Chapter 2341

Xiangyang said with a sneer: "it's no exaggeration to say that the light is more than three times of all your assets. Do you understand the concept? Even if you have some strength, you can't afford the top ten families! "

Then he took another look at Li Yanxi and said, "it's not that you can afford it! Don't think you can attract others' attention if you have some strength and know how to pretend. I advise you not to have such a plan! "

"Enough!"

At this time, Li Xiyan finally burst out! Although you are my friend, I don't need you to point out who I talk to and pay attention to? "

Originally, she was just a little interested in Ye Chen, but now she is so agitated by Xiangyang that she wants to know ye Chen more!

Xiangyang smell speech is also an instant stay, Li Yanxi unexpectedly for this ye Chen and he angry?

For a moment, Xiangyang's look can be said to be more ugly, how ugly. Moreover, he stares at Ye Chen, and in his eyes, the killing intention is flashing!

Why does a boy from xuanyuezong's garbage place make Yanxi so concerned?

Where can't I compare with him? Is it all over? But what was scolded by Li Yanxi was himself?

He didn't understand, and he was angry!

His pride and his dignity as a son of ten families are all damaged by the boy in front of him!

Now, he feels that ye Chen is like a son of ten families in front of Li Yanxi. He is a genius at the top of the Xuan list, but he is nothing

He clenched his teeth tightly, and with his left hand he grasped the handle of a long black scabbard sword at his waist. He even wanted to shoot!

At this time, Ke Jing came up and said to the audience:

"well, the auction will start. If you really want to win or lose, it will be no less than this time? Isn't everything clear at the auction? "

Ye Chen a smile, did not say what more, three times Shenhua college funds?

It's just less than 10 million sacred stones. Is this the strength of the ten families? But that's all.

However, ye Chen also knows that this is mainly because Ge Qing has invested too much in him!

He has almost given all the resources of the college to him, but Nangang Xiangjia naturally can't do this. He just took out a part of the fund.

In fact, for the top ten families, they have more or less contact with the kingdom of God. Compared with other top forces, the top ten families also attach great importance to this auction, but they have not yet reached the point of taking out most of their assets.

At this time, the auction also officially began to enter.

Ye Chen and Chen Zhifan walked into the auction house, but Li Yanxi took a cold look at Xiangyang and said, "Xiangyang, I'm very dissatisfied with your behavior just now. At the auction, we should not sit together."

After that, he followed Ye Chen and entered the auction hall.

Xiangyang is completely flustered now!

But he still wants to make a confession to Li Yanxi after the auction!

Now, Li Yanxi means to sit with other men?

"Yan Xi, listen to me..."

At this time, Ke Jing stopped Xiangyang and said with a smile: "brother Xiang, if you stop Yan Xi now, it will only make her more disgusted. Let her go. You don't know her character."

Xiangyang hesitated for a moment, then stopped his body. He held the hilt of the sword, and the veins on his hand burst out. In his eyes, a cold light flashed:

"Ye Chen? I'll let you know how big the gap is between you and the top ten families. If you can't shoot anything at that time, I don't know if you can still pretend to go on? "

With that, he and Ke Jing also entered the meeting hall.

At this time, ye Chen and Chen Zhifan have found a place to sit down. At this time, Li Yanxi walked to Ye Chen's side and said, "can I sit here?"

Ye Chen shrugged his shoulders and said, "at will, we will be two."

Li Yanxi heard the speech and said with a cheerful smile: "Ye Chen, you said yesterday that you want us to shoot nothing? Well, you'd better hope that there's nothing I like at the auction, or I won't be merciful

"Oh?" Ye Chen smile, "that depends on you, do not do can."

If you want to compete with him with money, he doesn't have any opinions. Auctions are meant to be competitive, aren't they?

However, since it is a competition with money, as long as he has enough money, no one should have any opinions on sweeping the whole court, right?

At this time, a young man dressed in a very luxurious purple silk dress, thin and handsome, with a trace of feminine, walked into the venue.

Chen Zhifan pointed to the man and introduced him to Ye Chen: "this man's name is Liang Qiu. He is the third son of Liang family in West barren mountain of Lingwu. Xihuang Liang family is one of the top ten families. Although the overall strength of Liang family is slightly weaker than that of other families. However, Xihuang produced all kinds of high-quality crystal stones for refining utensils. The Liangs of Xihuang monopolized most of the refining materials market in Lingwu mainland, so they could even compare with the most powerful Li family of Donglin in terms of financial resources! "

With that, he looked at Li Yanxi beside him and said, "this Miss Li is the eldest lady of the Li family in Donglin, and she is still the seventh super genius on the mysterious list."

Hearing this, Li Yanxi turned her head and gave a brilliant smile to Ye Chen. She did not care about Chen Zhifan's introduction. On the contrary, she drew Ye Chen's sleeve and pointed to a man whose body shape was more than two meters and five meters, and his appearance was rather terrible:

"that big man is also very famous. Don't look at his appearance, he is actually only 25 years old! It's called "giant mountain" Tong Niu!

A steel body, extremely tough, once hard to resist Taixu, strong three moves and never die!

It is said that he once broke into the secret land of Lingwu by relying on his physical strength and gained the most precious treasure. Therefore, he is rich in wealth! "

Chen Zhifan is stunned and can't help but smile and cry. Originally, he wanted to introduce Ye Chen some figures that need to be paid attention to at the auction, but now Li Yanxi has robbed him?

However, he knows that this is better, because as Li Yanxi, he knows more about the people present.

But at this time, ye Chen suddenly some curiously asked: "this time, ascends the Xuan list first person to come?"

If there is anyone else he is interested in, it will be the first one on the list of Lingwu.

He knows that no matter where he is, the first has its own uniqueness, and even has two completely different levels from the second and the third.

With Ye Chen's current strength, only this level of talent can attract his attention.

Chapter 2342

But when Li Yanxi heard the speech, her eyebrows were slightly frowned, showing the color of contemplation. After a moment, she began to say, "in fact, I don't even know who he is. It's extremely mysterious!

I don't even know if he exists! Because, on the top of the list, the top talent has no name. We all call him "nameless."

After all, she looked a little gloomy and said:

"in fact, there are not so many talents on the list who came to the auction this time, because many of them are actually related to the kingdom of God. They are the blood descendants of a family in the kingdom of God, or they are connected with the strong people of a sect in the kingdom of God.

In fact, they could have been promoted a lot in the ranking of XUANBANG. However, they may have entered the kingdom of God. Once they have entered the kingdom of God, the producers of XUANBANG will not get their news. Therefore, the ranking will not rise again. "

Obviously, Li Yanxi also yearns for the kingdom of God. Unfortunately, she does not seem to get the mark now, let alone enter the kingdom of God.

Ye Chen nods, so it is. No wonder that most of the people he sees are the children of some powerful families. However, there are few strong people who make him feel strong, such as the Tong Niu man just now. However, on the whole, the participants in this Tianchen auction still let him sigh!

These hidden top forces are really terrible!

Take Li Yanxi for example. She seems to be only 22 years old, younger than ye Chen. Her accomplishments have reached eight levels! And ye Chen can see that her strength is even higher, and there are many outbound circles!

And there are almost no people who are lower than the sealed door!

Of course, it is not necessarily that these young masters and young ladies are so gifted. It can only be said that the resources possessed by these top forces are too terrible!

At this time, a burst of seems to be a bit hasty, irascible footstep sound suddenly spreads, the voice is getting louder and louder.

Because the man is walking in the direction of Ye Chen!

Ye Chen looked at the man and saw that this man was a man with a yellowish complexion, a pair of triangular eyes, a hooked nose, and dark eyes.

The man looked like a poisonous snake, but from the sound of his footsteps, he was very irascible!

Chen Zhifan's eyes narrowed, showing a trace of dignified color, and said to Ye Chen:

"this man, whose name is Guo Rong, is as cruel as a poisonous snake, but as fierce as fire! It's called "snake"! It is said that this man and Xu Sheng are very good friends. It is even said that he will join the Xu family as a sacrifice and assist Xu Sheng to become the next head of the family and jointly run the Xu family!

Now, if you abolish Xu Sheng, you destroy his hope of taking charge of the Xu family! He may be in trouble with you

Ye Chen glances at Guo Rong, but he doesn't care too much. He is 28 years old. He is in the late stage of sealing the door. Moreover, he seems to have a special constitution. However, he wants to threaten himself?

It's too bad.

Guo Rong's eyes flashed a little surprise when he saw Li Yanxi beside Ye Chen. But soon, his eyes locked on Ye Chen and said coldly:

"are you ye Chen? It's you who hurt brother Xu? "

His triangular eyes are full of anger. Xu Sheng is a very important link in his climbing step by step!

In order to successfully let this link work, Guo Rong did not know how much effort and means!

But yesterday, it was destroyed by a little boy?

It happened that he was delayed yesterday and arrived at FEILEI Island today, so he didn't attend Xu Sheng's reception!

Guo Rong did not lower his voice, but said it very loud!

For a moment, many celebrities, child and friends all cast curious eyes in the direction of Ye Chen.

Although Ye Chen made everyone remember himself at the reception yesterday, the party was just made by Xu Sheng and some well-known celebrities, and there were not too many participants.

Even Li Yanxi, just yesterday when wandering, suddenly want to go in to rub some wine just.

Therefore, many people present are already curious about ye Chen's identity.

After all, not everyone is qualified to sit next to Li Yanxi, the young lady of the Li family in Donglin, the head of the ten families.

Now, after hearing Guo Rong's words, these people are surprised!

Ye Chen!

Is he Ye Chen?

The one who smashed Xu Shengsheng of the Xu family in Beihai with his fist and smashed him into a seriously injured Ye Chen?

At the end of the reception, ye Chen threatened to let the celebrities on the scene get nothing at the auction?

Although they did not really see ye Chen, ye Chen made such a big noise that these people must have heard of Ye Chen's name!

"It's me." Ye Chen looked at Guo rongdao with a smile. "How, the top 30 super demons on the XUANBANG list are also interested in me?" "Interested?" Guo Rong sneered: "I don't want to be interested in you. You can't do it, Mr. Ye!"

Who told you to hurt Xu Sheng like that? What's my name in the top 30?

Young master Ye has just become a genius on the XUANBANG, right? As soon as you become a genius on the list, do you use your predecessor to show your strength? Is it so exaggerated?

I'm afraid. I'm afraid that those of us who are on the Xuan list will soon become the props used by Mr. Ye to practice his skills? "

The meaning of Guo Rong's saying this is obviously for ye Chen's serious injury to Xu Sheng. He has already expressed his position!

Ye Chen said faintly: "performance strength? Show strength with Xu Sheng? Mr. Guo, you are wrong. I really want to show my strength, and I won't choose Xu Sheng!

Would you choose a trash, a trash to show your strength?

And Xu Sheng, in my eyes, is not garbage, is simply garbage in the garbage! As for exaggeration? I'm exaggerating that, too? Without a single blow, he's already very restrained, OK? "

When Guo Rong heard this, his face suddenly changed, and he looked very ugly. There was a trace of ruthlessness in his eyes!

Originally, he thought Ye Chen would be afraid and shrink back because of his arrival, and even bow his head to admit his mistake!

What happened? He insulted Xu Sheng in front of him when he came to the door?

That is to have not put him in the eyes of the super monster "snake" who ranked the 27th on the list!

Guo Rong's triangle eyes, suddenly flashed a trace of sarcasm, since you want to pretend, to be crazy, then I will let you pretend to the end!

Then, Guo Rong said, "Mr. Ye, what a big voice! Xu Sheng was once a genius on our list. He was just pushed down by you, but you made him so miserable?"

If Xu Sheng is so rubbish as you said, why did he become a genius on the mysterious list? Is it that his name has appeared on the list itself, in your opinion, does not contain any gold?

Most of the talents on the list will be crushed by your strength

Chen Zhifan smell speech, complexion a change, hastily to Ye Chen make eye color!

This sentence is obvious, is a trap!

Guo Rong's words, is to let Ye Chen and the genius on the XUANBANG!

Chapter 2343

Ye Chen has already offended a lot of celebrities at the reception. What if you add in most of the talents on the Xuan list?

Then, ye Chen and the auction house on the majority of people, ah!

For ye Chen, whether it is the auction or the future situation, it may be very unfavorable!

After all, this is the land of Lingwu, which is extremely cruel. Sometimes I kill you because you said something you shouldn't say. It's so simple.

"You said..." Ye Chen pondered for a moment, and then replied faintly, "it seems that this is the case. In my opinion, the top ten talents on the Xuan list have some strength."

Ye Chen is not unaware of the meaning of Guo Rong's question, but he doesn't care.

Why doesn't it matter?

If you have the strength, if you encounter the trap prepared by others, you can crush it directly, and the broken one will only be that trap, not you.

Ye Chen thinks very clearly, he thinks is to say yes, feel not, say no, there are not so many twists and turns.

Is it true that he is far more powerful than most of the talents on the list, but he still needs to be modest with them and even flatter each other?

Ye Chen is most annoyed with this kind of thing. It doesn't make any sense.

However, he can think so, others can't!

After confirming that he heard nothing wrong, Chen Zhifan could not help shaking his head with a wry smile.

Even Li Yanxi and Guo Rong were shocked!

Ye Chen, how dare you say it!

And those people at the auction, looking at Ye Chen's eyes, have changed, become cold!

Most of the children of the rich and powerful families are used to flattering each other in the social circle. Naturally, they don't like Ye Chen, who is very public and has no scruples about speaking.

And what about the talent on the list?

Is directly infuriated ah, ye Chen, this is to provoke them!

For a moment, several powerful breath surged in the auction hall. These proud talents could not help but want to teach Ye Chen a lesson, so that the new man who has just been on the mysterious list knows what is called heaven and earth!

Then, ye Chen waved impatiently and said, "are you talking about these? If you want to chat and bicker, I'm sorry I'm not interested. You can go

Guo Rong's eyes are even colder, and even his intention to kill will be revealed. He is a genius in the top 30 of the XUANBANG ranking. He has a very good friendship with the Xu family in Beihai. A boy who has just entered the XUANBANG and comes from Shenhua college, dare to speak to himself like this?

However, in the end, Guo Rong only snorted coldly, then left and found a seat to sit down.

After all, the auction will start soon. Even he dare not make trouble at this time, which is tantamount to offending Tianchen auction house.

However, after sitting in the position, Guo Rong's mouth raised a sneer. He knew that there was always a time when ye Chen paid the price for his arrogance and ignorance.

At this time, a handsome man with white hair and a very young face, dressed in the uniform white robe of Tianchen auction house, stepped onto the exhibition stand of the auction house and said with a smile:

"Hello everyone, I am the person who presides over the auction, and my name is Huang Wenxin."

Everyone hears the speech, is the spirit to shake!

After waiting so long, it's time to start!

After seeing all the people present, they were staring at themselves. After they were quiet, Huang Wenxin gave a smile and continued: "next, the Tianchen auction will officially start. Before the start, I still have to tell you about our auction rules."

"First of all, please put your storage bag of Shenyun stone into the animal pattern of this Taotie statue. This is a special magic tool of the kingdom of God, which is used by all major auction stores. It is used to detect the amount of funds in your hands. You can rest assured that you can use it We won't know what the amount is.

This statue of Taotie will only feel when you bid. If your bid exceeds your own funds, Taotie statue will issue an alarm, which is also to prevent malicious bidding! Protect your interests. "

When people heard the speech, they all nodded and put the storage bag into the animal pattern. Naturally, they didn't want anyone to bid maliciously.

Later, seeing that all the people present put the storage bags in the animal pattern, Huang Wenxin said with a smile:

"then I don't sell much, so you must have been in a hurry? Well, let's invite our exhibitor to show you the first product of this Tianchen auction

Huang Wen's new tone is high and high. All of a sudden, the atmosphere of the scene is driven up. A lot of celebrities and talents seem to be excited! Also some eager to try!

Soon, a beautiful 18-year-old woman, dressed in a flaming red cheongsam with a slit almost to the waist, came onto the stage with a smile on her face and pushing a delicate cart. The table top of the cart is covered with a layer of white cloth, which is obviously special. It seems to be able to shield the exploration of gods. Under the white cloth, this is the first product!

At this time, people were staring at the white cloth. Huang Wenxin did not immediately lift the white cloth, but continued with a smile:

"this is our first product. The starting price is 50000 gods and stones! In this auction, there are 13 commodities in total! "

The people's looks moved. This is the first treasure. It needs 50000 gods? You know, 50000 God cloud stone is a sky high price for many forces!

And the first treasure, no doubt, is just a prelude to the auction. It is used to bring people's taste. What is interesting is the worst treasure in the auction.

It shows that the Tianchen auction is not comparable to the general auction.

Seeing the people's looks, Huang Wenxin is also quite satisfied. Nodding, the girl in cheongsam lifted the white cloth on the table!

The next moment, everyone's eyes, all felt a slight tingling meaning!

What they saw, however, was an ugly piece of dark metal.

People seem to be a little disappointed, that's it? It's worth 50, 000 yuan?

There was only one person, and his eyes were full of longing!

Ye Chen!

Ye Chen fixed his eyes on the fast dark metal, and asked Feng Qingyang in his heart: "master, is this metal..."

Feng Qingyang laughed: "good! This metal is the essence of gold! With your current body strength, ordinary Gengjin, even the best in quality, can't make your physique continue to improve. Only by using the essence of Gengjin can you have effect!

These so-called Shenguo people don't know the goods at all! They certainly didn't recognize the essence of Gengjin, so they auctioned it at such a low price. Boy, this is a good thing! Take it! You've made a lot of money

Chapter 2344

Ye Chen's eyes flash, can strengthen his body of things, naturally can not let go! He is also a little excited, did not expect, this appearance of the first article is to enhance his strength is a great help!

At this time, Huang Wenxin also continued to introduce:

"ladies and gentlemen, don't underestimate it. According to the appraisal of our Tianchen auction, this grade of metal is absolutely not low! Even if you put it into the artifact or holy soldier, it will increase the weapon!

It also exudes a terrible aura of gold evil spirit. We think it is a very rare variant of Gengjin! "

After this introduction, some interest finally came to the people present. They knew that since even the Tianchen auction could not be identified, it must be unusual!

When even someone bid, "50000!"

"60000!"

"Sixty five thousand!"

.....

The price keeps going up, and soon, it comes to 200000!

At this time, there are few bidders.

After all, although the Geng gold is precious, it has never reached the level of 200000 high-quality Shenyun stone!

Even if it's a different kind of Geng gold, it's not cost-effective to buy it at this price.

However, ye Chen noticed that the group of people with strong financial resources and outstanding status, such as those from the top ten families, Tong Niu, Ke Jing and Guo Rong, who ranked at the top of the list, have yet to make a move.

Obviously, the essence of Geng gold is extremely precious, but how many people can maximize its value like Ye Chen?

"Two hundred thousand!" At this time, a young man with a sinister appearance said.

The scene was silent for a moment.

Over 200000, no one wants to bid.

Just when the ruthless young man was a little proud, a man's voice suddenly rang out.

"Three hundred thousand."

People are a little surprised to see the direction of the voice, a one-time increase of 100000? Have courage!

And the speaker is Ye Chen!

The cruel man, in the eyes, flashed a trace of cold light, silent for a moment, a bite teeth mouth way: "300000!"

Even without a pause, ye Chen said, "four hundred thousand."

Although, the people present at this price are not unable to take out, to participate in this auction, which body does not have millions of high-quality God cloud stone?

But it's a waste to spend 400000 on the first product.

At this time, Huang wenxinjian did not seem to continue to bid, a mouth, is ready to start shouting times.

At this time, Xiangyang looked at Ye Chen with a smile, and suddenly said, "700000!"

Three hundred thousand at a time! People can't help but look at Xiangyang with some admiration. It's really Nangang Xiangjia! Rich!

Xiangyang has a smile on his face. Some of them enjoy the look in their eyes. Today, he brought 10.73 million high-quality Shenyun stones. Even though he suffered from some losses in buying the exotic Geng gold at this price, he took out a small fraction to add to Ye Chen's block, which was nothing to him.

In addition, it can also establish prestige and kill two birds with one stone.

Originally, he thought Ye Chen would be angry, unwilling, and even regret

However, ye Chen just glanced at him faintly, then continued to open his mouth without any emotion fluctuation: "one million."

This time, the meeting hall, for a time, all silent.

A million!

Even for the general top forces, it is a number that will hurt your muscles and bones!

This ye Chen so casually, spend on a piece of metal of unknown value?

Even Huang Wenxin was a little stunned. Soon, he reacted and began to shout: "one hundred and one times! One million twice! One million three times! A deal

The girl in cheongsam respectfully held up the wooden plate containing the essence of Geng gold. She went to Ye Chen and handed it to him.

At the same time, ye Chen's storage bag also scratched out a million Shenyun stone.

Xiangyang frowned, and ye Chen gave a million yuan. Even he didn't dare to bid. After all, if he continued to bid, and ye Chen didn't follow, it would be a bit of a loss. He also had to prepare for the next treasures.

But soon, his brows began to stretch out. He knew that the Shenhua academy could only produce about three million high-quality Shenyun stones at most. Now ye Chen spent a third of it?

Ha ha, what to fight with him next? Let Ye Chen win this time.

The cheongsam girl continued to push up a cart, and Huang Wenxin said with a smile:

"this second auction is a rare ancient martial art of our kingdom of gods. I believe all of you present are not unfamiliar with ancient martial arts, but you also know that the martial arts handed down in our divine kingdom are not the same as those in Lingwu land.

Shenguo martial arts are all martial arts that can touch the origin of martial arts! I believe that this sword skill "Blood Sword" will be of great help to your martial arts practice! The starting price is one million yuan, which is the best God cloud stone. As soon as Huang Wenxin's voice falls, Xiangyang is the face of great joy!

This "Blood Sword" is completely customized for him!

Xiangjia in Nangang is well-known for his family's Xiangjia sword, which is also a rare martial art. Although it is inherited from ancient times, it can't touch the origin of martial arts as the Shenguo martial arts.

If he understands the blood sword, his strength will be greatly improved!

Maybe, it's possible to improve your ranking on the Xuanxuan list!

Immediately, Xiangyang suddenly lowered his voice and said, "two million!"

Auction house, a time of silence, all people, are looking at the location of the sun!

Their hearts, are unable to help but slightly shocked!

What a Nangang home!

Once you open your mouth, you will double it directly!

Xiangyang, no doubt, is showing his determination to the blood sword!

Although many people present had some ideas about the blood sword, they could not help hesitating when they saw this scene!

First of all, financial resources. Can they compete with Nangang?

Secondly, if they participate in the bidding, it is not sure whether they can get the blood sword, but if they offend Nangang Xiangjia, it is certain!

Originally, many celebrities who were eager to try, and their hands were almost lifted up, the geniuses put down their hands in silence.

Xiangyang sees the appearance, the corner of the mouth raises a trace of smile.

Many people in Hong Kong still have to give face to people in Hong Kong.

Not everyone, of course.

For example, the top ten families and the top talent on the list.

However, as far as Xiangyang knows, among the top ten families, Xiangjia is a swordsman!

And there are very few talents who are on the top of XUANBANG to practice sword skills!

It's a great discount to them, so it's worth it!

In his opinion, the blood melting sword is almost in his pocket!

On the sunny face with a smile, ready to pay, a voice, suddenly sounded!

"Five million!"

.....

At the same time, the kingdom of God, the heavenly palace.

Xuanyuan moxie sat cross legged on the high platform, and the extremely evil and angry eyes were staring at the Dragon God who was not far away.

For so many days, the Dragon God's injury has not yet recovered.

He Xuanyuan moxie can sit in this position, a large part of it depends on the Dragon God of the nine days.

Moreover, the Dragon God is not his mount, not to mention his pet beast!

It's a collaborator!

If it was not for the Dragon God, he Xuanyuan moxie might still be a struggling disciple in the Shenguo family.

You know, Xuanyuan family is the existence of legend in the kingdom of God!

The Xuanyuan family is as famous as the Ye family of Shenguo, but it is always toppled by the Ye family!

Only because, once the God of the Ye family, the strength is too adverse!

Hold the power of the six, shake the posture of heaven and earth!

And he Xuanyuan ink evil is just the common people of Xuanyuan family!

He is gifted, but he is never valued by the elders of his family!

He's ferocious, he's crazy!

But his life changed after meeting the Dragon God!

His strength is growing rapidly!

After a thousand years, he became the leader of Tiandao palace!

And the Dragon God in the hot sky is constantly advanced because of Xuanyuan ink evil!

What's more, it has swallowed a legend of powerful energy - reincarnation xuanbei!

Xuanyuan Mo Xie eased his mind from memory. He looked at the old man kneeling in front of him and said, "say it, what's urgent today."

"Has the news about the boy and the blood dragon been settled?"

The old man trembled and helplessly said, "the palace master, there is no news, the nine days dragon hall has been searched all over, and there is still no trace of blood dragon."

"Even Lingwu has no clue."

"Those two guys, as if the world evaporated."

Xuanyuan Mo Xie raised his head, cold and bloodthirsty: "what are you doing here! Go away

The old man hesitated for a few seconds and said, "among the ten cities set up by Lingwu, two cities have already been slaughtered by the blood of a powerful one."

"Two tiandaoge pavilions have been severely damaged!"

"If it goes on like this, ten cities will suffer."

"Please send someone to do it!"

"What!"

Suddenly, Xuan Yuan Mo Xie stood up and devoured everything! The wind blows!

"No one dares to move these ten cities for thousands of years! The status of China's kingdom of God is so great that there are still people who dare to kill with blood! What a daring thing

The old man spits out bright red blood from the corners of his mouth! "Palace master, please let the strong one of Tiandao palace to guard the remaining eight cities!"

"If that man dares to do it again, we'll have a turtle in a jar!" Xuanyuan ink evil directly waved his hand: "I give you the right to mobilize eight Taixu peak strong, as well as a strong chopper to guard the remaining eight cities!"

"If anyone makes trouble, kill them directly!"

"Lingwu, those mole ants, may have long forgotten what our kingdom of God represents!"

Chapter 2345

Auction house.

"Five million!"

What?

People can't help but doubt their own ears?

Do you still have this offer? Double directly? More than twice!

And! This means to fight with Xiangyang to the end!

They looked in the direction of the sound and saw Ye Chen sitting in his position, as if he had just called out five million, but five hundred and one!

Ye Chen!

Ye Chen again!

If ye Chen had just asked for a million yuan and photographed the heterogeneous Geng gold, people were just a little surprised, but they didn't think about it.

Now I'm completely scared and shocked!

They can't help but wonder, don't Ye Chen come from Shenhua college? How can you be so rich?

Of course, they did not suspect that ye Chen was shouting at will. After all, the statue of the alien beast had no reaction!

However, after ye Chen called out five million, even if they didn't want to, they couldn't help thinking of what ye Chen said at Xu Sheng's reception.

If you can get a treasure, I will lose!

Originally, they only thought Ye Chen was pretending. Now it seems that this is not a casual talk!

And Xiangyang's face is completely gloomy, staring at Ye Chen, at the same time, his eyes are also shocked!

How could that be possible?

It's totally different from what he expected!

To tell you the truth, he didn't pay attention to Ye Chen after he spent one million yuan to buy the foreign Geng gold! Who knows, so soon jump out?

Ye Chen smiles at Xiangyang and says, "what's the matter? Why do you look at me like this? If you don't continue to bid, ye won the "huaxue sword" for you

Shua, the eyes of the public, are focused on the body of Xiangyang!

The face of the sun is hard to see the extreme!

Provocation!

How dare the garbage challenge itself?

Originally, he planned to win the bloody sword with 2 million yuan, and then compete for one or two treasures or save money to compete for the last treasure!

To tell you the truth, the price of five million has exceeded the price of this blood sword.

It's very unwise to continue bidding.

After all, the origin of martial arts is not only one method that can be contacted, but also can achieve that realm faster and improve one's own strength in a short time.

Although time is important, it's a bit extravagant to exchange this time for five million of the best holy marble!

But now, can Xiangyang quit?

Everyone is looking at themselves!

If his Nangang Xiangjia can't even bid for the garbage of a Shenhua academy, where can they put the face of his home?

Where to put his face to the sun!

Xiangyang's eyes have been bloodshot, eyes are full of anger, killing intention are rolling!

He knew that if Ye Chen didn't get a foot in it, two million yuan would have won this blood melting sword!

Because of Ye Chen! Even if he took the blood melting sword, he would lose millions of God cloud stones!

Even if it's Xiang Jia who doesn't hurt his muscles and bones, he can't stand it!

Xiangyang bit his teeth and almost squeezed them out of his mouth. He said: "six! Hundred! Ten thousand! Mr. Ye! Are you really going to fight for the bloody sword?"

This blood melting sword is very important to me! If brother Ye is willing to make friends with me, I will invite him to come and give him a good reward. "

They opened their eyes again and looked at Xiangyang!

This ascends the Xuan list to rank the 12th, is born from one of the ten big families, the proud Xiangyang actually bowed his head!

This one words, clear is to make friends with Ye Chen, retreat ah! I can't believe it!

Even Ke Jing and Li Yanxi are surprised to see Xiangyang!

A little smile appeared on everyone's face. They knew that ye Chen should stop. As long as he was not a fool, he should stop now. First of all, he continued to bid. This martial arts skill has already been greatly overpriced and lost a lot.

What's more, it's a total offence to Xiang home! Even if ye Chen is arrogant, he can't really ignore the top ten families, right?

Who knows, leaf Chen just lightly swept one eye, then continue a way: "ten million."

He didn't even say anything more. He didn't intend to respond to Xiangyang at all!

If Xiang Yang had treated him politely before, he might have thought about it. After all, can the original martial arts have a clean six Dao sword, which is more advanced and closer to the ultimate martial arts?

The reason why Ye Chen wants to shoot this blood sword is just to confirm his understanding and see if he can make the sword more meaningful.

However, Xiangyang is always threatening and making difficulties for himself, which makes him very unhappy! Now, do you want him to face his family? Ha ha, I'm sorry, he Ye Chen really does not put what to the home in the eye!

Xiangyang is not worthy of being his friend!

Now, the people in the meeting hall are suffocating! Ten million!

And Xiangyang smell speech a Leng, ye Chengang just say what? Ten million?

Ten million!!!

How could he have so much money?

Now, even if he wants to keep bidding, he can't do it! Ten million is his limit! If you keep raising the price, he can't afford to go out!

And after the reaction, then, he was like a wild animal forced to a desperate situation, almost crazy! The whole body breath and the sword idea all began to release uncontrollably!

Ye Chen didn't even give him a little face?

When did Xiangyang receive such insults? Even the descendants of the ten families dare not do this to him! How dare you treat me like this, a garbage of Shenhua academy?

In a flash, all the people present felt cold in body and mind! As if there is a cold blade, aimed at their back in general! Some of them even saw countless ghosts flash in front of their eyes, as if they were dead and came to the Shura hell. They screamed in horror!

Huang Wenxin frowned, and a momentum surged from him. In an instant, he eliminated the breath of Yang and said, "master Xiang, please restrain yourself!"

His voice is a little cold, and Xiangyang is also an exciting spirit. He calms down instantly and looks at Huang Wenxin in awe.

Huang Wenxin is a real Taixu strongman, or is he a strongman of Shenguo!

Although Xiangyang has a very strong fighting power in the existence of sealing doors, it is easier for Huang Wenxin to die than to crush an ant.

Although Xiangyang's outburst just now was a bit out of tune, people also understood why he was like this!

After all, the bid that ye Chen doubled directly just now is not to give Xiang Yang face any more!

But the face of Xiangyang and Xiangjia is rubbed on the ground!

If Xiangyang can endure, it is not Xiangyang!

Chapter 2346

At this time, Xiangyang has already sat down, his face has returned to cold, and his eyes at this time has no anger and other emotions.

Yes, only to the bone to the extreme killing intention!

Looking at the look of Xiangyang, everyone can't help but clap.

Ye Chen is finished.

Even if he can really sweep the auction, he should also consider whether he can return to Shenhua academy alive

But most people don't feel sorry for ye Chen. Instead, they think he deserves it

Although, as far as the auction rules are concerned, ye Chen did nothing wrong.

But, this is the land of Lingwu! The cruel land of Lingwu! Rules? Is it useful?

Rules, that is based on the premise of equal strength ah!

Do you dare to be so arrogant without strength?

Waiting for you, only death, no rules can save you

Chen Zhifan also frowned and looked dignified. Li Yanxi on one side could not help but say to Ye Chen: "Ye Chen, you can't finish like this..."

"Is it?"

Ye Chen shrugged his shoulders indifferently, not a good ending?

If Xiang Yang doesn't have any other ideas about him, that's all. If he really wants to find his own death, even if he has something to do with his back, ye Chen will not be soft to him at all.

Ten families, is that great?

Li Yanxi saw Ye Chen's look, also took back his eyes, no longer said anything.

At this time, Huang Wenxin also officially announced that the huaxue sword was taken by Ye Chen. At the same time, his eyes at Ye Chen also changed.

Originally, because of Ye Chen's identity, he did not take ye Chen seriously. Now, he vaguely feels that ye Chen's weight in this auction is no less than ten big families!

Even if ye Chen only spent more than 10 million yuan now, this is the intuition that he has cultivated from hosting auctions for many years.

Xiangyang gently breathed out his breath and comforted himself: "this garbage, ha ha, ten million bought a huaxue sword. It's very good. I don't believe that you still have the strength to bid for other treasures. Now it's only the second treasure, so I'll squander all the capital, idiot!"

At the same time, his heart also rose to kill!

Ye Chen let him become the laughing stock of the people, let him lose face, how can he give up?

Even, he had a vague expectation that ye Chen could take more treasures!

So, after he killed Ye Chen, aren't all these things his own?

Soon, the auction of the third commodity began. The third product is the best artifact produced by the kingdom of God. It is close to the holy soldiers!

It's a super long sword with ice attribute and spirit. It's called Tianhan blade!

The attack of cold blade on this day will bring a kind of terrible cold poison!

After the auction of Hua Xue Jian's martial arts skills, it's a small abacus of Tianchen auction to sell a top-quality divine sword. The people who took the auction of huaxue sword should be interested in this day's cold blade.

The best real artifact with spirit is extremely rare in Lingwu land, and it also carries cold poison! The cold blade of the day is also powerful among the best artifact.

And this Tianhan blade starts at 3 million yuan!

Guo Rong's eyes were bright when he saw this!

Although his sword technique is not a strong point, this Tianhan blade matches his skill and constitution very well!

To his hands, Guo Rong can be sure that his strength can be improved at least 10% to 20%!

Immediately, Guo Rong said in a deep voice, "three and a half million God's clouds and stones!"

At the same time, he stood up, with a smile on his face, clasped his fist at the people present and said, "I think you all know me, Guo Rong? Hey, I'm very satisfied with this Tianhan blade. I hope you can sell Guo some face. "

People see this, slightly awe in the heart!

Guo Rong is a person with no background, but his communication skills are excellent!

Soon with their own strength into the Lingwu mainland's top circle, and many childe brothers, celebrities, have become friends.

And! The most important thing is, this person's heart is very deep, and the wrist is extremely cruel!

Once upon a time, a young master born in a top power had a conflict with Guo Rong. At that time, Guo Rong tolerated.

However, three years later, the young master went out for a visit and never came back!

The top force was shocked and searched, but no clue was found

Just faint, seems to have a trace of contact with Guo Rong!

But at this time, Guo Rong has completely climbed to Beihai Xu family! If there is no actual evidence, this top force can not move Guo Rong at all!

As the saying goes, barefoot is not afraid to wear shoes! If you really offend Guo Rong, you have to get rid of it completely, or you will have endless troubles

Guo Rong is a lonely family. Although he has some relationship with the Xu family, he is not Xu family after all. You can't put pressure on the forces behind him, but! If he wants to target you, even the top forces will be very upset! Seeing the look of the people, Guo Rong raised a little smile.

The psychology of these people is very clear.

However, people of the four forces will not be afraid of Guo Rong. Their power is too terrible. If Guo Rong is against him, he will only die, and the Xu family will not be able to protect him.

However, Guo Rong knows that the best real artifact is not so precious for the top ten families. Even if it is Xiangyang who uses the sword, his weapons are not weaker than Tianhan blade.

So there's a good chance we won't compete with him!

Guo Rong was proud of himself. With his words, he saved a lot of money for himself. Although he came to the auction, he also brought the assets of the Xu family, instead of Xu Sheng, to bid for the Xu family's treasures. However, his own property was only 4 million yuan, less than 5 million yuan.

But at this time, ye Chen's voice sounded again: "seven million."

Now they are all used to it. As expected, it is Ye Chen again.

Others may be afraid of Guo Rong. After all, these childlike brothers are used to considering the interests and gains and losses of all parties, but ye Chen is not afraid.

If Guo Rong really wants to fight against him or Shenhua academy and xuanyuezhong, ye Chen is confident that he can kill him!

As for the cold blade on that day, although he already has a rotten sword, his incarnation also needs a weapon. The cold blade on this day is good.

Guo Rong took a look at Ye Chen. He didn't get angry like Xiangyang. He just showed a strange smile on his face and sat down.

Ye Chen accepted the cold blade, and a trace of thinking flashed in his eyes.

Now, with the income from selling Horcruxes from Wangshen tower, plus his own accumulated wealth, there are about 80 million shenyunshi left in his whole property. After all, the two shenxuanzong disciples that he killed were all from the Shenguo family, which can be regarded as a fortune!

Chapter 2347

There are still ten products that have not been sold. Although it's very nice to double the price directly and crush others with financial resources, it seems that I have to be a little more restrained.

Moreover, Guo Rong and Xiang Yang, who defied themselves, have been run over by him. There is no need to be merciless to others.

next, Huang Wenxin continues to auction, the treasures that come out are: the divine essence of the best quality medicine that has been improved to the constitution, the divine essence that is extracted from nowhere, the animal bone with the breath of heaven, a mysterious crystal with a strong sense of killing, which can help users to understand and kill the realm of artistic conception. Yes!

And ye Chen is also a great joy in his heart! Although it cost more than ten million gods to photograph these things, he thought it was worth it!

These things, in addition to the magic medicine may be very precious for others, but it can not directly enhance the strength, but ye Chen is not the same!

With these treasures, his strength can be directly increased!

Even if the magic medicine, most people may get Taixu state to start refining and absorption, as for ye Chen, there is no such concern, even if more than ten, with his constitution can be absorbed to you!

Thanks to this, it only cost more than 10 million yuan to shoot these things. At present, ye Chen still has more than 70 million yuan left, and there are only six pieces left for the rest of the auction!

Among the 13 treasures, ye Chen has already taken the first seven by himself! It's horrible!

People are even a little confused. I don't know if there is something wrong with the statue of strange animals at the Tianchen auction. Why haven't they started to call the police?

Ye Chen now spent nearly 30 million God cloud stone! It's beyond the range of all the people present!

And he still looks as if he can handle it well?

People are a little bit creepy

And some of them, especially those who are on the top of the list, have already begun to look at Ye Chen with evil intentions.

After all, ye Chen only has the cultivation of Xingqiao. In their eyes, ye Chen is a big fat sheep who can't be fattened any more!

These treasures that ye Chen got now are on the land of Lingwu, but they are enough to make those who are too weak to be crazy about them!

Even though Chen Zhifan knows Ye Chen is very strong, his eyes are still full of worry. This is not a top two sealed doors, nor an ordinary Genie genius. They are all super demons on the mysterious list!

If these people unite, it is a very terrible force!

Far beyond Taixu!

Can ye Chen, but still a pair of calm appearance.

The reason is very simple, with his current strength, these people are not enough to see.

Huang Wenxin is expected to be the one who can really threaten him. Moreover, even in the face of Huang Wenxin, although he may not be able to defeat him, ye Chen is very confident that he can escape safely.

Now he is so rebellious!

Next, Huang Wenxin auctioned several commodities, but ye Chen just fought for them for a while and gave up.

This is not because he is short of funds, but because these things are of little use to him!

A special weapon of mine system! After a lot of competition, Liang Qiu got it at a price of 19 million yuan. After getting this special weapon, Liang Qiu also laughed bitterly. Although he got it successfully, the money he brought was almost spent, so he was not qualified to compete for the following treasures.

Another treasure is an ancient arraying instrument, and this one, with a price of 15 million, was taken by an old man who sealed the door to the top.

According to Chen Zhifan, the old man came from a top power called the hermit society. This force was not a single sect, but a combination of several very old sects. These sects had a very good relationship with each other since ancient times, and now they are basically integrated.

And several of the talented people who were on the mysterious list were all from this hermit society! Therefore, in order to live in the family, they also regarded as dumping all their own funds to the old man.

Although Ye Chen didn't take all the treasures, he didn't violate what he said at the Xusheng reception.

After all, neither Liang Qiu nor the hermit society attended Xu Sheng's reception.

When the auction was in full swing, a hidden light fell in a mountain forest thousands of miles away from Feilei island.

And in the forest, there is a natural cave, inside the cave, but not the imagined stone wall!

Inside the cave, birds are singing and flowers are fragrant, and the aura is rich. Even in the sky, white clouds are blooming and the sun is hanging high. What kind of cave is this? It's just like another world!

In this world like a peach garden, there is a man in elegant green robe, full of long gray white hair, beautiful appearance, deep outline of five features, one eye is completely silver color!

Only young people with golden pupils are playing with the Guqin in front of them. At this time, a figure flashed not far away. A beautiful girl with an unnatural cold and stiff face, almost like a dead man, walked up to the young man and saluted him respectfully:

"master, there is a Taixu state that claims to be the elder of Xu family, Xu Yi, and asks for a meeting outside the cave."

"Oh?" Hearing the speech, the young man stopped playing. There was a trace of fun between his looks. After pondering for a moment, he replied, "it's interesting. Let him in."

"Yes."

Soon, a dignified middle-aged man with three long beards under his jaw walked in with the strange looking girl. This Taixu strong man from Beihai Xu family, one of the ten families in Lingwu mainland, seemed to be a little nervous at this time!

Soon, the girl led Xu Yi to the youth.

The young man had a light look. He didn't show too much in the face of such a weak situation. He just said with a smile, "elder Xu, how did you come?"

And Xu Yi was very polite!

He solemnly arched his hand at the young man and said, "I dare to disturb you. Please forgive me, unknown child."

Xu Yi even apologized to the young man first!

It's incredible!

Why, it is because the young man seems to be the top of the gate, or a half step too empty cultivation!

What about Xu Yi? He is not only from the Xu family in Beihai, but also a strong man in the Taixu area. Since he had already told us before he came in, it could be said that the etiquette was in place, but now he still has to apologize to the youth?

At present, when the upper position is completely reversed, only the lower position will turn over! It's ridiculous!

Chapter 2348

The young man with silver eyes and golden eyes waved his hand at will and said, "it doesn't matter. I'm bored."

When Xu Yi heard the speech, he felt a little relieved. Then he continued to say, "unknown child, I'm here to ask for something."

"Oh?" This young man, who was called nameless, was really interested. He gazed at Xu Yi and said, "elder Xu, do you know the price of asking me for help?"

When Xu Yi was gazed at by a young man, he suddenly felt a great pressure in his heart! Even can't help but swallow a mouthful of saliva!

One has not yet stepped into the existence of Taixu, even just a glance, let a Taixu strong feel such terrible pressure?

It's incredible.

And Xu Yi could not help but whisper to himself: "sure enough, the rumor seems to be true. This man's cultivation is weaker than me, but he really has the strength to surpass the Taixu realm!"

The man with silver eyes and golden eyes is the mysterious genius who ranks first on the Xuan list. Because no one knows his name, he is known as the unknown childe!

For a long time, in the Lingwu continent, there is a legend among those famous Taixu strong men, that is, the nameless young master who ascends the XUANBANG list and has the strength superior to them!

This nameless young master hardly contacts with anyone. Even the people who know his residence are only a few people. These people are the Taixu strongmen among the ten families in Lingwu mainland!

Sometimes, the nameless childe makes some deals with the powerful members of the ten families.

That is to say, only those who have reached the real peak of strength and background in Lingwu mainland are qualified to associate with him!

And a long time ago, the unknown childe made a rule.

If you want to ask him to do something, you can.

But there are two conditions.

First, this matter must be enough to interest him, ordinary power struggle and so on. He will not be in charge of it.

Second, if you want him to do it, you have to give up your power and control for one year!

What do you mean?

That's it! If Xu Yi wants to make anonymous, then in the next year, the Xu family is actually nameless! Even two Taishang elders in Taixu state and Xu family leader in Taixu state should obey his orders!

Of course, nameless will not really put forward to let the Xu family commit suicide collectively, which makes the Xu family simply unacceptable.

However, don't underestimate this year!

A year's time, enough to change a lot of things! Especially for the top class Xu family, it is not impossible to even subvert the power territory of the whole Lingwu continent!

After hearing the speech, Xu Yi took a deep breath, and a trace of determination flashed on his face and said: "unknown child, I understand that after the success of the matter, the next year, my Xu family will only follow the lead of the young master!"

This is also what he discussed with other authorities of the Xu family before he came.

Nameless nodded: "well, you say it, but if it's too boring, I won't do it."

Xu Yi is glad to hear his speech, but he is nameless. For Xu Yi, this is basically a success!

Because, he can guarantee, it will be very interesting to be anonymous!

What's up?

What else can happen!

In Xu Yi's eyes, a trace of gloomy anger flashed through his eyes. He said, "this is what happened. My grandson Xu Sheng was beaten seriously yesterday, so I want to ask the young master to kill the man for me!"

The unknown smell speech, originally also with a trace of interest on the face, immediately revealed a cold, displeased said: "this kind of thing also come to bother me? Elder Xu, you don't regard me as a thug, do you? "

Hearing the speech, Xu Yi's face turned white. He quickly lowered his head to explain: "you misunderstood me! I'm not finished! This person is very special, his cultivation is very low! I'm just a martial artist, but it's hard for my Xu family to get him! "

What kind of power is the Xu family? They soon collected most of Ye Chen's information! As long as they are strong enough, they can feel the imprint on Ye Chen's body, so they can't hide it from the Xu family.

"Well?" Nameless eyes bright a minute, "some meaning, continue to say, why can't you do anything to him?"

"Because this man has the mark of the kingdom of God!"

In his nameless eyes, he said, "I see. In this case, the strong in Taixu can't attack him at will. However, you Xu family doesn't lack other strong people? What else do I need to do to deal with the presence of a starfish? "

Hearing this, Xu Yi couldn't help laughing bitterly and replied, "the difficulty lies in this place. This boy doesn't know what's going on. He's so weird that he can't look at it with common sense. His strength can be regarded as against the heaven! They will even be invincible in the closed door area! "

"What?" Now, even nameless is finally moved up! A pair of silver eyes also faintly flashed the color of excitement!

Interesting!

How interesting! Can you defeat the top of the gate?

Ha ha, originally he thought that only he could do this. Now it seems that there are many unknown things in the world, isn't it?

But this unknown, although he is very interested, but does not want its existence!

In the nameless golden pupil, suddenly burst out a burst of cold light!

In this Lingwu land, as long as he is an eternal evil spirit, it is not good enough. He has been removing the kingdom of God all the time. In fact, he himself is influencing the upper circles of the whole Lingwu continent!

It is not too much to say that the upper circles of Lingwu mainland are under its control, while the appearance of genius in Xu Yi's mouth makes nameless feel a trace of change.

Although he does not like too monotonous, boring things, can allow certain variables, but this variable must be his control of the existence!

For example, if this person only has star orifices, but has the strength of the early days of the seal gate, he is a very, very terrible genius, but it is still within the scope of nameless acceptance.

Although he would be interested in Ye Chen, he would not accept the request of the Xu family. Instead, he would observe Ye Chen himself and consider how to treat him.

But now the situation is not the same. A genius who can stand on the top of the gate in the state of star orifices has already made nameless feel a trace of danger that can't be controlled

So, we should nip this uncertainty in the bud!

Death is spreading fast!

After a moment of nameless meditation, he raised his head and said with a smile to Xu Yi, "OK, I'd like to do something for the Xu family. What's the name of this person?"

In Xu Yi's eyes, a flash of ecstasy flashed, and he couldn't wait to reply: "this man's name is Ye Chen. Now he's going to participate in Tianchen auction on Feilei island!"

Chapter 2349

At this time, in the Tianchen auction house, Huang Wenxin announced with a smile: "if no one bids, this Lingyuan pill will belong to this child."

This child, of course, is Ye Chen. This spirit source pill is a half step Taixu level pill with incomparable pure aura. It can be said that it can improve the cultivation of the martial arts practitioners in Fengmen realm without side effects. It is very useful for those present!

But in the end, ye Chen took it!

Many people look at Ye Chen's eyes, are already with anger and forest, at the same time, there is a deep shock!

Ye Chen is now alone with eight treasures! Tens of millions of God's clouds have been spent! How rich is this guy!

However, ye Chen is still a look of disapproval.

Huang Wenxin coughed and said: "next, it's our auction. The last three treasures are on the stage. Please be ready

Many people look like a shock, they did not grab anything before, now, the opportunity should also be their turn? Even if ye Chen is rich again, it should be to the limit now, right?

Looking at the people's eager eyes, the cheongsam girl directly lifted the white cloth. For a moment, people only felt a flash of brilliance, accompanied by a heat wave, rushing to their faces!

Huang Wenxin said: "this object, named yunlingzhu, can increase the strength of its corresponding attributes. For those who practice fire attribute skills, this pearl is the supreme treasure! The base price is five million yuan of Shenyun stone

Ye Chen and Li Yanxi, when they see the Pearl, their eyes shine at the same time!

For ye Chen, if he wants to refine the burning stele, he needs to strengthen the fire attribute!

Li Yanxi immediately called out: "ten million!"

And those who were preparing to bid, when they heard Li Yanxi's voice, they all looked at each other, hesitated for a moment or remained silent.

As top celebrities, these people are no stranger to Li Yanxi. They have participated in many top auctions with Li Yanxi.

Li Yanxi, as a young lady of the Li family in Donglin, seems careless on the surface, but in fact she is very strong in her heart!

Li Yanxi's vision is very high. If she can't look up to something, she usually won't hand it. But when she sees something, she wants to get it anyway!

Therefore, these people all think that this Yun Lingzhu must be Li Yanxi's, so if they bid again now, they will not only get nothing, but also offend the Miss Li family. Why?

In fact, when Li Xiaoyan was in charge of the auction, she was very close to Li Wenxin's house, and some of them were in charge of the auction.

He knew that Li Yanxi had a martial arts skill, which was called Phoenix Dance sword, which was passed down from the kingdom of God. The weapon she used was a real artifact with fire attribute. If the beads were integrated into it, the artifact might even break through and be promoted to a half step holy soldier!

In that case, Li Yanxi's strength will be increased by at least 20%!

But at this time, ye Chen opened his mouth again.

"Fifteen million."

Ye Chen didn't directly double. On the one hand, he had to fight for the remaining two treasures. Second, he had a good impression of Li Yanxi, so he didn't have to do it so thoroughly.

Li Yanxi frowned, but also immediately said: "16 million!"

"Seventeen million."

"Eighteen million!"

"20 million."

Ye Chen bid 20 million, Li Yanxi is also a little nervous, this Yun Lingzhu is really important to her!

Even Huang Wenxin frowned and felt that ye Chen had gone too far.

It's too ruthless.

Even the most top power in Lingwu mainland, Donglin Li family, doesn't give face!

Li Yanxi looked at ye chenmei beside her, and there was a hint of request in her eyes. This was the first time in her life that she had done this to others!

Li Yanxi couldn't help saying, "Ye Chen, this Yun Lingzhu is very important to me! I hope you can give it to me... "

And then he bid again: "25 million!"

People look at Li Yanxi's appearance, it is really a little silly

If Xiangyang's concession to Ye Chen is still threatening, Li Yanxi is really asking for it

This has always been, in the hearts of all people, the daughter of the first family, unexpectedly asked others to

Over 20 million! This figure, the people present, except Li Yanxi, no one can give it out! And this number is also the limit of Li Yanxi!

At this time, Xiangyang looked and said, "Yan Xi, I still have ten million yuan here. I can give it to you..."

However, Li Yanxi shook her head and said, "no need."

She never liked to borrow from others.

"I'm sorry." Ye Chen shrugged helplessly: "it's also very important to me."

If it's any other treasure, maybe he can make it, but the pearl is very important for him to upgrade Xuanyan's grade. "Twenty six million!"

Ye Chen said this, the auction house is really silent! Now ye Chen can still get 26 million? How much has he spent?

This is not money at all!

Usually, they are the role of flaunting their wealth in front of others, but for the first time in their life, even these celebrities, child, feel that they have been hit! Ye Chen dazzles the rich behavior to hit!

Compared with Ye Chen, what kind of show off wealth they used to have?

Finally, Yun Lingzhu still fell into the hands of Ye Chen.

Li Yanxi's eyebrows were wrinkled. She had a high level of martial arts cultivation and was born into the most powerful family in Lingwu mainland. She had never experienced such a feeling. In her beautiful eyes, she was deeply disappointed and regretted.

But all of a sudden, Li Yanxi's face moved and her eyebrows opened again.

Because, she noticed one thing.

She noticed the people present and looked at Ye Chen's look.

.....

The next two items, one is the spirit of heaven that can enhance the strength of the user's spirit. Ye Chen won it at a price of 19 million!

This is still the result of some top talents and magnates, because they can't stand it. But even if these people join hands, their money is still not as good as ye Chen!

The last thing is a green lotus demon fire that no one can suppress!

Don't say in Lingwu land, even in the kingdom of God are cherished existence!

It's a great treasure for fire repair!

Moreover, its purity, high to the level of horror!

This green lotus demon fire, the present people are completely crazy!

Many families, geniuses, this time almost all the people in the auction house, will unite to compete for the green lotus demon fire, as long as you can get a trace of it!

However, everyone did not expect that, even so, the green lotus demon fire was still won by Ye Chen at a price of 42 million, almost sky high!

Chapter 2350

Burning blazing in Ye Chen's eyes!

This green lotus demon fire is what he needs most in this trip!

No one is allowed to take it!

When one person called down 22 million, ye Chen directly called down 42 million!

20 million more!

No one can come up with such a price!

The momentum of Ye Chen's eyes condenses to the extreme!

If someone raises the price again, he doesn't mind higher!

This thing must belong to him!

This is the only possibility of refining the burning stele!

.....

Out of the gate of Tianchen auction, ye Chen could not help but feel refreshed. Although he almost spent all his money this time, the treasure he got was really very useful to himself!

As long as all these treasures can be absorbed and refined, then he also has the capital to enter the kingdom of God?

It's worth the money!

However, Chen Zhifan beside Ye Chen said with great solemnity: "Ye Chen, it's a little bad..."

Ye Chen smiles and naturally knows what Chen Zhifan refers to. There are dozens of killing intentions behind him, which are condensing.

However, ye Chen just said to Chen Zhifan: "bad? Hehe, it's a bit bad. Originally, the scenery of Feilei island is good. I want to stay here for two more days before I leave. Now it seems that I can't stay

With that, he came up behind him, staring at himself, for fear of those celebrities who had slipped away. The geniuses said with a smile, "everybody, why are you looking at me like this? When you look at a big man like this, you don't feel sick. I still feel sick. "

Ridicule!

Naked irony!

Ye Chen even dare to challenge them at this time?

Xiangyang looked gloomy and was about to drip water. He said coldly, "this waste of xuanyue sect is really crazy. Are you really afraid of death?"

With that, he turned around and said to the people around him:

"this childe ye, what he did at the auction, I believe, doesn't need me to say anything more. He doesn't pay attention to us, the powerful and powerful families and talents, so it's no wonder that he died.

How can we kill his treasure again? Even if you can't get what you want, I can guarantee with my reputation to my family that as long as those who participate in the killing of this little waste, I will distribute to you the God cloud stones originally used to buy treasures according to your contributions. "

This time, all the people present were excited!

However, Xiang Yang is not too concerned about these people, but focuses on Tong Niu, Ke Jing, Liang Qiu, Guo Rong and others.

These talents are the most powerful group of participants in this auction. With their participation, ye Chen can be said to be dead.

Tong Niu looked at Ye Chen's back with gloomy eyes, and said in a jar: "I want the treasure that can strengthen the body. It doesn't need all of it, just a part of it."

Xiangyang smiles and nods. He knows that Tongniu has agreed.

Huang Fei, Cai Xinghuang and Zhao Rui, who were on the top of the list, all nodded and were willing to join the ranks of killing Ye Chen.

But Ke Jing frowned slightly, hesitated for a while, or shook his head to Xiangyang and said: "sorry, brother Xiang, I will not participate in this matter."

Xiangyang's face changed slightly, but he only snorted coldly. Without much to say, he turned to Liang Qiu and asked, "what do you say, brother Liang?"

"Well?" Liang Qiu looked at Xiangyang with a smile and asked, "what do you say?"

Xiangyang looked ugly again and said, "brother Liang should know what I mean."

"Oh." Liang Qiu's face was flat, "I'm sorry, I have something urgent to do. I may not have time to help brother Liang."

Finish saying, also regardless of the sun, then left in self-care.

Take a deep breath to the sun and press down on the anger. Anyway, it doesn't need so many people to kill this garbage. It's good. Most of Ye Chen's treasures are his own.

But let him some did not expect is, Guo Rong actually also face a trace of strange color, to the sun arch hand, then left on his own.

Finally, Xiangyang looks at Li Yanxi.

In fact, other people's opinions do not matter to Xiang Yang. He believes that the strength of the scene is enough to kill Ye Chen. However, if Li Yanxi agrees, that is the most important thing!

Ye Chen robbed Li Yanxi of a very important treasure at the auction!

Xiangyang smiles at Li Yanxi and says, "Yan Xi, that boy robbed your Yun Lingzhu..."

Li Yanxi but lightly swept his one eye way: "needless to say Xiangyang, I am not interested in this kind of thing."

Xiangyang's face was stiff, but he didn't dare to say anything more.

Not only because he likes Li Yanxi, but also because of her identity. No matter how Li Yanxi chooses, Xiang Yang can't ask anything.

However, the next moment to make people a little shocked, appeared. Li Yanxi went straight to Ye Chen!

This time, just a few excited crowd, immediately cooled down.

What is Li Yanxi going to do?

Li Yanxi, with a cheerful expression, confidently said to Ye Chen, "Ye Chen, I think you should know what these people want to do. I know you are very strong, but don't underestimate them. Huang Fei, Cai Xinghuang and Zhao Rui are all the top 20 talents on the Xuan list, plus Tong Niu.

If these people join hands, even if they are the strong ones in the sky, they will be threatened, right? Not to mention there are so many famous people in the family. Do you know what you are facing? "

"Oh?" Ye Chen pondered and said with a smile, "what does Miss Li mean by saying these words?"

Li Yanxi said: "very simple, I can let you leave here safely! Of course, it's not unconditional. The premise is that you give me that Yun Lingzhu! "

This time, Xiangyang, Huang Fei, Cai Xinghuang, Zhao Rui and others are all nervous!

Now ye Chen, is undoubtedly a head to the mouth of fat ah! Do you want to fly away like this?

If Li Yanxi really wants to protect Ye Chen, they can't move Ye Chen. After all, everyone can't help but give the face of the Li family in Donglin.

What's more, the most important thing is that Li Yanxi didn't want all the treasures of Ye Chen, but just Yun Lingzhu!

In this way, ye Chen will not only not die, but also keep all the other treasures. It is just that one Yunling pearl is missing. As long as ye Chen is not a fool, will he agree?

Even ye Chen can't help but feel a little stunned when he hears the speech. He knows that Li Yanxi's demands are not too much, on the contrary, they are very beneficial to him. He can't help but have some good feelings for Li Yanxi.

After all, if Li Yanxi really wants to accumulate Lingzhu and join hands with Xiangyang and others, in the eyes of ordinary people, it is a more reasonable choice, isn't it?
