

Physician 2351

Chapter 2351

To Shangye Chen, a descendant of the top ten families, as well as a group of talented people who have ascended the XUANBANG list, many famous people's children, to be honest, even the Li family is a little reluctant. Even if people give the Li family face, Li Yanxi also uses up part of the Li family's human feelings for ye Chen.

Even if you are strong, face is not infinite.

And ye Chen can also think that Li Yanxi's request is due to Yun Lingzhu. On the other hand, Li Yanxi is a person of principle and a proud person. She will at least not rob others' things, even if they are very important to her.

Ye Chen still appreciates such people.

Looking at Ye Chen's appearance, Xiangyang couldn't help but shout: "Ye Chen! Are you still a man? If you are a man, don't hide and face me by yourself

He's scared!

He was afraid that ye Chen would promise Li Yanxi that he would not get the treasure. What's more, ye Chen, who has trampled on his face and his face at home, has no chance to kill him!

The crowd also echoed: "ha ha, wasn't it arrogant at the auction just now? Now Miss Li is going to protect her? "

"Originally, when he was a man, I didn't expect a little white face, ha ha ha."

"Well, brother Xiang, this kind of person, just let him live. Anyway, his achievements are probably like that."

"It's just a pity that it's a waste to give such a person as him a treasure."

Li Yanxi ignored these people and continued to ask Ye Chen, "how?"

Ye Chen looked at those celebrities' children with a smile. He said faintly, "no, I will solve this matter myself."

Li Yanxi smell speech, can't help but slightly frown, look at Ye Chen's eyes, also flash a glimmer of disappointment.

She originally thought that ye Chen was the same person as her. They all had a deep-rooted pride. Their pride was not shown to others. Naturally, they would not care about other people's opinions.

Therefore, she believes that ye Chen is not because of these people's provocation, then impulse, make an unwise decision.

But now, ye Chen, but refused her!

Is she really wrong, ye Chen is not the kind of person in his imagination?

But no matter whether it is or not, it seems that now it doesn't matter, because now ye Chen is going to compete with those strong men. In Li Yanxi's opinion, ye Chen's chances of surviving are very small.

Although Yun Lingzhu is very important to her, since Ye Chen has refused her request, she will not intervene.

Li Yanxi also has her own pride.

However, when she gazed at Ye Chen's back, she did not know why she did not leave.

This figure, inexplicably full of an appeal, made her want to understand. Even though the outcome of the battle was almost doomed, Li Yanxi still wanted to see what happened.

Inexplicably, she had a glimmer of expectation for ye Chen.

At this time, ye Chen's hands were behind him and sneered at the murderous people behind him: "let's get together, I'm in a hurry."

Xiang Yang scorned Ye Chen's self-confidence and said: "ha ha, I hope you can be so sharp when you beg for mercy."

Suddenly, he looked cold, and his voice seemed to be able to freeze the cold wind of all things and drank: "kill me!"

That group of top talents and celebrities, one after another, roared, started, strong breath broke out, countless terrible martial arts, Guanghua, swept towards Ye Chen, even the void trembled and collapsed!

At the same time, another place on the island, above the sky, flew a huge black beast!

The giant beast steps on the fire, majestic!

Between the wings instigation, actually with the heaven and earth prestige!

And there was a girl sitting quietly on the beast.

The girl wore a veil and looked calm, as if the next thing to do was extremely easy.

This is the fourth stop of Wei Ying's plan.

Before that, she had already destroyed four of the ten cities set up by the kingdom of God in Lingwu.

Tiandao Pavilion is destroyed, and any powerful person who blocks her will be turned into blood mist.

And she learned a lot.

Just when wumang was about to come to tiandaoge of FEILEI Island, the huge body suddenly stopped.

So it was suspended in the air.

Wei Ying opened her eyes and woke up from practice. Her red lips were slightly open and extremely sexy: "wumang, what's the matter?"

Wumang suddenly looked in a direction and roared slightly.

The next second, he even spoke: "master It's also flying thunder island. "

As soon as the words came out, the little girl's eyes were full of ripples.

I don't know how long later, her red lips outlined a smile: "Ye Chen is actually here. I heard that the auction was held here. I think he is also an invitee. In this case, let's go and see him."

"I don't know where he grew up from the demon clan."Inspired by the dark awn, his wings spread out and flew to the sky again! Into the clouds!

And just then! In Tiandao Pavilion of FEILEI Island, an old man came out.

The whole body of the old man is very dusty, but it also exudes a terrible momentum!

He is Lin Haiyan, the Taixu peak strongman of the Xuanyuan Mohist cult who came to settle in Feilei island!

Lin Haiyan is the most powerful person in addition to the chopper!

Although he is the peak, he can also be regarded as a half step!

As long as the opportunity comes, he will be able to successfully cross into the disaster situation if he resists the ore!

With his hands behind him, he gazed at the black awn disappearing from the sky, and said faintly, "did you leave ahead of time? Is it to be aware of my presence? "

"Or do I think too much? This man is not a mysterious and powerful man who slaughtered those cities? "

Lin Haiyan thought for a long time, and finally set foot on the sky!

Xuanyuan ink evil has orders, any threat must be killed!

Even if that person leaves, he will continue to explore!

Moreover, he crushed a Golden Jade Rune!

This is what he is calling for the powerful man who has come down from the kingdom of God!

.....

At the same time, in a mountain outside the demons.

The eyes of the eternal king, sitting cross legged, burst into his eyes with a color of worry.

His fingers moved and his face grew more serious.

"The boy's robbery came ahead of time. According to the fate, it seems that he is going to meet with the kingdom of God."

"Not good!"

"If two men fight! There is no doubt that the boy will die

He suddenly stood up, staring at the two women and a man not far away. After thinking for a moment, he said, "Yan Kun! Stop practicing and go to fly thunder island with me

"This time, I'm afraid it will be difficult for ye Chen."

Yan Kun heard Ye Chen two words, eyes open! The whole body releases a strong sense of war, the huge body is like an iron tower!

There are many opportunities to kill! Once the blood of heaven and earth gods broke out!

His eyes were like stars and said seriously, "yes! Forever

"If anyone dares to move the elder brother, I will let him understand what the ancient heaven and earth gods are!"

Chapter 2352

Ye Chen at the moment does not know that he has been slowly involved in the storm center of the kingdom of God and the eternal king.

What he has to do now is face the storm!

The anger of the geniuses of the hermit family in Lingwu continent!

As if there are countless light of death, devouring Ye Chen at this moment!

However, such as Xiangyang, Tongniu, Huang Fei and others just wait and see and do not start. They are the most powerful people in this group. Before you start, you should observe the strength of your opponent.

Ye Chen's eyes narrowed. Although most of these people rely on the accumulation of resources, they all have the ability to fight by leaps and bounds because of their family background!

What's more, the level of their martial arts is not low!

Together, the momentum is also very frightening.

Li Yanxi is also pretty face slightly color change, dozens of sealing exist together, even if it is a half step too weak strong, also want to slightly avoid its edge?

But what about ye Chen?

Ye Chen was just standing in the same place with a pale face, without the slightest intention of dodging!

Li Yanxi looks at Ye Chen, can't help but sigh, look more disappointed!

Ye Chen is so arrogant that he doesn't even mean to dodge?

In Li Yanxi's view, ye Chen is really all the way to cross the pressure to fight, leading to his mentality is too inflated!

It has reached the point of blind arrogance!

Now, ye Chen's choice is really stupid! Anyone with a little combat experience should choose to dodge instead of standing in the same place!

Maybe, is she really wrong about ye Chen?

But at this time, ye Chen moved.

To be precise, it was his manual.

With a wave of his hand, five swords with simple shape and rough workmanship were suspended in front of him.

It's the Horcrux!

However, it seems that this Horcrux is different from the one he used before, in style and in aura.

This is the first time ye Chen has used such a Horcrux.

With a smile on his face, he saw that he was about to fall in front of him. He was also curious about the power of these five soul weapons.

Ye Chen has two kinds of soul skills, one is called "Heaven soul sword", which mainly uses single attack.

One, called Shensha sea, is range damage!

Therefore, there are two kinds of soul devices forged by Ye Chen!

Now, what he uses is a soul weapon forged from Shensha sea!

The next moment, the power of Ye Chen's mind suddenly broke out, driving the five flying swords in front of him to kill people!

And the scorn of the crowd!

In their view, Ye Chen this is dying struggle, mantis when the car ah!

Let's not say what these five flying swords can do. Before the flying swords meet them, Ye Chen will be completely submerged by everyone's martial arts!

But some of them changed their faces and said, "wait a minute! Isn't this flying sword similar to that used by Chen Zhifan that day? "

They clearly remember that Chen Zhifan used the flying sword that day and seriously injured Xu Sheng!

Xu Sheng's strength is far stronger than them!

Although Ye Chen's flying sword has only five handles, it is impossible to hit all of them, but no one wants to be the five people who have been hit!

For a moment, everyone dodged and defended!

Their idea is very simple, even if they can't really avoid the flying sword, hold on until ye Chen is destroyed by their martial arts skills!

The idea is good, unfortunately, what they meet is Ye Chen!

"Can you hide?" Ye Chen sneered and said, "burst! The sea of evil spirits is coming out

The next moment, the five flying swords burst into a burst of powder!

And that five god evil spirit sea soul skill, also in the instantaneous release!

A burst of spirit power, which contains divine power and boundless evil spirit, suddenly poured into people's minds!

People's awareness of the sea, it is like the occurrence of a 12 magnitude tsunami in general! Earth shaking, all things collapse!

For a moment, the sound of screams was overwhelming. Almost all of them were bleeding from the seven orifices and rolling on the ground. It was extremely painful!

And those away from ye Chen's body everywhere, there are less than an inch of various martial arts energy, also in the dissipation!

Moreover, this is not a wave, but a wave after wave, a full five waves!

After the five waves of shensha sea, most of the spirits of those who made the move were completely crushed. Even if some survived, they were seriously injured and almost disappeared into a coma.

Even if they don't die, they can only become idiots.

Although most of these rich childe are guarded by high-grade Soul Crystal in the sea of knowledge, their own spirit quality is really poor. Even if the soul crystal blocks most of the damage, the residual energy is not what their spirit can bear. In Lingwu land, soul cultivation is rare, and it is really so terrible!

This is why Chu Hong can take out so many shenyunshi and ye Chen to buy Horcruxes!

Horcruxes are not to be sold!

Of course, Horcruxes don't have that much power on average hands.

After a blow, Xiangyang, Tongniu and other people's faces changed completely! Shock to the brain a blank, thinking will be smashed!

Although they are powerful and stand at the end, the power of shensha sea is almost scattered by those childe in front of them, so they just look pale and have not been hurt in substance.

But! Their spirit, however, has been greatly hit!

They looked at the dead and wounded in front of them. They couldn't help believing their eyes!

What did ye Chen do just now?

Even a shot, instant seconds dozens of late sealing and even the existence of the peak?

Is this, this or human?

It is not that they have not been in contact with Horcruxes. Even Taixu's Horcruxes are still in their hands.

But even if it is the best soul weapon in Taixu, it seems that it has no such power?

And! what's more! They haven't seen Horcruxes that can attack in groups!

I have never seen such a terrifying Horcrux to be used at the same time!

Even Li Yanxi, also beautiful eyes big Zhang, looked at Ye Chen in disbelief, for a time even forgot to breathe!

Originally, she was also disappointed with Ye Chen and thought that she was wrong about ye Chen!

Now it seems that she did see ye Chen wrong, but it was not ye Chen who was wrong, but herself!

She totally underestimated Ye Chen's strength!

Ye Chen is not what was provoked by this group of people, made a rash decision, but these people really can not pose a threat to him!

Li Yanxi's pretty face, can't help but blush, she is the first time such a disgrace.

Ye Chen looked at Xiangyang and other humanitarians with a smile: "how? Aren't you going to do it? Do you want to let ye go

Chapter 2353

Xiang Yang and others came to their senses.

Xiangyang said with a very ugly face: "let's go together!"

Said, several people are body shape flashing, will ye Chen surround in the middle!

Ye Chen smiles, raises his hand, and is a five handle soul weapon!

The remaining top players are Xiangyang, Tongniu, Huang Fei, Cai Xinghuang, Zhao Rui, just five people!

However, Li Yanxi at this time, it is slightly frown.

Ye Chen's Horcrux is very strong, and he can use five handles at the same time, which is against the heaven, but it is not enough to deal with these people.

First of all, it is soul crystal. Soul crystal can resist most of the damage caused by the spirit eliminator. But the spirits of these people are not as fragile as those childe brothers who rely on external force to enhance their cultivation.

Even if it is the soul weapon of Taixu state, although it will hurt them, it is not enough to defeat them!

What's more, these people are leapfrogging to fight!

Joint forces can definitely fight Taixu a layer of heaven!

At this time, Xiangyang and other five people also joined hands!

All of a sudden, the beast roared, the fists rolled wildly, the swords twinkled, the sword shadow stirred, and the palm print startled the sky!

The five top 20 talents on the Xuanxuan list joined hands, which was even more terrifying than the dozens of fengmenjing princes just now!

Even in Ye Chen's eyes, also flash out a trace of dignified!

These five are really strong!

When he turned his hand over, the beast decayed sword fell into his hand, and the five soul weapons burst one after another, and the soul sword was cut out!

Xiangyang five people only felt that there was a sudden roar in the sea of knowledge, and then came the sharp pain like tearing!

A few people roar, eyes blood red, obviously has been suffering to the extreme, but! They are worthy of being super geniuses. Even though they are in pain, their martial arts skills have not been weakened, and there is no sign of instability!

Li Yanxi stares at Ye Chen. I don't know why she is a little nervous!

But!

Seeing that the attack is about to fall on Ye Chen, ye Chen still doesn't move!

Five people a Leng, immediately ecstatic!

Ye Chen, this is to think that he can also create a miracle, instant seconds and others?

What a stupidity!

It seems that those rich childe did not sacrifice in vain. At least they made Ye Chen feel invincible, didn't they?

Even Li Yanxi couldn't help closing her eyes at this time. Ye Chen's strength was terrible, but finally she was defeated because of her arrogance!

These five people join hands, even if it is too empty, no one can take it!

Too empty two layers of sky, may also be difficult!

Xiangyang even laughed: "waste! You think we're like that bunch of garbage? Will be killed by your Horcrux? Ha ha, just die for your ignorance

"Is it?" Ye Chen's face is expressionless, the beast decaying sword in his hand moves, and Jue Qiang's sword will soar to the sky!

And what his pair of cold eyes lock is Huang Fei standing in front of him!

Huang Fei frowned. He ranked fourteenth on the Xuanxuan list. He was known as Tianpeng boxing. His body was smart, just like a ROC. His fist power was frightening. It was enough to overturn the river!

At this time, he naturally knew that ye Chen was staring at himself. However, Huang Fei remained calm and his fist strength changed rapidly. He turned from attack to defense!

Although, Huang Fei dodged, did not face hard resistance Ye Chen, but, this does not mean that he is weak!

It's very strong!

In the face of Ye Chen's terrible sword idea, he can turn his attack into defense in this instant, which is enough to show his strength!

At this time, a sword light suddenly appeared in front of his eyes, like a bolt from the blue! Cut the world!

Ye Chen's sword is extremely strong!

Although Huang Fei is shocked, he is not flustered. He defends and dodges with his fist power!

He knew that he didn't need to really kill Ye Chen, and he didn't need to fight with Ye Chen! Just need to hold on for a moment, Xiangyang and others will take ye Chen's life!

But at this time, the corner of Ye Chen's mouth is really floating with a strange smile.

The reason why he used the Horcrux before the attack was to let the five join hands to make a slight flaw!

If you are in a Horcrux, it is impossible for everyone to be affected the same way. Some are light and some are heavy. If they cooperate, there will be deviation!

Even if this deviation is very small!

But! For ye Chen, enough!

Huang Fei is the most influential one after he was hit by the Horcrux just now! His attack, slower than others, even if only 0.1 second, is enough!

Because of this 0.1 second, ye Chen cut out this sword!

With a huge bang, the whole thunder island began to shake. The waves around the island were surging, and the lightning and thunder were thundering. It was a scene like the end of the world!

Huang Fei's fist, at the moment when he touched Ye Chen's sword, his face turned pale and his eyes were full of panic!The power of this sword is too terrible!

Even if he touched the sword, he had a feeling that even his soul would be devoured by it!

Huang Fei roared, burning his potential, and burst out a burst of green light in his fists! Want to fight against the sword!

But in less than a second, the green light was completely destroyed by the sword!

With blood splashing, Huang Fei's body flew upside down. A deep wound was cut out on his chest, and his hands were bloody. Even the bones seemed to be completely smashed!

But Huang Fei is laughing!

Because he knows, ye Chen chose to attack himself, there is no chance to dodge the attack of Xiangyang and others!

Ye Chen, is already a dead man!

Xiangyang and others are equally happy!

Got it!

But the next moment, Xiangyang a few people's smile, but solidified!

Their attack did kill Ye Chen, but at the moment of attacking Ye Chen, ye Chen's body suddenly turned into a white fog and spread out!

Several attacks penetrate the white fog of Ye Chen's change and fall to the ground, and instantly smash out a deep pit that can't be seen at all!

What's going on?

Good people, but also into fog?

I've never heard of such strange magic power!

Ye Chen used the atomization magic power and the red dust divine pulse to avoid a wave of attacks from several people. After his body solidified quickly, the golden thunderbolt flashed, and he showed up beside Huang Fei!

The sword light rises again, the killing intention condenses. On the blade of the beast decayed sword, the butcher God cuts out and kills everything!

"Help me Huang Fei was terrified, completely into the extreme panic, now his hands have been abandoned, can not resist ah!

With a click, the light curtain of Huang Fei's protective artifact broke like paper paste, and the sword fell to his neck!

Blood came out, Huang Fei's head fell to the ground like this!

Ye Chen bathed in blood all over his body, holding in one hand the decaying sword still dripping blood. Facing Xiangyang, who was full of incredible color, he showed a vicious smile and said coldly, "one!"

Chapter 2354

This "one" is just like the curse of the king of hell, which makes people excited and shiver!

Roared to the sun: "he can't atomize when he attacks. Tongniu, you have strong defense. On top of you, I'll wait for several people to attack!"

Tong Niu's eyes congealed and his hand turned. He took out a big shield and drank loudly. His voice was like spring thunder. He held the shield and ran into Ye Chen!

This shield, which is neither gold nor stone, is shining with red gold aura. Countless inscriptions are engraved on the surface. It is a real artifact shield!

Ye Chen is not afraid at all, waving a long sword, welcome to go!

Xiang Yang and others move, change their position and attack Ye Chen again!

Ye Chen's body shape was raised in an instant, and a light fire covered his body. The red dust divine pulse was activated to the extreme, and the blood burning formula and divine blood and other magical powers were used!

A huge force, wind to the peak!

With this great power, the third sword, the eternal thunder sword, will be cut out!

There's a big bang. It's a powerful sword. It makes people wonder whether it's a heavy hammer that can collapse the whole mountain!

A sword is incredibly strong and powerful, and holding the magic weapon shield of the Tong Niu, to be chopped upside down and out!

Even, spit out a mouthful of blood!

It's scary!

What a thrill!

This is Tong Niu! In the case of holding the artifact shield, you were cut upside down and injured?

How terrifying is this?

For ordinary people, I'm afraid that even if they have big shield protection, they will be shocked to pieces, right?

However, at the same time, the attack of Xiang Yang and others also completely disappeared into Ye Chen's body!

A palm print is printed on Ye Chen's chest and heart!

A sword light cuts to Ye Chen's neck!

the last sword light just goes into Ye Chen's eyebrows!

Tongniu and others are happy to see this!

Three fatal injuries, this ye Chen, even if it is against the sky has already died can not die again?

However, the original also full of happy faces of a few people, the moment will show like a ghost general look!

After three shot down, ye Chen's whole body actually exudes a burst of yellow light!

Yellow light blocks everything!

The power of the red dust God pulse!

How could they have thought of it!

And the spirit power of Ye Chen's elixir field rapidly passed away, and the red dust God vein disappeared!

The fury of the three strikes after mitigation, or fall!

Ye Chen's body retreated a few steps, even with a trace of blood.

These three top talents work together to strike, Taixu second heaven will also be hit hard!

Ye Chen wiped the blood from the corner of his mouth, but he laughed.

A creepy smile!

In that pair of eyes, extremely cold eyes, instantly locked Cai Xinghuang!

Cai Xinghuang ranked 13th on the Xuanxuan list, one higher than Huang Fei. But at this time, his eyes on Shang Ye Chen could no longer keep calm!

It was a cry, turned to fly thunder Island, crazy plunder!

Cai Xinghuang is known as a fast shadow sword. His sword technique is very fast, and his body method is not slow!

However, compared with Ye Chen, or worse.

A golden thunder light, accompanied by a gust of wind, suddenly fell in front of CAI Xinghuang!

Cai Xinghuang roared: "save me

One side of the spirit power whirled wildly, with all his strength, he cut toward Ye Chen with all his strength. In an instant, thousands of sword ideas appeared in the sky and earth, and the fierce breath

bloomed infinitely between the flash of sword light, as if even the heaven and earth road would be convinced by this sword!

With a roar, the sword light accurately hit Ye Chen, but it again penetrated through Ye Chen's body. The white fog surged wildly, and a body shape suddenly emerged behind Cai Xinghuang.

With a click, the light of the sword flashed by. Cai Xinghuang was exhausted by his sword, and was cut into two sections by Ye Chen's sword!

"Two."

Ye Chen turns around and coldly looks at several people who have just arrived, spitting out a number in his mouth.

Xiang Yang, Zhao Rui, and Tong Niu are all pale. They admit that ye Chen has scared them.

At the same time, their hearts also completely cut off the idea of escape. Cai Xinghuang's speed is the fastest among several people. Even he can't escape from ye Chen's sword, let alone himself?

However, the enemy in front of them gave rise to a sense of despair from the bottom of their hearts.

How can they not despair when they are killed with a sword that is no less powerful than them after three fatal injuries?

Zhao Rui looks at Ye Chen, who is walking slowly. His eyes are shaking wildly, because he finds that ye Chen's eyes are on him!

Originally, he only thought Ye Chen was a arrogant, stupid, and indefatigable waste, so he agreed to start with him. After all, ye Chen was just an unknown person who barely entered the XUANBANG list, but he was the super demon who ranked in the top 20 of XUANBANG! There is no comparison at all! But now?

In front of Ye Chen, where or what evil? Monsters are not enough to describe this person! This man is like a god of death!

Zhao Rui has not experienced difficulties and obstacles all the way, but nothing can compare with the terror and powerlessness brought by Ye Chen!

This peerless demon who is proud of everything and is highly respected in Lingwu land, just because of the eyes cast by Ye Chen, Daoxin will collapse!

With a puff, under the shocked gaze of Xiangyang and Tongniu, Zhao Rui actually knelt down directly. He kowtowed to Ye Chen and said, "Mr. Ye! I was wrong! Please spare me! I I I will be your servant

Xiangyang and Tongniu are stupid eyes!

This Zhao Rui, even directly beg for mercy, but also volunteered to be the servant of others?

Martial arts practitioners, especially those with the highest quality like them, are extremely proud, because to practice martial arts is to go against the sky. Since it is against the sky, naturally we should go forward bravely and never bow down!

The state of mind of a martial artist also has a great influence on his achievements!

Zhao Rui naturally knows this!

However, he knows better, no matter how strong the mood is, it's useless!

With his qualifications, as long as there is no accident, he must be able to enter the Taixu realm. At that time, he will enter a new world. Even if he does not fly up directly, the Taixu strong will also have the qualification to go to the kingdom of God!

He also has an infinite future and a brilliant future. How can he die here?

As long as he is strong in the future, even if he kneels down now, what will happen? Who dares to say anything to him?

At the same time, he also believes that he is a top demon, for ye Chen is certainly useful! Since he has volunteered to be a slave, ye Chen has no reason not to let go of himself!

However, ye Chen just glanced at Zhao Rui coldly. Even, he didn't take a second look.

The next moment, the blood flashed.

Zhao Rui, who is kneeling on the ground, has a big head and falls to the ground. His soul is shattered by the sword.

"Three."

Chapter 2355

Ye Chen's coldness makes Tongniu and Xiangyang look blue and cold at the bottom of their heart. They know that, since they have dealt with Ye Chen, there is no room for turning around.

Zhao Rui, a super genius with unlimited potential and a young strong man with the highest goal, has voluntarily become a slave! Ye Chen did not hesitate to kill it!

This man is a killing madman. He has no reason at all!

Indeed, if you think rationally, ye Chen should stay with Zhao Rui, but, ha ha

For ye Chen, the most important thing is never interests.

It's his heart.

All the way he went, he did what he wanted!

If you can't even understand your own ideas, what's the use of higher cultivation?

Since we want to do it by ourselves, since we regard ourselves as the waste that can be abused and slaughtered at will, we have to pay a price.

Since you have offended me, is there no problem for me to trample on your most precious things and trample them to pieces?

What Zhao Rui cherishes most is obviously his own life.

Xiang Yang and Tong Niu look at each other, and they are both resolute. With a roar, Tong Niu suddenly swallows a pill into his mouth. A layer of gray white appears in his body instantly. His eyes are congested, his body is tall, his muscles are bulging, and his breath is extremely irritable.

At this time, he seems to have lost his mind and rushed to Ye Chen!

Xiangyang also showed a trace of ferocity. He suddenly highlighted a mouthful of blood essence and smeared it on the sword in his hand. On the sword, there was a layer of blood light immediately. The blood light seemed to have life, flashing with Xiangyang's heartbeat.

And Xiangyang's hair, also quickly showed a trace of gray, face also old up, he staring at Ye Chen, eyes full of hate.

The sword in his hand is called Tiangui sword, which is sealed with an ancient ghost as the soul of the sword. Just after Xiangyang, he sacrificed Tiangui sword in exchange for the power of the ghost!

In this way, the natural side effects are great, and may even affect his foundation, but now, I can't care so much! While Tong Niu can still block Ye Chen, he must seize the opportunity to kill Ye Chen!

He knew that ye Chen's vitality could not be truly immortal! The injury is strong enough. He believes Ye Chen will die!

These two people, are without reservation, using the real cards, ready to fight to death!

At this time, some of the remaining people on FEILEI Island, as well as the staff of the Tianchen auction, have been stupefied.

Originally, they just stayed to watch the drama and appreciate how this extremely arrogant upstart was crushed and ravaged.

But this result, actually no one has thought of!

FEILEI Island rumbles unceasingly, the battle between Tong Niu, ye Chen and Xiang Yang will even shatter and sink the whole island!

At this time, the crowd suddenly sounded a man's voice full of fun.

"Hehe, it seems that Mr. Ye has not let me down."

With a crack, Tongniu's artifact shield was chopped to pieces by a sword!

At the same time, there are the hands of the calf!

At this time, his whole body was soaked in blood, and his internal organs had already been smashed. That is to say, he relied on his excellent physique to support it. But now, his potential stimulated by the power of pills was almost consumed.

"Four." Ye Chen once raised his hand, a sword will fall on the ground dying child cattle cut in two, finally, raised his eyes, staring at Xiangyang.

This is the son of Xiang family, who has a long family history and outstanding talent. He has no blood at this time. He can't hold the Tiangui sword in his hand!

And a crowd of onlookers, is also a gaping, shocked to the extreme!

Ye Chen, they have subverted all their knowledge of martial arts!

A martial artist in the Xingqiao realm had dozens of leapfrogging existence in the later stage of the closure and even the peak in an instant?

What's more, even if five super demons at the peak of Lingwu join hands, they are still invincible?

This is simply, can't be the reality!

Even those people at the Tianchen auction are stupid!

They were born in the kingdom of God, not without seeing genius, but! A monster like Ye Chen has never heard of it!

Once upon a time, they all thought that the land of Lingwu was just a backward place. The practitioners there were just a group of uncivilized barbarians who could not be compared with them. They looked down upon Lingwu land and these Lingwu people in their heart.

But now?

Ye Chen, they have subverted their understanding of Lingwu land!

Where the hell is this backward and wild land in imagination?

Can the birth of Ye Chen this abnormal place, will be backward, will be wild?

This kind of monster, they always thought, only in those real gods, can exist!

Can only say, ye Chen against the sky to the extreme!"Let me go..." Xiangyang's lips trembled and said, "you You can't kill me. I'm Xiangjia's son. I'm Nangang Xiangjia. You can't fight against me! Do you know what happens when you do it yourself to me? "

"Ha ha."

Ye Chen, without a look on his face, walks towards the sun step by step, while Xiangyang is constantly retreating.

"What will happen? I want to ask Mr. Xiang."

Xiangyang was stunned and his eyes trembled even more!

Why is this?

Does Ye Chen really want to kill himself?

Really desperate?

Xiangyang roared in despair: "you Shenhua academy, no, not only Shenhua college, but all the people related to you will disappear from Lingwu! Do you know? Stop it! Stop for me

"Is it?" Ye Chen looks indifferent way: "I feel on the contrary, what will disappear is to the home."

Hehe, ten families? significant.

If he had not participated in the auction, maybe Ye Chen really needed to be afraid of this Nangang Xiangjia, but now he has no scruple about killing Xiangyang.

The reason is very simple.

Now he may not have the strength to compete with Taixu in the middle and later period, but what if he absorbed all the gains in the auction?

At that time, the so-called top ten families, ye Chen also need not put too much in the eye, right?

With him alone, he has the confidence to retreat home!

Therefore, Xiangyang must be killed!

In Ye Chen's eyes, the intention of killing is blooming, ready to raise the sword, and Xiangyang is also scared to be paralyzed on the ground, suddenly, ye Chen's look is changed!

Chen Zhifan, standing behind Li Yanxi in order to avoid being affected by the battle, called out: "brother fan! Get out of fly thunder island! Go now, take song Rou with you

"What?" Chen Zhifan frowned and looked at Ye Chen. I don't know why he said so suddenly.

However, at the next moment, Chen Zhifan seemed to feel something. His face changed wildly. He was shocked to the point that his spirit was about to disappear. He gazed at Ye Chen and said nothing more. He turned and ran away towards the accommodation.

Chapter 2356

Chen Zhifan knows that staying here will only become a burden to Ye Chen.

All of a sudden, those who had not left FEILEI Island suddenly turned their heads and looked at the sky in a certain direction.

There, there are three breathtaking breath, toward the flying thunder Island fast approaching!

Soon, three figures, then appeared in the high air, overlooking Ye Chen standing on the ground, eyes cold to the extreme!

The three men, a dignified middle-aged man, an old man with grey hair and deep sunken eyes, and one, it seems, are a gloomy young man.

And these three people, without exception, are all Taixu strong!

Three too empty!

Xiangyang looked up into the air, but his face was ecstatic. He got up and ran towards the three men. He called out, "elder Xu, master Xu! Help me, help me

Three Taixu strong swept a glance at Xiangyang, fell from the sky, stood in front of Ye Chen and said, "you are ye Chen?"

Ye Chen's eyes narrowed slightly, staring at the three people: "Beihai Xu family?"

Xiangyang is called elder Xu and the head of the Xu family, which means that they are all from the Xu family. There is only one Xu family in Lingwu mainland, which has three Taixu strong men. That is the Beihai Xu family, one of the top ten families.

To his surprise, the Xu family found it so quickly.

At this time, there are several people coming from a distance, one face grim. It was Guo Rong.

The other one, however, seemed a little funny. He was wrapped in bandages, wrapped like a rice dumpling, and even could not walk by himself. He could only move with the help of two maidens.

However, although this person looks miserable and incomparable, his eyes are full of pleasure!

This man is Xu Sheng!

The reason is that he knows that ye Chen will hurt himself into such a bastard, dead!

In addition, in front of the two, there was a young man in a green robe with a beautiful face and a pair of silver eyes. He had a smile on his face, which gave people a feeling of spring breeze. Guo Rong and Xu Sheng, following this man, showed great respect!

Among them, the dignified middle-aged man, Xu Yi, snorted at Ye Chen coldly: "boy, you don't think that you can leave this Feilei island safely if you hurt sheng'er like that?"

"Ha ha."

In the face of Xu Yi, ye Chen still looked indifferent, smiling and laughing: "I just think I can leave this FEILEI Island, how? Are you going to bite me? So you bite? Don't just shout there? "

The successive shocks have made the onlookers feel confused. After hearing what ye Chen said, some people almost fainted

Even if ye Chen is crazy again, there should be a limit, right?

To a real existence of too empty, unexpectedly, directly say something to let the other party bite themselves???

Madman!

He's a complete lunatic!

"You

Xu Yi was stunned when he heard the speech. Then, he was crazy about the blue veins in his forehead, his eyes were congested, and his anger was beyond measure!

How many years? How many years, no one dare to speak to themselves like this?

He doesn't even remember himself!

At present, in front of so many people, he was ridiculed by a star orifices younger generation?

This is an unimaginable insult to a too empty existence!

"Angry?" Ye Chen squints at Xu Yi and laughs. "Do it? What are you standing for? Do you want me to give you a move? "

Xu Yi's powerful breath was restless and violent. Even those onlookers who stood far away held their breath and looked at Xu Yi with horror. They even dare not breathe!

Now, they feel like a mole ant facing a nuclear bomb. With a trace of energy released at will, Xu Yi can easily kill thousands of himself!

Too empty, too terrible!!

But!

What makes them extremely strange is why, after hearing Ye Chen's sarcasm, Xu Yi has not started yet?

On the contrary, a look of patience?

Xu Yi is really patient and represses his anger, because he knows that he can't fight ye Chen.

Because he has a mark on him!

"It seems that with this mark, Mr. Ye is very confident in himself."

At this time, a man's voice came from behind Xu Yi.

Ye Chen looked at the man, but frowned.

What he saw was a man with a handsome face and a deep outline. He looked like a perfect silver eyed man who was like a work of art by God.

This man, elegant and elegant, with a gentle smile on his face, seems to be no more than 25 years old. He wants to get close to him inexplicably!

Can ye Chen see this person's moment, but heart crazy jump! His intuition, the alarm bells ring wildly, is warning him crazily that this young man with silver eyes is extremely dangerous!

Even, than those three too weak strong, give ye Chen a stronger sense of threat!

That's weird!

Xu Yi naturally caught Ye Chen's dignified appearance and sneered: "Ye Chen, your strength is really strong, should you have the level of Taixu?"? With the mark on your body, do you think you are invincible, and no one can do anything to get you? "

"Stupid!" Xu Yi's voice suddenly froze down, "Ye Chen, I admit that your potential is terrible. Even we can't ignore you. If you give me time, you can not put it in your eyes one day, even my Xu family?"

It's a pity that you are now provoking a force that should not be provoked! Even if you are excellent and rebellious, you will die here today! Because!

You are just a frog in the well! In this world, there is far more terrible than you

"So -" Ye Chen gazed at the young man with silver eyes and said, "are you sent to kill me? What's your name?" He didn't pay attention to Xu Yi. At this time, he had put all his attention on the young man with silver eyes.

"Sent?" With a smile, the young man said, "by the Xu family? Hehe, ye Chen, you look down on me too much. It's just that they asked me to do me a favor. "

The onlookers can't help but take a breath. The silver eyed youth doesn't even pay attention to Beihai Xu family, one of the top ten families? What's more terrifying is that the people of the Xu family are so humble to this young man that they dare not have any dissatisfaction?

"As for my name?" In the youth tone, with a trace of disdain, "I'm afraid, Mr. Ye doesn't deserve to know, but there are many people who call me nameless."

Ye Chen, Li Yanxi, even Xiangyang smell speech, are suddenly pupil contraction!

Nameless?

No. 1 on the list?

That incomparably mysterious nameless?

Chapter 2357

"Not qualified?" Ye Chen's eyes burst out a sense of war, he knows that although the other side only seal the top of the cultivation, but, nameless is very strong.

The strength that erupts absolutely surpasses Taixu two layers of days! Even more terrible!

But what about strong?

The stronger the enemy, the more worthy of defeat, isn't it?

"I hope you will have a chance to say your name before you die. I'm still curious about you."

At the next moment, the thunder suddenly appeared, and ye Chen's figure suddenly appeared beside the nameless. The infinite divine thoughts roared out and turned into the sword of divine thoughts and chopped into the nameless sea of knowledge!

But the nameless swept Ye Chen one eye, on the surface appeared a trace of disdain, under the Ye Chen soul skill attack, actually is even a trace of wavering color has not!

Ye Chen's eyes twinkle, it seems that this nameless, more terrible than he imagined!

He suddenly raised his hand and cut out a sword. It seemed that there was a murmur of gods and demons in people's ears. The sword was slashed to the unknown with infinite power. At this very close distance, it was almost unavoidable!

However, all of a sudden, ye Chen's face color is suddenly changed!

And that extremely terrible sword, also in the twinkling of an eye, eliminate invisible!

The voice of wind and clear Yang suddenly rings out in Ye Chen's heart: "the art of forbidden spirit?"

Ye Chen looks a Lin way: "what forbidden spirit skill?"

The wind is clear and clear with a trace of coagulation: "the art of forbidding spirits is a very tricky means even in the kingdom of God. This secret skill can only be used by people with special physique. Its function is to control all kinds of true Qi and energy and eliminate the enemy's supernatural and martial arts skills!"

When ye Chen hears this, he can't help but show the color of shock

This, too abnormal?

"Now, it's my turn."

Nameless smile, wrist a turn, holding a long sword emitting bursts of green light, a sword out, the green light will rise to the sky, straight up to nine days!

This sword is a real holy soldier!

A wisp of sword is floating between heaven and earth. There are some seals on the scene. They tremble uncontrollably and can hardly stand! It is just a breath that leaks out, which makes them feel that life and death are not controlled by themselves.

Even those three Taixu exist, are the face of the horror of the color!

That sword awn is extremely fast, ye Chen subconsciously will display the atomization skill to evade, but at this time, the wind clear voice rings out again: "boy! Don't use atomization! "

Ye Chen was stunned, but it was too late. The sword was in front of me!

In a moment, the white mist of the body disappeared!

But! The next moment, a burst of blood mist, then in the white fog, diffuse!

At this time, ye Chen looked at his chest in disbelief. At this time, his chest has been pierced with a huge blood hole!

Fortunately, the wind Qingyang reminded him at the last moment, so that he reluctantly carried out some defense, otherwise, this blow would be enough to make him seriously injured!

But even so, he was not feeling well at all! The power of this sword is almost equal to Lin Yaqin's!

What's more, the nameless sword broke his atomization skill!?

And at this time, a group of people looking at the face with a mocking smile of the nameless, almost faint! Including, those from the kingdom of God!

A rebellious to the extreme of Ye Chen even, now, how come to a nameless ah?

Is this still the level of Lingwu?

Such a genius, even if placed in the kingdom of God, is a peak demon?

Nameless looking at Ye Chen, but slightly frown, he did not kill Ye Chen with a sword?

It's kind of interesting.

Nameless to Ye Chen sneer: "what you just cast is the art of atomization, right? It's a pity that this kind of magical power is useless under my forbidden spirit skill. However, you didn't die? I was a little surprised. "

The next moment, the nameless look was cold, and he suddenly cried out: "forbidden spirit realm, open!"

An invisible wave diffuses around him and ye Chen.

Ye Chen took a pill, and his wound began to recover slowly. However, his expression did not relax at all, but became more and more dignified!

Because, after being covered by the forbidden spirit Dharma domain, the aura of the surrounding heaven and earth is stagnant, as if it is extremely difficult to mobilize a point!

If ye Chen had been touched by the aura of heaven and earth like water, he would have reacted. Now he is like a huge piece of cement!

Nameless smile to Ye Chen: "just don't know, how many swords can you bear?"

As soon as the voice fell, the sword in his hand began to condense again!

In this forbidden spirit realm, it seems that only nameless is not affected!

Ye Chen's face was grim, and he asked in his heart, "master, how can we break the forbidden spirit realm?" After a moment's silence, Feng Qingyang opened his mouth and said, "your sword of cutting the sky, burning the sky and thunder of all ages are not enough, so they will be influenced by his forbidden spirit realm, but there is a kind of power that he can't influence."

"What?"

"That is, your physical strength!"

"Combined with your physical strength, it's time to teach you the fourth sword!"

"This fourth sword is called the sword of killing the devil and destroying the world!"

"Apprentice, it's an emergency. You can't use it immediately! Only by my power

"If I try my best, I will die! But I may dissipate at once

"If I keep my strength, I can only exert a part of my strength, and I can't hurt each other! It's up to you! "

The latter has no choice but to think!

He doesn't want the breeze to dissipate!

As long as the wind is clear and the sword is used, he can feel it!

The next second, ye Chen closed his eyes.

Then, all of a sudden!

It is a pair of eyes throughout the ancient and modern!

That is a pair of eyes only belong to the sword!

Ye Chen's figure disappeared, turned into thunder, and ran towards the unknown!

Xiangyang, Xu Sheng, Guo Rong and other people saw this, first a Leng, then laughed!

"You fool, have you given up? Knowing that he didn't have a chance, he ran to die in front of the unknown child? "

"To die? Hehe, maybe he is going to run to kneel down and beg for mercy? "

"I see, he is to recognize himself in front of the unknown child, but a waste, began to abandon himself!"

Nameless silver eyes flash, but slightly frown.

For a moment, he felt that Ye Chen had changed.

Although cultivation and strength have not changed, but this sense of crisis, very strong!

Nameless no longer hesitates to activate the body protection technique!

He didn't activate it against Taixu strongmen!

What is Ye Chen going to do?

The next moment, a sword!

That terrible sword, again from the body of Ye Chen through!

Chapter 2358

Xiangyang and others were full of sarcasm and were about to open their mouths to laugh, but suddenly their faces froze.

Just because of the sword in Ye Chen's hand, the sword's meaning is overwhelming!

At this moment, Ye Chen's whole body seems to form a thousand sword virtual shadow!

Ten thousand swords are converging continuously, as if forming a sword of extermination!

This power completely surpasses Taixu!

The sky changes color for it! Dark clouds cover the whole world like Ye Chen's hand!

The sword meaning forms the strength, as if has the sense of annihilation!

Is this the sword meaning of Xingqiao warrior?

You're kidding!

They even feel that they can't release this kind of power in their whole life!

Sword of killing the devil! Fall!

Ye Chen's thin lip flap moved: "unfortunately, ye Chen chose the latter, otherwise, you may die."

"I will never forgive anyone who touches my disciples."

Language down, that nameless body protection method, directly broken!

"Damn it!" Nameless secretly scolds a, actually is one side condenses the sword idea and simultaneously retreats.

Nameless, even retreated?

That looks incomparably contrary to the sky, frightening to the extreme of anonymity actually retreated?

Not only that, but also a trace of blood appeared in the corner of the nameless mouth!

Obviously injured!

This sword, unexpectedly shakes the unknown!

People feel that their brains are not enough

And ye Chen's eyes also recovered as before.

The wind has returned to the samsara cemetery.

The sword of killing the devil and destroying the world just now was used by Ye Chen.

Now he wants to use anonymity again!

Get through!

With a loud bang, it's a sword!

After the brief silence, ye Chen, unexpectedly again! It's moving!

Straight towards the unknown!

This, even has been incomparably calm nameless look, have some changes!

Is this guy immortal?

It's a little scary, isn't it?

However, soon, the nameless face was cold and overcast. While his body was flashing, he was staring at Ye Chen and said in a sharp voice:

"you are very strong! It's beyond my expectation! "

"I nearly lost the sword I just made to you!"

"I underestimated the enemy. Now, I want to see if you can bear my swords!"

Boom, boom, boom!

For a time, loud noise continued, Feilei island was a mess, unexpectedly was unknown to blow out many huge holes!

Nameless some panting staring at the figure in front of her, in the silver eyes, also emerged a touch of incredible color!

Ye Chen is still alive at this time!

Nameless has made ten swords now!

Ten swords! Still did not kill Ye Chen!

But obviously, now ye Chen has reached the limit.

After all, it is a great consumption to activate the red dust God pulse and kill the devil sword!

Ye Chen still has the most powerful blow absorbed by Lingfeng's pulse, but it has not been released!

He will not release him until he has to!

Nameless, not qualified to release!

Nameless eyes flash, showing a cold awn, next sword!

He must finish Ye Chen with the next sword!

Nameless holds the sword, closes his eyes and concentrates on it, and operates his spiritual power. This sword, he wants to reach the acme he can achieve!

This sword, he must have full assurance to kill Ye Chen!

Even out of ten swords, ye Chen is still standing in front of him, so that has been incomparably proud of the nameless some irritable.

Anyway, with Ye Chen's present state also cannot approach oneself, isn't it?

At this time, ye Chen looks bloody, frightening face, but reveals a smile.

This is the time he waited.

"Chaos star tree!! Open it

Ye Chen lightly drinks a sound, a strong force of life gushes out from his body, at the same time, the breath of Ye Chen also faintly weakens.

But!

On his body, the ferocious and incomparable injury began to heal quickly!

Just then, the chaotic star tree in his body opened his mouth!

The chaotic star tree has given Ye Chen a trace of chaotic power!

As long as there is still one breath in it, you can recover completely! But after that, we should bear the pain of chaos against the sky!

The nameless forbidden spirit Dharma Realm, though terrifying, is not omnipotent!

Supernatural powers such as divine blood and burning blood formula cannot be completely offset by the forbidden spirit realm!

Among them, including the chaotic star tree!

Is Ye Chen really immortal?

Such a serious injury, even if you take a real medicine, you can't recover so quickly, right?

Nameless nature also found! However, now he is in the critical moment of running the sword technique. He can't stop at all!

"Ah, ah, ah, ah, ah!" After the recovery of the injury, ye Chen suddenly gave out an earth shaking roar, and his whole body was in a frenzy. The earth under his feet began to crack!

Ye Chen's hand, more than a long sword!

It's not an animal decaying sword, but a sword with cold air, just like a long sword made of ice!

It's Ye Chen's weapon from the auction, Tianhan blade!

Ye Chen raised the Tian Han blade in his hand, and his whole body muscles were uplifted. With a roar, he actually threw the cold blade towards the unknown!

With the blessing of Ye Chen's great strength, Tianhan blade instantly turns into an icy blue streamer, just like a laser, and flies towards the unknown!

Xu's three Taixu strong people were surprised at the situation!

But the speed of Tianhan blade is too fast, and now they are also affected by the forbidden spirit realm. They have no time to stop it!

"Poo poo!"!

Blood is raging!

But the blood is not bright red!

But a strange light silver!

It was nameless blood, gushing out of his throat!

Originally, the sword pointed directly at his brow, but at the last moment, the nameless one leaped slightly, causing the sword to stick in his throat!

Although this sword hit, but ye Chen's face changed suddenly!

This sword didn't kill nameless?

If the ordinary Taixu exists in the sky, ye Chen is confident that the sword shot with the ultimate physical strength can turn the sword into nothingness as long as it touches the other party's body slightly, and even the spirit may be crushed by his own great power!

And nameless?

Even if he shot him in the throat, although nameless was hurt, he didn't die!

Not only did he not die, but even the most terrible sword in his hand had never been shaken!

Nameless physical quality, even so strong?

"Poof!" Nameless suddenly spits out a big mouthful of blood, his face is pale, his eyes are bloodshot, the original demeanor, elegant, indifferent to exist!

The handsome face became extremely ferocious in an instant. The bulging blood vessels appeared on his face. In the blood vessels, not only the hot silver blood, but also the extremely boiling killing intention!

The nameless silver eyes swept the silver bloodstain on the green robe, and the anger in the eyes would ignite the air!

"You! Dare! Hurt! I

Nameless was holding a long sword, and his sword Qi was surging. He was still stuck in his throat with the Tianhan blade. His eyes were staring at Ye Chen like a wild animal's roar, and his mouth was hoarse and penetrating!

Chapter 2359

"A cheap one! How dare you hurt me? Die for me The sword in nameless's hand, the green light explodes to flash, suddenly points to Ye Chen!

A strong sense of sword, from the sky!

Ye Chen's eyes stare, and he is still biting his teeth. His body is constantly shaking. He is pointed at by the nameless sword. He can't move at all!

"Meteor sword, chop!"

Nameless big drink, in the long sword, the sword idea surging out, toward Ye Chen surging away!

The sword light has not yet touched Ye Chen. It is just the moment that appears between heaven and earth. The land under Ye Chen's feet is completely collapsed!

With a huge bang, a very deep Tiangkeng suddenly appeared on the Feilei island!

Just because of the power of this sword, Feilei island is completely penetrated from top to bottom!

But at the bottom of the Tiangkeng, what appears is not the Wangwang sea water, but the purple thunder!

Wind Qingyang found that the existence of purple thunder, was actually a exclamation: "empty God thunder?"

Under Ye Chen's body, there is a thunder curtain composed of empty God thunder!

Empty God thunder, known as one of the three great spirit thunder, even if it is the existence of the virtual state can not be hard to resist ah!

There are meteoric sword light in front and void thunder behind. Is Ye Chen really going to fall here this time?

On the sky, Wei Ying's eyes twinkled with anger and anxiety!

But she didn't move!

She knows the road of martial arts. If she intervenes too much, ye Chen can't be strong!

However, she couldn't help it! She just wanted to call wumang to rush down!

An old figure and a burly man appeared!

It is the eternal king and Yan Kun!

"Girl, don't do it."

"This is the robbery of that boy."

"This robbery is against heaven."

"What's more, not only do we watch the war, but the strong men of the heavenly way Palace are still watching the war."

"It's them that we're fighting now."

"A Taixu peak and a strong chopper, they have already seen Ye Chen's face and ye Chen's adversity, so they must die."

The next second, Wei Ying eyes toward a direction to see!

Above the sky, not far away, actually appeared two old figures!

The breath of these two old people is terrible to the extreme! It's your own way!

Soon, the two old people stopped and said in cold voice, "it seems that today is really an unexpected harvest."

"It can not only destroy the mole ants that challenge the Tiandao palace, but also take away the eternal king who has been hiding."

"If these two things are enough to excite the palace master, the last one may make the palace master ecstatic."

"If I guess correctly, ye Chen should be the mysterious youth the palace master has been looking for."

At this moment, ye Chen's identity was revealed!

Wei Ying and the eternal King gathered and looked at each other. They knew that the two powerful existence could not leave alive!

As for the lower Ye Chen, you can only rely on Ye Chen himself! They can't intervene!

.....

And at the moment below, ye Chen's eyes condense. In his eyes, a green sword with destructive power is rapidly enlarging!

But fengqingyang also said: "boy, this nameless is a bit strange, his strength is enough to step into the three layers of Taixu sky, but he did not, and he even had a sense of divine Kingdom And when he used his martial arts, there was a shadow all over him... "

"His roots and bones are indistinct, but I vaguely feel that he has practiced for thousands of years..."

"There are too many doubts in this nameless body. At present, we can only use the power of Lingfeng's pulse!"

Ye Chen no longer hesitates, this nameless than imagined strong too much!

This is the first time that he met a top-level strongman since he stepped into Lingwu!

Top the list! Lingwu the first top talent in mainland China!

He closed his eyes and his blood was boiling!

Lingfeng's pulse is fully activated!

This power is enough to destroy everything!

However, at this time, the ancient god of medicine, who had not opened his mouth, spoke!

"Ye Chen, don't activate! There is a mystery under the thunder island

"Go down! Get down

"I'm here. You can't die!"

The ancient medical God's voice is extremely urgent!

Ye Chen Mou son a congealing, hesitated a few minutes, still took back Ling Feng Shen Mai!

Although this strange old man has a bad temper, he is still trustworthy!

"Good."

At the next moment, the green sword will wrap Ye Chen's body!

With a loud and earth shaking sound, ye Chen's body has disappeared completely!

The blood mist fell on the thunder curtain composed of empty God thunder, and turned into blue smoke repeatedly.

In people's eyes, ye Chen turned into nothingness on the nameless sword! Many people, when nameless was about to cut out the sword, had already risen from the sky to observe the situation in the Tiankeng.

At this time, they all saw this scene!

See ye Chen is destroyed by a sword!

Three Xu family are too weak strong, the face is showing the color of ecstasy!

Ye Chen, dead at last!

Originally, they all thought that the unknown hand would crush Ye Chen directly, but they didn't expect that ye Chen was much more terrible than they imagined!

Even, it hurt nobody!

But in the sky, not only the three Xu family members saw this scene, but also Li Yanxi. For a moment, she blinked her eyes in disbelief

Ye Chen, how could you really die like this?

In addition, there is a person, is full of despair and sadness, this person is naturally Chen Zhifan!

Tears from his eyes, although Ye Chen let him leave, but he let song Rou escape, then back here, just to see ye Chen was killed by the meteorite sword!

How could it be?

How could ye Chen die like this?

Chen Zhifan couldn't believe it, and he didn't want to believe it.

However, the facts seem to be in front of us.

He gasped heavily, his eyes red, staring at the unknown.

He knows that he is not an opponent, there is no chance to kill the unknown.

But! He couldn't help but want to do it!

After counting the rest, Chen Zhifan forced himself to calm down. He finally took a look at the thunder curtain in the pit that day and turned to fly away from the thunder island.

He knew, for the sake of a moment's anger, what's the use of giving up his life in vain?

And after ye Chen died, Chen Zhifan felt that things would not end so simply

All people did not notice, a red figure also disappeared with Ye Chen!

This is Yan Kun of Qiankun clan!

In ancient times, there is only one person's Yan Kun!

.....

Above the sky.

Four figures stand.

Wei Ying, the eternal holy king, the peak of Shenguo Taixu, Lin Haiyan, and Liang Hongyi!

The intention of war is imminent.

The eternal king looked at Wei Ying and said, "I can make a tie with the kingdom of God."

"Are you confident against the Taixu peak? You're only eight stories now... "

Wei Ying looked cold and said directly, "yes."

"I only care about one thing, the lower Ye Chen disappeared, is there something wrong with him?"

Chapter 2360

The eternal King laughed and took a sip of wine: "that boy is so easy to die."

"I know that he is not the top of the team. His real strength should be in the three layers of Taixu."

"But it is not so easy to solve Ye Chen with such strength."

"If I guess correctly, ye Chen is going to look for the chance under Feilei island."

"The kingdom of God did not set up ten cities at will."

"When ye Chen comes out, it is estimated that he will really enter the realm of sealing doors."

Wei Ying was much relieved.

Her eyes fell on Lin HaiYan's body not far away, and sneered, "what about Taixu peak? Anyone who dares to move my man will die or his spirits will die!"

The next moment, the eternal King coughs fiercely.

He has lived for ten thousand years. He has never heard of such a confession.

"Does Ye Chen know your true identity?"

Wei Ying shook his head: "I don't know."

The eternal King frowned: "are you not going to tell him? Anyway, you're from Huaxia. He might be very happy if he knew you were here

Wei Ying was still resolute: "I don't want him to know that from the day I became the master of juechan emperor's palace, the end was doomed."

"I hope he is not involved in this ending."

"And I hope you keep it a secret."

"Even if it's doomed, even if I'm in love with you, I'll treat him like the beginning and the years will be the same."

The eternal King sighed. He knew that love was complicated and what Wei Ying was carrying.

He holds the wine pot in his hand and kills the opportunity to release:

"girl, I'll give you one too."

"But once we met, we knew each other. How can we not see each other. Ann and Jun Jue Jue, avoid teaching life and death for Acacia

Wei Ying's face moved slightly, and the pupils seemed to be rippling.

At this time, Honglin and Liang Yan started their work!

"Nonsense! You are all going to die today

Liang Hongyi is the first to rush to the eternal holy king!

His sword, with the ultimate awn, has no hand left!

All the void around us is torn! Even there is a faint flash of lightning in the tear.

The eternal King's fingers pinch Jue, the gourd wine pot in his hand turned into a wooden sword!

The wooden sword is full of fury!

"I haven't used the sword for a long time. I just have a look at my strength after stepping into the chopping disaster!"

Two extreme forces crisscross! It was a standoff for a while!

And Wei Ying is also killing! The whole body is engulfed by the endless ice. The cold sword in the hand takes thousands of coldness, and cuts it directly towards Lin Haiyan! Lin Haiyan's eyes shrunk and kept retreating. He found that the woman of the eight layers of heaven had the ability of leapfrogging!

This sword is actually the peak!

"Ten thousand fire seeks the sea sword!"

Countless fire and cold light touch!

All the destruction around us!

There was a whirlpool in the dark clouds!

The whirlpool is getting bigger and bigger, as if the whole world will be swallowed up!

.....

Below.

Nameless glances at the thunder net in the pit and slowly retracts his eyes. Ye Chen's thorniness is far beyond his expectation. Even he has to admit that ye Chen is indeed a demon.

But soon, his mouth will raise a trace of smile, no matter how rebellious Ye Chen, finally, or died in his hands.

Xiangyang and others are also full of joy, but he took a look at the void God ray in the pit, and said with some regret: "it's a pity that the boy's storage bag fell into the thunder net of the empty God thunder, and the treasures he got at the auction could not be recovered."

The three Xu family members look at each other and frown slightly. Even they dare not resist.

Nameless pulled out the cold blade in his throat and quietly took a magic medicine. At the same time, his face was also a little ugly. When he fought with Ye Chen, he was hurt even more than expected!

Anger in nameless heart! At the same time, there is a trace of fear!

You know, ye Chen just hit him once! Still in his forbidden spirit realm!

Even so, it has caused so much damage to him!

Is this not to say that if ye Chen is more powerful, he can even take his life?

Think of here, the cold sweat on nameless forehead, instantly came out! He almost died in the hands of a mole ant who hasn't stepped into the door yet?

Although he has the art of forbidding spirit, he can simply compete with the strong in Taixu, but his defense is too weak! If you encounter Taixu environment, you will suffer a lot!

At this time, Xu Yi came forward, respectfully asked nameless: "unknown childe, are you ok?"

Nameless light way: "it's OK, just skin injury."

Xu Yi said with a smile: "of course, this rubbish can't hurt the young master. However, this boy is really rough and fleshy. Your meteorite sword skill is enough to match the strong one in the middle of Taixu state, but he has resisted so many swords with his flesh! Hehe, but in the end, he suffered in vain before

he died. If he had known his fate, he would have given up struggling and knelt down in front of you to lead him to death? In that case, at least a whole body can be left! "

Xu Yi originally, just want to flatter nameless some time, but after the nameless smell speech, it is in the silver eyes of Jingguang!

If he had Ye Chen's terrible constitution and his forbidden spirit realm, wouldn't he be nearly invincible?

Nameless has always been a person who cherishes his life very much. Ye Chen's constitution is incomparable in his eyes!

On his handsome face, he raised a cruel smile and said to Xu Yi: "elder Xu, pass on my order. From now on, we will investigate Ye Chen's background and women at any cost to see if he has blood left in the world."

Nameless for the Xu family shot once, so now the Xu family, is a chessman on the nameless chessboard! A very good chess piece!

Xu Yi was surprised at the news that she was so anonymous that she wanted to drive the whole Xu family?

However, he did not dare to have the slightest retort dissatisfaction. First, he signed a contract with nameless. If he violated the contract, even if he did not die, his fate would be very bad.

Secondly, the nameless forbidden spirit realm is so terrible! Even if the three Xu family members are too weak, their strength is greatly reduced in the legal area. They really have no confidence to defeat the unknown

So, I have to listen to

Xu Yi nodded his head and said, "yes, I will obey your orders."

Nameless nodded his head and said, "if he still has blood in this world, he will do anything to seize his blood!"

With that, he glanced at Xiangyang and said:

"are you Xiangyang at home? You go back and tell your master that you can also take part in Ye Chen's blood. I'm going to visit the soul hall in a few days. It's said that there is an expert named Lin Jilong in the soul Hall who has the secret method of stripping other people's blood.

You can see how terrible the boy's constitution is. When I learn it, I can give you a trace of it. "
