

Physician 2361

Chapter 2361

Xu Yi, Xiang Yang and others, Wen Yan are happy! "Thank you very much," he said! We are bound to seize this evil blood to prevent it from harming the world! "

"How can these demons remain? We are acting for heaven

"Yes, as the top ten families of Lingwu, this is our responsibility!"

"Keep the world alive! Kill the devil

Ye Chen's nearly immortal constitution is obvious to all! Although they look down upon Ye Chen in their mouth, they have been shocked by Ye Chen for countless times!

No one is satisfied with the look of Xu family and Xiang family, and a smile rises from the corners of his mouth. The way to resist the emperor is nothing more than the combination of kindness and prestige, even in the face of the two top powerful families in Lingwu continent.

If you want them to do things for you wholeheartedly, you should give them something sweet.

With the support of two of the ten families, even Shenhua college will be easily crushed?

However, in order to be in case, nameless pondered for a moment, or said: "that ye Chen killed a lot of talents, rich children, right? After you go back, contact the forces behind these people to kill the devil together! "

"Yes

After all this, nameless suddenly raised his head and looked at the huge whirlpool in the sky.

He knew that the struggle at the upper level was not something he could take part in.

The point is, why did it suddenly explode?

Will it have anything to do with Ye Chen?

He no longer thought about it, nor did he intend to stay here. Turning around, he said faintly, "well, I'll go back first. If there's news, let me know."

After that, he turned into a green light and flew away to the Feilei island.

After leaving FEILEI Island, the nameless man in the air suddenly stopped escaping light and spat out a mouthful of blood. He looked very cruel and said with a grim smile:

"ha ha, ye Chen, how dare you hurt me like this? Good, good! Hehe, do you think you can repay your sins when you die?"

I want to make your blood, on this land of Lingwu, become a kind of demon that is despised by the world! Even if you have the blood against heaven, you can only become my son's wedding dress! Ha ha

Nameless takes a deep breath. His injury is more serious than he imagined. Otherwise, he will certainly take the action in person. Now he can only return to the cave to heal his wounds. Otherwise, his foundation may be affected.

At the same time, on FEILEI Island, under the thunder net composed of void God thunder, is a hidden and open underground grotto.

The thunder curtain above the grottoes has become a natural protection. Not only can almost no one come here through the thunder net, but even the power of divinity in Taixu state and cutting the existence of adversity can not pass through the terrible empty God thunder.

But now, under the light of the God's thunder, a figure can be seen faintly, appearing in the grottoes!

A bloody figure! On the body surface full of blood, there is still a faint brown color, as if the whole body has been roasted!

This seemingly miserable man is Ye Chen!

Ye Chen, not dead!

But also through the existence of the virtual God of thunder net, can not pass through, came to this mysterious grottoes.

Just then, a deep roar sounded!

Ye Chen's face changed slightly, and his eyes looked forward. He saw a fierce thunder and lightning match Taixu!

That thunder and lightning felt Ye Chen, an outsider, wanted to obliterate Ye Chen!

Ye Chen wants to do it. He can enter here and spend all his spiritual power in his body!

Red dust pulse and Lingfeng pulse can not be activated!

And in this critical moment, a figure suddenly blocked in front of him!

Incomparably big, just like God!

"Bang!"

Simple one blow out, that too empty thunder and lightning, unexpectedly broke up on the spot!

Before ye Chen reacts, the figure of that huge body turns around fiercely and kneels down in front of Ye Chen's body!

"Big brother, Yan Kun's escort is late!"

Ye Chen was stunned for a few seconds, and then he was ecstatic! This is the last person of the Qiankun family who ruled Lingwu land in ancient times!

The key now Yan Kun's strength unexpectedly recovered to this point!

"Yan Kun, why are you here?"

"Get up

However, Yan Kun refused to get up at all!

His eyes see ye Chen's injury, more anger and self blame!

If he had come early, his big brother would not have been hurt!

"Elder brother, if I recover to the peak in the future, I will let the world submit to him! Even the kingdom of heaven

Ye Chen slightly Zheng, this moment, it is some moved.

He and Yan Kun don't fight and don't know each other, Yan Kun's mind is simple, so treat himself!

He Ye Chen will regard him as a brother!

"Yan Kun, get up! From today on, you are my brother of life and death. If anyone dares to move you, I swear, I will let him understand what nine hell is"By the way, Yan Kun, if you return to the peak, what is your cultivation?"

This is also the biggest doubt in Ye Chen's heart.

Yan Kun thought deeply for a moment, and then said:

"elder brother, you don't know something. If you cut down on adversity, you will be in chaos."

"If I return to my peak, I can fight against the strong in chaos!"

Ye Chen's eyes are dignified. It is far enough to chop off the enemy. I'm afraid only the kingdom of God can have chaos.

And it's extremely rare.

He took a look around him: "the road of practice is too far away. Today, when I step into this place, I will break through the boundary of sealing door at one stroke."

"Nameless? How about being number one on the list? "

"If it wasn't for this chance, you would have died."

"When I break through, everyone today will become my soul under the sword!"

Yan Kun knew that ye Chen wanted to break through, so he went outside: "elder brother, I protect Dharma for you. With me in, any threat can't be close to!"

"And the thunder and lightning here seems to be good for my recovery."

Ye Chen nods, just think what, a huge egg also flew out!

It's Xiao Huang!

Obviously, the energy here is also a tonic for Xiaohuang!

Ye Chen has no choice but to smile bitterly. When he fights nameless, he wants to let Xiao Huang come out to fight.

However, she found that Xiao Huang was sleeping very well in the samsara cemetery, and her various calls had no effect.

Now that she found something to eat, she woke up.

"Xiao Huang, I'm afraid I'll be old if you don't break the shell."

Xiao Huang obviously heard Ye Chen's voice, took a look at Ye Chen, and continued to devour those thunder and lightning.

And his eggshell began to be covered with thunder lines!

Weird thunder pattern!

At this time, let Ye Chen more unexpected is, a figure suspension!

It is the ancient god of medicine!

"Old man, you asked me to come here. What is the mystery in this?"

The ancient medical God looked at Xiao Huang and Yan Kun, and his eyes flashed a little startled, but the shock was fleeting.

"Boy, I have seen many people who are against the chance in the kingdom of God."

"But those people, in front of you, are really gloomy to the extreme!"

"The stronger the power that the giant egg absorbs, the stronger the body will be after it is born. If all the thunder and lightning are absorbed I can't think of it. "

"As for you, don't worry. You must know that if you cross the gate and trigger a vision, the master of Tiandao palace will surely notice it. Here, the vision can be reduced to the extreme."

"It's just one of the benefits!"

Chapter 2362

"In addition to covering up the perception of the heavenly way palace, there are other benefits?"

Ye Chen Mou son shrinks, excited way.

He pretended to be defeated by the unknown, but only for the chance of underground.

However, it is a bit outrageous to treat the first person on the XUANBANG list with Lingfeng Shenmai.

It's best not to use nature.

The ancient medical God's eyes narrowed slightly and looked at everything around him and said, "that's nature. The energy here has too many advantages for breakthrough."

"You know, there are thunder and lightning here. The thunder disaster you have to bear when you step into Fengmen territory is bound to be strong, and your immortal god body and demon body have certain opportunities to upgrade. If you absorb these thunder and lightning, you will benefit immensely!"

"In fact, none of these matters. What's more important is another benefit. I won't say anything about it. Then you will know."

Ye Chen has some helplessness. What is the relationship between the ancient medical God and the old one.

He could only smile bitterly and said, "Comrade Lao Cang, can you finish it in one breath. This time I'm almost dead. Even if I recover from such a serious injury, it will take some time..."

This may be his closest death since he practiced martial arts.

The ancient medical God said with a cold smile: "boy! You are content! Fortunately, this time you have become an incarnation outside your body. Under the thunder Island, you happen to have this thunder curtain, and you have the magic power of atomization, and you can barely pass through the divine thunder!

Otherwise, even you can't die any more! Now, it's just a little more time. Besides, you can recover from your injuries while absorbing the strength around you and what you've gained at the auction. That's not much time! "

In fact, in people's eyes, ye Chen is indeed dead.

And even if the strong chopper also felt Ye Chen's death.

Anonymity, not to mention.

How did ye Chen survive?

It turned out that ye Chen was gradually out of the scope of the forbidden spirit realm after he was forced down into the Tiankeng by the nameless meteorite sword. However, in his state at that time, even if he exerted the atomization magic power, he would completely bear the power of this sword and be cut off by one sword.

In this critical moment of life and death, ye Chen was in a hurry to generate wisdom, in front of his body to release the incarnation!

The body incarnation trained by the spirit animal has the strength of part of Ye Chen, and its physical strength is also extremely terrible! Moreover, ye Chen released the spirit of the beast at the same time will all guard to him.

And ye Chen himself is to cover the body with the moon dust gauze, toward the thunder curtain under the body to escape quickly!

Although Ye Chen's Avatar launched the Earth Dragon Armor with all his strength, he was still blasted into blood mist by the nameless meteorite sword, and the protection was completely damaged.

But! It will also exhaust most of the power of meteorite sword!

After ye Chen saved his life so hard, he passed through the thunder net of the void God with the atomizing magic power and came to the mysterious grottoes.

However, although all the guardians were completely destroyed, the Fenling beast did not die completely. After the body was blasted, the body of Fenling beast somehow escaped and returned to Ye Chen's body.

But even so, the spirit beast is also seriously injured and dying. I don't know how long it will take to nourish with blood essence to recover. In a short time, it is impossible to use the art of incarnation.

Ye Chen suddenly raised hands, several strong aura, emerged in the grottoes, ghein Jin essence, Yun Ling Zhu, God apes blood, the best Dan medicine, the divine essence, the devil's bones, kill the crystallization and other treasures, have appeared in front of their eyes.

Looking at the thing in front of him, ye Chen's eyes can't help but flash a trace of fire and piercing into the bone marrow of the cold killing intention!

Beihai Xu family? No. 1 on the list?

Ha ha, I really look forward to seeing you again. What kind of expression will your face look like?

Soon, ye Chen was restrained, and a vivid, majestic and powerful shadow of a white tiger suddenly appeared behind him. He pointed to the essence of Gengjin in front of him, and the inconspicuous piece of iron seemed to feel something in general. Jin Guangda seemed to want to resist Ye Chen's power.

Ye Chen snorted coldly, and the shadow behind gave out a roar. The golden light of the essence of Geng gold immediately fluctuated violently.

Soon, the golden light was darkened, and his body was absorbed by Ye Chen. He closed his eyes and concentrated himself. Under the guidance of the wind, he refined his whole body. With his refining, the shadow behind Ye Chen became more and more solid.

.....

A day later, xuanyuezong.

"No way!" Purple Ning beautiful eyes red, some hysterical to ge Qing yelled, the voice has taken a trace of crying cavity!

"Ye Chen can't die like this! No way! I don't believe it

Ye Chen is dead?

How could it be? Ye Chen's strength is comparable to that of Taixu, and even its vitality is still on the top of Taixu. How can he die?

Zi Ning doesn't believe it, but if ye Chen is not dead, where is he now?

Her heart, as if by a sharp blade pierced, incomparably incomparable pain, she prayed repeatedly in her heart, begging, just hope Ye Chen can appear in front of her, tell her that he is OK, everything is just a misunderstanding. But did ye Chen appear?

No

The figure of the young genius shining in his mind all the time seems to have disappeared from the world.

Just like the younger brother of zining

Zi Ning is biting her teeth. Her fingernails are embedded in the palm of her hand. The blood is flowing. But she seems to have no feeling.

She tried her best to suppress the feeling that she was about to collapse and told herself that heaven would not be so cruel and would not take away the people she loved from her side again and again

Yes, zining now has a thorough understanding of her feelings for ye Chen

On Ge Qing's face, there was also a strong sadness. Even his Taoist heart, which had been trained for thousands of years, had a faint fluctuation. He sighed:

"I don't want to believe it, but On that day, many people saw this scene with their own eyes, including Chen Zhifan, but ye Chen has not yet appeared... "

With that, the old man, who had always been a bit cynical and didn't seem to put anything in his mind, actually had some whirling eyes

That's Ye Chen!

Shenhuo Academy for tens of thousands of years, the most outstanding evil spirit! It is the pride of Shenhuo academy, even the future of the whole Lingwu continent!

What's more, ye Chen's temperament is very popular with Ge Qing!

In Ge Qing's heart, ye Chen is almost regarded as his grandson's existence!

Is Ge Qing willing to believe Ye Chen is dead? Naturally not, but sometimes the reality is the opposite of what you think

Even if he doesn't want to admit it any more, he can only accept that the great genius who will be king over the whole land of Lingwu in the near future has fallen

Ge Qing took a deep breath, forced himself to calm down, and continued: "but, in addition, I also got a message!"

"Beihai Xu family and Nangang Xiangjia, one of the ten great hermit families in Lingwu, have united many top forces. They do not know where to get the whereabouts of the people around Ye Chen. They stigmatize Ye Chen as the evil devil. Under the banner of acting on behalf of heaven, they claim to cut down the roots and eliminate the demons!

They even want to come to Shenhuo academy to take away the women related to Ye Chen in a state of madness

"They think that ye Chen's woman may have a part of Ye Chen's blood..."

Chapter 2363

"That's why I plan to bring Huoying and Sun Yi here secretly, and have already let the Cang leader settle down."

At this time, an old man suddenly came to Ge Qing's side and said a few words in his ear. The next second, Ge Qing's face changed greatly.

"No, the secret transfer was discovered by those forces!"

"Damn it! They are coming to the xuanyuezhong! "

"What are you talking about?" Bai Zhentang, who had been silent for a long time, let out a loud roar. The fury rose out of control and burst into the sky. It blew a big hole in the dome of xuanyuezhong hall!

At the same time, in a royal family in Lingwu mainland, a middle-aged man with a sense of being too modest, dignified and not angry and self-confident, was sitting on the Dragon chair. He was a royal emperor in Lingwu mainland. Beside him stood several ministers in his heart and a respected prince.

At this time, the emperor's eyebrows were slightly wrinkled, his face was heavy, and his fingers were pounding on the armrest of the Dragon chair, as if thinking about something.

Seeing the emperor's look, a young prince below, on his cold face, can't help but show a trace of anxiety. This man is the Sikong Feixing who ye Chen once met!

Sikong Feixing saluted the Emperor: "father, ye Chen is my good friend, and I think he was the first genius of Lingwu continent. Now some people stigmatize him as a demon, his blood as a demon, and he has to rob others in our territory. How can our royal family tolerate such evils?"

At this time, a man with a gloomy look beside Sikong Feixing said coldly:

"the first genius of Lingwu? Ha ha, I admit, according to the data, ye Chen once seemed to be excellent, but now? No matter how good a genius is, what's the use if he dies?"

Dead, is even a waste! For the sake of a dead man, what are the top forces in our empire and two of the top ten families? Hehe, Feixing, you are confused

Sikong Feixing glanced at the cold man and said without expression:

"is it? Brother Huang, ye Chen is my friend alive and dead, so is he! He is more likely to be the pride of our empire, our pride all his life!"

If we let our people know that there was a genius named Ye Chen, who came from the Shenhua academy, was proud of the world, and trampled on a number of super demons on the mysterious list under their feet. After his death, we treated him like this, wouldn't they feel cold hearted?

What's more, the son minister has contacted Ye Chen many times. In terms of his understanding, he is not a person who is so easy to die... "

The cold man disdained to sweep Sikong Feixing and said to the emperor, "ha ha, won't it be so easy to die? Are you blind when you are the eyes of so many strong people?"

Father and emperor, please think twice about it. It's not worth it for a dead man

The emperor, on the other hand, is shining in his eyes

Nine secluded country, in the palace.

Nine princess's eyes were red and swollen, and she obviously cried for a long time. At this time, her small face was full of pleading color. She was kneeling in front of the emperor of Jiuyou Kingdom, pulling his sleeve and saying, "father, please help brother Ye Chen. He once saved Xiao Jiu's life, and is the benefactor of Xiaojiu..."

The king of Jiuyou Kingdom looked at his daughter with heartache. When Xiao Jiu learned of Ye Chen's death, he was unstable and almost possessed by evil spirits. Although he was discovered early and had no serious harm after treatment, his breath was extremely weak at this time.

She even had no strength to stand, but she begged herself for ye Chen for an hour

However, the emperor of the kingdom of nine you sighed. He gently took back his sleeve from the nine princess's hand and said helplessly:

"Xiaojiu, Lingwu land is a world of martial arts practice, extremely cruel. Ye Chen is indeed an amazing evil spirit. But here, once he has achieved great success, his bones are withered. Now, when he dies, he is nothing..."

"What's more, in order to delay the herdsmen and prevent them from finding out that the herdsmen are dead, we have sent ten strong men to worship and make friends with the herdsmen. There is not much left to do..."

"In addition to the closure of the demons, there are many visions. I feel that before long, both the demons and the kingdom of Jiuyou are going through a catastrophe. We really can't separate our strength."

"Father

Small nine suddenly raised his head, that pair of black smart eyes, at this time it is a sad color of heartbreak!

"Father, these daughters know what you said, but please forgive your daughter for being capricious once! If you don't want to save Ye Chen's brother's friend this time, your daughter will kneel down in front of you forever!

If brother Ye Chen's friend has something unexpected, then her daughter will have to ask Ye Chen for her sins when she dies. "

"Xiao Jiu, you!" The emperor of Jiuyou kingdom was in a hurry. He knew that Xiaojiu was serious. Even if she forced Xiaojiu to rest, she would find fault in the end

Xiao Jiu, but his favorite daughter!

The same scene is also staged in Chu family, secret place and so on

For a time, the whole land of Lingwu was filled with a chill of wind and rain.....

Wanjian emperor palace.

The atmosphere was dignified.

Everyone's in line.

Even if the summer snow, also released a strong chill!

Her eyes are angry!

But more is believing!

She doesn't think ye Chen will die!

No way!

"Master ice sword, I will go to xuanyuezhong now! What about the top ten forces in Lingwu mainland! As long as I am there, they will never be allowed to move Sun Yi and others! "

"Sun Yi is my best friend. Now ye Chen is not here, I will not allow any harm to her."

The ice cream masters and many strong men in the palace of wanjiandi all hold long swords!

Be ready for ye Chen at any time!

Of course, their strength can't compare with those ten big families!

But ye Chen used to guard them. Now, ye Chen's friend, xuanyuezhong, is in trouble. They will do whatever it takes!

Wanjian emperor palace was born because of Ye Chen and willing to die for ye Chen!

The king of ice sword on the stage closed his eyes slightly. After a long time, his eyes opened.

"If snow, you can't go."

"You are also ye Chen's woman. They have not investigated you yet. If you go, it will only make this matter more difficult."

"And you're not strong enough."

"I can't even go."

Xia Ruoxue was angry and just wanted to say something. The king of ice sword continued: "there is one thing I can confirm to you that ye Chen is still alive."

"This situation is shaped by Ye Chen. We should believe Ye Chen can solve it."

This words a, Xia if snow and everybody are surprised.

The king of ice sword has been sitting in the palace of emperor wanjian. How can ye Chen be so sure!

Of course, they don't know that the king of ice sword's divinity comes from the reincarnation cemetery. He can feel the connection between the reincarnation graveyards!

Ye Chen is still alive!

Chapter 2364

.....

A day later, on the empty flying thunder Island, a powerful roar suddenly sounded. The roar echoed on the island, and even the demons and beasts of Fengmen were shivering in the howling sound!

At this time, ye Chen, standing in the grottoes, looked up at the thunder net composed of the empty God thunder above, and his face showed an extremely excited look!

He was shocked by the fact that he had recovered from the cave, which was more powerful than that of the cave leaf!

And his cultivation, also successfully broke through to the door!

Seal the door to heaven!

Although, it's just a sealed door.

But! Ye Chen is now confident that he can crush him even in the face of the strong!

Originally, it is shocking that it can break through the sealed door in a short time, which is enough to shock all the Lingwu people.

If you let them know that ye Chen now has the strength to fight against the early stage of Taixu, I'm afraid that even if there is a seal door, it is possible to pass out?

Too bad! It's hard to imagine!

This time, most of the treasures obtained in the auction were refined, and ye Chen's harvest was so incredible!

First of all, it is his divinity. Now his divinity is stronger than the existence of Taixu. If he makes full use of his soul skills, he will be seriously injured even if he does not die!

At the same time, his understanding of the Blood Sword and his insight after touching the foundation of martial arts also made him make great progress in the sword technique!

What's more, absorbing the crystal of killing intention also makes Ye Chen's killing intention field more pure, and the essence of Gengjin also makes Ye Chen's Qi of Gengjin a qualitative change!

In a word, if he used his sword technique, even the nameless forbidden spirit realm could not completely offset Ye Chen's sword intention!

And his dark flame, after the enhancement of Yun Lingzhu, has finally advanced!

After this practice, ye Chen's strength has been improved in all aspects!

However, the most terrifying thing is Ye Chen's power!

Refining the essence of Geng gold, ye Chen's strength and physique had already made great progress, and the advanced cultivation and sealing door also stimulated the power of divine blood to a greater extent.

However, the most important thing is Ye Chen's unexpected absorption of a spiritual blood!

Breaking the spirit blood of the ape!

Among the fierce beasts in ancient times, the ape also belonged to a very powerful existence, and its most terrifying place was that it was a huge force!

It is the so-called "one force down ten meetings!"!

Now ye Chen, even if he doesn't use all kinds of supernatural powers, his own power has reached a very terrible existence!

That is to say, ye Chen waves his hand at will, and the force against the sky will be enough to kill a seal in a second, or even exist in half a step

After refining the spirit blood of the ape, ye Chen got a magic power called the power of breaking the sky. This power is also considered as the most powerful one of the supernatural powers of the ape. The effect is very simple, which makes your power increase ten times!

Simple as it is, it's so horrible!

That is to say, after ye Chen exerts his power of breaking the sky, his fist power can fight nameless ah!

Even if there is a layer of heaven in the Taixu state, if ye Chen gets a strong blow, he will be bombarded into slag in an instant!

Ye Chen feels the galloping power in his body, and he can't help but smile at the corner of his mouth. Hehe, is dengxuan the first nameless? Forbidden spirit realm?

The forbidden spirit Dharma can limit the power of heaven and earth's aura. It's really against the sky. But in front of Ye Chen's terrible power, what is it?

Not to mention that the forbidden spirit realm can't completely seal the six swords after his promotion. Is it just because of his great strength that he can easily crush the nameless?

Ye Chen finally took out the last thing.

Green lotus demon fire.

He closed his eyes and began to refine!

However, he obviously underestimated the green lotus demon fire!

The intensity of the flame is only a trace weaker than that of the burning stele!

The key green lotus demon fire also has the spirit, unceasingly escapes around!

Even tear the void!

Several times, the green lotus demon fire almost escaped!

If ye Chen is not powerful now, he can't control it at all!

Ye Chen tried a hundred times, but could not thoroughly refine the green lotus demon fire!

However, at the time of the 101st time, finally the green lotus demon fire was temporarily locked in the elixir field.

"It seems that there is no reason why the green lotus demon fire has not been refined. My advanced flame can't be swallowed up."

At this time, the voice of the ancient medical God sounded: "boy, you obviously underestimated the green lotus demon fire."

"If I guess correctly, the last one refining the green lotus demon fire is the son of a demon at the peak of Taixu."

"It's a pity that he fell."

"The green lotus demon fire should have escaped at that time." "Of course, you can defeat Taixu state now, but the green lotus demon fire has not felt the energy of your hand, which can not be subdued."

"After the next war, try again."

Ye Chen Mou son tiny MI, he found that the ancient god of medicine seems not to be good for himself?

Did you take the initiative?

Is this the ancient medical God who wants to teach his own medical skills?

The ancient medical God obviously guessed what ye Chen was thinking and sneered: "boy, don't give me blind thoughts, I don't accept apprentices! No apprentices! No apprentices"

"The reason why I open my mouth is to let you absorb the God thunder."

"This is the biggest chance!"

"Don't forget, there are chaotic star trees in your body!"

"Generally speaking, the warrior in your realm can't absorb these divine thunder, but for the chaotic star tree, if it does! It's too good for you! "

"Come on! I have a technique in your mind

Ye Chen doesn't talk nonsense and sits cross legged again!

Operation skill!

The next second, countless God thunder actually converged into his body!

He was covered in thunder arcs.

Not far away Xiaohuang and Yankun are obviously found.

They are also absorbing, but the speed is far less than ye Chen!

Even soon, the power of those thunder is weak!

Xiao Huang was not happy, but he knew it was the chance of the master, so he went back to the reincarnation cemetery honestly.

Yan Kun stood up and laughed: "it seems that elder brother's blood is stronger than that of my Qiankun clan."

"Maybe with big brother, the Qiankun clan will stand in this world again."

Yan Kun's eyes are full of determination!

.....

Three hours later!

Ye Chen suddenly opened his eyes and gazed at the sky god thunder which flickered and weakened constantly above his head. Suddenly, a howl similar to ape's cry came out from his mouth!

And his body shape, also rapid change, the whole body muscle limit expansion, body shape becomes extremely tall, above the body surface, faintly exudes a burst of gold light.

"The power of breaking the sky!"

Ye Chen suddenly drinks, bursts of golden energy in the blood vessels crazy flow, suddenly to the empty God thunder, a boxing out!

Chapter 2365

With a roar, there are countless deep cracks on the ground at the foot of Ye Chen, and a burst of roar in the air. The powerful force compresses the air into a nearly solid body and blasts towards the high-altitude thunder net at a high speed!

There are countless dark cracks in the space! The blow of this blow almost smashed the void!

Even the thunder curtain formed by the three gods of Lingwu and Taixu, which could not be resisted by the existence of Taixu state, opened a big hole at the moment when ye Chen's almost real fist style touched it!

Terror!

It's so frightening!

That's the void God thunder! The powerful energy that can extinguish the Taixu state, but can't bear Ye Chen's fist power?

Moreover, ye Chen's fist has not actually touched the thunder curtain, so powerful!

If you are touched by Ye Chen's fist, what will be the result?

I can't imagine!

It's creepy just to think about it!

Ye Chen smiles slightly, facial expression is quite satisfied.

Immediately, his eyes, then completely overcast.

Xu family, Xiang family, nameless

It's time to settle accounts with them.

Ye Chen stomps at the broken ground, and the huge force in his body surges out and instantly submerges the whole grotto. Under the protection of the thunder curtain, the hidden grotto that has existed for a long time actually collapses completely under the casual foot of Ye Chen

And ye Chen's body with the reaction force, just like a rocket, shoots into the sky in an instant, passing through the thunder curtain bombarded by him

And ye Chen's eyes looking at the sky is an accident, because the sky actually broke out a very strong battle!

"What's the matter?"

.....

At the same time, high above.

Wei Ying, the eternal holy king, Lin Haiyan, the peak of Shenguo Taixu state, and Liang Hongyi, the war is not over yet!

For three days!

The whirlpool of energy enveloping the sky is getting bigger and bigger!

No one dares to approach!

FEILEI Island, there is a strong seal, some curious to go to check, even directly torn!

The result is still the same when those who are strong in Taixu are going there!

This energy is too strong!

After this, no one dares to approach again!

And in the whirlpool, four figures are seriously injured!

The wine pot of the eternal king is broken!

He has a huge blood hole in his chest!

And in front of him even stood a pale old man!

Cut off the adversity, Liang Hongyi!

Two people in these three days to display a whole tens of thousands of moves! It's not a winner yet!

Liang Hongyi's mouth was covered with blood and a smile: "eternal king, it turns out that the heavenly way palace has underestimated you."

"Although you just stepped into the difficult situation not long ago, you didn't expect to be promoted so much."

"And you are not inferior to me at all."

"If you have such strength, why not serve Tiandao palace?"

"The kingdom of God can give you supreme cultivation resources!"

The eternal King spits: "even if I die, I will not be the dog of the kingdom of God!"

Liang Hongyi laughed again: "if I have not guessed wrong, your strength has reached the limit. Although I am also seriously injured, the strength is only three levels of Taixu state, but I want to kill you. It's easy."

"It's time for the game to end."

"Otherwise, the palace master will be angry."

Liang Hongyi's eyes turned to a girl not far away.

What really surprised him was this girl!

Taixu eight layers of the sky even with the peak of the Taixu Lin Haiyan!

To know that Taixu is a small state, it is very different!

What's more, Lin HaiYan's strength is not the general peak of Taixu!

Wei Ying stabs out the last sword and penetrates Lin HaiYan's body.

And Lin HaiYan's violent air waves in one hand also hurt Wei Ying.

Lin Haiyan fell to the ground!

This time, he didn't stand up.

And Wei Ying is also uncomfortable, her body shaking, a white dress even stained with blood!

She has reached the limit.

Fortunately, at the moment of her fall, the dark light flew to hold Wei Ying.

Wei Ying's hand was touched with a smile

Wumang was also injured.

This war, three days, costs too much.

All the people present were exhausted.

The eternal holy king looked at Liang Hongyi and said in a cold voice, "Liang Hongyi, now we are two, but you are only one. How can we take us away?"

"I advise you to leave honestly!"

In fact, the eternal king has no bottom in his heart. He can't strike again!

The only option is to explode. The limit of martial arts is now.

If Liang Hongyi chooses to quit, everything will have a turning point.

However, Liang Hongyi is ferocious smile: "retreat, why should I retreat."

"The three of us have reached the limit. Although I can only exert the power of the Taixu realm now, don't forget! I come from the kingdom of heaven

Words fall! Liang Hongyi suddenly took out a jade card!

The word "heaven" is written on it!

The jade pendant was broken, and the power of heaven gathered. Liang Hongyi's injury was relieved a lot!

Even Liang Hongyi can move!

He walked towards Wei Ying step by step with a sword in his hand!

The eternal King's face suddenly changed: "the way of heaven coagulates jade! You have it

Tiandao clotting jade can make the dead shine back for an hour!

If it is used by the living, it can restore the action ability of the seriously injured warrior for 10 seconds!

These ten seconds, enough to change everything in front of you!

"Ha ha, ten seconds, enough to take you all down!"

"Eternal king, before killing you, intuition told me that the girl must die!"

"From now on, it's time for Liang Hongyi to harvest his life!"

Sword fury, towards the seriously injured Wei Ying!

Although it's not the power to kill the enemy, it's enough to kill Wei Ying at the moment.

Wei Ying's eyes widened, without any fear.

She did her best.

She breathes a little, her eyes are calm! Not afraid of life and death.

Seeing that the sword is getting closer and closer, Wei Ying doesn't resist.

Take your time.

The eternal King's eyes were startled. He wanted to do it, but found that his body had been frozen.

His injury won't allow him to move again!

Damn it!

Just at the critical moment, when the sword was about to pierce Wei Ying's chest, a figure with thunder broke through the air!

The whirlpool was torn by the force!

"How can I be absent from such a lively affair?"

The sound of magnetism rings!

Wei Ying's eyes are wide, ye Chen is really here!

And in front of her!

This picture is too familiar!

Like the scene of the cold mountain!

Eternal king looks strange, he knows Ye Chen will harvest the opportunity below!

But I didn't expect so fast!

His heart was completely relieved!

This son of a bitch, at last!

And Liang Hongyi's pupil is enlarged! It's unbelievable!

He vaguely remembered that the boy was dead!

Witness it!

There's no mistake!

How come you're back from the dead!

"You are not dead!"

Chapter 2366

Ye Chen embraces Wei Ying's waist and makes Wei Ying retreat.

Wei Ying's face flushed instantly. She had become a little woman even though she was always strong.

Ye Chen Yu Guang glanced at the veil girl and said, "although I don't know your name, ye Chen thanks again!"

"Leave it to me next."

Next second, a punch!

Endless thunder seems to burst out from the shadow of fist!

Liang Hongyi woke up and said, "how about you come back from the dead! You just seal the door a layer of heaven, even if I only have too much strength now, even if I am seriously injured, you will die! "

However, the words are still declining!

Ye Chen's fist shadow and Liang Hongyi's sword idea collide!

Endless power!

Liang Hongyi's sword idea is broken!

Not only that, he was knocked back by a blow!

He took ten steps back to stabilize himself!

His face was livid!

How could it be!

The boy is so powerful!

One punch will reach Taixu!

This What the hell are you kidding me!

However, ye Chen will not stay, killing swept, once again toward Liang Hongyi!

Ye Chen knows that the normal state of this strong chopper is that if two people fight against each other, he will surely die!

However, the eternal King consumed all the strength of Liang Hongyi, and the other party is in the weakest state now!

Ye Chen must not let go of this opportunity!

All over the sky boxing shadow carrying thunder directly!

A punch! Ten punches! Hundred fists!

Liang Hongyi was beaten and his clothes were even torn! Very embarrassed!

Liang Hongyi is angry!

How could he have been so humiliated by a gatekeeper!

"Little beast, do you really think I can let you bully me when I am seriously injured?"

"Today, even if I burn my blood essence and my foundation is destroyed, I want you to die!"

The next second, Liang Hongyi's whole body actually suspended ten drops of blood essence!

Blood essence burning!

Liang Hongyi's momentum began to climb extremely!

In the distance, the eternal King's face changed greatly, and he quickly called out, "Ye Chen, come back quickly!"

"Come on! You can't bear the blow

Wei Ying is also a red lip bite, forcing blood essence!

She doesn't want Ye Chen to get hurt. If Liang Hongyi does fight to death, she will burn her blood essence. Even if she destroys the foundation, she should protect Ye Chen!

However, at the moment, ye Chen said faintly: "how about your burning blood essence?"

"What if you are the strongman of the kingdom of God!"

"Today, I will let you understand! What is the reincarnation of blood! "

Ye Chen is also angry!

Liang Hongyi's momentum continued to rise, and he sneered: "things that don't know how to live or die!
|-- "

my words are still declining, and a startling roar rings out!

"Ling Feng Shen Mai, open it for me!"

"I want this day, for you!"

Next, Liang Hongyi's climbing breath stops!

What did he see!

He saw the young elixir field not far away actually released a very strong light column!

Sword in the light!

Hold hands of youth!

The key point is that the power of this sword is not to seal the door, not to the early stage of Taixu! But Taixu peak!

A sealed door a layer of heaven, how can there be Taixu peak power in the body!

Sleeping trough!

Before he reacts, the sky changes color!

FEILEI Island earthquake!

A sword that runs through the sky!

The great whirlpool was cut in half!

Feilei island is in two!

And the majestic Liang Hongyi turned into a blood mist on the spot!

His blood essence has not been completely burned, died in the hands of Ye Chen!

The whole world seems silent!

Wei Ying's beautiful eyes are only frightened. She subconsciously covers her mouth and doesn't want to shout out.

However, there was a faint sound coming out.

It was a voice of surprise that Wei Ying never released.

The eternal king is petrified.

He found himself underestimating the boy.

He was absolutely shocked.

The dust is calm.

Ye Chen breathed out a breath and said helplessly: "Alas, Lingfeng's pulse is still released It's time to absorb energy, but now it seems that your Lingfeng pulse can release the power of Taixu peak, but it's too unstable. "

"Next time full of energy, I don't know when."

"The land of Lingwu is not so lucky as the land of demons..."

Ye Chen turned and looked at Wu Mang and Wei Ying and said, "by the way, I don't know your name..."

However, before ye Chen finished speaking, Wei Ying turned and rode away."I'm gone. Lend me your awn. I'll let it come back to you later."

With that, Wei Ying left.

Ye Chen is a little confused.

This mysterious girl is so weird. She is her savior at least. She doesn't say a word of thanks.

Don't you like talking?

Ye Chen looked at the girl's figure and frowned: "how can the girl's back look so familiar?"

Then ye Chen went to the eternal king.

At the moment, Yan Kun also came to the side of the eternal holy king and said, "yonglao, do I follow you or follow my elder brother?"

It seems that you have not got a chance to go to Shengkun for a while, but I have not got a chance to see it

Yan Kun looked at Ye Chen, arched his hand and said, "brother, we'll see you later. I want to be stronger!"

Then they left!

Before leaving, the eternal holy king said: "Ye Chen, now you have more important things to deal with. I will not delay you. After I send Yan Kun away, I will come to you."

"There's something I should tell you."

In the whirlpool, there is only one leaf left.

.....

At this time, in the headmaster's room of Shenhua college, a group of teachers were all here, and their faces looked dignified.

Ge Qing said slowly, "I won't force you, but ye Chen is a student of our college and half of your disciples. He is the pride of all of us in Shenhua Academy. Since we can share the glory with him, we should not carry him away when we are in difficulties..."

At this time, one of the elegant men frowned and said:

"President Ge, ye Chen is really excellent, but now he is dead. Usually, when there is something wrong with the students in our college, we really have the responsibility to revenge for them. However, if conditions permit, what we have to face now is far more than the strength of our college!

Catching up with us is just a meaningless sacrifice The most important thing is, ye Chen, he is dead. Lingwu mainland is very realistic. No matter how brilliant you have been, if you die, it will be over. Now, is it worth doing this for ye Chen? "

As soon as the elegant man said this, many people lowered their heads in silence, avoiding Ge Qing's eyes, because their ideas were the same as the gentle man.

Ge Qing sighed a little in his heart. He knew that what the elegant man said was right. The rational way to do it was to ignore Ye Chen

But! He Ge Qing, can't do it!

Really can't do it!

Chapter 2367

Ge Qing looked at the elegant man and said slowly, "have you ever thought about what it means to our Shenhua academy if ye Chen is not dead and we let his friend have an accident like this?

Ye Chen, I know very well that he regards our Shenhua College as half a family. If someone is unfavorable to Shenhua college, ye Chen will certainly stand up.

But what if even we betrayed Ye Chen at this time? "

Ge Qing knows his idea is very unrealistic, dengxuan the first nameless, as well as the Xu family's three too empty existence, which is so easy to cheat?

Ye Chen is not dead This result is close to fantasy.

But! Even so, after a few days of struggle, Ge Qing still does not want to believe that ye Chen died like this!

Perhaps, this is his obstinacy, is his blind superstition, is he deceives himself.

However, he still decided to stick to his idea, there is no basis, if he has to say

That is because of his trust in Ye Chen!

He believed that ye Chen would not die so easily!

The gentle man frowned more deeply, and looked at GE Qing with no hesitation and said:

"not dead? With all due respect, Dean, it's very difficult for any rational person to agree with your idea. I know that since you have made up your mind, I can't persuade you. However, as the leader of the spiritual school, I am responsible for the Tutors under the school. Now, I formally lead most of the teachers of the Spiritual School and refuse to participate in your action. Goodbye

Although the teachers of Shenhua college have their own strengths, they are generally divided into schools. There are other schools mainly focusing on weapon refining, array, talisman, Dan Ding, animal training, etc.; there are also spiritual schools focusing on aura, body forging, martial arts, etc.; there are also Shenyi schools focusing on verve, Tao, law and artistic conception

And the elegant man who just talked was the leader of Lingli school, named Zhao Shiqing.

As soon as the tone of Zhao City's Qinghua dialect fell, there were ten or twenty tutors who left the headmaster's office with him.

Ge Qing sighed slightly, but did not stop.

Mr. Wu, on the other hand, was the leader of the other sect. Looking at the tutors of the other sect, he suddenly raised his hand and put a seemingly simple, even rough sword on the table.

A few of the instructors, who were involved in spiritual cultivation and refining utensils, immediately brightened their eyes and exclaimed with one voice: "soul weapon?"

Seeing this, Mr. Wu laughed with pride, and said with some complacency, "this soul weapon is no less than any other soul weapon in the market! It was forged by my disciple Ye Chen. "

After that, the tutors' eyes brightened immediately. They could see that this Horcrux was very special. They wanted to study it

Wu continued: "you should also see that this is not an ordinary Taixu state soul weapon. What's special about it Haha, I'm afraid you can't think of it. This Horcrux is made from the soul iron tool embryo! "

"What?"

The tutors exclaimed and looked at Wu in disbelief. As we all know, the materials used in Horcruxes are extremely expensive, especially in Taixu!

How is it possible to forge it with such common material as soul iron tool embryo?

It's so fantastic!

"What? unconvinced? Ha ha, I don't believe it. You can check it yourself. I believe you can see something with your eyesight. "

Hearing this, the tutors immediately rushed to the Horcrux sword and examined it carefully.

After a while, these people all look as if they are numb

Although, after ye Chen's forging, they were not very sure what the original material of the sword was, but! To be sure, the top-level materials usually used don't appear on the Horcrux sword

In other words, this sword is really likely to be forged with soul iron tool embryo!

It's scary! What a thrill!

The technology that can do this kind of thing is called the supernatural skill against the heaven. It's not too much!

Old Wu said with a smile: "you should be very aware of how terrible the means my apprentice used to forge this soul weapon. You are involved in refining the artifact. Even if you don't have it, people from other places should understand what this kind of magic skill means to us."

"If we help my apprentice this time, we will never show anything with Ye Chen's character. At that time, even if we can't teach all of them, we'd like to reveal a trace of this amazing skill?"

I don't force you. Now, do you have any idea what to do? "

Those secondary tutors look at each other. They are not as good at fighting as those who practice spiritual power and divine will at the same level. Therefore, they have always been looked down upon by others, even in this sacred fire Academy.

But! With Ye Chen's soul forging method, it's totally different!

From now on, these tutors of other schools will be able to be really proud! This has always been their dream!

Immediately, many side tutors, all full of excitement, replied: "we are willing to participate in this operation!"

The Shenyi school, however, is similar to the Lingli school, leaving only a few people.

At the same time, on the square of Shenhua college, Xing Zi Tang, Ji Xuan and others were shouting to all the students in the College:

"everyone, who is Ye Chen? I don't need to say more. He is the pride of our Shenhua college and even our Shenhua people! He's so scared of death that he's a genius in the world

Those students in Shenhua academy can't help but recall Ye Chen's amazing performance in the martial arts arena. Many first-year students think of Ye Chen's life saved by fighting hard in the contest of dragon race!

It can be said that they owe Ye Chen a life!

Immediately, many people are shouting: "do not believe it

Xingzitang and others continued: "Well! Can we disappoint the pride of the academy! Do we want Ye Chen to look down on us? "

"No!"

The same scene was performed in xuanyuezhong.

At this time, there was a vast army of nearly 10000 people coming to the feifeng mountain where xuanyuezhong was located. But among the tens of thousands of people, there was not even a single existence below the Xingqiao state!

It's terrible!

The breath of these martial arts strong men, even the sky has changed color!

It's so frightful!

What's more frightening is that among the tens of thousands of people, there are hundreds of them just because of the existence of fengmenjing!

And the Taixu strong, there are ten people!

Such a lineup, on the Lingwu continent, is almost invincible!

Even if xuanyuezhong is the first-class force in Lingwu mainland, it is just a mole ant in front of such a large army.

If you want to fight against it, it's like hitting the stone with an egg!

Among them, the Xu family and the Xiang family sent two Taixu strong people. After all, the family still needs one person to sit in the town.

At this time, Xu Hou, the contemporary master of the Xu family, was chatting with Xiang Qiang, the contemporary master of Xiangjia, with a smile on his face.

"Brother Xu, when you say that, how will the unknown child distribute the blood?"

"Ha ha, it's not once or twice that the unknown child has cooperated with our top ten families. Naturally, he won't treat us badly, but even a little bit is enough!"

"A little is enough?" To strong some do not believe, "that boy's blood, really so rebellious?"

The Marquis Xu said with a smile: "this, Xiangyang's virtuous nephew, should have a deep understanding! Do you know, that demon was trained by Xingqiao and resisted more than ten swords of meteorite God sword of unknown child!"

I have to say, his blood is really special and powerful! If we destroy xuanyuezhong, our blood will be ours!"

Listening to their tone, it is like saying a trivial matter. Their attention is focused on their blood. However, for xuanyuezhong, no one cares at all. It seems to destroy a force and rob people from its hands, just like lifting a foot and stepping on an ant.

These people did not mean to put xuanyuezhong in their eyes.

However, they have also investigated that ye Chen is connected with many top forces. In order to be cautious and thorough, he sent so many strong men!

They want to be sure!

Chapter 2368

Xiang Qiang and the others around him are greedy!

Such power of blood, even for them, is a treasure!

This is a very strong means to protect their lives! What's more, maybe it can improve Shouyuan?

Generally speaking, these Taixu places are rampant on the Lingwu continent. As long as you don't provoke the people of the kingdom of God or the giants of the devil Kingdom, or break into some ancient forbidden areas without dying, you will not encounter life danger.

However, even if the Taixu realm is powerful, Shou yuan is still limited. Most of the Taixu realms exist on the Lingwu continent, not because of the crisis, but because the cultivation can not go further and the oil is exhausted and the lamp is dry.

Even if they only get a trace of Ye Chen's blood, they can't have the ability of nearly immortality, but! From ye Chen's performance, his vitality is almost infinite!

In this way, it is likely to bring them hundreds of years, thousands of years, even tens of thousands of years of life enhancement ah!

Time, for these too empty existence, is priceless!

Besides, it's easy to crush an ordinary first-class force, isn't it?

In ancient times, there were strong people in the Taixu environment. However, dozens of top forces did not all send the strongest ones. Some forces with only one half step Taixu or Taixu strongman still wanted to leave the strong one in the family. After all, no one wanted to be taken advantage of by the enemy at this time.

However, even so, the existence of ten Taixu is enough terror!

The distance from feifengshan is getting closer and closer.

At this time, ye Chen has come to the space airship square in the capital city near FEILEI Island, and is preparing to take the airship to Shenhua college.

He has a flying boat, but not fast enough.

Even if he wanted to find revenge on Xu family, nameless and others, he was not in a hurry for a moment. Moreover, he did not know where the Xu family and nameless were, so he had to go back to the college first.

Ye Chen is waiting in line to buy tickets to enter the airship. At this time, a young man standing in front of Ye Chen seems a little bored. Suddenly, he says to his companion, "brother Liu, do you know that there is a big event that has caused a sensation in the mainland of Lingwu recently?"

The man, who was called brother Liu, was puzzled and asked, "I've been closed recently. What's the matter? Is it the princess of the royal family in Lingwu, who finally wants it

"Ha ha, that's not true, but even if the princess is wanted, it's more sensational than that!"

"Oh?" Liu surnamed man obviously came interested and asked: "don't sell the key, talk about it quickly."

The man in front of Ye Chen pretended to be mysteriously close to Liu's ear and said, "Hey, have you heard of a name called Ye Chen?"

Even if the man deliberately lowered his voice, with Ye Chen's ear power, he naturally heard it. Originally, he still listened to the conversation with some interest, and he was also curious about what was more sensational than the 300 Jin princess's marriage?

At this time, rashly heard his name, can not help but look a little strange.

However, he soon thought that it was a great sensation for him to sweep the auction on FEILEI Island, kill a lot of talents and celebrities, and fight against the immortal demon named dengxuan No.1.

The man surnamed Liu heard the speech and said with a smile: "what did you want to say? Ye Chen, of course, I know that, even though I have been closed for a long time, ye Chen's deeds on Feilei island have been spread all over the Lingwu continent? But ah, it's a pity that although Ye Chen is an immortal evil spirit, he still falls down in the end. "

Ye Chen looks playful. If these two people know that ye Chen, who has fallen in their mouth, stands behind him, what expression will it be?

But the man standing in front of Ye Chen's body is a strange smile: "you know only one of them, don't you know the other?"

"Oh? What else? "

"After Xu Zhichen, you still don't know whether it's Gongye's family!

They also found out that the woman beside Ye Chen was in xuan yue zong of Lingwu continent! Now, the two great families in Lingwu land have united with a number of powerful families and are heading for xuan yue zong! "

Originally, ye Chen, with a smile on her face, heard this sentence, and her smile solidified instantly!

Even the body is beginning to stiffen! Even in the face of the crisis of life and death, you can still keep a cool face and suddenly pale up!

The dragon has scales! Ye Chen also has it!

Women are ye Chen's scales, forbidden!

Whoever touches it will die!

The man standing in front of Ye Chen's body originally wanted to continue talking, but at this time, a hand was put on his shoulder.

At the same time, behind him, came a cold and oppressive voice: "what you just said, tell me carefully!"

That man looks discontented. Tell you? Who are you? This man is also an existence of a level of heaven, ah, in the Lingwu land is also a strong man, not everyone can shout at him! He turned his body and was ready to scold the man, but when he saw Ye Chen's eyes, he couldn't help but shiver. When he came to his mouth, he also swallowed!

Ye Chen's eyes are so frightening!

The man who sealed the door was just looking at Ye Chen, and he had a fear from the deep of his soul!

It can't be described in words!

If he had to say that, now he was just like being targeted by an ancient fierce beast that could destroy the whole Lingwu continent!

What's more, this ancient and fierce beast has been extremely angry now!

Even if you don't say ye Chen's eyes bring him a sense of oppression, he also clearly feels the breath of Ye Chen's existence far beyond fengmenjing!

Immediately, the man quickly accompanied by a smiling face, cold sweat DC, carefully told all the details of the matter to Ye Chen.

After a short silence, ye Chen suddenly appeared in the sky of the crowd, looked down at the martial arts practitioners under him, and said, "sorry, everyone, I have an urgent matter. If you want to use the airship in this space, I'm afraid it will delay your journey. Please take a seat instead."

When people heard this, they couldn't help talking. Many people looked at Ye Chen unsatisfactorily, but they didn't dare to complain loudly. After all, ye Chen was a sealed door, and most people couldn't afford it

However, even if not, ye Chen does not have the right to jump in their queue, right? Anyone will be dissatisfied.

Chapter 2369

At this time, a young gentleman, who was the peak of his cultivation and turned a folding fan, frowned at Ye Chen and said, "who do you think you are? Even if you are a strong man in the frontier, is there no

urgent matter for so many of us? It seems that there is no need to waste your time on your urgent business? "

Ye Chen swept that young childe one eye, look light ground open a way: "in the next leaf Chen."

For a moment, the entire airship square fell into silence.

The original hand-held folding fan, a pair of high-ranking childe heard the words, instantly dumbfounded, the folding fan in his hand fell to the ground, but looked at Ye Chen foolishly.

You know, now on the Lingwu continent, anyone with a little identity can't be unaware of Ye Chen's existence!

That's a super monster that killed a lot of blocked doors in the realm of star orifices!

Even the powerful man who was sitting in the square and maintaining order originally wanted to stop Ye Chen. Hearing the speech, he also stayed in place and was completely stunned.

But soon, that childe elder brother then reacts to come over, looks at Ye Chen suspiciously, in front of this person, is Ye Chen really?

Although, this person's appearance and hearsay in Ye Chen are similar, but ye Chen died in that war cannot die again?

What's more, although Ye Chen's strength is against the sky, it's just a state of star orifices? In front of the people, is clearly sealed door existence!

Can we say that ye Chen not only did not die, but also broke through the door in a short time?

At the thought of this, even the man himself showed a trace of ironic smile.

If he believed, he would be a fool!

It's not just him, many people seem to have responded.

The young man looked at Ye Chen with a smile and said:

"brother, I know that young master Ye is really famous recently and has caused a stir in the whole Lingwu continent. However, for your own convenience, you don't have to put up the name of a dead man. Do you pretend in front of so many people?"

Ha ha, I see, don't say you are ye Chen, even about ye Chen's things, you are only a little understanding? If you want to pretend, you should first suppress the cultivation in the realm of star orifices and then install it! As we all know, although Ye Chen's strength is against the sky, his cultivation is only in the state of star orifices! "

People hear the words have echoed, look at Ye Chen's eyes, also some disdain, how about the strong seal door, in order to facilitate the temporary embezzlement of other people's names? Such a person, these martial arts practitioners still look down on.

And the strong man sitting in the square also reacted. Looking at Ye Chen's look, he could not help getting angry. He was almost suppressed by this boy?

Immediately, we will come to warn Ye Chen, don't make trouble here.

Ye Chen hears the speech, can't help showing a trace of bitter smile, this calculate how to return a responsibility?

I pretend to be myself?

Once upon a time, others looked down on him because of his weak cultivation and his obscurity. But now, others even think that he is pretending and pretending to be someone else because he says his name?

It's really something that makes people laugh and cry

However, this is not the time to explain slowly. Ye Chen does not have that time.

Ye Chen is not a person who likes to make trouble without reason and trample on others' power at will, but things are always divided into priorities.

When the most important person's life is in danger, if he is still standing here leisurely and leisurely in line to take the airship, then he is really a fool.

Ye Chen no longer explained, just to the people present, slightly arched his hand, and said: "everyone, offended!"

At the next moment, a powerful spirit power containing divine power, evil spirit and evil spirit will cover the whole airship square in an instant!

"Shensha sea!"

As soon as the shensha sea came out, the hundreds of passengers waiting to board the ship, as well as the master of fengmenjing and the powerful one who was sitting in the square, all of them showed a look of incomparable horror in an instant! His face is pale, his body is cold and sweaty, and his eyes are shaking wildly!

Their bodies, however, did not move at all, not even tremble!

It's not that they don't want to, but they can't do it!

Every cell in their whole body seems to have been frozen. Even their own spirits and their own consciousness will be completely melted in this extremely terrible spirit!

They have lost control of their bodies and even their spirits!

Everything seems to be in the control of Ye Chen. Ye Chen wants them to live, that is to say, to let them die is to die!

No resistance at all! Even if the two seals exist, it is no exception!

God Sha sea, only lasted for a short second, ye Chen received the magic power.

Only in this second, everyone seems to have experienced thousands of life and death!

At this moment, all people look at Ye Chen's eyes, there is no doubt and disdain

In their eyes, there is only deep awe. They can't imagine, in addition to Ye Chen, which seal door exists in the world, can have such terrible spirit power?

Even if it's nameless, can't it?

Ye Chen said to the crowd apologetically: "I'm sorry, but I have to. My relatives, friends, classmates, teachers, are all in a very dangerous situation now. I have to race against the clock to get to them. I hope you can make it convenient."

After that, ye Chen raised his hand, and all the passengers on the spot had a storage bag in their hands.

People look at Ye Chen with some incomprehension. After knowing that ye Chen is indeed himself, they have already understood why Ye Chen wants them to change their itinerary.

Ye Chen said: "in this storage bag, there are a thousand top-quality divine dolomites, which can be regarded as my compensation to everyone."

Hearing the speech, they looked at Ye Chen again.

Shocked!

What a shock!

A thousand of the best holy stones! This is the currency of the kingdom of God!

For the existence of seal door, it is a lot of wealth!

This amount of money has exceeded the price of this airship by one million times! Besides, hundreds of people were present!

Ye Chen this casually a hand, is hundreds of thousands of the best spirit stone?

Originally, ye Chen swept through Tianchen's auction, and the public did not have any real feeling. Now, they are thoroughly aware of Ye Chen's heroism!

What's the top celebrity? What's a spendthrift? Compared with Ye Chen, that is a fart!

Soon, ye Chen was sealed by the gate of the garrison square. He was invited to board the space airship. A strong man of his level was naturally entitled to special treatment by him

After all, ye Chen has the ability to snatch the whole airship

This capital city belongs to the sphere of influence of the Shenfeng Empire, and the black and thin man named pan Rongchun was appointed by the Empire to guard the airship square.

Ye Chen asked pan Rongchun with a serious expression as he walked along: "brother pan, since I am the only one this time, can I drive directly to xuan yue zong's neighborhood with the shortest distance?"

Chapter 2370

Pan Rongchun nodded his head and said, "naturally it can."

However, ye Chen's face is still dignified. Even if you go directly to xuanyuezong, the speed of the airship is still a little slow

"Brother pan, I wonder if there is any way to improve the speed of the airship to the extreme?"

When pan Rongchun heard the speech, he hesitated and said, "this..."

Obviously, it's hard to say.

Since Pan Rongchen's way is to be sure, it is!

Immediately he looked at Pan Rongchun solemnly and said: "brother pan, this matter is extremely important to me. Brother pan, you don't have to worry about it. Any responsibility should be borne by one of Ye. Please say it's OK!"

Pan Rongchun was silent for a while, then he said, "yes, there is. If you ignore the loss of the airship and provide a large number of spirit stones for energy supply, of course, the Shenyun stone is better, and the speed of the airship can be improved to the extreme However, in this case, the airship is completely abandoned and can only run one voyage at most... "

This airship is the property of the royal family. If ye Chen was not standing in front of him, he would never disclose it.

Ye Chen a smile, although, he in the Tianchen auction, almost all the God cloud stone on the body, but! After that, those rich children came to die, their storage bag, ye Chen can not fall, in the gap in the battle will be included in the bag.

You know, these rich childe but prepared a lot of the best God cloud stone to participate in the Tianchen auction! Even if one of them, two people carry property, although not as good as ye Chen, add up is very terrible!

Therefore, the most important thing he needs now is Shenyun stone!

Immediately, ye Chen threw a storage bag to pan Rongchun, and said with a faint smile:

"brother pan, first of all, see if these shenyunshi are enough, and the extra ones will be given to brother pan. I think it is OK for these shenyunshi to buy an airship. This airship should be sold to ye, and the royal family will not have any opinions. On the contrary, I think it is imperial Maybe the emperor will reward brother pan greatly, but not necessarily. "

When pan Rongchun heard the speech, he put his mind into the storage bag curiously. The next moment, he was completely stupid

He was originally a little black and thin, but now he looks more like a wooden man

He was dazzled by the cloud stone!

Originally, he thought that ye Chenhao had thrown hundreds of thousands of high-quality shenyunshi, which was already the limit of Hao!

But now, he found himself wrong! What's more, it's a ridiculous mistake!

In this storage bag, there are tens of millions of high-quality holy stones!

This number is just crazy!

Let alone a space airship, buy 10, 20, 30 are more than enough!

What about ye Chen? Throw this storage bag to him, just like throwing some sundries. It's very random

As if, this is enough to make an empire move the huge sum of money, for ye Chen, nothing at all!

Pan Rongchun feels that his own thinking tends to collapse

He now knows why Ye Chen can sweep Tianchen's auction house, and after the auction is over, he is chased by a number of talents and powerful families

A guy like Ye Chen who doesn't take money as money. If you want to beat him with money, it's just a dream! It's only you who get beaten up in the end!

So, these people can only use violence

However, it is a pity that ye Chen is still crushing them thoroughly in terms of violence

After the extreme shock, pan Rongchun was ecstatic!

Ecstatic to the heart will jump out of ah!

Let alone whether he needs to hand over all the money to the Empire as an account of the damage to the airship. After all, a little change is a huge sum of money that he can't earn in his whole life

Even if all of them are handed in, the royal family will surely give him a big reward! His position in the empire is bound to rise! The rank soared!

It's like a dream!

Met Ye Chen, as if met a God, will a miracle hit his head!

It can be said that ye Chen casually changed his fate!

"Brother pan?" Looking at Pan Rongchun in a daze, ye Chen can't help but remind him that his time now is very important.

When he heard Ye Chen's voice, pan Rongchun came back to his senses. The whole person, like beating chicken blood, was extremely positive and respectfully said to Ye Chen:

"Mr. Ye! Enough! That's enough! From now on, everything is at your command! Even if the emperor is here, I will only obey your orders! You wait, I will improve the performance of this airship to the extreme! After you arrive at xuanyuezhong, it will be turned into scrap iron directly

Looking at Pan Rongchun's appearance, ye Chen can't help but be a little stunned. It seems that he still underestimates the power of money

However, seeing that pan Rongchun was about to rush to the cockpit of the airship, ye Chen still grabbed pan Rongchun and asked, "if we can increase the speed to the extreme, how long will it take for us to reach xuanyuezhong?" Pan Rongchun pondered for a moment and said, "half a day No Five hours, only five hours, you can get there! "

Ye Chen hears the speech, the spirit vibrates!

Five hours! According to his estimation, it should be too late!

At this time, a space airship parked on the square suddenly burst out a burst of dazzling red light. At the next moment, the airship's jet pipe spewed out a burst of seven color flames with extremely strong energy. The airship hull made of ultra-high-strength alloy actually made a burst of unbearable creaking

At the next moment, with an earth shaking roar, the airship instantly turned into a red light that could hardly be captured, rushed into the door of space, and disappeared in the space-time tunnel in an instant

Xuanyuezhong.

At this time, xuanyuezong was not as lively and peaceful as the past. Instead, it showed a kind of atmosphere of killing.

On the square in front of xuanyuezong's Mountain Gate, there were many disciples standing there, one by one, very quiet and serious.

Although there are many disciples standing in front of the mountain gate, it can be said that the world is different from the xuanyuezong in the past few days.

The dark night looked at the disciples in front of them, and a glimmer of relief flashed in his eyes.

Although the number of disciples in front of him was less than one tenth of the original number of xuanyuezong, to tell the truth, he did not expect so many people to stay!

When he received the news that dozens of top forces combined with Lingwu families to invade xuanyuezong, cangye announced the news directly in front of all the disciples.

He also claimed that xuanyuezong and ye Chen lived and died together. However, he would not force everyone to stay in xuanyuezong. If he did not want to stay, he could withdraw now.

After all, in the face of these super powerful coalition forces, xuanyuezong is no different from a mole ant. It is not necessary to let everyone die together.

After a riot, more than half of the people left immediately.

A day later, half of the rest left.

Until the third day, only one tenth of his disciples were left.

But even if it was only one tenth, the night was already very happy.

These disciples are able to survive with xuanyuezong! Their qualifications may not be the best in xuanyue sect, but they are far more loyal than others!
