Chapter 2311

When burning Wuling said this, her pretty face suddenly turned pale. Although her eyes were still firm, her beautiful eyes showed a look of incomparable injury.

Which woman will not be sad to hear such words? In particular, such as burning Sakura such a pure woman, even be called in public as cheap, she can not hurt, can not be aggrieved? How to face the public again in the future!

But a group of elders smell speech, but with a smile on their faces, because they know the relationship between burning cherry and ye Chen!

At the beginning, single men and few women live in the same room!

The key is that the woman's father took the initiative to deliver the door!

Now, burning Wuling wants to marry Huo Ying. Even if she is a concubine, if she really marries fenwuling, then she has had an affair with other men before marriage. What is not a slut?

Burning Wuling's blood eyes, staring at burning cherry pale face, is also full of comfortable, satisfied color.

Aren't you infatuated? Aren't you a chaste girl?

Then I'll make you a bitch!

In this world, the fact is decided by the strong. His burning Wuling is now the pride of the secret land and the future of the whole family. No matter what he says, no one will refute it. He will only obey his thinking and his will.

Therefore, he said that you are a bitch, no matter how chaste you are, you are a bitch!

This feeling, very cool!

So happy that he couldn't help laughing.

However, before he, or even anyone else, laughed, their faces froze!

Because, a startling sword, from the long sword in Ye Chen's hand, burst out!

There is no one to see ye Chen is how to move, his action, too fast!

Even two old men who were too empty and focused on burning Wuling's words and burning cherry's expression did not have time to respond to the sword light cut by Ye Chen!

When the sword appeared, where would anyone want to laugh and dare to laugh?

In that terrible sword meaning, it contains the extremely killing intention. Even the powerful people who seal the door must tremble for it!

Generally speaking, in the face of such a terrible and powerful sword at this time, all the martial artists who have sealed their doors may not be able to react, but burning Wuling is not an ordinary person!

He spent decades of time and painstakingly brewing the thirteen blood vessels in his body!

Each of them can be called the best. With the blessing of these blood vessels, his perception and reaction have been upgraded to a terrifying inhuman state!

In his blood eyes, the color of panic flashed by, and he immediately calmed down. He roared wildly in his mouth, and his spiritual power ran wildly. All kinds of fists were in full bloom!

In the face of Ye Chen's most terrifying sword, where does he dare to keep his hand and what blood does he dare to take into account?

What kind of blood do you want when you're dead?

He is not a fool. He knows how to choose and weigh. He knows that he belittles Ye Chen. The man in front of him is not the existence that he can keep his hands on!

Keep your hand, only death is waiting for him!

This fist can be called amazing. In the desperate situation, burning Wuling also inspired 13 kinds of blood vessels to the extreme and played the strongest punch in his life!

Fist out, space collapse, earth shaking, wind and clouds moving! If you hit this fist, burn Wuling is relieved. No matter how strong Ye Chen is, you can't completely break his fist, right?

Moreover, with his strong physical body, under the blessing of his blood, his defense and recovery ability against the sky, even if ye Chen's sword is one point stronger than himself, he can't hurt himself.

There was a big bang, and the terrible fist seal collided with the cold sword!

There is no extreme collision and no equal power that people imagine. The extremely shocking fist seal is like paper paste, which is divided into two sections in front of the sword.

With a click, it was the sound of the sword cutting into the flesh and blood.

The huge body of the burning Wuling was chopped upside down in an instant. The blood gushed out was like a waterfall hanging upside down, leaving a long blood path on the ground.

With a roar, the burning Wuling went straight for a hundred meters, only to collapse a stone wall and stop the body.

At this time, his upper body was almost cut into two pieces, and his eyes were very dim. Where was his previous prestige?

Thanks to his 13 strong blood vessels, he was not directly cut into nothingness. However, he was not far away from death.

Suffocate! Let a person suffocate to the thought breakdown!

Even the great elder and the second elder are all dull and stupid!

What they thought of the future of the family, the evil spirits against heaven, and the ultimate burning Wuling among the talents selected by the divine Kingdom, were simply defeated?

Or be killed by a sword?

This! Is this reality? impossible! It's impossible!

In fact, it's not surprising that burning Wuling is too weak. Thirteen kinds of blood vessels are extremely strong. Even if the potential is not as good as the original version, it can be said to be against the sky. Unfortunately, he met Ye Chen. A man who is destined to step on the top of heaven, Lingwu and Shenguo.

Burning cherry also stunned, lenglengleng looking at the scene in front of her, she knows, this man is very strong, very against the sky, but this is also too beyond their imagination?

All of a sudden, the aftereffect of that blow, the air billows! She found her body lifted on the spot!

At this time, a powerful arm, around her delicate waist, put it into her arms.

Burning cherry raised his head, that pair of pure beautiful eyes, the wave light flickers, like a fairyland, immersed in the clouds of a Wang lake water.

At this time, the lake, reflecting a handsome man, full of tender face.

Ye Chen, with a gentle smile on his face, said, "there is no need to be sad for the foul language of these vulgar people."

Burning cherry smile, but also cry, happy to cry, her pretty face filled with joy, cleverly nodded, said: "well, I'm ok, thank you, ye Chen..."

Ye Chen smiles. When he looks at the crowd again, his face is as cold as the sea of blood. It is extremely gloomy, and the opportunity of killing is revealed!

"Although, you don't have to care about these rubbish words, but those who dare to insult you will die!"

Feeling Ye Chen's almost real killing intention, all the people come back to God completely.

At this time, the dying burning Wuling finally took a breath and murmured weakly: "elder, second elder, save Help me... "

At the same time, the body, the body, the body, the body, the body, the body, the body, the body, the
body, the body, the body, the body, the body, the body, the body, the body, the body, the body, the
body, the body, the body, the body, the body, the body, the body, the body, the!

The elder and the two elders looked at each other, and their bodies flashed in an instant, and they immediately blocked the body of burning Wuling.

Even if the burning of Wuling was not as good as ye Chen, it would be a rare evil and the hope of our family. He must not die like this!

Chapter 2312

Although most of the elders present could not keep up with Ye Chen's speed and even couldn't see his figure clearly, they could still do it.

The old hand turned and held a pale curved bone sword. This bone sword was more than a real artifact. Moreover, there was a strong wild and evil smell on it!

At the same time, the elder murmured, his eyes suddenly burst into a burst of intense brilliance, his breath was boiling, his blood essence was burning, and the high temperature was emitted, which made the space around him distorted!

"Why? It's interesting. "

Ye Chen put on a sneer at the corner of his mouth. He could see that the elder was using the formula of burning blood!

Look at its power, the flame used, grade, should be higher than their own Xuanyan many?

This elder, in order to rescue the burning Wuling, is also fighting for his life!

He broke a drink, spirit power extremely Zhiyuan turn, unreservedly hand!

On that bone sword, it was under the influence of the great elder's spiritual power. In an instant, thousands of evil beasts roared!

With a single horn on the top of the Python's head, it looks like a curved sword, and the space collapses endlessly. The long angle of the curved sword, with the extremely sharp sword awn, appears at the moment, even the rolling white clouds in the sky are chopped into nothingness by the sword idea. It shows how terrible this sword is!

The ultimate strike of Taixu one layer of heaven, even if ye Chen, hard resistance will also be injured?

Although this may lead to the anger of the kingdom of God, the elder can not care so much at this time!

If the burning Wuling is dead, then the secret place will have no future at all. I don't know how many years it will be silent on this small land!

For the future of the family, he must take risks!

In order to resist this sword, ye Chen cannot attack the dying burning Wuling!

And take advantage of this opportunity, the two elders will be able to save the burning Wuling!

The big elder winked at the two elders. The two elders understood. As soon as they caught up with the burning Wuling, they would have to escape for a while. Let's take the burning Wuling to a safe place!

But the next moment, let the elder and two elders incomparably shocked scene, appeared!

However, it was a cold smile on the face of Jianmang!

Even though they are not ready to attack or defend!

This is a blow to fight against this peerless terror with flesh!

Elder, I'm flustered!

He thought Ye Chen would dodge and defend. In that case, he would not be killed by his sword with the strength he showed before. But if ye Chen didn't defend, he would die!

Ye Chen, if he is really dead, then there is no room for turning around. The God envoy of the kingdom of God will punish him!

Even the whole secret place!

However, the elder is also a cruel person, his eyes suddenly sink, in this case, simply do not do two endless! ·

seize this opportunity and kill Ye Chen thoroughly!

Even if the secret place is destroyed, as long as the burning Wuling is still alive, it is not really destroyed! Burning Wuling has a mark. Even if the God of the Kingdom wants to destroy the secret place, he will not be killed.

Then, the family will certainly rise one day!

And if only need to sacrifice their own lives, in exchange for ye Chen's death, then the great elder is willing!

He knew that ye Chen was now the enemy of burning Wuling and the most powerful genius of the secret realm. Even if he saved the burning Wuling today and let Ye Chen go, ye Chen would surely become the biggest threat to the rise of the secret place in the future!

Ye Chen's eyes flicker. Originally, he wanted to make the elder panic and make flaws, but the mark is not omnipotent. As long as the other party is willing to fight to death or even kill you recklessly, the mark will be useless!

At this time, the snake with the magic sword light appeared in front of Ye Chen's body. At the moment when the cold light was about to cut into Ye Chen's body, a white fog gushed out of Ye Chen's body!

Atomization magic!

There was a crack, and the startling sword went through the white fog and cut the earth into a very deep gully!

The elder was stunned for a moment. However, at this time, he was determined to kill. Under the crazy operation of his thinking, he recognized the magic power of Ye Chen in a flash, and immediately roared: "take down the burning cherry tree!"

Although, he did not understand how a human being possessed the atomization magical power which is quite rare in the divine kingdom.

But he knows that there are certain restrictions on the use of atomization. At this time, as long as ye Chen is forced to make a move, he must show up!

Burning cherry, is not the best bait?

The elders at the top of the gate responded immediately, and three of them rushed to the burning cherry immediately! Look fierce!

The remaining four elders hesitated.

The reason is very simple. Even if they are disgusted by the existence of burning Wuling and refuse to obey the arrangement of their own clan, they will abandon their personal feelings and even laugh at her for the sake of the future of their family, but they are still clansmen in the secret land after all! Or their younger generation, even in the burning Sakura small, these elders, also reported her ah!

Let them really burn Sakura under the killer, some of them can not do.

However, the cultivation of burning cherry is not too high!

Three strong goal blockers, full shot, completely enough!

Don't mention three, a martial arts, sneeze, can burn cherry kill ah!

Ye Chen in the atomization, with a heavy complexion, immediately reveals his body shape. At the same time, five handles appear around him. They look rough, but they are engraved with countless runes and emit strange waves of long swords!

Horcrux out!

Although Ye Chen still has hundreds of Horcruxes, even if he uses too many Horcruxes at the same time because of his strong spirit, he will still have a burden.

"Disease!" Ye Chen took a drink, and the power of the infinite spirit surged. The five spirit instruments, with their light flashing, flew in different directions at a very fast speed!

Kill the sky!

At this moment, the soul kills for the respect!

At the same time, the use of five soul weapons will have a great cost to the spirit!

But ye Chen doesn't regret it!

.....

At the same time, the blood spirit clan.

A mysterious valley.

This is the deepest forbidden area of the blood spirit clan.

No one is qualified to enter except the blood spirit clan and the God kingdom.

And at this moment, a delicate body is constantly flashing!

This is Xia Ruoxue!

Xia Ruoxue did not go to the demon clan for the first time, but chose to explore the relationship between the kingdom of God and the blood spirit clan!

She even knew that, in the blood spirit clan's deep place, being trapped in the divine kingdom must fear existence!

Her breath is veiled.

I've kept it from everyone.

She quietly entered the magic Valley, without any restrictions, extremely relaxed!

She glimpsed chains.

She wants to go deeper!

But, all of a sudden, her reincarnation star stone twinkled! A huge surge of danger!

Someone found out!

She quickly pinched the mantra. However, when she pinched, she saw the deepest part of the magic valley.

Her pure and beautiful eyes seemed to see the most terrible thing!

Chapter 2313

"Who are you?"

A few people with strong breath in royal clothes suddenly opened their mouth!

These people are the strong ones who step into the blood spirit family from the kingdom of God!

Although Xia Ruoxue has the skill of ice sword king!

But it is impossible to hide from such a strong master!

This time the kingdom of God has come to the realm of Taixu!

How to shake it!

Summer if snow Mou son a sink, the sense of crisis from the package!

She thought of the ice sword King's explanation, no longer hesitated, directly left her retreat with the ice sword king!

Can immediately return to wanjian emperor palace!

That's enough for now!

It's a good trip.

Now the most important thing is to leave!

However, she has not used, a strong force of restraint will lock Xia Ruoxue.

Xia Ruoxue's bottom card is broken on the spot!

Xia Ruoxue looks pale! Without it, how could she go to the palace of wanjian emperor in an instant!

Damn it!

At this time, a strong breath of middle-aged men appeared in front of the summer if snow.

He breathed the air of a superior.

"It's ridiculous that a woman in fengmenjing dares to enter here!"

"Did you see what you shouldn't have seen just now?"

Xia Ruoxue stepped back, but found two old men standing behind him!

She has no way out!

Middle aged man is released!

Without any hesitation, he said directly: "this person is strange, take it directly! Abolish cultivation! "

"But if you see that he looks good, I'll give it to the young master."

"Yes, elder!"

The two old people respectfully open their mouth, the next second endless pressure towards Xia Ruoxue!

Summer if snow, no retreat!

Just at the moment of life and death, the reincarnation star stone suddenly burst out of Xia Ruoxue's storage ring!

The surrounding space collapsed on the spot!

Xia Ruoxue disappeared in the hands of several extremely strong Taixu state!

The middle-aged man's face changed greatly, and his spiritual consciousness was released: "how could it be that the breath of that thing has a trace of origin!"

"Chase!"

"The things in Shenmo Valley can't be spread out, otherwise the God Kingdom Tiandao palace will surely blame it!"

The two elders nodded, and their figures disappeared in an instant.

They are not sure whether they can trace the mysterious missing woman, but at least they can't let go of every opportunity!

.....

And now, the land of the secret.

Ye Chen doesn't know Xia Ruoxue's whereabouts naturally.

There was a strong anger in his heart!

The power of five soullers is extremely powerful!

This is the first time that he has used five handles!

If there is no breakthrough, he can not be so easy to achieve!

After all, the release of Horcruxes is based on one's own strength!

And these five Horcruxes were once again condensed by him in the land of demons!

His elixir power is rapidly decreasing!

Among them, three soul weapons were fired at the three Fengmen elders who attacked the burning cherry, and the other two were aimed at the elder and the second elder!

Seeing ye Chen appear, the elder thinks Ye Chen will stop the three elders who seal the door. They are preparing to attack. Who would have thought! Ye Chen even released five flying swords at the same time!

The flying sword looks ugly, but somehow it gives the elder a dangerous feeling and makes him have to treat it seriously!

The second elder, at this time, had just helped burn Wuling into a high-quality medicine, and saved his life. When he was about to leave with him, a flying sword was fired at him!

"Eagle run away!"

"Crack empty palm!"

"Bailing tortoise shell, Tianxuan armor, come out!"

"Wan Mie Quan!"

"Blood protection, disease!"

The elder, the second elder, and the three sect elders were all breathing. They either used their body method to escape into the void, or their whole body flashed with all kinds of defense tools to defend, or they used powerful attack to break everything and attack the flying sword.

However, the sword burst at them!

At the next moment, an invisible sword with a strong evil spirit and a strong divine power suddenly fell into the sea of their knowledge!

Silent explosion, in their knowledge of the sea of explosion!

Puff, puff, puff!

The three sect elders, no matter how strong they were, or how they used their terrible martial arts, or inspired their defense treasures, all lost all their splendor in an instant. They quickly faded down, and blood gushed out of their seven orifices and fell to the ground straightly!

These three powerful people were killed instantly by Ye Chen! The spirit is completely gone!

It can't be described as horror!

It's the incarnation of death, which can't afford any resistance psychology! The other four elders were lucky in the dark. If it wasn't for the hesitation just now, they might have died!

Even if the elder's face is too weak, the elder's voice is too weak!

They have soul crystal guarding the sea of knowledge, and their spirit power is also very powerful, but without prevention, they are still hurt a lot!

Even so, the elder still ignored the injury of his soul and the instability of his breath. He forced his body to mobilize the extraordinary spiritual power and killed Ye Chen recklessly!

He knew that if he did this, he might be seriously injured, and the wound of the spirit would be out of control. Even if he blocked Ye Chen for a while, he would pay a heavy price. Maybe he would die in Ye Chen's hands!

If you can temporarily avoid Ye Chen, restore the spirit, the situation will be much better!

But he can't avoid it!

No matter how he was hurt, he must block Ye Chen, or he would die if he burned Wuling!

And the two elders, is also the same psychology!

He also disregarded the injury of the spirit and soul. He would fly away with the burning of Wuling!

In the face of two fierce beasts, ye Chen just sneers!

Why did he produce only five Horcruxes?

Because he didn't want to cause too much burden to his spirit and Dantian.

Ye Chen looked at the big elder who rushed to him and the two elders who ran away. A sneer flashed in his eyes and said coldly, "do you want to fight to save this animal? Good, your determination, your momentum, it's good, but what's wrong with you? Do you think my attack is over? "

Big elder and two elder smell speech, all is pupil one shrinks! Suddenly, a sense of foreboding surged in my heart!

"I'm going to use my real killing moves now! Can you defend yourself? "

Ye Chen's killing intention turns into substance, whistling out, just like a bloody wind, and instantly locks in the burning Wuling!

"Heaven soul sword, cut it for me!"

With a roar, a strong sword will bloom from ye Chen's sea of knowledge. After a millionth of a second, it will be cut into the brow of the burning Wuling!

Ye Chen in the land of ten thousand demons is based on evil Qi, and his cultivation is not high. He can't use his soul skill too much!

Now his cultivation is close to closing the door, and he is in the outside world. Why doesn't he use his soul skill!

"No In the blood eyes of burning Wuling, there was despair and panic, but even the last scream was too late to send out. The light in the eyes quickly dissipated.

Burn Wuling, die!

Chapter 2314

Even if he has the blood to defend and strengthen the spirit, what?

How to strengthen the garbage!

Still can't block Ye Chen's ultimate spirit sword!

Although the spirit weapon can save Ye Chen's spirit attack, there is still a gap with Ye Chen's ultimate sword.

In order to ensure that one hit must be killed, not to leave any escape opportunities for the burning Wuling, ye Chen did not use the Horcrux, but personally used the soul skill to kill it!

The four elders, even the burning cherry, were completely petrified.

Originally, they have understood Ye Chen's power and terror, but at this moment, they feel that their understanding of Ye Chen has been subverted again!

Under the protection of two Taixu and three powerful people, ye Chen will still burn Wuling and kill it!

How powerful, how rebellious!

The four elders have no idea of being against Ye Chen.

The elder and the second elder, after a short period of inaction, looked at the burning Wuling with disbelief.

The elder flashed to the side of the burning Wuling and put his hand on the pulse gate of the burning Wuling.

In an instant, the elder's face turned to ashes.

Dead, really dead!

The future of the ancient people in their secret land, dead! It's gone! Completely destroyed!

"!! Yes! You! Die

The elder's face was full of despair and grief, and his breath was frantically inflated and manic. He wanted to explode himself recklessly!

His idea is very simple, kill Ye Chen, also want to kill burning cherry!

He's going to get revenge. He's going to take revenge!

Elder, how much do you hate Ye Chen?

He has lived for tens of thousands of years in his life. In the past tens of thousands of years, he has devoted all his life to the secret place. He hopes that one day, he can witness the rise of the secret place like the ancient times!

However, tens of thousands of years have passed, but none of them has been able to shoulder the future of the whole clan, and the great elder is also gradually despairing.

He, like a man who had endured hunger for tens of thousands of years, suddenly appeared in front of him burning Wuling.

Now, his hope, completely destroyed! Burn Wuling has died to death! How can he not hate? How can you not lose your mind!

Ye Chen saw this, but his face changed greatly. Although he had the magic power of atomization and was not afraid of the elder's self explosion, he did not burn cherry!

With the power of Taixu strong self exploding, almost no one can escape except he and the two elders!

Although he can try to attack the elder, ye Chen is confident to kill him, but it is not a second kill!

If you can't kill in seconds, you can't stop the elder from exploding!

Therefore, ye Chen dare not gamble!

Immediately, his body flash, he appeared in front of the burning cherry, he tightly held the burning cherry in his arms! At the same time, run away to the distance quickly!

Red dust pulse activated to the extreme!

He knew that although he had the magic power of atomization, he could not hide!

Only when he uses his own body to resist the power of the big elder's self explosion can he survive!

And the other several seal door elder, also is the facial color crazy change, crazy urges the spiritual power, disperses to flee!

"Ha ha ha ha ha! Die! Die! Die to me

The elder's body, a burst of deformation, has been on the verge of collapse, but his face appeared a twisted smile!

Just at this time, poop, a sword light, with incomparable prestige, pierced the big elder's chest.

The smile on the old man's face solidified.

He couldn't believe it. He looked at the black gold sword that ran through his chest. He knew it very well.

This sword is a artifact he gave to the two elders, and the sword was stabbed from his back.

Standing behind him, there was only one man, two elders.

He and the two elders grew up together. Although they were not brothers, they were more intimate than brothers!

And now, he died in the hands of the most trusted person in the world?

Why? He didn't understand that the two elders should be as desperate as himself and hope to revenge Ye Chencai?

"Boss, I'm sorry. Wuling is dead. Revenge is meaningless."

Standing behind the elder, the two elders who stabbed out the sword whispered a word. Their faces were desolate and their tone contained infinite sadness.

Shua, the two elders took out their swords, and the body of the elder fell on the ground.

Just now, his sword didn't leave any hand. When he struck the sword at the moment when the elder's body was full of flaws, it not only took the elder's life, but also his seriously injured spirit was completely destroyed because he couldn't bear the power of the sword.

At this time, the two elders, seven orifices, blood gushed wildly, he used this sword, also let his spirit's injury, more serious. Ye Chen's face was startled and stopped, quietly looking at the blood on his face, holding a long sword, standing in the same place, staring at the two elders of the elder's body.

He did not expect that the two elders would kill the elder.

This, however, moved him a little.

After a long time, the two elders raised their heads and looked at Ye Chen. At this time, his breath was weak. If ye Chen performed soul skills on him, the two elders would surely die.

However, ye Chen did not start.

He knew that the two elders had something to say to himself.

At the same time, he also had some curiosity. Why did the two elders kill the elder at the last moment?

He knew that since the two elders could cut out a sword to kill the elder, they could use their defensive means to withstand their self exploding power and not die, so they were not meant to live.

The two elders sighed and said to Ye Chen, "I'm sorry, ye Chen, this time, I've brought you so much trouble. You don't have to worry about it. My wound is very heavy, and my spirit can't be recovered. And I don't mean to live. Soon, I'll make up for myself and make amends to you."

Ye Chen is silent. He stares at the two elders and nods.

The second elder continued: "I want to kill the elder."

There was a self mocking smile on his face.

"Or for the future of the ancient people in our secret land."

Ye Chen did not speak. He was listening.

The second elder said: "after the death of the elder and I, the remaining elders are the majority of the remaining strength of our secret realm. This time, it is the main responsibility of Tiangang and Xiaoying to hurt Tiangang and Xiaoying. It has nothing to do with them. I hope you can let them go."

Ye Chen nodded his head and said, "yes."

For nothing else, the second elder finally helped him. At the same time, he also had some admiration for the spirit of dedication and consideration for his own community at the last moment of his life.

The second elder was relieved, and suddenly he said with a smile: "in fact, the reason why I said I killed the elder is for the future of the secret place, because of you."

Chapter 2315

"Oh?" This time, ye Chen is really a little confused, because he? What's the meaning of this?

"Ye Chen, you and Xiao Ying are also infected with cause and effect, and have stepped into the blood area of God. Then, it is said that they are half of the people. If Xiaoying becomes the president of our Presbyterian, ye Chen will be bound to our secret place in the future."

Although according to tradition, he could not pass on the throne to Ye Chen, and as a foreigner, ye Chen could not convince the public, but it was different to pass the throne to Huoying.

Ye Chen was stunned when he heard the speech. What he said It seems that there is some truth, burning cherry will not ignore the safety of the secret place, and he can not ignore the safety of burning cherry.

He was smiling bitterly. These two elders are always thinking about the interests of their own clan

At this time, the two elders look a Su, sharp eyes swept to the rest of the seal door elders, and said: "you several!"

Several elders were respectful and replied, "yes

"After the death of the great elder, according to the regulations, I will take over the post of president. Now, as president, I officially announce that the next president will be succeeded by Huo Ying, the head of the burning heaven clan and the daughter of burning Tiangang. If there is any disobedience among all the clans, he will be killed!

You will not be unfaithful to the order of burning cherry

The rest of the elders, a pair of experienced eyes, gushed tears, they were moved, they know, the second elder's life is really put all the mind on the secret realm, and now he is going to die for the secret place!

They answered in unison: "yes!!! Follow the instructions of the president! "

The two elders nodded, and there was a tired look on his old face. When he lifted his hand, the green light flashed in the deep part of the palace. A jade Fu flew out of it and fell into the hands of burning cherry.

She was stunned, but she did not refuse. She gazed at the two elders. After a moment of silence, she also solemnly replied, "if you take this responsibility, you will do your best and honor my secret place."

She could not refuse, nor could she bear to refuse.

She is also a person of the secret realm. Although the elder and the second elder have done great harm to her, she can't deny their contribution to the secret place!

Is this the last wish of the second elder?

Then, even if she takes the jade amulet, she will have a heavy burden on her shoulders, and she is willing to bear it!

Although the appearance is soft and weak, in her bones, she is also strong!

Two elders see burning cherry to accept, finally showed a gratifying and satisfied expression, he arched his hand at Ye Chen and said: "well, ye Chen, go to the old man."

"In the end, when you came, I actually felt something."

"Something like the burning sky clan may be waiting for you."

"But it is extremely difficult to surrender."

Ye Chen's face changed. He knew that the other side was talking about the reincarnation xuanbei. He still nodded and said, "go well."

The two elders didn't say anything more. At the next moment, there was a roar, which spread out from the sea of his knowledge. At the moment of leaving the body, an invisible shadow was shattered and turned into nothingness.

The two elders killed themselves, and even the spirits died.

Ye Chen sighs, the reality is sometimes helpless.

With a wave of his hand, he took the big elder's and the second elder's storage bags into his hands and handed them to the burning cherry.

In the future, burning cherry will be the actual leader of the secret place. These things should be handled by burning cherry.

At the same time, he also took away the body of the elder.

The great elder's burning blood formula is very powerful. Presumably, he has a high level of flame in his body, which is very useful for him.

After dealing with all this, Huo Ying asked an elder, "my father seems to be arrested by them. Do you know his position?"

The elder replied respectfully, "yes, your father is in the dungeon."

Ye Chen and burning cherry, then came to the dungeon, released the burning Tiangang.

Seeing the almost adult burning Tiangang, Huoying couldn't help crying with his father and told him the story.

After hearing this, Huo Tiangang is extremely shocked. His eyes are almost staring out. He originally asked him to find Ye Chen. First of all, he trusted and expected Ye Chen. Secondly, he wanted to borrow the power of xuanyuezong!

Who would have thought that ye Chen killed the burning Wuling with his own strength, and if he continued to fight, he believed that ye Chen had the strength to kill the elder and the second elder!

The rough man didn't seem to care about his injury. He patted Ye Chen on the shoulder and laughed: "ha ha ha ha, ye boy, I really didn't mistake you!"

Ye Chen smile, some apologetic way: "uncle, I'm sorry, I came late, let you and cherry son suffer."

Burning Tiangang waved his hand and said: "what do you have to apologize for? I know you have tried your best. If you can do all this, it is a miracle in the miracle."

Then, he came to Ye Chen's side, put his arms around Ye Chen's neck, and whispered, "boy, you sleep with me tonight!""Ah?" Ye Chen some don't understand a way: "why?"

Although burning cherry has become the president of the secret land Presbyterian, ye Chen wants to hand over the specific affairs to Huo Tiangang first, and then arrange for him to take him back to Lingwu.

Moreover, with the current strength of burning cherry, even if there are four sect elders to assist, it is still difficult to convince the public. At least, we should first let him achieve the goal of Fengmen.

Burning sky Gang squint eyes way: "why? Naturally, there is a reason. "

"I feel something different from you."

Ye Chen instantly understood that he was probably because he activated the red dust God pulse and Ling Feng God pulse, and was found by the other side.

And the other party must know the whereabouts of the xuanbei of reincarnation.

Later, the secret land Presbyterian Council once again called together the clan heads of all ethnic groups, and announced the news that burnt cherry became the new president of the Presbyterian Council. With Ye Chen there, naturally no one dared to raise any objection.

At the same time, Huo Ying also announced that he would be the president temporarily.

After that, it was carnival.

But in this banquet, ye Chen did not attend to eat and drink at all, only to wait for the night.

Night is coming.

Burning Tiangang and ye Chen are sitting in a secret room.

This is left by the ancient strong, covering all the breath.

It's impossible even if you want to check the situation.

Ye Chen is also a bit of an accident, he found that he looked down on burning Tiangang.

"Boy, have you got some reincarnation steles?"

The burning sky Gang opens the door to see the mountain road.

Ye Chen nodded, he just wanted to say something, burning sky Gang then interposed: "specific matters, you don't need to communicate with me."

"My burning heaven clan has indeed guarded a stone tablet of reincarnation."

Chapter 2316

"And as a guardian, although my blood has been diluted and my strength is not as strong as my ancestors, I can feel something."

"I know you need the xuanbei of reincarnation."

"I also know that reincarnation xuanbei is waiting for you."

"But it's not so easy for you to get the burning stele from me!"

Burning the sky Gang to stand up, unexpectedly extremely serious!

Ye Chen's heart is pounding.

Is something wrong?

Isn't that easy?

At this time, burning Tiangang continued: "you have to promise me one condition, I will be willing to protect the ten thousand years of xuanbei to you!"

Ye Chen Mou son one congeals: "what condition! Ye Chen will not hesitate to do so! "

Burning Tiangang smile, sit back to the position, way: "my daughter burn cherry appearance is not worse than the outside world."

Ye Chen some strange nod head way: "beautiful posture, ordinary people difficult to compare."

"Then my daughter's figure is OK."

Ye Chen:

"My daughter has a good temper, too."

Ye Chen:

Burning sky Gang see bedding almost, the way: "since so, or that condition, accept burning cherry."

"I don't care how many confidants you have. I have only one daughter for burning Tiangang. I don't believe other people."

"Just trust you."

"It was reckless of me to send burnt cherry to your room last time, but today's incident tells me that I didn't do anything wrong."

"I hope you can guard the burning cherry, otherwise, even if I die, I will not give you the reincarnation xuanbei."

Ye Chen's eyes are full of accidents.

This is a father of love.

Although he had Ruoxue, Ji Siqing, Wei Ying, Sun Yi and others in his mind.

But burnt cherry, is oneself owes her.

A guardian, for a reincarnation xuanbei, no matter how you look at it, you are the most benefited side.

"Yes, I promise."

The next second, burning sky Gang is to sacrifice a storage ring.

Blood essence is forced out!

Burning!

Burning the sky Gang's face instantly pale, even the corner of the mouth appeared blood!

What did ye Chengang want to say? A red stone tablet appeared!

His blood is burning!

This is the burning stele!

Ten reincarnation xuanbei in the most powerful existence!

Even at the moment, the whole room was burning!

The people in the room have a hard look.

Burning Tiangang's face changed slightly: "here, I can't stay because of my cultivation. This reincarnation xuanbei is very terrible. If you can't refine it, seal it! Or you may die. "

After explaining this sentence, the burning sky Gang withdrew.

Because if he doesn't go, he will turn into smoke!

The power of this monument is terrible!

Ye Chen even activate immortal spirit body and red dust God pulse, want to refine! It's impossible!

His body was blown away on the spot!

My clothes are burning!

Ye Chen's face changed slightly, no longer hesitated, sacrifice to Xuanyan!

Reincarnation cemetery can say that the existence of this tyranny, only the flame can be refined!

This is also the reason why Ye Chen upgraded Xuanyan in Shenhua college!

However, his mysterious flame just appeared!

The power of counterattack is coming!

Xuanyan's level is still too low!

Ye Chen didn't dare to stay for another second, so he sealed the burning stele and threw it into the reincarnation cemetery!

Otherwise, his overbearing body will be hurt!

.....

The next morning, in the fire Tiangang, burning crazy farewell, ye Chen and burning cherry came to the transmission altar.

Burning Tiangang kindly looked at the burning cherry and said: "girl, go ahead and practice well, but don't be too tired. Take good care of yourself. There are your father and me here. Don't worry too much."

Burning cherry beauty eyes floating in a mist, looking at their father, some reluctant to give up.

Burning Tiangang turned to Ye Chen and said: "boy, my daughter has been handed over to you. Don't think you can go against the sky. If she is wronged, I will fight for my life and go to the door."

Ye Chen said with a smile, "uncle, please don't worry."

Then, they stepped into the altar and left the secret place.

Ye Chen returns to the transmission place outside xuanyue sect with burning cherry. As soon as he appears, ye Chen is in a daze. He sees Zi Ning, Cang ye, Meng Xingyun, Bai Zhentang, long Yitian, Yin Che and others. They are all waiting here! And their faces were tinged with worry.

At this time, when people see ye Chen and Zi Ning, they all look very happy. Zining hugs Ye Chen with some excitement. The burning cherry on one side is slightly stunned, but she just smiles and doesn't care much. Like Lingwu land, there are more than one woman with ability in secret land, and so is her father.

Ye Chen is also quite helpless, patted the purple slender beautiful back way: "well, elder martial sister, I have nothing to do, I did not promise you, will come back safely?"Purple coagulation this just let go of Ye Chen, a little embarrassed to see the burning cherry standing beside Ye Chen, and burning cherry is to her with a kind smile.

Ye Chen, with a smile on his face, introduced to the crowd: "she is burning cherry. I want to take her to live in xuanyuezhong."

The dark night nodded his head and said, "OK, I will assign you a place on the main vein, where you can build the cave according to your own will."

Ye Chen nods and thanks directly.

Bai Zhentang said: "boy, so the matter has been solved?"

Ye Chen hears the speech and tells the story one by one.

Although they are still shocked, they are almost numb. Now even if ye Chen kills a Taixu strong man, they can accept it.

After that, ye Chen took out some newly refined soul weapons and gave them to Cang Ye. Each handle is enough to kill some weak and ordinary powerful killers!

With this Horcrux, xuanyuezhong's strength will be improved a lot!

The dark night is naturally too happy to receive!

To Ye Chen's surprise, the shopkeeper of one of the ten cities of the kingdom of God in Lingwu land also sent news that a large number of soul iron tools had been prepared for ye Chen.

And I don't know why, I can't contact myself many times.

Ye Chen remembers this matter. How can the other party contact himself in the land of ten thousand demons!

He sent it to xuanyuezong, but for the time being, he was not ready to start refining Horcruxes.

That day, a young man appeared in front of Ye Chen, ye Chen eyebrow tip a pick, some surprise.

This man is Li Yi, who was broken by Ye Chen and saved by Ye Chen!

Li Yi saluted Ye Chen respectfully and said, "Mr. Ye."

At this time, Li Yi has not only completely recovered, but also made a further step in his cultivation. He has even reached the state of Xingqiao! However, even if he recovered, he was still loyal to Ye Chen without any change.

However, although the speed of Li Yi's progress is terrifying, what really shocked Ye Chen was not Li Yi's accomplishments, but the powerful and strange power emanating from his spirit, which vaguely made Ye Chen feel familiar!

This feeling, unexpectedly and that day wind stole that person left the virtual shadow, gives him some similar feeling!

Ye Chen's eyes flash slightly, Li Yi has a special blood?

Did xuanyuezong bury a genius?

Chapter 2317

Here, you can use the three handle soul catcher to see if it can be used

At the same time, Li Yi can't make use of three handles, even if they can't use three handles, they can't use them continuously!

Ye Chen gives a soul weapon, but it can kill the strong one in seconds!

Li Yi nods. When he uses the first one, he is quite relaxed. Later, he uses the second handle. By the third handle, he has almost reached the limit!

However, such a result, already let Ye Chen enough satisfaction!

Sure enough, the reincarnation cemetery said well, which Li Yi really gave him a surprise!

After that, ye Chen passed on the soul cultivation skills and two soul skills from Muye to Li Yi. Li Yi was ecstatic!

After ye Chen's instruction, he has found his own talent in the aspect of spirit and soul. However, where is the most authentic method of soul cultivation?

As for Li Yi, it is like a fish in water with this soul cultivation method coming from the kingdom of God!

It's so important!

His gratitude to Ye Chen is beyond measure!

What's more, ye Chen once handed Li Yi thirty soul weapons. After all, he still wants to leave xuanyue sect. But there are many people he cares about in xuanyue sect. What should they do when they go out?

With the strength of burning cherry, even the power of using this Horcrux is not available! Nature needs protection. Although there is purple coagulation in, and, the dark night will certainly take care of, but add more insurance, nothing bad.

Li Yi, who is extremely loyal to him, is a suitable candidate.

Ye Chen also has some expectations. Li Yi, who has obtained the soul cultivation method, will grow to what extent in the future?

After Li Yi has a certain strength, ye Chen plans to teach him soul forging.

You need power!

Although the amount of killing was large enough, many of them were scattered.

If you step into the kingdom of God one day, you must take the strongest person with you!

Another day later, although Ye Chen's heart is still a little reluctant to give up, but still decided to leave everyone and return to Shenhua college.

After all, the environment there is more suitable for practice than xuanyue, and staying with Yinger and zining all day long, does Ye Chen still have the mind to practice?

Ye Chen knows that there are many responsibilities on his shoulders, which need strength to undertake!

He doesn't have so much time to relax!

A few days later, ye Chen returned to the Shenhua Academy. He went back to his dormitory and took out the body of the great elder in the secret place.

If he wants to refine the powerful burning stele, he must condense a stronger flame!

Looking at the body of the elder, ye Chen can't help but think of his own experience of participating in the martial arts meeting and entering the Tianchi God blood area. For a time, he felt a lot.

Ye Chen shakes his head and calms his mind for a while. He drinks softly to the body of the elder!

The next moment, the body of the great elder ignited and soon melted away!

And inside the room, it was dyed with a layer of blue color!

Because, the original position where the elder's body was, there was a dark blue flame!

As soon as the blue flame was exposed to the air, it was shaking. Then, it seemed that it had spirituality. It rushed left and right in the room, as if trying to escape from here!

Ye Chen stares at the blue flame, her eyes are bright!

This flame, although he does not recognize, but! He can be sure that it is a kind of rather powerful abnormal fire, at least more powerful than his mysterious flame at this stage!

Devour this flame, conservative estimate Xuanyan can also be advanced!

Maybe we can refine the burning stele!

Immediately, ye Chen no longer hesitated, powerful spiritual power surging, turned into a golden silk thread, dragging the blue flame to Ye Chen!

And the flame, of course, is constantly struggling!

Although the flame is quite popular, but how can we get rid of the shackles of Ye Chen?

Soon, the flame will melt into Ye Chen's body.

After it was brought into the body, ye Chen's face also showed a trace of dignified color, concentrating on suppressing the raging flame, while driving the dark flame, and nibbling it away!

Three days later, ye Chen, sitting in the room, suddenly opened his eyes. On his body surface, a layer of blue flame was ignited uncontrollably, burning his clothes and the bed under him into ashes!

However, at the next moment, the blue flame converged to Ye Chen's body.

Ye Chen grinned bitterly and put on a new set of clothes. The dark blue flame is indeed stronger than the dark flame. It is indeed extremely fierce. Only a trace of residual power leaked out can make it so powerful.

Fortunately, it is finally completely integrated into the dark flame.

Ye Chen stretched out a finger, on the fingertip, lit a canopy of blue and purple flame, which contains the blazing energy, let him also slightly surprised! At this time, Xuanyan has been upgraded completely, and the effect of burning blood formula is also several times before!

Ye Chen hesitated for a few seconds, and offered another sacrifice to the burning stele.

Want to try refining!

This time, he found that he could penetrate a trace of burning stele!

But soon, their own flame was still played out!

Ye Chen knows, or not enough!

Such a powerful flame can not conquer this reincarnation xuanbei!

How rebellious is this stone tablet?

It seems that we must look for a stronger flame!

But the flame, how easy to find?

He's not a firecracker!

There is no way!

Damn it!

And at the time of Ye Chen's distress, he has a concussion in his mind!

He seemed to see something!

It's an abyss!

In the abyss, there is a magic dragon which is swept by the evil spirit!

Under the magic dragon, there is a bloody dragon with many wounds!

This is the trail of blood dragon!

This is the first time that the blood dragon gives its own information prompt!

What happened to the blood dragon!

And the reason why he and the blood dragon will have a connection is because of the spirit dividing beast between them!

What did ye Chen think of, he went directly to the spiritual root of Shenhua college.

At the beginning, the tutor who was in charge of the test didn't want to say more when he saw Ye Chen. He waved his hand and let him in.

What is there to test for this demon who can stay at the root of the spiritual pulse until it is exhausted?

Sitting in the practice room, ye Chen took a deep breath, opened his mouth, and exhaled a ray of light. The light converged and turned into a crystal small Jiao, which was the spirit dividing beast!

At the moment, the spirit beast turned into blood!

Some blood dragons!

Even vaguely, it seems that the breath of Ye Chen itself is quite similar!

As soon as the spirit animal touches the rich aura around it, it will sound like a fish seeing water and emit a joyful dragon song.

Chapter 2318

Then, the spirit beast fell to the ground!

A roar of anger and roar!

Ye Chen knows that the sound has something to do with the blood dragon!

"Fenling beast, if you know the whereabouts of the blood dragon, can you tell me!

"Or, give me some hints! How can I help the blood dragon! "

Ye Chen is in a hurry!

Blood dragon is so important to him!

He can't bear the blood dragon to get hurt!

The key is what kind of terror the blood dragon is facing in the picture just now!

How can he fight!

That magic dragon gives Ye Chen the feeling, far surpasses the chopper!

Irresistible existence!

The spirit animal seemed to understand something and said, "blood..."

Looking at the spirit beast, ye Chen's eyes gradually became more and more dignified, and he turned his hands and held the beast's decaying sword!

The next moment, a flash of blood!

He broke his hand directly, and countless blood surged!

All the blood is absorbed by the spirit animal!

And ye Chen's mind flashed a picture!

The blood dragon under the abyss actually absorbed its own blood because of the spirit animal, and its breath became stronger!

The killing broke out!

And this spirit animal absorbed its own essence and blood, and it was so full that it became its own appearance.

At this time, the wind Qingyang opened his mouth and said, "disciple, it's meaningful to divide the spirit beast."

"Of course, he is the only link you and the blood dragon can see, but you can have a chance to become your own incarnation."

"Do as I say, try it!"

"Maybe it will work in time!"

Ye Chen took a deep breath, and his whole body's spiritual power was extremely working. He poured it into the blood mist, and according to the guidance of the wind, he concentrated his mind on refining!

And that blood fog, also at first big and then small, constantly deforming

A few days later, in the strong aura, the two figures sat cross legged.

If someone is here, they will be surprised to find that the two men's looks are extremely similar!

One of them, of course, is Ye Chen.

At this time, ye Chen is smiling, looking at another him sitting opposite him.

The other name is Ye Chen, whose appearance is almost the same as that of a mold. However, on his face, there are faint blood colored lines, like the existence of dragon scales, and his eyes are also emerald color.

At this time, the "Ye Chen", blinking his eyes, some confused, and some excited to look at everything around.

This man, of course, is the embodiment of Ye Chen's sacrifice!

And this body can be turned into a blood dragon!

It just lasts a very short time!

The blood dragon and himself have achieved this spirit animal, and the spirit animal has not achieved itself and the blood dragon!

Ye Chen suddenly opened his mouth to his incarnation: "can you become the same as me?"

The incarnation heard the speech and nodded. Immediately, the green lines on his face disappeared in an instant, and the color of his eyes became as black as ye Chen.

Ye Chen nods with satisfaction, this kind of change, even if it is him, also can't see what flaw.

If you insist on saying something, it's just that the breath is vaguely and slightly abnormal.

Then, ye Chen stood up, raised his hand, threw a long sword of artifact level, which he had taken from the strong man he had killed, and threw it to his incarnation. He said with a smile, "come on, let's have a duel."

The moment the avatar took over the sword, he looked awe inspiring and instinctively knew how to use it. He put on the same posture as ye Chen when he used his sword technique.

In a flash, the sword flashed and the golden light was everywhere. In the small practice room, there was a constant roar!

However, the roar soon subsided, but at the same time, a wave of mind waves, blooming from it!

Half a day later, ye Chen left the root of the spiritual pulse, and his face was full of satisfaction.

This spirit beast is really magical. It has nearly 30% of Ye Chen's strength in terms of speed, strength, martial arts, spirits, etc!

Don't underestimate the 30%! This is 30% of the total! It's not like one plus one equals two! What's more, as long as he collects and raises the spirit beast, with the improvement of his own strength, the strength of the spirit animal will be strengthened!

Is now, the general strong seal, are not the opponent of this spirit beast!

It's just that the spirit beast blood dragon is not stable.

The news of the blood dragon is only sporadic.

But these are not important. Ye Chen knows that his own blood has a great effect on the blood dragon!

He may not be able to find the blood dragon now, but with this connection, he is satisfied!

At least, blood dragon is safe now!

But he wanted to know what the blood dragon was going to do in the face of that terrible demon dragon? Is it conquer?

Leaving the root of the spiritual pulse, ye Chen goes to the dean's office where Ge Qing is. He wants to know about the information about the auction, the top auction!

Best, it is a special auction for the strong in Taixu!

He wants to refine the burning stele! It has to be a stronger flame!

And the simplest way to get this kind of flame is the top auction!

Only that level of auction is eligible. As for money?

It's not a problem at all. Don't forget, he still has 100000 pieces of soul iron tool embryo, which has not been refined into a Horcrux!

Soon, ye Chen came to the tower where Ge Qing was.

When he says something, he opens the door with Chen Zhiyi.

Seeing ye Chen coming, Ge Qing said with a smile, "Ye Chen, why are you here? I'm just looking for you!"

"Oh?" Ye Chen came to a trace of interest and said, "what's the matter?"

Chen Zhifan said with a smile: "Ye Chen, you don't know, you have already boarded the XUANBANG now!"

"On the Xuan list?" Ye Chen is a little surprised. He once saw the genius on the XUANBANG at the birthday banquet of the kingdom of Jiuyou. He knows something about it!

Ge Qing said: "it seems that some stories about you have been spread out. Besides, in a short period of time, you have advanced to such a speed of practice, which is enough to be on the XUANBANG!"

However, your cultivation is still lower now. Although you have excellent strength, you have not officially reached the goal of sealing the gate. You are the one with the lowest cultivation among those on the list. Therefore, your ranking is in the last and 100th place in the XUANBANG list

"Is it?" Ye Chen is not interested in these false names.

He said, "Mr. Ge, this time I come to you to ask if you have any news about the powerful flame or the top auction? The best is a special auction for the strong in Taixu

Ge Qing and Chen Zhifan suddenly looked strange. They looked at each other, and Ge Qing said with a smile, "there are two things that we want to find you. One is to inform you that we have been listed on the mysterious list, and the other is related to the auction."

"And in this auction, there is a kind of rare strong flame against the sky!"

"It's a pity that the flame is extremely difficult to conquer."

Ye Chen hears the speech a joy, really want what to come what!

Chapter 2319

Ge Qing said: "on the land of Lingwu, some of the most top and dormant forces in ancient times have received news. This matter is too important for the top talents in Lingwu land."

"Ye Chen, although you have not yet reached the goal, you are definitely one of the top talents. We just thought of you."

"And it has something to do with the kingdom of God."

"Of course, the kingdom of God is extremely powerful, but after all, it is in the deepest part of the land of Lingwu, and it is extremely difficult for ordinary warriors to step into it."

"Therefore, the kingdom of God has set up ten giant cities in Lingwu, which is the biggest connection between the kingdom of God and the land of Lingwu, and it is also the resting place for the powerful in Lingwu."

"This auction will be held in one of the ten cities in Lingwu, which is called Tianchen auction house!"

"Although there is a rumor that the Tianchen auction house is only a small auction house of the ninth grade in the kingdom of God, but the skinny camel is bigger than the horse!

The ninth grade auction house in the kingdom of God is enough to crush the top auction house in Lingwu! Besides, you are not qualified to participate if you want to! It's not the top power in Lingwu mainland, and even has no qualification to know it! "

"In this auction, there will naturally be many treasures that are almost extinct in Lingwu land and can only be found in the kingdom of God. The power to get news is extremely keen! However, if you want to participate in this auction, you must meet some rules set by the auction

"One: those who are invited by the Tianchen shooting store or those who are on the list. 2 : The accomplishments of the participants must be below the realm of Taixu! "

Ye Chen eyebrow tip a pick, too empty state below? Is it true that those who are strong in Taixu should be the main target of Tianchen auction house?

Ge Qing said with a smile: "I know what you are thinking. However, do you think that since all the real top forces in Lingwu mainland have been informed, will those old people in Taixu area be able to sit still?"

The reason why Tianchen auction house formulates such rules is that it doesn't want to affect the bidding of customers participating in the auction! "

Ye Chen hears speech, some suddenly.

Auction auction, sometimes you do not have money on the line, but also to take into account the other party's background, relationship and so on.

The Taixu strongmen in Lingwu mainland are the giants of various Super top forces. They are not only on behalf of themselves!

In order to avoid their own face, the relationship between the forces and so on, it is likely to affect the bidding between each other!

Naturally, this situation is not what the auction house hopes to see.

Therefore, this kind of thing, to the younger generation to do is the most appropriate.

Ge Qing said: "this time, our Shenhua college has also got a place to participate in the auction. This time, I want Chen Zhifan to participate on my behalf. Originally, if you didn't make it on the Xuanxuan list, I intended you to go for me. But now that you have a place, then it's just that you can go together.

You don't know anything about the important children of the super forces and the strength of the major forces. During this period of time, Chen Zhifan was around me, and he knew a lot about the super forces in Lingwu mainland. You can just remind you. "

Ye Chen said with a smile: "President GE has a heart. I don't know when this auction will be held?"

Ye Chen is naturally excited.

Of course, he got a strong burning stele, but he had to find a way to activate it!

Only get a higher level of flame!

"The auction will be held in a week's time!"

A week?

Ye Chen bowed his head and thought for a moment. This time is almost enough for him to refine that hundred thousand soul iron tool embryo!

At that time, he will have incomparable wealth alone! Enough for auction!

It's more than enough to shoot that powerful flame!

Ye Chen is full of smile and can't help but look forward to the Tianchen auction!

What's more, when GE Qing mentioned that Tianchen's auction would sell things that only existed in the kingdom of God, ye Chen was moved!

Not only the flame, he also thought of Chu Ying and longxinguo! I can't help but get hot inside!

In case, really in this auction to see longxinguo, then he can let Chu Ying completely recover ah!

It is the most precious treasure for ye Chen to let Chu Ying leave the cold sarcophagus and laugh again in front of him!

When ye Chen talks to ge Qing and others, on an isolated island, a man's angry roar is heard in a loft built with various kinds of shining jade!

"No way! How could it be so! "

At this time, in the attic, a naked and handsome young man with a pale face seems to be overindulged. He is smashing a jade Rune in his hand. All kinds of exquisite furnishings and furniture in the room are broken and broken!

Originally exquisite unusual bedroom, at this time by him destroyed a mess!

A very charming woman, however, shrunk in the corner of the room in fear, and forced to smile at the young man"Mr. Xu, maybe something is wrong. You should calm down first. How about serving you well?"

The young man, known as master Xu, was born in the Xu family of Beihai. He was one of the ancient hidden forces on Lingwu continent!

Moreover, different from the Shihuang Xingjia family of xingzitang and tianlingzong of Jixuan's, Beihai Xu family is a top-notch existence among the top forces!

The Xu family is also known as one of the ten Lingwu families!

The reason why Xing Zi Tang and Ji Xuan wanted to join the Shenhua Academy was that although the Xing family and tianlingzong also had Taixu strongmen, their Taixu ancestors and tianlingzong's Taixu elders were old and their strength began to decline gradually.

Therefore, the resources of Xingjia and tianlingzong are not too rich!

And the Xu family, in nearly ten thousand years, is at the height of the sun!

There are many younger generations stepping into the kingdom of God!

In Lingwu land, they have three Taixu strong men! And two of them are no more than hooray! For the existence of this realm, it is equivalent to the prime of life!

Like the direct children of the Xu family, they even disdain to join the four colleges!

Because, even if those colleges have collected most of the national resources, they are not as good as their Xu family!

And this young man is called Xu Sheng!

He is the grandson of Xu Yi, the Supreme Master of Xu family! Xu Yi is one of the three most powerful Taixu strongmen in the Xu family!

Moreover, Xu Sheng is also an extremely evil martial arts genius. He is only 25 years old this year, and he has already been sealed!

This is because he is quite addicted to female sex and delays his practice!

Otherwise, his practice will be more terrible!

Therefore, Xu Sheng is very popular in the Xu family!

In recent years, Xu Sheng's position in the Xu family has risen, because Xu Sheng's name has been on the list of Lingwu and Xuanxuan!

Although, only the 100th, but this also makes him become the pride of the whole Xu family!

Xu Sheng is very proud and conceited!

He thinks that the reason why he ranks in the 100th place is just because he is addicted to pleasure. If he is really more talented than his talent, or even a genius ten times higher than him, he may not be able to match himself!

But just now, his pride, his conceit, were all shattered!

He has been pushed out of the list of Lingwu!

If you are on the Lingwu Xuanxuan list, even if it is only 100th, you are also the most top talent in the whole continent.

But! Once you are on the XUANBANG, then all the glory will no longer exist!

Chapter 2320

As far as their class and circle are concerned, it can be said that they are devoid of the masses!

Originally, Xu Sheng, even in the circle of the top powerful families in Lingwu mainland, was also a popular figure to please and pursue!

But now? All his light is gone!

How can Xu Sheng, who is used to being the center of people, accept it?

What made him angry and crazy was that the guy who pushed him off the list was still a waste of star body realm?

Or is it from Shenhua college, which belongs to the bottom of the four colleges?

With this kind of waste, is it worth replacing him?

He won't accept it! Not willing! I hate you so much!

Xu Shengcai is the real favorite of heaven! What is Ye Chen's guy? He should have stepped on his feet!

At this time, hearing the words of the charming woman, Xu Sheng looked at her without expression and said faintly, "come here."

When the charming woman hears the speech, a trace of beautiful color flashes in her beautiful eyes. She unties her nearly transparent gauze skirt and walks gracefully to Xu Sheng's side.

Just as she was about to embrace Xu Sheng, Xu Sheng suddenly raised his hand and took it hard on the woman's face!

Click! The woman screamed and was fanned to the ground. Her beautiful face was blown high and swollen. Her mouth was full of blood. Even her teeth were knocked out!

Xu Sheng coldly looked down at the beautiful girl who was shrinking into a group in fear and said:
"wrong? Do you think you know how to make it? Is it so easy to make mistakes when you are on the list?"

The woman knows that Xu Sheng didn't hit her because of what she said just now. Xu Sheng beat her just to vent his anger. But like all the elegant and elegant noble men, Xu Sheng should find a reason to let his vent look more reasonable and natural.

Such behavior, of course, is hypocritical, and even disgusting, but women dare not have the slightest complaint!

Beihai Xu's family is not something she can afford!

She is nothing but Xu Sheng's plaything. When Xu Sheng is happy, he throws some money to her, brings her into contact with various celebrities and enjoys the envious eyes of other women. However, Xu Sheng is not happy. Even if she is killed, no one will ask anything about it!

The charming woman shriveled and forced to shrink, as if it had been humble into dust, into the ground below.

Even she felt that she was too humble and had no dignity!

But if Xu Sheng told her to go away now and stop appearing in front of him, would she?

Not only did she not want to! Will hold Xu Sheng's thigh, beg him to forgive himself! Please don't drive yourself away! Even if she did nothing wrong! Even if she is in front of Xu Sheng, she will always be humble!

But even so, she still has a life that countless women are extremely envious of. She has the status that should not belong to her, and has the qualification to enter the upper class circle that she can't touch before, isn't she?

She'd rather die than let her give it up! I'd rather die humble!

Xu Sheng coldly looks at the charming woman on the ground, with a sneer in his mouth.

This woman, named Song Rou, was born in a very ordinary family. She was just the daughter of the patriarch of Bai Yuan clan. In the eyes of ordinary martial arts practitioners, Song Rou's background is excellent. Even, she is the most favored daughter in the eyes of ordinary people!

But for Xu Sheng, the daughter of the first-class patriarch? It's not much different from the lower class, is it?

He thinks that he is a genius on the mysterious list, and the women around him must at least be the legitimate women of the top power to match him?

The reason why Xu Sheng let song Rou stay by his side is very simple.

Because of this woman, very obedient!

And song Rou's appearance can be regarded as the best! It can be said to be a pretty good plaything!

Isn't it nice to have such a plaything for yourself to have fun at any time?

Of course, the premise is that Xu Sheng is not tired of song rou.

Suddenly, Xu Sheng's mouth a Yang, staring at Song Rou's eyes, slightly bright!

It seems to think of something interesting!

Suddenly, a gentle smile appeared on his pale face and leaned down to help song Rou up.

Song Rou, on the other hand, lowered her head in horror and did not dare to look at him!

Xu Sheng raised song Rou's chin, looked at Song Rou's towering face. A trace of heartache flashed through his eyes and said in a warm voice:

"sorry, xiaorou, I just started too hard..."

With that, he took out a top-notch pill, crushed it, and put it on Song Rou's swollen face. His movements were gentle, as if he were afraid of hurting song rou.

A holy medicine, for Xu Sheng, is like a herbal medicine picked up at random. It doesn't hurt to use it.

Song Rou for a time, also a bit stunned, although she has not been willing to give up this kind of vain life, but she can persist to now. On the one hand, it is also because Xu Sheng often gives her the illusion that

she may really have a chance to become Xu Sheng's woman and Xu Sheng's wife! Let her feel that Xu Sheng really loves himself!

However, she was careful to say: "no, it's me who talks too much. I shouldn't talk about things I don't know in front of the young master..."

Song Rou's pretty face, under the influence of the holy medicine, soon became swollen. Even the teeth that had been knocked out grew back and restored the charming appearance.

Looking at Song Rou's beautiful and charming face, Xu Sheng smiles with satisfaction and suddenly says:

"no matter what, it's me who makes you feel wronged. But you know that men's temperaments are like this sometimes. In fact, I cherish you very much, right?"

Song Rou's shoulder trembled a little, nodded and said, "yes, rouer knows."

Xu Sheng continued with a smile: "well, I'll make it up to you later. Didn't you always want to attend the reception held by the Lingwu family? Shall I take you next time

Song Rou hears the speech, can't help but beautiful eyes a bright!

She nodded excitedly and said, "thank you very much

The Party of Lingwu's top family is a gathering of young people from the top of Lingwu!

Just being able to participate in it, song Rou has a feeling of incomparable glory, as if her identity has been raised countless times!

Xu Sheng's smile is stronger.

"But before that, jour wants to do something for me first, OK?"

"What do you want from Mr. Xu? Just open your mouth. How dare rouer not listen to Mr. Xu?"

When song Rou talks, her beautiful eyes twinkle with a trace of coquetry.

Xu Sheng laughed and said, "good! Worthy of being my favorite rouer! As I told you before, in a week, there will be an auction on fairway island! "
