

Physician 2281

Chapter 2281

Continue to move forward, ye Chen found a closed door.

Next to the gate, there is a demon corpse, dead, only bones.

In his white bone's hand, holding a parchment, ye Chen came over and took the scroll from his hand and had a look.

There was no writing on it, only a picture.

There is a huge furnace above, and there are two old men who are immortal and have good moral character. It seems that they are refining pills.

Nothing else.

Ye Chen pushes open the gate, and dusk smoke two people into the inside, found around ten bodies.

The bodies were well placed, their hands on their chest.

I went over to have a look and found a black bead in my mouth.

The pearls are crystal clear. After so many years, they are still flowing with luster.

The strength of the ten corpses is at the peak of fengmenjing, or half step is too weak, which is much worse than xuanmo.

Ye Chen tries to communicate with the evil emperor in the heart of his eyebrows.

There was no feedback.

Obviously, these are not opportunities for the resurrection of the demon emperor!

And these corpses, have been about to rot, can survive until now, or because of the strength of life.

Twilight smoke sensed something and took out a bead from ten corpses.

The Taoist priest's face changed instantly, and he said, "don't move!"

He had just finished his words, but it was too late. The evening smoke had been taken down.

When the beads were taken down, the whole tomb room was shaking.

Black beads, from the hands of the dusk smoke, left the mouth of the nine demon corpses, the beads gush out, standing above Ye Chen's heads.

Hum! Hum! Hum!

No one thought of the change of beads. Behind them, the gate was closed.

There was a crack in the beads, and a black light came out, and a roar came from it.

Ye Chen looked up and found a crack in the bead, and a Warcraft appeared.

Ten Warcraft appear, their body is not high, but send out the breath, but let Ye Chen feel a trace of discomfort.

Ye Chen no longer hesitates, directly uses the burning sky sword, endless sword light falls directly!

The spiritual power of Dantian is constantly flowing!

This sword, has done its best!

Ten blood fog instantly formed!

Ye Chen takes back the beast decaying sword, looks at the little Taoist, and finds that he is frowning.

"Do you know anything?"

From the beginning, ye Chen felt that the little Taoist had come here.

When the evening smoke took out the beads, what the little Taoist said made him more sure.

"This is the cave of an ancient evil spirit whose body is suppressed in the deepest part of the tomb."

"The bodies of ancient demons are immortal and extremely dangerous."

"As for the rest, I can't say. The master said that heaven's secrets can't be disclosed, and there will be problems in the road to success."

"It's impossible for us to retire now."

They want to quit now, it's impossible, the door behind is completely closed.

Ye Chen wants to use brute force to break open, but found no effect.

Three people are trapped in the tomb, the time passes by.

The corpse gas inside the tomb is getting heavier and heavier. The dusk smoke finds that her body gradually appears dark green lines.

It's not only twilight, but also the arm of the little Taoist.

There is even a trace of heat in the lines.

The little Taoist opened his arm and sighed, "I still got this thing."

Suddenly, the little Taoist found something. He opened Ye Chen's hand and found that ye Chen didn't have a trace of grain.

And there was a special light all over the body.

His eyes surprised, but suddenly: "I forgot you have Ling Feng Shen Mai."

Ye Chen is sure that the little Taoist knows something, even busy way: "do you know Ling Feng Shen Mai?"

The little Taoist nodded. He pinched his finger and said: "Lingfeng Shenmai is a special pulse. It is extremely unstable in the ten gods pulse. It may control part of the wind, and it can also make you move faster. But these are not the main ones. His greatest function is to absorb external forces, including Many things, the enemy's sword and killing intention, as well as the poison against heaven

"But your Lingfeng pulse has always had some problems. He has been in a state of deep sleep. Just now, this toxin, which is comparable to the congenital poison, was absorbed by Lingfeng's pulse."

Ye Chen set off a storm in his heart! "What happens when the absorption is saturated?" he asked

The little Taoist gave Ye Chen a white eye and said, "of course, it's released!"

"If I'm right, the reincarnation stele you refined only released part of its power, and the rest was absorbed by Lingfeng's divine pulse." "It's robbing you for food."

"It's like an existence that doesn't have enough to eat. Once it's full, it can shake the world."

Ye Chen is extremely ecstatic!

He once thought that Ling Feng's pulse was so powerful!

According to this, red dust God pulse Lord defense! That Ling Feng Shen pulse is likely to release a powerful blow in instability!

Seeing ye Chen ask again, the little Taoist said impatiently, "I really don't understand how you control the divine pulse. I don't know any common sense."

"Lingfeng's pulse may be very strong, but it is too unstable after all. To be stable, there is only the reincarnation xuanbei with fire attribute."

At this moment, the sound of pain came from the evening smoke.

Ye Chen's startled discovery, the toxin on the body of Twilight smoke actually diffused!

The expression of the little Taoist was also a little uncomfortable.

Ye Chen couldn't sit back and ignore him. He looked at the Taoist priest and said excitedly, "since you know so much, there should be a way to remove this toxin, right?"

The little Taoist nodded: "as long as you find the graveyard of the ancient devil and get his blood, you can survive."

"But there may be many powerful corpses in it. Are you sure you want to go on?"

Ye Chen takes a look at the depth of danger, the beast decaying sword and Zhutian magic gun are in the hand, and the twilight smoke is behind him.

The whole figure rushed out.

The sword meaning on Ye Chen's body spreads everywhere, shaking the space.

There was a buzzing sound from the animal decaying sword. When he waved his arm, the sword light flashed out.

Boom!

Sword light in the air in the rapid flow, in the blink of an eye on the body of the demon corpse.

Click!

The nearest corpse was torn apart and burst into a cloud of blood.

Ye Chen is far away from the blood mist to prevent being eroded by the blood.

Dusk smoke has been following him behind, ye Chen alone, with the beast decaying sword and Zhutian God magic gun, kill a way of blood.

The smell of blood permeates the air. The more you move forward, the more pressure Ye feels.

Toward the front, ye Chen found a variety of three forks, inside the tomb, at least hundreds.

Ye Chen's brows are locked, and he has no more time to waste.

It takes half a day to search for hundreds of caves one by one.

What he lacks most is time.

Chapter 2282

In ancient times, the tomb of evil spirits should be in it. Even if he and twilight smoke can be found separately, it is not very easy.

Ye Chen's eyes looking at the front, found a tomb of corpse gas, abnormal rich.

"Come here!"

Ye Chen points to the road in the middle and says.

Now only dead horses can be used as living horse doctors.

The door of the tomb has been opened, and ye Chen is more sure that this is the ancient evil cave.

When they entered the cave, they found that there was nothing in it, but there was still a breath of treasure.

In the deepest part of the tomb, a golden sarcophagus is found, in which lies a flesh body surrounded by endless evil Qi.

Ye Chen came to the sarcophagus and took a look at the corpses of ancient demons.

Originally, he wanted to see whether it met the requirements of the demon emperor's body, but when he saw it, he was disappointed.

This corpse is not suitable for the demon emperor, or even better than the xuanmo.

Helpless, ye Chen can only break the body of the ancient evil devil, and fall on the body of the twilight smoke with the blood of the ancient evil devil!

However, the toxin did not stop.

At the moment, however, the little Taoist priest pasted a rune full of ancient inscriptions on the body of ancient demons.

Little Taoist chanted words, endless flame burning in an instant!

The corpses of ancient demons were burned out.

And the misty breath on the little Taoist is more and more rich! The toxins are gone!

Obviously, the little Taoist cheated Ye Chen!

And at the moment, the body of the evening smoke is emitting a strong toxin, as if it is about to fall down!

It's going to be swallowed up!

Ye Chen can feel the anger of the devil emperor!

But the devil emperor in the critical moment, obviously can't move!

Ye Chen quickly hugged the evening smoke: "evening smoke!"

The breath of the evening smoke is intermittent. It is obvious that something is going to happen!

The blood of ancient demons has no effect on the poison of Twilight smoke, but it is useful for little Taoist!

Damn it!

"Taoist friend, I'm sorry I cheated you. In fact, the blood of ancient evil spirits has no effect on the girl, but it has something to do with my becoming a Taoist."

"I can't get in here alone."

"I will be responsible for her death."

"I have a causal relationship with you in the end."

"If you want to scold me, I will accept it."

"In order to become a Taoist, I have done wrong, and I may have done nothing."

However, ye Chen at the moment completely ignored the little Taoist!

Just because a voice came from the samsara cemetery!

That's the voice of the ancient medical God!

"Boy, remember what you promised me?"

"Now, maybe it's time to do it."

Ye Chen slightly a Zheng, open a way: "your condition is in the land of ten thousand demons?"

The ancient doctor touched his beard and said with a smile, "I am not only proficient in medical skills, but also in divination. I can feel something vaguely."

"Everyone thinks that the most precious thing in this land of ten thousand demons is that of ancient evil spirits, but they don't know that there is another more important thing here!"

"That's the chaotic star tree."

"This is a man of medicine, a dream, a true God."

"This is the real bearing of this place and the greatest opportunity!"

"This star tree and I will bear fruit!"

Ye Chen Mou son shrinks, open a way: "this thing is so powerful, are you sure I can get?"

You laugh at me: "nature help me."

Ye Chen suddenly thought of what, said: "help you can, but I hope you help me get rid of the poison of the evening smoke."

"Otherwise, I will never look for the chaotic star tree!"

The old doctor had a stiff smile and a livid face: "you are threatening me! I'm famous for not rescuing the dying! It's impossible to cut off the enemy's territory! "

Ye Chen said solemnly, "then I won't go! You just wait for the next time the land of demons opens. "

"You After a few seconds, a gold needle wrapped with colorful Qi appeared in front of Ye Chen, "Stinky boy, you are the first one to discuss conditions with me for thousands of years, OK! very nice! This needle can break the poison! "

"After breaking the poison, I'll go and find the chaotic star tree!"

Ye Chen one Xi, no longer hesitant, more ignore outside small Taoist, gold needle move.

When the gold needle came out, the little Taoist looked extremely strange: "this gold needle It's impossible Absolutely impossible

Gold needle falls, colorful glow wrapped in the evening smoke!

The poison of the evening smoke fades in an instant!

Not only that, but the almost unconscious Twilight smoke opened his eyes!

Little Taoist is confused! Sit on the ground!

His eyes were no longer calm, but frightened: "this is the golden needle of the ancient medical God. How could you have his gold needle and his means Who the hell are you? "He was not optimistic about ye Chen from the beginning, but ye Chen's medical skills completely shocked him.

In the kingdom of God, countless treasures and rights are not as precious as the needle of the ancient medical God!

The ancient medical God's strength may not be the highest! But medicine, absolutely won the kingdom of God!

There is a word in the kingdom of God!

It is better to offend the heavenly way palace than to offend the ancient gods!

One shot can change your life! It's hard for the strong to escape!

And the ancient medical God can change everything!

Smoke wake up, ye Chen exhaled a breath, the gold needle in the hand disappeared.

The little Taoist relieved himself from the shock: "you, who are you Since you have such medical skills, why didn't you save them in the first place? "

"It almost broke my heart."

Ye Chen didn't pay attention to his plan and looked at a direction.

For now, he must look for the chaotic star tree in the land of demons!

He vaguely felt that the chance did not belong to the ancient god of medicine, but to himself!

Ye Chen thought of what, eyes fell on the body of the little Taoist: "you stay here for so long, I'm afraid you know the location of chaos star tree."

The little Taoist's eyes were frightened: "how do you know?"

"Don't worry. If you want to make atonement, take me there!"

Ye Chen said solemnly.

Don't talk to me, Taoist

And just then!

Boom! Boom! Boom!

The tomb ground shaking, in the stone wall behind Ye Chen, there is a huge Warcraft.

The strength of Warcraft has reached the virtual state, a pair of fierce eyes, staring at the three of Ye Chen.

The little Taoist murmured: "I knew that once the body of the ancient evil spirits was moved, the fierce beasts guarding the ancient evil spirits would come out."

Now the plan all let Ye Chen upset, ten thousand year blood Warcraft came out ahead of time.

"Go

Ye Chen used a thousand weapons explosion to delay ten thousand years of blood Warcraft, then ran away quickly! He didn't even have the desire to fight with Wannian blood Warcraft.

They can't waste their strength now. In this, it's best if they don't consume energy.

Ye Chen holds the hand of dusk smoke and runs away crazily.

He doesn't care about it at all. He is mysterious. Although he seems to have no accomplishments, he certainly has no problem with self-protection.

Three people escape, Wannian blood Warcraft in pursuit of behind.

In front came the rustling sound, a demon corpse appeared.

The number of demon corpses increased, but eventually turned into blood fog.

Rush out from the tomb, ye Chen and dusk smoke, have a sense of survival.

Chapter 2283

The little Taoist asked curiously, "Taoist friend, the energy you just released is the self explosion of weapons. Can you control it? I have never seen such a method in Lingwu for so many years. "

Ye Chen doesn't pay attention to it. The three keep on going. The little Taoist knows the approximate position of the chaotic star tree.

The location of the body is not clear.

Chaotic star tree, but God, heard that if you can refine the chaotic star tree, you can really achieve immortal flesh.

No one knows whether it is true or not.

No one has ever been able to refine the chaotic star tree.

After three days, ye Chen and others suddenly stop and see the branches blocking the sky and the sun, just like rushing into the clouds.

Chaotic star tree exudes a soft breath, which makes people feel comfortable.

Ye Chen found that some demon warriors were passing by, apparently aiming at the chaotic star tree.

See chaos star tree, ye Chen three people speed up to advance, less than two hours, have come to the bottom of chaos star tree.

Chaos star tree extends thousands of miles, huge trunk, hundreds of warriors stretched out their arms, can not form a circle.

Beside Ye Chen and them, there are many warriors, watching him with vigilance.

Ye Chen took a look at the top and found some red fruits.

The fruit of chaos should be at the top.

Although the chaotic star tree is huge, there are only nine chaotic fruits.

There were at least thousands of warriors present, and ten of them were strong in half step Taixu and Taixu.

Ye Chen wants to pull his teeth out of their hands, I'm afraid it's not so easy.

"One flower, one world, one leaf, one Bodhi!"

"If you want to get chaotic results, strength is only one aspect. The most important thing is to realize reincarnation and Tao."

At this time, the little Taoist priest opened his mouth beside Ye Chen.

Ye Chen originally wanted to ask, but the little Taoist didn't say a word, just let him watch.

Some warriors saw the chaotic fruit and started climbing, but soon, their figure disappeared in place.

Ye Chen found that the leaves above the chaotic star tree appeared the figure of the disappeared warrior.

This scene, let Ye Chen see slightly a Leng!

What kind of situation is this? There is no wonder in the whole world.

"If you can't feel samsara, you will be trapped in the leaves forever."

The little Taoist said and looked at Ye Chen.

The test of pure chaos star tree will make a large number of warriors trapped in the leaves.

Forever can not come out, chaos fruit not only can cure Ye Chen's injury, but also can obtain many benefits.

Ye Chen laughs, he all the way is to rush over, just a test.

He is confident that he can come out.

Twilight smoke has a charm, even if it can't beat, it's OK to escape.

He has nothing to worry about.

Ye Chen and dusk smoke explained two sentences, and then climbed up the branches. After a long time, the figure disappeared in place.

The little Taoist murmured in his mouth: "I hope Ye Chen will be OK."

If ye Chen is trapped in the leaf forever, his road to success will be over.

.....

Ye Chen opened his eyes and found that there was no reincarnation illusion.

No experience!

Strangely, he has already appeared at the top of the chaotic star tree!

Ye Chen is a little confused.

What about the experience?

What about the good reincarnation?

At this time, the reincarnation cemetery suddenly came a voice of extreme ecstasy!

"I forgot that your blood is reincarnation!"

"Reincarnation blood owners, but also feel what fart reincarnation ah!"

"Ha ha, God help me!"

"Good! Very good

"Boy, for the first time, I think you are good! Really good

This is the voice of ancient medical God!

At the moment, the ancient medical God is like an old urchin!

I'm so excited.

And the little Taoists and many warriors under the chaos star tree are confused.

Why all people have to go through the test!

Even most people fall in the test!

And that kid, in a blink of an eye, is to come to the top!

Is this guy the back door of chaos star tree?

The Taoist priest's expression was extremely strange and murmured: "I finally understand what the master said."

"If this person is not Daoyuan, who is qualified to be Daoyuan?"

"Is that fellow still a man? Such a chance and luck are just open to the public! "

"Give this person enough time. I'm afraid Xuanyuan moxie will be afraid of him."

On the chaotic star tree, ye Chen naturally found the chaotic fruit.

But there were also a few people around him. Obviously, I have been here for a long time, barely stepping into this position.

There are not many warriors at the top, only 20, but the weakest are in the late fengmenjing period.

Ye Chen's whole face was slightly gloomy.

The current situation is very unfavorable to him. He has to get it.

Take the chaotic fruit from the hands of 20 strong people, ye Chen's pressure can be imagined.

Fortunately, the strongest one has only one level of Taixu, and he still has a chance.

As for ye Chen, although he doesn't know how to appear at the top in an instant, his strength is just a star, which has been completely ignored.

It's just a weak person in Xingqiao state. If he dares to snatch chaos fruit with them, he doesn't mind slapping to death.

Ye Chen is also happy to see them despise. It's better for them to fight first and get rid of some martial artists, and then he will fight again.

The battle broke out in an instant. Twenty strong men fought with each other, and the smell of terror spread everywhere.

Ye Chen hides in one side, observes secretly, waits for them to hit almost, then moves.

Soon, at the top of the chaotic star tree, the fight was almost over, and there were only three strong men left on the scene.

These three strong with injuries, it is estimated that the most can only break out of the force of the eight or nine layers of heaven!

Their injuries, for ye Chen, this is the best time to shoot.

The beast decaying sword and the God killing magic gun in his hand were held in his hand at the same time, and the whole figure of the human being rushed forward like a flash of lightning.

At the moment when he rushed past, one of the strong men saw this scene, and a cold light flashed in his eyes.

Do you dare to snatch the fruits of chaos in front of them?

The sword in his hand fell directly, and he wanted to kill Ye Chen with one move.

Ye Chen's beast decaying sword in his hand suddenly lifted up, and an extreme sword light fell in an instant.

At the moment when the two touch each other, there is a sound of explosion.

He who is strong in Fengmen is able to catch him.

He admitted that he looked down on Ye Chen, but that was all.

Ye Chen's figure has rushed towards him, and the Zhutian magic gun is lifted directly at this time.

"Broken star!"

A gun shot out, causing space bursts of noise, like a fierce ghost in the roar.

Boom!

The strong man took the sword in his hand to resist, and the whole figure stepped back three steps.

At the moment, his face was completely gloomy. He had just hit Ye Chen, which made him feel the blood in his body turbulent.

Just now, he felt a little wrong when he underestimated the enemy.

This is definitely not the power of the astral realm.

Chapter 2284

The remaining two strong feel a burst of threat, decided to move together, first to solve Ye Chen, then fight for chaos fruit.

The three strong men rushed to him in an instant, and the immortal gods and demons on Ye Chen burst out at the same time.

One gold and one black flowed on his body surface.

"Thunder magic sword!"

Ye Chen's mouth murmurs, in the hand's beast rotten sword, in an instant raises.

Zheng! Zheng! Zheng!

The animal decayed sword broke out a crisp sound, and the breath of the six sword gods was diffused around.

Three strong suddenly found their own speed has become a little slow, too strange!

The ultimate sword light, burst out bright light, suddenly fell.

The three strong can only use their own means to resist!

One sword resisted, but another fell.

Ye Chen finds that his spiritual power is losing rapidly, but he can't care so much now.

Let's get rid of the three injured strong men in front of us.

Take out the Horcrux from the samsara cemetery and throw it out in a flash.

Boom!

Three people spirit a concussion!

Mou Zi is frightened!

They never thought that this son was still a soul cultivation!

And it's a very powerful soul cultivation!

When they were devastated, several weapons were suspended around them!

All of a sudden, it's full of energy!

A thousand soldiers!

A blast, three strong mouth overflow a trace of blood.

I was unprepared just now, otherwise I would not be hurt.

Ye Chen's face is not too much change, the ghost figure suddenly rushed past.

Kill God magic gun and beast rotten sword, both of which are waved out at the same time.

Bang! Bang!

One shot pierced the body of a warrior, and the blood dripped into the void.

Ye Chen takes back the gun of killing God and demon, holds out a finger, murmurs in the mouth:
"demon one finger!"

Now is the best time to kill these strong wounded.

If they use the technique to recover their strength for a short time, they will be in trouble!

Inexhaustible evil spirit constantly poured into the fingers, a black light suddenly fell.

Whoosh!

That strong person sees this scene, pour to take a breath cool breath, ye Chen does not have any hesitation.

All of a sudden, the beast decayed sword was cut out.

I'll kill you while you're ill!

Boom!

With a sword, the strong man's body was cut in two.

The other two threatening strong, vigilant looking at Ye Chen, then two people rushed over.

In the void, I don't know when, the evil spirit is enveloped, and a lacquer black eye appears.

The breath of terror came from the eyes, and the evil spirit surged.

At the bottom of the devil's eye, the shadow of the devil's eye has not been seen.

I didn't expect to meet Ye Chen here.

And ye Chen, unexpectedly is that destroys Zunzong Yan Kun!

His strength is strong enough, but he doesn't mind consuming everyone's strength!

You demon dust has orders, everything in the land of demons belongs to Jun devil dust!

Nobody wants to take it away!

Including the fruit of chaos and the tree of stars!

Originally thought Ye Chen was not in the land of ten thousand demons, but now it seems that he has sneaked in.

The devil's eye breath flow, so that the remaining two strong, the face became frightened.

This is not the devil's eye!

But after ye Chen opens, it is to have a part of magic emperor's Aura!

Enough to make all the strong submit!

"You are ye Chen!"

One of the strong said.

"Now I know, but it's too late!"

Ye Chen's mouth reveals a trace of sneer, the devil's eyes slowly open.

In this moment, the evil Qi gushed out.

The two of them already know ye Chen's identity, so it is impossible for them to leave alive.

Sad cry sounded, their eyes fixed on Ye Chen.

How did not expect, in the demon clan, he did not hide, changed his body, even became the Lord of miezunzong.

It's a pity that it's too late to know now that they can feel their breath of life, constantly losing.

Boom!

The eyes of the devil's eyes gradually dissipated, and ye Chen's face became pale.

Just now he used the devil's eye. His body consumed too much energy.

If there was the power of the devil's eye, maybe it would be over.

It's a pity that the devil is very weak now. He can't let the devil do it!

And to find the chance to belong to the devil here!

Come to the chaos of the fruit, put all the leaves into the grave. For such a long time in the past, twilight smoke and little Taoist didn't know what had happened.

He came down from the chaotic star tree, only to find that the evening smoke was injured.

Obviously, she was attacked by the demon warrior below!

The moment Ye Chen appears, the eyes of dusk smoke gradually brighten up.

Ye Chen comes to the side of the dusk smoke and looks at the demon warrior around him coldly.

When the three demon warriors saw Ye Chen, a sneer came out of his mouth.

With a helper, it's just the astral realm, and they can solve it easily.

Ye Chen didn't say a word. He held the sword in his hand and came to them step by step.

"Ye Chen, you..."

Evening smoke just want to say something, ye Chen said: "chaos fruit, I have got it!"

Hearing Ye Chen's words, twilight smoke a worried heart, finally relieved.

Three demon warriors heard the three words of chaotic fruit, and their eyes showed greed.

"Give up the fruit of chaos, I can spare you from death!"

If he wants to have a look at chaos, he wants to have a look!

The three of them turned into a cloud of blood on the spot.

Ye Chen looked at the dusk smoke and said directly: "you leave here as soon as possible!"

Dusk smoke a Zheng: "then you?"

Ye Chen looked at the chaotic star tree, the light flickered: "I want to refine the chaos star tree!"

As soon as he said this, the little Taoist and the evening smoke all changed color!

Ye Chen wants to refine this divine object!

Are you crazy!

However, before the words were spoken, a round of applause burst out from behind!

"Ye Chen, ye Chen, you really surprised me."

"The Lord dares not to refine the chaos star tree, how dare you?"

"Do you know what this chaotic star tree means?"

"This is a seed of chaos! It has the power of the world

"Any ant can't shake the original force!"

"What you said is a big joke."

"Are you still trying to refine? You don't even have the ability to protect yourself! "

"You're hurt now, and you think you can get away from me."

Ye Chen has no fear.

The shadow, of course, he is invincible.

But he has a backhand.

Chaos star tree was refined by the ancient medical God.

Now I've run into some troubles. Should the ancient medical God make a move?

This is not about terms! But the ancient medical God must come out of the mountain today!

Chapter 2285

In the tomb of samsara.

Ye Chen gazed at the ancient medical God and said, "chaos star tree is what you want. Now this man stands in front of you. What should you do?"

"Don't you kill Taixu peak in a second? Just in time, I also want to see what kind of strength you are, the legendary god of medicine. "

The ancient medical God snorted coldly: "boy, in the land of Lingwu and even in the kingdom of God, no one has ever dared to discuss conditions with me."

"Do you think you can hold me down by talking about conditions one after another?"

Ye Chen shrugged: "that when I did not say, it seems that the chaos star tree, is not to get it."

"But if you want the fruit of chaos, I've got it, and I've fulfilled your promise!"

The old doctor's face was a little angry, but still suppressed: "Stinky boy, you are on the verge of death to try!"

"I have lived for so many years. You are the first to dare to speak to me like this!"

"If it's not for the sake that you are still useful to me, I'll stab you with a gold needle!"

Ye Chen showed a successful smile: "then you are stabbing me, I beg to tie! It's a pity that the chaotic star tree will be taken away by Jun's demon dust... "

The ancient medical God pondered for a moment and said, "I recognize the plant! You are satisfied. This golden needle can release a powerful blow at the critical moment. However, because I am not the essence, it is impossible for the ancient gold needle to kill the peak of Taixu in seconds, but it is still possible to fight against the middle stage of Taixu state! "

"Remember, chaos star tree must be refined for me! Otherwise, I have ten thousand ways for you to live or die

Ye Chen holds it with five fingers, and a golden needle with colorful light falls on the palm of his hand.

Although not released, but he can still feel what kind of power is contained in the gold needle!

Good stuff!

Even ye Chen does not want to use this object to fight against the shadow!

It's a pity to waste such a life-saving thing.

The key ancient medical God is completely different from other great powers!

Next time I want him to take out something, it's as hard as heaven!

Ye Chen returned to the reality and looked at the shadow with interest and said, "demon shadow, why is it always you who start with this dog? Isn't Jun moochen trying to kill me? Why doesn't he just do it?"

"Maybe he's afraid of the devil's breath?"

The shadow of the devil hummed: "kill you a star orifices mole ant, how to need the devil's hand!"

"Although you have something about the devil, you still have to die!"

The next second, the shadow swept across the boundless air waves, the hand is to sacrifice a magic sword! Just ready to go towards Ye Chen!

The vision is rising!

The whole land of demons was shaking, and the dark clouds were pressing down a large area. The sand and stones were flying in front of us, and a dull voice sounded.

Once the shadow's eyes sank, the spirit consciousness was released and changed color instantly!

Endless demon corpses come together!

Not only that, but there are also three corpses of ancient demons whose breath is too empty.

The three corpses of evil spirits are enough to kill any warrior on the spot.

The shadow even gave up the plan of Ye Chen.

If ye Chen loses too much strength, he can't get out of this land of demons!

But ye Chen's eyes are flashing with ecstasy.

Now he can not fight against the shadow, and these ancient demons come too timely!

Although he will also be in danger, but at least can help him disperse some enemies!

The key is that he found that these demons are heading for the chaos star tree!

Obviously also for the chaos star tree!

The endless demons are getting closer and closer, and the legs of some warriors are already shaking.

Fear pervaded everyone.

Sand and sand!

At this time, the sound comes from the chaotic star tree, and the falling leaves form a protective cover.

Covering the area of ten miles.

Only when the chaotic star tree feels the threat will it take measures.

Seeing that the leaves of chaos star tree are shrouded, some martial artists feel relieved.

Ye Chen did not relax his vigilance at all. The corpses of evil spirits are purposeful attacks.

If you are not prepared, how can you attack the chaotic star tree.

He guessed that there must be someone behind to control the corpses of these demons.

Little Taoist, chaos star tree, devil emperor, all these connections prove that this land of demons is not ordinary!

These warriors can't stay in the chaotic star tree all their lives, and how long they can withstand it is still unknown.

Boom! Boom! Boom!

Outside, the evil corpse and the demon corpse are constantly attacking, and there is a sound of explosion.

At present, there is no problem for the time being. As time goes by, an hour later, a gap appears in the protective cover formed by the leaves.

The appearance of the gap, pouring in some magic corpses, the martial arts quickly rushed to resist these evil corpses. The smell of blood began to spread!

The sound of anger, scream, never stop!

Ye Chen can guess that once all the evil spirits come in, I'm afraid it will become a hell on earth!

None of them was spared.

The little Taoist was silent and did not know what he was thinking.

Soon more and more gaps appeared, and the shadow had to fight against the ancient demons.

The magic corpse that rushes in, the strength is relatively weak, ye Chen they can kill easily.

But it's also losing spiritual power!

Ye Chen came to the little Taoist priest's side and said, "you know this place, can you think of a way to leave."

There are more and more gaps, and it is only a matter of time before the protective cover is broken.

The little Taoist shook his head and his brow was frozen.

Seems to be thinking about something.

Ye Chen's look gradually faded down, if there is no miracle, he has been able to foresee that this place will become a hell among people.

The gap of the protective cover is getting bigger and bigger, and more warriors need to be used. Fortunately, the remaining corpses of ancient demons have not yet rushed in.

All of a sudden, bang!

The whole protective cover cracked, and endless evil spirit rushed over.

At this moment, none of the fighters on the scene were spared and all joined the battle.

Ye Chen, holding a magic gun and a sword, rushes to fight with the corpse.

Twilight smoke is no nonsense. Release the evil Qi and cast the magic skill! Innumerable magic lights are coming out!

In less than an hour, half of the demon warriors who entered the land of demons had already fallen.

The smell of blood permeates the air, and ye Chen's immortal meaning gushes out. He uses the magic thunder sword and cuts it out with one sword.

Take away a large number of magic corpses, but there are too many of them. Just after a road is struck, the magic corpses will rush to them, and will not give the warrior any chance to escape.

The corpse of the evil devil has begun to launch attacks. Every time a magic skill is used, there are warriors who make a sad cry.

In an instant, the body split into four or five, and the blood flowed on the ground and was about to flow into a river.

Ye Chen's spiritual power in his body is becoming less and less. If he goes on like this, he won't last long.

Chapter 2286

His figure continued to retreat, turned his head to take a look, and found that the evening smoke had been surrounded.

Is difficult to resist, he turned to come to the side of the twilight smoke, beast decaying sword and killing God magic gun constantly waving.

Solve the crisis of Twilight smoke and come to the Taoist priest.

"Is there any way to stop the evil corpse?"

There must be something special about the corpse of the evil devil who turned his head and ran away when he saw the little Taoist.

As long as you can stop the pace of evil corpses, these evil corpses are not enough to fear.

The little Taoist pondered for a while, and finally nodded: "my cultivation is different from your martial arts. What I cultivate is the heart of Tao, and the one who pursues it asks."

"It's just If I use that technique, my way of asking questions will have an impact. "

"Well, this is cause and effect."

After that, without waiting for ye Chen to react, a shadow of eight trigrams floated around his body, and then the whole person stood in the void.

The dust in his hands was flying, and his whole body burst out with bright light.

The dust suddenly becomes big, and the little Taoist stands on the top of the wind, and his fingers make a strange mark.

The mark depicts a petal falling on the forehead of the corpse.

Bang!

The mark goes into the forehead, and the corpse of the devil stands still.

The dust changed back to its original shape, and the little Taoist priest fell to the ground.

There was no blood on his face. He was extremely weak.

Ye Chen hugs the little Taoist and gives it to twilight smoke.

"I've tried my best. I just hope you can forgive me for cheating in the grave."

"My way is still not deep enough."

"This may be why the master asked me to stay here."

The little Taoist opened his mouth weakly.

Ye Chen smiles, but he doesn't think that the little Taoist hasn't let go.

"I don't blame you, and I don't want your heart to be affected because of that."

Now, the corpses are easy to solve.

The warriors of various forces stopped to see the corpse of ancient evil spirits, and their faces were full of excitement.

As long as the corpses of ancient demons no longer attack, they can solve these ordinary corpses.

These warriors killed red eyes and rushed to the demon corpse.

The killing didn't stop for a moment. Seeing that there were fewer and fewer demons, their victory was in sight.

The corpse of the evil spirit makes a strange sound.

Pooh!

The little Taoist spouted blood and water. His cheek, which had no blood color, became more pale.

The mark he planted on the corpse of the evil devil is broken!

The corpses of evil spirits are like beasts, and their attacks are more fierce. Not only that, but more and more demon corpses appear behind them.

It was just an appetizer.

The warrior who thought he could rush out of the room became desperate in his eyes.

What should we do now?

No one told them that death hung over their hearts.

Hum! Hum! Hum!

The chaotic star tree makes a heavy noise. In the void, an old man suddenly appears.

The soul of the chaotic star tree!

The old man held out a finger, and a dark green light rushed into the body of the ancient evil devil.

Boom!

The body of the demon's corpse explodes in an instant.

The old man's face is a little pale. Although he can easily kill the corpses of ancient demons, he has to pay some price.

Otherwise, as early as the evil devil's corpse comes out, chaos star tree will directly hand.

"Come out, sir."

As soon as the old man's voice fell, he hid himself in the void, and a figure appeared.

The other party is wearing a black robe and a mask on his face. He can't see his face clearly. His breath is the peak of Taixu!

Far beyond the shadow!

All the corpses of ancient demons were controlled by him.

"Hand over the heart of the chaotic star tree!"

The main purpose of his coming to chaos star tree is the heart of chaos.

As for these warriors, they were only part of the plan, and he didn't care about them at all.

"It's impossible to want a heart of chaos!"

The old man shakes his head slightly. Once the heart of chaos is handed over, the chaotic star tree will wither quickly.

Taixu peak man no longer nonsense, the whole person directly rushed over.

Below, the corpses of ancient demons are ready to move and begin to attack crazily.

It's a little less pressure for them to get rid of a demon's body.

In front of Ye Chen, another corpse of an ancient evil spirit rushed towards his figure.

The breath of repression spreads instantly!

Ye Chen holds the animal decaying sword, the ghost general figure, suddenly rushes past. But the next second, suddenly stopped!

He found his blood strange start to work!

This is Lingfeng's pulse!

Lingfeng's pulse can absorb all power. When it is fully absorbed, it can become a powerful blow!

Now, the corpse of ancient evil spirits is the best nourishment for Lingfeng Shenmai!

The corpse of the evil spirit raised his huge arm, tore the space and fell down suddenly.

However, ye Chen did not have any obstruction, and bravely carried the blow of the corpse of ancient evil spirits.

"Bang!"

Ye Chen's body is overturned!

Some confusion!

However, ye Chen's face is full of excitement!

He can feel his pulse of Ling Feng is boiling!

The stronger the opponent's attack, the more unstable Lingfeng spirit pulse absorbs!

This is the power close to Taixu!

When Lingfeng Shenmai releases everything, what concept is that!

"Ye Chen, you are not the opponent of the ancient evil spirit. Come back quickly!"

Mu Yan said.

However, ye Chen is wiping off the blood stains on the corners of his mouth and smiles.

"The power of ancient demons is still too small A little bigger! "

Language down, sword light wantonly surging, on the ground, there is a trace of cracks, continue to expand.

The wind is flying, the ghosts are crying and howling. A sword light of the extreme is rushing to kill the past crazily.

At the moment of their contact with each other, a huge vibration caused flying sand and rocks.

Ye Chen's figure constantly retreats from the corpse of evil spirits.

Although everywhere embarrassed, but ye Chen's smile is more and more prosperous!

Only because this ancient evil spirit is his chance!

It's the chance of Lingfeng's pulse!

However, ye Chen can't let the ancient demons do it. He is at the extreme of the fight and temper his martial arts again and again!

Zhutian God demon gun in hand, a gun a sword crazy attack on the body of the evil devil.

The body of the demon's body was as hard as iron. Every time it hit him, there was a spark.

At present, ye Chen's strength, if he wants to make the corpse of the evil devil hurt, he doesn't know how many times he has to wave it before he can succeed.

With a sword and a shot, they hit the body of the evil devil with extremely fast speed.

Every time he attacks, ye Chen tries his best, and the corpse of the evil devil roars with anger.

He could feel a mole ant attacking himself all the time.

Let him a little crazy, if not for the slow speed, he would have slapped it to death.

Ye Chen found that the spiritual power in his body was almost consumed, but the energy stored in Lingfeng Shenmai was closer to the peak!

Chapter 2287

Many warriors who originally besieged the corpses of evil spirits have fallen.

Around the air, filled with the smell of blood, ye Chen's speed decreased.

He's consuming more and more energy and can't support it any more.

Ye Chen is ready to withdraw, but one eye of the demon corpse locks him in.

The corpse of the evil devil has been waiting for an opportunity. He wants to kill this mole ant with one slap.

One arm raised, opened five fingers, toward the figure of Ye Chen crazy down.

If it is the speed before, ye Chen is still sure to leave, but now, it is not at all.

There is no way to retreat. Ye Chen gnaws his teeth and decides to fight against the corpse of evil spirits.

Lingfeng's pulse is activated to the extreme!

Boom!

The huge palm of the corpse of the evil spirit falls down, and ye Chen raises the beast decaying sword and Zhutian GOD Devil gun to resist.

Pooh!

Ye Chen was blown away again!

There's a huge hole in the ground!

Smoke and dust!

At this time, ye Chen laughed again.

The injury on him has been relieved!

Because he broke through in the fight!

It broke through after one hit!

Five layers of sky!

.....

It's not until the sixth floor of the astral realm that it stops!

Ye Chen knows that this is the last time the dust tablet existed, and the power of the elixir field has not been completely released!

The power of the wind and the wind has been activated!

Of course, breakthrough is not the happiest thing for ye Chen!

He is most happy to discover the power of Lingfeng's divine pulse, because the last blow of the ancient evil devil's corpse reaches the acme!

Fully activated!

Moreover, an ancient text appeared in the palm of his hand!

Ling!

As long as ye Chen thinks, he can open the ban of the palm of the hand!

At that time, all the strength accumulated during this period will be released!

This is the power of ancient demons, this is the poison, this is the power of xuanbei!

Absolutely can fight against the existence of Taixu!

However, ye Chen's smile soon became stiff, because the ancient evil spirits came again!

Now he does not need to absorb the strength of the other side!

No more hesitation, turn around and run away!

If the corpse of the evil spirit slaps again, he is not confident that he can stop it.

Originally, the corpse of the evil devil thought that ye Chen would die. Who knows, when he looks closely, ye Chen is not dead. He wants to pursue him in the past. However, many powerful people come to him and let him worry about himself.

Can only helplessly watch ye Chen leave.

Ye Chen returns to the side of the evening smoke, the evening smoke facial expression is strange: "did you have too many injuries unexpectedly?"

"I saw you were beaten by the ancient evil spirits, so embarrassed."

"No, you have broken through, and you have also broken through two realms!"

"A small state of the Xingqiao state may be the shackles of the martial arts in the mainland of Lingwu for a lifetime, but you become stronger when you are abused?"

Dusk smoke back a step: "Ye Chen, what monster are you after all?"

Because of her father's relationship, twilight smoke has also seen some talents.

However, such a genius as ye Chen has never been heard of!

Ye Chen did not explain, his eyes to the old man and black robed Taixu peak strong battle.

Even ye Chen is not qualified to participate in this level of battle, and breath can make him shake to death.

As time goes by, the corpse of the evil devil has already died, but it also makes the warrior pay a heavy price.

The battle above the void is coming to an end, and the victory or defeat should be divided immediately.

Ye Chen feels that the old man will be defeated!

Sure enough, half an hour later, the old man's weak figure fell to the ground.

He was an illusory soul, and at the beginning he killed a demon's body.

He has been made to pay some price!

The fighting below has stopped and there is no need to fight any more.

The old people lose, they die!

"Give up the heart of chaos, you can live for two years, if not, get the heart of chaos and let you die immediately."

The strong at the peak of Taixu state no longer want to waste time.

The old man stood up hard, staring at the strong man above the void, and said, "it's impossible to want a chaotic heart!"

The strong man at the peak of Taixu frowns tightly. Since he doesn't know the situation, don't blame him for his ruthlessness.

The magic Qi in his hand surged, forming a whirlpool. With a wave of his hand, he rushed to the old man.

And ye Chen at the bottom suddenly finds that the little Taoist is gone!

No, the little Taoist appeared in the sky!

At the critical moment, the little Taoist rushed to block the attack with his own figure. Boom!

Originally, the little Taoist had been bitten back by some people, and now he is under the attack of the strong man in the Taixu state.

His figure became more and more illusory and was about to disappear.

"Well?"

The strong man at the peak of Taixu state frowned. Since the corpse of the evil devil could not move, he had noticed the little Taoist.

Originally, he wanted to kill at will, but later the old man of chaos star tree appeared, so he didn't have time to pay attention to it.

Ye Chen and dusk smoke come to the little Taoist priest's side and have a look, and find that the little Taoist is about to die.

Ye Chen frowns tightly: "why do you want to help this chaotic star tree?"

Before the words were finished, the Taixu peak strong man on the sky obviously found something and said in a cold voice: "boy, give me the guy in your arms."

"You should know the difference between you and me!"

"If you give it to me, I can let you go!"

However, ye Chen's eyes are firm and resolute, staring at the man above the sky: "he is my friend, I can't make it!"

The word "friend" suddenly made the little Taoist's eyes twinkle with tears.

He has lived for so many years and has never had a friend except his master.

Key, now ye Chen actually for him, against Taixu peak.

"Ye Chen, let me go. I don't want to hurt you." The little Taoist said weakly.

Ye Chen handed the little Taoist to Dushan and said seriously, "don't talk nonsense! No one can move you today as long as I am here! "

With that, ye Chen turned around and pointed to the sky with his sword in his hand!

"Today, I Ye Chen will protect this man!"

Although he suspected the little Taoist, and the little Taoist had cheated.

However, all kinds of behaviors show that the little Taoist is not bad. On the contrary, he makes Ye Chen think highly of him twice.

In the world of the weak and the strong, the little Taoist has great righteousness in mind.

If ye Chen has the ability, he will help.

At the moment, the man at the peak of Taixu in the sky smiles.

"A mole ant with six layers of star orifices dare to save people in front of me?"

"Do you know my true identity?"

"This time I came to the land of demons for the benefit of the kingdom of God!"

"Against me you are against the kingdom of God!"

"Kneel down!"

However, ye Chen still stands upright.

God made him kneel?

What qualifications do you have!

However, what he guessed was right. The land of demons is not so simple!

The country has a stronger hand!

Kingdom of God, what does the king and the devil do in the land of demons?

Ye Chen stepped out and released his momentum: "it seems that you are just a dog. How about the kingdom of God standing behind you! One day the kingdom will be broken

Chapter 2288

With this remark, the man at the peak of Taixu state was completely confused.

Lingwu land, everyone is in awe of the kingdom of God!

Even the king and the devil dare not say no to the kingdom of God!

The kingdom of God is the most revered God in the hearts of all warriors!

However, in the land of demons, a young man with six layers of star orifices dare to break the heavenly palace of the kingdom of God!

The man of Taixu peak is angry! Completely angry!

Those who insult the kingdom of God will die!

He growled: "little brute, although I was hurt, but now the strength is enough to wipe you out!"

Language down, heaven and earth appear!

Dark clouds!

One day!

This is the advanced martial art of the kingdom of God!

One finger can break the sky!

Although Taixu peak man was injured, at present can only release Taixu medium strength, but then how!

The power of sealing the door is enough to kill the star! Not to mention the mid-term power of Taixu!

The surrounding space is fragmented.

Death spread.

In the distance, the eyes of the evil shadow were so frightening that ye Chen would eventually die in the hands of the kingdom of God.

However, after ye Chen died, his task was also completed.

Kill a Ye Chen, unexpectedly used the Taixu peak strong, this is really some outrageous things.

Ye Chen has enough proud capital in huangquan.

Around the martial arts face pale, look to Ye Chen, eyes become sympathy.

In the whole Lingwu continent, I'm afraid it's just a fool who dares to clamour for the kingdom of God and the strong man of Taixu.

The smoke covered her mouth and she cried out!

Although Ye Chen is crazy, he can't be so desperate.

If ye Chen is dead, how should she go next?

How to revive father?

She doesn't understand, but what about that!

She doesn't think ye Chen can survive!

That finger is too much more than her demon finger.

The little Taoist's eyes were startled.

He never thought that ye Chen would do it for a stranger.

Never thought that there will be a person in the world who does not have the so-called selfishness, willing to help themselves.

The mantis can't stop the car!

It's all about yourself.

The little Taoist was in tears.

And at this moment, ye Chen's eyes flash through a trace of determination, step out, fly to the sky!

He not only did not hide, but also welcomed the finger.

The ferocious smile of Taixu peak strongman is reflected in Ye Chen's pupil.

And at this time, a voice as if from the nine days above resounded!

"Today, I Ye Chen will shake the people of the kingdom of God!"

"How about breaking the sky! I can break the sky with one shot of Ye Chen! "

In a flash, ye Chen shot out a gold needle in his palm!

The gold needle is surrounded by colorful light, shining to the extreme!

The most important thing is that it's not all around!

The release of the gold needle, a force to cry ghosts and gods!

The whole land of demons is suppressed to the extreme!

"Bang!"

Two extreme forces suddenly touch!

But oddly, ye Chen is not dead!

On the contrary, the finger of Taixu peak was broken open!

Golden light all over the sky!

At this moment, the whole world is silent to the extreme.

Everyone is confused!

The Xingqiao state has shaken the Taixu realm!

What a fuckin 'international joke!

The shadow was scared to step back!

If he shot to Ye Chen, he could not resist this shot!

What's the origin of Ye Chen!

The key is that the gold needle is not the magic emperor's skill!

His back is unconscious and wet!

It's a fear, a fear of the unknown!

The evening smoke was also stunned.

She felt that she knew Ye Chen very well.

But now she realized that she was wrong!

Her understanding of Ye Chen is just the tip of the iceberg!

There are too many secrets in this man!

These people's reaction may not be the most real, the most real is that Taixu peak of the kingdom of God!

His ferocious smile became stiff!

His pupils are dilated!

His mind is blank!

His mouth was shaking: "how could it be! The power This is the ancient god of Medicine Ancient gold needle. "

"The ancient god of medicine has come out again!"

"No way!"

The words have fallen, the golden needle has reached!

A needle goes through the arm of the strongman of the kingdom of God at the peak of Taixu!

One arm exploded on the spot!The key is that the wound seriously damaged by the ancient golden needle can't be cured forever!

This is the horror of the ancient medical God, which is respected by countless people in the kingdom of God!

"Bang!"

Endless billows of air billow, that God kingdom strong person directly hit on the ground!

Originally, Canggu gold needle may not be able to hurt him so seriously, after all, this is not the power of Canggu medical God itself!

Only because of the short absence of mind and the fear of the ancient medical God, let the God country strong person defeat!

Lost to a shot!

Ye Chen looks pale, but his heart is also shocked.

He underestimated the horror of the ancient medical God.

This was his card, but he didn't regret playing it at the moment.

Just now he weighed it, but he still didn't release the power of Lingfeng's pulse.

Because he had a premonition that the power of Lingfeng's pulse gathering was stronger than that of this one, which could fight against the strong in the middle of Taixu!

He dragged himself to the little Taoist priest, and with a smile, "I said, no one wants to take you away."

The little Taoist suddenly laughed, his whole body covered with Taoist stars.

I hope you don't mind a lot of things

"My identity has something to do with this chaotic star tree."

"I do come from the kingdom of God, but the kingdom can't accommodate me."

"Just because I'm a demon."

"Demons are not allowed. It's the rule of the kingdom of God."

"And the demon can only be used by people, can only be dominated by those who are high above."

"I was born in chaos, at the beginning of billions of years."

"But when I was a real adult, it was because I met the master."

"Shifu is the best person I've ever seen. He took me away from the palace of heavenly way in the kingdom of God. He taught me how to be a man, how to cultivate Taoism, and how to be righteous."

"I will never die, I will feel the vicissitudes of mankind."

"I have seen the greed of human beings, the fear of human beings, the seven emotions and six desires of human beings, which are the most terrible weapons."

"The master said that as long as I cover my breath and become a human being thoroughly, I can avoid human greed."

"Master said, if I am afraid, I will go to the land of demons to find my source of Tao."

"Now, I find that I'm really scared."

"Ye Chen, from the beginning, I have been observing you."

"If you were like those people, I might kill you and erase the only hope of my life."

"But I find that you are different from those people."

"You have a quality that is superior to everything and warm all living beings."

"Maybe you are my destiny."

"Ye Chen, wait a moment, I want to return to the body, let me into your body, OK?"

"I'd like to believe you."

"Finally, thank you, ye Chen."

"For the first time, you made me feel warm in the world."

"It's not a cold world. It's nice."

Speaking of this, the little Taoist suddenly turned into a star light, covering the chaotic star tree.

Chapter 2289

The chaotic star tree sways and shrinks.

Finally, it turns into a star like seed.

Floating in the world.

Ye Chen has some accidents.

He doubted the identity of the little Taoist, but he didn't expect that the other party was chaotic star tree.

He opened his arms and let the seeds of the chaotic star tree sink into his body.

The light of countless stars is covered.

The sun and the moon alternate, and the stars come out.

At this moment, ye Chen can feel a special presence!

Moreover, he found that his stagnant cultivation was growing!

He climbed to the seven levels of the sky! It's not stopped!

It's not until the eighth level of the astral realm that it stabilizes!

And nine steps away from the stars!

It's a great feeling!

Is this the power of the chaotic star tree!

The key is that he feels that the chaos star tree has not yet sprouted!

If it sprouts, what kind of power will it be!

And at this moment, the broken arm of the kingdom of God strong finally react!

The chaotic star tree has actually penetrated into the body of a little boy in the star world!

Of course, this boy controls the golden needle of ancient medical God!

So what!

The kingdom of God must be done!

The strongman of the kingdom of God took a look at his broken arm and tried to recover, but found it impossible!

He became angry, and immediately went to Ye Chen: "little beast, no matter who you are! Even if you are the disciple of the ancient god of medicine, you will die

"There is no doubt about the authority of the kingdom of God!"

"And hand over the chaotic star tree!"

Ye Chen looks up and takes a quick look at the strongman of the kingdom of God.

The other side was injured and broke his arm. Now he has fallen to the early stage of Taixu state.

Even because of the broken arm, the strength of the play may only be one layer of the sky!

Of course he is not afraid!

Now he's a star in the sky!

Although the Taixu realm is a small realm, the difference between heaven and earth is different!

But he has confidence! He can fight!

At the moment, his body, filled with endless fighting spirit.

The strong man in the kingdom of God has a smile of disdain.

The strength of Taixu is beyond Ye Chen's imagination.

Ye Chen clenched the beast decaying sword and Zhutian magic gun, and the whole figure stood in the void.

The strongman of the kingdom of God did not take out weapons. In his view, he could crush some warriors who had been promoted by external forces with one finger.

Ye Chen's sword sense, law and magic Qi flow constantly.

And he found himself hearing the voice of the chaotic star tree: "now, I'm not sleeping, I can help you! Don't be afraid

Ye Chen nodded and stretched out a finger. In the void, a vine appeared out of thin air.

Green vines above, a flower blooming, quickly toward the kingdom of God.

Vines twined around the body of the strongman of the kingdom of God, tightening constantly.

The breath of flower petals can confuse people's mind.

At the moment when the strongman of the kingdom of God is trapped, ye Chen's ghostly figure rushes past.

The beast decayed sword lifted up, endless spiritual power poured into it, came to the strong side of the kingdom of God, and a sword fell.

When it fell, Zhutian magic gun stabbed at his chest.

The strong man's face changed slightly, and he quickly forced blood essence. His mouth showed a sneer, and his body exerted a slight force.

Click!

The green vines can't bear the huge power, and they are broken in an instant.

When the beast decayed sword fell, he dodged directly. With the only hand left, he clenched it into a fist, and the momentum of heaven and earth condensed itself.

The power of one blow, one world, suppression!

Boom!

The moment his fist touched the head of Zhutian magic gun.

Ye Chen's feet back two steps, the body of Qi and blood surging.

The strongman of the kingdom of God took a look at his fist and found it was bleeding.

The brow of the whole person was frowned, and his body was broken by a warrior who borrowed external force.

It never occurred to him!

He is no longer bare handed, but sacrifice a sword!

"Thunder magic sword!"

As soon as ye Chen's voice falls, the beast decaying sword rises in an instant.

The law of sword will flow in the void, even if the speed of the air flow becomes extremely slow.

The warrior on the ground felt that his blood was stopping, as if the time was fixed in this moment.

Sword light tears the space and makes a buzzing sound.

The ultimate sword light came to the strongman of the kingdom of God. He raised his sword and fell.

At the moment of contact, a dull sound broke out, and the void trembled faintly.

Ye Chen's ghostly figure rushes over, and Zhutian magic gun is lifted at this moment. A touch of cold light across, gun like substance, like a dragon across the river.

Boom!

A shot penetrates the armor of the strongman in the kingdom of God and emits a trace of blood.

The strongman of the strongman of the kingdom of God flashed a trace of anger in his eyes.

He held the sword tightly in his hand, and his figure disappeared in place. In a flash, he had come to Ye Chen's side.

Ye Chen turns around and finds that the strong one in the kingdom of God has disappeared in place.

Vigilant look around, do not know when, will appear in front of him.

Hum!

On the top of Ye Chen's head, comes the terrifying killing intention.

A knife fell from the sky, like a meteor falling, the speed reached an extreme.

Ye Chen's eyes are quick and his hand is quick. His sword is lifted up in a moment.

Bang!

A dull sound, concussion Ye Chen's body, his arms slightly numb.

The strongman of the kingdom of God is not over yet. One knife and one knife fall, shaking Ye Chen's body.

The greatest advantage of the powerful man of the kingdom of God is that he has better control over the power of heaven and earth than ye Chen.

And ye Chengang breakthrough, obviously not stable!

This is his chance.

Pooh!

Ye Chen a mouthful of blood water from the mouth, the upper arm of the blue tendons burst up.

Raise the Zhutian magic gun in the hand and stab it out directly.

With a single shot, the sword in the hand of the strongman of the kingdom of God made a slight stroke.

Zhutianshen magic gun felt a huge resistance, fell directly into the void and inserted into the ground.

On Ye Chen's body, the devil's body gushes out the evil spirit, and the beast's decaying sword twinkles with the strange light.

The evil spirit diffused everywhere, his eyes turned blood red, and violent turbulence came from the ground.

Ye Chen's identity has been exposed for a long time, but the warrior below pinned all his hopes on him.

Defeat the strongman of the kingdom of God, live!

Otherwise, there is only one dead end.

Evening smoke hands together, eyes staring at the battle above the void.

Although she was not fighting, she seemed to be in the scene.

Sweat dripped from his forehead, his whole body tensed, looking at Ye Chen's figure, hoping he was OK!

Ye Chen devil body surging that moment, the power completely erupted!

The wind is surging, ye Chen and the strongman of the kingdom of God draw a distance.

His whole body is entangled by the evil spirit, and behind him is a shadow of the devil head, condensed into!

The flowing breath of the ghost shadow is more powerful than ever!

Every demon has reached the realm of Ye Chen.

The devil denounced the strongman of the kingdom of God, as if to tell him!

If you don't respect the devil, you should be punished!

A revered demon head is like a moth to a fire, and rushes to the strongman of the kingdom of God.

Boom! Boom! Boom!

Chapter 2290

The sound shook the heaven and earth, and the mighty God came out of the explosion.

His mouth a trace of sarcastic smile, and then put away his sword, a finger!

The power of heaven and earth is integrated in it!

"If you don't get a shot, I'll just let it go."

"Although I don't know if you have a master apprentice relationship with the ancient medical God."

"But it doesn't matter anymore."

"Because the dead have no value!"

"At the cost of blood essence burning! Kill you! Enough! "

At this moment, ye Chen seems to be facing not the strongman of the kingdom of God, but the whole world.

All the breath of the force of heaven and earth has been vented on his body.

Ye Chen's figure is locked in the void.

Taixu strong burning essence blood, temporarily enhance strength, only to deal with a Xingqiao state!

Fantastic!

Ye Chen wants to break free, but finds that he can't move at all.

The powerful man of the kingdom of God, the strength of his fingers surged, and a black light rushed over in an instant.

A huge sense of crisis, constantly coming, ye Chen wants to break free from the shackles of heaven and earth, but it is completely impossible.

At this time, ye Chen appeared in front of a root of green vines.

The vines twined together to form a shield against the blow.

Boom!

One finger fell, the vine split in four or five, and ye Chen's figure fell on the ground.

On his chest, it was scarred.

Hard to stand up from the ground, ye Chen's eyes are cold.

If vines had not resisted most of the damage just now, he would have been seriously injured.

The evening smoke came to Ye Chen's face and took a worried look.

Ye Chen shakes his head to indicate that he is OK!

Now it's just a little bit of a slight injury, and I can keep going.

He looked at the strongman of the kingdom of God in the distance and sneered: "your blood essence burning is just a short-term promotion of strength. It is an indisputable fact that you are now in the state of Taixu."

"This place, after all, is the land of demons."

"The promotion of my strength is the promotion of the devil!"

A moment later, the cracks of his fingers spread out on the ground.

The evil Qi is surging, and the magic Qi of thousands of miles is rushing towards Ye Chen's body.

Boom!

The wind is roaring, the clouds are roaring, and the thunder is flashing!

A finger of the devil!

A finger blooms out bright light, the sky does not know when, has been completely dark down.

Big dark sky, sunset and dusk!

The fingertips are buzzing, and in an instant, they rush towards the strongmen of the kingdom of God.

The black light locked his figure, at the moment when he was about to rush to the strongman of the kingdom of God.

In the void, a black eye appears, the breath of destruction, surging between heaven and earth.

The evil Qi around has been absorbed by the devil's eye!

At the moment when the devil's eyes opened, all the warriors present felt a shock in their hearts.

Let people feel a little bit of fear.

Twilight smoke also found that with the improvement of Ye Chen's strength, the devil's eye with father's breath is stronger!

Ye Chen's face is a little pale, and the devil's eye and the devil's eye fall at the same time.

It's sure to give the strongman of the kingdom of God a fatal blow.

Ye Chen's eyes are fixed on the figure of the strongman of the kingdom of God.

Although he is confident that he can kill the Taixu realm, no one can say that he is 100% sure.

They are not poor in means.

Ye Chen's heart also has some uneasiness, this is his strongest blow.

If he can't solve the problem, he can only use the power of Lingfeng's pulse!

Boom!

The moment the two fall at the same time forms the doomsday storm.

In the center of the strongmen of the kingdom of God, there is an area where no warrior dares to approach.

Once it's over, you'll die! There is no room for anything.

The breath gradually disappears, ye Chen's eyes stare at the void, and finds the figure of the strongman of the kingdom of God.

"This..."

Ye Chen's eyes dim down, there is a trace of shock.

How can it be possible that the strongman of the kingdom of God has nothing to do?

Don't say ye Chen doesn't believe it. All the warriors present feel unreal.

The power of the two is definitely not as simple as one plus one equals two.

Ye Chen clenched the beast rotten sword. He didn't know what to do next.

Just now, it is impossible for the strongmen of the kingdom of God not to be injured at all. The only possibility is to use the cards to protect their lives.

"Ye Chen, you have succeeded in infuriating me!"

"It's a waste of the essence of the great power of the kingdom of God!"

The strong man of the kingdom of God looks down on Ye Chen as if he overlooks all living beings. If he hadn't spent his only card, he would have been a dead man now.

At the thought of being almost killed by mole ants just now, I wish Ye Chen would be broken into eight pieces.

Ye Chen's mouth reveals a trace of bitter smile, now he, really has reached a desperate situation.

Unless it's the power to open the Ling Feng's pulse.

However, once turned on, it is difficult to aggregate energy again!

The strongman of the kingdom of God clenched the sword in his hand, and between the waves, a knife awn of the acme rushed towards Ye Chen.

The repressed breath makes Ye Chen unable to move, at the moment when the knife awn is about to fall.

A black paint token flies out!

There is a word "emperor" written on it.

This is from the evening smoke!

Moyan's only guard card!

Contains a father's strength!

In countless times of life and death, she is not willing to use!

Now, she is willing to use it for ye Chen!

At the moment when the token flies out, an illusory figure stands in front of Ye Chen.

Aloof, domineering to the extreme!

His eyes, full of contempt for all living beings, invincible faith!

There was no expression on his face.

In the face of the strongman of the kingdom of God, hold out a finger!

With one finger falling, the knife awn splits and rushes towards the powerful one of the kingdom of God.

Boom!

The strong man of the kingdom of God, a mouthful of blood spurted out, his face turned pale.

The illusory figure of the demon emperor turned his head and looked at the twilight smoke. There was a trace of softness in his eyes.

"Father

The twilight smoke murmured, tears flickered in his eyes, and the shadow of the evil emperor gradually dissipated between heaven and earth.

This is the card that the evil emperor left to twilight smoke, and she has not been willing to use it.

As long as the token is there, she feels that the devil is always with her.

The magic emperor's attack made the powerful man seriously injured, but he did not die completely.

The evening leaves did not say a word.

Today, he must kill the strong one in the kingdom of God!

The eyes of the powerful are full of fear.

At the beginning, the devil emperor was able to fight with tiandaogong.

In the heyday of the devil emperor, even if he dealt with the leader of the heavenly way palace, he only lost one move.

If there are more cards of the devil emperor, he will fall here today.

He looks at Ye Chen, thinking about whether to leave.

He dare not gamble!

The strongman of the kingdom of God is ready to leave, but how can ye Chen let him go?

We can imagine how important the shadow of the evil emperor is to the twilight smoke.

"If you want to go, you have to ask me if you want to go or not!"
