

Physician 2411

Chapter 2411

"Don't provoke, don't provoke ~ ~"

... "

There were waves of discussion.

Gradually, the crowd stepped back a lot, a look of extreme vigilance, staring at Ye Chen, dare not make a difference, even run dare not run, for fear of offending this powerful existence!

"Wei Han, right?"

"How do you want to die?"

Ye Chen turns and stares at Wei Han. His face doesn't matter. This warrior is no different from tofu in front of him.

Wei Han fell on the ground in fear. He climbed back a few steps. He looked at Ye Chen in horror and yelled: "what are you going to do? What are you going to do? I don't want to die. I tell you, I'm Wei Han, the second child of the Wei family."

"Our Wei family is a big family in the city!"

"I warn you, our Wei family is very strong!"

Hearing this, Ye Chen one Leng, smile way: "powerful?"

He smiles and waves of destruction fly out and wrap Wei Han directly. However, Wei Han's whole body is broken like glass, turning into pieces all over the ground and falling directly!

Ye Chen is reckless, anyway, before long he will leave, how about killing people?

"Come with me. Let's go to a place to talk."

Ye Chen with animal skin youth, body flash, appeared in an inn.

He took the animal skin boy into the room, and his hands overflowed with powerful spiritual power. With his healing power, he quickly cured the animal skin boy's injury, which was nothing to him!

"Thank you, my Lord!"

"Thank you, my Lord!"

"No reward for great kindness, willing to be a cow and a horse!"

The animal skin boy kneels down to Ye Chen directly and is grateful.

Ye Chen helped him up. With a stroke of his left hand, a flash of brilliance emerged. At the moment when the glory dissipated, the young animal skin boy no longer wore animal skin, instead, he wore a pair of blue huapao, and the dirt on his whole body was cleaned!

"What's your name?" he asked with a smile

"My Lord! My name is Qin Aotian. "

The animal skin boy responded truthfully.

After a conversation, ye Chen knew that he was the illegitimate son of the Qin family leader, a third rate family in the city. Because he was envied by his wife and was not accepted by the genealogy, he fell into the street.

Life experience can be described as extremely poor.

At the age of 15 or 16, his only clothes were made from the skin of a spirit tiger that he had gone out of the city to hunt and kill.

As for the Qin family, it is also a family equivalent to the Wei family. It is a big family in the eyes of ordinary people. In fact, it is just a third rate family.

Ye Chen nodded slightly, his mind touched. He looked at the stone necklace on Qin Aotian's neck and asked, "where did you come from?"

This is the key for ye Chen to save this man!

Maybe you can touch the secret of samsara cemetery!

"Lord Ye!"

"This is my mother's legacy!"

Qin Aotian pauses for a moment and seems to be making a choice.

Soon, he took off the stone necklace and handed it to Ye Chen with great sincerity. He said, "my Lord, this necklace has protected me many times. The last time I hunted the stone tiger, I survived by it. There are many times that I survived by relying on it."

"Today, if you don't, my Lord."

"I'm going to be so insulted that I don't even have to live."

"Thank you, sir. I'm weak and can't help you. I'll give you this necklace. It's the only thing I can repay you for!"

Ye Chen stares at the stone necklace that he handed over. The stone on the stone necklace is indeed the reincarnation star stone, which he needs very much, but it is his mother's legacy.

At the next moment, ye Chen still took the stone necklace and said, "this is extremely precious. There is a reason why you can live. If you give it to me, I will compensate you for a lot of things, and even accept you as an apprentice. But, are you sure you want it?"

Ye Chen disdains to cheat, even if the reincarnation star stone is more important.

He can't cheat, whether his conscience can bear it for the moment. It's not necessary to increase the difficulty of heart demon robbery for himself.

"My Lord!"

"I've been insulted for a long time, and no one has helped me, mind me."

"But the Lord not only took care of me and helped me, but also gave me a set of excellent clothes. I didn't think I could repay him. This is my most precious thing. It's the best thing that can be useful to adults."

Qin Aotian also extremely sincere response, although some of the mind is incomplete, but more simple, not stupid.

"Good!" Ye Chen takes the fragments of reincarnation star stone with satisfaction, takes out a set of armor and a set of weapons from the reincarnation cemetery, and puts them in front of Qin Aotian, saying, "take all these things!"

"First of all, it's my reward for you!"

"Second, it's also my gift to you!" Accept the remains of other people's mother. Ye Chen is not a villain. How can he give Qin Aotian a lot of things.

However, Qin Aotian immediately knelt down and bowed to Ye Chen three times and nine times. He was so grateful that he even cried: "thank you, Lord Ye. Lord Ye is willing to accept me as a disciple. I am very happy. I dare not ask for armor and weapons. Please take it back!"

"Silly boy!"

"It's so simple!"

Ye Chen laughs and scolds. The armor has already been placed on Qin Aotian's body, and turns to gaze at Qin Aotian, who has chosen an axe for him, which is also a true artifact, and is called the sky chopping axe.

"You are strong in body and strength. The chopping axe is very suitable for you!"

"Yes He suddenly remembered something and asked, "Ao Tian, do you know the whereabouts of Cang ancient gate?"

"Canggu gate?"

"Master, why do you ask this sect?"

Qin Aotian was a little surprised. Not to mention that he was wearing a heavenly armor and holding a chopping axe in his hand. However, he felt like a general in war. As expected, people depended on clothes and horses. At the moment, he was completely new and seemed to have improved a lot with his mind.

Ye Chen is proficient in medical skills. Just now he waved his hand to remove the dirt from Qin Aotian's body. At the same time, he also removed the remaining strength in his body, which led to his mental insufficiency. As a result, Qin Aotian was no longer as simple and mentally incomplete as before.

"I want to find something in Canggu gate."

Ye Chen pauses for a moment, his eyes are deep, he stares at Qin Aotian and asks, "do you know where this school is when you grew up here?"

Qin Aotian thought for a long time and said: "master, I once heard people talk about this sect in the restaurant when I was begging. It's very powerful and mysterious. Ordinary people don't know about him. Those who know him are rich or expensive."

"But I just know that Canggu gate is still there, but I don't know where Canggu gate is!"

Qin Aotian described Canggu gate as a place similar to the hermit sect. People who can know him are either rich or expensive. They even need a high level of cultivation and status to be qualified to know the whereabouts of Canggu gate.

In the kingdom of God, if you want to know Canggu gate, you need status and realm. It seems that it belongs to a sect of high-class people. Especially, it is a sect that heals people and cultivates healing pills. It is normal to have some strange rules.

Chapter 2412

"So to speak!"

"Canggu gate, you have to find a person with status to ask?"

Ye Chen is hesitant. His identity is not easy to expose, but he doesn't have any contacts here. How can I ask?

"Master, I know someone knows the whereabouts of Canggu gate."

Qin Aotian seemed to see that ye Chen was a little afraid. He hesitated for a moment and said, "my father is the head of the Qin family in the city. People of this level, even in the city, are well-known. Surely they can know the whereabouts of Canggu gate."

"Just."

"Just, disciple..."

With a sigh, he took out an invitation card from his arms. One was inlaid with blue jade and white gold, and the other was engraved with dragon and tiger patterns. From the appearance, it should be a family that is rich or expensive.

"Uncle Qin wanted to have a dinner for me, but it was a shame for me

Ye Chen took the invitation, thought about one side, looked a little strange, and then flat down, said: "in the evening your grandfather's birthday party, would you like to go?"

This disciple, who dares to bully him.

It's just the time.

"I Master, I am willing to go! "

Although Qin Aotian is afraid, he still nods and is willing to go.

He gazed at Ye Chen and knew that the master was beside him, so he didn't have to be afraid of others.

"Good!"

"I'll take you with me!"

"The Qin family owes you a lot of things. Master will ask them for them for you."

Ye Chen took out a secret script and some high-quality pills from the samsara cemetery and handed them to Qin Aotian, saying:

"there is still some time before the evening. You can take these pills and practice the secret scripts, and you should be able to break through."

"Thank you, master!"

"I will take my master with me!"

Qin Aotian respectfully responded and began to practice under the guidance of Ye Chen.

As expected, ye Chen did not expect that Qin Aotian's foundation was very deep, and he broke through to two small realms in that year.

The only pity is that this person has no resources since childhood.

Otherwise, I'm afraid the present achievements will be even more worrying.

Such a person, however, is due to illegitimate children. He is so unpopular in the family.

This is perhaps the most regretful thing of the Qin family.

In the evening.

Located in the southeast of the city, a huge house is bustling with people of all colors playing music and celebrating.

At the main entrance of the house, a middle-aged man, dressed in a Chinese robe, cheerfully welcomed all the people who came to the banquet. He said with a smile, "thank you, thank you. Thank you for your honor for coming to our birthday party today."

"You're welcome, you're welcome!"

"The Lord of Qin family is very kind!"

"That's very kind of you."

.....

All kinds of polite words were warmly congratulated by everyone who attended.

The streets outside the houses of the Qin family were almost full of people of all kinds. Some of them were strong in their sects, and some of them were from other families in the same city.

Most of the older generation of guests are strong.

For this huge city near the endless sea, there are more than 20 families. Although the Qin family is the third class family of the huge city, the old lord who is in charge of the Qin family is also a strong man at the top of the nine layers of heaven in the Taixu realm. This is enough to suppress one side, especially the birthday of its long live. Naturally, many people will come!

Qin Baitian, the leader of the Qin family, grinned and went back to his house.

Then, a dozen servants on both sides of the gate began to greet the guests.

After receiving a gift and an invitation, they laughed and said, "the vice patriarch of Longwei sect is coming to send the old man a fire ginseng for ten thousand years. Please!"

"When the elder of Tianmen sect comes, I'll send you a water pearl of 12000 years. Please!"

"When the master of the Chen family comes, he will send the old man a wooden pearl of 13000 years old. Please!"

"When the king comes, he will send the old man a snow lotus plant of 7000 years old. Please!"

"When the elder of Tianshan sect comes, send the old man a 5000 year old Earth Spirit pearl, please!"

"When the master of the Chen family comes, he will send the old man a blood ginseng of 18000 years. Please!"

"When the master of the Chen family comes, he will send the old man a 15000 year old wooden bead. Please!"

"When the head of the public family comes to see the old man off

"The master of the training family comes to see the old lady off

One by one, the great men stepped into the gate of the Qin family after giving gifts.

This move is somewhat like the Chinese rule. When you attend a banquet and give a gift, you will be called out together with your identity. It also shows your own financial resources and dignity of your identity.

Qin Baitian, the head of the Qin family, is very happy with the gifts. The old man's party is a good thing!

These gifts alone will be enough for the Qin family to live for thousands of years. If they are used to cultivate the descendants of the Qin family, I believe that in the next few years, it is not too much to produce a few talents of Taixu peak!

"Second master!"

"You have a lot of face there

In the partial courtyard, a bodyguard looks at Qin Baitian's reception with indignation. He is the personal bodyguard of Qin Nansheng, the second master of Qin family.

Qin family!

To this generation, there are two masters in one line!

The first one is Qin Baitian, the eldest of Qin family.

The second is Qin Nansheng, the second elder. He is not much younger than Qin Baitian, but he has always coveted the status of the master of the family. He doesn't bother Qin Baitian less. He is also a master of Taixu realm and is not afraid to go up to Qin Baitian.

"Ha ha!"

"Take gifts? Is it intended to raise other sons? "

"The old man, a gift from others at the dinner party, has the decision-making power in his hands. However, after today, he has no reputation."

Qin Nansheng was dismissive and even resented Qin Baitian.

Qin Baitian only needs to be righteous and famous.

For no reason, it's not good to drive them out of the house.

"Has the invitation you sent arrived?"

"Is that guy Qin Aotian coming?"

Qin nanshang looks gloomy, but he knows that more than ten years ago, Qin Baitian had a child with a mysterious woman. The mysterious woman died. Qin Baitian brought his child back, and he did something from it. As a result, Qin Baitian had to exile the child from his family, as if wandering around the city.

This thing.

Few people knew about it. Qin Baitian was also a figure on the side of repression at that time, and suppressed this matter.

But now, Qin nanshang's accomplishments are coming up. Naturally, he is not afraid of Qin Baitian. Of course, he has to make a good calculation to humiliate the famous gentleman Qin Baitian, and then destroy his reputation. In this way, it will be much easier to win the throne.

No matter the kingdom of God or the land of Lingwu!

We always value face.

It's not like Ye Chen. It's not about face and fame. It's not about being trapped. Even if other people's accomplishments are not as good as they are, if they have fame and face, they can get some positions that he shouldn't have.

Such as Qin Baitian!

If someone knows that he met women outside, destroyed the rules of the Qin family, and abandoned his own son, his generation's fame would end!

Chapter 2413

"Report to the second master."

"The invitation has arrived."

"But, Qin Aotian, that boy, may not dare to come. Yesterday we were going to send him to catch him, and found him missing."

The bodyguard's eyes flashed with bewilderment, and continued: "not long ago, I heard that Wei Han, the son of the Wei family, bullied Qin Aotian, but was rescued by a young man. Master Wei Han and two guards were all killed by the young man. The three bodies were broken into flesh and mud, and Qin Aotian was also taken away by him!"

"Youth?"

"Have you found out, what is the origin of this person?"

"I don't know."

"But someone just came to deliver it."

The bodyguard took out the letter and handed it to Qin Nansheng. He said, "Er ye, I have found out the identity of the letter. It is a letter sent by a waiter from an inn. It is made clear that Qin Aotian will come today and Qin Baitian must pay a price."

"That's good!"

"That's all right. It seems that the young man is looking for Qin Baitian's trouble."

Qin Nansheng looks at ease, so there is no need to worry about anything.

He tidied up his clothes and went from the side courtyard to the main hall. He glanced at the owners and elders of all the schools and families who had been seated. He said with a smile: "welcome to you. Today is the birthday of our old lord Qin. Thank you for coming to the banquet."

"Mr. Qin, you are welcome."

"Yes, it's really polite. We can come to the Qin family to give face."

Immediately, two people joined in. One was Dan Qiusheng, the elder of qingtianmen, and the other was Bing Han, the leader of the Bing family. Both of them were the leaders of the city. At the same time, they were also allied forces with Qin Nansheng.

The main hall is very large, thousands of square meters, and there are hundreds of high-quality wine and banquets. All kinds of wine are millennial old, and all kinds of dishes are cooked by sealing the door with spirit and animal limbs.

Dozens of forces, together with their subordinates and disciples, as well as the major forces in the city, brought in nearly 10000 people of all kinds, including many young people, and even Wei Tianzheng, the father of Wei Jia Wei Han, and the head of the family, Wei Tianzheng.

"All of you are seated!"

"Let's invite the old man to the stage." Qin Baitian is still smiling, but he has already fallen into calculation.

"Welcome to the old man!"

"Mr. Qin, you are blessed with good health and longevity."

"Old master, good health and longevity!"

"The old man..."

Before the people came out, the heads of the various sects and shops began to take people to stand up to welcome the old lord of the Qin family.

For them, Taixu nine layers of heaven peak, this level of master, especially a year old over ten thousand years old master! Such existence, killing other warriors, is a matter of waving hands.

Unless we cut down the bad situation, they are all the strongmen in the core of the Kingdom and the top families in the city. For these second and third rate forces, the top master of Taixu jiuilantian is a super mountain. The mountain that weighs on everyone's heart is not afraid to do anything wrong.

Hoo Hoo Hoo!!

Whoa!!

The door opened and the breeze came.

A middle-aged man in grey robe, supported by two beautiful maids, slowly walked in. Unlike other martial artists at the top of the nine story sky, his face looked very old, but his body was only forty or fifty years old.

It's weird.

Such as in the Lingwu mainland can dominate a territory invincible strong, but some seem old-fashioned.

Just as the old lord of the Qin family came in.

Wei Tianzheng, the leader of the Wei family, was a little surprised and said, "elder, why is this old lord of the Qin family not in the right situation?"

"Master, this old master is a sequela of practicing the law of time. Obviously, he did not understand the law of time in the great circle of man. In other words, he did not understand it, but he did not perfect it. Therefore, he had problems with his own time."

An elder of the Wei family explained.

It is said that Lord Qin has mastered the law of time in the great circle of man and has really stepped on the level of Taixu peak.

This means that another one will be added to the top 20 in the endless city.

The endless city is different from the real main city of the kingdom of God. Its power system is much weaker. Otherwise, it will not be separated by the heavenly palace and become a place to protect the endless sea.

Therefore, a new master Qin who understands the law of time in the great circle of man will be paid special attention to!

"Hello, everyone."

"Welcome to our Qin family and attend my birthday party

Mr. Qin is not like the rumor that he is really old. His words are right and his confidence is abundant.

He waved his hand and motioned for the two maids to step down. He sat on the throne with an iron wooden crutch in his hand. He glanced at the people in front of him and said with a smile: "it's not bad.

I've been closed for thousands of years. It's my birthday. There are many young experts in this endless city!"

As soon as this is said, the crowd looked at each other.

Soon, a young man came forward and said, "Kuang Boye, the core disciple of Qingtianmen, please see old master Qin!"

A few young people who followed him also came forward one after another, calling on the guardian of the Wei family to see the old lord Qin

"Ice home is matchless. I'd like to meet Mr. Qin. He's blessed and healthy."

"Xuejia snow tears cold, see the old lord Qin, old man longevity than Nanshan."

"Wang Lei of the Wang family, I'd like to meet the old lord of Qin family and wish him good health and good health."

In a flash.

The five young people stand up and show their self-cultivation momentum. Obviously, they are all extremely strong young men.

All of them are young and strong people under 100 years old. It is not easy to have such masters in a city, which means that they have excellent talents and profound family and sect background!

"Good!"

"As expected, it's a generation of talent, a generation of new people to replace the old!"

"I appreciate such a young talent." Looking back on his three sons of the contemporary master of the Qin family, he sighed.

Qin family, it seems that the younger generation is inferior to other families.

It is expected that in those years, fifteen families in the endless city were fighting for hegemony. Each family had a talent of evil spirits, and there was more than one person. I didn't expect that the Qin family was so depressed today.

"Gentlemen."

"They are all young talents. I will give you some presents later."

"It's just a chat to show my heart and encourage you."

Old lord Qin had so much insight that Qin Baitian, the leader of the Qin family, was a little embarrassed.

At this very moment.

A cold voice came from outside the door.

"Gifts to outsiders."

"I don't know what kind of gift do you give to your descendants?"

The sound spread.

But see a young man with a young man slowly out of the door, walk to the front of the main hall, but was blocked by the guards.

The crowd turned around and looked at it. Suddenly, they felt a little familiar, but they couldn't talk about it.

Qin family Qin Bai Tian's face is iron blue, look bad.

However, Qin Nansheng, the second master, sneered.

Qin Baitian, Qin Baitian!

You call yourself a gentleman's sword.

If these ten thousand people know that you abandon your son, your reputation will be ruined.

Chapter 2414

"Oh?"

"Who is this young man?"

"Your strength is not low!"

The old lord Qin faintly felt a threat from ye Chen, still smiling.

However, Qin Aotian, his real descendant, did not enter his eyes although he was wearing a heavenly armor.

"You don't care who I am!"

"But I know that you, the head of the Qin family, ignored his children and let them live on the street. I, the master, want to ask what you are doing to eat, so incompetent and useless!"

Ye Chen looks bad, his eyes are like a sword, scanning all kinds of characters.

"My own child?"

"Qin Baitian, what's going on?"

Before Mr. Qin could speak, some of his parents began to speak.

They are usually closed to practice, often once for hundreds of years, some even thousands of years. If it was not for the birthday of old lord Qin, they would not have come out of the pass to participate. At this moment, facing the current owner of the Qin family, there is no doubt that they have some complaints!

Our Qin family established a family with fame!

But I, the Lord of Qin family, abandoned his son and let him live on the street?

What's going on? Is the reputation of my Qin family gone? Qin Baitian, are you a father?

"Qin Baitian, you are the leader of this Qin family

"Is everything the young man said true? This young man said it was your child?"

The old lord of the Qin family looks bad. He always praises the harmony of the Qin family and hopes that future generations will not fight against each other. Unexpectedly, he has been shut down for only a thousand years. His position as the head of the family has been passed on for two generations. When he comes to Qin Baitian's hands, he turns out to be like this.

My own son!

They can be allowed to live on the streets without caring. The tiger poisons do not eat their children, and the animals do not kill their own children when they are in danger. Unexpectedly, there is no danger. The contemporary owner of his Qin family actually abandons his own son?

"Old man!"

"This, this..."

"Well, let me explain later. It's your birthday party today. It's better to ignore them."

Qin Baitian's face was livid, and he clasped his fist to the Lord Qin, but his heart was filled with grief and indignation.

Lord Qin waved his hand slightly, and a force of five elements converged into a huge palm, which directly flew Qin Baitian out. This Taixu master was nothing in front of him.

"Shut up, old man!"

"When I went out, I heard that your daughter-in-law was tyrannical, and your husband was not strong enough to protect your child!"

"Do you deserve to be the head of my Qin family?"

He snorted several times, slightly spread out his hand, stabbed Qin Aotian's arm, a drop of blood overflowed.

He forced out a drop of blood in his body, collided with it, compatible with it, and then nodded with satisfaction. He said, "what's your name?"

"Lord Qin!"

My name is Qin Aotian

Qin Aotian truthfully replied, facing the eyes of the old ancestor, some timid.

Ye Chen, however, outlined a smile and said, "Lord Qin, in this way, can we take our seats?"

"Come in!"

"Sit down!"

Mr. Qin nodded slightly. After a word, he began to talk to the masters and elders at the front table.

Qin Baitian flew to Ye Chen's body and looked at Qin Aotian coldly. He was very bad. He threw his sleeve and said in a low voice: "son of a bitch, why do you want to come in this situation?"

He didn't wait for Qin Aotian to explain, so he shook his hands and left. When he left, he said, "just arrange a place for them!"

"Yes

"Understand!"

A group of bodyguards nodded and led Ye Chen and Qin Aotian to the most marginal table. There were only two of them on the table.

The bodyguards followed Qin Bai for a hundred years. Unlike the elders of the Qin family, they lived under Qin Baitian's breath. Since their ancestors had already let them take their seats, the head of the family ordered them. But the master was not in a good mood, so they arranged a place for the hybrid.

Many bodyguards knew about things in those days. The master was weak, cowardly and afraid of his wife. Qin Aotian, the child he brought back, was forced out by his wife, and was not allowed to enter the genealogy by the second master. Fortunately, the child was tenacious and survived with the help of some neighbors in the street.

"Master Qin."

"Finish and go."

"The owner of the house is not in a good mood, so the old master will still close down."

A bodyguard captain, whispered to Qin Aotian and ye Chen.

He is Qin Baitian's personal bodyguard. He has reached out to take care of Qin Aotian in recent years, but he is not as cold as Qin Baitian. Qin Baitian has abandoned Qin Aotian and has hardly seen it for decades.

Thank you very much

Qin Aotian hastened to thank him and said by the way: "master, this elder brother, who has taken care of me before, often gives me some food and divine stones."Ye Chen sees this to nod slightly, did not make what expression.

"I dare not ask for credit!"

"These days, I have been sent by the master to work in the kingdom of God. I came back last night. It's been a long time for me, young master."

The bodyguard did not say much, for fear of being found out, he left quickly.

Ye Chen sits at the table, looking around, there are also a lot of banquet, but his own table, the worst.

You can eat less than a maid on the table.

In an instant, ye Chen looks bad.

All of a sudden, the elder of Qin family said with a smile: "when the banquet begins, it's also the time for my Qin family's disciples to celebrate the old lord's birthday. Please come out of the Qin family's descendants!"

In an instant.

Seventeen young men and women, all dressed in Chinese robes, were standing on the red cloth in the middle of the banquet. They all congratulated old lord Qin with a treasure in their hands, which was a gift for the old man.

"Filial piety has always been our priority in Qin family."

"Now, let's start by donating treasures from the Qin family."

"I also want to see if my descendants of Qin family are dedicated to giving gifts to the old master!"

Qin Nansheng, the second eldest of the Qin family, personally came out to preside over the ceremony. At the same time, he looked at Qin Aotian and ye Chen with a special calculation.

After he finished the ceremony, he retired to the old master, and together with more than 100 elders of the Qin family, as well as thousands of people, watched the ceremony of offering treasures to the descendants of the Qin family.

"Old man!"

"My father is Qin Baitian, and my name is Qin Zheng. I got this from my adventure in the endless sea."

A young man stepped forward slowly, handed out the treasure box in his hands. After opening it, the inside overflowed with brilliance. He said, "the treasure presented by my grandson is colorful gold-plated jade, which has the effect of calming the mind and stabilizing the cultivation of the strong. Please accept it with a smile."

The voice dropped.

Before the old man opened his mouth, there was a stir in the banquet.

The colorful gilded jade is comparable to the treasure of holy soldiers. It is nothing to the strong, but for Qin Zheng, it must have paid a great price.

Chapter 2415

"You have a mind!"

The old lord Qin was pleased to order someone to take it down, and his eyes fell on Qin Baitian's second son.

Qin Cheng, the second son of Qin Baitian, presented a gift and said: "old master, the animal presented by my grandson is Beihai Tianyue animal. The meat of this animal is extremely fresh and tender, and it has not been slaughtered. It is an excellent dish treasure. After cooking, it can stabilize the law of time! It's also the grandson who ventured from the endless sea! "

"Good, good!"

"You have a mind too

Old lord Qin is very satisfied. At present, these elders, these families, descendants and so on are their own descendants. I still remember that in the past, thousands of years ago, the Qin family was created alone. After the Spring Festival, the Qin family has really become a big family!

"Old man!"

"My father is Qin Baitian, and I am his third son!"

"The treasure I give you comes from the depths of the endless sea. It is a kind of monster named swallow tsmall! It is said that it can devour a part of erley, which has a wonderful effect on the old master's breakthrough! "

Qin yuan, the third son, also came forward to present the gift.

"Good, good!"

"You three brothers have a heart!"

Mr. Qin was quite satisfied.

Next came a young man who did not belong to the main vein, but a branch of the youth, a descendant of an elder.

At the moment, Qin Nansheng said, "wait a minute, according to the rules of our Qin family, only after the descendants of the main vein donate their treasures, can we get the branch. Qin Tian, we can't turn to you now!"

Hear that.

The youth named Qin Tian, a little lost, but also holding his own treasure, obediently returned to the original position.

Qin Nansheng looked at the farthest one, Qin Aotian, with a smile on his face and said, "Qin Aotian, you are the fourth son of Qin Baitian, my eldest brother. All three of your brothers have given very good treasures. I think your treasures are not bad either."

As soon as this is said.

In a twinkling of an eye, attracted all eyes to Qin Aotian and ye Chen.

Qin Aotian is a little anxious. He rummages through all kinds of gifts in a hurry. His embarrassment shows up. People may have guessed that he can't take out any gifts.

However, Qin Nansheng, the second master, said with a smile: "nephew, it's your uncle who has embarrassed you. Please forgive me."

He said nice words, but he looked at Qin Baitian, the owner of the family, and said in a very meaningful way: "it's true. It's said that you abandoned your wife and son, and threw your child on the street. I thought it was made by a villain. I didn't think it was true."

"Qin Aotian, as a child of my Qin family, you are also a disciple of the main vein. However, when the old lord was born, you could not even bring out the treasure."

"Ah."

"Big brother, how can you be so cruel?"

"Qin Aotian is your child. He doesn't have a gift for the old master. You can see that you are cruel to him."

Ye Chen presented Qin Ao with the armor and chopping axe. From a distance, Qin Aotian just wore a suit of clothes.

This is exactly what Qin Nansheng said.

People are staring at Qin Baitian in succession, and their looks are not good.

"You're bloody!" Qin Baitian finally can't help but retort, "Qin Aotian is nothing, but the product of one night's love affair of my family leader. Come on, I'll drive this guy out!"

For now.

Only Qin Aotian was expelled.

Qin Baitian also understands that Qin Aotian is his second younger brother Qin Nansheng's arrangement to make trouble for himself.

Get out of here!

Now!

Clang!!

The bodyguards in armor rush up and surround Ye Chen and Qin Aotian. They have the intention to ask them to leave.

However, other sects and other characters are not like watching the opera. They have no affection for this gentleman's sword Qin Baitian. It's hard to imagine that Qin Baitian, who used to love the people, is actually such a mean person secretly.

The old lord of Qin sighed, more and more disappointed with Qin Baitian, and did not want to pay attention to this matter.

"Yes, it's necessary to come to the party."

"Well, as the master of Qin Aotian, I will take out a treasure!"

"It's not like the garbage in front of you!"

Ye Chen got up and scanned the people around him. He looked at the old master of the Qin family and said, "the treasure I gave you is enough for your life."

"I have only one request, my disciple. Qin family is under your protection in this life and this life!"

As soon as you say that!

People were shocked, did not think of the youth in front of them to say such words!

"Little fellow, I think you are young. You don't respect old lord Qin with such words."

"Yes, you little fellow, you are not a hundred years old. You can't speak like that, though you have good accomplishments."

"Yes, little fellow, how dare you be so arrogant

In an instant, the elders of all the masters spoke out and reprimanded Ye Chen. Even the elder of Qin family said: "boy, I tell you, today is the birthday of our old lord Qin. You dare to make trouble. Don't blame me for suppressing you!"

"Not bad!"

"My Lord, what a character? You also take the treasure that God can use for a lifetime

"Boy, your mouth is too big."

An elder of the Qin family reprimanded Ye Chen. In their eyes, ye Chen was just a gatekeeper!

I don't know the sky and the earth!

Many elders are not happy, and even Qin Nansheng looks bad. Unexpectedly, there is a guy beside Qin Aotian who doesn't know the height of heaven and earth.

Qin Baitian even waved his hand and ordered: "the rampant boy is arrogant and reckless. He should drive out the master of his family, so as not to disturb the old master's mood."

"Yes

"Yes

In an instant, more than a hundred bodyguards came forward and were preparing to press Ye Chen away.

However, old master Qin said with a smile: "what do you have, little fellow? Can I use it all my life? So, take it out and have a look. I won't blame you for the time being. Today is my birthday party. It's not suitable to be angry. You don't have to do anything. If you can't take it out, you can sit down too. "

The old lord Qin is kind, and he doesn't blame Ye Chen. However, many elders of the Qin family, elders and masters of all sects and sects in the Qin family don't look up to Ye Chen. He thinks that ye Chen's cultivation is good. He can take out the treasures, but his tone is too big!

What a character old lord Qin is!

The existence of the peak of nine layers of heaven in Taixu state!

You're just a young man. You're only a hundred years old, but you dare to say that the treasure you've taken out is enough for old lord Qin's life?

Arrogant!

Be bold!

Ignorance!

Ye Chen didn't explain anything. He motioned Qin Aotian not to make a sound, but he took a simple box of pills from the samsara cemetery, led Qin Aotian all the way up to the old lord Qin, and said with a smile, "my name is ye Shitian. I can be regarded as Aotian's master. This treasure is what I gave to Aotian."

He handed it to Mr. Qin and said, "take it."

This painting is so high that many elders of Qin family are angry.

Old master Qin thought on his face and said: the boy in front of him is very powerful. He is still a proud master. He must have some confidence. Let me have a look!

He took the pill box, opened the moment, a dark pill showed out, this scene to see all people were shocked!

"What do you mean?"

"Ye Shitian, what do you mean?"

"Give us an old man a waste pill. Don't you want to live?"

"You want to die!"

In a flash, countless elders of the Qin family were angry.

Even Qin Baitian and Qin Nansheng feel Ye Chen insulting their Qin family.

Old master Qin's eyes twinkled, and then his eyes sank. He looked at the waste pill carefully. He waved his hand to stop the elder and Dharma protector who wanted to do something. He got up and came to Ye Chen. He cleaned up his clothes and robes. He took the pills and kowtowed to Ye Chen. Then he said, "thank you very much, Mr. Ye!"

What?

What's going on?

The crowd was at a loss. They didn't know what was going on.

Isn't it just a waste pill?

Why does Mr. Qin behave like this?

What is the waste pill that ye Shitian took out?

"This is the old medicine God's waste pill!"

"Even if it's a waste pill, it's enough for me to understand it, and even have a chance to enter the realm of disaster."

"This gift Too big

Chapter 2416

Ancient medicine God's waste pill!

Of course, it is an abandoned pill, but as long as there are four words of ancient medical God, it is a rare treasure!

The old lord Qin explained, but it attracted the whole main hall frying pan, and everyone was shocked to see ye Chen.

Ye Shitian!

Which childe?

Is it the main city of the kingdom of God?

Although endless city also belongs to the kingdom of God, but it is divided into this!

Left here!

Only because endless city can not enter the main city of the kingdom of God! Can only defend once this piece of Lingwu land's endless sea!

"No wonder, no wonder, no wonder childe ye said it would be good for life."

"The waste Dan, which can take us half a step into the difficult situation, is really enough for my old master to use all his life."

"I have offended many people before. I come to apologize to Mr. Ye."

Qin Baitian, who was originally livid, bowed and apologized to Ye Chen with a smile. He was overjoyed. His old master had a chance to enter into a difficult situation!

This means that the Qin family is no longer a third rate family in the endless city. After the old master enters, the Qin family can rise to a higher level.

Besides, Qin Baitian, the master of the family, was ecstatic. Even the Dharma protectors, bodyguards and disciples of the Qin family all looked at Ye Chen as if they were looking at the god Buddha. The gratitude and excitement in his heart were beyond description.

In the main hall.

Many powerful forces, looking at this scene, pour in cold air.

They did not expect that the young boy who looked down on him just now was so generous!

Even the identity is hard to guess!

The old medicine God's waste pill is the highest price in the kingdom of God!

Take it out casually, who can imagine what towering force stands behind this young man!

"Proud of the sky!"

"Your master is not wrong!"

Qin Nan Sheng Mou son a congealed, open a way: "Ao Tian, you do well, have this master, enough for your life."

Qin Baitian also forgot other things and said happily, "Aotian, you have such a master, it is really the beginning of our Qin family's prosperous life! My father loves you so much! "

In a flash.

The attitude of all the people in the Qin family changed a lot.

All things are not as important as this waste pill. Even if the treasures of other sects and sects add up, they are not as useful as this one.

What are the treasures sent by others? Only the treasures sent by Ye Shitian are called genuine treasures!

Ye Chen sees them look excited, also does not matter.

The ancient medical God casually took out an abandoned pill, which he couldn't even see. He didn't expect that these guys would be so excited.

"Lord Qin, Lord Qin, I have something to ask."

"Well, let's talk about it? How about it? "

Ye Chen whispered.

"Good, good!"

"No problem!"

"Qin Baitian, you can arrange it quickly."

The old master of the Qin family was extremely polite. He had already put the waste pill into his ring of heaven and earth, looked at other guests and said, "gentlemen, I am so happy today that I have received the heaviest treasure in thousands of years. I declare that the next head of the family is Qin Aotian. I have something else to do. Please eat first. I will come later."

The voice dropped.

People's faces changed slightly!

In a word, Lord Qin changed the whole situation of Qin family!

Although Qin Aotian is young! But there is a chopper standing behind! In this endless City, no one can shake!

He directly enters the hall.

Qin Nansheng, the second master, responded with a sigh. He could not help sighing that the position of the head of the family is hopeless. Even if Qin Baitian is knocked down, the next head of the family is Qin Aotian.

Not to mention the old master, his four nephew Qin Aotian is still standing behind ye Shitian, who can take out the waste pills at the level of the ancient medical God. How can he deal with it.

From then on, I was honest and honest to be the second elder, and the second master was OK.

In the middle of the hall.

The old lord of the Qin family, Qin Baitian, Qin Nansheng, ye Chen and Qin Aotian gathered together.

Ye Chen didn't say much about it. He asked directly, "I have a thing. I got this waste pill by accident. My elders sent me to visit the contemporary master of Canggu gate. But I don't know where Canggu gate is. So I want to ask three people, where is Canggu gate and how to go?"

Hear the question.

The three men, such as the old master of Qin's family, looked at each other and nodded slightly.

Qin Baitian stood up, took a deep breath, and then said, "in fact, canggumen is the only special force in our endless city.

At that time, the kingdom of God forced us to border on the endless sea of Lingwu land. In fact, in a sense, it was expulsion.

We have been away from the kingdom of God for so long that resources cannot flow.

Although there are numerous opportunities in the endless sea, most of them are provided for some shenguocong gates. We want to get in, but it depends on luck.

Originally, our Qin family was not qualified to know the location of canggumen, but 300 years ago, we were lucky enough to be qualified to participate in canggumen pill trade, so we also knew some! "

"Canggu gate stands aloof in the endless city."

"You don't know, Mr. Ye. It's normal. Ordinary people don't even know the top experts in Taixu."

"Canggu gate only cooperates with sects and family forces. They have a rather strange rule. Here we will say later that their geographical location is in the blue moon mountains 300 miles west of endless city. There are maze and magic array protection around them. Only when they hold the token they issue can they enter. Other people, no matter how powerful they are, such as the top of the Ninth Heaven and half step chopping You can't get into the world, or even the super masters who cut through the adversity! "

Canggu gate!

A very rare medical school, mainly for alchemy and martial arts practitioners, is not good at fighting. However, it has many healing pills and all kinds of miraculous doctors, and it is afraid of being peeped by evil forces, which makes it disappear.

In order to stay away from the dispute, he actively expelled to the endless sea.

Ye Chen got the whereabouts of Canggu gate, no longer hesitated, and directly bid farewell to the Qin family.

Because of Ye Chen, Qin Aotian's position should not be shaken.

As for whether we can see each other again in the future, it will be later.

But ye Chen faintly feels that the fate of the two people is not only here.

After all, Qin Aotian has the existence of such adverse weather as reincarnation star stone.

Blue moon mountains.

Countless mists are surging.

Cover everything.

In the mist, there is the potential to cut the enemy!

If you step into it carelessly, you will die!

At the moment, ye Chen is shuttling in the mist.

If it's an ordinary warrior, it's dangerous. But for ye Chen, this fog is his gospel!

Atomization magic power, can let him easily shuttle among them!

If Canggu gate knew that there was such a loophole in the fog, he would destroy it at all costs!

A few minutes later, ye Chen finally came to Cangu gate.

It was a huge stone gate.

Of course, the door is still closed!

What makes Ye Chen more surprised is that there is a statue in the middle of the gate!

Chapter 2417

The statue is an old man!

The old man of fairyland!

This old man is no one else, but the ancient god of medicine!

"Lao Cang, it seems that your disciples respect you." Ye Chen joked.

A trace of anger flashed in the eyes of the ancient medical God of Samsara Cemetery: "call me Cangu medical God! What qualifications do you have to call me Lao Cang? "

"My position in the kingdom of God has not been shaken. How can these guys not respect me?"

"Although I didn't interfere too much in Cangu gate, I didn't even know what the Cangu sect leader was like, but I'm also a master!"

Ye Chen shrugged: "that I left?"

The ancient medical God was stunned and immediately said: "forget it, don't go, whatever you call it! Go in quickly and get tiannu spirit needle

"I see."

Ye Chen stepped forward and knocked on the gate of Canggu gate.

A faint wave of array!

All of a sudden, a sudden change!

In the gate, countless silver needles shot out!

Every silver needle is rippling with the power of Taixu!

Tens of thousands of silver needles can kill people!

Ye Chen's face changed slightly, and he quickly said to Canggu doctor: "laocang, do you have any jade card to prove your identity?"

"Quick, quick, quick!"

Canggu medical God cold hum: "don't worry, I let you come, naturally won't let you hurt!"

"Ancient art, ten thousand needles surrender!"

In an instant, countless silver needles were suspended in front of Ye Chen.

Dare not approach Ye Chen half minute!

Time seems to solidify here!

Next second, countless silver needles disappear! Thoroughly into the reincarnation cemetery!

At the same time, the ancient gate is completely open!

In the gate, dozens of people are waiting!

These tens of people are not powerful in the kingdom of God, but they are full of threats!

The leader is an old man with strong breath!

The old man held the silver needle in his hand and released the opportunity to kill him. He said angrily, "who is coming! Dare to break through Cangu gate

This is Lin Hong, the leader of Cangu sect!

Cangu gate, no one dares to break in. Today is the day when the door is closed. How can anyone come here!

If you come here, you must have a bad heart!

If ye Chen can't answer, he will fall immediately!

Ye Chen took a look at the people, and with a slight smile, he arched his hand and said, "the leader of Cangu sect is here. I have something important to discuss."

With his hands behind him, Lin Hong took a step: "Lin Hong, the 69th descendant of Canggu family, today is the day when Canggu gate is closed. No one is allowed to disturb me! Boy, if you look for me, don't you understand the rules of Canggu gate? "

"And Canggu gate set up rules on the day of its opening! The strong intruder will swallow thousands of needles! All the spirits and spirits are gone

"Talk to me about something important! It's ridiculous

Ye Chen didn't know about it. The Qin family didn't say it. He shrugged his shoulders and thought of the ancient medical God standing behind him. He said, "I really have something important to do. As for swallowing ten thousand needles, you can do it."

"By the way, the 10000 needles you are talking about are not the ones in front of me."

The next moment, countless silver needles appeared, all fell on the ground!

The pouring of tens of thousands of silver needles dazzled the people of Canggu gate.

An old man beside Lin Hong grasped it with five fingers and a silver needle appeared in the palm of his hand.

When he saw the word Canggu on the silver needle and the prohibition he felt, his eyes were frightened.

"Master, it's our silver needle."

Lin Hong's eyes shrunk to the extreme, and his whole body's spiritual power gathered, ready to move at any time!

At least from the current situation, this young man is not ordinary!

"Canggumen elders and disciples listen to the order, coagulate the array, and kill the intruder directly!"

The next second, dozens of people surrounded Ye Chen, and the violent force rushed into the sky, just like a ferocious dragon!

Canggumen martial road is certainly not strong! But killing means and array means are not weak!

Plus the coagulating array, at this moment, there is a huge net, and the strong people can't leave safely!

Ye Chen felt a congealing, he felt crisis for the first time.

This is not the power of the Qin family.

The power of this array is far more than that of chopping!

Canggu gate really deserves its reputation!

"Lao Cang, you can solve this mess!"

The ancient medical God said softly, "do as I say."

The next second, a colorful light wrapped Ye Chen.

The light of seven colors soars into the sky!

A barrier has been formed!

Ancient Runes surge around the barrier!

In an instant, dark clouds pressed the city, just like the end of the world!

Ye Chen looked at the deepest place and said faintly, "hang Lingzi, I come here. Are you sure you don't want to kneel down in front of me?"

As soon as he said this, people's faces changed dramatically!

Xuanlingzi is no one else! That's the ancestor of canggumen town! Endless years, if there was no xuanlingzi sitting in Cangu gate, Cangu gate would have been in trouble!

What's more, xuanlingzi has been closed for thousands of years. How can he get out!

It's impossible to kneel down in front of a young man!

Lin Hong's eyes are full of anger! All the elders and disciples of Cangu gate are burning with anger!

It's not too much to rush into Cang ancient gate, even insult the ancestor of Zhenzong!

Endless anger burns in this moment!

The power of the array is far more than that of beheading!

There is no doubt that you will die!

However, at this critical moment, the void breaks!

A roar of rage rang out: "bastard, everyone stop!"

Then, an old figure came out of the void!

It's xuanlingzi!

People see hang Ling son, the eye son frightens to the extreme!

More weird!

Does xuanlingzi also feel angry and leave the customs ahead of time?

It's impossible!

How can xuanlingzi change everything because of a young man's words!

Lin Hong quickly arched his hand: "don't worry, you don't have to do it. This insulting boy is also..."

The voice stopped abruptly.

It suddenly occurred to Lin Hong that it seemed that xuanlingzi had let everyone stop

This

Lin Hong subconsciously looks at xuanlingzi, but at the moment xuanlingzi doesn't have a trace of momentum!

But the eye son tightly stare at the leaf Chen not far away!

As if to determine something!

Soon, his muddy eyes filled with surprise and excitement, three steps out, came to Ye Chen!

The next second, the explosion of all people's eyeballs happened!

Xuanlingzi, the ancestor of Canggu gate, knelt down!

Kneeling in front of a young man!

"Hang Lingzi, see your master!"

Time seems to be still.

Lin Hong's body was stiff and his eyes were shocked to the extreme!

His body was shaking, and he even suspected it was a dream!

Dream of nonsense!

And the elders and disciples of Canggu gate around him were all confused.

Master?

There seems to be only one master of xuanlingzi!

Ancient medical God!

But the ancient god of medicine has long disappeared in the world, and may even fall. How can he become this ugly young man now?

Who can explain it!

Hanging Lingzi seems to feel something, cold hum: "Canggu gate all people, kneel down!"

As soon as this word comes out, endless pressure surges!

Dozens of people, including leader Lin Hong, all knelt down!

There are countless cracks on the ground!

This is xuanlingzi's pressure!

At this moment, ye Chen set off a storm in his heart.

He has seen big scenes, but now all the people in Canggu gate, the power of the kingdom of God, kneel in front of him. He is still a little confused.

Chapter 2418

The key is that xuanlingzi is the strong one above chopping the enemy!

He doesn't know how strong it is!

But kneeling in front of himself, I'm afraid no one believes it!

"Canggu's disciples have met the grandmaster!"

"The elder of canggumen has met the grandmaster!"

"The leader of Canggu sect has met the grandmaster!"

Ye Chen's eyes swept over the crowd, his arm gently extended: "get up, I have something important to do, don't want to delay here."

"What's more, today I come to Canggu gate. You should keep a secret."

"Otherwise, Canggu gate doesn't need to exist."

Dangling son's eyes flashed a cold light, respectfully said: "master, please don't worry! If anyone dares to disclose his master's news, I will be the first to do it! "

Ye Chen nodded: "in this case, you come with me."

.....

Soon, ye Chen and xuanlingzi came to the deepest Temple of Canggu gate.

Outside leader Lin Hong and many elders are waiting!

And xuanlingzi personally set up a large shield array!

When everything was ready, xuanlingzi looked at Ye Chen respectfully and said, "master, why do you become so now?"

"And your accomplishments..."

Ye Chen waved his hand and said, "it doesn't matter. You can recognize me."

"This time I come to Canggu gate, I'm going to take tiannu spirit needle."

"Tiannu spirit needle should still be there."

Xuanlingzi's expression changed. He quickly offered a simple box and carefully handed it to Ye Chen: "master, this is the spirit needle of tiannu. Over the years, I have been taking good care of it, and I dare not even use it."

"I feel vaguely that the master will come and take it."

"It's just that after so many years of waiting, I haven't seen the master. It's said that the master has fallen down. I'm willing to believe it."

"If the master founded Canggu gate, I was just a little disciple. I knew that if there was no master, there would be no Canggu gate, let alone xuanlingzi."

"I remember the teachings of my master."

Ye Chen Mou son a shrink, five fingers a grip, will be the natural anger spirit needle income reincarnation cemetery.

Then, ye Chen thought of what, opened his mouth: "do you know how to enter the endless sea?"

Hanging Lingzi strange looked at Ye Chen: "master, you want to go to the endless sea?"

"The real master of the endless sea is the heavenly palace."

"In ancient times, before you disappeared, I inquired about the information. It seems that there is some contradiction between you and Tiandao palace."

"I even thought it was the heavenly way palace that attacked you. Unfortunately, I have no evidence."

"Now that you enter it, you are likely to be found by the heavenly way palace."

"At that time, the consequences will be disastrous."

Ye Chen Mou son shrinks, he cannot give up naturally.

Not only for Luo'er, but also for the blood dragon.

He Mou son firm and resolute: "hang Ling son, since you say so, nature is to have a way, right?"

Xuanlingzi couldn't resist Ye Chen and nodded: "although Canggu gate has been arranged here, and Canggu gate is not a powerful force in Lingwu mainland, ordinary people dare not offend Canggu gate."

"I also have some authority in my hands."

"In the endless sea, Canggu sect's disciples can enter at will and take miraculous medicine. If the master wants to go, I can take you there!"

Ye Chen's heart is ecstatic!

This is what he wants!

He stopped talking nonsense and said directly, "take me to a place first. I still have a few friends. Now I'm going to enter the endless sea."

Xuanlingzi wanted to say something, but in the end he could only gather into one word: "OK."

"Where is the master going? I will take you there now! But I can't go to the endless sea. After all, my existence is found by the heavenly way palace, which is not good for the master and Canggu gate. "

Ye Chen nods.

The next second, xuanlingzi will tear the void in front of him. On the hall, two figures disappear instantly!

.....

At the same time, in an inn house, the air vibrates!

Xiao Changlao, Ji Lin and ye lu'er are waiting for you!

But soon they relaxed.

For ye Chen is in the open void!

Ye Chen is back!

I don't know why I brought an old man.

Xuanlingzi walked out of the air, his eyes swept over the crowd, very calm.

But when his sight touched Ji Lin, he was stunned and exclaimed: "congenital poison body!"

"This It's coming back to the world? "

Ji Lin hurriedly came to Ye Chen's side, grabbed Ye Chen's coat corner, and said, "Ye Chen, who is this strange old man you brought back? His eyes are very uncomfortable to me."

But elder Xiao's face suddenly changed!

Although he doesn't know xuanlingzi!

But he could feel the unique breath of xuanlingzi! Kill the strong!

It's not a common strong one!

The whole body exudes the breath extremely formidable!

There is no such thing as martial arts!

Ye Chen is also feeling hang Lingzi's gaffe, curious: "Why are you so disrespectful?"

Hanging Lingzi arched his hand and said respectfully, "master, the inborn poison is a rare constitution in the world! As a doctor, I am naturally excited

"It's a pity that the innate poison is too slow to release one percent of its power..."

Hang Lingzi don't talk, a talk, Xiao Changlao a buttock sat on the ground!

Ye Chen left here not long ago, unexpectedly He even brought back a disciple who had been in trouble!

What a joke!

He even felt that it was an unrealistic dream!

Ye Chen didn't pay attention to Xiao Changlao, but looked at xuanlingzi and said, "you seem to have something in your words. Finish it!"

Xuanlingzi didn't dare to hide it. Lian busily said, "master, I found a Wannian evil poisonous herb in a relic in the kingdom of God, and it was left by a poisonous body. This man is the closest to the existence of the innate poison in ten thousand years, and he is also a strong man in a chaotic environment!"

"I have a way to activate this innate poison's potential perfectly!"

"Master, can I take this girl as a disciple?"

Ye Chen is in a moment!

Perfect activation of congenital poison body!

The remains of chaos state power!

Ten thousand years of poisonous weeds!

Danglingzi disciple!

Is this Ji Lin's chance as the eternal king said!

Put aside the first three, just become the apprentice of xuanlingzi is against heaven!

If you want to say that the most suitable training Ji Lin, put aside the adverse weather poison cultivation, is the master of medical ethics!

And xuanlingzi is definitely one of the people who have the most right to speak in the kingdom of God!

With that inheritance, Ji Lin's achievements in the future are limitless!

Ye Chen suppressed the shock in his heart and said, "hang Lingzi, you should not just accept apprentices so simple."

Xuanlingzi's face was full of embarrassment, and he still said: "it's worthy of being the master. The disciple still needs a medicine to refine pills. Don't say that the disciple can't intervene, even the strong in the chaotic environment can't intervene! Only inborn poison

"That pill is very important to my disciples, but the inborn poison can't be seen for thousands of years. I gave up. Now I see this girl and I'm losing my temper. Please forgive me. "

Chapter 2419

Ye Chen nods, but he doesn't worry about hanging Lingzi using Ji Lin.

Have their own layer of relationship suppression, hanging Lingzi also dare not betray.

Perhaps, it is the wisest thing to give Ji Lin to xuanlingzi and set foot on the ruins of the kingdom of God.

He looked at Ji Lin and said, "Ji Lin, would you like to?"

Ji Lin tightly grasped Ye Chen's hand: "Ye Chen, I don't want to leave you."

"I don't want to leave sister lol, either."

"Ye Chen, I have become dependent on you. You are the closest person except my sister."

"I want to be with you all my life."

Ye Chen is a little moved. Looking at the teardrops in Ji Lin's eyes, he just wants to say no to xuanlingzi, but he suddenly says to xuanlingzi: "old man, is there anything delicious in the kingdom of God? How does it compare with Lingwu? "

Xuanlingzi's expression was strange, but he still said: "the food of the kingdom of God is far more delicious and valuable than the land of Lingwu! There is no comparison between them! "

The next second, Ji Lin released Ye Chen's hand and came to xuanlingzi with a smile: "then I'll go, I'll just be your apprentice."

"The old man said," I want to eat the best every day! It can't be repeated! "

Xuanlingzi:.... "

"Ye'er..."

Ye Chen almost fell to the ground!

You said you didn't want to leave?

What about the closest person!

Said good lifetime in the side!

Before a second, Ji Lin went to the kingdom of God for delicious food!

Feelings Ye Chen and Ji Lin's feelings are not better than delicious?

Ji Lin said with a smile: "Ye Chen, don't think too much. I want to explore the way for you first when I go to the kingdom of God. When my sister is strong, I can take care of you."

Ye Chen white one eye Ji Lin: "be sure not for delicious food?"

Ji Lin hands akimbo, displeased way: "Ye Chen, what do you mean, I Ji Lin is so vulgar person!! I go to the kingdom of God mainly for the sake of delicious food Pooh, Pooh, for the sake of cultivation. "

"Ye Chen, don't be so childish, OK?"

"People in their twenties know how to eat every day."

"Ah, ye Chen, you need to shape your values, otherwise my sister will not like you."

Ye Chen:

Susan son make complaints about his own son, so he is nervous, even busy: "master, is it time to set sail for endless sea?"

"And, are you all three going to the endless sea?"

Elder Xiao stood up and shook his head: "I will not go, Mr. Ye. I have finished my duty. I will leave now. We are destined to see you again."

Ye Chen nodded and threw out a storage bag: "elder Xiao, please accept a little meaning."

Xiao elder although want to refuse, but see ye Chen's expression or accept, and leave directly.

Xuanlingzi did not intend to delay, but said directly, "master, I will take you two to the endless sea now!"

"As for the girl Jilin, I may have to take her away for a while. The relics are in the real kingdom of God, not the endless city."

The next second, the void tears, the wind blows!

All disappear!

Hoo Hoo Hoo Hoo!

Countless black winds roar past, and the discontent spirits flutter all over the sky. Every one of them is like a human being, but it has no feet and only the upper body. It is constantly dancing between the heaven and the earth. Sometimes it goes deep into the black clouds, sometimes into the sea of blood, dancing all over the sky. At the same time, the sky and the earth are filled with endless murderous spirit. The whole thing is like a dead land without any living creatures It can be said.

Endless sea!

This is the endless sea, a sea area full of countless evil spirits, murderous and evil spirits. It is a forbidden area that normal human beings can't touch, especially the sea of Taotao and blood, which is full of endless corrosion. Even if the creation realm can't enter at all, they dare not enter the sea. The corrosive power of the blood in the sea is enough to corrode Shouyuan's powerful creation environment to the bone dregs.

Even those who are strong in stardom can't stay for a long time.

Further up, the strong people can only support one or two here.

In those years, long Chengtian, the contemporary leader of the dragon family, was attacked by his younger brother, long Hongtian, who had been guarding the sea for a day and a night. He was sure that longchengtian had never come up, so he left to pursue and kill his wife, ye luo'er, or long luo'er's mother!

Endless sea, a forbidden area full of countless corpses.

People in Lingwu land have talked about the terrifying place, but there are strange flashes of lightning on the sea space, which seems to announce that someone is coming soon!

.....

Soon, in the sky above the endless sea, strange lightning tore again, and then a space tunnel appeared, and ye Chen and ye Luo'er appeared. They came to the periphery of the endless sea, not even the shallow sea, but there were countless murderous and evil spirits.

Hoo Hoo Hoo!!Whoa!!

Countless evil spirits and evil spirits did not change into forms, but were oppressed by overwhelming actions.

In the sky came the voice of Xuanlingzi: "master, I will not enter. I hope you can come out safely!"

"If you are attacked by the heavenly way palace of the kingdom of God, don't be obsessed with war and leave directly!"

The sound dissipated.

I'm afraid Xuanlingzi has left with Ji Lin.

This is Ji Lin's chance.

It's a chance to open a perfect and adverse congenital poison.

Ye Chen turned around and saw that there was no place to stay in the sea. He reached out and patted away the evil spirit, but his face was moving. He inhaled some evil spirit just now, and his heart was also a little stuffy. It seems that his cultivation has not completely blocked these evil spirits!

"I have some difficulties!"

"Where's lol?" Ye Chen turns to look around and finds that the more powerful blood evil spirit is transformed into the form of sword and sword, attacking ye lu'o'er.

Loud!!

Loud! Loud!!

The sound of a golden dagger came out.

At this time, ye lu'o'er's body blooms a dragon Qi. A yellow dragon Qi, like a holy dragon, directly destroys the attacking blood evil sword.

Ye lu'o'er was attacked and killed by the transformation of blood evil spirit into weapons. There was still dragon Qi in ye lu'o'er's body to eliminate the blood evil Qi. It seems that ye lu'o'er can resist the blood evil Qi.

Ye Chen is more at ease. Looking at the situation ahead, he suddenly sees a large array, a very simple and mysterious array, standing in the center of the endless sea. It seems that it is close at hand, but no matter how it flies, it can't be reached.

"What kind of formation is this?"

"Curious!"

"You can see it clearly, but you can't touch it?"

Ye Chen grabs ye lu'o'er and flies into an invisible barrier!

This is the barrier released by the great array, which is called "ancient sky meteor array". It is an array placed here by the kingdom of God. It will release the barrier and sense the surroundings. Ye Chen and ye lu'er pass through the barrier, which means that they have entered the inner sea of the endless sea.

Chapter 2420

In an instant.

The ancient sky meteorite array seems to have been excited. 164 long blood colored pillars of ten thousand meters at the same time shot a stream of blood light at each other, and then converged into a stream of blood light, and went straight to the heavenly palace in the kingdom of God!

.....

In the palace of heaven!

Xuanyuan Mo Xie was holding an ancient book in his hand. He was obviously looking for something. Suddenly, he found the change of tiandaopan in front of him. He could not help frowning.

Xuanyuan ink evil looks a little surprised, put down the ancient books in his hand, and slowly step forward to gaze at the tiandaopan, which shows ye Chen and ye lu'er entering the interior of the endless sea.

Only because of the particularity of Ye Chen's life grid, it is extremely vague.

But of course fuzzy, Xuanyuan ink evil also instantly recognized Ye Chen!

Only the young man can not be checked by the heaven plate!

For a moment, he was a little stunned. In his anger, he had a scornful smile: "little beast! I want to find you fruitless, but did not expect today will be an unexpected harvest! Heaven has a way you don't go, hell has no door you must come!

How dare you enter the territory of Tiandao palace? You really don't want to live? You want to die like this

As the leader of Tiandao palace, he is naturally proud of himself. In his forbidden territory, there are two garbage goods that are not considered as ants?

Die!

Absolutely dead!

In an instant, Xuanyuan ink evil waved and sprinkled a colorful light. After the light dissipated, two bodyguards emerged.

"I've seen the palace master!"

"I've seen the palace master. What can I do for you?"

The two bodyguards inquired, and they themselves had the cultivation of cutting the adversity. They were the bodyguards of Xuanyuan moxie, who only listened to Xuanyuan moxie!

If they were in Lingwu land, they would be top experts of the first class. One person would destroy a top strong man who was not in the least of a big power. At the moment, they knelt down to Xuanyuan moxie.

"My palace master has just found out."

"Two little worms have entered the endless sea."

"The endless sea is the territory of our heavenly way palace. According to the law, people of spirit and martial arts are not allowed to enter at this time point, but they are. It's strange. You can find someone to eradicate them."

"Destroy them at all costs!"

Xuanyuan ink evil is just like saying something plain.

Elsewhere, he might have to send a stronger presence.

But now ye Chen and others have entered his territory.

It's easy for him to be destroyed!

He ordered two bodyguards to mobilize their hands to kill them. Of course, he didn't let his own bodyguards do it. It would be too much for him to kill the enemy kingdom. Even if there are many experts in Tiandao palace, they can't do so.

"Obey the palace master!"

"We will send the strong men stationed in the endless sea to kill these two ants!"

After the two bodyguards respond, turn into Hongguang shuttle space to leave, go to mobilize people.

Xuanyuan moxie, the leader of Tiandao palace, paid no attention to it. He waved away the scenes on the Tiandao plate, and then continued to read the ancient books. He did not pay any attention to Ye Chen and ye luo'er's breaking into the endless sea.

The Dragon God on one side frowned and said, "I think I will destroy this man."

"Give him no chance."

"This son is related to the blood dragon and must die."

Yan Yan's blood is too nervous for you

"These ants step into my territory, and those people are enough to solve it."

"Even if they can't solve it, I'll do it myself."

"The endless sea is not a land of spirit and martial arts. If I want to kill people in it, it's easy."

Through the space, two bodyguards came to another part of Tiandao palace and met more than 100 elders.

One of the bodyguards took out a token, motioned to many elders and said, "some unexpected guests have come from the endless sea. You send someone to hang them."

"None of those who entered during this period of time will stay here!"

They were surprised and could only say, "yes! My Lord

"It's just that I'm free. I'll kill him!"

"I'll go, too. It's just a little ant that has sealed the door. I'll fight for it myself."

For a moment, six elders spoke.

All the six elders are masters of the four or five layers of heaven in the Taixu realm. They are all the disciples of Tiandao palace ten thousand years ago. After years of hard work and training, they have become the elders of Tiandao palace Garrisoning the endless sea. Although they can not be compared

with the elders of Tiandao Palace in the main city of the kingdom of God, they are not ordinary in identity and have strong fighting power in the endless sea.

.....

At the same time.

In the endless sea.

Ye Chen and ye lu'o'er are looking for the whereabouts of the dragon city sky everywhere. The vast and boundless sea is full of blood, and every drop of blood has the power to corrode. Even a drop of blood is enough to corrode the strong man of nature. When he encounters a drop of blood, he will be corroded instantly, leaving only bones and dregs on the ground, and his soul can not survive.

And the endless sea grows stronger and stronger over time.

Ten thousand years ago and now, the endless sea is totally the difference between a day and a land!

Such a strong and endless sea, in addition to the deep sea of resentment and evil spirit.

There are almost no more creatures.

As ye lu'o'er flies, he uses his artifact to force out the essence and blood in his body. He uses his secret technique to track his whereabouts. He says, "brother ye, I can trace my father's whereabouts with my own blood essence. I can vaguely feel my father's breath!"

"It seems to be due north!"

"My father, really not dead!"

Ye lu'o'er senses the whereabouts of the dragon city sky with his mind.

Dragon city day such a strong person, is obviously not so easy to fall down!

And the original endless sea is not too strong!

There are many opportunities here! Maybe longchengtian has broken through!

Ye Chen also nodded slightly, expressing his approval. Now only longchengtian knows the location of Jiutian Shenlong temple, and hopes longchengtian to live in any way.

As they search North.

The sky above the endless sea flickered with strange ice colored lightning. Gradually, more and more ice colored lightning gradually formed a space passage. Six powerful beings stepped out of the space channel. All of them wore orange elder robes, with anger on their faces and swords in their hands.

Six swords twinkle with blood.

They are six Taixu holy soldiers!

The six of them are the six elders in the middle of Taixu state in Tiandao palace. They are ordered to hang Ye Chen and ye lu'er.

Now the endless sea is closed, looking for intruders, it's so easy!

"Just a mole ant! Do you know the price of entering here? "

"The endless sea here is the land of our heavenly way palace. You can break in without permission."

"It's too late now. I'll die!"

The leader said coldly.
