Chapter 2291

Ye Chen's voice fell, the last trace of strength, unbridled burst out.

Behind him appeared the shadow of a little Taoist.

"Kill the evil with one sword!"

The little Taoist priest and ye Chen opened their mouth at the same time, and the beast decayed sword was lifted up.

Zheng! Zheng! Zheng!

From ye Chen close to the warrior, constantly retreat, they have been unable to resist the breath.

On the ground, flying sand and rocks, forming a storm!

The sword light rushed directly to the figure of the strongman in the kingdom of God.

A sword blooms to the extreme and falls suddenly!

The strongman of the kingdom of God originally wanted to escape, but the speed of sword light is too fast!

It's too late for him to defend!

Boom!

A sword falls like a river of stars from the sky.

The sword light cuts on the head of the strongman in the kingdom of God, and explodes instantly!

Ye Chen sits on the ground with difficulty.

Everything returned to silence.

The shadow in the distance set off a storm in his heart. Unexpectedly, the strongman of the kingdom of God fell and successfully let Ye Chen kill him.

This kid is too scary!

However, he can see that ye Chen has no energy at this time.

It's an opportunity for him!

Even in the heyday of Ye Chen, without the external force of little Taoist, the shadow of evil had enough assurance to kill.

Since the strongman of the kingdom of God didn't kill Ye Chen, he didn't mind mending a knife.

Shadow step by step toward the direction of Ye Chen, twilight smoke saw him, pretty face slightly changed.

If the evil shadow hands now, ye Chen has no way to resist.

She alone is not enough to see in front of the shadow.

"Ye Chen, you have escaped from the peak of Taixu in the kingdom of God, but you have not dodged my shadow."

"I dare not disobey the orders of the Lord."

"You're still going to die."

There was a trace of cruelty in the corner of his eyes.

Ye Chen is absolutely a threat to the emperor's palace and can't stay.

"Are you sure you want to hit me?"

Ye Chen's light and cloudless appearance seems to have no evil shadow in his eyes at all.

The shadow brows a frown, the moment stops a step, does Ye Chen still have what plot?

In the face of Ye Chen, he must be careful, or he will not know how to die.

Looking at Ye Chen carefully, he stops for a moment and rushes past again.

He feels Ye Chen is making a mystery. Now who can save Ye Chen.

At the moment of his hand, a man suddenly came to his mind.

Although he thought of it, it is too late now, and the old man of chaos star tree has not disappeared!

The old man suddenly appeared, stretched out a finger and landed on the body of the shadow.

A torrent of blood, evil shadow spit out blood, the whole body fly out.

Ye Chen's eyes look at the shadow, sneer repeatedly.

When the chaos star tree enters the body, he will know the origin of the old man.

In fact, the old man is not the soul of the chaotic star tree, but a guardian soul.

Guard chaos star tree endless river.

This time he defeated the strongman of the kingdom of God, which was equivalent to saving the life of the chaotic star tree.

The shadow's eyes open, he just thought of the old man, but it was too late.

At the thought of it, his remorseful intestines were about to flow out.

At the moment, his eyes were gray, without any color.

The old man came to the shadow and looked at Ye Chen. He nodded gently.

The old man held out a finger and landed on the head of the shadow.

The breath of the shadow completely disappeared in the world.

Ye Chen will not want to avenge himself and wash away the evil shadow's original pursuit.

As long as there is a chance, whether it's external forces or others, he will kill the evil shadow.

The strong in the whole palace are his enemies. If one enemy is solved, there will be more security.

Originally, some evil warriors wanted to attack Ye Chen. Later, he saw the old man.

All the warriors gave up the idea.

Now who looks for ye Chen to settle accounts, is not he looking for a dead end?

Some warriors left the chaotic star tree, afraid that something might happen later.

If there are ancient demons coming, they can't solve it.

Dealing with the corpses of three evil spirits, they have suffered heavy losses.

Some martial arts have not left, the old man looked at Ye Chen and the others, and said, "you follow me."

They came to a vast land, very quiet.

"Ye Chen, I'm dying. I hope you can take good care of chaos star tree."

"He's been waiting for you."

"The cause and effect was predestined from the beginning." "The law of heaven does not allow him to exist."

"And you, as a member of the Ye family, are naturally above heaven."

Ye Chen is slightly stunned. The other party not only knows his name, but also knows the things of the ancient Ye family.

"Master, what happened to the Ye family in ancient times?"

"And why did chaos star tree choose me?"

The old man laughed: "some things can not be said too thoroughly, your blood is the world's closest to the origin of the existence."

"When the ten samsara steles are collected and your blood is fully activated, you will understand everything."

"I am going to die after all. Before I die, I can tell you something, which is also a reward for you."

"The burning stele of Shenhua college is actually related to xuan'yue'zong."

"Xuan'yue'zong has a secret passage, and there is more than one passageway. The other entrance is Shenhua college."

"The burning heaven clan in the secret place actually made a deal with the dean of Shenhua College for a long time."

"They have been guarding the burning stele from generation to generation."

Ye Chen's face suddenly changed.

He never thought that the burning stele of Shenhua college was in the secret place!

And it's the place he's ever stepped into!

Burning sky clan!

The original patriarch of the burning heaven clan also gave his daughter burnt cherry to himself.

Burning cherry beauty to the extreme, only a pity, at that time of their own did not care.

I don't know how the burning cherry is now.

As a fire attribute and the reincarnation xuanbei of the main battle, it is natural to contact the guardian of the fire attribute.

And the burning sky clan is obviously the best choice!

If so, his first stop after leaving the demon clan is to go to the burning sky clan!

Take back the burning stele!

"Well, that's all I have to say."

"I have lived for endless years, and death has long been ignored."

As soon as the old man's voice fell, his body gradually faded.

Suddenly, the old man seemed to think of something and said: "boy, you step into the land of demons, it seems that you have no purpose. Can I ask why?"

Ye Chen looked at the empty old man, hesitated for a few seconds, or said: "I want to revive the fallen devil emperor!"

The old man suddenly realized: "I finally understand the meaning of this game of chess."

"I'll give you a little more advice before I dissipate."

"If you want to revive the demon emperor, there is only one place in the land of demons."

"That's the fairyland."

Chapter 2292

The palace of the devil.

Sitting cross legged, Jun moochen's eyes suddenly opened.

He glanced at the jade card of life not far away.

The jade card of magic shadow is broken!

How could it be!

The strength of the shadow is not weak in the Taixu state. Did it fall in the land of ten thousand demons?

And the speed of magic shadow jade card breaking is very fast! Obviously, I met the most powerful person!

Is it because of the strongmen in the land of demons?

No!

People in the kingdom of God should know the shadow of the devil. Even if they do, they can't kill them!

Jun demon dust Mou son is dignified, he discovers, this time the land of ten thousand demons is really out of control.

He just wanted to tear the void and step into the land of demons, when several old figures suddenly appeared on the hall.

"You devil dust, long time no see."

"What's going on in the land of demons?"

"This time, our plan should be foolproof."

.....

At the same time, land of demons.

"Where is the fairy palace?"

Ye Chen knows the situation of the land of ten thousand demons from Luo Chen's mouth, but he has never heard of the immortal magic palace.

When he hesitated, the chaotic star tree in his body suddenly said, "I know!"

The chaos star tree tells Ye Chen about the situation of the fairy palace, but makes his heart a little excited.

There are many big devil's flesh bodies in the immortal magic palace. There is always a body suitable for the devil emperor.

After all, in order to stop the sword of extermination, the devil emperor used the strength to condense the body.

This time he entered the land of demons, in addition to improving his strength, the main reason was the body of the devil emperor.

It's not easy to go to the fairyland.

Their current location is the corpse field, but the fairy palace is in the land of the keel.

The land of demons is boundless. It takes at least a day to enter the land of keel from the corpse field.

In the middle of the way, we have to pass through the land of God hiding. No one knows what will happen along the way.

Ye Chen decided to go to the place of the keel. Anyway, he finally found a direction.

Ye Chen and dusk smoke two people go directly to one direction.

There is no doubt that he will die in the palace of immortals and demons. He only goes against the heaven and achieves the body of the demon emperor.

Originally Ye Chen wanted to fly in the sky, but found that there was a ban in the void.

Three people can only walk quickly, half a day, came to the land of God.

Along the way, ye Chen also knew some general information about the place where God was hiding.

The existence of the whole shencang place has a large number of Buddhist temple sites.

It was not only the devil emperor who suppressed those ancient demons, but also countless Buddhist powers.

Not only that, but also some people in the land of demons have been living in the land of God.

With the opening of the land of demons, shencang will be particularly chaotic, and the warriors who come in grab the treasures.

Killing is everywhere!

Ye Chen and Mu Yan have already found some fights when they step into the land of God.

In front of a ruins city, called Bodhi City, there are many temple sites.

In the ruins, there is a river of blood.

Only one person is out of place.

Not far away, a burly monk was eating meat and drinking.

Eyes cold scan all the killing.

Chaos star tree murmured: "is this still a monk? Buddhism is similar to Taoism. It is difficult for him to become a god Buddha if he breaks the precepts like this. "

Ye Chen smiles, pour also did not say what.

After all, it's someone else's business.

Just as ye Chen and dusk smoke are ready to leave, the monk suddenly stops and looks at Ye Chen. His surprise is fleeting.

The next second, he appeared beside Ye Chen and said, "Amitabha, wine and meat pass through the intestines, and the Buddha's heart remains."

Ye Chen is too lazy to take care of the monk. Anyway, he will not stay for long in the place where god hides.

He plans to continue to the land of the keel.

"My Dharma is called Jiekong. My little brother, your breath seems to be predestined with the Buddha. However, if you have practiced Buddhism, you might as well follow me back to the temple to practice and lead you to the true way of Buddhism."

"If you enter the Buddha's golden body, you can't be moved by the evil spirits in the land of ten thousand demons."

"Otherwise, little brother, if you go deeper, you will die."

Ring empty one eye eye eye looks at Ye Chen, on the face a wipe smile.

Ye Chen Mou son a congealing, instantly thought of what.

In his body, there are three Buddhist relics.

It is estimated that the pranayama is aware of the sarira in his body.

"I'm sorry, I don't want to be a monk, but I'm a mortal."

Ye Chen didn't even want to refuse. He didn't have the time to practice Buddhism.

"Benefactor, I'm afraid you'll go if you don't go."

Ring empty finish saying, one hand holds Ye Chen's arm. Ye Chen saw this scene, just ready to hand, but found unable to move.

Dusk smoke show eyebrow a frown, evil spirit gathered, just want to hand, ring empty out a finger, immediately fell on his body.

The next second, the whole person stood in place and could not move.

Ye Chen brows lock, ring the strength of empty, incredibly can easily deal with them.

I'm afraid it has reached the level of emptiness.

What is the origin of this land of demons? So many strong people have entered?

"Benefactor, please follow me."

Ring empty finish with Ye Chen directly leave, the shackles of the body of twilight, want to chase past.

But ye Chen has not any figure.

.....

Ye Chen follows the Forbidden City and comes to a temple site. He finds that the temple is dilapidated, and even there are only two monks.

The two monks took a sad look at Ye Chen.

Ye Chen instantly understood that the two monks were forced to come by the commandment.

After all, entering the land of ten thousand demons is not only the chance of the demons, but also the powerful Buddhists in the land of Lingwu must be aware of the birth of the land of ten thousand demons, step into the land of ten thousand demons at all costs, and directly come to the most suitable place for them to hide.

Jiekong brings Ye Chen to the main hall of the temple. In front of him is a statue of Buddha.

On both sides of the hall, there are some Buddhas, eighteen gods, empty shadow, subdue the dragon and subdue the tiger.

He knelt down in front of the Buddha and murmured in his mouth.

If it wasn't for the appearance of abstaining from eating meat and drinking at the beginning, ye Chen really thought he was an eminent monk.

Ye Chen stood still and did not care about the emptiness. Two hours later, he finished reading the Sutra and said, "benefactor, you have two choices, either die or convert to my Buddha."

If it is not the strength of the ring Kong is strong, ye Chen really wants to start directly.

Now his only card is the stored energy of Lingfeng Shenmai.

But, in front of the Buddha statue, you are an open threat, really good?

"I don't choose either of them!"

As soon as ye Chen's voice fell, he took out the magic gun and the sword.

Although he knows that the strength of the ring Kong is strong, he also wants to fight!

He shook his head and said, "benefactor, you are infected with Buddhist cause and effect, and there is Buddha power hidden in your body. Why don't you want to?"

Ye Chen smiles but does not speak, the whole person's figure suddenly rushes past.

Red dust blood and God blood blessing, he had to do his best to deal with it.

Chapter 2293

Ring empty face expressionless, when ye Chen rushes over, he flies in the air one finger.

Ye Chen's figure is fixed instantly.

He came to him and said, "I give you enough time to think."

"One thing you may not know is that I would not come here if the land of demons was not opened.

It's fate that you and I meet. If you are willing to follow me into Buddhism, I can help you step into Fengmen in less than one year, and ten years will enable you to reach Taixu

In the view of Jiekong, it takes too long for the warriors in the Lingwu continent to break through the barriers.

Only the kingdom of God can help Ye Chen.

Taixu is too attractive to the warriors in Lingwu land!

However, ye Chen refused: "no, ten years is too long."

He was stunned and immediately snorted: "ridiculous, how can you break through without the power of the kingdom of God? The gap of resources can't be made up. Forget it. I'll come back to you later. "

"Don't try to break the prohibition I set for you."

"This is the prohibition of the kingdom of God."

After that, he disappeared.

After the ring left, ye Chen closed his eyes, Ling Feng Shen pulse operation.

Lingfeng Shenmai has another function, which is to break the ban!

Even the kingdom of God!

The prohibition set by the commandment disappears in an instant.

Ye Chen no longer hesitates, uses a flash of wind and thunder to leave directly!

At the moment, the ring Kong obviously found something, and his face was extremely frightening.

The ban he set was broken!

How could it be!

That kid's just a starlight!

Soon, ye Chen found the dusk smoke.

"Twilight, we'll leave at once."

"Ye Chen, are you ok?"

The evening smoke comes to Ye Chen's side to ask a way of concern.

Ye Chen shakes his head, in addition to some breathtaking, but there is no big problem.

He knew that he had already found himself leaving. If he was found, it would be difficult!

No longer hesitating, ye Chen and dusk smoke quickly toward the land of the keel.

However, it is only a hundred miles away!

Ye Chen's back suddenly sounded a voice!

"Please wait, benefactor."

Ye Chen's face changed!

It's so haunting!

Since he was chased by the Forbidden City, he did not intend to escape, there was no need.

In the hands of emptiness, their escape is a luxury.

He gazed at the ring and said, "master, I have no relationship with Buddhism."

"I don't mind dying with my predecessors if they embarrass me again and again."

At the moment, ye Chen's eyes are covered with cold killing intention.

He is not afraid of the upper commandment!

It's just that he doesn't want to waste the power of Lingfeng's pulse!

Ring Kong slightly surprised, he saw Ye Chen in the kingdom of God.

The other side really has the bottom card to hit itself hard! Even kill yourself!

This is the Xingqiao state of Lingwu continent!

What confidence does he have!

Suppressing the shock in his heart, he said, "in this case, it is not difficult to abstain from emptiness, but there is one thing to ask for."

"We are willing to pay any conditions."

Ye Chen Mou son a sink, some don't know this ring empty idea.

But he thought of the three golden Buddhas.

Maybe this is the chance of the three golden Buddhas.

"Benefactor, I need you to go to the tianfo Temple site and get the chance to enter the grottoes."

"I was originally a member of tianfo temple in the kingdom of God. The ancient evil spirits came, and the devil emperor and many Buddhists jointly suppressed the evil spirits."

"One of them is the ancient tianfo temple."

"This time I came from the kingdom of God to take a sacrifice."

"If you are willing to help me, I will owe you a favor. Anyone who dares to move you must step over my corpse."

Ye Chen's eyes are dignified.

Although the strength of ring Kong is unknown, it is definitely stronger than the shadow, and may even be at the peak of Taixu.

If there is such protection, many problems will be solved easily.

He thought for a moment, and then he said, "you can't win the sarira. Why are you sure I can?"

Ring Kong laughed and said seriously: "my realm is strong, but I don't have the ability to fight beyond the level."

"If you want to enter the grottoes, all the pressure comes from the strength of the intruder."

"My strength, in the face of adversity, has failed many times."

"You are not the same, your strength is facing at most the peak."

"And you, just now you can threaten me, break my prohibition, and your fighting spirit is so great that you can definitely shake the Fengmen state, even the half step Taixu state." "You are the only possibility that I can win the sarira."

Ye Chen hesitated for a few seconds, or nodded: "good, I promise temporarily."

.....

The location of tianfo temple, in the depth of the God, is basically not born.

Although the warriors of the demon clan come to the place where the gods hide, they will snatch the treasures, but they will never enter the tianfo temple.

Tianfo temple is a giant in the land of God.

Along the way, there are no martial arts practitioners who dare to fight, unless they are impatient to live.

On the way, ye Chen also understood why the commandment was so.

It was the relic left by his master.

He also knew that Jiekong was a disciple of tianfo temple at the beginning, but he didn't know what he was expelled for.

When they came to the gate of tianfo temple, they found two monks sweeping the floor. When they saw the commandment, their eyes were changing.

"Call out the abbot quickly!"

The two sweeping monks grinned bitterly and walked into the temple without saying much.

It is not once or twice that the monks in the temple know him.

There's no way to be famous!

At the beginning, Jiekong was qualified to be the next abbot. Unfortunately, he did something wrong and was expelled.

As for the matter of abstinence, it has become taboo and no one is allowed to discuss it.

Jiekong leads Ye Chen into the temple and finds a place to sit down.

Soon, the abbot of Tianfo Temple appears in front of Ye Chen and Jie Kong.

Next to the abbot were two monks.

When the abbot saw the ring, a helpless look flashed in his eyes.

"This time, will you lead the monks to challenge the ancient god array?"

"I think you'd better go back to your kingdom of God. It's doomed that you can't take it with you."

"We're going to continue to suppress demons and don't want to spend too much time on you."

Ring empty eyes twinkled and did not speak. The abbot took a look at Ye Chen beside him and then said, "forget it, follow me!"

Dusk smoke left outside, ye Chen followed the abbot and entered a hall.

In the hall, the array breath is extremely rich!

In addition, in the middle of the array, there are 18 monks' virtual shadows, all of them are golden, and they hold spiritual sticks in their hands.

Ye Chen takes a look and frowns. The shadow of the eighteen monks is extremely strange.

And even reached half step too empty!

If 18 people combine with the array, the power released will definitely exceed the Taixu state!

Chapter 2294

If you break through the array, the 18 virtual shadows you have to face may be the peak of the eighteen Taixu! Even kill!

How can it win!

Tianfo temple can become the most powerful existence in the place where gods hide. Ye Chen doesn't dare to look down on it.

As expected, it is not so simple to arrange the affairs of the Forbidden City!

There was also a flicker of worry on the face of Jie Kong.

He thought that the eighteen empty shadows were all in the middle of the seal period for ye Chen, but he didn't expect to be too empty for half a step directly!

How can ye Chen win?

I hope this time, he won't be disappointed.

Ye Chen is not nonsense, step forward, take out the beast decaying sword and the killing God magic spear, eighteen gods empty shadow immediately surround him.

The stick fell on the ground and made a dull noise.

Sound can affect people's mind, let Ye Chen some vigilance, then the figure suddenly rushed past.

The immortal sword idea condenses in the animal decaying sword, and the gun idea turns into a golden dragon to rush to kill in the past.

Ye Chen intends to crack down one by one and deal with one person first. However, his idea soon becomes a mistake.

The shadow of the eighteen gods made a move as if they were interlinked with each other. The speed of each staff waving the stick was not bad at all.

They have already formed a tacit understanding. If ye Chen wants to break through one by one, it is impossible.

Both prosperity and loss!

Unless ye Chen can defeat the eighteen gods in an instant.

When the eighteen gods' empty shadow waves out the stick, the tiger and tiger become powerful. The voice of breaking the sky comes, and ye Chen's whole body flies to the void.

At the moment when he flew to the void, the beast decayed sword burst out a sword light to kill it.

Sky sword! Burning sky sword! Not enough!

Ye Chen directly sacrificed the third sword, the ancient thunder sword!

When the light of the sword rushes past, the shadow of the eighteen gods raises the stick to form a protective shield.

Bang!

When a sword falls, the shadow of eighteen gods does not move at all.

The law of fury, in Ye Chen's body continuous flow, the temperature around the instant drop.

When the temperature drops, ye Chen kills the intention to condense, sends out the buzzing sound.

Immortal body burst out bright golden light and raised the beast decayed sword in his hand.

The sword light rushed out in an instant, and the spirit stick in the hand of eighteen gods Luo Xuying began to rotate.

When the sword light and the rotating stick touch each other, they suddenly eject back.

The direction of sword light rushes towards Ye Chen!

Ye Chen's figure dodges slightly, and his eyes stare at the shadow of the eighteen gods, and there is a trace of dignified expression in his eyes.

The strength of eighteen Shenluo Xuying is stronger than he imagined and is not easy to deal with.

It all contains the power of the kingdom of God!

"Drink

Eighteen God Luo empty shadow angrily drinks, flies to the void, attacks toward Ye Chen.

Eighteen spirit sticks, the speed is consistent, crazy rush over.

Ye Chen raised his hand to kill the gods and Demons gun, murmured in his mouth: "the power of ten thousand demons, give me to break!"

The gun has not yet arrived, but the intention of the gun has begun to spread.

Ring Kong in the side to see this scene, there is a glimmer of excitement in the eyes.

It's impossible that ye Chen can really defeat the eighteen gods!

After all these years, he finally saw a glimmer of hope.

The Abbot's brow was locked and he said nothing.

Although Ye Chen can resist the attack of eighteen gods, it is nothing more.

Eighteen God Luo virtual shadow can array, when the strength is more powerful, how can ye Chen be an opponent.

Bang! Bang! Bang!

The sword light and the meaning of spear spread all around.

In a short period of time, ye Chen could not get the eighteen gods' empty shadow, but the eighteen gods' virtual shadow could not get any benefits.

The shadow of the eighteen gods scattered and suddenly arrayed. On their spirit sticks, there were the virtual shadows of tiger and golden dragon.

The breath of each tiger and Golden Dragon shadow is extremely terrible.

Ye Chen frown, the body of the devil burst out, on the surface of his body, a nine claw golden dragon, wrapped in his body.

Whoosh! Whoosh! Whoosh!

A fierce tiger and a nine claw Golden Dragon rushed over, causing constant turbulence in the space.

Boom! Boom! Boom!

The scope of the explosion is deafening. In the shadow of Ye Chen's disappearance, there are more than a dozen long swords with strong breath.

The long sword makes a buzzing sound and sends out a breath, which changes the face of eighteen gods Luo Xu Ying slightly.

The palace was blasted open a hole, the shadow of eighteen gods was also dim.

They didn't think of the sudden explosion.

At this time, ye Chen's figure has already rushed over.

The body of beast decaying sword and Zhutian magic gun releases endless cold light. Ye Chen is going to break the battle!

In fact, he has a simpler way to use Xiao Huang!

But now think about it, he has just broken through the eight layers of the star orifices, and his foundation is still unstable. Proper fighting will benefit him.

The Abbot's face changed slightly. At this time, he directly put out his hand to block Ye Chen's attack.

As soon as he made a move, he also lost on behalf of the eighteen gods.

If he didn't stop him just now, I'm afraid the shadow of eighteen gods will dissipate.

This is something that the abbot absolutely does not allow.

Every one of the eighteen gods spent a lot of resources to suppress evil spirits and protect the site, which can never be dissipated.

Ye Chen put up the beast decaying sword and the devil gun and said, "let me go!"

Ring Kong came to Ye Chen in front of him and wanted to hold him forcefully, but he was dodged by Ye Chen. After so many years of his wish, he was about to complete.

"Don't forget what you promised me, abbot."

It's only the last step to get into the grottoes and take out the sarira.

The reason why he didn't tell the cave was that he was not sure whether ye Chen could win or not.

The abbot snorted coldly and turned to leave. Although he did not speak, he agreed.

Jie Kong tells Ye Chen about the situation in the cave and the location of the relic.

The Buddhist cave houses the relics of the eminent monks of tianfo temple.

With Buddha nature, sarizi became the holy land of tianfo temple.

Every monk who enters the grottoes can have an epiphany, and some can make breakthroughs in the grottoes.

Ye Chen's entry into the grottoes may also be an opportunity.

Originally thought it was just taking a sarira, but ye Chen did not think that it would be good.

He had some vague expectations about the caves.

However, he learned from the abbot that although Ye Chen could go in, he could not take anything except the relic of master Jiekong. Otherwise, he would die.

Ye Chen is also aware of the importance of the grottoes to tianfo temple, so naturally he won't take more.

If you can make a breakthrough again, you will be satisfied.

This time, he was able to enter the Buddha cave because of his abstinence. He didn't have much thought.

Ye Chen followed the abbot and came to a back mountain with a cave.

There was a monk at the entrance of the cave, sitting in his place with his eyes closed.

Ye Chen looked at it and felt that his strength was unfathomable. He was probably the most powerful existence of tianfo temple.

Chapter 2295

The abbot told ye Chen again, and then let him enter.

Ye Chen went into the cave alone and found all kinds of Buddha statues without taking a few steps.

The deeper you go, the more you find Buddhism.

And the three Golden Buddha's relic in the body twinkled with dazzling light, as if to rush out at once!

Soon, ye Chen's steps stop, because he has seen the sarira placed.

The most advanced relic represents the weakest cultivation of monks at that time.

The master of Jiekong, the last abbot, is in the innermost part of the cave.

Ye Chen just continued to move forward two steps, but found that the Serri son had a change.

These sarira, one by one, flew into the void, emitting Buddhist light over his body.

Above the sarizi, there are virtual shadows of monks.

These virtual shadows, looking at Ye Chen's angry eyes, round stare, stretched out his hand, the Buddha light constantly falling.

Ye Chen frowned, and it seemed that these sariks wanted to suppress him!

He had a body of demons and was full of demons.

Buddha Xuying thinks Ye Chen is an evil spirit, so he will suppress it!

The abbot didn't explain the key issues!

The corner of Ye Chen's mouth reveals a trace of bitter smile. He knows that he must have been calculated by the abbot.

At the beginning, the breath of the beast rotten sword had the evil spirit. The abbot saw it in his eyes, but he never reminded him.

If you want him to enter the Buddhist cave and retreat in the face of difficulties, you can't get the relic of master Jiekong.

Being calculated by the abbot, ye Chen is not comfortable in his heart. He wants to see where he can go.

Although the strength of Buddha was not weak before his death, it is only a shadow now.

Ye Chen had no fear at all, when the Buddha suppressed him.

The evil spirit on his body broke out completely, not retreating, but advancing!

What is the devil and what is the Buddha!

Ye Chen's heart has its own definition. Whether it's a Buddha or a devil, it really depends on his own heart.

At the moment when the evil Qi gushed out, the Buddha's shadow constantly dropped the light of Buddha.

The two touch each other. Buddha wants to suppress the evil Qi, but ye Chen has no fear of the evil Qi.

If the two fight, there will be a wound!

The Buddha Qi falls on Ye Chen's body and is soon eroded by the evil Qi.

At last, the evil spirit became more and more strong, but the Buddha light became weaker and weaker.

The victory or defeat has been very obvious, ye Chen does not need to continue to waste time, stride in the past.

It would be easy for him to destroy these relics, but I'm afraid the abbot will fight against him.

Ye Chen continues to move on and meets some shariks who want to suppress him.

Unfortunately, all failed, ye Chen is not complacent, but more vigilant.

The deeper he went, the more he could feel the strong Buddha light.

He had a feeling that he was already in the ocean of Buddha light.

Ye Chen feels that if he stays in the cave all the time, he will convert to Buddhism one day.

This kind of feeling is not clear, the road is not clear, but it is real.

If we go further, ye Chen is not sure that he will be suppressed by the Buddha's shadow.

Of course, he did not fear. He went on and came to a secret room and found that there were relics.

Without exception, all the sarira are transformed into the shadow of Buddha, and ye Chen has been used to it for a long time.

The Buddha's empty shadow did not immediately move, but looked at Ye Chen and said, "evil spirits convert to my Buddha and can save your life."

Ye Chen looks at it in surprise. It seems that the Buddha's shadow still has a certain sense of mind.

"What is the Buddha and what is the devil?"

Ye Chen asked in a loud voice, staring at the Buddha's shadow.

"The Buddha cherishes all living beings, but the devil destroys them!"

One of the Buddhas said directly!

"If the Buddha kills the living creatures, but the devil protects the mortals, who is the Buddha and who is the devil?"

"Buddha will not kill living creatures!"

Ye Chen heard the voice of the Buddha, and his mouth showed a smile of disdain.

"Stupid, stupid, don't you know what he thinks?"

There's no difference between anger and Dharma.

The real difference lies in the heart!

If a devil has the heart of the world, he can still be a good man.

Buddha killed warriors or ordinary people for his own selfish desires. Is he also a good man?

The essence of man and man is the heart!

This is the devil emperor imperceptibly told ye Chen!

It is also the root of Ye Chen's Tao and heart!

Ye Chen tells the Buddha Xuying that all of a sudden the Buddha is silent!

These words made them a little confused. In front of each Buddha, there were eminent monks who were respected by the world. But at this moment, they suddenly thought of a person. The devil.

Did the evil spirits unite with the Buddha?

No.

They have been practicing for a lifetime, but they find that their ideas have problems!

All of a sudden, a Buddha's shadow seemed to suddenly realize and sighed.

At the beginning, he destroyed a demon, but he saw the demon save a little girl, but he still destroyed it.

Because the devil is the devil!

He thinks the devil is evil!

"What is the devil and what is the Buddha?"

The Buddha burst out laughing, and then the sarira exploded!

After a lifetime of practice, he found that his path was wrong, and his relic should not exist in the world.

Not worthy of the reverence of monks!

Therefore, he chooses to explode his relic. Ye Chen looks at the disappearing Buddha shadow and shakes his head helplessly!

The rest of the Buddhas looked at Ye Chen's figure. They had been practicing Buddhism all their lives, but they found that they were not as good as a martial artist in Xingqiao, and suddenly burst out laughing.

"Benefactor, we are really wrong. We don't deserve to have this jade lotus."

One of the Buddha's shadow, holding out a finger, in a corner of the chamber of secrets, a blooming lotus flower fell at the foot of Ye Chen.

Ye Chen didn't expect that it was just a dispute, but he could get benefits.

Ye Chen looks at other Buddhas with his eyes. It is self-evident that all the Buddhas have fallen and good things can't be used. It's better to put them in his hands.

The other Buddhas looked at Ye Chen's appearance and couldn't help laughing bitterly.

Just now ye Chen had a trace of the appearance of an eminent monk. Now he looks like a greedy little devil.

The rest of the Buddha held out a finger and a streamer entered Ye Chen's body.

Ye Chen felt the pure energy flowing into his internal organs. Not only that, but also the feelings of the Buddha before his death appeared in his mind.

Sitting cross legged on the ground, ye Chen has no time to think about it. He must start refining energy now.

.....

Outside, the abbot felt a Sharif exploding, and the whole person's cheek was completely angry.

If it was just a Sharif explosion, he would not be so angry.

The main reason is that the smell of jade lotus disappeared.

This is a treasure of Buddhism, which has been stored in the cave.

Now ye Chen is the only one in the grottoes. You don't need to think about it. You can know who did it.

"Come on, take down Ye Chen's friends and ring empty!"

Chapter 2296

At this moment, the abbot could not control his anger.

Although the strength of Jiekong was strong, the abbot and the other three monks of the kingdom of God joined hands.

Originally, they did not know what happened. They heard that jade lotus lost its breath and the sarira exploded.

Abstinence knew at once that the matter had reached a serious situation.

Only one person can enter the cave each time. If you want to enter again, you can only wait for others to come out.

Ye Chen hasn't come out yet, but outside the cave, monks are waiting.

As long as ye Chen comes out, he will be arrested immediately.

In a room, the abbot looked at the ring and said, "the mistake you made at the beginning almost destroyed everything. Even if we suppress here, we can eliminate the sin in our hearts."

"Now the people you lead over take jade lotus, the treasure God of the corridor. If something goes wrong, you know what the consequences will be."

Ring empty in one side did not say a word, at the beginning of the matter, almost brew into a catastrophe, fortunately there is no danger.

That's why he was expelled.

Since then, jekyo has changed completely.

.....

For all this, ye Chen did not know, he was still immersed in the joy of ascension.

This time, he succeeded in breaking through the nine layers of Xingqiao state, only one step away from being able to enter Fengmen state.

Once he breaks through the sealed door, his strength will have a qualitative improvement.

I thought the land of demons was the chance of the devil emperor, but I didn't expect that it had been my own chance for so long!

His body is also filled with the light of Buddha. The evil Qi and the light of Buddha are constantly fighting in his body.

In a short time, no one can do anything, but a strange balance is formed.

Ye Chen knows that although the shadow of Buddha has failed in Buddhism, he still hopes that he can become a Buddha.

This is a little selfish of Buddha's shadow.

"Now that you have recovered, take this token, and the abbot will not pursue it."

A token appears in the Buddha's empty shadow's hand and is placed on Ye Chen's body.

The word that explains the jade lotus to explode, must go out with the God.

He may not be able to explain clearly. Now that the token exists, ye Chen doesn't have to worry about it.

The shadow of the Buddha disappeared in the air and the sarira returned to the chamber of secrets.

Ye Chen continues to move forward and finds the relic of master Jiekong in front of him.

He has Buddha light in his body, so long as the Buddha light is released, he can come safely.

Get the sarira, ye Chen ready to leave.

This time, his harvest is huge, and he has time to study it again.

Soon, ye Chen appeared outside the cave, but he found that countless monks were waiting for him. He had not opened his mouth, and the monks started directly.

The fury of the Buddha is surging towards him!

The key point is that there is a cold killing intention in the Buddha's power.

Ye Chen has no way out.

When the atmosphere was suppressed to the extreme, an old figure came out.

It's the abbot!

"Hand in the jade lotus of Taoist treasure God!"

The abbot didn't say a word and spoke directly. As long as the Taoist treasure God Yulian was ok, he could let Ye Chen go of them for the sake of abstaining from emptiness.

As for the shariko explosion, the abbot knew what was going on in his mind, but he certainly would not say it.

"The jade lotus of Taoist treasure God was given to me by the Buddha. If you don't believe it, I have proof."

Ye Chen didn't panic. Anyway, he had a keepsake from the Buddhist master, and there was a ring empty beside him. He was not afraid that the abbot would dare to play tricks on him.

The abbot frowned. How could the Buddhist master not know the importance of jade lotus.

"How do you prove it?"

Ye Chen smiles coldly, takes out the token directly and throws it in the Abbot's hand!

Countless golden lights surging!

Buddha light is spreading from the token!

The Abbot's expression was extremely strange.

If the token is not voluntary, how could it be given to a kid in the astral realm!

The key is that the evil Qi in this boy's body is too strong!

It may even be the offspring of evil spirits!

What is the right of such a man to control the God!

"Tell me everything about the caves."

Next, ye Chen told the abbot what happened in the cave, and there was nothing missing.

The abbot waved and let the monks disperse.

As for the jade lotus, the Taoist treasure God, it was not asked for.

As the abbot of tianfo temple, he is also an eminent monk.

Since it was given by the Buddha, this is the end of the matter.

Ring Kong eagerly came over and said excitedly, "did you get the Serri?"Ye Chen nodded and handed over the relic to ring Kong.

The next moment, ring Kong actually knelt down in front of Ye Chen: "thank you very much

Only ring Kong knows how long he has been waiting for this relic!

How important this relic is to him!

Ring Kong handed out a rune and said to Ye Chen, "if you have any difficulty in burning this rune, I will come as soon as possible!"

"Anyone who dares to move you must step on my body first!"

This represents the determination to abstain from emptiness!

More represents a great human relationship!

Ye Chen's heart is happy, the strength of the ring Kong is strong, if there is the other party's commitment, maybe can solve a lot of things, he accepted the talisman, just wanted to say something, suddenly, the whole place of God hidden, came a strong shock!

Jie Kong and the Abbot's face fused: "no, the evil spirits in the land of God's hiding have appeared!"

Ye Chen looks at the ring empty, some don't understand. According to reason, tianfo temple is the holy land of Buddhism. How could there be so many demon corpses.

Now that the demon corpse has appeared, ring Kong has no intention of concealing, and tells Ye Chen about it.

It turns out that the formation of the Grottoes is to suppress the demons under the ground with the light of Buddha.

Now ye Chen enters the grottoes, and there is a change in it, which makes it impossible to suppress these evil corpses!

On the forehead of these demon corpses, the white halo constantly sends out black evil spirit.

The magic Qi surges and envelops tianfo temple.

The Buddhists in the temple fight against the light.

The abbot and the strongmen of the kingdom of God had already flown to the void and wanted to suppress the demon corpse.

The light of Buddha is surging, but there is too much evil Qi.

In this case, it is just a drop in the bucket.

At this time, ye Chen accidentally found that the sarira in the cave flew out and condensed into an illusory figure.

All these Buddhas Ye Chen knew. Some wanted to suppress him. They also saw the Buddha who gave him the jade lotus.

These Buddhas have died long ago. Their relics are stored in the caves. Apart from the cultivation of Buddhists, the most important thing is to suppress the corpses of demons.

Now the appearance of the demon corpse, we have to let them send out the final waste heat.

The battle above the void has started, and the evil Qi is surging. There is no harm to Ye Chen and twilight smoke.

On the contrary, it can double the combat effectiveness in the evil Qi!

Chapter 2297

Twilight smoke is the daughter of the devil emperor, ye Chen has a demon body.

To put it bluntly, the two of them used the evil Qi to fight and practice.

The evil corpse gushed out from the cave. Ye Chen didn't know how many evil corpses were suppressed in the cave.

The demon corpse appears to deal with the monks and warriors. Ye Chen also joins in the battle.

Ye Chen got the jade lotus, which is the reason of tianfo temple. He needs to return the fruit.

Buddhism stresses causality.

Although he could not intervene in the battle above the void, on the ground, he could also make a little contribution.

Although he was expelled, he was still a member of tianfo temple.

Half an hour later, ye Chen successfully killed many demon corpses. He looked around, but found that many monks had fallen and the hall was constantly collapsing.

The corpses are still gushing out of the cave.

This is not the place where the gods hide, it is completely the territory of the demon corpse.

The killing continued. Above the void, the whole figure of the abbot fell to the ground.

Inside his mouth, his face was white and water gushed out.

Although the strength of the abbot is strong, there are too many ancient demons and corpses.

Shariks are broken one by one, and the shadow of a Buddha disappears between heaven and earth.

It's not much better to abstain from emptiness. There are still many bloodstains on my body.

"All monks, all flee!"

The abbot roared. They were defeated in this battle and could not stay here.

When the monks were ready to flee, an array appeared around tianfo temple.

The array rises and covers the whole tianfo temple, forming a tight and airtight array.

At the top of tianfo temple, a man in black suddenly appears.

The black robed man looked down at the crowd: "enjoy the killing feast!"

After the black robed man finished, he turned and left without any stop.

Ye Chen stares at the black robed man, perceiving a trace of familiar breath.

Jun devil dust!

But that person certainly is not Jun demon dust!

But it must also be the existence of the king devil dust!

In the land of God's hiding, there is still the shadow of the devil's palace.

What is the devil's palace going to do!

At the moment, the injured Abbot doesn't talk nonsense. He releases a strong blow all over his body!

However, this blow made the trapped array have no reaction at all!

This array can resist the power of Taixu peak!

So terrible!

Many monks in the kingdom of God also gathered strength, but still could not break the array.

The Abbot's eyes are full of loneliness.

Many monks also know that this is the end of all this.

They are not afraid of death, but after their death, the power of the land of demons is really sleepy!

When the time comes, countless demons will come out, and no one can bear the cost behind it!

At that time, the evil emperor and many Buddhists made concerted efforts, but in the end, they failed!

I don't know how long later, ring Kong came to Ye Chen's side and said, "Ye Chen, we decide to break the array with brute force, and then we will explode and open a gap in the array. You can escape from the gap."

"The only way."

Ye Chen hears the words of ring empty, whole person's eyebrow a frown.

The array is indestructible. Even if it explodes itself, I'm afraid that a large number of powerful people in tianfo temple will fall.

Suddenly, ye Chen thought of what!

This is a formation!

And there is a kind of existence around him, eating array!

"Wait a minute, I have a way!"

Originally, tianfo temple was kind to him, and helping tianfo temple was also preventing the devil's palace.

If a large number of powerful people in tianfo Temple fall down, the evil corpses will be killed in the demons.

The whole land of Lingwu will be full of blood and corpses.

The eyes of Jie Kong and the abbot were surprised.

Is there a way?

What else can we do now?

They don't think that a star's body state can break through the powerful traps that too empty realms can't break.

"Ye Chen, it's a big deal. Don't joke when you get to this point." Keep your mouth open.

The abbot also said in a deep voice: "I can't, I burn blood essence and practice! Don't let those guys get away with it

Ye Chen helplessly shook his head, but still insisted: "next, give it to me."

"Close your eyes, all of you. I only need three seconds."

Hearing this, they were helpless.

What can you do in three seconds?

Three hours is useless!

Although to Ye Chen doubt, the public still choose to close their eyes.

The next second, a huge egg floated out!Ye Chen smiles: "Xiao Huang, I've sent you delicious food again."

Originally, Xiaohuang was sleepy, but he was excited to the extreme when his sight touched the array.

Don't wait for ye Chen's reaction, directly rush to the counter sky array!

Brilliant red and blue!

That array was engulfed by Xiao Huang!

Although the array wants to struggle, it can't defeat Xiaohuang's strength!

And the cracks around Xiaohuang are more and more clear.

It's obviously closer to the day of reappearance.

Ye Chen even thinks about where to find a more powerful array for Xiao Huang.

Maybe next time, Xiao Huang will be completely broken!

Ye Chen directly let Xiao Huang enter the samsara cemetery, so the existence of the adverse weather can not be exposed too early.

Xiao Huang is one of his cards.

I just don't know where the stronger base card is now.

.....

At the same time, the nine heaven dragon hall.

Countless strong and strange breath appeared.

They are all from the kingdom of heaven.

The only purpose of this trip is to find a dragon full of blood.

In the vast land of Jiutian Shenlong hall, there are many dragons, but the Dragon full of blood is extremely rare!

Because of this special attribute, the nine heaven god dragon hall, known as the land of the dragon clan, is alien.

The heavenly way palace orders, all corners must search!

The mysterious blood dragon injured the Dragon God, so he had to bear the endless anger of Xuanyuan ink evil!

Live to see the dragon, die to see the corpse!

The ends of the earth, all want to hunt down!

It's a pity that the powerful man of the heavenly way palace of the kingdom of God searched every corner of the nine Heavenly Dragon hall, and found no more that blood dragon.

In that war, the blood dragon seems to have disappeared mysteriously.

Does it really fall and turn into a blood mist?

The pure Dragon God blood evolution to the extreme, will be able to achieve immortality.

How can the mysterious blood dragon, which does not lose the Dragon God, fall down casually.

It's all weird.

The anger of the Lord of Tiandao palace seems to be roaring in his ears.

In the end, the powerful man of the kingdom of heaven stops on a cliff.

They gazed at the cliff like an abyss.

It's the only place they don't search.

It's not that they don't search, but this is the forbidden place of the nine heaven dragon hall.

It is said that under the cliff there is a demon dragon that threatens the whole kingdom of God.

The magic dragon can swallow the sun and the moon, and can break the heaven and earth.

At that time, it took seventy-seven days for the 100 top powerful men in the kingdom of God to imprison the dragon.

The people of the kingdom of God can't kill the dragon, they can only suppress it forever.

This is a taboo myth.

Chapter 2298

People looked at the abyss of fear, a chill.

They can all cut the strength of adversity, and have not felt this cold feeling for many years.

Five minutes later, an old man of Tiandao palace in the kingdom of God opened his mouth and said, "you don't have to think about it. The blood dragon should have fallen on the land of Lingwu. There is no Jiutian Shenlong temple."

"Even if there is, the blood dragon can only be in this abyss."

"But how can a seriously wounded dragon survive in this abyss. Perhaps it has long been the food of the legendary Outland demon dragon. "

The crowd nodded and left.

And under the abyss.

An ancient demon dragon, imprisoned by countless chains, opened his eyes.

His huge eyes were cold and bloodthirsty.

He looked at the scarred blood dragon not far away, showing his ferocious fangs.

"There has been no human and dragon people down for about ten thousand years. Unexpectedly, a blood dragon came this time."

"I've been watching you for a long time. You should wake up."

"If I were you, I would come to my mouth and be my food."

"Because it is the greatest honor of your humble blood."

Words fall, not far away the scarred blood dragon suddenly moved.

He was covered in blood.

His body stood upright.

His eyes were fixed on the imprisoned dragon.

He finally said, "eat me, you can't think about it."

"Of course, I didn't recover from my injury, but it was easy to hurt you with all my blood."

"No matter what your background, no matter how strong you have been, I will surpass you."

"Hatred and anger are my nourishment."

"Killing is my life."

"What's more, my master told me that those who can't kill me will only make me stronger!"

"In that war, I was severely damaged by the Dragon God!"

"Next time, I want to tell the world who is the master of the nine heaven dragon hall!"

The next second, blood dragon blood gas burst, even toward the ancient taboo of the devil dragon and go!

The eyes of magic dragon are wide.

He has never seen such a powerful dragon clan!

The key is that the meaning of dragon words seems to have a master?

As the master of all things, who has the right to exist!

Endless evil Qi and blood will burst out instantly!

No one knows the story of the abyss!

.....

At the same time, the land of God.

Abbot, Jiekong and others opened their eyes.

Their eyes were startled.

Just because, that array disappeared!

There is only one figure between heaven and earth!

That is Ye Chen not far away!

The array that can't even break the Taixu state has been solved easily!

What a monster this is!

They can't believe it!

But for now, everyone knows it's because of Ye Chen.

"Thank you, Mr. Ye."

The abbot even changed his address!

There was even a trace of respect in the tone.

Ye Chen shook his head: "we'd better leave as soon as possible."

"I always feel like there's something going on in the dark."

When ye Chen and Jie Kong were ready to leave, a few violent breath swept over!

Three ancient demons!

The key is that the power of the ancient devil is at the peak of Taixu!

Damn it!

Ye Chen looks serious!

He has experienced the horror of ancient demons!

The abbot frowned and looked at the ancient demons who were about to rush over. He opened his mouth to Jiekong and said, "the Buddhist temple will give it to you in the future."

He has made a good determination to die. In his heyday, he may be the opponent of the ancient demons at the top of the three headed Taixu realm, but he still has injuries.

What Jiekong wants to say, the Abbot's figure has already rushed past.

Ye Chen looks at the figure of the abbot leaving. When he is getting closer and closer to the ancient evil spirits at the top of Santou Taixu realm, the breath in his body gushes out crazily.

The abbot wants to blow himself up, like the Buddha, sending out the last trace of waste heat.

It is impossible to kill the ancient demons at the peak of Taixu state simply depending on the current state of the abbot.

Only by self exploding can we save more people.

Boom!

The deafening sound came from the void, and the Abbot's broken clothes and robes fell to the ground.

"Abbot!"

There was a roar in jekyung's eyes.

"Let's go!"

Ye Chen looked at the ring and said that they could not live up to the opportunity brought by the Abbot's self explosion.

Ring empty wipe off the tears of the corner of the eye, follow Ye Chen to turn to leave. He knew that the abbot could not die in vain!

The deeper plot in the land of demons must be related to the kingdom of God and the king and the devil's dust!

I don't know what these people are doing!

But no matter what, he will find out!

However, when they retreated, they found that the corpses of ancient demons appeared constantly.

Helpless, people can only go back to the depths.

There is the most abundant light of Buddha!

Abstinence is to force people out of blood essence and build a defensive array!

Ye Chen is clear in his heart that the defensive array will break open sooner or later.

It is impossible for such a powerful ancient devil to shake it.

Are you going to die?

He wanted to communicate with the devil, but he didn't move for a long time.

It was like a deep sleep.

Or in the process of reuniting the flesh.

Like the calm before the storm.

Ye Chen knows that he can only rely on himself now.

At this time, ye Chen found that the jade lotus of the Taoist treasure was shining slightly.

He took out the jade lotus of Daobao God in his hand, and now a lotus flower is on his palm.

Ye Chen prepares to refine jade lotus, but he finds that he is out of control and rushes into his mind.

Originally Ye Chen thought something was wrong, but the Taoist God Yulian rushed into his mind and did not move.

Even if he used any method, the Taoist God Yulian was still in his mind.

Ye Chen grinned bitterly, originally thought of refining the Taoist treasure God jade lotus, this kind of situation appeared at the moment.

Only then can we find a way to solve it.

He didn't have much time to waste on jade lotus.

Moreover, the Taoist God Yulian did not do anything harmful to himself in his mind.

Ye Chen tries his best to improve his strength, but he doesn't find the jade lotus, which radiates a soft light in his mind.

The petals of the lotus flower open and a little golden man appears. If you observe carefully, you can see it.

This little golden man is a miniature version of Ye Chen.

A day later, the defense array had problems, and cracks had gradually appeared.

Ye Chen had already thought of this day, but he didn't expect to come so fast.

After hesitating for a long time, he still said, "Mr. Ye, you can find a way to rush out and leave."

"Aren't you going to the land of the keel? It's not too far from the place of the keel. "

Ye Chen doesn't have too many ideas. He can only do his best to listen to the destiny.

Once all the cities are broken, they will not be able to move.

Whoosh! Whoosh! Whoosh!

The precepts and the monks stand in the void.

Chapter 2299

They are all strongmen in the kingdom of God. Last time they didn't do anything. In addition to preserving their strength, there are also reasons for defending the great array.

Now the great defensive array is about to split, and they are going to make a way for the people.

Next second, the array will break!

The killing begins!

In a few seconds, ye Chen was covered with blood and his magic gun had been dyed scarlet.

We can't see the light when we go forward, but we can only see the ancient evil spirits which are oppressed by darkness.

This moment, all the warriors have already killed red eyes.

There are countless bodies and skeletons.

In an instant, it became a dead city.

Ye Chen's inner hatred for the palace of the gods and demons is more intense!

If it had not been for the release of these things from the palace of gods and demons, so many innocent people would not have died miserably.

A terrible explosion, burst out the most brilliant fireworks!

A blood path is formed.

"Go

Ye Chen roars, grabs the dusk smoke crazy escape.

Lingtian spirit pulse is very strong, but in the face of so many ancient things, it is no use at all!

Only escape!

Escape to the land of the keel and revive the devil emperor!

"Ye Chen, do you think I will die?"

"Can my father really come back to life?"

At this moment, the evening smoke suddenly opened.

Ye Chen directly said: "don't talk nonsense, go

The evening smoke laughed.

Chen, the only chance for your father's resurrection is in my hands

"Go to the land of the keel, and I will clear all obstacles for you."

"And you haven't seen me under my veil."

All of a sudden, she took off her veil, and she was so gorgeous!

Ye Chen stares at the dusk smoke, and his eyes show a shocking look.

Not because of the beauty of the evening smoke, but because the whole body of the smoke is burning.

Burning at the same time, the cultivation is actually constantly breaking through!

Nine confinement!

Cost of life and death!

Can improve the strength of the warrior in a short time!

This is the most terrible forbidden art in the world!

Strong, but the price is death!

Is twilight smoke crazy!

"Stop it!"

However, ye Chen's roar is useless at all!

The evening smoke rushes to the ancient demons, which makes her realm crazy.

It has reached the peak of Taixu!

In the hand of Twilight smoke, she took out a snow sword, and there was a shadow behind her.

Shadow and dusk smoke, two people overlap together.

She stretched out her slender jade hand and clenched the snow sword. Her figure suddenly rushed to kill her.

Ye Chen's eyes are firmly fixed on the battle above the void. The twilight smoke at the peak of Taixu is enough to shake everything.

She wanted to fight for a chance to revive her father!

Ye Chen can feel the roar in his brow, but unfortunately, the devil Emperor didn't make a move!

The devil knows that he can't give up all his achievements this time!

Otherwise, the demons will be destroyed!

Some martial artists take this opportunity to rush out. The evening smoke takes this opportunity to gather the evil Qi and the storm falls. The invisible force wants to push Ye Chen out!

Ye Chen did not leave, he still stayed in place, he understood the meaning of the twilight smoke.

He wants to hold down the ancient evil spirits and give him a chance of life.

This time ye Chen will not leave!

It's time to fight with the devil.

Pooh!

Dusk smoke a mouthful of blood spray out, fall in the void, ye Chen body reincarnation blood, crazy burst out, break free from the control, embrace her.

"Why don't you go? You're the only way to save my father!"

"This land of demons, I've dragged you down a lot, and I've been suffering. I hope to use my strength to open a way for you

The evening smoke stares at Ye Chen and says.

Ye Chen smiles but does not speak, looked at her, discovered that the dusk smoke's body, unexpectedly starts unceasingly to become cold.

The ancient nine secluded lines are covered.

It's a sign of death!

Ye Chen grabs the hand of dusk smoke and finds that her life is almost exhausted.

Use forbidden skills to gain powerful strength.

Madman!

"Ye Chen, it's worth my life if I can get my father's life back!"

"You go."

Ye Chen's eyes are completely gloomy.

In his mind, the Taoist God Yulian was ready to move and began to beat constantly.

Suddenly, the Buddha light surged, a lotus blossom, the Buddha light covered the sky, shining on the body of the warrior.

The soft light of Buddha rushed into their bodies and found that the original serious injury was healing constantly.

The flickering light of Buddha constantly impacts Ye Chen's body. In a flash, all the wounds healed. Not only that, the energy consumed was also filled with the light of Buddha.

The jade lotus is growing bigger and bigger at this moment. Ye Chen is standing on it, and the light of Buddha is surging.

Ancient demons, ferocious roaring, came to Ye Chen in the twinkling of an eye.

He clenched his fist and his hair creaked, and the heaven and earth around him poured into his body.

One after another, he rushed toward Ye Chen.

However, the light of Buddha blocked everything.

Under Ye Chen, the Taoist God Yulian is constantly turning, and behind him there is an empty shadow of Buddha.

Murmur in the mouth, the Golden Buddha pattern flows, and constantly rushes towards the ancient demons.

The great mercy mantra melts the ancient demons, and each golden Rune pours into the ancient demons' bodies.

The ancient evil spirits roared with pain, covering their ears with their hands, and a look of pain appeared on their cheeks.

Ye Chen finds the opportunity to raise both the beast decaying sword and Zhutian magic gun at the same time.

Immortal sword, immortal spirit body, burst out bright golden light.

A sword is waved out, and in the void, the intention of killing is condensed and expanded.

"Thunder magic sword!"

An extreme sword light, suddenly fell, ye Chen hands Zhutian magic gun raised, murmured in his mouth:
"give me break!"

Sword light in front, zhutianshen magic gun followed, a gun fell madly.

Bang!

Smoke and dust!

The Qi and blood in his body surged and his eyes were fixed on the dust.

Behind Ye Chen, the Buddha's shadow is still reciting the great compassion mantra, which can bring harm to ancient demons all the time.

Then!

Ye Chen took up the beast decaying sword and held out a finger. The evil Qi around him continuously diffused into his body.

One finger continuously condenses on his fingertip, suddenly falls.

Everything dissipates.

Ye Chen's mouth reveals a trace of bitter smile, this time all rely on the Taoist God Yulian.

He didn't spend much energy on himself.

The jade lotus of Taoist treasure God shrinks ceaselessly, enter ye Chen's mind inside, he puts up to kill God magic gun.

Ye Chen comes to the front of the evening smoke.

"What a pity." The chaotic star tree suddenly opens its mouth.

"How long does she live now?"

Chaos star tree looked at Ye Chen and then said, "there are only three hours left."

In a word, let Ye Chen dizzy, three hours is too short.

In three hours, it is basically impossible to find a way to save the evening smoke.

"The only way is to get to the death mountain in the land of the keel as soon as possible."

"It may be possible."

"The land of the keel is the chance of the devil emperor, and may also be the chance of the twilight smoke."

"Good."

Ye Chen's eyes are full of determination.

Chapter 2300

Soon Ye Chen came outside the death mountains.

There are some warriors beside them. Ye Chen can feel the breath of the law of death outside.

Once inside, the law of death will fill the whole body, and they must use the energy in their body to resist.

"Go in!"

No one knows where Wannian Lingquan is.

Ye Chen stepped into the death mountain range and found a thick black fog covering the whole mountain range.

The smell of the fog is the law of death.

Ye Chen uses the energy in his body to resist and move forward step by step.

If it was not for their own red dust God pulse and Ling Feng God pulse, perhaps he had already fallen.

No one can step into the deep, except ye Chen.

I don't know how long, ye Chen heard the sound of water, not far from the front.

Ye Chen flies forward, feeling that the spring of ten thousand years is in front.

Once you find the spring of ten thousand years, you can leave the mountains of death.

Continue to walk for 10 minutes, ye Chen vaguely saw the front, there is a pool of spring.

The spring is full of life.

When things are extreme, the death mountains are full of the breath of the law of death, but this small area has the breath of life.

Ye Chen is excited to the extreme!

The next second, the wind and thunder flash out!

And just then!

Sing!

A cry, in front of a water Phoenix!

Shuifeng looks at Ye Chen, her eyes filled with anger.

Wannian spring is her thing, no one can take it away!

The wings of water phoenix flying in the void rush to Ye Chen.

The breath of terror is constantly spreading. Ye Chen thought he would die, but he found Shuifeng standing in the void, motionless.

Ye Chen has been staring at the back, he just saw, Shuifeng seems to have been hit by something, can't leave.

"What to do?"

Shuifeng's strength makes him suffocate. He should also have strength.

Take ten thousand years of spring water from Shuifeng's hand, a face will be cool.

Ye Chen shaking his head did not come up with a good way, the only thing is that there is a border.

They can enter and leave, only Shuifeng can't, forever trapped around the spring.

"What should I do?"

Ye Chen Mou son some nervous.

There is no time to delay!

And at this time, a sudden change came into being!

Ye Chen finds that another tombstone in the samsara cemetery is shining!

This tombstone is not elegant, nor is it the ancient medical God!

It's the tombstone that gave Xiao Huang strength in Kunlun!

Xiao Huang's blood against heaven comes from this!

Is it the change of the tombstone that indicates that Xiao Huang is going to break through the ground?

While thinking, a cold voice came from the tombstone: "I'll buy you time later. After all, I'll open it by force now!"

"You only have three seconds!"

"Now!"

The water Phoenix suddenly and briefly lost consciousness!

Ye Chen didn't know the situation, but he didn't hesitate to reach an extreme speed and rush to the spring of ten thousand years.

Three seconds is gone!

Two jade bottles filled with ten thousand years of spring water, ready to leave.

When she was about to leave, Shuifeng suddenly woke up and rushed to Ye Chen.

The speed of Shuifeng reaches an extreme, ye Chen has no place to avoid, can only reluctantly display the magic power of atomization!

Fog! Shuifeng's claws have rushed over!

Stab!

Sharp claw down, ye Chen body immediately out of blood, there are ferocious wounds.

But he was reincarnated, and the wound began to heal.

Water Phoenix roars!

The next second, sudden change!

The border has been opened!

In less than five minutes, Shuifeng grabs Ye Chen's collar and heads for the death mountain.

Ye Chen's heart is as gray as death. If he wants to escape this time, it is basically impossible.

When he came to the spring, ye Chen saw many skeletons.

Shuifeng took him to the side of Wannian spring, and then rushed into the spring.

Into the spring, ye Chen found his pores in crazy absorption of spring water.

Nevertheless, ye Chen did not have any joyful expression.

The next fate is entirely in the hands of Shuifeng.

I don't know how long I've been diving in the spring of ten thousand years. I suddenly found a palace.

Ye Chen did not expect that there was a palace under the spring of ten thousand years.

Shuifeng loosened Ye Chen's collar, then opened her mouth and said, "you have taken the spring of ten thousand years under my eyes. According to the rules, you can enter the palace of death. If you can come out successfully, I will spare you from death." Ye Chen knows there is no way, only can bite teeth into it.

Push open the gate of the palace and walk in.

As he entered, there was a strong smell of the law of death.

Ye Chen looked up and found that there were some white bones of martial artists around him.

This is only the first floor of the palace, and no one went up.

"The energy in this place is good for me." The chaotic star tree suddenly opens its mouth.

The next second, the chaotic star tree rushed out and condensed into the shadow of a little Taoist.

"Are you going to absorb these laws of death?" Ye Chen is a little frightened.

Chaos star tree nodded: "sure."

The stairway on the second floor of the palace was in front of the two of them, but no one passed.

Except for the smell of the law of death, although there is nothing, it is absolutely weird.

Tick! Tick!

A few minutes later, ye Chen and chaotic star tree stood still.

"Ye Chen, let's go up!"

The chaotic star tree doesn't want to wait any longer.

His patience has long been worn out.

Ye Chen nodded slightly, and did not want to continue to wait.

They two people toward the stairs in the past, ye Chen just stepped on the first step, found that the surrounding scenery has changed completely.

Ye Chen found himself standing on a mountain top with countless white bones below.

How many bones are there? Countless, as if covering the sky.

These lying bones, one by one, stood up and rushed to the top of the mountain.

Ye Chen is clear in his mind that this should be an illusion, but there is always a sense of danger.

When the white bone rushed over, ye Chen did not have any resistance, a fist hit his body.

His figure fell from the top of the mountain and surrounded by white bones.

Ye Chen did not start, white bone crazy attack, severe pain, let him have a kind of authenticity.

In the palace, ye Chen is still standing on the stairs, the only difference.

The mark of the white bone attack appeared on his body.

What ye Chen meets is really a dreamland, but the attack of white bones in the dreamland actually happens on his body.

For all this ye Chen did not know, white bone is still attacking him.

There were some large and small wounds on his body.

In the dreamland, ye Chen brows a frown, such a long time passed, white bone is still constantly attacking.
