

Physician 2381

Chapter 2381

Xu Hou took a deep breath and forced himself to calm down.

It's just a low-level fighter. It's not too empty. It's only seconds. So many people here are really afraid of him?

He forced out a sneer and said to Ye Chen: "ha ha, it seems that child Ye's life is really big. This move is really shocking. However, do you know what you are facing?

On our side, there are still ten Taixu people, and dozens of them are half empty... "

"It's better to Why don't you let us go? This time, it's our fault, so it's not happened? What do you think?"

All the people outside the powerful forces are looking at these people angrily, as if it never happened? Ha ha, their dead friends can be regarded as nonexistent!

"Kneel down." Ye Chen looked at Xu Hou and said only two words, "kowtow and apologize to my dead brothers and sisters."

Yes, they are brothers and sisters. Those who can stand up for themselves at a critical moment, ye Chen has regarded them as their relatives.

Ye Chen will always remember their kindness. They are ye Chen's brothers and sisters. Their relatives are ye Chen's relatives.

Ye Chen has always been a man of clear gratitude and resentment.

As soon as Xu Hou's face changed, he looked at Ye Chen with gloomy eyes and said, "ha ha, ye Chen, you don't want to be shameless. Ha ha Yeah, we're just killing the trash, so what?"

Have seed, you personally revenge for them? Hehe, don't you attach importance to love and righteousness? We will not face dozens of people, are we afraid? "

When they heard the words, they all hurled abuse at the Marquis Xu!

Don't want to face, it's really shameless to the limit!

At this time, also his mother has the face to let Ye Chen a person on their dozens of people?

Shameless!

However, to everyone's surprise, ye Chen nodded: "yes, this is really what I should do."

Everyone is stunned, what does Ye Chen say?

They know that ye Chen is very strong, and his strength is terrible. He can kill Taixu in a second. However, there are ten Taixu and dozens of half step Taixu on the opposite side!

No matter how strong, there is a limit!

And the strength of this side of their own, now, has surpassed the opposite, directly one after another, the other side only lost!

Can, if ye Chen is a person and they start, in case of losing?

That scene, and suddenly fell over!

Although they are very grateful for ye Chen's spirit of revenge for his dead companion, they are also too impulsive?

Bai Zhentang was also anxious to say, "Ye Chen! Don't be irritated by what he spits out of his dog's mouth! He just wants to force you

Ye Chen was smiling at Bai Zhentang and said, "master, please don't worry. I'm sure that I will never let everyone in danger again."

He made a good move. To tell the truth, ye Chen didn't want to let the people do it, because he was worried that in case of a counter attack on the death of the opposite side, and the people were injured again, what to do?

He doesn't want to let his relatives, hurt, a little bit, can't!

The crowd is silent, they can see that ye Chen is very resolute.

And once Ye Chen has made up his mind, no one can change his mind.

It's a wild face!

Fool! What a fool!

Is it so easy to be stimulated?

Even Xu Hou himself did not expect that ye Chen agreed so easily and was cheated!

Ye Chen, do you really think you are invincible?

Hehe, ye Chen's madness, spirit and martial arts, everyone knows, but they still underestimate Ye Chen's madness!

However, crazy is very easy to die!

Ye Chen went to the front of the crowd, alone in the face of a dry Lingwu continent's top strong, cold look, no expression.

And Xu Hou and others, however, gave each other a look. Xu Hou clasped his fist at Ye Chen and said with a smile: "Mr. Ye's character is really admired by us. So..."

The words have not finished, the strong man, has been a sudden move, without reservation!

These little people! Even if dozens of them are against one, they should even attack secretly?

Shameless to no bottom line!

And ye Chen, looking at the countless fierce attacks that emit terror energy and can almost annihilate the whole continent, his look has not changed at all.

Not even the thought of avoiding it!

He just, slowly, raised one of his hands.

Mouth, light way: "red dust God pulse, breaking the power of the sky."

When Xu Hou and others saw this, they were all happy. This ye Chen was just crazy, and he was so stupid?

No matter how strong his vitality is, he can't resist the attacks of so many powerful people. How can he not dodge?

Not even weapons?

A burst of gold, in the face of countless attacks, ye Chen just a boxing out. A simple punch, or even a fist, didn't work.

At the moment of Ye Chen's fist, time seems to be briefly still.

The next moment, the void broke and the wind howled.

The original invisible air, under the bombardment and compression of Ye Chen's great power, has almost shown the entity!

All the powerful men in the powerful family just feel like a flower in front of them. They seem to see a fierce beast that roars up to the sky and smashes the sky with one fist!

Although Ye Chen didn't bring any boxing techniques with him, his precise control of power has already reached the acme of the law of force and has reached the acme of realization!

His fist is in accordance with his law!

Only those who are too weak can do it!

Even if ye Chen doesn't use martial arts skills, his every move seems to be completely consistent with the root of martial arts!

Where the style of boxing has passed, the attacks of those who are too weak and half step too weak are all gone!

What kind of terrifying power is this?

People can't imagine that they have never heard of the power of human beings to achieve such a situation.

After the shock, it is the fear from the soul!

Ye Chen even with the power of a fist, broke their joint attack?

This It's no longer the strength to seal the door

They are not fools. As soon as ye Chen made a move, those strong men who have been running in Lingwu mainland for many years have completely understood that ye Chen is not what they can fight against

Even, there are not many people in Lingwu mainland who can compete with Ye Chen!

If you have to say, who else is possible

Then there's no name!

A group of strong face color crazy change, where also take care of what ye Chen's blood? It turned out that they were all moving towards the distance

And a group of xuanyuezong have been completely stupid

One punch, just one punch, will beat these strong people who are almost the top of Lingwu like beating a dog away?

Even they think ye Chen is really abnormal!

"Want to go?" Ye Chen looked at those people coldly, "don't you think it's too late?"

Chapter 2382

These people are the killers who killed his brothers and sisters. How can we let them go?

He said that he would personally offer sacrifices to the dead relatives with the blood of these people!

Ye Chen's body shape flickers, the earth under his feet, inch inch crack, accompanied by a burst of wind and thunder, ye Chen appears in a far away from him.

The Taixu strong man's face changed greatly. It seemed that he wanted to make a move. However, it took time to display his martial arts skills. Even if it was only a fraction of a millionth of a second, it was enough for ye Chen now.

He directly uses his own power, naturally faster than the other side!

The next moment, that too weak strong even scream did not send out, was Ye Chen that terrible power, completely submerged.

With a roar, the body burst into pieces, the spirit disappeared, and completely disappeared from the world.

Killing a strong man is like killing a dog!

Easy to be incredible!

Even ye Chen himself, looking at his bloodstained fist, was a little shocked.

For a moment, a golden thunderbolt flashed wildly in the xuanyuezhong, chasing the figures of those powerful people who ran away madly. Ye Chen seemed to be incarnated as a real God of blood. The moment his body appeared, he would surely take away a life, and scream incessantly!

Just a few minutes later, ye Chen's figure reappeared in front of xuanyuezhong.

He was covered with blood, and a man in his hand was Xu Hou.

At this time, Xu Hou, where there is a little bit of the four big family taixujing master appearance?

His bones, internal organs, muscles, were completely broken, just hanging for a breath.

Now, Xu Hou's face is full of panic to the extreme.

Ye Chen threw him in front of the crowd and stepped on Xu Hou's face with cold eyes.

And Xu Hou was shivering and screaming, "Mr. Ye! Mr. Ye! I'm wrong. I'm really wrong. Please spare me a dog's life. My Xu family will always be loyal to you and will be loyal to you forever. As for the dog thing that offended you, we will immediately give him to you to deal with, whatever you do!

And the nameless! The second elder knows where he is. As long as you spare me, I will let the second elder tell you everything! "

"Who let you talk?" Ye Chen slightly frowns, this cheap animal is too noisy!

As soon as he exerted himself on his toes, he crushed Xu Hou's mouth and tongue.

Ye Chen's eyes were sincere. He bowed deeply to the corpses of xuanyuezhong, Shenhua academy, Chu's family, and the burning heaven clan, which had spread all the way from the mountain gate to the morning moon Pavilion, and said, "brothers and sisters, ye Chen is sorry for you. You can only comfort your spirits in heaven with the blood of your enemies!"

Xu Hou seemed to feel something. His eyes were shaking wildly, but his mouth was completely broken and he couldn't say anything.

Ye Chen's face floated a trace of evil smile and said to Xu Hou: "ha ha, you just said, let Xu family effect be loyal to me?"

Xu Hou nodded wildly.

Ye Chen said lightly: "it's a pity that the Xu family can't be loyal to me."

"Because there will be nothing more on the Lingwu land, the Xu family in Beihai!"

After that, ye Chen's foot suddenly forced, and then the foot of Xu Hou, stepped into nothingness.

After a short silence, it is cheering, cheering from the heart!

Ye Chen's face also showed a faint smile.

Everything is over. As for the Xu family, Xiang family, and the families and forces that participated in this operation, he will take care of them slowly, and will not let go of any of them!

Ye Chen, for those who hurt their important people, has always been very careful.

If anyone offends me, I will give you back ten times!

However, he did not intend to kill the whole family of the other party. After all, there are still innocent people.

As long as those families, the strong in power and those in power come out and take responsibility.

Of course, the property of these families can not be left behind. As long as the resources and the strong are lost, the family will be in complete decline and disappear.

At this time, Ma Tianyuan and huyanjie, two royal families of the kingdom of nine you, came to Ye Chen with a smile on their faces and respectfully said to Ye Chen, "Mr. Ye, since the matter is over, we will leave first.

Ye Chen nodded his head and showed great respect for the two people's worship attitude. He said, "well, I'd like to thank you for your help this time. Some day ye will come to thank you. By the way, please help me to convey to the emperor that ye Chen is Xiao Jiu's brother.

The state of Jiuyou has a great connection with me. No matter what you need help in the future, ye will definitely give me a helping hand

Ye Chen knows that the reason why the two worshippers came here this time is because Xiao Jiu didn't manage it. Since the emperor was willing to help him, ye Chen would certainly accept his love!

If others help you, they will help you!

However, he also knows that once the devil emperor wakes up, the situation in the kingdom of nine you will be completely changed.

The two worshippers were very excited when they heard the speech. In fact, ye Chen's current strength doesn't need to be so polite. As long as ye Chen stands on the side of the country of Jiuyou in name, it is already a great benefit to the country of Jiuyou! But ye Chen's words are sincere. It can be seen that he really regards the country of Jiuyou as his half home!

Both of them could not help but sigh that the ninth princess did not mistake the person!

After that, the Chu family, the secret place, the Shenhua academy and others also left one after another, but Ge Qing stayed in xuanyuezhong to heal for the time being.

When they left, they were all in high spirits. They knew that Lingwu would change in the future, and no matter what position they were in, they would climb to the top of Lingwu peak!

Why?

Because ye Chen is the first person of Lingwu! Because ye Chen treats them as his own!

Isn't that enough?

At this time, a black and thin youth with a smile came over, it was pan Rongchun.

Ye Chen looked at Pan Rongchun and said with a smile, "what's the matter, brother pan?"

This time can catch back, also thanks to pan Rongchun, this feeling, ye Chen also remember.

Pan Rongchun scratched his head and said with some embarrassment: "that, brother ye, I have a heartless request!"

"Oh?" Ye Chen eyebrow tip a pick way: "Pan elder brother is my benefactor, but say no harm."

Pan Rongchun suddenly bent down, took out a storage bag from his arms, held it in the palm of his hand, handed it to Ye Chen and said, "brother ye, I want to join xuanyuezong! You have given them to me. I want to give them to the clan! "

Ye Chen is slightly stunned. However, he looks at Pan Rongchun with a smile. This brother pan is really smart.

After joining xuanyuezong, he could become an elder. Originally, he was an elder of the first-class sect. For pan Rongchun, he might be nothing.

But now?

Is xuanyuezong still an ordinary first-class sect?

Chapter 2383

Xuanyuezong had Ye Chen. It is no exaggeration to say that he has become the top power in Lingwu mainland. It is almost a matter of certainty!

Now, to be an elder of xuanyuezong is infinitely more promising than to be an official in the Empire!

However, even after seeing through pan Rongchun's idea, ye Chen still took over the storage bag. He was always a man who would repay his kindness. Then he said with a smile:

"OK, I'll ask the Lord for you, but what about the airship?"

Pan Rongchun was overjoyed and said with a smile, "brother ye, don't worry, that airship is enough for the Empire to have ten million gods and stones! They've made a lot of money, they want to have fun

Ye Chen nodded and said nothing more.

At this time, Ji Xuan, Xing Zitang, Xie Pingping, tianlingzi and others also came to Ye Chen. Although all of them were injured, they were in good condition. Although the injuries were not mild, they were not too serious.

Ye Chen frowned and his fingers moved. He offered some pills with strong breath and flew towards the crowd. He instantly integrated into the human body.

A few people are still some unknown, so, then is the face of incredible color!

Ye Chen's pills, unexpectedly let their injuries quickly recover!

This is more powerful than the holy medicine and the divine medicine!

But Xie Pingping said to Ye Chen with some worry: "Ye Chen Your pill Don't show it casually in the future. If you let others know... "

Ye Chen said with a smile: "it's OK. I'll pay attention to it."

Xing Zi Tang and Ji Xuan apologized to Ye Chen and said, "Ye Chen, we originally wanted to bring the family forces here, but the ancestors of the family did not agree..."

Ye Chen said: "it's human nature. It's nothing. I can't thank you enough for coming! By the way, Ji Xuan, Zi Tang, you can go back and ask, are the forces behind you willing to join xuanyuezong?

I can make the two Taixu realms of your forces exist and become the worshippers of xuanyuezong. "

Ye Chen knows that xuanyuezong is going to develop rapidly next. Naturally, he needs some people who are strong in Taixu.

The power of killing Zong lies in scattered cultivation. Ye Chen originally wanted to cultivate shazong as the first force.

Now it seems that xuanyuezong's blood moved him.

And xuanyuezong used to be a overlord, but it has declined. It is undoubtedly the best choice to step on the top again.

Ji Xuan, xingzitang heard the speech, naturally happy! Of course they know what it means!

Although his own forces did not fight, ye Chen was still willing to let him join the xuanyuezong. It can be seen that ye Chen is really regardless of the past!

After that, xingzitang and others also bid farewell to Ye Chen and rushed back to the family for a visit.

After that, ye Chen went to see cangye. Bai Zhentang and others looked at their master, leader, and elder. For him, he was hurt to look like this. Ye Chen could not help but lower his head and said, "sorry, disciple Ye Chen is late! Let the master, the headmaster, the elder, and the xuanyuezhong suffer! "

Dark night a smile way: "what good sorry, you can rush back, already is a miracle."

Ye Chen didn't say much. He first used pills and techniques to recover the wounds for all. Then he moved his hand and put dozens of storage bags in front of cangye and others.

Ye Chen said seriously: "headmaster, this is what I got from the strong people of the top forces. I have calculated. These people are also rich. Just taking them with me, they will add up to nearly 100 million of the best holy stones!

Here, there are 50 million high-quality divine stones that I got before. In addition, there are 16 ancient martial arts skills, 32 real artifact, all kinds of top-notch pills and materials. Soon, I will make xuanyuezhong one of the top forces.

These resources should be collected first and used to develop the clan! What's more, there will be a lot of resources coming! "

Ye chenmu in the cold light flickers, it is also time to settle accounts with those families and forces.

Cangye and others look at each other, and their eyes are full of joy!

In the future, no one on the land of Lingwu would dare to look down on their disciples of xuanyuezhong!

.....

At the same time, above the sky, a figure in white was suspended in the world.

It was Wei Ying.

Not long ago, she also learned about xuanyuezong in juechan palace of southern regions.

She was hurt.

But still at all costs to tear up the void.

It is true that he is a man of great emptiness, but there is a price for tearing up the void.

And the distance is limited.

Just like Ye Chen, he is now barely able to tear the void, but only for a short distance.

It is impossible to get to xuanyuezong immediately from Feilei island.

Wei Ying came here at the cost of blood essence.

Fortunately, ye Chen is one step ahead of her.

She looked at xuanyuezong, whose eyes flashed and murmured: "maybe, this is the cruelty of the road of martial arts."

"Today xuanyuezong is like this. If ye Chen was not found, it might be destroyed like the palace of juechan emperor." "On that day, there was no one to save the palace of Jue Han Emperor."

"On that day, countless gods and forces United."

"On that day, perhaps the blood flowing from the palace of Jue Han Emperor was more abundant."

"Did they despair before they died?"

At the moment, Wei Ying seems to see a pair of ancient cold and blood eyes.

There was more hatred in her heart.

"Those small forces are not the beginning of the road of revenge. What they really want to fight is the kingdom of God."

With that, Wei Ying left.

Snowflakes fell on the sky.

.....

Demons, completely closed.

The whirlpool of evil spirit in the sky is getting stronger and stronger.

You, the devil and all the people of the demon family can hear the low roar!

It was ancient rage.

They can't help it!

Anyone is doomed to be unable to step out of the demon clan in this month!

At this time, an old man came quickly from the hall of the devil's palace.

Jun demon dust see the old man, obviously also a little nervous: "how is the matter done?"

"I hope you don't bring bad news."

The old man breathed out a breath and smile: "don't worry, your subordinates are bringing good news."

"Although we can't leave, but the information has not been blocked. I and many old people used some cost to send the news to the kingdom of God!"

"The kingdom of heaven is ready to intervene!"

"The whirlpool of the shadow of the evil emperor can't succeed! Don't worry

Jun demon dust clenched his fist and a ferocious smile appeared on his repressed face.

"I'm waiting for your news!"

"There are some things that can't be done without thinking about them."

What did the old man think of? He looked like he wanted to talk.

Jun demon dust felt what, cold voice way: "do you still have something to say?"

The old man hesitated for a few seconds or nodded: "not long ago, something happened to xuanyuezong. The top ten families united to arrest Ye Chen! Ten of them have been sent out from the weak and the strong! "

Chapter 2384

Hearing this, Jun Wuchen said excitedly, "ha ha, the little beast Ye Chen can really cause trouble. Even the ten big families of Lingwu have taken action! It seems that the devil emperor and the boy have fallen together

"Come on, set up wine and hold a banquet. Today we must celebrate in the palace of the devil."

But the old man's face was black and his body was shaking.

Jun demon dust voice suddenly stopped, he stood up, seriously said: "the matter is not over?"

"Plop!"

The old man knelt down directly and said in a trembling voice, "the devil, ten Taixu States, dozens of half step Taixu, unite against xuan yue zong, and want to win Ye Chen."

"However, ye Chen really appeared! Come back from the dead! You've stepped into a closed door situation

"He He alone will kill all the weak and strong! The army is defeated! Almost immediately... "

Jun demon dust was stunned, and his expression was extremely frightening.

A strong man who has just stepped into the realm of sealing the door has killed an army that covers ten Taixu men and is a few decades old and half footed Taixu?

This boy is only in his twenties!

More terrible than the devil emperor in those days!

At this moment, you are cold behind the devil's dust!

He felt that, from today on, the demon clan is doomed to turbulence!

He holds the right, it is very likely that one move carelessly will lose the game!

.....

Outside, in the center of the whirlpool, a figure appeared.

It was a girl with a concave and convex figure.

If ye Chen is here, he will surely find that he is the daughter of the evil emperor.

The evening smoke looked at the whirlpool and said, "father, I'm back."

"Those people didn't find me."

"Thank you, my father..."

In the whirlpool of black magic air, there are a pair of eyes full!

That's the devil's eye!

The key is that this eye actually has a trace of noble righteousness!

Belong to the evil emperor's righteousness!

"How is Ye Chen these days?"

A sound, like the sound above nine days, came from the whirlpool.

The evening smoke is exciting, the eyes are full of tears!

She knew it was really the father's voice!

Father is really coming back to life!

On that day, although her father transferred himself, he gave her a strength to come back here!

Father can't leave the demon clan, but his heart is Ye Chen, he wants to bring back the news that belongs to Ye Chen.

The evening smoke dare not hesitate, open a way: "father adult, leaf Chen has broken through the seal door, can fight too empty."

"The first World War of Feilei island and xuanyuezong have become famous in the first World War!"

"Now, the world has rated him as the nameless and the same level of existence as the first genius of Lingwu!"

"Even stronger!"

"However, because ye Chen has been killed by nameless once, ye Chen is now ranked second on the Xuan list."

After hearing everything, the evil emperor had some ferocity and anger in his eyes, but he still lowered his voice and said, "can there be the nameless portrait?"

There is a reason for the devil's anger. If he recovers physically, how can ye Chen be so insulted!

Dusk smoke nodded and carefully took out a portrait.

However, when the demon emperor saw the man in the portrait, he was surprised: "it was this man."

"It seems that the nameless details are unusual."

"You shouldn't have people of that age to be on the list."

"It seems that he used the old man's technique."

Dusk smoke a Zheng: "Father knows this nameless?"

The magic emperor shook his head: "I just know the person behind the nameless. It seems that ye Chen's chess game is not over yet."

"To kill ten Taixu and many hundred step Taixu strongmen, ye Chen offended the top forces in Lingwu mainland this time."

"I don't know if it's a good thing or a bad thing."

"Ye Chen is so exposed that the heavenly way Palace should be aware of it."

"We don't have much time left."

"Maybe before long, ye Chen will confront the guy in Tiandao palace."

"I hope that this time, my resurrection, there will be no accident."

.....

The kingdom of God, the temple of heaven.

Xuanyuan moxie is sitting on the hall with a dragon around his body.

It's the Dragon God.

Fortunately, the Dragon God's injury has been alleviated.

It's recovering.

In front of them is an ancient and simple stele.

Both of them absorb the energy inside.

I don't know how long after that, Xuanyuan Mo Xie opened his eyes and killed his chance to release:
"this time, several people sent out by the heavenly palace of the kingdom of God have fallen two people, and one of them has cut the bad situation."

"It's not a small price. What have you found out?"

Words fall, and there is a voice in the void. The figure was dressed in black, with simple lines on his skin.

It's extremely weird.

The man knelt in front of Xuan Yuan Mo Xie's body and said, "there are too many doubts about the matter of flying thunder island."

"When my subordinates rushed over the island for the first time, they found that all the people who knew about FEILEI Island either fell down or were forced to erase their memories."

"It's a very powerful tool, and I can't find out anything."

"It's like the means of the eternal race."

"And I found that everything was broken..."

"It's just that someone has deliberately interrupted our way to the truth."

Xuanyuan Mo evil eyes kill more and more strong, cold voice: "don't look, I know who is the eternal king."

"If I am not mistaken, the strength of the eternal king has already stepped into the disaster, and the sword of destruction on that day has become the chance of the eternal king."

"Interesting."

"The most powerful technique mastered by the eternal king is to erase the memory. Let alone you, I can't find out anything."

"This old man blocks the heavenly way palace everywhere. I really think he can change all the rules now."

"Ridiculous!"

"By the way, palace master, there is one more..."

The man in black just wanted to say something about xuanyuezong when the dragon god suddenly opened his eyes.

"I seem to feel the whereabouts of the blood dragon. It's still in the nine heaven dragon hall!"

"It's in the forbidden area of the Dragon hall in the nine days!"

Xuanyuan Mo Xie's face changed slightly, and he angrily rebuked, "everyone, step down!"

The man in black disappeared in an instant.

As for xuanyuezong, he did not intend to say.

He knew that for Xuan Yuan Mo Xie, nothing is better than the Dragon God in the hot sky.

Soon, the whole hall only left the Dragon God and Xuan Yuan Mo Xie.

The two gazed at each other.

"Dragon God, the forbidden area is trapped by the magic dragon. If the blood dragon enters into it, it should not be possible to come out alive."

Xuanyuan ink evil is the first to speak.

Yan Tianlong God shook his head: "since I can feel his existence, I feel that he is not dead."

"Of course, the magic dragon is a taboo in the nine heaven god dragon hall, but it may also be the chance of the blood dragon."

"Xuan Yuan Mo Xie, if you want your position unshakable, I advise you to erase this threat."

"Otherwise, you and I may die."

"It's not alarmist, I'm talking about a fact!"

This moment, Xuanyuan ink evil eyes changed.

It was a pair of cold to bone marrow eyes.

"I see."

"I will not let anyone shake my status as Xuanyuan moxie."

"Anyone!"

Chapter 2385

Nine heaven dragon hall.

On the cliff of the forbidden area.

A dragon full of powerful breath gazed down into the abyss.

And the Dragon side of the nature is Xuanyuan ink evil.

Xuanyuan ink evil looks dignified.

This is the forbidden place of the nine heaven dragon hall.

It is said that under the cliff there is a demon dragon that threatens the whole kingdom of God.

The magic dragon can swallow the sun and the moon, and can break the heaven and earth.

At that time, it took seventy-seven days for the 100 top powerful men in the kingdom of God to imprison the dragon.

The people of the kingdom of God can't kill the dragon, they can only suppress it forever.

This is a taboo myth.

Xuanyuan ink evil slightly close, it is to feel a cold air current binding the whole body.

His strength dare not come closer!

Let alone enter the abyss.

"Dragon God, are you sure that the blood dragon is down here?"

"The blood dragon was injured at the beginning, and there is that magic dragon under it. Generally speaking, it is impossible to survive."

However, the dragon god suddenly hovered in the sky, sending out bursts of dragon chants!

He even released his mind!

However, it's no use at all!

The prohibition in the abyss is too strong!

The Dragon God returned to the cliff and said, "we must send someone down."

"Xuanyuan ink evil, if I remember correctly, you should have a jade pendant with spirit."

"You use this thing for a short time to condense and separate yourself. Go down and have a look."

"It won't cause you any trouble."

However, Xuanyuan ink evil looks cold.

He naturally has a very rare jade pendant for dividing spirits!

However, the cost of using the spirit jade pendant to condense the body is too high!

If there is an accident, he will be injured!

"Xuan Yuan Mo Xie, don't you want to erase your threat?"

"You should know why this blood dragon appeared."

"I'm sure if it's not removed, the temple of heaven will be broken again!"

"Besides, you should have heard of legends."

"The young man named Ren who killed the leader of Tiandao palace with one sword also came from Yulong."

"The Dragon transformed into human form, but killed many strong people in chaos."

"Are you still hesitating?"

"I have a premonition that the threat of the blood dragon is far more than that of the dragon!"

Xuanyuan ink evil heard this sentence, his face changed slightly, no longer hesitated, finger pinch Jue, a jade pendant directly sacrifice!

The essence of blood is falling on the jade pendant.

Sweat began to appear on his forehead.

Gradually, the jade pendant broke, and countless powders seemed to turn into the light of stars!

The stars are full of light.

The human form keeps condensing!

Finally, he became a part of Xuanyuan ink evil.

as like as two peas!

Xuanyuan ink evil gently exhaled a breath: "this body is only a small part of my strength, too empty peak."

"Of course, but I don't want him to have an accident. Otherwise, it will be a great loss to me."

Yan Tian Long Shen nodded: "let him go down."

"Good."

The next second, Xuanyuan ink evil body directly jump down the abyss!

At this moment, the Dragon God and Xuan Yuan Mo Xie are nervous!

However, at this time, there are two dragon chants that shake the world!

From the abyss!

Then, Xuanyuan ink evil body burst!

"Bang!"

On the cliff, Xuanyuan ink evil body spits out a mouthful of blood on the spot, pale to the extreme!

"Failed."

"Go back to the heavenly palace."

At the moment, the Dragon God laughed: "the two dragon chants, I can tell, one is the blood dragon that fought with me that day."

"The other one is probably the foreign magic dragon."

"The blood dragon has fallen into such a abyss and is not dead yet What's going on here? "

.....

Midnight.

At this time, ye Chen, after dealing with the aftermath of xuanyuezong, is in the boudoir of ChenYue pavilion with Sun Yi for a while.

Sun Yi has suffered too much injustice and suffering today. He is Sun Yi's man. This is the time for him to comfort his woman.

After warming up, ye Chen thought his blood power could make Sun Yi's blood stronger.

But obviously, the progress of Sun Yi's blood improvement has been slow.

It's not that the longer and more times she keeps warm, the stronger she will be.

"Is it because Sun Yi's accomplishments and qualifications are too low?"

"If combined with the spirit body with powerful talent, the blood can be released to the extreme?" However, Sun Yi has the spirit of red dust. As long as she gives her some training resources, she is bound to be stronger than most of the talents in Lingwu mainland.

Sun Yi hugs Ye Chen tightly and gently approaches.

Spring is endless.

Later, Sun Yi asked anxiously, "Ye Chen, you will go to all the top forces to settle accounts with them tomorrow. Will you encounter the nameless one? Is there any danger? "

After ye Chen came back, he told her all that he had experienced during this period of time.

Nameless is Ye Chen's first real genius so far.

Also able to jump the level to fight, the same number of cards.

It is the first genius of Lingwu mainland.

Naturally, Sun Yi was worried.

Ye Chen faint smile way: "don't worry, that person is not my opponent now, OK, you are also tired, have a rest early."

After that, ye Chen walked toward the door. Sun Yi was not the only one who needed comfort.

In the next few days, ye Chen swept the top forces that attacked xuanyuezong one by one, and seized a large amount of martial arts resources from them. Ye Chen's reputation also resounded throughout the Lingwu continent!

At this time, he has been the first person of Lingwu!

There are only two forces that he has not set foot in. They are the Xu family in Beihai and Xiangjia in Nangang.

It's not that ye Chen doesn't want to go. It's just that the Xu family in Beihai and Xiangjia in Nangang, as the hermit giants, are both in a very secret and secluded state. If it takes too long to make a trip in the past, they will naturally deal with other top forces first.

.....

At the same time, in a cave.

Two young men are playing chess.

A young man slowly raised his head and looked at the old man in front of him. An invisible anger was burning.

"That is to say, ye Chen, has wiped out all the gifts I have prepared?"

The old man's figure trembled, but finally he nodded: "yes."

"Good, good!"

Now the nameless fierce stand up!

The chess pieces in his hands are also completely turned into powder!

"I've never met such an interesting opponent before!"

"Ben thought the world was boring."

"Now, my nameless prey seems to be stronger!"

"In this way, I'm more interested in the boy's blood."

"It can be like this, but in a few days, it's beyond the gate. There's no vision in the world. The secret of this boy is really exciting."

The old man thought of something and said, "young master, do you need to send someone to xuan yue zong?"

Chapter 2386

Nameless shook his head: "no need, this son is so powerful, now I have no possibility of complete confrontation."

"Wild animals often don't catch their prey in one step. Lin Juelong, what do you think?"

Nameless suddenly looks at the young man holding the sunspot in front of him!

If ye Chen is here, he will surely find that this man is Lin juelang!

Nameless had already made a plan to deprive Ye Chen of his blood, and he invited Lin Jue long from the soul hall!

However, to his surprise, his plan failed!

Lin Juelong raised his head, and a trace of killing flashed over his horrible face: "unknown childe, if you want to say this ye Chen, I know him for a long time than you."

"Before he came to Lingwu, he was just a low martial world, a waste young master named Huaxia Jiangcheng."

"My house was destroyed by me, and I witnessed the fall of Dongqian Lake."

"I thought this was the end of it, but I didn't expect that the little beast would come back to life in five years."

"And the speed of strength growth is extremely terrible!"

"It is only a few years for him to shake the existence of Taixu from an ordinary man."

No one was slightly surprised.

He knew Ye Chen's talent was against heaven, but he didn't expect to be so rebellious!

If there are countless resources, what can be accomplished in a thousand years? Is this boy only a few years?

It's unbelievable.

At this moment, nameless also felt a deep threat.

He raised his head, looked at Lin Juelong and said, "Mr. Lin, it seems that we can be allies."

"This son is in the land of Lingwu. There should not be many people who can shake it, unless you please move those old monsters."

"Those old monsters don't do it casually. I have a lot of resources in the kingdom of God. If I want to kill this son, I can only use the power of the kingdom of God."

"Mr. Lin, will you help me to deprive this son of his blood after his death?"

"I may be able to seat you as the Lord of the temple of souls. I can even make you master the kingdom of God."

Lin Jue long Mou son a congealed, suddenly smile: "unknown childe rest assured, you and I unite, don't say is Ye Chen, even those forces of the kingdom of God, can only open the way for us!"

In a flash, a burst of laughter came from the whole cave!

Extremely ferocious and arrogant laughter.

.....

At this time, Beihai Xu family, an incomparably exquisite attic, three Taixu strong people gathered together.

The three are Xu Yi, the second elder of the Xu family in Beihai, and the two elders of Xiangjia in Nangang.

Xiangjia's elder Xianggui looked at Xu Yi with a gloomy face and said, "elder Xu, what do you mean that the unknown child can't be contacted? Our two families have lost too much existence for him!

Now, he knows that ye Chen's strength has soared, so he can avoid it? "

Xu Yi, with a black face and silence for a moment, still said:

"there's no way. Ye Chen's strength is really terrible. It seems that he has been above the unknown. I heard that ye Chen has swept away a number of top forces involved in xuanyue's affairs in recent days. The situation in Lingwu mainland has changed completely.

Shenhua college, the weakest of the four colleges, suddenly rose and had the strength to crush the Empire. Xuanyue, which was originally a first-class sect, now seems to be one of the top forces of Lingwu. "

The two elders of Xiangjia frowned tightly: "so, next, it's our turn? What to do? "

Xu Yi's eyes flickered: "now, I can only wait for my big brother's news."

Xiang GUI's face moved and he looked at Xu Yi.

"Elder Xu Tian can really get in touch with that shenguo sect, and really let his disciples fight for us once to get through this difficult time?"

Xu Yi nodded his head and said, "it should be possible!"

All of a sudden, he sighed again: "just, this price, I'm afraid, is not the same, that's why I've got two of you."

Xiang GUI showed a grim look and said: "Ye Chen, killed my brother Xiang Qiang. Even if I pay a big price, I will take revenge!

As long as we can ask the powerful people of the kingdom of God to do it, I'm willing to bear the cost with the Xu family! "

At this time, a figure flashed and appeared in the attic. It was Xu Tian, the great elder. Behind Xu Tian, there was a young man in a red robe embroidered with gold, a pair of narrow eyes, a sharp chin, a pale face and a very cold and proud look.

.....

Inside the hall of xuanyuezhong.

After ye Chen brings back the resources of a top family to cangye, he is preparing to leave for the Xu family in Beihai.

Suddenly, a disciple of xuanyuezhong ran into the hall, saluted Ye Chen respectfully, took out a red envelope and handed it to Ye Chen, saying, "elder martial brother ye, someone asked me to give this envelope to you."

"Oh?" Ye Chen eyebrow tip a pick, after opening the envelope, the face can not help but show a touch of fun color. "Ye Chen, what's the matter?" the night asked

Ye Chen said with a smile: "that Xiang family and Xu family even had a party to invite me to attend, and asked for my forgiveness. Ha ha, it's a little interesting."

I'm afraid the two families are together to prepare

Ye Chen sneered and said, "it's good to do this, but it saves me two runs."

.....

Beihai Xu family, a luxurious banquet hall, sitting on the main seat of a young man in red, the youth is surrounded by two very beautiful girls, is carefully waiting for the youth to drink and eat food.

And the four Taixu strong, but at this time is a pair of extremely respectful appearance, accompanied by a smiling face sitting in the first.

But the red robed youth was full of impatience, and asked coldly, "does that guy named Ye Chen really come? I don't have much time. Can you afford to waste it? "

In the words, there is no respect for the elders of the four families!

But the four elders, at this time, are still full of smile, let alone refute, even a trace of dissatisfaction, do not dare to reveal!

Xu Tian respectfully smiles at the red robed youth and says, "master Luo, please be calm. According to our understanding of Ye Chen, this man is extremely arrogant and will definitely be present..."

The young man, named Luo Wen, came from Tianlei sect, an ordinary force in the kingdom of God.

At the age of 29, he is already the cultivation of the four layers of heaven!

Strength is the terror that people of spirit and martial arts can't imagine! If you put it on the land of Lingwu, it will definitely be the eternal evil spirit sweeping all over the world. Even in the kingdom of God, it can be regarded as the excellent genius of Tianlei sect!

This time, in order to deal with Ye Chen, Xu Tian used all kinds of means to find the relationship between Tianlei sect, and exhausted all the internal accumulation of Xu family and Xiang family, so he asked Luo Wen for a hand

Chapter 2387

After all, there are no martial arts resources to earn and accumulate. But if ye Chen doesn't die this time, they won't even survive! What's the use of keeping these resources?

As long as they are alive, even if the Xu family and Xiang family will fall out of the top ten families for a while, they will still be the top ten families at least! There are also opportunities to rise!

And more importantly, their hearts are incomparably hoping Ye Chen to die!

Luo Wen drank a mouthful of the best spirit wine and looked at several people with disdain: "arrogant? Ha ha, let a sealed door garbage can be arrogant in front of the existence of Taixu? This can happen in a wild place like you. "

Xu Tian's face changed slightly, and his heart was bound to be a little unhappy. Several of them ran out of money, so they invited Luo Wen here. He was very polite, but the other side was this attitude towards himself?

Don't say respect, even the disdain of oneself and others are not covered up!

At any rate, they are also some of the strongest warriors in Lingwu mainland. When did they receive such treatment?

Xu Yi couldn't help but say, "master Luo, this ye Chen is not as simple as you think! Its strength is very terrible, even to be superior to Taixu! Mr. Luo, it's better to be careful! "

Xu Tian's face turned white and quickly stopped: "second brother! Shut up

Luo Wen is famous for his bad temper in Tianlei sect! The one who can't be challenged by others!

Sure enough, Luo Wen looked at Xu Yi and said, "be careful? Are you telling me to be careful of a door sealing rubbish? "

As he said this, Luo Wen's face suddenly sank, and his voice suddenly became cold for three minutes. His whole body's strong breath of emptiness surged wildly, and he roared directly towards Xu Yi!

Of course, Luo Wen is only too empty four layers of heaven, but he is from the kingdom of God, his strength can be leapfrogging!

The pupils of the four strong men in the early stage of Taixu shrank, and they didn't even have time to respond. Xu Yi screamed, and his body flew backwards, spraying blood on his mouth!

Several other people look at the dying Xu Yi, can't help but forget the breath! The face is shocked to the extreme!

Is this true?

Although Rowan and they are not much different, but only by virtue of breath, can he be seriously injured at the same level?

Even if they knew Rowan was incredibly strong, it was a bit too scary, right? Is this the power of divine genius?

People couldn't help swallowing their mouths. I'm afraid Luo Wen could easily crush them even if he was only the existence of Taixu in the early stage? The martial arts of the kingdom of God are so powerful that it is shocking.

Luo Wen slowly took a sip of wine, looked at Xu Yi with disdain on his face and said, "my childe, I'm not careful. Do you need this trash to teach me?"

Although Luo Wen promised to help the Xu family for those martial arts cultivation resources, he looked down on anyone in the land of Lingwu!

Even, they are not regarded as human beings, but regarded as lower race, only worthy to be slaves of Shenguo people.

In Luo Wen's opinion, Xu Yi was trying to kill the Xu family and even his family.

If he does so, he will inevitably leave some words on the side of the kingdom of God, which may have an impact on his future. What's more, he may get into trouble with the envoy.

Therefore, under normal circumstances, the people of the kingdom of God will not kill people in Lingwu. In order to gain benefits, most of them will trade with Lingwu people.

What's more, even if you kill a closed door for the sake of profit, you can get all the resources of these two families. Why waste time crushing a group of ants?

At this time, Xu Tian came back to himself and quickly said to Xu Yi, who was constantly groaning on the ground, "second brother! Don't apologize to Mr. Luo soon! "

Although Xu Yi's face was hard to see, he managed to get up. After hesitating for a moment, he knelt down directly in front of Luo Wen and said, "I'm sorry, Mr. Luo, please don't blame me. It's my frog at the bottom of the well. I have no eyes. With the strength of master Luo, ye Chen is just a mole ant, even if he is a monster..."

Luo Wen softened his face, waved his hand at will and said, "it's good to know. There's a big difference between me and you. Shenguo Taixu and Lingwu Taixu don't exist at the same level. Don't judge me's strength with your eyes."

Xu Yi sits back to his position. Although the face of the Xu family has been trampled on completely just now, his looks are still a little excited!

Why?

The reason is very simple. The stronger Luo Wen is, the more miserable Ye Chen will die!

Originally, because of Ye Chen's strength, they still have doubts about whether Luo Wen can kill Ye Chen. Now, it can be said that they are completely at ease!

If ye Chen dies, their family and their status are basically preserved

As for face? Can face be eaten as a meal?

What's more, maybe they still have a chance to get Ye Chen's blood power? That's a blessing in disguise!

Just at this time, a servant outside the door yelled, "Mr. Ye is here!" Several people in the hall, look at each other, are a bright eye!

This boy, really came to die!

Only Rowan, or face light continue to drink.

At this time, the door into a shadow, it is Ye Chen.

As soon as ye Chen stepped into the hall, he saw Luo Wen sitting on the main seat with a frown on his brow.

First of all, it is Luo Wen's cultivation, the four layers of heaven.

Secondly, it is the breath of Rowan

Ye Chen, who has been exposed to Shenguo martial arts and experienced the foundation of martial arts, can clearly feel that Luo Wen's martial arts foundation is very, very solid, and the Taixu existence in Lingwu mainland is not of the same level at all

His eyes flashed slightly and his face showed a trace of amusement. It seems that Xu and Xiang family invited this man from the kingdom of God to deal with themselves.

With a sneer on his face, Xu Tian said to Ye Chen, "Mr. Ye, do you really dare to come here? I really admire this maniac for nothing else."

One side of Xu Yi interface: "but too crazy people, often die earlier."

Ye Chen was silent, as if he had not heard them speak.

Is it necessary to say more about a few dying people?

Xu Tian's face sank. He stares at Ye Chen and says, "Ye Chen gives you a chance at last. Now, if you are willing to leave now, we'll cancel all the gratitude and resentment between us. Otherwise, you won't be able to leave here alive today!"

Ye Chen smell speech, but faint smile.

"Write it off?"

His eyes suddenly a cold way: "my brothers and sisters who died, can also be written off!"

For a time, ye Chen burst out of the killing intention, can not help but let those a few too empty existence, all slightly tremble!

Even Luo Wen, also looked at Ye Chen more.

Xu Tian said with a ferocious smile: "OK, then you go to die! Let the beast die

Chapter 2388

As soon as the words fell, the hall was surrounded by hundreds of fierce beasts with black body and red eyes. Each of them had the cultivation of sealing the door!

As soon as these dark beasts appeared, they rushed to Ye Chen without hesitation!

Xu Tian has a sneer on his face. He bought these dead animals from the kingdom of God at a high price. These dead animals have been specially cultivated since childhood. They are fierce and fearless in battle. What's more, their breath is extremely fierce. The power of self explosion is far beyond the ordinary peak of sealing doors!

So many dead animals explode, even if it is the existence of Taixu, will be blasted to ashes?

Although they invited Luo Wen, they had to make more preparations. Even if these dead animals could not kill Ye Chen, it would be good for them to seriously injure Ye Chen!

And ye Chen just glanced at those dead animals, and even didn't mean to dodge.

The next moment, the more than 100 dead animals, will stand in the same place Ye Chen, surrounded, stacked in a piece, to its crazy bite, for a time, blood overflowing! This vast banquet hall is like a sea of blood!

That blood is Ye Chen's blood!

Xu Tian and others see the situation, eyes a bright! Look ecstatic!

This ye Chen, is arrogant, inflated to the brain are not awake?

How can you resist the attack of hundreds of dead animals with your body?

Ha ha

Is it over so easily? Don't let Rowan do it. Even, don't let the dead beast explode?

Xu Tian and others smile, while Luo Wen looks at Ye Chen, who is surrounded by the dead animals, and shakes his head with disdain. His eyes are still slightly disappointed.

Originally, he was still interested in suppressing the whole Lingwu aristocratic family in this closed door situation. Now it seems that he is wasting his time!

This kind of rubbish deserves his hand from Luo Wen?

But the next moment, Xu Tian and others smile, then solidified!

A strange scene appeared in front of everyone!

Ye Chen, who seems to have almost turned into a bloody man, has a smile on his face.

The next moment, the sea of blood, unexpectedly began to flow back!

The blood in the hall poured back into Ye Chen's body madly!

In the blink of an eye, ye Chen's body has recovered as usual. It's just like everything just now. It's all hallucinations!

Now, not only Xu Tian and others, but also Luo Wen were shocked!

Originally, Xu Tian and others knew that ye Chen's vitality was extremely terrible, but ye Chen was on Feilei island at that time, and his recovery ability was not so abnormal!

That is to say, ye Chen is not only strength, but also the ability to recover against the weather!

How long has it been since the auction of FEILEI Island ended?

It's subverting the thinking of these powerful people who don't know how long they have lived! Can the strength be improved in such an all-round way?

Xu Tian came back to his senses and roared: "self explosion! Blow yourself up! Blow yourself up

He was afraid. He was really afraid, and even his heart of Tao, which had been practiced for thousands of years, was shaken!

Ye Chen is just like a demon who can't be defeated and will grow up rapidly. The original Fengmen warrior they despise has now completely incarnated into the demon God that they are afraid of!

Now, he just wants to kill Ye Chen at all costs!

Next moment, boom!

The self explosion of hundreds of ferocious beasts in Fengmen area instantly razed most of the palaces to the ground. Even the Xujia Island, which has the array protection, was shaking and on the verge of being broken!

At this time, ye Chen also had a lot of wounds on his body surface, but

In the incredible eyes of Xu Tian and others, these wounds healed quickly

That is the self explosion of hundreds of fierce beasts! The self exploding power of the common head may threaten the emptiness!

But the self explosion of hundreds of fierce beasts, not to mention serious injury, even the breath of Ye Chen is not unstable at all!

"It's over?" Ye Chen patted the dust on his body and showed a seemingly gentle smile and said, "are you ready to die?"

The meaning of killing refers to that Xu Tian and other four strong men from the top of the class are so frightened that they look like rabbits who see wolves. Even their legs are soft!

They retreated madly towards Rowan, shouting: "Mr. Luo! Help

Luo Wen slowly put down the glass, at this time, he looked at Ye Chen's eyes, but it was gloomy!

The hundreds of ferocious beasts exploded, and rowan was confident.

Even if he resists with such a degree of means, his life will not be in danger or even affect his fight. However, it must bring a little injury

But what about ye Chen?

No damage!

Isn't it to say that the Lingwu garbage in fengmenjing is more terrifying in terms of vitality than Luo Wen, the super genius of Tianlei Zong?

This is the biggest insult to Rowan!

A Lingwu garbage, even if only one aspect, surpasses him, he cannot accept! After all, in his eyes, smart and martial people are just inferior people! All aspects should be crushed by the people of the kingdom of God!

What's more, he is still a genius of Tianlei sect in the kingdom of gods?

Luo Wen stood up slowly, his hands turned back, staring at Ye Chen and said:

"you should have the mark of the kingdom of God? However, after your accomplishments have been sealed, the mark will be basically invalid.

Immediately, the emissary will find you and let you enter the kingdom of God?

Now I give you two choices. One is to die, and the other is to kneel down in front of me and recognize me as the Lord. I can introduce you to Tianlei sect. "

Luo Wen's eyes flashed a trace of sarcasm. Since ye Chen made him feel uncomfortable, he naturally wanted to get back and kneel down. Is that enough kindness?

And ye Chen is really qualified to be his slave to Rowan. Will ye Chen use the rest of his life to atone for his offence to himself?

What do you mean by Xu Zhiren? Even give ye Chen a choice? Would you like to join Tianlei sect?

This is not the same as what was said!

Luo Wen continued: "I have to admit that your talent is OK. Maybe you can find a foothold in the kingdom of God in the future. However, if you die here, even if the future is bright, what's the use?

Those who know the current affairs are outstanding. Besides, it's your honor and blessing to follow me

Xu Tian and others, looking at Ye Chen's eyes, are nervous!

If ye Chen really joined Tianlei sect, even if he was just a dog of Rowan, it would not be the existence they could afford to provoke!

That is to say, their family is really over!

In the eyes of Xu Tian and others, even if ye Chen is crazy again, as long as he is not a fool, he is likely to promise Luo Wen?

After all, ye Chen is likely to die in the face of Luo Wen, but what if he thinks Luo Wen is the main one?

That can join the clan directly!

And it's like holding Rowan's thigh!

You know, even if a genius who has the qualification to enter the kingdom of God wants to be looked after by the patriarchal clan, it is very, very difficult, and even, to experience life-threatening ah!

Chapter 2389

See ye Chen looking at Luo Wen, face no look, eyes light way: "I also give you two choices, one, get out, two, and these people, die together."

Silence, the whole banquet hall, not even breathing sound can be heard!

Ye Chen, what did you say to Luo Wen just now?

Get out of here?

Death?

Luo Wen, but Tian Lei Zong's unique genius! Taixu four layers of heaven exist, only by breath, you can suppress the super demons who seriously hurt the powerful people of Lingwu Taixu!

Ye Chen really don't know how to write death? Talking to Rowan like that?

Even Luo Wen was stunned and thought he had heard something wrong. Who was he in Tianlei sect these years? Who even the strong people at the peak of Taixu state were not polite to him?

What did you say to yourself?

Immediately, Xu Tian and others are happy!

Ye Chen is dead!

Luo Wen was very angry and said with a smile: "good, what a smart garbage. I gave you a chance to be my dog, but you don't know how to cherish it?"

Ha ha, rubbish is rubbish as expected. There is no chance to turn over. Then, you should die

Ye Chen squinted at Luo Wen and said with a sneer, "are you people of the kingdom of gods so able to call? If you like, I can wait for you to finish and then send you to die

"Die for me!" Luo Wen's whole body breath is turbulent, angry to the extreme, the long hair flies upside down, the eyes are already congested!

Ye Chen arrived at this time, still have the courage to retort? How dare a dog talk to itself like that?

He now only hopes that ye Chen will not die so fast, so that he can trample and crush it thoroughly!

The next moment, that torrent weather, then turned into endless flashing, emitting a destructive breath of blood thunder, toward Ye Chen! Along the way, space becomes nothing!

People's pupils shrink, just breath, without using any martial arts skills, can be materialized?

What's more, it seems to be several times more powerful than the all-out strike of Taixu existence! It's so horrible that it's unbelievable!

Ye Chen saw this, but he took a deep breath, and his whole body also rose into the sky, turning into a red and gold gale containing infinite killing intention, and collided with the bloody thunder!

The two, actually for a time, were equally matched!

Luo Wen pupil shrinks, this spirit Wu waste unexpectedly blocked oneself to release breath with all one's strength?

What he couldn't accept was that ye Chen used the same way as him!

Luo Wen's face was gloomy and said coldly, "originally, I wanted to crush you with my breath. Maybe you can live longer.

Do you really think you can crush everything with a piece of rubbish? It's just that your Lingwu martial arts are too rubbish, and your Lingwu people are too useless. I'll let you understand this in a moment

At this time, Rowan's hand, holding a long sword.

It's a bloody red sword. On the handle, it seems that there's an eye of a strange beast. It's a long sword with endless evil spirit!

When Xu Tian saw the long sword, he couldn't help but change his face. Wasn't this sword the evil eye sword used by the evil monk who claimed to be "blood Shura" tens of thousands of years ago when it crushed the land of Lingwu and killed countless Taixu strongmen?

It is said that the power of this sword is extremely powerful, even among the holy soldiers. However, as long as the martial arts practitioners who have not reached the level of the top demon, the evil eye sword itself will devour it when using this sword!

And rowan, even took this horrible and strange weapon?

Ye Chen saw the evil eye sword, but also frowned slightly. He turned his hand and held the beast decayed sword.

Luo Wen's blood and thunder flashed all over his body and poured into the sword with evil eyes. A strong sense of sword came out from the sky, and the void around him collapsed under his sword idea!

His eyes were like lightning, staring at Ye Chen, and murmured: "Tiansha blood thunder sword!"

Cut out with a sword, the sword's meaning is like a giant dragon. It suppresses all things and turns into a roaring and bloody Thunder Dragon, killing Ye Chen!

This sword, actually sends out a kind of extremely strong martial arts peak breath!

Ye Chen's eyes were wide open, and his face was shocked. At this moment, an idea came out of his heart.

That is, before he saw those different levels of Lingwu martial arts, it seems like a child's play!

This is the power of real martial arts!

Xu Tian and other people are in the moment of Luo Wen's sword, they have cold hair standing up, can't help shaking, even move, can't move!

They have no doubt that as long as they have a little bit of resistance in their hearts, they will be crushed by a trace of sword spirit escaping!

Looking at Luo Wen, Xu Tian is even more shocked! This Tiansha blood thunder sword is the unique skill of Tianlei sect!

He even heard people say that this sword technique has never been practiced by a warrior in a situation where he is in trouble for tens of thousands of years!

And rowan, it's a success?

This man, worthy of being the anti world genius of Tianlei sect, is too dazzling, dazzling to be inconceivable, dazzling even makes people want to surrender involuntarily! They even think that Rowan is qualified to look down on and despise the Lingwu people. They even have no dissatisfaction in their hearts and just want to be Rowan's dog!

These big men, who once dominated the world in Lingwu land, were completely convinced by Luo Wen's sword, and even their self-esteem disappeared in the light of the sword!

How powerful this is!

Ye Chen looks dignified, facing Luo Wen's sword, he must also go all out!

He was covered with golden light, faintly, it seems that you can hear apes roaring and tiger roaring, shocking!

"The power of breaking the sky!"

The moment, but the leaves do not stop!

He wants to control this amazing power and display the fourth sword, the sword of killing the devil! He wants to integrate the power of the fierce beast into the sword of killing demons and destroying the world!

He will combine the two strengths!

In essence, the martial arts after this combination is different from the sword of killing demons and killing the world!

Stronger!

Even the breeze of the samsara cemetery was a little stunned and murmured: "if anyone in the world can carry forward my six swords, I'm afraid only Ye Chen will."

"I'm fine, I'm trapped, but I've got a good apprentice."

The next moment, in the void, as if the gods and Demons whispered, the most powerful sword, breaking through the sky, straight to the end of the road!

With a sword, the world is like a bubble, and it is nothing! All smashed!

In this sword, it seems to contain Ye Chen's eternal heart of Tao. Even if the sky blocks in front of him, he will break through the sky!

In the next moment, the golden sword with great power collides with the bloody thunder light!

With a loud bang, the whole palace and even the surrounding buildings made of top-grade materials were instantly destroyed by the aftershocks!

At the same time, Yu Bo was seriously injured by the four people, and then they were shocked by four people!

Four people pant to prop up the body, toward the leaf Chen place to see!

Happy, crazy joy at the same time appeared on the faces of the four!

Chapter 2390

Ye Chen, who was not damaged in the explosion of hundreds of fierce beasts, seems to be in great distress at this time!

Ye Chen stood in the same place. His feet were covered with blood. His face was very pale and his eyes were dignified. His abdomen was hurt by the strong sword!

Moreover, in the wound, the blood gushed wildly, for a time, there was no sign of healing!

Serious injury! Ye Chen was seriously injured!

I'm afraid that ordinary martial arts would have turned into nothingness!

In Luo Wen's eyes, a trace of fright flashed. Just now ye Chen's sword was extremely terrible, and even made him feel the threat of death!

However, when he saw clearly the state of Ye Chen at this time, the corner of his mouth was raised with a trace of smile.

He looked at Ye Chen and sarcastically said, "ha ha, what did you say just now? Let me get out of here, die? And now? Who died? Yeah? But, you look like you're not dead yet?"

Yes, I still want to break your limbs and see how you lie on the ground like a dog and beg for mercy. "

But at this time, ye Chen's face, but emerged a strange smile, light way: "Oh? It seems that you, the people of the kingdom of God, are not generally able to call?

Even if only half of the body was left, could it still be so loud? This is to let Ye Mou a little admire

"What do you say?" Luo Wen eyebrows a frown, this leaf Chen is after serious injury, fall into hopeless situation, the brain is not sober? What are you talking about? What is half body?

Luo Wen just wanted to speak and say something more, but suddenly, he saw the four people of Xu Tian. They were extremely shocked, frightened and dull!

And their eyes, all focused on Rowan's lower body!

Rowan subconsciously followed their eyes and looked down.

The next moment, that originally with cold pride, scornful face, a moment pale up, pupil crazy shaking!

What's going on?

This, how can it be?

At this time, Luo Wen, the lower body, has disappeared completely! Not even a trace! And his upper body, so suspended!

Rowan's lips moved, as if he wanted to say something. The only thing that could gush out was blood, rolling blood!

With the surge of blood, Rowan's body, also suddenly fell to the ground, the breath began to decay quickly!

It has been said that one effort to break ten thousand methods!

Powerful to a certain extent, even can break everything, even time, space, under the most powerful force, distortion occurs!

Therefore, will appear this kind of strange phenomenon!

This is the ultimate sword feeling!

Dying Luo Wen, incredibly looking at Ye Chen, how can it be? How can a Lingwu waste, a door sealing garbage, do such things happen?

Step by step, ye Chen went to Luo Wen and looked down at him. He said faintly, "now, can't you call it out? After that, I'll send you to death. "

The sword moves in the hand, and the blood flashes!

On that day, Lei Zong's peerless genius, who could almost crush the spirit of the kingdom of demons with one person's power, his head, which had made countless people fear and tremble, was cut off by Ye Chen's sword

He finally died in the hands of the Lingwu people he despised most, and died on the land of Lingwu which he regarded as a wild land!

After killing Luo Wen, ye Chen moves his eyes to the Xu family and several elders of the family

A moment later, a golden ray of thunder flashed and left the island.

At the moment of Lei Guang's departure, Beihai Island, which represents the family business of Xu family and once made countless powerful people yearn for, collapses and collapses together with Xu family and Xiang family among the four families, sinking into the deep and dark sea!

He also buried the powerful man who was famous in the kingdom of God

At this time, ye Chen's face, but with a trace of a smile, this time he was completely wiped out the Xu family and Xiang family, the harvest is not trivial.

Originally, the Xu family and Xiang family have prepared all the resources of the family and are ready to hand them over to Luo Wen. With Luo Wen's own property, there will be more than a billion of them!

There are many excellent materials, advanced skills, martial arts, pills and so on!

Ye Chen selects some of the best that are useful to him, and takes out 100 million God cloud stones for standby. He plans to give the rest to xuanyuezhong.

With these resources, xuanyuezhong's strength should be able to soar rapidly. I think it will not be long before xuanyuezhong can become the first force of Lingwu even if we don't rely on him?

In this way, he can enter the kingdom of God at ease.

After all, although his time in Lingwu is not too long, there are too many concerns about him in Lingwu.

Moreover, even if he can, the environment of the kingdom of God is even more cruel and dangerous than the land of Lingwu. He can't bring his women, friends, into the kingdom for the time being.

To take, but also to wait for him to be strong enough, even in the kingdom of God, nothing can threaten him later. After returning to xuanyuezhong, ye Chen's injury was almost recovered. Although he was seriously injured at that time, his physical condition could be improved. As long as he was not killed at one time, it was not difficult to recover.

The next time, ye Chen is waiting for something.

Before setting foot on the kingdom of God, he must see the demon emperor revive!

Now it's ten days before the devil's resurrection!

Although Ye Chen looks calm on the surface, he knows how nervous he is!

The magic emperor represents the most powerful existence of Lingwu continent!

With the magic emperor, he stepped into the kingdom of God, there will be a certain opportunity!

.....

On this day, the dark night was discussing with zining in the hall. At this time, a disciple of xuanyuezhong suddenly rushed into the hall!

Dark night eyebrow a frown way: "what matter?"

The disciple reported in a hurry: "no, master, someone forced to break into my xuanyuezhong!"

"Forced to break into xuanyuezhong?"

Now the xuanyuezhong is at the height of the sun, and ye Chen's destruction of the two families has been widely known.

Even for those who are too weak and powerful, the old monsters in the hidden world should be in awe of xuanyuezhong. How could anyone dare to rush into xuanyuezhong at this time?

Just then, two figures flashed out of the hall.

A voice full of arrogance reverberated in the hall.

"Where is Ye Chen? Tell him to come out to see me

When he opened the door, he suddenly turned pale!

He couldn't see through the accomplishments of those two men!

Well, the other side is at least the strong one of the too empty situation! And these two people vaguely, sending out a breath of palpitation for the night, obviously not ordinary too empty existence!
