

## Physician 2421

### Chapter 2421

His name is Shangkun. He is a strong man in the five layers of the Taixu kingdom. He is also the leader of the team. He looks at Ye Chen and ye lu'er, just as the officials are examining the civilians and trying the crimes of the latter!

Ye Chen is cluttering in his heart. He knows he will be found.

But I didn't expect to find it so fast!

The key is that these people are obviously not going to let them go!

But he was ready to do it.

At the moment, his condition has been adjusted to the peak level!

Enough to fight!

Ye Chen grabs ye lu'er's hand and gathers his killing intention:

"the land of the heavenly way palace?"

"So what? I want to break through. What can you do with me?"

Ye Chen was so angry that he was looking for someone. He didn't do anything and did nothing. He didn't destroy the endless sea. On the other hand, he didn't strangle the endless sea. He only attacked and killed himself and defended himself.

I didn't expect it!

The elder of Tiandao palace is so unreasonable.

As soon as I come, I will kill myself. I really think that I am a good bully!

"Brother Shangkun!"

"No need to say more. Let's go!"

Another elder of the four layers of heaven in Taixu state slowly took a step, his face was cold to the extreme, and his sword in his hand flashed with cold sword light, saying:

"I will do it myself, and five brothers will wait. This task is really simple."

Voice down!

The elder, named Tiancheng, put forward his sword in a moment. Black clouds were surging from all directions, and countless blood lights came together. He had the power to open the sky with a sword!

A thousand Zhang sword light shot out, sweeping across the sea of blood along the way, causing countless resentment spirit and blood evil spirit uprising.

"Just a sword!"

"You want to kill us, the dog of Tiandao palace. You think highly of yourself!"

Ye Chen suddenly drinks, and the beast's decaying sword in his hand explodes with absolute brilliance. Countless blood light and sword Qi rush out, and his body is equipped with armor. Two kinds of power burst out and collide with the sword light of Qianzhang killed!

Suddenly burst out deafening roar, sweeping the sea of blood, surging, the aftershock, the scene as if the end of the day is coming!

Boom! Boom!!

Boom! Boom!!

The sound of explosions spread, and countless sea of blood swept between heaven and earth. Even the black clouds above the sky were eroded into caves by blood. You can imagine the power of endless sea blood.

Poof!!

Ye Chen retreats in succession. His hand is stained with his own blood. There is no doubt that a sword collides with him and he is seriously injured!

These people are obviously better than the gate guards!

More qualified to cross the border!

You can even use the evil spirit of the endless sea to strengthen yourself!

Seal the door to heaven!

How can you collide with the master of the four layers of heaven in Taixu!

"Oh?"

"Not dead? It's kind of interesting. "

The elder was a little surprised. He looked down at Ye Chen. His whole body was covered with blood and his armor was broken. But he had not been seriously injured. He was surprised and said, "boy, you are good. I have a sword, but you are not dead?"

"Not bad, not bad!"

"I'll give you another sword to see if you die!"

The voice dropped and a loud drink came out.

The elder jumped up and down, and the sword in his hand was full of white light. It was like the terror of the scorching sun. The power of evaporating the sea of blood gathered in the body of the sword!

However, at the next moment, a blood light flickered in the center of the sword body, and the foreign exchange of the sword body gathered all its strength into a light ball mixed with white and blood color. It was really like the terror of the sun!

Click!!

Click!!

The sound of breaking came out of the white blood ball.

When the wind and cloud are broken, the sky and the sky are broken, and the light sword blows out!

With such a sword, before arriving, a force from hell came out, which instantly lowered the temperature of the space by several degrees, and a sense of killing and killing made Ye Chen feel like he was in the nine hell.

Hoo Hoo Hoo!!

Whoosh!

Ye Luo'er, on one side, has been locked by this breath and shivers before he starts.

Her strength is inferior to Ye Chen!

Ye Chen no longer hesitates, but holds the beast decaying sword in his left hand, and Zhutian God magic gun in his right hand. The shadow behind him and the power of the law are revealed, and he wants to fight to death.

"You can strengthen yourself with the power of the endless sea! Can't I

Ye Chen suddenly drinks out and waves a sword and a gun. Strangely, the road that ye Chen once mastered has changed dramatically at this moment!

Ye Chen slightly surprised, but did not expect that the endless sea actually had infinite bonus to the once great road!

And he was even more surprised to find that his own road in this moment, a brief upgrade to the realm of perfection! Complete change!

That's weird!

The power of the road is emerging behind the ocean, each of which represents a force.

The road of destruction is transformed into a sea of destruction. Countless destructive breath will emerge one after another, and a god of destruction will emerge!

The road of killing is transformed into a sea of killing. Every drop of the surging waves has the ability to destroy the sky, and it is completely gathered into a god of killing and war!

There are thousands of gods and Buddhas in the form of Dharma. The golden light is shining behind one person. It is just like all the gods and Buddhas gathered together, with the power of absolute light. Contrary to the absolute dark power of the former two, it can be used safely, which means Ye Chen has already used the power of light and darkness with ease!

The road of extinction, the strongest road in ancient times.

As soon as the extinction occurs, everything will be destroyed. No matter the ancient gods or the creatures on the ground, if they are contaminated with a little bit of power of extinction, they will fester until the dregs are left. Their power is even faintly stronger than the power of destruction!

The power of annihilation combines with the power of immortality. It's a long spear. It works together with the gods of heaven, the gods of destruction and the gods of war!

The power of the five great avenues was manifested in a moment, and then the power of the five great paths came out, and the momentum was as powerful as Pangu, who created the world.

Boom!!

Boom!!

In an instant!

Two forces collide in one, countless colors of luster fly out.

The powerful aftershocks came out one after another, which caused chaos in the sea of blood, and countless spirits escaped. Even the spirit of blood evil and evil spirit were expelled. They did not dare to get close to them or face two powerful men!

"This little fellow

"It seems strange!"

"The power of the endless sea seems to be interested in the way he holds Even gave him a little strength... "

Elder Shangkun said calmly: "the old six and one sword can wipe out the strong one in the four layers of Taixu state. I didn't expect that this little guy broke out so many powerful forces to resist, but it was a little unexpected to us!"

"Yes, brother Shangkun is right!"

"Degree, destruction, immortality, killing and extinction, all of which are in accordance with the endless sea."

Chapter 2422

"If there is no such fit, the boy may be dead."

"Some even surpass the power of light and darkness!" Another elder felt some emotion and said: "unfortunately, such a boy is bound to die today. If Lao Liu can't take him down, I'll kill him quickly!"

Several Taixu elders in Tiandao palace all feel the talent of Ye Chen!

Five kinds of power of the road, even if the other Taixu martial arts understand one can call on the wind and rain in the endless sea!

I didn't expect to kill a boy who is proficient in five kinds of extremely strong road power!

Fortunately, this son is no more than a door.

"No more nonsense!"

"It's hard to kill old six!"

"I'll do it as soon as possible."

Shang Kun held the sword of Taixu Saint soldier in his left hand. His eyes were sharp, and he could see through the roots of the elder and ye Chen in an instant, and then said:

"kill this boy, we can mill out five kinds of power of the road in one day. After we go back, even if we don't need it, we can use it for our descendants!"

Ye Chen, such a genius!

They don't want to get into the heavenly palace.

Kill them, and then seize the power of the road, not the same can cultivate the same level of talent!

Boom!!

A burst came out!

Six elders and ye Chen fight to the end, two people each broke out a sword, mutual repulsion each other.

The left arm of the sixth elder was penetrated by sword Qi, and he was a little angry.

Ye Chen's body was covered with blood, and his armor was almost broken. Even though his background was thick, it was impossible for ye Chen to fight against the six elders of the four layers of heaven in Taixu!

With the four layers of Taixu days, strength can be different days!

After two moves of fighting!

Ye Chen is almost seriously injured, and his combat power is less than 30%.

"Kill!"

"Come on

"Do it!"

The sound of three drinking is coming out!

The other five elders of Tiandao palace clapped their hands. Three Taixu level Four heaven, two Taixu five layer heaven, all of them holding long sword and sword like holy soldiers!

One of them, two elders, directly destroyed countless destroying generals!

The three elders' sword runs through, and clouds move in all directions. Countless murderous spirits directly blow up the God of war.

The four elders used their fists and feet together with their own understanding of the law of extinction. On the contrary, they smashed the spear composed of the power of extinction and the power of immortality. With one sword, the five elders smashed the empty shadow of God and Buddha!

So far!

The force of Ye Chen's five roads is completely broken, and it is difficult to exert it again in a short time!

However, Shangkun, the elder of this action, has already killed him. The sword in his hand is constantly attacking Ye Chen!

Bang bang bang!!

Bang bang!

Several attacks came out.

The long sword in elder Shangkun's hand is like a spirit snake. It keeps breaking the shield of Ye Chen!

If ye Chen didn't sacrifice the red dust God vein, he might have fallen!

Ye Chen knows that the limit of his current confrontation is the five layers of heaven in Taixu state!

This is still under the premise of using countless cards!

Facing six people, he can't win!

He wanted to escape, but the six had already laid a net, and he could not leave at all!

Damn it!

At this time, ye Chen faintly perceived what!

Lingfeng's pulse is activated again at this moment!

The strength of the six elders is being absorbed by Lingfeng's pulse!

But now he wants to absorb these forces, condense the cards and have the capital to live!

See ye Chen has become a residual candle in the wind, about to fall!

In the samsara cemetery, the wind is clear, but the look is uneven, and he is very angry: "in the middle of the six Taixu States, it's shameless to hit a person in the early stage of sealing the door!"

"The heavenly way palace is so despicable that it has never changed!"

"Disciple, be ready, I pour my strength into your body!"

"With the power of a sword, beat them back!"

Ye Chen is slightly Zheng, just want to refuse.

The wind is clear and the energy is low!

He didn't want the wind to dissipate so quickly!

However, the voice dropped!

A powerful spiritual force and sword spirit pour into Ye Chen's body.

In a flash, ye Chen's wounds all over his body overflowed with pure strength. Then he only heard the sound of "zizizi". More than 100 sword and knife wounds on his body were healed!

The breath suddenly increased by dozens of times, and there was a pale gold luster all over the body!

Loud!!

Ye Chen's beast sword collides with the Taixu Saint soldier's sword, flashing endless sparks.

At the same time, the elder Shangkun was surprised. Ye Chen was used to punching, and his powerful force was like a volcanic eruption. He would hit it 100 meters away! After that, his body twinkled like a ghost, and his swords and spears all came out. He directly attacked the three elders and the four elders, and together with the five elders and the six elders who besieged ye Luo'er, plus the two elders!

"Why is this boy so powerful?"

"How could it suddenly be so powerful?"

"It's not right!"

The two elders looked surprised and gazed at Ye Chen in front of him. The blood in his hands dropped down, some of them were shocked.

Elder Shangkun's face is gloomy and his chest is sunken. It is obvious that he was hit by Ye Chen just now, and he was hurt badly. Several pieces of his chest and sternum were broken!

"It's not right!"

"His power, I feel so much stronger in an instant!"

"What's more, even the fists are full of a strong sense of sword!"

Four elder lip corner spills blood, he suffers Ye Chen one fist, suffered slight injury, but does not affect the combat effectiveness!

The five elders gazed at Ye Chen for a moment and said, "he has the breath of a strong man. Obviously, it is his master's elders who sealed their own strength into his body, and it will burst out once it is in danger."

Master?

This boy's master?

Is it hard to be a strong one to cut off the adversity? Otherwise, how can we beat back the six of us?

"No matter what!"

"This boy must be killed today anyway!"

The six elders hold the holy soldiers in their hands and are ready to give a full blow!

The elder Shangkun said subconsciously: "no wonder, no wonder the master of the palace will send us six of us. This is good. Does this boy have strength in his body? It's a powerful force

Just when the six Taixu elders of Tiandao Palace are ready to join hands!

Ye Chen stands alone in the sky, his black hair flutters and his eyes are like stars. His clothes and robes are fluttering, and his blood magic sword bursts out incomparably powerful sword Qi. Countless bloody sword Qi rushes up and down the heaven and earth, attracting hundreds of bloody thunder and lightning!

This is the wind Qingyang occupies Ye Chen's body the strongest time.

I know that the strength of these six people is not ordinary!

He looked cold, like a judge in the sky, and said in a cold whisper, "since you are the enemy of me, then you have to accept the consequences!"

The next moment!

He slowly waved the blood magic sword, and the ancient inscriptions on the body of the sword flickered with blood light, and a kind of Wuji divine power rushed out!

Six sword gods!

The sixth sword -- Spirit devil kill Heaven Sword!

Chapter 2423

Hoo Hoo Hoo!!

Whoa!!

Storm surged all over the sky, and countless auras came together.

Countless resentment spirit and blood evil spirit burst out one after another, and even formed a whirlpool and tornado in the sea of blood. In an instant, before the sword came out, its momentum was comparable to that of destroying the heaven and the earth!

"Spirits and demons, heavenly swords!"

"This sword is enough to kill you!"

Ye Chen suddenly drinks. He pulls out the decaying sword in his hand and stabs it out with one sword. The endless sword power merges with the aura and bursts out, crushing the endless black clouds in the sky!

The sky over the endless sea turned into a starry fairyland!

A sword light rushed out of the sky straight up into the sky. After hitting a star's shadow, the shadow turned into a sword star, and then it shot out the sword light towards the stars everywhere!

Whoosh!!

Whoosh!!

In a moment.

The stars in the sky turn into sword stars, and each sword star condenses into a long sword, falling down together, just like the Milky way of the sky falling down. It has the Qi mechanism of annihilation, which is enough to erase everything.

Now!

Above the starry sky, the stars and swords gather together!

Under the starry sky, the sea of blood surging, countless sword Qi blocked around, is a combination of time and space, as well as the law of the stars!

The world is startled with a sword!

Kill with one sword, and the stars fall!

"No, no, no!"

"Run

"This sword can only be played by our top-level strong men."

"It's rare to see such a sword in the kingdom of God."

"Who in the end has mastered such a powerful sword meaning?"

"Run away quickly!"

At the same time, if you want to run away from me, you can't wait for my brother to run away

"Big brother is right, retreat!"

"Withdraw, this son is fierce!"

"This sword is not something we can fight against!"

In a flash!

The other five elders said a word and a half. They turned around and ran away. There was no more ferocity and divine power when they came. Now they are just like the losers who have fled. The so-called heavenly way palace elder who is superior to the kingdom of God is just like this!

Hoo Hoo Hoo!!

Whoosh!

The sword stars of the sky have fallen, and the sword spirit of the sea of blood has blocked the surrounding space. Six people can't escape!

"Turn around and meet the enemy!"

"Come on

Elder Shangkun also knows the situation at the moment. He can't escape. He has to fight head-on!

He burst out all his spiritual power and gathered in his Taixu holy soldier's long sword. A fierce lustre burst out, just like a sun burst out, and rushed to the falling sky sword stars!

"Kill!"

"Brothers, spell it!"

"I can't escape. Turn around and meet the enemy!"

The five elders have no choice but to turn around to fight the enemy. They control their own Taixu holy soldiers and make a full attack!

The two elders sacrifice the Taixu holy sword and gather the whole body's spiritual power to form an ancient killing God!

The three elders sacrifice Taixu Shengdao, which is based on the burning of their own vitality, condenses countless gods and demons to kill swords. It is the same with the four elders. The Taixu sword in their hands is directly sacrificed, accompanied by the gods and Demons killing the sword and rushing to the falling star sword!

The five elders and the six elders looked at each other and sighed suddenly. Then they sacrificed their own Taixu holy soldiers and killed them with the power of the great way!

Each uses all his strength to resist Ye Chen's sword!

Such a situation!

It's upside down!

I'm afraid they didn't expect that the opponents they thought could be hanged quickly would break out with such strong fighting power, even forcing them to use unique skills to resist!

Boom! Boom!!

Boom!

Countless explosions are coming out!

Different from other star swords, it is shining with pure green light. It has the power to drive away all demons. It is the main body of the spirit devil killing the heaven sword!

Boom!!

The sword light of elder Shangkun collided with the spirit devil Zhutian sword and quickly annihilated. Thousands of star swords instantly penetrated his body and flew it hundreds of thousands of miles away!

Then the message disappears!

The other five Taixu elders' unique skills collide with the stars and swords all over the sky, and the explosion sounds one after another.

The five elders in the middle stage of Taixu state were seriously injured. They were hit by the giant sword tens of thousands of miles away. The power of the law and the power of the road were completely broken, almost seriously injured. Then the rest of the star swords fell into the sea of blood.

The vast and smokeless sea of blood was evaporated for thousands of meters in an instant.

The sea level dropped thousands of kilometers, and all the evil spirits, evil spirits and evil spirits were destroyed!

Hoo Hoo Hoo!!Hoo Hoo Hoo Hoo!

In the distance, a million miles away, the spirit of resentment, blood evil spirit and evil spirit quickly poured in.

They are just like sea water. At the same time, along with the blood of other sea areas, they also pour into this area, causing the sea to stir up. This area has been evaporated out of thin air for thousands of kilometers of blood sea and all the demons within a million miles. The demons and sea water of other places naturally pour in!

Endless sea!

No one knows the details, but some people know that his radius is at least ten million miles.

Even if the sea level of tens of thousands of miles of Blood Sea drops by kilometer, the whole large sea level will drop by about 100 meters after the sea water from other sea areas flows in!

As you can see clearly, a drop of blood can corrode the blood sea of xianzun in the realm of creation. Under this sword, the water level of a hundred meters in the blood sea of the whole endless sea has been evaporated. You can see the ferocity of the sword move!

Ye Chen is shocked.

He knows that the wind is strong!

But I didn't expect that the sixth sword was much stronger than the first five swords!

At the moment, he looked at the reincarnation cemetery, and the wind had just activated all the energy!

The result is that his mind is dim.

Ye Chen's eyes flash.

Among all the teachers, fengqingyang has existed for the longest time!

The love between them is also the deepest!

He doesn't want the breeze to dissipate!

Even God!

Feng Qingyang obviously saw Ye Chen's mood and chuckled: "disciple, the sixth sword of my teacher has not let you down."

"It's a pity that you can't use your strength now."

"Otherwise, many problems can be solved."

Ye Chen clenched his fist: "master, I..."

Feng Qingyang continued to smile: "disciple, I have to do something. Those six people are not ordinary. They work together. Even if the seven layers of the sky in the Taixu state may fall, you can't resist it."

"But it's OK. The sixth sword will be used after all. You've just realized it."

Ye Chen hesitated for a moment, or said: "eight points."

Feng Qingyang laughed: "I'm a good disciple indeed! Taixu state can feel five points is evil, but you seal the door state but feel eight points! I didn't take the wrong apprentice. "

"But if I say this is not the strongest sword for my teacher?"

Ye Chen was stunned: "isn't the most powerful sword of the six masters?"

Feng Qingyang shook his head: "do you remember the sword case I asked you to find?"

"Yes." Ye Chen Dao.

The wind is clear and clear. Step out and release the momentum: "the six swords, there is the seventh sword, that is to return the six swords to one!"

"This is Kendo's heaven!"

Chapter 2424

"I will persist until I teach you the seventh sword!"

"Well, you go out. The crisis of the endless sea is not that simple."

The outside world, the endless sea.

"Brother Ye!"

"How are you?"

Ye Luo'er ran quickly and helped Ye Chen.

She put her spiritual power into Ye Chen's body and asked, "elder brother ye, what's the matter?"

Ye Chen shakes his head: "my spirit power and spirit are two empty, the combat power ten does not save eight nine!"

"You quickly Dodge, that sword did not really kill the six of them!"

Ye Chen's meridians are broken, and there is only a little spiritual power left in the elixir field. It can be said that it is really when the oil is exhausted.

After all, the sword just now is based on Ye Chen!

The backlash is too big!

The sixth sword of the God of six swords, under such a divine power, it also costs too much spiritual power.

I'm afraid that the martial arts in the middle of Taixu state are not enough to use this sword?

"Good!"

"I look for a place quickly!"

Ye Luo'er helped Ye Chen and searched around. Sure enough, the sea level of the blood sea dropped by 100 meters, many stones were exposed, and even many ancient buildings were exposed. In the past, the sea level submerged all the buildings, but now the sea level is falling, these buildings which were originally submerged are exposed again.

Soon.

With Ye Chen, she found an ancient temple and went straight in.

Ye Chen starts to recover by running the magic samsara formula. His spiritual power can be inexhaustible because the speed of absorbing external aura into spiritual power is much faster than the speed of consumption. However, the spiritual power is almost exhausted now, so it is not easy to recover again!

The two sides are at war.

The wind is clear, attached to the body Ye Chen burst out a sword, wounded six people, he is not good.

In the distance, in the boundless sea, on a piece of rubble, the six elders of Tiandao palace, who were powerful in the middle of Taixu state, fainted on the rubble like a shipwreck.

"Cough, cough, cough!"

"Cough, cough, cough!"

"What a powerful sword

Dachanglao Shangkun was the first to wake up. He couldn't help laughing bitterly. He turned to lie on a rubble and looked down at his body. His left leg was cut off, his right leg was dripping with blood, his meridians burst, his bones turned into powder, and his internal organs were already broken.

He took a deep breath and absorbed a lot of spiritual power in his mouth. In an instant, he healed the meridians and bones, and regenerated his internal organs. Even if his body burst, as long as the spirit was still there, he could not die.

He recovered for a long time, and his physical appearance was unimpeded. He could stand up and see the other five people. He subconsciously bloomed his own way, only to find that the road was almost completely broken and only 2000 meters was left. He was shocked and regretted. He murmured in a low voice:

"the damned guy has broken my foundation!"

"Asshole!"

"Beast!"

On the edge, two more voices came out.

From the five elders and the six elders, their foundation was also broken.

The foundation is too important to enter the realm of Taixu.

To destroy the foundation is to destroy the possibility of their martial arts cultivation!

"Damn it!"

"Big brother, second brother, third brother!"

"Our foundation is broken!"

The four elders took a deep breath and sighed, "each of us has only one martial arts major. It's not like that bastard. What should we do?"

Six in the middle of Taixu!

There are three Taixu states with four layers of heaven and three with five layers of heaven.

At the moment, the six soldiers are not even as powerful as those in the second layer of Taixu. They are badly injured and can't recover even for tens of thousands of years!

"I didn't expect it!"

"I didn't expect, damned boy, that sword is so powerful!"

"Few people in the kingdom of God have such powerful swordsmanship!"

The six elder was very sad and hung his head angrily: "I should have killed him with a sword if I knew that. Why make fun of him, which leads to the situation of my brothers like this!"

At the beginning of the war!

It is the six elders playing with Ye Chen.

As a result, six brothers were seriously injured, the road was broken, and no one could survive.

"Big brother!"

"Big brother, what should we do?"

"Big brother, are we going to retreat back?"

"Big brother, what to do?"

"Big brother..."

The five elders looked at Shangkun elder one after another.

Elder Shangkun sighed and said helplessly: "brothers, we can't go back. We all know the character of the palace master. But now we are seriously injured and have no strength. If we go back, we are also useless. As we all know, in Tiandao palace, there is no good end for the disabled!"Tiandao palace!

Don't raise waste people and idle people!

Those who can get into the position of elder are all highly cultivated and proficient in all kinds of calculations. Although they can't be compared with the real elders of the kingdom of God, they can be regarded as the elders who are close to the kingdom of God.

Go to the main city of the kingdom of God, many forces will be respectful!

Now they are useless people!

How to stay in the kingdom of God?

Even according to the palace master's style, they will die!

"Brothers

"Failed to carry out the mission, especially the task assigned by the palace master."

"Let's not mention that we are seriously injured. We may be intercepted by other Dharma protectors, so that we may die. They occupy the position of our elders. It's hard for us to deal with the palace Lord alone!"

Elder Shangkun got up, looked majestic, and said with great caution: "all along, the palace master has sent people to do their own tasks. If they don't finish the task, they will die. I'll wait until we go back. Even if we explain the reason clearly, I'm afraid that if the Lord doesn't kill us, we'll die!"

Xuanyuan moxie, the leader of Tiandao palace, has never been a good stubble!

Even if he doesn't kill them, those Dharma protectors who are eager to become elders will try to kill them quietly.

"In that case!"

"Big brother, what do you say?" The four elders inquired.

The second elder's eyes twinkled and breathed a hard breath, and asked, "are we going to run for our lives? Don't go back to the heavenly way palace? "

As soon as the words came out, the rest of the crowd were staring at the elder Shangkun, and they didn't know whether he meant it or not.

However, elder Shangkun shook his head and said with a wry smile: "our current combat power is only one or two levels of strength in Taixu. If we run for our lives, where can we escape? In less than ten days and a half months, the palace master will surely know that we have defected and will send Dharma protectors to kill us if we do not go back or have no news of us! "

"With our current combat power!"

"Can you resist those ferocious Dharma protectors?"

"Impossible!"

He directly shook his head and denied the words of the four elders. Then he took out a pale gold token from his chest and said cautiously, "five brothers, at present, only killed the boy, brought back his head and explained the cause and effect to the palace master. With his character, he will not be stingy to give us treasures and let us recover!"

Chapter 2425

"But how to recover?"

"Yes, our strength is only at the early stage of Taixu!"

"You can't kill that boy at all."

Several elders are at a loss. Their strength is greatly reduced and they are seriously injured. How can we kill Ye Chen?

Elder Shangkun waved the pale gold token and said with a smile: "we come here with the help of the ancient sky meteorite array. For us, as long as we form the Six Harmonies formation, we can absorb the power of the ancient sky meteorite array and recover our strength for a short time."

"Unfortunately, if we use this method, we will only have one month left! But this is the only chance! "

"Of course

"There are limits to this kind of recovery."

"Although in a short period of time, we can have the fighting power of three or four layers of heaven in the Taixu state, but the boy broke out such a powerful sword to attract us. If there were any backhand, we would not live!"

"No doubt!"

He looked certain, even a little crazy, and said with a smile: "at this moment, the boy should be seriously injured, and his spiritual power is exhausted. We just need to restore some spiritual power in case of emergency, because I think there is something wrong with the girl beside him, so I say so!"

Just in case!

Ye Luo'er, gave Shang Kun a very dangerous feeling.

It's the feeling of blood!

Even if you know Ye Chen doesn't have much fighting power, just in case, you still need to improve your fighting power temporarily and kill them completely!

"Good!"

"I agree."

The two elders nodded slightly, took a long breath, and said, "if we finish the task, we will be meritorious. Even if we go back, the palace master will not give us the treasure to restore our strength, but we will have an excuse to ensure that we will not die."

"In that case!"

"I agree."

"I agree."

The other three elders also agreed with Shang Kun's plan!

After the words fell, Shang Kun set out with five people and went straight to the ancient sky meteorite formation. It was still possible to fly in the sky for the time being. Within a few hours, six people came to the array, and their eyes swept the huge column of divine light!

The light gold token of Shangkun's senior general is placed in the center of the array. Then the six men form a "Six Harmonies array". One is in the center, and the other five are in the five directions of gold, wood, fire, water and soil. At the same time, they show their own way!

Hoo Hoo Hoo!!

Hoo Hoo Hoo!!

In the sky.

Six avenues appear, accompanied by the light of indifference.

Each road is incomplete, only two or three thousand meters long, and only part of it is still pitted, which makes the transmission and amplification of power cause great problems. The original one million meters long road, tens of millions of meters long, now only this point is left, which is enough to say that the six people were indeed seriously injured under the sixth sword Hurt!

This is a sword released by Ye Chen's body!

If the wind is clear, how terrible it should be!

"Brothers, when I open the array, I will automatically absorb the power of stars and the five elements of heaven and earth, and help us recover the road for a short time, and pay attention to the power we absorb!"

Elder Shangkun said something, then his hands were sealed to open the array, and he said in a low voice:

"big array!"

"Open it!"

Hoo Hoo Hoo!!!

Hoo Hoo Hoo!!

More than a hundred magic pillars around the big array quickly operated, and a divine light burst from the center, which broke through the sky, and then attracted the four forces of heaven and earth, plus the five forces of gold, wood, water, fire and earth, as well as the power of light, darkness and space!

Twelve forces!

Almost all the powers of the kingdom of God.

The other forces are all derived from these twelve forces. At the moment, these forces are drawn out of the endless sea and turn into a series of divine lights and rush into the six roads. However, the six roads are illusory and become bones, and the road ahead is continuous.

Whoa!!

Whoosh!

As the wind rages.

The six roads are in rapid growth, and have recovered from the original two or three kilometers to the level of 23000 meters.

The longer the road is, the more powerful the internal strength will be, and the more powerful the combat effectiveness will be. The longer the road is, the stronger it will be!

On and on!

Twelve forces twitch to continue the road.

The whole process lasted a day, during which the six people could not bear the moment, but when the time came, the strength of the six people recovered!

At the moment, they are equivalent to the three levels of heaven peak in Taixu.

The ancient sky meteorite formation began to close, and elder Shangkun was the first to complete the cultivation, and he looked very old. From then on, he changed his middle-aged appearance into an old man's appearance. Obviously, his life span was too much.

"Big brother!"

"How are you?"

The two elders have also completed the cultivation, and they are also old!The other four elders are the same. Although their accomplishments have been restored a lot, their lifespan has been reduced too much. They have changed from unlimited life span to limited life span. They could have lived forever, but now they can only live for millions of years!

"Cough!"

"Ladies and gentlemen, we use the array to restore our strength."

"We have burned blood essence and life span again. At this moment, our strength can only be preserved for a while."

Elder Shangkun's Qi is extremely weak, and his consumption is the biggest. Although he relies on the large array, how can he not pay the price at all? However, the combat effectiveness can be restored

temporarily by burning blood essence and life span, and there is a time limit for the recovery of combat effectiveness. If it was not for the importance of this mission and their own life and death, otherwise they would not dare to do so!

"Let's go!"

"Let's go, look for that stinky boy!"

"After killing him, we'll go back to Tiandao palace to find the palace master!"

"Maybe we can get rid of our time limit, at least we can really recover to this extent!"

Shangkun elder rises from the sky, and a blood essence appears in his palm. It was after he wounded Ye Chen that he captured Ye Chen's blood.

Now.

Shangkun elder uses Ye Chen's blood as a medium to launch a tracking operation to find Ye Chen.

Soon, six people across the endless sea, after a million miles, came to a temple outside, Shangkun big elder a sword to split the temple, laughing: "little bastard, you are here!"

"I'll take a good look at you."

"Sure enough, the injury is not mild, and the spiritual power is not saved at all!"

"At the moment, you can't give full play to your fighting power in the middle of the fengmenjing period!"

"In that case, everyone, kill him!"

Kill him while he is ill.

The six decided to kill Ye Chen and ye lu'er quickly.

Take their bodies back to Tiandao palace!

The two elders, three elders and four elders spoke a few words one after another, and each offered their cards. Then, through the expansion of the power of the road, they were blessed among the holy soldiers of Taixu. Two thousand Zhang sword gang and one thousand Zhang sword Gang broke out!

Three elders!

Seeing this, the other three felt that it was not enough, so they took out their Taixu holy soldiers one after another, and all of them broke out with all their strength.

Before that, they suffered a lot because of their words. After learning a lesson, they did not stay at all. All six of them broke out and gave a full attack. Their power was equivalent to the attack of the strong men in the six layers of Taixu territory. They vowed to kill Ye Chen and ye lu'er!

Chapter 2426

And ye Chen at the moment is still closed eyes!

He recovered as soon as possible!

Not even a word!

He felt the state of the people, this war, absolutely dangerous!

Unfortunately, if he interrupted the operation of the magic reincarnation formula, they would still die!

Ye Luo'er naturally sees Ye Chen's plan.

Her eyes sink, excited way: "Ye elder brother, before has been you to protect me, now let me protect you once!"

Ten drops of blood essence!

Ye Luo'er began to twinkle with bright dragon patterns.

This is the forbidden art of the dragon clan!

Ye Luo Er has no choice!

"Dragon veins, show!"

Ye Luo'er suddenly drinks and floats to the sky. The body of the original fairy turns into a golden dragon and rises into the sky. His body looks like an Immortal Dragon God, flashing endless golden light. With a wave of dragon claws, he jumps and breaks two thousand Zhang swords one after another.

Bang!!

Bang bang!!

Bang!!

At the next moment, two sword gang and two sword Gang force split.

Four vigorous Qi attacks, cleave on the golden dragon, the golden dragon blood drops down!

Ye Luo'er-shaped golden holy dragon, behind him is Ye Chen, who is seriously injured. However, he does not dare to retreat at all. He is so anxious that he directly mobilizes the dragon's heart and begins to burn blood essence.

Hoo Hoo Hoo!!

Hoo Hoo Hoo!!

A rush of strength surged in.

The golden dragon is surrounded by blood light, and the breath is climbing. A pair of huge dragon claws, like breaking the sky, forcibly defeated the two Dao Gang, and then with the vigorous Qi outside the body, it resisted the two sword gang.

Bang!

Bang!!

The two swords were broken and turned into countless pieces!

The Golden Dragon in the shape of Ye Luo Er grabs Ye Chen to tear the space away with absolute force.

"Chase!"

"Kill!!"

"Catch up!"

.....

The six elders are also about to tear open the space tunnel to chase up.

However, the six people could fly out less than 100 meters. They were all shocked and spewed out a mouthful of golden essence blood. In particular, elder Shangkun looked surprised and said, "no, the holy dragon just aroused the chaotic power in our body."

"No way!"

"If we can't continue to pursue and use our strength again, we'll burst to death."

The second elder and the Third Elder also responded.

Originally, they used the power of the ancient meteorite array to take the twelve forces between heaven and earth to repair their own foundation. However, this method of repairing the foundation has time limit, and the internal power is very chaotic, but ordinary people can't arouse the chaos of their internal power.

I didn't expect that.

Ye Luo'er incarnates the Golden Dragon and detonates the chaotic power inside them.

As a result, they had to stay to heal their wounds, or they might die if they went on fighting again.

"Stay and heal!"

"We can find out their trace at any time!"

"Three hours to heal, and then we'll kill the golden dragon with all our strength, and then kill the boy."

Elder Shangkun spoke, and had to do so. The six immediately sat down on their knees to mediate the power of chaos in their bodies!!

Hoo Hoo Hoo!!

Countless blood wind whistling, strange lightning flashing constantly.

Black cracks gradually appeared in the sky, and then a crisp sound came out, as if it was broken. A round hole appeared in the sky, and the surrounding space debris continued to fall into the hole. A pair of young men and women came out of the hole.

It is Ye Chen and ye lu'o'er who are seriously injured.

Ye Chen finally wakes up from his practice. He holds ye lu'o'er in his arms. His body shakes, and his spiritual power bursts out, shattering the surrounding space debris. Looking at the ground and the sky, ye Chen is filled with countless resentment spirits and evil Qi. The evil spirit almost turns into a liquid state and is mixed with the ancient buildings on the ground and in the wind.

The wind is howling. Unlike other winds, the wind here is blood red.

The ancient buildings on the ground have also been eroded into a dark color by the evil gas. They are covered with drops of black viscous liquid. Each drop of liquid is condensed by the magic gas. Here, it is a magic cave.

"Endless sea!"

"This place is also an endless sea, a place of resentment in the legend of the endless sea."

Ye Chen is a little frightened, holding ye lu'o'er and falling on a beach. Looking around, the world is almost covered with evil spirit and resentment. But now he can't control so much. He looks down at ye lu'o'er in his arms and is already in a coma.

Burning blood essence.

Seriously injured.

Ye Luo Er falls into a coma directly, did not wake up during this period. "Boy!"

"The girl is seriously injured and will temporarily fall into a coma."

The ancient medical God said: "however, you don't have to worry too much. This girl has a strong dragon blood, even in the kingdom of God. The previous injury is not enough to let her fall, but heavy -"

he has not finished, but his look slightly changed, saying: "boy, this is the land of resentment, how can this girl bring you here! This is not a pit for you!

For the sake of helping me get my things back, I tell you, there are a lot of resentment spirits around me. They are very powerful. You should pay attention to them! "

"Don't expect me to do it. I'm refining canggumen's stuff. I can't spare it!"

The voice dropped.

The ancient god of medicine lost his voice.

At the same time, it seems that the dense resentment spirits also found the entry of "outsiders". In an instant, thousands of resentment spirits gazed at Ye Chen and ye lu'er, and a blood wind swept by them, and they all turned into body shapes.

Hoo Hoo Hoo!!

Whoosh!

The ethereal blood wind whistling, like the arm lifted the curtain originally covered, here exposed the original appearance.

On the beach, on buildings, and in the sky, groups of complaining spirits are revealed. They are different from those on the periphery of the endless sea. They are human in shape and only have upper body. The resentful spirits here are more like some flying insects, but they have faces and wings behind them, which is a very ancient monster.

"Jie Jie!"

A strange sound came from the mouth of the complaining spirit.

Then, there are thousands of resentful spirits pouring into the surrounding space. They look like an army of resentful spirits. They can't see the boundary. Any one of them is extremely powerful!

"Did lol take me into their nest?"

"A million angry spirits! I'm afraid I'm in the most dangerous place in the endless sea

Ye Chen couldn't help swallowing his saliva. Even if there were a lot of resentment spirits, even if he couldn't carry his Qi and blood blooming, and his spiritual power was shocked again, thousands of resentful spirits could be killed. However, millions of resentful spirits, even millions of resentful spirits, were gathered in front of him.

What kind of scene is this?

In particular, these resentment spirits also form a large army, which is impressive.

Ye Chen's scalp was numb, and he gazed at the evil spirits surrounding him and ye lu'er. Seeing that they had not yet started, he got up and picked up ye lu'er and carried him to the sky. Looking around,

he found that the whole place of complaining spirits was like a cage, which was a square and square square square body.

Chapter 2427

But it's a cage with the sky as the top and the ground as the bottom. I don't know how many square circles are. I can't see the end. I can only feel vaguely that I'm in the northeast of the cage. I've just entered the cage, and I haven't reached the depth of the land of complaint!

"Jie Jie!"

There was another sound.

However, a huge resentment spirit flying slowly from the north. Its body shape is far beyond the ordinary complaint spirit, which is thousands of meters in size. The cultivation that emanates from the body also has a state of emptiness!

"Is this?"

"The king of resentment?"

Ye Chen whispered a few words, and before he started, he found that millions of complaints around him were shaking together.

Hoo Hoo Hoo!!

Whoa!!

Millions of evil spirits were killed, and their wings were stirred to cause the wind all over the sky.

Then, dozens of whining spirits twisted into a rope and fell straight down from the sky. They looked very terrible!

"Want to knock me down high?"

"Let's see if you have any skills."

Ye Chen shouts, holding ye lu'er in his left hand, and taking out the animal decaying sword with his right hand. Suddenly, he stabs out a sword. All kinds of magic light show up, which is also converging into a sword pillar, like a laser gun, directly bombards the Downing angry spirits.

Boom! Boom!!

Boom!

Countless explosions were heard.

However, those who came into contact with the magic light sword column burst out one after another. However, the group of resentful spirits did not even feel pain and fear. Hundreds of thousands of resentment spirits fell down together, not enough. More than 300000 resentment spirits flew from behind. With sacrifice and consumption, they directly destroyed the magic light sword column and knocked Ye Chen to the ground.

"Damn it!"

"You are not afraid of death, are you?"

"There's a lot of murderous and demonic spirit on your body, aren't you?"

"It's just that I've cultivated the road of killing, so I'll use your murderous spirit to help me break the steps of the road!"

Ye Chen gives a fierce drink and sacrifices the animal decaying sword. It is located in front of the body and creates a blood demon barrier. Behind it, a killing road is revealed. It is like a sea of blood. There are countless whining spirits in the sea, which are as fierce as those in the land of complaining spirits.

Now.

Ye Chen's clothes are red with blood, and his eyes are shining with blood. His whole body is made of evil spirit and murderous spirit, just like a demon God!

His right hand was raised slowly, and the killing road behind him floated up, like a black hole, bursting out a strong suction force. He constantly absorbed the evil spirits in the sky into the sea of killing. Every time he absorbed a complaining spirit, the killing road was powerful!

Bang bang bang!!

Bang bang bang!!

Tens of thousands of resentment spirits were absorbed into the sea of killing, and when they approached, they burst into pure murderous spirit and merged into it.

The road of killing is growing, even to the point of extreme terror, and its power is more and more powerful!

"Roar!"

"Roar!"

The king of the thousand meters of complaining spirit was also angry. His wings vibrated, and millions of angry spirits were killed together behind him, aiming at Ye Chen!

In a flash.

All over the sky, angry spirits roar in the sky, covering the sky and the sea, so that ye Chen can't see clearly ahead. The whole person is wrapped in the center by countless resentment spirits, and his killing Avenue is wrapped. Even if the killing Avenue has strong absorption capacity and can absorb thousands of resentment spirits every minute, it is too late!

"So many complaints!"

"It seems that my chance to kill the road is just like this."

Ye Chen's lips outline a smile. In the face of so many complaints, ye Chen is not afraid at all. He shows a bloody cloak behind his back. He holds ye luo'er in his left hand and an animal decayed sword in his right hand. The sword light is like a wave, continuous, and cracks are quickly broken out among the dense resentment spirits.

Bang bang bang!

Bang bang!!

All the time accompanied by the sound of the burst of resentment.

Resentment spirit burst into light blue fragments, will soon be absorbed by Ye Chen.

At the same time, Sha Dao is also absorbing the resentment spirit around him at a very fast speed, leading to the growing strength of Ye Chen's killing heart.

The so-called Avenue.

At first, it was the power of the Tao, then the power of the Tao, and then the Shenwang Dao, Hunyuan Dao, Hetian Shendao, Caihua Avenue, Xingqiao Avenue, Fengmen Avenue, Taixu Avenue, etc., which seemed different from the force of laws, but each realm corresponds to the same road.

Da Dao is a power that accompanies Ye Chen's growth.

At the same time, the killing road has been completely integrated into Ye Chen's body since China.

It is the blood dragon virtual shadow!

"Kill, kill, kill!"

"Kill, kill one person, kill thousands of people, kill all the people in the world, I am the only one!"

Ye Chen crazily strangled the resentment spirit, while saying something in his mouth. His whole body was wrapped in murderous gas, as if he were the blood god of war. His blood gas became more and more rich, even liquefied, dripping on his body, and quickly absorbed into his body! There is only one word - kill!

Kill all the enemies in the world, and kill all the people who are not in accordance with the world.

Shun is prosperous, adversity is death!

Anyone against me, no matter who it is, will kill!

Even if the people in the world rebel against me, they will kill all the people in the world, rebuild the heaven and earth, and kill the world. Since ancient times, the God of killing controls the life and death of the gods in the world. At the same time, it can reverse the death from the dead. The cultivation of the killing road can revive everyone who has killed, and has the ability to reverse the heaven and earth and rebuild all things!

From the killing, and then from the killing.

"With my blood of killing!"

At the beginning of the sacrifice, it was the road

"I control the life and death of the world, and I also control the world's life and death!"

In a flash, ye Chen, like a Buddhist, comprehends the essence of the road of killing. Then he develops his spiritual power and turns it into an endless blood light. In the land he passes, he bursts into a realm of resentment.

Crackling!!

Bang bang bang!!

Bang!!

Endless crackles!

The endless blood light derived from it has wiped out millions of resentful spirits, and countless pieces of resentment spirit are absorbed into the killing road by Ye Chen!

At the moment, ye Chen once again offered a sword. The body of the sword flashed black thunder and lightning, and everywhere he passed, a piece of resentment burst out.

It's just a few million complaints!

Destroy it!

In just a few minutes.

Ye Chen controls the beast decaying sword and the killing Road, and almost kills all the resentment spirits in this area. More than 4 million resentment spirits are killed under the sword, turning into pure killing power and integrating into the body and the killing road!

Kill Avenue promotion!

Ye Chen's accomplishments are advanced!

The whole body momentum soared!

Sealed door boundary two layers of heaven!

In an instant, it's three levels of heaven!

It's only a step away from the fourth floor!

Br > "if you want to leave me with a smile, you can see how much you want to leave me

Now.

Ye Chen's words are full of murderous spirit and evil!!!

Chapter 2428

At the same time, he wielded the beast decaying sword, and countless swords burst out, which made the body of thousand kilometer resentment spirit into a honeycomb hole. Then he put out his right hand and put it into his body. A bloody cave skeleton gradually appeared in the palm of his hand, which produced great power and began to absorb the power of thousand kilometer resentful spirit.

"Hoo Hoo Hoo!"

"No..."

"No, no..."

It is extremely tragic that the voice of nearly human beings is emitted from the mouth of thousand meters of resentment.

Less than a moment later, its huge body size reduced ten times, and then burst out, a body of strength was absorbed by Ye Chen.

Ye Chen felt cheerful and put away the killing road. Looking around, even the distant resentment spirits saw him scattered and fled. "The killing Avenue has some understanding and promotion, and even let me cross two small realms!"

"It seems that killing Tao is my essence."

"Well? There seems to be an altar in the distance? "

"As if there was a huge thing on the altar?"

Ye Chen is a little confused, holding ye lu'o'er out of the sky, and goes straight to the altar.

If you pass through all places along the way, you can feel the murderous spirit on him, and you can't help but avoid it. Before that, ye Chen turned into a powerful evil spirit and slaughtered millions of resentful spirits. They are very clear. Who dares to provoke Ye Chen!

"Well?"

"It's been ten thousand years, and finally a man has come!"

"Tut tut Tut, how many people have been killed and how many resentment spirits have been killed in this boy's body?"

"Funny boy."

Voices were heard from the altar.

Ye Chen flew thousands of miles away from the sky. He came to the deep of the land of resentment. He saw a huge altar. The altar was like a bronze tripod in China. Three round pillars of God extended from the sea of blood. Each of them was tens of thousands of feet high, and even more than 3000 feet. In the endless sea, it was a huge thing, because ye Chen was hard to see and could resist the corrosion of the sea of blood.

The sacrificial platform in front of us is not just an altar. The three sacred pillars supporting the altar are covered with moss, but there is no sign of being corroded by the sea of blood. The altar on the altar occupies tens of thousands of meters and is made of bronze. It is made of materials unknown to Ye Chen.

Roar!!

Roar!!

There were bursts of roars.

There is a giant beast on the altar, which seems to be a little angry, because before it spoke in human language, ye Chen ignored him.

At the moment, ye Chen still ignores it. Instead, he looks at it carefully. He always feels familiar with it. The giant beast is 5000 feet in height, and its flesh shell is lava colored. Obviously, you don't need to try to know that it has strong defense. However, such a huge beast is locked by countless chains.

This chain always feels familiar to him!

Suddenly Ye Chen thought of what!

Once the blood dragon with the help of the spirit of the beast to their own pictures!

The picture is an abyss!

And there is a magic dragon in the abyss!

as like as two peas in the eye, the chains locked by the magic dragon are exactly the same as the chains of the beasts in front of us!

How could it be!

Zizizi!!

Zizi!!

Countless purple lightning flashes on the chain.

Almost countless chains, deep into the bottom of the sea of blood, seem to be implicated in the earth, the beast was locked to death.

Zizi ~ ~

Ye Chen is a little closer, and the purple lightning on the chain is coming quickly.

When a purple lightning left the altar, it expanded rapidly and turned into a purple Thunder Dragon. Fortunately, there was no spirit to speak of. Ye Chen dodged and hid easily, but his right arm was still hit by purple lightning. In an instant, his arm cracked and his blood splashed.

What a powerful lightning

"An easy strike, I'm afraid, will have the full strength of the five layers of heaven in Taixu state!"

Ye Chen is a little surprised. He never thought that the purple lightning here is so powerful. If you look at the locked beast, you will be shocked. It's good that these lightning can flash past. However, thousands of purple lightning always bombard the beast!

Unimaginable!

How powerful is this beast?

The top of the Ninth Heaven?

Or the distant chaos?

Only the existence of chaos can stop such terrible and endless purple lightning, right?

Ye Chen is very clear that such a terrible beast can not be provoked by himself, so leave first, so as not to make the beast mad and lead to purple thunder and lightning mistaking that he is coming to save it, leading to being affected.

Ye Chen is about to leave, but he finds something different!

Bang!!

An explosion came out!

A whining spirit impacts the chain independently, which leads to purple thunder and lightning constantly bombarding the giant beast!

"Are these resentful spirits and this giant beast their mortal enemies?" "To attack the beast at his own expense, causing the beast to be bombarded by purple lightning?"

Ye Chen is a little confused. When he flies to the distance, he catches a lot of complaining spirits. He reads their broken memory directly. Then, combining with the surrounding situation, he finally comes to some conclusions.

Every one of them is a powerful warrior.

Up to the level of chopping calamity and down to the realm of Hedao, there are tens of millions of giant animals, all of which are to seal the giant beast in front of them. They bravely step out of the endless sea and seal the giant beast here at a very heavy price, almost annihilated by the whole army.

The hundreds of thousands of warriors who came to participate in the war all fell down here, and the remaining souls turned into resentment spirits and lived in this space.

When the remaining souls can not be supported, and will be completely broken and dissipated between heaven and earth, their thoughts will control them and rush to the altar of the sealed beast, causing purple lightning to injure the giant beast, so as to achieve the intention that the giant beast can not recover its cultivation and combat power, so that the giant beast can continue to be sealed here.

In ancient times, what happened to the endless sea.

What's the connection between this place and the demon dragon in the nine heaven dragon hall?

Understanding the cause and effect of Ye Chen, is ready to leave, this giant beast is to speak again.

"Little one!"

"You seem to be very murderous."

"You must have been chased and killed and escaped here?"

The giant beast opened his mouth again, as if the bombardment of purple lightning had caused him great harm, but he had already adapted to the pain.

But see its huge body lying on the altar, the mouth did not open, but still can send out the voice, "little guy, what's your name? I have been sealed here for so many years. You are the fourth person I have seen. "

"Know it!"

"You can't pay any attention to the power of your father. I've met a few little guys over the years."

"After they accompanied me, I taught them the skills and made them famous outside. One of them seemed to regard himself as a sage of yin and Yang."

"You should have heard of it?"

Chapter 2429

"Their names should be famous in the kingdom of God, but the world does not know that they are masterpieces of their own."

Ye Chen is a little surprised. The giant beast talks a lot.

As for the several people the beast said, he had never heard of any of them.

Ye Chen is a little curious. He turns around and stares at the beast and says, "I don't call you little guy. My name is Ye Chen. It seems that you have been sealed for a long time?"

To be honest, ye Chen is also curious about the origin of the beast, and even has a vague feeling that it has something to do with the crisis of the blood dragon.

Anyway, the trapped giant beast can't be a demon. It's OK to chat with him. Maybe he can ask for some news.

"Good, little brother Ye Chen?"

The giant beast suddenly laughed, and his huge eyes glowed with red light and quickly covered Ye Chen.

Soon, the red light flashed away. Ye Chen seemed to forget about the red light. His eyes were confused and his head was dizzy. However, he was extremely patient and looked at the giant beast. He even flew to the outside of the altar, staring at the huge beast, and asked, "can you help me?"

"Of course," he said

"Before that, all the people mentioned by me are those who have accepted my Dharma!"

"I've always been a good demon. What a pity!" This giant beast still conceals the hypocrisy, but in his heart he laughs.

Those guys in front of me, one by one, are mature and steady, and they are also the top cultivation of Taixu. My psychedelic skill has no effect, especially the son of a bitch, who is the sage of yin and Yang, uses his sword to open his own flesh armor, which makes me lose a drop of blood essence. Otherwise, how can this bastard break into such a name!

But it's good!

I have suffered so many times, but I have come to be some crafty bastards.

This time, finally came an immature boy, I hope to get rid of poverty!

This monster exerts illusory art on Ye Chen, but it can only affect Ye Chen's mind and spirit, making him unable to make a correct judgment, and can't completely bewitch him into a puppet. After all, none of the weak can reach the land of complaint, and ye Chen is a few powerful beings!

"How can you give me Kung Fu?"

"Your skill is very powerful?"

Ye Chen at the moment, frown slightly way.

"I can't give you my skill now!"

"It's mainly because I'm trapped in these chains, and there's no more spiritual power left."

"It's a pity, my child, when those people in front of me came here, I had already given them the skill, but I had consumed too much spiritual power for this, and I couldn't pass the skill to you!"

"I like you very much, child," the beast continued

He looked round and round, and finally said, "boy, I saw the killing and hatred in my eyes. Even you have the sword wound of the elder of Tiandao palace in the kingdom of God. Your enemy must be from Tiandao palace?"

Ye Chen eyebrow a pick: "is again how!"

However, the giant beast was very angry, and said angrily: "the damned heavenly way palace, the damned Kingdom, is really despicable to seal the door with six Taixu!

Little brother, if you let me out, I will crush the kingdom of God for you, and teach you the supreme "the great law of the heaven and the devil"

Taiyin Tianmo Dafa!

A kind of magic skill in ancient times!

Practitioners are invincible in the same territory and can even fight across the border.

Regardless of any talent and physique, as long as you have practiced this skill, you will have a profound knowledge of the same level, and it must be invincible at the same level.

As the saying goes, there is no invincible skill, only invincible person, but this sentence doesn't work here. The Taiyin Tianmo Dafa is the invincible skill. No matter who practices it, you can hang and hit the same level!

Ye Chen also heard about this skill in conversation with the devil emperor.

Ye Chen shrugged his shoulders and said with a smile, "can you really teach me the skills to help me to step down in the kingdom of God and destroy the heavenly way palace?"

"That's nature!"

"How strong is my father!"

"If you let me out, then I will be your backer. You must have seen so many resentful spirits when you came here?"

The giant beast continued to flicker: "these resentful spirits were my enemies at that time. I had a lot of enemies, but none of them could kill me. So many masters could only die of hatred and turn their own strength into a part of the altar, which is enough to show my strength!"

"Oh? How can I let you out? "

Ye Chen light way.

He was not confused, but pretended to be confused.

There are ancient medical gods in the samsara cemetery, but they also have immortal gods. How to confuse them?

Of course, it would be nice to get something out of the beast's mouth.

"The pillar on the left of the altar!"

"There are a lot of defects in that pillar. As long as you destroy the pillar, I can be released. You don't have to worry about the purple lightning. The purple lightning on that pillar has been almost consumed by me. I won't attack outsiders, but I can't break it. Only you can help me." This giant beast talks very fast. It seems that he has the opportunity to fight his own dilemma. He looks excited!

It quickly teaches Ye Chen how to break the pillar and how to avoid all kinds of purple lightning!

Ye Chen couldn't let it out naturally. He stretched out and walked toward ye luo'er who was unconscious not far away: "I'm sorry, I'm not interested."

"I don't care about your skills."

When this was said, the beast was furious!

He finally understood that ye Chen was not confused at all!

It's humiliating!

"Little beast, I don't know how you can stop my skill! But you want to go, no way

The next second, the beast forced out a drop of blood essence, burning all over the body!

I'm in pain!

Blood essence turned into a burst of smoke, even wrapped Ye Chen!

In an instant, ye Chen was slightly distracted!

The power of blood essence can't even stop the situation of disaster!

CHEN Ye cannot escape!

Ye Chen came to the pillar of God by ghosts and spirits. When he intended to destroy the pillar with the beast and rotten sword, an old voice resounded in his mind!

"Wake up!"

A strong roar!

In an instant, ye Chen wakes up and regains his senses. He stares at the situation in front of him subconsciously, and then looks at the monster with a surprised look. He doesn't know why.

"Boy!"

"This giant beast comes from the outside of ancient times!"

"It is an existence that transcends chaos, and it must not be released!"

"Otherwise, all the creatures in the kingdom of God, even those in the land of Lingwu and many other worlds, will be devoured by him, and there will be great trouble!" The voice of the ancient medical God came out from the reincarnation cemetery, and then told ye Chen the cause and effect!

Ancient times!

Many experts from Lingwu land and Shenguo gathered to fight against the giant beast.

In the end, many masters fell down, but more than one of the ancient great powers directly suppressed the seal of this giant beast, and turned the souls of the war dead into the spirit of resentment and evil Qi in the sky as the power to suppress the seal!

.....

"I see!"

"I despise this giant beast

"It seems that the blood dragon is also facing the magic dragon!"

Ye Chen is frightened, but he still keeps his eyes blurred. He flies back quietly and quickly, and gradually withdraws from the scope of the altar. However, he is called by this giant beast!

"Boy!"

"Break the seal, master who helped you break through the kingdom of God and rescue you!"

This giant beast is still quick to tell. When it saw Ye Chen withdraw from the scope of the altar, he subconsciously found that his blood essence gathering magic had lost its effect again, and he was furious in an instant!

"Just mole ants, how many times have you broken your own skill?"

"Little bastard!"

"If you don't break my seal, I will kill you!"

"Even if I suffer endless thunder, I will kill you!"

The beast is furious!

He exists so much that he is humiliated by the closed door ants!

The next moment!

The giant beast surged wildly, and there was still a very strong spiritual power in his body. The huge body gradually stood up, and countless chains around him were tensed in an instant. Countless purple lightning bombarded the body, and it was just like this!

"You! Can you move? "

Ye Chen subconsciously startled, instantly escaped a kilometer away, but found himself in front of a barrier.

The beast grinned and said, "boy, I'm trapped, but my domain is still there. As long as I'm within ten thousand miles of the altar, I can kill everything. You bastard, if you don't let me go out, I'll kill you!"

Its body expands rapidly, and there are sharp long spines behind it, each of which is thousands of feet in size. The long spines behind quickly condense the power of thunder and lightning.

Suddenly.

A cloud of thunder is thrown out by the long thorn, which disturbs the space along the way, leading to thousands of black space debris.

This power has gone beyond the disaster situation!

Even beyond chaos!

How to resist it!

Ye Chen is extremely frightened. He wants to resist, but he finds that he has been imprisoned by inexplicable forces. He can't even mobilize all kinds of roads and rules. He can only stand in the same place and wait for death. He can't help but shout: "Lao Cang, what should I do?"

"Boy!"

"No way!"

"The power of this thunder ball has gone beyond the level of disaster relief!"

"It's so powerful, even if I send you strength, use the gold needle! I can't get close to your noumenon

In the face of the existence of the giant beast, even if his strength is strong, he can not display it, which is equivalent to not having.

Is Ye Chen completely disheartened, far beyond the power of chopping adversity? Is this giant beast really so powerful?

Just when ye Chen was helpless, the reincarnation cemetery was shaking rapidly. In the depth of hundreds of tombstones, a simple stone pillar quickly vibrated!

Send out a bright light!

Above the stone pillars, Kowloon converges!

A breath of detachment enveloped the samsara cemetery!

Then, a breath of detachment, majestic virtual shadow, directly appeared beside Ye Chen!

Virtual shadow hands behind! As if above the heaven and earth!

Misty meaning covers everything!

The sky above the endless sea was originally covered by dark clouds, but now it is a gathering of countless stars!

"Evil animal! My people, you dare to move

Chapter 2430

"Evil animal! My people, you dare to move

Ye Chen hears this sound, the body a shock!

This voice is not the ancient god of medicine, not to mention the breeze!

This voice does not belong to the great powers of the samsara cemetery!

But from the deepest stone pillar of samsara cemetery!

This stone pillar appears too few times!

Last time in Kunlun Xu!

He never thought, this time stone pillar is abnormal!

He looked up and saw the man.

The man was wearing a black robe and a bloody cloak. There was an infinite light at his feet, just like a God. Countless stars covered the whole body and ran in the heaven and earth! Not afraid of everything!

Now he turned his back to the beast!

The pupil circulates a round of blood month!

Like a god!

It's like a demon!

However, the man turned around, and his bloody eyes flashed with luster. The lightning ball in front of him, which was beyond the power of chopping adversity, was naturally dispelled in a very mysterious state. Just by looking at it, such a powerful attack dissipated itself!

How strong is the most mysterious existence of this samsara cemetery!

All of a sudden.

The man took a look at the beast.

Look at each other.

However, the giant beast's body trembled, and the huge thorn behind it split open. The huge body quickly shrank, and the eyes filled with panic. It made some strange sounds in its mouth, just like a mouse seeing a cat. It didn't dare to do anything. It made an instinctive submission posture of the monster - crawling!

Zizizi!!

Zizi!!!

The beast knelt on the altar.

However, the numerous chains in the altar are beginning to be powerful, as if to vent the anger of the beast provoking him.

Countless chains burst out purple thunder and lightning, collude with each other and send out a pure purple stepless divine thunder towards the sky, breaking through the sky and space.

The sound of broken space came out.

With the scattering of the black space debris, a black thunder cloud floats out from it, and the black lightning flashes constantly. The trained lightning converges into a lightning sword, like a knife stabbing tofu, quickly stabs into the giant beast's body!

"Ah

"No, erley!"

"No, it can't be like this."

"I'm not trying to break free of resistance."

The pain of the beast kept rolling on the altar, the whole body's meridians and bones burst, and even the core of its stored power appeared cracks.

At the moment, even if it is beyond the existence of the disaster, but the whole body is blocked, the spiritual power is not one hundred, the physical defense and other situations have declined. In the face of the sudden anti sky level Er Lei, although it will not be fatal, it will at least make him lose half of his life!

Zizizi!!

Zizizi!

A black lightning sword fell.

Almost stabbed the beast into a hedgehog.

However, the man looked at all this calmly. It seemed that for him, erley was nothing. Then he said, "you wanted to kill Ye Chen before, but you were sealed here, so I won't kill you!"

"After all, you beast, you don't deserve my hand."

"I know!"

"you beast, blood is the essence of the body!"

"It's more important than the power of your way and the nucleus of your heart and brain. According to my observation, you still have about five drops of pure blood essence left. Then, give one drop."

The words of light clouds and gentle breeze, but with incomparable strength, let people dare not resist. Ye Chen, on the edge of

, was also shocked by his heart. He never thought that the blood of the beast in front of him would be so fierce. The essence of ordinary blood is the essence of blood, but the blood of this monster is the essence of the whole body skeleton, the power of the Avenue and the strength of the law. Even the blood of the same level monster is far less powerful than its essence and blood.

"I give it!"

"I give it, I give it, my Lord, I give it!"

After a wave of erley, the beast was in the weakest state at the moment. He did not dare to refute the man's words. He was afraid that even in his heyday, he would not be the opponent of a man, let alone the weakest period.

Soon.

The two claws of the giant beast gathered together, and a mass of blood cells gathered in front of the body. Then the blood cells were quickly compressed and integrated into the power of various laws and the power of the road. After several hours of refining, a drop of pure gold blood essence was condensed.

The young man waved his hand slightly, and the golden blood appeared in his hands.

only saw that the breath of beasts is even weaker, and this drop of blood is probably the essence of the body of the powerful man of the great void.

Looking at Ye Chen, the youth reached out his hand and motioned for the blood essence to him. He said, "Ye Chen, it killed you. I beg for a drop of blood essence for you. Now, you have two choices."

"First of all, you can take it by yourself, and your strength will rise greatly!" "Second, I know you have a monster of pure blood. Do you call it Xiaohuang? You can give it to take, it will also greatly increase its combat power after taking it! The effect is better than you. "

The voice dropped.

The golden blood floats to Ye Chen's hand.

Ye Chen Mou Zi Yi Ning: "master, what is the relationship between you and the samsara cemetery..."

The man didn't speak, just a smile.

Ye Chen thought for a moment and then continued: "master How to call it, is your noumenon trapped? "

The man still smile, he carries both hands, light way: "this world, has not been able to trap my existence."

"But I do need you."

"You are my only chance."

"As for the details, you will know when you step into the kingdom of God."

"I can't stay here too long, or the endless sea and the land of Lingwu will not be able to bear it and turn into powder."

"We'll see each other again, maybe not long."

"By the way, my surname is Ren."

Words fall.

However, the youth's body gradually becomes illusory. After a while, the imaginary body of the youth bursts out, turns into countless crystals and spreads out, just like a spirit body. When time comes, it will disappear naturally.

Ye Chen is holding the golden blood in his hand. He feels his incomparable heaviness. He can't hold on to his own cultivation!

What kind of existence is this man!

He's not trapped?

Then why protect yourself?

Is himself his only chance?

He thought for a while, planning to stop thinking, and finally called out Xiao Huang, a giant egg floating out.

Ye Chen, way: "Xiaohuang, this drop of blood essence you take quickly, enough to let your strength soar."

"Master

"You take it, and the growth of your cultivation is the best."

Xiao Huang is not willing to accept it.

It has a strong blood supply, so you can naturally feel what this blood essence means.

Ye Chen quickly threw the golden blood into it, and then said with a smile, "your strength grows, so you can follow me better, right? If I want to increase my accomplishments, I don't need to take any monster blood essence. I don't like such foreign things. "

Xiao Huang is about to speak, and her blood essence covers her whole body!

However, the eggshell has a strong vibration. Inside the eggshell, its complexion is painful. The blood vessels and meridians in the body seem to be being transformed by the golden essence blood, producing changes at a very fast speed. At the same time, its breath also bursts out, causing the world to shake.
