

Physician 2321

Chapter 2321

"The auction that was held by the auction house of the heaven of God?"

How can Song Rou not remember that this kind of heavyweight news can only be known if she is in the top power!

Even her father, as the first-class patriarch of the white yuan clan, is not qualified to contact!

"Yes, this auction is basically not missed by the legitimate families of the major top forces, and I will naturally participate in it." Speaking of this, Xu Sheng's eyes, there is a flash of cold light.

Originally, he was going to attend as a genius on the XUANBANG list, but now he can only represent the Xu family. In the well-informed circle of powerful families, I am afraid he has become the laughing stock of others!

In his eyes, a ray of cold anger flashed through his eyes.

However, he soon regained his smile and continued: "If I expected it to be good, this Ye Chen must also attend. No one would like to miss such a grand event, would he?"

Song Rou nodded. If she had the chance to participate in this kind of auction, she would have to see what she said!

"On the night before the auction, we, the clans of the top hidden forces, will hold a private reception!"

Xu Sheng's face suddenly became gloomy. At the same time, his voice was icy and cold: "I hope that this young master Ye Chen can come to our party. After all, he has replaced me as a peerless demon on the mysterious list! He's qualified, isn't he?"

Hehe, I'm Xu Sheng, but I'm going to appreciate Ye Chen's demeanor. "

When song Rou hears the words, she can't help but mourn for ye Chen. Xu Sheng is going to start on Ye Chen!

Even if ye Chen comes from the top power Shenhua college, the end will be very miserable!

After all, Shenhua college is nothing in the eyes of those real giants!

Looking at Song Rou, Xu Sheng laughed again and said, "I'll leave it to you to invite Mr. Ye. Don't I teach you how to do it?

Ha ha, a woman like you who is so beautiful and has a good family background doesn't look at people at all? He can't resist your temptation. He must be brought to our party! "

On hearing this, song Rou's eyes darkened and her face showed a trace of self mockery. Of course, she knew how to do it. Moreover, it was not the first time that Xu Sheng used herself as an excuse to target someone.

Although song Rou had already made psychological preparations, when Xu Sheng said such a request, she would not hesitate to sell her body to seduce other men just to suppress and trample on others. She was still cold in her heart!

Ye Chen, will die very miserably!

.....

At the same time, wanjian emperor palace.

A figure with a little blood on his body stumbled to the gate of wanjiandi palace.

This figure is so beautiful that it is Xia Ruoxue!

At the moment, Xia Ruoxue is still in a state of palpitation. The king of ice sword can't fight those people!

If there is no reincarnation star stone, perhaps he really must die!

Those people's breath is too terrible, are too empty or beyond the existence of too empty!

The key is, why should such powerful people of the kingdom of God go to the blood spirit clan?

The images she saw in the magic valley came to her mind again!

This matter must tell Ye Chen immediately!

The gate of wanjiandi palace is opened, and the king of ice sword comes out to meet him directly!

In fact, from the failure of his technique, he realized that Xia Ruoxue had an accident!

He naturally can't let Xia Ruoxue have difficulties, so he wants to go to the blood spirit clan for the first time!

Fortunately, Xia Ruoxue is back!

Wang Lingli, the ice sword saint, gathered together and took out an ice blue pill and handed it to Xia Ruoxue: "take it, and then follow me."

"Thank you, master ice sword. Aren't you breaking through?"

The king of ice sword held his hands behind him: "it's over. I've stepped into the Taixu state, and I've barely stepped into the three layers of Taixu by some means."

Xia Ruoxue is slightly stunned. How long does it take to break through so fast?

However, the thought that the king of ice sword has been trapped in endless years for too long, the details are far from what ordinary people can fight against.

Soon, they came to the hall.

Xia Ruoxue's injury has recovered a lot. She looks dignified and worried.

The king of ice sword obviously found something and said, "what happened? Have you been discovered? "

Xia Ruoxue nodded: "ice sword master, the relationship between the blood spirit clan and the kingdom of God is not simple. At that time, I was discovered by the kingdom of God for the first time."

"And I also found that there was more than one strongman in Shenmo Valley, at least 30 people!"

The king of ice sword frowned slightly, and the magic valley was the existence of Kunlun virtual power.

The gap between Kunlun Xu and Shenguo is too big. Why does the Kingdom use so many powerful people to protect it?

Is it afraid of Ye chenqiang? If it is true, they look at Ye Chen too much!

What did the king of ice sword think of and said, "can you see dozens of strong men trapped?"

This is his most concerned problem!

Although previously, he and ye Chen got the news that the reincarnation cemetery came from Kunlun Xu and was trapped in the Shenmo valley.

However, the relationship between the kingdom of God and the blood spirit clan is close recently. Whether it is still in the valley of gods and demons is still unknown.

Therefore, Xia ruoshue's trip to determine the truth is the key!

Xia Ruoxue heard this, her eyes flashed a little horror, hesitated for a long time, and said, "I saw countless chains in the depths of the magic valley."

"Strangely, there is something in the chain, but it seems that it is not a person..."

"What!" Wang Yizheng, the master of ice sword, "what is that?"

Xia Ruoxue continued: "vaguely, it seems to be a stone statue."

"Dozens of stone statues."

"The stone statues are lifelike with different expressions."

"And the stone statues are arranged like arrays, which are maintained by chains, and each chain has a strong Rune adhesion..."

"More importantly! These chains are connected to a giant statue

Wang Yinyin guessed something and continued: "what is the statue?"

Xia Ruoxue hesitated for a few seconds and said, "the statue seems to be carved indistinctly. It is full of powerful evil spirit, just like a God and a devil. A look in his eyes will have a sense of awe, which is more terrible than a living person."

"The weirdest thing is that there is an inscription of the kingdom of God in the center of the eyebrows of the statue. I have seen several ancient books in Lingxian palace. The word seems to be ye!"

"I don't know if it's an illusion. I feel that the God is Ye Chen."

"Those taboo arrays in Shenmo Valley seem to control something..."

The king of ice sword was silent. He caught something, but he was not sure.

After all, he had been trapped for thousands of years and had little contact with things.

The only one who can be sure what the kingdom of God is doing is probably the eternal king.

But where is the eternal King now?

Chapter 2322

The demon clan seems to be silent recently, and it is the calm before the storm.

He went to the demon clan not long ago, and the door of the demon clan is closed forever.

No one can get out.

Even if it's the king and the devil who cut the adversity!

And over the demons, the magic air whirlpool!

It seems to open the door of Jiuyou!

What happened to the demons?

"If snow, you draw what you see first, and I'll find someone to study it."

"It's not that simple."

"I have a bad feeling."

"It's bad for ye Chen."

Xia ruoshue heard the following sentence, and his face turned pale in an instant: "good."

.....

At the same time, the demons.

The palace of the devil.

Jun demon dust stood outside the hall, his hands behind him, his face blue!

There are two powerful men around him!

It's also a bad situation!

It may be a pity to die, but it doesn't matter to you.

It's just a dog.

The existence that he really depends on is hidden in the dark.

Jun demon dust looked at the two people beside him, shook his head and said: "the door of demon clan, or can't be opened?"

"Those powerful people of the demon Kingdom seem to be impatient."

One of them looked cold and shook his head and said, "Lord, even if we use the power of chopping the enemy, even if we combine the array, we still can't break it."

"It seems to have been forced to close."

"And that power comes from this land of demons."

"The whirlpool of evil air over the sky seems to mean that something shocking will happen in a month."

Jun demon dust raised his head and gazed at the whirlpool.

There was an accident.

But it's more of a panic.

For a long time, he said, "if I guess correctly, the whirlpool of evil gas is the fallen devil emperor."

"He's going to recover."

"If we wait for him to absorb the power of the land of demons, we will all die."

The two people behind him changed color instantly: "what should I do?"

"The devil did it to the devil in those days How can we fight against the demon emperor who comes back from the peak? "

Jun magic dust fist suddenly clenched, kill the opportunity to release.

"Of course, the devil can't be resurrected. The world has me or not."

"It seems that there is no retreat."

"Tell the people below to prepare the demon cage array."

This word a, the gentleman demon dust behind two people completely change color!

The demon cage array is a very expensive array!

Once triggered, it's not just the demons who will be hit hard! They themselves will pay a great price!

Jun demon dust looked at the endless whirlpool in the sky and sighed: "the resurrection of the devil emperor involves too many people's interests."

"Before the door of the demon clan is closed, I have sent the message to the kingdom of God."

"If they don't, they bury themselves."

"By the way, did you see ye Chen after the accident that day?"

"Or did you go out ahead of time?"

A person behind Jun demon dust stepped out step by step and stood side by side with Jun devil dust:
"there are indeed several people."

"It should be ye Chen and his friends to pursue breath."

"These friends are very strange, and their blood seems to be very strong It's a pity to leave. Otherwise, if we catch it back, we should be able to threaten the little beast. "

Jun demon dust Mou son shrinks, but quickly releases: "unimpeded."

"Ye Chen is not a threat."

"His friends are not a threat."

.....

Outside the demons, 20 miles to the top of a huge mountain.

At the top of the mountain, there are clouds and mists, and several figures sit cross legged.

There was an old man standing on the top of the mountain, staring at the whirlpool of evil Qi constantly gathering in the sky.

Melancholy and calm.

If ye Chen was here, he would surely find that these people were Ji Lin, Yan Kun and ye Luo'er who had entered the demon clan before and did not meet him.

As for the old, nature is the eternal king.

Don't know how long, three people slowly opened their eyes, are some surprise!

Everyone broke through!

And it's not a small realm!

Yan Kun opened his eyes and bowed his hand to the eternal king and said, "yonglao, thank you for Yankun here!"

The eternal king turned around, swept the breath of Yan Kun and nodded: "the heaven and earth people are not bad. They are called the ancient Protoss. Your progress is really appalling. Now you are recovering well. Maybe it can fight against the strong of Taixu three or four layers of heaven, good. "

"Perhaps, you will be one of Ye Chen's future help."

Yan Kun's eyes were killing: "it's a pity that I didn't meet my elder brother this time. Since the heaven and earth killed the territory, the elder brother has no news. Originally, I thought that Ji Lin's notice could let my elder brother see my strength. Now, it seems that he is thinking a lot.""But next time I meet, I must stand in front of the elder brother and smash all obstacles for him!"

Yan Kun's body is burning with a sense of war!

Qiankun clan was born for war in ancient times!

He is the same!

The key is that he is the last person of the Qiankun family. He can't be ashamed of the blood in his body!

At this time, ye Luo'er and Ji Lin also opened their eyes.

Ye Luo Er's body is covered with strong dragon Qi, and during this time, she has more awakened memories.

"Thank you forever."

The eternal holy King glanced at ye Luo'er and was very satisfied: "yes, your blood is the closest to the nine heaven dragon hall in Lingwu land."

"I didn't expect that the holy dragon family could have such a strong blood. It's interesting."

With that, the eyes of the eternal King fell on Ji Lin, who was a little excited.

She raised her chin as if waiting for praise.

However, the eternal King shook his head and turned his back directly to see the scenery.

Ji Lin was completely confused, and then she exploded!

At any rate, he is a congenital poison. Isn't it worth mentioning that his blood is so powerful?

What does the old man sigh for!

Ji Lin went up directly and fiercely: "laoyong, you are treating them differently. They come from Lingwu mainland. You can comment on it. Why don't you comment on me! I'm a natural poison! "

Eternal King's mouth is puffed, Lao Yong Isn't that how you call your friends?

This little girl is really a bit of a loss, can not take.

The eternal king turned his head, touched his beard and explained, "it's not that I don't comment, it's your innate poison. I don't know much about it."

"Rare even in the kingdom of God."

"How can I comment on what I don't understand?"

Ji Lin felt better. Then he moved a few steps and came to the eternal king. He pulled the clothes of the eternal king. He said in a coquettish way: "then you can praise me a little."

"Shall I send you a drop of blood essence?"

The eternal King subconsciously took a step back, remained vigilant and said, "your good intentions are in my heart."

"Blood essence is precious. You are still young. Don't use it casually."

"Although I don't know about the inborn poison, if ye Chen wants to fight against Tiandao palace of the kingdom of God, you must be there."

"Your camouflage is too confusing. It could be a real killer."

Ji Lin this just pleased a little bit: "Lao Yong, don't say, I like you a little bit."

"I'll never pull your beard again."

The corner of the mouth of the eternal holy King couldn't help but draw, a light was shining on his face, and there were some gaps in the beard of his chin.

Obviously, Ji Lin did something.

Chapter 2323

"By the way, when are we going to find Ye Chen?" Ji Lin can't wait to say.

The eternal holy king looked at the whirlpool above the demon clan, pondered for a moment, and then said, "not yet."

"I will borrow the strength of the three of you."

"The resurrection of the devil is not so simple."

"Ye Chen and I can't interfere."

"The three of you are very important in this game of chess."

.....

After ye Chen left Ge Qing's office, he immediately returned to his dormitory. Once the gate was closed, he closed it.

He closed the door, of course, in order to refine that hundred thousand soul iron tool embryo!

You know, the Tianchen auction, but gathered on the Lingwu mainland, the most prominent identity, the most powerful group of people!

In other words, if it is the standard of China, it is the gathering of rich people in the forefront of Forbes!

These people, of course, will not be the owner of poor money!

Want to be on top of this auction, press them, get a strong flame! How can ye Chen not make sufficient preparations?

As for robbing things like demons, ye Chen naturally can't do so.

If it's illegal, it's a must!

Moreover, ye Chen's plan is more than pressure!

His plan is sweeping!

Sweep the whole auction!

What is sweeping?

That is, take all the treasures he can see!!!

Thinking of this, ye Chen will start to laugh and take all the treasures. After the auction, his strength will certainly be improved a lot, right?

And, most importantly, in case the longxinguo is also in the auction, then! Even Chu Ying's injury can be cured! You don't need the help of the old stubborn old doctor!

That's true. Everybody's happy!

He also knew how hateful it was to do so! If they really take over everything, those celebrities want to kill the heart, have it!

However, what ye Chen is afraid of most is to attract people to hate him. Are there still few people who hate him?

Isn't he living well now?

He is not even afraid of the heavenly way palace in the kingdom of God. What are the martial arts giants in the land of Lingwu?

What's more, if someone really means something bad to him because he tries his best to suppress everything at the auction!

Ye Chen doesn't mind getting all the wealth of those celebrities' children after the auction is over!

Think of here, ye Chen no longer hesitates, hand a Yang, in the dormitory, it is full of dense soul iron tool embryo, began to work hard to refine up!

One hundred thousand handle! It's not a small number! Even if ye Chen is close to the door, now his proficiency in refining Horcruxes has come up. The speed is much faster than at the beginning, but the number is too large!

It's estimated that we have to keep on refining all these Horcruxes before the auction!

It's hard work, but it's worth it!

With the passage of time, a piece of soul iron tool with extremely rough handle is engraved with mysterious runes, sending out powerful soul power fluctuations, and its appearance has become sharp and beautiful!

.....

A week later, on a barren mountain outside the Shenhua college, a middle-aged man was sitting on a rock with his eyes slightly closed. It seemed that he was meditating.

This middle-aged man, with a jade face, long eyebrows and elegant white robes, is still elegant and extraordinary, although he is not young.

Moreover, his appearance, and Chu Ying have three points similar!

In addition, his whole body breath is incomparably strong, and even surpasses Ge Qing a lot! However, it is perfectly integrated with the surrounding environment, which makes people not feel abrupt at all.

This man is Chu Hong, the head of Chu family, a famous family in Jiuyou country!

At the same time, he is also Chu Ying's father!

Suddenly, Chu Hong slightly opened his eyes and looked in the direction of the sky.

There, a flash of gold, the next moment, it has fallen on the top of the mountain.

Golden convergence, came a young man.

It's Ye Chen!

Ye Chen sees Chu Hong, slightly surprised.

He contacted the manager of Chu in Wangshen tower, who was one of the top ten cities in the kingdom of God!

How did you come from Chu Hong behind the moon tower in Jiuyou?

Although they are all surnamed Chu, how can there be any connection between a kingdom of gods and a country of nine you?

Chu Hong saw Ye Chen's surprise and said with a smile, "boy, I know you won't understand."

"There's something I can't explain."

"In ancient times, the watchtower in the kingdom of gods and the moon tower in Lingwu were controlled by one person."

"Although the kingdom of God and the kingdom of Jiuyou are not allowed to do so, we are businessmen who only pursue interests. As for the hatred of power, it has nothing to do with businessmen." "And before that, the manager of Chu in Wangshen tower came to collect some things in Jiuyou country and talked about some interesting things. I asked him for a picture, and then I knew it was you."

"I'll do the deal for you."

Although Ye Chen still has many misunderstandings, the world of businessmen, money and resources supremacy, can also explain.

Ye Chen arched his hand: "I've met my uncle."

In the words, there is also a sense of guilt! His name is uncle Chu Hong. If he doesn't call him manager of Chu, he doesn't mean to regard Chu Hong as an outsider.

And Chu Ying was seriously injured because of herself, which led to her having to continue her life with an ice coffin!

What's more, I don't know when I can recover!

Chu Hong waved his hand and said, "you and I don't need to say more polite words."

"I can't be biased towards you about Wangshen tower."

"All this must be done according to the rules."

Ye Chen wanted to stop: "uncle, Chu Ying, I will certainly let her recover."

And Chu Hong also stood up, patted Ye Chen on the shoulder, and said with a smile: "OK, young man, don't be like this. I know that my silly daughter really likes you, and everything she does is her own choice, which she is willing to do.

Besides, you've done a good job, haven't you? If you change someone else, I'm afraid Yinger's life can't be saved at all? It's me who is a father. I should thank you! "

Ye Chen's performance has been approved by the master of Chu family!

"But..." At this point, Chu Hong's face also showed a trace of sadness, "the dragon heart fruit is really difficult to find, after Yinger's girl's accident, I once mobilized the whole Chu family's strength to search at all costs!

Even found the relationship between the demons and the kingdom of God However, in the end, nothing was achieved... "

Hearing Chu Hong's words, ye Chen's heart also can't help sinking down!

Since the dragon of the kingdom of heaven and the fruit of the heart have not been found in the kingdom of heaven, it seems that the power of the heart of the dragon has not been found!

Chapter 2324

Then, at the Tianchen auction, his chance to get longxinguo is very, very slim!

After all, although Tianchen auction is the auction of the kingdom of God, it is not the top level of the kingdom!

Moreover, it is still in the kingdom of God, which can be said to be inferior!

Chu Hong sighed: "it seems that only when you really enter the kingdom of God, you can go and look for it. Ye Chen, Yinger's girl, will be entrusted to you!"

Chu Hong's look also seems to have a trace of loss, although he did not mean to blame Ye Chen, but as a father, how could he bear to see his daughter lying in an ice coffin all day long?

Ye Chen looked solemn and promised: "please rest assured! I, ye Chen, swear with my heart and soul! I will try my best to get longxinguo and let Yinger recover completely! "

This is a man's promise!

Chu Hong nodded his head with satisfaction and said, "well, it's up to you to do this. Even with the power of the Chu family, it's hard to penetrate into the kingdom of God. All we can touch is the kingdom of God at the bottom.

One thing you may not know is that there is actually a Chu family in the kingdom of God. It is the Chu family behind the Wangshen tower. Unfortunately, I can't catch up with anything. I can only be regarded as a collateral.

When you enter the kingdom of God, the situation will be different! However, you should also be careful. Your strength is very good now, but the middle of the kingdom is too terrible

He can feel that although Ye Chen's realm is not high, his strength is extraordinary, and not to mention his own strength, just those Horcruxes he took out are very terrible!

Chu Hong knows that although the spirit of this kind of thing, although against the sky, but its power, to a large extent, is determined by the user, in the hands of Ye Chen can release the most powerful power!

But if ye Chen is desperate to attack a certain force with Horcrux?

Even the Chu family on the other side of the kingdom of God should be changed for it!

Ye Chen heavily nodded: "younger generation understand!"

Chu Hong said with a smile: "OK, let's not talk about these. We'll meet here today, and there are other things to do."

Ye Chen face dew smile, hand a Yang, will a storage bag, handed to Chu Hong hand!

Even if Chu Hong is the master of Chu family, his mind is incomparably calm! But the moment I took the storage bag, I still couldn't help but open my eyes!

Even the hand holding the storage bag is shaking!

He's excited!

After that, Chu Hong can't wait to put the power of God into it!

In an instant, Chu Hong's handsome face became extremely wonderful!

First of all, I was shocked. I was so shocked that my brain couldn't bear such a strong shock. It became a blank!

Even if he had already got the news and had already made psychological preparations, he saw nearly 9000 powerful Horcruxes all at once, but he was still a little silly!

This shock is terrible!

What is the concept of 9000 handle?

That's the ultimate weapon that can kill 9000 top blockers and even half step Taixu strongmen!

The whole Lingwu continent, if not the country of Jiuyou, may not be able to find so many powerful people?

Of course, this is the best situation. Ordinary people use it, but they are more likely to be seriously injured and sealed. It will not be as terrible as when the Horcrux is in Ye Chen's hand.

Otherwise, the Chu family can consider whether they want to conquer the whole land of Lingwu with this 9000 handle soul weapon.

Then, it was incredible, and then it turned into ecstasy!

Chu Hong took a few deep breaths and gradually calmed down.

He said solemnly to Ye Chen: "Ye Chen, I want to take the franchise of the Horcrux you made. From now on, I will provide you with the best quality soul iron tool embryo without any charge. Moreover, the price of each Horcrux will be doubled by Shenyun stone. What do you think?"

Chu Hong knows that as a businessman in Lingwu land, he is not qualified to contact the Chu family in the kingdom of God!

But if you control so many resources, you may be able to make the Chu family in the kingdom of God look at you with a new look!

And ye Chen's future strength will be stronger! The more terrifying the artifact is!

It must not be long before ye Chen's strength will reach the state of emptiness?

Chu Hong knows that the method of making Horcruxes is to seal soul skills into the tool embryo, that is to say, the strength of Horcruxes is determined by the strength of the maker!

However, ye Chen can create a soul weapon comparable to the spirit of Taixu state with the power of the spirit now. What about when ye Chen really has the power of Taixu state?

At that time, the Horcrux made by Ye Chen will surpass the realm of Taixu! It may even fight against the situation!

When the time comes, the Chu family in the kingdom of nine you may be invited by the Chu family of the kingdom of God!

Chu Hong's decision, very wise!

Ye Chen didn't care, nodded and said with a smile: "naturally there is no problem."

Apart from anything else, he did not intend to sell his Horcrux to the chamber of commerce outside the Wangshen tower and Wangyue tower. As for the price, it can be said that the price given by Chu Hong is very, very fair, and ye Chen doesn't care too much. After all, after all, in a month, he has made so much Shenyun stone. From then on, money is really just a number for him.

After hearing the speech, Chu Hong was overjoyed and couldn't help laughing. He also raised his hand and threw out two storage bags.

He said with a smile to Ye Chen: "these two storage bags, one is payment for goods. Another storage bag is the 30000 pieces of soul iron tool embryo collected by Wangshen tower for you. All of them are of high quality. Moreover, our Chu family and Shenguo are also looking for higher quality, which can be called the perfect soul iron used in ancient times! "

Ye Chen directly put the two storage bags into the bag, and it was a joy to hear the speech. In this way, the soul weapon refined by the perfect soul iron is more powerful!

"There's uncle Lao, so if there's nothing else, I'll go back to Shenhua college first. The Tianchen auction is going to be held soon. I'll also prepare for it. I'll hurry up and set off!"

Chu Hong nodded. Suddenly, looking at the back of Ye Chen's departure, his eyes flashed, and he said with some worry: "Ye Chen, wait a minute?"

"What's the matter, uncle?"

Chu Hong said: "with your wealth, you can basically crush all forces on the Lingwu continent! But I still want to remind you, you child, everything is good, is the style is too publicity!"

At this auction, we should try our best to converge! "

Although Chuhong appreciates Ye Chen's arrogance and publicity, in the final analysis, Chu Hong still has some business thinking!

He didn't want Ye Chen to sweep the auction because he had a huge sum of money, so many powerful enemies were attracted!

Although, among the nine secluded countries, other top forces may also bring in so many Shenyun stones, but! It is impossible for them to put so many sacred stones into the auction!

If really competition, I'm afraid there is no one, is Ye Chen's opponent!

When ye Chen heard the speech, he couldn't help feeling warm. He knew that Chu Hong was really concerned about himself. However, he still seemed a little mischievous and said, "well, I'll try my best."

Chu Hong hesitated for a few seconds and then said, "recently, there have been many visions in the depths of the kingdom of nine you. Dark clouds cover the sky above the demons. This kind of vision has never appeared for thousands of years."

"It's like the end of the day."

"What do you know?"

Ye Chen was stunned and thought that there were 20 days left for the resurrection of the devil emperor. He left a heart and replied, "uncle, try not to get close to the demon family these days."

"I can only tell you that the rules of Jiuyou and even the demons will be changed!"

After that, he flashed into a golden thunderbolt and flew away!

Chapter 2325

Chu Hong's eyes are dignified.

Although Ye Chen did not reveal too much.

But he guessed something.

Not long ago, the land of demons opened, but suddenly closed!

Countless demon strongmen are trapped among them!

No one knows what's going on inside.

Some forces seem to be dormant in the depths.

Some say it's the end of the day.

But he didn't think so. He felt that the emperor who had disappeared was coming back!

.....

Soon, ye Chen returned to the Shenhua college. Now, with countless Shenguo currency, Shenyun stone, ye Chen even seems to have gone with the wind!

After he returned to Shenhua college, he met Xing Zitang and others. Last time, because xuanyuezhong came to inform him, they didn't even have a good meal. This time, they could sit down and get together.

After a full meal, ye Chen gets along with Sun Yi alone for a while. The little girl, who hasn't seen Ye Chen for such a long time, must be lonely in her heart.

And ye Chen also wants to verify the idea in his heart, he activated the spirit of Ling Feng pulse, if and Sun Yi warm, whether will pass the blood to Sun Yi!

After a few battles, half a day passed.

To yechen's surprise, Sun Yi's red dust spirit pulse seems to be stronger because of her cultivation!

Originally this kind of transmission, also depends on one's own cultivation!

But it is impossible to pass on the spirit of Ling Feng to Sun Yi!

It seems that certain particularity of reincarnation can only be passed on to one person!

After that, ye Chen closed his eyes and concentrated, regained his spirit, and started to walk towards the gate of Shenhua college.

Sun Yi certainly does not give up, but know that ye Chen is doomed not to be mediocre in life, the only thing she can do is to practice well.

At this time, Ge Qing and Chen Zhifan, have led the chasing wind eagle, waiting for him at the gate of the college.

Ge Qing said with a smile to Ye Chen: "boy, at this auction, you may be hit. I know your fortune is not poor, but the wealth of the top talents of the super forces is appalling. Take this."

With that, he waved and threw a storage bag to Ye Chen. He deliberately stiffened his face and said to Ye Chen, "these are some sacred stones. After all, with your own wealth, if you can't sell a commodity at the auction, wouldn't it be a bit of a shame to our Shenhua Academy? As the Dean, I don't allow you to refuse. Take it! "

I can't help but sweep the soul into the bag! Three million God clouds!

Don't underestimate the three million God cloud stone. For ye Chen, it is nothing, but ye Chen knows that GE Qing has almost taken out all the funds of Shenhua academy!

For their own sake, this cynical old Dean is really trying his best!!!

Can't help, ye Chen some moved!

No matter xuanyuezhong or Shenhua college, he had a strong sense of belonging, and Ge Qing and Bai Zhentang really treated themselves as their relatives and elders!

This is not an ordinary relationship between the dean and students, Ge Qing is also a half master of Ye Chen!

Ye Chen didn't say anything more. He quietly accepted the storage bag and said to ge Qing sincerely: "thank you, president!"

Later, his face also showed a trace of mystery and said: "don't worry, I will never let the Shenhua academy lose face. On the contrary, after the auction, I will let the Shenhua academy have a very long face in front of the whole Lingwu continent!"

However, ye Chen has made up his mind that the three million God cloud stone will never be used, and he will return it to ge Qing intact at that time!

When GE Qing saw Ye Chen take it, he was very happy and restored the cynical smile. What he worried about most was that ye Chen would not accept the college!

Smell speech, also ha ha a smile way: "good boy, I wait for you this sentence!"

After that, he said with a smile to Chen Zhifan: "Xiao Fan, this auction is different from other occasions. You should keep an eye on this boy for me, and don't let him cause too much trouble!

However, if someone bullies our Shenhua college students, we are not soft persimmons! If anything goes wrong, I will take care of it for you

Chen Zhifan also solemnly replied, "yes! I understand! "

This matter, for ordinary people, it is really difficult to do. It is estimated that Chen Zhifan, who is sincere with Ye Chen, can make ye Chen a little more restrained.

Then, Chen Zhifan and ye Chen looked at each other, and their eyes flashed with anticipation and excitement!

What is sold at the auction is the real thing of the kingdom of God!

Most of them are not found in Lingwu mainland!

They turned over and rode on the windsurfing eagle, which spread its wings and stormed wildly towards the town of space airship!

Lingwu land, a very wide water area, there is a lonely island with rare human traces in ancient times. This island was named Feilei island by Lingwu people!The island's specialty, is a kind of Lei attribute material named feileiguo!

Although this kind of material has some value, it is not worthy of being collected by the martial arts practitioners through dangerous sea areas and on the island where monsters run rampant, so few people come here!

But many years ago, after the kingdom of God stepped into the ten cities that set it as the kingdom of God in Lingwu land, the Feilei island was completely covered by a cloud!

If someone looked down on this cloud, they would regret it!

In this cloud, thunder light and dragon shaped virtual shadow are looming. It is a giant array of extremely high rank!

Even if it is the general too weak strong, rash into it will be life-threatening!

But now, there are many dodging lights passing by from time to time over the normally inaccessible Feilei island!

What's more, these reclusive lights are extremely extraordinary!

In the escape of light, there are either extremely luxurious flying vehicles, or a number of demon beasts pulling luxurious sedan chairs, or young people with extremely fierce breath and extremely proud eyes!

These people's identities are obviously very, very unusual!

.....

At the same time, southern regions.

Deep in the palace of Jue Han Emperor.

It was quiet.

Bai Er paced back and forth outside.

It's been so long since the palace master entered the place.

I don't know life and death.

If the palace master and wumang enter there, it may mean a great chance!

But at the same time it may fall!

Bai'er knows that the master of the palace has been promoting his accomplishments madly since he stepped into the land of Lingwu! Crazy recovery of the palace of absolute cold emperor! Crazy for a man to kill everything!

All of this time, she's been shocked by this time!

All of a sudden, a beam of light went straight into the sky.

Light column has a sense of holiness, as if beyond the power of heaven!

And around the light column, there are all kinds of violent thunder plunder landing!

It's terrible!

Snowflakes fall, just like the bright light of the world.

In the snow, suddenly a colorful glow appeared!

Bai Er looks to the deep, eyes stare big!

The flame of the blue beast stepped out of the sky!

It is the dark awn that enters together!

It's just that it's not what it used to be!

The blood is very thick!

What's more, wumang has grown out a pair of wings, and his whole body is full of pressure!

Even the top families in the kingdom of God don't deserve to have this powerful mount!

And above the majestic awn is a girl who is absolutely cold.

The girl's eyes are cold, just like the orchid in the valley.

Her skin is more beautiful than snow, and her complexion is absolutely beautiful. She has noble temperament, which makes people can't look at her closely.

However, the beautiful posture is dim in front of the cultivation!

Only because Wei Ying's cultivation at the moment is too empty and eight layers of heaven!

So terrible!

Chapter 2326

Wei Ying raised her head, and wumang suddenly hissed.

The neighing and dragon chanting broke the thunder robbery around.

The red and black wings incite, gusts of wind from the ground!

When he came to Bai'er, Wu mang began to converge.

The wings are gone.

Everything is restored.

It is clear that wumang is free to control what it is like now.

But at the foot of the blue flame is still unchanged.

The girl's cold eyes opened and her eyes fell on Bai'er's body, and the voice with a faint chill fell:

"Bai'er, what happened to Ye Chen during the period of my closure."

Bai Er Jiao's body is stunned!

She never thought that the first sentence of the palace master was about the young man!

Since the palace master is so concerned about the man, why does he not reveal his identity?

She even worried about the palace master.

Bai Er hesitated for a few seconds, or opened his mouth: "palace master, Mr. Ye is not peaceful recently."

All of a sudden, Wu Mang's Wei Ying is released, and she is enveloped with boundless pressure!

There is a sword of dark ice on the sky!

Kill intention into sword!

Wei Ying's chance in there is not simple!

"I want to know all the details of what happened."

Bai Er didn't dare to disobey Wei Ying's will, so she said all the things happened these days.

The air around me is getting colder and colder.

Wei Ying's anger is burning like endless anger.

Five minutes later.

Wei Ying said: "it seems that the heavenly way palace really wants to kill Ye Chen."

"My man, dare to use the sword of extermination."

"Then, from this day on, your kingdom will never be peaceful."

"Of course, I am not qualified to set foot on the kingdom of God now, but the ten great cities in the land of Lingwu should bear some of my anger."

Wei Ying's eyes are full of killing intention.

Bai'er was worried, and said, "palace master, rebuilding the palace of juechan emperor is the first thing..."

Wei Ying's hands were behind her, but she said faintly: "Bai'er, you may not know. Of course, the book remembers the object of revenge, but it is the top power of Lingwu continent after all."

"And the person behind the real destruction of juechan palace is in the kingdom of God."

"I don't like the kingdom of God, so we will go to war today."

.....

At this time, two men, ye Chen and Chen Zhifan, were standing on the boat outside the fog sea.

Chen Zhifan takes out the keepsake that GE Qing gave him and gives a light to the sea of fog. After confirmation, he turns his head and says to Ye Chen:

"this is it! Let's go in. I've already sent a signal that the staff of Tianchen photo store will come to receive us. "

Ye Chen nodded and took the boat, which turned into a flash of golden escape light. He and Chen Zhifan also escaped into the sea of fog.

Just entering the sea of fog, the two people were in front of the clouds rolling, a split.

A cool looking young man came from it, glanced at Ye Chen and Chen Zhifan and said:

"is that your signal?"

Although all the top celebrities or super demons from Lingwu mainland participated in the auction, there was not much deference on the young man's face.

Maybe Tianchen auction house is just a small auction shop in Shenguo, otherwise, there will be no idea of doing business on the land of Lingwu.

However, even if this young man is just an ordinary warrior working in Tianchen auction house, he still doesn't think highly of Lingwu!

Even if it is the top of Lingwu, super demons are the same!

The gap between the kingdom of God and the land of Lingwu is too big!

In this young man's opinion, what kind of spirit and martial arts to ascend the XUANBANG is bullshit!

As for the powerful family of Lingwu? In the kingdom of God, any small clan can destroy these powerful families like ants!

Although he had to face these low spirited people, he naturally did not care much.

But ye Chen glanced at him, but he was not satisfied. He looked like a young man, but actually he was over 100 years old. What about his cultivation?

Just sealing the door is the realm achieved under the condition of extremely rich martial arts resources in the kingdom of God.

Although it can be regarded as a genius in Lingwu within a hundred years, ye Chen's vision is not up to it.

From this we can also see the gap between shenxuanzong and Tianchen auction store. Although shenxuanzong's disciples are also in the realm of being closed, they are much younger than the young man. Moreover, ye Chen can guarantee that even in the same realm, the shenxuanzong disciples he meets can crush them with strength.

In this way, you still look down on Lingwu people?

Ye Chen is a little lazy to pay attention to him. Although Chen Zhifan was not happy, he still nodded and said, "yes, it's me. I came here on behalf of Shenhua college. This is my keepsake."

The young man took the token lazily, checked it, and said, "what about him?"

Chen Zhifan glanced at Ye Chen. Seeing that ye Chen didn't mean to speak, he said with a trace of helplessness: "he is my classmate, whose name is Ye Chen. He is also a famous genius on the XUANBANG list. This time, he came as a genius on the XUANBANG list!"

"Oh?" The young man looked at Ye Chen curiously and said, "on him?"

The disdain and disbelief in the tone were even revealed without concealment!

In fact, he was so rude to Ye Chen and Chen Zhifan, on the one hand, it was also because of their cultivation.

Chen Zhifan's practice time with Ge Qing is still short. Of course, he has made great progress by using the resources of Shenhua academy and Ge Qing's guidance on his skills. In a short time, he has also been promoted to the later stage of Xingqiao.

But it's not enough.

However, he came on behalf of the forces, his own strength is not important, it's good to understand.

What about ye Chen? On the list of genius, these days young men have received a few, which is lower than the threshold?

Ye Chen is just a little star hole, can he also become a genius? This is ridiculous!

Ye Chen looked at the young man, his eyes were cold, and Chen Zhifan also frowned: "what do you mean? Can't my brother be a genius on the list?

Since your Tianchen auction house has invited you to participate in the auction together, it is impossible that there is no information about the talents on the Xuanxuan list? You can't verify it before you question someone else? "

On hearing this, the young man's face became gloomy and looked at Chen Zhifan coldly and said:

"did I ask you? He doesn't have a mouth? Do you want you to speak for him? "

At the same time, from the youth body a strong breath, between the pressure to Chen Zhifan!

Chen Zhifan's face changed slightly, and he was ready to resist, but his figure flashed in front of him.

Ye Chen blocks in front of him.

And that breath pressure, impact on Ye Chen body, but did not set off the slightest waves.

Chapter 2327

Ye Chen looks calm at that man, the other side is slightly frown, it seems that this person is really some ways, can block his breath?

He had already admitted that Ye Chen was the talent to ascend the heaven. After all, he was born in the kingdom of God. He still had some insight. The body method of Ye Chen when he just acted, his breath was ignored, and the pressure that he felt inexplicably proved that he was very strange!

However, he didn't mean to let Ye Chen and Chen Zhifan pass.

The reason is simple, because he doesn't like them!

Because, these two Lingwu rubbish, did not respect to oneself!

This man's name is Zhou Chao. Even in the Tianchen auction house, he didn't get along well. He had accumulated a lot of dissatisfaction in his heart. Finally, he was able to show off in front of these smart men. How could he let go of it so easily?

Zhou Chao looked at Ye Chen and said with a sneer, "this child, it seems that he doesn't like to talk?"

Ye Chen swept his one eye, light way: "I am not do not like to talk, but you do not deserve to listen to just."

He is too lazy to talk to his friend when he barks? Still need to use breath to oppress?

He can't bear it, whether you're from the auction house or not!

Zhou Chao was stunned when he heard the words. Then, the clouds all over his body exploded and were smashed by his fierce spiritual power. He was all over the sky, staring at Ye Chen and laughing angrily:

"ha ha ha ha ha ha ha ha ha ha, so I don't deserve to listen to it. Unfortunately, it's so unfortunate that I forgot to bring my talent information on the XUANBANG list, but although we don't have any information, we have no information Is there a simpler way to test?

I have great respect for the talents of Lingwu mainland. I have long wanted to learn from them. If you are really a genius on the XUANBANG list, you can definitely take my next move?

What's the matter? As long as you are willing to accept my move, I'll admit your body method. How about letting you into the island? "

Although he did not intend to really kill Ye Chen in order to avoid the blame of the auction house, he gave him some small lessons, and no one would ask more about it!

Only because he is a man of the kingdom of God!

Ye Chen looked at Zhou Chao and said, "this is what you said. I hope you don't regret it."

"Regret?" Zhou Chao seemed to have heard some jokes and laughed, "don't worry. Are you ready?"

"Let's go."

Ye Chen's hands are back behind him, and he doesn't even mean to use the beast's decaying sword.

As he said, Zhou Chao is not worthy.

Zhou Chao saw Ye Chen so big that he seemed to be a real monster. He could not help but feel more murderous. Was it the people of Lingwu who were so useless that they gave the illusion that they were invincible?

However, this is better. His purpose is to hurt Ye Chen seriously and give ye Chen and Chen Zhifan a lesson, so that they can realize how far apart they are from the people of the kingdom of God.

The more conceited Ye Chen is, the more desperate he will be. The more relaxed Zhou Chao is!

His breath was rolling, and there was a faint shadow of an eagle in his hand. It was vivid and vivid. It was almost as if he was going to transform into a form!

"Eagle's palm!"

Zhou Chao gave a sharp drink and hit it with one hand. In front of his palm, the shadow of a huge eagle almost turning into a corpse quickly zoomed in front of his hand, emerged in the clouds, and uttered a sharp sound of piercing through the gold crack stone in his mouth, and then he rushed to ye Chen!

Ye Chen eyebrow tip a pick, this palm is to let him some surprise, unexpectedly quite amazing!

In palm meaning, with a kind of mysterious and mysterious breath, seems to have touched some of the origin of martial arts!

Of course, this is not to say how good Zhou Chao's understanding is, but because the level and inheritance of Tianying palm itself are quite good!

Just like those disciples of shenxuanzong who met in the southern regions, their martial arts skills were the same, but their understanding was much deeper than that of Zhou Chao.

It seems that the kingdom of God is really much ahead of the martial arts of Lingwu mainland. Even the martial arts of the same level are more authentic and powerful than those of Lingwu mainland!

At the moment of Zhou Chao's palm, Chen Zhifan, who was still expressionless, flashed a look of fear, horror and worry on his face!

His strength is not as strong as ye Chen. The palm print in front of him is just like a terrible abyss!

He will be involved in the spirit!

Originally, Chen Zhifan knew that ye Chen's strength had reached the level that he could fight against Taixu. The shenguoren who sealed the door was definitely not his opponent.

However, when the other side hit this in Chen Zhifan's eyes is the most amazing palm, or can't help worrying for ye Chen!

However, ye Chen still looks light, such a palm, still can't enter his eyes.

He raised his hand at will and made a punch.

A simple punch.

When Zhou Chao saw this, he secretly scolded a fool and used his fist to fight against his palmprint which was almost to be transformed into shape? Think your sky Eagle palm is the same rubbish martial art as your Lingwu land?

Looking for death, ye Chen's hand is useless! There is no second possibility!

Zhou Chun said with a sneer: "boy, now you know the height of heaven and earth..."

However, he did not finish his words completely, and the smile on his face completely solidified!

Poop Yi, oneself hit that way sky Eagle palm strength, and ye Chen's fist collision.

There was no scream, panic, blood mist in my imagination.

Some of them were pierced in an instant and turned into nothingness!

How could that be possible!

Not waiting for Zhou Chao's surprise to respond, ye Chen's fist is filled with a terrible force. At the moment of breaking the eagle's palm print that day, Juli tumbled to Zhou Chao!

At this time, Zhou Chao only had time to lift up the palm, but not fully retracted arm to resist!

With a roar, Zhou Chao was knocked upside down and spewed blood in his mouth, and the arm that resisted Ye Chen's huge force completely burst and disappeared!

Zhou Chao, who was flying backwards, didn't react any more. It seemed that he was seriously injured and fell into a coma!

Ye Chen casually took back his hand and said to Chen Zhifan:

"brother fan, let's go straight in. We can see the strength of this guy, which is just a doorman. After the cloud comes out, we should see other people in Tianchen's photo store."

Chen Zhifan nodded. When they were preparing for action, the surrounding clouds suddenly became agitated!

All kinds of lightning shuttle in the two people's whole body, in the cloud also faintly sounded the trembling high sounding dragon chant!

At this time, in the clouds, Zhou Chao's dim eyes flashed a color of resentment. In his hands full of blood and trembling slightly, he held an array disk to stimulate the big array!

Chapter 2328

"Die! Lingwu mole ant! Dare to hurt me! Die

After exerting his last strength to stimulate the formation, Zhou Chao finally closed his eyes and completely fainted, and his body began to fall!

At this time, ye Chen frowned and felt a trace of solemnity when he looked at the electric light and the virtual shadow of the dragon around him. His eyes sank, his hand turned and he grasped the beast decaying sword in his hand.

Then he said in a deep voice, "brother fan, come to me, and we will rush out!"

Chen Zhifan moves close to Ye Chen. At this moment, a dragon shadow roars and flies towards Ye Chen with thunder all over the sky!

This is the power of Taixu!

Ye Chen grabs Chen Zhifan with one hand, displays his body method, and rushes towards the deep cloud and fog. While his spiritual power turns wildly, the cold light of the beast decayed sword in his hand flashes and cuts out a startling sword!

"Break it for me!"

At the same time, the powerful mind was released in an instant, locking the exit of the array!

The Dragon shadow howled and was killed by Ye Chen's sword. But soon, more dragon shadows came to Ye Chen with infinite thunder light!

For a while, in the clouds, the wind and thunder were great, the cold light was shining, and the dragon was singing constantly!

.....

Wanjian emperor palace.

Wang's eyes closed, and in front of him was a chessboard.

In the chessboard, a spot has fallen.

Obviously, the king of ice sword is waiting for someone.

I don't know how long it took.

Suddenly, on the hall of wanjian emperor's palace, a void was opened.

An old man with a wine pot on his waist quietly falls down!

This is the eternal king outside the demon clan not long ago!

The appearance of the eternal king is obviously connected by the king of ice sword!

The eternal king looked serious and sat in front of the chessboard and left a white one.

After that, a mouthful of spirit wine was gathered in the entrance.

"You burn blood essence to inform me, what's the matter?"

The king of ice sword told all the things Xia Ruoxue had seen in Shenmo valley. He also showed the Immortal King the image of Xia Ruoxue himself.

The king of ice sword knows that if anyone in the world can know the intention of the kingdom of God, it must be the eternal holy king.

The eternal King took over the statue and gazed at everything on it. His white eyebrows were full of melancholy.

His body even trembled faintly!

It was an endless rage!

The king of ice swordsman thought: "yonglao, what are you doing in the kingdom of God?"

"Pa!"

The eternal King smashed the statue directly on the chessboard!

The chessboard is broken! Countless pieces turn into powder!

"The beasts of the kingdom of God! This is murder

"They know that they can't investigate Ye Chen's existence, let alone shake Ye Chen!"

"They already know in their heart that everything in the kingdom of God will be destroyed by Ye Chen's hands!"

"So they don't hesitate to use the blood stained causality array! This is the ancient taboo battle! They actually disobey the principle and use this against Ye Chen

"Asshole!"

The king of ice sword looks pale at once!

This is the legendary blood stained causal array!

The resources and cost of this array are very high!

It is impossible for ordinary forces to exert themselves!

Even the kingdom of God!

Because once the kingdom of God is used, it means that there will be forty-nine people in the kingdom of God!

Forty nine people cut the bad situation just to change the death of a Xingqiao state!

The heavenly way palace in the kingdom of God is crazy!

The eternal King took a swig of wine! Kill and release!

"Those bastards in the kingdom of God are so smart

"Knowing that ye Chen can't investigate the cause and effect of Ye Chen, we'll take his masters as the guide!"

"I'm afraid those stone statues contain the essence of master Ye Chen."

"At present, it seems that the blood stained causality array has just been put into use, and the power has not yet gathered."

"But as long as there is enough time, once the blood stained causality array is started, it will break the shackles of causality and unable to survey Ye Chen! At that time, ye Chen will be able to withstand the most powerful attack of 49 people who have cut the difficult situation! "

"Damn it!"

How can the eternal king not be angry!

Ye Chen has been growing up all the way!

From the moment Ye Chen was born, he observed Ye Chen in the dark.

He doesn't interfere with Ye Chen.

I just hope Ye Chen can grow up by himself!

Finally, when ye Chen came to Lingwu land, he did not expect that he met the things in front of him!

Once the time is ripe and the array comes, ye Chen can't resist it at all!

What you have done before will be wasted!

Eternal King anxiously pace back and forth, this time, he can't help Ye Chen!

This is a fateful opportunity!

The heavenly way palace really counterattacks! Like a mad dog!

The king of ice sword came to the eternal King: "yonglao, what should I do next?"

"In fact, this is not a bad thing. At least it proves that there is nothing wrong with those great powers. Once the great powers fail, the blood stained causality array will be destroyed."

"Ah, the kingdom of God trapped those great powers and thought that they could stop Ye Chen's growth from cause and effect, but they didn't know that the connection between those powers and ye Chen was the gods intercepted by the samsara cemetery."

"Now, the kingdom of God can't wait any longer..."

The eternal King stopped suddenly, took a sip of wine, sat directly on the threshold of wanjiandi palace, looked up at the sky, and said, "this robbery can only see ye Chen and his friends around him."

"Friend of Ye Chen?"

The eternal King nodded: "yes, it's hard to rely on Ye Chen alone to fight against the kingdom of God. If his friends grow up enough, maybe it's possible to fight against the bloody causal array."

"Ji Lin, the inborn poison body, ye lu'er, the last one of the heaven and earth gods, Yan Kun, I have cultivated them in secret, and I will let them grow up as fast as possible."

"Of course, these are not enough. The girls around the boy are not simple."

"The resources and secrets controlled by the palace master of juechan emperor's Palace are equal to half a kingdom of gods."

"Ji Siqing, that girl, will slowly awaken her blood and memory of previous life, and her future is limitless."

"There are many more people to be reckoned with."

"The most important thing is, don't forget the blood dragon in Ye Chen's body and the mutated ancient lion demon war god. These two guys are not easy."

"And the ancient devil emperor who is about to wake up in Lingwu land..."

"If the strength of all people together, break the battle, it is not impossible."

"There is, of course, a last resort."

"The blood stained causal array is the second time in the history of the kingdom of God. As for the first time..."

A smile suddenly appeared at the corner of his mouth.

What did the king of ice sword think of, and his eyes were shocked and said, "you mean the boy who broke through the heavenly way palace and killed the last palace master with one sword? Is it true? Not a rumor? "

The eternal King nodded: "how can there be so many rumors in the world? Do you think the hole can really bring wind?"

The king of ice sword suppressed the shock in his heart and continued: "where did that boy go after killing everything? If he can completely solve Ye Chen's dilemma in front of him

The eternal King laughed: "the kingdom of God is naturally unable to trap him, but this bureau, he was the first to set up, and he was the first to find me."

Chapter 2329

"Of course he has his reasons."

"As for where it is, it's not something we should know."

"If anyone in the world knows, it should be ye Chen's grandfather."

"It's a pity that ye Chen's grandfather has fallen in China, ah."

The eternal king gave a mysterious smile: "ice sword, you have lived for thousands of years. Is it so easy for a person to die? Even if you die, what? "

The king of ice sword was stunned. What did he think of: "yonglao, do you mean that the grandfather who died in China is just a separate body?"

There is not much difference between body and noumenon.

But the strength will be weaker than the noumenon.

This is the only explanation.

The eternal King picked up the wine pot and began to chant Poetry:

"don't ask about the death and life of qikuo, and a solitary monk is walking in the clouds and flowing water.

No reason to laugh, no reason to cry, even if there is Huan Chang already like ice. "

.....

At this time, on the beach of FEILEI Island, there are many men and women talking and laughing with each other.

All of a sudden, they were attracted by the vision in the cloud.

I can't help but look shocked!

They know that this is a sign of the opening of the battle!

Is it true that someone is so bold and dare to rush into the auction?

Not far above the sea, there was a puff, a figure, fell into the sea!

They can see clearly, that seems to be the person in charge of reception in Tianchen auction house, right?

At this time, Xu Sheng and song Rou are also standing on the beach.

In Xu Sheng's hand, he held a message jade talisman and asked with a smile, "are you sure that ye Chen really came in?"

A respectful voice came out of the jade talisman: "yes! I've been outside Feilei island for several days, and I've just seen it with my own eyes! "

"Well, I see."

Xu Sheng cut off Yufu's communication, turned his head to song Rou and said with a smile: "it seems that we, Mr. Ye, can really cause trouble."

He knew that the vision in front of him and the figure falling into the sea all showed that ye Chen and Tianchen's auction house were in conflict.

As for ye Chen's defeat of the Tianchen auction shop staff, Xu Sheng did not put it in mind.

At the end of the day, he was just a doorman at the bottom, and he was confident to beat him.

He looked at the clouds and clouds surging with wind and thunder, and with a trace of sarcastic smile on his face, he said playfully:

"Mr. Ye, don't you die in this battle so soon? In that case, I can't relieve my anger! I have arranged a lot of programs for you

At this time, a man who looks over 30 years old, with dark skin, sunken eyes, thin body but very tall skeleton, is staring at the lightning and thunder clouds with a gloomy look.

At his feet, there was a comatose man who was soaked through. It was Zhou Chao who had just been picked up from the sea by him!

Although Zhou Chao is nothing but a waste, he is also a waste of his kingdom! And he's one of his best men!

How dare some people dare to fight against them?

I don't care about the heaven!

He should stop now and see what the situation is.

However, Guan Shen did not.

On the beach, people who came to the auction began to talk.

"Is that big array open? As far as I know, this big array is called the sky cloud Thunder Dragon array! It's an ancient array! It not only covers a wide range of areas, but also has great power! At the beginning of Taixu, we should be afraid! The people inside are miserable

"Hehe, it's more than miserable? I don't know who it is. Then ignorance conflicts with the people of the kingdom of God and injures them? Now the array doesn't mean to stop. Obviously, he has angered the people of Tianchen auction house! "

"Hey, he must have suffered a lot. The sky cloud Thunder Dragon array is not so good! Even if he can resist it, it is very difficult to find the exit, even if he can resist the endless attack

"Suffer? I don't think it's strange for him to be trapped until the auction is over. Moreover, even if he can persist in the battle for so long, his foundation must be damaged. "

A man with a folding fan in his hand, a pair of Zhizhu in his hand, vowed: "yes, according to my calculation, this person will take at least one day to break the big battle!"

But he didn't finish his words. At this moment, in the cloud, it suddenly seemed to be boiling, violently rolled up, and then, a big hole was broken!

In the big hole, a flash of gold, there will be two shadows, fell on the beach.

All the young masters of Lingwu's top forces, miss, are stupid!

What's more, they noticed that the highest accomplishments of Ye Chen and Chen Zhifan are just the highest accomplishments of Xingqiao! I didn't even touch the door!

This is the ancient Shenguo array, the sky cloud Thunder Dragon array!

Now, how long has it been?

A minute?

This person, broke the big battle? Or a Star Warrior?

This It's subverting their thinking

It's like you are suddenly surrounded by an armed army, and you have only a dagger in your hand! No one thinks you can break through?

But now?

The fact is, ye Chen spent less than a minute, he walked out of it calmly!

It's as if this grand array of gods is in vain!

Even Xu Sheng's eyes flashed slightly and his face was dignified.

Ye Chen and Chen Zhifan have just landed, and there is a figure in front of them.

Guan Shen took Zhou Chao's body and threw it in front of Ye Chen and Chen Zhifan and said, "this man was injured by you?"

Ye Chen looked at Zhou Chao and said faintly, "it's me."

Guan deeply gazed at Ye Chen and said with a sneer, "are you very upright? Do you know what will happen to the staff of our Tianchen auction shop

Ye Chen looked at Guan Shen and said:

"what's the end? We are the guests invited by your Tianchen auction house. What about this man? Not only prevented us from entering FEILEI Island, but also asked me to accept him. Ha ha, but I didn't expect that the staff of the famous Tianchen photo store were so rubbish?

With one move, I was beaten like this! What else do you say to pick him up? Do you mean that we are only allowed to be wounded by you, and we are not allowed to fight back? Do you look down on us, the brave men? "

Ye Chen didn't deliberately lower his voice, and everyone on the beach could hear clearly!

And ye Chen's voice fell, all eyes Shua, all focused on the deep face!

Although these people are the top forces of Lingwu, many of them are arrogant and arrogant, but they are still Lingwu people after all!

Chapter 2330

Lingwu people, they can look down on each other, but if the people of the kingdom of God openly despise all the Lingwu people? Ha ha, I'm sorry, even these rich childe, also have arrogance, backbone!

Never give up!

"The God level array should have the function of recording what happened? If you don't believe it, you can check the records? "

Ye Chen said with a smile.

This deep level of cultivation is very high, which is not comparable to Zhou Chao's small role. It has reached the level of too empty cultivation. In this Tianchen auction house, it has some status.

He is not afraid of this relationship, but if the contradiction is further aggravated, he may be driven out of Feilei island by Tianchen auction, which is not what he wants to see.

At this time, Guan Shen's face is extremely ugly. He stealthily glances at the faces of the people around him. It's nothing to offend one or two Lingwu people. But if he offends so many people at the same time, even if he offends so many people at the same time, he will certainly be severely punished by the superior!

At this time, a beautiful female voice suddenly rang out behind Guan Shen's back: "senior Guan, they are friends of our childe. Can we not care about our childe's face?"

When Guan Shen heard the speech, his eyes brightened. He turned his head and looked behind him. He saw a very charming woman standing behind him. This woman he knew was a woman brought by Xu Sheng, a top family member of Lingwu!

When Xu Shenggang came to FEILEI Island, he was invited to drink wine!

Although, he and Xu Sheng have no friendship, but this time is not the right time to borrow the donkey downhill?

With a smile on his face, he said, "since it's Mr. Xu's face, I still want to give it to him, but I still have to check the identity of these two people."

Song Rou said with a smile, "that's nature. Please do as you please."

Guan Shen pretended to check the keepsake and the materials on the XUANBANG. Then he faced up, nodded and said, "good, no problem. It seems that there is some misunderstanding. Let's just let it go."

After that, he took Zhou Chao's body and turned away.

Ye Chen looks at Song Rou with a twinkle in his eyes. What a good way!

He asked this woman to persuade him to make peace. He not only raised his face in front of many top celebrities, but also sold a favor to Ye Chen and Guan Shen at the same time!

Moreover, as long as it is not a fool, it is impossible to refuse him at this time!

At this time, song Rou went to Ye Chen and said with a charming smile: "I've met two young masters. My name is song rou."

Ye Chen nodded and replied, "thank you for your help. I'm Ye Chen."

But Chen Zhifan, staring at Song Rou's pretty face, is slightly a Leng, a time did not speak!

"Van Gogh?" Ye Chen can't help but look at Chen Zhifan in a strange way. What's wrong with fan Ge?

Do you like this woman? Although he knew that Chen Zhifan was not a man who would lose his mind for such a woman, he could not help but be amused at the bottom of his heart.

Song, it's just that she's not charming! What's more, it's still the kind of beauty that has gone deep into the body!

Although, the elder martial sister Zi Ning looks very soft and charming, even more tender than song Rou!

However, ye Chen knows that a large part of the reason is because of zining's constitution. In essence, zining is said to be a very pure and clean woman.

And a virgin virgin.

What about song Rou? She does not have any special constitution, then this kind of flattery can only be exercised the day after tomorrow.

How to exercise? Don't say too much, do you?

Ye Chen has no prejudice against such a woman. After all, it's just a personal choice, but no one likes to wear shoes worn by others, does she?

Especially for men.

Chen Zhifan then responded and said, "Hello, my name is Chen Zhifan, thank you."

Song Rou said with a smile: "don't thank me. It's our childe's meaning. By the way, you don't know where to stay, right?"

Originally, there will be staff from Tianchen auction to lead you there. However, you also know what happened just now. Why don't I take you there? "

Ye Chen nodded his head and said, "well, thank you, Miss Song."

Then Song Rou led Ye Chen and Chen Zhifan to the pavilions built on the island in Tianchen auction house for those who participated in the auction. Soon, they came to a place with numerous exquisite pavilions, surrounded by light clouds and glittering rays, just like a fairyland.

It has to be said that no matter how the people of the kingdom of god treat the people of spirit and martial arts in their hearts, they have done a good job on the surface.

Even when Ye Chen saw these attics at first sight, he could not help but sigh at their exquisite and unique style. He had seen all kinds of architectural styles on the Lingwu continent, but none of them could be compared with the pavilions built by Tianchen auction house. Song Rou leads Ye Chen and Chen Zhifan to choose a loft to live in.

Ye Chen has just entered his room. He is ready to meditate and adjust his breath to recover the consumption when he broke the array just now.

Outside the door, there was a sudden knock on the door.

Ye Chen eyebrow tip a pick, opened the door.

Standing outside the door is the charming woman Song Rou.

Ye Chen asked with some doubts: "Miss Song, do you have anything else to do?"

Song Rou's pretty face showed a slightly hurt expression and said, "Mr. Ye, don't you let me in first?"

Ye Chen slightly a Leng, side open body way: "sorry."

Although, he has no special idea for song Rou, no matter what the reason is, song rougang has helped him after all. Ye Chen has always been a man of clear gratitude and resentment, and naturally he will treat each other with courtesy.

When song Rou passes by Ye Chen's side, she doesn't know whether it is intentional or unintentional. Her body is very close to Ye Chen. The pair of softness on her chest lingers on Ye Chen's arm!

Ye Chen's pupil shrinks, and takes a strange look at Song Rou's graceful, concave and convex figure, which is extremely infuriating.

Although he is not interested in Song Rou, he is also a normal man!

Song Rou's appearance may be worse than that of zining, Ji Siqing, Xia Ruoxue and Chu Ying, but it is also far more than 99% of the girls in Lingwu mainland!

Moreover, only from the temptation above said, to the man's lethality, must be bigger!

As soon as song Rou enters the room, she sits on Ye Chen's bed casually. With one arm gently resting on the edge of the bed, she props up her body and puts out a rather lazy and seductive posture. Looking at Ye Chen, her thin vermilion lips on her pretty face are slightly open, her small face is slightly sideways, and her eyes are like silk.
