

Physician 2301

Chapter 2301

For fantasy, Xiaohuang has no effect at all. If you want to relieve the illusion, you have to find the array mouth.

Although he did not attack the white bone, but has been looking for the eye.

However, ye Chen found that there was no eye at all, which made him a little confused.

It made him feel like he couldn't do anything about it.

as like as two peas in the chaos star tree.

He's been looking for an eye, but he can't find it.

In the dreamland, ye Chen has a headache on his face, and the white bone has been attacking him.

He didn't want to fight at all. It was just an illusion. There was no need for him to avoid it every time.

As time went on, ye Chen began to get irritable in his heart.

He didn't know why he felt this way. There was a nameless anger in his heart.

Want to kill! Kill everything, destroy everything in the world.

A pair of eyes gradually become some blood red, has some possessed the state.

Since he has possessed evil Qi, he has been able to control it.

Now it's out of control.

Ye Chen took out the beast decaying sword in his hand and began to attack the white bone.

These white bones have different levels of strength and are not his opponents at all.

Every time he made a move, he could take away a large piece of white bone, and he killed crazily.

There are less and less white bones in the dreamland. Unconsciously, all the bones have been lying down.

Ye Chen's hand of the beast decaying sword, is still waving, as if mad in general.

In his body, a ray of Buddha light came out and poured into his mind.

The light of Buddha suppresses Ye Chen, who is about to be possessed by demons. His eyes gradually wake up.

Just now, he has lost his mind. From the moment he entered the dreamland, he has been looking for array eyes.

Now I find that there is a smell of killing in the air.

People can't help but want to kill and gradually lose their senses.

Ye Chen looks at the fallen bones and suddenly finds himself still on the steps.

Looking at their own injuries, a moment of fear!

From the moment of stepping into the steps, it has entered a conspiracy.

At that time, we can kill the white bones.

Only in the palace will continue to hate the air, and then die!

Ye Chen takes a look at the chaotic star tree and finds that he has not yet woken up.

He could only pray in his heart that the chaotic star tree would rush out and then stand on the steps and wait quietly.

A few minutes later, the chaotic star tree woke up from the dreamland, a face of fear!

In the fantasy world, he was almost lost and turned into a mad devil who could only kill.

The two men continued to step up the stairs, did not meet the fantasy, came to the second floor of the palace.

There are five floors in the palace. At the top, there should be the inheritance of the law of death.

The second floor of the palace was dark, and there was no light, as if in the dark.

After experiencing the first floor of the palace, two people did not dare to be careless and began to walk.

Click!

Step out, came the sound of broken bones.

Hum! Hum! Hum!

There was a violent noise from the whole palace, and a blood red eye appeared in the darkness.

When the first appeared, more and more eyes, a pair of blood red eyes filled the hall.

The blood color of the light more and more intense, this moment they see, the whole hall only a pair of eyes staring at them.

"What is this?"

Chaos star tree couldn't help but say a word.

Only the eyes stood in the void, and neither of them felt any danger.

Ye Chen shakes his head, also did not meet, originally just thought is what demon beast, who knows only eyes.

He took out the beast decayed sword and touched it carefully. His eyes were still, and he didn't mean to attack.

Chaos star tree saw this scene, also did not have too many worries, walked in the hall.

These eyes seem to decorate the general, no effect, ye Chen know certainly not so simple.

They watched carefully for a long time, but also attacked the eyes, and remained motionless except for some hardness.

"Ye Chen, I will climb the stairs first, and you will protect the Dharma for me."

Chaos star tree decided to explore first, to see what the situation, came to the side of the ladder, hands of Buddha dust wrapped around his body, only a pair of eyes.

Control the Buddha dust and stand on the ladder.

When he stood for a moment, ye Chen found these bloody eyes in the void, emitting a strange light.

These lights gradually towards the chaotic star tree attack and go, Zhutian God magic gun, at this moment, lifted up, and then shot down.

When zhutianshen magic gun and light contact, easily penetrate Ye Chen's body. Falling on the Buddha dust of chaos star tree!

Ye Chen does not know what these lights are. He grabs the chaotic star tree and throws him down from the stairs.

The Buddha dust of chaos star tree opens, his eyes are red with blood, and some of them become violent.

"Hoo!"

He deeply breathed out a breath and said to Ye Chen, "fortunately you just threw me down, or now I have lost my mind."

As long as you don't step on the ladder, the blood red eyes in the void will not have any movement.

Once you step on the ladder, the eyes will emit a strange light, crazy affect the mind.

Ye Chen's expression is dignified, just now the strange light, only a wisp into the chaotic star tree body inside, has been about to become violent.

If they both step into the ladder together, the blood red eyes will burst out completely.

It is not clear whether he can resist the light of Buddha himself. If the chaotic star tree is transformed into human form and has not grown up, I am afraid it will be extremely difficult.

Unless the Taoist God Yulian can come out of his mind and rely on the flashing Buddha light, the two people can enter safely.

It's a pity that the jade lotus of Taoist treasure is as motionless as the ancestor!

"Ye Chen, you can't go up by yourself. I'm waiting for you here."

Chaotic star tree feels that if it is forced to go up, it will be killed and lose its eyes completely.

He had no interest in the law of death.

Chaos star tree takes out three charms and puts them in Ye Chen's hand, which can play a certain role at critical moments.

Ye Chen did not affectation, put the charm on the body, decided to step on the third layer.

He raised his legs and stepped on the stairs, and his blood red eyes instantly radiated a strange light.

The attack has no effect. The chaotic star tree can only watch from the side.

At the moment when the light enters Ye Chen's body, the Buddha's light constantly comes out.

The two collide with each other. Ye Chen sees that the problem is not big and continues to walk forward.

He continued to step in, more and more demonic light, crazy toward Ye Chen's body.

Ye Chen's eyes gradually have a trace of change, in his mind, the Taoist God jade lotus exudes a soft light.

Chapter 2302

Ye Chen stepped on it step by step, because of the Buddha's light and the jade lotus, the Taoist treasure God.

Soon entered the third floor of the palace, came to the inside to find the arms, full of the whole room.

Every arm smells of the law of death.

These arms grow in the palace above, wantonly dance, ye Chen see in front of the scene, some strange.

How on earth did these arms grow in the palace?

You can imagine that there are so many arms on the palace.

Ye Chen takes a deep breath and tries to calm himself down.

In the hands of the beast decaying sword and Zhutian magic gun in the hand, a sword and a gun swing out, attack on these arms.

Stab!

The sword light rushed over and landed on the arm, without any effect.

On the contrary, these arms, like mad men, rush towards Ye Chen.

Arm rushed over, ye Chen's immortal body, burst out bright light.

Ye Chen's eyes stare at the front, and his whole figure retreats.

As they retreat, these arms open their fingers and grab Ye Chen's collar.

The law of death begins to be found in his body when he is caught by the breath.

Ye Chen did not stop, but let the law of death flow in his body.

This time when I entered the palace, I wanted to understand the law of death.

How could he miss such a good opportunity?

The breath of the law of death is constantly eroding his whole body.

Ye Chen's eyes close, he wants to feel the law of death here.

The arm is as hard as iron, and his attack means are useless. If you want to continue to enter the fourth layer, I'm afraid you need to understand the charm of the law of death.

Time bit by bit in the past, do not know how long the past, ye Chen suddenly opened his eyes.

There was a breath of the law of death in his eyes. The arms that had been wrapped around his body left one by one.

Ye Chen as like as two peas of death, the arms of the body are mistaken for him to be the same, and actively disperse.

In the third floor of the palace, unimpeded, step up the stairs to the fourth floor.

As soon as we enter the fourth floor, the overwhelming laws of death pour in.

There's nothing on the fourth floor, just the law of death.

Ye Chen has just taken two steps and found that he can't act any more. If he wants to go further, he still needs to understand more death rules.

Stop and sit cross legged on the ground, feeling the law of death.

Every time ye Chen stood up and walked two steps, he would stop and comprehend the law of death bit by bit.

On his body, the smell of the law of death began to grow a little strong.

Ye Chen opened his eyes and took a look and found that there was only one step away from the ladder.

He stepped into the fifth floor and found a body in the middle.

The corpse sends out the breath of the law of death, ye Chen has no way to compare.

This should be the owner of the palace and the cause of the whole death mountain range.

It's hard to imagine that a mountain can be covered by just one person.

How powerful was it in life?

He came to the body and found small letters on the ground.

If you want to inherit, you should burn it first!

Ye Chen saw the small characters, a wry smile, burn out their own easy to say, difficult to do!

If it was not for the realization of the law of death, he would only smile and never commit suicide.

The law of death, if you can't understand death, how can you cultivate the deepest meaning?

Ye Chen closed his eyes and devoured himself.

The dark flame erupts, burns the whole body!

He's gambling too! Can you understand the essence of the law of death.

Blood flows out along his body, ye Chen lies on the ground, letting the blood water spray.

Gradually, ye Chen found his breath more and more weak, only a trace of strength.

His eyes closed, no more of his own blood.

Ye Chen enters a selfless state, forgetting that his body is still bleeding.

In this way, little by little, I realized the law of death.

I don't know how long in the past, the eyes of the corpse beside Ye Chen radiated black light.

His eyes are staring at Ye Chen, and a wisp of soul is floating out of his body.

He looks at Ye Chen gradually weak breath, the eye inside sends out the strange light.

To understand the essence of the law of death, we really need to experience the breath of death.

This sentence he did not cheat Ye Chen, the only last step, he needs to seize.

He is waiting for ye Chen to really understand the law of death, and then rush into his body to take away the body. Waiting for the arrival of this day, has been a long time, hard to meet a young man who understands the law of death.

Ye Chen's eyes gradually open, and his eyes are filled with the breath of the law of death.

He took a look and found the soul floating above the body.

Now ye Chen is the weakest time. When he realized the law of death, he almost died.

When the wandering soul, see ye Chen, eyes inside show greedy look, then the soul rushed into the mind.

As soon as the soul enters the mind, ye Chen feels that he is invading his body.

"Ha ha, I will return to the world again."

In Ye Chen's mind, the emperor of the underworld roared with laughter.

Endless years, he has long been unable to bear loneliness and loneliness.

At this time, the Taoist God Yulian in Ye Chen's mind sends out the light of Buddha and wants to fight with the soul of the emperor of the dead.

The emperor of the underworld, even if only a touch of soul, but also can not be underestimated, crazy occupation of Ye Chen's body.

In a short time, no one can do anything about it.

The emperor of the underworld's brow is locked. Unexpectedly, ye Chen's body has heaven and earth's treasure.

However, he did not say anything more. With the passage of time, ye Chen will surely die!

At this time, a sudden change appeared!

Ye Chen's eyebrows radiate the light of the sun!

"Get out of here!"

Then, a strong and icy voice rang through!

The emperor of the dead changed color instantly!

This is the voice of the devil!

At that time, the biggest reason for the suppression of the land of demons was the devil emperor!

Isn't he dead?

Still alive!

"Don't Don't kill me

The emperor of the underworld had never thought that there was such a terrible thing on a warrior with star orifices.

Endless evil Qi began to devour the soul of the emperor of the dead, sending out a series of screams in his mind. No matter how he begged for mercy, ye Chen did not answer.

Some fragments of his soul burst into his mind and formed a memory.

Ye Chen closed his eyes and felt quietly.

Death engulfs and whirlpool of death, and the information of the two skills doesn't enter into the mind.

It's a pity that my accomplishments are too low to be put into practice at present.

Chapter 2303

The voice of the emperor of the dead became weaker and weaker, and his soul was gradually fragmented.

Soon, ye Chen opened his eyes, and now he has completely mastered the law of death.

The law of death that the emperor of the underworld realized in endless years has all achieved Ye Chen.

This Law of instant death transcends the laws of ice and time.

Ye Chen opened his eyes and went down from the fifth floor palace.

He saw the chaotic star tree and found that he had sat cross legged, waiting for ye Chen.

Feel Ye Chen's breath, open your eyes and smile slightly.

He did not ask, since Ye Chen came down, he must have understood the law of death.

Two people came out of the palace and found that the figure of Shuifeng had already disappeared.

From the moment of death, her soul has disappeared.

Trapped in the mountains of death for endless years, now finally break free, already can't wait to leave.

Two people along the road before, came to the spring of ten thousand years.

Chaos star tree in the eyes of the golden light, mouth said: "this time rich!"

Shuifeng has left, and all the spring water is theirs.

Two people took out the jade bottle and filled it with Wannian spring crazily. Finally, they filled all the jade bottles.

There are a lot of spring water, two people can only reluctantly leave.

The law of death in the mountains of death has gradually dissipated, and it will soon disappear completely.

Come to a safe place, ye Chen takes out the body of dusk smoke, takes out the spring of ten thousand years, and puts it into her mouth.

At the speed visible to the naked eye, her body began to grow younger, and her life lost completely recovered.

Dusk smoke opened his eyes and saw Ye Chen standing up from the ground and said, "I'm not dead?"

She thought she would die, but she didn't expect to be alive.

This time, she had a narrow escape.

"Ye Chen, what should we do next?" Asked the evening smoke.

Ye Chen's eyes were fixed on a direction and said, "revive your father."

Ye Chen and others no longer nonsense, toward a direction quickly swept away!

They have no time to wait!

One day and one night later, in front of them, they found a mountain peak with a palace standing on it.

The mountain peaks insert into the sky, and the palace is like a fairyland on earth.

In the whole land of demons, only the fairy palace is the most mysterious and dangerous.

After walking for three hours, I finally reached the top of the mountain.

All of a sudden, the whole mountain rocked, and in the front, the gate of the fairy palace opened.

Ye Chen uses the power of spirit to check, and finds that there is a dark, there is a whirlpool in the flow.

One into the vortex, ye Chen found around a dark, suddenly appeared a light.

He looked around and found that the chaotic star tree had returned to his Dantian.

But the evening smoke has disappeared.

The original open door of the fairy palace was closed in a moment.

Ye Chen slightly Zheng, just want to look for the twilight smoke, the tingling feeling of eyebrows hit!

Then the rolling evil Qi rushed out of the body!

Endless evil Qi converged into a human form!

It's the devil!

The whole body of the demon emperor is permeated with the breath of surpassing heaven and earth, as well as the cold penetrating the nine secs.

The evil emperor looked at Ye Chen in a complicated way: "this is what I owe you."

"I'm afraid I can't pay it back for a lifetime."

"Twilight smoke, I have sent her to a safe place."

"Next, the land of demons will be destroyed."

"This is the game of the king and the devil. Everyone has been taken advantage of."

"When you enter the land of demons, I do not appear again, because I am gathering the energy of the body."

"Now, a body suitable for me appears."

"Open the sarcophagus

Ye Chen suddenly, hastily sacrifice the black crystal sarcophagus!

Open the sarcophagus! Roll, gather the evil spirit!

Magic Qi into a black dragon, break through all the shackles here!

In the blink of an eye, ye Chen found himself and the devil emperor appeared in an altar!

There is also a sarcophagus on the altar!

Extremely old!

The black dragon rushed into the sarcophagus!

The sarcophagus was broken on the spot!

A domineering body emerges!

"Ye Chen, this is probably the most suitable body for me in the whole land of Lingwu."

"Next, I may be away from your brow for a while."

"But I left a special presence in your brow, you will understand later."

"What's more, your blood demon sword has been recast. However, you should use it when you are completely possessed, otherwise, you can't control it." "Its grade is not controllable in the world."

The next second, a black light flickers, and the blood magic sword flies to Ye Chen.

Ye Chen holds the blood magic sword, the next second, a strong force to break free.

He can't control such a powerful body!

"I said that we should be completely possessed before we can shake it. First, we should return it to the cemetery."

"By the way, give me some ten thousand years of spiritual spring."

With that, the devil went to the body.

At the same time, the whole ground vibrated!

The land of demons seems to collapse!

The sky is covered with dark clouds!

The whole world is crying and Howling!

The devil is coming back!

The evil emperor looked at Ye Chen and said directly, "I need a lot of power to revive. Maybe the evil spirits and evil Qi of the whole land of demons will be absorbed by me!"

"This process will take a month."

"I'll come to you in a month."

"This month, you should not step into the demon clan."

"Don't even have a conflict with your demon dust!"

"I'll tear up the void later and send you to Shenhua Academy."

"And your friends, of course."

"This month, the vision between heaven and earth will change."

"The kingdom of God will take action against me, and I will be able to deal with it alone."

"Don't interfere."

"The only thing you can do is to find the burning stele."

"This is the chip you want to fight against the kingdom of God."

"Ye Chen, to meet you is the greatest fortune in my life."

"I'm a devil, but I'm just trying to change the rules of the world."

The next second, the whole land of demons is completely dark!

Countless wails resound!

The void around Ye Chen is torn on the spot!

A great force directly sent Ye Chen out!

At the same time, the palace of the devil.

On the main hall, Jun demon dust and the other several old men's eyes are ferocious!

The next second the body breaks through the hall and flies to the sky!

Their expression is extremely ferocious and scared!

Just because of the dark sky over the demons!

Ten blood moons hanging in the sky in the dark!

It's like a magic spell.

Jun demon dust's face is pale, the corner of his mouth overflows with blood! This pressure made him fear and submit, he murmured: "no, the devil emperor is really going to revive!"

"Damn it! come on! I want to see the one in the kingdom of God

.....

Shenhuo academy sky!

There are dark clouds!

Tear of the void with a shadow down!

The power of magic emperor can ignore the rules of Shenhua academy!

Chapter 2304

Ye Chen looks at the familiar high wall gate, and shows a warm smile on his face. At this time, he has a feeling in his heart that he can go home, which is good!

Land of demons, he's been through too much.

There is no need for him to be afraid at the moment.

Peace is what he needs most.

Ye Chen's smile comes from the resurrection of the demon emperor.

The next thing is for the devil!

I'm afraid this month, the demons, the land of Lingwu and the kingdom of God will shake.

After returning to Shenhua college, ye Chen first found Xing Zitang, Ji Xuan, Xie Pingping and others.

At this time, xingzitang, Jixuan and tianlingzi had already advanced to the fourth level of Xingqiao. Xie Pingping's qualifications were a little lower, but they had also improved a lot.

Since they came to Shenhua college, these people have made great progress. They are very proud of their achievements.

However, when they saw Ye Chen, they could only smile bitterly.

Why?

Because ye Chen's cultivation is close to closing the door!

Although it's still a star world!

But they know ye Chen's evil spirit!

Compared with Ye Chen, they are not so much progress. They are simply stepping back and forth.

But soon, I was relieved.

In this world, some monsters can't catch up with them even if they are proud of Xing Zitang and Ji Xuan. Facing Ye Chen, they can only recognize the reality.

Although Chu Ying is no longer in Wangshen tower, Wangshen tower is still in operation. Ye Chen and several friends come to the top floor of Wangshen tower for dinner.

After a long period of intense pressure, he needs to relax now.

Sitting in this familiar position, ye Chen can't help blinking his eyes. It's in this place that he met Chu Ying. At the beginning, ye Chen just liked her and regarded her as a friend.

However, during the journey to the kingdom of nine secluded places, Chu Ying's various actions in the face of the divine genius Muye completely moved Ye Chen. Could there be a man who could not be moved by such a woman?

Also because of him, in the past that was like the bright moon in the night sky, the gorgeous woman, now, can only lie quietly in the ice coffin to prolong her life.

By the way, I don't know if the spring of ten thousand years is useful to Chu Ying!

You can try it!

It's not possible. There's the ancient god of medicine!

Chaos star tree in his own body, he has the qualification to negotiate with the ancient god of medicine.

"Ye Chen, what's wrong with you?" Xie Pingping sees Ye Chen's look a little strange, can't help but ask a worried.

Ye Chen came back to God and said with a smile, "it's OK. Have a quick meal."

Ji Xuan seemed to see ye Chen's mind and turned aside the topic: "Ye Chen, this time you come back from the trip, your strength is soaring. There must be a lot of adventures, right? Come on, while we have dinner, you talk to me

At this time, there was a rush of footsteps from downstairs. A figure flashed and appeared in the room.

Ye Chen looks back, it is Chen Zhifan!

Ye Chen looks happy. After he comes back, he also tries to find Chen Zhifan, but he doesn't find it. Unexpectedly, Chen Zhifan finds it.

Immediately, he introduced to the public: "this is my good friend Chen Zhifan."

After meeting with others, Chen Zhifan quickly said to Ye Chen, "Ye Chen, xuan yue zong sent a message to contact my master and asked you to go back as soon as possible. There seems to be something urgent there!"

"What?" Ye Chen hears speech eyebrow a frown, xuan yue zong there is an accident? He knew that xuan yue zong would not contact him if there was nothing important.

Can there be something that can't even be handled by Bai Zhentang?

Ye Chen's heart was suddenly raised.

With a wave of his hand, he took out a few of his own forged Horcruxes and gave them to the people, three for each, and said, "this is the Horcrux I forged! Keep your guard

It's not that he doesn't want to give more. However, the use of this soul weapon is not unlimited. With the cultivation of several people, one handle can be used at most. Moreover, the burden on the spirit is not small. Once used, it may take several days to rest before it can be used again. In this case, three handles are enough.

Horcrux, after all, belongs to a kind of external force. Relying too much on it is not conducive to the promotion of its own strength.

Later, he left Shenhua college directly. Originally, he wanted to ask Ge Qing about the burning stele, but now he can only postpone it.

All the way in a hurry, soon, ye Chen rushed back to xuan yue zong.

Looking at the familiar buildings and pavilions on feifeng mountain, ye Chen can't help remembering that when he first came here, he was just a little martial artist. Even, he was seriously injured by Zhao Ping, the elder of xuan yue clan, because he had a conflict with xuan yue zong's disciples!

Ye Chen's eyes flash, and now, if you face Zhao Ping again, ye Chen just needs to think about it and kill it in seconds!

Such a speed of progress, simply, can not be described by evil spirits, completely beyond anyone's practice logic! He did not hesitate to go to the hall of xuan yue zong. As soon as ye Chen came back, cang ye and others got the news and had been waiting in the hall.

At this time, see ye Chen, even if they have been prepared for psychological, look, also become a little strange.

Ye Chen, how long did you enter xuan yue sect?

At this time, when I saw this young man in his twenties again, the other party was very close to the existence of the seal door!

Moreover, cang ye and others can clearly feel an indescribable pressure from ye Chen. This pressure even makes them have the illusion that what they are facing is the supreme elder of xuan yue zong!

Zining looks at Ye Chen, but also some speechless, now she, cultivation is also a breakthrough.

But she knows that her strength has been far removed by Ye Chen. She even doubts whether her master Bai Zhentang's strength is still above Ye Chen

Originally, she thought she got the adventure and advanced. Even if ye Chen's talent was against the sky, she couldn't be stronger than herself, right? Finally, I can find some dignity as a senior sister.

But I didn't expect that even if she succeeded, she was still left behind by Ye Chen.

However, zining's heart, in addition to the faint loss, more, is proud!

Incomparable pride!

Ye Chen, she brought xuan yue zong, is also her younger martial brother, even, her heart, there is a trace of unspeakable feelings for ye Chen!

When ye Chen showed the terrible talent and proved her potential, the strongest feeling in her heart was pride!

On the main hall, there are three people, dark night, Zi Ning, and

Ye Chen saw these old friends who had been separated for a period of time, but at the next moment, he was surprised.

Because, he noticed the third person, this person, is not xuanyuezong person, but, he knows!

"Burning madness?"

Chapter 2305

Ye Chen looked at the man with a bare upper body, bronze colored muscles and a fur skirt. This man was the man of the burning heaven clan that ye Chen had seen in Tianfen land. He was burning crazy!

And according to the old man's words, the burning stele is in the burning heaven clan!

Before that, when he first arrived at Tianfen, he had some conflicts with him. He even beat him to death. However, when he won the champion of the martial arts Convention and returned to the burning heaven clan to celebrate, he was able to resolve the contradiction with him.

When he saw Ye Chen, he was so excited that he rushed to Ye Chen and said, "Ye Chen! I'm waiting for you! I've been waiting for you for some time! "

Ye Chen did not understand: "what's going on? Why are you here? "

"Of course, I came to you specially! Now only you are the hope of burning cherry. Something happened to her! She was forced to marry! Even die

"What?" Ye Chen looks cold, in the eyes, kill the idea to flash!

On that day, after celebrating the victory of the burning sky clan, he once had a meeting with Huoying.

Although nothing happened, I still have some affection for this simple girl.

Ye Chen also thought that after he had a certain strength, he would bring burnt cherry to Lingwu land. After all, Lingwu land is more suitable for cultivation than in secret land.

But now, someone wants to burn cherry?

Is it because of the reincarnation xuanbei!

Ye Chen was full of evil spirit and awe inspiring. The moment when the terror and murderous spirit bloomed, even in the dark night and zining, was a jump in his heart and produced a very dangerous feeling!

However, the burning maniac who just broke through his cultivation became pale all of a sudden. He was almost killed by this idea and was forced to vomit blood!

Zining quickly flashed to Ye Chen's side, gently held his hand and said, "Ye Chen! Calm down first

Ye Chen took a deep breath and restrained his murderous breath. He knew that things were not so simple.

First of all, he is a strong man. He knows his character. Although he once asked his daughter to accompany him, he certainly did not force his daughter to do so. He is not a person who will force his daughter to marry him.

Moreover, since the burning maniac has asked for xuanyuezong, xuanyuezong will not sit idly by and ignore it. He even informs himself to return. Then, there must be another secret!

He looked at the pale faced maniac and said apologetically, "I'm sorry, maniac, are you ok? What's going on? "

Burning crazy shook his head, indicating that he was not in a big way. He opened his mouth and said, "this is what happened..."

The more Ye Chen listened, the more gloomy he looked.

Originally, it is not xuanyuezong and burning Tiangang don't want to manage, but they can't!

Not long ago, they also awakened to a genius with a mark!

It's called burning Wuling!

What's more, this genius selected by the kingdom of God is extremely powerful!

Otherwise, they won't be seen by the kingdom of God.

The appearance of the burning Wuling made the Presbyterian Church very happy. In the whole secret land, they held a celebration ceremony. Their meaning is very simple, that is, let all the tribes respect the burning of Wuling!

In this celebration ceremony, the clan heads of all ethnic groups and their relatives were invited to attend the ceremony. Unfortunately, it happened that he fell in love with the daughter of burning Tiangang, Huoying!

Burning cherry has long been in the heart of Ye Chen, even if this burning Tiangang is excellent again, how about it? Naturally, he would not agree.

Originally, even if this burning Wuling is a divine genius and has a bright future, he will never tolerate his daughter being forced to marry!

But who would have thought that the Presbyterian Council should have exerted direct pressure on burning Tiangang!

Their meaning is very simple. If you refuse, we are willing to give up your whole tribe for the sake of burning Wuling!

After all, Fen Tiangang is the patriarch of the clan and should be responsible for the whole family. All he can do is to delay the marriage date and help him to come to xuan yue zong quietly and look for ye Chen.

Burning sky Gang know, at this time if there is someone can change the fate of his daughter, then, only Ye Chen!

It's no wonder that xuan yue zong is going to call him back!

The kingdom of God can not be provoked by xuan yue sect!

Against the will of the kingdom of God, xuan yue zong will suffer the disaster of extinction!

However, at the beginning, cangye and zining just feel that they should inform Ye Chen to come back and try to find a way.

After all, ye Chen has his mark, but at present they are not sure whether ye Chen is the opponent of burning Wuling.

However, when they really saw Ye Chen, their ideas changed instantly!

Ye Chen's look, gradually calm down, but the depth of his eyes is the ultimate cold.

Burn Wuling, Presbyterian?

He knows that the overall strength of the secret place is similar to that of xuan yue zong. There should be two or three very strong masters in this Presbyterian society! It may even be the early stage of Taixu!

Under the joint efforts of several people, it is also very terrible.

However, ye Chen now is fearless! As long as it is not the real Taixu strong, he has confidence to face!

Looking at Ye Chen's look, zining understood what he thought in his heart and asked him, "Ye Chen, what strength are you now?"

Ye Chen said: "at least we can fight against Taixu."

"What?"

Burning crazy exclaimed, completely stupid!

He couldn't believe what he heard!

He is crazy, but it doesn't mean that he has no sense. He knows Ye Chen is a monster against the sky, and can cross several realms to fight against the enemy. But this is also limited?

Is Ye Chen just a star hole? How can we fight against Taixu?

This

Even if it is the legend of the ancient true spirit, can not do it?

Zining and Cangye, although they have already had some psychological preparation, they are shocked to hear Ye Chen admit it.

That is to say, Ye Chen is now the top strength in the young generation even on the Lingwu continent!

Strong! It's too strong to make sense!

Zining took a deep breath, forced herself to calm down and said happily:

"It's easy now. I'm going to inform Master Ye Chen. He has promised to take some other elders to accompany you there!"

However, this is tantamount to provoking a war between the secret realm and Xuanyuezong. They go with Ye Chen, more about their attitude, and the rest is left to Ye Chen.

As long as Ye Chen can defeat the Burning Wuling and prove that he is better than the Burning Wuling, they dare not do anything!

But Ye Chen shook his head.

Ye Chen shook his head, the air in the hall suddenly became cold.

Zi Ning was stunned, and the Burning Maniac was stunned. The dark night, which had always been calm, also looked at Ye Chen.

What does that mean?

Burning Crazy is even more angry, because he thinks Ye Chen is afraid of Burning Wuling, and he wants to retreat!

Chapter 2306

He has always regarded burning cherry as his own sister's existence!

Even if he died, he would not allow the burning Wuling to force her to become his wife!

And ye Chen, do you want to choose to abandon everything and ignore it?

He roared directly at Ye Chen: "shake your head what? Don't you care? Ye Chen, are you such a person?"

Ye Chen took a deep breath, staring at the burning maniac, and said in a deep voice, "I will go alone!"

This time, purple coagulation, dark night, burning crazy, is stunned again.

Go alone

That means, one person, facing almost the whole Presbyterian Church!

Even if ye Chen is strong again, this, also a bit arrogant, rash?

Zining thinks that ye Chen doesn't want xuanyuezong to get into trouble, even risking his life to break into it and rob and burn cherry trees!

You know, even if ye Chen has the strength of the battle Taixu one layer of heaven, and at the same time in the face of the strong man hidden there, as well as a super demon with a mark, it is also a life of death!

She urged anxiously: "Ye Chen! Xuanyuezong is your home. We are your relatives. Your business is ours!"

What's more, you have ever committed a personal danger for Yin Ming. It's incumbent on you not to mention the master's several other supreme elders! Don't be a hero now

Cangye also nodded: "Ye Chen, facing them, is not trivial, even if you now have the strength against the sky, but also have to be careful to deal with."

Burning crazy simply can't say a word to come, looking at Ye Chen, in the eye besides admire, still admire!

Ye Chen said faintly: "elder martial sister, headmaster, the reason why I want to be alone is not to worry about several supreme elders, nor is it because of arrogance and conceit.

It is because if I go there with some empresses, the nature of the matter will change and become a conflict between xuan yue zong and there. In order to avoid the outbreak of war, we can only choose to negotiate! "

Ye Chen's eyes flashed and continued: "the result I want is not negotiation, but the people who dare to fight against my friends, bully others and force others to die!"

With a roar, it was extremely murderous and rose against the sky, forming a whirlwind of killing ideas, which instantly filled the whole xuan yue zong!

In xuan yue zong, some weak disciples, even, could not resist this leak of killing intention. In an instant, they collapsed on the ground!

At the moment when ye Chen's killing intention broke out, Bai Zhentang, Yin Che and long Yitian all changed their faces!

What a terrible killing!

The three of them all disappeared in the void in an instant. The next moment, they appeared in the hall of xuan yue zong!

And the moment they appeared, they were stunned and stupefied!

Originally, they thought that it was some powerful enemy who had released the intention of killing jueqiang!

However, when they arrived, what they saw in the center of the whirlpool was a familiar figure, the figure of Ye Chen!

Ye Chenqiang from the pressure to kill, he is a very calm person, rarely so disrespectful, unless someone touched his bottom line!

He is under pressure everywhere in the land of demons, and his anger has long been gathered in his heart!

And this burning sky clan's affair is the fuse of this time!

What's more, this is the opportunity of reincarnation xuanbei's strong burning stele!

He vomited out his turbid breath and saluted the three extremely shocked supreme elders. Then, facing Zi Ning and others, he continued:

"elder martial sister, I have made up my mind, these people must die! No matter how strong they are! No matter what status they are, they touch my bottom line and they will die! So I want to go alone, in my personal identity, only in this way can my heart be at ease

Bai Zhentang and others looked at each other, and they probably understood what was going on.

Zining and cangye, also want to speak again, what they are most concerned about is the safety of Ye Chen!

But at this time, Bai Zhentang opened his mouth.

"That's enough."

the old man as like as two peas in his eyes, and then his eyes flash past the color of memories. After a long time, the bitter smile says, "you little boy, it's exactly the same with my old man."

Don't change your mind, don't change your mind

Zi Ning is stunned. Bai Zhentang's apprentice is not herself, nor ye Chen, but her former apprentice.

All of a sudden, zining is silent. At the beginning, the reason why she likes Ye Chen so much is because of Ye Chen's talent and potential?

No, a large part of it is because of Ye Chen's temperament!

Ye Chen's temperament is what she appreciates most, just like her younger brother.

So she knew that ye Chen would never change her mind since she had made up her mind.

In their bones, they are extremely proud! self-esteem! In their bones, there is a bottom line, no one can violate!

And because ye Chen is such a person, she will appreciate him, even like him, right? Think of here, purple Ning pretty face slightly red, suddenly, she for their feelings, some understand.

However, even so, she did not feel envious or dissatisfied because of the existence of burnt cherry and ye Chen's intention to take risks with her body in order to fight against the whole continent.

On the contrary, although she is worried about ye Chen's comfort, she has to say that many women will fall in love with Ye Chen's domineering manner and his manner of fighting against the whole world for the sake of a woman.

Zining is no exception.

She didn't say anything more, but she was shining in her beautiful eyes, gazing at Ye Chen tenderly, and whispering, "promise me, you must be careful and come back safely, OK?"

Ye Chen looks at zining's appearance and nods.

How can I leave a smile in the world? I promise you will come back safely. "

Zining nodded and turned around. She didn't dare to look at Ye Chen's face again because she was afraid that she would dare to go down again. She would be worried about ye Chen and would prevent him from taking risks.

Ye Chen turned and apologized to Bai Zhentang and others and said, "master, I'm sorry to disturb you."

Bai Zhentang snorted coldly: "boy, it seems that you have made great progress in your strength. However, if you go there this time, you'd better not die there and lose face to your teacher. Do you know?"

Although the old man said so, anyone could see that his old face was full of pride!

Ye Chen is a disciple of his Bai Zhentang!

What's more, he knew that the name of an evil spirit against heaven, the name of his disciple, would soon be heard on the land of Lingwu!

Long Yitian and yinche also said with a smile: "Ye Chen, come back safely, Minger is also waiting for you."

Ye Chen solemnly nodded to several people and said, "I understand!"

Then, he said to the burning maniac, "it's not too late. Let's start now."

Ye Chen's blood is burning!

That is the red dust God pulse and Ling Feng God pulse!

And waiting for his burning stele to activate the divine pulse!

Chapter 2307

Burning crazy this period of time in xuanyuezhong waiting for ye Chen, has long been in a state of impatience, of course, no comments!

Soon, ye Chen and burning maniac and other people came to the original Ye Chen to the secret place of transmission.

In the dark night, holding the array disk, he asked, "are you ready?"

Ye Chen nods, the bloody gate, reappears in front of you again.

Ye Chen and burn crazy body move, then entered the gate, the next moment, after a burst of dizziness, ye Chen and burning crazy appeared in the altar.

At this time, the center of the secret place is a very tall, rough style stone palace.

This palace is the Presbyterian of the tribe in the secret land.

The minimum requirement for the Presbyterian of the secret realm tribe is to achieve the goal of sealing the door.

Among them, the highest cultivation is the elder burning me, and the second elder burning zhengkui.

Both of them reached the level of Taixu.

In fact, the secret place is the living area for the descendants of the powerful people in Lingwu continent.

It is a place where martial arts are practiced in seclusion. The strong people in the depths are naturally terrible.

What's more, they are elders who have lived for thousands of years.

Now, in the main hall, the great elder and the two elders are sitting on the main seat, drinking and drinking, and they seem to be very happy.

In addition to the two of them, there was a young man sitting on the guest seat, enjoying the wine in the cup calmly.

He was a black robe with no visible texture. His face was handsome and his fingers were long. There was a smile in the corner of his mouth. There seemed to be pride and disdain in the smile, as if he didn't pay attention to everything in the world!

Judging from his manners and clothes, he doesn't look like a man in a secret place, and this man is burning Wuling!

Has the mark, may step into the divine Kingdom existence!

The elder said with a smile, "Wuling! Do you have to marry the woman of the burning heaven clan? Although she is the daughter of the patriarch, her status is quite good, but I heard that this woman once had something to do with an outsider. How can such a person be worthy of you? "

The two elders also agreed: "yes, Wuling, the woman in our secret place, which one is not convinced by you? This woman is not proud! If you don't care about her past, it's her blessing to take her as a concubine! She didn't want to? Ha ha... "

Although the great elder and the second elder have no blood relationship with the burning Wuling, if they let them choose between their own offspring and the burning Wuling, they will certainly choose to burn the Wuling!

Why?

Because burning Wuling is too important for the secret place!

Even, they are the people who can lead them out of this secret place and occupy a place like Lingwu again!

The potential of burning Wuling is terrible! Moreover, if you choose to burn Wuling, you will have a chance to enter the kingdom of God in the future. If you take anyone out of the Kingdom, you will be the strongest one on the land of Lingwu. Even, you can crush the whole land of Lingwu!

There is a burning Wuling in the secret place, and the future can be expected!

"It's OK, I like it," he said with a smile

He had a casual attitude, and seemed to have little awe of the two men. After that, he still tasted the wine by himself.

However, the elder and the second elder were not angry. They were all smiling. It can be seen how optimistic they were about burning Wuling.

Speaking of it, although this burning Wuling can be said to be the blood of the secret place, the descendants of the ancient strong, but the origin is quite tortuous.

In his early years, he accidentally lost his way and fell into a lost place. In this lost place, he seemed to have met with a divine envoy. He took a fancy to his talent and gave him a special mark.

Until a few days ago, he advanced to the top of the gate, with strength comparable to Taixu, he was able to break through the barrier of space and return to the secret place.

As soon as the elder and the second elder saw the burning Wuling, they took him as a treasure!

How many years? How many years has it been since the secret place, and no talent has been selected by the divine kingdom?

Seeing the burning Wuling, they seem to see the glorious future of their own clan!

At this time, the two elders said with a smile: "Wuling, until next year, you will be able to enter our Tianchi. I believe that by then, your potential will be greatly improved."

Burning Wuling heard the words, but his eyes lit up and said with a smile: "Wuling will not fail to live up to the expectations of the two elders."

In fact, burning Wuling's bones doesn't particularly look up to the people in this secret place. Maybe it's because part of their blood is the same as these people, but these people are not at the same level as themselves.

The reason why he wants to return to the secret place is mainly because of a stone tablet of reincarnation!

In ancient times, the creator of this tribe actually controlled a stone tablet of reincarnation!

And it's fire!

If he controls this thing against heaven, what about the peak of Lingwu land!

What he wants to climb is the summit of the kingdom of God!

On hearing the speech, the elder sighed: "it's a pity that after the last martial arts meeting, an outsider entered the divine blood area and absorbed too much divine blood! I'm afraid the quality of Shenxue district has been affected! "The elder said, burning Wuling looks a little gloomy. He put down his glass, stood up and said, "two elders, I'm a little tired. I'm going to have a rest first."

"Two people are genial ground answers:" tired, go to have a rest quickly

After the burning Wuling left, the smile of the elder and the second elder gradually subsided.

They know what the so-called rest means by burning Wuling.

But there was only a chill on their old faces.

Big elder Sen Han said: "Tiangang, we do this for the future of the whole family. I hope you don't blame us."

There is no regret in the tone, only disdain!

Instead of returning to his bedroom, the mausoleum is in the complex stone corridor, turning seven and eight times to the palace's Dungeon.

Here, this is a prison!

To imprison and torture those who have committed serious crimes!

Now, in one of the cells, a skinny man is locked to the wall.

The man's hair was disorderly and his face was covered with blood, which could not be seen clearly.

Soon, there was a sound of footwork.

With a cruel smile on his face, he walked into the cell.

He looked at the man in front of him and said faintly: "father in law, Wuling has come to see you again. How are you thinking today? Burn cherry that wench, still refuse to marry me sincerely? Is your father-in-law willing to persuade the girl today? "

The middle-aged man, who was tortured and bruised, slowly raised his head. He was the patriarch of the burning sky clan who had received Ye Chen at the beginning!

Burning the sky Gang staring at burning Wuling for a while, suddenly opened his mouth, spit out a mouthful of blood mixed with broken teeth, sprayed it on the face of burning Wuling, raised his face, sneered: "on such an animal as you, also deserve?"

Chapter 2308

Originally, under the oppression of the Presbyterian Council, he acquiesced in the engagement.

However, in his heart, he never disobeyed his daughter's will and asked her to marry him. He knew that his daughter didn't like burning Wuling. In her heart, there was a man, a man from a secret place, who could no longer accommodate other people. The man was named Ye Chen!

He tried his best to delay the wedding, in order to let the burning maniac find Ye Chen!

Although, when he saw the strength of burning Wuling, his heart was extremely heavy. After all, when ye Chen left the secret place, his strength had not reached the realm of creation!

Even if he is a demon, can he burn Wuling in such a short time?

But, ye Chen is his only hope, he can only choose to believe Ye Chen!

What he didn't expect was that he found himself one day and asked his daughter to accept him!

Burning Tiangang naturally did not want to refuse! However, after he refused, the elder suddenly appeared!

But also to him, captured him, blocked his spiritual power!

Henceforth, burning Wuling will come to the dungeon every day to "visit" him and force him to persuade him to

Originally incomparably hardbound man, now, has been tortured to be not human like.

Burning Wuling seems to be indifferent, slowly erase the bloodstain on his face, when he put down his hand, that originally handsome face, but instantly become extremely ferocious and terrible!

It's not human anymore!

Burning the sky Gang to see, is also a pupil shrink, the face showed a frightening color, burning Wuling how to become like this!

At this time, the burning Wuling, dark blood vessels all over the face, eyes blood red, white part of the eye turned into pure black color! It looks like a monster!

After burning Wuling showed his face, his voice became hoarse and sharp. He laughed at the shocked foe Tiangang and said, "good, very good. It seems that you are not willing to do what the young master said when you die?"

"You What the hell are you! "

"Me?" In the blood eyes of burning Wuling, there was a sarcastic meaning and said: "ha ha, to be honest, I don't know what I am. After all, I have swallowed up too many people and become one with them. Of course, including the owner of this body, you call the guy who burned Wuling."

"What!"

"However, he was the first person who integrated with me. I was integrated with his thinking. It is not a mistake to say that I was burning Wuling? Hehe, why do you look at me with this kind of eyes? Soon, your daughter is going to be a part of me. Do you want to look at your daughter like that? "

When he heard the words, he was furious and roared: "you disgusting beast! What do you want to do to Sakura!? If you dare to hurt Yinger, I swear, I will kill you

He struggled frantically and rushed to the burning Wuling, tearing the iron chain on the wall clanking, but it was impossible to tear it off.

Burning Wuling recovered its appearance and enjoyed the crazy appearance of burning Tiangang. He laughed and said, "do you think I really like your daughter? Ha ha, the human woman, what qualification to be looked upon by me? "

"What I want is the reincarnation xuanbei of your burning heaven clan! That woman is just a chip

"Say, where is the reincarnation xuanbei?"

Burning the sky Gang one Leng, the expression is strange way: "what do you say? I don't understand! "

"Don't you understand? It doesn't matter. If you don't tell me the whereabouts of the xuanbei of reincarnation, I swear that your daughter will live forever and despair in pain

After saying that, he did not pay attention to the constant roar of burning Tiangang, and turned to leave the dungeon. At the same time, his look was completely gloomy and became more and more terrifying.

In those years, when the burning Wuling entered the lost place, it was attacked by a strange evil spirit. The evil spirit seemed to want to devour him, but he did not know what happened. As a result, the spirit of the burning Wuling and the spirit of the evil devil merged into one!

What's more, burning Wuling got the talent and magic power of that evil devil! It is with this ability that he can sense the general whereabouts of the xuanbei of reincarnation.

It has something to do with the burning sky clan!

As for the future of the secret place?

Thinking of the two old men's views on themselves, the burning of Wuling not only showed a very ironic smile, but also was just some ants. What's the future?

However, for the time being, he has to hide for a while before he has enough strength.

In a boudoir in the palace, a young girl with a gentle and pure appearance, who looks different from the ordinary women of the burning heaven clan, sits in the room.

Her eyes were red and swollen. There were two tears on her clear face. Her pretty face was full of sorrow and pain.

Although the appearance of burning cherry seems to be a little weak, but in the bone, even than the ferocious women within the family, more strong, more rigid!

But these days, she is incomparably aggrieved.

She was burned Wuling locked in this room, although not like burning Tiangang, bear physical torture, but her heart, but incomparable suffering! Although she looks weak, she is determined not to rely on others at any time!

But now, she really wants a shoulder to rely on.

These days, she did not know why she thought of the young man.

Her father gave her to Ye Chen, but ye Chen did not touch himself that night.

Even respect yourself!

It was this gentlemanly behavior that kept fermenting in her heart.

At that moment, she understood that this kind of man might be exactly what he was looking for!

According to Ye Chen's character, even if burning Wuling is a super genius to fight against Taixu, and even behind the burning Wuling is the most powerful Presbyterian in the secret land, ye Chen will fight against them regardless of everything!

She didn't want to be like this. Although she knew that ye Chen was rebellious, her reason told her that ye Chen, not to mention the Presbyterian Church, might not even be the opponent of burning Wuling!

She would rather die! If not, the Council threatened her with the whole family of burning the sky, and burnt cherry would have ended herself to protect her innocence!

Suddenly, with a creak, the door opened.

Burning Wuling, with a gentle smile, walked into the room.

In the beautiful eyes of burning cherry, there is a clear color of disgust, and the expression is extremely cold.

"What's the matter, Miss burn Sakura, you look like you're not very happy? It's this room. Aren't you used to it? "

Burning cherry sneered: "burn Wuling, you don't waste your effort, I said, my heart already has a man like, you give up."

"Oh? Is it? " Burning Wuling didn't agree: "but what about that? Do you think it's useful if you like it? Miss Huo Ying, please be realistic. I am the future of the secret place. Being my wife, even if I am a concubine, is only good, not bad. In the secret place, I don't know how many women are scrambling to become my wife! "

Chapter 2309

Although she was forced to look at her own strength, she would never be forced to look at herself from a strong woman's heart, even though she was not willing to use a strong word from her heart, she would never be forced to say so!

This is the essential difference between burning Wuling and ye Chen!

Burning Wuling couldn't help but be a little curious: "the person you like is called Ye Chen, right? From xuan yue zong? Isn't I better than him? My potential is not better than him? Is he the eternal evil chosen by the kingdom of God? It's interesting to hear that he can fight beyond the level! "

Speaking of this, burning cherry looks suddenly changed!

And the voice of burning Wuling suddenly became cold and said: "I don't know, if I go to xuan yue zong and ask for a life and death war with him, can brother Ye surpass me? Yeah? Do you think a xuan yue zong can protect him? Hehe, you know, the great elder and the second elder will not hesitate to mobilize the strength of the whole family to fight against xuan yue zong for me

"What do you say?" burning cherry said in a quick voice! It's none of his business! "

Her beautiful eyes are full of anger, even with the burning Wuling desperate meaning!

Burning Wuling's face sank. Although he valued only the stone tablet of reincarnation, he was always extremely proud. At this time, he chose Ye Chen instead of himself?

For burning Wuling, it's like losing to a dog or a pig!

Seeing the look of burning Wuling, the heart of burning cherry is also thoroughly raised!

At this time, a loud noise came, and the whole stone palace was shaking!

The face of burning Wuling changed slightly. What happened just now?

A very cold, domineering and penetrating man's voice reverberates in the whole stone palace.

"Burn Wuling, roll out and die!"

Hearing the sound of the moment, burning cherry's eyes, immediately wet!

This voice, she is too familiar with!

This is the man's voice that appears in her dream countless times!

Ye Chen, actually came!

Burning Wuling for a moment, immediately on the handsome face, appeared a very evil smile.

As soon as he was in a flash, the whole person disappeared from the burning house and appeared on the square outside the palace.

The great elder and the second elder came to the square in a short time.

Even if the elder with black handle stands on the square, he doesn't mean to stand tall.

It's Ye Chen!

Burning Wuling originally had a funny smile on his face, but when he saw Ye Chen, the smile was frozen!

The next moment, on that handsome face, flashed over the ecstasy, complete ecstasy, almost irrational ecstasy!

He felt that ye Chen's blood vessels were extremely strong!

It's even full of demons!

This kind of flesh body is too precious for evil spirits!

The real treasure is Ye Chen in front of you!

In the eyes of burning Wuling, he was filled with a look of longing for greed. If ye Chen could be devoured, what kind of terrible strength would he have?

Half step too empty? Even too empty?

Ye Chen is a gift from heaven!

Looking at the look of burning Wuling, ye Chen can't help but frown slightly. The man's eyes are very strange, it's not like the eyes of human beings! It's more like the eyes of the ancient demons who opened the land of demons.

Ye Chen gazed at each other and said coldly, "are you burning Wuling?"

Burning Wuling mouth raised a trace of disdain smile, said: "you are ye Chen? Why, are you here to drink my wedding wine with Yinger Although Ye Chen's blood power is very strong, his accomplishments are nothing more than the state of star orifices. Burning Wuling with a unique blood is invincible under the condition of Taixu.

"You can call Sakura, too?"

In Ye Chen's eyes, the killing intention flashed, and the whole body's breath surged. Since he knew the identity of the other party, there was nothing to say. He was never a person who liked to talk nonsense.

He would not say one more word to such a person.

What's the use of talking to a dying man? He's going to kill him directly!

When ye Chen is ready to make a move, a woman's voice suddenly rings out.

"Ye Chen! It's really you

Burning cherry breathless, after hearing Ye Chen's voice, she ran out desperately. Her face was full of excitement, and she cried out with great worry: "Ye Chen! Let's go

Ye Chen's eyes sank and looked at the gentle and pure girl. In her cold eyes, there was more tenderness and pity.

He smiles at the burning cherry and says: "don't worry, I'm here, no one can force you!"

Burning Wuling heard the words and burst into laughter: "things that don't know how to live or die are just stars and orifices. They don't even enter the gate. Do you really think you are invincible? Big elder, catch this rubbish. Don't kill me. He's useful to me But there was silence to answer him.

What's going on?

Burn Wuling eyebrows frown, these two too empty old, should not ignore their own requirements?

Ye Chen looked at the burning Wuling and said with a sneer: "ha ha, catch me? Do they dare? "

Burning Wuling turned around and saw the elder and the second elder. At this time, they were embarrassed. At the same time, they were extremely shocked and unbelievable.

The elder looked at the burning Wuling and said, "Wuling, I can't fight this man..."

"Why?" he said

"Because, we found out that there were marks on him

"He has something to do with the kingdom of God

At this time, the elders of the Presbyterian Church have come out one after another.

The moment the elder said this, the air in front of the palace was solidified.

All people, including the eyes of burning Wuling to Ye Chen, are full of incomparable shock!

Last time ye Chen stepped in, there was no mark!

But this time why there is a sense of imprint!

Is it another genius chosen by the kingdom of God?

It can be seen that the cats and dogs can be chosen everywhere!

The reason why they expect so much about burning Wuling is that they think that burning Wuling is almost the only ultimate genius they can touch. But who would have thought that there is another one in front of them?

Burning Wuling, also thoroughly angry!

A genius chosen by the kingdom of God? With the trapdoor?

Such a person, and he burned Wuling belong to the same level of genius, is the biggest insult to him!

Burning Wuling stares at Ye Chen with a cruel look on his face. He licks his lips and says to Ye Chen:

"do you think that if you have the mark of the kingdom of God, everything will be fine, and no one can touch you?"

Originally, you are not worthy of my hands. However, in order to avoid people mistaking you and me as belonging to the same level, I will make an exception to let you see what is the real eternal evil.

I hope you can live up to the mark on you and don't die casually. "

With a roar, a dark evil gas broke out from the body of burning Wuling!

Burn Wuling and drink: "the body of the tyrant devil, open!"

In the dark and evil spirit, the body of burning Wuling inflated rapidly and was filled with the power of terror.

But it's not over!

"Demon dragon blood, open!"

"The body of the sea of blood, open!"

"Blood of the holy gold, open!"

Chapter 2310

.....

With the fierce shouts of burning Wuling, ye Chen's eyes gradually show a trace of solemnity and shock.

This burning Wuling has exerted a variety of blood force continuously!

No wonder that he has the strength comparable to Taixu!

You know, none of the blood vessels opened by burning Wuling is inferior!

Ordinary people, can have one of the blood, is already a great potential genius, at the same time have 13, it is simply beyond the limit of thinking!

How can there be such a person in the world?

Although burning Wuling is regarded as the future of the secret place by the Presbyterian Church, they have never really seen the burning Wuling attack!

At the bottom of my heart, I still have a little doubt about the genius selected by the kingdom of God!

And when the fire Wuling all out to open the thirteen blood vessels of the moment, the elders on the square were so frightened that they even forgot to breathe! The doubt in the heart, completely dissipated!

Monster! The absolute monster!

The elder and the two elders looked at each other, and their looks relaxed completely. At the same time, they were extremely excited.

Originally, because of Ye Chen's appearance, they were still worried that burning Wuling would not be ye Chen's opponent?

After all, ye Chen's performance in the last martial arts meeting was amazing.

However, after burning Wuling and displaying its real strength, the elder and the second elder believed that even among the immortals selected by the kingdom of God, burning Wuling was the top one!

Even, can grow up to be the existence of the top strong in the kingdom of God! Secret land is rising again!

At this time, the fire Wuling was extremely powerful, even more terrifying than the ordinary half step Taixu strong person. His body was incomparably tall. His blood eyes were full of sarcasm, looking down at Ye Chen and sneering:

"now, are you sure you can kill me?"

Ye Chen did not speak, but asked in his heart, "master, this man is like Lin Jue long, but he is more magical. Why is that?"

After hearing Ye Chen's voice, he gradually opened his mouth: "if I guess correctly, this man has been devoured by evil spirits."

"In addition to the land of demons, there are many demons in Lingwu land, and he is one of them."

"By the way, I didn't show up these days because I was condensing the remaining three swords."

"Six swords, you only used three swords. There are three swords that are the real core."

"After three swords, I should also dissipate."

Ye Chen is slightly stunned. He has learned the power of the three swords.

Is the last three swords stronger?

Can we fight against the existence of Taixu?

Can the key be used now?

Feng Qingyang seemed to have guessed what ye Chen thought in his heart and said with a smile, "disciple, do you despise yourself too much?"

The constitution of other people's blood is not uncommon in the universe. The reason why I am so optimistic about your physique and even suspect that your origin must be extraordinary is that you are the strongest blood vessel in the world! Reincarnation!

And he? Hehe, it's just that you can transform a part of it into your own body from that powerful blood. Moreover, in terms of potential, it's far worse than the real blood. "

Ye Chen nodded and calmly said, "what's the use of more blood blessings? No matter how blessed the garbage is, it can't change its essence! "

Seeing ye Chen's silence in the burning Wuling mausoleum, he disdains to be more murderous. He was so arrogant just now. Now, after seeing his own strength, he can't speak?

Ha ha, I'm afraid I've fallen into horror and despair!

He did not know that ye Chen is because he is too weak to raise the slightest interest!

So indifferent, ignore it!

Fire Wuling raised his hand, the fist meaning condenses, the strength roars, the evil spirit rolls, the demon evil spirit soars to the sky, the golden awn is released!

The fist has not been sent out, and its power has been too heavy to breathe!

After all, if ye Chen died and absorbed blood from the corpse, the effect would be much worse.

Smash him to pieces, is that all right?

A group of elders see, the face is the emergence of horror, dignified color!

The fist of burning Wuling is so strong! It is not only the power against the heaven contained in his terrible body, the talent of cultivating martial arts to burn Wuling, but also the evil spirit in the evil spirits!

There are many changes in the meaning of this fist. It seems that there are dragons and demons. It is as heavy and hard as Jinshan. In one fist, it seems that the sea of blood and countless corpses can be rippled!

No doubt, the realm of this fist has touched the void!

Taixu is a realm that many powerful people in Lingwu mainland can't touch in their whole life!

Faced with the blow of burning Wuling, many elders on the scene were not sure that they could receive it perfectly!

This is the genius of the world!

However, Ye Chen's expression, is still a piece of indifference, the face does not have the slightest fear. If he had not stepped into the land of demons, he would have been invincible.

But from the land of demons, he can fight too empty!

When the burning Wuling was about to be launched, a beautiful image flashed!

A small, gentle woman suddenly blocked in front of Ye Chen!

She raised her delicate face, which was firm on her pretty face. In the face of breath terror, she could kill her own burning Wuling with one breath, without any wavering firmness!

Burning cherry block in front of Ye Chen, with no intention to burn Wuling.

She knew that it was too late to let Ye Chen go.

Then, as the main cause of this matter, she should at least live and die with Ye Chen!

If you want to kill Ye Chen, you have to step over her body first!

Originally, Ye Chen, who has always looked calm, has finally changed. A trace of worry and fear flashed over his face with clear wind and light clouds.

He is afraid of burning cherry hurt!

At the same time, in the eyes of the cold, in the crazy condensation, contraction!

He didn't do it, he was gathering strength!

Because he wants to make sure that he will kill the burning Wuling, so that he does not have the slightest chance to hurt the burning cherry!

And burning Wuling is a shrinking pupil!

In the blood eye, the anger spurts, almost all wants to burn thoroughly!

To this time, this bitch, the choice is not their own?

But choose a waste that can only be in front of him, shocked by his own strength, can't speak out?

Damn it! Damn it!

Suddenly, a trace of evil and ridicule flashed on the face of burning Wuling.

Since this bitch is so infatuated, it's a pity not to play with it?

Burning Wuling, love to do is to destroy the world, those sincere, beautiful feelings.

He looked at the burning cherry and said with a sneer:

"OK, what an infatuated woman, do you want to die for love? I really admire Wuling, eh In this case, if you are willing to dance in front of me, I am not unable to see in your face, let go of this mole ant, what do you think? "

Burn cherry for a moment, dance a dance? Is it that simple? Although, her heart does not believe every word of burning Wuling, but if there is a real chance to let Ye Chen live, even if it is one in ten thousand, one in ten thousand, she would not want to give up!

Seeing the hesitant look of burning cherry and the smile of burning Wuling, his tone suddenly became colder and said, "of course, you have to show your sincerity. Get rid of it and dance in front of us. Ha ha, do you mind? After all, you're such a lowly bastard, you should be used to such things? "
