eyebrows seem to be like the Ye family of the kingdom of God."

"No, the Ye family of the kingdom of God has long been destroyed in the long river. In this era, the temple of heaven is respected."

"I read it wrong."

Ye Chen Mou son extreme horror!

What is the origin of this little Taoist! At a glance, you can see the connection between yourself and the Ye family in the kingdom of God!

And, obviously, the other party knows something!

Ye Chen suppressed the shock in his heart and said, "this little brother, would you like to reveal more?"

The little Taoist blinked his eyes and thought of something, which suddenly turned into thunder and appeared beside Ye Chen. One finger touched Ye Chen's palm.

Eyes closed.

All of a sudden, his eyes opened. He was surprised, and even lost his voice: "he has completely activated the red dust God pulse and a part of Lingfeng God pulse. It seems that you really come from that place in the kingdom of God."

Chapter 2280

"Don't ask me about this matter. Shifu said before you traveled that you can say anything. Only things related to that place can't be said to the public, otherwise I can't get the Tao."

"Today is the 13998 year of my road to Tao. In another year, I will be able to escape into the real Taoist gate, and I can't get too much causality with you."

Hearing this sentence, ye Chen is slightly surprised!

This little Taoist comes from ancient times!

And obviously from the kingdom of God!

"Little brother, since you are from the kingdom of God, why do you appear in the land of demons?" Ye Chen Dao.

The little Taoist pretended to bear his hands behind him: "Master said that the kingdom of God is hell, and the devil will help all living beings."

"If I want to be a Taoist, I can only come to the land of demons."

"When the devil emperor sealed the land of ten thousand demons, I was there."

Ye Chen is surprised again. He can't see through the cultivation of the little Taoist, but he can feel the mystery of the little Taoist.

Even in the yonglao group, when they were about to say something, the little Taoist began to say:

"Taoist friend, I saved your life. Should you give me something I don't want to be involved in cause and effect with you. I can't help you in vain. "

Although did not continue to say, but the small eyes still interesting, self-evident.

Ye Chen brows a black line, where does this little Taoist come from, unexpectedly open and aboveboard ask for money.

Take out two things from the samsara cemetery and put them in the hands of the Taoist priest.

He knew that he could not get anything out of the other party's mouth, so he was ready to leave.

"Thank you for your help

Ye Chen finished and was ready to leave with the evening smoke. The little Taoist suddenly came out and could scare away the corpses of evil spirits. There is absolutely a secret in his body.

Although it looks like a mortal, it is certainly not easy.

It's better not to provoke such an unknown existence.

"Wait, I'm going with you!"

The little Taoist comes to Ye Chen's side, a face serious open mouth.

Ye Chen frowned, and now he didn't want the little Taoist to follow.

After all, the other side is from the kingdom of God, and it is not necessarily a threat.

For now, he only believes in the eternal king.

As for others, he didn't want to get involved too much.

So ye Chen said, "you don't want to be infected with causality?"

The little Taoist's eyes narrowed slightly: "of course, but you have the source of Tao. The master said that the source of Tao is the one I want to wait in the land of demons."

"Tell me about the Ye family in the kingdom of God."

"I'm sorry, I'm still a year from now. I don't want to be affected by causality."

"Then don't follow me."

Ye Chen felt that the little Taoist priest was more and more eccentric, and ignored him. He said directly:

"if you have a chance, you can meet him naturally."

As soon as ye Chen's voice fell, he left with the smoke of the evening, and they both flew to the void.

In the twinkling of an eye, ye Chen turned his head and looked at it, and found that the figure of the little Taoist was no longer there.

Don't worry a lot!

Although he is a harmless little Taoist, if there is any conspiracy with him.

In the land of demons, be careful.

Ye Chen falls from the void and finds an endless body.

The two of them had been flying for an hour and had not yet stepped out of the corpse ground.

Step by step, they creak.

Sand! Sand! Sand!

Bursts of sound, in the leaf Chen and evening smoke two people stand in the central position.

Countless corpses gather!

Killing intention and evil Qi are surging together!

Ye Chen brows lock, at first met the evil devil corpse, now meets the demon corpse siege.

Fortunately, the strength of these demon corpses is uneven. Ye Chen and twilight smoke are enough to cope with them.

Kill!

Two people looked at each other, ye Chen took out the beast rotten sword and the Zhutian GOD Devil gun to rush to.

On one side, twilight smoke also displays the demon clan martial arts.

Endless blood spread to the sky.

Half an hour has passed and the corpse has been disposed of.

Ye Chen and twilight smoke two people continue to move forward, but not long ago, there is a small Taoist figure in front.

Really It's so haunting!

I thought I had already got rid of the little Taoist, but I didn't know that I had already run in front of them.

"Taoist friend, master said, you are my chance to become a Taoist."

"I must cherish the source of Tao in you."

"Besides, I'm still a child. Do you really have the heart?"

The little Taoist looked pitiful, and ye Chen rolled his eyes.

If he were a child, there would be no child in the world.

The little Taoist comes to Ye Chen and stares at Ye Chen's eyebrows tightly. After a long time, he opens his mouth and says, "the things in your eyebrows are familiar to me. It seems that I have seen them before." "I may know what you're looking for."

"Would you like to come with me?"

Ye Chen frowns. It's not easy to get rid of the Taoist priest.

In the corpse ground, he appeared and disappeared. If he did not show himself, he would not have noticed it.

And the other party is obviously aware of the existence of Meixin magic emperor!

Is this man really capable of breaking the sky! All for the road.

Ye Chen didn't want to look for aimlessly, so he nodded and agreed!

"Good! You lead the way

Little Taoist is in front, ye Chen and twilight smoke are behind. During this period, he has been on guard.

I don't know what the little Taoist thought.

If you have a chance, you can inquire about it from the small Taoist.

Three people walk stop and go, spent half a day, found in front of a tomb.

The tomb has been opened, and there are many warriors outside.

Ye Chen and twilight smoke two people come over, some martial arts just look at not put in mind.

The patriarchs of miezunzong have known for a long time that their strength is comparable to that of fengmenjing.

It's not clear whether it's true or not. Basically, all the warriors present are not weak, and there are two strong men whose breath is far better than all others.

Even if the suzerain of miezunzong was able to seal the door to the war, they thought it was only the early stage.

There are not no soldiers fighting beyond the ranks, but there is no such thing as being too rebellious.

If there is, I'm afraid Ye Chen is the only one.

So many strong men surrounded the tomb, no one dares to step in!

It's just because the breath from the cave is too oppressive.

"Come on, let's go in."

The little Taoist priest raised his head and lifted his chest. He looked contemptuously at the warrior beside him, and then walked into the tomb.

The rest of the fighters still did not start.

The two old men, whose breath was far more than everything, took the lead and said, "it's just right. Let these people go in and explore the situation. If there's nothing wrong, it's not too late for us to step in again!"

Ye Chen three people into the tomb inside, found only a weak light.

A gust of wind blowing, ye Chen's eyes inside, showing a trace of vigilance.

I'm afraid this tomb has existed for thousands of years. No one knows what is inside.

Under their feet, the soil is soft, and it seems that they can get into it by stepping on it.

There are oil lamps hanging on the wall beside them, which are enduring and seem to exist all the time.
